

## Crippled 501

### Chapter 501: Reverse Checkmate

Han Yin had to admit that Han Yin felt much more at ease with Ji Ning's voice and clarifying all the rumors. She didn't like when the netizens tried to find fault in her, nor did she like being compared to anyone else, as if she was unbearable and lowly. She was great too!

Han Yin bit her lip, her gaze drifting as she awkwardly apologized to Ji Ning, "But no matter what, I still have to thank you..."

Ji Ning smiled bashfully.

It was said that a rumor could be refuted, but it would be more difficult than spreading it. Although Ji Ning promptly clarified it, many people still did not believe it and continued to post those nasty comments. Shen Hanxing frowned coldly and said, "You should send a lawyer's letter. Don't let these people spout nonsense anymore."

"Mrs. Ji, we've found out," Han Qi, sitting beside them, said, "It was Shen Sisi who did this and bribed many people to smear Miss Han Yin online."

"To dispel the trending topic of one thing is to replace it with something else," Ji Yan lowered his head. There was a hint of coldness in his eyes. "Since everyone doesn't believe our clarification, let's shift their attention to something else."

Shift their attention to something else? What? Everyone looked at each other.

Shen Hanxing's eyes lit up slightly, and she said with a smile, "Can we find evidence that Shen Sisi is behind this?"

"Yes," Han Qi reacted quickly, with contempt in his gaze, "Shen Sisi is foolish. She doesn't think about the consequences when she does things and does not do it discretely." It was equivalent to giving them something to use against them.

"Just the impact of this matter isn't enough. How about I give you another one?" Ji Yan curled his lips and lifted his eyebrows. He took out a silver USB flash drive. His gaze landed on Shen Hanxing meaningfully as if trying to tell her something.

Shen Hanxing's face flushed red under Ji Yan's gaze, and her heart beat faster. She pretended to be calm. "Thank you, Mr. Ji." As she spoke, she raised her hand and took the USB flash drive from Ji Yan's hand. Ji Yan took the opportunity when no one was paying attention. He wrapped his hand around Shen Hanxing's tender palm and gently pinched it.

Shen Hanxing's legs turned into jelly. She glared at him and hurriedly withdrew her hand. Shen Hanxing did not know that her bashful eyes looked charming and seductive, which aroused Ji Yan's desire. He whispered to Shen Hanxing in his hoarse voice, "You must remember to give me a reward." In addition to the reward she owed during the last premiere ceremony, it had already been twice.

Shen Hanxing's ears flushed red as she glared at Ji Yan. However, Ji Yan was sitting upright with a serious expression, as if nothing had happened.

On the USB drive was the evidence of Shen Sisi acting like a big shot in the production team. She had even allowed the stunt double to tamper with the scenes. When Wang Qin saw this, her eyes lit up. "Wonderful! Once these things are released, I want to see if Shen Sisi can cause us trouble again!" Once these things were released, Shen Sisi couldn't even protect herself. Would she still have the time to frame Han Yin?

Today was the netizens' day of celebration. Once Shen Sisi's news was posted, a wave of ridicule erupted on the internet. The netizens mocking Han Yin earlier went to look for Shen Sisi. Seeing this situation, Shen Sisi was going crazy.

Those who had watched the movie also came out to say how ugly the movie was. They commented Shen Sisi was bad at acting, yet she still wanted to frame Han Yin for dating someone else. Her intentions were deplorable! They said they did not expect Shen Sisi to have such a trashy character despite her good looks. She was both bad in personality and acting!

Lei Bing was also stunned by these people's curses and unprecedented discussions. Lei Bing's vision darkened when she saw the netizens rejecting Shen Sisi and her movie. She was on the verge of breaking down. "Shen Sisi, are you an idiot? You don't like Han Yin. Do you need to frame her personally even if you dislike her? Don't you know how to get me to do it for you?"

Lei Bing was furious. She had never brought up an artist as troublesome as Shen Sisi!

"If you weren't useless, would I need to do it myself? A piece of trash who can't even handle a small matter, what right do you have to criticize me!" Shen Sisi was still a little guilty. Her guilty conscience instantly turned into anger when she heard Lei Bing's words. She smashed her glass confidently and roared, "You're so useless. How can I trust you? Other than doing it myself, what else can I do?"

"Do you know how serious this matter is?" Lei Bing was so angry that her whole body was trembling. "Who would dare to employ such an unprofessional actress like you? Even the box office of the movie has been affected. Do you know that?"

## **Chapter 502: What's the Point of Having You Guys?**

"If that's the case, solve it. Doesn't the company have emergency public relations?" Shen Sisi said indifferently.

Lei Bing was so angry that she was panting. "Public relations? Tell me how to do it. The evidence of your exposé is already there. It is pointless." Shen Sisi was never a low-key person. She had never thought of hiding her act.

"Just say that it was the assistant who leaked the information," A malicious look flashed across Shen Sisi's eyes. She glanced at the little assistant beside her, and the little assistant's face instantly turned pale.

“Don’t worry. I won’t let you take the blame. You’re not qualified enough,” Seeing the little assistant’s pale face, Shen Sisi sneered and recalled the account that she leaked the information. She said calmly, “I haven’t used this account for long. Didn’t the assistant, Sun Na, follow me around all the time? Just say she wanted to become me, so she used this account to pretend to be me to satisfy her fantasies.” This way, Shen Hanxing could get rid of herself completely. Although there were flaws in this way of handling things, this explanation was not for those smart people to see. This public relations method would be good enough if someone believed it.

Shen Sisi was smart, but she was evil too. She did not care what situation Sun Na would encounter after this matter was exposed. The little assistant shivered. Her face was pale as she shrank her presence. She could not help but think of the tragic situation of Shen Sisi’s first assistant, Yang Xue. It was said that there were Shen Sisi’s fans. To avenge Shen Sisi, they found information about Yang Xue and went to her house to pour paint on her house. Yang Xue dared not go out and could only hide in the hotel like a frightened bird. Could it be that Sun Na was also going to follow Yang Xue’s path?

The little assistant knew she could avoid this disaster not because Shen Sisi was very kind but because she was fortunate. It was just because she had just entered the job. When Shen Sisi was in the production team, she had not become Shen Sisi’s assistant. Naturally, it was impossible to fake Shen Sisi’s alt account. However, she had avoided it this time. What about next time? The little assistant felt a chill run down her spine.

Shen Sisi did not care about this at all. She sneered. “When the time comes, give Sun Na money. It’s just a few curses on the Internet. It’s not like she is going to lose anything.”

Lei Bing’s eyes flickered for a moment. She muttered, “That will work.” She had to protect Shen Sisi for the movie’s sake, for Bingxin Entertainment, and even more to please Zhuang Li.

“Since it’s possible, hurry up and get it done. You still need me to help you with such a small matter. You’re useless!” Shen Sisi smirked, and her eyes were full of arrogance. “I don’t know what’s the point of having you guys?”

Lei Bing was displeased. She had never been scolded like this. But... thinking of Zhuang Li, Lei Bing suppressed her anger. “The matter of exposing the truth has been resolved. What about the matter of using a stunt double for filming? There’s video evidence for that.”

Shen Sisi sneered. “Didn’t you push all the blame on Yang Xue? She’s just an assistant trying to control me. What can I do? I’m just a pitiful actress controlled by her assistant.”

How ruthless. Shen Sisi’s heart was evil. She was forcing Yang Xue into a dead end! Yang Xue had worked hard by her side even though she had not contributed much. She worked hard and wholeheartedly to take care of Shen Sisi every day. However, Shen Sisi did not care about that and directly pushed Yang Xue out to take the blame. She even wanted to squeeze out the last drop of Yang Xue’s value. The little assistant who was hiding in the corner trembled even more violently. When she had successfully applied for the job, she thought that she had found a place that could realize her value. Every day, she was pleased. Now, she knew that she had stepped into a hell that she could not break out of.

“It sounds reasonable. Anyway, there are no dates on those videos and photos,” Lei Bing thought for a moment. She said, “Yang Xue still has the company’s contract with her. We don’t have to worry about her coming out and spouting nonsense. Alright, let’s do it this way.” It was still the same sentence. Not everyone needed to believe their words, as long as it was acceptable. Those willing to think it would be enough for them to turn the table.

Bingxin Entertainment was, after all, the leader of the entertainment industry. It moved very quickly. Two announcements were thrown out, announcing that Shen Sisi’s two previous assistants were unqualified. When the fans saw this, they felt sorry for Shen Sisi and even said that they knew that Shen Sisi was not the kind of person who would expose others behind their backs, as the Internet said.

The fans, who were not clear-headed, directly believed the company’s announcement. They even formed a group to scold the company for not being competent and not selecting a qualified assistant for Shen Sisi. They even scolded Lei Bing, the manager, for not paying attention to Shen Sisi.

### **Chapter 503: Get Away With It**

In the end, Shen Sisi wasn’t the one who did something wrong. The ones who were wrong were the others. Lei Bing, who had also been scolded, couldn’t help but sneer when she saw these comments. She looked at them disdainfully. “A bunch of idiots.”

Shen Sisi, who was protected by her fans, also sneered. “These idiots are very useful. I can use them just by showing them some kindness. They don’t know how to judge people. They’re like dogs that bite wherever we point.” She pretended to be nice to these stupid fans every day for something like now.

Those fans who spoke up for Shen Sisi should see what kind of person Shen Sisi was! The little assistant hid at the side and looked at the phone screen. Sun Na and Yang Xue’s social media accounts were filled with unbearable insults, and her trembling became even more intense. She felt she knew too much, and it was difficult for her to escape from this swamp. Now that Sun Na and Yang Xue were doomed, would she be next?

Just as Shen Sisi and Lei Bingyang gloated, their phones vibrated simultaneously. The continuous ringing of their phones made them feel uneasy.

Lei Bing was the first to pick up the phone. Wu Yu’s angry roar came from the other end. “Lei Bing! What are you and Shen Sisi doing? Are you trying to kill me?” Wu Yu treated this movie as the battlefield between him and Zheng Youcai. He wanted to use this box office battle to defeat Zheng Youcai, prove that he was better than Zheng Youcai, and seek revenge on Zheng Youcai, who had suppressed him during his university days. In the end, this damn Shen Sisi kept dragging him back, exposing one thing after another! Wu Yu gnashed his teeth in hatred.

“Director Wu Yu...” Lei Bing’s heart pounded fast. She had been dating Wu Yu, and they had worked together for so long. But she had never seen him so angry. Lei Bing’s voice could not help but tremble. “What... what’s wrong? Didn’t Sisi clarify everything on the internet? Why are you still throwing such a tantrum?”

“She clarified my ass!” Wu Yu was so angry that he cursed directly. “Bast\*rd! Why did I get Shen Sisi to be my female lead? If there’s a problem with my movie, none of you get away with it!” After saying that, he hung up the phone!

Lei Bing listened to the busy tone on the phone and was shocked. She had known Wu Yu for so many years, but she had never seen him lose his composure like this, like a desperate beast.

“Dad, why did you call me?” On the other side, Shen Sisi also picked up the phone. But before she could finish speaking, Shen Yong flew into a rage on the other side. He shouted, “You’re a disgrace. I’ll let you film a movie as you wish. But is this how you film? Why did I give birth to such a troublesome thing like you?”

After being scolded continuously, Shen Sisi was stunned. “Dad, why are you scolding me?”

“Scolding you? You have disgraced me!” Shen Yong was furious and said fiercely, “others are making fun of me. If I had known earlier, I would have strangled you when you were born!”

Shen Sisi was anxious. “Dad, can you tell me what happened first?” Impatience and viciousness flashed in her eyes as she tried hard to hold back her emotions. She controlled her temper and said, “It’s useless for you to scold me now. I don’t even know what happened. If you don’t want to tell me, what about my mother? Let her tell me about it.”

Shen Yong: “Your mother does whatever she wants to do. I don’t care if she dies outside! How can she still have the face to live after giving birth to such an embarrassing daughter like you?” Shen Yong continued to scold without caring about anything else. “I’ve been flattering others and spent a large sum of money to get you suspended from school. Is this how you repay me? Why didn’t you get hit by a car and die? You can do anything embarrassing. My reputation has been ruined because of you...”

Shen Yong seemed to have suffered humiliation elsewhere and came to Shen Sisi to vent his anger. Shen Sisi saw that he was repeatedly cursing and could not provide any information, so she hung up the phone. She was annoyed as she glanced at the little assistant crouching at the side. She picked up the cup and threw it over with a bang. “Useless thing! Hurry up and investigate!”

The assistant cried out in shock and took out her phone while trembling.

“Alright, now is not the time to lose your temper with her,” Lei Bing frowned and said in a deep voice, “Aa the moment, we should hurry up and find out what happened. Director Wu Yu also lost his temper when he called.”

#### **Chapter 504: Kill Her**

Hearing Lei Bing’s words, Shen Sisi’s heart skipped a beat. The uneasiness in her heart gradually intensified, but she couldn’t figure out what had gone wrong. The company had already helped clarify those matters online. Other than these matters, what else could there be?

Lei Bing was also full of doubts. She wanted to investigate the situation and then find countermeasures quickly. But her phone kept ringing, making it impossible for them to investigate. They couldn’t get the information they wanted temporarily.

“So annoying!” Shen Sisi roared impatiently and turned her phone to flight mode. At this moment, the little assistant hiding in the corner suddenly exclaimed. Shen Sisi, who was already highly nervous, shuddered. She glared at her fiercely. “Stop it! If you like to shout so much, then get out and shout. Otherwise, I’ll find a man and let you scream to your heart’s content!”

“No, no...” The little assistant’s face was pale as she held her phone and said, tremblingly, “Sisi, Sister Lei Bing, something happened... Yang Xue wants to live stream her suicide by jumping off a building!”

“What?” Lei Bing’s expression changed drastically. She did not care about her phone and rushed up to grab the little assistant’s phone. The little assistant’s phone was currently on Yang Xue’s personal social media platform. Two minutes ago, Yang Xue sent a post. “Since Bingxin Entertainment and Shen Sisi want to drive me to my death, I won’t live anymore. But before I die, I want to start a live broadcast to tell everyone some things and reveal the true nature of the little fairy that you all think she is. Since they want me to suffer, I’ll make sure we both suffer.”

“Who is Yang Xue trying to scare?” Shen Sisi’s face was pale, and her eyes filled with hatred. “If she wants to die, why doesn’t she die? Live broadcast, Bah!”

“Sisi, this is not a small matter,” Lei Bing frowned in disagreement. “Does Yang Xue have any evidence?” As for what evidence, of course, Shen Sisi instructed Yang Xue to stir up trouble in the production team, saying she could do nothing.

“She would not dare!” Shen Sisi widened her eyes. After being angry, she spoke with uncertainty. “Yang Xue, she... she should not have any evidence, right?” Yang Xue had just graduated from university and had become her assistant. She was a little girl who loved to cry. She had a timid personality. Shen Sisi had asked her to act arrogantly in the production team. She did not want to do it, but as long as Shen Sisi was a little fierce, she would do it in tears. Shen Sisi did not think someone with such a personality would keep evidence of her.

“You!” Lei Bing was about to pass out from anger. “You don’t know how to do things properly. She would be dead if Yang Xue had gone all out and jumped off a building. But what would you do in the future if she said something that she shouldn’t have said?” Shen Sisi was not the only one. Lei Bing had also done a lot to drag Yang Xue out to take the blame. What if Yang Xue also exposed what she had done? Shen Sisi was from a wealthy family and had a close relationship with Zhuang Li. She Sisi wouldn’t be at a disadvantage, but what about her?

“What are you afraid of?” Shen Sisi frowned and said viciously, “Since Yang Xue wants to die, let her die. Just don’t give her a chance to say it.” No one could ruin her reputation. Don’t even think about delaying her plan to marry into a wealthy family! She wanted to stand higher than Shen Hanxing and live a better life than Shen Hanxing. To achieve this goal, she didn’t care if she stepped on the blood and corpses of others. Shen Sisi’s eyes were filled with killing intent, and her ambition was beyond words.

Lei Bing was shocked. She suddenly lifted her head and looked at Shen Sisi. “You... you mean to end Yang Xue’s life before she jumps?”

“Are you afraid?” Shen Sisi curled her lips. She even smiled at such a critical moment. Her smile was bloodthirsty. She lowered her voice. “Only the dead are the safest.” As long as Yang Xue was dead, there was no way her plans would ruin.

Lei Bing opened her mouth and chose to remain silent in the end. Yang Xue wanted to die anyway. They were only helping her. Yang Xue wanted to die, but they wanted to live. So, they definitely couldn't let Yang Xue ruin them.

Shen Sisi took out her phone and went out to make a call. The little assistant listened by the side. She was so scared that her legs went weak, and she fell to the ground. If she didn't hear wrongly, Shen Sisi and Lei Bing, these two people, wanted to hire a murderer? Just as the little assistant was terrified, she suddenly felt a gaze. She looked up and met Lei Bing's thoughtful gaze. The little assistant broke out in a cold sweat.

Lei Bing grinned at the little assistant and asked her, "What did you just hear?"

### **Chapter 505: Jumping off a Building Again**

"I, I didn't hear any..." The little assistant's teeth were chattering as she tried to say, "I, I didn't hear anything."

"It's for the best if you didn't hear anything," Lei Bing curled her lips into a faint smile, and her voice was cold. "Don't forget your contract, and don't make us eliminate you. Be obedient, understand?"

The little assistant answered, "I, I understand."

On the other side, Shen Hanxing and Ji Yan had just finished eating and walked out of the private room when they heard a scream from outside. "Someone is going to jump off the building!" Shen Hanxing was stunned and looked at Ji Yan beside her. This scene was somewhat familiar. Back then, when they finished eating, someone shouted about someone trying to jump off the building. Then, they saw Bai Youyou on the rooftop, about to jump off the building.

Ji Yan was thinking the same thing as Shen Hanxing. The corner of his mouth twitched slightly, and he said coldly, "Let's go." He didn't want to meddle in other people's business. Since the person who jumped off the building didn't cherish her life, why should they interfere?

Shen Hanxing glanced at her phone. After seeing the news on it, her face darkened. "Let's go up and take a look." The little girl about to jump off the building was too stupid. It was just a matter of a contract. How did it get to the point where she wanted to jump off the building to commit suicide? Shen Hanxing could not watch a girl jump off a building. After saying that, she walked upstairs. They were eating at the revolving restaurant on the top floor. The rooftop was above them. Shen Hanxing rushed up to the rooftop quickly. When she saw the scene before her, she could not help but widen her eyes.

Yang Xue stood at the edge of the rooftop. She was wearing a red dress and holding her phone. The wind on the rooftop was very strong. The summer sun was dazzling, enough to make them panic and dizzy. However, Yang Xue was unaware of everything. She was smiling brightly at her phone. "There's a saying in our hometown that people who commit suicide in red dresses can easily become malicious ghosts. If there really are ghosts in this world..." As she said that, she suddenly moved closer to the camera. Her widened eyes were bloodshot. "Shen Sisi, are you afraid? I will look for you!"

The people watching Yang Xue's death broadcast were shocked by Yang Xue's sudden approach. They all expressed their opinions. "D\*mn, this scared me to death. Is this woman mentally abnormal? She seems to have gone crazy?"

"She must have gone crazy. If she wasn't crazy, why would she commit suicide on the live broadcast? I looked at her social media account. The comments below are all scolding her. Her phone number and address have been found. She probably committed suicide because she was desperate."

"Then why did she look for Shen Sisi? Could it be that Shen Sisi really did something to her?"

When some of Shen Sisi's fans saw this, they immediately retorted, "If this person wants to die, hurry up and die. Don't involve our Sisi."

In the live broadcast room, all sorts of comments flooded the screen. Some people advised Yang Xue not to take things too hard, while others urged her to hurry up and jump. Some people felt that Yang Xue was just a clown who didn't dare to jump. All kinds of kindness and malice gathered in the live broadcast room. Yang Xue stared blankly at their comments as if she was carefully watching what they were posting. However, it also seemed like she was in a daze and didn't see anything.

"Crazy? I am crazy," Yang Xue staggered to the rooftop's edge. The hearts of the onlookers skipped a beat, but Yang Xue wasn't afraid at all. She even looked forward to the arrival of death. A smile was on her face as she faced the wind. The wind blew her red dress, "Not long after I graduated from university. I became Shen Sisi's assistant. I used to be a fan of Shen Sisi. I envied her bright and beautiful life and liked her versatility. However, I didn't expect that the beautiful Shen Sisi, in my impression, was a devil in human skin. If it weren't for her, I could have lived an ordinary life instead of..."

Yang Xue's eyes drooped as she said miserably, "It's not like now. My appearance, past experiences, home, and address, have all been exposed. People have constantly harassed me. Strangers come to my house at night to knock on my door and splash red paint on the door of the house I live in. My Daddy and Mommy are too old to go out. They live in fear every day. They even let my younger brother be bullied and ridiculed in school because he has a sister like me." There was hatred in her eyes and confusion, "I do not know what I did wrong. I don't know why they do to me..."

## **Chapter 506: She Could Only Wait**

Yang Xue had no way of confiding it to anyone. Because of the contract, she could not prove her innocence. No one believed that she did not do it. Her world had turned dark overnight. She finally got a moment of peace, but she had suddenly become the target of public criticism. She could no longer bear it after being bombarded with accusations.

At this moment, a streak of red fonts in bold flashed across the comments section. "Don't act pity. You deserve to die! You're so vicious. Why don't you go to hell?" The bloody red words were so striking.

Yang Xue was already numb reading the comments. Yet, she narrowed her eyes when she saw this comment. Someone watching the live broadcast saw this comment and said, "Isn't that inappropriate? It is a human life. How could you say that?" Someone else said, "She doesn't even cherish her own life."

She even threatened to commit suicide, saying that others are framing her. She is not worthy of living! It's her own fault!"

While the netizens were arguing passionately, no one noticed that someone was quietly approaching Yang Xue from the side.

"I knew that it's useless for me to say anything. No one believed me." The last beam of hope in Yang Xue's eyes disappeared. Everyone in the world was pushing her into the abyss of death. No one was willing to help her. They were all waiting for her death. Perhaps she should not have existed in the first place. Yang Xue lowered her head and gave up explaining. She laughed at herself. "I'll wait here for half an hour. Shen Sisi, do you dare to confront me in public? Whether you come or not, I'll wait here. I'll use my life to prove my innocence." She did not say another word. She pursed her lips and stood quietly under the sunlight, waiting like a soulless puppet.

Shen Hanxing frowned and took a step forward.

"Don't come over!" Yang Xue was unexpectedly sharp. She screamed, "I don't need any of you to save me. If I want to die, it's my own choice. I don't need you to save me!" As she said that, she took a step out of the rooftop. She was going to make a jump if she was provoked.

Shen Hanxing frowned. "Don't be so stubborn. There is a solution to every problem. Is it worth it to give up your life for some words and a misunderstanding?"

"Mrs. Ji? I know you." Yang Xue's eyes were dazed for a moment. She shook her head and continued, "I know you're a good person, but don't try to persuade me. I have my own thoughts." After saying that, she lowered her head and continued to be in a daze. Seeing Yang Xue's expression, Shen Hanxing clenched her fists and stopped in her tracks. She could feel that Yang Xue was determined to jump off the building. She was determined to die.

The feeling of helplessness filled Shen Hanxing's heart. At this moment, Ji Yan reached out and held Shen Hanxing's hand. He said softly, "Don't be anxious."

This matter could not be rushed. Since Yang Xue wanted to wait for Shen Sisi, they would wait as well. Perhaps there would be a turn of events. Shen Hanxing knew that all they needed was patience. She could only wait.

Seeing that Shen Hanxing had calmed down, Ji Yan turned around and asked for a parasol from the hotel. He kept Shen Hanxing shaded to prevent the scorching sun from burning her skin.

On the other side, when the netizens watching Yang Xue's live broadcast heard Shen Hanxing's name, they asked Yang Xue to show them around. They wanted to see Shen Hanxing, but Yang Xue did not do as they said. She did not do anything. She did not even respond to the curses. She simply waited.

Under such circumstances, Shen Sisi had no choice but to come. She was a public figure now. If she did not come, people would criticize her, saying that she was cruel and cold-blooded. Shen Sisi looked at the glaring sunlight and curled her lips in disdain. "If Yang Xue wants to die, can't she just do it? The sun is scorching hot. What if I get tanned?"

A human life was not as important as Shen Sisi's skin care. Lei Bing frowned and reminded her, "Be careful when you go up later. Yang Xue is having a live broadcast." She had not even walked up to the

rooftop, but she could already feel the heat wave. Her mood became even more agitated. "I have already planned it. They will create a chaos and push Yang Xue down. She won't get a chance to speak. When you go up, remember to create chaos and provoke Yang Xue." The more chaotic it was, the better it would be for her plan.

"Got it." Shen Sisi took a deep breath and hid the impatience in her eyes.

### **Chapter 507: You're Wearing the Necklace That I Gave You**

Shen Sisi's heart was filled with hatred. If Yang Xue was not being ethical, then Shen Sisi would not go easy on her! In this world, no one could stop Shen Sisi from going up. Yang Xue did not know what was good for her. She should go to Hell.

Shen Hanxing and Ji Yan were standing on the edge of the rooftop. When they heard the sound, they turned around and saw Shen Sisi. Shen Sisi's expression froze. She subconsciously put on a little smile. "Sister, CEO Ji, why are you here?"

"How could you smile at this moment?" Shen Hanxing's eyes were cold. She looked at Shen Sisi and said coldly, "After doing so many shameful things, aren't you afraid of getting nightmares?"

"Sister, I can't help it if Yang Xue wants to jump off the building. I can't cry whenever I see anyone just because she wants to commit suicide, right?" Shen Sisi's expression was malevolent for a moment. Then, she lowered her eyes and said aggrievedly, "I know you don't like me, but you can't stand with some outsiders and accuse me. I didn't do anything..."

"Lies!" The coldness in Shen Hanxing's eyes deepened. She clenched her fist and said, "Shen Sisi, if you still have a bit of conscience, think of a way to save Yang Xue."

"Sister, look at what you're saying. Since I'm here, I must persuade Yang Xue to stay alive." Shen Sisi's voice was gentle as she said with a faint smile. She continued softly, "Sister, don't worry. I will do my best. Moreover, I will clear my name and prove that I'm innocent." After saying that, she took off her sunglasses and put them into her bag. Then, she walked towards Yang Xue in her high heels.

Shen Hanxing recalled the last look on Shen Sisi's face. A creepy thought rose in her heart. No way... Shen Sisi wouldn't be so crazy, right?

"My wife, don't worry. I'll take care of everything." Ji Yan's warm palm held onto Shen Hanxing's shoulder.

Hearing Ji Yan's words, Shen Hanxing felt more at ease.

Yang Xue noticed Shen Sisi's arrival. She instantly raised her head as she saw Shen Sisi. Her eyes were filled with a hint of sorrow. "You're finally here!"

"Yang Xue, why are you so stubborn?" Shen Sisi's face was pale. In the blink of an eye, she went teary as she stood in the distance with a sad face. She sobbed and said, "Life is so precious. How can you give it up so easily? Promise me that you'll come down now, okay?"

“Stop pretending!” Seeing Shen Sisi’s pretentious look, Yang Xue was angry. She screamed, “Shen Sisi, you are the one who made me this way!”

“Yang Xue, how could you say that? When you worked by my side, did I not treat you well?” Shen Sisi looked hurt. She looked at Yang Xue with a pained expression. “Look at this necklace. I gave it to you back then...”

Yang Xue was stunned. She subconsciously touched the necklace on her neck. She had come here with the determination to die. She had no intention of leaving here alive. Thinking that this was her last day on Earth, she forced herself to cheer up. She changed into a red dress, picked a piece of jewelry, and put on light makeup. She wanted to leave this world with dignity. In a daze, she did not even realize that the necklace was a gift from Shen Sisi.

Thinking of the scene when Shen Sisi gave her the necklace, Yang Xue felt humiliated. Shen Sisi gave it to her when she ordered Yang Xue to beg Wu Yu to change the script. At that time, Shen Sisi was looking down on her. She smiled and said, “Well done. Here, this necklace is yours.” After saying that, Shen Sisi clapped and said with a smile, “Anyway, you’re ugly. This necklace is also ugly. It’s quite a good match.”

Recalling the embarrassment and despair at that moment, Yang Xue raised her hand and tore off the necklace fiercely. “I don’t need your mercy! You’re not giving me a necklace at all. You’re humiliating me! I don’t want your necklace! I don’t want it! I don’t want it!” As she said that, she stepped on the necklace on the ground while standing at the edge of the rooftop. Her body swayed due to the intense movements. The onlookers cried out in surprise.

“I don’t know who instigated you to commit suicide. Yang Xue, you have to know that nothing in this world is more important than your life.” Shen Sisi’s eyes flashed with hidden pride. However, her face was full of sadness. She appeared all gentle and kind. “It’s okay if you don’t want the necklace. I’ll give you whatever you want. I just want you to come down, okay? If you give up the idea of committing suicide, you can have anything you want.”

### **Chapter 508: Don’t Come Close!**

After a pause, Shen Sisi continued, “Do you act like this because Sis Lei Bing fired you as you couldn’t handle things well? Yang Xue, if you come down, I promise you that I’ll hire you to work, okay? I know that you’re a good girl who works hard, but you are not too talented... Your temper might be a little bad. You can’t handle the pressure. But, it’s okay. In the future, I’ll listen to whatever you say. You’re still my assistant, okay? Come down quickly...”

There were fans of Shen Sisi in the live broadcast room. When they heard what Shen Sisi said, they couldn’t help but sigh. “Aiks, Sisi is kind! Isn’t Yang Xue trying to take advantage? By threatening to commit suicide, she can get a job and control an artist! Yang Xue is shameless! It’s clear that she didn’t do her job well, yet she wants Sisi to accommodate her. She should just go to Hell!”

Because of Shen Sisi’s words, the comments section was filled with words urging Yang Xue to jump as soon as possible. They mocked Yang Xue for being too greedy. Coincidentally, Yang Xue looked at the phone screen and saw the cursing words. Yang Xue let out a soft laugh. Again... it had always been like

this. She didn't do anything, but she had always been accused. Shen Sisi was the main culprit, but she appeared like an untainted, kind-hearted fairy.

"I don't want to be your assistant, Shen Sisi. Stop pretending! I don't want to hear you say these disgusting things anymore!" Yang Xue was on the verge of going crazy. She suddenly threw the bag away and scolded angrily, "Again! It's not my fault! I didn't do anything! I didn't do anything wrong!" She was almost hysterical. During this period, Yang Xue could neither sleep nor eat well. Her body was so skinny. Now, she was shaking in her thin, skinny figure. It looked extremely dangerous.

"Alright, alright. It's all my fault. You didn't do anything wrong." Shen Sisi's voice was anxious. Without leaving a trace, she gave a signal to someone by her side. She said to Yang Xue repeatedly, "It's all my fault. Yang Xue, watch out. Don't be rash."

"It was all your idea. It was you who didn't want to act. It was you who didn't want this and that. Why are you blaming me?" Yang Xue roared as she stomped on the things under her feet. She even pushed away the sundries on the rooftop and cursed, "I didn't do it. I only listened to your orders. I didn't want to change the script. I didn't ask you to use a substitute! I didn't!"

Yang Xue was sobbing. Unfortunately, no one listened to her explanation seriously. The people in the live broadcast room stared at Yang Xue indifferently as if they were watching a joke.

"Yang Xue, calm down. It's too dangerous." Shen Sisi looked very anxious. She seemed to be at a loss as she ran forward. "Come down quickly. Be careful!"

"Don't come over!" Yang Xue screamed.

At this moment, a man suddenly ran out from the other side and straight toward Yang Xue. The man's eyes were filled with malice as he smiled ferociously. Rather than trying to save Yang Xue, he was trying to her down!

"Be careful, miss. Don't get carried away. I'm coming to save you right now!" The man shouted as he ran. He yelled loudly as if he was afraid that Yang Xue would not notice him.

Oh no! Shen Hanxing immediately sensed that something was wrong. She subconsciously shouted, "Danger!" Then, she ran forward in a hurry. She was focusing on Yang Xue just now. She was standing quite far away from the man, so she couldn't stop him.

"Don't come over. Get lost!" Yang Xue was so angry that she had lost her mind. She waved her arms and legs randomly. "Don't come near me! Get lost!"

Of course, the man would not listen to her. He went even faster. It would be better if Yang Xue jumped on her own out of fear. He did not even need to make a move. If this woman was dead, he would get the money that he would never make in his lifetime. The man's eyes were filled with pride. He turned a blind eye to Yang Xue who was crying. He quickly approached her.

Soon, soon. Yang Xue was only a step away from falling. The man's face revealed a smug smile. Bang! At this moment, a pair of long legs kicked on the man's chest.

The man was thrown seven to eight meters away. His body formed an arc and crashed into the wall. He let out a painful groan.

## Chapter 509: I Can Help

Wow... How strong was the kick? How strong was it that the man with a built body was thrown so far away?

Yang Xue who was agitated was stunned on the spot. She stood a few inches away from the edge and watched this scene in a daze.

The man clutched his chest and coughed out a mouthful of blood. He glared viciously at Ji Yan. "Hey... What are you doing?" Damn it. He had missed such a good opportunity! His further actions would seem too obvious then. It would be difficult for him to get close to Yang Xue now. The person in front of him made him lose all his money!

The man's eyes were filled with hatred. He made the first move and glared viciously at Ji Yan, "I was trying to save her. Why did you stop me? What are your intentions?"

Ji Yan who had stopped the man in the nick of time had a cold and distant expression on his face. He looked at the man as if he was looking at a dead object. When the man met Ji Yan's gaze, he could not help but tremble.

"You know very well whether you want to save or kill her," Ji Yan said coldly as he raised his pitch-black eyes. He looked at the stunned Yang Xue and said, "Many people want you to die. Your death will only make these people happy. In that case, are you sure you want to die?"

"Then what can I do? I have signed the contract. If I break the contract, I will have to pay a huge sum of money!" Under Ji Yan's cold and sharp gaze, Yang Xue suddenly broke down. Her tears fell like raindrops as she squatted on the ground with her hands covering her face. She let out a desperate cry. "What can I do? I can never earn this much money in my entire life. How can I pay it back? I can't tell the truth. Everyone thinks that I'm wrong. No one believes me. What else do I have?" Any mortal life would be afraid of death. Didn't she want to live too? But she had no choice! If she stayed alive, she wouldn't be able to clarify the matters on the internet. She would also implicate her family. She would live like a rat in the gutter which was unable to live under the daylight. But if she clarified everything, she would have to pay a huge sum of money. It might not even leave an impact. In the end, if she offended Shen Sisi, she would affect her family. Yang Xue had no other way but to die.

"Do you have any evidence?" At this moment, Shen Hanxing's clear voice sounded. She walked out of the crowd and stood under the scorching summer sun. She asked softly, "Yang Xue, if you have evidence to prove your innocence, then just say it. I will pay for all the penalty fees."

"Mrs. Ji?" Yang Xue raised her head in a daze. She stood on the rooftop for too long. Her body was burning and her vision went black. It was as if she would faint in the darkness at any time. However, someone reached out a warm hand to her and pulled her out of the darkness. She could now walk under the sunlight.

Facing the glaring sunlight, Yang Xue asked herself, 'Is this real? Can I accept Shen Hanxing's help?' Tears rolled in Yang Xue's eyes, but she did not dare to reach out. She was afraid that she would be disappointed and suffer even more. She did not dare to trust people anymore.

“If you know me, you should know that I have established the Starry Foundation to help women who are in trouble.” Shen Hanxing raised her red lips as she raised her fair hand to Yang Xue. “You can apply for it. The foundation has a special legal team that can help you with the lawsuit for the breach of contract. I don’t know if the high penalty fee is reasonable, but the legal team will give you a professional consultation. What you need to do is to regularly contribute or pay for the foundation after you have settled the matter.”

Shen Hanxing’s eyes were as clear as the blue sky. Her gaze was gentle like clear river water, but with a sense of tenacity. Yang Xue met her gaze and felt like she could gather some strength from her body. Yang Xue’s body was trembling.

Shen Sisi gritted her teeth. Her eyes filled with hatred and anger. Damn it! Damn it! Shen Hanxing and Ji Yan had come to ruin her plans again! If it weren’t for them, Yang Xue would have fallen and died! They were so annoying!

Shen Sisi was furious and afraid at the same time. What if Yang Xue had come to terms with it? If she had evidence, what if she revealed the truth? Shen Sisi’s reputation would be ruined.

### **Chapter 510: Can You Afford It?**

Shen Sisi’s heart was in a mess. If her reputation was tarnished, she would never be accepted by any rich family, let alone the entertainment industry. Would anyone marry her? Would Zhuang Li want her? Would Cheng Songyang despise her? If that was the case, her dad Shen Yong would never let her off! Did Yang Xue have evidence in her hands? No, she did not. How could a stupid woman like Yang Xue have any evidence?

“Yang Xue, that’s great. Sister Hanxing is willing to help you. You can finally live a good life!” Shen Sisi rolled her eyes and revealed a delighted smile. “I have no way to interfere with the contract that the company signed with you. However, it’s different if Sister Hanxing can help you. Things will be a lot better! Yang Xue, your future is bright. You must be more open-minded.”

Shen Sisi smiled. Her pure face looked clean and beautiful under the sunlight. “If you have evidence that the company is manipulating you, you must bring it to us! You just need to have the evidence!” She sounded like she was happy for Yang Xue. However, she was actually putting the blame on the company. She was also hinting to Yang Xue that Shen Hanxing would not help her without evidence.

Yang Xue’s eyes sparkled with hope. There was a hint of struggle and hesitation in her eyes. The man in the corner knew that he had no chance. He sneakily got up and tried to escape. He could no longer get the money, so he did not want to cause any more trouble. He could leave now while no one was paying attention to him. However, just as he got up, he was kicked in the face.

Ji Yan’s luxurious custom-made leather shoes stepped on the man’s face. His eyes were filled with a bloody coldness. “Where do you want to go?”

“Hey... Don’t go too far!” The man’s face turned pale. He forced himself to say, “I won’t argue with you about the fight. I just want to go to the hospital. What, are you trying to be unreasonable just because you are rich?”

“I shouldn’t be unreasonable, but you shouldn’t break the law too.” Ji Yan looked at the man with a mocking gaze. “You attempted a murder. Are you trying to run away?”

The scene was in an uproar after hearing that. They were quite loud. Plus, they were coincidentally captured by the phone camera. The audience in the live broadcast room could easily hear their voices.

“F\*ck, what did I hear? Attempt a murder? It couldn’t be, right? I was thinking that Ji Yan went a little bit too far. Was this man trying to murder her?”

There were also dissenting voices saying that Ji Yan was thinking too much. They thought the man was simply trying to save Yang Xue. The live broadcast room was a mess. Everyone had their own opinions. However, none of them could affect Ji Yan. His expression was ice-cold as he looked at the man with a mocking smile. He said, “The clothes you’re wearing are all from street stalls. The average bill per head of the restaurant here is more than 8,000 yuan. Can you afford it?”

“I . . . I want to be extravagant for once, can’t I?” The man’s face was flushed red. He was very flustered. His mouth was full of nonsense as he quibbled, “You rich people can live a life of luxury. Can’t I relax once in a while?”

“Of course you can. The calluses on your hands and the marks on your face show that you’re a manual worker. There are calluses on your neck... Perhaps you’re working at a construction site. Perhaps you have been moving bricks?” Ji Yan’s expression did not change. His voice was cold. His pleasant cello-like voice sounded like thunder in the man’s ears. “It’s your freedom to spend a month of your living expenses as a brick-moving worker. However, you deliberately shouted and scared Yang Xue who’s already agitated. More importantly, most of us would stretch our arms out to save someone, but you’re pushing...”

After a pause, Ji Yan frowned in disgust. Smelling the alcohol on the man’s body, he sneered and said, “Did you have alcohol while eating just now? Did you have a premonition that you were going to become rich, so you celebrated in advance?” Without drinking, the bill per head would be around 8,000 yuan. In a high-class restaurant, not everybody could afford ordering alcoholic drinks. It was extravagant enough for a manual worker to spend more than a month’s salary to have a meal here. Why would he go extra miles to drink alcohol?
