

## SUPREME CRAZY WIFE

### Chapter 3091 Side Story, They're Really Going All Out!(2)

The staff, who knew their own limitations, of course had to do their best to serve the children. As for the middle-aged man and the handsome little boy, they could only apologize.

When the middle-aged man and the little handsome boy came up from the cliff for the second time, they were both carried up. However, the middle-aged man was awake, while the little handsome boy was still unconscious.

Seeing the state of the two, the three of them were all regretful, because they had not had their fun at all.

Al! When the three sighs were heard, the middle-aged man was wondering why he had not fainted.

"Al! Let's go back to the hotel!" As an older brother, Rui Sheng quickly decided on his next trip. Although he still wanted to play, but looking at the condition of these two, he was afraid that it was impossible today.

Hearing this, the middle-aged man was overjoyed, but he really couldn't stand up. His legs were soft ... Wait, he could go back to the hotel, but who was going to drive the car?

"No one's driving!" The middle-aged man looked at the staff and said honestly.

"We'll get someone to send you back to the hotel!" Receiving a certain someone's gaze, the staff member immediately understood. Since these five people had broken their company's bungee jumping record, it was only natural to send them back.

When the five of them returned to the hotel safely, they suddenly felt that the middle-aged man and the handsome young man, who had just escaped death, had to lie in bed for two whole days before they recovered. However, although they had recovered, the two of them were still a little listless. They had no idea that they had become famous for bungee jumping.

As the first people to try the crab in the 8000-meter bungee jump, the two were now the idols of all bungee jumping enthusiasts. Their photos were hung in the most prominent place in the Hall of Fame for bungee jumping fans to admire.

However, because the two of them had been lying in bed and had turned off their phones for the past two days, they didn't know anything about this matter. It wasn't until the bungee jumping company came to them and invited them to be endorsements that they realized the matter had blown up. They were furious!

But why were the two of them the only ones who were popular?

The middle-aged man and the little handsome boy were very confused. What about the three?

After clearing up the doubts in their hearts, the two of them found out that because the three of them were too young, the senior management of the bungee jumping company had completely regarded them as insignificant characters. As such, the three of them naturally had no chance of becoming famous. However, the bungee jumping company still made a family bungee jump, but the main characters were two adult men.

After learning of this situation, the two of them looked at each other in silence. They were the small characters, right? But fortunately, the two of them knew that the children were too young, and with the personalities of the three, they might not like to be famous. Therefore, the two of them tacitly took the blame

for them. Of course, it couldn't be completely considered as the scapegoat. After all, the two of them did bungee jump! But even so, the middle-aged man felt that he should still have a good talk with the three.

After finding three of them, the middle-aged man requested to have a serious conversation with them.

The handsome young man almost laughed out loud when he heard how cautious the ancestor was. However, the middle-aged man immediately gave him a sharp look, so he immediately put on a serious expression.

"Talk about what?" The three blinked and asked.

The middle-aged man sighed and told them the reason for the trip. The three immediately said, ""Mom told us to keep a low profile, so this has nothing to do with us!"

"....."

The middle-aged man and the little handsome boy were silent. With the performance of these three, they still wanted to keep a low profile? Should he be more low-key?

"That ... That's just a small matter. There's one more important thing that I hope you can tell me the truth!" The middle-aged man continued after calming down.

"What?" Saint Rui asked.

"I would like to know how you guys managed to do that pie incident." The middle-aged man asked directly.

"The pie incident?" The little handsome boy was a little curious.

"What do you mean by how?" The three of them played dumb.

"Why can't I take down the meat pie and the huge bowl?" Gritting his teeth, the middle-aged man asked again.

"I don't know," The three of them looked up at the ceiling.

"Do you know how serious this matter is? If such a strange event aroused the curiosity of some people, you may be captured and cut into pieces for research. With those people's cruel means, you will suffer at that time. So, before the situation is completely out of control, you'd better tell me the truth, so I can help you settle this matter!" The middle-aged man said worriedly.

"I see!" The three of them nodded in understanding, but they didn't say anything else. The middle-aged man and the handsome young man, who had been waiting for their explanation, waited for a while, but the three of them didn't speak. They said anxiously, ""Hurry up and tell me!"

"What should I say?" The three of them looked innocent.

"Tell me what's going on, I'll help you think of a way!" The middle-aged man said.

"Yes, yes. I can help you." Out of curiosity, the little handsome boy also chimed in.

"But we really don't know what to say!" The three of them continued to be innocent.

Hearing this, the middle-aged man was about to go crazy. In fact, he had wanted to ask about this for a long time, but the three children kept saying that they were busy, and he accompanied them all the way, so he didn't have time. But now, he had to get to the bottom of it no matter what.

Unfortunately, the three of them refused to cooperate! The middle-aged man grabbed his hair gloomily and growled, ""How can I help you if you don't say anything? Have you not considered the serious consequences?"

"We're just children. We don't need to think about this and that. We just need to have fun!" Rui Jin said in a small voice, then took out a red fruit and took a bite.

"Right, there's no evidence that we did it, we can just deny it!" Rui ze also said shamelessly.

"It can be done like this?" The little handsome boy said in surprise after hearing this.

"Of course, little guy, this was all caused by your old grandma. So, if someone really wants to cause trouble for us, we'll go to her. We're not pushovers!" Rui ze said viciously.

"Uh!" The little handsome boy didn't know what to say.

Who's the little guy? The three little kids in front of him were the little ones, okay? In fact, this was not the first time he had heard a certain old lady say this, but for some reason, he did not dare to refute her. Besides, he also wanted to say that the old lady had a high status in the family.

After thinking for a while, the little handsome man said honestly, "That old lady has a strong backing in our family, so she can't be bullied by anyone." After he finished speaking, he even looked at the old ancestor. His meaning was obvious. You can also find a backer. The old ancestor is just right.

But the three obviously didn't understand, or it could be said that they were pretending to be confused. However, Rui Jin still replied with confidence, "We also have a backer, my mom and dad!"

The little handsome boy was very depressed after hearing this. Your mom and dad can't interfere with my family's Affairs! With this thought in mind, he looked at the old ancestor again, and then took the initiative to shut his mouth.

The middle-aged man sighed heavily and said, ""Can you let me see your parents? I need to talk to them!"

"We can not! They're very busy and have no time to see you. " Saint Rui replied.

Very busy again! The middle-aged man wanted to go crazy! [Whenever he has something to talk to the other party about, it's either the child or the parent who's busy?] Could he say that he wasn't even that busy?

The middle-aged man was depressed for a moment. He knew that he couldn't talk to these three. In other words, they weren't afraid of trouble at all. After thinking about it, he decided to wait and see.

In the next few days, the middle-aged man kept an eye on all movements and ordered the little handsome boy to follow the three of them closely. The three of them clearly expressed that they didn't care about the little tails that appeared around them.

After half a month, everything was still calm, and the middle-aged man gradually let down his guard. However, not long after he let his guard down, one morning, the three children were blocked by a group of fierce-looking strangers in the hotel.

Looking at the strangers in front of them, the three who had just woken up were very confused. After a while, Rui Sheng asked calmly, ""Who are you people? Did he knock? Did I invite you in?"

After hearing what Saint Rui said, the strangers who barged in twitched their mouths at the same time. One of them said, ""Little doll, you're quite bold!"

"It's alright, it's just average!" Saint Rui replied with a humble look.

When the strangers saw that the other party was being modest, they felt a little upset. They thought that their sudden appearance had frightened the

three milk babies! Now, it seemed that they were not taken seriously! This made the strangers feel a little embarrassed.

At the same time, the door of the room was knocked open again. The middle-aged man and the little handsome man ran in from outside in a panic. The two ran directly to the three and held them tightly in their arms to comfort them.

"Don't be afraid. They won't dare to touch you with us here!"

"We're not afraid!" Saint Rui said helplessly. The three of them looked like they were afraid?

"Uh!" When the middle-aged man and the little handsome boy heard this, they suddenly felt that they seemed to have expressed the wrong feelings. This really made them very unhappy. However, now was not the time to fight among themselves, so the middle-aged man immediately looked at the strangers with anger.

"You have the nerve to bully three babies with so many people? Hmph! If you want to bully them, you'll have to get past me first!" The middle-aged man roared in anger.

When the person opposite him heard this, he laughed and said,""With you backing them up, how would we dare to bully them? we just want to get to the bottom of one thing." After that, the man turned his eyes to the third milk baby and asked directly,""Do you three have special abilities?"

The reason for this suspicion was because the incident of a certain woman's pie was too bizarre, and special abilities were considered legendary on planet Indigo, so they had to be careful. Of course, their main purpose for coming here was to find out what was going on with these three little babies. If it was really as they had guessed, they had to find out how the other party's special abilities came about. This was very important to them.

When the middle-aged man heard the other party's question, he also looked at the three little children in surprise. His expression was full of deep thought. Special abilities? was this possible? He really couldn't believe that the legendary thing would appear on the three of them. Of course, based on the current situation, he didn't want the three of them to have any special abilities, which was not a good thing!

The middle-aged man, who had already treated the three of them as his disciples, obviously did not want them to get into trouble because of their wealth.

The three didn't let him down and denied,""We don't have any special abilities!"

### SUPREME CRAZY WIFE

Chapter 3092 If You're In Danger, Look For Your Father!(1)

"No special ability?" The person who spoke clearly did not believe him and continued to ask,""Since you don't have any abilities, how do you explain the pie incident?"

"We have no comment." Saint Rui replied calmly.

Upon hearing this, a certain someone was enraged and shouted,""Do you know that because of your actions, that woman had to undergo surgery? don't you feel any guilt at all?"

When a certain someone said this, his face was full of disappointment, as if the three of them had done something unforgivable, making the three of them confused.

The three of them looked at each other, and then let the eldest brother, Saint Rui, speak, ""Why should we feel guilty? What did we do? If you don't have any evidence, don't say anything. Otherwise, I'll Sue you for slander. "

"You want evidence? Alright, I'll give it to you. Please invite miss Huan 'er. " A certain someone was furious and instructed the people beside him.

When they heard Huan 'er's name, the three of them turned to look at the middle-aged man, the meaning in their eyes was obvious.

His three eyes seemed to be saying, 'you have a pig teammate!' , The middle-aged man suddenly felt his face burning. He really did not expect that Huan 'er would actually become the other party's witness again. One had to know that he had let Huan' er return to the family!

Not long after, Huan 'er walked in from outside. However, she did not dare to look at her old ancestor and stood beside a certain someone with her head lowered.

Seeing Huan 'er's guilty face and not daring to look at him, the middle-aged man's anger rose. Then, he shouted, ""Huan 'er, come over here!"

When Huan 'er heard the old ancestor's roar, she was so frightened that she hid behind a certain someone. Then, she looked at the three little children with hatred and said, ""They were the ones who threw the pie!"

"Huan 'er, what nonsense are you talking about?" The middle-aged man was about to die from anger, and the flames in his eyes were about to turn into daggers and attack Huan 'er. Although Huan' er was a little afraid that the old ancestor would lose his temper, she still straightened her neck and shouted, ""Old ancestor, I'm not talking nonsense. Didn't you see it too?"

"So you saw it too? then why didn't you say anything? Could it be that you want to take these three babies for yourself?" After Huan 'er's words, a certain someone said with a look of realization.

"The ancestor wants to take the three of them as his disciples." Huan 'er said honestly and glared at the three.

"So that's how it is. It seems that your Yang family really intends to take these three children for yourself." A certain someone said with a sinister smile.

"Bah! You're lying! Our Yang family isn't as despicable as you!" The little handsome boy was unhappy when he heard this.

However, a certain someone didn't seem to mind and said to the three, "Little children, as you can see, everyone is very interested in your abilities, so you'd better be good and tell the truth! Children need to be honest to be cute, do you understand?"

"Don't listen to his nonsense!" The middle-aged man quickly said after hearing the other party's words.

"Yes." Saint Rui nodded his head in understanding and did not intend to pay attention to a certain person.

Someone was unwilling to give up and continued, "I won't lie to children. Little girl, don't believe this guy too much. Believe me, if the Yang family knows that you have special abilities, they will want to ask you the same thing as us. Their Yang family is not much stronger than us."

"We really don't have any special abilities!" Saint Rui sighed helplessly.

"We don't, but we have this." Rui Qiao suddenly interrupted. Immediately after, a small flame suddenly jumped on his fair and tender fingertips. Seeing this small flame that suddenly appeared, everyone's pupils, including the middle aged man, could not help but constrict. Then, someone immediately pounced towards Rui Qiao.

"You little bastard, you actually dared to lie to us!" A certain someone cursed in exasperation, but he did not stop pouncing towards Rui Jin. Rui Jin did not

Dodge, but just stood there stupidly on the bed, allowing the other party to pounce on him.

The middle-aged man was anxious when he saw this, and quickly stood in front of Rui Jin, not wanting to let a certain someone succeed.

"Everyone, let's catch these three brats!" Someone turned around and ordered the dumbfounded crowd, then pounced on the middle-aged man and started fighting.

The middle-aged man was so busy that he couldn't take care of the three of them at the same time. The handsome boy who wanted to protect the three of them was also quickly entangled by the others. As a result, the three of them became live targets and were soon caught by the other party.

After successfully capturing three of them alive, a certain someone stopped fighting and looked at the middle-aged man with a smug expression, "Now that the three little Rascals are in my hands, you still want to fight?"

"Let them go!" The middle-aged man was furious. He looked anxiously at the three and comforted them, "Don't be afraid, I'll find a way to save you. "

"No need, just protect yourself." Saint Rui was still extremely calm.

Upon hearing this, the middle-aged man became even more anxious. Why didn't he take a look at the current situation? why was this devilish brat still so infuriating?

"Yes, just protect yourself." A certain someone was very happy with Saint Rui's words. This was equivalent to saying that these three brats looked down on this Yang family ancestor!

"You shut up!" The middle-aged man shouted at someone.

"Don't make any noise, let me say something!" At this moment, Rui ze also spoke.

"Brat, what are you trying to say?" A certain someone asked in amusement. These three children were really not like children from ordinary families. They were actually calmer than adults.

"I want to say, Grandpa, you don't have to worry about us. Just go home!" Rui ze said honestly.

The middle-aged man's mouth twitched when he heard this, and his face darkened. The devilish brat actually despised him!

"Yes, if there's really danger, we'll look for dad." Rui Jin added.

"..." The middle-aged man was very sad and angry. Could it be that his strength was not as good as the Father of these three disobedient children who had never shown his face?

"Hahaha!" A certain someone saw that the three of them had taken the middle-aged man's good intentions as ill intentions and laughed happily.

After that, he swaggered away with three of them in front of the middle-aged man.

The middle-aged man wanted to give chase but was stopped by the handsome young man.

"You brat, why are you stopping me? Don't you know that you can't let them take the three babies away! The three children will be in danger if they fall into their hands. " The middle-aged man said angrily. His eyes were full of dissatisfaction with the little handsome boy.

"Old ancestor, it was Saint Rui who asked me to stop you." The little handsome boy had a strange expression on his face as he carefully said.

"When did he say that? why didn't I hear it?" The middle-aged man didn't believe him.

"He sent me a mental message." The little handsome boy's face was also filled with disbelief.

"Voice transmission?" The middle-aged man blinked. How was this possible?

"Just now, Saint Rui's voice suddenly appeared in my mind. He told us not to interfere in this matter and said that they would be fine." The handsome boy said honestly.

"Could it be that those three children have already reached the innate realm? H-how is this possible?" The middle-aged man's face was filled with inexplicable horror. If it was really as he thought, then the third baby was too terrifying.

### SUPREME CRAZY WIFE

Chapter 3093 If You're In Danger, Look For Your Father!(2)

Xiantian realm! This was the dream of every ancient martial arts practitioner, but how difficult was it to break through to the innate realm? According to the middle-aged man's knowledge, no one had been able to break through to the inborn realm for thousands of years. Although he didn't want to believe that the three children were innate Masters, what did the voice transmission say? One must know that only inborn realm experts could transmit their voices!

And that little flame dancing on Rui Qiao's fingertips, how do you explain that?

For a moment, the middle-aged man was at a loss. If those three were really innate Masters, then wouldn't it be a joke for him to chase after them to take them as disciples?

Thinking of this possibility, the middle-aged man became worried again.

The little handsome boy could clearly feel the deep resentment coming from his ancestor, and he was at a loss for what to do. Although his strength was far inferior to his ancestor's, he knew what the inborn realm was. That realm was definitely a legend now! Of course, there were also the so-called special abilities.

The little handsome boy, who had almost the same thoughts as his ancestor, did not know how to comfort his ancestor. In fact, he was also shocked by this fact. In the end, the two of them could only stare at each other without saying anything.

At the same time, the three of them were brought to a villa by the sea.

After locking the three of them in one of the guest rooms, a certain someone appeared in front of the three of them with a smug smile on his face, along with a few middle-aged men in white coats.

"Little brat, you're in my hands now, so you'd better be obedient." Someone threatened.

"Yes, we'll definitely be obedient." Saint Rui promised.

"If that's the case, then tell me how you got your abilities!" A certain someone asked directly.

"I was born with it. My parents gave it to me." Saint Rui replied.

"You little brat, do you think I'm a three year old kid that's easy to fool? If abilities are really given by my parents, why don't I have them?" A certain someone shouted angrily, Hmph! He actually dared to lie to him!

"If you don't have it, it can only mean that your parents' quality is not good!" Rui ze laughed evilly.

"Well, if you really want the so-called special ability you mentioned, I suggest you go back to the furnace and reforge it. Finding good parents is better than

anything else! Who asked this to be an era where fathers are the most important!" Rui Jue added in a matter of fact manner. When his words fell, the other two could not help but laugh wildly.

A certain someone's face was darker than the bottom of a pot, and he pointed at the three and shouted, ""You'd better think it through. If you don't tell the truth when you're in my hands, you'll end up in a very miserable state."

"What will happen to you?" Saint Rui asked curiously.

"In order to find out the reason for your abilities, we might even cut you up and bleed you out for research. In short, as long as we can find the key, the three of you won't be able to survive!" A certain someone threatened.

"What if we don't want to die?" Rui ze asked.

"Then tell me the truth. As long as you tell me how you got your abilities, I won't hurt you." A certain someone coaxed.

"It's really from father and mother, why don't you believe it? Besides, we don't have any special abilities. " Saint Rui's pretty little face was filled with helplessness.

"Stop using your parents as shields! I don't believe it! Also, if that's not a special ability, then what is it? The little brat clearly displayed a fire ability!" A certain someone said with certainty.

"Alright! Even if it's an ability, it was really given to us by our parents. We're not lying. " Saint Rui shrugged his shoulders, still looking helpless.

"Since that's the case, do you dare to call your parents over for a confrontation?" A certain someone rolled his eyes and said.

"No problem," he said. Saint Rui nodded.

Without waiting for his brother's instructions, Ruitian took out his phone. After the call went through, he directly said into the phone, "Mom, someone caught us and cut our blood. Come and save us!"

"..." Ruisheng and Ruize wanted to cover their faces. They were clearly still fine.

After hearing what Ruiqiao said to the phone, a certain someone directly grabbed the phone and threatened, "I'll give you three days to show up. Otherwise, you'll have to wait to collect the corpses of these three babies!"

After shouting this, a certain someone directly hung up the phone.

"You're done for. How dare you threaten my parents? you're dead!" Saint Rui looked at a certain someone with sympathy.

"Hmph! If they don't show up in three days, you'll be the ones to die!" A certain someone did not take Saint Rui's words seriously at all. In his opinion, when the parents of these three kids came, they would also be his.

With that, a certain someone turned around and wanted to leave.

However, at this moment, the space in the room fluctuated a few times, and then a faint voice came from the air. "Is that so?"

When he heard these two words, the man could not help but stop in his tracks. Then, he saw a pair of devastatingly beautiful men and women with extraordinary temperament appear in the room.

Looking at the beautiful man and woman who had appeared out of thin air, a certain person almost thought that his eyes were playing tricks on him.

However, in the next second, he was carried by the beautiful man.

"I'm asking you a question!" The demon grabbed the other party's collar and said impatiently in a cold voice.

"W-what?" A certain someone was stunned.

"If we don't show up in three days, you're going to kill my child?" Seeing that the other party's hearing wasn't very good, the evil and kind repeated.

"Father, he did say that." Without giving a certain someone a chance to reply, Rui Jin smiled and threw himself into Leng ruoxue's arms, calling out sweetly, "Mommy, I missed you so much, little Yingying."

"Who gave you the guts to do that?" Leng ruoxue hugged her son as she continued to question him coldly.

"You ... You are the parents of these three kids?" A certain person who had already regained his senses asked carefully. At this moment, his heart was trembling violently, and even his voice was trembling. In addition, the unknown man's cold aura gave him a strong sense of oppression, so strong that his legs went soft and he wanted to kneel down and worship.

"Not bad!" The demon nodded.

"It's a misunderstanding. I just wanted to scare them. I didn't really want to hurt them. " Seeing the demon admit it, a certain someone suddenly cowered and said with a fawning smile.

"Scare? My son is not someone that a mere mortal like you can scare!" The demon was very unhappy. He was having some alone time with his wife, but he was interrupted by a phone call. When his wife heard that someone was going to hurt the three babies, she immediately dragged him over.

So, the evil demon put the account of disturbing his alone time with his wife on a certain unlucky fellow. In addition, the other party dared to scare his own child and make his wife angry. With all these added together, he could not let a certain someone off. Hmph! Someone is dead!

Although he had sentenced someone to death, the demon did not intend to let him die too easily. Immediately, he raised his hand and cut open the space of the nine nether nether prison, then threw someone in.

After dealing with a certain someone, the demon turned his eyes to the few people in white coats and asked indifferently, ""You're in charge of bleeding and slicing my child?"

"No, no!" The men in white coats were so scared that their mouths were wide open and their eyes were wide open. The man in front of them was so intimidating that even though he didn't glare at them, they felt an endless fear in their bones as if they had seen a demon from hell. More importantly, they didn't know where the man had thrown the man in front of them. So, they wouldn't dare to admit it even if they had a hundred guts.

However, did they have to admit it?

The demon sneered and did not say anything else. He also cut open the space of the netherworld prison, and the few people in white robes also disappeared into the space Channel.

After cleaning up the trash in the room, the evil demon cleaned up the trash in the villa that had participated in bullying his own child before returning to the room.

At this moment, the three of them were acting coquettishly with their Dear Mother. When the demon saw this, he immediately glared and said, ""Little brat, you're already so old and you're still in your mother's arms. Get out of here!"

"No way! You've been occupying mother for so long, it's time to return her to us!" Saint Rui tilted his head and provoked.

"My wife is mine!" The evildoer gritted his teeth and reminded his son.

"Your wife is our mother!" Saint Rui also reminded.

Seeing that her dear husband was about to quarrel with her son again, Leng ruoxue smiled helplessly and said, ""Alright, stop quarreling. You're all mine!"

"Yes, honey, I must be yours." The demon quickly tried to please him.

"Mom, we're yours too." The three children also said.

"Be good! Be good!" Leng ruoxue first touched the demon's head, then the three children's.

The demon was a little dissatisfied with the same treatment he received from his son. He should have been treated better than his son.

Seeing through his thoughts, Leng ruoxue glared at him without batting an eyelid. Then, she smiled at the three children and said, "Babies, you've been playing outside for so long. Isn't it time to go home?"

"Wife ..." The demon wanted to object. If they went home, they would be snatching his wife away from him. Therefore, he was extremely unwilling to let the three brats go home so soon. It would be best if they were older, and then he could throw them directly into the chaos World, hehe! Unfortunately, even though he had a good idea, he did not have the chance to say anything before his wife glared at him and he swallowed his words.

"The training is over?" Blinking his eyes, Rui Jin asked.

"Let's put this to rest for now. I think you should go to kindergarten." Leng ruoxue replied honestly. Although the three babies had extremely high IQs and were able to take care of themselves, so there was no need for them to go to kindergarten at all, she still hoped that her son could interact with more children and experience childhood life. This was because everyone only had one childhood.

"What's a kindergarten?" Saint Rui could not help but ask.

"Kindergarten is a school for children your age. There are many children around your age in there, so it's very fun." Leng ruoxue coaxed.

"Around our age?" Rui ze blinked his eyes in disgust, doesn't that mean he's still wet the bed? He knew very well that many ordinary human children would wet their beds when they were more than one year old.

"Uh! There are also some who are slightly older than you. " Leng ruoxue hurriedly explained when she saw that her son seemed to despise children of the same age.

"Yes, there are all kinds of old people in school, so go to kindergarten! It's fun there. " Even the demon was persuaded. Kindergarten is good, it's best if it's full time, hehe!

The demon was very happy. When the brat went to kindergarten, his wife would still be his alone.

Seeing that both their parents wanted them to go to kindergarten, the three of them communicated with their eyes and then nodded in unison."Alright, let's go to the kindergarten!"

To the three of them, it didn't make a difference whether they were at home or going to the kindergarten that they had never heard of before. However, since their mother wanted them to go, they would just go and ruin the kindergarten.

[SUPREME CRAZY WIFE](#)

Chapter 3094 Heading To The Kindergarten (1)

As a good child, he had to obey his mother's words. Seeing that the three of them had agreed so easily, Leng ruoxue was naturally happy. The demon was also happy. Without the three of them at home, he could spend the day alone with his wife. Just thinking about it made him feel happy!

However, before they went home, the three of them strongly requested to go to the hotel they had stayed in before to take a look. At least they had to let a certain strange Shuli know that they were safe! After all, these few days, strange Shuli had accompanied the three of them in their madness. At least they had formed a revolutionary friendship!

Leng ruoxue and the demon naturally had no objections to their son's small request. With a teleportation, the five of them arrived at the hotel that the three of them had stayed in before.

In the hotel room, the middle-aged man and the handsome little boy were worried about the three of them, but they were still in a dilemma since they could communicate with each other. However, even so, the two of them had contacted their close friends many times to ask them to help them find the whereabouts of the three.

Not long after the two of them put down the phone, the door of the room they were in suddenly opened.

The first to enter was a man and a woman.

The middle-aged man and the handsome young man's first reaction was surprise, followed by uneasiness.

As for why they felt uneasy, the two of them couldn't explain it, but they couldn't deny that the pressure this man and woman gave them was too great.

By right, a handsome young man should be very excited to see a beautiful woman. However, under the pressure of a certain cold man's gaze, he did not dare to have any improper thoughts. This was because the stern-faced man's face clearly said, 'how dare you have any ideas about my woman? die!'

Although the man and woman didn't say a word after they came in, the little handsome man had this feeling. Even the middle-aged man felt that the two of them were not to be trifled with.

With this thought in mind, the middle-aged man and the handsome boy did not dare to say a word since they did not know the purpose of the stranger's visit. They could only look at the stranger and wait for the other to speak first.

However, as their hearts beat faster, the couple at the door still had no intention of speaking first. Suddenly, the middle-aged man and the handsome little boy were a little unsettled.

Cold sweat was already dripping down the handsome boy's forehead. At this moment, a childish voice sounded, ""Mom, dad, don't scare the old man and this little guy. Look at how scared they are!"

These words were said by the ruiqiao brat. Upon hearing this familiar voice, the middle-aged man and the little handsome boy's faces were filled with disbelief. The three of them were fine? Were this couple the three pets 'father and mother?

Just as they were thinking about this, three of them appeared from behind Leng ruoxue and the demon. When they saw the three of them smiling brightly, the middle-aged man and the little handsome boy could finally believe what they were seeing.

The three of them had really been saved! It seemed that the other party's parents were not simple. This time, the middle-aged man did not know how to face the other party's parents. Thinking back, he had wanted to hit on the other party's son! In the end, his parents were not ordinary people at all. He could not even see his strength.

Al! It was infuriating to compare people! Looking at how young his parents were, how could their strength be so unfathomable?

The middle-aged man had no doubt that this couple's strength was above his. Although at this moment, he secretly thought that they might also be old monsters, the vitality in their bodies was very active. It was clearly the vitality

that only young people had! In this regard, his vitality could not be compared to the other party at all.

It was with this thought that he felt that the other party was young and his strength was unfathomable. It really made people envious, jealous, and hateful!

For a moment, the middle-aged man thought a lot, but soon he was depressed again. They were both human, but why was the difference so big? And the brats, calling him 'old master' in front of such a young parent. This was really too despicable. Didn't they make him old?

The little handsome boy also had the same thought. This wasn't the first time he had been called a little fellow by a certain brat, but he definitely didn't expect that Rui Qiao, who only cared about eating, would actually call him that. Who was the little fellow here! Who is it!

The little handsome boy was a little mad deep down, but he could only endure it in front of his parents.

Leng ruoxue glanced at the two of them, who were in a dilemma. They were trying their best not to show their emotions on their faces. Leng ruoxue smiled and said, ""Thank you for taking care of my baby. Now, we're going to take them home."

"Yes, Mom wants us to go to kindergarten, so we can't play outside anymore." Saint Rui added.

Upon hearing this, the middle-aged man and the little handsome boy were quite surprised. Go to kindergarten? They really wanted to say, do these three extremely smart little demons need to go to kindergarten? Wouldn't that be bullying children of the same age?

As soon as they thought about how these three evildoers were going to wreak havoc in the kindergarten, the middle-aged man and the handsome little boy

couldn't help but pray for the kindergarten that was about to be in trouble! It was really too terrifying.

Thinking of the terrible consequences that were about to come, although the middle-aged man and the handsome little boy wanted to gossip, as soon as they saw the cold face of the man in front of them, they did not dare to say anything.

However, the three of them were sensitive enough to sense the worry of the middle-aged man and the little handsome boy. They smiled and said, ""Don't worry about us, it's just a kindergarten! It's child's play!"

The middle-aged man and the little handsome boy looked at each other and shouted in their hearts at the same time, 'dear, we're not worried for you!'

In comparison, the two of them were obviously more worried about the safety of the kindergarten.

However, he obviously couldn't say this. On the other hand, Leng ruoxue and the demon chose to ignore the thoughts of the two adults.

After some small talk, Leng ruoxue and the demon planned to leave with their child.

Before they left, Leng ruoxue gave the middle-aged man and the little handsome boy two fruits that were suitable for them to eat as a token of her appreciation. She watched as they ate the fruits. Of course, she said that she was thanking them, but in reality, she was trying to comfort the two of them, who had been tormented physically and mentally because of their three babies. After that, the couple turned to leave with the babies. At that moment, Leng ruoxue's beautiful eyes were attracted by a corner of a shirt that was revealed at the leg of the bed.

The evildoer quickly noticed his wife's abnormality. He narrowed his cold eyes and strode to the leg of the bed. He pulled out the owner of the clothes with a look of disgust.

He pulled out an extremely disheveled and unconscious woman. When the middle-aged man and the handsome young man saw her, they immediately felt embarrassed.

It was Huan 'er who was carried out by the evildoer. The reason why Huan' er was unconscious was because he was beaten up by the angry middle-aged man. After that, Huan 'er was thrown aside by the two of them. Logically speaking, this kind of thing should not be discovered by outsiders, but now, the two could only stand awkwardly, neither of them daring to shout 'let go of that woman!'

### SUPREME CRAZY WIFE

Chapter 3095 Heading To The Kindergarten (2)

"Eh? It's that old lady!" As if he had discovered a new continent, Rui ze said with a smile.

"Dad, this is the woman who betrayed us." Rui Jin also complained.

"Is that so?" After the demon heard this, he raised his eyebrows and looked at the middle-aged man and the little handsome boy with an unfriendly expression. Suddenly, the two of them were so scared that they trembled all over. This ... This matter wouldn't be directed at them and the entire Yang family, right?

The middle-aged man and the little handsome boy didn't know how powerful the demon in front of them was, but the fact that he was able to save the three

children from the hands of those guys was enough to prove his strength. So at this moment, the two were very afraid that the other party would take his anger out on them, and at the same time, they were worried whether the Yang family could bear it.

Leng ruoxue could tell that the two of them were worried. She could not help but smile and comfort them,""Don't be afraid. As long as the power you belong to isn't muddleheaded, we won't take out our anger on your entire clan.

However, if your clan doesn't know what's good for them, then don't blame us for exterminating them. You should know that exterminating your entire clan is just the blink of an eye for us. "

Leng ruoxue's words were both soft and hard. As a Divine Master, she naturally hoped that the other party was wise. That would save her the trouble of having to take action. In addition, she did not want to vent her anger on him because this was not the divine realm. After becoming a mother, she was a little more tolerant of ordinary people. Thus, she could punish the culprit, but would not vent her anger on others. Of course, the premise was that the other party had to know their own limitations.

The middle-aged man and the little handsome boy immediately nodded like garlic being pounded. The middle-aged man even expressed,""Don't worry, our family is very reasonable. We will never do something that we shouldn't do for someone who betrayed our family."

Hearing his words, Leng ruoxue nodded her head in satisfaction. After all, this was within her expectations. Otherwise, she would not have given the fruits to the two of them.

After hearing the other party's words, the demon also said indifferently,""Since that's the case, I'll deal with this ant who dared to betray my son!"

Then, before the middle-aged man and the handsome boy could react, he raised his hand and opened a space gap, throwing the woman in his hand in.

This scene deeply shocked the middle-aged man and the handsome young man.

Their eyes were wide open and their faces were full of shock. They couldn't help but mumble, "Heavens! W-what is that?"

They did not know why a dark crack had suddenly appeared in the room. The power that had inadvertently leaked out from the crack was so terrifying that it made people shudder. Huan 'er had disappeared after being thrown into the crack ... Although the two of them wanted to know what had happened, no one dared to ask. Moreover, the scene in front of them was beyond their knowledge. It was obviously not something that ordinary people could come into contact with.

Just like that, the middle-aged man and the little handsome boy remained in a daze. They didn't even realize that Leng ruoxue and the demon had already left with the child. It was only when the two of them suddenly felt a sharp pain in their stomachs that they reacted and ran straight to the washroom.

After they came out, the two of them could clearly feel that their bodies were different. A lot of impurities had been discharged from their bodies, and the middle-aged man could even faintly feel the signs of a breakthrough that had not been made for a long time ...

The middle-aged man didn't even have the time to tell the little handsome boy about the surprise. He only told him that he was going to break through and sat cross-legged on the bed.

After a long time, the middle-aged man successfully broke through. Although he had yet to break through to the Xiantian realm, he was much better than

before. More importantly, his aptitude was no longer the same as before, and it was only a matter of time before he broke through to the connate level.

The middle-aged man's eyes started to water up at the thought of this. As a martial artist, breaking through to the inborn realm was his biggest dream! However, he also knew that his body had undergone a marrow cleansing. This should be the benefit of the woman staring at the fruit he ate!

Thinking of this, he couldn't help but feel a chill in his heart. Then, he carefully observed the little handsome man for a while before he cautiously said, "Don't let anyone know about this. "

The little handsome man's heart trembled at the old ancestor's caution, and he asked dumbly, "What's the matter?"

"Pig! Didn't you notice that your aptitude has improved a lot?" The middle-aged man was exasperated and said with a look of disappointment, 'what a pig!' How could he have such a stupid descendant? He was having a headache.

"Uh! I really didn't notice, but I did notice that the old ancestor seems to have become younger again. " The little handsome boy blinked his eyes and joked.

"You brat, you've got some guts now?" The middle-aged man's eyes widened when he heard that.

"Hehe, it's true! But, ancestor, what's going on with us?" The little handsome boy still didn't understand.

"Idiot! It should be because of the fruit!" The middle-aged man replied honestly.

"Argh! Could it be that the fruit was bad? No wonder I had diarrhea for so long! However, there are also advantages to being bad. At least I feel as light as a swallow after having diarrhea!" The handsome boy said smugly.

Pa! The middle-aged man slapped the little handsome boy's head and looked at him as if he was wasting God's gift. He said fiercely, ""What we're eating should be the legendary and precious spiritual fruit!"

"Argh! Was it a spiritual fruit? But is the effect of the spirit fruit just diarrhea?" The little handsome boy was very excited, but then he felt that it was unbelievable.

"Do you think anyone can eat spirit fruits? We have diarrhea because there are impurities in our bodies. The spiritual fruit is helping us. So, you have to be grateful, you know? This matter can be big or small, you can't tell anyone else, or else you'll cause trouble for others. " The middle-aged man warned.

"Not even the family?" The handsome boy couldn't help but ask.

"You're not allowed to say anything. This is not our selfishness, but for the good of the family. As you can see, that couple isn't ordinary people at all, and offending them won't do us any good. We can't afford to offend them, so in order to avoid trouble, we can only keep this matter to ourselves, understand?" The middle-aged man said sternly.

"Understood!" The little handsome boy quickly nodded.

"Also, you will be my personal disciple from now on. I will personally guide you." The middle-aged man continued.

"Thank you, old ancestor." The little handsome boy quickly knelt down and was extremely excited. It must be known that a direct disciple and a Yang family member were absolutely not the same. With the Supreme position of the old ancestor in the Yang family, he was definitely considered to have reached the sky in a single step.

When he thought of this, he couldn't help but thank the three milk babies who liked to call him little fellow. If it weren't for them, he was afraid that he wouldn't have such an opportunity!

After a simple master-disciple ceremony, the master-disciple relationship between the two was set. But then, the little handsome boy heard the old ancestor sigh again and couldn't help but ask curiously, "Old ancestor, why are you sighing? If you have any difficulties, as long as you give the order, this disciple will not hesitate to do so!"

"I'm thinking! He has helped us so much, sigh! I don't deserve it!" The middle-aged man said after some thought.

"Uh! Why don't we give them a hand too?" The handsome boy suggested. He also felt that he had gained a big advantage.

"Why would they need our help?" The middle-aged man was very worried. The couple was mysterious and he didn't think he could help them.

"Won't you know if you ask?" The little handsome boy said.

"They've already left, how can you ask?" The middle-aged man was very depressed. He was completely petrified at the time and didn't have time to ask for a contact information. Of course, even if he wasn't petrified, he knew that he wouldn't dare to ask for it.

"Hehe, I have the three babies' phone numbers!" The little handsome boy said with a little pride.

Hearing this, the middle-aged man became even more depressed. He couldn't help but think to himself, "these three heartless little things. They've known each other for so long, but I still don't know about the three phone numbers!" But now, a junior was ahead of him.

The middle-aged man suddenly felt that he was a failure of a person. Even the satisfied look in his eyes when he looked at the little handsome man instantly became gloomy and cold.

"Give those three brats a call and tell them not to be shy if they need anything!" After saying that, the middle-aged man turned around and left angrily.

The little handsome boy was not used to his ancestor's sudden arrogance. If he had not been with his ancestor all this time, he would have suspected that this person was really his ancestor.

However, he still obediently followed his ancestor's instructions and gave the three a Love Call.

At this time, the three of them had already arrived home and were eating their mother's love meal. However, after receiving the call from the little handsome boy, the three of them ran back to their room secretly.

"Uh! Could it be that our son has a girlfriend?" Leng ruoxue couldn't help but tease her son when she saw how mysterious he was.

"My son is amazing!" The demon cooperated with his wife, and the couple teased each other very happily.

Leng Qingtian and Leng ruohan, who were watching from the side, couldn't stand it anymore. One of them rolled his eyes at them. "What are you talking about? my grandson is not even two years old! If they dare to start a relationship at such a young age, I'll break that girl's legs! You're not allowed to lead my three grandsons astray!"

Oh my God! The moment Leng ruoxue heard this, she quickly surrendered. She didn't dare to joke around anymore. She couldn't afford to offend a grandfather who was so protective of his children!

Following which, Leng ruoxue took the initiative to change the topic, ""Hubby, you can send the three kids to kindergarten tomorrow!"

"Alright!" The demon nodded. He would definitely complete the task given by his wife seriously. Anyway, his wife had already chosen the kindergarten, and he was only responsible for bringing the child to sign up. I heard that there's an exam? However, with his child's intelligence, he believed that only his son had the right to choose the school.

The confident demon didn't even care about the exam. What Leng ruoxue didn't tell him was that she had chosen an international private kindergarten for her sons. Other than the expensive school fees, the admission requirements were very strict.

However, it wasn't that Leng ruoxue didn't tell him on purpose, because she didn't notice it herself. She only found out from the internet that the kindergarten was said to be the best on planet Indigo. Since it was the best, her son naturally had to go and take a look.

The next morning, the evildoer set off with the three beautiful and cute babies ...

### SUPREME CRAZY WIFE

Chapter 3096 A Marriage Certificate?(1)

When they arrived at the kindergarten, the person in charge of receiving them was a young and beautiful woman. At first sight, the woman was stunned!

This was a Prince Charming!

In the blink of an eye, the woman's heart was like a little deer, and her small face slowly flushed red. It was as if there was only the demon in the world, and nothing else could enter the woman's eyes.

In the face of the woman's dazed look, the demon only felt infinite frustration! Didn't they say that this kindergarten was very famous? Why was the person in charge of receiving them an idiot?

Look! They were all drooling!

The demon was extremely disgusted and wanted to turn around and leave. However, the three children were watching the show with great interest, hehe! There was something fun to do!

The three of them were very excited and decided to stay and play! They had to stay with this old lady who was drooling at the sight of their father!

Hmph! He must be tired of living to drool at his own father! This was a blatant violation of their mother's rights! No, I can't let this slide!

Just as the three of them were thinking about how to defend their mother's rights, the young woman finally came back to her senses and remembered the important matter. Then, she asked shyly, "Are you here to send your nephew to take the entrance exam?"

Nephew?

Who was he talking about? The demon didn't react for a moment.

Seeing that the man in front of her did not seem to understand, the woman pointed at the three little children beside him. Instantly, the demon's face darkened.

"You bastard!" This was his son! His own son! How did he become a nephew?

The evildoer was very dissatisfied with this. Wasn't this giving his wife and child to that brother that he didn't even have?

Immediately, the demon said with a dark face, "These three are my sons!"

"He's our Father!" The three children were extremely cooperative.

Hearing that the stunningly beautiful man was taken and had three children, the young woman was extremely disappointed. Why did all The Good Men belong to other families? Wuuu ...

However, she had no choice. Who asked her to meet him late?

It was a pity that the demon didn't know what the woman was thinking. Otherwise, he would have told her personally that he didn't know her!

Fortunately, this young woman knew her own limits. After knowing that the other party was already taken, she looked at the demon a few more times in sadness and consoled herself. Such a peerless demon-level handsome man was really not someone she could control!

But he could at least take a few more glances, right?

Just like that, the young woman kept staring at the evildoer until he was about to explode. She then said, ""Since you're here to register, let's take the exam first!"

After that, the woman led the four of them into an empty office.

When the three of them were taking the exam, the woman couldn't help but want to chat with the demon for a while. Unfortunately, the unromantic demon completely ignored the woman. After singing a one-man show for a while, the woman felt that she was not interested and could only shut her mouth obediently.

The evildoer with a quiet ear was instantly satisfied.

However, not long after, the woman's eyes began to drift towards the evildoer, intentionally or otherwise.

Everyone loved beauty and couldn't control it! However, her red and stunning eyes made the evildoer even more irritated. He really wanted to beat someone up. How was he going to break this feeling?

At this moment, the evildoer wished he could throw this love-struck girl out of the office!

Fortunately, in less than half an hour, the three of them finished the test paper, which inadvertently saved a certain ignorant love-struck girl, because if they were any later, the demon might really throw them!

After the three finished their tests, the young woman reluctantly retracted her gaze and couldn't help but ask, "You really finished answering? Don't you need to check?" She still wanted to see more beautiful men!

"I don't need it! Don't test our intelligence with such simple questions!" As the Big Brother, Saint Rui said with a look of disdain. These questions were obviously meant to fool ordinary children! They were not little kids!

In Saint Rui's heart, they were adults!

"Uh!" The woman took the paper doubtfully and casually glanced at it. All of them were actually correct! At least the answers to the questions she had read were all correct!

This, this was clearly a genius!

This was because a large part of the papers in their kindergarten were IQ tests, and she happened to be looking at that part. The answers on the three papers were exactly the same, and some were even better than the standard answers. This was really unbelievable!

Instantly, the young woman's eyes lit up as she looked at the three of them. The three of them had no choice but to hide behind their father. However, in order to prevent the young woman from staring at their father, the three of them held back.

After a long time, the woman put away her excited expression and said to the demon, "Sir, your three sons are all geniuses!"

"Isn't that normal?" The demon said matter-of-factly.

When the woman heard this, she couldn't help but think to herself, isn't he a little too narcissistic? However, she could understand the feelings of the Father in front of her. Who wouldn't be proud to have three such genius sons?

Al! This was also someone else's child!

The woman who was envious and jealous said to the demon, "These three children have already passed the entrance exam, but whether they can be accepted still depends on whether they can pass the review of the relevant information. So, give me the information you brought, and you can take the children home and wait for the notice."

"What do you mean?" The demon didn't understand. Couldn't he pass the exam? What kind of data review is needed? He even wanted them to go home and wait for the notice?

Shrimp? The demon was a little dissatisfied. Did his son need to be reviewed by others? He was a true-blue second generation of a God! In his opinion, his son should be the one choosing the kindergarten. How could he let this lousy kindergarten choose his son!

Immediately, the evildoer's impression of this kindergarten took a sharp turn for the worse. No matter how luxurious the facilities were and how beautiful the environment was, he did not have a good impression of it. He was even considering if he should get his sons to change to another kindergarten! His son did not come to the kindergarten to be bullied! If he really wanted to bully her, she could only let him do so!

It could be said that although a father often found his son an eyesore, he could only despise his son. No one else could! Stop daydreaming!

Because he didn't have a good impression of this kindergarten, the evildoer was thinking if they should turn around and leave!

The young woman didn't expect her idol to not understand her meaning. She felt a little upset. Was she speaking in alien language?

Although the young woman was a little depressed, she still explained patiently for the sake of her male God,""Sir, we are an International Kindergarten. The children in our school must be verified. Otherwise, they can't come to our kindergarten to study. This is the normal procedure of our kindergarten. We treat all children equally. So, please don't misunderstand. We absolutely don't mean to make things difficult for you!"

### SUPREME CRAZY WIFE

Chapter 3097 A Marriage Certificate?(2)

As the woman explained, she couldn't help but think to herself that she would never make things difficult for her Prince Charming. She really hoped that his child would come to their kindergarten to study. That way, she would have a chance to see her idol a few times.

Al! Who asked the male God to be taken! Even if she couldn't get into her idol's eyes, it was still good to look at her idol a few more times!

Thinking of this, the woman's mood suddenly turned bad. Children grew up very quickly, and geniuses usually entered school early, so it was really a rare sight to see! It could be said that at this moment, she hoped more than anyone else that these three children could enter their kindergarten to study.

After explaining, the woman looked at her Prince Charming with watery and expectant eyes. Unfortunately, the demon was still thinking about whether they should leave or not.

As the saying goes, no one knows his father better than his son! Although the four of them had not known each other for a long time, seeing that their father had not spoken for a long time, Ruisheng and Ruize could more or less guess what was going on. So, the two little kids immediately pulled on the corner of their father's clothes and said, "Dad, hurry up and sign us up! We want to come here to play!"

Hearing this, the evildoer lowered his head and looked at his sons. He saw that his two sons were very determined. Although the other child was eating, that silly child had always listened to his elder brothers and did not have any objections, so he nodded in agreement.

Seeing her idol nod, the young woman's suspended heart finally relaxed.

"Please fill out a registration form first, and then give me the information you've prepared!" The young woman struck while the iron was hot.

After she finished speaking, she handed a registration form to the evildoer.

The demon took the form and quickly filled it out. The young woman admired the demon's vigorous handwriting and couldn't help but exclaim, "Prince Charming is indeed Prince Charming!" Look at the words, they are so imposing!

In an instant, the woman's love-struck syndrome flared up again, and her eyes were filled with red hearts as she stared at the demon who was filling in the form with a scorching gaze.

Feeling the burning gaze on him, the evildoer wrote even faster. A few minutes later, the form was filled up. He quickly handed the form to the woman and then pulled his three sons out of the office in a hurry.

When the woman saw that the evildoer was about to leave, she quickly looked at her father's name on the form and shouted, "Mr. Ye, you haven't given me your information yet!"

The evildoer, who had just arrived at the door, quickly threw the kraft paper bag that he had prepared on the table closest to the office door. Then, he carried his three sons and strode away.

The woman wanted to chase after him, but the demon was too fast. By the time she reached the gate of the kindergarten, the father and son had already disappeared.

In fact, after leaving the office, the evildoer teleported home with his son, so the woman naturally couldn't catch up.

At this moment, Leng ruoxue was taking care of the flowers and plants in the garden. When she saw the four of them suddenly appear in front of her, she couldn't help but be stunned. Why are they back so soon?

"Done with the registration?" Leng ruoxue asked with a gentle smile.

"Mom, we're done. The old lady at the kindergarten told us to go home and wait for the notice." Saint Rui replied with a smile.

"Wait for the notice?" Leng ruoxue was surprised. Even though she knew that the top schools had extremely strict entrance requirements, she was just like the evildoer. She thought that her son was the best, so she didn't even think that she would have to wait for the notice.

After hearing this, she was still quite calm. After all, the famous schools in her previous life had many admission requirements. Some of the top schools could not be entered just because you had money.

"What else did you guys do other than taking the exam?" Leng ruoxue asked.

"Dad filled out a form. Also, the old lady is drooling at dad!" Rui ze counted with his little fingers and started to tattle.

When the demon heard this, his face immediately darkened by half. Then, he angrily glared at Rui ze, who was complaining, and roared, "Little brat, what are you talking about?"

Damn it! How could he tell his wife about this? My wife will be jealous!

After he finished shouting, the evildoer looked at Leng ruoxue uneasily. His eyes were red as if saying, 'wifey, I didn't do anything, it's none of my business! Please, I'm not your match!'

Looking at the evildoer's cautious expression, Leng ruoxue really wanted to laugh. However, she tried her best to pretend to be unhappy and did not say a word.

Seeing that his wife didn't express her opinion, the demon was so scared that his little heart trembled. At this time, his son was still causing trouble for him.

"Father, we can teach them a lesson if they call us little brats, but why are you scolding us too?" You must know that scolding us is the same as scolding yourself! If we're little brats, then what are you? Old rabbit?"

"And mommy, wouldn't she become a female rabbit?" Ruize added.

"We're the same kind as them!" Rui Jin, who was eating, did not idle around and interrupted, pointing at the two rabbit mainframe in the corner.

After listening to Rui Qiao's words, the two rabbit mainframe's mainframe wished they could just pass out. What was this called being unjustly attacked? They were! It clearly had nothing to do with them, so why did they have to involve the innocent?

The indignant rabbit mainframe shouted in unison, "It's not our fault! We are definitely not the same kind!" After saying that, the two palm-sized rabbits kicked their legs, closed their eyes, and fainted.

This time, the demon's face darkened. To hell with your rabbit!

Leng ruoxue couldn't help but burst out laughing. She realized that her husband was so cute, her son was so cute, and even the rabbit at home was quite cute.

Seeing that Leng ruoxue was smiling, the evildoer's face was still black, but he could finally put his heart at ease. Luckily, his wife was not angry.

The next second, the demon picked up his wife and said, "Honey, let's go back to our room! I'll explain it to you!"

He did not even give Leng ruoxue a chance to nod her head. Afraid that his sons would cause trouble, the evil demon carried Leng ruoxue and teleported out of the garden.

Leaving the three depressed little kids in the garden, sighing. When would he grow up? Now, her small arms and legs couldn't compete with her tall and strong father!

The three of them were very worried and in a bad mood.

Back in the room, the demon hugged Xiang Xiang's wife and complained gloomily, "Wifey, our sons are bullying me! You have to give me justice!"

"How do you want me to make the decision for you!" Trying hard not to laugh, Leng ruoxue asked in a cooperative manner.

"When our son bullies me, you have to help me!" The demon said impolitely.

"What about when you bully our son?" Leng ruoxue asked instead of answering.

"You still have to help me!" The demon said domineeringly.

"Okay, I'll tell our son not to bully you, but you're not allowed to bully him too much!" Leng ruoxue requested with a smile.

"I'm doing this for our son's good. You should suffer more from childhood, or you'll be a waste when you grow up! As the saying goes, those who achieve great things must first exhaust their bones and starve their skin. I don't want our son to become a mommy's boy! So, as a responsible father, I have to be strict with my sons!" The demon said matter-of-factly.

"Alright! At most, I'll open one eye and close the other. " Leng ruoxue agreed. In reality, she was like this because she knew that the evildoer was a father who knew his limits. Sometimes, this father was even more protective of his children than she was! Besides, this was his biological father. He would never mistreat his own son!

Leng ruoxue, who was very assured of the evildoer, could not be bothered with the fierce battle between the father and son. Besides, this was the unique way the father and son got along, so what was there for her to be worried about?

After adopting a free-range attitude towards her husband and son's interaction, Leng ruoxue curiously asked about the details of her visit to the kindergarten today.

Speaking of this, the evildoer was a little depressed. Seeing that his wife had asked, he poured out all the dissatisfaction in his heart.

Leng ruoxue furrowed her brows when she heard this. It seemed like this kindergarten was harder to get into than she had imagined!

"If it wasn't for our son's interest in this kindergarten, I would have brought him back! What a lousy place! How dare you be so picky with our son! Hmph!" The demon said proudly.

"Forget it. Since our son likes it, let's not be so calculative!" Leng ruoxue didn't expect her son to want to go to that kindergarten so badly. Of course, she

would never have thought that the reason why the three of them wanted to go to that kindergarten was to defend her rights.

If she had known, she would have told her sons that no one could take away their father's rights! Now, she only thought that her son really liked it there! Leng ruoxue, who wanted her son to have a perfect childhood, naturally wanted to fulfill her son's wish.

Just as Leng ruoxue was thinking about how to increase her son's chances of entering that kindergarten, there was a knock on their door.

The demon opened the door and saw three of them standing outside. Rui Sheng was holding a phone in his hand.

"Dad, the old grandma from the kindergarten is calling!" Saint Rui said as he waved the phone in his hand.

"What is it?" The demon frowned, obviously not happy that the other party interrupted his warm moment with his wife. However, he also thought that the other party might be informing him that the review was completed, so he still took the phone.

The young woman on the other end of the phone suddenly became nervous when she heard her idol's voice. Without waiting for the other party to actually speak to her, she took the initiative and said, ""Mr. Ye, the information you provided is not complete!"

"What do you mean?" The demon was dissatisfied again, and his voice became colder.

Even through the phone line, the woman could feel the coldness in the other party's tone. Her heart trembled and she quickly said, ""The documents also require your and your wife's marriage certificate!"

"Marriage certificate? What's that?" The demon had never heard of this thing.

"Uh! Are you ... Not married?" When the woman heard her idol say this, she couldn't help but guess, and at the same time, her heart beat faster. If that was the case, did that mean that the other party might not have a wife?

"Of course I'm married!" The demon said with certainty. The wedding was already over, so how could they not be married? However, he really did not have a marriage certificate. He had never even heard of it!

### SUPREME CRAZY WIFE

Chapter 3098 Wifey, Collect The Marriage Certificate!(1)

"Uh! Since you're married, you should have a marriage certificate. " The woman on the other end of the phone felt her heart turn cold and complained. How could her idol have a child out of wedlock?

Hearing this, the evildoer did not know how to respond. He was married. Back then, he and his wife had even signed a marriage contract of mutual loyalty. However, this kind of thing belonged to the depths of the soul, and there was no relevant certificate! So, he really didn't have the marriage certificate that the other party had mentioned!

"If there's no marriage certificate, what will be the consequences?" the demon asked.

"If you can't produce a marriage certificate, it can only prove that your three children are illegitimate children. Our kindergarten does not accept illegitimate children!" The woman carefully replied.

Illegitimate child?

These three words deeply stimulated the evildoer, his son! How could a God's second generation be an illegitimate child? He would never allow such a thing to happen! Hmph! His son couldn't be an illegitimate child!

"I'll send the marriage certificate to the kindergarten later!"The evildoer suppressed his anger and said calmly.

When he said this, the more he thought about it, the angrier he got. What kind of place was he breaking! If you want proof everywhere, can't you just let me live? If they didn't have a cheating device, he would have been tortured by all kinds of marriage certificates. Now, without a marriage certificate, his three sons were going to become illegitimate children in the eyes of others. More importantly, without the marriage certificate, he actually had no status!

Just thinking about it made the evildoer want to vomit blood. But when he hung up the phone and turned around, he looked at his wife with a pitiful expression and said,""Honey, we haven't even gotten our marriage certificate yet! The kindergarten here doesn't acknowledge our relationship as husband and wife!"

The evildoer's expression was filled with deep resentment and grievance. It gave Leng ruoxue a headache. Ever since they came to live on planet Indigo, they had only come into contact with proof of identity and used it most of the time. Hence, she had never thought of getting any other proof.

Now, they even needed a marriage certificate to attend kindergarten, and they didn't have one! It seemed that her husband also cared about this! Ai! This time, she was afraid that she would have to make a lot of unfair conditions!

The facts had proven that Leng ruoxue definitely had the foresight to do so. She felt that this evildoer whose identity was currently unknown was extremely aggrieved! Now, not only was his son suspected to be an

illegitimate child, but he was also an illegal husband without a title. Wu ... No, his fragile little heart had been seriously hurt. His wife had to compensate him!

Wife, please make it up to me!

In his devilish eyes, he clearly expressed his intention for his wife to compensate and comfort him. Although the three of them did not understand what had happened, they instantly understood when they saw their father's expression. They deeply felt that their father was going to bully their mother again! It was really embarrassing!

The three of them covered their little faces exaggeratedly, only revealing their big, watery eyes to watch the show. Leng ruoxue, who was extremely helpless at the reaction of the four of them, could only hug her husband with one hand and her three sons with the other. She then said helplessly, "Let's get our marriage certificate first!"

What about compensation?

The evil man looked at his wife with dissatisfaction. Just getting a marriage certificate couldn't make up for his broken heart! He wanted material compensation!

Leng ruoxue, who understood what the demon was thinking, ignored him on purpose and said to Saint Rui, "Go and call the two rabbits over."

Ruisheng received his mother's order and ran to find the rabbit.

After a while, two palm-sized rabbits followed Rui Sheng and jumped in carefully.

"Master, please give me your orders!" Seeing the female owner, a rabbit mainframe quickly said.

"Get us a marriage certificate!" Leng ruoxue directly stated her request.

"Got it, I'll get it done immediately!" The other rabbit mainframe immediately said.

In less than a minute, a certain rabbit replied, ""Master, it's done!"

Leng ruoxue nodded. Although there were many certificates on this planet, there was one advantage. All the certificates were electronic. If there was a need, they could print a copy directly and not have to run around with the original copies of the certificates.

After getting the marriage certificate, Leng ruoxue called Ji Kai and told him to bring her and the evildoer's marriage certificate to the kindergarten. Then, she coaxed her son away and focused on her husband.

A tsundere husband was difficult to deal with, and a tsundere and willful husband was even more difficult to deal with!

Leng ruoxue tried her best to sweet-talk him and made many unfair conditions before she finally managed to lift her husband's spirits. The demon also received a lot of material compensation as he had wished!

On the other side, when Ji Kai arrived at the kindergarten with the marriage certificate, the receptionist was in a bad mood when she saw that it was a middle-aged man who came to deliver the marriage certificate instead of her Prince Charming. After taking the copy of the marriage certificate and verifying its authenticity, her mood dropped even more.

"Why didn't Mr. Ye come?" A woman who didn't see her male God unwilling to give up couldn't help but ask.

"My master isn't free, so he asked me to bring it over!" Although Ji Kai felt that the woman's tone was very strange, he still replied kindly. However, when he saw the woman's disappointed expression when he said this, he instantly understood!

Was this woman mesmerized by her master's beauty?

Oh my God! You'd better not! It must be known that his master hated trouble the most, especially trouble that might make Madam angry. Those were all things that his master had to eliminate. It could be imagined that if this woman continued to be stubborn, she would probably lose her life!

When he thought of this, Ji Kai looked at the woman with more sympathy! She was such a young girl! Please don't take things too hard! It could be said that Ji Kai was thinking a little too far, because this woman had long been lost. However, even so, she still wanted to look at her male God a few more times! Even if he couldn't get it, it was good to see it!

But now, hearing Ji Kai say that her male God was busy and the middle-aged man calling her master, the woman couldn't help but ask, "He's your master? Then what does he do?"

"This ... Is a secret!" Ji Kai hesitated for a moment, but he still didn't dare to reveal his master's identity. Would anyone believe that his master was a God? Maybe some people even thought he was a mental hospital patient!

"But our kindergarten requires at least one of the parents to have a proper job and a monthly income of no less than 500000 Indigo coins, so please tell us the truth. Also, there are some problems with the form your master filled in ..." The woman said with some hesitation.

Originally, she didn't mention this over the phone, hoping to have more opportunities to get in touch with her idol and guide him in person to fill in the form correctly. But now, her idol wasn't here, so she could only look for his servant!

"Uh!" After hearing the woman's explanation, Ji Kai was even more conflicted. He really couldn't say it! His master and Madam didn't need to work to earn money. They were basically self-sufficient now, especially after having two

mainframes. Anything could be done online. So he really couldn't say that the Masters were actually unemployed. If that was the case, the woman in front of him would go crazy, and the little Masters would probably not be able to enter this kindergarten.

### SUPREME CRAZY WIFE

Chapter 3099 Wifey, Collect The Marriage Certificate!(2)

"What's wrong with my master's form?" Ji Kai asked after a while.

"See for yourself! Especially the work experience column!" The woman sighed helplessly and then handed the form to Ji Kai.

She was the only one who had seen this form. If it fell into someone else's hands, the three children would probably never have the chance to enter the amusement park, and she would never be able to see her Prince Charming again. So, she would never allow such a thing to happen! Otherwise, she wouldn't be so anxious.

Ji Kai took the form and read it carefully. There were no problems with the children's information, so he was not afraid of anyone knowing. However, when he got to the parents' information, other than their parents' names and gender, the rest ...

Age, confidential.

The call was from Ruisheng.

Address, confidential.

Family members, too many, omitted.

Educational background, confidential.

Work experience, confidential.

Profession, God!

Looking at these almost empty forms, Ji Kai's face darkened. When he saw the title "goddess" in the column, he broke out in cold sweat.

Oh my God! He couldn't even stay calm when he saw this form. It wasn't hard to imagine how crazy outsiders would be when they saw this form.

"This ... My master is very particular about privacy, so he doesn't want outsiders to know about some of our family's Affairs. But don't worry, we can definitely afford the tuition fees." Ji Kai said with a kind attitude after wiping his cold sweat.

"Sir, this isn't a matter of money. Although our kindergarten charges very high, you have to know that not all children from rich families can enter our kindergarten. Because we value our children's background very much, it's absolutely not enough to just have money and be able to pay the school fees! I hope you and your master can understand this!" The woman explained again.

Of course, Ji Kai understood that the other party wanted to recruit children from rich and powerful families! To put it bluntly, people would not accept the children of the nouveau riche! He had seen this kind of snobbish situation many times before, so he was already used to it. However, he also knew that with his master's superficial appearance, the young masters of this kindergarten might not be able to enter!

Al! What was this good? Although Ji Kai knew very well that there was no one more distinguished than his master on the entire planet Indigo, the people here didn't know! And master's identity couldn't be exposed. At this moment, he really had a headache.

It was a pity that the children had to take the test to enter this kindergarten. Otherwise, with the two mainframe's online operations, they would be able to enter.

"Sir, do you understand what I mean?" Seeing Ji Kai frowning and not replying for a long time, the woman asked.

"I understand. May I bring this form back for master to fill it out again?" Ji Kai, who had a headache, decided not to think about it anymore. He would leave this small matter to his master and Madam to solve!

"Sure!" The woman directly gave Ji Kai a new blank form and told him a lot of things to pay attention to before watching him leave.

Al! Too bad it wasn't a Prince Charming! Looking at Ji Kai's back, the woman's face was full of regret. Then, she turned around and returned to her office.

When Ji Kai returned home and reported the situation, the evildoer was immediately dissatisfied. Why was there so much trouble in that lousy kindergarten? Is there an end to this?

Leng ruoxue, on the other hand, picked up the form that evildoer had filled out earlier. When she saw the word 'God' in the occupation column, she could not help but burst out laughing.

"Honey, what's so funny!" The demon said with some grievance.

"Hehe, why is your class written as God? There's no God in this world, and they don't believe in gods. If people see you writing like this, they might think you're crazy!" Leng ruoxue explained with a smile.

"So what? Do I need to look at their eyes?" The demon said nonchalantly. In fact, he didn't want to write about God at that time. He wanted to write about it as a secret, but after thinking about it, his son was the second generation of a

God, so he felt that he had to let people know about it. It didn't matter if they believed it or not! He was just afraid that someone would bully his child!

"Of course not, but we're living here now, so we must do as the Romans do!" Leng ruoxue patted the evildoer's head as she tried to comfort him.

"Then I can only write about the unemployed!" The demon said honestly.

Leng ruoxue thought about it and realized that they were indeed unemployed. He didn't know if it was too late to start a company now!

As soon as the thought popped up in her head, Leng ruoxue immediately instructed Ji Kai, ""Ji Kai, I'll give you three days to set up a jewelry company for me!"

"Ah!" Ji Kai was shocked. Did he hear wrong? Madam wants to start a company? In the past, when they wanted to exchange their jewelry for money, they would directly go to the auction house or the jewelry company to trade. This ... Why did they suddenly want to set up their own jewelry company?

Although Ji Kai could easily guess that the madam wanted to set up the jewelry company for the three young masters, was it necessary?

The child that the kindergarten wanted to take in had to have a strong family background. Even if a new company was making money, it might be seen as a nouveau riche in the eyes of the kindergarten.

When Ji Kai carefully revealed his thoughts, Leng ruoxue felt that she had thought too simply. Did she have to let the two mainframe brains cheat on their family background?

Leng ruoxue was a little depressed. It was one thing to cheat on her identity, but if her family background was also a cheat, how much of a failure would she have to face!

Seeing their mother frowning, the three who had been listening by the side felt very uncomfortable. They felt that someone had bullied their mother. Hmph! You're looking for death!

"Mom, that little guy from the Yang family said that if we have any problems, he'll be happy to run an errand for us." At this time, Saint Rui could not help but remind him.

"That little brat from the Yang family?" Leng ruoxue blinked her beautiful eyes. Even though she had always kept a low profile and was unwilling to rely on nepotism, it seemed more convenient for the powers on planet Indigo to act at this moment! Moreover, the Yang family's influence on the Indigo Star was not small!

Knowing that her son seemed to be in contact with the Yang family's little fellow, Leng ruoxue immediately said, ""Give him a call!"

"Alright!" Saint Rui nodded and picked up the call.

After passing the phone to his mother, Ruisheng snuggled up to his mother.

Leng ruoxue briefly explained the situation over the phone, and the handsome young man on the other end of the phone guaranteed, ""Leave this matter to me, I guarantee that it will be done properly!"

After putting down the phone, Leng ruoxue felt her heart clench up even more. Was this what people said, "a strong Dragon can't suppress a snake in its own territory"? Although the forces on the serene blue Planet could not even withstand a single blow in the face of absolute power, outsiders like them could not compare to the foundation of the serene blue Planet. Of course, unless she reshuffled the power structure on planet netherblue. However, she was not here to look for a fight, so she really did not have the mood to do so.

But no matter what, her son's kindergarten was finally settled! She also believed in the Yang family's ability. This matter was absolutely a small matter

to them. It should be known that if the Yang family couldn't even handle it, then the Yang family would be the ones to lose face.

As for the entire Yang family, after receiving the news from the handsome boy, they immediately took action.

The next day, Leng ruoxue received a notice to enter the kindergarten. This time, the kindergarten did not even mention filling in the form!

On the day the three of them entered the garden, Leng ruoxue arranged for her father to send them off.

In the evening, his father would personally pick up the three of them. However, after three days of such transportation, the demon was no longer willing to go to kindergarten.

Leng ruoxue had her suspicions. In fact, on the children's first day of kindergarten and their father's chauffeuring, she had already felt that the demon's emotions were a little off. However, she was waiting for the demon to come clean, so she did not take the initiative to ask, much less ask the children.

But now, the evildoer was on strike, so Leng ruoxue had no choice but to ask.

Seeing that his wife was going to ask for the reason, the evildoer explained in anger, "I don't want to be treated like a monkey in the zoo anymore!"

"What?" Leng ruoxue was stunned. Monkey? How could there be such a beautiful monkey?

"Who dares to treat my husband like a monkey? Are you tired of living?" In the next second, Leng ruoxue deliberately said in a fit of anger.

"It's all because of those love-struck kids at the kindergarten!" The evil demon complained. On the first morning he sent His Son to kindergarten, he happened to meet many teachers at the gate of the kindergarten welcoming

their children. After seeing him, those love-struck fools were all petrified, and even drooled as they stared at him. Later, it gradually developed to the point that many female parents also began to look at him like love-struck fools. He was so angry that he was afraid that he would accidentally send these ordinary people to hell. Therefore, he hurriedly put down the three children and fled home from the kindergarten in an extremely sorry state.

Although being watched like a monkey had driven him a little crazy, those women had not done anything too overboard to him, so it was unlikely that he would send them directly to hell with a wave of his hand. He had thought that the cold aura on his body would gradually make these infatuated women restrain themselves, so that he would not have to complain to his wife. Who knew that it had been three days, and those hateful women had become even more aggressive. They looked at him as if they wanted to strip him of his clothes. This made him feel offended!

Therefore, he never wanted to go to that kindergarten again. Otherwise, he would not be able to control himself and might even destroy the kindergarten in a fit of anger.

Hearing the evildoer's complaints, Leng ruoxue could only try her best to comfort him. From the evildoer's words, she could tell that those love-struck fools had not done anything out of line so far apart from staring at him with fiery gazes. However, since the other party had already caused trouble for her dear husband, she could not ignore it!

Leng ruoxue immediately made a decision.

Tomorrow, she would be the one to send the children to kindergarten!

SUPREME CRAZY WIFE

Chapter 3100 Side Story: Parent-Child Activity (1)

After the demon knew his wife's decision, his handsome face showed a trace of hesitation. In fact, he didn't want to be watched, but how could he want his wife to be watched too? If he remembered correctly, there were many fathers who sent their children to school ...

Looking at his wife's beautiful face, the demon wanted to shout, ""Honey, don't go to that kindergarten!" But after thinking about it, he still didn't dare to shout it out! Because he knew that his wife wanted to go to the kindergarten to take a look for him! How could he drag his wife down at this time! However, she could not get rid of the sour feeling in her heart.

No one knew a husband better than his wife!

The moment she saw the evildoer's face gradually turning black, Leng ruoxue knew what he was thinking. Hence, she smiled faintly and said, ""Hubby, I'm going to defend my rights tomorrow! I'll let those love-struck fools know that you're taken! So, I'm going to fight for you tomorrow. You have to support me!"

"Support, we must support!" When the demon heard this, he suppressed the bitterness in his heart and immediately said.

"Be good!" Leng ruoxue touched the demon's head.

The next day, when the three knew that their mother would send them to kindergarten today, they were overjoyed. They finally didn't have to see their father's ugly face.

After breakfast, Leng ruoxue drove off with the three of them. The evildoer stood at the entrance like a stone waiting for his wife. He only turned around and returned to the living room after the car was out of sight.

Sitting on the sofa in the living room, no one knew what the demon was thinking. He was in a daze and did not say a word. Leng Qingtian and Leng

ruohan were also sitting on the sofa, looking at the demon with interest. These few days, they had already noticed the abnormal behavior of the demon. However, neither of them asked, but not asking did not mean that they were not curious.

But for a long time, the genius had no intention of answering their questions.

At the same time, Leng ruoxue had already driven to the vicinity of the kindergarten.

From afar, the kindergarten could not be seen yet, but Leng ruoxue could already feel that there was a traffic jam ahead. Just as she was trying to figure out why the road to the kindergarten was so difficult to walk on, she suddenly realized that her car was surrounded by people. Furthermore, most of them were women of all ages.

"....."

The scene was spectacular, and this made Leng ruoxue extremely speechless.

Leng ruoxue opened the car door and got out of the car.

When the women who were full of anticipation saw a devastatingly beautiful woman walk out of the familiar car, they were first stunned, then stunned, and finally, their faces showed a deep disappointment!

Seeing their rapid change in expressions, what else did Leng ruoxue not understand?

Why was he so disappointed that he didn't see his idol?

At this moment, the three of them also opened the car door and got out.

They snuggled up to their mother obediently, and Rui Sheng answered her mother's question, "Mom, these grandmothers are here to see dad!"

When they heard the cute baby call her 'mommy', all the women's attention was immediately attracted. Then, all kinds of complicated gazes were focused on Leng ruoxue. Some were scrutinizing, some were jealous, and some were even feeling inferior.

At the same time, because of the sudden appearance of their mother, Leng ruoxue, everyone automatically ignored the words "old grandmothers" from Rui Sheng.

After Leng ruoxue heard Saint Rui's explanation, she smiled gently at the infatuated girls and said, "I'm here to see my husband! May I ask, have you paid the visitation fee? My man won't let anyone visit him!"

"Mom, they didn't pay!" The three's eyes lit up when they heard the visit fee.

"I see! Since you've been watching my husband for three days, you should make up for the visit fee! Well, I won't ask for too much, just 100000 a day, or 300000 netherblue dollars for three days!"

The moment Leng ruoxue said this, all the fangirls were in a state of confusion. You want money to take a look? What the hell is this!

"I've never heard of it!" A woman said unhappily. "I have to pay a visit fee to see it in public!"

"Why not? Don't you need to pay to go to the museum? Isn't that still in public?" Leng ruoxue replied with a smile.

"How can that be the same? We're in the middle of the road!" The woman retorted.

"What's wrong with the road? The museum belongs to the country, so you have to pay for the visit, right?" Leng ruoxue asked again.

"That's right!" The woman nodded in confusion.

"By the same logic, my husband belongs to me. Since he's already taken, you can't just look at him for free? If you don't want to pay the visit fee, it's copyright infringement. I can find a lawyer to Sue you!" Leng ruoxue's eyes suddenly turned sharp.

"....."

All the girls were rendered speechless by Leng ruoxue's words. Although they wanted to refute that the two were different, after thinking about it carefully, they realized that it did make sense. More importantly, if this person before them really took them to court over such a small matter, how embarrassing would that be!

It could be said that after Leng ruoxue had said those words, those who wanted to save face wanted to keep the peace. However, a mere 300000 netherblue coins was nothing to them. However, there was someone who did not know what was good for her and insisted on arguing with Leng ruoxue to find out the reason.

At that moment, an extremely sexy woman with heavy makeup stood out and said in dissatisfaction, "If you can Sue me, then go ahead, Hmph! The law doesn't say that men have to pay for looking at other people on the street!"

"The law doesn't say that, but it doesn't say that you can look at other people's men for free! And, as you wish, you will receive my lawyer's letter and court summons!" Leng ruoxue said calmly.

After that, she took out her phone and dialed a number. She only said, "I want to call the police. Someone is blocking the traffic!" Then, he told her the address.

Hearing Leng ruoxue's words, the faces of all the surrounding ladies turned black.

The laws on planet netherblue were very comprehensive, especially when it came to Traffic Safety. They were very detailed, and it even clearly stipulated that during peak hours, if one blocked traffic for no reason, they would be detained for at least 15 days, depending on the circumstances, and would also be left with a bad record ... And now, it just so happened to be peak hours. Hence, after Leng ruoxue hung up the call, everyone's expression turned ugly.

All the girls were furious. They never thought that Leng ruoxue would call the police. This made them feel at a loss. Furthermore, those who could attend this kindergarten were either from rich or noble families. If word of this got out, their families' faces would be completely lost.

However, now was obviously not the time for them to settle scores with Leng ruoxue. Furthermore, the sound of police sirens could be heard from afar. Hence, many of the women could not be bothered to be infatuated with her. At this moment, they wished that they could just disappear from the spot.
