

Crazy Wife 731

Chapter 731: Holding Out Hope Until Faced With The Grim Reality (2)

“En, en, after we all become experts above everyone else, Xue’er just needs to be a rice worm. I will feed Xue’er everyday!” the freak promised.

“Hehe! You are still the most obedient,” Leng Ruoxue said in satisfaction. Then, she patted the freak’s head like she was petting a puppy.

“That’s for sure!” The freak almost raised his tail from the praise.

“Oh, okay, let’s get down to business.” Leng Ruoxue cleared her throat and stopped joking with them.

“Miss, when are we going to make a move?” Cheng Wu asked impatiently. He knew that Miss had given those Phoenixes three days to consider, but now, three days had passed. However, those Phoenixes who didn’t keep their promises didn’t give them any reply. Hmph! Miss being willing to accept them was because she thought highly of them. Those dead birds really didn’t know what was good for them!

Ever since he found out about the Miss’s mysterious space, Cheng Wu and the others’ respect for Leng Ruoxue had risen to a whole new level. Moreover, he would never forget the shock he felt when he first saw the space.

He had never thought that he could still live in a space similar to the storage ring. Moreover, the Spirit Qi inside was so dense that it was almost solid. Sigh! If it wasn’t for the fact that he wanted to beat up those suicidal Firebirds, he wouldn’t even be willing to come out from inside.

“Right away,” Leng Ruoxue said with a light smile. In her heart, she sighed helplessly. Sigh! These battle maniacs! As soon as they heard that there was going to be a fight, they actually couldn’t wait any longer. However, for the past three days, the Phoenix Clan hadn’t been peaceful. Their arrival had

attracted the attention of the elders who were on good terms with Feng Yun. Furthermore, those Phoenixes had tried to barge in more than once to avenge Feng Yun. Unfortunately, they were all blocked outside by the parasol tree.

“Should we go out now?” Feng Da asked. He knew that there was a phoenix monitoring outside their residence. However, the young lady did not give any orders, so the person monitoring them was naturally ignored.

“En, let’s go out!” Leng Ruoxue nodded and said to everyone.

“Alright!” Everyone agreed excitedly. Hehe, they were already prepared. They were just waiting for Miss’s order.

Leng Ruoxue was very satisfied with everyone’s high spirits. Then, she sent a voice transmission to the parasol trees that had been protecting them from the outside world for the past three days. After receiving the order, the parasol trees revealed their path.

After Leng Ruoxue and the others walked out of their residence along the small path, they saw the Phoenix guarding outside the forest. There were a total of five Phoenixes monitoring them. Seeing them come out, one of them immediately went back to report, while the other four looked at them very vigilantly!

These phoenixes weren't very strong, about level four or five. Leng Ruoxue looked at the serious expressions on their faces and held back her smile. She said lightly, "Are you the bodyguards arranged by the Phoenix Clan? Thank you for your hard work."

Uh! The Phoenixes that were about ten meters away from Leng Ruoxue and the others were depressed. Boohoo... The Phoenix Clan does not welcome you. We are here to monitor you. Unfortunately, none of them dared to say this because they were afraid that they would become hostages like Feng

Ling'er!

"Little Phoenix, I think you guys are quite smart. Oh! Do you guys want to surrender yourselves, or do you want me to use force?" Leng Ruoxue asked in a good mood. Even though the Phoenix Clan had been playing tricks on her for the past three days, she still had to thank these Firebirds for finding fun

for her. Otherwise, she would definitely be bored! Moreover, almost all of the sycamore trees in the Phoenix Forest had been turned against her. Hehe! Didn't those Phoenixes want to capture her? Then she would have no choice but to steal from the Phoenix Clan. As long as she gave the order, these

Phoenix Clans would become the first Phoenix Clan in history to be abandoned by the sycamore trees. Of course, those poor Phoenixes still didn't know about this!

"We..." After hearing Leng Ruoxue's words, the Phoenixes were dumbfounded. However, most of them did not know what to do because they had never seen such a confident human being! One had to know that this was the territory of the Phoenix Clan! However, these humans had the attitude of turning the guest into the host, as if they were the guests! Boohoo... how could this be? They could not understand!

"There won't be a shop like this after we pass this village!" Leng Ruoxue continued to tempt Little Red Riding Hood, as if she was a big bad wolf trying to seduce Little Red Riding Hood.

"L.. surrender!" The youngest phoenix said in a low voice. Boohoo... For some reason, this human gave it a lot of pressure. It was even greater than the tribe leader. Furthermore, its idol, Feng Miao, was also with this human, That was why it wanted to surrender.

"You are very smart," Leng Ruoxue praised.

"I am also willing to surrender." The other phoenixes couldn't hold on any longer and announced their own decisions one after another after someone took the lead. Boohoo.... they had already heard that Feng Yun Patriarch had died at the hands of these humans! And they weren't willing to die like Feng, Yun, so they could only surrender.

Just like that, under the wise decision of these Phoenixes, Leng Ruoxue effortlessly subdued these Phoenixes that were not very strong and handed them over to the Feng Zhan to contract.

As for Feng Zhan, who had the most underlings, he naturally wouldn't refuse such a good thing!

By the time the First Elder of the Phoenix Clan arrived with her clansmen, the people she had sent to keep an eye on Leng Ruoxue had already become Leng Ruoxue's property. When she saw what had happened, she almost vomited blood. She cursed inwardly. Damn, these humans were really fast. It had only been a few minutes! Her clansmen had no backbone!

"Humph! You humans who don't know life from death, quickly release my daughter and I'll spare your lives! Otherwise, don't even think about walking out of this Phoenix Forest!" The First Elder was angry and her aura would not lose to anyone!

Hmph! If it weren't for those trees, she would have saved her daughter a long time ago and wouldn't be in such a passive state now. Damn it, she really couldn't understand why those parasol trees were protecting Leng Ruoxue and the others.. They were the beasts that depended on the parasol tree! Hence,

this fact made her feel extremely unfair!

Chapter 732: Holding Out Hope Until Faced With The Grim Reality (3)

"Old woman, you'd better worry about your own life and death! We don't need your mercy!" Feng Da said with a venomous tongue, his face clearly still carrying a provocative smile.

"Old... old woman? Damn it, who are you talking about?" The First Elder instantly became even more furious when she heard herself being called an old woman. F*ck, she was so young and beautiful, so beautiful that it could topple kingdoms. How did she look like an old woman? What kind of taste did this human have!

"Of course I'm talking about you!" Feng Da repeated kindly. However, he could not help but feel uneasy in his heart. He really did not expect this beast to care so much about her appearance!

"L.. How am I old? I'm not even a thousand years old!" The First Elder couldn't help but emphasize. Her beautiful face was so angry that it was changing color.

"Less than a thousand years old? How is that not old at all!" Feng Da rolled his eyes and said speechlessly. She was about to become a thousand-year-old demon, yet this old woman still refused to face reality!

"First Elder, you mustered such a large force, could it be that you're only here to discuss your age with us?" Leng Ruoxue held back her laughter and pretended to be confused as she asked. Sigh! Any woman would lose their composure when it came to age. It seemed even beasts were no exception!

"Of course not!" First Elder hurriedly denied. Damn it, after being disturbed by this human, she was so angry that she even forgot the proper business!

“Then what are you waiting for? If you don’t make a move, I’m going to make the first move!” Leng Ruoxue was very particular. Before she started to beat them up, she even notified them so that they wouldn’t feel too unsatisfied.

“Human, you are really too arrogant! Hmph! Die!” After the First Elder finished speaking, she signaled her subordinates to attack. Leng Ruoxue and the others who were already prepared also took out their beast at the same time, ready to attack!

“Tenth Elder, how could you all?” First Elder looked at the beasts that Cheng Wu and the others summoned and was instantly somewhat dumbfounded. Damn it, these clansmen had clearly already become the contracted beasts of these humans from the look on their faces. But, how was this possible?

According to what she knew, in the Boundless Heaven Continent, there was simply no beast tamer who could tame her clansmen!

“First Elder, don’t force yourself anymore. Surrender! There’s no benefit in going against them.” The Tenth Elder advised with good intentions. Sigh! If First Elder insisted on doing things her way, she would probably end up in a worse state than them!

“Hmph! I’m not going to embarrass the Phoenix Clan like you! You want me to work like a slave for the human race? Dream on!” the First Elder said stubbornly, looking down on the clansmen who had already defected.

“Sigh! First Elder, I’ve already tried to persuade you, but I can’t do anything about it if you don’t listen to me,” the Tenth Elder said in a speechless manner. Boohoo... how was this voluntary surrendering to the enemy! It was clearly impossible to choose, but unfortunately, he didn’t dare say these words in front of that little demon!

“Do it!” Leng Ruoxue ordered lightly.

“Charge!” Feng Da shouted. Then, he took the lead and charged into the battlefield. The others followed closely behind.

In an instant, the two sides started fighting

On Leng Ruoxue’s side, the principle of group attack was still firmly established. However, this time, the First Elder had brought almost half of the Phoenix Clan’s strength, so there was no situation of dozens of beast beasts attacking the same Phoenix,

As for Leng Ruoxue and the others! The greatest benefit of having more opponents was that they also had a chance to beat someone up. This time, the freak and her each found an opponent to beat up. Icy, who had not fought for a long time, also jumped into the middle of the battlefield. Bullying, kicking and playing happily.

In an instant, all sorts of profound energy flew through the air like beams of light, and the parasol trees that didn’t want to be affected by the battle tacitly cast a barrier to protect themselves, so as to avoid being accidentally injured by the Phoenix whose eyes had turned red from killing, the gains would

not make up for the losses! After all, they were trees! Even though they liked the fire attribute, they were also very afraid of fire!

After Leng Ruoxue finished dealing with one of her opponents, she stood at the side and watched the battle for a while. As for the beastmen that had been beaten black and blue by her subordinates and beastmen, they were all sent into her space. In the space, she specially asked Qing Jue to set up a cell to imprison these beastmen!

“Xue’er, let’s go deal with that old woman! If I’m not wrong, there should be a phoenix coming to die later.” After beating his opponent half to death, the freak walked to Leng Ruoxue’s side with the level-eight Transcendent Divine Beast in his hand.

“Eh! Freak, aren’t you a little too heavy-handed?!” Leng Ruoxue was a little speechless as she spoke. He forced this Transcendent Divine Beast to fight with its real body and ended up beaten up like a pig head. It could be seen how ruthless the freak was.

“Hehe! I thought that this level-eight beast would be very strong! Who knew that it wouldn’t be able to take a beating.” The freak was very disappointed as he said this. His face was full of I’ve been tricked by it.

“Haha!” Leng Ruoxue laughed happily seeing the freak’s depressed expression. She took the phoenix from the freak’s hand and threw it into the space cell.

On the other side, the First Elder of the Phoenix Clan watched as the number of clan members on the battlefield decreased. She was so angry that she almost went berserk!

Damn it, where were her clansmen? She wanted to see them if they were alive, and if they were dead, she wanted to see their corpses. However, all her clansmen had mysteriously disappeared. Could it be that all her clansmen had been put into the beast cages? She could not help but guess. However, she really wanted to know how many beast cages these people had to prepare to store so many beasts!

Leng Ruoxue and the freak were right in front of the First Elder.

“What do you want to do?” The First Elder asked with a face full of vigilance. Boohoo... she was too confident when she came. She thought that these humans would be captured quickly. However, she did not expect that the captured ones were her own clansmen. This made her unable to accept it for a moment. Thus, when she looked at Leng Ruoxue, there was a trace of fear that even she did not notice!

“Don’t be afraid, I just want to ‘spar’ with you.” Leng Ruoxue consoled her kindly. Oh, she didn’t like opponents who threw themselves into chaos before the battle. If that happened, there would be no sense of accomplishment.

The First Elder looked at Leng Ruoxue with a face full of confidence until she recalled her fierce performance with the man in front of her on the battlefield just now. Her heart trembled. Even though she really wanted to refuse their ‘spar’, she couldn’t say it out loud.. Boohoo... the pressure was too great!

Chapter 733: Holding Out Hope Until Faced With The Grim Reality (4)

“Xue Er, the First Elder has agreed. Let’s make our move!” The freak laughed softly as he looked at the First Elder who was silent.

“En.” Leng Ruoxue nodded. Then, the two of them attacked at the same time

Two streaks of mystic power, one red and one black, floated in front of the First Elder. Furthermore, their speed was not very fast, enough for the First Elder to dodge. However, the First Elder, whose reaction had suddenly become a bit slow, could not dodge entirely and even suffered some injuries. This caused Leng Ruoxue, who was looking forward to battling the Mystic Supremacy, to be somewhat disappointed.

Since she was already disappointed, Leng Ruoxue naturally didn’t want to waste any more time. Just now, Qing Jue had already sent a voice transmission to her, telling her that another phoenix was rushing over. Furthermore, it should arrive in a few minutes, so she felt that she could end this quickly.

Leng Ruoxue gave the evildoer a look when she thought of this. After that, the two of them consecutively used several profound techniques. In the blink of an eye, red and black colored profound energy tightly wrapped around the Feng Clan’s First Elder

“Damn it, what the hell is this?” The First Elder couldn’t help but curse as she looked at the red and black colored mystic power that was entangled around her body and tied her up.

“Haha, this is a new Mystic Supremacy developed by me and the freak. It’s called ‘Never Leave’. You’re the first beast that I use it on! You must be very happy!” Leng Ruoxue said with a smile. Oh, looks like this new Mystic technique of theirs was quite useful! Even a Mystic Supremacy was unable to break free.

During these past three days, the freak and her had randomly thought of such a technique out of boredom. However, never had they imagined that the effect would actually be so good. After all, the technique ‘Never Leave! was modified according to the high-grade wood attribute mystic technique ‘Bind’.

So, they weren’t confident in its effect. However, they really didn’t care about whether it was good or bad. What they cared about was that they possessed this mystic technique together, and only the two of them were able to complete it together!

“Let go of me, you guys, this is an unfair victory,” the First Elder said, unable to accept it. Boohoo... She had not even made a move yet, how could she lose like this! This result was really unbearable for her!

“Tch, if we win, we win. Just accept the truth!” After Leng Ruoxue finished speaking, she directly threw the First Elder into the space cell. Then, she cleaned up the remaining phoenixes. After cleaning them up, she stood in place and waited for the arrival of the other phoenixes.

A moment later.

Another several hundred Phoenixes arrived, led by the seventeenth elder of the Council of Elders.

'When the seventeenth elder arrived with his men, he only saw the humans Feng Miao mentioned. He didn't see any of his clansmen.

Eh! Where did all his clansmen go? Although he and the First Elder were not on good terms in politics, they were still of the same clan. Thus, he naturally did not want to see them fall into the hands of humans. Otherwise, he would not have hurriedly gathered his clansmen to rush over after receiving the news.

But where was the First Elder and the others? Why didn't he even see the feather of a phoenix? The Seventeenth Elder was puzzled! Even though he had heard from Feng Miao that these humans were very powerful, due to his bad impression of the deeply rooted humans, he didn't believe Feng Miao's words at all. Otherwise, he wouldn't have made the wrong decision. In fact, he was a little arrogant. He had always thought that Leng Ruoxue was able to kill Feng Yun because of good luck, and with Feng Miao's help, he had never planned to avenge Feng Yun. However, he couldn't just leave those clansmen behind!

"Miss Leng, is it? May I know where my clansmen have gone?" the seventeenth elder asked politely, but his heart was in turmoil!

"They are now my captives and have been locked up by me." Leng Ruoxue smiled lightly. Oh, this handsome man who looked to be in his thirties should be the Phoenix Clan's seventeenth elder! In these three days, she had also learned about the situation of many Phoenixes with high status in the clan, including this guy.

"What!?" Just as Leng Ruoxue's voice fell, the seventeenth elder and the other members of the Phoenix Clan couldn't help but take a deep breath. They were afraid that they had heard wrongly. Then, they looked at Leng Ruoxue with disbelief. After all, in order to capture them alive, the First Elder had brought nearly half of his clansmen! Moreover, there was no lack of eighth and ninth level Legendary Beasts among them. The First Elder was even more powerful and her cultivation was above Feng Yun's. So, they really didn't expect to hear such a result. How could the proud Phoenix Clan endure this!?

"Seventeenth Elder, Miss's words are all true. You'd better believe it." Feng Miao said coldly. Hmph! Actually, she was also very angry at the seventeenth elder and the others for being immoral. Therefore, she naturally did not intend to put in a good word for them. Who asked these people to not shed a tear until they saw the coffin!

"This... How is this possible? Feng Miao, I watched you grow up. You can't lie to me!" the seventeenth elder reminded, and even started to form a bridge.

"I'm telling the truth. Believe it or not." Feng Miao said unhappily. Her temper was famous in the clan. Therefore, before she was designated as a traitor of the Feng clan by Feng Yun, other than Feng Xian, no other clansmen dared to provoke her. However, after she became a traitor, some people who only

dared to secretly envy her in private no longer had any scruples. Feng Ling'er was the best example. Hence, she had been suppressing her anger these past few days! And just as she was worried that she had not finished venting her anger, another person fearlessly came to her door!

"Right now, you all only have two choices. One is to surrender, and the other is to use force." Leng Ruoxue repeated what she said to the First Elder Hehe, she was talking about surrendering, not surrendering! This was naturally different in terms of status.

"Uh! Miss Leng, why don't we have a good talk!" the seventeenth Elder said with a troubled expression. Boohoo... He didn't want to surrender, but he didn't want to use force either. Actually, he was very clear about the strength of the clansmen he had brought. He seemed to have brought more people than the First Elder had brought earlier, but in terms of strength, he was incomparable to the clansmen that the First Elder had brought over. The First Elder had been completely annihilated, so he really didn't dare to guarantee that the clansmen he had brought would be able to escape unscathed. Therefore, it was naturally the best if they didn't fight.

"Twonder what the Seventeenth Elder wants to talk about?" Leng Ruoxue said with a smile that was not a smile. The word 'ridicule' was written on her beautiful face. Hmph! These fellows who don't know what's good for them. Three days ago, she sent people to rope them in and gave them three days to consider. They didn't even give her an answer. Now, they actually want to talk to her. It's really too laughable. However, she was still kind enough to see what this old phoenix was planning...

Chapter 734: Holding Out Hope Until Faced With The Grim Reality (5)

"Miss Leng, if I'm willing to bring my clansmen to acknowledge you as my master, I wonder what benefits we can obtain?" The Seventeenth Elder asked somewhat embarrassedly.

Three days ago, when Feng Miao came to look for him, she had already said that she hoped they would acknowledge Leng Ruoxue as their master. She had even said that this was a great thing and that they would regret it if they rejected her. However, at that time, he had tried to trick them for half a day, but Feng Miao did not say anything, This made him a little angry, so he casually brushed them off and did not give these humans a reply. However, now he knew that it was impossible not to give them an answer. Furthermore, almost half of their clansmen were still in their hands!

However, even if he wanted to acknowledge her as his master, he had to fight for sufficient benefits for his clansmen. Moreover, he was truly curious exactly what ability this young human woman before him possessed to make them willingly acknowledge her as their master. After all, they were from the Phoenix Clan! So, how could ordinary beasts compare to them?

At this very moment, the Phoenix Clan's lofty sense of superiority still occupied their thoughts. And this was also the common understanding of all humans in the Boundless Heaven Continent apart from Leng Ruoxue and the others and the beastmen. However, this seventeenth elder would soon know

that in Leng Ruoxue's eyes, all the beastmen were equal. However, this did not include the Phoenix Clan in the Boundless Heaven Continent that had angered her!

"Seventeenth Elder, if I remember correctly, I only gave you three days to consider this matter. It's already been a long time, don't you think it's a bit too late to discuss this with me now?" Leng Ruoxue said in an extremely cold tone. Hm, she would usually only give them one chance. If she couldn't grasp it, then she naturally wouldn't have another chance in the future.

"But, it's only the fourth day! We've thought about it for three days, and we'll give you an answer on the fourth day. Isn't the timing just right?" The seventeenth elder quibbled.

"First Elder, do you have too many deals with humans?" Leng Ruoxue mocked. Hmph! This old man was playing word games with her and playing dirty tricks with her. A simple beast had learned all the tricks of humans who didn't keep their promises. No wonder the Phoenix Clan was taken down so easily.

"Uh! We do have a lot of dealings with humans, but that doesn't stop us from making deals with each other," the Seventeenth Elder promised while feigning ignorance. However, he couldn't help but feel uneasy in his heart. This girl was actually so sharp-tongued at such a young age. She didn't even use vulgarities when she scolded others. Boohoo... The language of humans was really broad and profound! Fortunately, he usually preferred to study the things of humans. Otherwise, he really wouldn't have been able to hear the sarcasm in her words! However, under the current circumstances, he could only continue feigning ignorance until the end.

"Seventeenth Elder, I will only give you one chance. Right now, you no longer have any chance to bargain. You only have two choices. One is to surrender, and the other is to fight!" Leng Ruoxue saw that this old man who had lived for an unknown amount of time was acting stupid, so she could only be more straightforward to prevent him from continuing to pretend.

"Uh! Miss Leng, don't be like this! If there's anything, we can have a good talk," the seventeenth elder said with a chuckle, his attitude very good.

"Old man, it's too late. Since you guys aren't willing to surrender, then let's not waste time and just fight!" Leng Ruoxue said straightforwardly.

"Er! Don't be rash, Miss Leng, Fighting is a barbaric act. We're all polite children. It's better to resolve this matter in a civilized manner," the seventeenth elder said in a hurry. In any case, he didn't want to be tortured! He didn't want to take the risk of losing the first elder and the others. Sob... The Phoenix Clan was getting worse by the day!

"Isn't this world where the strong are respected? If we don't use force, how can you be convinced? Furthermore, martial force is also the fastest solution. So, Seventeenth Elder, take this direction of seventeenth elder.

After Leng Ruoxue finished speaking, she directly threw a light blue colored water attribute profound energy in the

“Ah! How can you hit me just like that!?” The Seventeenth Elder hurriedly jumped aside and dodged that water attribute profound energy attack. However, there was still a portion of water droplets that touched his body, and it was so painful that he couldn’t help but cry out softly!

‘Wu... What kind of water was this? Why did it hurt so much!? Furthermore, the water droplet even carried a frightening cold aura. One had to know that he was a fire-attribute beast, so the thing he hated the most was naturally water. However, not to mention water-attribute profound energy, even

water-attribute profound techniques would find it very difficult to injure him. However, Leng Ruoxue’s profound energy caused him to feel pain. This was truly inconceivable. However, the other clansmen who were also affected were much more miserable than him. Sigh! Who asked those clansmen to have such low strength!

“What else?” Leng Ruoxue looked at the seventeenth elder with a bit of amusement, as if what she heard was a joke. Actually, she really didn’t use too much force just now. Otherwise, those little phoenixes that were affected would have long been frozen into ice.

“Uh! Can we not fight?” The seventeenth elder’s handsome face was full of charm as he smiled and said, boohoo... Leng Ruoxue’s display of power earlier actually made him feel a lingering fear. This was not a good sign, so he really did not want to fight!

“Sure.” Leng Ruoxue nodded her head. Just as the seventeenth elder was about to heave a sigh of relief, she added, “You can choose to surrender yourselves.”

“Uh! Can I choose the third option?” The Seventeenth Elder refused to give up.

“I’m sorry, there’s no third option,” Leng Ruoxue sneered. She did not want to waste any more words with this old man who was pretending to be a fool, so she gave everyone a look.

Everyone understood and immediately surrounded the seventeenth elder and the other phoenixes. The beasts were still baring their teeth and glaring at them like a tiger watching its prey

Sob... The seventeenth elder and the other members of the Phoenix Clan were very upset. They were actually afraid of these people or beasts who were weaker than them but were threatening them.

The Seventeenth Elder exchanged glances with the other elders and said helplessly, “We surrender.”

Sob... Those who know the truth are the elites. Surrendering is better than being beaten up and then being captured! At least they didn’t suffer any physical pain.. The seventeenth elder kept hypnotizing himself and consoling himself!

Chapter 735: The Dragon Clan That Followed Suit (1)

“En.” Leng Ruoxue calmly nodded her head, as if she had already expected them to be like this. Oh, she liked people who knew their own limits. So, even though this seventeenth elder was a bit slippery, he wasn’t hopeless.

“Eh!” The seventeenth elder and the others were extremely surprised by Leng Ruoxue’s indifference. They couldn’t understand why this human girl in front of them was so used to their surrender. If it was any other human, wouldn’t they have fainted from happiness? Later on, when they had a deeper understanding of Leng Ruoxue, they found out that many beasts sent themselves to her doorstep. So, she really didn’t care about their existence

“Feng Zhan, contract them first!” Leng Ruoxue looked at Feng Zhan who was standing on her shoulder and said.

“Mn.” Feng Zhan nodded, and then he chanted a string of incantations. The seventeenth elder and the other phoenixes were instantly enveloped by a circle of light, and then they lowered their proud heads towards Feng Zhan.

“This subordinate pays his respects to the king.” The seventeenth elder and the other Phoenixes said in unison, hiding the shock in their hearts. None of them had expected that this Fire Phoenix in front of them actually had the bloodline of the royal family. Sigh!

“En, Master, the eighth and ninth rank Transcendent Divine Beasts have been contracted by Feng Da and the others, right!?” Feng Zhan spoke. With the enhancement of his will, he did not even need Master to use beast taming techniques anymore. Hehe! This discovery was something he had unintentionally discovered during the last few times he had used the contract! All phoenixes that had been contracted by him could not resist his will at all, even if their ranks were higher than his. This was the benefit of having a bloodline.

“Alright, Feng Da, go and choose the beast you want to contract!” Leng Ruoxue said to Feng Da and the others. Hmph! With Feng Zhan and Feng Da’s double contract, these phoenixes can forget about playing any tricks!

“Yes.” Feng Da, Zheng En and the rest answered happily. Then, they each went forward to choose a level-nine Transcendent Divine Beasts that they found pleasing to the eye and signed a master-servant contract.

“Grandfather, why aren’t you guys going?” Leng Ruoxue couldn’t help but be surprised when she saw that her grandfather, Grandpa Du, brother, and brother Feng didn’t go up to pick.

“Haha, Xue’er, there’s no hurry. Let them choose first!” Leng Qingtian chuckled. With so many Phoenixes, it didn’t matter if they chose first or later.

“Miss, we are done choosing.” Feng Da and the others said with embarrassment.

“Grandfather, go and choose!” Leng Ruoxue smiled.

“Okay.” Leng Qingtian and the rest walked forward and casually chose a level-nine transcendent divine beasts to sign a master-servant contract. Then, they returned to Leng Ruoxue’s side.

“Uh!” Leng Ruoxue looked at the other beasts, then looked at Empty before saying, “Empty, you’re not choosing a contract?”

“No need, I only need icy.” Empty said indifferently.

“Oh.” Leng Ruoxue helplessly replied. Sigh! Why did it seem as if the people around her were very unwilling to enter into contracts? If it were someone else, with such a good contract opportunity, they would have long fainted from happiness. No one actually contracted the Seventeenth Elder.

Leng Ruoxue couldn’t help but break out in a cold sweat when she saw the aggrieved look on the seventeenth elder’s face. She thought to herself, What’s with that old man’s expression? It’s just that he hasn’t been contracted, is there a need to be so pitiful? However, with the level eight or nine

Transcendent Divine Beasts of the Phoenix Clan, their strength has increased by more than a little.

Moreover, with these beasts, she believed that she would have the strength to fight even against the three super clans. Therefore, the most important thing to do now was to improve their strength. Otherwise, if they were too weak, they would be a burden!

Thinking of this, Leng Ruoxue decided to let everyone go into seclusion for now. However, she still had something to do before she went into seclusion.

Leng Ruoxue thought for a moment, then she took out the phoenix she had locked in the space cell. When Feng Zhan saw them, he didn’t even need his master’s reminder and immediately entered the contract.

“Greetings, Your Majesty.” The First Elder and the other Phoenixes who had been contracted by Feng Zhan bowed very respectfully.

“Yes. In consideration of your performance, all of you can only be servants in the future.” Feng Zhan spoke in a cold voice while revealing the imposing aura of a king.

“Yes,” the First Elder of the Phoenix Clan said in a hurry. Sob... She had accepted being a servant since she was the ruler! However, she had never expected to see the royal family of the Phoenix Clan in this world. This might be a rare opportunity for them!

After doing all of this, Leng Ruoxue moved all the phoenixes into the space. Besides those that had already recognized their masters, the other phoenixes were naturally managed by Feng Zhan, After that, she told everyone her plan and received everyone’s response. Oh, they also felt that their strength was a little weak now, so they had long wanted to go into seclusion and cultivate properly.

Just like that, Leng Ruoxue and the others went into seclusion, and the Phoenix Forest temporarily regained its peace

Three months after their seclusion, Lin Liang and the others came out.

After Lin Liang and the others came out of seclusion, they heard that Leng Ruoxue and the others had gone into seclusion. They couldn’t help but feel a bit disappointed. Boohoo.... it’s been so long since I’ve seen them, I wonder when I’ll see them again.

Within the Heaven and Earth Bracelet.

“Empty! How strong is the lass now?” The disheveled old man asked curiously. Ever since he came out of seclusion, he had advanced two levels consecutively and consumed the Silver Snow Pills that Xue’er had left for them. Now, he was already a Mystic Monarch. How wonderful!

“Before they entered into closed door cultivation, their strengths were the same as all of you. It would be hard to say after they came out of closed door cultivation.” Empty smiled as he spoke. These old men had just advanced to the Mystic Monarch Realm and were feeling happy in their hearts. However, they probably wouldn’t be able to laugh after hearing his words, right? He guessed.

“Eh! That can’t be, right? Why aren’t those perverts waiting for us?” The disheveled old man and the others could not help but grumble. They were depressed! Extremely depressed! Boohoo... They had finally become Mystic Monarch after much difficulty, but by the time Xue’er and those perverts came out

of seclusion, they might have advanced again. Also, that old fellow Leng Qingtian had advanced faster than them. Boohoo.

Sigh! They were depressed, but so was Leng Qingtian! He originally wanted to show off to his old friends, but the plan didn’t change quickly... In order to not drag everyone down, he could only work hard to cultivate in seclusion!

Chapter 736: The Dragon Clan That Followed Suit (2)

“Hehe, actually, you don’t have to be too depressed. Xue’er left you a gift before she went into seclusion.” Empty smiled mysteriously.

“Uh! What gift?” The few of them were full of curiosity. They had just come out of seclusion and were in a hurry to advance after coming out, so they really did not know much about Xue’er and the others’ recent actions.

“Feng Zhan!” Empty called out softly.

Not long after, Feng Zhan brought the eight and nine-level Transcendent Divine Beasts in his hand to their side.

“Uh! Where did these phoenixes come from? Little Fengfeng, did you add new members?” Lin Liang looked at the unfathomably powerful phoenixes in front of him, his face filled with question marks. They did not know any of these phoenixes, so he was very sure that these phoenixes were new! With this in mind, he could not help but be curious about the recent happenings of Xue’er and company.

“Heh heh, that’s right. They are all my servants. Master instructed for you to contract as you wish! You can sign a master-servant contract with them. In the future, they will be your servants.” Feng Zhan explained with a grin.

“Our servants?” Lin Liang and the others were all experienced, so how could they not understand Feng Zhan’s words! Oh! It seemed that these phoenixes had provoked their little princess. Otherwise, with Xue’er’s degree of love for animals, how could she let them sign a master-servant contract! However, since these ignorant phoenixes had angered their little ancestor, then it was only right for them to receive some punishment. Thus, their thoughts destined these unlucky phoenixes to work like cows and horses in the future.

“Yes.” Feng Zhan nodded.

“Hehe, since that’s the case, I won’t stand on ceremony then.” The disheveled old man rubbed his palms together and said excitedly. Hehe. Even though these phoenixes weren’t obedient, they were pretty. Hmm! He could have a beautiful beast now.

However, who knew that the disheveled old man’s thoughts would incur the displeasure of his beastmen!

“Master, you’re despising us!” The disheveled old man’s beast spirit sent a voice transmission with an aggrieved expression. Boohoo... Even though they weren’t as pretty as those phoenixes, their relationship with Master was definitely deeper than those phoenixes! Hmph! That damned phoenix wanted to

fight for their favor the moment he arrived! He was dead meat!

“No, I’m not despising you guys.” The disheveled old man hurriedly consoled them after hearing their words. Boo... he really didn’t!

“Boohoo...” The beasts cried bitterly.

“Don’t ery, don’t cry. I won’t take in any more servants, alright?” The disheveled old man said helplessly. Boohoo... Even though he could not bear to part with it, a lousy phoenix was not as important as his beasts!

“No!” the beast beasts said in unison. Hmph! If their master didn’t take in a phoenix as a servant, who would they bully?

“Eh!” The disheveled old man was conflicted. He could not stop crying. What did they want from him?

“Master, why don’t you take in a phoenix and become our subordinates?” the beastmen suggested. Even though the phoenix in front of them was stronger than them, the phoenix came later!

“Alright,” the disheveled old man agreed before turning his gaze towards the phoenixes before him. Oh, as long as these beasts were happy, everyone would be biased!

Lin Liang and the others surrounded the phoenix in front of them and looked at it several times. Then, they finally each chose a phoenix to contract

“Your Majesty, why didn’t anyone choose me?” Looking at the contracted phoenixes with slight jealousy, the seventeenth elder said with a gloomy face. Boohoo... Even though there was no longer any threat of death in this space, if they didn’t have a master, they could only rely on themselves to advance.

Boohoo... this would be very slow! So, he also wanted to find a master, but no one was willing to take him! So sad!

“What’s the rush? Someone will definitely take a liking to you! Right, how’s the matter I asked you to handle?” Feng Zhan asked.

“awakening the patriarch and elders is a long process, so I still need time,” the seventeenth elder said hurriedly.

“En, don’t be lazy. The sycamore trees will tell me your every move,” Feng Zhan warned.

“I promise I won’t.” The seventeenth elder wiped the cold sweat off his forehead and said. Boohoo... Never in their wildest dreams would they have imagined that the sycamore trees that they had relied on for so many years would actually betray them. This was too inconceivable. How could it be like this?

Moreover, they already knew that if they didn’t surrender, or if they defeated Leng Ruoxue and the others, then the sycamore trees that they had raised for so many years would also be taken away!

“En, you guys can continue with your work!” After Feng Zhan finished speaking, he sent a voice transmission to Qing Jue to send the seventeenth elder and the other phoenixes out of the space.

After busying himself with his master’s instructions, Feng Zhan returned to his own territory to cultivate as well. Recently, his master’s beast beasts had been cultivating diligently as well, so he naturally couldn’t fall behind the beast queen!

After Feng Zhan and the other beasts left, Lin Liang looked at the few old men beside him and said, “I’ve decided to continue my seclusion. I can’t be left behind by Old Leng.”

“En, I also want to enter seclusion.” The old man also spoke of his decision.

“Let’s continue our seclusion then!” The disheveled old man and the other two’s gazes clashed as they said in unison.

Since they were tempted, they might as well take action. After making their decision, they greeted Empty and then returned to their respective rooms to enter seclusion.

Seeing that he and Icy were the only ones left in the lively garden, he could not help but sigh softly. Boohoo... when would Xue’er and the others come out of seclusion? Ever since Xue’er decided to go into seclusion, the space had been in a craze for cultivation. All the people and beasts were busy cultivating, so this place seemed much quieter.

After another three months, there was finally some movement in the purple bamboo house where Leng Ruoxue and the freak were. Empty, who had been sitting on the stone bench in front of the purple bamboo house, couldn’t help but look towards the door with a face full of anticipation

After waiting for a while, the commotion stopped again!

Sigh! So it was a false alarm! Boohoo... Empty was very sad, the consequences are very serious!

However, just as he was feeling melancholic, the door to the Purple Bamboo House suddenly opened. The two people he had been looking forward to for a long time finally walked out of the house hand in hand.

“You guys are finally willing to come out.” Empty said with a bitter face. At this moment, he looked like a little wife who had been abandoned by someone...

Chapter 737: The Dragon Clan That Followed Suit (3)

“Eh! That’s right!” Two drops of cold sweat dripped down Leng Ruoxue’s forehead as she helplessly said. Sigh! What kind of expression is that?

In reality, she’d entered into closed door cultivation this time for the sake of absorbing even more spirit energy to prepare for her advancement into the Mystic Sovereign Realm. However, she’d never imagined that after she’d cultivated the Heaven Defying Skill to the 5th level, the spirit energy required would be at least twice as much as before. Otherwise, she wouldn’t have used such a long time. Alas! What a pitiable spirit energy! Fortunately, the spirit energy here was sufficiently dense, otherwise, she would really be unable to find a way to fill that bottomless pit. However, after she advanced into the Mystic Sovereign Realm, the spirit energy she’d painstakingly stored during this period of time would probably be depleted again.

“Xue’er, when do you plan to advance?” Empty asked.

“Let’s wait for Grandfather and the others! After cultivating for so long, I think they’re about to come out of seclusion.” Leng Ruoxue said after thinking for a while. Then, she sensed the condition of her own beasts. Oh, the beasts were also in seclusion!

“That’s fine too. By the way, the Phoenix Clans Elder who were in deep sleep have already woken up. However, I didn’t ask Qing Jue to let them in. Right now, Feng Miao and the others are accompanying them outside!” Elder explained.

“Oh, let’s go out and take a look.” Leng Ruoxue changed her mind and brought the freak and Empty out of the bracelet.

“Miss, you’ve come out of seclusion!” The moment Leng Ruoxue and the other two appeared in the parasol forest, Feng Miao sensed her aura and immediately ran out of the house, looking at her with joy!

“Mn.” Leng Ruoxue nodded, and then she turned her gaze towards the middle aged beautiful woman that walked out from the room with Feng Miao. This woman seemed to be around 40 plus years old, and she was extremely beautiful. She was 70% similar to Feng Miao, and the aura on her body was restrained. Merely based on her appearance, it was practically impossible to discern this woman’s cultivation. However, no one was able to overlook her existence. Oh, this woman ought to be Feng Miao’s mother.

“Miss Leng, thank you for taking care of my daughter.” Feng Wu bowed. Her attitude was proper and neither servile nor overbearing. That was why Leng Ruoxue had a good first impression of her. Hm, only someone like her deserved to be the head of the Phoenix Clan! That Feng Yun was nothing compared to this woman!

“She’s my subordinate, it’s only right for me to protect her,” Leng Ruoxue said disapprovingly. Anyone that she recognized was her subordinate, so she couldn’t bully others!

“Miss Leng, I’m willing to accept you as my master. I wonder if you’re willing to give me this chance?” Feng Wu volunteered. She knew that Leng Ruoxue’s subordinates had all signed master-servant contracts with members of the Phoenix Clan, but she couldn’t blame Leng Ruoxue for that. After all, her own clansmen had offended Leng Ruoxue! Moreover, she had heard her daughter talk a lot about this human woman. Hence, from her perspective, she really admired Leng Ruoxue. It would be nice to have such a master!

“Alright, you can sign the contract!” Leng Ruoxue didn’t argue. She had quite a good impression of this Fire Phoenix.

“Oh, okay!” Feng Wu was surprised by Leng Ruoxue’s words, but she quickly realized what was going on. Since her future master had asked her to sign the contract, the contract naturally wouldn’t be a ‘master-servant contract’. At that thought, she signed the ‘soul contract’ without hesitation. As the rules of the contract descended, the contract was officially established.

“Feng Wu greets you, Master,” Feng Wu said in a very formal voice. Well, that was great. With Master around, she wouldn’t have to worry about her own life anymore.

“Feng Wu, as my beast, you don’t have to be so polite in front of Master,” Leng Ruoxue reminded her. She and her beast were like family.

“Yes.” Of course Feng Wu knew that. However, she had to be polite since it was her first time. Feng Wu didn’t want her master to think that she didn’t respect her.

“Feng Wu, you’ve been awake for a while now. I want to know what the other phoenixes are thinking.” Leng Ruoxue chuckled.

In fact, the phoenixes she had tamed before were only small shrimps. The real big lobsters were all sleeping! The phoenixes that had fallen asleep were the true strength of the phoenixes.

Moreover, from what the seventeenth elder and the other phoenixes said, unless it concerned the safety of the Phoenix Clan, it was impossible to wake them up. However, the Phoenix Clan had been subdued too quickly this time, so they didn’t have time to ask for help at all. Furthermore, it wasn’t them

who asked for help. These old phoenixes that had been sleeping for a long time would wake up. After all, waking up required time, and the price they had to pay to wake up was also very high. Because once these old phoenixes were awakened, it also meant that their time of death was coming.

“Master, they want to see you first,” Feng Wu said after some thought. Those seniors were different from her. She didn’t want to be separated from her daughter because her daughter had decided to follow them! However, the seniors in the clan would rather die than acknowledge her as their master.

Hence, she wasn’t sure of their intentions.

“En, sure.” Leng Ruoxue nodded.

“Til let them know right away,” Feng Wu said anxiously. She then left the forest in a hurry.

Half an hour later, Feng Wu returned.

“Master, the seniors have all arrived,” Feng Wu reported and introduced the person behind her to Leng Ruoxue.

After both sides nodded their heads, they began to size each other up. After a while, a middle-aged man spoke very politely, “Young Lady Leng, we wish to see Feng Zhan. Is that possible?”

“Sure.” With a thought, Leng Ruoxue brought Feng Zhan out from the bracelet.

Feng Zhan, who had just exited the space, couldn’t help but feel a bit lost. However, when he saw Leng Ruoxue, he quickly threw himself into her arms and affectionately rubbed against her. After that, he contentedly stood on her shoulder. As for the others, they were completely ignored by him.

The seniors of the phoenix clan were all very embarrassed and looked like they wanted to cry but had no tears. This little guy only cared about his master. It really made them sad. However, as expected of the bloodline of a king! He was already a level-two Transcendent Divine Beasts at such a young age.

They were very gratified. Therefore, they were not that sad about being ignored.

“Feng Zhan, they want to see you.” Leng Ruoxue pointed at a group of old Phoenixes with bitter faces not far away.

“Uh! I don’t even know them?” Feng Zhan said somewhat helplessly..

Chapter 739: The Dragon Clan That Followed Suit (5)

“Un! Brother, don’t be anxious!” Leng Ruoxue said helplessly as two drops of cold sweat dripped down her forehead. Then, she threw herself into her brother’s arms from her grandfather’s embrace, making him happy. However, her grandfather, who had yet to hug her enough, was unhappy again

Leng Ruoxue was at a loss, but when she accidentally looked up and saw the teasing look in her grandfather and brother’s eyes, she realized she had been bullied by them... they were too evil!

“Haha!”

Seeing Leng Ruoxue’s depressed expression, the grandfather and granddaughter couldn’t help but laugh happily.

“Grandfather, brother, you guys are too bad.” Leng Ruoxue pouted and complained unhappily.

“Haha!” Everyone laughed.

“Is it very funny?” Leng Ruoxue lightly asked, her beautiful eyes filled with warning.

“Uh! It’s not funny. It’s not funny at all.” Feng Da hurriedly said. Boo... They were a little too smug.

“It’s not funny, it’s really not funny!” Cheng Wu and the others also said knowingly. Oh, Miss was probably shy.

“All of you can advance now, right?” Leng Ruoxue sized up Feng Da and the rest with her beautiful eyes and changed the topic.

“Yes.” Everyone nodded heavily, the joy on their faces overflowing. Hehe, the Spirit Qi in the space was so dense, and they had cultivated for so long. In addition to the acceleration of time, if they still could not advance, then they were too lousy!

“Since that’s the case, then let’s quickly advance!” Leng Ruoxue urged. Hehe, she had been waiting for them!

“En.” Everyone nodded. Then, Leng Ruoxue thought for a moment and moved them out of the bracelet.

After taking out the bracelet, Leng Ruoxue looked at the surrounding sycamore trees and said to her grandfather, “Grandfather, let’s advance here!”

With the protection of the sycamore trees here, it was much safer than any other place outside. No one could enter even if they wanted to. Moreover, this place was big enough for them to advance together.

“Okay.” Leng Qingtian, the filial grandpa, naturally followed whatever his granddaughter said.

Leng Ruoxue and the rest summoned their beasts. As there were too many of them, they could only stay in the forest in their transmogrification states.

‘As for Leng Ruoxue and the others, they each found a place to sit. After sitting cross-legged, they began to break through one after another.

Not long after, the Heaven Earth Law arrived one after another and continued for a very long time.

Due to the large number of people advancing, the scene of the advancement was incomparably grand. Even the old phoenixes, who were used to seeing big scenes, were speechless when they saw this dazzling and spectacular scene

After Leng Ruoxue and the others finished their advancement, the beast tide started again.

Because the advancement of Leng Ruoxue and the others led to the advancement of their respective beasts, and after the beasts advanced, they started to give back to their masters. So, after a grand banquet of advancement, no matter if it was humans or beasts, all of them were incomparably happy.

Among them, Leng Ruoxue obtained the most benefits. Who asked her to have so many beasts! Not only did she advance to become a Mystic Sovereign, but the beasts also advanced. White Dawn became a level-seven Transcendent Divine Beast Feng Zhan was a level-six Transcendent Divine Beast, Mei

was a level-five transcendent divine beast, and Darling was a level-three Transcendent Divine Beast. All the Silver Wolves and Feng Zhan's clansmen also advanced one level each.

In short, they were all extremely happy. After advancing, everyone had a good celebration.

"Young Miss, I really didn't expect that I would actually have the chance to advance to become a Mystic Supremacy in my lifetime. I'm really too happy." At the dining table, Cheng Wu had tears in his eyes as he spoke excitedly. He didn't have much of a background and frequently traveled alone, so he'd

always felt that he was very satisfied to be able to become a Mystic Sovereign. However, he never imagined that he'd actually encounter a benefactor. After following Young Miss, he'd obtained medicinal pills, equipment, and even less to worry about beasts. Otherwise, just these extremely expensive

things would make him poor. Alas! No matter how rich a Mystic Sovereign was, they couldn't afford to spend money on these things! However, he couldn't do without these things!

"Cheng Wu, now that you are a Mystic Supremacy, you should know that Mystic Supremacy is not the end point of cultivation. Therefore, you still have to work hard on cultivating!" Empty reminded him.

"Yes, I know." Cheng Wu nodded, his gaze unusually firm.

"Alright, stop sighing. Today should be a happy day." Leng Ruoxue couldn't take it anymore and said. Oh! She didn't like the slightly oppressive atmosphere. Furthermore, she didn't need their gratitude because since she had already acknowledged them, they were her family.

"Alas! Unfortunately, those old geezers aren't here." Leng Qingtian sighed. If he counted the time, then it had been over a year since he'd met those old fellows. Moreover, it seemed like those old fellows had already left their closed door cultivation when they were in closed door cultivation. However, when

he saw that they were in closed door cultivation, then they'd gone back into closed door cultivation. Alas! He didn't know when he would be able to meet them!

"Grandfather, they are already Mystic Monarchs. They should come out of seclusion soon to meet us." Leng Ruoxue comforted him. Sigh! Grandfather and the others had been in seclusion for almost a year. Hopefully, Grandfather Lin and the others would come out soon. Otherwise, Grandfather would definitely become a 'friend-seeking stone'.

"En, I'm still counting on those few old fellows to fight side by side with me!" Leng Qingtian said with a face full of anticipation. Uh! He was finally the Mystic Sovereign. He could also be considered a powerhouse in this Boundless Heaven Continent. Furthermore, Cheng Wu and the rest advanced to become Mystic Supremacy again. Therefore, he could finally relaxed completely.

"Grandfather, that day will come," Leng Ruoxue promised.

"It's getting late, everyone should rest early! We'll be leaving Phoenix Forest tomorrow." Leng Ruoxue said to everyone.

"Yes." Everyone nodded. They were almost done eating.

After everyone was done eating, Feng Da and the others cleaned up a little, then went back to their rooms to rest.

The next day.

After Leng Ruoxue brought everyone and the members of the Phoenix Clan away from the bracelet, she thought for a moment and stored all of the sycamore trees in the Phoenix Forest into the bracelet. Before this, the seventeenth elder and the other Phoenixes had already moved all of the Phoenix Clan's collections into the space and handed them over to Qing Jue for safekeeping...

Chapter 740: The Dragon Clan That Followed Suit (6)

Leng Ruoxue looked at the barren land in front of her and then looked at the old phoenixes. She couldn't help but say, "Let's stay a little longer if you guys can't bear to part with it!"

"Thank you for your understanding, Master. We can go on our way now," Feng Zhan said very respectfully. Oh, there was nothing to be reluctant about. To the people of the Phoenix Clan, a place with sycamore trees was their home. Therefore, unlike humans, they did not have much attachment to their

former residence! Furthermore, they had spent most of their time in the space recently. Therefore, they did not have much feelings for this place.

"Alright, let's go!" Leng Ruoxue put the phoenixes into her bracelet, leaving Feng Wu, her mother, Feng Zhan, and Charm with her.

After Leng Ruoxue and her group walked out of the Phoenix Forest in a grandiose manner, they discovered that there were a few tails following them.

"Master, it should be the Dragon Clan," Feng Wu said in a low voice. They were all top-notch beasts, and even if the dragon could hide its aura, it wouldn't be easy to hide it from them. However, the dragons following them weren't very strong, and she didn't know any dragons, so she really couldn't tell who was following them.

"Dragon Clan?" Leng Ruoxue's beautiful face was filled with confusion. In her memory, she didn't seem to have any interactions with the dragon race of this world. Why were the dragon race following her? However, she wasn't narcissistic enough to think that the dragon race was attracted by her charisma and wanted to acknowledge her as their master, so they secretly followed her.

Thinking up to this point, Leng Ruoxue stopped in her tracks and turned to everyone, "I'm tired, let's camp here today!"

Uh! Everyone was stunned. They seemed to have just left the Phoenix Forest! How did Young Miss get tired so quickly? Moreover, it wasn't even noon yet, so why were they setting up camp? With their speed, if they were to fly, they would be able to reach the nearest city very quickly. Therefore, they

couldn't figure out why they were setting up camp here. As for the few dragons secretly following behind them, they completely ignored them. Hence, they naturally couldn't guess what Leng Ruoxue was thinking!

"What are you standing there for? Hurry up and set up the tent!" Leng Ruoxue chuckled as she urged. Oh! She realized she was quite happy seeing the confused expression on her subordinate's face!

"Miss, it's not noon yet!" Feng Da couldn't help but remind her. Cold sweat was flowing down his forehead.

"I know! You guys set up the tent first, then make lunch, then after that! Naturally, it will be a nap!" Leng Ruoxue said her plan without blushing or panting.

"Un! Alright!" Feng Da and the others were speechless. However, whatever the Miss said was the truth. As a filial subordinate, it was always right to listen to the Miss.

Everyone moved together. Soon, they set up several tents and started a fire for lunch. The dragons who had been following them were very happy to see them stop. One of the dragons even reported back.

"Xue'er, are you waiting for food to drop from the sky? With his divine sense, he could naturally sense the small movements of those dragons. However, they were just a few small dragons and were not worth taking to heart.

"I'm waiting for the dragon to drop from the sky. Oh! I wonder how the dragon meat tastes?" Leng Ruoxue's beautiful face was filled with curiosity.

"Uh!" Feng Da and the others finally understood what was going on after overhearing Leng Ruoxue and Empty. After all this time, Miss wanted to catch a dragon! Moreover, she was afraid that those stupid dragons would find it hard to find them, so she specially chose a fixed place to stay. Oh! The Young Miss was too kind.

"Miss, do you want me to catch a dragon? We'll know after we try it," Cheng Wu said softly. The few dragons following them were only level three or four Transcendent Divine Beast. Therefore, they were more than enough to deal with them.

"En, okay." Leng Ruoxue nodded in agreement.

"Uh! Master, you aren't really planning on eating dragon meat, right?!" Feng Wu asked somewhat uncertainly. Har, Master was definitely the first person in the Boundless Heaven Continent to dare to eat dragon meat.

"I do have that idea, but I want dragon blood more." Leng Ruoxue said with a smile. Compared to dragon meat, she preferred dragon blood that could be used for refining weapons. Oh! Looks like I can get quite a lot of dragon blood today.

"Master, leave this small matter to us." Cheng Wu and Song Di looked at each other before saying.

After saying that, the two of them quietly sneaked to the side of the few dragons that stayed behind. When they weren't paying attention, they knocked them out and took them away.

“Bang!” Cheng Wu and Song Di casually threw the heavy objects in their hands, causing the dragons to fall to the ground. Luckily, they were not in their strongest state, otherwise, Cheng Wu and Song Di would not have been able to carry them.

“En, not bad, even though it’s a bit small.” Looking at the unconscious little dragons in front of her, Leng Ruoxue said with dissatisfaction.

“Master, even though they’re in a semi-formed state now, there’s enough dragon blood.” Feng Wu observed them for a moment and then told the truth.

“En, bring me dragon blood.” Leng Ruoxue took out a pile of white jade porcelain bottles from her ring and handed them to everyone.

“Yes!” Cheng Wu and the others looked at the hundreds of porcelain bottles in front of them and couldn’t help but mourn for these dragons for three seconds. Sigh! Poor dragons! I wonder if the dragon blood on their bodies is enough to fill these bottles!

“Xue’er, I’m afraid the blood on these dragons won’t be enough to fill your bottles, right?” Empty said everyone’s suspicions. Boohoo, he felt that even if the blood on these dragons had dried up, they probably wouldn’t be able to hold more than half of the bottles!

“It doesn’t matter. If there’s a dragon, isn’t it going back to look for helpers! In a while, there will even be dragons coming to give me blood drops!” Leng Ruoxue said disapprovingly. She had already planned everything in her heart.

“Hehe, hurry up and get their blood!” Leng Ruoxue added.

“Okay.” Everyone answered and divided the three dragons on the ground. Then, everyone took out a dagger from their rings and stabbed it into their thick skin.

“Clang!” Cheng Wu’s dagger broke.

“Damn it, why is this skin so thick!” Cheng Wu was furious! It seemed like ordinary daggers would not work. Thinking of this, he took out a Sacred Artifact dagger that his Miss had given him. Oh, he had never been willing to use this dagger! Today, he was going to test it out with these few dragons.. Then, he angrily stabbed the dragon’s body.
