Chapter 3061 Side Story, Girl, You've Gained Weight!(6)

"What do you mean by" our baby "? That's my baby!" The moment he heard Azure's words, evildoer was immediately indignant!

"It's mine!" Exploding hair Cang roared.

"It's mine!" Even a monster was roaring, who was afraid of who!

Leng ruoxue was helpless when she saw the man and beast returning to their old ways.

"Stop quarreling. I still say the same thing. The baby is mine and mine alone!" Leng ruoxue shouted back.

When evil rampage and Azure saw him, they immediately greeted him, "We're just teasing you!"

After he finished speaking, he was afraid that Leng ruoxue wouldn't believe him, so the man and beast hugged each other. Then, Cang jumped into Leng ruoxue's arms and exclaimed, ""Girl, you've gained weight!"

"....."

Leng ruoxue ground her teeth!

As a woman, what was she most afraid of others saying?

First, he was ugly! Second, he was fat!

Now that Cang had broken one of the taboos, Leng ruoxue felt her anger rising as she continued to shout, ""Who's fat? Who's fat? That's because my stomach is getting bigger!"

Sob ... He couldn't hurt a pregnant woman!

Cang, who obviously felt that he had said something wrong, looked at Leng ruoxue carefully and coaxed,""Girl, I was wrong. You're not fat, your stomach is really big!"

Azure, who could feel the little life in its stomach, suddenly felt a trace of fear. It wanted to touch it but didn't dare to. However, it definitely didn't expect that a fat person would cause such a huge stimulation to the girl!

But it couldn't be blamed for this! As a Beastie, it had never seen a human with a big belly!

Afraid that Niu would really be angry at it, Cang obediently took the initiative to report to Leng ruoxue what he had done in the past five years.

It turned out that it had really gone to earn money for milk powder for the baby in Leng ruoxue's womb. It was just that the money it had earned was a little ...

It was like this!

Ever since cold learned how to use the internet and found out that it took a lot of money to raise a baby, it thought about earning some money to raise the baby. So, after thinking for a long time, it left home with its two hacker rabbits.

Of course, these three little beasts didn't go too far from home in the beginning, and the two little rabbits were best at hacking. Therefore, the two top hackers and a half-tone, began to set their eyes on some people's wealth.

In Cang's words, this was called robbing the rich to help the poor.

It robbed the ill-gotten wealth of some unscrupulous merchants. In addition to helping itself, it also donated a lot of money to orphanages all over planet Indigo. As such, it also made a name for itself on the internet, known as the hero Bandit!

Unfortunately, Azure didn't care what others thought of it. It didn't know that the hackers on the internet had given it the name of a hero thief. The only thing it knew was that it needed a lot of money to support its child!

After looting all the ill-gotten gains on planet Indigo, it turned its eyes to other planets. In this way, it was far away from home. However, what made it depressed was that the money on the major planets was not universal at all. So, after collecting a lot of wealth from the major planets, it had to find ways to exchange the useless wealth for things that could be used on planet netherblue. It had been five years since it returned to planet netherblue.

After Leng ruoxue heard this, she really didn't know what else to say other than gratitude. However, her relationship with Azure was not ordinary, so she naturally did not need to say those polite words. Azure would not want to hear them.

As expected, Cang, who understood Leng ruoxue's thoughts, nodded and said,""Girl, I'm doing all this for our child!"

It's our child again!

The demon secretly hated it! However, in order not to anger his wife, he endured it.

After Cang returned, Leng ruoxue and evildoer's two-person world had ended. Although the demon was depressed, he had to accept it! Because no matter Cang or whoever it was, they couldn't get rid of them.

When Azure returned home and discovered that Niu's stomach had grown, he immediately spread the news.

Gradually, people and beasts began to return.

After Ji Cang and the two little rabbits returned, Leng ruohan and Qing Jue were the ones who returned home.

This pair was amazing. Why were they together?

One had to mention the relationship between the two in name.

Father and son!

That's right, in front of outsiders, Leng ruohan and Qing Jue were father and son!

However, Qing Jue had been captured to serve as a servant. The cause of this matter was naturally related to Miao Yuer. Leng ruohan, who did not want to be harassed by any other woman, borrowed green vessel from Xue 'er to be her son before she left home.

When Leng ruoxue heard her brother's plan, she was speechless. She really didn't expect that her brother would come up with such an idea in order to not be entangled with a woman. In fact, she really wanted to tell her brother that if a woman really wanted to pester him, she wouldn't care if he had a wife or children. There's a kind of woman in this world called a mistress ...

However, seeing her brother's confident look, she did not say anything and just gave green vessel to him. Her brother's life should be decided by him!

Now that her brother had returned without a woman by his side, Leng ruoxue guessed that her brother's plan had probably succeeded.

Actually, what Leng ruoxue did not know was that not only did Qing Jue take on the role of a son, he even had to play the role of Leng ruohan's wife occasionally. He also had to be a rare beauty.

The most beautiful woman Qing Jue had ever seen was his sister. However, when he transformed into her appearance, Leng ruohan was driven mad! Who would be able to stand seeing a woman like his sister as his wife!

After that, green vessel had even changed his appearance into fog, which made Leng ruohan so angry that she almost beat him up.

With no other choice, green vessel transformed into a female version of the demon. This time, Leng ruohan did not beat him up, but she had nothing to say.

Clearly, this was another character that couldn't be used.

In the end, Qing Jue could only conjure up a stunning beauty based on his own imagination, and Leng ruohan was finally satisfied.

Indeed, the illusion was the safest!

"Big brother, welcome home." Leng ruoxue said happily as she looked at Leng ruohan.

"Xue 'er, it looks like my nephew is about to give birth." Glancing at Leng ruoxue's stomach, Leng ruohan gently pulled her younger sister into her arms.

Although the evildoer was jealous, he had no choice but to let Xue 'er's brother, his brother-in-law, hug him!

In this day and age, he had to please his brother-in-law! After living in the world of ordinary humans for so long, he had already been influenced by them.

"Yes." Leng ruoxue nodded.

"Sister, you still have me!" Qing Jue, who was not willing to be ignored, quickly said. He also wanted to hug his sister, but he was afraid of hurting her, so he did not dare to do it.

"Brother, how did you explain to the public that your son in name didn't grow up in five years?" Leng ruoxue could not help but ask curiously when she saw the little Qing Jue.

"Uh! We won't be staying in the same place for too long. Moreover, green vessel can transform, so it's easy to grow a few years older. " Leng ruohan explained.

"Sister, I've been so tired these past five years." Qing Jue grumbled. For the past five years, he had followed Leng ruohan everywhere. Sometimes, he was big, sometimes he was young, sometimes he was a man, sometimes he was a woman. He was on the verge of a mental breakdown. If it wasn't for the silly Cat's News that their sister's stomach was big, they probably wouldn't have made it back!

### SUPREME CRAZY WIFE

Chapter 3062 Side Story, Girl, You've Gained Weight (7)

"Qing Jue, you've worked hard." Leng ruoxue patted Qing Jue's head sympathetically.

"It's been hard on me. I don't want to go out anymore. It's too tiring. " Qing Jue continued to complain.

When Leng ruohan heard his words, she smiled faintly and said,""Don't worry, I won't bring you out with me in the future. When Xue 'er's child comes out, I'll take him with me. "

"....."

Did her brother come back to snatch the child from her?

Leng ruoxue was depressed.

Their child was not even born yet, why were there so many people thinking about it? However, the monster was very supportive of Leng ruohan's words and promised,""I'll bring it for you after it's born!"

"..." Leng ruoxue was speechless.

"That's my baby!"Cang ze was furious and shouted.

The demon ignored this and directly carried his wife back to the room.

After they left, Cang took all his anger out on Leng ruohan and continued to shout,""That's my baby!"

"He's a child of our Leng family. " Leng ruohan reminded.

"Mine! It's mine!" When Azure heard that, he shouted shamelessly.

When Leng ruohan heard this, she ignored it.

However, the debate about who the baby was never stopped.

Especially after Leng Qingtian and the others returned, the situation had become more and more intense.

Hearing that it was related to the child's ownership, Leng Qingtian naturally emphasized that it was his great-grandson and belonged to the Leng family!

"You're from the Leng family,"uncle long laughed evilly," what do you think the Mistress of the Dark World is?"

"The Dark Lord? He's my grandson-in-law! More importantly, he's married to my granddaughter, so his child naturally belongs to us. Little brat ye, right?" At the end of his sentence, he looked at the evildoer and said.

"That's right. If Grandpa likes it, then go ahead and take it. " The demon said without a care.

He couldn't ask for more when someone was willing to help him take care of his child. In fact, he was in a dilemma about this child that was about to be born. He was looking forward to it, but he was also a little afraid. He was looking forward to it because it was his child, but he was afraid that the little child would come and snatch his wife away from him. That was absolutely not allowed.

Therefore, the evildoer would rather leave the child to his grandfather and brother-in-law before he was born. Only then would his status be guaranteed.

After hearing the demon's words, Leng Qingtian was satisfied. However, uncle long and the rest had looks of disappointment on their faces.

"Al! It would be good if elder sister gave birth to a few more. " Facing the crowd who were arguing endlessly, green vessel suddenly sighed.

"Yup! You should have a few more!" Uncle long and the others also nodded.

"One for me, one for Cang, one for grandfather, one for brother ruohan, and uncle long and the rest ..." Qing Jue counted with his little fingers. He then became vexed and said gloomily, ""Sister, if we count it this way, you'll have to give birth to a lot."

"A lot, your head! Do you think I'm a sow?" Seeing Qing Jue's serious and troubled expression, Leng ruoxue was a little frustrated.

"That's right, it's enough to have one!" The evildoer also glared at Qing Jue. At this moment, Qing Jue realized that he had said the wrong thing. Sob ... The evildoer's expression was so scary!

Qing Jue cowered in fear, but Leng Qingtian found Qing Jue's words very interesting. He teased, ""Little Qing Jue, you're just a little boy and you still want a child? Can you?"

"Of course, I'm the one who's taking care of all those little kids in the space!" Qing Jue said as he nodded his head.

"Silly boy, those in the space are all elves. They're different from the little dolls with flesh and blood. The little dolls are soft and hard to take care of." Uncle long said with a smile.

"Since it's not easy, why are you guys fighting for it?" Qing Jue was suspicious. Wasn't this self-contradictory?

"Is that the same? This is Xue 'er's child, the true next generation among us, and also the inheritor of the divine world and the nine nether nether prison. Therefore, he is the most important person!" Leng Qingtian explained with a smile. Of course, what he didn't say was that Xue 'er's child was related to him by blood. It was fine to just take this matter to heart. If word got out, it would cause others to be jealous.

"Yes, of course, sister's child is important. So, I have to take one with me." Qing Jue nodded.

"You're just a little baby!" After hearing what Qing Jue said, everyone laughed and said.

"Argh! My stomach hurts. " Just as everyone was chatting and laughing, Leng ruoxue's expression suddenly changed. Then, she cried out in shock and grabbed the demon who was sitting beside her. The moment the demon saw her, he hurriedly asked, ""Where do you feel uncomfortable? I'll check it for you!"

He had never seen Xue 'er in so much pain. Seeing Xue' er's pale face, his entire heart clenched.

"What's the point of checking! I'm going to give birth! Quickly send me into the purple bamboo house!" Leng ruoxue shouted. As she spoke, sweat was already rolling down her face.

When green vessel saw this, it immediately moved everyone into the bracelet.

After entering the bangle, the evildoer carried Leng ruoxue into the purple bamboo house. The others wanted to go in and see if there was anything they could help with, but they were stopped by a barrier.

"No one is allowed to come in!" The demon's voice came from the purple bamboo house.

After saying this, the evildoer turned his attention to Xue 'er and looked at Leng ruoxue's condition. He knew that the child would not be born yet.

"Xue 'er, breathe! Let's take a deep breath!" Seeing that Xue 'er was in so much pain, the evil demon's heart ached and wanted to distract her.

"I, I've been breathing! But it really hurts!" When Leng ruoxue said this, she was extremely depressed. As a God, how much pain had she not experienced? However, that pain was nothing compared to giving birth!

Leng ruoxue had decided that if the children dared to be unfilial to her after they were born, she would throw them into the chaotic world so that she wouldn't have to worry about them! However, just as she thought this, she felt wronged and said, 'we'll definitely be filial to mom.'

Feeling the children's encouragement and heartache, Leng ruoxue instantly felt much better. Her stomach didn't seem to hurt as much anymore.

However, the pain was intermittent. Every time she felt relief, the pain would come again. This repeated for a long time ...

Leng Qingtian and the others, who were blocked outside the purple bamboo house, saw that Xue 'er had been inside for more than ten hours and still had not given birth to the child. They couldn't help but feel anxious.

"Madam! Hurry up and give birth! May God bless us!" Ji Kai, who was mixed in with the crowd, mumbled.

### SUPREME CRAZY WIFE

Chapter 3063 The First Meeting Between The Son And The Father (1)

When Leng Qingtian and the others, who were as anxious as ants on a hot pan, heard Ji Kai's words, they were stunned for a moment before they realized what he had said. They slapped Ji Kai's head and shouted in unison, ""Pray for God's blessing? Which God do you want to pray to?"

Didn't they know that they were gods? Asking for God's blessing in front of them? In the eyes of the crowd, those who could be blessed were all in the purple bamboo house. Who else would dare to join in the fun?

Ji Kai looked at everyone's reaction and was stunned.

Did he say something wrong? Wu ... I didn't seem to have said anything? But why was he beaten up?

For a moment, he was a little dazed from the beating and couldn't react at all. He stared at Leng Qingtian and the others with wide eyes, his face full of grievance.

When everyone saw this, they were amused.

This little guy was feeling wronged?

"Brat, don't you know that we are gods?" Leng Qingtian could not help but shout.

"....."

He had forgotten! Ji Kai was a little frightened, and his face turned pale. He didn't dare to say anything.

"Forget it, don't scare this little fool!" Uncle Long couldn't bear to see it.

Little fool?

Ji Kai suddenly understood. So, in everyone's eyes, he was a fool?

Sob ... This truth almost made Ji Kai cry. However, before he could complain, he heard a loud slap coming from inside the purple bamboo house. He was shocked. Who was this?

Immediately after, a baby's cry that was louder than a palm came from inside. When everyone heard it, they froze for a moment before they could not help but cheer. "She gave birth, she gave birth! She finally gave birth!"

Knowing that the child was finally born safely, everyone present was so happy that they couldn't even find the North. Unfortunately, no matter how anxious they were outside, no one came out of the purple bamboo house.

What was going on?

Everyone was very anxious. However, if the people inside didn't come out, they wouldn't be able to get in, let alone force their way in! After the excitement, the people who didn't know the truth couldn't help but start to worry again. At this moment, Ji Kai couldn't help but think, the slap just now was so loud. Was he hitting a child?

Thinking of Xiaobei's tender little butt, he felt pain for his baby!

Master was definitely ruthless!

Why was he so sure that his master was the one who did it? Because he knew very well that Madam couldn't bear to hit the child!

The truth proved that Ji Kai was telling the truth.

That slap was indeed from a demon. At this moment, after the evildoer slapped little babe's butt a few times, he stared at the chubby baby in his hands.

The demon felt that it was very magical. This little meat bun was his ... He glanced at the space between the little boy's legs. Oh, it was his son!

A son?

In the beginning, the demon was still very calm, but then he remembered that this was his son! "You bastard!" How could it be a son?

He wanted a daughter!

Yes! The demon had always hoped that the child in his wife's stomach would be as cute as Xue 'er, but now things didn't go his way. What should he do? Can you stuff it back?

It had to be said that the evildoer was a little silly. As if he could feel his father's dissatisfaction with him, the little meat bun, who had just been born, only pouted his pink and tender little mouth lightly, and then burst into tears again ...

Mother! Where's mom?

He wanted his mother!

Before he was born, his mother often conversed with them, so the little meat bun knew that his mother was a very, very gentle and good mother! As for the annoying man who was hugging him now, he also knew that he was probably his father! However, the baby was very sensitive and knew that his father did not like him. Hmph! It didn't matter. He didn't like this annoying father who might snatch his mother away from him!

Just like that, the Father and the Son became enemies the first time they met, and they hated each other!

The demon hated his son because he was a man. A son hated his father. Other than the fact that his father had hit his sexy little butt, the biggest reason was that he might snatch his mother away from him!

How could he be the Son of God? It was just born, but it could already think so much and think so far. If it were an ordinary human baby, it would probably

not have opened its eyes at this moment! However, the child of the evildoer and Leng ruoxue could even stare at his own father!

If a son could sense his father's dissatisfaction, how could a mother not?

When Leng ruoxue received her son from the evildoer, she had already conjured a small warm water ball in her hand to clean the child's body. The child was very satisfied. His biological mother was still the best! This was a real mother!

His father must be the second!

The little child still couldn't speak, so the demon didn't know what his fresh out of the oven, still exhaling hot air son was thinking. Otherwise, he might have directly thrown away this annoying bear child like garbage.

After washing and wrapping the doll, Leng ruoxue quickly placed the child at the side and said to the demon, ""Hubby, I'm going to give birth again!"

"What? There are more?" The demon's eyes widened, and his reaction was obviously half a beat slower. But fortunately, he was a God. When he heard that his wife was going to give birth again, he quickly made preparations.

The second baby came out only half an hour later than the first one. After it was born, the demon slapped the baby's little butt a few more times. When the baby cried, he took a look and saw that it was a ghost! It was actually another son! How could this be?

The demon was so depressed!

If it was a daughter, he could still reluctantly accept it, but why was it a son?

The child was still cleaned by his biological mother, Leng ruoxue.

After washing and wrapping it up, the demon thought that everything was over. However, Leng ruoxue stammered as she told him, "hubby, we still have one more."

"There are more?" Upon hearing this, the evildoer wished he could just faint. He stared at his wife's still bulging stomach with a pale face.

I really want to scratch the wall. If she had another son ...

Looking at the demon's conflicted expression, Leng ruoxue did not know if she should tell him now that the next one would still be her son! However, before she could tell the truth, the child in her belly was clearly getting impatient and anxious.

Seeing that his wife's stomach was in pain again, the evildoer quickly held her hand and said, "'Xue 'er, if it hurts, then shout out!"

"I, I can hold on!" Having two children in a row, Leng ruoxue had to hold back her screams. It was not that she did not want to, but when she thought about how many people were guarding outside the purple bamboo house, she really did not have the courage to scream.

Fortunately, after the three children had been brewing for a long time, they came out relatively quickly. So, in less than an hour, the third child came out to meet his parents.

Seeing that it was another son, the evildoer obviously did not have any hope.

### SUPREME CRAZY WIFE

Chapter 3064 The First Meeting Between The Son And The Father (2)

I heard that a son is a wife's lover in her past life. He had three love rivals at once, what else could he say!

After the same process, his devilishly handsome face was drenched in sweat. However, he still looked at his wife nervously and asked with a bitter face, "Honey, is there more?"

"No," Leng ruoxue promised.

The demon heaved a sigh of relief when he heard that. If there were more, and it was a son again, he would go crazy!

However, the moment he relaxed, the demon felt his vision turn black and then he didn't know anything.

The moment Leng ruoxue saw that the evildoer had fainted, she cried out in shock, "Freak!"

When the crowd outside the purple bamboo house heard Leng ruoxue's cry, they were extremely nervous as they did not know what was going on inside. However, no one dared to barge in rashly ... They could not bear the anger of the Mistress of the Dark World!

Everyone was secretly guessing the situation inside. What they were most curious about was how many little babies were born. Although they had heard the baby cry three times, they didn't dare to think that there would be three children. What if it was one child crying?

At this moment, the door of the purple bamboo house was opened.

The crowd hesitated for a moment before finally looking at Leng Qingtian.

Leng Qingtian was very depressed. The door was already open, so they could enter if they wanted to. Why were they looking at him? Did flowers grow on his face?

In reality, Leng Qingtian was well aware of everyone's thoughts. They wanted him to stand out! However, when she thought of his devilish temper, she had to admit that he was terrified!

"Grandpa, you guys can come in!" It was only when Leng ruoxue's voice came from inside the house that Leng Qingtian was the first to step in.

The crowd followed.

At this moment in the house, even though the blood had been cleaned by Leng ruoxue, everyone could still smell the faint smell of blood. However, what surprised everyone was that the pale Xue 'er did not faint, so why did the demon faint first?

Everyone looked at each other, but none of them asked. However, Cang ke didn't care about that and laughed in disdain. "Useless! He fainted just like that!"

"I'm also tired!" Hearing Cang's words, Leng ruoxue was smart enough to pretend she didn't hear anything and fell asleep in peace.

Seeing that the two of them were exhausted, Leng Qingtian considerably covered them with the blanket before turning his gaze to the little doll beside them.

As expected, there were three of them!

Leng Qingtian was overjoyed. Just as he was about to reach out to hold the child, someone was faster than him and picked up a little doll.

Looking at the person who was ahead of him, Leng Qingtian's mouth twitched.

Because the first one to carry a child was none other than Cang.

Leng Qingtian was worried when he saw Cang standing up straight and hugging the baby who was almost twice its size with its two furry little claws!

I really don't understand how senior Cang could carry a child. What if he dropped the doll?

However, it was obvious that Leng Qingtian was overthinking it!

Cang was holding the little baby firmly!

Just as Leng Qingtian's thoughts were running wild, the other two children had also fallen into the hands of others.

One of them was snatched away by the quick-witted Leng ruohan, while the other one fell into uncle Long's hands.

Those who managed to grab it were naturally all smiles, while those who were a step slower were all unhappy!

Especially Leng Qingtian, who kept shooting daggers at Leng ruohan. The meaning in his eyes was self-evident, but Leng ruohan did not seem to see it. She still held the child tightly and did not let go. Uncle long was the same. In order to have the little boy to himself, he even ran to the outside of the purple bamboo house.

Azure ... No one dared to snatch food from its claws!

The three children were not shy with strangers at all. They looked at the person who was holding them and all giggled.

The three people who snatched the child away liked the chubby and fair child the more they looked at him. Leng Qingtian and the others could only glare daggers at them, wishing they could hack the three smug fellows into a thousand pieces! He really hated people too much, didn't he?

However, among the three who snatched the child, two of them were tactful. They didn't dare to keep the child for too long and handed the child over to someone else. Otherwise, they would probably cause public anger.

Now, everyone had the opportunity to get close to the little child, and their mood was instantly beautiful.

But there was still one person who didn't feel beautiful, and that was Ji Kai.

With so many people lining up to hold little master, when would it be his turn?

Ji Kai's heart was filled with resentment.

Suddenly, a child started wailing. After the first one, the other two also began to cry.

When everyone heard the crying, they immediately became a little flustered.

The people present were basically all men, and many of them did not have any experience in taking care of a baby. The moment they heard that the baby was crying, their hearts instantly clenched. It was a pity that they did not know what exactly had happened to little babe.

After thinking for a while, everyone was shocked to realize that these three little babe were hungry.

That's right! Sensing that everyone had thought of this, the three little children felt quite gratified.

They were hungry! I'm so hungry! When she was in her mother's stomach, she still had spiritual energy to eat. But now, she had nothing to eat!

Feeling wronged, the three little meat buns pouted their pink and tender little mouths in unison, acting cute and coquettish. Everyone's heart softened when they saw this.

"Eggshell! The babies would grow up after eating the eggshells! I'll go get their eggshells for them to eat!" Feng Zhan, who was flying in the air, suddenly had an idea.

"....."

Upon hearing this, everyone fell silent. Leng Qingtian could not help but sigh,""Feng Zhan, they don't have any eggshells!"

"Why isn't there an eggshell? Where's the eggshell? Who ate it?" Feng Zhan was very angry. He flapped his wings and wanted to find the guy who had stolen the eggshells of the three little shellfish to settle the score.

"You bastard!" How audacious of him to eat his child's eggshell! Do you still want to live?

Bai Xu couldn't help but cover his face.

Idiot and idiot! Did they think that humans were the same as beasts?

Bai Xu, who obviously didn't want to be stupid like Feng Zhan, stretched out a claw and jumped into the air, smacking the flying Feng Zhan down. He growled, "These three little meat buns are humans. Humans don't have eggshells, okay!"

"Like this?" Feng Zhan blinked, and blinked again. He could clearly feel the heat on his face. He was shy!

"Then what do human babies eat?" After a moment of shyness, Feng Zhan, who was not ashamed to ask, continued to ask.

"Human babies drink milk!" Leng Qingtian said softly.

"I'll go find him!" After Feng Zhan finished speaking, he immediately flew away.

Everyone was very curious. Where did that little Feng Zhan find milk for the baby?

Just as they were thinking this, they heard the roars of the female beast from the Phoenix forest in the distance. Then, there was a huge commotion!

Everyone couldn't help but cover their faces. Speaking of which, could they say that they didn't know this guy who suddenly acted like an idiot? It was really too embarrassing!

[SUPREME CRAZY WIFE](#)

Chapter 3065 The First Meeting Between The Son And The Father (3)

When Feng Zhan reappeared in front of everyone, his beautiful feathers were already in a mess. When the crowd saw this, they held back their questions. "Did you encounter a lady?"

It was obvious that Feng Zhan wasn't in a good mood. He hung his head and said dejectedly, "Those female beasts are really too fierce, so what if there's no milk! Why did you hit me? I'm the Prince of the Phoenix Clan, how can you not give me any face?"

I'd be a fool to give you face!

Everyone couldn't help but Mutter to themselves. Although there were many female beasts in the Phoenix forest now, most of them had yet to form families. He had foolishly asked for milk to feed his babies. It would be a waste if he didn't get angry at him!

"Has master not woken up yet?" At this moment, a few beautiful women walked over from the direction of the Phoenix forest. The moment Feng Zhan saw them, he immediately hid behind uncle long to seek shelter.

Wu ... Women are Tigers. Other than master, why is there no woman in this world who is gentle and cute?

Feng Zhan was very worried.

One of the women rolled her eyes at Feng Zhan and walked over to the three Baby Girls. She looked at the fair and tender little children with joy, then took out a few Red Spirit fruits and handed them to Leng ruohan. "Let the baby eat this first!"

Leng ruohan took the spirit fruit. She hesitated for a moment before squeezing out a little juice and feeding it to the baby. The spirit fruit was rich in spirit

energy, and the little babe that he was carrying obviously liked it very much. It pouted its little mouth and sniffed it.

When the others saw this, they did the same. The little babies' first meal in this world was finally settled.

When Leng ruoxue woke up, the demon had already woken up and was staring at her intently.

"Xue 'er, how do you feel? Does it still hurt?" The evil demon asked with heartache. It's been hard on my wife!

"It doesn't hurt anymore." Leng ruoxue said with a face full of happiness. Before she fell asleep, she had taken a pill and was basically fine now. Then, she turned around to look at the baby, but she found that there was no one on the bed.

"Where Are the Children?" Leng ruoxue could not help but ask.

"I don't know!" The demon said irresponsibly. After he woke up, he had put all his attention on his wife and had not thought about the child at all. If Xue 'er had not asked him now, he would probably not have thought about the child.

"..." Leng ruoxue's face darkened. You're a father! The child was gone, and they didn't even know where it went?

Of course, the child would not be lost.

The speechless Leng ruoxue was at her wit's end. After releasing her divine sense and knowing that her baby was being taken care of by her grandfather and the others, she was relieved.

At this moment, the demon remembered that he wanted to settle the score after autumn!

What accounts?

Of course, it was a matter of the number of children. He only wanted one, but now there were three, which obviously exceeded his expectations! "You bastard!" He felt that even one of them would be enough to snatch his wife away, but now there were three of them!

The evildoer's face was black as he said resentfully, ""Xue 'er, why didn't you tell me that you had three babies?"

"Uh! It's not too late to know now! Of course, I wanted to give you a surprise. " Leng ruoxue looked at the evildoer guiltily as she tried to please him.

"I'm surprised, but not happy!" The demon said, not giving him any face.

Leng ruoxue's face darkened again. She couldn't help but remind him, ""Demon, that's your child!"

"I know! But back then, I only wanted one. " The demon said confidently.

It was because he knew this that he didn't dare to say it! Leng ruoxue sighed inwardly, but her beautiful face was still full of smiles as she said, "Isn't three better? It was in place in one shot! There's no need to have another child in the future!"

"Even if there's only one, I don't plan to have another one in the future." He peeked at Leng ruoxue arrogantly.

"Alright! You win! But now that it's already born, we can't just stuff it back in, right?" Leng ruoxue said helplessly.

"You think I don't want to stuff the extra two back?" The demon raised his eyebrows.

The extra two ... How hurtful would this child be to have such an idea! This was his biological father! Leng ruoxue couldn't help but suck in her stomach. Just as she was about to change the topic, she saw her grandfather, elder brother, and Cang walk in with three little children in their arms.

Leng ruoxue was excited. A child! She hadn't even taken a good look at her baby!

After receiving a little babe, Leng ruoxue placed it in the arms of the evildoer. Her intention was clear-she wanted the father and son to bond with each other.

Although the demon was a little unwilling, he still gave Leng ruoxue face and planned to coax the child. Unfortunately, Xiaobei did not give him any face as a father. As soon as he carried the child, the child started to cry loudly. With one of them taking the lead, the other two followed suit and cried.

Don 't! I don't want a 'step-father' hug!

The three little babe's thoughts were very intense, while the demon was thinking, as expected, his son was here to jinx his father! She was really not cute at all!

### SUPREME CRAZY WIFE

#### Chapter 3066 The Full Moon (1)

With his soft and unadorable son in his arms, the demon wanted to cry. Who could tell him how to shut this noisy little thing up? Xue 'er had just given birth and needed to rest. If he cried like this, he would disturb her rest!

The demon was very dissatisfied. The son he was carrying was also not very satisfied. He kept kicking his legs hard, trying to escape from the arms of this 'stepfather'. However, he was small and weak. After struggling a few times, he still could not escape.

When Leng Qingtian saw this, he chuckled and said, "Look at this little guy, so energetic! What a cute little thing!"

As a great-grandfather, he was very satisfied, but at this time, as a father, he suddenly felt at a loss. "Xue, Xue 'er, this brat seems to have peed!"

"Uh!" Leng ruoxue was a little surprised and hurriedly carried little babe over. At the same time, she saw that there was a wet patch on the evildoer's pants. This made her feel extremely puzzled. It shouldn't be! She had clearly put on baby underwear for the child ...

But when he pulled open little babe's little pants to take a look, he really peed! What made her even more surprised was that babe did not pee on her underwear, but on the outside. Ugh! Leng ruoxue didn't really know what to say anymore. However, she would never have thought that little Bei Bei did it on purpose. After all, such a young child, even if he had the bloodline of a God, it was impossible for him to have so many thoughts when he was just born, right?

But in reality, little babe really did it on purpose. This could also be considered as giving his step-father a chance to show off his might!

However, a child was still a child. Who would care about such a display of power!

The first round of PK between the Son and the Father was considered a draw! Of course, this was also because the evildoer was letting the child have his way. After all, the child was still young, so he did not argue with the child.

After Leng ruoxue cleaned up the child, she decided to feed little babe. Leng Qingtian and Leng ruohan naturally left tactfully. Cang Yi didn't plan to leave at first, but he was thrown out by the demon.

After the crowd was cleared, Leng ruoxue looked at the demon without saying a word. The moment the demon saw her, he couldn't help but say aggrievedly, ""Xue 'er, you're not thinking of driving me away, are you?"

"Mm, you should also leave!" With a demon around, Leng ruoxue would feel shy.

"With what? I'm your husband!" The demon was not willing to leave. He wanted to stay here and monitor these brats so that they wouldn't take advantage of his wife.

"I'll be embarrassed if you stay here!" Leng ruoxue said honestly.

When the demon heard this, he laughed happily and said with a little pride, ""What are you shy about? it's not like I haven't seen it before. Which part of your body isn't mine?"

Hearing the demon's words, Leng ruoxue had no choice but to compromise.

However, when Leng ruoxue started feeding Xiaobei, the demon regretted it. He really shouldn't be here! Wu ... Seeing a man taking advantage of his wife with his own eyes, it was really glaring no matter how he looked at it. He really wanted to break the feeling of throwing that stinky brat away. Even if that brat was his own son!

Just like that, under the demon's intense and covetous gaze, the three little babe endured the great pressure and bravely finished their first breast milk!

After that, the evildoer threw the three little babe's to Leng Qingtian, Leng ruohan and Cang!

Half a month later, the demon wanted to wean his son.

However, Leng ruoxue did not agree. After all, the child was still young. Because of this, the couple was in a deadlock. The demon was so angry that

he ignored Xue 'er for a few days. For a time, whether it was in the bracelet or in the villa, the low air pressure and cold current made people shiver.

It could be seen that the Mistress of the Dark World was furious! And the unlucky ones were the small characters like them! In the end, it was Leng ruoxue who stepped in to settle the matter. And she could only fight for half a month's welfare for her three sons. In other words, after her sons were one month old, she would have to stop breastfeeding them!

Although Leng ruoxue felt that she was mistreating her son, she thought about it carefully. Her son was being raised by another woman, and her husband was her husband. Thus, she felt at ease. After all, her husband was the one who would accompany her for the rest of her life, and he was the most important person.

In this matter, the evildoer had won the final victory. This was enough to prove that although his wife had a son, she still loved him the most. Therefore, he was satisfied.

In terms of the important position in his wife's heart, the evildoer was completely superior!

After solving the problem of the three little bees 'meals, the matter of giving the children names was brought up to the agenda again.

Logically speaking, little babe's name should have been thought of before she was born, but at that time, no one knew when the baby would be born, so they were not in a hurry. After Xue 'er's stomach had gotten bigger, all of their attention had been on Xue' er, so they had completely forgotten about the matter of naming. After the child was born, because of the problem of little babe's food, Xue 'er and the demon had a mutual opinion. As a result, the name of the child was delayed again.

Now, it was finally time to give the child a name.

When everyone asked for the demon's opinion, he, as the Father, said very irresponsibly, "Anything? You can call me whatever you want!"

"..." Everyone was stunned.

How could he be a father like this? He was really irresponsible! That was his own son!

After hearing the demon's words, everyone's disapproving eyes swept over the demon, but he didn't care at all. According to his thoughts, what kind of name was that?! He could wait for the child to grow up and take it himself!

It was because he was born without a name ...

In this aspect, it was rare for Azure to stand on evildoer's side and speak his mind. "I'll let Xiaobei choose her own name in the future!"

"....."

Everyone disagreed!

At this moment, the demon spoke again.

"Everyone here was named by your own parents? Uncle long, did your parents give you your name?" The demon asked calmly.

"Uh! I've never seen what my parents look like!" After a pause, uncle long had no choice but to tell the truth.

"....."

Alright! This one was probably born from the heavens and earth!

Everyone was helpless, but human babies were different from beast babies. Human babies couldn't grow up on their own and had to be taken care of by adults when they were just born. But beast babies were different. Other people's babies could speak when they were born and could support

themselves! It was not that everyone did not understand this logic! But he couldn't accept it!

From this, it could be seen that human babies were still lacking in self-care ability compared to divine beast babies! No, it can't be compared like this!

Unfortunately, the truth was right in front of them, and no one knew how to refute it!

After a long period of silence, as Leng ruoxue's biological grandfather and little babe's great-grandfather, Leng Qingtian had no choice but to speak.

"Everyone ..." Leng Qingtian had just said two words, but he didn't know how to continue. Saying that these three little bei's couldn't be compared to anyone else, wasn't that just drawing hatred? He didn't dare to say this.

### SUPREME CRAZY WIFE

#### Chapter 3067 The Full Moon (2)

Seeing him hesitating, the demon continued, ""He's just a kid! Therefore, I think that we should first train the three of them to take care of themselves, otherwise it will be terrible if they are raised as three good-for-nothing young masters in the future!"

The meaning of his words was very obvious. He was just short of directly saying that he would let the three children live and die on their own!

When everyone heard this, they could not accept this! The three little babe were their hearts and souls. As their father, you might not feel heartache, but they did!

The demon knew from everyone's expression that his words had angered them again! But he really thought so! Back then, when he was just born, didn't he rely on himself? If he could survive, why couldn't his children?

It could be seen that he was not a father who would dote on his child. Of course, part of it was because he didn't like his child snatching his wife away from him, but he also sincerely hoped that his child could be independent as soon as possible and surpass his master! Therefore, he still had high hopes for his own child!

"What do you think about sending the child to the chaotic world?" the demon continued.

Not much! The child wasn't even a month old yet! There was no one there. If he was really sent there, not to mention whether his small body could withstand the violent spiritual energy in the chaotic world, even survival would be a problem!

Although they also hoped that the child would be successful in the future, the child was still young! They couldn't bear to send Xiaobei to live in a desolate place at such a young age! This was really too much of a scam! You can't be a father like this! Was this still his biological father?

The demon saw that no one was saying anything, but their expressions weren't too good. He knew that they wouldn't agree. In fact, he didn't expect them to agree with his decision now, but one day in the future, he would definitely send his children there to train. At that time, it would be useless no matter who disagreed!

The reason why evildoer asked for their opinions was because everyone present was Xue 'er's elder. Therefore, he respected them very much. Moreover, the child was indeed a little young now, so he did not force her.

As for the child's name, he really didn't care much about it.

After that, Leng Qingtian asked for Xue 'er's opinion and decided that two of the three children would take their father's surname, ye, and one would take their mother's surname, Leng. The demon had no objections to this.

After deciding on the child's surname, Leng Qingtian and the rest decided on the child's name themselves. As for Leng ruoxue and the demon, one of them was focused on her confinement while the other was focused on serving her wife.

Initially, based on Leng ruoxue's physical condition, she felt that she was already fine. She had even used her divine power to repair her body. However, the demon insisted on making her lie in bed for a month and even said that all normal humans were like this. Leng ruoxue was really helpless about this. The evildoer now did not treat the three little shells as ordinary human children, but as ordinary human women. Sigh! Although she was helpless, she still obediently stayed in bed to rest in order not to hurt her husband's good intentions.

Other than feeding little babe, Leng ruoxue spent most of her time alone with the demon. However, the truth was that she missed her child! She wanted to get closer to the child, but the evildoer said that she couldn't let the child develop the habit of sticking to her mother. It was not good for the child's growth!

Hearing this, Leng ruoxue really wanted to ridicule him! How is sticking to the mother bad for the child's growth? You're still sticking to your wife, why didn't you say so?

Although Leng ruoxue understood that the evildoer wanted the child to be independent as soon as possible, the child had only been born for half a month! Wasn't it too cruel to leave her mother at such a young age? Moreover, Leng ruoxue only wanted to be close to the child. She wouldn't really dote on the child, so why couldn't she? However, she also knew that

now was not the time to argue with the evildoer over this matter. She had to wait until she was done with her confinement! Hmph!

Leng ruoxue made up her mind that once she was allowed to get off the bed, she would definitely go play with her child. She was now under the control of her husband and had no choice!

On this side, Leng ruoxue was fighting with the evildoer. On the other side, Leng Qingtian and the others were also quarreling over the child's name!

The cause of the matter was very simple. Everyone thought of a name for the baby and felt that they were the best. They all wanted to use their own names. As such, no one was willing to give in to the other. Just like that, everyone was in a deadlock because of the name.

Even after Leng ruoxue was done with her confinement and Xiaobei was a full moon, no one could come to a consensus on the name.

Leng ruoxue knew that this was not going to work! He had no choice but to go out personally and choose three names from the many names.

The eldest and the second were named ye Ruisheng and ye Ruize respectively. The other baby was named Leng ruichen.

Among the three babies, Rui Sheng had a calm personality and was very much like an elder brother. Rui ze was a little Black-bellied and had the most devilish personality. Only the third, Rui Yue, was heartless and a complete little foodie. As long as he had food to eat, he would be satisfied! And among the three little bei bi, Leng ruoxue doted on third the most. Who asked this child to be so simple-minded!

Leng ruoxue didn't want to hold a one-month-old celebration for her child, but seeing that her grandfather and the rest were all in high spirits and had long been preparing for the one-month-old celebration, she didn't dare to dampen their spirits.

Although there were no outsiders present at the full moon banquet, everyone was still in high spirits. The three little bei bi were being carried by Leng Qingtian, Leng ruohan, and Cang, and they were all laughing.

Looking at such an adorable child, Leng ruoxue was content with having a child!

The highlight of the full moon banquet was the capture of Zhou that everyone had prepared. Logically speaking, according to the habits of an ordinary person, they would only catch their babies when they were one year old. However, Leng ruoxue's three babies had the bloodline of a God. Needless to say, they were naturally gifted. They could sit up after being born a few days ago, and they could even crawl now. Therefore, they would naturally not grow up slowly like ordinary babies.

It was the first time that they had held a ceremony for their children. Most importantly, they did not do it like ordinary people. They did not want to see what their children liked or what they wanted to develop in the future. They did it for someone to be the child's Godfather!

When Leng ruoxue heard their motive, she was in a complete mess!

Looking at uncle long, Leng ruoxue wiped away her cold sweat and said,"Uncle long, I'm already calling you uncle, and you still want to be my child's Godfather?"

"And Qing Jue and Feng Zhan, are you sure you can be fathers?" Leng ruoxue looked at the little baby and little beast that she had called out and was speechless.

"Sister, why can't I be a father?" Qing Jue was not convinced!

"You're still a little baby! Besides, if you call me sister, you'll be the child's uncle. How can you be the child's Godfather?" Leng ruoxue reminded.

"So I'm the child's uncle? Then I won't be your Godfather!" Qing Jue immediately gave up when he heard that. He originally wanted to have a closer relationship with Xiaobei, but he didn't expect that he was her uncle. Then why was he fighting for a Godfather?

"Master, I'm already an adult. Why can't I be a Godfather? Wuwu...Master just doesn't like me!" After dealing with Qing Jue, it was Feng Zhan's turn to feel wronged.

"You're really old? Why do I always feel that you're still young?" Leng ruoxue blinked her eyes and asked in disbelief.

"Hahaha!" When everyone heard Leng ruoxue's words, they couldn't help but burst out laughing. When they were done laughing, uncle long said, ""Xue 'er, I'm not going to be a Godfather, I'm going to be a Godfather!"

"Well, Xue 'er, we're just trying to catch Zhou for fun. So, you don't have to worry about it. It's not certain whether we'll catch the child or not!" At this moment, Leng Qingtian also spoke. After taking care of the children for so long, he knew how good the three children's ideas were!

"Alright then!" Hearing her grandfather's words, Leng ruoxue was at her wit's end.

It could be lively if he wanted to! And the moment of the capture of the Zhou was really not the usual kind of liveliness.

After the capture of the week began, the first person to appear was naturally Leng ruoxue's eldest son, ye Ruisheng. As soon as the baby appeared, he waved his meaty paws at the crowd in an imposing manner. Then, he looked down at the items around him.

Needless to say, these things were carefully selected by everyone, and were also gifts for the little children. Little Rui Sheng looked around, and then looked at his mother. He firmly crawled toward his beautiful and fragrant

mother, and hugged her thigh. He raised his little head, looking cute, and asking for a hug and caress!

The moment Leng ruoxue saw him, she couldn't resist and immediately picked up her cute son. Little Ruisheng gave his mother a loud and sweet kiss. At the same time, his devilish face darkened.

Most of the people present were also unhappy! The little doll had no conscience! To think that they doted on him so much! He actually didn't give him any face at all!

Seeing this, Leng Qingtian was secretly happy in his heart. As expected of the old Leng family's son, well done!

Not long after. It was Ruize's turn.

As soon as the little guy appeared, he first got close to the onlookers and gave them a sweet date, then climbed to his seat to choose his favorite gift.

He picked up almost every present, but under everyone's expectant eyes, he slowly put them down again. Just like that, he kept picking up and putting them down. At the same time, his beautiful Starry Eyes would calmly sweep over the crowd. When he saw everyone's disappointed expressions, the little baby smiled happily.

Seeing him like this, everyone couldn't help but gnash their teeth in hatred. This little thing was really a cunning little fox! He didn't know who trained him! Azure's face was filled with pride! Who trained him? Do I need to say more? Of course, it was this!

After Rui ze teased everyone present, he also directly crawled to his mother and played with her affectionately for a while. Then, he crawled to Cang's side and hugged Cang's fluffy little body, unwilling to leave.

Now, what else did everyone not understand? At the same time, everyone's sympathetic eyes swept towards the evildoer. This pitiful biological father! Did little babe not get close to him? However, the demon didn't care. After all, he was his son, so how could he run away from blood relations? From this, it could be seen that the genius was very confident!

The last one to appear was Leng ruoxue's most beloved ruichen. When the little fellow came out, he was naturally different from his two brothers. He didn't get close to anyone, but climbed onto the table first, picked up the spirit fruit on the table, and started to gnaw ...

### SUPREME CRAZY WIFE

Chapter 3068 The Cute Kid's Training (1)

The little guy ate very happily. He finished one after another and even smiled at his mother foolishly before continuing to eat.

Everyone was speechless. Did this little guy have to be so greedy? Unfortunately, no matter what the crowd thought, little Rui Qiao did not care at all. Eating was his number one priority.

When he was satisfied, it was already an hour later. Then, the little guy began to sleep ...

This time, everyone was even more helpless. However, they also understood the little fellow's temper. Don't look at how this little thing usually seemed to be very easy to talk to and easy to coax, but that was on the premise that he was not disturbed while eating. If someone dared to interrupt him while he was eating, then Rui Tian would definitely cry like a landslide and tsunami for you to see. This was also the main reason why no one dared to interrupt him. This

small body was actually very strong at crying! Basically, no one could stop him except for his parents.

It could be said that Rui Qiao had failed to catch Zhou!

However, everyone was helpless. Capturing Zhou and whatnot was just a joke.

After the one-month-old celebration, the little fellow finally had the chance to interact more with his mother. Every day, other than spending time with her husband, Leng ruoxue would play with the child. Of course, when she played with the child, she would definitely bring her husband along. This was also to allow the father and son to cultivate their relationship. However, in front of his three sons, a certain father always had a straight face, and the sons were not very willing to talk to their own father.

Leng ruoxue didn't know what to say about the way the four of them got along. Did they have to be so cold and aloof?

When she thought of this, Leng ruoxue started to feel cold. After her son and a certain father felt their mother's anger, they started to get closer. In any case, as long as Leng ruoxue was present, the three sons and their father would just play as brothers. When she wasn't around, they would just do what they had to!

Actually, it wasn't that Leng ruoxue didn't know that these four guys were dealing with her. However, she pretended not to know and even pushed a large part of the responsibility of taking care of her son onto her husband's shoulders.

His son had stopped breastfeeding. Now, in addition to eating spiritual fruits, he would also drink some milk. The work of boiling the milk naturally fell to the demon. It didn't matter, he could learn slowly!

Just like that, after wasting the milk a few times, the demon finally managed to do the job of boiling milk well. He had to learn it seriously! His wife was watching him as a supervisor.

When they were feeding little babe milk, the three little fellows did not dare to not drink it seriously. Similarly, their mother was watching. In fact, the three children didn't like to drink milk at all. In their opinion, milk was definitely not as good as spiritual fruits. But, they couldn't not drink it!

Boohoo ... Mommy said that drinking more milk will make you stronger and grow up quickly! Their only wish now was to grow up quickly so that they wouldn't be tortured by their 'stepfather' again!

As the days passed, the three little shells grew more and more beautiful and cute. These three children had all inherited the good points of their parents. They were three little demons, and all of them were pink, tender, and toot. Most importantly, these three were exactly the same. So, every time they saw the three cute little guys appear together, everyone felt very happy!

Three months later.

Little babe could already walk and speak. The first person she called out to was naturally their most beloved mother, followed by great-grandfather and uncle! After that, she called out to everyone, but no one called her 'daddy'.

Seeing this, Leng ruoxue was a little unhappy. The moment the three little bees saw him, they didn't need their mother to say anything and took the initiative to smile at the evildoer and said, ""Daddy!"

"En!" The demon nodded his head indifferently. How could he not know that these three little Rascals were doing this on purpose? However, he didn't mind. After all, it was his own son, and he would never be able to escape from his palm.

The demon was very confident. The three little bei bi were indeed no match for him now, especially when the 'stepfather' and the biological son had a conflict. His mother was completely on the side of the 'stepfather'! Although this fact made the three of them feel a little disappointed, they had no choice! Al! He was small, so he could only endure it!

It could be said that the three bebys, who had different personalities, were all good at enduring and had learned how to keep up appearances. Regarding this, neither Leng ruoxue nor the demon would expose them, while Leng Qingtian and the others completely treated the father-son fight as a joke.

These three little people were really too funny!

By the time the three little shells were three months old, Leng ruoxue and the demon had already started to teach the three of them systematic cultivation. The three little fellows all had the chaotic divine body. Among them, Rui ze had the dark attribute. Therefore, when he grew up, he would naturally inherit the nine nether prison. Thus, the cultivation of Rui ze was completely taken over by the demon, while Saint Rui and Rui Yuan were taken care of by Leng ruoxue, Cang, and Qing Jue.

In just half a year, the three little fellows already had the strength of a spiritual Emperor. Such a cultivation speed was simply astonishing.

Initially, the evildoer wanted to send Rui ze to the nine nether nether prison for training, but Leng ruoxue was reluctant to do so. After all, the child was not even one year old yet. If he went to the nine nether nether prison now, would he be serving himself up to others?

Seeing that Leng ruoxue did not agree, the demon did not force her. However, he secretly increased the intensity of Ruize's training. Once Rui ze showed a little dissatisfaction, the demon would tell him that when his father was your age, he had already started to manage the nine nether nether prison!

Of course, the little Rui ze did not quite understand what kind of place the nether nether nether prison was, but it was definitely not simple! In order to surpass a certain father, Rui ze gritted his teeth and persevered through the devilish training.

While training Ruize, evildoer's thoughts turned to Ruisheng and ruiqiao. He did not want the intensity of training for these three sons to be different. When the evildoer suggested that he would be the one to initiate all three of his sons, Leng ruoxue agreed with a smile. She could use this opportunity to let him interact more with his sons! But Cang was a little angry! 'Damn it!' On what basis? That was its baby!

The demon smiled and told Cang, a loving mother will spoil her son!

Leng ruoxue had been unjustly accused. As she reflected on her actions, she really wanted to defend herself. She had not spoiled her child! Why did he have to use her as a gun! Sob ... This is so sad!

The sorrowful Leng ruoxue looked gloomily at the demon, but the demon did not feel guilty at all. He only said, "You guys are definitely not as strong-willed as I am. Once the child acts coquettishly, I will let go of my supervision on them. Look, now it's clear that Ruisheng and Ruimin together can't even beat Ruize!"

"..." Alright! This was a rather sad fact. Leng ruoxue and Cang couldn't deny it. In this way, the burden of laying the foundation for the child fell on the demon.

When the two children found out about this terrifying fact, their first reaction was to hug their mother's thigh and start howling!

"Wuu ... Mom! We're your sons, how can you hand us over to the devil?" Yes! In the three children's hearts, their father was a demon who would fight with them for their mother and scold them. Especially after Ruisheng and ruiqiao found out about the intensity of Ruize's cultivation, they were simply shocked!

This was too much of a scam, wasn't it? They weren't even a year old yet!  
This was abuse! It definitely was!

### SUPREME CRAZY WIFE

Chapter 3069 The Cute Little Kid's Training (2)

Unfortunately, it was no use crying. On this point, Leng ruoxue and Cang couldn't compete with the monster.

The two little babies saw that crying was not going to work, and their mother was not soft-hearted at all, so they had to use all kinds of means to start acting coquettishly.

The two little things crawled into their mother's arms, one on the left and one on the right. He used his own saliva to wash Leng ruoxue's face. Leng ruoxue was helpless. She thought to herself, 'it's useless even if you give your mother a kiss!' I really can't help you.

Seeing this! The demon's face darkened as he grabbed the two brats from his wife's arms. It was fine if they kissed when they were young, but it was impossible for him to take advantage of his wife at this age!

"You're not allowed to kiss mommy in the future, and you can't kiss anyone of the opposite sex, understand?" the evildoer said in an unusually serious tone.

The two little kids were already unhappy after being taken out of their mother's arms. Now that they heard their 'stepfather' say this, they were at a loss for a moment. So, they asked dumbly, "Why? That's our mother!"

"Your mother is also of the opposite sex, so you're not allowed to kiss her!" The demon said seriously.

"Why?" The two little bei bi shamelessly asked.

"A kiss will make you pregnant!" The demon said with a serious expression.

When Leng ruoxue heard the demon's words, she was immediately flustered. Oh my! Was it good to lie to a child like this? However, when the evildoer was educating his child, she really could not interfere. Otherwise, the Father would lose his prestige in his son's heart! Therefore, she could only endure the deception of the demon to her son and silently pray in her heart. Son, good luck! Actually, it was also good not to kiss the opposite sex! As a man, I can't be too casual!

Leng ruoxue fell silent with this reason in mind. Leng Qingtian and the others, who had unintentionally heard this, did not dare to expose the Mistress of the Dark World's lie. The consequences would be too severe!

However, the two little babe didn't know what pregnancy was at all. Therefore, their eyes were a little dazed. Seeing this, the demon continued to mislead, ""When you're pregnant, you'll have a baby, just like you two. So, you can't just kiss any woman, understand? If you kiss a woman you don't like, you'll have to bear the consequences!"

"What will happen if we have a baby?" Saint Rui could not help but ask.

"I'll fight with you for your beloved mother and your favorite things! So, I hate little kids the most!" The demon deliberately said in disgust.

"That won't do! Mother is mine!" When Rui Jin heard this, he immediately gave up, and secretly decided in his heart that in the future, when he saw a woman, he would definitely hide far away, to avoid making mistakes!

Although Rui Sheng felt that something was wrong, he didn't want others to fight with him for his mother. It was enough to have a father and two younger brothers! Don't say more!

It had to be said that these two sons had been successfully misled by the demon. At least for a long time in the future, they would not be allowed to appear around the opposite sex.

The evildoer was very satisfied with his two sons' reactions. After dealing with these two little ghosts, Ruize was of course not spared. After his three sons were successfully frightened by the evildoer, the evildoer's happy life came!

His son's daily training schedule was packed to the brim by him, so much so that he had no time to act coquettishly with his mother. As a result, his wife naturally belonged to him.

In this battle for his wife (mother), the evildoer had won!

When the three little babe were one year old, the demon directly swept the three of them out of the door ... Uh, no, he arranged for the three of them to go out and gain experience.

The location of the training was naturally the dark blue star. Although Leng ruoxue was a little unhappy about this, she did not stop the demon's decision. After all, with her son's current strength, it would not be a problem for him to protect himself on planet Indigo.

However, when Leng Qingtian and the others found out about the situation, they all started to blame them in their hearts. What a pair of cruel parents! The poor child was only one year old!

One year old!

What were one-year-old human children doing now? After eating and sleeping, they would still be acting coquettishly with their parents and wetting the bed. But their children had all gone out to train. Sigh! What if they encountered human traffickers?

That pink, tender, and toot boy would definitely be targeted by human traffickers!

Leng ruoxue knew what they were thinking, but she wasn't too worried. If they really encountered human traffickers, they should be the ones worried!

As for the three poor little ones, they weren't as pitiful as Leng Qingtian and the others had thought. As it was their first time leaving home, the three of them were extremely excited!

He had finally left that demon. How could he not be happy?

However, it was inconvenient for him to do anything because he was too small. When the three of them carried their backpacks and held hands on the bus, everyone's attention was immediately attracted. One of the reasons was that these three were too beautiful. Another reason was that they didn't have any adults by their side. How could they not attract attention?

Immediately, someone went forward to get closer to the three.

Unfortunately, the first person to step forward was defeated, because the three little ones didn't even look at him and put on an expression that kept strangers away.

Needless to say, the first one to approach them was a pretty young woman. The three little ones also thought that she was a woman with ulterior motives. In the words of their 'stepfathers', those who were unaccountably solicitous were either evil or thieving. Especially beautiful women who approached you, they definitely had ulterior motives!

A certain father had also taught them that women who took the initiative to come to their door must not be ignored. They definitely had no good intentions! It had to be said that the three of them had been taught to be crooked in the opposite sex. After their clever imagination, women had

become a synonym for troublesome and annoying. There was absolutely no good feeling for them!

Therefore, it was reasonable for the woman who tried to strike up a conversation with them to fail.

After the woman's failure, others came up one after another to try to get close to the three cute little fellows. Unfortunately, none of them succeeded. No matter how they smiled or took out candy, they were all despised by the three.

"You bastard!" Did he think they were that easy to bribe? They were good children who couldn't be promiscuous and submit to power! Of course, they couldn't beat their father with the devil attribute now, so they had to yield in front of him!

The one with the bigger fist was the boss! He had no choice but to admit defeat!

This was also the biggest stain in their lives! Although only a year had passed in their lives!

At the same time, the great goal they set for themselves was to defeat a certain father! He just didn't know when this wish would come true! Al! Oh, you sang!

The three of them let out cold air while their thoughts ran wild. When the onlookers saw the three identical little fellows, sometimes sad and sometimes frowning, they liked them more and more. Unfortunately, the three little ones ignored them.

After a few stops, the three little bees got out of the car.

The reason why they took the bus was because they wanted to experience all kinds of things that they had never tried before. So, let's start with the bus.

However, after a few stops, they felt bored. It was a waste of time to take such a car. It was not even as fast as them!

Fortunately, the bus did not have any intelligence and could not understand their thoughts. Otherwise, they would be depressed! This really hurt the car's heart!

After experiencing the speed of the bus, the three of them didn't know where to go and walked on the road with blank faces. When the passers-by saw their expressions, they thought that they had lost their parents. Therefore, very quickly, more enthusiastic passers-by came forward to ask, and the end of those enthusiastic passers-by was no better than the people on the bus.

In fact, the three little ones felt that it was quite good for them to stroll on the road, but it was too annoying that there were always people hitting on them. Although most of them had good intentions, they really didn't need it! When they were tired of walking, the three of them decided to find a place to stay!

They took out their computers and found the nearest hotel. The three of them went there.

However, when they arrived at a seven-star hotel, the waiter at the entrance refused to let the three of them in.

Seeing this, even Rui Chen, who had the best temper, was furious!

"Why can't we enter?" Rui Jin's pink little face was red with anger as he angrily asked.

"That's right. Is this how you treat your guests?" Narrowing his eyes, Saint Rui said lightly.

"We must go in today!" Rui ze said coldly, and a trace of anger flashed through the dark Xing.

"Go, go, go, go play somewhere else. We're a seven-star hotel, we don't entertain children alone. If you want to come in, ask your parents to bring you in!" The hotel waiter said impatiently and waved at the three of them as if they were flies.

The three little rages!

"You bastard!" They had been chased out by their parents to gain experience, so how could they have parents to accompany them? Moreover, although the three of them were young, they were extremely smart. They could also see that the waiter in front of them was clearly afraid that they could not afford the money!

"We have money!" Saint Rui, who saw through the waiter's thoughts, said lightly.

"It's not good even if you have money. " The waiter said. How could he believe the words of such a small child? If he really let the three of them in, the manager would blame him.

Seeing that money wasn't enough, the three little heads gathered together to discuss it, then turned around and left.

When the waiter saw this, he sneered in his heart.

He still dared to say he was rich? And three little kids? One must know that their hotel was not something that ordinary people could afford!

However, in less than half an hour, the waiter saw the three of them return.

This time, the waiter didn't understand. What was he trying to do?

"We want to stay at a hotel!" The older brother, Saint Rui, smiled gently.

"I already said no!" The waiter said impatiently.

"You really can 't?" Saint Rui asked again.

"I said no, it means no!" The waiter insisted.

"Don't you regret this!" Rui ze interrupted.

"What do I have to regret?" The waiter didn't understand. Were these three little kids threatening him?

Unfortunately, the three of them would not give him the correct answer. The three little bees looked at each other with a smile in their eyes. Then, with a wave of their hands, a ray of light flew out from their hands. With a clang, the beautiful and spacious glass door of the hotel, which was more than two meters high, collapsed with a loud bang ...

The waiter was dumbfounded. What ... What was going on?

While the waiter was petrified, the three little bees swaggered into the hotel.

Chapter 3070 Side Story: Returning A Peach (1)

At the same time, the hotel staff who heard the commotion quickly ran over. When they saw that their hotel's revolving door had been broken, they were all dumbfounded.

"What's going on?" The hotel lobby manager asked the waiter with a dark face.

The waiter finally reacted and angrily pointed at the three milk babies who were walking calmly not far away and shouted, "'It's their doing!"

Although the waiter wasn't sure what the white light he had seen was, it was a fact that the hotel door had shattered in front of him. Such a fact was enough to make him lose his job, so no matter what, he had to take someone with

him, and the three little babies were the best candidates. However, he had forgotten that in the eyes of others, the three little children had just been weaned. How could they do such a thing?

The hotel manager thought that the waiter knew who the culprit was, but when he saw that the waiter was pointing at the three children, the anger in his heart suddenly increased. "You bastard!" Was he trying to fool him? These three little kids could break the door? He would not believe it even if he was beaten to death!

At this time, Rui Sheng and the other two also slowly turned around and innocently looked at the shocked crowd. Their beautiful little faces even had a bit of confusion.

"Argh! Where's the door?" Suddenly, Rui ze's small face revealed an expression of disbelief as he asked.

"Don't play dumb! The door was obviously broken by you!" The waiter immediately shouted when he saw that the little boy was suspicious of not admitting to it.

Rui ze felt even more aggrieved, and raised his little meaty claws, saying aggrievedly, "Big brother, do you think I can break that door with my small arms and legs? Don't you bully a child! This is immoral. "

"That's right. You're the one who lacks intelligence. You can't possibly think that others are the same as you, right?" Saint Rui added timely.

Rui Jin took out a fruit and nibbled on it, as if it was none of his business.

"You, you three little Rascals ..." The waiter was so angry that he was burning with anger. It took him a long time before he could speak.

The lobby manager couldn't stand it anymore and shouted, "You shut up!"

After shouting, he shifted his gaze to the three little children and asked gently, "Little guy, tell me, what are you doing here?"

For these three children who had no adults by their side, the lobby manager expressed his goodwill very professionally. Moreover, he also felt that the waiter was a little too much. It was fine to hide the fact that the door was broken, but he actually wanted to blame it on the three little children. It was really preposterous! It would be a huge loss to their hotel's reputation if the adults were to find out and complain about them! Therefore, he would never allow such a thing to happen!

"We're here to stay!" Saint Rui's pretty little face showed a trace of shyness as he replied, and then looked at the waiter with a smile that was not a smile. He dared to scold them, Hmph! You're looking for death!

"Where are the adults in your family?" The lobby manager could not help but ask.

"I'm at home," Saint Rui said honestly.

"Uh! "Little friend, if you want to stay in the hotel, it's best to let your family's adults come and settle the procedures ..." The lobby manager said. However, when faced with the puzzled gazes of the three little bees, he realized that he couldn't continue to refuse.

"We're already adults! Uncle, don't tell me you're also disrespecting us like this brother?" Rui ze's clear eyes seemed to be covered with a layer of mist. Suddenly, the lobby manager didn't know what to do.

"Uh! "Uncle doesn't look down on you, but you're still too young ..." The lobby manager thought for a while and said.

"Dad said that we've grown up and can take care of ourselves!" Rui Jin, who was gnawing on a fruit, interrupted.

Saint Rui and Ruize nodded in cooperation.

For a moment, the lobby manager couldn't react.

"Uncle, we have money. Don't worry!" Rui Jin saw that the other party did not speak and added.

"This isn't a matter of money!" The lobby manager only said one sentence and then closed his mouth. In fact, he wanted to say that they were too young and should have a Guardian by their side, but the three children had been saying that they were adults, so he couldn't say it.

After thinking for a while, the lobby manager cleverly reported the problem.

After the Hotel General Manager heard the lobby manager's report, he walked out of the office with a trace of curiosity. When he saw the three beautiful and cute little children, he couldn't help but squat down and look at them at eye level. As if he was afraid of scaring the three little bees, he asked in a low voice, "Little babies, where did you come from?"

"At home." Saint Rui repeated.

"Uh, just you guys?" The General Manager asked in a different way.

"Yes, we are here to gain experience!" Saint Rui said seriously.

Hearing this, the General Manager couldn't help but chuckle. Coming out to train at such a young age? Although he felt that this was a little unbelievable, he couldn't help but like the three babies in front of him more after seeing how cute they were. He thought for a while and said, "How about this! Give me your parents' phone numbers, I'll ask for their opinion. If they agree to let you stay in our hotel, I'll let you stay. How about it?"

"Alright!" Rui Sheng felt that the uncle in front of him was reasonable, so he agreed.

However, when one of the general managers called Leng ruoxue's home, before he could even ask, the evildoer who received the call said bluntly, "Let them stay in your hotel! I have no objections. "

"May I ask who you are?" The General Manager asked tentatively, but he couldn't help but Mutter in his heart that he hadn't even asked anything yet! How did the other party know what he wanted to ask?

"I'm the Father of the three children. I was the one who sent the three of them out to gain experience. " The demon admitted and hung up the phone.

The General Manager held the phone and was stunned for a while before he said, "Since your father has agreed, you can stay here."

In fact, even if the other party had agreed, the General Manager still felt that this matter was too inconceivable. After all, the child was still so young. As a parent, wasn't she worried at all?

Although he had doubts in his heart, it was obvious that he had no way to figure it out at this moment. However, he still decided to take care of these three little babe. Otherwise, if something really happened, their hotel would still have to bear the responsibility.

The General Manager was about to go through the formalities with the three little bees. At this moment, the waiter, who saw that something was wrong, quickly shouted, "General manager, the three of them broke our hotel's door. We can't just let them go like this!"

Upon hearing this, the General Manager turned around, glanced at the empty door frame, and then at the three people standing by his feet. He said lightly, "You're saying that they broke the door?"

"That's right!" The waiter thought that the General Manager believed their words and quickly nodded.

"Can you break the glass door?" The General Manager continued to ask.

"Of course I can 't!" The waiter replied.

"Even an adult like you can't do anything, but these three little bees can break such a heavy glass door? Even if you're lying, you should have some credibility! Don't you feel embarrassed to accuse a child?" The General Manager's face was full of disappointment, and then he said to the lobby manager, ""Let this guy go to the Human Resources Department and get three more months of salary. He doesn't need to work in the hotel anymore!"
