

After he finished speaking, the General Manager did not give the waiter a chance to speak and went straight to the service desk with the three little bees.

After finishing the procedures, Rui Sheng took out a large pile of coins to pay. Originally, they wanted to use these coins to hit the servant, but now that the matter was easily solved, the coins were naturally not needed. So, it was only natural to use them to pay the bill.

However, when they saw the largest ten-Yuan coin in front of them, the staff at the front desk clearly had a conflicted expression. However, their good professionalism made them not easily show their dissatisfaction. More importantly, the General Manager was still watching them!

Just as the staff was about to count the coins, the General Manager's eyes twitched and he said, ""There's no need to count, just put the room fees for these three children on my account. "

Then, he picked up the pile of coins and said to Saint Rui, ""Little guys, you should keep your pocket money! Uncle will treat you to a free stay. "

"Uncle is a really good person!" Looking at the General Manager, Rui Sheng smiled in satisfaction. Originally, the three of them were already prepared to make a scene in the hotel, but the person in front of them was so tactful, they did not intend to make a scene.

The General Manager, who had received the good guy card, could only smile helplessly.

After sending the three of them to the guest room, the General Manager personally arranged some food for the little babies to eat, and then went back to work.

In the evening, a certain general manager who was still worried came over to take a look personally, which also made the three little guys have a better impression of him.

"Uncle, we still don't know your name." Saint Rui, who felt that their relationship was much closer, asked.

"You can call me uncle mingchen." The General Manager said with a smile. The more he looked at the three little things, the cuter they looked. He couldn't understand why their parents would be at ease letting them go out to gain experience at such a young age. They were really big-hearted parents!

"Uncle mingchen, have you found an aunt for us?" Saint Rui continued to ask.

Ugh! When he mingchen heard this, he felt his head throb.

This little fellow is only one year old, right? A one-year-old child knew all this? This made him unable to accept it. "Uncle is not married yet," he replied seriously.

"Oh! It's good that you're not married! He was at ease, and no one was controlling him. Just like my dad, he listens to everything our mom says. He doesn't have any freedom or status, so uncle, don't look for a woman too early! It'll be very sullen!" Saint Rui said like an adult.

"..." When he mingchen heard this, he was simply confused. Was this child in front of him really one-year-old? How did he know so much?

"In addition, uncle, from your physiognomy, I can tell that there will be rotten peach flowers in the near future, which may even put your life in danger. So,

you must be vigilant and don't fall into their trap!" No matter how he Minchen reacted, Rui Sheng still acted like a little adult and said.

Oh my! The little boy had turned into a little charlatan in an instant! Hearing Rui Sheng's words, he mingchen continued to be confused. In the end, after he promised that he would definitely not fall for it, he left in a sorry state.

Once he mingchen left, Rui ze said helplessly, "Brother, are you trying to be a busybody?"

"This uncle has been good to us, so I'm returning the favor!" Rui Sheng continued to act like a charlatan, Rui ze looked at him and simply ignored him, while Rui Qiao was eating food from the beginning to the end, not thinking about this matter at all.

The next day.

The moment he Minchen went to work, he was pestered by Rui Sheng. Due to his brother's sudden thought of being a busybody, Rui ze felt helpless, while Rui Xin was willing to do anything as long as there was food to eat.

Looking at the three clingy little guys, he mingchen felt very helpless. However, he really liked these three little babies, so he really couldn't bear to see the three of them disappointed.

It was strange. It was not that he did not have any children at home, but he felt that none of the children at home were as cute and likable as these three little ones. Now that he saw them sticking to him, he did not think much about it and accepted them.

During the day, Rui Sheng and the other two would stay in he Minchen's office. At night, they would leave work with him. Naturally, he would also pay for their three meals.

After following he Minchen for a few days, the three of them were able to enter the house.

It was said that it was he mingchen's grandfather's birthday that day and his grandfather loved children the most. Hence, the three of them were invited to the he family's grandfather's birthday banquet.

The he family's grandfather's birthday banquet was held at the he family's mansion on the mountain top. The he family had been established on the West Coast for hundreds of years and could be considered a noble family on planet Indigo. Naturally, those who attended the he family's birthday banquet were all big shots with high status.

It was the first time for the three of them to attend such a large-scale banquet, and they were facing strangers who they did not know. However, other than feeling curious, the three of them did not feel shy at all. Seeing them like this, he mingchen was at ease and let them play by themselves, while he went to entertain the guests.

The three identical children quickly became the focus of everyone's attention. Some people who liked children came up to them to strike up a conversation, but the three little guys ignored them.

Rui Jin was busy eating, while Rui ze was sitting on the sofa surfing the internet. Only Rui Sheng's eyes were following he Minchen.

When he saw a woman approaching he Minchen, Ruisheng immediately ran up to him and grabbed his collar, saying in a crisp voice, ""Dad, who's this old lady?"

As soon as Ruisheng said this, he mingchen, who was called 'father', and the young woman, who was called 'grandmother', were all shocked. The people nearby also stopped chatting in unison and turned their surprised gazes to the three of them.

After he mingchen came back to his senses, he was so embarrassed that he wanted to find a hole to hide in. What was this? What was this little kid trying to do?

"Ruisheng, don't call me dad." He mingchen said softly. He was not this little thing's father!

"Dad, did I do something wrong? Why don't you acknowledge me?" Rui Sheng's clear eyes were filled with mist as he said pitifully. He had vividly portrayed an unacknowledged child, and many people could not bear to see it.

"Mingchen, you're in the wrong here. How can you not acknowledge your own child?" A middle-aged lady said disapprovingly. For a family like theirs, they could choose not to acknowledge the mother of the child, but the child was a must.

He mingchen, who had always been good-tempered, couldn't help but roll his eyes when he heard this. Was he going to be unable to clear his name even if he jumped into the black Sea? He had picked up this kid!

"Auntie, don't blame dad. He had no choice. If those old ladies who like Dad know that he has a child my age, they definitely won't be willing to be stepmothers for us. So, it's better to just treat us three brothers as non-existent. Wu...I understand dad!" Saint Rui sobbed and whispered.

He mingchen was about to go crazy. Was he that kind of person? Step-mom? If it was really his child, he would rather raise the child alone than to find a stepmother for the child! However, those women who had designs on him and were called old grandmas by Saint Rui were obviously even crazier than him.

Why did he have to call them old grandmothers? Were they that old? There were many women who went crazy, but no lady from a famous family would be willing to argue with a little child in public. That would be too ungentlemanly.

More importantly, they only found out today that he mingchen already had a child of this age. In this case, if one wanted to be Mrs. He's woman, they would naturally have to think twice.

It could be said that what Ruisheng did made at least half of the women give up. Just when Ruisheng wanted to continue working hard, Grandpa he appeared and took a fancy to this child who might be his great-grandson.

He had no choice. The little child in front of him was too cute, pink, tender, toot, clean and beautiful, it was hard for the elders not to have a good impression of him, and the consequence of having a good impression of Rui Sheng was that Grandpa he accepted this child with a wave of his hand.

After hearing that he had two younger brothers, Grandpa he was even happier. When he saw the three identical pink children, the old man even felt that these three little things were the best gifts his grandson could give him!

Grandpa he was happy, but he mingchen was worried. He didn't understand why the three little kids were doing this. Could it be that she was pestering him because she wanted to find herself a cheap father? He mingchen couldn't understand it, and Ruize, who understood the entire situation, could be said to be the most depressed person besides he mingchen.

How should he put it? Rui ze suddenly felt a chill down his spine, he could clearly feel the malicious intent from afar. However, Saint Rui didn't care about that, he was just returning the favor!

As for Rui Jin, it was still the same sentence, if there's food, it'll be good for you, me, and everyone.

As for Grandpa he, he was obviously in a good mood after having these three suspected great-grandsons. He was happy the whole night and would even hug the three little guys in his arms from time to time.

That night, the three little shells became the most dazzling stars of the he family's birthday party and became well-known overnight.

After the dinner, Grandpa he called he mingchen into his study and said helplessly, ""I was going to get you engaged to the young lady of the Wang family, but now that you have three children, I'm afraid she won't be willing to be a stepmother!"

"Grandpa, I don't like that woman." He Minchen sighed and said honestly.

"What about the mother? What is his identity?" Grandpa he heard he Minchen say this and asked again.

He mingchen was a little dumbfounded. How would he know! These three children were not his at all!

"Forget it, there's no need to explain, I understand! You can leave first!"

Seeing that he mingchen seemed to be hiding something, Grandpa he said kindly.

After hearing this, he mingchen wanted to go crazy again. Unfortunately, his grandfather had asked him to leave, so he could only swallow his explanation back into his stomach and leave the study room gloomily.

After he left the study, he Minchen found the three little babe and asked Rui Sheng with a serious face, ""What are you three up to? why are you calling me daddy in front of so many people?"

"I didn't call him that, it was big brother." Rui ze pushed the matter away very cleanly.

"Saint Rui, why do you think so?" He mingchen called out.

"To help you block the rotten peach blossoms! Uncle, Didn't I tell you that your recent fortune is rotten?" Saint Rui said seriously.

"You're just a little boy. Do you know what a rotten peach is?" He mingchen didn't know whether to laugh or cry when he heard this reason. Moreover, he couldn't believe the words of a child, so he just treated it as a child being naughty and didn't take it to heart.

### SUPREME CRAZY WIFE

#### Chapter 3072 Dad, I Was Wrong (1)

"Of course I do, uncle. I'm really doing this for your own good." Saint Rui said earnestly. Moreover, looking at he mingchen's expression, he knew that his words had been ignored again. Sigh! It was a pity that he had to worry about this uncle at such a young age. What a bitter life! However, he felt that this uncle was a good person and treated them well, so he was willing to help him!

From little Ruisheng's point of view, it's up to you to believe it or not, and it's up to me to help or not! He had made up his mind to get involved, so no one on planet dark blue could stop him!

Seeing that little Rui Sheng was a little stubborn, he Ming Chen just thought that he was a willful child. Therefore, he did not take Rui Sheng's words to heart, and Rui Sheng did not care at all.

After Grandpa he's birthday party ended, he mingchen wanted to send the three little kids back to the hotel, but Grandpa he used the excuse that his great-grandson shouldn't be wandering around outside and insisted on keeping the three little girls. Rui Sheng was very satisfied with Grandpa he's arrangement, and with the three little kids 'sweet mouths, they quickly coaxed old master he to the point where he didn't know what to do.

But that night, Rui Sheng could not laugh anymore.

As soon as they returned to the room that Grandpa he had arranged for the three little babies, the three of them saw their father and mother, who should not have appeared in the room. At first, the three little babies were extremely happy to see their mother, but the dark-faced father stood beside their mother like a demon, causing the three little bei's hearts to tremble madly. Wu ... The Father's entire body was emitting a cold aura that kept strangers away. So scary, so scary!

The three little children, who were about to step toward their mother, suddenly stopped and looked at their mother pitifully, at a loss.

Mommy, please protect me!

However, Leng ruoxue acted as if she didn't see the three babies' pleas for help. She only gave them a helpless look and turned her head away from the three babies. Otherwise, she was afraid that her heart would soften!

The three children felt more and more uneasy that their request for help from their mother did not get the help they deserved. At this moment, the space in the room distorted, and a snow-white kitten appeared in the air.

The three children's eyes lit up when they saw it. Unfortunately, the snowy white kitten only glanced at them indifferently before it drifted into Leng ruoxue's arms to seek comfort and comfort.

Cang's heart was filled with resentment, Wu ... Heartless little soul! It was a pity that he had raised them up painstakingly, but he couldn't get them to call him 'father'. What right did that man, who had only known them for a few days, have to be the Father of these three little devils?

The tsundere Cang was filled with jealousy!

Seeing that uncle Cang, who had always doted on them, also ignored them, the three little children suddenly felt that things were big! Because according to past practice, if their father wanted to deal with them, uncle Cang would

help to stop him. But now, their father clearly showed that he wanted to deal with the three of them. Was he turning a blind eye to uncle Cang's actions?

"Uncle Cang ..." The three little children's voices were soft and childish. Their mother couldn't be counted on, so uncle Cang couldn't leave them alone!

The three children had extremely high intelligence, so they knew who would become their ally in the process of competing with their father. But now, uncle Cang, who had always been regarded as an ally, was obviously suspected of betraying the enemy. This was not right!

Unfortunately, whether it hit or not, the three of them didn't have the final say. In the past, when Cang heard the three little ones calling him softly, he would definitely rush to them without a care. However, now, a certain cat was jealous and full of resentment, so the three little ones' coquettishness ended in failure.

It could be said that the current Azure was completely unmoved. Its unconcerned attitude also made the three little children a little more at a loss.

At this time, the evildoer who had been holding back his anger for a long time grabbed Rui Sheng and slapped his little butt. Then, Rui Sheng burst into tears.

Seeing their father's ruthlessness, the other two little children's small bodies couldn't help but tremble. Although their father had always been strict with them, most of the time, he was just scaring them. It was really their first time to directly hit them. All this time, they had only dared to compete with their father because of the love and adoration of their mother and uncles. But now, the only two people in the room who doted on them were turning a blind eye to it. This, this was heaven's will!

Wuuu ...

Following Saint Rui's bawling, Rui ze and Rui Yan could not help but follow suit. Seeing this, the demon's handsome face darkened and the veins on his forehead also started to throb.

"Do you know why I'm going to teach you a lesson?" The demon's face was cold as he questioned in an unfriendly tone.

"Wu, Wu ... I didn't do anything wrong!" Saint Rui replied with tears in his eyes.

"You didn't do anything wrong? You little brat, how dare you call someone else dad? You've got guts!" The demon gritted his teeth. If he wasn't afraid that his wife would be angry, he wouldn't have only punished Rui Sheng by hitting his little butt a few times!

"That ... That was just a temporary solution! I'm going to help that uncle get rid of the rotten peach flower!" Saint Rui sobbed as he explained, his black grape-like eyes were sparkling, and the expression on his face was really aggrieved.

"Do you still have a reason for this?" The demon roared.

"Boohoo ... Father, I was wrong. You'll always be my biological father, irreplaceable. No one can take mother away from me. Mother will always belong to you!" Saint Rui said.

He had no choice, he had to admit defeat! He was still too young to defeat his father. More importantly, if he really angered his father, even his mother would not be able to save them! Knowing this, Saint Rui knew that nothing would happen if he provoked this black-hearted demon, but sometimes he must not lightly stroke the Tiger's whiskers, otherwise, the consequences would be unimaginable!

"Pfft!" Hearing Saint Rui's words, Leng ruoxue, who had turned around, could not help but laugh. Then, she hugged Saint Rui and said to the demon, "Alright, you've already hit him, it's time to vent your anger!"

Hmph! After hearing this, the demon turned his head arrogantly and snorted coldly. Then, he threatened the three little children fiercely, "If you dare to call someone else dad again, I'll throw the three of you into the chaos World to fend for yourself! There's no one there, and when the time comes, you'll definitely be crying out for help!"

Hearing this, the three children shivered again. They knew the place their father was talking about and had been there once. Although they had only stayed there for a day, the three children instinctively disliked that dark place.

The next moment, Ruize and Ruixin ran towards their mother and buried their heads in her arms for protection.

Leng ruoxue carried her three sons and looked helplessly at the infuriated evildoer. She really didn't know what to say. Her sons were only one year old. As a father, how could you scare your children like this? What if he really scared the child into a shadow?

Although her heart ached for her child, Leng ruoxue would not interfere when the evildoer was disciplining his child. Otherwise, the Father would lose his prestige in his son's heart in the future. Such a thing must not happen.

[SUPREME CRAZY WIFE](#)

Chapter 3073 Dad, I Was Wrong (2)

However, now that the evildoer had finished scolding her son, it was naturally her turn to feel sorry for her son. As she looked at her tender eldest son, her

dark, Starry Eyes were still filled with tears of grievance. A teardrop was still hanging on his long eyelashes. He looked so cute no matter how she looked at him. Leng ruoxue's heart melted into a mess.

"Tell mommy, why did you help that uncle?" Leng ruoxue coaxed as she looked at the three adorable soft buns.

"That uncle is a good person. He even let us stay in the hotel for free. He doesn't look down on us little kids at all." He sobbed and peeked at his father, who was burning with jealousy, and whispered.

"What, I've bribed you three? What if he has ulterior motives, or he sees that you guys are cute and deliberately uses cannonballs to kidnap you and sell you off?" Leng ruoxue said on purpose.

Hearing his mother's words, Rui Sheng blinked his eyes, then lowered his long eyelashes and said shyly, "mom, we're not that easy to kidnap." Moreover, uncle Cang said that the intuition of a little beast can't lie, and my intuition tells me that uncle is a good person!"

Alright! Leng ruoxue completely believed that her son was smart. And this was the first time the three little children wanted to help someone. As a mother, she naturally couldn't hold her sons back. However, she still said cautiously, "Son, as the saying goes, you must always be wary of others. Since you want to do good, I won't stop you. But the premise of doing good is to protect yourself. Otherwise, you know what I mean!"

Looking at his mother's smiling face, Ruisheng really wanted to say, "mom, we don't understand!" Only today did Rui Sheng realize that his mother, who was usually gentle and soft, gave him a feeling that was even scarier than his father!

But no matter what, with Leng ruoxue's approval, the three little kids could finally stay in the he family with a legitimate reason.

When their mother took away their jealous father and uncle Cang, the three little babe's hearts were completely at ease.

Lying on the bed, Rui ze couldn't fall asleep until he sat up. He looked at his brother and brother seriously and sighed,""Brother, Xiao Ling, I just realized today that mommy is the scariest Big BOSS in our family!"

"Yup!" The other two also sighed in unison.

After that, the three of them looked at each other and secretly decided at the same time that they must hold on to their mother's thigh. No matter who they provoked, they could not provoke their mother. Otherwise, they would definitely end up in a very miserable state!

After understanding this fact, the three little children fell asleep with uneasy hearts.

In the next few days, the three of them lived in the he family like fish in water. Because they were favored by the he family's grandfather, the he family didn't dare to show any contempt because of their unknown identity. At least, the he family liked the three of them very much on the surface.

However, it was not easy to please the three little kids. Basically, other than Grandpa he and he Minchen, the three of them did not care about anyone else. In addition, in order to ruin he Minchen's romantic relationship, the three little kids strongly requested to stay by he Minchen's side during the day.

In the beginning, he mingchen naturally did not want to take care of the three children when he went to work. However, if he did not take the three children with him, the three little fellows would cry in front of him. He had no choice but to take the three children with him. As a result, he had no private life at all. Other than work, he had almost become a full-time stay-at-home dad, and his daily life revolved around his children.

It could be said that habits were very scary. In just a few days, he had actually gotten used to this kind of life and gradually became regular.

At the same time, the fact that he had three children became the gossip of the upper-class society on the West Coast of planet Indigo. At the same time, his status as a diamond-class Bachelor plummeted, and there were fewer women around him. After all, not every woman could bear the fact that the children of their sweetheart called them grandmother. However, there were still some brave women who were not afraid of being called grandmother and still wanted to be Mrs. He.

A month later, the three of them no longer followed he mingchen to work. According to Ruisheng, their cheap father, he mingchen, had fewer bad relationships, and his father was very self-aware and came home on time every day after work. Therefore, they should give he mingchen enough trust and there was no need to follow him so closely.

With the Big Brother Rui Sheng giving in, Rui ze and Rui Qiao were more than happy to do so. Just like that, the three of them returned to their lazy lives, eating and sleeping every day.

One day, after a normal afternoon nap, the three of them opened their eyes and found that they were no longer in the room they were familiar with.

What was going on?

The three little fellows were very puzzled. After looking at each other, they shifted their gaze elsewhere.

"Yo, the three little Rascals are awake?" Suddenly, a mocking voice came from above the three heads.

The three children raised their heads and saw a familiar face.

"It's you?" After searching through his memory for the identity of the face, Rui Sheng asked. The owner of this face was none other than the snobbish waiter they had met earlier.

They ... Were they kidnapped?

When he saw the waiter, Saint Rui already had a bad feeling in his heart! However, what followed was happiness. So excited!

"It looks like you still remember me! Hmph! Little rascal, if it wasn't for you guys, I wouldn't have lost my job!" Seeing that he had been recognized, waiter fire shouted.

"You can blame us for this?" Saint Rui asked in return. He felt a little wronged. If it was not for the waiter looking down on them, why would they smash the door of the hotel in anger? Therefore, they could not be blamed for this! As for the waiter who lost his job, he didn't feel guilty at all, because this person didn't love his job and didn't have a good attitude!

"If I don't blame you, then who should I blame? Little brats, I didn't expect you to be the illegitimate children of the he family, haha! I'm going to be rich this time!" The waiter's eyes glowed with green light as he spoke. He looked at the three of them as if he was looking at a treasure.

"Big brother, is this person sick?" Just as the waiter was feeling a little carried away, Rui Jue, who had always been silent, spoke up.

"Yes, he's delusional!" Saint Rui nodded.

"Little brat, what did you say?" The waiter said angrily when he saw the two children discussing his illness as if there was no one else around.

"You're the little brat! Your whole family is a bunch of Little Rascals!" Rui Jin, who had been too lazy to make a sound, retorted.

Hearing Rui Qiao's words, Rui Sheng and Rui ze could not help but laugh. One must know that this younger brother of theirs did not like to talk at all, because he spent most of his time and energy on eating. Now that he suddenly knew how to scold people, how could they not be surprised? But this also showed that Rui Jin was very angry at the moment!

That's right! How could Rui Jin not be angry? Originally, he was going to eat after waking up, but because there were outsiders present, he could not brazenly take out something from his storage ring to eat. As such, this bad guy who had disturbed his mood to eat naturally became his greatest enemy!

Thinking up to this point, a ball of light flashed in Rui Jin's little meaty claws, and then, the waiter in front of the three little children, who was baring his fangs and brandishing his claws, was turned into a palm-sized rabbit Cub ...

The waiter, who was totally unaware, was about to reach out to teach Rui Jin a lesson, but suddenly realized that his outstretched hand had become a short and fluffy claw, and the three little children in front of him suddenly had to look up to see them.

Heavens! What was going on?

The waiter was shocked and couldn't help but exclaim. However, he couldn't hear his own voice. This fact scared him so much that his face turned pale and he felt terrible.

"Hehe! You've really become a Rascal!" Seeing this, Rui Sheng stretched out his little meaty claw and gently poked the little body of the rabbit in front of him, and said happily.

The waiter heard these words clearly. Immediately, his heart shrank, and the facial features on his rabbit face were so anxious that they were distorted. The child's words were too terrifying!

Then, he felt his ear being pulled up by someone, and his eyes happened to meet the eyes of a baby.

"Release me! What have you done to me?" The waiter stomped his four legs and struggled with all his might, trying to escape from the little baby's demonic claws that were holding him!

"Nothing much! It only turned you into a brat! Although this is something I've always wanted to do, now that my little brother has done it, I'm very unhappy!" Saint Rui, who was holding the rabbit, said lightly, and then he pouted his little mouth to show his dissatisfaction.

"Yes, I'm not happy either. Originally, if you ran away, then so be it. We can't go to your house. But now that you've come to our door of your own accord, you can't blame us. You can just be a rabbit for the rest of your life!" Rui ze, who was at the side, also threw a big rock into the well.

"No! Don 't! I don't want to be a rabbit!" The waiter, who had turned into a rabbit, roared madly. However, rabbits could not speak. At most, they would make a few squeaking sounds. The three little children, who understood the rabbit language completely, chose to turn a blind eye to this.

"Where did the rabbit come from?" Suddenly, the door opened with a bang, and two middle-aged men walked in.

"I ran in from outside." Saint Rui replied obediently.

It's great to have an accomplice!

Saint Rui felt that the three of them could do something big!

"No, I didn't run in from the outside! I'm your little friend!" The rabbit shouted excitedly when it saw its companion. Unfortunately, it could only make squeaking sounds.

"Uncle, take it and make it a dish with wine!" With a shy smile, Rui Sheng handed over the struggling rabbit.

"Little boy, you have some self-awareness!" The middle-aged man was obviously very satisfied with Saint Rui's initiative to offer the rabbit, but when the rabbit heard this, its face turned ashen. After a moment of stiffness, it continued to struggle, "'Don 't! Don 't! A demon! You are evil ..."

Before it could finish roaring, the rabbit was knocked unconscious by the middle-aged man.

### SUPREME CRAZY WIFE

Chapter 3074 Side Story, Where Are You Running To, You Bad Guy?(1)

"Little guys, be good. Uncle promises not to mistreat you. But if you don 't, uncle can't promise." After knocking out the rabbit, a middle-aged man said to the three little babies in front of him with a slight smile.

"Don't worry, uncle. We promise to be good. But, can you answer our questions?" Saint Rui showed an extremely well-behaved appearance and asked in a childish voice.

"Speak!" The middle-aged man was obviously in a good mood.

"Why are we here?" Saint Rui asked directly.

"Do you still need to ask? Of course, it's because you're an eyesore to someone. " The middle-aged man said lightly, not afraid that the little boy would find out about this.

"Who's an eyesore?" Saint Rui continued to ask indifferently.

"The young lady of the Wang family!" The middle-aged man replied, but he regretted it a little after he finished speaking. How could he expose the young lady of the Wang family? However, it was a good thing that the three in front of him were all babies and probably did not understand the meaning of his words. He was relieved when he thought about it this way.

"But we don't know the young lady of the Wang family!" Saint Rui's little face was full of doubt.

"So what if we don't know each other? The three of you have already prevented miss Wang from becoming the young Madam of the he family. So, it's only natural that she wants to get rid of you!" Glancing at Saint Rui who asked the question, the middle-aged man seemed to have told him everything he knew.

"I see! How does miss Wang plan to deal with us?" Saint Rui asked again, a dark light flashed in his dark eyes, making the two middle-aged men mistakenly think that the little boy was afraid. But only the other two twin brothers who knew Saint Rui the best knew that the Big Brother was not afraid at all, but excited!

"The sugar daddy hasn't given any instructions yet, so you guys have to be good, understand?" The middle-aged man said honestly. After he finished speaking, the two of them left the room with the unconscious rabbit in their hands.

As soon as the two of them left, Rui Jin couldn't wait to take out the spirit fruit and eat it, while Rui ze looked at his big brother helplessly and said, ""Big brother, didn't you say that uncle he had a peach blossom tribulation? We're the ones who are facing a tribulation!"

"Tsk! Isn't this good, this young master is very bored!" Saint Rui said indifferently. Then, he closed his eyes and continued to sleep.

After finding out that the three little children were missing, he Mingqian was so anxious that he was about to get angry. She heard from the servants that the three children were taking an afternoon nap. How did they suddenly disappear?

The he family's grandfather and he mingchen immediately arranged for people to look for them. However, for some reason, the news that the he family had lost their three children was leaked. At that time, the families that were close to the he family expressed their condolences and expressed that they were willing to help the he family find the three missing children.

Among these families, the most active one was the Wang family.

The Wang family's young miss contacted he mingchen. He mingchen, who originally didn't like the Wang family's young miss, saw that she was so enthusiastic and couldn't treat her coldly. Just like that, the two of them became familiar with each other.

For a few days, there was no news from the three children. This made he mingchen so anxious that his mouth was full of blisters. At this time, the young lady of the Wang family showed her understanding, gentle, and considerate side.

It had to be said that miss Wang's performance was very successful. At least in the past few days, he mingchen's impression of her had changed a lot. He had originally thought that the Wang family's young miss was unruly and willful, a spoiled woman. However, after these days of getting along, the Wang family's young miss was as gentle and quiet as water, her bearing was graceful and Noble, and her temperament was also quite elegant. In every way, it showed that she had received a good upbringing. Not only that, she would also inadvertently reveal that she liked children very much and was willing to take care of them. This made Grandpa he very satisfied with her.

It could be said that in less than ten days, the young lady of the Wang family had successfully made Grandpa he firmly stand on the position of the marriage between the two families and completely stand on her side. Furthermore, Grandpa he had even asked if he would mind if he mingchen had a child.

The Wang family's young miss's answer was perfect. She said that she would treat the child of the person she liked as her own.

From this, it could be seen that the acting skills of the Wang family's eldest daughter were simply the best Actress 's. Her continuous performance made Grandpa he even more determined to let his grandson marry this generous granddaughter-in-law.

One had to know that what the rich needed the most was this kind of understanding and understanding wife! However, Grandpa he did not dare to reveal his thoughts to he mingchen. After all, finding the child was the most important thing. However, Grandpa he was very certain that based on the Wang family's young miss's performance these past few days, Ming Chen would not reject her again!

Just as the he family was looking for the three babies all over the world, the three little people, Rui Sheng, were so free that they were about to go moldy. Rui Jin was better off, as he only ate and slept every day. However, Rui Sheng and Rui ze could not stand this pig-like life, so the two little people looked a little listless.

"Brother, why hasn't that miss Wang come to deal with us yet?" Rui ze couldn't help but ask as he leaned against the bed.

"Who knows?" Saint Rui opened his eyes slightly and replied weakly.

"That woman is not reliable. She must have forgotten about us." Rui Jin, who was gnawing on fruit, suddenly interrupted.

"You've forgotten about us?" Saint Rui and Rui ze's eyes met and they communicated silently. It was not impossible!

The two brothers stared at each other for a while before saying in unison, ""Let's go out and meet those uncles!"

The three children knew very well that there were two middle-aged men and a rabbit waiting to be fattened and slaughtered outside. Because the three of them were too young, the two middle-aged men did not take them seriously. The door was not locked, but the three children had always been very obedient and rarely left the room. As a result, the two adults did not take the three children seriously.

Now, Rui Sheng and Rui ze were bored and naturally wanted to target the kidnappers. However, they didn't want to kill the kidnapper, so the two brothers smiled at each other and walked out of the room hand in hand.

Rui Jin, who had been gnawing on the fruit, only calmly glanced at them, before focusing all his attention on the spirit fruit in his little meaty paws.

Rui Sheng and Rui ze walked out of the room hand in hand and saw two middle-aged men eating dinner. They were very dissatisfied with this. He was eating big fish and meat, but he only gave the three of them milk to drink. This was really preposterous!

The two of them were furious, and the consequences were very serious!

When they saw them coming out, the two middle-aged men only glanced at them lightly before burying their heads in their food.

The two children suppressed their anger and walked to the cage with the rabbit. At this time, the rabbit in the cage was looking at the carrot in its small bowl worriedly. Suddenly, it felt an unfriendly demonic aura. When it looked up and saw two identical little demons outside the cage, the rabbit was so scared

that it almost had a heart attack. It really wanted to faint! However, he was very energetic.

With a smile, Rui Sheng opened the cage and took out the rabbit that was trying to escape from him. Looking at the rabbit's frightened face, Rui Sheng suddenly became unhappy and threw the rabbit behind him. Unfortunately, the rabbit fell into the bowl of soup of two middle-aged men who were eating at the table.

### SUPREME CRAZY WIFE

Chapter 3075 Side Story, Where Are You Running, You Bad Guy?(2)

The soup in the bowl was very full. After the rabbit fell, the soup in the bowl splashed on the two people. The soup was still a little hot, and the two people immediately jumped up in shock.

"Brat, what are you doing?" A middle-aged man shouted with dissatisfaction.

Hearing this, Saint Rui blinked his eyes innocently, his beautiful little face was full of confusion. The rabbit that was thrown out like a ball fell into the big bowl of soup. After struggling to climb out of the bowl, it was kicked away by a middle-aged man again.

"You bastard!" Since he couldn't touch these three little brats, couldn't he just vent his anger on a rabbit? In reality, the two middle-aged men naturally wanted to take care of these troublemaking brats, but these three brats were now their livelihood. Moreover, the young lady of the Wang family didn't even give the last order, so the two of them really didn't dare to do anything to these three brats!

Because of this, the unlucky rabbit was the one who suffered. The rabbit that was kicked away smashed into the wall with a bang and then slid to the ground.

Saint Rui looked at the unconscious rabbit and complained with tears in his eyes, "Uncle, how can you treat a small animal like this?"

"Brat, get back to your room. Otherwise, you'll be the next ones to be kicked away!" The middle-aged man who was accused was angry and threatened.

Rui ze's eyes lit up when he heard this, and he said with anticipation, "Uncle, you want to kick us? Or, Shall we play a game of kicking?"

"..." Hearing this, the two middle-aged men were stunned. Play kicking? What was the meaning of this? The two of them were unable to react. They felt that the little boy in front of them was not mentally normal. Why couldn't they understand what he was saying?

Saint Rui, who saw through their thoughts, said to Rui ze with a smirk, "Brother, these two uncles are seriously lacking in intelligence. Let's not bother with them. Now, let's start the game!"

Rui ze nodded and gave the two middle-aged men a sympathetic look. The two men did not know what was going on. Then, they saw the two little children's chubby claws gesturing in the air, and then they clearly felt a majestic force appearing in the living room. Before they could react, they felt a sharp pain in their chest, and a sweet smell seemed to surge up from their chest. The next second, the two of them were embedded in the roof!

Pfft! The two of them vomited blood onto the sofa in the living room! It was as if their internal organs had been shifted, and the pain was so intense that their faces turned pale and they fainted.

He fainted just like that?

The two brothers turned their heads and stared at each other. Obviously, neither of them had expected the other to be so weak. It had only been one move! The two kids didn't even try to hide their disappointment.

"Al! Human! You're really too weak!" At some point, Rui Jin had also walked out of the room. He calmly looked at the two people on the roof and made an important conclusion.

"Yup! So weak!" Saint Rui and Rui ze sighed at the same time.

"What do we do now?" The three brothers looked at each other in unison.

"I don't know!" Then, the three of them asked and answered their own questions.

A few hours later, the two people embedded in the roof finally woke up. But the moment they woke up, the two of them almost fainted from the pain.

"Yo! You've woken up pretty quickly!" At this time, Rui Sheng also noticed the state of the two and put on a well-behaved expression and teased.

When the two middle-aged men heard the familiar voice, their Small Faces immediately turned pale, and they wished they could just faint again! The memories before they fell unconscious were still so clear that they couldn't forget them even if they wanted to. The two of them were people who had been through things, but in the face of the three little children, two words appeared in their hearts at the same time-demon!

Yes! These three kids were definitely demons! Otherwise, how could they have been reduced to such a state?

However, after knowing that humans were very fragile, the three little children did not intend to torture them anymore. Otherwise, it would be boring if they broke the two toys!

Rui Sheng felt that he was very kind, so he waved his hand and brought the two people down from the roof. However, he was not kind enough to find something to catch the two middle-aged men. Therefore, after the two people fell from the roof, they fell directly to the floor with a bang, adding injuries to their injuries!

Cough cough! The two middle-aged men lay on the ground, not daring to move. Of course, the main reason was that they couldn't get up either, because just a slight movement would cause unbearable pain to them, as if ten thousand ants were drilling into their hearts.

"The two of you, call the people who kidnapped us and ask them how to deal with us! Really, that woman hasn't shown up for so long, she really doesn't take us seriously!" Rui ze requested after admiring the two middle-aged men's unlucky looks.

"..." Hearing this almost commanding tone, the two middle-aged men were in so much pain and depression that they wanted to bang their heads against the wall. Little kid, you're so arrogant, do your parents know you?

They had never seen a hostage who had turned the tables on them. More importantly, these hostages were three babies. This had completely destroyed their three views. Generally speaking, babies of this age should be snot and bed-peeing! But what had the three of them done?

The two men didn't even know how the other party attacked, and they ended up like this! At this time, although the two of them still had lingering fears and were puzzled, in order to avoid more casualties, they decided to follow the little boy's instructions and call their financial backer.

After finally crawling to the phone, a middle-aged man stretched out his arm with difficulty to pick up the phone. After dialing the number, a woman's very impatient voice came from the other end of the phone, "what's the matter?"

"Miss Wang, it's been so many days. What should we do with the three kids?" The middle-aged man asked as he endured the pain.

"Lock him up first!" The instructions of the Wang family's young miss came from the other end of the phone, followed by a beeping sound. Obviously, the other side had hung up.

The middle-aged man looked at the three babies carefully. After repeating the words of the Wang family's young miss, his heart became more and more uneasy. At this time, the three children's patience was running out.

"Call our cheap dad's phone and tell him we're here!" Rui Sheng ordered.

The middle-aged man did not dare to refuse.

At the same time, he mingchen, who was having a meal with the Wang family's eldest daughter, received a call from the suspected kidnappers. He stood up immediately and said nervously, ""If you have any requests, just say it. Don't hurt the child!"

When she heard he mingchen say this, the Wang family's young miss's heart couldn't help but beat wildly. What did he mean? She didn't dare to think too much about it. She didn't want the rare opportunity to have dinner with he mingchen to disappear just like that. However, he mingchen obviously didn't have the mood to pay attention to the Wang family's eldest miss 'mood.

After he hung up the phone, he mingchen ran out of the restaurant without saying a word. The young miss of the Wang family immediately chased after him.

When they caught up with he mingchen at the parking lot, the Wang family's young miss quickly asked, ""Mingchen, what's the matter?"

"I'm sorry, I have news of the three babies. I have to go save them!" As he mingchen answered the young lady of the Wang family, he also called Grandpa he.

Hearing this, the Wang family's eldest miss's heart skipped a beat. A bad feeling rose in her heart. It was indeed as she had guessed, but how could it be like this? She had clearly arranged everything, hadn't she?

The Wang family's young miss couldn't understand, but she still smiled and said, "I'll go with you,"

He mingchen nodded and the two of them got into the car.

While sitting in the car, the Wang family's young miss sent out a message without a sound.

After the middle-aged man read the message, he said to the three babies with an embarrassed expression, "Miss Wang wants to kill you all."

"Oh! Then let's do as she wishes!" Saint Rui smiled evilly and gave the other two a look. After that, the three mischievous children held their breath and fainted before he mingchen arrived.

Seeing this, the two middle-aged men blinked and blinked again. They couldn't believe what they had just seen. He was really out of breath!

A few minutes later, he mingchen barged in with his men.

The people he had brought were all on high alert, but when they entered the room, they found that it was very quiet. There were no vicious kidnappers, only two seriously injured middle-aged men lying on the sofa and a half-dead Rabbit in a coma ...

"Where's my son?" When he saw the two of them, he mingchen immediately rushed over and grabbed the other party by the collar.

"In, in the room." A middle-aged man said. Then, he coughed a few times and spat out a few mouthfuls of blood. They were heavily injured and couldn't stand the other party's torment!

After hearing this, he mingchen rushed into the room. When he saw the three little people lying on the bed, motionless and breathless, he was a little dumbfounded. At this time, the Wang family's young miss also ran in and checked the three children's breathing. She said with a sorrowful face,""Mingchen, the three children have already passed away. Don't be too sad. My condolences!"

"You bastard! You're the one who went, your whole family went!" Suddenly, a soft voice was heard, and then Saint Rui sat up first.

"Argh! The corpse has come back to life!" The young miss of the Wang family, who was already feeling guilty, was so scared that her soul almost flew out of her body. She screamed and ran out!

"You're the one who came back to life!" Rui ze also jumped up from the bed, and jumped up to block the Wang family's young miss "path.

Looking at the little boy who was standing in front of her and staring at her coldly, the Wang family's young miss suddenly felt a sense of horror as if she had nowhere to hide. It was as if she had been seen through. She didn't know why this was happening. However, it was true that the little doll in front of her made her hair stand on end!

In particular, the other party's dark eyes, which were as deep as an ancient well, made the Wang family's young miss's heart tremble.

"Scoundrel! Where to? I will destroy you on behalf of the moon!" At the same time, Rui Jin, who was no longer playing dead, saw that his two brothers had woken up. He also jumped off the bed and put on a stance in front of the Wang family's young miss.

However, ruiqiao's words made the two brothers speechless. This guy definitely had the rhythm of watching too many cartoons!

### SUPREME CRAZY WIFE

Chapter 3076 Side Story: Strange Shuli?(1)

Although the two brothers thought so, the two little people were very calm. In the few days that they were locked up here, the two of them had actually watched a lot of cartoons. It was said that it was the favorite leisure activity of the children in this world, and now, Rui Jin was using it.

Due to Rui Jin's learning and selling, the Wang family's young miss was completely stunned. Was the bad guy talking about her? No, she must have misunderstood. These three annoying brats would never know about her plot! It definitely wouldn't!

In this regard, the Wang family's young miss was very confident. She had always thought that she was resourceful and intelligent, and would never believe that she would be seen through by three milk children. At the thought of this, the Wang family's young miss couldn't help but turn her head with a slightly aggrieved expression. "Mingchen, in order to find these three children, I've put in a lot of effort. Not only are they not grateful, but they even called me a bad person. Wu...How can I accept this?!"

The sadness in the Wang family's eldest young miss's tone was enough to make anyone who saw it feel sad and cry, but he mingchen didn't give her any response. At this moment, he mingchen was in a daze. He was still immersed in the shock of his three children's resurrection and couldn't come back to his senses for a long time.

How could he not be shocked? He couldn't feel the three children's breathing, but in the next moment, the three children sat up, alive and kicking. Two of them even jumped off the bed in high spirits to flirt with the Wang family's young miss. This completely subverted his previous understanding. This kind of incident was simply on the level of paranormal in his heart. In this way, he naturally couldn't respond to the Wang family's young miss's feigned pity.

However, Rui Jin, this greedy brat, had enough time to respond to miss Wang. He took out a pink and tender peach from who knows where and took a bite before saying, "This old lady, you're pretending to be innocent. You can deceive ghosts, but you want to deceive us? Do you think we don't know that you're the one who ordered people to kidnap us?"

"You're talking nonsense! Don't you slander me!" When the Wang family's young miss heard this, she immediately exploded. Originally, when she heard the other party call her old grandma, she wanted to sew up the little Rascal's mouth. Then, when she heard the other party say all the shameful things she had done, she was really shocked and angry. In comparison, calling her old grandma was nothing!

"Ruijie, what did you say?" At this time, he mingchen, who had been stunned for a long time, finally reacted and heard everything that Xiao Ruijie had said. Then, he looked at the Wang family's eldest miss in disbelief, and a hint of disappointment flashed in his eyes.

"This old lady is the one who planned our kidnapping!" Rui Jin took a bite of the sweet and juicy peach and said honestly.

"No! Ming Chen, don't listen to his nonsense. How could I do such a thing? You can't trust a child's words!" The young miss of the Wang family quickly said.

"Children don't know how to lie. If you really didn't do it, why would he say that?" He mingchen said without even thinking. To him, children were the most innocent and pure people in the world, and their words were the most credible.

"Yes, mother said that good children should not lie. Ruijin is definitely a kind and honest child!" After hearing he mingchen's words, Rui Chen nodded his head heavily.

He mingchen also agreed with this, so he immediately looked at the Wang family's young miss with an unfriendly gaze. At this moment, the Wang family's young miss was completely blinded by jealousy and shouted angrily, ""What mother? I should be your mother!"

"Tsk! If you want to be our mother, you'll have to ask for my father's permission first!" Saint Rui interjected with a bad joke.

"That's right, my dad has high standards, he won't fall for you!" Rui ze also chimed in with a smile.

Upon hearing this, the Wang family's eldest young miss suddenly became anxious and shouted at he mingchen, ""Mingchen, I want you to marry me immediately!"

"Impossible!" He mingchen rejected her flatly. He would not marry a woman who would harm children. Although he did not have much evidence so far, he believed that these three children would not lie to him.

"Why is it impossible? I love you so much, and I've done so many things for you!" The rejected young miss of the Wang family roared in disbelief. She was clearly a little possessed, and the look in her eyes was extremely crazy.

"I don't want a vicious woman." He mingchen said directly.

"Yes, that's right. You can't marry a poison Scorpion!" Saint Rui clapped his hands and said.

Upon hearing this, the Wang family's young miss was disappointed. Suddenly, she took out a dagger from her small bag and pressed it against he mingchen's neck with lightning speed."He Minchen, are you willing to marry me or not?"

"Wow! This old grandma is angry from embarrassment!" Seeing this scene, Rui Jin even forgot to eat the peach, and gloated.

"I must!" Rui ze agreed seriously.

"That's normal. Even a desperate dog would jump over a wall!" Saint Rui also said.

He mingchen: "... Did these three brats have to be so happy?!

The three brats watched helplessly as he mingchen was threatened with a knife, but they were still gloating at the side. They even thought that this was normal.

At this moment, the people who had been interrogating the two middle-aged men in the living room suddenly realized that the mastermind behind this was the Wang family's young miss after hearing from the prisoners. The Wang family's young miss was in the room at this moment!

This is terrible! Sensing the danger, they immediately rushed into the room and just happened to see the young miss of the Wang family holding a knife to he mingchen's neck.

He mingchen's subordinate immediately shouted,"Wang meifen, let go of my young master!"

The young lady of the Wang family was named Wang meifen. Her subordinates had originally respected her, but now they no longer had the

mood to respect this proud young lady! He was scared to death! If anything happened to his young master, he wouldn't have to return to the he family!

"Alright! I can let him go, as long as he marries me!" Wang meifen stated her conditions.

The subordinate was in a difficult position. He looked at he mingchen's dark face and carefully called out, ""Young master?"

According to his subordinate, he might as well agree to save the young master's life and then slowly deal with Wang meifen. However, he mingchen was a tough man. He was not willing to be forced by Wang meifen to submit, so he immediately said coldly, ""You want me to marry you? dream on!"

"Oh, oh, oh! Uncle he is mighty!" Hearing this, Saint Rui clapped his hands happily.

He mingchen felt even more helpless. He couldn't help but think that this was probably the peach blossom tribulation that Ruisheng had mentioned!

Although he was already very careful, he still committed the peach blossom tribulation. Not only that, but he also implicated the three cute little people. He felt extremely guilty, but fortunately, the three little children were not hurt at all. Otherwise, he really didn't know how to explain to their parents.

When the subordinate heard Saint Rui's shouting, he felt his head was about to explode. However, he could not lose his temper at a little kid, so he could only coax him, "My little ancestor, the young master is in danger! Can we not provoke the criminal? That knife is very sharp!"

[SUPREME CRAZY WIFE](#)

Chapter 3077 Side Story: Strange Shuli?(2)

Hearing that a subordinate had treated Wang meifen as a criminal, the three little kids couldn't help but laugh. Wang meifen was so angry that her beautiful face was distorted.

"Uncle, you're provoking the criminal by saying that! Look, the criminal's face is green, he looks like a green-haired monster!" Rui Jin said in a childish voice.

The subordinate turned around and saw that it was true. Immediately, he didn't dare to say anything, lest he provoked the criminal.

At the same time, old master he had received the news that his grandson was held hostage by Wang meifen. When he first heard the news, old master he couldn't believe his ears. That ... Did he hear it wrong? How could his own grandson be held hostage by the young lady of the Wang family? This didn't make sense!

However, there was no time for him to find out the truth. The next moment, he had no choice but to follow a large number of law enforcement officers to the crime site.

As the grandfather who was being held hostage, old master he walked into the room and saw the sharp knife in Wang meifen's hand against his grandson's neck. He immediately broke out in a cold sweat. If Wang meifen's hand trembled, his grandson would lose his life!

"Wang meifen, what are you trying to do?" After a while, old master he calmed himself down and asked angrily.

"I want he Minchen to marry me!" Wang meifen said honestly.

"If you want mingchen to marry you, you have to put down the knife first! What's going on?" Old master he had a headache. Wang meifen was usually quite normal, why was she so silly?

At this time, old master he already knew that Wang meifen was the mastermind behind the kidnapping. Although he hated her for kidnapping his three lovely great-grandsons, at this moment, his grandsons were also in her hands, so not only could he not get angry, but he also had to calm down, afraid that the other party would lose his grandson's life if he got angry.

"It's all Ming Chen's fault for not marrying me!" Wang meifen said angrily.

"Meifen! Don't worry, I have the final say in the he family. If I say that Ming Chen will marry you, then you will. So, can you let him go first? If he's injured, there won't be a groom at the wedding. " Old master he coaxed.

"You have the final say? Hmph! If what you said was the truth, I would have become the madam of the he family a long time ago. " When Wang meifen heard this, not only did she not believe it, but she also said sarcastically.

"Uh! That was then and this is now!" Old master he said with slight embarrassment.

"But I don't believe you!" Wang meifen was not moved at all.

"Then what will it take for you to believe this old man's words?" Old master he was going crazy.

"Call the priest over to witness our marriage now!" Wang meifen said.

"Don't even think about it, Grandpa, don't agree to her request! Our he family can't have this vicious woman!" When he mingchen heard this, he quickly rejected it loudly.

"You brat, shut up! I have the final say in this matter!" Old master he gave he mingchen a warning look and pretended to be angry.

"Great-grandfather, why are you still hiring a priest! There are ready-made ones. " Suddenly, Saint Rui, who had seen enough of the show, said.

"What?" Old grandpa he was stunned, not understanding what this little thing meant.

"It's far away on the horizon, but it's right in front of my eyes. I'll just be their witness!" Saint Rui said with a smile.

"Saint Rui, stop it!" Old master he was getting more and more frustrated. This little thing was still causing trouble at a time like this!

"Great-grandfather, I'm serious!" Saint Rui suddenly said with a Holy look.

Ugh! Everyone was collectively dumbfounded. What the hell was this! Please don't mess around!

Wang meifen was burning with anger and shouted, "Deal with these three little bastards first! I don't want to see them again!"

"You're the little bastard, your whole family are little bastards!" Hearing Wang meifen scold the three brothers, Rui Jin couldn't take it.

"Ruiqiao, calm down!" Saint Rui smiled and comforted her. Then, he said to Wang meifen, "Old lady, the only people who can deal with us in this world are our parents. Who Do You Think You Are? You dare to deal with us? Aren't you afraid of spraining your tongue? Originally! I still wanted to fulfill your last wish before you went to prison, but now I've changed my mind. If I want to marry uncle he, it's impossible for me to do so in this lifetime! Not only that, you'll be reduced to a little bastard for all your lives! Ruize, I'll leave it to you!"

Rui ze, who received Saint Rui's gaze, understood and a dark mark was inserted into Wang meifen's body in front of everyone. In an instant, Wang meifen shouted in shock, "W-what did you do to me?"

Wang meifen, who clearly felt a slight chill in her body, suddenly felt fear in her heart. Although she didn't know what had happened, she knew that the little bastard in front of her must have done something to her body.

Old master he, he mingchen, and the others also saw the scene just now. Suddenly, a sense of fantasy rose in their hearts, and they were completely stunned.

After that, Rui Jin, who had finally finished eating the entire peach, casually threw the Peach Pit in his hand, and it hit Wang meifen's head. The sudden force caused Wang meifen to fall to the ground, and he mingchen regained his freedom.

He mingchen, who felt that he had just escaped death and was not forced to marry a wife, could finally heave a sigh of relief.

In this day and age, women were really too scary. After this incident, he mingchen, who already had a shadow over women in his heart, would probably have to keep a respectful distance from women for a short period of time.

However, he mingchen was still very grateful to his three little saviors. He carried the three children in one go and he mingchen felt a lot more at ease.

Rui Sheng patted he Minchen's shoulder consolingly, "Uncle he, don't worry. Your peach blossom tribulation has been resolved."

"Thank you!" He mingchen was touched.

"Little guys, why are you calling me uncle? You should call me daddy!" Seeing that his grandson and three great-grandchildren were safe and sound, old master he was in the mood to joke.

"Great-grandfather, we should be calling him uncle!" Ruisheng blinked his dark and bright eyes. If he called he mingchen "dad," their biological father would be furious.

"Yes, calling uncle he" dad "is just a temporary measure. You can't take it seriously." Rui ze explained.

"It's all because of uncle he's love affair. Uncle he is a good person, so we want to help him. Great-grandfather, don't randomly match couples in the future, or something will happen!" The foodie Rui Xin said a few words of heartfelt sincerity, which was rare.

But old master he was disappointed after hearing this. He confirmed, ""Mingchen, you really didn't give birth to the three of them?"

"No!" He mingchen felt extremely helpless. If he really had three such weird sons, he would definitely go crazy with joy! Unfortunately, there was none!

Al! Old master he was also extremely disappointed. The great-grandson that was within his grasp had flown away just like that!

After dealing with Wang meifen's matter and returning home, old master he couldn't accept it no matter how he thought about it. In addition, the three children were extremely mysterious and full of fantasy, so he really didn't want to give up just like that. After careful consideration, he decided to acknowledge these three little children as his great-grandchildren.

After she told he mingchen her thoughts, he mingchen rejected her. From he mingchen's point of view, the three children were very mysterious. Their origins were definitely not ordinary, and they were not people they could get close to. Therefore, in order not to provoke the people behind the three children, he could only advise his grandfather to give up on this idea. He also asked everyone to keep their mouths shut about some mysterious things and pretend that they knew nothing.

The facts proved that he mingchen's decision was completely correct. With his demonic temperament, he would naturally not allow any mortal to have any ideas about his own child, no matter if it was good or evil! One had to know that it didn't matter how much of a ruckus his own child wanted to play with, but this kind of tolerance wasn't limited to others.

After the three children had removed he mingchen's peach blossom tribulation, they chose to leave. After all, they still had many places that they had not gone to, and they had been here for a long time. Therefore, they could not stay here any longer. Their next destination was chosen completely according to the foodie Rui Juan's idea. It was the Eastern Shore of planet Indigo. It was said that there was delicious food everywhere, so Rui Juan wanted to try it.

There were two options to go to the East Coast. One was to take a plane, and the other was to take a boat. Airplane and the other two were not very interested. To them, the speed of an airplane was definitely not as fast as the flying beast that was sulking in their beast pet dimension. Therefore, the three of them were more inclined to take a boat.

He mingchen bought first-class tickets for the three children and personally sent them to the ship. After he told the captain to take care of them, he left the three children with tears in his eyes.

The three children naturally did not feel as sad as he mingchen. In reality, they were extremely excited. This was the journey at sea that they had been looking forward to for a long time! It came so quickly!

Full of anticipation, the three little children lay on the deck chairs on the deck and basked in the sun after the ship set sail. Their carefree appearance made many onlookers who were also basking in the sun laugh.

The three little people were wearing sunglasses and a pair of shorts. Their fair skin was shining with a pink luster. They looked very fresh and delicious, and also very delicate and cute. No one had ever seen such cute little guys before, and they couldn't help but take a few more looks.

"Old ancestor, there are three little babies over there. They're so cute!" Suddenly, a sweet voice was heard. Then, a beautiful girl ran up the stairs

from the end of the deck. The three children were simply too dazzling. The young girl saw them at a glance.

The middle-aged man who came up later followed the young girl's gaze and looked at the three children. His pupils suddenly shrank and he said, "It's very cute!" His aptitude was even better!

Just by looking at the height of the three children, they were at least three years old. They were tall and beautiful, and they were definitely the best candidates to cultivate their sect's cultivation technique!

Thinking of this, the middle-aged man stepped forward and said, "Little boy, where are your parents?"

"Strange Shuli?" Rui ze raised his head and spoke the thoughts of the three brothers.

### SUPREME CRAZY WIFE

#### Chapter 3078 Entanglement (1)

When the middle-aged man heard this, his originally smiling face darkened, and the muscles on half of his face twitched violently. Then, he patiently coaxed, "Little doll, uncle isn't a strange Shuli!"

When Rui ze heard this, he very seriously observed the other party for a while, and then nodded his head cautiously, "You're already an old cucumber, yet you're still pretending to be young!"

"..." When the middle-aged man heard this, his face completely darkened. He couldn't help but feel disgusted in his heart. This little brat was really not cute.

Why was his mouth so vicious? I really don't know which family's brat he is. Why aren't his parents taking care of him?

He admitted that he was not young anymore, but he was not pretending to be young. She was young to begin with! The middle-aged man thought to himself.

"Second brother, that's called painting an old cucumber green. You didn't study hard and didn't even know this idiom." At this time, Rui Jin, who was gnawing on a fruit, suddenly said.

The middle-aged man was even more depressed. Why didn't he know that painting old cucumbers green was also an idiom? However, he also discovered that these two brats' mouths were as poisonous as the other's.

As for the only one who was pretending to be silent and looking at him with a smile, although he had not said anything, the middle-aged man did not dare to hope that he would hear something nice from the other party.

As expected, it was Saint Rui's turn to speak. He smiled and said, "You two Rascals, who allowed you to talk to strangers? Don't you know that the other party might kidnap us? We're so cute, so we're the perfect targets for those bad guys!"

"Big brother's teaching is right!" When Rui ze and Rui Qiao heard this, they quickly said in unison.

The middle-aged man was secretly sulking. How were these two devilish children? There were clearly three of them! It was three! None of the three disobedient children were kind-hearted. They were all black-hearted little demons!

The middle-aged man was furious. He had only been hitting on her! He was really hitting on her! Why did these three disobedient children think he was a bad guy? Who was that? Where are your parents? Let's have a good talk!

The indignant middle-aged man's face turned black, then green! Then green, then white, like a palette of dark and gloomy colors! The onlookers couldn't help but sigh. They didn't try to strike up a conversation with the three children, or they would probably be treated the same way!

From this, it could be seen that the three children's vigilance was not ordinary! Of course, they mainly didn't think that the child's parents would not be around. If there was a misunderstanding and the parents thought that they were abductors, they would be looking for trouble!

In just a few minutes, the onlookers had made up their minds not to care about these three milk babies.

After the three children said that, they turned their heads away and no longer looked at the middle-aged man who was sulking. The gorgeous girl saw that the old ancestor had suffered a loss at the hands of the three little children, so she wanted to perform well and regain some face for the old ancestor.

Therefore, the next moment, she ran to the third little child and said with a smile, "Little brother, my ancestor is not a bad person. You can't treat him like this!"

"Then how should we treat him?" Saint Rui blinked his eyes and asked curiously.

"You have to respect him, he's your elder!" The gorgeous young lady saw that there was a chance and quickly said.

"Whose elder is he?" Saint Rui asked in confusion.

"Who knows? anyway, it's not mine." Rui ze said calmly, a hint of ridicule flashing in his dark eyes. Nowadays, there were always people who liked to pretend to be elders to gain respect. He was really annoying!

"Uh!" The gorgeous girl was stunned for a moment before she responded, "No matter which family you belong to, shouldn't you respect those who are older than you?"

"According to what you said, there are too many people that we have to respect. Wouldn't we die of exhaustion?" Rui ze said a little impatiently. Although he was only one year old, his IQ was by no means the same as a one-year-old child. He had always hated people who wanted to point fingers just because they were older, damn it! Did he really think he was a dish? He was just a passerby!

"You can't understand it that way. Didn't your parents teach you to respect the elderly?" The gorgeous girl obviously didn't hear Rui ze's impatience and wanted to turn the little child in front of her around. In her opinion, this little child was not respectful to the elderly because he had been raised wrongly. While he was still young, she couldn't let them be so rude.

"We've always respected the elderly! More importantly, our parents have always warned us not to talk to strangers, especially strangers with other purposes!" Rui ze said calmly.

"Uh! We don't have any purpose, and we're not grandmother Wolf. We just simply thought you were cute and wanted to get to know you. " The gorgeous young woman hurriedly said.

"But we don't want to know you!" Rui ze was very honest.

"..." The gorgeous girl almost went crazy after hearing this. This little boy was really not cute!

"Yes, we're so cute. You obviously have ulterior motives for wanting to get to know us. The possibility of you trying to kidnap us is 80%. As for the other 20%, I'm sure you don't have good intentions either. In this day and age, no one will be good to you for no reason, unless it's their own parents." Seeing

that the gorgeous young lady had nothing to say, Rui Jin, who was gnawing on a fruit, interrupted.

"Little Yingying has grown up." Saint Rui touched Rui Qiao's head and sighed, as if he was saying 'my son is growing up', and this thought of his made many people laugh.

Who wouldn't be amused when they saw a little kid praising another little kid in the tone of an elder? In particular, the little child who was praised raised his head arrogantly as if he was responding to his brother's words, which made him even more amused.

However, at this moment, both the middle-aged man and the gorgeous young lady were extremely depressed! The two of them could be considered to have seen a lot, but today, because of the three milk children, their minds were tormented. Such an experience was really rare.

Unfortunately, no matter what they thought in their hearts, it had nothing to do with the three. After they had enough of the sun, the three directly went back to the cabin to rest.

Dinner was personally delivered to the three of them by the captain. The captain received he mingchen's generous tip, so he naturally had to take good care of these three little children who were traveling alone.

The captain was also aware of what had happened on the deck. However, seeing that the old and the young did not seem to be hostile to the third child, he did not interfere.

The next day, the three children met a middle-aged man and a gorgeous girl on the deck.

The middle-aged man thought that they were familiar with each other after yesterday's encounter, so he naturally waved at the three little fellows to greet

them. However, the three of them walked past the middle-aged man and the gorgeous girl, completely ignoring them.

"....."

The middle-aged man was extremely depressed.

He was certain that the three devilish children were doing this on purpose. However, he felt that the third baby had a character and was a promising talent. Therefore, he was more concerned about the third baby.

The gorgeous girl saw that the old ancestor was very interested in the third child. In order to please the old ancestor, she came up with an idea, ""Since the old forefather likes them so much, why don't we just take them away?"

SUPREME CRAZY WIFE

Chapter 3079 Entanglement (2)

"Then aren't we really bad guys?" The middle-aged man glared at the gorgeous girl and said unhappily.

"How can old forefather think like this? Aren't we doing this for their own good? "More importantly, it's the third child's good fortune to be able to join our sect. In the future, they'll be above the rest. By then, their parents will be grateful to us. After all, we've provided them with an opportunity to come into contact with our circle!" The gorgeous young lady said with extreme pride.

It had to be said that the gorgeous young lady's words moved the middle-aged man, but when he turned back to look at the three milk babies, he quickly retracted his thoughts. Looking at the temperament of these three, they didn't

seem like children from ordinary families. If the other party's background was too big, it would cause trouble for their sect, and it would not be worth it!

"I think it's better to get their parents' approval." The middle-aged man said cautiously.

"Old ancestor, how could their parents possibly disagree? So what if the third child was from a top rich family? They should be grateful to us. Besides, if they perform well, we can totally take these three children's families as subsidiary families. You know, this is a Supreme glory for them!" The gorgeous young lady said confidently.

Although the middle-aged man felt that the young girl's words made sense, he still felt that it was inappropriate. After all, he really liked these three children. Thus, after thinking about it seriously, he still rejected the young girl's suggestion.

When the young girl saw that the old ancestor did not take her opinion, she was naturally angry. She also did not have a good impression of the three little children. However, the young girl had other ideas in her mind, and she was secretly calculating the feasibility of this matter.

However, the three little children did not know what the girl was thinking. They were so happy on the boat that they almost forgot about home.

After nearly a week of sailing, they finally arrived at the Eastern Shore of planet Indigo. Before disembarking, Rui Xin first went online to search for delicacies from all over the world, and then persistently moved towards her goal.

The internet said that the seafood in an Island City on the East Coast was very fresh and delicious. After getting off the boat, Rui Jin pulled her two brothers and took another plane to the city.

By right, Rui Jin had eaten a lot of seafood, but he was still very interested in seafood! Especially the large lobsters, he would never get tired of them.

When they arrived at the city, they found the most famous seafood restaurant there and went straight in.

Although there were no waiters to stop them from entering, when they were ordering, the waiter asked, "Little friend, where are your parents?"

The waiter had never seen such a young child go down to the restaurant alone. Moreover, he was afraid that the three children would not have the money to pay the bill.

"My parents are at home! Auntie, can we order now?" Saint Rui said honestly, his eyes flashing with impatience.

He couldn't understand at all why people would ask him this question everywhere he went. Could it be that children couldn't come out without their parents? Isn't that child a little too deprived of freedom? What about the right to have children? You can't look down on children like this! They wanted freedom! They wanted equality!

Of course, only children like Rui Sheng would have such thoughts. After all, ordinary children would not have the courage to wander around the streets at the age of one. They would definitely be targeted and kidnapped by bad guys. As for the three of them, whoever dared to kidnap them would be the unlucky one! Although her parents were not by her side, they were monitoring her through the light screen! As long as the child was not in danger, both Leng ruoxue and the demon would not make a move.

Why did you let the child out? Didn't he just want the three of them to experience a different environment?

However, the waiter would never understand the thoughts of Leng ruoxue and the demon. She was also in a dilemma because she had been called Auntie.

She was only twenty! Twenty! How did she become an Auntie?

Looking at the child who was in a hurry to order, the waiter corrected him, ""Little kids, you can call me big sister, but don't call me Auntie. Big sister isn't that old."

"But, we all call those who are slightly older than you 'grandma'..." Saint Rui said with a slightly aggrieved tone.

The waiter knelt down after hearing that. So he was taking advantage of her by calling her Auntie!

Taking a deep breath, the waitress told herself to stay calm and not to argue with a kid. Then, she said, ""Little friend, you have to pay for the food here."

"I know! This isn't a Relief Center, how can we not charge them!" Saint Rui replied naturally and looked at the waiter with a little sympathy. Why did this shop find a fool to be a waiter? Everyone knows that it's natural to pay for a meal, right?

The waiter almost vomited blood. This little boy looked cute, but why did the words he said sound so uncute? actually, what she wanted to ask was, do you have money?

On the other hand, Rui Jin was more understanding, he took out a bunch of coins and said: "Auntie, don't worry. We have money!"

The currency on the planet was universal, so the change they had exchanged in the West Coast could finally be put to use.

The waitress's mouth twitched even more when she saw the coins, but she still said, ""This is not enough!"

"Not enough? Don't be afraid, I still have more. " After saying that, Rui Qiao poured out all the coins in her bag, and they filled the table, almost forming a small mountain.

I'm not afraid!

The waiter was silent. He looked at the coins on the table and was speechless. Whose brat was this! Can the parents take it away?

Obviously, he could not!

"I'll pay for the three children!" Just as the waitress was worrying, a heavenly voice suddenly rang out. At least, in the waitress's eyes, the voice was simply too beautiful, so she quickly turned her head. When she saw a middle-aged man and a gorgeous girl, the waitress was satisfied.

Regardless of the relationship between the other party and the three devilish children, it was good that someone was willing to pay! Most importantly, the other party was an adult.

However, Rui Sheng, Rui ze and Rui Yan only saw a middle-aged man and a beautiful young lady, and were obviously unhappy.

This was definitely not a chance encounter! The three of them were being followed by the bad guy!

"Auntie, they're human traffickers. They want to abduct us." Blinking his eyes, Rui ze revealed a fearful expression as he reminded.

"Argh! It can't be!" Upon hearing this, the waiter was stunned. Human traffickers were so rampant now? He dared to come to the restaurant? And in front of everyone? However, looking at the three children's beautiful appearance, it was possible that they were the human traffickers 'targets.

With that thought in mind, the waiter's gaze on the middle-aged man and the gorgeous girl immediately became unfriendly. In addition to the waiter, the customers who were eating in the restaurant heard Rui ze's crisp words and immediately looked at the two people vigilantly. Someone even loudly reminded, ""Little boy, quickly call the police!"

"Right! Call the police! Quickly make the call!" The waiter reacted and was about to run to the service desk.

When the middle-aged man saw that the misunderstanding was big, he immediately became anxious and explained loudly, "Everyone, don't misunderstand. We are not human traffickers. We know these three children."

After saying this, the middle-aged man was about to break out in a cold sweat. He had lived for so many years, but he had never lost so much face! It was all thanks to these three brats! However, seeing that these three were so clever and knew how to use public opinion, he was still very happy. It was just that he had embarrassed himself.

When the waiter heard the middle-aged man's words, he could not help but hesitate.

"Auntie, we don't even know them." When Saint Rui saw it, he quickly said.

"I'll call the police!" The waiter was helpless. It was better to let the police handle this kind of thing. Who asked her to be a law-abiding good citizen!

On the right path!

Saint Rui clenched his little fist and was satisfied.

However, the gorgeous girl was not satisfied. She hurriedly went forward to stop the waiter and shouted, "What police? If you dare to call the police, I'll make sure your shop can't continue operating!"

Faced with the gorgeous girl's threat, the waiter's heart trembled, but she still bravely met the gorgeous girl's eyes and loudly said, "You want to threaten me? You guys are really not good people!"

The gorgeous girl was so angry that her eyes were full of stars. Then, she rushed to the front of the three children and shouted, "Quickly tell this stupid woman that we're together!"

"Old lady, are you threatening us too?" Rui Sheng blinked his innocent black eyes and asked with a face full of fear.

Old grandma!

The gorgeous girl was about to go crazy from anger, but the waiter was secretly happy. The little boy's words were true! He really called another woman grandmother!

"You three little B \* stards ..." The gorgeous girl was about to go crazy. Children were indeed not cute. Even if the little boy in front of her was extremely cute on the outside, he was still a little devil in his bones.

"Huan 'er, come back!" Afraid that the gorgeous girl would cause trouble, the middle-aged man quickly spoke.

"Ancestor!" The gorgeous young woman was very unwilling, but she still obediently returned to the middle-aged man's side.

At the same time, the middle-aged man apologetically explained to the waiter and the diners in the shop about the dispute between them and the three children. He also very sincerely stated that he only wanted to take the three children as his disciples, which was why he was chasing them and not some human traffickers.

After explaining, the middle-aged man even showed off his strength. Seeing this, everyone in the shop, including the waiters, did not dare to get involved in the entanglement between the two sides. As for calling the police, hehe!

In this world, although ancient martial arts powerhouses rarely appeared in front of ordinary people, people were not completely ignorant of those powerhouses with extraordinary martial arts. Moreover, this world greatly worshiped the strong. Therefore, the moment the middle-aged man revealed his strength, he immediately received countless eager gazes. To be able to be

noticed by an ancient martial arts powerhouse was definitely a great honor to the ordinary people!

For a moment, many envious gazes were cast on the three little children at the same time. At this time, no one dared to suspect that the old and young were human traffickers! After all, how could an expert do such a despicable thing?

But unfortunately, no matter how envious the others were, the three milk babies were not moved. Seeing that the situation had been reversed, Saint Rui was not angry and said calmly, "Can we order now? We're so hungry!"

SUPREME CRAZY WIFE

Chapter 3080 Side Story: Helping Others (1)

Hearing this, the waiter quickly brought the menu over. Rui Sheng didn't even look at the menu and directly said, "I'll have three lobsters first! I want the biggest one!"

The waiter's mouth twitched, and he couldn't help but say, "Can you guys eat lobster? How about a cup of coconut juice?"

From the waiter's point of view, lobster should not be suitable for such a young child. Lobster porridge was fine. Of course, coconut juice was similar to milk, so it should be the most suitable for a child to drink, right? But obviously, Saint Rui was very angry after hearing this. The other party was clearly disrespecting the little boy. This was preposterous! Did he think they were easy to bully?

Saint Rui was very angry, and the consequences were very serious!

Then, he put on a Holy look and said to the waiter, "Grandma, can you fill your stomach with only coconut juice? Then what's the point of opening a seafood restaurant! Let's change it to juice! It was convenient and the production cost was cheap. As far as the eye could see, the streets of the city were filled with tropical coconut trees. They were ready-made raw materials! However, your coconut juice is a little too expensive. It's too black! Black is dead!"

When Rui Sheng said this, he also glanced at the picture of coconut juice on the wall of the restaurant, on which the price was clearly written: 100.

His words made the waiter feel depressed again. First of all, she didn't know why the child's attitude towards her had changed so suddenly. He had called her Auntie before, but now he was calling her grandma. Sob ... How could he let her live? Besides, the drinks in the seafood restaurant were not cheap! Although their seafood restaurant was slightly more expensive than others, they were still the most famous seafood restaurant in the area! The hotel itself was of a different class, so how could it be compared to the roadside stalls?

Secondly, the waiter also felt a sense of malice from the way the child called her grandma. It seemed that he was taking his anger out on her! After thinking about it carefully, the waiter felt that he had not done anything that he should not have done to offend this little boy! How did it end up like this?

Although the waiter's senses were very sharp, he could not understand why. In fact, Rui Sheng was indeed angry, mainly because he saw that the waiter's treatment of the middle-aged man and the gorgeous girl was too different, which made the narrow-minded and vengeful Rui Sheng very unhappy!

"You bastard!" What happened to the Alliance? How could his stance be so unstable! Wasn't the other party just an ancient martial arts expert? As for the people in the shop, they were all showing him respect as if he was a rare

animal. Hmph! They were still gods! If these people knew their identities, wouldn't they all kneel down and worship them?

Saint Rui looked down on the people around him, who took advantage of the situation and decided to give them a hard time. The waiter became the first person to eat the crab.

The waiter was inexplicably ostracized and felt wronged. However, out of good professional quality, he knew that the little boy in front of him was not interested in drinks, so he still went to prepare the big lobsters for them.

The customer was God! Even if the guests were only three little children, it would be the same!

Half an hour later, the waiter brought out the freshly-baked lobsters, which were red from the processing, and placed them on the table of the three children.

Looking at the big lobster that was still steaming and had the unique smell of seawater, Rui Sheng suddenly frowned and looked up at the waiter, his face full of doubt, "This is the biggest lobster in your restaurant? You're not trying to fool me, right?"

"..." The waiter was silent. He looked at the lobster that was the size of the baby's arm and didn't know what made the baby unhappy. These three lobsters were indeed the biggest and best in their store! He didn't deceive customers just because the other party was a little boy!

However, Saint Rui was not satisfied, and even said with a face of disgust, "So small! It definitely won't taste good!"

"Little friend, the lobsters in our restaurant are definitely the best. Every one of them is alive and kicking, and the taste is also first-class. You'll know when you try it." The waiter advised patiently.

"I don't need to taste it to know that the lobsters here are definitely not deep-sea lobsters. If I'm not wrong, you must have caught them in the shallow waters! Otherwise, it wouldn't be so small and taste so bad!" Saint Rui wrinkled his little nose and said. In short, he was disgusted.

After the waiter heard what Rui Sheng said, he was so angry that he wanted to curse.

Deep sea? Who would go to the deep sea to catch lobsters? All kinds of situations could happen in the deep sea, and it was not something that ordinary people could go down! Do you think you have a swimming pool?

After taking a deep breath, the waiter told himself not to argue with a little boy. He was still young! After giving herself a few counseling sessions, she said, "Little friend, the seafood sold in all the major hotels and seafood markets on the entire planet Indigo, other than some fish caught in the deep sea, the rest of the seafood, including lobsters, are all shallow sea!"

"I see! Why not go to the deep sea? The lobsters in the deep sea are all fat, strong, juicy, and extremely delicious!" As Saint Rui spoke, he even smacked his lips on purpose, as if he was reminiscing.

The waiter could only complain when he heard that!

Lobsters and fish in the deep sea were different. Fish could be caught with a net, but could lobsters be caught? Lobsters didn't come out in groups. They had to be caught manually one by one. If they really encountered a big one, it would be hard to tell who would catch who! From this, it could be seen that the risk of catching lobsters in the deep sea was too high! Unless it was an ancient martial arts expert!

Wait a minute! Wasn't there an ancient martial arts expert right here? The waiter subconsciously looked at the middle-aged man, but he did not dare to say anything and looked away.

The middle-aged man immediately understood and even gave the waiter an appreciative look. This little guy is not bad! They were giving him a chance to perform!

The middle-aged man who felt good about himself immediately walked over and said to the three of them, "Little guys, since you want to eat deep sea lobsters, how about I go and catch some for you?"

"This is good!" Saint Rui agreed.

"Just wait!" The middle-aged man was overjoyed when he heard this. He pulled Huan 'er and walked to the nearest beach around the hotel.

Seeing that the eyesore had left, Rui ze blinked and asked Rui Sheng, "Big brother, what do we do now?"

"What do you mean? Eat! It won't taste good when it's cold!" Saint Rui pointed at the steamed lobster on the table and said.

"Didn't we capture that weird Shuli?" Rui ze asked. He did not want to owe anyone a favor!

Mom said that you can't owe anyone a favor.

"Well, I'm not sure if he can catch them. Lobsters in the deep sea are not that easy to catch." Saint Rui was well aware of this because he had followed his uncle to the deep sea once, so he knew how strong the lobsters there were. However, he paused and said, "It doesn't matter even if you catch him. At most, we'll just pay him some money as a labor fee!"

"Big brother is smart. This is good. We're not freeloaders!" Rui ze chuckled when he heard that.

After that, the three children began to eat.

The waiter at the side listened to the conversation between Ruisheng and Ruize and was simply confused. Whose brat was this? How could he be so

bad? He was simply full of evil tricks! Not only did he treat an ancient martial arts powerhouse as a Coolie, but he also had to pay them. Wasn't this a waste of his money?
