

When yang Shan saw this, he quickly stopped him and picked up Saint Rui, who was about to run up to the ring, and begged, "Little ancestor! It's not your turn yet, so let's calm down!"

"I can't stay calm. I've been waiting for days. I'm going to fight now!" Saint Rui said with an uncooperative look.

"Don't you have so many sparring partners at home? why are you still so impatient?" Yang Shan could not understand.

"I can't even beat the ones at home ..." Rui Sheng said gloomily.

"..." Yang Shan was silent. He couldn't beat the one at home, so he had to beat the one outside?

They were so pitiful! Who had he offended?

Yang Shan was speechless and asked the heavens. Just as he was in a daze, Saint Rui escaped from yang Shan's arms and continued to run towards the ring. Fortunately, yang Shan was quick and caught him. Otherwise, this little guy would have gotten his way.

After Saint Rui was caught by yang Shan, he kept struggling. Yang Shan did not dare to let go at all, for fear that he would be taken away by this little guy who was as cunning as a Fox.

Because he was being hugged too tightly and could not break free, Rui Sheng simply gave up. Then, tears started to well up in his eyes, and he opened his mouth and started to cry ...

When he cried, yang Shan was completely dumbfounded.

W-why did he start crying?

Not only that, when Rui Sheng cried like that, Rui ze, who was at the side, saw it and rolled his eyes. He also learned from his brother and started to howl. This time, it was considered a mess. The two little children's loud cries soon attracted most people's attention. For a moment, surprise, accusation, dissatisfaction, anger, and all kinds of complicated gazes were directed at yang Shan.

Yang Shan felt wronged. Who did he offend? He clearly did not do anything right?

However, no matter how aggrieved yang Shan felt, in everyone's eyes, he was a bad guy who bullied the little boy and made him cry! Among the many gazes, there were a few that were particularly strong in their condemnation, so strong that he felt a little guilty. But he swore that he really didn't do anything!

"My two little ancestors, please don't cry, I was wrong! I was really wrong!"
Yang Shan begged for mercy.

At this moment, he really felt that the children were too troublesome, especially the triplets. When one cried, the other two would definitely join in the fun.

Wait, three?

Why were there only two of them crying? The other one?

Yang Shan felt a little uneasy and subconsciously looked at where the other baby was.

Where did it go?

Yang Shan looked around anxiously. All of a sudden, his pupils contracted, and his eyes widened as he looked at the scene in front of him in disbelief.

Buy cakes! He knew that the triplets would not be easy to deal with. She didn't even look at it, and the other one had climbed up the stage while no one was looking ...

The stage's steps were very high, Rui Qiao's small arms and legs climbing was a bit exhausting, but right now, he was only two steps away from the center of the stage. Yang Shan secretly calculated and felt that he should be able to stop the little guy.

As soon as this thought appeared in his mind, he immediately walked towards the steps of the stage. However, just as he took a step, he clearly felt a heavy weight on his leg. Looking down, he saw that Rui ze was hugging his thigh!

Rui ze raised his little head, tears glistening in his eyes. The grievance on his beautiful little face made even a person with a heart as hard as iron surrender. More importantly, yang Shan was certain that as long as he continued to walk towards the ring, this little guy would definitely start howling again.

From Rui ze's teary eyes, yang Shan seemed to see a Devil's smile. Sob, sob, sob ... What triplets! This is really too hateful, don't you think so?

Yang Shan knew that he had fallen into a trap!

These three little fellows 'cooperation was simply flawless! One was crying in his arms to disturb his thoughts, one was hugging his thigh to stop him from moving forward, and the other one took advantage of his unguarded state to head towards their destination, the arena!

Shua shua shua! Three cunning Little Foxes!

Yang Shan was filled with grief and indignation! What happened to the promised revolutionary friendship? Was it fed to the pigs? Could it be that they couldn't stand the test after being together for so long?

The sad yang Shan looked resentfully at the little guy in his arms and hugging his thigh. Sob, sob, sob ... Where's the Yang family? Why didn't the referee come to help him? Didn't he see a little boy running up the stage?

In fact, the Yang family saw it! But as long as they thought of the strength of these three, no one dared to act rashly. The non-Yang family members present also saw it, but they didn't take the little boy seriously. Naturally, they didn't think that this little boy would have such great killing power. The only thing they were a little worried about was that the two sides fighting in the ring would accidentally hurt the little guy. However, according to the rules of the competition, they didn't dare to go forward to stop it. Fortunately, the ring was big enough, so they could only hope that the little guy's luck was good. Don't be affected by the battle above.

"There's a little kid on the stage, is he from your Yang family?" At this moment, an old man sitting beside the Yang family ancestor asked with interest.

"Yes, it's mine," The Yang family's old ancestor nodded. In his heart, he couldn't help but think that it would be good if it was his family's child. However, in front of outsiders, he could only admit it. He couldn't help but break out in a cold sweat for the two people fighting in the ring at this time. If this child was accidentally injured, the consequences would be unimaginable!

However, it was obvious that his worries were unnecessary. Rui Jin was not that stupid. As soon as he got on the ring, he found an empty space and planned to finish the fruit in his hand, and then, hehe ...

The old man who saw this was even more interested and said with a smile, "I didn't expect your Yang family to have such an interesting little kid. Why have I never heard you mention him before?"

"Why should I tell you?" The Yang family's old ancestor said unhappily.

"Are we not old friends? Why are you so stingy? you didn't even tell me that you had such a fun descendant. Did you not know? Our kids aren't as fun as yours!" The old man said with a face of relief.

"I'm warning you, don't even think about that kid. " Upon hearing this, the Yang family's ancestor suddenly became serious. The child's parents were not to be trifled with. Their child was not a toy. How could they let you play with him? could you afford to play with him?

"Look at how stingy you are. Oh, and you have triplets! No wonder you want it so much. Triplets are rare!" Suddenly, the old man noticed that yang Shan had two other children. They looked exactly the same as the one on the ring. He was even more interested.

Although the Yang family's old ancestor really didn't want to pay attention to this old man, he really couldn't watch his old friend get into trouble, so he said very seriously, "I'll say it for the last time, don't even think about those three little kids, or you'll have to bear the consequences!"

"Are you for real? I just want to cherish those three little kids, why do you have to be like this?" The old man was a little dissatisfied. This old man from the Yang family had always been stingy. In the past, he was only stingy with money and things. Now, he was even stingy with people. This was really too much.

[SUPREME CRAZY WIFE](#)

Chapter 3122 The Glutton's Anger (2)

"I'm doing this for your own good. The Father of these three children is not to be trifled with. " Seeing that his old friend was so stubborn, the Yang family ancestor had to reveal the other party's identity.

After hearing this, the old man became even more curious. ""Not to be provoked? Even with our status, we can't afford to offend them?"

"I can't afford to offend them." The old ancestor of the Yang family said helplessly.

"It can't be!" The old man was surprised. Although he wanted to ask for more details, he could see that the old man from the Yang family would definitely not tell him, so he could only temporarily put aside his curiosity.

The Yang family's old ancestor also didn't pay any more attention to the old man, and instead focused his gaze on Rui Jue in the ring.

I haven't seen it for so long, but this little thing is still so gluttonous! Looking at Rui Jin's cute appearance of a little hamster eating fruit with her cheeks puffed up, the Yang family's old ancestor only felt his heart fill with joy.

Cute! She was really too cute!

But soon after, the Yang family's old ancestor was a little depressed. Why didn't the Yang family have such an adorable child? At this moment, he could understand the old man's feelings of excitement. We're both in the same boat! This child was not his! It was only in his family's name.

The Yang family's old ancestor was quite depressed.

Unfortunately, the three of them didn't know that his mood had such a huge fluctuation in a short moment. At this time, Rui Sheng and Rui ze finally tried to get rid of yang Shan, and the two ran towards their brother.

Yang Shan looked at their backs helplessly. Then, he lowered his head and looked at the Black Panther that was hugging his thigh. He felt extremely miserable. Sob, sob, his son had betrayed him. He was so sad!

The black leopard faced his father's resentful gaze and didn't dare to look at him. In truth, he didn't want to, but his little master had threatened him. If he didn't take over his little master's job of hugging onto his father's thigh, his little master would say that he didn't want him anymore. Sob, sob, he couldn't live without his little master's even bigger thigh!

So, dad, it's been hard on you. You won't lose anything anyway, right? Right!

Junior leopard only felt guilty for a moment, and then he didn't care at all. It knew that with its little master around, its father could do nothing about it.

Just like that, yang Shan and Bao's son could only helplessly stare at each other and watch the other two kids climb up the ring.

Yang Shan, who didn't dare to imagine what would happen next, could only cover his face and not look. Sob, sob, sob. The next scene would be too beautiful. He couldn't bear to look at it!

Sure enough, as yang Shan expected, as soon as the two of them climbed up the ring, it immediately caused a bigger commotion. It was rare to see triplets gathered together. Everyone was surprised and worried. Except for the Yang family, no one knew what these three little babies wanted to do.

No one would have thought that the three little kids wanted to fight! More importantly, the three of them were really too small. Their height only reached the calves of the two people in the ring.

What was this?

At this time, the two people in the ring also realized that the situation was not right and quickly stopped. Previously, when there was only one child, although

the two of them were not affected much, they still had to be careful in case they accidentally hurt the child. Now that there were three children, they did not dare to continue fighting. Otherwise, if they hurt one of the children, it would be troublesome if the parents came to find them.

The two of them didn't know why the little boy had run up to the ring, but the current situation was obviously abnormal. For a moment, the two of them didn't know what to do. They could only stand in place foolishly and look helplessly at the honored guests' seats where the Yang family ancestor and the others were sitting.

Unfortunately, the people in the VIP seats didn't notice the two people's eyes at all. At this time, they were all looking at the three with interest and secretly praised these three little kids for their courage. Were they not afraid?

He definitely wasn't afraid of three!

Not only were they not afraid, the three of them even beckoned at the two men with their fingers after glancing at them.

One of them pointed at himself and said, "kid, you called me?."

The three of them nodded, and then turned their eyes to another person.

"You're also calling me?" the man asked.

"Hmm, you two can come at me together! Let's have a fight!" Saint Rui said with a smile.

The two of them were sweating profusely.

If these words were said by an adult, the two of them might think that the other party was provoking them. However, the person who said these words was a little child! How were they supposed to react?

Accept the challenge?

That was impossible.

Not accepting the challenge?

The three little children looked like they were about to cry again, which really put them in a difficult position.

Of course, it was absolutely impossible to fight with the milk babies. If word got out that they bullied the three milk babies, how could they still be human?

The two of them shook their heads in rejection.

Seeing this, Saint Rui was a little annoyed, Hmph! He knew that these people judged people by their appearance!

So what if they were young? He could look down on them when they were young?

With his black eyes that were spitting fire, Saint Rui shouted and asked, "Are you a man? If you're a man, then fight us!"

As soon as he said this, the entire place fell silent.

Many people were a little petrified, and they could not react in time to watch the domineering little boy go crazy.

Yang Shan felt it the most. He had been with the three of them for the longest time and could be said to know them quite well. It was because of this that he was not surprised to hear these words. However, he believed that not everyone's mental ability was as strong as his. These three demonic children would definitely scare more than half of the people today and give them a heart attack.

At the same time, yang Shan also believed that the three of them would not care if other people had heart disease. They only wanted to fight.

The facts proved that yang Shan's guess was absolutely correct.

After hearing what he said! The two people in front of him were dumbfounded, and the anger in Saint Rui's heart grew even bigger! What kind of man was this! He really couldn't stand it!

"Now, immediately, immediately! Fight us!" Saint Rui shouted in anger.

His shout finally made the two people in front of him return to normal. However, when they heard what Rui Sheng said, they could only smile helplessly. One of them even coaxed, "Kid, don't mess around. We're in the middle of a competition! Go down and play! It's dangerous here, be careful not to hurt you. "

"Yes, yes, quickly go down! Your mother must be looking for you. " Another person chimed in.

"Don't coax the child. Mommy won't look for us. In addition, we're not afraid of danger. We're here to fight you. Isn't it just a competition? We're also participants! He's representing the Yang family, so let's fight now! Oh! It's too slow to fight one by one, you guys can come at me together. " Saint Rui said impatiently. He had been waiting for a few days, and today was the day. No matter what, he had to get a good beating.

A contestant? The Yang family?

Everyone present heard what Saint Rui said, and they all turned to look at the Yang family members beside them. Some of the Yang family members who knew the truth were looking at them with a guilty look.

Some of the Yang family members were thinking that these three little ancestors were from the Yang family, but unfortunately they were not! All!

"I say, old man yang, so what if your Yang family doesn't have anyone else? They actually let three little kids compete! Are you looking down on us, or is the Yang family just a bunch of useless fools?" Another old man in the VIP seats asked with a look of disdain after hearing what Rui Sheng said.

The Yang family's old ancestor didn't say a word, as if he didn't hear anything. His eyes were still fixed on the three in the ring, thinking to himself, "I don't know if this elite competition will go smoothly, but as long as these three are happy, it's fine. As for the elite competition, there will be more in the future!"

"Old man yang, I'm talking to you!" Seeing that the Yang family's old ancestor was ignoring him, the old man was instantly enraged and roared.

The Yang family's old ancestor only looked at him indifferently, and coldly spat out three words: "You're so noisy!" Then, he turned his head back to the arena.

"You ..." The old man was so angry that he pointed at the Yang family's old ancestor and started scolding, "Good, old Yang, is this how you treat your guests? And you even let three little kids go on stage to disrupt the competition, what do you think you're doing? Is it because the Yang family wasn't prepared this time, so you deliberately sent the little kid to cause trouble? I'm telling you, if you don't give us an explanation today, we won't let you off!"

"It's not over, who's afraid of who? Moreover, can you represent everyone?" The Yang family's old ancestor said disapprovingly.

"Of course I can! If you don't believe me, you can ask everyone if they're all asking you for an explanation!" The old man said with confidence.

But unfortunately, other than him, the others were smart enough not to speak. As the saying goes, 'the gun hits the bird that takes the lead'. Right now, the old man was the bird that took the lead in their eyes! More importantly, this was the Yang family's territory, so they believed that even if they didn't ask, the Yang family's old ancestor would explain.

For a moment, the atmosphere was a little cold.

"You guys ..." The old man was so angry that his whole body was trembling.

"So noisy, all of you shut up!" At this moment, an unusually clear voice rang out in everyone's ears. Everyone immediately paled in shock and looked toward the center of the stage in disbelief.

Was this what one of the little babies shouted?

How was this possible?

No one could believe it. How could a little baby have such a strong lung capacity? This didn't make sense! It was definitely not scientific!

The crowd looked at each other with the same expression on their faces. He was shouted at by a little kid?"

The one who was shouting at them was Rui Jin, who had been eating the entire time since he entered the ring. The reason why he told everyone to shut up was mostly because they had disturbed his mood to eat, and this made him very annoyed!

You guys don't understand the world of foodies!

Foodies hated to be disturbed when they were eating!

Also, these two people on the stage, whether they fought or not, it was really annoying!

In an instant, Rui Jin found them to be somewhat unpleasing to the eye.

He wasted the precious time of the glutton, damn it!

Thinking up to this point, Rui Qiao directly threw out a fruit core that was just finished, and it hit one of the people on the stage in the chest. This time, the person immediately groaned in pain, and then he clearly felt a heart-piercing pain in his chest. Following that, that person spat out a mouthful of blood, and fell on the stage ...

SUPREME CRAZY WIFE

Chapter 3123 Side Story: We're Not Casual People (1)

This scene caused everyone to turn pale with fright. What was going on? Who did this? Why did he suddenly vomit blood and fall to the ground?

As the fruit core was too small, many people did not see who did it. However, the person next to the unlucky guy saw it very clearly and was so scared that his face turned pale. He was the closest to the unlucky guy and naturally knew how the unlucky guy vomited blood and fell to the ground. But how could such a small fruit core have such great power?

He didn't believe it! He couldn't believe it! This was too surreal.

Bewildered, he couldn't help but raise his head to look at Rui Jin, his heart filled with question marks. Was it really this little kid? A fruit core?

Just as he was fantasizing, Rui Jin had already finished another fruit, and was looking at him with the core in his hand. Instantly, his little heart started to tremble uncontrollably.

W-what was he doing?

Looking at a certain someone whose little face was deathly pale and whose legs were obviously a little weak, Rui Jin snorted in disdain and asked, "You, do you want to fight with us?"

"I, I ..." A certain someone was so nervous that he stuttered.

"Don't worry, we won't bully you. How many people do you have? you can come at us together. We're not afraid of a gang fight." Seeing that the other party seemed to be a little timid, Rui Jin continued to add.

Upon hearing this, a certain someone was completely depressed. Wuwuwu, what did this mean?

One had to know that a certain someone had lived for so many years and considered himself a strong person, but no one had ever said such words to him. Today, a little boy had said such things to him. If he really found a group of people to beat up the little boy, how could he continue to live in the ancient martial arts world in the future?

A certain someone was so conflicted that his intestines were about to be tangled.

And Rui Jin saw that he did not speak for a long time and became angry again.

It's so dark, it really doesn't look like a man!

Once Rui Jin was enraged, the fruit core in his hand was thrown out again. Following that, a certain someone was just like the unlucky person before, spitting out blood and falling to the ground.

This time, the onlookers were not only surprised.

They were a little panicked and thought that someone was trying to attack them. The scene was in a mess.

In the face of such a situation, the people in the honored guests' seats felt helpless.

Because of the good position and the higher strength than the others, they all saw that after one of the little children threw a fruit core, the two people in the ring vomited blood and fainted. Although they didn't want to believe what they saw was real, they saw it with their own eyes. It couldn't lie, right?

"Old man yang, what should we do now? Where did this little kid come from? He's actually trained to use hidden weapons. " The old man who had a good relationship with the Yang family's ancestor sighed helplessly.

The Yang family's old ancestor was silent for a moment, thinking, that might not be a hidden weapon. If you've seen the means of her parents, I'm afraid you won't be so surprised. Unfortunately, he couldn't say this out loud and could only keep it in his stomach.

"Old man yang, what do you mean? You're taking out this little doll to slap our faces?" The other old man saw that the Yang family's old ancestor didn't speak and also angrily questioned.

After hearing his words, the Yang family's ancestor looked up at him and smiled, "What, now you don't think that our Yang family is a hopeless case? Let me tell you, it's not that our Yang family doesn't have people. These three little kids are also one of the strongest in our family, so they are absolutely qualified to represent our family in the competition. "

"H-how is this possible?" The words of the Yang family's old ancestor had shocked everyone in the VIP seats, but they really couldn't believe it. However, these words came from the mouth of the Yang family's old ancestor, so they had no choice but to believe it.

"What's impossible? Haven't you seen a monster before? Some children are born geniuses, and unfortunately, these three children are geniuses among geniuses. " The Yang family's old ancestor said proudly, as if he was also proud.

"Hmph! You can keep bragging! So what if the third baby was a monster? With just the three of them, how could they defeat so many of our elites? Only a ghost would believe this!" The old man said disapprovingly.

"You don't believe me?" The Yang family's old ancestor laughed evilly.

"Hmph! Of course he didn't. No matter how monstrous these three children are, they're still just a few little babies. How do you expect us to believe them?" The old man said matter-of-factly.

"Then ... Do you want to try?" The Yang family's old ancestor asked with a smile.

"I'll try, who's afraid of who! If these three kids can really defeat all the experts of our ancient martial families, then for the next hundred years, our families will follow your Yang family's lead. Of course, if your Yang family loses, you will also have to listen to our orders. How about it?" The old man said ruthlessly. This could be considered a bet with the old man from the Yang family. Of course, he felt that the other party definitely wouldn't dare to make such a big bet with him. A hundred years! It wasn't just one or two days.

"Can you represent the other families?" The Yang family's old ancestor asked again after hearing this.

Ugh! The old man choked. He really couldn't represent this. However, he still summoned up his courage and said to the others, ""Do you dare to bet with old man yang? This was a good opportunity! With so many families joining hands, if old man yang loses, the Yang family will have to listen to our command for a hundred years. This is a rare opportunity, don't let it go easily!"

With the old man's encouragement, it had to be said that many people were tempted, but they were also quite hesitant. What if this little boy's strength was beyond imagination? at that time, wouldn't their families be at the Yang family's beck and call for a hundred years? To be honest, this bet was a little too big.

Seeing everyone's hesitation, the Yang family's old ancestor added fuel to the fire and provoked, ""Forget it. I knew you wouldn't dare. You're just a bunch of cowards!"

"What did you just say?" Many of the family's ancestors were angered by the Yang family's ancestor, and they pointed at him and shouted.

"I said you guys are as timid as mice." The Yang family's old ancestor calmly stated.

"Bastard! You're the one who's as cowardly as a mouse! Your whole family is as cowardly as a mouse!" The old men in the VIP seats, who were over a thousand years old, were all furious. The Yang family's ancestor had instantly provoked everyone's anger.

However, the Yang family's old ancestor knew what was going on, so he wasn't afraid at all and continued to provoke him,""Not afraid? You should listen to old man Li and fight with the three children of the Yang family! If you don't dare to accept the challenge, then you're as timid as a mouse!"

"You ..." The old men trembled in anger at the Yang family's old ancestor's words, pointing at him for a long time, but they couldn't say a complete sentence.

Seeing this, the Yang family's old ancestor continued to provoke,""I told you you wouldn't dare. So what? Are you going to bite me?"

"Hmph! Who says we don't dare! Today, my Sun family and the old man from the Li family will fight together!" An old man couldn't take it anymore, and he was on fire.

"And our Wang clan!" Another old man said. However, the ancestors of the other families were still hesitant.

Seeing that he had successfully provoked the two families, the Yang family's ancestor laughed to himself. Hehe, this was a good opportunity to dominate the ancient martial arts world! If he couldn't grasp it, he would feel sorry for the Yang family's ancestors.

[SUPREME CRAZY WIFE](#)

With this thought in mind, the Yang family's old ancestor continued to provoke him, "Are there any other families who want to go with them?"

When the families who didn't agree heard this, they looked at each other and couldn't help but curse in their hearts. The Yang family old fart was actually trying to provoke them! If they didn't agree, after they left the Yang family, their family's reputation as a timid mouse would probably resound throughout the ancient martial arts world. But if they agreed, they were not too willing, and more importantly, they were not confident!

This matter made them panic for no reason. They felt that if they agreed because of the old man's goading, something might happen!

But if he didn't agree, he would be looked down upon! Al! This fact made them feel very conflicted.

Looking at their expressions, the Yang family's ancestor didn't need to guess to know what they were thinking. But if they didn't agree, the three little babies wouldn't be able to enjoy themselves. After thinking about it, he decided to increase the bet.

"Two hundred years! If my family's three children lose, our Yang family will be at your beck and call for the next two hundred years, how about it?" The Yang family's old ancestor deliberately put on an appearance of determination.

Two hundred years?

Everyone could not help but look at each other. Was this old man crazy? He actually made such a big bet for three little children?

It had to be said that the Yang family's ancestor's actions were rather suspicious.

Everyone secretly guessed, was old man yang really crazy, or did these three little children really have that kind of strength?

It would be fine if they really went crazy, since they were the ones who would benefit, but what if ... The crowd didn't dare to think further and turned their eyes to the three on the stage.

On the stage, Rui Jin was gnawing on a fruit as usual, and the other two babies had actually gotten two teddy bears out of nowhere and were playing with them as if there was no one else around.

Looking at the three babies who had obviously just been weaned, they could not imagine that the old man of the Yang family would actually bet such a big bet on them. It seemed that the old man was really crazy!

After coming to such a conclusion, everyone was still quite cautious and did not immediately agree to the old man's proposal. After all, this was a big matter that concerned the ownership of the family for two hundred years.

Just as the ancestors were seriously thinking, the Yang family's ancestor stretched out his five fingers and said, "Five hundred years! If you join hands and win against my three children, our Yang family will listen to you for five hundred years, and vice versa. How about it? Do you dare to bet with me? You cowards!"

Another 500 years?

This time, all the ancestors were completely sure that old man yang had gone crazy, and it was not light!

In fact, when the Yang family's old ancestor said this, he wasn't particularly confident, but as long as he thought of the abnormal parents of the three, his

confidence rose again. In any case, let those three cute little children have their fun first. If it's done well, their Yang family can have a few more subsidiary families in five hundred years. This is simply a win-win situation!

It could be said that the Yang family's ancestor had thought very far ahead. After all, no matter how much he liked the three children, he couldn't ignore the Yang family's future. However, he also believed that as long as he made the three children happy, their parents would definitely not mistreat their Yang family.

The Yang family's old ancestor's thoughts were quite beautiful, but unfortunately, the more he acted this way, the more the other family's old ancestors didn't dare to make a decision easily. Five hundred years! The old man from the Yang family had gone crazy, but they had not followed suit. Therefore, even if the bet was very tempting, they had to be careful.

This time, even the Li family's elder had to be careful. He had no choice, he was afraid of being deceived!

However, the Li family's old ancestor was also afraid that old man Yang's mouth would spout nonsense, so he thought for a moment before saying, "Old man Yang, five hundred years is not a short time! You have to give us some time to think about this. "

"You still want to think about such a good opportunity? Old man Li, are you backing out too? Don't forget, you were the one who started it! If you back off now, I'll look down on you!" The Yang family's old ancestor said disdainfully.

His words made elder Li choke quite a bit. Old man Li's face was red as he said weakly, "If you said 100 years, I'd bet with you right away. But 500 years, that's too long. Of course we have to think about it, don't you think so?"

"Yup! That's right! It's really been too long!" When the others heard this, they quickly echoed.

The Yang family's old ancestor's mouth twitched when he heard this, and he continued to speak in disdain, "I knew you wouldn't have the guts. If that's the case, don't provoke me!"

You're the one who's provoking me, aren't you? Everyone couldn't help but secretly complain. However, the feeling of being looked down on was really not good. After thinking about it, someone suggested, "Old man yang, can you give us some time to discuss this? After all, the stakes are too high. Even if we are the ancestors of each family, we can't make a decision easily, don't you think so?"

"That's true. However, how long do you want to discuss? you should at least give me some time, right? Also, how are we going to proceed with the competition? are we still going to compete? you guys have to give us an explanation!" The Yang family's old ancestor said.

"We definitely have to compete." Someone said.

"Compete now? Then you guys should go and discuss it!" The Yang family's old ancestor said impatiently.

"Why are you so anxious? Waiting to have a child!" The Li family's elder said speechlessly. He wanted them to discuss it, but they were in such a hurry. What was this!

"I'm not in a hurry, but my child is! Can't you see that they're all getting impatient from waiting in the ring! Whether we can finish discussing today, whether we can still compete, you guys have to give me a definite answer. " The Yang family ancestor said.

"Give us two days! We'll stop the war for now. " After thinking for a while, the Li clan's elder was forced to say helplessly.

"Alright, then let's agree on this. We'll start the war again the day after tomorrow. At that time, you must tell me the results of your discussion!" The

Yang family's old ancestor agreed, but he was a little worried in his heart. How should he tell the three?

He knew that the three of them had been waiting for a fight for a few days, and now, they didn't fight again today.

However, he still had to say it.

Bracing himself, the Yang family's old ancestor personally went to the arena.

"My three little babies, long time no see." The Yang family's old ancestor said with a smile.

Rui Xin did not even raise his head. Rui ze gave him face, he looked up at him and then lowered his head to play again. As the Big Brother, Rui Sheng often acted as the spokesperson for his two younger brothers, so he nodded his head generously and asked with his eyes, what's the matter?

"That, today's elite competition has been suspended." The Yang family's old ancestor, who understood what Saint Rui meant, said directly.

"And then?" Saint Rui asked.

"We'll start again in two days. Those cowardly families want to discuss whether they want to fight with you as a group. So, let's give them two days to think about it, okay? It's to prevent them from feeling unbalanced after losing, don't you think so?" The Yang family's old ancestor said in a negotiating tone.

Rui Sheng nodded his head in understanding. In fact, they had heard the conversation between the old man and the other old men just now, otherwise they would not have been so honest and not interrupted. Now, although it would be two days later, but since the old man was thinking about the three of them, he would not hold it against him.

When the Yang family's ancestor saw Saint Rui nod his head, he was very pleased!

Look, what an obedient child! Unfortunately, it wasn't their Yang family 's! Al! Why didn't the Yang family have such an obedient and cute little child? For a time, the Yang family's old ancestor couldn't help but sigh.

After sighing, he and the little handsome boy shamelessly followed the three of them down the stage and went to the residence of Leng ruoxue and the others.

When he saw Leng ruoxue and her husband, old ancestor yang became bashful for once. After a long time, he carefully told them about the delay of the elite competition. Even though Leng ruoxue wasn't present at the competition, she had been paying attention to everything. She only nodded her head and didn't say much.

Seeing Leng ruoxue in this state, old ancestor Yang's heart was in a mess. He was a little scared! Of course, he was mainly afraid that Leng ruoxue would blame him for using his own son to make a bet. However, he couldn't be blamed for this. In that situation, he could only brace himself and rush forward.

Fortunately, Leng ruoxue didn't say much. She only exchanged pleasantries with old master yang before pulling the demon back to her room. She knew that this old man was here for her son. With them here, he would definitely feel uncomfortable.

As soon as Leng ruoxue and her husband left, old ancestor yang finally relaxed. He heaved a huge sigh of relief and pulled the three of them into his arms.

The three of them struggled a little but didn't manage to break free. Following that, they saw Rui Jin gnawing on a fruit while saying in a slightly dissatisfied tone,""Old man, you're taking advantage of us three brothers again!"

"Uh! Little ancestor, don't you spout nonsense! I'm not taking advantage of you, I'm just cherishing you. " The Yang family's ancestor was so scared that

his face turned pale and he quickly explained. He even looked around, afraid that these words would be heard by the three's family. If they misunderstood, how wronged would he be!

But fortunately, there was no one else besides the Yang family's little handsome boy and Yang Song, so the Yang family's ancestor was immediately relieved.

"I see! Then, if you want to cherish us, have you asked for our permission? We're not casual people, we can't let everyone want it!" After thinking for a while, Saint Rui laughed evilly.

Ugh! The Yang family's old ancestor was somewhat speechless. This, why was this child's words so infuriating?

"But on the account that your family has provided us with food and accommodation, we three brothers will reluctantly let you have it!" After seeing the constipated look on the Yang family ancestor's face, Saint Rui changed the topic and continued.

This feeling of going from hell to heaven made the Yang family's old ancestor a little uncomfortable for a while.

Wasn't this happiness too sudden?

The Yang family's old ancestor felt as if he had been acknowledged by the three of them, which made him feel very touched, even his eyes were a little wet. Then, he heard him slightly choked with emotion, "You guys are really good kids!"

[SUPREME CRAZY WIFE](#)

Chapter 3125 A Toad Lusting After A Swan (1)

Were they obedient?

Saint Rui did not dare to agree with this. In fact, he sometimes felt that the three brothers were quite well-behaved, but sometimes, they were not well-behaved at all, hehe!

However, looking at the old man's sincere face, Rui Sheng felt that they should be good children for the time being!

With such a plan, the Yang family's old ancestor was touched and after he finished speaking, Rui Sheng, Rui ze and Rui Yan showed a shy expression. The pink and tender little person looked particularly attractive, which made the old man of the Yang family like it even more.

The old man from the Yang family couldn't get enough of it. It wasn't until late at night that he returned to his own residence from the villa where the three of them lived.

Early the next morning, when Leng ruoxue and the rest were preparing to have breakfast, the old ancestor of the Yang family brought the little handsome boy to report.

Leng ruoxue felt a deep sense of helplessness as she looked at the embarrassed grandfather-grandson duo who had already decided to sit down and have breakfast with them.

Had these two been charmed by their son?

Leng ruoxue had never expected that her son's charm would be so boundless that even this old man and young man would fall head over heels for him. Of course, this was enough to show that her son was too likable.

Looking at her three adorable sons at the dining table, Leng ruoxue ladled out a bowl of plain porridge for them and let them eat. As for the others, especially

her grandfather and brother, Leng ruoxue deeply felt that these two would not be in the mood to eat.

It was no wonder. How could they be happy when their own grandson and nephew were being targeted by others? As a matter of fact, her grandfather and brother had already started to release cold air from the inside out, and were planning to use their eyes to dismember each other. Unfortunately, the Yang family grandfather and grandson pretended not to see it. On the other hand, yang Shan, who had been hanging out with them, was pale and a little uncomfortable.

Seeing this, Leng ruoxue's interest was piqued. Since when did this grandfather-grandson pair become so bold? He remembered that the first time he met them, these two people didn't have such big guts.

Leng ruoxue was very curious, so she asked Qing Jue in her heart. However, other than smiling, Qing Jue was not willing to say anything. This made her feel a little depressed.

Did something happen that she did not know about?

In fact, nothing had happened, but the Yang family grandfather and grandson felt that as long as they didn't challenge the other party's bottom line, the other party would definitely not kill the innocent. It was because of this thought that the two of them had no fear.

Leng ruoxue herself was not a bloodthirsty person, so she really couldn't do anything about their sticky attitude. Furthermore, the result of this was that many people came to their villa for no reason, and most of them were young women.

Looking at the courtyard full of gorgeously dressed beauties, Leng ruoxue was slightly flustered. Without asking, she could already guess the purpose of these women.

She glared at the Yang family's old ancestor in a bad mood. Out of sight, out of mind. Leng ruoxue turned around and walked away.

The moment Leng ruoxue left, the evildoer's body emitted a cold aura. Even though not all of these women were here for him, they had made his wife unhappy, so they deserved to die!

However, it was more important to catch up with his wife's pace now. The rest could be discussed later.

With this thought in mind, the evildoer also left the courtyard. However, before he left, his deep and cold eyes made the Yang family ancestor and the little handsome boy's scalps go numb.

Sob, sob, sob ... This had nothing to do with them! They didn't ask him to come!

The Yang family's ancestor and the little handsome boy felt particularly aggrieved, while the three of them looked at the two of them calmly and sympathetically. Their clear eyes seemed to be saying, 'you two are dead for making our mother unhappy!'

Looking at the three of them gloating over their misfortune, the Yang family's ancestor and the little handsome boy wanted to die.

At this moment, the two of them had never hated the Yang family's women as much as they did now. Weren't they just looking for trouble? There are some people that you can target?

Furthermore, the moment the devilish man left, the Yang family's women's gazes were all focused on Leng ruohan.

In the eyes of the women, Leng ruohan was not as devilish as a certain man, but he was like a fairy. At first glance, he was definitely not a Dragon among men. Unfortunately, Leng ruohan was unromantic and always had a straight

face. The cold air around him was so strong that it could freeze people to death. However, this did not stop the women from trying to court him.

Leng ruohan was about to go crazy from being pestered. Finally, he could not take it anymore and shouted at the old ancestor of the Yang family, "Hurry up and get rid of this group of unwanted women from your Yang family, or you'll have to bear the consequences!"

A woman that no one wanted?

When the girls heard this, they were instantly unhappy.

The Yang family's status in the ancient martial arts world wasn't low, so the status of the Yang family's women naturally rose with the tide. Therefore, most of the time, they were quite confident and proud. But now, the person they admired had actually said that she was a woman that no one wanted. Which woman would be happy to do this?

A young and beautiful woman immediately protested, "We're not women that no one wants. We have noble status. I don't know how many young talents want to marry us!"

"That's right, that's right!" All the girls echoed in unison.

When the Yang family's old ancestor and the little handsome boy heard this, they simply couldn't show their faces. Who gave them such confidence? More importantly, don't you know who you're talking to?

Although the women in front of him were the descendants of the Yang family's ancestor, to be honest, at this moment, he really couldn't sympathize with them. These women had eyes but couldn't see, when would they grow some brains and know what to say and what not to say?

There are some people that you can't dream of!

But obviously, these women didn't know who the person in front of them was. They only felt that with their status as young ladies of the Yang family, they were more than enough to match the man in front of them!

In addition, the disdainful words of the man in front of them also made the women of the Yang family, who had always been proud and arrogant, feel very uncomfortable. However, before they could express their dissatisfaction, they heard the clear voice of Saint Rui, "Since you guys are so popular, why are you drooling at my uncle? It's too strange!"

"Yes, that's right. My uncle would never marry a woman like that. Otherwise, we three brothers would definitely not let that woman enter our house!" Rui ze also followed.

Although Rui Jin was only focused on eating and did not respond, the expression on his pretty little face was obviously the same. After he finished eating the fruit in his hand, he opened his mouth and said, "A Toad shouldn't dream of eating swan meat, you won't be able to eat it!"

Puchi!

Hearing Rui Jue's childish words, Leng ruohan couldn't help but laugh out loud. Then, the little handsome boy laughed wildly as well. Needless to say, the little handsome boy knew that the toads Rui Jue was referring to were definitely not his uncle. However, to hear someone say that the young ladies of the Yang family were toads was already a miracle.

[SUPREME CRAZY WIFE](#)

Chapter 3126 A Toad Lusting After A Swan (2)

One had to know that the women of the Yang family had been pampered since they were young because of their beauty. Now that they were suddenly ignored like this, little handsome yang really felt that his hatred had been vented.

He had never liked the Yang sisters. Now that he saw them embarrass themselves, how could he not gloat?

However, he only laughed for a short while before he received the Furious gaze of his ancestor. Immediately, he did not dare to laugh wildly. However, his heaving chest proved that he was having a hard time holding back his laughter.

With just one look from the ancestor, he understood his mistake. Although he didn't like women like the Yang family who had strong motives, now was not the time to fight among themselves. Of course, it was impossible for him to unite against the outside world, because he knew very well that the ancestor would not and would not dare to blame the three cute babies. More importantly, what she said was right! The Yang family's daughter was indeed a Toad lusting after swan meat!

He believed that his ancestor also understood this, so although his ancestor was very angry, he could not refute it. However, handsome yang believed that his ancestor would definitely vent his anger on these women who didn't know what they were talking about. Of course, this might also include him. At this moment, the handsome little boy felt a sense of danger. He was really too proud. He actually forgot that he couldn't escape from the embarrassment of the Yang family, because his surname was also yang!

As these thoughts flashed through his mind, handsome yang immediately pretended to be an obedient child. He only hoped that the old ancestor would forget his wild laughter just now. Sob, he really didn't do it on purpose!

At this time, the girls also realized that the toads that the little boy was referring to were actually them, and they were instantly enraged. One of the girls even pointed at Rui Jin and shouted, ""Whose damned child is this? how can he be so rude? What did your mother teach you? You're really a bastard who has no parents to teach you!"

As soon as she said this, the Yang family's old ancestor and the little handsome boy suddenly felt that things would go wrong. Wasn't this courting death? And I'm sure he'll die!

"Who are you calling a bastard who has a father but no mother?" As expected, Leng ruohan was infuriated when she heard this. She questioned him in a cold and sinister tone.

"Hmph! Of course, it's these three little bastards in front of me!" The woman shouted.

"You shut up!" Seeing that the situation was about to turn for the worse, the Yang family's old ancestor did not wait for Leng ruohan to speak again and shouted angrily.

"Let her speak!" Leng ruohan's eyes narrowed as she spoke to the Yang family's ancestor in an unusually cold voice.

The Yang family's old ancestor suddenly felt a chill from the inside out, and his little heart couldn't help but tremble. He knew that the man in front of him was really angry, and this matter was not something he could stop.

At this time, the little handsome man also quietly pulled his ancestor's sleeve, indicating that he should not provoke the other party. The Yang family's ancestor understood and could only shut his mouth. He turned his eyes to the three. He knew that if he wanted to solve this matter, it would depend on the attitude of the three.

Unfortunately, the three of them did not seem to see his cry for help, and only looked at their uncle pitifully. Rui Jin was even more confused and asked, "What's a bastard? A seed that grows in the wild?"

"Don't listen to that woman's nonsense. Let uncle handle it!" Leng ruohan quickly said.

But this time, Ruiqiao didn't even give face to his uncle. The stubborn him just wanted to understand what a bastard child was? It was obvious that the other party was talking about the three of them.

"What's a bastard?" Turning his gaze to the woman, Rui Jin asked seriously.

Seeing him like this, Leng ruohan felt a headache coming on. This child rarely expressed his opinions, so why was he so insistent this time?

"Illegitimate children are illegitimate children like you." Seeing Rui Jin ask her, the woman smiled smugly.

"You're talking nonsense! We're not illegitimate children. We have a father and a mother. How can we be illegitimate children?" Rui Jin said angrily. He had seen the term "illegitimate child" on the internet, and it had nothing to do with them at all, and they were definitely not.

"So what? As a member of the Yang family, your mother married without informing the family and gave birth to the three of you. This is not allowed in itself. Our Yang family does not recognize their marriage, so you are illegitimate children. By the way, I'll tell you some news, our Yang family's big sister Bing'er is going to marry your father and become your mother. If you know what's good for you, be good, and big sister Bing'er will be happy and give you some food to eat. If you don't, then just wait to be kicked out of the house!" The more the woman spoke, the prouder she became. She couldn't help but reveal such a secret.

After hearing her words, the Yang family's ancestor and the little handsome boy were so scared that their little faces turned pale. Damn it, when did this happen? how come they didn't know about it? Wasn't this courting death?

Obviously feeling that the cold air around them was getting stronger and stronger, the two were so scared that they didn't dare to raise their heads. The Yang family's ancestor was even cursing some Yang family members who were looking for trouble in his heart.

At the same time, the two of them heard a cold voice that seemed to come from afar."Oh, really? I didn't think that the Yang family would have such a plan. Should I be tactful and give up my seat to your big sister Bing 'er?"

"It's naturally good that you're so tactful!" The woman did not notice the sinister cold Qi in Leng ruoxue's words. Instead, she spoke in a self-righteous manner.

"You must be tactful! Old man yang, don't you agree?" Leng ruoxue said to the Yang family's old ancestor with a hint of ridicule.

When the Yang family's old ancestor heard this, he only felt the chill all over his body become even more intense.

Unable to stop his body from trembling, the Yang family's old ancestor stammered with an awkward expression,"This, this must be a misunderstanding. Although I don't know how such a misunderstanding could have happened, please believe me, I will definitely give you an explanation."

"Explanation? Do I need an explanation from your Yang family?" Leng ruoxue laughed.

"Uh ... No matter what, this is the Yang family's fault ..." The Yang family's old ancestor thought about it again and again, and said carefully.

"So as long as I can destroy the Yang family, I will be able to dispel the anger in my heart, don't you think so?" Leng ruoxue asked indifferently.

No, kiss!

The Yang family's old ancestor wanted to cry to death. How could the other party be so violent? He was going to destroy the Yang family? Sob sob sob, don't be like this, kiss! Leave the Yang family a way out!

The Yang family's old ancestor, who was pleading in his heart, was prepared to beg Leng ruoxue properly. Who knew that the other party would not say anything? he knew that he had gone too far this time! If the other party was willing to pay attention to him, he would have shamelessly pestered the other party to let them go. But now, the other party was ignoring him. Who could he go to beg?

Wait, three more?

Turning his pitiful eyes to the three of them, the old ancestor of the Yang family was just about to speak when he heard Saint Rui say, ""Mom, you can deal with the Yang family after we're done beating them up!"

"Alright," he said. Leng ruoxue agreed.

At this moment, the Yang family's old ancestor wanted to just kill himself. The little darling actually said the same thing. Wuwuwu, how was he going to live?

"Saint Rui's baby ..." After calming himself down, the ancestor of the Yang family looked at Saint Rui with tears in his eyes. Everything was clear without words.

"Don't look at me like that, I have no choice! We're just illegitimate children, we can't interfere with your adult business!" Saint Rui spread out his hands and said with a helpless expression.

Rui Jin pulled his big brother, scowling, "Brother, what are we going to do in the future? We're going to be kicked out of the house. "

"It's fine. Let's not talk about whether that mistress can get promoted, but I'm sure she won't live past next year." Rui Sheng comforted his poor brother who was obviously a little shocked.

"Yes, that's true." Rui Jin nodded his head, no longer feeling sad.

However, the conversation between the two of them had provoked the woman who had exposed the news. She shouted angrily, "Who are you saying can't live past next year? 'Two little bastards!' Are you guys looking for death!"

"You shut up!" When he heard this, the Yang family's old ancestor didn't even need to refute it, he already shouted at the top of his voice, he was really worried! Although women could be used for marriage, when there were more women in the family, there would be more things to do. Now, he really felt it for himself.

As for how to deal with these matters, he couldn't think of a good solution for the time being. He only felt that his head was a mess.

As for the woman who had been yelled at by the old ancestor, she felt extremely wronged at this time. She felt that she had not done anything. She had only said a few words of truth. How could she have made the old ancestor angry?

It had to be said that this woman's reaction was slow enough, but more than that, she felt good about herself. As a woman of the Yang family, she had a superior family background. Moreover, she was a direct descendant of the Yang family, so naturally, she didn't put the other Yang family members in her eyes. But now, the ancestor had embarrassed her in public for a branch family member. This kind of treatment made her feel deeply humiliated. However, the other party was the ancestor. Even if she was dissatisfied, she didn't dare

to go against the ancestor. Thinking of this, the woman unwillingly closed her mouth.

Seeing that the woman didn't dare to say anything, the Yang family's old ancestor put on a smile and once again looked at the three and begged, "My three little babies, I definitely didn't know about this. But don't worry, since I know about it now, I'll definitely give you a satisfactory explanation!"

The Yang family's old ancestor's mouth was promising, but his heart was infinitely worried. A group of worrying descendants! If he had known this would happen, he would have strangled them all to death!

However, what made him even sadder was that the three little babies were actually ignoring him. Wuwuwu, what should he do?

The helpless Yang family's old ancestor could only leave with that group of troublesome women, full of grievances and looking back every few steps.

After he left, the three of them sighed. After such an incident, they didn't know how to get along with the old man. In fact, they knew very well that the old man was a good person, but many of the people in the old man's family were not good people!

Leng ruohan, who was watching the three of them from the side, could not help but laugh when she saw their cute sighing expressions. It looked like the three little fellows were not affected by the group of women at all. He was relieved. It was just the Yang family, so he probably would not be able to sleep tonight.

However, this was none of his business. In Leng ruohan's heart, it was enough as long as her three adorable nephews were happy. He was completely asking for it and was not worthy of sympathy at all!

[SUPREME CRAZY WIFE](#)

Chapter 3127 My Mother Is Very Tactful (1)

The people on Leng ruoxue's side basically didn't treat this as a big deal. They were just a few toads who wanted to eat swan meat. It wasn't a big deal.

However, the Yang family's ancestor and the little handsome boy weren't so calm. They were very clear that the couple and the people around them were not ordinary people. They were not people their Yang family could afford to offend. If this matter was not handled well, the Yang family would probably be doomed.

Originally, inviting these people to the Yang family as guests could be said to be something that the Yang family could not ask for more, but now, because of a few ignorant love-struck women, their Yang family might be faced with a disaster of extermination. How could the Yang family's ancestor feel good about this? His heart felt as heavy as if there was a big stone stuck in his chest, and the handsome young man who had been following him was so nervous that he didn't dare to make a sound.

On the other hand, the girls who were unwilling to walk behind them all had dissatisfaction on their faces. They felt that their ancestor had embarrassed them in front of the collateral branch. This made them lose a lot of face. It could be said that they didn't have the slightest sense of crisis at the moment.

After the Yang family's old ancestor returned to the Yang family's main residence, he immediately gathered the patriarch and the elders for an emergency meeting.

The Yang family members who had been inexplicably called here were all puzzled by this, and the old ancestor sitting in the main seat without saying a word with a serious expression also gave them a bad feeling.

What had happened? Which blind person had angered the old ancestor?

The patriarch and the elders of the Yang family were a little uneasy, but the Yang family's ancestor did not speak for a long time, only his face was black and silent. This also made the Yang family's hearts begin to sink and at the same time, they realized that the matter was probably very serious.

After a long time, the Yang family's ancestor looked at the elders and said, "I heard that the Yang family is going to hold a wedding?"

"Uh, old ancestor, what's the good news? How come I didn't know about it?" Elder Huan asked with a puzzled look on his face. If it was a love affair, it was impossible that he, the Chief Financial Officer, had not received any news at all!

"Yang Bing is getting married." The Yang family's old ancestor coldly said.

"Who are you marrying?" Elder Huan was even more bewildered. Yang Bing had the highest status among the Yang family's young ladies, and was the family head's granddaughter. Logically speaking, it was impossible for him to not have heard of such a big matter as her marriage, right? However, the truth was that he really didn't know.

Elder Huan was puzzled and couldn't help but turn to look at the other elders. He saw that they were also in a state of confusion. It was obvious that they didn't know about this.

Only the family head had an awkward expression on his face. It seemed like the family head knew!

For a moment, all the elders' eyes were focused on the patriarch of the Yang family, waiting for him to answer.

The patriarch of the Yang family had no choice but to cough a few times and say, "Old ancestor, this matter ..."

"You don't need to talk nonsense, I'm only asking you, is Yang Bing going to get married?" The Yang family's old ancestor interrupted the Yang family patriarch's words and asked.

"Well ... Bing 'er did have that idea, but I haven't agreed to it yet!" The patriarch of the Yang family said honestly.

"Hmph! She had an idea? She really dared to think about it? Didn't she know who she was? who was she to think about? A Toad lusting after a Swan's flesh, you don't know what death is!" The Yang family's old ancestor said angrily.

"Old ancestor, Bing 'er isn't that bad, is she?" Hearing the old ancestor's words, the Yang family head couldn't help retorting.

"It depends on who you're compared to, understand?" The Yang family's old ancestor roared with a face full of disappointment.

"That ... Old forefather, don't be angry first. I want to ask, who is Yang Bing going to marry?" Elder Huan asked hurriedly when he saw the old ancestor's anger.

"You tell them." The Yang family's old ancestor turned his head and said to the little handsome boy beside him.

"Yes, ancestor." The handsome young man nodded his head in response, then turned to elder Huan and the others, The person Yang Bing is going to marry is the Father of the three little babies."

"Argh! It can't be?" Elder Huan couldn't help but widen his eyes. He was obviously shocked. They knew who the three little babies were, and they knew even more clearly who their father was. He was the unparalleled master with unfathomable strength!

"Yang Lin said it herself, and even said that Yang Bing wanted to be the stepmothers of the three little babies. If the three of them were disobedient, she would kick them out of the house, and if they were obedient, she would reward them with a meal." Handsome yang said without hiding anything.

All the elders' expressions changed like a palette, and elder Huan's reaction was the most intense. The three little treasures were his favorite, and Yang Bing actually dared to have such thoughts. He really didn't want to live anymore! Moreover, he dared to have ideas about her father. Did he think that her mother was easy to bully? Although the woman under the alias Yang Xue was so beautiful that one could not take their eyes off her, elder Huan was clear that such a woman could not be a flower vase.

"Yang Xiong, have you eaten a bear's heart and a leopard's gall? You dare to have ideas about her?" In his anger, elder Huan was so angry that he directly called the family head's name. He was zhenqi, and this matter was not as simple as fighting for a woman and snatching a man. If it was not handled properly, the Yang family would no longer exist.

"I said, I haven't agreed!" The patriarch of the Yang family said with an aggrieved expression.

"You didn't agree? So, you're considering it? You bastard! Even if you want to die, don't use our Yang family as a scapegoat!" The more elder Huan spoke, the angrier he became. He really wanted to rush forward and give Yang Xiong a few tight slaps to wake him up. What the hell was this!

"Is it that serious?" The patriarch of the Yang family couldn't help but ask guiltily.

"Of course there is! You're just looking for death, you know that?" Elder Huan said angrily.

"I'm just thinking for the family. Why don't you think about it, if Bing 'er can really marry that man, it will be a great benefit to our Yang family. " The patriarch of the Yang family reminded.

"What benefits? if you dare to have that kind of thought, I dare say that Bing 'er will not live past the day she gets married." Elder Huan said furiously.

"How could this be? Don't tell me that Yang Xue would dare to kill Bing 'er?" The patriarch of the Yang family asked in surprise.

"Why wouldn't I? There's already someone who wants to snatch her man, and she's still letting her play mahjong!" Elder Huan sneered for the master's whimsical thought.

"But, but ..." The patriarch of the Yang family choked and couldn't speak.

"Do you think that she's just a woman? as long as Mr. Ye agrees, she won't dare to have any objections?" At this moment, the Yang family's old ancestor, who somewhat understood the Yang family head's thoughts, lightly said.

"I thought about it, but I haven't agreed to it yet!" The patriarch of the Yang family said, feeling wronged.

"Do you really think that Madam ye is an ordinary woman?" The Yang family's old ancestor continued to ask.

"Aren't women just women? No matter how strong she was, she still had to listen to her husband. "Besides, which powerhouse doesn't have a few women, so ..." The patriarch of the Yang family explained, but before he could finish, he was interrupted by the old ancestor of the Yang family.

SUPREME CRAZY WIFE

Chapter 3128 My Mother Is Very Sensible (2)

"So, you think it's not a bad idea to marry Bing 'er to him, right?" The Yang family's ancestor said.

"I've thought about it, but without the old ancestor's approval, how could I dare to agree!" The patriarch of the Yang family quickly said.

"You really didn't agree? Then why did Yang Lin dare to say that?" When the Yang family's old ancestor thought of this, he became a little angry.

"Ancestor, I swear, I really didn't agree." The patriarch of the Yang family said immediately.

"Forget it. It's no longer important whether you agree or not." The Yang family's old ancestor helplessly sighed.

"Ancestor, what about this matter?" The patriarch of the Yang family asked for the opinion of the old ancestor. As long as the old ancestor agreed, this matter would be easy to handle.

It could be said that the patriarch of the Yang family had a very beautiful dream. Of course, this had a lot to do with Yang Bing's brainwashing, so he couldn't help but have a beautiful dream.

"Don't think about this anymore. Let's think about how to deal with the aftermath!" The Yang family's old ancestor looked deeply at the Yang family's patriarch, and couldn't help but think in his heart, should he change the patriarch of the Yang family? This person was too full of himself, sooner or later he would bring disaster to the Yang family.

"Eh? After what good?" The patriarch of the Yang family didn't understand what the old ancestor meant.

"Do you even need to ask? of course, it's about how to calm their anger." Elder Huan couldn't help but sneer as he replied on behalf of the ancestor.

"Why are they so angry? We didn't do anything, did we?" The patriarch of the Yang family asked in a daze.

"You and your grandson are snatching her man, and you don't allow her to get angry?" Elder Huan was helpless. Had the head of the family's intelligence been eaten by dogs these few days?

"T-then we haven't robbed him yet, have we?" The patriarch of the Yang family said weakly. They hadn't even put it into action yet!

"If I were them, you should die for having such thoughts." Elder Huan said honestly.

"Is it, is it that serious?" The patriarch of the Yang family was in disbelief. That Yang Xue was so jealous!

"Let me ask you, is this Yang Bing's idea, or your idea?" Instead of directly answering patriarch Yang's question, the Yang family's old ancestor asked back.

"It's Bing 'er. She admires Mr ye a lot, so she wants to marry him. " The patriarch of the Yang family said honestly.

"Did you tell her Mr. Ye's identity?" The Yang family ancestor asked again.

"I didn't tell her. She overheard it by accident." The patriarch of the Yang family said carefully.

"No wonder!" The old ancestor of the Yang family nodded. He had found it strange before that Yang Bing had always been rather proud, so why would he suddenly want to marry a married man? so it turned out that he had long known about the other party's identity. However, knowing his identity, he still dared to be delusional. It had to be said that Yang Bing's guts were really big!

"Ancestor, what do we do now?" The patriarch of the Yang family, who didn't know what the old ancestor meant, asked in a daze.

"What can we do? In order to protect the Yang family, he could only hand Yang Bing over. I'm even afraid that they won't agree!" The Yang family ancestor sighed.

When the patriarch of the Yang family heard this, he panicked and hurriedly asked, "Old ancestor, what do you mean by that? why are you handing Bing'er over?"

"Why? The other party was angry, do you understand? If we don't give them a satisfactory explanation, do you want to wait for them to exterminate our Yang family?" The Yang family's old ancestor said angrily.

"Exterminate our Yang family? I know that the enemy is very strong, but we have so many experts, can they really destroy the Yang family?" The patriarch of the Yang family said in disbelief.

"Yang Xiong, did you think that my previous warning was a joke?" This time, the Yang family's old ancestor was even angrier. He continued, "I'm not afraid to tell you that I once saw Mr. Ye tear space with my own eyes. Madam ye is also a strong person. The strength of the two of them is not something that we, ancient martial arts practitioners, can imagine. It's ridiculous that you still dare to have ideas about other people's men and treat Madam ye as an ordinary woman! You really don't know what's good for you!"

Hearing the old ancestor's serious tone and the truth, the Yang family's patriarch and the elders suddenly panicked. If the old ancestor said so, then it was definitely not fake. More importantly, if this matter really brought disaster to the Yang family, then wouldn't the Yang family disappear from the world?

Thinking of the terrible consequences, the pale-faced elders all simultaneously glared at the Yang family head with their fire-breathing eyes. For a moment, the slightly scheming Yang family head became the target of public criticism!

"Ancestor, is there any way to turn the situation around?" Elder Huan was the calmest, and asked. If handing over Yang Bing could really solve the Yang family's crisis this time, what did it matter? Moreover, this matter was also Yang Bing's own doing. He did not sympathize with Yang Bing at all, but the key to the problem was, was one Yang Bing enough to appease the other party's anger?

"I don't know," The old ancestor of the Yang family said helplessly. It was obvious that this matter was not something he could control. Furthermore, Leng ruoxue had also given the word, so he was really not confident!

Thinking up to this point, the patriarch of the Yang family couldn't help but turn to look at the patriarch of the Yang family. Right now, he really didn't like the patriarch of the Yang family. How could he have been blind to let Yang Xiong be the patriarch? But now, he had caused such a big problem. How was he going to end this!

"Old ancestor, can't you think of a way? Why don't we go to the three little babies and ask for their help?" Seeing that the old ancestor was very vexed, elder Huan couldn't help but give an idea.

"It's useless. The three babies hate me too. They're ignoring me. Besides, you know what Yang Lin said. If I go to her now, she won't give me face!" The Yang family's old ancestor said truthfully.

"Are we just going to wait for death like this?" Elder Huan's face turned pale.

"That ... If we hand Yang Bing over, maybe they'll let us live, right?" An elder guessed.

"What if it doesn't work? I think we should just wait for death!" Elder Huan glanced at the elder who spoke.

"Uh!" The elder was speechless. Who would willingly wait for death? what was this?

"Elder Huan, you have a good relationship with the three kids. Why don't you go and plead for them?" The patriarch of the Yang family, who had already lost his mind, suddenly said.

"Master! They don't even give face to the ancestor, so how can they respect me, an elder?" Elder Huan said helplessly, but in his heart, he couldn't help but think, there's no way he'll be able to plead for her!

Of course, it wasn't that he didn't want to care about the Yang family's life or death, but he felt that the couple didn't seem to be people who would kill innocents, so they shouldn't really kill the ordinary members of the Yang family. However, he didn't know how they would be satisfied with only pursuing the culprit. More importantly, he knew that the other party was definitely in a fit of anger. If he went to plead for mercy, he would definitely not have a good ending! Only a fool would rush to clean up the mess for Yang Bing and the family head!

The patriarch of the Yang family was helpless when elder Huan rejected the offer. Then, he turned to look at the patriarch.

Seeing this, the Yang family's old ancestor said bluntly, ""Yang Xiong, since this matter was caused by Yang Bing, then you, as his grandfather, can't escape the blame. So, you have to personally explain and apologize, until he's willing to forgive you!"

"Yes." The patriarch of the Yang family braced himself and agreed. In fact, he knew very well that this matter was not easy to resolve. Otherwise, the old ancestor would not be so angry.

After the meeting ended, the patriarch of the Yang family planned to meet Leng ruoxue and the others. He had wanted to find a few elders to accompany him to boost his courage, but who knew that not a single elder was willing to step forward. This fact made him feel very stifled.

Helplessly, he could only go by himself.

When he arrived at the villa where Leng ruoxue and the others were staying, patriarch yang saw three of them sitting on the swing in the courtyard, swinging back and forth. Not far away, there were a few petite and cute Beastie lazily basking in the sun. When they saw him coming, those few little Beastie rolled their eyes slightly and then continued to yawn and bask in the sun. As for the three of them, they did not even look at him.

Knowing that he might not be very popular, the patriarch of the Yang family still walked to the three and said in a low voice, "Three little babies, why are there only you two? where are the adults?"

Hearing this, Rui Jin raised his head and replied, "Mommy is packing up!"

"Why are you packing up? The match isn't over yet!" The patriarch of the Yang family played dumb and tried to get close to him.

Rui Jue looked disdainfully at the Yang family head, before saying: "To make room for that Yang Bing! My mother is very tactful. "

"..." This time, the patriarch of the Yang family couldn't pretend anymore. His old face was burning red. This little baby's words were really too sharp! He was a little ashamed.

"Don't worry, we'll also follow mother to make space for Yang Bing's future child. " After that, Rui Jin added.

"..." The patriarch of the Yang family felt his heart clench. This little kid knows too much!

"Little brother, why are you talking so much nonsense with him? Even if that woman wanted to marry her father, she had to see if her father wanted her! But I think it's more likely that dad will cut off that woman. " At this time, Rui

ze's expression was unkind. He looked at the Yang family's old ancestor as if he was looking at an enemy.

The Yang family's old ancestor smiled bitterly to himself. It seemed that he had offended these three little babies. Although he was not very familiar with these little babies before, at least they had never used such a tone when they spoke! Al!

The patriarch of the Yang family, who was sighing repeatedly, could only look at the three of them pitifully and say, "Little babies, you've misunderstood. Our Yang family has no intention of marrying Yang Bing off to your father. Don't listen to other people's nonsense, okay?"

"Old man, the" other people "you're talking about is your Yang family. Besides, do you think we're stupid and can't tell that you're fooling us? why? Relax! My mother won't do anything before your elite competition is over. She promised me, so don't worry, you can live for a few more days. " Saint Rui said calmly.

Hearing Saint Rui's words, Master Yang's heart felt even more stifled. However, this was not the end, because Rui ze continued, "Don't even think about moving your clansmen to a safe place. By the way, I'll tell you a little secret. Even if you move all of your clansmen away, with my mother's ability, it'll be easy to find them. So, I suggest you stay here and wait for your death!"

SUPREME CRAZY WIFE

Chapter 3129 Side Story, Wifey, Please Take Me With You (1)

Just wait for death! Just wait for death!

These words had been circling in the head of the Yang family, making his brain buzz. At this moment, his mind even appeared to be blank for a

moment, because he never dreamed that these three young children would actually have such an imposing aura when they threatened people. Could this be the inheritance of the strong bloodline?

For a time, the Yang family patriarch's face was a little pale. After regaining consciousness, he suddenly had mixed feelings and his heart was so stifled that he didn't know what to say. He stared sadly at the three for a long time, trying to arouse their pity, but he didn't get the slightest response from them.

After saying those words, the three of them had already thrown the dumbfounded patriarch of the Yang family aside and went to play by themselves.

Looking at the three carefree little kids, even if the patriarch of the Yang family wanted to please them, he couldn't say anything. At the same time, he couldn't help but feel a little ashamed. He couldn't help but like these three cute little kids, how could Bing 'er have such a vicious thought?

When he thought of this, he could not stay any longer.

He knew very well that if the three babies didn't like him so much, the other two probably wouldn't want to see him at all.

After a short pause, patriarch yang left the villa.

After returning to the Yang family's main courtyard, he personally went to see the great ancestor and explained his thoughts. He expressed that he was willing to hand Yang Bing over as long as the other party could calm down. He also requested to resign from his position as the Yang family's patriarch and only wanted to be an ordinary Yang family member.

Through the conversation with the children, he also understood that the other party was indeed not someone the Yang family could afford to offend. Now that such a thing had happened, he could not act on his own accord. As such, the position of the Yang family patriarch would be lost sooner or later. In this

way, it was better for him to take the initiative to give up the position of patriarch. At least, it would allow the elders in the family to let go of his bloodline.

The patriarch of the Yang family was very satisfied with the patriarch's plan to retreat in order to advance. In fact, this was also his idea before, but he had never really put it into action. Now that Yang Xiong had taken the initiative to propose it, he would naturally go with the flow and agree. This way, he could save Yang Xiong some face.

But if Yang Xiong's face was saved, what about his? As long as he thought of the couple he couldn't afford to offend, his little heart couldn't help but tremble.

After calming down, the old ancestor of the Yang family gathered the elders and brought the culprits, Yang Bing and Yang Xiong, to the villa where Leng ruoxue and the others were staying.

This time, he was truly asking for forgiveness.

The Yang family's old ancestor really hoped that this matter could be resolved immediately, otherwise, he would be worried all day and would not be able to sleep well at night.

After bringing the group of people to the villa, the Yang family's ancestor sent yang Shan, who had a good relationship with Leng ruoxue and the others, out first. Helpless, yang Shan could only brace himself and look for Ji Kai, hoping that he could put in a few good words for them. At the very least, he had to let the Yang family meet Leng ruoxue and her husband!

Ji Kai already knew the other party's intention, but he did not show it. Instead, he pretended to be in a dilemma. Seeing this, yang Shan's heart could not help but sink.

Did this mean ... She didn't want to see him?

After a long time, Ji Kai patted Yang Shan's shoulder, sighed helplessly, and said, "I understand what you're thinking, but master and Madam said that they don't want to see the Yang family. I can't do anything about it. I'm just a Butler."

"Just one meeting is enough, old forefather has brought the Yang family to ask for forgiveness." Yang Shan said honestly.

"What do you mean? Did someone from the Yang family offend my master and Madam?" Hearing this, Ji Kai's eyes widened in disbelief, as if he didn't know what had happened.

Yang Shan was a little depressed after hearing his words. Now, he didn't understand what Ji Kai was talking about. He didn't believe that Ji Kai didn't know anything about this matter. He clearly didn't want to help!

Wuwuwuwu ... Ji Kai had learned the wrong thing!

Yang Shan looked at Ji Kai with sad eyes. His eyes were full of sadness, which gave Ji Kai goosebumps. Ji Kai shivered and said helplessly, "okay, don't look at me like that. I'll tell you first that I can only help you pass the message. As for whether master and Madam will see you or not, I can't guarantee it."

"Thank you," he said. Yang Shan was very touched. Now, the three little babies were ignoring him. Fortunately, Ji Kai did not dislike him.

Ji Kai turned around and left, not appearing for a long time. The Yang family waited until the flowers were about to wither before he returned.

Looking at the Yang family's expectant eyes, Ji Kai sympathized with them. Of all people to provoke, they had to provoke master and Madam. They even dared to have ideas about master. They really didn't know how to write the word "death."

Thinking of this, he couldn't help but glance at Yang Bing, who was gloomily following the Yang family's old ancestor. At this time, Yang Bing didn't realize the danger at all, and instead still had an arrogant and impertinent look on her face. When she saw Ji Kai looking at her, she even gave him a disdainful look.

Ji Kai felt depressed for his eyes and then said, "Master and Madam have agreed to see you."

When the Yang family heard this, they were instantly overjoyed. Yang Bing, who still didn't know the truth, was even more elated. However, she didn't like hearing Ji Kai call the other party Madam. Madam, he should be calling her, a direct descendant of the Yang family.

At this moment, the Yang family members beside Yang Bing were all immersed in the joy of the other party being willing to see them, so they didn't notice Yang Bing's dissatisfied and jealous expression at all. However, Ji Kai saw it clearly, and he despised Yang Bing.

How dare such a trash have designs on master? He felt that his master was unworthy.

Ji Kai's expression was calm even though he was thinking this. After leading the Yang family to the living room, he left. However, he didn't go far. Instead, he stayed outside and eavesdropped.

Without Ji Kai as the mediator, there were only Leng ruoxue, the demon, and the Yang family members left in the living room. The couple exuded an air of authority without being angry, their entire bodies exuding a strong aura of a superior, scaring the Yang family so much that they didn't even dare to breathe. Only Yang Bing was looking at the evildoer with a dazed expression, that shy and timid little appearance was as shy as one could get.

The evildoer, who was sitting on a chair with his wife expressionlessly, felt Yang Bing's fiery gaze, and his heart was instantly filled with rage. It was this hateful woman who caused his wife and children to be so rude to him, right?

Although the evildoer felt that he was innocent, it was definitely his fault for making his wife angry, and the main culprit, Yang Bing, naturally became a thorn in his side.

After snorting coldly, the evildoer's cold voice sounded, ""The Yang family has gathered so many people here. Are they here to ask for accommodation fees or to force a marriage?"

"..." No one in the Yang family thought that the evildoer's opening remarks would be like this. They suddenly felt cold sweat. They were not here to ask for accommodation fees, and they were not here to force a marriage. Even if they were given a thousand guts, they would not dare to!

SUPREME CRAZY WIFE

Chapter 3130 Side Story, Wifey, Please Take Me With You (2)

However, when Leng ruoxue heard the demon's words, she couldn't help but laugh in her heart. However, she didn't show it on her face. Instead, she maintained a dejected expression as if she was about to be dismissed.

Seeing Leng ruoxue's expression, Yang Bing was instantly pleased with himself. He raised his chin and looked at Leng ruoxue provocatively before saying, ""How could we, the Yang family, charge you for your accommodation? you should know that we're going to be a family soon. But this woman can't stay here any longer!"

The woman that Yang Bing was referring to was naturally Leng ruoxue. Everyone present knew that. Hence, when the Yang family members heard this, they were so frightened that their faces turned pale. They shot daggers at her mercilessly. This woman who could not accomplish anything but was good at causing trouble!

A scourge! What a scourge!

The Yang family's old ancestor trembled in anger at Yang Bing's words. However, before he could lecture Yang Bing, he heard Leng ruoxue chuckling, "I see! Then I'll make room for you. "

With that, Leng ruoxue really stood up and prepared to leave.

"Honey!" The demon quickly followed.

However, Leng ruoxue turned around and looked at the demon expressionlessly, "Hubby, let's get a divorce. You can stay here and be a live-in son-in-law!"

"..." The demon was dumbfounded. That wasn't what they said before. My wife changed the script on her own, no way! This was absolutely not allowed!

The demon was very depressed. The two of them had originally discussed to teach the Yang family a lesson and make them tremble in fear. But now it seemed that he was the one who had been taught a lesson.

At the thought of this, the demon turned to the Yang family with his fire-breathing eyes and roared, "So you're here to force me into a marriage?"

"No, no!" The old ancestor of the Yang family felt that his heart was about to stop from fear. He wanted to explain, but the demon refused to give him the chance, pointing at Yang Bing and roaring, "Then why did you bring her here? Are you trying to make my wife run away so that you can make room for her?"

"I'm innocent, Sir. We've brought her here to ask for forgiveness!" The old ancestor of the Yang family wanted to cry but had no tears.

"Apologize? How come I didn't see it?" The demon narrowed his dark eyes and said indifferently.

"My Lord, we really brought her here to ask for forgiveness. The Yang family has not taught their daughter well, and has raised such a thing to cause trouble for the two of you. Our Yang family is willing to hand Yang Bing over to the two of you to deal with. We hope that the two of you will let the other members of the Yang family off on account of the Yang family's great respect for the two of you." The Yang family's old ancestor heard the demon's words and quickly said.

"It's too late. Even if you're willing to let us deal with this woman, it won't be enough to dispel the hatred in my heart! Your Yang family, just wait to be exterminated!" The demon said coldly.

When the Yang family ancestor heard this, he couldn't help but turn ashen.

The dignity of the strong must not be violated!

At this time, Yang Bing also felt that something was wrong, and pulled on the sleeve of the Yang family's old ancestor, asking, "Old ancestor, what are you saying? What do you mean? Who do you want them to deal with?"

"Pa!" With a crisp sound, the Yang family's old ancestor slapped Yang Bing's face. Immediately, half of Yang Bing's beautiful face swelled up. She looked at her own old ancestor in disbelief, and then heard the old ancestor say, "Unfilial daughter, you've caused the Yang family to suffer!"

"I ... How did I harm the Yang family?" Yang Bing did not understand what was going on at all, and the other side of her face was slapped again. Instantly, her face swelled up like a pig's head.

This time, Yang Xiong was the one who hit her.

Yang Bing, who was in extreme pain, looked at his grandfather with tears in his eyes, the expression on his face even more shocked than before. It was fine if the old Grand Madame hit her, but why did her grandfather, who loved her the most, also hit her? She felt wronged.

Yang Xiong, on the other hand, was extremely regretful!

If he had not indulged Yang Bing from a young age, pampering her to the point where she was unruly, how could Yang Bing have brought such trouble to the Yang family? at this moment, he was filled with regret.

The demon and Leng ruoxue, who were at the side, watched coldly as the Yang family dealt with Yang Bing. When they felt that the Yang family's show was over, the demon spoke, "Do the Yang family's daughters hate to marry?"

Eh? Hearing the demon's sudden question, the Yang family elder couldn't help but be stunned. Before he could understand the meaning of the other party's words, he saw the demon raise his hand slightly and a dark space passage instantly appeared in front of the Yang family.

Especially Yang Bing, when she saw this black hole that had suddenly appeared, she was so scared that her little face that was as swollen as a pig's head turned pale. Not only that, the waves of cold and inexplicable pressure emitted by this unknown passage also made her extremely uncomfortable. And how exactly did this passage appear?

Other than Yang Bing, everyone from the Yang family present had heard their great ancestor mention the mystical abilities of these two lords before them. Now that they were seeing it with their own eyes, it was even more shocking and terrifying than what they had heard ...

At the same time, while the Yang family members were still in a daze, a slender leg stepped out of the space tunnel. Immediately after, an extremely handsome Man in Black walked out.

After seeing Leng ruoxue and the demon, the man bowed respectfully, "This subordinate greets master and nether Empress!"

"Please call me Divine Master. I'm going to divorce your master!" Leng ruoxue reminded him after hearing the man's words.

The man was instantly confused. What was going on? The nether Empress was going to abandon her Lord? Oh my God! If that happened, his Lord would go crazy, and the nine nether nether prison would be in chaos!

"Honey, how can you abandon me? This is clearly none of my business. " The evil demon felt very aggrieved when he heard this. He expressed that he was very helpless about his wife changing the script, but he also knew that his wife would not really abandon him!

After all, where else could she find such an obedient and well-behaved husband like him? He took it that his wife was flirting with him in a different way. However, the man's heart trembled as he listened to their unconventional flirting. Although he knew that his Lord would never allow the nether Empress to abandon him, even if it was just a joke, it was still terrifying enough!

Who was it? Who had angered his Lord and the nether Empress?

As his Lord's number one guard, the man expressed his anger. If the nether Queen was unhappy, it meant that his Lord was about to fly into a rage. Once his Lord flew into a rage, the innocent people would be the ones in trouble. Therefore, he could not let this happen.

Thinking of this, the handsome man's gaze could not help but drift to the Yang family members present. At this moment, the Yang family members had long

been confused by the words "Lord" and "netherworld Empress" from the black-robed man's mouth. Why did this title sound so familiar?

It couldn't be what they were thinking, right? Everyone from the Yang family was secretly shocked. At this time, they clearly felt an unfriendly and probing gaze sweeping over them like an X-ray. This not-so-friendly gaze immediately made their nerves tense.

Looking at the obviously scared Yang family people, the man suddenly understood. Then, he saw a pig's face. Even though he couldn't see what it originally looked like, the eyes were still glued to his Lord.

The man was even more clear.

The man went to Leng ruoxue's side and smiled, "'Dark Empress, is it this woman? I'll kill her!"

"Please call me Divine Master!" Leng ruoxue glared at the man with her beautiful eyes as she continued to remind him.

The man was helpless. His little heart was trembling! And he couldn't help but cry out in his heart. Let's not play this game anymore, okay? If he really calls you master God, his Lord will definitely find him to settle the score!

Leng ruoxue ignored the man's pleas and pointed at Yang Bing, "'It's this woman. She wants to marry your Lord and asked me to make room for her. By the way, I also want to take the three children with me so that they won't be abused by her."

"Honey, please take me with you!" After hearing Leng ruoxue's words, the demon thickened his skin and tried to please her.

"Yes, yes, take the Lord with you!" When the man heard this, he hurriedly agreed. He could not help but wipe the cold sweat on his forehead. He was secretly regretting it. If he had known that he would encounter his Lord and

the netherworld Empress's divorce when he was summoned, he would not have rushed over eagerly. However, it seemed like it was too late to regret now.

The man really wanted to cry. Master, netherworld Empress, you husband and wife are quarreling, but don't drag an innocent man like him into it!

"Why bring him along?" Leng ruoxue said unhappily.

"That ... Master is very powerful. He's proficient in washing clothes, cooking rice, and warming the bed. He's also warm in the winter and cool in the summer, so he's definitely useful! He's also a standard tall, rich, and handsome man, so you definitely won't lose anything by taking him away. "

The man thought for a while before he stammered. He was afraid that his Lord would be angry if he said this!

However, to the man's surprise, the demon seemed to agree with the man's words. Not only did he not fly into a rage, but he even gave him a look that said he was worthy of being taught. The man was instantly excited.

My Lord, you've fallen!

He didn't expect his Lord to have such a low status in front of the nether Empress. How were they going to live their days in the future? Wouldn't he be bullied to death by those people from the divine realm?

Even though the man was thinking a lot, he didn't dare to show it. He turned to Leng ruoxue and smiled, ""Dark Empress, I'll help you deal with this woman. She's just an ordinary human, and she can be exterminated in minutes. Why should we be angry with her? It's not worth it, don't you think? Moreover, I can guarantee with my head that the Lord will not dare to betray you, so please don't be angry with the Lord, I beg you!"

"Yes, quickly take this woman away, but don't kill her yet. Doesn't she need men? Find her a few more!" The demon ordered.

"Leave it to me, I promise I'll handle it properly!" The man promised, then stretched out his hand, and Yang Bing was caught in his hand.

Yang Bing struggled non-stop after being grabbed by the man, his mouth still shouting, "Let me go, let me go!"

The man was a little impatient, knocking Yang Bing unconscious with a punch.

The Yang family members were dumbfounded by this scene.

Although Yang Bing's outcome would definitely not be good, this man in front of him really did not know how to be tender towards women, right?

In fact, the depressed man wished he could break the Jade, so how could he still pity her?

After that, the man who was holding onto Yang Bing quickly left through the space tunnel.

In just a short while, other than Leng ruoxue and the demon, there were only the Yang family members who were waiting for the verdict ...
