

## Crazy Wife 411

### Chapter 411: Luring the Dog Into the House (2)

Wu Gong and the others were at a loss for words when they saw Leng Ruoxue and the others taking inventory seriously. The corners of their mouths twitched non-stop as they cursed in their heads. *?Damn, do they have to be so embarrassing? Where did these bumpkins come from? They're already mystics. Don't they know they can examine the contents with their divine sense? Was there a need to pour them all out?*

An hour later...

Leng Ruoxue and the others finally counted everything.

"Vice President, nothing is missing!" Leng Ruoxue praised and stored the things on the ground back into the ring.

"Have you checked everything?" Wu Gong's mouth twitched. *?Damn it, of course nothing is missing!*

"Yes, Grandpa, Freak, let's go!" Leng Ruoxue answered and turned to Leng Qingtian and Freak.

"Okay." The two nodded.

The three of them walked down the arena tacitly.

"Wait," Wu Gong called out to the three of them. He was furious, but things weren't over yet. How could he let them leave just like that?

"Vice President, haven't you given us the rewards?" Leng Ruoxue turned around and reminded him.

"There are other rewards," Wu Gong said.

"We aren't interested in anything except money and material things," Leng Ruoxue replied lightly.

"Are you not interested in being my disciple?" Wu Gong asked with a friendly smile. *?Hmph! I don't believe they won't be tempted. Many people want to be my disciple!*

"Your disciple? Doesn't that mean we'll be the same as President Zhou?" Leng Ruoxue said with a face full of surprise.

"Yes! If you become my disciple, Zhou Kun will be your senior brother," Wu Gong said confidently. *?Hmph! I knew this ugly woman would be moved. Seems being my disciple is quite attractive!?* He was so pleased!

"Be Zhou Kun's junior sister?" Leng Ruoxue frowned as if she was thinking.

"Yes! Your senior brother is very popular with women," Wu Gong coaxed. Leng Ruoxue looked like she was most likely charmed by his disciple. *?Haha, this is great.* He believed his goal would be easily achieved.

"But I don't want to have the same master as him! Zhou Kun is really too annoying, and anyone willing to take him in as a disciple is most likely not much better, so let's forget it!" Leng Ruoxue said as if she had made a major decision.

“What did you say?” Wu Gong widened his eyes and looked at Leng Ruoxue in disbelief.

The people behind Wu Gong were also in disbelief. Their hearts were in their throats, and cold sweat dripped down their bodies. Boohoo... They would definitely be implicated by Leng Ruoxue. The president loved to vent his anger. Now, they saw the president lose face. When this was over, they were doomed. They were dead meat!

“I said, I refuse to become Zhou Kun’s junior sister. I can’t afford to lose face,” Leng Ruoxue said clearly and understandingly.

“Say it again!” Wu Gong said, his face as colorful as a color palette.

“Aren’t you still young? Why aren’t your ears working well?” Leng Ruoxue asked in puzzlement.

“You... Leng Ruoxue! I’m asking you to say it again!” Wu Gong roared without caring about his image.

“Alright! Seeing that you’re old, I’ll say it again! You have to listen carefully. This is the last time!” Leng Ruoxue reminded.

“Tell me!” Wu Gong roared, his face red!

“I said, I refuse to become Zhou Kun’s junior sister, and anyone willing to take him in as a disciple is most likely not much better!” Leng Ruoxue said with a light smile. Anyway, she had offended many people recently. As the saying went, there was no need to worry about debts when there were too many, so she didn’t care if she offended this centipede[1]. Moreover, this centipede probably didn’t have any good intentions by taking her in as his disciple!

“You... Leng Ruoxue! Don’t regret it!” Wu Gong roared in exasperation. *?Damn it. She’s was too hateful!*

“I’ll only regret it if I become your disciple!” Leng Ruoxue said disdainfully.

“Grandpa, Freak, let’s go.” Leng Ruoxue turned to the two of them.

Ignoring Wu Gong’s anger, Leng Qingtian and Freak nodded, and the three swaggered off the arena.

Old Man and the others were already waiting at the entrance of the passageway.

“Haha, Lass! You’re still the best. That centipede was almost angered to death,” Old Zao said with a laugh.

“Alas! Little Snowy, you’ve completely offended Wu Gong this time. You have to be careful from now on,” Lan Ming said worriedly and sighed heavily. Wu Gong was notorious for being petty, so that old thing would definitely find an opportunity to take revenge on Leng Ruoxue and the others.

“With his relationship with the Sun family, we can’t get along peacefully with each other anyway. Moreover, he has been scheming against us for a long time, so I only collected some interest today,” Leng Ruoxue said nonchalantly. Although the Sun family was currently an unshakeable colossus to her, there were examples of ants biting an elephant to death, so there was nothing to be afraid of.

“Little Snowy, let’s leave this place! I smell a stinky smell.” Icy, who was lying on Leng Ruoxue’s shoulder, wrinkled his little nose in displeasure.

“Okay!” Everyone nodded, and the group left the competition venue and returned to their residence.

Not long after they returned to their residence, some people came to visit.

The people who came to visit entered the house openly in the name of sending an invitation.

“Wow, you are my idol.” In the living room, Lan Lie’s eyes lit up as he looked at Icy, who was napping on Leng Ruoxue’s shoulder, his expression full of excitement.

Icy rolled his eyes and said cockily, “Don’t worship me. I’m a legend!”

“Legend? That’s even more cause to idolize you!” Lan Lie said excitedly. This puppy was really too mighty and extraordinary! He liked him so much!

When Leng Ruoxue heard the conversation between the human and beast, two drops of cold sweat dripped down her forehead. *Is this person really the future patriarch of the Lan family? Will the Lan family be at ease handing the family over to him?*

“Ahem!” Lan Ming couldn’t help coughing twice to remind his nephew not to be too embarrassing.

[1] Sounds similar to ‘Wu Gong’ in Chinese.

### **Chapter 412: Luring the Dog Into the House (3)**

“Erm... your name is Little Icy, right? You can call me Little Lie Lie,” Lan Lie said warmly.

“Oh!” Icy answered indifferently and ignored him.

“Oh! Little Icy, do you hate me?” Lan Lie said sadly. This little beast obviously ignored him.

“I want to sleep. Go play somewhere else!” Icy couldn’t take it anymore. He glanced at Lan Ming, his blue eyes saying, ‘Is this person really your relative?’

“Uh! Lie’er, Little Icy doesn’t like to be disturbed while sleeping,” Lan Ming reminded kindly.

“Oh! Little Icy, you continue your sleep. I won’t talk anymore,” Lan Lie said understandingly. He stopped talking, but he stared at Icy intently.

A moment later.

Icy opened his eyes, his blue eyes full of displeasure! “Little Lie Lie, don’t stare at me. I will be shy.”

“Uh!” Lan Lie didn’t expect Icy to be a shy puppy. He liked him even more now.

“Hehe! Little Icy is so cute!” Lan Lie’s eyes shone with sincerity.

“Little Lie Lie, I’m going to bite you if you keep looking at me!” Icy couldn’t take it anymore and threatened.

“Little Icy, cute beasts can’t threaten others,” Lan Lie said aggrievedly. *Boohoo...*? He just looked at him a few more times because he liked him too much! Why did he threaten him?

“I like to threaten others,” Icy said nonchalantly.

“Little Icy, sleep obediently. As for you, we’ve already received the invitation. Thank you! If there’s nothing else, you can go back first,” Leng Ruoxue said bluntly.

Hearing what Leng Ruoxue said, Icy closed his eyes obediently. Lan Lie was stunned. After returning to his senses, he blinked his eyes hard in disbelief. *Did I hear it wrong?*

*Uh! They’re already chasing us away? This woman is too realistic!?* Leng Wudi and Sun Teng, who were also sitting in the living room, couldn’t help grumbling.

At this moment, there was another knock on the door outside the courtyard.

Lan Ming stood up conscientiously and went to open the door.

Soon, he returned with a dark face.

“What’s the matter?” Leng Ruoxue asked curiously after seeing Lan Ming’s ugly expression.

“The headquarters just informed us to move out immediately,” Lan Ming said.

“Oh! Then let’s move!” Leng Ruoxue said calmly.

“Little Snowy, if we leave this place, some people will have the chance to play dirty,” Lan Ming said worriedly. Although private fights were not allowed in Carefree City, it would be a different story if the headquarters deliberately shielded them!

“Little Lan Lan, we can’t stay in the headquarters forever. Some people will also be anxious over time. At that time, they will always turn a blind eye. We can’t do anything to them either,” Leng Ruoxue said.

“Xue’er is right. We can do whatever we want outside,” Leng Qingtian said. He had always agreed with his granddaughter’s opinion.

“Alas! Alright then! Let’s find an inn to stay at first!”

“Why are you looking for an inn! Move to our Lan family’s estate in this city!” Lan Lie said warmly. Hehe, this way, he could have the most intimate contact with Little Icy. His idea was really too good. He was so proud!

“This isn’t too convenient!” Leng Ruoxue declined tactfully. Lan Lie’s thoughts were written all over his face. But she was really afraid that Icy would be harassed. After all, Icy’s temper wasn’t very good. She really didn’t know what Icy would do if he was provoked.

“Uh! It’s indeed inconvenient,” Lan Ming said helplessly. The puppy’s temper was terrible.

“Uncle, what’s so inconvenient? I’m the only one staying in the estate now. I don’t believe that the Sun family will dare to come to our Lan family estate to kill you,” Lan Lie said indignantly.

“Little Snowy, let’s go live with Little Lie Lie!” said Icy, who kept his eyes closed.

“Alright then!” Leng Ruoxue said. She was even less afraid since Little Icy wasn’t afraid of being harassed.

“Hehe, then come with me quickly!” Lan Lie said happily. Then he stood up and prepared to lead the way.

Leng Ruoxue and the others tidied up simply and then moved in with Lan Lie. The Lan family estate was on the other side of Carefree City.

The Lan family estate was located at the southernmost part of Carefree City and occupied a very large area. The estate was surrounded by mountains and rivers, and the air was fresh.

The estate was also shaded by trees and blooming with thousands of flowers. The exquisite pavilions and buildings were so beautiful that they made people sigh. There were rock mountains, and a clear river flowed through the entire estate. Silver-white fish swam freely in the river, appearing very carefree.

Leng Ruoxue and the others were arranged to stay in Ning Xi Garden.

Ning Xi Garden was said to be the best garden in the Lan family estate. The decorations and furnishings inside were luxurious.

In Leng Ruoxue's room...

"Miss Leng, are you satisfied with this place?" the steward of the estate said with a face full of pride. This Ning Xi Garden was the best residence in the entire estate other than the main residence. In the past, only their Lan family's fifth young lady, Lan Ning'er, had the chance to stay here. He didn't expect the young master to arrange for them to stay here today. Who were they? The steward was very curious.

"Very satisfied," Leng Ruoxue said lightly. The residence was beautiful, and the furnishings in the room were very exquisite. It was obvious that the owner cared a lot about this residence. But to her, it was fine as long as she lived comfortably. She didn't care about anything else, but seeing the steward's proud face and eager gaze, she could only say that she was satisfied.

"That's good. Miss Leng, have a good rest. I won't disturb you any further." The steward left after speaking.

"Xue'er, this place isn't much!" Freak murmured with some dissatisfaction after the steward left. The smell of incense in the room was too pungent, and he didn't like it at all.

"Make do with staying for a few days! We'll leave in a few days," Leng Ruoxue comforted. She had already discussed with Lan Ming and planned to set off for Blue Cloud City in three days.

#### **Chapter 413: Luring the Dog Into the House (4)**

"Xue'er, let's sleep in the space tonight!" Freak said.

"Okay." Leng Ruoxue nodded.

"I'll go too," Icy looked up and said hurriedly, as if he was afraid of being left behind.

"Little Icy, I thought you were asleep!" Leng Ruoxue said with some amusement. Haha, Icy was harassed by Lan Lie on the way to the Lan family estate!

"I pretended to be asleep. That kid from the Lan family is really too clingy. I can't take it anymore," Icy couldn't help complaining.

“Haha, then why did you agree to stay here?” This was something Leng Ruoxue didn’t understand. Why did Icy agree? It was too strange.

“For the silver snow fish, of course.” Icy swallowed his saliva. *Alas! What a delicious fish!* He couldn’t help feeling excited just thinking about it!

“Silver snow fish?” Leng Ruoxue looked at Icy doubtfully.

“Did you see the river in the estate? The fish in there is the silver snow fish I mentioned,” Icy explained.

“Is that fish delicious?” Leng Ruoxue asked curiously.

“Delicious. Not only is it delicious, but it can also be used in medicine! In short, it’s incomparably precious,” Icy said, so hungry that his saliva was about to drip down.

“Xue’er, the silver snow fish is the main ingredient in refining the silver snow pill. The silver snow pill is a heaven-grade pill that can help Great Mystics breakthrough to Mystic Monarch! But the success rate of silver snow pills is very low, so they can absolutely be considered priceless medicinal pills. I think that boy from the Lan family took a silver snow pill. Otherwise, it would be impossible for him to advance to Mystic Monarch so quickly,” Empty said via voice transmission. Lan Lie’s aptitude was good, but that fellow was too lazy and not very concerned about cultivation. This was known by everyone on the Boundless Heaven Continent.

“Yeah. Little Snowy, let’s steal all these silver snow fish! If you raise them in your space, the quality of these silver snow fish will definitely be better.” Icy’s face was full of desire as his big ice blue eyes looked at Leng Ruoxue eagerly.

“Uh! Erm...” Leng Ruoxue began to sweat profusely. Icy’s idea was really... Alas! She really wanted to know if Lan Lie would cry to death if he knew that he was the one who lured the ‘dog’ into the house!

“Little Snowy, is it okay?” Icy asked cutely, blinking his big eyes.

“Alright! But for Lan Ming’s sake, we can’t steal all of them,” Leng Ruoxue said helplessly. In fact, she was quite interested in the silver snow pill.

“Yes. Just leave two for them,” Icy said generously, his fluffy little face full of pride.

“...” Leng Ruoxue was speechless. *Little Icy, you are really ruthless.* When she came, she saw at least a few thousand fish in the river. She didn’t know how long the Lan family had been raising them. Great, now Little Icy had his eyes on them and even wanted to wipe them all out at once. Alas!

“Little Snowy, I’m not doing it for me. You also need silver snow pills!” Icy said aggrievedly while looking at Leng Ruoxue’s expression with tears shining in his beautiful blue eyes!

“Uh! I didn’t say anything! Let’s go steal fish tonight!” Two drops of cold sweat rolled down Leng Ruoxue’s forehead, and she hurriedly changed the topic. *Boohoo... Can these beasts not be so smart!*

“Okay.” Icy immediately wiped his tears away and answered happily when he heard that they were going to steal the fish at night.

“Little Icy, how did you know that the Lan family has silver snow fish?” Leng Ruoxue asked curiously.

Icy shook his little head and explained, "This isn't a secret on the Boundless Heaven Continent! But silver snow fish are very difficult to raise. Currently, no one has raised them in the entire continent except for the Lan family. Moreover, silver snow fish love the cold the most. Therefore, the colder the water used to raise them, the better. There happens to be a natural cold pool below this Lan family estate, so the silver snow fish can survive."

"Uh, wouldn't there be a lot of people who want to steal fish?" Leng Ruoxue guessed. With the value of the silver snow fish, wouldn't this fish be thought of all day long?

"There are definitely many people who want to steal them, but they have to have the guts to steal them! Moreover, silver snow fish themselves aren't so easy to steal. Uh! You'll know tonight." Icy kept her guessing.

"Oh!" Leng Ruoxue answered softly. She was really curious after hearing Icy's words.

Time passed slowly.

In the dead of night, Leng Ruoxue summoned Rise and got him to cast an invisibility spell on her, Freak, and Icy before sneaking to the river in the yard...

"So cold!" Leng Ruoxue felt the temperature drop significantly when she stood by the river, and she instantly understood what Icy meant earlier.

"Little Snowy, quickly store the fish away!" Icy said anxiously. Hehe, it wouldn't be so easy to steal silver snow fish because of the cold!

"Okay!" With a thought, Leng Ruoxue put a third of the fish in the river into the bracelet.

Suddenly, Icy pinched his throat and shouted, "Help! There are assassins!"

When Leng Ruoxue heard Icy's cry, two drops of cold sweat dripped down her forehead. She looked at Icy in surprise, "Little Icy, what are you shouting for?"

"Hehe, Little Snowy, there will be a good show to watch!" Icy smiled mysteriously and kept silent.

"Little Icy, you've learned bad things!" Leng Ruoxue teased. Little Icy actually liked to keep her in suspense. But she knew very well that Little Icy had most likely discovered something, even though he refused to say it.

Just as Leng Ruoxue thought, several figures quickly emerged from the other residences of the Lan family state after Little Icy finished shouting. Moreover, the sound of fighting sounded soon after...

"Little Snowy, let's go somewhere else to steal some more," Icy suggested after seeing that most of the fish in this section of the river had been stolen.

"Little Icy! Isn't this enough?" Leng Ruoxue said speechlessly. Was Little Icy really planning to wipe out all these silver snow fish? Would the Lan family cry to death then?

"Little Snowy, silver snow fish breed quickly, so don't worry. There will be many more in this Lan family estate soon," Icy said nonchalantly.

Leng Ruoxue wiped the cold sweat off her forehead and said hesitantly, "But it probably wasn't easy to raise them to become so big!"

#### **Chapter 414: Framing (1)**

**Translator:** Atlas Studios **Editor:** Atlas Studios

"Little Snowy, you have to believe me. Moreover, these fish are already mature. Even if we don't eat them now, they will be eaten by the Lan family," Icy said understandingly. The silver snow fish could be used to concoct pills, but it would be best if the fish used to concoct the silver snow pills were not fully mature. This way, the effects of the concocted silver snow pill would be the best, and the mature silver snow fish were the most delicious. Moreover, if these fish weren't eaten for a long time, they would naturally die when the time came, so they must not be wasted.

"The Lan family eats them too?" Leng Ruoxue was puzzled. Weren't silver snow fish very precious?

"Little Snowy, silver snow fish have a growth cycle, and their longest lifespan is only ten years. So it would be a waste not to eat these fish after they mature! Moreover, even though silver snow fish aren't easy to raise, they are very good at producing offspring, so there's no need to worry," Icy explained. *?Alas! Little Snowy is too kind.*

"Oh! Then let's go!" Leng Ruoxue nodded, and they changed places to continue stealing fish.

In another courtyard, two groups of people were fighting, while Leng Ruoxue's group was busy stealing fish and changing several places one after another.

"Little Icy, is this enough?" Leng Ruoxue asked with slightly raised eyebrows. There were only about a hundred fish left in the entire river now. She couldn't bear to steal anymore.

"That's it! Alas! Little Snowy, you're too kind." Icy nodded reluctantly.

"Uh! Let's go see the commotion!" Leng Ruoxue wiped the cold sweat off her forehead. *?Wow! Little Icy actually said I was kind!*

"Okay! Let's cause trouble," Icy said with unconcealed excitement. Causing trouble was his favorite!

Leng Ruoxue nodded speechlessly, and the two humans and two beasts walked toward the fight.

In the main residence, the guards of the Lan family were fighting with several men in black. There were saber flashes and sword shadows all over in the huge courtyard, and colorful mystic power flew everywhere. After arriving, Leng Ruoxue and the others stood to the side and watched the battle. They were invisible anyway, so others couldn't see them.

"Little Snowy, the lowest level of the Lan family's guards is Mystic Monarch!" Icy watched the battle while taking on the task of explaining.

"Yes, as expected of one of the Three Great Families! They have a strong foundation," Leng Ruoxue said while staring at the two parties in the fight.

"Those men in black aren't bad. They are generally Mystic Sovereigns. Little Snowy, guess who sent them?" Icy asked with a naughty smile.

"It's either the Sun family or the Mystic Association Headquarters, right?" Leng Ruoxue guessed.

"Hehe, they are all from the Sun family. Otherwise, why would the guards of the Lan family work so hard!" Icy said with slight pride.

"Okay." Leng Ruoxue nodded. She had also heard that the Lan family and the Sun family had always been at odds. But from the looks of the fighting, it seemed to be even more serious than the rumors!

"Xue'er, are we just going to watch?" Freak suddenly asked, his pitch-black and bright eyes shining with a mischievous light.

Leng Ruoxue looked at Freak and asked with a smile, "What do you want to do?"

"Hehe, look at me." Freak smiled evilly, then changed his voice and shouted at the top of his lungs, "Someone come quickly! The Sun family is here to steal the silver snow fish!"

After hearing the shout, the leader of the men in black, who was fighting with the guards of the Lan family in midair, almost fell down!

"Damn it. Who's setting us up!" The leader of the men in black cursed. They were obviously here to kill Leng Ruoxue and her group, but they were discovered by the Lan family's guards as soon as they arrived. Now, they were even accused of stealing fish. He was so depressed! He hated the people who spoke out twice!

"How dare the Sun family come to our Lan family to steal fish!" the leader of the guards said coldly with disdain.

"We're not here to steal fish," the leader of the men in black tried explaining.

"You're not here to steal fish. Hmph! Then what are you doing here in the middle of the night? Don't tell me you're here for a walk. This isn't your Sun family grounds. You can't behave atrociously here!" The guard leader didn't believe him at all. After all, there was nothing good about the Sun family in his heart!

"Just take it that we're here for a walk," the leader of the men in black said helplessly. Alas! Why was he so miserable? He knew that it wouldn't work no matter what he said. They wouldn't take them seriously.

"Coming to our Lan family's territory for a walk is equivalent to an attack. You will also die," the guard leader said without hesitation.

"Hmph! We're both Mystic Sovereigns. You can't kill me!" the leader of the men in black said with a sneer.

"That might not be the case," the guard leader said confidently. The two of them quickly began fighting again...

Not far away, Leng Ruoxue broke out in a cold sweat after hearing Freak's shout...

"Hehe, Little Chen Chen, you're also naughty!" Icy praised while watching the two parties fighting more and more intensely.

"I think they still aren't satisfied with fighting. Why don't we add fuel to the fire!" Freak suggested.

“Oh?” Icy’s big blue eyes looked at Freak doubtfully.

At this moment, Freak had already taken out the small and exquisite bamboo tube, aimed, and shot at the butt of one of the men in black...

In just a few seconds, the man in black fell to the ground with a plop. The Lan family guard who was fighting him stood rooted to the ground, his face full of question marks!

“Haha, this is fun. Let me play with it!” Icy took the bamboo tube from Freak and held it with one hoof while another hoof kept pressing the small button...

A few minutes later, all the men in black collapsed except for the leader. The guards of the Lan family were all stunned at the same time...

“What happened?” One of the guards squatted down and looked at the dead men in black, his face full of puzzlement.

Now, only the leaders of the two sides were fighting in the spacious yard.. The leader of the men in black didn’t realize that his subordinates had already met their makers.

#### **Chapter 415: Framing (2)**

“Sir Lan, our silver snow fish have been stolen.” The steward, who had gone to check on the silver snow fish, ran to the two of them while panting heavily.

“Hmph! You’re really here to steal fish. How shameless,” the guard leader said angrily.

“I told you we were here for a walk,” the leader of the men in black quibbled while cursing in his mind, *?Damn it! Who’s framing us!*

“Go to hell!” The guard leader roared and used his strongest move. Just as he was about to attack with all his might, he found that his opponent had actually collapsed...

The guard leader was stunned. He retracted his mystic power and looked around in bewilderment. He found that all the men in black had fallen to the ground at some point. Uh! ... When did the Sun family become so weak?

The steward walked to the guard leader and asked curiously, “Sir Lan, has your strength increased again?”

“No, I didn’t kill him,” the guard leader said honestly.

“Uh! But he died in front of you!” the steward said in puzzlement.

The guard leader squatted down and carefully examined the body of the leader of the men in black, only to find that his body had already turned completely black. This was obviously a sign of poison. *?Could these people have come to steal fish with the determination to die? The Sun family is really too vicious!*

“He committed suicide,” the guard leader concluded after checking.

“Hmph! He stole so many of our fish. I wouldn’t have let him go even if he didn’t commit suicide,” the steward roared furiously.

“How many did they steal?” the guard leader couldn’t help asking when he saw the steward’s angry appearance. The silver snow fish couldn’t be stolen just because people wanted to, so it was already good enough that these people could steal a few in his mind.

“There are only slightly more than a hundred left. Boohoo...” The steward wanted to cry but had no tears. His fish! They were gone just like that. *Boohoo...*? The Sun family was really too despicable! He had thought of many ways to raise those fish, and it wasn’t easy to raise them so well, but now...

“Report to the patriarch! Tell him that the Sun family stole our silver snow fish,” the guard leader said decisively.

“Okay,” the steward said through gritted teeth.

After hearing the conversation between the guard leader and the steward, Leng Ruoxue’s group of two humans and two beasts quietly returned to Ning Xi Garden.

After entering the room, Leng Ruoxue, Freak, and the two beasts couldn’t stop laughing.

“Haha, it’s so funny,” Leng Ruoxue said with a light smile.

“Yes! The Sun family will definitely be the scapegoat,” Freak said happily.

“Hehe, it’s all thanks to me!” Icy said cockily, his tail curling up proudly again. If he hadn’t discovered those black-clothed people immediately, how could those fellows have been discovered by the Lan family’s guards as soon as they sneaked into the Lan family estate! Hehe!

“Yes! You’re the smartest.” Leng Ruoxue caressed Icy’s little head and praised him.

“Xue’er, let us out!” Leng Qingtian sent a voice transmission from the bracelet. They knew that Xue’er and the others were going to steal the silver snow fish, so they wanted to broaden their horizons. So they had all entered the space and seen everything that happened outside. Moreover, they had long been rolling on the ground laughing in the space.

“Okay.” Without a thought, Leng Ruoxue moved her grandfather and the others out.

“Haha, Lass, the Sun family really suffered a double loss this time! They suffered such a tremendous loss. I think the Sun family will be so angry that they will vomit blood!” Old Zao chuckled, extremely happy. Hehe, the Sun family was here to kill them, but they didn’t even get to see the people they were going to kill and even became fish thieves instead. Alas! How pitiful!

“Ruoxue, your poison is really powerful! Even Mystic Sovereigns couldn’t resist it,” Feng Jing said with amazement. The effects of the poison earlier really surprised him!

“That’s because we launched a sneak attack. In a real battle, we wouldn’t even be able to touch the corner of a Mystic Sovereign’s clothes with our current strength,” Leng Ruoxue said very sincerely. Her poison was quite powerful, but she had to have a chance to use it! Otherwise, the poison would just be a decoration.

“Hehe, no matter what, your poison boosted our confidence!” Old Zao said excitedly.

“Yeah.” Leng Ruoxue nodded.

“Alright, it’s getting late. Everyone, go back to your rooms and sleep!” Leng Qingtian said. This wasn’t their home after all. There were many experts hiding in the dark in the Lan family!

“Okay, Lass. We’ll go back to our rooms.” Old Zao left Leng Ruoxue’s room with everyone.

“Xue’er, let’s rest too!” Freak said.

“Okay.” With a thought, Leng Ruoxue brought Freak and the two beasts into the bracelet.

After entering the bracelet, they went straight to the pond where the silver snow fish were being raised.

Beside the pond, all the beasts and Empty were gathered, drooling and looking at the silver-white fish swimming happily in the water...

“Don’t tell me you want to eat the fish!” Leng Ruoxue shook her head helplessly.

All the beasts and Empty nodded in unison, their eyes revealing desire as they looked at Leng Ruoxue pitifully.

“Not now!” Leng Ruoxue said without negotiation. She had so many beasts, so how could this small amount of fish be enough! Fortunately, in the space, these fish would grow faster, and their lifespans would increase, so she believed that they would be able to have fresh and delicious silver snow fish to eat soon.

Leng Ruoxue looked at the beasts and Empty and continued to warn them. “Alright, everyone stop looking. I’ve handed these fish to Qing Jue to manage. No one is allowed to eat them secretly, especially Empty.”

“Xue’er, why me in particular?” Empty said defiantly. Everyone had the same thoughts, but why did she only name him?? *Boohoo... Xue’er is too biased!*

“Because it’s you,” Leng Ruoxue said. Then she ignored him and pulled Freak directly toward the purple bamboo house.

“Hehe!” Icy turned his head and covered his mouth to laugh.

### **Chapter 416: Framing (3)**

“Everyone, stop looking. Go to sleep!” Empty said gloomily and walked toward his residence.

The next morning...

After breakfast, Leng Ruoxue and the others were chatting in the garden when Lan Lie brought Leng Wudi over.

“Little Icy, I’m here to see you. I haven’t seen you for a night. I missed you so much,” Lan Lie said mushily.

At the same time, everyone present was so shocked that they broke out in cold sweat. Beside him, Leng Wudi immediately jumped two meters away from him with a very strange expression on his face. His eyes stared at him with slight fear, and the words ‘I don’t know him’ were written on his face.

“Little Icy, I’m talking to you. Why are you ignoring me!” Lan Lie said coquettishly.

Icy shook his head and said very seriously, “Don’t think about me. I’m not interested in males.”

“...” Everyone was speechless...

“Boohoo... Little Icy, you really hurt my heart. I missed you for the entire night and didn’t sleep well. Look, I have dark circles under my eyes,” Lan Lie said pitifully. Tears flashed in his eyes but didn’t fall.

“Go after a female. I’m a male,” Icy said furiously. Damn it. The qilin race didn’t approve of boy love.

“But I only have you in my heart,” Lan Lie said suggestively.

“Little Snowy, I can’t take it anymore,” Icy said pitifully to Leng Ruoxue.

“Uh! There’s no need to hold back anymore.” Leng Ruoxue suppressed her smile.

“Okay!” Icy was angry, especially after seeing everyone turning their heads to snicker. So he opened his mouth and sneezed loudly, blowing Lan Lie out of Ning Xi Garden. Of course, he was lenient compared to how he treated the Sun family.

Everyone watched as Lan Lie flew out of the garden with a whoosh and disappeared. They broke out in cold sweat and thought in unison, *“Fortunately, we aren’t the ones flying out!”* The atmosphere in the garden immediately fell to a minimum, and everyone fell silent!

After a long while...

Lan Lie limped in a very sorry state into Ning Xi Garden with the help of a servant.

“Little Icy, you’re too cruel,” Lan Lie said aggrievedly with tears in his eyes.

Unfortunately, Icy didn’t even raise his eyes and started snoring on Leng Ruoxue’s shoulder.

Seeing Icy ignoring him, Lan Lie turned his head and said to everyone, “You have no sympathy.”

But Leng Ruoxue and the others also turned their heads, and no one bothered with him.

“Uncle, your cute nephew is injured,” Lan Lie called out directly, unwilling to give up.

“Uh! Then quickly return to your room to rest!” Lan Ming braced himself and comforted him helplessly.

Lan Ming’s answer displeased Lan Lie, so he said to Leng Wudi, “Little Di Di, your best friend is injured.”

“If you call me Little Di Di again, I will hurt you even more,” Leng Wudi said indifferently with a cold smile.

“Little Di Di? Haha! That’s a good name!” Old Zao started laughing hysterically after hearing this name.

Leng Wudi threw a sharp glare at him. But not only did it not stop Old Zao from laughing, he even laughed more happily...

Leng Wudi was depressed. These people were mentally abnormal and couldn’t be inferred with common sense! So he didn’t bicker with this old man! *“Hmph!”*

“Little Di Di, can you bear to do it?” At this moment, Lan Lie secretly looked at Leng Wudi and pretended to be pitiful.

“Yes, I can. You can try calling me that again if you don’t believe me,” Leng Wudi said with a spurious smile, his eyes very unfriendly.

“Uh! If you don’t like it, I won’t call you by that name!” Lan Lie admitted defeat. Boohoo... He couldn’t defeat this fellow! Alas! He was in a disadvantaged group!

Leng Wudi nodded, very satisfied with Lan Lie’s tact.

Lan Lie found a seat and asked with concern, “By the way, were you alright yesterday?”

“We’re fine. Thank you for your concern,” Leng Ruoxue said lightly.

“It’s really strange. Those people of Sun family actually committed suicide and stole many of our silver snow fish,” Lan Lie continued, his handsome face full of doubts.

“They committed suicide to avoid punishment! It’s very normal!” Leng Ruoxue said.

“That’s true.” Lan Lie thought about it for a bit and then stopped thinking about it.

“Lan Lie, we will be leaving the day after tomorrow. Thank you for your hospitality,” Leng Ruoxue said politely.

“Okay! I’ll go with you then. I haven’t returned to Blue Cloud City for a long time. I can go home and take a look,” Lan Lie said with a smile.

“Did I hear it wrong? Do you mean that you miss home?” Leng Wudi’s eyes widened in disbelief.

“What do you mean? Can’t I miss home?” Lan Lie shouted.

“It’s unrealistic for you to miss home,” Leng Wudi said matter-of-factly.

He had known Lan Lie since they were young. He knew Lan Lie’s character better than anyone else. This guy had never liked to stay at home since he was a child, and he wanted to run away from home whenever he had the chance. Now, a person who liked to run away from home suddenly said he wanted to go home. Wasn’t this more unbelievable than red rain falling from the sky?

“Young Master!”

Before Lan Lie could argue, the steward suddenly appeared in Ning Xi Garden and whispered something in Lan Lie’s ear.

“What is she doing here? Ask her to stay in Peace Garden,” Lan Lie said impatiently and glared at Leng Wudi. *“This man is really a source of trouble!”*

“Fifth Miss refused,” the steward said helplessly. The Lan family was deeply troubled by their fifth miss’s willfulness, but they were helpless. Alas! The fifth miss was favored!

“She has to agree even if she doesn’t want to. It’s not up to her,” Lan Lie said furiously. *“Hmph!”* He couldn’t do anything to these people, but couldn’t he deal with the Lan family?

"Erm..." The steward was in a dilemma.

"Tell her that she can either go to Peace Garden or scram. Tell her what I said," Lan Lie said angrily.

"Alright then!" The steward braced himself and went to find the fifth miss.

Leng Wudi raised his eyebrows slightly and asked lightly, "What? Is there trouble?"

#### **Chapter 417: Framing (4)**

"Nothing. A fly flew in," Lan Lie said nonchalantly.

"Seventh Brother, how can you let others stay in my residence!" Lan Ning'er's voice sounded as soon as Lan Lie finished speaking. Then a red-dressed girl ran into the yard angrily and stood in front of Lan Lie to question him.

"Miss Lan Ning'er, are you questioning me?" Lan Lie said with a smile that was not a smile. He might seem easygoing in front of Leng Ruoxue and the others, but in front of others, he was the fully deserving and unquestionable young master of the Lan family.

"I... I am Grandpa's most beloved granddaughter. How can you give my residence to others?" Lan Ning'er said very unpleasantly, but her tone subconsciously became much lower. After all, Lan Lie was the young master of the Lan family and the future patriarch. Even if their grandpa doted on her, she would probably suffer if she angered the heir of the Lan family. So she really didn't dare to be too presumptuous in front of Lan Lie.

"Your residence? How is it yours?" Lan Lie said coldly without even looking up.

"Everyone knows that I live in Ning Xi Garden as long as I come here," Lan Ning'er said loudly. She looked at the people in the courtyard from the corner of her eyes. *?Hmph! Apart from Big Brother Leng, all of them are ugly.* It was too infuriating. Lan Lie actually let these ugly people stay in her Ning Xi Garden. She was so angry!

"So what? They are my friends. They can stay wherever I allow them to stay. You have no right to ask," Lan Lie said without giving her face.

"You... Lan Lie, how dare you! I'm Grandpa's most beloved granddaughter! I'm going to tell Grandpa!" Lan Ning'er roared furiously.

"Go ahead! I want to see how Grandpa will react when he finds out that his most beloved granddaughter actually yelled at the heir he chose. Don't think that just because Grandpa dotes on you that you can look down on everyone. Let me tell you. I am the young master of the Lan family. What crime will you be charged with if news of you disrespecting the young master reaches the elders?" Lan Lie said very curiously.

"You... just you wait!" Lan Ning'er glared fiercely at Lan Lie, turned around, and walked away angrily.

"It really was a troublesome fly," Leng Wudi said lightly after Lan Ning'er left.

"You two bad fellows actually call the number one beauty of the Boundless Heaven Continent a fly. If her admirers know, just their saliva will drown you two," Lan Ming couldn't help teasing.

"Who dares!" the two of them said in unison. Then they looked at each other and smiled tacitly. Everything was unspoken.

"Alas! Men are trouble!" Leng Ruoxue looked at Freak and suddenly sighed with emotion.

"Xue'er!" Freak looked at Leng Ruoxue aggrievedly. How could Xue'er say that about him? He was cruel and merciless to all women except Xue'er. Well, he must have been implicated by these fellows. He looked at Lan Ming and the others. These three fellows now had the potential to be the source of trouble.

"Little Snowy!" Lan Ming also looked at Leng Ruoxue aggrievedly, thinking, *?The real trouble is you two! Why are you maligning me!*

"He's the one attracting the flies and mosquitoes. I'm a pure and innocent child." Lan Lie pointed at Leng Wudi and plucked himself clean without any sense of loyalty.

"So Young Master Leng stinks? No wonder you attract flies and mosquitoes," Leng Ruoxue teased with a smile.

"..." Leng Wudi's face darkened, and he was at a loss for words. He really couldn't understand how a handsome and talented man like him became stinky in Leng Ruoxue's eyes. Moreover, it wasn't his fault that he attracted flies and mosquitoes! Boohoo... He was so wronged!

"Yes, he stank a long time ago." Lan Lie added oil to the fire fearlessly.

"Are you courting death!" Leng Wudi's anger rose. He stood up and attacked Lan Lie...

"Ah, Leng Wudi is so angry that he flew into a rage. He's going to kill someone! Help!" Lan Lie dodged Leng Wudi's attack while shouting loudly and began playing hide-and-seek with him!

Just like that, the two of them engaged in a chase and battle in the garden...

Leng Ruoxue and the others looked helplessly at Lan Lie and Leng Wudi chasing and fighting like children. They felt that they should return to their rooms and gave the entire garden to them.

After chasing for a long time, the two of them were tired and lay on the grass. But when they looked up, they found that everyone was gone, and only the two of them were left in the huge garden.

"Uh! When did they leave? Boohoo... My Little Icy!" Lan Lie cried exaggeratedly.

"Don't cry like a woman. That's not your Little Icy," Leng Wudi said honestly. He was really helpless about his good friend's daydreaming.

"Boohoo..." Lan Lie cried even more sadly. *?Damn Little Di Di is rubbing salt on my wounds!*

"Cry slowly! I'm going to my room." Leng Wudi stood up, dusted himself off, and left Ning Xi Garden.

After a while, Lan Lie saw that no one was really paying attention to him. So he stood up, dusted off his clothes, and left.

\*\*\*

Two days passed quickly.

For the past two days, Leng Ruoxue and the others told Lan Ming that they wanted to cultivate and almost didn't leave their rooms. In fact, they did this to avoid conflict with certain Lan family members. Moreover, they had been staying in Leng Ruoxue's bracelet for the past two days.

In Leng Ruoxue's room...

"Haha! Xue'er, we're leaving the Lan family estate today," Leng Qingtian said happily. For the past two days, Lan Ning'er had always been looking for trouble with them. Fortunately, they were in seclusion and didn't see anyone, so Lan Ning'er was stopped by Lan Ming.

"Grandpa, let's pack up and set off!" Leng Ruoxue said. She had already told Lan Ming that she planned to leave early today, so they decided to set off before dawn.

"Lass, we've already packed up. Actually, there's nothing much to pack," Old Zao said. Their things were all in Lass's space, and there was almost nothing outside.

### **Chapter 418: Leaving Without Saying Goodbye (1)**

Leng Ruoxue looked around at everyone and said, "Then let's go!"

"Okay." Everyone nodded and exited the room.

When they arrived at the garden, Lan Ming was already waiting for them.

Lan Ming welcomed Leng Ruoxue and the others. "Shall we go?"

"Okay, let's go!" Leng Ruoxue nodded.

After Leng Ruoxue finished speaking, Lan Ming brought them out of the Lan family estate and headed for Blue Cloud City.

\*\*\*

Half a month later...

Leng Ruoxue and the others arrived at Sheep City.

Sheep City was a medium-sized city on the Boundless Heaven Continent and a must-pass stop on the way to Blue Cloud City. At the same time, it was also one of the Lan family's subordinate cities. So Sheep City could be said to be relatively bustling.

After entering Sheep City, Leng Ruoxue and the others found that the pedestrians on the streets were looking at them with pleasant surprise as if they had seen treasure on the road.

"Little Lan Lan, have you noticed that the gazes of the pedestrians are a little strange?" Leng Ruoxue asked doubtfully.

"Uh! Calm down. I guess they've never seen people as ugly as you," Lan Ming guessed as a drop of cold sweat dripped down his forehead.

"Uh! Possibly." Old Zao nodded in agreement. Although they had taken less traveled roads along the way, none of the people they encountered were too ugly.

“Little Snowy, let’s stay here for the night!” Lan Ming led everyone to the door of an inn.

“We can stay anywhere,” Leng Ruoxue said lightly. What Lan Ming said might be a factor, but she still felt that something was amiss.

Seeing no one having any objections, Lan Ming led them directly into an inn. After booking the rooms, they went to their rooms to rest.

After entering her room, Leng Ruoxue brought Freak directly into the bracelet.

In the bracelet...

“Little Snowy, where are we?” Icy, who had been sleeping in the bracelet after they got on the road, asked curiously.

“We’re at Sheep City,” Leng Ruoxue said.

Icy tilted his little head and thought for a bit. “Oh! At your current speed, it will take at least half a month to reach Blue Cloud City.”

“Yes, there’s no hurry. The medicinal herb exchange meeting will begin in twenty days!” Leng Ruoxue caressed the fur on Bingqi’s head and smiled lightly.

“Little Snowy, I’ll go out when we reach Blue Cloud City,” Icy said. He really didn’t like to travel.

“Okay.” Leng Ruoxue nodded.

Qing Jue appeared in front of Leng Ruoxue. “Big Sister, someone is knocking on the door outside.”

“I’ll go out and take a look.” With a thought, Leng Ruoxue left the bracelet.

After returning to her room, Leng Ruoxue opened the door and found a few uninvited guests standing outside.

“It’s you,” Leng Ruoxue said calmly. She sighed softly in her heart. *Alas! Why did they catch up!*

“What? Don’t you want to see us?” Lan Lie said angrily. These bad people actually left quietly without saying goodbye while he was still sleeping. Boohoo... He was abandoned by Little Icy!

“I don’t want to!” Leng Ruoxue said honestly. She felt a headache looking at the three handsome men with all sorts of characteristics in front of her. It was enough to have Lan Ming as a source of trouble. If there were three more of them, then it would definitely be a disaster.

“...”

Leng Ruoxue’s words made two drops of cold sweat drip down each of their foreheads.

“You’re really honest,” Leng Wudi said gloomily. Alas! After living for more than twenty years, he only knew today that he was actually so unpopular. Boohoo... He, who was so strong-hearted, was also sad!

“Thank you for the compliment,” Leng Ruoxue said with a smile.

“I’m here to challenge your man,” Sun Teng said coolly, implying that he was different from them.

“Challenge? If you have patience, wait for him to advance to Mystic Monarch. He’s not free now,” Leng Ruoxue said coldly. Although Sun Teng was different from those annoying Sun family members, she still didn’t want to have any contact with the Sun family.

“I can control my cultivation level to Elementary Mystic,” Sun Teng said impatiently.

“No, you are a Mystic Monarch after all. What if you can’t afford to lose and use your Mystic Monarch strength to deal with my man?” Leng Ruoxue obviously didn’t believe him.

“Uh! I’m not that shameless, okay?” Sun Teng explained with a black face.

“I’m sorry. I heard that the Sun family’s reputation has always been poor, so I don’t believe you,” Leng Ruoxue said nonchalantly, not taking Sun Teng’s anger seriously at all.

“You...” Sun Teng was so angry that he couldn’t speak.

“Haha!” Lan Lie laughed happily upon seeing Sun Teng deflated. Hehe, Leng Ruoxue was still the best. She could anger someone to death! He was much more balanced now.

“Laugh! Laugh to death!” Sun Teng roared furiously.

“Laugh slowly. Please leave after you’re done laughing. I won’t see you out.” Leng Ruoxue closed the door and locked the three of them outside.

“Uh!” The three of them looked at the closed door and were stunned. Finally, they looked at each other in puzzlement. When did they offend Leng Ruoxue? Why were they so unpopular?

“It must be because of you. The Sun family wanted to kill her, so we were implicated by you.” Lan Lie looked at Sun Teng and pushed the blame onto him.

“What does that have to do with me? The Sun family is the Sun family, and I am me!” Sun Teng was aggrieved. He just wanted to spar with Ye Chen. Why was it so difficult?

“Very possible.” Leng Wudi also looked at Sun Teng thoughtfully, his mind racing.

“Hmph! It might not be me! It might be you! I don’t think Leng Ruoxue gave you any face!” Sun Teng rolled his eyes at Leng Wudi.

“Me? How is that possible! I didn’t offend her.” Leng Wudi didn’t think that they were unwelcome because of him.

Just like this, the three handsome men, who made all the women on the Boundless Heaven Continent crazy, stood at the door of Leng Ruoxue’s room as if no one was around and started blaming each other...

The next morning...

Leng Ruoxue and Freak opened the door of the room and were about to leave when they found that the door was blocked...

“Why are you sleeping here?!” Dumbfounded, Leng Ruoxue kicked the three people blocking her room.

“Ah! Why did we fall asleep?” Lan Lie rubbed his eyes and yawned.

“You’re blocking the way,” Leng Ruoxue said calmly. *Who knew how you fell asleep!*

“Uh! Are we leaving?” Lan Lie hurriedly got up from the ground. He also kicked the other two people a few times while he was at it. He kept muttering in his head, *How can these two people sleep like dead pigs?* He was awake, but these two people were still asleep.

Leng Wudi opened his eyes and asked, “What’s the matter?”

Sun Teng also opened his slightly dazed eyes and asked foolishly, “Eh? Why is the sky bright?”

“It’s already the next day, three young masters,” Leng Ruoxue said helplessly. It seemed like these two people were really muddle-headed from sleeping. Alas! Weren’t they afraid of encountering bad people? They actually slept so soundly.

“Oh, let’s go then!” Leng Wudi finally woke up completely.

Leng Ruoxue looked at Freak helplessly and then pulled Freak straight to the dining hall.

In the dining hall, Leng Qingtian and the others had already ordered breakfast and were sitting in chairs, waiting for them.

“Grandpa.” Leng Ruoxue and Freak found a seat and sat down, their faces still full of helplessness.

“What happened?” Leng Qingtian couldn’t help asking when he saw his granddaughter’s unnatural expression.

“Three uninvited guests.” Leng Ruoxue sighed and explained.

As they spoke, the three entered the dining hall and sat at the table closest to Leng Ruoxue’s group.

“Uncle, you’re too much. How could you abandon me?” Lan Lie complained aggrievedly with tears in his eyes after seeing Lan Ming.

“Didn’t you already find us!” Lan Ming said helplessly.

“Yes. Fortunately, I’m smart and posted your portraits on notice boards for a reward. Otherwise, you would have escaped again,” Lan Lie said proudly.

“No wonder people on the streets looked at us as though they saw money after we entered the city. So it was all your fault!” Leng Ruoxue said in realization.

“Hehe, but you’re really slow. We’ve been here for a few days,” Lan Lie complained. This Sheep City was a necessary stop on the way to Blue Cloud City, so they had decided to wait here.

“We’re not in a hurry. Why would we travel so quickly? Isn’t it better to admire the beautiful scenery of the Boundless Heaven Continent along the way?” Leng Ruoxue said nonchalantly. In fact, they had spent more time walking less traveled roads in the past half a month. But unfortunately, they didn’t encounter a group of bandits again.

"How can the scenery on the road compare to Blue Cloud City! Let's go to Blue Cloud City to enjoy the beautiful scenery quickly!" Lan Lie said anxiously.

"Young Master Lan, you can leave first if you're in a hurry! You don't have to be with us," Leng Ruoxue suggested.

"No hurry. I'm not in a hurry," Lan Lie said quickly. Anyway, he had made up his mind that he would stick to them no matter what Leng Ruoxue said. *Boohoo... Little Icy, I'm suffering so much for you!*

"Then let's go together! But you have to listen to me on the way," Leng Ruoxue said. Since she couldn't shake them off, they should go together, lest they caused any trouble. She didn't want to become famous to the point where everyone knew her.

"Yes, yes." Lan Lie nodded vigorously like a puppy.

After breakfast, everyone was about to set off, but another uninvited guest arrived. It was the fifth daughter of the Lan family, Lan Ning'er.

Leng Ruoxue looked at Lan Ning'er, whom she had only met once. She was dressed in bright red, had beautiful facial features, skin as fair as snow, and a noble temperament that was beyond reach. Apart from her arrogant and overbearing character that was not very likable, this girl was indeed a rare beauty.

At the entrance of the inn, Lan Ning'er ignored everyone and ran straight for Leng Wudi.

"Big Brother Leng, what a coincidence! Are you leaving? Let's go together!" Lan Ning'er said very warmly, the expression on her face of a shy girl in love.

"We're taking our time traveling. As a noble young lady, you're not suitable to travel with us." Leng Wudi frowned and declined politely. He didn't want to bring such a delicate beauty along with him. In his opinion, women were troublesome.

"It's okay. I don't mind. Who asked us to run into each other so coincidentally!" Lan Ning'er said with a sweet smile on her face.

"What a coincidence!" Lan Lie said with a spurious smile. Hmph! Coincidence? Who would believe it? They weren't three-year-old children. Were they so easy to fool?

"Seventh Brother, you're here too!" Lan Ning'er said in surprise, pretending to have just seen Lan Lie.

"I've been here all along. Don't you know?" Lan Lie said angrily.

"Oh! I'm sorry. I didn't see Seventh Brother," Lan Ning'er said guiltily.

"That's my honor," Lan Lie said lightly. Hmph! Who wanted to be seen by her? Whoever caught her eye would be unlucky! And that unlucky person now was obviously Leng Wudi.

"Let's go!" Leng Ruoxue didn't want to see them bicker.

After speaking, everyone left the inn tacitly and walked out of the city. Lan Lie and the other two hurriedly followed the group.

“Don’t tell me you’re so poor that you don’t even have flying beasts? Why are you walking?” Lan Ning’er couldn’t help complaining after walking behind Leng Ruoxue and the others for a while.

“It’s healthier to walk. If you can’t walk anymore, Miss Lan, please go ahead!” Leng Ruoxue said lightly.

“You... Do you know who I am? How dare you talk to me like this?” Lan Ning’er roared furiously.

“Miss Lan, I don’t think we requested for you to travel with us! You can leave first if you can’t take it anymore. But if you insist on following us, you have to listen to me. I’m not interested in who you are,” Leng Ruoxue said rudely. She hated people who bullied others with their power the most.. She would blacklist both men and women who did so, and this young lady from the Lan family had obviously entered her blacklist.

### **Chapter 420: Leaving Without Saying Goodbye (3)**

“You... How dare you treat me like this! Our Lan family won’t let you go!” Lan Ning’er threatened, her beautiful face slightly distorted from anger.

“Are you threatening me?” Leng Ruoxue said with a spurious smile, her watery eyes releasing a fierce and terrifying cold light!

“I... I’m the most favored fifth young lady of the Lan family!” Lan Ning’er stammered, frightened by the coldness in Leng Ruoxue’s eyes.

“So what?” Leng Ruoxue said nonchalantly.

“Watch her. Don’t let her get in my way.” Leng Ruoxue turned her gaze to Lan Lie and warned with slight displeasure.

“Haha! I guarantee you’ll be fine if you dare to teach her a lesson,” Lan Lie gloated.

“Oh! Isn’t she your sister?” Leng Ruoxue was at a loss for words. What kind of brother was this!

“She wasn’t born out of my mother’s womb. I don’t recognize her.” In Lan Lie’s heart, only those of the same father and mother would be recognized by him. The others could only be considered relatives. If the relatives respected him, perhaps he would still give them a good face. But for someone as arrogant as Lan Ning’er, forget it. He really couldn’t afford such a sister.

“Seventh Brother... You!” Lan Ning’er was very aggrieved. She looked at Lan Lie with tears in her beautiful eyes. Then she pounced on Leng Wudi, who was beside Lan Lie, trying to seek comfort...

But Leng Wudi didn’t want this chance to console the beauty at all. He dodged lightly and left this rare opportunity for the cold ground.

“Pfft!” Lan Lie looked at the stunning beauty who fell to the ground and laughed hysterically...

“Big Brother Leng, how could you? Boohoo...” Lan Ning’er didn’t care about being in a sorry state and directly lay on the ground and sobbed...

“Miss, quickly get up! The ground is cold!” The maidservant beside Lan Ning’er stepped forward to help Lan Ning’er up, but Lan Ning’er refused to get up no matter what.

“Young Master Leng, please persuade our young lady! She listens to you the most.” The maidservant had no choice but to seek Leng Wudi’s help with tears in her eyes. Unfortunately, Leng Wudi ignored her and pretended not to hear her.

“Since she likes the ground so much, just stay there. I’ll tell Grandpa later that his most beloved granddaughter has fallen in love with a piece of land. In addition, I’ll also suggest to Grandpa to marry her to this piece of land,” Lan Lie said seriously. Hmph! Did she really think they were idiots to play tricks in front of them? Which one of them hadn’t gone through thousands of tests and difficulties to become young masters? If they were easily fooled by a woman’s little trick, then they wouldn’t have to work as young masters in the future.

“Haha! Little Lie Lie, that’s a good idea!” Old Zao laughed hysterically after hearing what Lan Lie said. *Hehe, this kid from the Lan family is quite interesting and ruthless with his words! I like it.*

“Lan Lie, how dare you!” After hearing Lan Lie’s words, Lan Ning’er couldn’t pretend anymore and hurriedly got up from the ground. It was very embarrassing to fall to the ground, but it was better than letting Lan Lie go back and spout nonsense!

“Why wouldn’t I dare? Little Snowy, you’ve seen it. How can such a woman be qualified to be my sister?” Lan Lie asked nonchalantly.

“Let’s continue!” Leng Ruoxue suppressed her smile and didn’t answer his question. But she felt that this Lan Lie was a little interesting. Uh! Perhaps she didn’t have to be so against him.

“Okay.” Everyone nodded and continued walking forward.

Lan Ning’er called out ‘Big Brother Leng’ several times, but there was no response. She thickened her skin and followed.

“Lass, let’s camp here tonight!” Old Zao suggested after walking for nearly a day.

“Okay.” Leng Ruoxue nodded. Everyone stopped and set up the tents together before preparing dinner.

Lan Ning’er sat down on a rock to rest.

“I want this tent!” After resting enough, Lan Ning’er looked around at each tent and finally chose the one that satisfied her the most. She planned to stay in it tonight.

“I’m sorry, Miss Lan. If you want to stay in a tent, you can set up your own,” Leng Ruoxue said directly without even looking at her.

“What do you mean? You want me to do this kind of rough work myself?” Lan Ning’er roared in disbelief, her beautiful eyes widening.

“Miss Lan, haven’t you heard that only by doing things yourself would you have ample food and clothing? Not only do you have to set up your own tent, but you also have to make your own food,” Leng Ruoxue reminded.

“Y-you... Say it again?” Lan Ning’er shouted, so angry that her face turned a little green. How was this possible? It shouldn’t be like this. This... this was completely different from what she imagined. She originally thought that with her status, these people would definitely treat her as an esteemed guest

and take good care of her, so she had only brought one maidservant with her and sent all the guards away. But she didn't expect to receive such treatment. She was the most favored fifth young lady of the Lan family! How could she be allowed to do crude work by these servants? She couldn't understand no matter what!

"I said you have to do everything yourself. If you can't endure hardship, you can leave early," Leng Ruoxue said coldly.

"You..." Lan Ning'er pointed at Leng Ruoxue for a long time but didn't say a complete sentence. Obviously, she was already extremely angry.

"Big Brother Leng, this ugly monster is bullying me." Lan Ning'er turned her head to Leng Wudi, seeking protection.

"Set up the tent quickly if you don't want to sleep outdoors!" Leng Wudi said lightly. He really couldn't be bothered with this woman if not for the good relationship between the Leng family and the Lan family!

"Wow, it smells so good!" Lan Lie exclaimed. He had already picked up a piece of grilled meat and was eating it heartily.

"Hehe, the early bird gets the worm. Birds that don't work don't have worms to eat, and birds that don't work have nowhere to sleep!" Lan Lie gloated as he ate...

Cold sweat dripped down Leng Ruoxue's forehead as she looked at Lan Lie's excitement. *How much do you hate this relative! How can you be so happy!*

Everyone surrounded the fire and happily ate the delicious grilled meat. But Lan Ning'er and her servant were not so comfortable.
