Chapter 2211: That's Why

"At that time, I thought that I could not let my son join the army in the future. It was enough for you to worry about your husband. I could not let you worry about your son. I also hoped that my son would learn medicine from you and be as powerful as you. When the injured soldier needed him, he would be able to save more people."

He had poured his hopes onto his son.

If he were to leave, that child could become Jiang Yao's sunshine for the rest of her life, warming her and accompanying her.

He also hoped that the child would become the reason for her to live well.

Lu Chenyang. He only thought about her, the one person he could not let go of.

Everything that he could arrange revolved around her.

Jiang Yao did not say anything. She quietly reached out and took Lu Xingzhi's hand.

Perhaps it was because of the clouds, but the moonlight that fell through the window suddenly disappeared. The entire room suddenly became dark.

Jiang Yao suddenly spoke, "Actually, you don't have to say those words anymore. One day, if you have to leave me, I won't marry anyone else. I will raise our child and watch him grow into a man. I will look for you when my hair is white, and the heavens don't allow me to live anymore.

"Once you are gone, I know there won't be a second Lu Xingzhi for me in this world. No one else can replace you. No one will dote on me as you do. You are irreplaceable.

"If you're not around, when the child grows up and has his own family and leaves me, I'll be alone for the rest of my life. I'll eat by myself, sleep by myself, watch TV by myself, and read by myself.

"It is pitiful to be alone. I can't cook well and can't change a light bulb. I might not be able to find someone to help fix it. I might be sick in the middle of the night, and I might be unable to find someone to pour me a glass of water. I might even have to talk to the air.

"If I'm too cold, no one will whisper in my ear that I'm not allowed to turn on the air conditioner. Even if I eat ten popsicles daily and drink a box of cold sodas, no one will care about me. Even if I can do whatever I want, I'll be lonely."

“Let’s not talk about that anymore.” Lu Xingzhi tightened his grip on Jiang Yao’s palm. “That day will never come.”

Her words made his heart ache so much that he wanted to slap himself.

“That’s why you have to live.”

Those words were light, but that was what Jiang Yao wanted to say the most after saying so many things.

“No matter what, you have to live.”

“My life will only have meaning if I’m with you, and I won’t be so lonely.

He had not been by her side for a few short days, and she had missed him so much that she was going crazy. She did not dare imagine how she would endure that kind of extended absence.

That was not the first time Jiang Yao had said that, but it was the most heart-wrenching moment for Lu Xingzhi.

Lu Xingzhi turned on the light and wanted to hug her, but the first thing he saw was the tears rolling in her eyes.

She was a girl who loved to laugh. She was beautiful when she smiled. Why did she have to cry so much after marrying him?

“Don’t cry,” Lu Xingzhi coaxed her gently. “I won’t let you cry again. Well, except on the bed.” Very good.

That was good.

One sentence rendered the crying individual unable to cry..

Chapter 2212: Chilly And Violent

Jiang Yao’s feelings were trapped in her throat. She rolled her eyes at Lu Xingzhi, snorted, and moved away.

“You are upset? Hit me if you are upset. Don’t dismiss me.” Jiang Yao’s habit of offering him the back of her head became obvious to Lu Xingzhi. She would point the back of her head at him if she were upset.

Yes, one might describe that as chilly and violent.

Jiang Yao abruptly addressed him again. “Lu Xingzhi.”

“Yes.”

“Be quiet.”

“Okay, I will shut up now.”

Lu Xingzhi did not say anything, but his hands and feet kept bothering Jiang Yao. He would occasionally rub the soles of his feet on her legs and touch her hair with his hands.

His harassment almost enraged Jiang Yao. In the end, she had no choice but to back down and compromise. She closed her eyes and fell asleep—out of sight, out of mind.

“Why didn’t you do that sooner?” Lu Xingzhi murmured quietly. He stopped bothering Jiang Yao after realizing she was exhausted.

Even though the bed was huge when the two beds were joined, Jiang Yao was still concerned that it might force Lu Xingzhi down, so she curled up on her side and slept peacefully.

Pregnant women slept soundly. Even Lu Xingzhi, who had only slept for half a day, was exhausted from staring at her.

Jiang Yao knew Lu Xingzhi was looking at her as she closed her eyes. She could not be bothered with Lu Xingzhi any longer since she was too tired. Jiang Yao had no idea when she had fallen asleep.

She simply assumed that with him by her side, she would be unable to sleep for the rest of the night.

While Lu Xingzhi was in the hospital in Lanning, some of his comrades visited him there.

The ward was buzzing the following day. People came and departed, but those who came sincerely cared for Lu Xingzhi. As a result, Lu Xingzhi was cheerful that morning.

“Colonel Lu, I heard the other captain’s leg was amputated. That was fortunate for him. He was so proud that he ignored other people’s advice and caused the death of so many comrades. That was truly terrible.”

“He was in the same hospital and had many people with him. Didn’t a female specialist help a patient do a reconstruction surgery last time? That patient almost recovered, and

aside from a scar, his leg seemed fine. I heard they were trying to track down this specialist.”

“Yes, his leg has been amputated. Do you think the specialist can reattach his leg even if they found her? What good is that? His actions already destroyed his future.”

A few of them discussed Chen Qijie with Lu Xingzhi. Then, Jiang Yao emerged from the bathroom, carrying a platter of fruits, and strolled over to them.

They brought the fruits when they arrived. Jiang Yao and Lu Xingzhi had only reached the night before, so they had nothing to serve the visitors.

“Don’t do so much work, Mrs. Lu. You’re pregnant. Colonel Lu might punish us for making you serve us.” One of the soldiers joked with her. He took the platter from Jiang Yao as if he was concerned she might tire herself out if she held it any longer.

“By the way, we heard that you’ve been very helpful in Damnu town, Mrs. Lu.

The hospital managed to save many of our friends because of you.. ”

Chapter 2213: Return To Luo City

“You are also a doctor. Do you remember the female doctor in the hospital the last time I was there? She was able to reattach one of our buddies’ damaged legs due to a blast. She is quite skillful! Our colleague is doing exceptionally well. He can now run and jump.”

They knew Colonel Lu’s wife was a doctor. She had done a lot of good in Danmu town at the time, but they had not heard the details.

The soldiers who had returned to recover were not gravely hurt. Jiang Yao had not handled their cases. As a result, they only knew Colonel Lu’s wife had also helped out at the hospital. The troops Jiang Yao treated were still at Danmu town’s hospital.

“I did the best I could.” Jiang Yao did not respond to the inquiry. She was not eager to claim credit for her previous accomplishments. It was still unclear whether Chen Qijie’s relatives would be able to locate her. They might retreat when they finally find her.

Why would Lu Xingzhi’s wife assist Chen Qijie’s surgery?

They must be thoroughly aware of the situation.

“Alright, stop surrounding my wife.” Lu Xingzhi was not too happy when he saw a group of young men surrounding his wife. After chatting with them for a while, he began to chase them away and told them to return to the army base.

The soldiers would definitely be busy at that time. There were many things that needed to be dealt with, and there were other things that needed to be done.

On that day, after Qian Yunen left on the helicopter, he went to Danmu town. However, he turned around and left after that. Qian Yunen had rushed out of the border town with the helicopter and left.

Old Master Liang and Liang Yueze had a lot on their plates. They needed to find out where Qian Yunen had gone. They also needed to figure out who was behind Qian Yunen and who had provided him such significant sums of money as assistance. What happened to the helicopters?

In short, someone must be behind Qian Yunen.

As well as the reagents and their applications—that mattered more than anything else.

The ward quickly quieted down when the group of troops left. There was only the sound of someone calmly chewing on an apple. He was pleasantly eating.

Moe was starving. He selected the largest apple on the plate. It was bigger than his body, but he could not bear to let go of it, no matter how difficult it was to hold.

“These apples are better than the ones we have.” After a few bites, Moe came to that conclusion.

Jiang Yao grinned and grabbed her tummy as she lifted Moe and the big apple from the platter. “Don’t put it back in. It’s unhygienic.”

Moe was a cat preoccupied with cleanliness, but Jiang Yao was unaware of it.

Lu Xingzhi recovered very quickly under Jiang Yao’s care. A week later, he was transferred from Lanning to Luo City’s hospital.

It was two or three o’clock in the afternoon when he got off the helicopter. The afternoon sun in Luo City was still unbearably hot at the moment. Mr. and Mrs. Jiang were unconcerned and waited on the roof.

Mr. Jiang and Mrs. Jiang ran over when they saw Jiang Yao get out of the chopper. “Are you okay?” one of them asked, clutching Jiang Yao’s hand.. “Is the baby fine? Are you injured?”

Chapter 2214: At Least Another Week

“Were you scared?”

The couple kept asking, making Jiang Yao’s nose itch.

“I’m sorry we made you worry, Dad, Mom. I am perfectly fine. I didn’t even break a sweat. I am brave, so I am not afraid. Xingzhi is fine.”

Jiang Yao soothed her frightened parents by hugging them. She took a step back and requested others to assist Lu Xingzhi.

Lu Xingzhi’s ability to recuperate was exceptional. Furthermore, because he used medicine from Jiang Yao’s medical system, he recovered faster than any ordinary patient. After all, he had been gravely injured. Even if he could fly, he still had to lie down and be carried up and down the aircraft.

Lu Xingzhi’s face was clean, and he had changed his clothes in the morning, so he appeared active. His face was wrapped in white gauze, and he had just taken his medication before leaving. There was still a slight odor of ointment on his skin.

“It is great to see you. Your father and I will go to the temple and pray for your safety.” Mrs. Jiang clasped her hands together. “We need to give thanks too..”

“Go, go.” Mr. Jiang nodded. He remembered those two being in the same situation not long before. One had just been released from the hospital, and the other had returned to the hospital. The doctors and nurses in that hospital had become old friends.

The wards were in better condition than those in the hospitals in Lanning City. The best wards here were like little suites, with hot water baths available 24 hours a day.

Even though they were still in a hospital, Lu Xingzhi felt considerably more at ease remaining in a hospital with which he was more familiar and closer to home.

Mr. Jiang and Mrs. Jiang had packed Lu Xingzhi’s daily essentials, which included a toothbrush, a towel, and a basin.

Lu Xingzhi had always been a self-sufficient individual. He felt mortified to see Jiang Yao’s parents so focused on him.

“When can I walk, Yaoyao?” Lu Xingzhi asked.

Although the tubes placed into his body had gone, Lu Xingzhi still felt rotten. He had longed to get up and move since, but every time he did, Jiang Yao chastised him.

“At least another week,” Jiang Yao responded, hardly even opening her eyes. “However, you should refrain from eating solid foods for the time being. You can eat fruits.”

Lu Xingzhi arched his brow. That was excellent news.

It was alright if he did not say anything because the situation made him feel like his balls were aching.

“Dad, Mom, you are welcome to stay at my dorm for the next few days. So you don’t have to go back to the army base. It’s too far and difficult to make daily trips,” Jiang Yao said. “There’s a separate kitchen in the dormitory. There’s a vegetable market near the university. You can go there to buy vegetables. There’s a landline in the dormitory. When you wish to go out, phone Big Ke ahead of time and request that they collect you up at the university gate.”

The ward was not horrible, so Jiang Yao intended to stay with Lu Xingzhi until he was better before returning to university.

Lu Xingzhi’s mother wanted to care for Lu Xingzhi personally, so Jiang Yao’s parents readily consented to Jiang Yao’s plan.

Jiang Yao’s university was a little far from the hospital, but having a car to pick her up was not a problem..

Chapter 2215: How Did You Get That Conclusion?

Mr. and Mrs. Jiang left after washing up. They needed to get to Jiang Yao’s dormitory early to finish cleaning. After all, no one had been there for quite some time. They had to return and tidy up the place. They also needed to buy veggies to cook dinner for Jiang Yao and Lu Xingzhi.

“Bring me a mirror,” Lu Xingzhi said as soon as the two elderly folks left.

“What are you up to?” Jiang Yao inquired, perplexed. However, seeing how hurried Lu Xingzhi was, she rushed to the restroom, took out a small mirror, and handed it to him.

Jiang Yao stood to the side and stared at the mirror after delivering it to Lu Xingzhi. The man examined his face after taking the mirror. Then he lifted the gauze covering his cheek incision and continued to stare at her. She was aware of what he was doing.

The weather in the south was still quite hot, so when Jiang Yao changed Lu Xingzhi's dressing in the morning, the gauze just covered the wound on the other side and did not adequately bandage it. Lu Xingzhi raised the gauze and could see the wound.

It was hideous.

Lu Xingzhi groaned. "Will I get a scar?"

He lifted the mirror and peered to the left and right. He sighed once more. "I'm disfigured."

Jiang Yao genuinely wanted to tease him, saying that there was no such thing as a disfigured face. Those who could be disfigured were all originally good-looking.

However, Lu Xingzhi appeared to be sorrowful, so she could not bring herself to say those things.

"Yaoyao." Lu Xingzhi scowled and tossed the mirror aside. "Will you dislike me if I am damaged, scarred, and ugly?"

Jiang Yao appeared surprised. "How did you arrive at that conclusion?"

"You prefer attractive people." It was then Lu Xingzhi's turn to scoff. "Don't think that I don't know. You can't resist but take a couple more glances at attractive men. When you were with Shao Fucheng, you dressed better than when you were with other people. You will gaze at the most attractive guy you see when you are in the army base. In ancient times, you'd be a foolish king who used sex to serve others."

Jiang Yao was so enraged that she burst out laughing. She raised her hand and patted Lu Xingzhi's hand. "What are you talking about? Who was staring at others? I peeped at who?"

That was all gibberish from Lu Xingzhi. How could she have let him know if she were peeping?

She was well aware of how envious he could get. She would always gaze straight ahead when he was by her side and never look at a passerby.

She would glance twice when he was not present, but he had no idea.

That was a very typical human reaction. Humans were visual creatures. When they saw something attractive, they could not help but halt.

"Don't worry. I have some cream for that. There are different methods for removing scars." Lu Xingzhi believed her because she had erased Zheng Yi and Chen Feibai's scars. She even did the same for his minor scars.

“Can’t you just say that you’d still love me even if I’m ugly?”

Lu Xingzhi scowled. “I am the one who has been scarred, but you don’t even want to console me.”

Was it possible that some people’s brains would be destroyed with their bodies when they were sick?

Or, when a man was sick or hurt, no matter how composed he was normally, he would suddenly transform into a bizarre person, becoming demanding and childlike..

Chapter 2216: It Isn’t Difficult

“So, Yaoyao, you love my face but not my body? You married me because you liked my face and body.” Lu Xingzhi accused Jiang Yao with an expression that said she was a monster.

“Shut the f*ck up, Lu Xingzhi.”

Jiang Yao could not take it anymore. She yelled at him, “Didn’t you marry me because of my face and body?”

Between her and Lu Xingzhi, who was the leader? Was that guy going to turn the tables on her?

“Okay, I admit that I am.” Lu Xingzhi burst out laughing. After teasing his wife, he stretched his hand toward Jiang Yao. “Come over here, and let me hug you. I haven’t talked to Chenyang today. ”

Lu Xingzhi shrugged as he noticed Jiang Yao was still standing there and did not appear to want to go to him. “Come on over. I won’t tease you any longer.” He was only interested in making her happy and seeing how lovely she looked when she bristled. He missed her because it had been too long since he had seen her.

Jiang Yao had had a difficult time caring for him in recent days, so Lu Xingzhi took advantage of the fact that she was in an excellent mood to joke with her for a while.

Jiang Yao had worked hard, but Lu Xingzhi felt terrible for her. That is why he was so eager to get up and running as quickly as possible, so he could at least tackle his physical difficulties on his own.

However, Lu Xingzhi’s plan to speak with his kid was pushed back because she was detained in the ward. Professor Ouyang and the lawyer were among those who arrived.

When they knew that Lu Xingzhi was back, they came to visit him together. Please read new chapter at B o n n o v e l . c o m

The lawyer had been assisting Jiang Yao with her affairs over the past several days, so Professor Ouyang had assisted her quite a bit. The two of them were then extremely familiar with one other.

“Professor.” Jiang Yao responded by inviting the two of them into the room. After greeting the lawyer, she turned to speak to Professor Ouyang. “Professor, don’t you have classes in the afternoon? Why are you here now?”

“I do have classes, but I told them to learn in the lab so I can come and see you two.” Professor Ouyang glanced at the man on the bed and said, “It looks like both of you have been staying in the hospital quite frequently.”

“By the way, Director Jiang, this photo is of the two people who had contact with Li Hong’s family. This photo was taken by a photojournalist for a new article that day. It just happened to capture the moment when the two of them came out of Li Hong’s home.” The lawyer handed the photo to Jiang Yao. “The photographer also managed to capture the two people’s faces.

“Master Cheng already has evidence to prove that Li Hong’s family received the money, so Li Hong’s subsequent testimony can’t be trusted. Li Hong’s parents will be sent back to the country soon. When the time comes, go and see Li Hong and tell her about that. See if she will change her statement. ‘

After a pause, Jiang Yao said, “Actually, it shouldn’t be very difficult to get Li

Hong’s parents to admit that it was Li Hong who paid them, right?”

“It’s not difficult,” Lu Xingzhi said. “As long as Li Hong’s parents say that Li Hong entrusted the person who gave them the money, it will be fine.”

The common folk had never seen so much money. Money could make the world go round; it was just a matter of how much money was given.

Professor Ouyang stood there without saying anything. After hearing Lu Xingzhi’s statements, the lawyer comprehended. He exited the room without saying anything else.

Professor Ouyang sighed and shook his head. “It looks like we can’t compare some students to those from Nanjiang City. Some are amateurs, while some are professionals. I still have to see those idiots for a few more years. I feel like I have nothing left to live for..”

Chapter 2217: Discovered

Professor Ouyang had been enraged by the incident at the time. Li Hong's performance was ordinary. Even though she did many other good deeds, her character was still an issue.

"The two guys in the photo are already dead," Lu Xingzhi said as Jiang Yao comforted Professor Ouyang.

"Dead?!" Jiang Yao was taken aback. She turned around and saw that the photo she was holding had ended up in the hands of Lu Xingzhi. "Did you happen to see those two men?"

"Qian Yunen employed them to entice that imbecile Chen Qijie." Lu Xingzhi nodded. "After Chen Qijie fell into the trap, Qian Yunen's men took care of the two guys."

"What exactly do you mean by taking care of them?" Professor Ouyang abruptly inquired.

Lu Xingzhi explained, "They had gunshot wounds on their bodies. Take a look at the bullet casings next to them. Chen Qijie's soldiers wounded them, but they were not in critical condition. Chen Qijie was undoubtedly eager to do a good deed at the moment and intended to capture the two of them alive. Even though I warned him that it was a trap, he did not believe me and fell into it. Those two guys should know a lot of things, so Qian Yunen killed them after utilizing them. He slit their throats and murdered them."

Lu Xingzhi scowled again at that point. "They slashed their throats and killed them with a single stab, the same manner Zhou Xiaoxia's family was murdered.

"Qian Yunen was the one who assisted Li Hong. He was the one who murdered Zhou Xiaoxia's family. The explosion at Lanning's Martyrs' Cemetery was also linked to Qian Yunen. He is better at causing trouble than his father." Jiang Yao could not help but want to applaud Qian Yunen. He was capable of doing anything awful.

"The event during the medical conference was likely related to Qian Yunen," Lu Xingzhi said. "Those are lead bombs."

Jiang Yao nodded slowly and contemplatively. "Reagents? Do you suppose those reagents were the results of numerous research stolen during the meeting?" It was hardly surprising that they tried to make those things after stealing all of the information.

"Previously, many research institutes tried to get their staff back, but the majority of them did not manage to retrieve the information. It appears that this situation has

reached an international level, ” Professor Ouyang said. “Who is the person helping Qian Yunen? To be able to plan so far ahead?”

Jiang Yao’s phone rang in the middle of their conversation. Lu Xingzhi was nearby, so he casually glanced at it and noticed the caller. It was Du Chen. Jiang Yao answered the phone as soon as she noticed it was him. “What is it?”

“Zhou Xiaocheng’s remains have been discovered,” Du Chen said. “It was in the Chai family’s ancestral burial, a feng Shui area.”

“He would not even let go of a dead person. Is he a monster?” Jiang Yao clenched her teeth.

“The Qian family discovered it. It is a little frightening. Zhou Xiaocheng had been dead for a long time, but someone put her bones in a mud mound and posed it kneeling in front of Madam Chai and Chai Xianglong’s graves. It also appears that the Zhou family members’ remains were posed kneeling in the direction of the Chai family’s ancestral burial. Qian Yunen is quite frightening.

“Someone else discovered Zhou Xiaocheng’s body. When that guy passed by the Chai family’s ancestral grave, he noticed a person kneeling there and thought it was weird. Everyone in Yuan City knew the Chai family’s terrible deeds. The entire Yuan City was flooded with joy after they died.

“When that person stepped in, he saw a mud mound with human bones. He was so terrified at the time that he peed his trousers.”

Zhou Xiaocheng was not left in peace even after her death. Qian Yunen had dragged her remains from her grave. Zhou Xiaoxia’s family had perished in poverty.

Was the pose to signify their guilt? What were they guilty of?

They were the victims..

Chapter 2218: What Did You Say?

Jiang Yao’s strength nearly crushed the phone.

“What did you say? Kneeling? Why didn’t you tell me that before?” Jiang Yao’s body trembled. “You did not mention it before.”

Jiang Yao was on the point of a nervous breakdown. She believed that Zhou Xiaoxia's family had been murdered and that they had perished as a result of their throats being slit. She had no idea Zhou Xiaoxia's family had died in such horrible circumstances.

Du Chen was stunned. He slapped his own head in frustration.

How could he have forgotten that he did not tell Jiang Yao about that out of fear of upsetting her? However, he was too horrified to remember it when he received the news. He instantly took out his phone and dialed Jiang Yao's number.

It was too late for him to retract what he had said.

"Yes, I purposefully kept it from you because you were not feeling well then. I did not tell you for fear of upsetting you. I am sorry, I forgot just now," Du Chen responded after a brief pause.

"Or you would not have concealed Zhou Xiaocheng's case from me, right?" Jiang Yao responded with a question. She hung up the phone without waiting for Du Chen to answer and glared at Lu Xingzhi. "Are you aware of everything?" "What do you know?" Lu Xingzhi surmised that Du Chen was discussing the

Zhou family's case with Jiang Yao, but he had no idea what Du Chen had said. He could not hear what Du Chen had said to Jiang Yao over the phone because she was too far away from him when she called.

"Zhou Xiaoxia's family died in such a horrible way." Jiang Yao bit her lower lip. "Not to mention Xiaocheng

"I am aware of that," Lu Xingzhi said. "I told Du Chen not to inform you about it. Do you think I would have told you about that? As for Zhou Xiaocheng, didn't she die a long time ago?"

Lu Xingzhi had lost contact with them when they discovered that Zhou Xiaocheng's body was missing. So, he did not know anything about it. He had been recuperating for the past few days, and Du Chen and the others found out about Zhou Xiaocheng. Therefore, Lu Xingzhi had not received any news either.

Jiang Yao was upset, but not because Lu Xingzhi had kept it from her; instead, it was because of Zhou Xiaoxia and her family.

"Qian Yunen removed Xiaocheng's remains from the tomb and filled it with mud. He posed Xiaocheng's body, kneeling in front of Chai Xianglong's grave. Zhou Xiaoxia and her family members were also posed in the same way, kneeling in the direction of Madam Chai and Chai Xianglong's tomb."

Jiang Yao leaned against Lu Xingzhi's bed and murmured, "I feel terrible. I want to cry, but I don't want to upset you. Just let me cry for a while."

Jiang Yao's controlled sobs burst forth after she said that. It sounded depressing.

Even though she did not appear to be crying, Lu Xingzhi's heart ached as he heard her sob.

It was as if something was blocking her heart. The feeling of Zhou Xiaoxia and her family suddenly passing away suddenly came back to her. It was a thousand times heavier than before.

Lu Xingzhi felt really dumb. Other than raising his hand to gently stroke her head, he could not find any useful words to comfort her.

He could feel her anguish.

It was the same as losing a comrade.

Lu Xingzhi did not care if Qian Yunen ran to the moon. He would get the chance to kill him as long as he was alive..

Chapter 2219: Let Me Hug You

"Yaoyao." Lu Xingzhi gently touched Jiang Yao's ear. "When I'm better, I'll accompany you to Yuan City."

"All right," Jiang Yao said, weeping. Then, without warning, she raised her head, and Lu Xingzhi saw her tearful face.

It made his heart ache even more than he had anticipated, and it made him even angrier.

"Please let me hug you." Lu Xingzhi took Jiang Yao's hand in his. I don't have the strength to pull you. Come to me. "Please read new chapter at [B0nn0vel.c0m](#)

Even though he wanted Jiang Yao to hug him, he shook his head when he saw her pause for a few seconds. Lu Xingzhi softly sighed. "A nice hug will not affect the wound. I am not made of tofu."

In the end, she still could not resist the desire to hug him. Jiang Yao approached him and reached out to hug his waist. She leaned her entire body against him, but she tried her best to avoid the wound. She did not dare put all her strength on him.

When she was sad, she would at least feel a little less sad if he hugged her.

When she was sad, she would feel a little less sad if he comforted her gently.

“If you want to cry, cry. I will keep you safe. You are free to cry all you want.” Lu Xingzhi stroked her hair softly. His tone had softened even more.

“When I capture Qian Yunen, I will make him kneel for seven days and seven nights in front of the Zhou family's grave!” Jiang Yao was holding back a ball of fire in her heart. Jiang Yao was unsure if she knew about those things before that day in the highlands. She would have drawn a gun and shot Qian Yunen the instant she spotted him.

The Zhou family's matter could not be hidden from the reporters in Yuan City who had been keeping an eye on the case's progress. The report of Zhou

Xiaocheng's body being found had already been made public in just two days. Even Jiang Yao, who was taking care of Lu Xingzhi in the hospital, and her parents could hear the doctors and nurses talking about the case.

There were also new developments in the Zhou family's case in Yuan City. The location where Zhou Xiaocheng's body was found pointed directly to the identity of the murderer. The illegitimate son of the Qian family was also exposed to the public. Qian Yunen killed the two people Jiang Yao's lawyer mentioned that day. They were also the participants in the Zhou family's case.

The illegitimate son of the Qian family was also exposed to the public. Qian Yunen killed the two people Jiang Yao's lawyer mentioned that day. They were also the participants in the Zhou family's case.

The fingerprints on the faces of the four people killed by the Zhou family were those of the two. The police guessed that those two were Qian Yunen's men who had followed him to the Zhou family that day. The two of them held the faces of the Zhou family members when Qian Yunen attacked them.

Qian Yunen's whereabouts after he left the country were unknown.

However, because the case was so awful and had such a significant impact, the relevant departments in the country also placed great importance on that case.

Going abroad did not give him the freedom to do anything he wanted, nor did it allow him to avoid responsibility.

Leaving aside the Zhou family's predicament, Qian Yunen still held the lives of numerous soldiers in his hands. The authorities would not let him go.

Lu Xingzhi could finally walk after returning to the Luo City Hospital. He was like a wild horse out of control once he got his feet on the ground. Jiang Yao could not stand being alone with him for even a second. He would either fight in the ward or sneak out for a walk.

That was Lu Xingzhi's personality. He could not sleep for even a minute. Jiang Yao merely went out to converse on the phone with Du Chen. When she entered the room, she noticed Lu Xingzhi sitting on the bed, holding a newspaper. He appeared to be reading intently. There was still sweat on his brow that he did not have time to wipe off..

Chapter 2220: Lie To Me

Jiang Yao walked in and glared at Lu Xingzhi as she snatched the newspaper away from him. "Don't you know how to act? Look at the sweat on your forehead! The newspaper is still upside down, and your breathing hasn't even calmed. Do you think I'm stupid?"

Lu Xingzhi did not dare to play around as he used to since Jiang Yao was clearly annoyed. Instead, he apologized profusely for his error. "This will never happen again."

"Will it happen again? Are you acting, or are you not following the doctor's orders? Do you believe I can't hurt you, Lu Xingzhi?" Jiang Yao was in a rage. She raised her hand and smacked Lu Xingzhi's foot. "I will give you sleeping tablets every day if you force my hand! I will give you three to five months to sleep. Let's check if you are still as nasty as you are now."

"What did Du Chen call you about?" Lu Xingzhi asked.

Jiang Yao gave him a sidelong glance. He should not assume she was unaware he was changing the subject.

"Is he talking to you about the Zhou Family?" Lu Xingzhi was not discouraged. He continued the topic that he had brought up. "The whole country is paying attention to the case, including the various departments in the Ministry of Foreign Affairs. They are also negotiating and cooperating with various countries. Once there is any trace of Qian Yunen, the countries will cooperate with our people to carry out cross-border arrests. Sooner or later, Qian Yunen will be brought to justice."

"You're just trying to trick me." Jiang Yao glanced at Lu Xingzhi. Those words sounded particularly convincing. If she had not coincidentally overheard the conversation between him and Shao Fucheng that day, Jiang Yao would have been deceived.

“Du Chen informed me that Old Master Qian was recently discharged from the hospital. He oversaw the funeral for the Zhou family.” Old Master Qian was the last of the Qian family members. The tragedy of the Zhou family was caused by his illegitimate grandson. Old Master Qian took over the Zhou family’s affairs out of shame.

No one in the Zhou family would dare to assist as long as Qian Yunen was not apprehended. Everyone was terrified that the murderer, who acted like a lunatic, would target the rest of the Zhou family members.

“Poor Old Master Qian.” Lu Xingzhi groaned. “Old Master Qian was like Old Master Liang and Old Master Chen in the earlier half of his life. He was a general. Regrettably, the younger generation is inept.”

“It is not that the younger generation is incompetent; it is that they are wicked.

Why can’t Qian Yunen be kind? He is quite capable. He can even go to heaven!

Qian Zhibin is equally capable. Their wealth rivals that of a country! Qian Zhibin’s lover is likewise talented. The mother and son could have achieved so much. Everyone in Yuan City despised them; they are morally bankrupt,” Jiang

Yao said.

Every word was full of sarcasm toward the members of the Qian family.

Lu Xingzhi stroked Jiang Yao’s hair and patted her head. “Your hair is getting longer.”

“I want to cut it.” Jiang Yao purposefully smiled and leaned against Lu Xingzhi’s body, her head swaying.

Lu Xingzhi’s face grew pale when he heard Jiang Yao intended to cut her hair. “I’ll do as you say. I won’t run around again. Please don’t cut your hair. I promise not to anger you again.”

Jiang Yao’s mind went blank. She noticed Lu Xingzhi was a little agitated as she looked up. She burst out laughing right away.

Was he under the impression that she wanted to cut her hair because she was upset with him?

Why would she think such things?

“You are not allowed to cut it.” Lu Xingzhi affectionately massaged Jiang Yao’s hair. “It is not easy for you to maintain it for so long.. Do you want to cut it just like that? Don’t you ladies adore your hair?”
