

After thinking about it, the waiter felt a deep sympathy for the ancient martial arts expert who wanted to please the three milk baby. It was not easy to take in a good disciple these days!

By the time the middle-aged man and the young girl returned to the seafood shop, the three babies had already finished ten lobsters. The waiter was deeply envious of the three babies' good appetites, but at the same time, he was a little worried that they would have an upset stomach. Fortunately, the third baby only ate lobsters. If there were any other seafood, they would have to be sent to the hospital soon!

But now, the waiter was very suspicious. Could these three little kids still eat? It could be seen that although the ancient martial arts expert was in a somewhat sorry state, his harvest seemed to be good. That was because he was carrying a one-meter-long lobster in each of his hands, and the young girl named Huan 'er was also dragging one with some difficulty.

It was really a huge lobster!

The waiter and the customers in the restaurant couldn't help but sigh, but they also knew that the lobster was not caught for them.

Sure enough, in the next moment, the middle-aged man couldn't help but immediately come to the three children and put on a gentle expression with a smile. "How are these three? they're not bad, right?"

Saint Rui lifted his eyes and touched his little belly, "It's passable!" It was much smaller than the one his uncle caught.

It sounded passable! The middle-aged man knew that the other party was not satisfied! He was instantly depressed! And this was what he had caught with great difficulty!

Just as the middle-aged man was secretly worried, he suddenly felt a weight in his arms. He looked down and saw a transparent plastic bag filled with coins in his arms ...

What was the meaning of this? The middle-aged man had a bad feeling.

At this moment, Rui Jin, who had stuffed the bag of coins into his hands, explained with a cute smile, "This is your labor fee. You deserve it. Don't be polite with me. All I have is money!"

After giving his instructions, Rui Jin impatiently snatched the lobster from the middle-aged man's hand and dragged it into the kitchen.

The scene of a pink and tender little person less than half a meter in size dragging two large lobsters nearly a meter in size into the kitchen was eerily exciting to everyone present.

Oh my! This little boy ... Was born with divine strength!

As for the weight of the two lobsters, no one present doubted it. Didn't you see that the girl was struggling to drag them? However, the little boy dragged the two lobsters away as if he was playing.

Time seemed to have stopped. Everyone, including the middle-aged man, was stunned.

After the middle-aged man came back to his senses, he quietly put the transparent plastic bag on the table and hid in a corner to draw circles.

Wu ... This detestable little rascal! What an evil fellow! He went to the sea to catch lobsters just for this little labor fee? As an ancient martial arts expert, he was not in such a dire state, okay?

Seeing that his old ancestor was silent, Huan 'er only felt the anger in her heart burst out! This is too much! They really went too far! When had they ever received such treatment? But now, he was humiliated by three little kids!

The more Huan 'er thought about it, the angrier she became. She rushed to Rui Sheng and Rui ze, wanting to ask for an explanation. Who knew that before she could speak, Rui ze very cleverly snatched the big lobster in her hand and smiled, ""Give it to me! It's heavy!"

The young girl was furious! She wasn't here to deliver lobsters to them, okay? But without giving her a chance to react, Ruize also dragged the lobster to the kitchen.

Oh my! Another one with innate divine strength!

Everyone who witnessed this scene was once again dumbfounded.

Seeing that his two younger brothers had gone to the back kitchen, Rui Sheng also went to the back kitchen.

Normally, the back kitchen did not allow unauthorized people to enter, so as soon as Saint Rui walked in, he saw the chef in the back kitchen seemed to be negotiating with his two younger brothers. Out of curiosity, he went over.

"What's wrong?" Saint Rui asked with a Holy look.

"Big brother, this Grandpa chef doesn't allow us to stay here!" Rui Jin saw that big brother had come and quickly complained.

The young chef, who was called Grandpa chef, twitched his mouth. He was only thirty years old! He became a grandfather! What an unadorable child!

"Why can't I?" Saint Rui asked, pretending to be confused.

"Little friend, this is an important place in the kitchen. Unrelated people are usually not allowed to enter." The chef explained to the little boy patiently.

"But aren't we already here?" Saint Rui said after thinking for a while.

"....."

"It's a mistake for you to come in," the speechless chef replied with his eyes.

"Big brother, we can't go out. What if he changes our lobsters? That's why we have to stay here and keep an eye on them!" Rui Jin, who was afraid that her brother would be persuaded, hurriedly reminded her.

The chef's face darkened when he heard this reason.

However, Saint Rui nodded his head seriously, "it is possible, so we request to watch from the side!."

"Little friend, we're a legitimate hotel. We won't do such a thing. Please believe in our hotel's reputation." The chef could only try to explain.

Unfortunately, Saint Rui didn't believe him, and pointed out a few recent cases on the internet, "These guilds also claim to be legitimate!"

This time, the chef had nothing to say. He really didn't expect that these three children were more difficult to deal with than the last. He really wanted to know how their parents taught them.

Of course, the education method of the three milk children was obviously not suitable for ordinary human children. Leng ruoxue and the demon would not tell him about it either. Hence, he could only sigh in his heart.

Third baby was happy to see the chef making the extra-large lobster.

When the fresh, tender, and delicious lobster was brought to the lobby, the guests in the hotel were instantly attracted by the fresh fragrance, and some even almost drooled.

When the three saw this, they immediately protected their food path, "this is ours!" Don't even think about it!"

In the face of the three's actions, the people who had originally wanted to take some of the money from the three little babies immediately dispelled the idea. It was not that they were afraid of angering the three little babies, but it was mainly because a certain ancient martial arts expert was staring at them covetously from the side!

The three little kids ate happily, and the three giant lobsters were annihilated without any effort. While everyone was envious of them, they couldn't help but worry about their stomachs. They really didn't understand how the stomachs of these three little babies could hold so much food. Could this be the legendary big eater?

After finishing the lobster, the three of them handed the bag of coins to the middle-aged man with great satisfaction. This time, they even gave him a little tip to prove that they had a good time. After that, the three of them patted their sleeves and left without leaving a trace.

The middle-aged man felt even more depressed. Then, he also left with Huan 'er.

For half a month, the middle-aged man and Huan 'er followed behind the three animals. Along the way, they followed the three babies to several cities, and every time they reached a place, the three animals would eat without stopping! Eat! Eat!

The middle-aged man was in a good mood as he faced the three little foodies who had very good appetites! However, Huan 'er was a little unhappy. She couldn't understand why the old ancestor had taken a fancy to these three little foodies. In her opinion, so what if these three little Rascals had good aptitudes? At the rate they were eating, if they were really accepted into their faction, they would be eaten down sooner or later!

She even suspected that their parents had chased them out of the house because they knew that the three of them could eat so much that they couldn't afford to feed them. Otherwise, why hadn't they seen their parents after so long? However, suspicion was just suspicion. She did not have the courage to say this out loud. Otherwise, she would definitely anger the old ancestor.

They didn't know what their highly respected ancestor was thinking, but he was actually having fun chasing after the three little kids! This seemed to have become the old ancestor's favorite game.

The three little children did not avoid them. If they wanted to follow, then so be it! He would just take it as finding two free bodyguards for himself, and they didn't have to spend any money. This was a good deal!

On a certain day. The three of them walked into a very famous breakfast shop to eat breakfast. This place was also the place that Rui Jin had been pestering to come to. There were many customers that day, and there was almost no place to sit on the first floor. The three children went to the second floor to find a seat by the window, and ate breakfast while looking at the scenery along the street.

The middle-aged man naturally followed along with Huan 'er and sat down at a table not far from the third baby.

After ordering the same thing as the three children, the middle-aged man's thoughts drifted away in boredom.

The three children were also eating seriously. Suddenly, a man and a woman across the road attracted their attention.

The couple seemed to be arguing about something. It was reasonable to say that the distance between them was not close since they were separated by a road. However, this small distance was nothing to the three children's hearing. Moreover, it was the first time they had seen a couple quarreling on the road.

The three babies were excited to hear such a fresh feeling.

They pricked up their ears and heard a certain woman in bright and beautiful clothes shouting,""Why don't you take a look at yourself! If you want me to be with you, it's impossible!"

Hearing this, the three of them looked down at the pie in their hands and made a decision to help.

The three steaming hot pies flew out of the half-opened window, drew a perfect arc in the air, crossed the road, and landed on the woman's head with a bang. The passers-by who saw this scene and were lucky enough to hear the woman's crazy words were dumbfounded, and then they all laughed at her misfortune.

"Now there's a pie in the sky, let's get together!" A passerby jeered.

A certain woman trembled in anger when she heard this. Her exquisite makeup had been ruined by the greasy pie. More importantly, the pie was still very hot, and she screamed immediately.

A certain woman was jumping up and down on the road, trying to drop the pie on the ground. Unfortunately, the pie seemed to have grown on her head and she couldn't get it off at all.

A certain woman was so angry that she shouted at the man in front of her,""Are you blind? You don't even know how to help!"

In fact, a certain man wasn't blind. He was just scared silly by the pie that fell from the sky, so much so that he couldn't react for a while.

SUPREME CRAZY WIFE

Chapter 3082 We've Taken It For Real Anyway (1)

When the man finally reacted, he quickly went forward to help pull the pies off the woman's head. However, he only realized that the three pies seemed to have grown into her hair. When he pulled them, the woman screamed in pain. He was so scared that he trembled and couldn't help but let go immediately.

Looking at the pie that was steadily on a certain woman's head, a certain man was conflicted. He didn't understand how this could happen. Was the pie that sticky?

At this moment, the passersby could not help but continue to jeer, "Get together! Get together!"

When the woman heard this, she was so angry that the veins on her forehead were popping. However, she was on the verge of a mental breakdown because of the few pies, so she did not have the time to refute. As for the man, he was covered in cold wind and cold sweat.

He knew that no matter what the outcome of this matter was, it was impossible for him to be with a certain woman. Moreover, he suddenly felt that the goddess in his heart seemed to be nothing more than this.

All along, a certain woman had been beautiful, noble, and refined in his heart. Although she was a little willful, it was not a big deal. After all, beautiful women all had personalities. But now, seeing a certain woman acting like a Shrew in the market, he was very disappointed and his heart turned cold.

However, the woman did not know what he was thinking and continued to scold the man as usual. Even the passers-by could not stand it anymore and looked at the man with more envy than sympathy.

At this moment, the three cats sitting on the second floor of the breakfast shop began to frown again.

The three babies hated this kind of woman who thought that she was invincible just because she was beautiful. After thinking for a while, the three babies looked at each other and smiled tacitly. Then, they grabbed the big white porcelain bowl in front of them and threw it out of the window ...

Not long after, an even louder scream came from the other side of the road.

Hearing the screams, the three of them continued to eat their breakfast as if nothing had happened.

At the same time, the other side of the road was in a mess. Other than the screams of women, there was also the shock and disbelief of the crowd.

The passersby wanted to know how it felt to have three large bowls stacked on top of one another. More importantly, the three large white bowls that fell from the sky were now very stable on top of a certain woman's head. No matter how she jumped, the three large bowls would not fall. Not only that, the bowls were originally filled with hot mutton giblets soup, but at this moment, the soup was fed to a certain woman's clothes.

The man opposite a certain woman was dumbfounded.

He had seen with his own eyes three large white bowls being placed in front of a certain woman. First, the soup in his bowl was poured on her body, and then the soup landed on her head one by one. The man was unable to react to such a fantasy and could only look straight ahead with a dull gaze.

It wasn't until a certain woman kicked him in anger that the slow-witted man reacted. However, when he saw the big bowl and pie on a certain woman's head, he didn't know what to do at all.

It wasn't until the bystanders reminded him that the man remembered to take the woman to the nearest hospital to solve the problem.

After the man and woman left, many passers-by who were interested in this matter also followed to see how the situation developed. In the dining room, Huan 'er stood beside the three with an angry face.

The three of them completely ignored her and continued to eat and drink.

Seeing that she was being ignored, Huan 'er's expression became uglier and uglier. Following that, she snatched the bowl of soup from Rui Jin's hands and shouted, ""Eat! Eat! Eat! You only know how to eat!"

"Grandma, please return the bowl to me!" Rui Qiao glanced at Huan 'er and said indifferently.

Old grandma!

Although it was not the first time that Huan 'er had heard these three words, but every time she heard it, she would be provoked. In addition, she was in a fit of anger at the moment, so her anger was immediately aroused, and she continued to roar at Rui Chen, ""Uneducated brats, is this how your parents taught you?"

"What's wrong with our parents?" Rui Jin didn't understand. He had his food taken away, so he should be the one angry, right? Why was this old woman even angrier than him? He even mentioned his parents! Hmph! What happened to his parents? What did it have to do with this old woman?

"Didn't your parents teach you to be polite to others?" Huan 'er asked, suppressing her anger.

"Of course I've taught him. Why?" Ruiqiao's pretty little face was filled with question marks. He still didn't understand!

"Then why are you guys still calling me grandma?" Huan 'er shouted at the top of her voice, not caring about her image.

"You're a grandmother. " Rui Jin said honestly.

"What right do you have to say that?" Huan 'er said angrily.

"There's your age!" Saint Rui interrupted.

"That's right. She's already in her 50s. No matter how she acts young, she's still a grandmother!" Rui ze's mouth was even more poisonous as he directly said.

Sure enough, when he heard this, Huan 'er's face turned even uglier. His heart was filled with shock. How, how did these three little brats know? She clearly looked like a young girl!

It should be known that people who practiced ancient martial arts, regardless of gender, were much younger than their actual age. As for Huan 'er, although she was over fifty years old, she had never gotten married and had children, so she had always treated herself as a young girl. She had even forgotten her own age. In addition, she had been outstanding since she was young, so no one dared to mention her age in person. Now, her true age had been exposed by the three little children, and some of the guests on the second floor were looking at her. Huan 'er only felt her face burning. Even though there weren't many people on the second floor, she still felt embarrassed.

However, in front of the old ancestor, no matter how angry Huan 'er was, she still had a sense of propriety. Therefore, she immediately changed the topic and said,""That's not what I want to discuss with you guys now!"

"What's that?" The three babies were confused.

"How could you do such a thing?" Huan 'er said disappointedly.

"What did we do?" The three of them blinked their eyes, and their beautiful little faces were filled with innocence.

"Don't you remember what you just did?" Seeing the three of them acting dumb, Huan 'er was even angrier.

The three of them looked at each other seriously and shook their heads.

"You're really too irresponsible. You don't even dare to admit that you've done something wrong?" Huan 'er's face was full of disappointment towards the three little babies, which made the three little babies simply baffled.

"What did we do wrong?" Rui Sheng felt that he was really kind, so he asked.

"How could you throw the pie and mutton soup out of the window? don't you know you'll burn people?" Huan 'er suppressed her anger and growled.

"The meat pie and mutton soup aren't very hot, how could they burn people? Besides, we're doing a good deed!" Rui Sheng said disapprovingly. His mother had always taught them to follow their hearts, so what happened just now was exactly what the three of them did from their hearts. He did not feel that there was anything wrong with it.

"You guys did a good thing by throwing such hot food out of the window?" Huan 'er could not believe Saint Rui's words. Did she hear him wrong? There was definitely something wrong with this kid's three views! No! She couldn't let the flower of the motherland continue to be like this! At this moment, she was determined to save the three little babies and let them establish the correct outlook on life, values, and world view from childhood! Otherwise, if this continued, she really couldn't believe what these three kids would become when they grew up. That would be too terrifying.

SUPREME CRAZY WIFE

Chapter 3083 We've Taken It Seriously Anyway (2)

Unfortunately, this was only her idea. How could the three little children follow her wishes?

After hearing Huan 'er's words, the three little children could not help but roll their eyes. Then, Saint Rui, as the representative of the three brothers, said,""Didn't that woman want a pie to fall from the sky? We just want to help her! Not only that, but we'll also give her three extra bowls of mutton soup. So, that woman will definitely make a lot of money. Don't be too grateful to us!"

After hearing Saint Rui's sophistry, Huan 'er was a little confused.

Was it like this? Was it like this? Did the other party really want a pie? Was this what it meant to be free lunch?

Taking a deep breath, Huan 'er explained patiently,""You three have misunderstood. He didn't really want a pie to fall from the sky. That was just an example."

"An example? What did that mean? Are they lying to us?" Saint Rui's dark eyes turned and his face was full of disappointment.

"It's very possible!" Rui Jin said seriously, and then took a bite of the pie, and secretly drank a mouthful of second brother's mutton soup.

"Whether or not she lied to us, we took it seriously. Besides, it's wrong to lie to children. So, old lady, what you should do is not to blame us, but to settle the score with that woman for us. How could you lie to such innocent and lovely people like us? Aiya! Our fragile little hearts! He had been deeply hurt! Brother, brother, my heart aches for you. Let's go home and find a corner to lick our wounds!" As Ruize spoke, he suddenly clutched his chest as if he really had a heart attack.

When Rui Sheng and Rui Qiao saw this, they quickly stood up to support him. The three of them walked towards the stairs in desolation. Of course, before they left, Rui Qiao did not forget to take away the remaining meat pies. It was shameful to waste food!

Seeing this scene, Huan 'er was once again in a state of confusion. She couldn't figure out how things had become like this. She was clearly educating these three little children who had twisted values! How did the three of them become the victims?

It shouldn't be like this, right?

Huan 'er stood rooted to the ground, dumbfounded. The middle-aged man, who had been watching and had no intention of helping Huan' er, could only shake his head helplessly and chase the three children downstairs.

The middle-aged man was very clear that with Huan 'er's intelligence, she really could not win against these three little children. Moreover, he did not think that there was anything wrong with the three little children. They were just children! They were all innocent and would naturally believe other people's words easily, even if the other party was just making an analogy. If the little child was serious, what could you do? Wasn't it too uncouth to argue with a child?

The middle-aged man chased the three babies all the way back to the hotel where they had collapsed. The three babies stayed in their room the whole day and did not come out. This situation made the middle-aged man a little worried. Was he really sad?

In fact, his worries were completely unnecessary. Although the three of them were in the room, they were not as sad as the middle-aged man secretly imagined. On the contrary, the three of them were very happy because they were watching the live broadcast of the hospital.

The main character of the livestream was naturally the woman who had been given a pie.

The woman's hair had been cut off, but the pie and the three large bowls were still on her head. They couldn't be removed, as if they were Siamese twins.

The entire hospital was at a loss for what to do. More importantly, the doctors didn't dare to force their hands on her. They would even scream if they tried to touch her. In the end, the doctors could only stare at her.

This situation made the three of them very happy, and they ate a lot of lunch. After lunch, the three of them began to take a nap.

The three babies slept through the night. They didn't know that an old man was worried about them in the next room. It was not until there was a hurried knock on the door that the three were woken up and opened their eyes reluctantly.

When she opened her eyes, the sky was already dark.

Rui Sheng saw that his two younger brothers were still drowsy, and obviously did not want to leave the warm bed, so he had to open the door diligently.

He opened the door and saw a group of people standing outside.

In addition to Huan 'er, there were two other people that Saint Rui was familiar with. They were the man and woman from before. There was also a group of strangers in white coats.

Seeing such a huge lineup, Saint Rui understood that they had been betrayed! Needless to say, the one who betrayed them was definitely the self-proclaimed righteous old lady Huan 'er!

However, when it was time to play dumb, one should still play dumb. Rui Sheng would not be so stupid as to admit that the pie in the sky was dropped by the three of them!

"Who are you guys looking for?" Blinking his eyes, Saint Rui asked with an innocent face.

Ugh! The man and the doctors didn't know how to answer. None of them expected that the person who opened the door would be a little kid. How were they supposed to answer?

"Where are the adults in your family?" Afraid that the woman would ruin his plans, the man hesitated for a moment before he quickly asked,"

"His lordship is at home." Saint Rui honestly replied.

"Then can we go to your house to see your parents?" The man asked softly, afraid that he would scare the little boy in front of him. In fact, after seeing Saint Rui, he really doubted the words of the woman named Huan 'er. Could such a small child really do such a thing?

"We can 't!" Saint Rui directly refused.

The man who did not expect Rui Sheng to reject him so directly was dumbfounded. However, the other party was a child, and he naturally would not get angry at a child. He even wanted to coax her with good words. However, a certain woman couldn't take it anymore and immediately shouted,""Little brat, quickly get your family's adults to come out. I want to settle the score with them!"

Hearing this, Saint Rui could not help but frown and said seriously,""My Lord won't leave, and he never needs to leave. You, on the other hand, should get out of my sight, or you'll bear the consequences!"

Saint Rui was really angry, this annoying woman in front of him actually dared to ask his Lord to get out? You're quite bold, aren't you? Did he really think of himself as a Big Shot?

Hmph! Originally, he had wanted to punish a certain girl a little and separate her from the pie and the large bowl! But now, he had changed his mind. This annoying woman would live her life with pies and bowls of fish! Anyway,

wasn't a pie falling from the sky exactly what a certain woman wanted? He had done a good deed and fulfilled her wish!

After thinking about it, Saint Rui coldly glanced at Huan 'er, who thought she was the embodiment of justice, and scolded in his heart, idiot!

For some reason, his glance made Huan 'er shiver uncontrollably. However, Huan' er did not think that the chill in her heart was caused by the little boy in front of her. Therefore, after the shiver, she immediately pretended to be calm.

When the woman saw that the little boy actually asked her to get lost, her anger suddenly increased. Just as she was about to scold him, the man suddenly pulled his arm with a warning look and whispered, ""Do you still want to take the thing on your head?"

The woman's body stiffened when she heard that. Then, she heard the man continue to warn her, ""If you want to, then be good. Otherwise, I won't care about you!" After all, she was the woman he had once loved. If he wasn't afraid of feeling guilty, he wouldn't have bothered to care about this matter.

However, after he said that, a certain woman really became honest because she knew very well that with her current appearance, other than the man beside her, no other man would care about her.

Seeing that the woman had become obedient, the man wanted to continue coaxing Rui Sheng, but who knew that Rui Sheng would not buy it at all, and directly slammed the door in front of everyone.

The people who were locked outside couldn't help but look at each other. They were being despised by a baby!

"What do we do now?" A certain woman hurriedly said.

"How would I know? it's all your fault!" The man said honestly.

"Sister Huan 'er, you have to help me! I don't want to be like this for the rest of my life!" Knowing that the man had no choice, the woman began to ask Huan 'er for help.

Huan 'er wanted to help her, but she couldn't do anything about the stubborn pie and big bowl. After thinking for a while, she could only make her own decision. "Why don't we ask my ancestor to think of a way?"

"Good, good! Sister Huan 'er, I'll have to trouble you!" A certain woman immediately tried to please Huan 'er. Her careful flattery also made Huan 'er's pride and arrogance swell rapidly. So, Huan 'er's head was hot, and she led the group to the middle-aged man's room.

Hearing the purpose of her visit and looking at the troublesome Huan 'er, the middle-aged man's heart was in a dilemma. At this moment, he had never felt so regretful before. There were so many juniors in his family. Of all people, why did he have to bring an idiot?

Not only was he stupid, but he also couldn't see the situation clearly!

Didn't he know that he had been trying to please the three babies? He actually betrayed her! The most important thing was that the pie incident was too unbelievable and too fantasizing. If this matter caught the eyes of some people, the three little babies would be in trouble!

Originally, no one knew about this matter, so naturally, it was impossible to find out that the three were involved. However, with Huan 'er's actions, so many people knew that the pie incident was caused by the three little children. Now, he was afraid that he could not help to hide it even if he wanted to.

Although he was also curious about how the pie and the large bowl had grown on a certain woman's head, as if she was practicing acrobatics, he would not ask. Who didn't have secrets? However, even if he didn't ask, it didn't mean

that others didn't want to know. Once those people wanted to know, endless trouble would come to them.

Thinking of this, the middle-aged man couldn't help but sigh. Then, he deliberately looked at the pie and big bowl on a certain woman's head. Although he wanted to laugh in his heart, he knew that this was not the right time, so he could only shake his head solemnly and said, "I can't do anything about this!"

"Senior, please help me! I don't want to be like this for the rest of my life!" Hearing the other party say that there was nothing he could do, a certain woman hurriedly continued to plead with tears in her eyes like a frosted eggplant.

"I really don't have a choice. How about surgery? Doctors have the right to speak about surgery!" The middle-aged man suggested as he looked at the doctors in the room who were looking forward to him.

SUPREME CRAZY WIFE

Chapter 3084 The Three Busy Amusement Parks (1)

When the doctors present heard this, they immediately showed constipated expressions on their faces, and their hearts were even more miserable as if they had eaten yellow lotuses. They could not handle this woman! They had thought about the operation, but the woman refused to let them touch her. What could they do?

Later, the woman named Huan 'er came and said that she knew who did it. She also said that if they found the mastermind, there should be a way to get the pie and a large bowl from a certain woman's head. The doctors who were

extremely curious about this matter also came out of their rigorous scientific attitude. Why did they go back to the surgery now after going around in circles?

If they could really perform the surgery, would they still waste so much time?

At the thought of this, the doctors' expressions turned even uglier.

Seeing this, the middle-aged man couldn't help but ask, "What? you guys can't do this surgery?"

"....."

The doctors smiled bitterly. This was not a matter of whether they could maintain a good relationship or not.

"Uh! Since he couldn't do it, then forget it! Otherwise, if something really happens, you won't be able to explain it to the patient's family!" The middle-aged man thought for a while and then said.

The doctors saw that he had misunderstood and were too lazy to explain. However, when a certain woman heard this, she immediately wailed and said, "Wuu ... Senior, you can't leave me alone! Sister Huan 'er clearly said that you would have a way!"

"Huan 'er?" Upon hearing this, the middle-aged man immediately glared at Huan 'er, and his face instantly darkened.

Huan 'er's heart skipped a beat when she saw this. Then, she turned to a certain woman in anger and said loudly, "When did I say that the ancestor would definitely have a way? I only said to let the ancestor think of a way. Now that the ancestor can't help you, you can just think of other ways. Why do you have to accuse me!"

"Sister Huan 'er!" Seeing that Huan 'er had suddenly turned hostile, the woman was a little confused. Seeing this, the man hurriedly apologized to

Huan' er, and then dragged the extremely reluctant woman out of the middle-aged man's room.

Seeing that the main characters had left, the doctors naturally had no reason to stay, so they followed the couple and left.

Seeing that all the outsiders had left, the middle-aged man's face darkened. When Huan 'er saw the old ancestor's appearance, she was so scared that her little heart trembled, but she could not say a word to defend herself! She couldn't understand why this was the result. She clearly wanted to give the three little kids a chance to admit their mistakes! Now, it seemed to be her fault.

Huan 'er was very aggrieved, and her eyes gradually turned red.

"Do you know where you went wrong?" The middle-aged man asked indifferently when he saw Huan 'er's expression.

"Huan 'er doesn't know!" Huan 'er sobbed, feeling wronged.

Hearing this, the middle-aged man almost lost his breath and fainted! "You bastard!" He really wanted to curse. He thought that Huan 'er already knew where he was wrong and repented? It turned out that she didn't realize that she was wrong at all, and instead felt wronged!

At this moment, the middle-aged man regretted his judgment even more. Why did he think that Huan 'er was talented and intelligent in the past? Now, it seemed that he was clearly an idiot! And a self-righteous fool!

Taking a deep breath, the middle-aged man calmed his turbulent heart and pointed out, "You shouldn't have gone to the hospital on your own and even betrayed those three little guys!"

"Ancestor, I just wanted to give those three little fellows a chance to realize their mistake. Their behavior was wrong! They've already been brought up

badly. While they're still young, we should work hard to establish the correct values in them. Otherwise, who knows what they'll do when they grow up!" Huan 'er bit her lip as she explained, her face looking even more aggrieved. She felt that there was nothing wrong with what she had done.

"Don't meddle! I think those three kids are pretty good, at least they're much smarter than you!" Hearing Huan 'er's explanation, the middle-aged man was so depressed that he almost vomited blood. He told the truth.

When Huan 'er heard the old ancestor's words, she was even sadder. Did the old ancestor not understand her anymore? Was the old ancestor's view of the world also crooked?

It could be said that at this time, Huan 'er had already fallen into her infinite grievance mode. Fortunately, the middle-aged man did not know how to read minds. Otherwise, if he knew that Huan 'er thought of him in her heart, he would be depressed to death!

Who was the one who had a problem?

Finally, the middle-aged man, who could no longer bear it, finally said to Huan 'er, "Huan 'er, don't follow me anymore. Go back to your family first!"

"Old ancestor ..." Huan 'er's beautiful face was filled with disbelief. Old ancestor actually asked her to leave? how could she do that? If she really returned home like this, the people in her clan would definitely laugh at her! No! She couldn't just go back like this!

Huan 'er tried to salvage the situation, but the middle-aged man had already made up his mind. He then drove Huan 'er out of his room.

The next morning, the middle-aged man did not see Huan 'er again, so he thought that she had returned to the family. Suddenly, he felt relieved.

When he saw the three little kids, it was already close to noon. The middle-aged man's mouth twitched when he heard that the three of them had come out to have breakfast.

Looking at the sun hanging high in the sky, the middle-aged man couldn't help but remind him, ""It's almost noon now. "

"So what if it's noon? we just want to have breakfast!" Saint Rui glanced at the middle-aged man and said unhappily.

It could be said that he was taking his anger out on her again.

When the middle-aged man heard this, he could only silently curse in his heart. Breakfast!

Being young was willfulness!

The middle-aged man, who had tacitly agreed to the three children's behavior, wanted to have a good chat with the three of them. So, he ignored the obvious annoyance on the other party's face and shamelessly insisted on having breakfast with the three of them.

The three of them looked at each other helplessly and ignored each other's existence. If you want to follow, then follow!

During breakfast, the three of them fully adhered to the essence of not speaking while eating. Every time the middle-aged man wanted to speak, Saint Rui would throw a look at him, and the middle-aged man could only shut his mouth.

When the other party finally finished his breakfast, the middle-aged man felt that he could finally talk, right? However, just as he was about to say a word, Rui Sheng said, ""If you want to be a follower, you'd better shut your mouth!"

A ... Follower?

The middle-aged man could not help but widen his eyes, and the corners of his mouth twitched even more violently. Alright! Although he didn't want to admit it, he was really a shadow! He had been to several cities with these three, sob ... It was really sad to think about it!

"I just want to have a talk with you!" The middle-aged man explained.

"We're very busy. We don't have time to talk to you now. " Rui ze replied.

"Uh! So what are you guys doing now?" The middle-aged man asked. Why did he feel that these three kids were busier than him, an ancient martial arts expert?

"We're going to the amusement park!" Rui Jin said with a smile.

SUPREME CRAZY WIFE

Chapter 3085 The Three Busy Amusement Parks (2)

"An amusement park? It's already afternoon, we won't be able to go to the amusement park for long at this time, right?" The middle-aged man reminded him. Although he had lived for so long, he had never been to a place for children to play, but he had common sense. If he wanted to play, he had to go in the morning!

"It doesn't matter. We can't finish all the events in one day anyway, so we plan to play for three days." Saint Rui explained. According to his research on the internet, the ticket to the amusement park on Planet Blue could last for three days, but in fact, two days was enough to finish all the events. So, it was just right to go now!

However, it was best to have an adult to bring them to the amusement park. Otherwise, the three of them might not be able to enter. The amusement park was different from a hotel. As long as they had money, they could stay in a hotel. However, they couldn't enter an amusement park without a parent. They couldn't even enter the gate of the amusement park. After all, this was related to safety! Regarding this, Saint Rui could understand.

But they had no parents!

At first, Rui Sheng was worried that there were no adults to bring him to the amusement park, but after seeing the middle-aged man, he felt that he had a parent!

Let this man be their parent and take them out to play! Just treat it as making up for the harm that stupid woman had caused them!

Saint Rui did not take advantage of the middle-aged man's guilt at all. Instead, he smiled and asked again, "Do you want to go together?"

"Alright!" After receiving Saint Rui's invitation, the middle-aged man agreed without thinking. At the same time, he was extremely excited. The little kid is inviting me! Did this mean that the three of them had started to accept him?

In the face of the middle-aged man's unusual excitement, the three children smiled and did not say anything.

With the middle-aged man as a Coolie, the three of them didn't have to worry about anything at all. All they had to do was wait to enjoy.

As a result, the small tasks such as finding the tools and buying the tickets fell on the middle-aged man's shoulders. The middle-aged man was not tired of it and even felt very happy in his heart. After all, the opportunity to be so close to the little baby was given by the three of them!

At this moment, he did not realize that he was the one being used.

With their parents' guidance, the three children entered the amusement park without any trouble.

As soon as they entered, Rui Sheng and Rui ze disappeared into the crowd like mud cows entering the sea. The middle-aged man was not worried at all, because he had followed the three children to many cities and naturally knew that they would not be lost in this world. However, the quiet children beside him had aroused his interest.

Lowering his head, he looked at Rui Jin with a gentle gaze, and asked curiously, "Little guy, why don't you go and play?"

Hearing this, Rui Jin raised his head to look at the middle-aged man, and calmly replied, "I just want to be a handsome man in peace!" After saying that, he took out a red fruit from his small backpack and started to gnaw on it.

"....."

The middle-aged man was flustered, and at the same time, he couldn't help but stare at Rui Jin with his eyes wide open, thinking to himself, oh my! This child's words were too deep!

He still wanted to be a beautiful man in peace? You're just a little kid, okay? Of course, the middle-aged man only dared to think about it in his heart. He definitely did not dare to say it out loud. Otherwise, he was afraid that the little boy would get angry with him.

After that, the middle-aged man sat down beside Rui Jin, accompanying him as he watched him stuff food into his mouth. He couldn't help but have a thought in his heart. He felt that this child definitely didn't want to be a beautiful man in peace, but wanted to be a fat little pig that could eat and sleep in peace!

Among the triplets, the reason why he could recognize Rui Jin at a glance was because Rui Jin had a tendency to develop horizontally. That chubby little face had simply become his symbol.

Of course, he could only think about it in his heart. He would be courting death if he said it out loud!

The old and the young were unusually quiet. The young one kept eating while the old one watched with a gentle face. Rui Sheng and Rui ze, who were originally having fun, encountered a problem.

The reason was very simple. They were not old enough. The amusement park did not allow them to play some of the exciting projects, and they felt that the ones that allowed them to play were boring. As such, the two little babies were worried.

Just as the two children and the amusement park staff were in a deadlock, the two suddenly saw a child who seemed to be younger than them go play. Suddenly, the two children flew into a rage!

Later, after the staff explained, the two little kids found out that they could play those exciting events with their parents. Suddenly, their eyes lit up. They had parents!

At the thought of this, the two of them turned around and ran.

After finding the middle-aged man and his brother who was eating non-stop, Ruisheng and Ruize didn't say anything. They each pulled one of them and ran back to the roller coaster they wanted to take.

The middle-aged man did not know what was going on. He wanted to ask but did not have the chance to. Rui Jin was relatively calm. As long as it did not affect his eating, he could go anywhere!

When they reached the roller coaster, Rui Sheng pointed at the middle-aged man and asked the staff, ""With him leading us, we can play now, right?"

"Sure." The staff member didn't dare to refuse. Otherwise, if the two little kids cried and made a fuss, it would be detrimental to his work!

At this time, the middle-aged man who seized the opportunity couldn't help but ask, ""What game?"

"A roller coaster!" The staff member pointed at the attraction not far away.

"Oh!" The middle-aged man didn't have much of a reaction after taking a glance. In fact, it was mainly because he had never played with this thing before and didn't know how to react.

Seeing how calm he was, the staff thought he had played it before, so he didn't explain the excitement of the roller coaster.

After sending the four of them to the roller coaster, the staff was about to warn them about some things to take note of, but they were impatiently driven away by Rui Sheng.

She fastened her seat belt and waited for a while. The roller coaster was already full of people. Then, the roller coaster started slowly.

At the start, the speed of the car wasn't too fast. During this process, the middle-aged man who was worried about the three children even lowered his head to look at the children sitting beside him. Seeing that the three of them were very calm, and ruiqiao was still gnawing on the fruit, he was relieved.

However, not long after! When the speed of the roller coaster came up, the middle-aged man was the first to feel uncomfortable! What's with this nauseating feeling? Especially when the car turned 360 degrees, causing him to face down, the feeling of wanting to vomit became even more obvious.

At this moment, the middle-aged man unintentionally caught a glimpse of the three children from the corner of his eye. He suddenly realized that the three children were still as calm as ever. Even under such a high-speed rotation, Rui Jin was still nibbling on a fruit. At this moment, he could not help but admire the three of them.

As an adult, the middle-aged man suddenly felt embarrassed. How could he be worse than the three little kids? No, he definitely couldn't let the three of them look down on him. If he was really that useless, he could foresee that when this exciting roller coaster ride was over, the three would definitely look down on him.

With this thought in mind, the middle-aged man tried his best to suppress all the discomfort.

Finally, they reached the end of the roller coaster. When they came down, the three little kids were jumping excitedly and nothing happened. The middle-aged man's face was pale and his legs were weak.

How embarrassing! The middle-aged man really felt embarrassed, but when he turned his head and looked at the people who came down from the roller coaster, except for the three babies, everyone was in the same state as him. He suddenly felt balanced.

This should be the normal reaction, right? Right, right?

That was why the reactions of those three were definitely abnormal!

But even so, the middle-aged man still felt very upset. Why was he not even as good as the three milk babies?

In an instant, the middle-aged man's eyes welled up with tears.

At this moment, Rui Jin who was still gnawing on the fruit suddenly said, ""It's quite fun, can we play again?"

Oh my God! Hearing this, the middle-aged man wished he could just faint.

However, Saint Rui nodded his head repeatedly, "sure! You can play as many times as you want!"

There was no limit to the number of times one could play the attraction here. It was up to you if you dared to play it.

"Then let's continue!" Rui Jue smiled until his eyes curved into crescents.

"Let's go!" Rui Sheng and Rui ze pulled their brother and went to line up again.

The middle-aged man had no choice but to follow, but he still tried to persuade her, "There are so many attractions here, let's not play all at once! Go and experience something else!"

"I'm waiting until I'm done playing this!" Saint Rui's will said firmly.

Wu ... He had had enough fun. The middle-aged man was wailing in his heart, but he didn't dare to say it out loud. Otherwise, it would be too embarrassing.

However, Saint Rui asked considerately, "Don't you dare to play?"

"Who said that! I haven't played enough yet!" The middle-aged man puffed up his face and said. When he said this, he felt bitter in his heart. However, facing the puzzled look of the child in front of him, he really didn't dare to say that he was afraid! Wuuu ...

Just like that, the middle-aged man held back the overwhelming feeling of nausea in his heart and forced himself to accompany the third child on the roller coaster ride again and again.

It could be said that the middle-aged man had never been on a roller coaster before, but this afternoon made up for it.

When the three children finally had enough fun, the middle-aged man finally couldn't hold on any longer and fell to the ground. In the end, the amusement park staff helped to carry him to the lounge.

In the resting room, Rui Sheng looked at the weak middle-aged man lying on the bed with a serious face and complained, "If you can't play, then why are you showing off! You really want to save face but you're suffering!"

"Yes! You adults just love face!" Rui ze also disagreed.

"Now it's good, you've suffered!" Rui Jin agreed while nibbling on a fruit.

The middle-aged man really wanted to go crazy in the face of the three children's echoing words. He was an adult, but he was actually educated by three milk children. This kind of experience was too ecstatic!

But he was helpless. What she said made sense. He was just concerned about his face. He didn't want to be looked down upon by the third milk baby, so he had to brace himself. Sob ... He didn't want to either! The main reason was that these three were too strong! It was so strong that it didn't seem like an ordinary human baby!

It had to be said that the middle-aged man was right! Because these three children were really not the children of ordinary humans! Just think about it, which child from an ordinary human family could be so strong?

SUPREME CRAZY WIFE

Chapter 3086 Side Story, Don't Be Afraid, It's All Fake!(1)

However, although he had glimpsed the tip of the iceberg, the middle-aged man did not think too much about it. After all, that world was too far away from

him. His main goal now was to recuperate and continue to fight with these three! He didn't want to be despised by the three of them. That feeling was too overwhelming, he couldn't bear it!

After lying down for about half an hour, the middle-aged man got up from the bed without a care. Although his legs were still a little weak, he felt that he was fine.

However, seeing that his little face was still pale, none of the three children thought that he was fine.

"Don't force yourself!" Saint Rui said with a worried face.

"That's right, it's not good for the body to hold on!" Rui ze also said.

The middle-aged man was so touched that he almost cried when he saw how concerned the two of them were about him. It felt so good to have someone care about him!

Unfortunately, before he could even say his acceptance speech, he was immediately put back to square one by Rui Jin's words, because Rui Jin said: "If you can't hold on, you'll get us into trouble. We'll have to take care of you then!"

Hearing this, the middle-aged man burst into tears. He should have known that these three brats weren't that kind! Because when Rui Jin said this, the other two actually nodded their heads in agreement. This kind of truth, really made him too sad.

After struggling for a while, the middle-aged man immediately pulled himself together and promised, "I'm really fine. "

"In that case, come with us to the Ferris wheel!" Saint Rui said with a smirk.

What was a Ferris wheel? The middle-aged man said that he had never been on a roller coaster before, so he was not sure. However, he sincerely hoped

that the Ferris wheel would not be as thrilling as the roller coaster. He even felt that the third child would not be interested in things that would stimulate the heart for the time being after riding the roller coaster for so long!

Unfortunately, he was dumbfounded again when he saw the Ferris wheel!

Damn it! This wasn't a rhythm that would let people stop! Can we still have fun together?

Turning his head, the middle-aged man's resentful eyes fell on the three. Although he did not say anything, his little face was slowly turning white ...

"What, you don't dare to play anymore?" Looking at the middle-aged man's pale face, Rui Sheng said.

"....."

This little wimp was too unlikable, why did he have to be so honest?

The middle-aged man cursed in his heart, but he still braced himself and discussed, ""Of course I dare to, but I feel that it's not good for your health to be on such an exciting event after riding so many roller-coasters just now. So I think we should go and try something else first and come back tomorrow?"

While discussing, he was also deep in thought and gave himself a thumbs up for his quick-wittedness. He really felt that he might be played to death by the three little kids today. He should at least let him rest for a night, right?

Hearing the middle-aged man's words, Saint Rui just looked at him deeply and did not expose him. He nodded and said, ""Alright then, let's go and play something else."

The reason why Saint Rui said this was because he felt that he could not push the middle-aged man too hard. Otherwise, if he backed out, who would accompany them tomorrow or the day after! That was why he decided to stop stimulating the project.

The middle-aged man let go of the Ferris wheel for the time being and heaved a sigh of relief.

But then, the three kids pulled him out of the haunted house.

Looking at the scary decorations outside the haunted house, the middle-aged man was not afraid. After all, they were all fake!

When the three children saw that the middle-aged man finally had no objections, they ran in excitedly. The middle-aged man saw them and quickly followed.

It was pitch black inside the haunted house, and there was a cold wind blowing. The middle-aged man was uncomfortable from the start, but he felt better after he got used to it.

Then, he started to look for the three children inside the haunted house.

As he was searching, a sinister and terrifying head with fangs suddenly appeared in front of him. The middle-aged man, who was not prepared at all, immediately let out a sharp cry, and his little heart trembled.

"What's wrong? were you scared?" At this moment, a crisp voice sounded in the middle-aged man's ear. He was very familiar with this voice, so without thinking, he pulled the owner of the voice into his arms.

The owner of the sudden hug, Rui Jin, frowned at first. He didn't like to be hugged by outsiders, but when he felt the middle aged man's body tremble, he forced himself to endure it.

"Don't be afraid, it's all fake!" After thinking about it, Rui Jin patted the middle aged man's head and said.

"....."

The middle-aged man saw that he was being consoled like a puppy by a little boy and once again burst into tears. However, he still stubbornly said, ""I'm not afraid. I'm just afraid that you'll be afraid!"

Tsk! When Rui Chen heard this, he snorted coldly but did not rebut. He felt that there was no practical meaning in arguing with a dead duck that refused to admit its mistake, so he was too lazy to say anything.

Just like that, the middle-aged man continued to hold Rui Jin tightly in the haunted house. On the surface, he said that he was protecting Rui Jin, but in reality, without the child's company, he was afraid that he would not have been able to walk out of this creepy haunted house.

When the old and young finally left the haunted house, Rui Sheng and Rui ze had been waiting outside for a long time.

Seeing that they finally came out, Rui ze couldn't help but complain, ""You guys are really slow, we've waited so long that the flowers are about to wither!"

"It's not that I'm slow, it's this old man who's too timid and got lost!" Not willing to take the blame for the middle aged man, Rui Jin honestly said.

"It can't be?" When Rui Sheng and Rui ze heard this, their beautiful little faces were full of disbelief. The middle-aged man's face turned red and he couldn't help but complain in his heart. He really can't play happily with these three little kids!

Wu...And she still called him Grandpa!

After that, as the leader of the three milk children, Saint Rui kindly comforted the middle-aged man, ""It's okay, the ghosts there are all fake. You'll get used to it after a few more times!"

He didn't want to get used to it! Wu ... He admitted that he was timid, alright?

Having lived for so many years, the middle-aged man truly felt that he had completely lost all his face in a short afternoon! How could this be? We can't play together anymore!

In the evening, when they left the amusement park, the middle-aged man's will was still very low. Seeing this, the three-milk baby did not say anything to provoke him. After dinner, they went back to their rooms.

Before going to bed, Rui ze was still worried about whether they could go to the amusement park again tomorrow, mainly because he was afraid that the old man would back out. If they played too crazily today and scared the old man, it would not be worth it!

After knowing Rui ze's worry, Saint Rui comforted him, ""Don't worry, that old man will appear tomorrow morning. He won't stand us up!"

SUPREME CRAZY WIFE

Chapter 3087 Don't Be Afraid, It's All Fake!(2)

Saint Rui was absolutely confident in this, because he had already seen that the old man was a masochist who only remembered what he had eaten and not what he had been beaten up about. After sleeping for a night, he would naturally forget everything.

Sure enough, the next morning, the middle-aged man was already waiting outside the three milk babies 'door.

Although the middle-aged man had also thought of giving up, he was reluctant to give up when he thought of the extraordinary friendship he had formed with the three little babies after spending the entire afternoon with them. He did not

want to leave the impression that he was as timid as a mouse with the three of them. If that happened, how could he get his three outstanding disciples?

When he thought of this, even if he knew that there was a Tiger in the mountain, he had to rush up!

As soon as the three little children opened the door, they saw the middle-aged man and naturally pounced towards him in joy. When the middle-aged man saw the three children's enthusiasm, he felt that his sacrifice yesterday had not been in vain!

He felt that he had achieved perfection!

After breakfast, one adult and three children went to the amusement park early in the morning. After adapting to the situation yesterday afternoon and a night's rest, the middle-aged man thought that he had adjusted to his best condition, so he felt that he would not be as cowardly as yesterday!

In order to prove his courage, the middle-aged man took the initiative to go on the Ferris wheel.

Hearing his suggestion, the three of them were stunned at first. They looked at the middle-aged man in disbelief and thought to themselves, "what kind of evil spirit is this old man?" He actually took the initiative to ask to play such a dangerous and exciting amusement park. Could it be that he had been replaced?

The middle-aged man felt his face heat up again as he looked at the three pairs of suspicious eyes. "Little souls, don't look at me like that. I'm embarrassed!"

"What, you guys don't want to ride the Ferris wheel today?" The middle-aged man asked after calming down.

"I want to, but I'm afraid you can't take it." Rui Sheng continued to be honest as always, good children should not lie.

"....."

This brat! Why did he have to be so honest?

The middle-aged man complained in his heart, but he still said, "I'm an adult. You three kids are fine, so why can't I take it?" If he really couldn't stand it, he had to hold on!

"In that case, let's go play!" The three children cheered and ran to the Ferris wheel first.

When the middle-aged man followed him to the Ferris wheel, third baby was already waiting for him impatiently. When he saw him, he even waved at him.

Seeing this, the middle-aged man didn't dare to delay and quickly sat down in the empty seats on the side.

After fastening their seat belts and waiting for the seats to be filled, the Ferris wheel began to turn slowly. In the beginning, in order to give everyone a chance to adapt, the speed of the Ferris wheel was not as fast as a roller coaster. However, a few minutes later, the speed of the Ferris wheel increased.

After countless 360-degree turns, most of the people on the Ferris wheel began to feel dizzy. Their eyes were full of stars. Some people even began to vomit on the Ferris wheel. The situation was even worse than a roller coaster.

As an adult who cared about his face, the middle-aged man had been holding back the feeling of vomiting. The three children were still fine as if they had been yesterday.

When the Ferris wheel stopped, many people were helped down, and the middle-aged man was no exception. Not only that, but he was also helped

down by three little children. The scene was so beautiful that people did not dare to look at it directly!

However, the three of them were quite considerate. While the middle-aged man was resting, they didn't say that they would go play a few more times. It wasn't until the middle-aged man looked much better that the three of them asked to continue playing.

The middle-aged man opened his mouth and wanted to refuse, but he was too embarrassed to say it. On the other hand, the three children kindly said, ""You can just sit down and wait for us!"

After saying that, the three of them left him behind and ran away.

As he watched the children leave, the middle-aged man felt lonely. He felt that he was being despised again, but as long as he thought of the terrifying Ferris wheel, he did not have the courage to catch up.

Half a day had passed by the time the three of them were done playing the game.

After lunch, the middle-aged man had a good rest, but when he wanted to accompany the three to other events, the three rejected his proposal and said, ""There's nothing too exciting. I don't need an adult to accompany me. You can go and rest!"

Have a good rest!

This tone of dismissing an old man made the middle-aged man want to go crazy. He wanted to say, don't abandon me like this! He was still very young.

Unfortunately, the three of them didn't listen and ran away without a trace. For the entire afternoon, the middle-aged man had completely become the background of the amusement park. He sat alone in the corner, secretly worried.

On the third day, the middle-aged man wanted to change the situation of being abandoned, but the third baby did not give him a chance. As soon as they entered the amusement park, they ran away without a trace.

Helplessly, the middle-aged man could only search for them one by one.

By the time he found the three, they had already gone on the roller coaster.

When the middle-aged man saw this, he wanted to go up and accompany them, but he was stopped by the staff member. The staff member said to him in a serious tone, ""You better forget it! We don't want to carry you into the lounge again. "

It was clear that the middle-aged man had already been labeled as weak in the staff's heart.

Hearing this, the middle-aged man's face darkened, and the villain in his heart burst into tears. It seemed that his cowardly situation could not be reversed.

On the third day, the middle-aged man was in low spirits.

After returning to the hotel, the three consoled him again, ""Being timid is not a big problem. Don't be dejected."

"I'm not a coward," The middle-aged man explained in a low voice, but his voice was so weak.

"Alright! You're just afraid. " Saint Rui nodded his head in understanding.

"I'm not afraid either!" The middle-aged man argued again.

"Not afraid? Then, do you dare to play something more exciting with us?" Hearing this, Saint Rui asked.

In the past three days, the three brothers had gotten addicted to the exciting events.

"Do you still want to go to the amusement park?" The middle-aged man quickly asked.

"No, let's go to a different place this time. How about it, do you dare?" Saint Rui asked with a smile.

"What's there to be afraid of?" The middle-aged man raised his head proudly. There was no reason for him to be afraid of a place where even three children dared to go!

"Alright, let's go bungee jumping tomorrow!" After making the final decision, Rui Sheng pulled his two younger brothers back to their room to rest.

The middle-aged man's mind was filled with bungee jumping, and he was also wondering what bungee jumping was. This seemed to be something he had never played before.

Logically speaking, the internet on planet netherblue was quite advanced. If there was anything that he did not understand, he could just search the internet and find out. However, the middle-aged man was an internet idiot, so he did not even think of going online to search.

It didn't matter if he didn't know how to go online. Some of his juniors must have played bungee jumping before!

He took out his phone and made a call.

When the call connected, the middle-aged man asked directly, ""What's bungee jumping?"

Hearing the question from the ancestor, the person on the other end of the phone was silent for a minute, and then began to explain. He said a lot of things, and the middle-aged man only felt that his head was buzzing. Other than remembering the words "thrilling", he did not understand anything else.

Finally, the middle-aged man ordered, "send a junior who likes bungee jumping here. Immediately. Remember, a man!" Brainless women and the like, get lost!

The person on the other end of the phone was stunned by the gender requirement of the ancestor, but he still agreed readily.

The next day, when the three of them saw the middle-aged man, they were surprised to find a young man in his early twenties beside him. The man was handsome and his dark, Starry Eyes were full of curiosity as he sized up the three of them.

The three of them were also very curious about him, because if they remembered correctly, wasn't this strange uncle Shuli followed by a stupid woman? Why was it a man now? Could it be that the stupid woman had changed her gender?

The three brothers could be said to have telepathy, with just a look they knew what each other was thinking. Therefore, even though the two brothers did not open their mouths to ask, but the dazed and cute Rui Jue could not help but ask: "Grandma, did you have plastic surgery? And changed his personality?"

"....."

Hearing this, half of the middle-aged man's face began to Twitch. The young, handsome man widened his eyes in disbelief. Old granny ... Who was she calling? Who had plastic surgery? Who changed their gender again?

The little handsome boy felt that the other party was definitely not talking about him! But why was the little boy looking at him? There weren't any flowers on his face!

"I'm talking to you!" Seeing that the other party was ignoring him, Rui Chen looked at the little handsome boy with a wronged expression.

Ugh! This time, the little handsome boy finally reacted. She was really talking to him!

Oh ... Buying cakes! This was too horrifying!

Looking at the little handsome boy's expression, Rui Jin thought that he had guessed correctly, and even said, ""Old grandma, why do you have to do this! I can recognize you even if you change your avatar. You'd better change back! You're not suitable to be a man. "

"..." Half of the middle-aged man's face twitched even more violently. Could he say that the little boy did it on purpose? However, the child's beautiful face was extremely sincere and serious. He simply didn't know what to say.

The young handsome man was also petrified for a long time. When he finally came back to his senses, he said weakly, ""Little friend, I've been a man for more than 20 years. Wu...You've got the wrong person. I'm not the old grandma you're talking about!"

"What?" When Rui Jin heard this, he furrowed his little brows and had a dazed look on his face.

"Cough, cough! Little ruiqiao! He really isn't the same person as before. He only arrived last night. " The middle-aged man coughed twice to attract the attention of the lower three before he began to explain.

"A new person? It's not plastic surgery or a sex change?" Saint Rui confirmed.

"It really isn't! I'm a real man! You're a real man!" The young and handsome man quickly said.

"I see! We'll believe you for now. " Saint Rui smiled like a cunning little fox.

Oh my God! It had not been easy. She finally believed him. The little handsome boy instantly felt satisfied, but ... Why was it only temporary?

[SUPREME CRAZY WIFE](#)

Before the young handsome boy could figure it out, the three children refused to continue the topic and urged them to quickly take them to go bungee jumping.

The best place for bungee jumping, Saint Rui had already found out through the internet, it was on a mountain called daylily.

On the way, the more the little handsome boy thought about it, the more depressed he became. He wanted to ask about his temporary doubts several times, but the three of them ignored him at all, which made him quite helpless.

The little senior brother thought that he was beautiful, but he was defeated in front of the three little children, which made him very conflicted. However, he also confirmed the identity of the old grandmother that the three little children were talking about from the old ancestor's mouth. It was just as he had guessed. As long as he thought of a narcissistic old woman being called an old grandmother, his heart actually felt a little excited.

Then, the little handsome boy glanced at the third baby, who had his eyes closed as if he was resting, and his heart was in a dilemma again. Although a certain woman was called an old granny, it seemed that he, a young and beautiful little handsome man, was not treated well either!

At this moment, he would never have thought that the ancestor he respected was not any better than him. However, the old ancestor had already warned him before that he would take these three little babies as his disciples, but he had not succeeded yet, so he had carefully warned him not to provoke them and to coax them.

It had to be said that when he first heard this news, the little handsome man was quite shocked. Of course, he was not shocked that the old ancestor wanted to take in disciples, but that the old ancestor, such a famous person in the ancient martial arts world, had not managed to get the three in front of him! If the people in the clan knew about this, they would be furious!

Thinking of this, the little handsome man couldn't help but look at the old ancestor again. He had a very complicated feeling in his heart.

"You brat, focus on driving. Why are you looking at me?" Receiving the little handsome boy's gaze, the old ancestor said with a slight displeasure.

Ugh! I can't even look? The little handsome boy was a little speechless. Was the old ancestor shy?

"The old man is shy, little guy, don't look around!" At this moment, a voice came from the back seat, confirming the little handsome boy's guess. Although he didn't know who spoke, the word "old man" from the other side still made him confused for a long time.

Old grandpa!

Was this how the ancestor addressed him?

The handsome boy glanced at the middle-aged man again, but he quickly looked away.

Seeing that his ancestor wasn't angry when he heard the honorific title of an old man, the little handsome man couldn't help but be amazed.

Fortunately, the handsome boy quickly put away his curiosity and focused on driving. It wasn't that he didn't want to think about it anymore, but he was afraid that if he continued to be curious, the old ancestor would be angry from embarrassment!

After driving for nearly an hour, they arrived at The Forgotten Mountain.

At the foot of the mountain, after buying the tickets, the handsome boy took the old man and three children into the elevator. However, just as he was about to press the elevator floor, a small hand beat him to it and pressed a number key. Then, the elevator started.

Looking at the number of layers pressed by a certain hand, the little handsome boy's mouth was wide open, and he couldn't react for a long time. However, his back was facing the middle-aged man, so the middle-aged man did not see his expression.

Oh my God! Directly to the highest floor! This was going to be a hit!

The little handsome boy was silent, not knowing what to say. The elevator had a total of ten floors. Other than the first floor, the other nine floors all had bungee jumping points, but the distance between each floor was about a thousand meters. The highest floor had a bungee jumping range of more than eight thousand meters, more than eight thousand meters! It was several times higher than a hundred-story building!

Just thinking about that distance made the little handsome boy's legs cramp. Although he liked bungee jumping and the thrill of it, it wasn't that exciting yet! More importantly, so far, no one had ever dared to bungee jump on the top floor!

Only those who had lived long enough would go bungee jumping on the top floor! Ordinary people would have been scared half to death!

What should he do now? The little handsome boy was at a loss, but he didn't dare to press the other levels. He couldn't be less courageous than a baby, right?

Sob ... After silently crying in his heart for a while, the little handsome boy gathered his courage and turned around. He forced a smile and said, "Little guy, let's go to the second floor to play, okay?"

"Second floor? That's so boring!" Saint Rui did not even think and said directly.

"What about the third level?" Seeing that the other party didn't agree, the little handsome boy continued.

"I'm not going!" Rui ze opposed.

"Fourth level! I can't go any higher!" The little handsome boy made up his mind and said, "I'm going all out. I've only played to the fifth level!" He had to give him some time to adapt so that he wouldn't be too high-end all of a sudden and his heart wouldn't be able to take it!

The three children shook their heads in unison.

At this moment, the middle-aged man also felt that something was amiss. He asked, ""What's wrong?"

"Ancestor, the three of them are going to the top floor!" The handsome boy said with a bitter face.

"Oh! Then go!" The middle-aged man quickly said.

This was truly the case of the ignorant being fearless! After hearing his ancestor's words, the little handsome boy couldn't help but curse in his heart. However, he also knew that his ancestor didn't know much about bungee jumping, but now was not the time to explain it in detail to his ancestor. The little handsome boy was very regretful at this moment. He should have explained it to his ancestor earlier, but now ...

As if sensing his thoughts, the little handsome boy immediately received the disdainful gazes of the three little children. Suddenly, he did not dare to speak carelessly. At the same time, the elevator stopped at the top floor.

When the elevator door opened, the three of them immediately rushed out.

"Yo! There's really someone who dares to come and court death!"

"....."

As soon as the middle-aged man stepped out of the elevator, he heard a surprised voice.

What was the meaning of this?

The middle-aged man turned to look at the handsome boy and asked with his eyes.

The little handsome boy's eyes drifted away, not daring to look at the middle-aged man. This time, the middle-aged man's reaction was slow, but he also felt that something was wrong.

Who could tell him what it meant by someone who dared to come and court death? It's just bungee jumping, right? Could it be that his life was in danger?

The middle-aged man was very depressed, but seeing that the three of them had already run out of the elevator, he did not dare to ask too much to show his ignorance, so he could only brace himself and walk out of the elevator.

The little handsome boy's heart trembled as he followed behind, not even daring to look at the old ancestor.

The one who spoke just now was a man in his 30s. When the middle-aged man saw him clearly, the three of them had already greeted him politely.

The middle-aged man was a little jealous when he saw the three of them being so enthusiastic about a certain man.

"You bastard!" He had known the three children for so long, but he had never seen them so enthusiastic about him!

With a dark expression, the middle-aged man took the initiative to walk to the side of the man who spoke and said loudly, ""We're going bungee jumping!"

"No problem!" The man's eyes lit up as he looked at the middle-aged man and said excitedly. Ever since their company started bungee jumping here, no one had come to his floor to bungee jump! It could be said that he had been waiting for this day for so long that the flowers had wilted! Now that there was finally someone who was not afraid of death and came to challenge this level, how could he not be excited?

SUPREME CRAZY WIFE

Chapter 3089 Side Story, It's Your Turn!(2)

Unfortunately, while the staff member was excited, the little handsome boy who heard his ancestor's words was deeply worried. However, in front of outsiders, he did not dare to remind the old ancestor that this level was very dangerous. Otherwise, where would the old ancestor's face be when he said this!

The staff member quickly took out a contract for the middle-aged man to sign. The middle-aged man looked at the contract in the other party's hand and his heart trembled. What kind of contract was this?

Seeing that the most eye-catching title on the contract was the guarantee of no responsibility for accidental death, the middle-aged man suddenly felt uncomfortable and his heart sank.

At this moment, if he still couldn't feel anything, then he had really lived all these years in the stomach of a dog!

"Sign it! Sign it! Quickly sign it! After you sign this letter of responsibility, you can bungee jump!" Seeing that the middle-aged man was stunned, the staff member tried to coax him.

Looking at the other party's expression, it was as if grandmother Wolf was trying to abduct Little Red Riding Hood. The middle-aged man's expression was inexplicable. Could he go back on his word?

Just as the middle-aged man was thinking about this, Rui Sheng grabbed the letter of responsibility and handed it to the little handsome man, "You sign it, quickly sign it! They asked for an adult's signature, or I'll sign it!"

The little handsome boy was sweating profusely. Why did she have to find him! Wuuu ...

He didn't want to sign it, could he? He was still young and didn't want to die yet!

Although this level of bungee jumping might not necessarily be a problem, it was really too high up. To sign this thing before bungee jumping, even a normal person would not be able to do it. After all, this was too unlucky. But if he did not sign it, he would not know what to do in front of Rui Sheng's expectant eyes.

Looking at his ancestor helplessly, the little handsome boy wanted to cry but had no tears.

"We don't want to sign this, but we still want to play!" The middle-aged man said domineeringly after receiving the little handsome boy's pleading gaze. He also felt that signing that thing was too unlucky. He hadn't even played yet! Why did he think of death first? Can't you just let me have fun?

"I'm sorry, but the company has a rule that if you don't sign the letter of responsibility, you can't bungee jump on this floor. " The staff member could only say.

"Hmph! If you don't want to play, then don't!" The middle-aged man snorted. This was exactly what he wanted!

But when he said he didn't want to play, the three little kids wouldn't do it!

"If you won't let us play, then we won't leave today!" As the Big Brother, Rui Sheng spoke out the thoughts of the three brothers.

"Saint Rui, it's not that I don't want you to play, but he doesn't!" The middle-aged man pointed at the staff member and said innocently.

Shameless! He was truly shameless!

Hearing this, the staff member cursed in his heart, but he put on an innocent face and said, ""The company has its rules! You can't blame me for this!"

"If I don't blame you, who else should I blame?" The middle-aged man roared.

"..." This was definitely the real-life version of the villain complaining first!

The staff member felt wronged and turned his eyes to the three of them. ""Little guy, I really can't let you play if your family doesn't sign it. Please understand our job and long live your understanding!"

"Yes." Saint Rui nodded his head to show that he understood. He then looked at the middle-aged man and said, ""Just sign it. Why are you thinking so much?"

Sensing that the little boy was a little dissatisfied, the middle-aged man could not help but look at the little handsome boy with an inquiring look. However, the little handsome boy avoided his eyes and never looked at him in the eye. He was so angry that he almost cursed out loud.

Fortunately, the middle-aged man was prideful and did not curse out loud. Then, under the anticipation of the three clear eyes, he signed his name on the letter of responsibility.

Seeing that he had signed it, the staff member immediately smiled.

"We can play now!" The smiling staff member reminded him.

As soon as he finished speaking, other staff members came to help them put on their equipment. Because the three babies were still young, according to the rules, they had to be accompanied by their parents before they could bungee jump. Therefore, they were wearing matching equipment. The two pieces of equipment, one big and one small, were connected together. However, now that there were three babies, one of them would always be left alone. Seeing this, the staff was a little worried.

"I'll play by myself!" Seeing that the staff was in a difficult position, Saint Rui was very understanding.

"No, this is not in accordance with the rules!" The staff member immediately refused.

"Rules are dead, but people are alive!" Saint Rui reminded.

"....."

The staff member still did not dare to agree!

Saint Rui was a little angry!

He glared at the staff with his fire-breathing eyes and threatened, ""If you don't let me play by myself, I'll just jump down from here! By then, your company will be famous!"

"....."

Oh my God! The little boy was actually threatening him!

The staff member was confused and did not know what to say!

After some thought, the staff member gave an idea. "Don't be rash. You can wait for them to finish their dance before playing with you!"

"One more time? Do you think they'll dare to jump a second time?" Saint Rui sneered, his clear eyes were full of contempt.

Rui ze and Rui Qiao nodded in agreement, while the two who were looked down upon were extremely depressed.

Needless to say, the middle-aged man and the little handsome boy also knew that they were the people who Saint Rui said would not Dare to Dance a second time! But were they really that cowardly?

The middle-aged man was not convinced and said, "Saint Rui, after I'm done dancing with Ruixin, I'll play with you again. It's just bungee jumping! What's the big deal!"

The little handsome boy didn't dare to say that. In fact, he didn't even dare to jump once, but now he was in a difficult position. If his friends knew that he went to the top of the forgotten serene mountain, but took the elevator down, he would lose all his face. More importantly, if he dared to say that he didn't want to play anymore, he was afraid that his ancestor and the three little kids wouldn't let him off. So he could only drive the duck to the perch. Now that he heard his ancestor say that, he really admired his ancestor!

An idol! The old ancestor was definitely his idol!

After the middle-aged man finished speaking, although Saint Rui still doubted his integrity, he still nodded in agreement. However, he was quite depressed in his heart. You're too young to play to your heart's content! When would he really grow up?

I really want to grow up!

With the desire to grow up, Rui Sheng accompanied the two teams of fully armed challengers to the edge of the cliff.

At a glance, the cliff was so deep that he couldn't see the bottom. Instantly, the middle-aged man had a bad feeling. This place was so high! Before this, he had not noticed that they had already reached the top of the mountain. But now, he could not even play dumb!

Damn it! Would he still be alive after jumping from such a high place? No wonder he had to sign the letter of responsibility! At that moment, the middle-aged man understood everything!

He turned to look at the handsome boy who was standing beside him, his face already pale. Then, he looked at the excited children. The middle-aged man wanted to retreat, but it was like a Fishbone stuck in his throat, and he could not say it.

"This place is so high up, aren't you afraid?" The middle-aged man couldn't help but ask.

"You're afraid? If you're already so scared from the roller coaster and Ferris wheel, then it's even more so here. " Rui ze expressed his understanding.

The middle-aged man's face darkened after hearing that! Could this matter not be brought up again? He really wanted to go crazy.

"Don't be afraid, I'll protect you!" Knowing that the middle-aged man was afraid, Rui Jin considerately touched his head and said.

Feeling that he was being touched on the head like a puppy again, the middle-aged man roared in his heart! He was not afraid! He was just afraid of heights, alright? In addition, to be protected by a little boy, this feeling was too overwhelming! He wanted to cry!

"I'll protect you too. " Ruize, who also felt the little handsome boy's body trembling, also imitated his brother and touched the little handsome boy's head.

"Thank you!" The little handsome boy wanted to cry but had no tears. This feeling of being protected by someone really didn't feel good. Of course, if the other party was not a little boy, he might still be able to accept it. But the other party was a little boy!

"Don't dawdle! Hurry up and jump down!" At this time, Rui Sheng, who was a little impatient from waiting, urged.

The middle-aged man took a deep breath. He was going all out! Then, he closed his eyes, tightened his arms around Ruijin, and jumped down.

The speed of their fall was extremely fast. In the blink of an eye, the old and the young disappeared without a trace. However, the Echo of the scream was clearly transmitted into the ears of the few people on the mountaintop. When the little handsome man heard this familiar scream, his legs and stomach went soft.

"It's your turn!" Rui Sheng said to the little handsome boy.

"I, I ..." The little handsome boy stammered. Could he say that his legs had gone soft?

Seeing him stammering and stammering, Rui Sheng smiled understandingly. Then, he lifted his leg and kicked the little handsome boy's butt. Then, the little handsome boy fell down the cliff with his head facing down.

"Ah!"

Hearing the ear-piercing scream, Saint Rui clapped his hands as if he had just completed a major event in his life.

The staff member looked at Ruisheng's actions, and his mouth twitched. This child, this child is really bad! Don't think he didn't see that the two adults didn't want to jump at all, but they didn't want to lose face. Sigh! At this moment, the staff member's mood was very complicated.

Half an hour later, the middle-aged man returned to the top of the mountain.

He, who felt like he had just survived a disaster, was in a very low state at the moment, as if he had been stimulated by something. His entire person was listless and listless.

"What's wrong, did you get cooked?" Saint Rui looked at him and asked in confusion.

"....."

This brat! After a moment of silence, the middle-aged man did not make a sound. However, when he thought about how he had to beat again, his heart clenched in panic. Woo ... Just now, he thought that he was about to die. The feeling of his blood flowing backward and his heart beating uncontrollably was really not good. What made him feel even worse was that he was scared half to death, but the little ruiqiao in his arms was fine. When she was hanging in the air, that little fellow actually had the mood to comfort him. This was really, comparing people to milk babies, it was really infuriating!

The middle-aged man, who was emitting a faint sorrow, stared at the two babies in front of him for a long time with a complicated gaze. It was only when the handsome little boy and Ruize returned that he snapped back to his senses.

Seeing his Junior's pale face and being carried back to the top of the mountain unconsciously, he felt a lot better. Fortunately, he was not the most embarrassing person. However, when he saw the lively Rui ze standing beside the little handsome man, his mood became bad again.

Up to this point, he still couldn't understand how these three could be so bold. Were they not afraid at all? Was there anything in this world that could make them afraid?

SUPREME CRAZY WIFE

Chapter 3090 Side Story, They Really Put In A Lot Of Effort (1)

The answer was no!

The third child had already been brought to his territory by his father for a few rounds. He had seen everything before, so why would he be afraid of bungee jumping at this height?

Not only was he not afraid, but he also found it quite fun. Unfortunately, the middle-aged man did not know about this, so he could only look at the three of them with a faint sorrow and resentment, especially Saint Rui.

The middle-aged man's eyes clearly said, "dear, stop playing. It's not fun at all!"

Saint Rui ignored the pleading look in the middle-aged man's eyes and said, "I'm the only one who didn't get to play. It's a pity that a certain someone won't let us play by ourselves!"

After saying that, Rui Sheng shyly glanced at the innocent staff member who was shot. Suddenly, the staff member's whole body trembled. Then, he received a sharp glare from the middle-aged man and a deep resentment from the other party's body.

A certain someone who was unjustly accused also felt very aggrieved. What could he do? What had he done to deserve such injustice?

At this time, the middle-aged man took a big step forward and pulled the staff to the side to negotiate.

The three of them looked at this scene and secretly laughed. They walked over to the unconscious handsome boy and prepared to watch him.

Perhaps the three pairs of eyes were too hot, the unconscious little handsome boy woke up not long after. When he woke up, the little handsome boy was still a little confused and asked in a daze, "I'm dead?"

"Yes, you're scared to death." Rui ze couldn't help but roll his eyes as he threatened.

When the little handsome boy heard this, his originally dazed eyes suddenly dimmed a little. Then, he burst into tears.

"Wuu ... Why am I so scared? My life has just begun! I haven't even gotten married and had children yet, how can the heavens be so cruel? It was not fair! It was too unfair! "I want to file a complaint, I want to protest ..." The little handsome boy cried and howled, his mouth still shouting non-stop.

The three of them listened to his mumbling and their eyes widened. Their beautiful little faces were full of disbelief. Who is that ... We don't know him! He really didn't know her!

Turning his head, the three little faces were slightly red. They were all embarrassed for the little guy. The middle-aged man and the staff not far away naturally heard the little handsome guy's mumbling. Suddenly, the middle-aged man's old face turned red, and he wanted to find a hole to hide in. The staff members present all had their mouths wide open, and their expressions were the same as the three, even a little exaggerated.

In the end, the middle-aged man couldn't take it anymore. When he saw that the little handsome man was not going to stop, he stepped forward and punched the little handsome man's head. The little handsome man felt a pain in his head and looked up angrily at the murderer who had attacked him. When he saw him, he was stunned and said, "Old ancestor, are you dead too? Wu... Luckily I'm not alone!"

"Die your head! We're all alive and well!" The middle-aged man roared angrily.

"Uh! We didn't die?" The little handsome boy was a little dumbfounded. Tears welled up in his eyes, but he didn't dare to let them fall.

"He didn't die!" The middle-aged man said in an unpleasant tone.

"Then ..." Why did the little boy say that they were dead?

Looking at the calm little boy, the little handsome boy did not dare to ask his question. However, the middle-aged man also understood what he meant. He glared at him and said loudly, "'I'm just teasing you!"

Was she teasing him?

The little handsome boy was so depressed. Since when did he become the object of others 'teasing? The ones who teased him were the three little kids! This fact hurt his self-esteem too much. Sob ... Thinking of this, the little handsome man choked up again.

However, in the face of the Furious ancestor, the three people who were watching the show, and the staff present, the little handsome man really did not dare to cry again. However, he also knew that he had lost all his face today, and the main culprits who caused him to be so miserable were undoubtedly the three milk babies. However, when he recalled that the old ancestor was not much stronger than him, he immediately felt balanced.

At this time, seeing that everyone was fine, Saint Rui said with a smile, "'It's my turn to play, right?"

"....."

The handsome boy was silent. The middle-aged man wanted to play dumb, but he knew that he couldn't avoid it, so he had to force himself to say, "'Okay, I'll take you to play!"

Although he said that, the middle-aged man was still angry and helpless. Just now, after negotiating with the staff for a long time, the other party refused to let the children play by themselves. He even said that he had already jumped once, so it was okay to jump again! As a man of status, he really didn't dare to say that he was afraid. Otherwise, if word got out, where would he put his face in the future?

Just like that, the middle-aged man was once again forced into a corner.

When the middle-aged man and Saint Rui were fully armed, they closed their eyes and jumped down the cliff, the little handsome boy couldn't help but complain in his heart: "The old ancestor is really going all out in order to take in a disciple!"

While silently praying for the old ancestor, Rui ze walked up and said, "I still want to play!"

"What, what?" The little handsome boy's eyes widened and he stuttered again.

"I still want to play!" Rui ze repeated.

Can I pretend I didn't hear anything? The little handsome boy's eyes were wide open, and he didn't say a word.

"It's useless to play dumb. Equip him with equipment!" Rui ze looked at the little handsome boy and turned to the staff.

When the staff member heard this, he immediately went forward to help the little handsome man, who was already a little stiff, put on his equipment.

The little handsome boy saw that the other party was going to be hard on him and quickly stopped him, "Stop! You can't do this, I don't want to play anymore! Wu...Don't be like this!"

At first, the handsome young man's attitude was quite tough, but when he saw that the other party was completely ignoring him, he could only pretend to be weak. Unfortunately, it was useless to pretend to be weak. The staff member continued to ignore him, and a straightforward staff member even said, "You're not even afraid of three little kids. What do you have to be afraid of as an adult? don't make us look down on you!"

"What's there to despise! If you have the ability, dance for me once!" The little handsome boy shouted angrily.

"Sorry, it's working hours now, we can't play!" One of the staff members gloated.

"Bastard!" A bunch of bastards! You can't do this!

Unfortunately, the little handsome boy's resistance was futile. Very quickly, he and Rui ze were equipped and brought to the edge of the cliff. Rui ze gave Rui Qiao a look, and Rui Qiao indicated that she understood. Then, she kicked the little handsome boy's butt, and the little handsome boy re-enacted the scene of him being kicked off the cliff.

Along with the screams, the staff members covered their faces and silently lit a candle for the handsome young man in their hearts. Good luck! Kiss!

In fact, the staff members were very sympathetic to the middle-aged man and the little handsome boy, but for some reason, they did not dare to disobey the children. Otherwise, they would not have forced the little handsome boy to equip himself with equipment. At least they could see that among the five people, the little boy had the final say!
