

"What responsibility?" Leng ruoxue played dumb.

"I've been scratched!" The director emphasized.

"I saw it. It's not a serious injury. It'll be fine in two days." Leng ruoxue smiled.

"How can it not be heavy? You're also a medical student, so you should know how serious it is to be bitten by a beast. If there's a rabies virus, I'll die. " The director said with tears in his eyes.

"Don't worry, you won't die. " Leng ruoxue was speechless.

"It doesn't matter if I can die or not. I was scratched by your rabbit, so you have to be responsible for me." The Dean said like a Rascal.

"Alright, I'll pay for your injection." Leng ruoxue said helplessly. Although she really wanted to say that her rabbit wasn't sick, she could tell that the director wouldn't believe her. So, she couldn't be bothered to say it. After all, an injection didn't cost much.

"No!" When the director heard this, he immediately objected strongly.

"No? So, I don't need to report?" Leng ruoxue said with a smile.

"I can afford the injection, but your rabbit scratched me and hurt me physically and mentally, so you have to compensate me for the emotional damage, or I'm not done with you!" The director said angrily, but in his heart, he couldn't help but praise his own wit.

He didn't believe that with his intelligence, he couldn't get these two little guys who he loved and hated back to the hospital!

It was the director's good idea to use the scratch to get Leng ruoxue and the demon to work in the hospital. What a pity! He had calculated the wrong person.

"How much do you want?" Leng ruoxue asked curiously after hearing the headmaster's words.

"I don't want money. I just want you to go back to work at the hospital." The director stated his purpose.

"I'm sorry, but that's impossible. " Leng ruoxue rejected. She had long seen through the principal's ill intentions. It was a pity that the other party was destined to fail.

This was because neither she nor the demon would obediently go to the hospital for an internship. This was also the condition that they had discussed with the old professor back then. Otherwise, they would not have agreed.

"Why not? Your rabbit scratched me, shouldn't you compensate me?"

The Dean said with a face full of grief and indignation.

How detestable! How detestable! How could this girl be so detestable? He was clearly trying to renege on his debt!

No, he would not allow such a thing to happen!

The director made up his mind. Even if he had to go back on his word, he had to get these two guys back to the hospital! Moreover, he had made a bet with the old professor because the old professor had reminded him before he came that he couldn't force these two little guys and he couldn't put on the airs of a Dean. Otherwise, he would definitely not be able to achieve his goal.

Before he came, he had thought of countless plans. The only thing he did not expect was to be scratched by Leng ruoxue's rabbit. However, this seemed to be an opportunity given to him by the heavens, so he decided to seize it. But now, he had seized the opportunity. However, Leng ruoxue did not seem to want to take responsibility, nor did she feel guilty. How was he going to resolve this?

"I do want to compensate you, but you don't want money! As such, of course I'm saving it. " Leng ruoxue smiled faintly, not feeling that there was anything wrong with her words.

But when the Dean heard this, he immediately exploded.

"Saved? In your dreams! I don't want money, but I want people! You and your man will have to go back to the hospital tomorrow! Otherwise, I'm not done with you!" The director shouted at the top of his voice.

"I'm not going back!" Leng ruoxue's Red lips parted slightly, spitting out two words that were enough to make the Dean vomit blood.

The Dean was about to explode from anger. He glared with fire spewing out of his eyes and said, "I have to. This is the compensation you're giving me."

"This is the compensation you asked for, but I have the right to refuse." Leng ruoxue said, refusing to budge.

"You, you're not afraid that I'll Sue you?" The Dean, who had been forced into a corner, suddenly said.

"Sue me? Where should we go?" Leng ruoxue asked out of curiosity.

"I 'll, I'll Sue you in court!" The director was stunned by Leng ruoxue's words and only spoke after he regained his senses.

"Alright! Go ahead and Sue! But may I ask, Mr. Director, what is my crime?" Leng ruoxue asked with a smile.

"The crime, the crime is not compensating my mental loss!" The director thought for a moment and said.

"Pfft!" Upon hearing this, Leng Qingtian and the others couldn't help but laugh. This crime was too ridiculous.

Seeing that someone was laughing at him, the Dean's face flushed red as he roared, "What are you laughing at? It's like this!"

"Yes, director. You're welcome to Sue. I'll get a lawyer to wait for you." Leng ruoxue said with a smile.

"Xue 'er, why are you still hiring a lawyer! I'm a law student. " At this moment, Leng ruohan spoke.

Upon hearing this, the director was a little dumbfounded. Wasn't she afraid of him suing her? How did this happen? I didn't scare him!

The director was worried. Why was this little girl so difficult to deal with?

Actually, before the Dean came, the old professor had only told him about the conditions that Leng ruoxue and the demon had proposed. He had not told him about his Junior's personality. Otherwise, he would never have come up with such a terrible idea. Now, he was in a difficult position.

The heartbroken director looked at Leng ruohan with sorrow and resentment. His eyes were full of accusations.

Leng ruohan felt so wronged. He only wanted to help his sister save some money and had no other thoughts. However, this Dean seemed to hate him, but he was not afraid.

Leng ruohan, who did not take it seriously at all, picked up the teacup and sipped her tea leisurely. She did not even look at the director.

Leng ruoxue didn't bother with the director anymore. She could do whatever she wanted with this unreasonable old man!

With that thought in mind, Leng ruoxue immediately pulled the evildoer upstairs to rest.

Al! A pregnant woman can't afford to be hurt! I'm always sleepy!

Leng ruoxue had not forgotten that she was pregnant. Hence, she would not shortchange herself.

Seeing that Leng ruoxue and the demon had returned to their rooms, Leng Qingtian and the rest exchanged glances and followed them upstairs.

In an instant, Only the Lonely headmaster and Ji Kai were left in the large living room. Of course, there were also the spirit beasts.

The headmaster, who could only stare at Ji Kai and the other beasties, was dumbfounded. What was going on? Why did they all leave? He was a guest!

Was it okay to leave the guest in the living room and go back to her room?

"They ..." The director couldn't accept this fact, but he was interrupted by Ji Kai just as he said two words.

"Director, do you really want to Sue my master and his wife?" Ji Kai said helplessly.

"Of, of course!" The director braced himself and said.

"Then you should go back and prepare! Don't waste any more time!" Ji Kai asked him to leave. After sending this guy away, he could go back and take a nap!

"....."

The Dean didn't want to leave just like that. He hadn't even achieved his goal yet! Moreover, what was there to Sue? Who would complain to the court after being scratched by a rabbit? he just wanted to scare the little girl, but the current situation was obviously different from what he had imagined!

The Dean felt even more worried. He couldn't help but glance at Ji Kai, but Ji Kai didn't look at him. He even turned his head to the other side. In the end, Bai Xu couldn't stand it anymore and walked directly to the Dean, brandishing his sharp claws and threatening him.

The director's heart started to beat wildly as he looked at The White Tiger cub's unkind gaze and expression. However, as an adult, he would never be frightened by a white tiger cub.

Seeing that he didn't scare the other party, Bai Xu roared a few more times, then opened his mouth wide and bit at the Dean. This time, the Dean was greatly shocked and ran away ...

Bai Xu chased after the director relentlessly until he reached the gate before he stopped. At this time, the director had already escaped from the courtyard.

Seeing that The White Tiger cub didn't chase after him, the director finally relaxed. However, he could clearly feel that the expression on the little white tiger's face seemed to be mocking him!

That's impossible, right?

The other party was only a Tiger? How could he make a mocking expression like a human? The director deeply felt that his eyes were playing tricks on him. This was absolutely impossible!

Although he did not complete his task of persuading The White Tiger to surrender today, the director was still scared when he saw the little white tiger guarding the door with a faint smile.

He didn't dare to go in again and turned back every three steps, leaving reluctantly.

Only when the director's figure was out of sight did Bai Xu turn around and return to the living room with relief.

After the Dean left, he gave himself an injection and then went to find the old professor.

The old professor looked at his dejected student with an expression of understanding.

"Failed?" The old professor said indifferently.

"Today is only the first day. I won't give up so easily. I believe that I'll be able to convince those two little fellows in time. " The director who had been depressed for a while suddenly clenched his fists and said as if he had been injected with chicken blood.

"Then I'll wish you good luck!" The old professor said disapprovingly. It had been four years, but he had not been able to change the young couple's mind. Therefore, he believed that if he could not do it, no one else would be able to. However, the Dean obviously didn't think so, so the old professor could only helplessly let him do as he pleased.

The Dean was also the type of person who became braver the more he was defeated. After collecting some information on Leng ruoxue and the demon from the old professor, he left and went back to think about a battle plan.

It was clear that he had already treated Leng ruoxue and the evildoer as two tough bones to chew. He was determined to conquer these two bones! Otherwise, he wouldn't stop!

The next day.

The director came to visit again.

Upon seeing him, Leng ruoxue immediately asked, "Director, are you here to give me a court summons?"

"....."

"I hope that we can resolve this in private!" The hospital director said after a moment of silence.

"Oh! Then how do you want to dissolve it? I can consider all the other conditions except for an internship in the hospital. " Leng ruoxue laughed.

The director was depressed. What he wanted was to let these two people, who he loved and hated at the same time, go to the hospital for an internship!

"I only have this one request!" The director said helplessly.

"I'm sorry, I can't agree to this request. I've already told the professor that the working hours and content are up to our mood, so we can go to the hospital whenever we want!" Leng ruoxue made her words very clear.

"Even so, you can't just skip it for a day!" The headmaster said with a bitter face. He had been so worried about Leng ruoxue and the demon for the past two days that his hair had turned white.

"Why can't I?" Leng ruoxue blinked her innocent eyes and pretended to be confused.

"As a doctor, other than having a solid foundation in theoretical knowledge, what's more important is practice. You've studied for four years, but you only

have theory, but you haven't come into contact with practice at all. You can only become a real doctor after an internship. " The director persuaded him with all his heart.

"We don't need practice. Theory is enough!" The demon said.

"It's not enough. Theory is definitely not enough! Junior, aren't you going to give birth to a baby for your junior in the future? If there was no practice, how could they deal with unexpected situations? You have to know that it's extremely dangerous for a pregnant woman to give birth, and if there's a slight mishap, it's possible for one person to die and two lives to be lost. Have you thought about all this?" The director roared with a face full of disappointment.

These ... The evildoer had never thought of these.

After hearing the headmaster's words, the evildoer turned to look at Leng ruoxue and asked softly, ""Honey, do we need practice?"

"I don't need to!" Leng ruoxue said with certainty. They were gods, and situations that ordinary people would encounter would not happen to them. Hence, there was no need to worry.

"Leng ruoxue! How can you joke around with your own body!" After hearing Leng ruoxue's words, the director was infuriated again.

When Leng ruoxue heard this, she smiled calmly and said, ""Director, how could I joke about my body? we really don't need practice!"

Seeing how resolute Leng ruoxue was in her words, the director couldn't help but say angrily, ""You've been studying medicine for four years. Are you really going to waste it like this?"

"It's not to the extent of being wasted, but it will still be useful in the future. " Leng ruoxue's smile was very rippling, but the Dean did not want to see Leng ruoxue's smile at all. It was too piercing, wasn't it?

Furthermore, he was even angrier that Leng ruoxue did not take her own body seriously!

"You guys also think that they don't need any practice?" Seeing that he couldn't convince Leng ruoxue and the demon, the Dean turned his attention to Leng Qingtian and the others. Leng ruoxue's grandfather and brother were here, so they should be worried!

Who knew that after he asked this question, Leng Qingtian and the others would shake their heads in unison. Instantly, the Dean was so angry that he couldn't speak.

After adjusting his mood with much difficulty, he still wanted to persuade others. However, Leng Qingtian and the others didn't give him the chance. Under the Dean's dumbfounded gaze, they all turned around and went upstairs.

The headmaster was dumbfounded. Leng ruoxue looked at the headmaster with sympathy and said honestly, "Director, don't waste your effort. I'm the head of the family." In other words, no one could convince her!

Upon hearing this, the director's worry intensified.

This time, there was no need for Bai Xu to chase and bite him. The director left on his own like a walking corpse.

For the next few days, the director did not appear, causing Leng ruoxue to think that the other party had already given up. She was also happy to stay at home to nurse her pregnancy.

Half a month later, the Dean, who had disappeared for a period of time, came to visit again.

This time, he didn't waste any words. The moment he saw Leng ruoxue, he immediately burst into tears. That sharp cry frightened everyone in the villa.

The crowd and the Beasties all looked at the headmaster in horror, very much wanting to know what he was up to! However, with a tacit understanding, the crowd and the beasts did not speak first. After crying for a while, the headmaster saw that no one was paying attention to him and stopped crying. He choked out, ""You guys are really too unsympathetic. I'm crying so miserably and no one actually cares about me!"

SUPREME CRAZY WIFE

Chapter 3053 Leng Ruohan's Peach Blossom (1)

"I'm sorry, we're not close to you!" Leng ruohan hurriedly said after hearing this.

"Can't you care if you're not close? How can you do this!" The Dean said angrily.

"Of course I don't Dare to Care. What if you cling to us?" Leng ruohan said matter-of-factly.

"....."

Seeing the other party being so direct, the Dean couldn't help but secretly think, I just want to rely on you! You cunning guys! It was really too detestable!

He had not shown himself for the past half a month. In fact, he had been thinking of a countermeasure. After thinking about it, in addition to his initial understanding of Leng ruoxue and the evildoer, he truly felt that since the hard approach did not work, he should use the soft approach and pretend to be pitiful! However, this act of pity didn't seem to move them!

This group of cold-blooded animals!

The Dean felt indignant! He had already visited the thatched cottage, no, the villa three times. How could they not be moved?

When he thought of this, the director was really sad.

In the end, the director made up his mind and roared, "Leng ruoxue, Yechen! I'll ask you for the last time, are you going to do your internship in the hospital?"

"I'm not going!" Leng ruoxue's will was firm.

"You're not going? "If you don't go, I'll, I'll ..." The director stammered, not even able to complete his sentence.

"You'll what?" Leng ruoxue asked with a faint smile. Was he threatening her again? Would it work?

How naive! He was too naive!

"I'll die for you to see!" The hospital director said ruthlessly.

"Uh! Do you have to do this?" Leng Qingtian couldn't take the director's threat.

Wasn't this Dean a little too weird? Why did he have to make Xue 'er and her husband go to the hospital? Leng Qingtian could not understand.

However, when Leng ruoxue heard the headmaster's threat, she could not help but laugh. "Director, you're not anyone to me. Don't you think it's ridiculous to threaten me with death?"

"Laughable? Are you really not going to help?" The hospital director felt uneasy.

"Congratulations, you're right!" Leng ruoxue nodded.

When the headmaster heard this, he stared at Leng ruoxue's beautiful eyes, wanting to see if she was forcing herself. However, after looking for a while, he realized that this little girl's eyes were clear and she was obviously serious.

For a moment, the Dean was in a difficult position again.

After hesitating for a while, the director decided to take a gamble.

So in the next moment, he directly crashed into the snow-white wall ...

Leng Qingtian took a look. What would happen if they really bumped into this?

In a flash, Leng Qingtian grabbed the director by his collar and said with a speechless expression, "This Dean! Even if you really want to die, don't die in my house! Don't you know that this is very unlucky?"

"....."

These people were truly cold-blooded and heartless!

The Dean's worldview was once again refreshed. He felt wronged, and tears quickly filled his eyes.

He had been the Dean for more than ten years, and he was considered a person of status and position on the Indigo planet. But now, how could he be forced to this point by these two little fellows? Although everything he did was to achieve his goal, it was obvious that he would not be affected by force or persuasion!

While the Dean was feeling depressed, Leng ruoxue had already made a call to the old professor. She only said that the Dean wanted to commit suicide, and the old professor only heard a beeping sound.

Half an hour later, the old professor arrived.

First, he scolded the Dean. Then, the old professor took the Dean away. Leng ruoxue's side finally had some peace.

Without the weirdo, the director, Leng ruoxue and the others could do whatever they wanted. After the Dean was taken away by the old professor, he unwillingly followed the old professor home.

When they arrived at the old professor's house, the old professor looked at the Dean and couldn't help but curse, ""Do you have a pig brain? You actually want to commit suicide?"

"Professor, I'm just scaring the two kids. I'm not really going to die!" The hospital director said with an embarrassed yet ingratiating smile.

"Idiot! You don't have any relationship with them, so why would they care if you die or not?" The old professor was really disappointed.

The Dean was in his forties this year, which was the prime age for him to do his work. The old professor had thought highly of him, but now, he deeply felt that his student's IQ was really lacking!

"There should be some sympathy!" The hospital director could not help but whisper.

"There is, my ass! If that pair of cold-blooded little fellows had sympathy, I would have long succeeded! You don't know! In the past four years, I've been fighting with those two little things many times. I've even used all kinds of cute and pitiful acts, but it's useless. Those two little things still care about me and don't put me in their eyes at all. They're already like this to me, let alone you? How many days have you known them? You want to settle them? Keep dreaming!" The old professor roared.

This roar also spoke the words in his heart. In fact, he was still quite balanced in his heart about the Dean's defeat. Otherwise, if a certain Dean had succeeded in one go, he would be depressed to death!

And these thoughts in his heart also caused the Dean to be dumbstruck.

So that's how it is! No wonder the teacher wanted to bet with him. So the teacher was not optimistic about him at all!

For a moment, the director was filled with grief and indignation.

He was indignant because the professor knew the character of the two little guys, but he still tricked him into making a bet. Wasn't this clearly a trap?

The Dean looked at the old professor with a resentful gaze, which made the old professor feel a little guilty. However, the old professor still thickened his skin and said, "There's no point in you looking at me. I can't handle those two little guys. Otherwise, I wouldn't have agreed to their conditions. "

"Is there really no other way?" The director asked worriedly.

"I have no choice!" The old professor said in a desperate manner.

"Al! If you really can't do it, just give up!" After a pause, the old professor continued. In any case, he didn't have any hope for the two little guys.

When the director heard this, he was very reluctant. Those two little guys had very good aptitudes, and out of love for talent, he was really unwilling to give up just like that. However, he had used both soft and hard tactics and thought of all the possible solutions, but his juniors just wouldn't budge! This made him so worried that his hair turned white.

After thinking for a long time, the director finally decided, "I still want to try."

"If you don't want to give up, then try it! But don't threaten her with suicide anymore, it's useless!" The old professor warned.

"I won 't," The director said, a little embarrassed. Committing suicide had almost become a disgrace to him. Sob ... It was a stain that could not be washed away!

After a long talk with the old professor, the Dean returned home.

The hospital director's wife was very surprised to see her husband in low spirits when she returned home.

After asking, the madam couldn't help but laugh.

The director was a little angry and glared at his wife, who was gloating over his misfortune. The hospital director's wife coughed a few times in embarrassment before she whispered something into her husband's ear.

SUPREME CRAZY WIFE

Chapter 3054 Leng Ruohan's Peach Blossom (2)

Immediately, the director's eyes lit up.

The director looked at his wife excitedly and said, "Madam, you really are my think tank! Why didn't I think of that before?"

"You! You're too thick-hearted, we women are the best at socializing!" The hospital director's wife said with a little pride.

"Yes, Madam, I'll leave Leng ruoxue to you. You must find a way to get her for me!" The Dean's eyes sparkled.

"Don't worry, I'll do my best. " The hospital director's wife promised.

The next day, the hospital director's wife personally came to visit.

When Leng ruoxue, who was in the living room with her grandfather and the rest, heard that a beautiful middle-aged woman wanted to see her, she was astonished. Other than Madam qu, she did not know any other middle-aged women!

However, she still asked Ji Kai to invite him in.

The hospital director's wife entered the room. When she saw Leng ruoxue for the first time, she was so stunned that she did not say anything for a long time. When she finally regained her senses and looked at the other people, she continued to be in a daze.

The hospital director's wife only recovered after a long time. At the same time, she couldn't help but complain in her heart. Why didn't her husband tell her that this little girl was so devastatingly beautiful? She wasn't prepared for this at all, and now, she had lost her composure!

The hospital director's wife looked at Leng ruoxue with some hidden bitterness. She introduced herself and made it clear that she was only here to visit them on behalf of the hospital director.

Leng ruoxue understood why this Madam had come. However, one shouldn't hit a smiling person. Since the other party had taken the initiative to come to her door to express goodwill, she couldn't just kick him out!

"Mrs. Hospital director, please have a seat!" Leng ruoxue said courteously with a smile.

After they sat down, the hospital director's wife could not help but look at the people in the living room again. Leng ruoxue could only give her a simple introduction.

Looking at the demon and Leng ruoxue, the hospital director's wife couldn't help but praise them. What a golden couple! However, she was more interested in Leng ruoxue's older brother. It was said that he was still single.

It's good to be single! It just so happened that they had a daughter who had just turned twenty.

Looking at Leng ruohan, the hospital director's wife was like a mother-in-law looking at her son-in-law. The more she looked at her, the more satisfied she was!

The principal's wife, who kept nodding at Leng ruohan, made Leng ruoxue and the others sense that something was not right. However, they were all smart people, so they naturally did not say anything.

After the hospital director's wife sized up Leng ruohan, she continued to bond with Leng ruoxue.

After a warm chat, the hospital director's wife reluctantly got up and left.

Before they left, the hospital director's wife looked at Leng ruohan's nostalgic eyes, which gave Leng ruoxue and the others goosebumps.

After the hospital director's wife left, everyone could not help but look at Leng ruohan in silence.

Faced with such a situation, Leng ruohan felt as if she was struck by lightning.

What was going on?

He had been stared at by a beautiful middle-aged woman for a long time. His grandfather and the others didn't have to react like this, right?

"Al!" Leng Qingtian sighed heavily.

Leng ruohan felt even more helpless when she heard that.

Was he being unjustly attacked?

After that, Leng Qingtian could not help but ask, ""Could that woman have taken a fancy to ruohan? She was a married woman! That's absolutely not allowed!"

Leng ruohan exploded at Leng Qingtian's words.

"Grandpa! This is impossible!" Leng ruohan's handsome face was flushed red. Of course, it was from anger.

"Hehe! I'm just making a guess!" Leng Qingtian couldn't help but feel a little embarrassed when he saw his grandson getting angry.

"Can you just guess this kind of thing?" Leng ruohan huffed.

"Grandson, don't be angry! If someone is interested in you, it means you're outstanding!" Leng Qingtian said with a fawning smile.

"I don't need this kind of excellence!" Leng ruohan said gloomily.

After he finished speaking, he went upstairs in a Huff.

Seeing that his grandson was really angry, Leng Qingtian was at a loss. He looked at Leng ruoxue for help and asked, ""Xue 'er, ruohan is angry with me, wuu ..."

"Grandpa, you're really an old kid. How can you joke about this kind of thing!" Leng ruoxue was a little speechless. Her grandfather was really getting more and more mischievous as he lived.

"I was just trying to liven up the atmosphere! However, could it be that the hospital director's wife has really taken a fancy to ruohan?" Leng Qingtian asked curiously as he looked at Leng ruoxue in anticipation.

"Yes, I do!" Leng ruoxue nodded. She just wanted her brother to be her son-in-law!

Of course, Leng ruoxue didn't explain too clearly due to her bad taste. When Leng Qingtian and the others heard this, they couldn't help but widen their eyes in shock, as if they had heard some kind of fantasy!

Looking at the disbelieving crowd, Leng ruoxue laughed evilly. She then pulled the evildoer and went upstairs.

Back in the room, the evildoer hugged Leng ruoxue as they lay on the bed. He then asked in a gossipy manner, ""Xue 'er, did that old woman really take a fancy to your brother?"

The demon felt that based on his understanding of Xue 'er, if such a thing really happened, Xue' er would definitely not be nice to that woman. But now, Xue 'er was not angry!

"Yes, they have taken a fancy to him and want him to be their son-in-law!" Leng ruoxue laughed.

"I knew it! Xue 'er, you're getting worse and worse. Why didn't you say anything when we were downstairs? you even deliberately let Grandpa and the others misunderstand!" The demon said helplessly. Xue 'er was also quite mischievous!

"It's not fun to say it out loud. I just think that you're not young anymore. It's time for you to fall in love." Leng ruoxue laughed. She also felt that if her brother had known about this earlier, he might have run away.

"Can't you let him be mentally prepared? Besides, she's just an ordinary person. Would she be suitable for your brother?" After thinking for a while, the demon said.

"We'll only know if she's suitable after seeing her. If that girl can really make brother like her, ordinary people are not a problem at all." Leng ruoxue smiled slyly.

"You're right. " "Xue 'er, was my child well-behaved today?" the demon nodded and asked. He asked this question almost every day, or else he would not be at ease.

"Of course, he's obedient." Leng ruoxue said proudly.

"Good. Xue 'er, let me touch you!" The demon requested.

"No!" Leng ruoxue rejected firmly.

"Why won't you let me touch it? I also want to feel the existence of the baby!" The demon said with some grievance.

Leng ruoxue did not answer. Instead, she asked, ""Evildoer, do you really only want one child?"

She had asked the evildoer this question before. At that time, the evildoer had told her firmly that one was enough and that there was no need to have more!

It was this sentence that made her feel conflicted. If the demon found out that she had more than one child in her stomach, she didn't know if he could take the blow.

It was because of this that she didn't dare to let the demon touch her, or else she would be exposed.

"Of course, I won't do it if you give birth to more and they fight with me for you!" The demon said with certainty.

SUPREME CRAZY WIFE

Chapter 3055 Leng Ruohan's Peach Blossom (3)

"Uh! Then what if, I mean, what if he's overthinking it?" Leng ruoxue probed.

"Too many? It won't! This time was an accident, and I will be very careful in the future. I will never let an accident happen again, so we will only have this one time. There will be no next time!" The demon's will said firmly.

"Uh! I'll listen to you. " Leng ruoxue said guiltily. It didn't matter if there would be a next accident. The key was this time!

After confirming it, Leng ruoxue was even more afraid to let the evildoer touch her. Hence, she could only find an excuse that she was afraid that he would scare the child. After all, the child was still young.

After hearing Leng ruoxue's reason, the evildoer was a little upset, but he did not think too much about it. The two of them chatted for a while more before he hugged Leng ruoxue and entered Dreamland.

A few days later, when the headmaster's wife came to visit again, there was a beautiful young girl by her side.

At first, the young lady was very reluctant. However, after seeing Leng ruohan, the young lady's attitude changed drastically and she became more enthusiastic towards Leng ruoxue.

This young lady was the precious daughter of the director and his wife. When the hospital director's wife returned home and told the director her idea, the director immediately made the decision. This was a good idea! Why didn't he think of this earlier!

However, after the couple told their daughter their thoughts, they were strongly opposed to it. The girl was in her second year of University this year and already had a crush on someone. Therefore, she was quite disgusted by her parents' attempt to arrange her marriage. However, the hospital director's wife was too domineering and threatened to cut off her pocket money, so she had no choice but to follow the hospital director's wife to the hospital unwillingly.

However, after seeing Leng ruohan, all the unwillingness in her heart turned into a heart full of pink heart!

She could not deny that she had fallen in love with Leng ruohan at first sight! At this time, all the senior that she had a crush on had become nothing in her heart.

In the past, she used to think that the senior she had a crush on was a god-like figure to her. But compared to this man in front of her, the difference was like heaven and earth!

What was a God?

This was a true God!

After falling in love with Leng ruohan at first sight, the young girl became very proactive. She leaned in front of Leng ruohan and said, ""Senior, you look familiar. Have we met before?"

"I'm afraid this young lady has recognized the wrong person! We've never met before. " Hearing the young lady's words, Leng ruohan thought for a moment and said with certainty.

Ugh! The young girl was a little worried when she heard Leng ruohan's words. She was obviously trying to hit on him! Why was this man so unromantic?

"Maybe I'm wrong! May I ask for senior's name?" The young girl was depressed for a moment before she asked again.

"My surname is Leng. You can call me Mr. Leng. Also, I'm not your senior." Leng ruohan said seriously.

This time, the young girl was so depressed that she wanted to bang her head against the wall.

This man was far more than just this unromantic! She's simply a dumb goose!

As for Leng ruohan, who was labeled as a dummy by her, he did not feel that there was anything wrong with his answer at all. He did not like creatures like women to begin with, so he was naturally very cold to the girl who was trying to strike up a conversation with him.

However, Leng ruoxue was clear that her brother was acting this way not only because of his personality, but also because he didn't like this little girl. The hospital director's wife was also feeling depressed. She looked at Leng ruoxue with hidden bitterness and tried to smooth things over, ""Miss Leng, your brother is so introverted!"

"Yup! Brother rarely chats with girls. " Leng ruoxue laughed.

"I see!" After listening to Leng ruoxue's explanation, the hospital director's wife automatically assumed that Leng ruohan's coldness and alienation were due to shyness. She secretly decided in her heart that she would bring her daughter here often for a walk in the future. It would be fine once she was familiar with it.

With this thought in mind, the hospital director's wife did not stay for long this time before she left with her reluctant daughter.

After the mother and daughter had left, the evildoer and the rest came out of the room and smiled ambiguously at Leng ruohan.

Leng Qingtian was finally at ease. He could see that the hospital director's wife had a young daughter. The implications of this were self-evident.

He patted Leng ruohan's shoulder and said, "Come on, Grandpa has high hopes for you!"

"....."

Leng ruohan was very depressed. He did not say anything, but he did not do anything, right? What the hell!

However, the others did not give him a chance to explain. After Leng Qingtian, uncle long and the others also patted his shoulder and went off to do their work.

Leng ruoxue looked at her brother sympathetically and gave him a helpless look. She then pulled the evildoer back to her room to teach the child.

Education must start from childhood!

Leng ruoxue would never let up on this aspect of education.

In an instant, Leng ruohan was the only one left in the living room.

Accompanying him were the beasts. However, none of the beasts took the initiative to pay attention to him. They only glanced at him from time to time.

Leng ruohan was depressed, so she grabbed Bai Xu and Feng Zhan to have a chat. However, after he talked to himself for a long time, neither of them gave him a reply. This fact made him extremely angry.

"Can you guys say something to me?" Leng ruohan could not take it anymore and growled.

Bai Xu and Feng Zhan blinked their bright eyes and looked at each other. They both decided to ignore his words.

"Say something to me!" Leng ruohan, who was extremely angry, grabbed Bai Xu and looked him in the eye.

Bai Xu stomped his meaty limbs and said in a low voice, "Master big brother, master doesn't allow us to speak, have you forgotten?"

"There's no one else here!" Leng ruohan was speechless.

"Then we'll have to get used to it. Otherwise, we'll be captured and studied if we accidentally talk one day." Feng Zhan's small face was filled with fear.

In reality, they were the ones who did not want to bother with Leng ruohan, which was why they had remained silent.

Leng ruohan was speechless after hearing Feng Zhan's words.

These two must be talking nonsense. Who would dare to capture you? Do you not want to live?

Al! He could tell that the other party didn't want to talk to him at all.

Leng ruohan had no choice but to let these two little things go.

On the other side, the hospital director's daughter followed her mother home, and she looked like she was in love with someone. She said to the hospital director's wife, "Mom, I've taken a fancy to that man!"

"I knew it! Little girl! As the saying goes, there's a thin layer between a woman and a man. Whether or not you can get such an excellent man depends on your ability! The only thing Mom can do is to build a good relationship with Leng ruoxue. Of course, you have to think of ways to please Leng ruoxue too. As long as you can get her to put in a few good words for you in front of her own brother, you'll definitely get twice the results with half the effort!" The hospital director's wife warned.

She understood her daughter's stubbornness too well. She said that because she was afraid that her daughter would accidentally offend Leng ruoxue. If that happened, she would lose more than she gained.

"Mom, I know what to do!" The hospital director's daughter promised. However, she did not think so. She felt that she was going to be Leng ruoxue's sister-in-law in the future. Why would she need to please her sister-in-law?

With this thought in mind, she did not go through Leng ruoxue's path. Instead, she went straight to Leng ruohan.

On a certain day.

Leng ruohan was preparing to go home after class at the Academy. When she reached the main entrance, she suddenly heard someone call her name. Then, a beautiful young lady appeared in front of her.

She looked at the young lady for a long time until her face turned red. In the end, Leng ruohan said, ""Miss, do we know each other?"

"..." The young girl's expression stiffened when she heard this.

Do we know each other?

"You bastard!" Did she hear wrongly? The other party had actually asked her if they knew each other?

She had to admit that this was the second time they had met since the last time they met. But it had only been a few days! The other party couldn't possibly be so forgetful that he had forgotten about her so quickly, right?

The young girl was a little confused. She really wanted to scratch the wall.

"You really don't remember me?" The young girl asked, unwilling to give up.

Leng ruohan shook his head honestly. He really could not remember.

"I'm Miao Yuer. I've been to your house with my mother." The young girl gritted her teeth and warned.

"Miao Yuer?" Leng ruohan repeated the young girl's name. Her extremely handsome face was still filled with confusion.

"My father is the director of your sister's Hospital!" The young girl, who was Miao Yuer, continued to remind him.

"Oh!" Leng ruohan said, as if she had come to a sudden realization.

"You remember now?" Seeing Leng ruohan's expression, Miao Yuer finally heaved a sigh of relief. If the other party didn't even remember her father, she would only be more depressed.

"Hmm, why are you here? I don't think you're from our school!" Leng ruohan asked in confusion.

Hearing this, Miao Yuer became embarrassed. She was truly too embarrassed to say that she had come especially to look for him.

"I'm here on business. I know you're at netherblue Academy, so I came to take a look. " After thinking for a while, Miao Yuer said in a reserved manner.

When Leng ruohan heard this, she quickly urged, "I see! Then quickly get to work! Don't delay the important matters!"

"....."

Miao ya 'er secretly hated him. This man was even more unromantic than she had imagined! Why didn't he understand her hint?

In reality, Leng ruohan really did not understand. He had even forgotten that he had seen the young lady before him, so how could he have thought that she had come to the school to look for him? He wasn't that narcissistic. More importantly, he didn't have any feelings for Miao Yuer!

Moreover, ever since the hospital director's wife left with her daughter, no one had mentioned this matter again for fear of angering Leng ruohan. Even though everyone had been gossiping about it in their hearts for a long time, they did not dare to say it out loud. As such, he had long forgotten about Miao Yuer, whose name he did not even know.

However, at this moment, Miao Yuer would never admit that the other party had forgotten that she was not interested in her. So after feeling depressed, she could only try to find a topic to talk about. "I'm done with my business. I'm fine now. "

"Oh! Since you're fine, let's go home! It's not good for a girl to loiter outside. " Leng ruohan said kindly.

Hearing this, Miao Yuer became even more depressed. However, she still tried her best to say, ""It's still early. Oh, I saw that you had a lot of small animals at home last time. I love small animals too. Can I go to your house to have a look?"

Facing Miao ya 'er's expectant gaze, Leng ruohan was in a difficult position. The beasts in his house were not ordinary beasts that could be admired by people. If he really brought her home, those beasts would probably go berserk.

"I'm sorry, it's not convenient for outsiders to visit my Beastie at home. " Leng ruohan rejected after some thought.

An outsider! An outsider!

These two words had a huge impact on Miao ya 'er, and she was also very unwilling!

Although she was an outsider now, she would become his wife one day!

SUPREME CRAZY WIFE

Chapter 3056 Side Story, Girl, You've Gained Weight!(1)

Once Miao Yuer had made up her mind, she would not give up so easily. Thus, under her coaxing and pestering, the thin-skinned Leng ruohan could not resist her pestering skills and brought her home unwillingly.

Logically speaking, he should not have given in so quickly. However, the other party was just an ordinary human. Hence, Leng ruohan felt that he could not chase him away even if he wanted to. If he accidentally killed the other party ... Flowers and plants were also lives! Not to mention a human!

Basically, Leng ruohan and the others who had come to the mortal world had restrained their temper. They were not willing to destroy the entire planet Indigo in a fit of anger. Hence, as long as the other party did not cross their bottom line, they were willing to tolerate them.

But now! This little girl only wanted to go to their house. Moreover, it was not like she had never been there before. Hence, even though Leng ruohan was unwilling, he agreed after some thought.

When they reached home and saw Miao Yuer, Leng ruoxue and the rest's eyes widened. They could not hide the shock and astonishment on their faces.

How could they not be shocked?

Leng ruohan, who had always kept a distance from women and knew that they had feelings for him, had actually brought a certain woman back. This, this was simply a fantasy. It was really too unbelievable.

Initially, Leng ruohan had no intention of bringing Miao ya 'er back. In his eyes, this little girl was just the daughter of the director of the hospital where his sister had interned. But now, when he saw the surprise, disbelief, and a little pink bubbles in the eyes of the crowd, he instantly felt like scratching the wall!

This feeling was really bad. The gloominess in his heart couldn't be described with words. In short, it was suffocating! It was very congested! It wasn't an ordinary traffic jam!

At the thought of this, Leng ruohan's face turned completely black. Then, she pointed at Miao ya 'er and said to Leng ruoxue and the rest, ""Miss Miao wanted to see our Beastie. I didn't want to bring her here, but she kept pestering me, so I had to bring her here. Ji Kai, you can make the arrangements!"

"....."

Leng ruohan's honest words made Leng ruoxue and the others speechless.

Big brother, is it really good for you to be so honest?

Grandson, you're too honest!

Ruohan, a man who is too honest will not be able to find a wife!

Everyone had their own thoughts, but Leng ruohan did not care what they were thinking and went upstairs directly.

Ji Kai, who had been called to receive the guests, was depressed. Was it really good for young master han to leave this matter to him? Ji Kai sneaked a

glance at Miao Yuer, whose expression was a little stiff, and felt extremely sympathetic for her.

Pursuing a man who didn't understand romance was really enough for her to suffer.

However, despite his sympathy, he still had to do what he had to do!

Seeing that Leng ruoxue and the others had no intention of speaking, Ji Kai took the initiative to ask, "Miss Miao, you want to see Beastie, right?"

What right! She was here to see someone!

When Miao Yuer heard this, the anger in her heart surged up. However, what made her even sadder was Leng ruohan's attitude. That fellow really did not put her in his eyes!

She was very depressed, but she also knew that she couldn't offend this family because of her momentary willfulness. Otherwise, she was afraid that her road to pursuing her husband would be even more bumpy.

After thinking for a while, Miao ya 'er unwillingly nodded her head.

"My family's Beastie all have their own personalities, so I really can't guarantee that they'll be willing to let you see them." After confirming, Ji Kai said with some difficulty. He had said the ugly words in advance, or else he was really afraid that Miao Yuer wouldn't be able to accept it.

It should be known that the man's lack of interest in her had already made this little girl very depressed. If Beastie continued to ignore her, Ji Kai couldn't guarantee that this little girl wouldn't break down from sadness.

Fortunately, Miao Yuer did not take his words to heart. After all, watching animals was just an excuse for her to get close to Leng ruohan.

Now, the unromantic man had returned to his room. Since she couldn't catch up with him, she had to save face, right? So at this time, the excuse of looking at animals became crucial.

After Ji Kai brought Miao ya 'er to the garden, Leng ruoxue and the others heaved a sigh of relief. However, they didn't know what to say.

"Ah!"

Suddenly, a shrill scream rang out. Leng ruoxue and the rest looked at each other before running out of the living room.

A shrill scream came from the garden. Needless to say, it was definitely Miao Yuer.

When they arrived at the garden, everyone saw Miao ya 'ER holding one of her hands, sitting on the ground and screaming in pain. Ji Kai stood beside her expressionlessly, as if it was none of his business.

Although they didn't know why Ji Kai was like this, Leng ruoxue and the others knew that Miao Yuer must have done something to make him unhappy. Otherwise, with Ji Kai's hospitality, he wouldn't have ignored it.

As the host, Leng ruoxue took the initiative to ask, "Ji Kai, what happened?"

"Madam, miss Miao hurt Xiao Hui and was scratched by it." Ji Kai told the truth. The Xiao Hui He was talking about was the grey Mini Rabbit. Originally, Miao ya 'er's eyes were on Bai Xu, but how could Bai Xu be willing to let a strange woman touch him? therefore, he didn't give her the chance to pull him in.

In the face of Bai Xu's ferocity and the other beasties' hostility, Miao ya 'er naturally had to lock her gaze on the harmless little rabbit.

But who knew that the rabbit was not to be trifled with.

When the gray rabbit was held in Miao ya 'er's arms, at first, the gray rabbit enjoyed the beautiful woman's caress. But after a while, Miao ya' er suddenly thought of something. The rabbit was in pain from her grasp, and in the situation where it could not break free, it could only scratch Miao ya 'er.

One had to know that although the gray rabbit was the mainframe inside, since the rabbit had become its incarnation, it would also feel pain. Moreover, its skin was very thin, so how could it withstand being trampled on like this? as the saying went, when the rabbit was anxious, it would scratch people! Therefore, it didn't hold back and clawed down.

Miao ya 'er, who had been scratched, screamed and threw away the rabbit in her hand. She was so angry that she even kicked the rabbit a few times. The gray rabbit was quite small, so after being kicked, it naturally flew away in an arc. It was because of this that Ji Kai, who had wanted to comfort Miao ya' er, was annoyed.

How could he marry a woman who didn't care about small animals! He was really too heartless!

However, Miao Yuer didn't realize that she had done something she shouldn't have done. Her entire mind was on her scratched hand.

When she saw Leng ruoxue, Miao ya 'er also raised her bloody hand and said angrily, ""Leng ruoxue, your rabbit scratched me!"

Leng ruoxue laughed when she heard that, ""My rabbit wouldn't scratch people. You must have done something."

This was not Leng ruoxue's way of shielding her, but the truth! She knew her Beastie's personality better than anyone else. She would not let her Beastie suffer for the sake of anyone's face. Therefore, Leng ruoxue had no intention of letting the little rabbit admit to this crime.

[SUPREME CRAZY WIFE](#)

So what if he scratched! What's the big deal?

Leng ruoxue didn't take it seriously, but Miao Yuer wasn't happy about it. She stood up from the ground with a whoosh, her face red with anger as she roared, ""Leng ruoxue, what do you mean? Could it be that I let that little beast scratch me?"

"What I mean is that you must have done something to make my Beastie unhappy, so it scratched you. I didn't say that you let it scratch you, so please don't misunderstand." Leng ruoxue explained with a smile.

"What did I do? What can I do? I only touched that little bastard a few times!" After hearing this, Miao Yuer shouted again.

She was really about to die from anger. Did Leng ruoxue know who she was? She was going to be Leng ruoxue's sister-in-law in the future. How could Leng ruoxue treat her like this!

Miao Yuer was very angry, and the consequences would be very serious!

Without thinking, she called her parents.

"Dad! Mom! I was scratched by a little animal, come quickly!"

Leng ruoxue and the others watched on coldly as Miao Yuer yelled into the phone. No one said anything. After she finished her phone call, everyone turned around and went back to the living room.

Seeing this, Miao Yuer also entered the living room and said arrogantly, ""I've already called my parents. Just wait for them to question you!"

Hearing this, Leng ruoxue and the rest were speechless. It was just a scratch, was there a need to blame?

However, no one made a sound, and only allowed Miao Yuer to run around blindly. But at this moment, everyone had already denied Miao Yuer in their hearts. It would be a big problem to marry such a woman!

Miao Yuer, who had been denied, would never have thought that because of her ruckus, her reserved observation opportunity had been canceled by everyone.

When the director and his wife arrived, they saw the wound on Miao ya 'er's hand and felt sorry for her. However, they were not as willful as Miao ya' er, so they asked for the reason rationally.

After Ji Kai explained, the two looked at each other and said,"Since it's just an accident, then forget it,"

"Dad, mom! How can you just let it go like this? I was scratched!" Miao ya 'er was unhappy when she heard this, and directly shouted at the top of her voice.

When the hospital director's wife saw that her daughter was so insensible, she was so angry that she was about to die. However, she was her daughter after all, so after she gave Miao Yuer a look, she said,"Ya 'er, this is also your fault. If you didn't scratch that rabbit in pain, how would you have been scratched? so, don't be unreasonable anymore and stay here!"

The hospital director's wife said all this for her daughter's good, but the Furious Miao ya 'er couldn't tell. She only felt that her mother had changed. She was no longer on her side! This was a fact that Miao Yuer could not accept at all.

After that, he heard Miao Yuer's angry voice, "'Mom, I'm your daughter! How can you help an outsider! It was clearly that little beast who scratched me. It's fine if you don't seek justice for me, but you're still blaming me!'"

"You ..." When the hospital director's wife heard her daughter's words, she almost fainted from anger. She glared at Miao ya 'er in exasperation. Just as she was about to continue speaking, Leng ruoxue spoke.

"I wonder how miss Miao would like your parents to seek justice for you?" Leng ruoxue's beautiful face was filled with curiosity.

"Your little beast scratched me, so of course you have to compensate me for my loss!" Miao ya 'er said without even thinking.

"You mean you want me to pay for the medical expenses?" Leng ruoxue blinked her beautiful eyes and asked indifferently.

"It's not just the hospital fees, it's also the fees for my mental health!" Miao Yuer reminded.

"Yes, no problem." Leng ruoxue smiled and nodded. She then looked at the headmaster teasingly and said, "'On this point, you and the director are indeed father and daughter. You're both thinking of the same thing!'"

The Dean's face turned red.

He glared at his daughter a few times, trying to make her take back what she had just said, but would Miao Yuer listen to him? Not only that, but she also felt that her father was no longer on her side. This made Miao ya 'er very sad.

In fact, how could the director not side with his daughter? However, he was very clear that there was no benefit in asking Leng ruoxue for compensation for the emotional damage she had done to him. He had definitely experienced this before! Unfortunately, Miao ya 'er still couldn't understand his painstaking efforts.

As for Leng ruoxue, she pretended not to see the father-daughter pair's flirtatious gazes and continued to ask, ""Miss Miao, how much compensation do you want? name a number!"

"You'll pay for all the medical expenses for my injury. As for the emotional damage, I don't want any money. I just want Leng ruohan to go on a date with me!" Miao ya 'er said righteously.

She wasn't stupid. She knew that this was definitely a good time to raise conditions, so she naturally wouldn't let it go.

When the hospital director and his wife heard this, their hearts skipped a beat. They looked at Leng ruoxue with anticipation. Although their daughter was a little willful, they felt comforted and uneasy at the same time when she thought of this. However, as parents, they naturally hoped that their daughter could get what she wanted. However, they were too uncertain because Leng ruoxue did not look like someone who would compromise!

Who knew that Leng ruoxue would only smile after hearing that and remain silent for a long time. It wasn't until the hospital director's and Madam's hearts were beating so wildly that they almost jumped out of their chests that she calmly opened her mouth and said, ""I'll consider miss Miao's suggestion. Now, let me share my thoughts!"

"Although my rabbit scratched you, you also kicked it away and caused that poor little rabbit to be seriously injured and on the verge of death. So, as its master, I have to seek justice for it!" Leng ruoxue continued. After she finished speaking, she deliberately paused and looked at the director and Madam.

The hospital director and Madam's already uneasy hearts were thrown into chaos by her casual glance. However, Leng ruoxue did not give them a chance to speak and continued, "I also want miss Miao to compensate for my Xiao Hui's Hospital fees and mental damage!"

"What? He's just a little bastard!" When Miao Yuer heard this, she was instantly enraged.

"In your eyes, Xiao Hui might be a little beast, but in our eyes, he's our family. One had to know that all life was equal. Just because Miss Miao is a human, you want to strip away the meaning of life for other living beings?" Leng Ruoxue said righteously. At this moment, she had the aura of a charlatan, and Miao Yuer was stunned.

When Miao Yuer finally came back to her senses, she angrily said, "Humans are the noblest life forms. How can those little bastards be compared to humans!"

"Miss Miao, your way of thinking is definitely wrong!" Leng Ruoxue smiled.

"Where did I go wrong?" Miao Ya'er asked, unconvinced.

"You're wrong in your thinking! We are all living beings, and there is no such thing as high or low, even more so after death!" Leng Ruoxue explained simply. After death, all living things would have to go to hell. In hell, how many would remember their past?

SUPREME CRAZY WIFE

Chapter 3058 Side Story, Girl, You've Gained Weight!(3)

"You ... You mean we're the same after death?" Miao Ya'er gritted her teeth and asked.

"Maybe it's not even as good as these little beasts!" Leng Ruoxue replied with a nod.

"What did you just say? How can I be inferior to those little bastards!" Miao Yuer exploded.

"Don't you know that if you make too many mistakes while you're alive, you have to settle the score after you die?" Leng ruoxue asked in surprise.

"How, how is this possible!" Miao Yuer didn't believe him at all.

Leng ruoxue did not care whether she believed her or not. She only said, ""Let's not talk about what will happen after death first. Let's talk about what's happening now. In my eyes, you and Xiao Hui are the same, so since you've hurt it, you naturally have to compensate. "

"What if I don 't?" Miao ya 'er didn't expect that after Leng ruoxue's nonsense, she would still talk about this matter when she turned around. She was instantly even angrier.

"If you don't compensate it, then I won't compensate you with anything either. We're even now." Leng ruoxue smiled faintly.

"How can this be!" Miao Yuer's anger rose, and she was so angry that her eyes were about to spit fire.

"Why can't I? Oh, I remember now, you were the one who hurt it first, so my little grey is completely acting in self-defense and doesn't need to give you any compensation at all. However, you still have to pay for my little Grey's medical expenses, as for the mental damage! Seeing that you're also injured, I won't ask for it from you. " Leng ruoxue said as she came to a sudden realization.

"You, you ..." Miao ya 'er made Leng ruoxue so angry that she was speechless.

At this time, Ji Kai, who had good eyesight, carried the small gray rabbit, which was seriously injured and had only one breath left, and placed it in front of the Dean and his wife.

The director and his wife were at a loss for words as they looked at the little gray ball of fur that was stained red with blood. The meaning was already very obvious. He wanted them to take responsibility!

Although the hospital director and his wife were very depressed, they still silently admitted their bad luck in order to maintain a good relationship with Leng ruoxue.

How should he put this? Whether he paid or not, it would be quite depressing. Now, their daughter didn't even get to take advantage of them. Hence, they didn't want their daughter's willfulness to make Leng ruoxue unhappy or even cause them to fall out.

Seeing that the hospital director and Madam did not say anything, Leng ruoxue smiled and said, "Now it's clear who hurt the most, so I don't need to tell you how to solve it, right?"

"Okay, I can compensate for this little bastard's medical expenses, but what about mine?" After hearing Leng ruoxue's words, and realizing that her parents had remained silent, Miao Yuer could only save herself.

"My Xiao Hui was just defending himself! But, for the sake of the director, I can reimburse your medical expenses. " Leng ruoxue laughed evilly.

"What about my emotional damage?" Miao Yuer asked again. She was going on a date with Leng ruohan!

"It's offset!" Leng ruoxue said matter-of-factly.

"Why?" Miao Yuer shrieked, her face full of indignation! This was really bullying!

"My house's Xiao Hui doesn't even want you to pay for his mental damage, so of course we won't pay for yours either!" Leng ruoxue replied honestly.

"This, this ..." This time, Miao ya 'er was so angry that she couldn't speak. After a long time, she angrily asked the director for help, ""Daddy, look at her! She's bullying your daughter!"

"Alright, this matter ends here!" The Dean sighed helplessly. When it came to scheming, none of them were Leng ruoxue's match. See, with this, the compensation for emotional damage would be gone! He believed that if he continued to offset the medical expenses, he would not need to pay.

In reality, it wasn't that he was short on medical expenses. It was just that he felt that it was extremely unfair to let Leng ruoxue, this little girl, gain the upper hand in everything! Therefore, although his daughter was a little willful, he could still turn a blind eye to it as long as she didn't make a big mistake under the supervision of the couple.

"Since the principal has said so, then this matter will end here. By the way, I'll have someone give you the medical fees after Xiao Hui's injuries are healed. " Leng ruoxue said, giving the director face.

After the matter was settled, the director and his wife didn't dare to stay a moment longer. They pulled Miao ya 'er and left as if they were running for their lives.

After they left, the Little Grey Rabbit that was on the verge of death actually jumped up and looked at Leng ruoxue with a fawning expression, ""Master, my acting skills aren't bad, right?"

"Not bad, continue acting!" Leng ruoxue said indifferently.

The little gray rabbit was unhappy and asked, ""Why?"

"Just in case!" Leng ruoxue laughed evilly. As such, the little gray rabbit became a tragedy and was severely injured.

At the same time! After the hospital director and his wife took their daughter home, they started to scold her. The hospital director's wife, in particular! Had a resentful expression on her face!

"Look at you, aren't you usually quite smart? Why do you have to go against Leng ruoxue and the others this time?" The Dean's wife roared in confusion, causing the Dean to tremble in fear.

"Mom, I didn't do it on purpose. It's all because Leng ruohan doesn't want to talk to me at all! "I was so angry that I ..." Miao Yuer couldn't help but explain.

"You silly child, if you cause a scene like this, I'm afraid they'll be even more unwilling to pay attention to you!" The hospital director's wife glared at her daughter and said through gritted teeth.

"How could this be? Was it their rabbit that scratched me?" Miao ya 'er didn't understand. Shouldn't she be comforted when she was injured? Leng ruohan should at least ask, right?

"Al! Originally, if you didn't make a fuss, they would definitely feel bad, but after what you did, they would only think that you were being unreasonable, and their impression of you would be even worse. " The hospital director's wife sighed.

"Then, then what should we do?" Miao ya 'er was a little flustered. Even though she was a little emotional when she made a fuss, she really wanted to draw Leng ruohan out from her room because of this! Who would have thought that Leng ruohan did not show up even after they left the villa!

Thinking of this, Miao Yuer became even more depressed.

"What else can we do? Of course, he had to do his best to remedy it! You! In the future, don't be so impulsive when you encounter problems. Use your brain, okay? And towards Leng ruoxue, what kind of attitude is that?

Remember this, if you can be with her brother, Leng ruoxue will be your future sister-in-law. You have to please her. Otherwise, if she says a few bad things about you in front of her brother, do you still want to be her sister-in-law?" The hospital director's wife scolded again.

"I know." Miao ya said. Although she didn't think much of it, after thinking about it carefully, she really had to start with Leng ruoxue. Otherwise, she wouldn't be able to get close to that dumb goose!

After thinking it through, Miao Yuer instantly decided that she would take the path of a sister-in-law in the future.

The next day, Leng ruoxue was surprised to see Miao Yuer at her door.

He had thought that this little girl would not appear so soon because she was so angry! He didn't expect the other party to be so impatient and come again so quickly.

In addition, when she saw Miao ya 'er's gentle smile, Leng ruoxue felt a gust of cold wind blow past her. She was nervous!

One must be up to no good!

Instantly, Leng ruoxue became alert.

Miao ya 'er took the initiative to hold Leng ruoxue's arm and said affectionately, ""Ruoxue, it was my fault yesterday. I'm here today to apologize to you. Can you forgive me?"

Ruoxue? Apologize?

This was not normal! This was definitely not the normal seedling!

Leng ruoxue made her judgment. Although she hadn't been in contact with Miao ya 'er for a long time, she was very clear that this little girl was very headstrong and wouldn't say such words easily! Such an action could only mean one thing-the other party had a motive!

As for what they were after! It went without saying!

Initially, Leng ruoxue thought that it was a good thing for her brother to have some peaches. However, those peaches had to be good peaches and not rotten ones. Right now, Miao ya 'er was just a rotten peach blossom in her heart. However, facing this rotten peach blossom in front of her, she didn't show it on her face. Instead, she said affectionately, ""What happened yesterday is already in the past. Let's not talk about it anymore!"

Acting! Keep acting! Let's see who can pretend better!

Leng ruoxue felt that she was quite free recently, so she was happy to put on an act with Miao ya 'er.

From that day on, the two of them became best friends.

Miao Yuer had practically grown up in their house.

Facing Miao Yuer, who said that she wanted to take care of Xiao Hui, Ji Kai was helpless. Xiao Hui was completely fine, and if she were to take care of him, what would she do if her cover was blown?

But he didn't need to worry about this matter, Cang had already completed it for him.

What could he do?

Beat up Xiao Hui!

This time, Xiao Hui's feigned illness became a real illness, and he completely hated Miao Yuer.

Every day, when it saw Miao Yuer busily taking care of it, Xiao Hui would not give it a good face. It even glared at her with hostility!

How could Xiao Hui not hate him?

He was fine at first, but now he was fine. In order to make it look like he was seriously injured, sob ... Xiao Hui was so sad, how could he treat such a cute little animal like this? It was too cruel!

However, Miao ya 'er would never have thought that Xiao Hui hated her to death. She just thought that Xiao Hui still remembered her kicking it a few times, but she didn't care at all. After all, she had already successfully entered the inner chamber!

Even though she had not spent much time with Leng ruohan, at least Leng ruohan would not ask her who she was when they met! This was progress! More importantly, she felt that her friendship with Leng ruoxue had also improved by leaps and bounds. But what she didn't know was that when the evildoer saw her now, it was as if he had seen an enemy.

Therefore, the evildoer had tried to persuade Leng ruoxue to stay away from Miao ya 'er. At the end of the day, Miao ya' er had violated his interests and hindered his time with his wife.

More importantly, once Miao Yuer arrived, all the people and animals in the villa had to be careful, in case she accidentally discovered something that she should not know. Especially the Beasties, they simply didn't dare to appear

rashly, afraid that they would speak human language when they weren't paying attention, that would scare people!

In short, the ghostly appearance of the seedling made all the people and animals in the villa extremely mad! It was fine if it happened once or twice occasionally, but who could stand it if it happened every day!

It was for this reason that the crowd and the beasts had unanimously decided that they must not let Leng ruohan find an ordinary person.

Leng ruohan did not know what to say after listening to everyone's serious decision. In fact, he, who enjoyed his single life, had no intention of looking for a wife at all. All along, it had been others who had been worrying for nothing! What was the saying again? The Emperor wasn't in a hurry, but the eunuch was!

Of course, the kind Leng ruohan would never say what was in her heart.

A month later, Xiao Hui was already full of energy, but Miao Yuer still came to report every day. Everyone really couldn't stand it.

This time, they didn't care what excuse Miao Yuer was making up. They unanimously recommended Leng Qingtian to talk to Miao Yuer.

Why didn't he look for Leng ruoxue?

Because Xue 'er had said that they were guests and should be treated well! What else did they not understand?

Xue 'er was bored, so she wanted to find some fun for herself. Therefore, she would definitely not take the initiative to drive Miao ya' er away. If that was the case, they could only save themselves.

The person who made the move was Leng Qingtian, Xue 'er and ruohan's biological grandfather. Hence, everyone felt that since Miao Yuer wanted to

pursue Leng ruohan, her grandfather should also please her, right? In this way, Miao Yuer probably wouldn't dare to refute the words of her grandfather.

The crowd, who had great confidence in Leng Qingtian, was full of anticipation that he would be able to send away Miao ya 'er, the little girl who had already driven them crazy. However, what surprised them was that Leng Qingtian had just said, ""Miss Miao, you come here all day. Don't you need to study?"

When Miao ya 'er heard this, her eyes immediately reddened, and she said with a slightly choked voice, "Grandpa, do you hate me?"

Although the grandfather in front of him looked younger than his father, he was not his senior! Hence, Miao Yuer didn't dare to treat this old man like how she treated Leng ruoxue.

Knowing that the elderly liked the weak, younger generation, Miao yaner immediately pretended to be pitiful after hearing the other party's words.

The facts had proven that her strategy was a success! This was all thanks to the hospital director's wife's careful teaching during this period of time. It could be said that the hospital director's wife had analyzed the two close relatives by Leng ruohan's side for Miao ya 'er and finally concluded that Leng ruoxue's status in the Leng family was extremely high. Therefore, Leng ruoxue was also the number one person that Miao ya 'er had to curry favor with!

Now, the first person she wanted to please didn't come out to chase her away. Instead, it was Grandpa Fang who made a move. Naturally, Miao ya 'er thought of a strategy to deal with the old man.

When Leng Qingtian saw her like this, he really didn't know how to continue. If he continued, it would seem like he was bullying a child. How was he going to break this feeling?

Leng Qingtian couldn't help but send out a signal for help to uncle long and the others who were watching from the side. However, those people were even more helpless than him!

If Miao ya 'er continued to be unreasonable, they could still deal with her ruthlessly. But now, she didn't make a fuss, and she didn't say anything inappropriate. She only looked at you pitifully with tears in her eyes. What could you do?

Ruthlessly destroy a flower?

They were not that cruel!

Leng Qingtian and the others were so frustrated that they wanted to bang their heads against the wall. After a while, Leng Qingtian continued,"I don't hate you. I mean, you're still young and should focus on your studies! But look, you don't even go to school now, how can you do that? The exam is coming up, right? You want to repeat a year?"

"I know what to do. Grandpa, you don't have to worry about me!" After hearing Leng Qingtian's words, Miao Yuer's tears turned into laughter.

I'm not worried about you! This is just an excuse to chase you away! Leng Qingtian felt depressed. At the same time, he was not too happy with the title of grandfather.

Were little girls these days all so familiar with each other? He's calling me grandfather now?

[SUPREME CRAZY WIFE](#)

Chapter 3060 Side Story, Girl, You've Gained Weight!(5)

Leng Qingtian expressed his inability to accept this!

However, Grandpa was just a form of address. It couldn't be decided! After thinking about it this way, he also felt relieved! However, even though he was relieved, he was still unhappy that he had not completed the mission.

After that, Leng Qingtian's face involuntarily darkened.

Seeing this, Miao Yuer, who already knew how to read people's expressions, quickly said, "Grandpa, don't worry! I'm not worried about my studies. I've already self-studied everything I need to learn!"

"I see!" Leng Qingtian didn't know what to say anymore. The little girl had already said so much, so it didn't seem right for him to continue chasing her away!

Just like that, Leng Qingtian retreated. At the same time, he began to hate the self-learning system of planet Indigo!

After Leng Qingtian's defeat, everyone had wanted to ask uncle long to take action, but after some thought, uncle long gave up. He felt that it was useless even if her own grandfather came out to drive her away, so he, an outsider, shouldn't join in the fun.

She was just a little girl! Did they have to be afraid?

In the room.

Leng ruoxue and the demon were well aware of this situation. However, Leng ruoxue had never expected that her grandfather, uncle long, and the others would lose without even fighting.

However, they couldn't be blamed for this. After all, Miao Yuer was just an ordinary human girl. The fact that they couldn't do anything to a child must have made her grandfather and the others very depressed.

"Xue 'er, did you see that? Everyone can't stand this uninvited guest, quickly tell her not to come!" The demon said to Leng ruoxue gloomily.

"Did I ask her to come? I told her not to come and she won't come?" Blinking her eyes, Leng ruoxue laughed evilly.

"Uh! I understand!" The demon nodded. It was true that Xue 'er did not ask her to come, but Xue' er did not chase her out either.

Thinking of this, he gave Ji Kai a death order!

When Ji Kai received the order, he looked depressed and conflicted. Leng ruoxue glanced at the situation and asked the evildoer, ""What did you say to Ji Kai?"

"I told Ji Kai not to open the door for that woman starting tomorrow! There's no one in the house!" The demon said confidently.

"..." Leng ruoxue fell silent. She really wanted to say that this was a bad idea that could only treat the symptoms but not the root of the problem!

Things didn't go as Leng ruoxue had expected. After several days of Miao Yuer not being able to enter, she found a helper!

The so-called helpers were naturally her parents.

Unfortunately, the hospital director and his wife did not manage to knock on the door of Leng ruoxue's Villa.

In this regard, the family of three was extremely puzzled. Was she not at home or had she moved away?

If he wasn't at home, they could still understand, but if he moved out, wasn't this a little too exaggerated? Just to hide from their daughter?

The hospital director and his wife could not believe it. Of course, they did not want what they thought to become a reality. It was a pity that while dreams were beautiful, reality was cruel.

Even if they didn't want to admit it, they had to accept the truth. He had indeed disappeared.

As for where he went, no one knew!

Even the old professor didn't know! The hospital director and his wife were certain that there was no one in the villa because the old professor had received a call from Leng ruoxue. She said that they had gone on a vacation and their return date was uncertain.

At the same time, Leng ruoxue and the rest had already reached the other end of the planet.

The entire planet netherblue was divided into the East and West banks. Previously, they had stayed on the east bank, and now, they had taken a boat to the West Bank. The customs and people living on the West Bank were slightly different from those on the east bank. Here, it was similar to the West in Leng ruoxue's previous life. The humans were all blonde-haired, blue-eyed foreign species. The people were also quite enthusiastic and had a high degree of tolerance for them.

Originally, Leng ruoxue didn't want to run away in such a panic as if she had done something bad. Unfortunately, the crowd didn't give her a chance to choose. They took her on a ship and secretly left the house while she was asleep.

Leng ruoxue was still very depressed about leaving just like that. However, she could understand the thoughts of her grandfather and the others. She knew that they really didn't want to see Miao Yuer anymore. Moreover, she was pregnant now and wouldn't be able to give birth anytime soon, so it

wasn't suitable for her to stay in one place for a long time. If that's the case, then so be it!

On a remote beach on the West Coast, they found a piece of land that had no owner. After the two rabbit mainframes used hacking methods to put that piece of land under Leng ruoxue's name, everyone settled down there.

The pace of life on the West Coast was obviously slower than that on the East Coast, so Leng ruoxue and the others were happy to accept such a life. Every day, grandfather and the rest would go out to sea to look for some seafood to have a sumptuous meal. They would also check out if there were any treasures in the vast underwater world. The beasts would go into the wild forest nearby. There, they were like fish in water and had a lot of fun. With that, only Leng ruoxue and the demon were left in the huge house.

The demon was simply too satisfied with such understanding people and beasts. He had to give them twenty likes!

Five years later.

Leng ruoxue was already showing signs of pregnancy. At this moment, there was only her and the demon at home. Her grandfather and the rest of the beasts had already left home to do what they liked. Although Leng Qingtian and the others were hesitant when they left, Leng ruoxue told them to leave without worry. After all, she was very clear that she would not be able to give birth so soon.

Knowing that the child of God was definitely different from ordinary humans, Leng Qingtian and the others hesitated for a long time before leaving their home reluctantly.

In the past five years, he had been so happy that he had forgotten about home. Other than the fact that his wife's stomach was getting bigger and bigger, which made him a little uncomfortable, everything was fine!

On a certain day.

As usual, the demon was staring at Leng ruoxue's stomach in a daze. He could feel the bloodline connection between the little life in her stomach and himself. However, he did not know why he suddenly felt a little irritated.

"You're overthinking again!" Leng ruoxue said helplessly when she saw the demon's reaction.

"Xue 'er, I'm the one you love the most, right?" He raised his head and asked with uncertainty.

"Of course!" Leng ruoxue nodded her head heavily. She realized that this evildoer's pregnancy syndrome was getting serious. Fortunately, Cang wasn't around, or else Leng ruoxue would have a bigger headache.

When she thought of Cang, Leng ruoxue was shocked to realize that she had not seen her grandfather and the others for a long time. Although they would contact her from time to time, she still missed them after not seeing them for so long.

"Girl, I'm back!"

At this moment, a familiar voice came from outside. Leng ruoxue raised her head and saw a white light pouncing into her arms. It was so fast that even the evildoer could not stop it.

Needless to say, that white light was naturally Cang!

Seeing Cang, Leng ruoxue was pleasantly surprised. Speak of the Devil, the devil is here! She was just thinking about Cang! Azure actually came back!

Seeing that Azure was still so small, Leng ruoxue touched its soft fur and said happily, ""You finally know to go home!"

"If it wasn't to earn money for our baby's milk powder, I would have come back long ago!" Hearing Leng ruoxue's words, Cang said arrogantly.
