

## Cried Wolf 101

### Chapter 101

I take Yiselda's hand, and Kadva takes my other hand Then, Iern, May, Lilac, Ela and Ria join the circle Once we are connected, holding hands, Yiselda begins the chant We repeat the words repeatedly until our eyes start to glow one by one I can feel my energy, my magic being drained from my body. I'm feeling overwhelmingly weak The others are also struggling to hold their footing Finally, Reaper gives me his power, helping me to regain strength The portal begins to open

"I see it, keep going. Magnus," yells. The witches fall to their knees but keep a firm hold of each others hands. As the portal opens further, I can see people in a stand staring back at us. They are beautiful with different coloured eyes, and then I noticed some of them are green and bulky A beautiful young woman with long black hair and violet eyes approaches along with a large handsome man with brown hair. Another in armour approaches with scruffy black hair and a few scars on his face Horses gallop by with green skinned bulky riders carrying jousts. There are nags, and everyone is dressed in medieval attire. Then I realised the portal had opened in the midst of a jousting competition in Mysteria

Magnus, get any surviving pack members to jump through the portal now and Alec, same with the vampires

Several dozen pack members, including my parents, Ryker, Astrid, Flini, and Josie, leap through. When we let go of each others hands, the doorway will begin to close. I yell to the others, We will be the last to leap over.

Alec, Magnus, you must go. We will follow both of you!

No, they both say together. We aren't going through unless it's with you," Magnus says. Alec nods at him in agreement

I let go of Yiselda and Kadva's hands, Quick! Go, it's already beginning to close! I yell Yiselda and Kadva jump through then Lic. May, and Ria with their familiars. Then Ela and Fern with their familiars

Alec grabs my hand, and Magnus takes the other, and we leap through the portal together, landing on the grass in front of the beautiful young lady with violet eyes

The gateway has been closed, and we take in our surroundings with wonder

'Is this Mysteria?' I ask, gazing up at the stunning young lady

"Yes," she giggles sweetly

I notice you've brought several companions? She gives a kind smile

Be careful, Luna, they might be dangerous, the older than with unbdy black hair in aiutang

i

I can smell their wolves, Sir Hugo At the very least, half of the wolves are man which implies they are too! va one a wolf and something else? She says, lowering the gate to mine

'You're a Luna 100? | ask. She nods

'I am Maia, Luna and Queen of Mooncrest, and this is my mate, the ring and Alpha or Moontroll

I stand up with Alec and Mognus and shake their hands

'We are so happy to meet you, this is Magnus, my mate and Alpha of Shadow Crest, and his Alre, my blood  
manye, King of varripires. My name is Nina, Luna of Shadow Crest and Queen of the vampires,' say

Maia squeals, 'Did you hear that, darling? Another Luna that's also a queen,' she says to Alpha Damon  
He nods and rules alus

Reaper crows in annoyance

Oh, and this is my familiar, Reaper,'

Charmed, she says to Reaper with a bow.

"You came through a portal that hasn't been open for hundreds of years? What has brought you back?  
We could see a lot of destruction through the portal, Alpha Damon says

Humankind found out about supernaturals. They refused to stop killing us until we were all dead  
because they feared our power, so they destroyed all the packs. Our only option to live was to try and  
open the portal and come here,' I frown.

You did the right thing by returning to Mysteria, where your origins began, Alpha Damon and I will see  
that you will have a place here to call home

Red-headed, freckled lady jumps up behind Mala, 'What's going on?' she asks

Oh, Ember, you're in for a treat! Mala explains.

'Oh?' she exclaims, Confusion sets in as she takes in all the unfamiliar faces.

'This is Nina, Luna of Shadow Crest, Queen of Vampires, half-wolf and half-witch! Maia exclaims.

Ember's expression is a mixture of disbelief and joy as she sprints toward me and wraps her arms  
around my neck

Another witch, and she's my age as well! She joyfully screams.

'It's a pleasure to meet you, Ember. 'I am not the only witch here, I smile. Acquaint yourself with Fern,  
Lilac, Ela, Ria, and Yiselda! 'I say

Ember yells in joy and passes out,

Maia laughs, 'Don't mind, Ember, she is the oldest witch here. All the other witches are children,' she  
explains.

A cute green coloured little boy with tiny tusks approaches us.

'Hello there,' I smile, 'What's your name?'

My name is Drudge, and when I grow up, I want to be a warrior, he adds, fist-pumping his chest.

'Nice to meet you, Drudge; my name is Nina, and judging by the muscles you currently possess, you will be an excellent warrior, I grin.

Drudge triumphantly straightens himself and walks away.

Alpha Damon states, 'Drudge is an Orc.'

'Orcs! 'How fantastic,' I exclaim.

I assist in reawakening Ember, and she sprints up to the witches, shouting, 'Group hug!' Ember shouts, encircling them all in a big embrace. They chuckle, and joke at her antics yet appreciate the embrace,

'How did you meet Alpha King Damon, and why are all the witches here, children?' I enquire.

'It's a long story, Maia shrugs. The tale of the Alpha King and me, she smiles.

Td be delighted to hear it, I respond,

Then I will begin the story. Mala smiles,
