

Not long after the man and the leopard left, the group of people who had been left in the mountains also woke up. When they first woke up, their eyes were dazed and their vision was blurry. However, they quickly reacted and saw shrieks that were louder than the previous one. The group of people were like chicks who had just come out of their shells, huddled together tightly. Their frightened little appearance was really pitiful no matter how one looked at it.

After a long time, this large group of people sensed that the danger seemed to be far away, and they slowly calmed down. The little girl's father began to yell arrogantly and loudly, "Useless things, a single snake can scare you to this extent!"

The girl's father was very angry, and the consequences were very serious.

The bodyguards felt wronged. They didn't want to do this either! The snake was simply too big. Besides, who wasn't scared at the scene? Of course, the bodyguards didn't dare to say this out loud. Otherwise, they would probably have to pack up and leave immediately!

The bodyguards who were being scolded had no choice but to lower their heads!

The girl's father scolded more and more vigorously. When he was tired of scolding, he said ruthlessly, "Damn stinky snake! I won't let it go!"

"And the two tigers!" The girl's mother added with a pale face.

"Yes, we won't let go of any of the animals in this mountain!" The girl's father nodded. In order to establish his authority again, he had decided to start with the animals in the mountains!

"That woman with the surname ye also deserves to die!" The girl's mother said.

When the girl's father heard this, he looked a little embarrassed. Although the woman was obviously on the side of the Tigers, to be honest, they didn't do anything to them. They just chose to stand by and watch. If they were to be retaliated against even with this, then wouldn't the other parents present also deserve to die?

When it came to animals, the girl's father had no pressure to take revenge. However, when it came to taking revenge on other parents, he had to be careful. After all, the parents of the children who could enter this kindergarten must have some power. If they were not careful and provoked someone they should not provoke, the entire family would be in trouble!

After thinking for a while, the girl's father said, "Let's leave that woman's matter to the family to decide!" He didn't dare to make this decision!

"Hmph! I knew you couldn't bear to! Is it because she's pretty?" When the girl's mother heard this, she immediately said in dissatisfaction.

"What are you talking about? Aren't you afraid of being laughed at?" The girl's father was a little annoyed. Why didn't this woman take a look at where she was when she was jealous? she even did it in front of so many bodyguards. Was she trying to make him lose all his dignity?

The girl's mother snorted coldly when she heard this. Then, she glared at the bodyguards present with her eyes that were spitting fire. The bodyguards were all very observant and had already lowered their heads and pretended to be invisible!

The girl's father saw that his wife had finally become obedient, so he quickly called home for help. Not long after, the family sent someone to pick them up.

At this moment, Leng ruoxue and the demon had already returned home with the other three.

After returning home, the three of them couldn't wait to let the animals out. The animals were not used to a new place at first, but after a few minutes, they collectively reacted. They were in a new home!

The new home is so beautiful! Flowers and grass were everywhere.

Feeling the soft grass beneath them and the fragrance of the soil, the animals suddenly felt very happy!

Some petite and cute animals were so excited that they directly rolled on the grass. The large beasts could not help but howl at the top of their lungs!

When Leng ruoxue saw this scene, she could not help but sigh. It was a good thing that the place they were staying at was sparsely populated. Otherwise, the noise from these animals would have woken up the neighbors! There was even the possibility of a complaint from the neighbors. It was really too noisy!

Who knew that just as this thought emerged in her mind, a violent roar sounded in her ear, ""Who is it! Can't you let me sleep in the middle of the night! It's so noisy!"

As soon as the voice fell, a White Lightning suddenly appeared. After it circled around the animals that were howling excitedly, the roars stopped!

The White bolt of lightning also appeared and landed in Leng ruoxue's arms.

Leng ruoxue looked sympathetically at the Beastie that had already fainted. She gently stroked Cang's fur and said, "Cang, why did you sleep so early?"

It was only six in the evening, so it should be dinner time!

"I'm bored, so I can only sleep!" Azure said.

"Pfft!" Leng ruoxue couldn't help but laugh out loud. Then, she played along and asked, ""Why are you bored? You have so many underlings to play with you every day!"

The underlings that Leng ruoxue was referring to were her beasts.

"Them? I've had enough of those guys. " Azure said with slight disdain.

Hearing this, Leng ruoxue didn't know if she should comfort Cang or be glad that her beasts had finally escaped from the sea of suffering.

"Girl, did you specially get these ordinary beasties for me to play with?"

"Uncle Cang, they are our little brothers!" Hearing Cang's question, Saint Rui weakly replied.

"Little brother? What's the use of these ordinary beasts as underlings! If you really want little brothers, I'll go back to the divine realm tomorrow and find a few good ones for you. These beasts will be given to uncle Cang to play with, how about it?" Azure discussed.

"Uncle Cang, mother said that a gentleman doesn't take what others like!" Rui ze carefully reminded, he was really afraid that uncle Cang would flip out!

"Niu?" Hearing Ruize's words, Cang raised his head and looked at Leng ruoxue.

Leng ruoxue touched Cang's head and said gently, ""Cang, don't even think about these ordinary beasts. Their small bodies are too weak and you'll break them!"

"Girl, you also don't love Cang anymore!" After hearing this, Cang said in disappointment, the light in his eyes also dimmed.

Leng ruoxue couldn't help but feel speechless. It seemed like Cang was really too bored! He was actually acting pitiful in front of her again.

However, before Leng ruoxue could reply, the demon angrily picked Cang up from Leng ruoxue's arms and shouted, ""My wife doesn't love you! I'm the only one she loves!"

"Are you sure?" Cang lightly opened his eyes and said.

"Of course!" The demon gritted his teeth. If he could, he really hoped that Cang could disappear from his and his wife's eyes forever, but that was impossible! He was afraid that he would never be able to get rid of Cang in this life!

I hate him so much!

Evildoer glared at cold, and cold glared back at evildoer without showing weakness.

Leng ruoxue and the other three sighed in unison.

Alright! The two cockfighting chickens were fighting again! However, Jian Cang had obviously regained his fighting spirit, so Leng ruoxue pretended that she had not seen anything!

After keeping the unconscious animals, Leng ruoxue brought the three of them back to her room.

The moment Leng ruoxue and the three of them left, the demon grabbed Cang and headed to the chaos World.

Chapter 3112 My Master Is A God (2)

"You bastard!" One-on-one!

When the demon returned to his room, a few hours had already passed.

Leng ruoxue looked at her dear husband, whose clothes were a little messy and his originally handsome face had a few claw marks. She could not help but laugh out loud.

Seeing his wife fall on the bed laughing exaggeratedly, the demon was very depressed.

"Honey, are you that happy to see me injured?" The demon said, feeling wronged.

"The battle is quite intense!" Leng ruoxue laughed as she spoke.

"Of course, we've brought out our true abilities! This was definitely not a joke! Don't think that I'm in a sorry state right now, you'll know if you go and see that fellow, Azure, he's even worse off than me!" The evildoer became arrogant as he spoke.

"You guys!" Leng ruoxue was helpless. It had been so many years, but these two fellows would still fight from time to time. Fortunately, they knew their limits and didn't challenge her bottom line. Otherwise, the one who would be in trouble would definitely be this man and beast.

"Hehe! It's healthier to fight! Didn't you see Cang's dead look? It's full of energy now!" The demon said proudly.

When Leng ruoxue heard this, she couldn't help but think to herself, 'Cang must be so angry that his hair is standing on end, how can he not be spirited?'

Leng ruoxue was smart enough not to say these words out loud. She patted the demon's head and said, "It's late, go to sleep!"

"Honey, what should I do about my injury?" The demon was not satisfied. Didn't his wife see that his face was disfigured? One had to know that he had

come back with injuries to seek comfort and comfort. How could he be dismissed with a simple 'go to sleep'? He wouldn't do it!

"It's okay, it'll be fine in a few days. " Leng ruoxue deliberately said in a nonchalant manner.

"Wife, wife, take a good look, your husband is disfigured! That Azure fellow's claws were really vicious! I know it has been jealous of my handsome face for a long time, but it doesn 't!" The demon said with hatred.

"Hubby, we've been married for so long. Even if you're disfigured, I won't despise you. Don't worry." Leng ruoxue promised with a smile, but she didn't say anything to comfort him.

"Honey, you've become bad." Knowing that his little scheme would not succeed, the demon said in disappointment.

"Well, men don't like bad women!" Leng ruoxue nodded her head in all seriousness.

"..." The evildoer surrendered. His wife had really learned the bad things!

Some of the sorrowful evildoers entered Dreamland with Endless Melancholy in their hearts.

The next day.

Leng ruoxue and the rest were having breakfast when the man brought the silly leopard to visit.

As soon as the two of them entered the courtyard, they looked left and right like Granny Liu entering the Grand View Garden. Everywhere they looked was good, and they were quite excited.

Ji Kai, who was leading the way for the man and the leopard, looked at their silly appearance and didn't know what to say. Where did these two guys come from? Why was he so similar to him back then?

Ji Kai, who felt that they were in the same boat, also felt very kind to the reaction of the man and the leopard, so he didn't rush them. When the two had seen enough, he took them into the living room.

Leng ruoxue knew that they had arrived and was preparing to welcome them with the demon, her grandfather, and her brother.

The moment Black Panther saw Leng ruoxue, he immediately pounced on her and hugged her leg tightly. He sobbed with tears in his eyes, "Benefactor, I'm here!"

"....."

The man blushed.

The demon's face darkened. Why was this damn leopard clinging to his wife again!

"Hehe, Xue 'er, this junior leopard is quite interesting." Leng ruohan could not help but laugh when she saw the leopard's actions.

"It's a leopard that's out of line. " Leng ruoxue was speechless. She then freed her leg from the leopard's claws.

When the Black Panther saw this, more tears welled up in his eyes. He sobbed like a pitiful little creature that had been abandoned. "Wuwuwu ... My benefactor doesn't like me anymore! My benefactor has a change of heart!"

"....."

Leng ruoxue looked at the ceiling, speechless. What the hell is this!

The demon's face turned even darker, while Leng Qingtian, Leng ruohan, and the rest watched with interest as the Black Panther cried in front of them.

At this moment, a white light suddenly appeared. Then, everyone heard the Black Panther let out an "ah!" He let out an extremely miserable scream and

covered his face with his claws, blood flowing out from the gaps between his claws!

After white light finished his sneak attack, he even cursed, ""You little country bumpkin, you dare to have ideas about Niu! Hmph! When did Niu ever like you, love you!"

Needless to say, it was definitely Cang.

Evil demon wanted to give Cang 32 likes, but Cang's next words made him take back his likes without hesitation.

Because Cang said, "if Niu likes someone, she should like me, and if she wants to love, she should love me!"

Leng Qingtian, Leng ruohan, and the rest were already used to Yu canglie being jealous of others, but this man had never seen this before! Originally, he was quite angry that his son was scratched by a cat, but when he heard the cat speak human language, he couldn't be angry anymore.

He really didn't dare to provoke Beastie that had gained spiritual intelligence!

The leopard that was scratched by blue was so scared by Blue's pressure that it didn't even dare to breathe, it could only act pitiful with tears in its eyes.

Wuwuwu ... This cat is so scary!

As a Beastie, its intuition was naturally invincible, so the leopard knew very well that it was no match for this cat. This fact really made the leopard's heart feel stifled.

More importantly, its face hurt. The blood had soaked the silk-like black fur on its face. It was disfigured!

As if she could read the leopard's mind, Leng ruoxue took out an ordinary healing elixir and stuffed it into the leopard's mouth. The moment that sweet

and fragrant feeling entered its stomach, it immediately felt that its face no longer hurt, and its body was in great shape!

In an instant, the leopard was revived with full health. But this time, it didn't dare to get close to Leng ruoxue, mainly because the cat by its benefactor's side was too scary!

Carefully and vigilantly looking at Cang, junior leopard didn't dare to speak.

Cang ze sneered, then hooked his finger and said, ""Since you've gained intelligence, you'll recognize me as your boss in the future, understand?"

Junior leopard nodded his head frantically and roared in his heart, "I know!" He knew it too well! He didn't dare to not know!

In this way, junior leopard was threatened by Cang and changed sides at the last moment. One should know that he came for his benefactor! Now, he had become a cat's errand boy!

Wuwuwuwu ... As the saying goes, the fist is bigger than the sky!

Seeing his son being threatened by a cat and becoming a cat's hatchet man, the man's heart was filled with emotions. However, he was more curious about the pill that Leng ruoxue had just given to his silly son. He didn't know what ingredients it contained, but it was too magical. His son's injuries had healed in the blink of an eye! Of course, the man didn't dare to ask. He was afraid that this was someone else's Secret, and he didn't want to be killed.

It had to be said that the man was overthinking.

Due to his relationship with Bao' er's son, the man had also successfully settled down in Leng ruoxue's Villa temporarily. However, when he did, he realized that the little white kitten was not the only beast that could speak in the villa!

A White Tiger the size of a palm, a fiery red Parrot, a beautiful Silver Wolf ... Although every beast here was not big, they could all speak the human language. They even often looked at him with disdain as if they were looking at an ant. This feeling was so beautiful that no one dared to look directly at him!

After living here for a few days, the man gradually got used to being despised by the beasts here. Of course, this was mainly because Ji Kai would come to talk to him and comfort him when he had nothing to do! However, it was undeniable that the food here was really good. He was reluctant to leave after staying for a few days.

Although his silly son would be bullied by Leng ruoxue's beasts from time to time, his son's strength would increase by several times under their training. This could be considered a blessing in disguise!

On a certain day.

When his son was once again taught a lesson by Leng ruoxue's family's beasts, the man started to chat with Ji Kai while applying medicine for his son.

As they were chatting, the man suddenly asked, "By the way, what about the other animals that the three babies brought back? How come I didn't see it?"

"They ... Are also being repaired." Ji Kai coughed and said with a look of sympathy.

"I see!" The man's heart instantly felt balanced.

"Um ... Who exactly is your master?" he asked after some hesitation. How could his strength be so profound!

Ji Kai looked around and then asked with a serious face, "You really want to know?"

"I do. Can I tell you?" The man asked carefully, his face full of curiosity. He wasn't trying to find out the other party's secret, was he? After all, the other party could have chosen not to say anything.

"I can, but I'm afraid you won't believe me!" Ji Kai said innocently. He knew that his master allowed this guy to live here because he wasn't afraid of him knowing his identity. Of course, if the other party didn't ask, he wouldn't tell him. But since the other party asked, he naturally couldn't lie! He was an honest and good child!

"Let's hear it!" The man said happily.

"My master is a God!" Ji Kai paused and said.

"God?" The man was shocked. There was a God in this world? Obviously, he did not believe it.

"You don't believe me?" Ji Kai saw through the man's thoughts and asked with an evil smile.

"I can't believe it! I'm an atheist. " The man said honestly.

"It's fine if you don't believe me. I've already told you, right?" Ji Kai didn't think much of it. Then, he turned around and left.

"Son, do you believe me?" Looking at Ji Kai's back, the man asked his wounded son.

"Daddy, I believe you!" The black leopard's eyes were filled with tears. It was beaten up by the beasts here all day long, and those overbearing beasts didn't allow it to eat healing pills. How could it not believe it? Even if it didn't want to believe it, it had already been beaten up by the other party!

"Al! Son, hang in there!" The man sighed. As the saying goes, no one knows a son better than his father. How could he, as the Father, not know what his son was thinking?

Junior leopard nodded with tears in his eyes. Such a painful and happy day was too ecstatic!

Compared to the little leopard's ecstatic life, the three of them were living quite comfortably.

They were overjoyed to have so many new members in the house. Since her son was happy, Leng ruoxue would naturally be happy as well.

Unfortunately, these Happy Days only lasted for a few days before someone came to challenge them.

The people who had come to challenge them were the couple who had been abandoned in the mountains.

When the man found out that the couple had come to find trouble, he was so speechless that he didn't know what to say.

They didn't know what kind of people and beasts lived here, right? Otherwise, how would they dare to? Who gave them the guts?

The man had heard about the couple's incident, but he didn't think much of it. After all, he didn't think that anyone would dare to offend Leng ruoxue and her husband. However, it was obvious that he had miscalculated. They had come prepared.

This time, the couple had brought quite a few people with them ...

[SUPREME CRAZY WIFE](#)

Chapter 3113 The Army Of Animals (1)

Thinking of the other party's lineup, the man fell silent.

Although the other party had a lot of people and weapons of mass destruction, no matter how he looked at them, they were like meat buns to a dog that would never return.

Just as the man couldn't help but think to himself, suddenly, a cold snort that was clearly displeased interrupted his thoughts. The man immediately looked up and searched, then subconsciously lowered his head again. He saw a child about the same age as the three children, looking at him with a noble and cold face. On the child's head, there was a snow-white kitten.

The man's heart skipped a beat when he saw the cat named Cang. Then, he heard a certain baby ask in dissatisfaction, ""You said meat buns hit dogs? May I ask who's the meat bun and who's the dog?"

"Ah!" Hearing this, the man turned pale with fright! He didn't say that! He only thought about it in his heart. How did this child know?

The man's expression was so shocked that Qing Jue did not even need to read his mind to know what he was thinking. Qing Jue then said, "You didn't say it, but you've thought about it in your heart!"

"..." This time, the man was completely speechless. He could only stare blankly with his eyes wide open.

"Small fry! You still dare to let your imagination run wild in our house!" Azure said with interest.

"Sob, sob, sob ..." The man came back to his senses and his face was covered in tears. He should have known! This family was not ordinary! Unfortunately, no one had warned him, so he couldn't let his thoughts run wild!

The man immediately snapped out of his daze and didn't dare to think about anything else. His mind was completely blank as he sat on the sofa in the living room.

Seeing him like this, Leng ruohan, who was watching the show from a distance, could not help but laugh." "Alright, Qing Jue, Cang, stop bullying him!"

Hmph! The two of them snorted in tacit understanding and then found a place to sit down.

The man's eyes were shining as he looked at Leng ruohan, who had helped him out of the situation. He was screaming in his heart, what a good person! At this moment, he truly felt that apart from Ji Kai, brother Leng ruoxue was the kindest person in this villa!

"Brother-in-law, this little guy is praising you in his heart!" Suddenly, Azure spoke.

"..." Leng ruohan's mouth twitched when she heard this. Could this fellow Cang not call him brother-in-law on purpose? That jealous bucket could get jealous!

In the past, because of Cang 's' brother-in-law ', the man and beast had fought. Since then, Cang would say this from time to time to challenge the authority of a certain demon! In this regard, they were quite helpless!

Similarly, when the man heard Cang's words, he broke out in a cold sweat and suddenly woke up. Why was he thinking about it again? However, why did that cat call Leng ruoxue "brother" and "brother-in-law?"

The man couldn't understand, but then he saw a cold wind quickly blowing in front of him, and then an afterimage grabbed Cang ...

"They are ..." The man was speechless as he watched the man and the cat disappear in front of him. What kind of superpower was this?

"It's fine. Let them settle their personal grudges themselves!" Leng ruohan said nonchalantly. He was already used to it. It was probably because Cang

could not make a move today, so he wanted to find someone to fight with. A certain demon was undoubtedly the most suitable candidate.

Hearing that it was a personal grudge, and that it had to be picked at this time, the man was a little speechless. He asked unwillingly, "What about the people outside? We seem to have been surrounded!" Unfortunately, their two main forces had run away!

"Calm down," Leng ruohan said nonchalantly. Then, she picked up the teacup on the coffee table and took a sip of the hot tea.

Seeing how calm and composed the other party was, the man felt that there was no need for him to worry. In fact, he wasn't too worried about his own strength, but the other party had many weapons in his hands. He was really afraid that the people in the villa couldn't withstand it. After all, they were all mortal!

The man's thoughts started to run wild again. Then, green vessel snorted coldly, "Hmph! I told you not to let your thoughts run wild, why can't you remember? Besides, who told you that we're all mortal? We're not ordinary humans!"

"I was wrong!" Wuwuwu ... The man hurriedly apologized. A good child who knows his mistakes and can change for the better. Give him a chance!

However, he still asked out of curiosity, "What do you mean by not a normal human being?" He didn't think that these people were any different from him.

"We are gods!" Qing Jue said indifferently.

Alright! The man sighed, indicating that he understood. God? He was more like a lunatic!

"You're the crazy one, your whole family is crazy!" As expected, Qing Jue started scolding.

The man's heart shrank in fear. Sob, sob, sob ... He made a mistake again! But he couldn't control his heart!

Leng ruohan glanced at the man with a long face and asked sympathetically, "You're calling us lunatics? Hmm?"

"I, I ... I didn't mean it that way." The man's face was covered in tears. He really wasn't! That was just a natural reflex!

"It doesn't matter even if you tell me. Ordinary people would indeed think that way." Leng ruohan said considerately.

The man was very grateful when he heard that. What a kind Prince Charming!

However, Leng ruohan changed the topic and asked, "Since you think we're crazy, how dare you live with us? Aren't you afraid that we'll suddenly go crazy and kill you?"

"Wuwuwu ... I really didn't mean it that way!" The man was about to cry again. He was wrong, his idol was not kind.

"It doesn't matter. Since we're all patients, can you, the only sober person, please send away the people outside?" Leng ruohan blinked and said.

"..." Her male God was so bad, so bad, so bad. She was sending him to his death! So, he was the real meat bun!

The man with a bad memory secretly cursed again. However, Leng ruohan did not let him think for too long. She grabbed him by the collar and threw him out of the courtyard through the floor-to-ceiling window in the living room.

By the time the man reacted, he was already floating in the air.

"Ah!"

The man, who was afraid of heights, inadvertently glanced down and immediately felt his blood flow backward. His little face turned pale with fear. Then, with a plop, he began to fall from midair.

His screams were getting louder and louder, but after he landed, he didn't feel any pain. His lower body was still soft. When he looked up, he saw countless pairs of eyes staring at him. A faint sound came from below him. "Get up, get up, you, you're pressing on me!"

"Ah!" Only then did the man react. Someone had become his cushion! Hehe, what good luck!

Looking at the crowd, the man stood up from the ground calmly and even patted the dust off his clothes. Then, he asked as if nothing had happened, "What are you guys doing with a weapon each? Breaking into private property?"

"A house? We're here to seek revenge from Leng ruoxue and her husband!" A woman replied in a shrill voice.

After her family's investigation, they found out that the couple were unemployed and had no power at all. They did not belong to any power. That was why she and her husband dared to come to their door so brazenly today. Hmph! Since they couldn't find the animals in the mountain, they could only vent their anger on Leng ruoxue and her husband!

SUPREME CRAZY WIFE

Chapter 3114 The Army Of Animals (2)

This was what the woman thought. Of course, she would not forget the humiliation that Leng ruoxue had brought to her on that mountain. Otherwise,

she would not have spent such an expensive price to persuade her husband's family. Today, she would make sure that Leng ruoxue and her husband would not be able to step out of this villa!

"What revenge? What did the couple do to you?" The man asked in confusion.

"They didn't help us and even helped the animals in the mountains to bully us, Hmph! You don't care about human morality at all!" The woman complained.

The man was even more speechless after hearing this. He reminded, ""If they really don't care about human morality, do you think you can still stand here today? He was probably eaten by the wild beasts in the mountains. Besides, you were the ones who snatched the tiger's cub. It's only natural that the Tiger couple would want to settle the score with you, right? I dare to say that if it wasn't for Leng ruoxue and her husband's presence at the time, both of you would have been buried in the Tiger's mouth!"

"Nonsense! That pair of Tigers wouldn't dare to do anything to us! We have bodyguards!" The woman refused to admit this fact. In any case, she was certain that Leng ruoxue was on the side of those damned animals!

Unfortunately, after she and her husband were rescued, they brought people back to the mountains, but they couldn't find a single strand of animal hair. How could she not be furious?

"You only have a few bodyguards? It's not that I'm looking down on them, but a single snake is enough to scare them unconscious!" The man said.

"You ..." The woman was so angry that she was speechless. Then, she came to her senses. Since this man had fallen out of the villa and seemed to know Leng ruoxue, he was naturally her enemy. Why did she have to waste her breath on him?

At the thought of this, the woman immediately turned to her subordinates and said angrily, ""What are you guys doing? Hurry up and capture this hostage!"

Hostage? The man was stunned. Was he thrown out by his idol just to be a hostage? At this moment, the man was inexplicably worried. He didn't want to be a burden!

"I hope you don't regret what you've done!" The man said with an expression of someone who had seen through the world.

"Hmph! If you want to be a hostage, then you should have the awareness of being a hostage. Why are you talking so much nonsense?" The woman felt that the man was talking too much and rebuked him angrily.

"Alright! I'll shut up!" The man was very tactful in the face of several guns pointed at him. Then, he was tied up with a thick rope.

Seeing that the man had been intimidated, the woman couldn't help but laugh wildly. At this moment, the person who was treated as a meat cushion also woke up. He looked at the man carefully and asked carefully, "You look familiar. Have we met before?"

It must be familiar! The man thought to himself, but he said, "You look familiar too, but I don't think we've met before!"

Hearing the other party say that he had never seen it before, the meat cushion was instantly relieved!

Then, the meat cushion instructed the woman, "Since we have a hostage, then order the people inside to come out! Otherwise, I'll kill the hostage!"

Oh my! You still want to kill the hostage?

He was a hostage, not a hostage! The man expressed that he was sorrowful again. A hostage sounded better than a hostage, although the two meanings were similar!

Just as the man was about to clarify, the woman had already obediently picked up the microphone and shouted into the villa.

"The people inside, listen up. Your people are in our hands. Come out and surrender, or you will bear the consequences!"

The man was very embarrassed. He truly felt that he was too obedient. Why was he treated as a hostage without any resistance?

Ugh! There was only one answer, the other party had a gun! And he didn't want to be shot into a pile of coal.

After thinking it through, the man felt that he should be a quiet and obedient beautiful man hostage!

As the woman shouted at the top of her lungs, there was no movement in the villa. A certain meaty paw saw this and couldn't help but say, "Is there no one in this villa? Why is it so quiet?"

"Hey, I'm asking you a question." Seeing that no one answered, a certain meaty paw directly shouted at the man.

The man felt a little wronged and thought, are you asking me? He was clearly talking to himself, okay?

"Someone's there. He might be sleeping." The man thought for a moment and decided to fulfill the other party's spirit of not being afraid of death. After all, he knew that Leng ruoxue and the others would definitely not leave him in the lurch.

"You can still sleep after such a huge commotion?" A certain meaty cushion was furious. He then turned his head and ordered the person behind him, "Fire! Shoot! You have to kick the people inside out!"

"I'd advise you not to!" The man sighed and stopped her.

"What, are you scared?" A certain meaty cushion said rather proudly.

"It's not that I'm afraid, but you'll regret it!" The man replied. He truly felt that he was too kind. He was almost touched by himself.

"Hmph! When has our ding clan ever regretted?" A certain meaty pad said proudly.

"Alright! Go ahead! I wish you success!" The man didn't want to say anything more. These people would definitely not turn back until they hit a wall!

"Get ready! Fire!" Thinking that the man had given in, a certain meat cushion ordered again.

In an instant, hundreds of pitch-black muzzles were pointed at Leng ruoxue's Villa. Just as the subordinates of the meat cushion were ready to fire, the villa's door suddenly opened. A baby and a black leopard walked out.

The baby's face was tied up tightly, and his face was filled with the worry of being disturbed. Then, the people holding guns heard a childish voice angrily say, ""Who dares to blow up my house? You're really tired of living!"

When they heard that the one who threatened them was a little baby, everyone couldn't help but burst into laughter. Only the man who was held hostage had a serious expression on his face. Why did this little devil come out?

Seeing Qing Jue, the man couldn't help but sigh. Milk babies these days were not to be trifled with! Of course, he was even more touched when he saw Bao's son standing beside the baby. His son was still the best! Knowing that she was worried about him, she came out to take a look. Sob, sob, sob. She really didn't dote on this son for nothing!

The man was inexplicably touched, but The Good Son in his heart was actually just here to watch the fun. At the same time, more and more animal armies slowly strolled out of the villa.

The crowd had never seen such a huge formation before. At first, they were a little panicked, but they soon realized that they had guns in their hands and so

many people. Why would they be afraid of a few animals? With this thought, everyone immediately calmed down.

When the woman saw three familiar faces, she was so angry that her lungs were about to explode. How did the animals in the mountains disappear? it turned out that Leng ruoxue had brought them into her own house! No wonder they couldn't find a single strand of animal hair in the mountains even after searching for several days!

How detestable! It was really too detestable!

The woman was filled with hatred and looked at her husband smugly. The smug expression on her face seemed to be saying, "look, I have foresight!" It was right to settle the score with Leng ruoxue and her husband!

In contrast to the woman's pride, the Tiger couple looked at her as if she was their nemesis who had killed their son. At that time, if they had not given Leng ruoxue face, they would have torn this hateful human woman into pieces!

He had thought that the woman would be so scared that she wouldn't dare to appear again. He didn't expect that she would actually come to find trouble with little master's parents today. This was truly a case of not taking the path to heaven but coming to hell when there was no door! The tigress thought to herself, 'this time, you asked for it. Little master said that whoever dares to bully their parents will not be let off!'

With little master's approval and no objections from little master's parents, the Tiger couple felt that they could finally show off their skills! For a moment, not only was the Tiger couple happy, but almost all the animals were also unusually excited.

These days, they had always been at a disadvantage of being bullied. Today, they finally had the chance to bully others!

Roar! Roar! Aowuu!

The animals roared at the sky in excitement!

Humans didn't understand animal language, so most of the people present took the continuous roars as a warning and provocation from the animals. Instantly, the human holding the gun was enraged! For a moment, the atmosphere was tense!

In the next moment, the animals rushed toward the woman and the others in a nest.

The tigress had specially gone to greet a woman! If he didn't teach this woman a good lesson, he would be letting her down for taking the initiative to come to his door!

The tigress's big claws slammed at the woman a few times, directly turning her body into a bloody mess. The claw marks were quite obvious. Finally, the tigress 'big claws finally swung at the woman's face. Accompanied by the woman's ear-piercing scream, the woman fell straight to the ground and fainted.

After dealing with the woman, the tigress set her eyes on the woman's husband. The child's father, who was already scared silly by the tigress 'ferocity, didn't even use the tigress's claws before his eyes rolled back and he fainted.

"You useless thing!" The tigress smacked the child's father's leg a few times.

Kachaa! With the sound of bones breaking, a young man not far away heard the tigress speak in the human language. His face suddenly turned pale with fright, and he trembled as he pointed at the tigress and screamed, ""He, he spoke, ah! A ghost!"

You're the ghost! Your whole family is a ghost! The tigress cursed in her heart and grinned, ""Little guy, you heard wrong. You must be hallucinating. I didn't say anything!"

N-no words? Then who was the one talking to him and looking at him with such affection? The young man's mind went blank when he thought of this. Then, he was knocked unconscious by the tigress's paw.

The tigress quickly finished off her target, and the other animals also finished off their opponents.

The animals were agile and their claws were quick. Before many people could react, the guns in their hands were snatched away. Then, there was no then ...

In just over ten minutes, all the enemies had been defeated!

The man looked at the unlucky fellows who had fainted all over the ground, and his heart could not help but be shocked.

How long has it been! The animals were actually trained so well!

After the unlucky ones were taken down, the three of them happily strode out of the villa.

Glancing at the battle situation, the three nodded their little heads in satisfaction and said, ""Well done, animal army!"

The animals were very excited to be praised by their little master, and they immediately raised their voices and roared at the sky.

Suddenly, Saint Rui's eyes turned slightly and looked at the man who was still tied up like a dumpling, ""However, some people's performance wasn't that great. They were actually treated as hostages by a few ants. They've really embarrassed us three brothers!"

SUPREME CRAZY WIFE

When Rui Sheng said this, his beautiful little face was full of contempt, and the 'someone' he was talking about was only aggrieved. He really could not be blamed for this! He had been thrown out, and the other party had a gun in his hand. If he didn't know what was good for him, he might not be able to see these three little cuties!

The man who felt that he was very smart smiled at Rui Sheng and said, "Little Ruisheng, can you help uncle untie the rope?"

"Not good, because you're too weak, we three brothers discussed with mom and dad and decided to let you train with us." Saint Rui laughed evilly.

The man's hair stood on end when he heard the word 'special training'. This ... Could it be what he was thinking? As long as he thought of his leopard son's miserable state, his little heart would tremble non-stop.

No! He didn't want special training!

At this moment, Qing Jue, who knew what was on his mind, snorted coldly and said, "You brat, you've gotten off easy. Not everyone has such an opportunity, so don't take it for granted! Moreover, we didn't charge you any training fees, so why are you being so pretentious? You really don't look like a man!"

"....."

He was a real man! And he's not some stinky brat!

Listening to Qing Jue's tone and the words he said, the man was so depressed that he was about to go crazy. Who would be called a little brat by a little boy and then criticized for not being like a man?

"You little brat, do you know how long I've lived?" Seeing that the man was unwilling to give up, Qing Jue continued to ask.

"How many years? From your appearance, you can't be more than two years old!" The man said with certainty.

Qing Jue pouted and said disappointedly, "I knew you'd judge a book by its cover!" Let me tell you, other than these three, the youngest in this villa is almost a hundred years old!"

"Argh! It can't be?" The man was really shocked. However, he felt that the credibility of a little boy's words was not high!

Knowing that the man did not take his words to heart, Qing Jue was no longer angry. He only said, "Get ready for the special training!" Then, she turned around and returned to the villa.

As soon as green vessel left, the three of them left as well. The little master left, and the Army of animals followed behind in a grandiose manner. Every beast carried an unconscious person in their mouths and claws. In the blink of an eye, the black leopard was the only one left beside the man.

Seeing this, the man was moved to tears and sobbed, "Son, you love your father the most!"

"Dad, you're so pitiful. If I don't stay here to accompany you, what will you do?" The Black Panther said emotionally. In fact, it also wanted to follow its good friends back to the yard.

"Good son, your father didn't raise you for nothing!" The man praised.

The Black Panther shyly said, "Dad, you have to work hard. In the future, you have to train with us! Other than the pain, my strength still improves quite quickly!"

"..." When the man heard this, his touched emotions disappeared without a trace. My son! You've been brainwashed so quickly?

At first, the man wanted to teach his son a lesson. Who knew that as soon as this thought appeared in his mind, a giant hand reached out from thin air, grabbed his collar, and dragged him into the living room with a whoosh.

When he entered the living room, the man realized that the owner of the hand was a certain demonic man. Instantly, his little heart trembled again. For some reason, every time he saw this evildoer, he would feel a little scared.

Especially when a certain evildoer didn't make a sound, he was so scared that he didn't even dare to breathe.

But now, before he could stir up his fear, the evildoer had already opened his mouth and said, "From tomorrow onwards, you and My Three Sons will be undergoing special training together!"

When he said this, his eyes, which were as dark and bright as the stars and moon, stared at the man for a long time. Then he shook his head and said, "Weak! You're really too weak!"

The man wanted to cry. He was an expert in his family! But it was undeniable that he was nothing in front of these people.

The man had no way to resist and was forced to undergo special training by the demon the next day. As for the candidates for the man's special training, they were, of course, the idle beasts.

This time, the man also enjoyed the same treatment as Bao's son. Every time after the special training, the man and Bao's son would apply medicine on each other's wounds, then hug each other and cry. But it was undeniable that it was just as Bao's son had said, the man's strength had increased very quickly.

Half a month later, the man who was in pain and happiness at the same time really couldn't take it anymore. The main reason was that the intensity of the special training was too high and he needed to take a break.

While no one was looking, the man found three and said to them,""Little guys, do you want to travel around the sea?"

He had mentioned the trip to Leng ruoxue and her husband before he came here, but they had rejected him. Now, in order to let himself catch his breath, he was like three little ones!

The three of them raised their heads to look at him, then Rui ze and Rui Xin lowered their heads again, and the wisdom Saint spoke on behalf of them,""I don 't!"

The man's heart couldn't help but turn red after being rejected so directly.

"Why?" The man was unwilling to give up. He only wanted to go out and take a breather. Couldn't he fulfill such a small wish? Shua shua shua ...

"Because I've been there!" Saint Rui said calmly, but he could not help but sneer in his heart. He wanted to persuade them to leave the house with such a small reason? How childish!

Ugh! The man did not expect this answer. He was a little surprised, but he did not give up. He coaxed,""Why don't we go to uncle's house to play? There's an event at uncle's house. You can go and watch the fun. "

"What event? Is there a fight?" Saint Rui's eyes lit up and asked. Now, he was addicted to fighting. Unfortunately, except for his younger brother and Ji Kai, the three brothers couldn't beat anyone in the family!

"There are! There was! This event is the ancient martial arts family elite competition that happens once every ten years in the ancient martial arts world. There will be a lot of fights. How about you go to uncle's house to watch?" The man saw that Saint Rui seemed to be interested and quickly tried to persuade him.

"Okay, but you have to get mom and dad's permission first." Saint Rui nodded.

"I'll go and talk to them!" The man immediately said.

After that, when he looked for Leng ruoxue and the demon, he invited them to the Yang family to participate in the grand event of the ancient martial arts families. However, Leng ruoxue only looked at him with a smile that was not a smile.

The man who was being stared at by Leng ruoxue's clear eyes had goosebumps all over his body. He asked carefully, "What's the matter? is there a problem?"

"Why did you lie to my son?" Leng ruoxue said indifferently.

"Argh! When did I lie to them?" The man was confused. He would never dare to lie to those three little ancestors!

"Didn't you tell the three of them that there was a fight going on in your house?" Leng ruoxue replied honestly.

"Argh! I did!" The man admitted. He knew that nothing that happened in this house could be hidden from the couple. He had just finished talking to the three children, and the mother already knew!

SUPREME CRAZY WIFE

Chapter 3116 Side Story, Can't I Just Approve It?(2)

"But we're not from the ancient martial arts families. Or do the ancient warrior families allow outsiders to participate in the elite competition?" Leng ruoxue asked indifferently.

"This ... Of course outsiders are not allowed to participate, but our Yang family can announce to the public that you are a branch of the Yang family. This way, the three children of Saint Rui can participate in the competition. Of course, I'll still need your permission to decide my identity. " The man explained his plan.

When Leng ruoxue heard this, she couldn't help but laugh. ""You're quite good at scheming. You made my son work for your Yang family. Can your Yang family bear the consequences?"

"I'm innocent! I really didn't think that way, I just thought that this was the only way to let the three kids participate in the competition, because Rui Sheng told me that he wanted a fight!" The man said with an aggrieved expression.

"Since my son wants to fight, then we'll do as you say. But please remember, the Yang family better behave themselves. Otherwise, the Yang family's end will only be worse than the Ding family 's!" Leng ruoxue warned.

The moment he heard Leng ruoxue mention the ding clan, the man couldn't help but shiver. One had to know that he had personally seen that evildoer wave his hand and a black hole appeared in mid-air. Then, those unconscious people disappeared without a trace. According to what the man had said, those people had been thrown into hell.

After that, the entire ding clan had mysteriously disappeared from the netherblue planet. The matter of the ding clan had basically become a major unsolved case on the netherblue planet, and no one had been able to find even the slightest trace of it ...

However, the man admitted that he knew about it, but even if he did, he didn't dare to say anything. He could only keep what he saw to himself. The other party's methods were too terrifying. So many people disappeared with a wave of his hand. What kind of ability was this?

Although the man was shocked, he couldn't really treat the other party as a God since he considered himself an atheist. However, he could still worship him like an empty God!

Thinking of this, the man nodded his head like a chicken pecking at rice.

Three days later, Leng ruoxue and the rest were ready to set off.

Looking at the beasts of different sizes standing in the yard, the man's mouth twitched. If he brought these animals home, the family wouldn't think that he was going to open a Zoo, right? Oh my God! It was too spectacular!

"What, is there a problem? They can't go?" Leng ruoxue asked when she saw the man in a daze.

"I can, I can go! However, they can't casually open their mouths when they arrive at the Yang family!" The man said with a headache. How were they going to transport all these animals home?

"Don't worry, they're smarter than you!" Leng ruoxue promised.

After the man heard this, he was depressed again.

Was he saying that he was worse than an animal?

"Yes, don't worry. We won't say a word in your house. We will only talk in our own house." That tigress, who had been very excited ever since Leng ruoxue awakened her spiritual intelligence, saw that the man was depressed and used her claws to cover her mouth as she laughed evilly and added salt to the wound.

The man was speechless. The days when he was bullied by the animals all day long were really ecstatic!

After sulking for a while, the man reminded her again, ""I'm afraid we can't transport so many animals to the Yang family at once, so we can only do it in batches ..."

Before he could finish his words, he felt a flash in front of his eyes and his head became dizzy. When he returned to normal, he suddenly found that he had arrived at the foot of the mountain where the Yang family patriarch's house was!

Oh my God! Why are we here?

This ... This was too fast!

The man was unable to accept this!

"This is called teleportation!" Leng ruoxue explained with a faint smile.

T-teleportation?

What a high-end skill! He really wanted to learn!

The man couldn't help but look at Leng ruoxue with shining eyes. He couldn't hide the desire in his eyes.

"You can't learn it, your strength is too weak!" Leng ruoxue replied honestly.

I've been despised again! The man's heart was deeply moved!

Unfortunately, he didn't have to be sad for long before someone from the Yang family received the news that an animal army had arrived outside. Immediately, some of the Yang family members ran out of the main house to find out what was going on.

Upon seeing the man, an old man with a goatee immediately roared, "Little mountain, why did you bring these animals back? There's no place to keep them at home!"

The old man's brows were all furrowed together. Seeing that the Yang family's weirdo, who loved martial arts and animals but did not like women, had brought back so many animals, the old man's heart ached. How much money did it cost to raise so many mouths!

"You're called little San?" Leng ruoxue raised her brows and asked curiously when she heard how the old man with the goatee had addressed her.

"It's the mountain of a tall mountain! I'm yang Shan. " The man explained. At the same time, his heart ached. He had known the Leng family for so long, but no one had asked him for his name. Sob, sob, sob ... It wasn't hard to see that they had really treated him as a passerby!

As a passerby, yang Shan felt that he should be tactful. Hence, he took the initiative to introduce Leng ruoxue and the rest. "That goateed man is my third uncle. Other than being a little stingy, he's a good person. Also, because of his stinginess, the family put him in charge of the family's finances. The poor clansmen of the Yang family have already said that whoever can get money from our stingy third uncle will be their idol!"

"I see! Then with so many people and so many beasts, won't your third uncle go crazy?" Leng ruoxue said considerately.

"Yes, that's for sure. So, I will find a way to ask the family to give you the same treatment as the Yang family." Yang Shan said responsibly.

"What kind of treatment does the Yang family receive?" Leng ruoxue was a little curious. Since there was a stingy finance staff, she really couldn't believe that the Yang family's treatment would be any better. After all, from her point of view, the clothes on that goateed man were too old and worn. His long robe had also been washed white ... He really knew how to live!

"This ..." Yang Shan was a little conflicted, and then he said ruthlessly, "Although we don't have much pocket money, our daily meals are still pretty good. The standard four dishes and one soup are very nutritious."

"Four dishes ... And one soup?" Yang Shan's words made Leng ruoxue feel conflicted. The people in her family were extremely picky about food ... And she did not dare to ask what the so-called four dishes and soup were.

"Let's open fire ourselves!" Leng ruoxue said after some thought.

"This ... Isn't very good, is it?" Yang Shan was even more conflicted. He had invited a guest into his house and he had to open fire himself. If this got out, the Yang family would lose face!

However, when he thought of all the beasts, he was at his wit's end. At this time, the goateed old man, who saw that he was being ignored, roared again, ""Little mountain, are you deaf? I'm talking to you! Who was this girl? She's quite pretty!"

After the old man with the goatee finished shouting, he stared at Leng ruoxue.

"Third uncle, she's a distant relative of our Yang family. Her name is Yang Xue." Yang Shan quickly explained. They had discussed the name Yang Xue before.

"Yang Xue? How come I've never seen him before?" The goateed man was a little puzzled. He couldn't help but Mutter in his heart, "when did the Yang family have such a great beauty? why didn't I receive any news about her?"

"Third uncle, it's yang Xue's first time at the main house. Of course you haven't seen her." Yang Shan reminded.

"That's true. Yang Xue, welcome to the Yang family. " The goateed man said enthusiastically.

"Thank you," he said. Leng ruoxue smiled faintly. Her bright eyes were kind and radiant. Suddenly, the young men who followed the goatee were all dazed as if they had been struck by lightning. Even the elderly goatee felt that his mind was in a daze.

The demon was not satisfied and snorted coldly. Instantly, the dazed crowd regained their senses.

The goateed man coughed awkwardly and asked, ""This is?"

The man's aura was too strong, and the goateed man couldn't ignore it even if he wanted to. More importantly, this man looked a little too demonic, right? If such a man were to be brought to the Yang family, wouldn't the young maidservants of the Yang family go crazy?

Oh my God! Thinking of the terrifying scene that might appear, the goateed man became angry again!

Could this person also be a distant relative of the Yang family? Since when did the Yang family have so many monstrous talents!

"He's Yang Xue's husband, Yechen!" Yang Shan shrunk his neck and introduced carefully. He knew that the scary evildoer was Jealous Again. Sob, sob, sob ... So scary! It was so scary!

"Oh!" The goateed old man nodded and immediately reacted. He said in shock, "What? Husband? Yang Xue was married? Does the main family know about this?"

"....."

Cake-buying, how could he have forgotten about this?

When Yang Shan heard this, his little heart immediately trembled again, especially when he received the demon's obviously unhappy gaze. He was so scared that he almost cried. Sob, sob, sob ... He really did not do it on purpose.

Please don't mess around!

Then, he explained to the demon in a low voice, "The marriage of the Yang family's daughters requires the approval of the main family. This is the family rule. However, you should calm down first. I will explain this to the patriarch later, please believe me!"

Looking at the pleading in Yang Shan's eyes, the demon gave him a look that told him to take care of himself and ignored him. However, Saint Rui was rather curious and asked, "Why do I need the Yang family's approval for my mother's marriage? Can't I just approve it?"

Hearing baby Rui Sheng's unusually serious words, Leng Ruoxue's heart bloomed with joy. Her son was too cute! When the goateed old man saw that it was a beautiful child who spoke, he couldn't help but take a few more glances. Then, he held back his laughter and cooperated, "If she's a daughter of the Yang family, she'll naturally need the Yang family's approval. It's impossible for you to approve of it, because when your mother got married, you weren't even married yet! And who's your mother?"

This was what the old man with the goatee wanted to know the most.

"Mother!" Saint Rui looked at Leng Ruoxue and called out.

The goateed old man followed Saint Rui's gaze, and his mouth twitched a few times. It was fine if Yang Xue didn't return to the Yang family, but why did she come back with a husband and a son that had grown up? This was too fantasizing! However, if those old fogeys of the Yang family knew about this, Yang Xue would have a hard time!

The old man gave Leng Ruoxue a sympathetic look. Leng Ruoxue was baffled.

On the other hand, Qing Jue, who was at the side, had been covering his mouth and laughing secretly.

He realized that this old man from the Yang family was quite interesting! The activity in his heart was extremely rich! It seemed that he wouldn't be lonely in the Yang family!

Qing Jue expressed his satisfaction with the life in the Yang family that was about to come!

[SUPREME CRAZY WIFE](#)

Qing Jue was satisfied, but Leng ruoxue's heart felt stifled. Ever since she had become the Divine Master, no one had ever pitied her! Now, he was actually sympathized by an ordinary old man. This feeling was too overwhelming!

Sensing Leng ruoxue's displeasure, yang Shan quickly tried to smooth things over, "Third uncle, Yang Xue's situation is a bit special. I'll explain it to you later. By the way, these two little kids are also Yang Xue's sons. They are triplets!"

In order to distract his third uncle who liked children, yang Shan pulled out Rui ze and Rui Qiao who were hidden among the beasts. As expected, the goateed old man's gaze was immediately attracted!

The goateed old man was overjoyed when he saw the three beautiful little fellows who looked exactly the same. He stretched out his arms and picked them up.

"Cute! She was really too cute! Beautiful! It was simply too beautiful! As expected of our Yang family's descendant!" The old man with the goatee muttered to himself proudly.

Upon hearing this, Leng Qingtian and Leng ruohan were not happy. That was obviously a child of the Leng and ye families. He had nothing to do with the Yang family!

At the thought that their child had suddenly become someone else's, the great-grandfather and uncle glared at yang Shan fiercely. Yang Shan shivered

and immediately begged for mercy with tears in his eyes. Sob, sob, sob ... It was temporary! It was really temporary!

He really couldn't afford to offend his great-grandfather and uncle! Of course, the parents of the child were the ones he could not afford to offend.

Yang Shan was clear that he had to explain Leng ruoxue's matter clearly as soon as possible. Otherwise, anyone here could easily cut him into eight pieces! Just thinking about it made him panic.

"Third uncle, don't just be happy. Let's talk when we get back to the main residence!" Yang Shan saw that his third uncle was interested in the three of them and was afraid of angering their parents, so he tried to stop him.

"Yes, yes, let's go home first!" The old man with the goatee finally reacted.

After taking a few steps with the three animals in his arms, the goateed old man immediately turned around and pointed at a large number of animals. "You little brat, I was almost fooled by you! Tell me, what did you bring these animals home for? You want to open a Zoo? I'm telling you, our Yang family can't afford to keep so many animals!"

"Third uncle, can you not be so stingy?" Yang Shan said helplessly.

"Stingy? What's wrong with me being stingy? If I'm not stingy, can I afford to feed you parasites? Hmph! You only know how to waste the Yang family's money, and have never contributed a single bit to the Yang family!" The more the goateed old man spoke, the angrier he became. In the end, all the Yang family members present were scolded by him. And those Yang family members who were scolded, even if they were scolded, they didn't dare to refute at all. Each and every one of them lowered their small heads like little quails that had just come out of their shells and didn't make a sound!

"Contribution? Hmph! The contribution of this expert is much greater than our Yang family's losses! And it was little Xue 'er! Do you know how many

resources our Yang family has used to cultivate such a master? But he! To this day, he hasn't earned a single cent for the Yang family, and he even has to reach out and ask for pocket money from the Yang family. Oh right, our Yang family also has to help him raise that even more useless leopard son! That damn leopard, it doesn't like meat. It has to eat more than 10 Jin a day, it's hurting my heart! Sob, sob, sob ... Do you know how much money they spend every day? Countless!"

Seeing that Yang Shan did not say anything, Leng Ruoxue could not help but ask curiously, "Isn't little Shanzi an expert of the Yang family? This isn't considered a contribution?"

"Contribution? Hmph! The contribution of this expert is much greater than our Yang family's losses! And it was little Xue 'er! Do you know how many resources our Yang family has used to cultivate such a master? But he! To this day, he hasn't earned a single cent for the Yang family, and he even has to reach out and ask for pocket money from the Yang family. Oh right, our Yang family also has to help him raise that even more useless leopard son! That damn leopard, it doesn't like meat. It has to eat more than 10 Jin a day, it's hurting my heart! Sob, sob, sob ... Do you know how much money they spend every day? Countless!" The goateed man lamented and even exaggeratedly wiped his tears.

Yang Shan and the black leopard's small Faces were slightly red, and they were too ashamed to show their faces at his accusation.

When Leng Ruoxue heard the goateed old man's words, she couldn't help but find it funny. This old man was indeed in charge of finance. He actually treated the expert that the Yang family had painstakingly nurtured as someone who was just wasting time! However, the so-called experts were not of much use most of the time, but they were useful at critical moments! One had to know

that the more critical the moment, the more experts were needed to hold the fort!

Even though the goateed old man was grumbling non-stop, Leng ruoxue was clear that he was just saying it to vent his anger. When they really needed money to train him, they would take the money when it was time to!

At the thought of this, Leng ruoxue felt that she could not let yang Shan take the blame for her, so she took the initiative to explain, ""These animals are actually my son 's. It has nothing to do with Xiaoshan!"

"Uh! Your son 's?" The old man with the goatee didn't expect Leng ruoxue to say that. He was stunned for a moment before he looked at the three innocent animals in his arms and asked, ""These animals are yours?"

The three of them nodded, and then Saint Rui comforted, ""They're the three of us. Grandpa, don't worry. We won't let you raise them. Mom said that we'll take care of our own food!"

"How can we do that! Although you're only a branch of the Yang family, our Yang family can't just ignore you! Since you've come to the main family, our main family can't treat you badly. How about this? I'll take care of these Beastie beasts for you. Their food standard will be the same as that black leopard. As for you three little kids, you just have to play happily. You don't have to worry about these things!" The goateed old man thought for a moment and said.

After listening to the goateed old man's words, all the Yang family members present widened their eyes in disbelief. When did the stingy Chief Financial Officer become so generous? Or to a distant relative? From what she said, it seemed like the other family might be treated the same as them ...

Biased! He was too biased!

The Yang family members were filled with envy and jealousy! It must be known that anyone who lived in the main family was basically a direct descendant of the Yang family, and the treatment of the direct descendant and the branch descendant had always been different, but now? Was third uncle trying to make a scene? Was he trying to cause a conflict between the direct and branch family?

The Yang family descendants had similar thoughts, but only yang Shan knew that his third uncle liked the three of them too much. Otherwise, he would not have treated Leng ruoxue, who was a branch family member of the Yang family, in a different light!

Al! Otherwise, why would they say that she could give birth? Look at the three children, not only are they smart, but they are also so cute and beautiful that people can't take their eyes off them!

Yang Shan's heart ached. Third uncle was indeed biased!

The goateed old man didn't care what these Yang family brats were thinking. He carried three of them and said to Leng ruoxue, ""Little Xue 'er, come home with third uncle!"

After he finished speaking, the goateed old man carried the three of them and walked in front. Leng ruoxue glanced at the depressed Yang family members before pulling the evildoer along and following closely behind. She realized that she was starting to like this old urchin!

The mighty team soon arrived at the Yang family's main residence. The arrival of the animal army had completely alarmed the Yang family. Hence, the moment Leng ruoxue and the rest arrived, they were immediately surrounded.

Leng ruoxue and the rest of the animals were very calm. The old man with the goatee was even more satisfied with Leng ruoxue. Look, this was the demeanor that a woman from the Yang family should have!

As he had a good impression of Leng ruoxue and the others, the goateed old man was generous and gave them a detached villa not far from the Yang family's main residence!

SUPREME CRAZY WIFE

Chapter 3118 Mom Said That We'll Take Care Of Our Own Food!(2)

This detached villa had a certain amount of history in the Yang family. Furthermore, those who had lived there before were usually the Yang family's distinguished guests. Logically speaking, based on the identity of Leng ruoxue that the goateed man knew, she, who was a distant relative, did not have the right to live there. However, she had three sons that the goateed old man had taken an interest in. On top of that, they had more people and animals, so it was the most suitable place to live.

After all, the Yang family had a strong foundation, and there would always be some pretentious people in the family. On the other hand, the goateed old man's arrangement was also to avoid unnecessary conflicts. Yang Shan was very satisfied with his arrangement. Oh, third uncle was smart!

However, yang Shan's satisfaction did not mean that everyone in the Yang family would be satisfied. After knowing that the old man with the goatee was going to bring Leng ruoxue and the rest to the villa, a young and beautiful lady immediately stood up to object, ""Third Grandpa, is she an important guest of our Yang family?"

When the woman said this, she looked at Leng ruoxue arrogantly, as if she was looking down at her. Then, she turned her beautiful eyes to the evildoer. Her small face instantly blushed and she quickly looked away.

When Leng ruoxue saw this scene, she only gave the demon a faint smile and glanced at him. The demon was instantly enraged!

Where did this annoying woman come from? she caused his wife to misunderstand him! He clearly didn't do anything, didn't he?

In an instant, the evildoer had added all the women of the Yang family into his blacklist!

At this moment, the goateed old man was unhappy that the woman doubted his decision, so he didn't see the subtle interaction between the three of them.

Then, the goateed old man said angrily, ""Yang Bing, you dare to doubt my decision?"

"Third Grandpa, I don't dare to doubt your decision. I just want to know if she is an important guest of our Yang family!" The woman named Yang Bing pointed her chin arrogantly at Leng ruoxue as she asked.

"So what if I am? So what if I'm not?" The old man with the goatee asked.

"If that's the case, then of course Bing 'er wouldn't have any objections to her living in that villa. But if not, wouldn't third Grandpa break the Yang family's rules for her? Our Yang family has always been known for our strict family rules. If we make an exception because of her, what kind of prestige will third Grandpa have in the family in the future?" Yang Bing said with a face full of righteousness. It had to be said that her words of Justice had helped her find many allies. Of course, a considerable number of her allies were women who had the same thoughts as her.

Their sense of superiority as direct descendants made it impossible for them to tolerate a girl from the branch family climbing over their heads.

Furthermore, they had already heard of Leng ruoxue's identity and knew that she was only from the Yang family's branch family. However, the treatment of

the Yang family's branch family had even climbed onto the heads of the Yang family's true young misses. How could they endure this?

Furthermore, their deep jealousy towards Leng ruoxue had caused them to treat Leng ruoxue as their enemy! At the very least, in terms of protecting the rights and interests of the Yang family's young miss, they had to maintain a unanimous stand.

Hearing Yang Bing's words, the goateed old man was so angry that his entire body trembled. He had never thought that he would actually be criticized by a junior today. What did she mean by this? Did she want to say that he was unfair?

Hmph! He was not fair, so what?

"I'm happy! As the Yang family's financial manager, I can arrange for them to live wherever I want! You're just a junior, what can you do? If you have the ability, you can give birth to cute triplets for me, and I will help you raise them!" The old man with the goatee said willfully.

"Third Grandpa, are you doing this knowingly? She's only a distant relative of the Yang family, what right does she have to live in that villa!" Yang Bing directly pointed it out when he saw the situation.

The old man with the goatee narrowed his eyes. A junior was planning to ride on his head today! He finally saw through that Yang Bing was deliberately looking for trouble.

The hot-tempered old man with the goatee was about to start scolding, but Yang Shan quickly stopped him and whispered, "Third uncle, let me handle this matter!"

"Yes, little mountain, you're sensible, unlike some people who take advantage of others' power!" The old man with the goatee was so angry that he didn't stop talking.

"Third uncle!" Yang Shan looked at the goateed old man with some disapproval. The goateed old man also knew that he had said something wrong, so he obediently closed his mouth.

At this time, Yang Bing could not take it anymore, and roared in anger, "Third Grandpa, who are you calling a dog that's relying on its master's power? I'm the granddaughter of the head of the family. Do you think I'm a dog? Then what is the old master?"

"Yang Bing, shut up! Third uncle didn't say anything about you, so don't take it to heart. What are you trying to do by dragging the family head into this? Do you want the head of the family to back you up?" Yang Shan reproached.

"Little uncle, I want to shut up, but third grandpa's words are too much. He actually called me a dog!" Yang Bing said indignantly.

"Did third uncle scold you? I was so close to third uncle, but why didn't I hear him mention your name and call you a dog?" Yang Shan said with a faint smile.

Yang Bing choked and was immediately speechless. That damned old man was obviously talking about her just now, but ... Now that little uncle played with her like this, it seemed that she was rather self-righteous!

"You better behave yourself. Don't think that you can do whatever you want in the Yang family just because you have the patriarch's support!" Then, Yang Shan warned.

His warning made Leng ruoxue laugh out loud. She realized that Xiao Shanzi was quite a bad person!

Leng ruoxue smiled, but Yang Shan was a little shy.

Yang Bing, on the other hand, roared in rage, "what are you laughing at?" What's so funny about that!"

"Is it illegal to laugh?" Leng ruoxue retorted before turning to yang Shan,""Little Shanzi, you should know that our tempers are not very good, and we hate to be disturbed by others, so those random cats and dogs and whatnot! It's best if you don't appear in front of us, or you'll bear the consequences!"

After saying this, Leng ruoxue turned to the old man with the goatee and said,""Third uncle, take us to the villa! There's no need to care about some random person, Xiao Shanzi will take care of it!"

"Good, good! Follow me!" The goateed old man loved the tone of Leng ruoxue's voice so much that he eagerly brought Leng ruoxue and the others to the villa.

Everyone from the Yang family watched Leng ruoxue and the others leave, and they were so angry that they could only stare!

After arranging food and accommodation for Leng ruoxue and the rest, the old man with the goatee returned to the main residence.

As soon as he entered the main house, a Yang family member informed the old man with the goatee that the family head had invited him to the meeting room to participate in the elder meeting. When the goateed old man heard this, he immediately thought that Yang Bing might have complained to the family head, and the family head might want to question him! After all, he knew how much the family head doted on Yang Bing.

Who knew that the moment the goateed old man entered the meeting room, he would find the family head looking at him with a smile and even warmly inviting him to sit down. Immediately, the goateed old man was a little confused.

Could it be that he had to give her a sweet date first and then give her a slap?

Just as the goateed old man was letting his thoughts run wild, yang Shan gave his third uncle an ambiguous look and then winked at him. This time, the goateed old man was even more confused.

What was the meaning of this?

Following that, the goateed old man heard the family head praise, "Elder Huan, you've done well!"

Eh? What he did was good?

Seeing the old man with the goatee, who was also elder Huan, looking confused, the patriarch of the Yang family couldn't help but laugh. "Your arrangement for Yang Xue and the others is very good."

"Oh! Master, don't you blame me for being biased?" Elder Huan replied and then asked curiously. He admitted that he was biased. So what? Bite him?

"It's good to be biased! Yang Xue and the others are our Yang family's honored guests, you must entertain them well!" The patriarch of the Yang family warned.

Elder Huan nodded his head numbly. There was one thing he didn't understand. Wasn't yang Xue a distant relative of the Yang family? How did he become an honored guest of the Yang family? This isn't right?

However, at this moment, the patriarch and elders of the Yang family did not explain anything to him. The higher-ups of the Yang family in the conference room were immersed in the great joy of Leng ruoxue and the others 'visit!

This was a peerless expert that their ancestors had repeatedly warned them not to offend! He didn't expect yang Shan to invite him!

As for yang Shan, who had made an indispensable contribution, the patriarch of the Yang family and the elders decided to give him the first credit. Of

course, they had to inform the old ancestor as soon as possible. Presumably, the old ancestor would be very happy.

This time's elder conference could be said to be the most relaxed and joyful one the Yang family patriarch and elders had ever experienced. Until the end of the meeting, elder Huan was still in a state of mind-wandering. Seeing this, yang Shan directly pulled elder Huan to his room.

When they were in the room, yang Shan revealed the identities of Leng ruoxue and the others.

After hearing this, elder Huan was completely dumbfounded.

There was shock and disappointment!

He was shocked because he never thought that those people were the Super experts that the old ancestor spoke of. Why didn't they look like them at all? Apart from their extremely beautiful appearance and temperament!

Disappointment was even easier to understand. Such an outstanding person actually had no relationship with the Yang family at all. Sob, sob, sob ... His three cute little grandchildren! Why wasn't he from the Yang family?

After a moment of daze, elder Huan said angrily, "You brat, why didn't you tell me earlier that they were the experts the ancestor spoke of? wuwuwuwu ... I actually said so many things I shouldn't have said in front of them. I've thrown them all away!"

Just the thought of letting Leng ruoxue and the others know how stingy he was made elder Huan's old face burn.

"Didn't I say that I'll explain it to you later? Don't you know how many people were there at that time? what if their identities were leaked? They were here to participate in the elite competition, so their identities had to be kept a secret. In addition, at that time, I didn't know that they were the experts that

the ancestor had reported to me. I only heard about them from the patriarch and the elders. " Yang Shan said to elder Huan with an expression that said,"you can't wrong me."

Elder Huan nodded."That's true. You've always been a stubborn person. It's too difficult for you to care about the family's major Affairs!"

Yang Shan was very depressed when he heard this. Third uncle, are you praising me?

"Little mountain, when are you going to give birth to a few triplets for your third uncle to play with?" After a moment of melancholy, elder Huan asked again.

Yang Shan looked at his third uncle as if he had seen a ghost. Can you have triplets just because you want to? How lucky was he? Play? What if he broke it?

Yang Shan, who had frightened elder Huan, decided to leave his third uncle's place as soon as possible.

As the saying went,"action is better than action." Yang Shan took advantage of the fact that elder Huan was not paying attention and quickly left his room to look for Leng ruoxue and the rest.

SUPREME CRAZY WIFE

Chapter 3119 Side Story, No, I Can't Wait Anymore (1)

When he reached Leng ruoxue's place, yang Shan's heart felt stifled when he saw her.

At this moment, Leng ruoxue and the rest were having lunch. They also had four dishes and a soup, but the standard of the dishes was obviously better than many of the Yang family members.

Yang Shan knew that this was definitely third uncle's arrangement. When third uncle was arranging this, he was clearly not clear about the identity of Leng ruoxue and the others. What did this mean? It meant that Leng ruoxue and the others had already stolen third uncle's heart. Wuwuwuwu ... Third uncle, how could your will be so weak? Weren't they just three little kids? Although the three of them are very cute, you can't lose your integrity!

At this moment, yang Shan's feelings were a little complicated.

Leng ruoxue did not know whether to laugh or cry when she glanced at yang Shan, who looked a little constipated. This guy was jealous of what they were eating, okay?

"Little mountain, do you want to eat together?" Leng ruoxue, who was secretly laughing, asked indifferently.

"Can I?" Yang Shan was a little embarrassed to ask back, and his face was even a little red. Especially when he saw that his leopard son had already run to the three of them to ask for food without caring about his image, he felt even more uncomfortable.

After hearing yang Shan's words, Leng ruoxue rolled her eyes at him and said, ""Little mountain, did you take the wrong medicine? I didn't see you being so shy when you were eating at my house! What kind of temper are you throwing?"

..."He didn't throw a tantrum!

Yang Shan was silent.

"This is my house. You are my guests now. How can I snatch my guests' food?" After a while, yang Shan explained.

"It's alright. Your third uncle said that if we don't have enough to eat, there's more!" Leng ruoxue said nonchalantly.

Yang Shan was inexplicably indignant. Sob, sob, sob. He knew that his third uncle's heart was biased toward the moon!

"Uncle yang Shan, look at how self-conscious your kitten is. You're too melodramatic." At this time, Saint Rui, who could not stand it anymore, said unhappily.

"..." Yang Shan was very worried. He had to let a little kid educate him again.

"By the way, when can we fight?" Then, Saint Rui continued to ask.

"In three days." Yang Shan replied gloomily.

"It's going to take so long! Al! The days are so hard to bear!" After hearing yang Shan's words, Saint Rui frowned gloomily.

Yang Shan couldn't help but think to himself, how much do the three of you like to fight?

It was obvious that three of them were really boring.

After lunch, the three of them, who had nothing to do, asked the local black leopard to bring them for a walk. Yang Shan stayed behind to stare at Leng ruoxue and the others.

Although it was in his own home, yang Shan did not know why he suddenly felt uneasy.

"Little mountain, do you have something to tell us?" Leng ruoxue asked after a long time.

"Uh! No, I don 't. " Yang Shan said hurriedly. He did not know what to say, but he was worried for no reason.

Just as yang Shan was hesitating, suddenly, a direct descendant of the Yang family ran to him in a panic and shouted, ""Not good, not good, little uncle, they're fighting!"

"Why are you panicking? Who's fighting?" Yang Shan asked with his eyes wide open. His heart was filled with disappointment. The Yang family's descendants really had no manners. Didn't they see that there were guests here?

"It's yang Nan and the others, he ... He ..." The direct descendant of the Yang family was so scared that he stuttered, unable to complete his sentence.

"With who?" Yang Shan was a little anxious.

"And ... And those three little kids!" The direct descendant of the Yang family glanced at Leng ruoxue before speaking.

"What!" Yang Shan was furious. How could this be? Wasn't this courting death? Of course, the three of them were not the ones who were looking for death.

When Leng ruoxue and the rest heard this, they were very calm. They knew that their own child would not be at a disadvantage.

When yang Shan saw Leng ruoxue and the rest acting as if this matter had nothing to do with them, he became even more anxious. The meaning was obvious-they were not going to get involved in this!

"I'm going to deal with Yang Nan and the others now. " Yang Shan looked at Leng ruoxue carefully.

"As you wish." Leng ruoxue smiled.

You can't be so casual, kiss!

Yang Shan couldn't care much, he turned around and ran out.

When the direct descendant of the Yang family who came to report saw this, he thought that yang Shan was worried about the three children. At the same time, he was also afraid that Leng ruoxue would be anxious, so he stayed behind to comfort her. "That ... You're Yang Xue right? Don't worry, with little uncle here, your three sons will be fine. "

When he said this, yang Shan's handsome little face was still slightly red, and he immediately lowered his head shyly.

"Thank you for your concern, but I'm not worried about My Three Sons at all," Leng ruoxue replied calmly.

Ugh! When the direct descendants of the Yang family heard Leng ruoxue's words, they were a little confused.

However, the moment he raised his head to look at Leng ruoxue, he could clearly feel a cold glint that was as cold as a sword coming towards him. Instantly, his entire body quivered. Then, he heard a cold Humph and his little face turned pale! His little heart also started to tremble violently.

Sob, sob, sob ... So scary!

The direct descendants of the Yang family didn't even think and were so scared that they turned around and ran.

Leng ruoxue looked at the demon helplessly and patted his head to comfort him.

The demon instantly became tsundere.

At the same time, yang Shan had already rushed to the scene of the incident.

However, before he could get there, yang Shan saw the three of them and his leopard son leisurely strolling back.

"Saint Rui, are you all okay?" Yang Shan asked with concern.

"I'm fine! Even if something happened, it wouldn't be us!" Rui Sheng was full of confidence. His cheapskate father had said that in this world, the three of them were invincible. Of course, his biological mother had also said that they could not simply bully ordinary people just because they were strong. However, the ordinary people took the initiative to bully them first, so they had defended themselves!

"Uh! Did anyone die?" Yang Shan wiped the cold sweat on his forehead and asked again.

"Don't worry, don't worry! He's definitely alive. " Saint Rui laughed evilly.

Looking at Saint Rui's smile, yang Shan really could not let go, but what could he say? He knew very well that these three would never take the initiative to provoke others. Therefore, he could only say,"as long as you're alive!"

After following his three leopard sons, who still had their own family, back to the villa where Leng ruoxue and the others were staying, yang Shan's heart was in a mess. As expected, after about ten minutes, a few Yang family members came looking for him in an aggressive manner.

Looking at the angry Yang family members who were questioning him, yang Shan felt a little troubled.

"Who is it? You injured my son? Get the hell out here!" Without waiting for yang Shan to speak, a tall and burly man shouted at the top of his voice.

When he was shouting loudly, Leng ruoxue and the others only looked at him calmly. After he was done shouting, no one paid him any attention.

Seeing this, the burly man was completely enraged.

The Tiger-like eyes looked around at the people sitting in the garden of the courtyard. He was secretly surprised. It was the first time he had seen these

people in front of him. He had wanted to see who was more guilty. That person must be the one who had injured his son. However, after looking around, he did not know who to settle the score with.

SUPREME CRAZY WIFE

Chapter 3120 Side Story, No, I Can't Wait Anymore (2)

At this time, yang Shan walked to the side of the burly man, pulled his clothes, and whispered, "Fifth brother, calm down. Don't do anything rash!" The people here were not to be trifled with.

"You want me to calm down? Xiao Shan, my son has been injured by someone and his life is uncertain. How can I calm down?" When the burly man saw that yang Shan not only did not help him, but also had the idea of shielding the criminal, he felt the anger in his heart rise to the top of his head.

"Life or death?" Yang Shan was shocked. Was it that serious?

"Yup! He's still unconscious!" The burly man said angrily.

Ugh! Yang Shan did not know what to say, but he was still alive.

After that, yang Shan looked at Leng ruoxue for help, but Leng ruoxue did not even look at him.

At this moment, Saint Rui stood in front of the burly man and grinned, "Although I don't know which one is your son, I think I was the one who injured him."

"And US!" Rui ze and Rui Qiao also said in unison, and stood in front of the burly man.

Seeing this, the black leopard also took a step forward. Although it didn't use its claws, it was an accomplice because it had cheered for the three of them.

This time, it was the burly man's turn to be dumbfounded.

What ... What was going on? Why didn't the adults dare to stand up and admit that they had injured his son? instead, it was the three children and a leopard who stood up for him.

"Little mountain, this leopard is yours, right?" Turning around, the burly man pointed at the Black Panther and asked yang Shan.

"It's mine," Yang Shan admitted that he knew his son's family. He could not deny it.

"Then what's it doing here?" The burly man roared.

When the black leopard heard this, it blinked its big black eyes and put on an especially innocent look. It did have a share!

Yang Shan did not know how to start, so he could only pretend to be silent. And his appearance made the burly man even angrier.

After that, the burly man pointed at Leng ruoxue and the rest in the courtyard and scolded, ""You have so many adults, and you have the nerve to let three milk babies and a leopard take the blame? You guys are too shameless! I despise you all!"

"Uncle, we really did it. Please don't accuse my family's elders." Seeing the burly man biting like a Mad Dog, Saint Rui said unhappily.

"It's you? What a joke, do you think I'm a three-year-old child that's easy to fool? If it was really you, why didn't you say anything when I asked the person who beat my son to come out? Hmph! It was clearly someone here who gave you a look, and that's why you stood up! You still want to lie to me!" The burly man imagined.

When Saint Rui heard this, he sighed softly and then said, ""You told us to come out, so we have to come out? Who Do You Think You Are? Besides, we won't get lost, so we didn't come out!"

"..." The burly man was stunned for a moment, then continued to ask hesitantly, ""It's really you? I don't believe it!"

"If you don't believe me, let's have a fight!" Saint Rui was too lazy to explain and planned to solve it directly with force.

The burly man wanted to laugh after hearing Saint Rui's words, but when he saw the serious look on the little man's face, he could not laugh.

Was this kid for real?

"Come, fight! You'll believe me after a fight. Don't worry, it's just sparring. I won't hurt you. " Saint Rui comforted.

"..." The burly man was a little depressed. Why did this little child's tone sound so much like his Yang family's elders?

"Are we going to fight?" Seeing that the burly man did not respond, Saint Rui asked reluctantly.

"Little guy, give me some face and let my fifth brother go. He still has to participate in the elite competition!" Seeing that things could not be settled, yang Shan had to step in.

"I want to give you face, but this uncle doesn't believe me!" Saint Rui said helplessly.

"Fifth brother, come with me for a moment. I have something to tell you." Knowing that the crux of the matter was still on the burly man, yang Shan pulled the still angry burly man to a secluded corner. The two of them muttered for a long time before the burly man finally returned to the courtyard unwillingly.

The burly man looked at Rui Sheng and said with a complicated expression, "I believe that you injured my son, but you were clearly stronger than him and still attacked him. You have to give me an explanation, right?"

"You want an explanation?" Rui ze asked.

"Yes, I only have one son. You must give me an explanation!" The burly man saw that the little guy was quite easy to talk to, and felt a little uncomfortable for his previous recklessness.

"Mom, he wants an explanation!" Saint Rui then turned to look at Leng ruoxue.

"Let him ask his own son!" Leng ruoxue said indifferently.

"Did you hear that? Go and ask your son. Don't underestimate us just because we're young! We're not pushovers!" Saint Rui turned his head back to the burly man and said.

The burly man was at a loss when he heard this. Just now, Xiao Shanzi had already secretly told him the identity of these people and said that this matter should have nothing to do with the three little children. He still believed yang Shan's words, but he had to understand the cause and effect of this, right? His son was still injured! More importantly, his son was unconscious. Who was he to ask?

"Little Rui-Sheng, Yang Nan is currently unconscious. Even if you want to ask him, you have to wake him up first, right?" Seeing through the burly man's thoughts, yang Shan looked at Saint Rui and said. He knew that this little guy had a lot of good things in his hands. Although the little guy rarely gave it to him, his leopard son had benefited a lot. Therefore, he was thinking whether the little guy could be kind and let the little brat wake up first. This way, it would be easier to figure out the truth.

Saint Rui nodded and then took out a pill and handed it over. He said, ""When he wakes up, let him explain everything. Then I'll knock him out."

Hmph! If it wasn't to prove his innocence, he wouldn't have been so kind!

When yang Shan heard this, he was drenched in sweat. This little guy was indeed not to be trifled with!

However, he still quickly took the pills and pulled the burly man and the rest away from Leng ruoxue and the others.

The next day, when yang Shan appeared, elder Huan also followed.

Looking at Leng ruoxue and the rest, the two of them hesitated to speak.

Leng ruoxue smiled faintly and said, ""I'm not interested in your Yang family's Affairs, so you just have to remember that I don't want the same thing to happen again, or you'll bear the consequences! As for those Yang family members, since my son has already beaten them up, I won't pursue it any further. Let them know what's best for them!"

When they heard Leng ruoxue's words, the two of them heaved a sigh of relief. Even though they had already thought of all sorts of excuses before they came, they did not know what to say after seeing Leng ruoxue and the others.

The Yang family disciples had brought this upon themselves. Naturally, the Yang family wouldn't dare to have any complaints. However, they were afraid that Leng ruoxue and the others would be resentful! Now that they saw Leng ruoxue's tolerance, the two of them were touched from the bottom of their hearts!

Did you see? This was a true expert! How magnanimous!

In reality, Leng ruoxue felt that even though this matter was caused by a certain Yang family member, her son had already dealt with that person and

did not suffer any harm. Naturally, she could not be bothered to argue with these ordinary people. However, she definitely did not expect that she would become a kind person in the hearts of these two people.

Was she kind?

Leng ruoxue didn't think that she was that kind. More importantly, her kindness depended on the person!

Now that there was no big issue, she naturally didn't need to keep harping on this matter.

After understanding her attitude, the Yang family patriarch and the elders were relieved. However, Leng ruoxue and her husband could let this matter go, but the Yang family had decided to severely punish Yang Nan and the others who had almost caused a great disaster. Although they were injured, they had asked for it.

The aftereffect of Yang Nan's incident was that the Yang family, regardless of whether they were direct or branch family members, became more vigilant when they saw the three of them who had nothing to do and were wandering outside most of the time.

These three little kids were too powerful. How were they little kids? He was clearly a fierce tiger in the coat of a little baby!

Ever since the three of them had shown their might, the Yang family's younger generation almost didn't dare to appear in front of them, except for those who had a good relationship with the three.

As for the elite competition that yang Shan was talking about, it finally began under the anticipation of the three.

The day before the elite competition, the ancient martial arts families arrived.

On the day of the official competition, the Yang family's old ancestor also returned to the Yang family.

The handsome young man from the Yang family was also with him.

In fact, when the two of them received the news that the three pets had come to visit their family, they immediately rushed back to the main house.

However, the place they had stayed at was a little far away, so by the time they returned home, it was already midnight on the day of the elite competition. The two of them did not dare to disturb Leng ruoxue and the others, so they waited patiently. This result also caused the two of them to be extremely excited when they saw the three pets on the day of the competition.

If it wasn't for the fact that the timing wasn't right, the two of them would have probably pounced forward.

However, as soon as they thought of the three's terrifying parents and the fact that they were still in front of everyone, the two of them forced themselves to hold back.

In the face of the two's excitement, the three naturally saw them. After smiling at them, the three hid among the Yang family's team.

Seeing that the three of them had responded to them, the Yang family's ancestor and the little handsome man became more and more excited. Their performance also made the ancestors of the other families sitting next to them puzzled.

The ancestors of the various families wanted to ask the two of them what was going on, but this pair of grandfather and grandson just had to play Tai Chi with them, not knowing anything at all.

Helplessly, the ancestors of the various families could only suppress the question in their hearts and watch the competition absent-mindedly.

The Yang family's old ancestor and the little handsome boy were secretly laughing. Don't blame them for being selfish. Who wouldn't think for their own family? They weren't generous enough to share information about the three of them with the other families!

As the match began, the three of them became more and more impatient.

Seeing the three of them pouting unhappily, yang Shan, who had been beside them, could not help but ask, ""What's wrong with you three little fellows?"

"When will it be our turn to play? I've been waiting for a long time!" Rui Jin spoke on behalf of his two brothers who were not in a good mood. After he finished speaking, he even took a bite of the fruit in his hand.

Yang Shan was speechless. It had not even been half an hour, and they had been waiting for so long?

Did it have to be so exaggerated?

Then, he squatted down and looked at the three of them. ""Be patient. It's the adult group's competition now. The underaged group's competition is behind!"
