Chapter 2221: No Cutting

"Long hair is really annoying," Jiang Yao said. "It gets really hot in the summer."

"It is the end of October, and it is cold. You have made it through the summer, and it is October." Lu Xingzhi made a motion to shield Jiang Yao's long hair. "You are not allowed to cut it in any case."

"There is always another summer." Jiang Yao yanked her hair away from Lu Xingzhi's grasp. "You'll press down on my hair when you hold me at night."

In the movies, the image of the long-haired female lead with her hair disheveled and the male lead sleeping on the same bed was so beautiful that Jiang Yao could not look straight at them. Ever since her hair grew, she had felt that it was full of flaws.

She disliked tying her hair up while sleeping. She was always uneasy with a small ball at the back of her head, but once her hair came down, Lu Xingzhi would undoubtedly press down on it when he hugged her.

"Of course, it is okay if you don't hug me while you sleep at night," Jiang Yao said, looking at Lu Xingzhi's cheerful face. "If you don't press down on my hair, I will not have this difficulty."

It was a difficult choice for Lu Xingzhi to choose between a soft and delicate wife or a long-haired wife.

"In the future, I will be more cautious." She quietly let out a sigh of relief. He had been so disobedient for those past few days, which upset her.

She had shaved her hair when he first married her. She explained that she was exhausted from studying and that washing her hair was difficult. It was because he had once said that he really liked the way she looked with her long hair.

She had cut her long hair because of a single sentence from him at the time. She had used that as a polite pretext to fight him and his family.

She later preserved her long hair because of a single sentence from him.

Jiang Yao smiled. She had no idea why he loved her hair, but after seeing his protective expression, she gave up on the thought of cutting her hair short.

"I did hear what you said to Colonel Shao that day."

Jiang Yao's mouth opened unexpectedly. Suddenly, one sentence shattered the pleasant atmosphere: "I heard you mention that the KTK letters on the plane signify that group. Later, I indirectly asked Big Ke, and he told me about KTK."

Those were abbreviations of the letters Jiang Yao had seen on the plane that day. The organization referenced by Lu Xingzhi was well-known on a global scale. That group was renowned for its cutting-edge armaments. The organization usually dealt with people like Big Kes original mercenary gang for weapons.

That organization was KTK. Those three letters appeared on everything in KTKs organization.

That organization was the topic of Shao Fucheng and Lu Xingzhi's conversation that day. Jiang Yao read aloud those few letters that day. The logistics department afterward learned about that group.

Someone from the army went to talk with the people from that organization after Lu Xingzhi was moved to the city hospital. They assumed Qian Yunen was with the KTK since he left in a helicopter bearing the KTK emblem.

When Shao Fucheng arrived that day, he informed Lu Xingzhi about the outcome of the negotiation. That corporation stated that the helicopter had been rented but that they were in business and would not reveal any information about the renter.

Since KTK did rent out the helicopter, their story was difficult to disprove..

Chapter 2222: Retaliation, Right?

Most importantly, that was not the first time Jiang Yao had heard the name of that organization.

In contrast, she had a deep impression of that organization.

After she reincarnated, Lu Xingzhi's first serious injury occurred because of that organization. The suffocating feeling when she saw Lu Xingzhi dying in the Jindo City hospital was still vivid in her mind.

"So you heard it all. No wonder you were so sure. I didn't want you to worry too much," Lu Xingzhi said helplessly.

He did not want her to be upset, though, for catching Qian Yunen had been a difficult task.

They had not found any traces of Qian Yunen until then. Qian Yunen seemed to have vanished from the planet.

“Can’t we discover who hired the KTK plane?” Jiang Yao’s voice gradually softened. They could not figure out who or what organization was behind Qian Yunen if they could not figure out who hired the plane.

“Yaoyao, there were many things you didn’t know back then,” Lu Xingzhi said. ‘Many soldiers were sacrificed in the rescue mission. Soldiers from other countries were not exaggerating. There were dead people all over the place. There were rescuers and their companions. The rescue operation concluded not long after we rescued Old Master Liang and the others. However, the incident continued. A few countries still dispatched substantial numbers of troops to dismantle that organization.’

“But he did not succeed and suffered due to that organization’s insane retaliation, right?” Jiang Yao got it. No wonder Shao Fucheng’s face was so frightening when he departed that day.

Shao Fucheng would not have been so enraged if he had successfully apprehended Qian Yunen. The difficulty was that Qian Yunen’s true objective had already damaged the country’s peace.

Lu Xingzhi nodded. “That organization was only low-key for a short time. It only stayed out of sight for a few months before rising again.”

Following its ascension, there was word that the organization had a new leader. The new boss was much nastier than the previous one.

Lu Xingzhi also learned that the prior tragedy had killed the original leader. The new leader was the successor groomed by the previous leader. They had a close relationship.

So it was retaliation.

“If it was a retaliation, then there is a reason for what Qian Yunen did in Lanning.” Qian Yunen’s organization was a venomous serpent hiding in the shadows. They were aware of the religious upheaval on Lanning’s side and sought to draw strength from others, so they utilized the incident to rekindle trouble..

Chapter 2223: It Isn’t Difficult

If Jiang Yao had not discovered the explosive concealed in the Martyrs' Mausoleum, the place would have exploded as planned. There would have been heavy casualties on that day.

If they arranged for people to come out after the cemetery exploded and say that it was a heavenly punishment because the people inside had hurt God's believers and thus suffered a divine punishment, Lanning would fall into chaos again.

They would make the same error, and with the help of behind-the-scenes instigators, it would only get worse.

That was retaliation.

Jiang Yao trembled at the prospect.

"It's okay. Fortunately, Qian Yunen was exposed," Lu Xingzhi said. "The country will be on guard. The so-called rental looks to be real. No one knows how many people can be trusted."

"So, Qian Yunen is not easy to apprehend, and he knows too much about that group," Jiang Yao said. "Furthermore, Qian Yunen works for the same organization. It is impossible for the organization to send Qian Yunen away as an orphan."

Jiang Yao had another thought when thinking about that.

"So that conference was how that group tricked us? Another individual in a white coat was standing next to Qian Yunen that day. That individual was most likely a researcher at that organization. Qian Yunen was the young master, which implies he had a very high rank in that company because that person was very polite toward him."

According to Lu Xingzhi's information, the young master was picked as the successor in that organization.

As a result, Qian Yunen was not easy to apprehend.

Jiang Yao cast a glance toward Lu Xingzhi. "Are you a tube of toothpaste? I have to squeeze you to get the information? And if I said nothing, you don't intend to tell me?"

Lu Xingzhi gently chuckled. "I am concerned that the more you learn, the more your imagination will run wild, and you will feel miserable."

He expected Jiang Yao to forget about Qian Yunen's title, but he did not expect her to remember it.

"In any case, all conjectures and results lead to that group. We will not be able to catch Qian Yunen if it does not fall! How could Qian Yunen be so lucky—to encounter that organization?" Jiang Yao stomped her foot violently.

"Otherwise, killing Qian Yunen would be a piece of cake with the Qian family's current state! "

"Wait, who said that? He was merely selected as the successor and not the official successor." Lu Xingzhi patted Jiang Yao's head. "He will not be the sole successor. Every candidate is a rival. Everyone but himself wishes to assassinate him. As a result, someone else could kill him."

Lu Xingzhi said, "Anyway, don't worry about that. Give Big Ke and Ah Lu a call and ask them to send you back to the army. I will make the arrangements. The weather is getting colder, and you should get some autumn and winter clothing with you. Oh, yes..."

Lu Xingzhi pushed his lips to Jiang Yao's ear. "When may I be discharged, Doctor Jiang?"

"It all depends on how quickly you recover. I have already warned you. Don't defy my instructions. Also, do you have any more secrets from me?" Jiang Yao snarled as she tore Lu Xingzhi's medical gown apart..

Chapter 2224: Ate A Bullet

The hospital gown's white gauze covering the wound was stained with blood. Jiang Yao clenched her teeth in frustration. Her delicate nose would not have detected the odor of blood if he had not hugged her and allowed her to be near his chest. He was not sure how long he could hide it.

"Why is the wound open, Doctor Jiang? It stings." Lu Xingzhi was terrified Jiang Yao would be upset. He could not help himself. He had mistakenly used too much strength when punching just now, and the wound had widened significantly. keep reading new chapter on B o n n o v e l . c o m

Jiang Yao had just pushed the door open and entered when he realized it. He only had enough time to grab the newspaper and pretend to read it. He had not had time to examine the wound until then.

Even if Lu Xingzhi summoned his ancestor, Jiang Yao refused to speak with him at the time.

It was very aggravating!

Jiang Yao slammed the door after changing Lu Xingzhi's clothes and stormed out, her stomach churning. She did not even tell him not to move when she left. She carried her stuff silently back to the army base.

The weather in the south was terrible. It was so hot that individuals had died. However, the temperature had dropped dramatically in the last several days.

The only thing missing from the weather in the south was fall. It only had three to five chilly autumn days. Then winter arrived. Jiang Yao had to return to the army base to bring some of her clothes and Lu Xingzhi's jacket to the hospital because Lu Xingzhi would not be discharged so soon.

Jiang Yao resentfully placed Lu Xingzhi's clothes into the box, wondering how she could let someone so active in the hospital go home early to recuperate.

Would he take off into the skies once he rejoined the army?

If the hospital could not keep him under control, Jiang Yao would be even more helpless against him if he were allowed to go home.

He would not sleep and assured her he would do it behind her back. Jiang Yao was so enraged that she did not know what to say.

"You are not allowed to be like your bad father in the future!" Jiang Yao whispered as she touched her stomach.

Jiang Yao had learned the same tone after spending a long time with Lu Xingzhi.

The baby in her stomach had been particularly obedient. The baby did not move frequently and did not inflict much pain on Jiang Yao.

Jiang Yao's morning sickness had also subsided, and she had gradually regained her appetite. Every day, Lu Xingzhi's favorite moment was when he ate three meals. It was not because he could eat everything he wanted; it was because he could focus on his wife again while eating whatever he wanted.

When he coaxed Jiang Yao, she would sometimes overeat. Her stomach was so full that she begged him to rub it.

Every day, Lu Xingzhi wished to be released from the hospital as quickly as possible. He wanted Jiang Yao to be back to her pre-accident condition. He wanted to see her round face again.

Jiang Yao scolded Lu Xingzhi as she wore her clothes. After scolding Lu Xingzhi, she sighed again.

Mrs. Lu planned to go to Luo City the following day. Mr. Lu was pressed for time, so he spent two days in Jindo City before returning to his hometown. Mrs. Lu had asked him to spend a few more days in Jindo City.

Mrs. Lu's return to Luo City meant that the incident with Lu Xingzhi was no longer concealable. She would undoubtedly protest, but Lu Xingzhi was doing fine. Every day, he seemed to be in a good mood. Mrs. Lu's heart hurt for Lu

Xingzhi after she returned, but her mood improved after seeing his condition.

It was better than seeing Lu Xingzhi's state when he had just been in an accident.

Mrs. Lu arrived at the airport at four o'clock the following afternoon. Jiang Yao and Big Ke were on their way to fetch her at the airport. However, Jiang Yao received news from Liang Yueze in Jindo City before she met Mrs. Lu.

"Old Master Qian committed suicide in front of Zhou Xiaoxia's family tombs with a gun. Well, he ate a bullet. He was on his knees." Liang Yueze's voice was somewhat muffled when he said that.

Old Master Qian's use of that method to end his life shocked everyone. It made everyone's hearts sink.

Chapter 2225: How Are Things?

In that world, the most painful thing for the living was not the death of a young family member but the death of a young family member who had massive debts.

The dead would stay dead while the living had to live with the deceased's leftover problems.

When the old man was younger, he was a fearsome general. He was arrogant and unyielding, and he got to live to his old age. It was fine that the Qian family was destroyed, but the incident had also incurred a large amount of debt that he could not repay.

Other members of the Qian family had died, but Qian Yunen could no longer return to the country, and there was no way he could repent.

As the only member of the Qian family, the old man could only use that method to atone for the sins of the Qian family.

He was old, and it was not until he was old that he realized that living sometimes required courage.

“Before committing suicide, the old man left a letter for Old Master Chen. In the letter, Old Man Qian stated that he lacked the words to confront the soldiers who had died as a result of the Qian family’s actions. His life could not even compensate for the most innocent Zhou family, so he could only atone for his sins by visiting the Zhou family’s grave.”

When Old Master Qian was alive, he was a soldier as well. He had risen from humble beginnings to reach his position and established numerous military merits. He was also a person who had grown from humble beginnings. As a result, he understood bloody storms and heroic sacrifices.

Those dead soldiers were their family’s treasure too. They were also an essential member of their family.

Some of them were husbands and fathers. Their deaths disintegrated families.

It was painful, but Old Master Qian had experienced it firsthand.

“Old Master Qian also mentioned that, if possible, he could use his body to draw Qian Yunen out. Old Master Qian didn’t know much about Qian Yunen as he didn’t pay much attention to him. He said that he regretted the decision.”

“Give Old Master Qian a proper burial.”

Jiang Yao was adamant. “Qian Yunen will not appear.”

Even if Qian Yunen wanted to do that, he would not have the chance. Nobody would let Qian Yunen appear at that point. After all, Qian Yunen knew far too much.

“Didn’t Lu Xingzhi mention that?”

Liang Yueze was not surprised.

“He did tell me some things, but not everything. He refused to tell me everything. I wanted to ask you, but I knew it would be a waste of time.” Jiang Yao sighed. “You would never tell me that. How are you and Sister Ruoran doing?”

“We have made amends.”

When Luo Ruoran was mentioned, Liang Yueze's tone lightened. "The family is looking at dates to register our marriage again."

"Well done!" Jiang Yao was overjoyed. "Will there be a reception?"

Congratulations! It is a joyous occasion."

They had no idea things would turn out that way when they parted. Liang Yueze was delighted that his wife had returned with their child.

"I am sure your parents are overjoyed, right?" The Liang family members loved Luo Ruoran. She had even given birth to their grandchild. Perhaps they would favor Luo Ruoran and their eldest grandson over their son, Liang Yueze..

Chapter 2226: Mixed Emotions

"Mixed emotions." Liang Yueze clicked his tongue. "My elder brother and sister-in-law are getting a divorce."

Jiang Yao did not know what to say. She was familiar with Liang Yueze, but she was not very familiar with Liang Yueze's elder brother and sister-in-law.

However, Liang Yuekai's wife had always struck Jiang Yao as a particularly elegant and noble lady. Every movement she made revealed that she was a well-educated young woman from a wealthy family. She was always cheerful, as if she was born without a temper. She was exceptionally skilled in caring for others. No one would dislike her, even if it were the first time they interacted with her.

"My grandfather said that he brought Big Brother and me out when we were young. Once, when we passed by the bridge, a fortune teller said our future marriages would be troubled. He immediately beat up the fortune teller. He said that this might have happened because of what he did back then." Liang Yueze felt helpless. He felt that the old man was just spouting nonsense out of anger, but the old man sounded as if he was telling the truth.

"Your elder brother and sister-in-law seemed fine before this. They were very courteous toward each other. Why the sudden decision?" Jiang Yao asked.

"Yes, they've been married for many years, and I've never seen them fight or even speak loudly. But at the same time, I've never seen them behave intimately with each other. They're like strangers. Their interactions always seem cold."

Jiang Yao was unfamiliar with Liang Yuekai and his wife, so she could not comment on that. Jiang Yao asked about Luo Ruoran. "What about the woman who tried to come between you and Sister Ruoran? Her play seemed so smooth.

If I hadn't seen the photo she sent to Sister Ruoran, we wouldn't have known that that person existed."

"I'll tell you more next time. I have other things to attend to now." Liang Yueze was grateful to Jiang Yao. If it were not for Jiang Yao, he and Luo Ruoran would not have reconciled so quickly.

A villain behind the scenes had instigated them. Both of them had strong personalities and were proud. Neither of them was willing to lower their defenses first, which resulted in the subsequent events.

Jiang Yao was also aware that Liang Yueze had been extremely busy recently. There were matters concerning the Liang family in addition to those concerning his company, so she acknowledged and hung up the phone. Jiang Yao waited for Mrs. Lu for about half an hour outside the airport. Jiang Yao realized Second Uncle Lu and Lu Xiaoxiao were also with her.

"Mom, Second Uncle." Jiang Yao greeted her elders first before turning to look at Lu Xiaoxiao, who had lost weight. She exclaimed, "Xiaoxiao, you look like you've lost weight."

"Of course!" Lu Xiaoxiao proudly showed off her slender arms and legs. "Jiang Lei and my dad have been so busy recently that they don't have time to care about me. I've lost weight quickly without Jiang Lei's annoying temptation to cook delicious food daily."

After saying that, Lu Xiaoxiao asked again, "I heard my brother was injured. Was it serious?"

"Yes, Yaoyao. Is Xingzhi's injury serious?" Mrs. Lu's brows had not relaxed since she got off the plane. "You mentioned that Xingzhi is in the hospital and that he's fine. Then, you said nothing else. My heart has been hanging on for an entire night and morning.. What's the situation now?"

Chapter 2227: He's Fine

"Mom, he's fine. Xingzhi was injured during a mission. He's in the hospital now. You'll see him when you get there. If Xingzhi were seriously injured, would I be in the mood to joke around with Xiaoxiao?" She took Mrs. Lu's palm and comforted her. Then, she asked the three of them to follow her to the hospital.

It was quite a distance from the airport to the hospital. She drove the car very steadily and only arrived after about 40 minutes.

Jiang Yao knew that Mrs. Lu and the others were concerned about Lu Xingzhi's injury, so she brought them directly to Lu Xingzhi's ward. When they entered, Lu Xingzhi was on the phone. When he noticed they had entered, he quickly said goodbye and put his phone away.

"Xingzhi, let me look at you." As soon as Mrs. Lu put down her luggage, she ran toward Lu Xingzhi and lifted his clothes up and down to look at him.

Lu Xingzhi pulled his pants tightly, his face full of fear. He was afraid that when Mrs. Lu got agitated, she would pull his pants to see if his lower body was injured.

"Mom, it's nothing. It's just a superficial injury. "Lu Xingzhi hurriedly stepped back. "It's nothing. Besides, my wife is such an amazing doctor. What can happen to me? It's just a superficial wound. I'll be fine after staying in the hospital and recuperating for a while."

"He's fine. Don't you think that Xingzhi is in good spirits?" Second Uncle Lu heaved a sigh of relief when he saw that Lu Xingzhi was in good spirits. "Your mom and I were really shocked last night."

"Brother, your face is injured too?" Lu Xiaoxiao noticed the gauze on Lu Xingzhi's face at a glance. "Is it serious?"

Only then did Mrs. Lu place her gaze on Lu Xingzhi's face. She reached out to remove the gauze. When she saw the scar, her tears fell.

Lu Xiaoxiao was also shocked when she saw that. "What happened? You disfigured your handsome just like that?"

Lu Xiaoxiao had only been in the north for a short period, but she was already speaking with an accent. Jiang Yao laughed.

"Listen to yourself." Second Uncle Lu raised his hand and hit Lu Xiaoxiao on the forehead.

"It's fine. It's okay even if Brother gets disfigured. Jiang Yao won't mind him.

Besides, he doesn't rely on his face to make a living." Lu Xiaoxiao nudged Mrs.

Lu. "Aunty, don't be sad. Look at him; he's fine. It's just a superficial wound. Don't cry. "

Lu Xiaoxiao tried to coax Mrs. Lu. She had lost her mother when she was young. Mrs. Lu's role in her life was that of a mother. So when she saw Mrs. Lu crying, she felt terrible.

Her personality made her more willing to be a monkey that could make her elders laugh.

"It's okay, Mom." Jiang Yao quickly responded.

"Everything's fine now. He'll be discharged from the hospital in a while and can go home to recuperate."

"How long is a while?"

That question was not asked by Mrs. Lu, Second Uncle Lu, or Lu Xiaoxiao.

Instead, it was asked by Lu Xingzhi, who had been standing there silently.

Jiang Yao could not help but roll her eyes at Lu Xingzhi. "When you're discharged from the hospital, you're not allowed to jump around without my permission."

"Jump around?" Lu Xingzhi was very dissatisfied. "The one jumping around is a monkey, like Xiaoxiao.."(continued read on [Bon novel.com](http://Bon.novel.com))

Chapter 2228: Your Sister-in-law Is Beautiful

Lu Xiaoxiao rolled her eyes at Lu Xingzhi. "Brother, I really appreciate your compliment."

"Follow the doctor's advice. Don't forget what you promised." Jiang Yao snorted and then pulled out a piece of paper to wipe Mrs. Lu's tears. "Mom, look at how energetic he is. How can he be in trouble? He can make me angry several times a day. Sometimes, I even want to beat him up."

Mr. Jiang and Mrs. Jiang just happened to send food over at that time. When they noticed the room was buzzing with activity, they exclaimed, "Hello! It looks like everyone is here, even Xiaoxiao. I haven't seen you in a long time. You have grown more beautiful!"

"Aunt, who's prettier? Me or my sister-in-law?" Lu Xiaoxiao took the food box from Mrs. Jiang's hand and placed it on the table.

"Your sister-in-law is prettier."

The one who answered was the person who had made his wife angry.

"I didn't ask you." Lu Xiaoxiao was so angry that she wanted to smash the lunchbox in her hands onto Lu Xingzhi's face.

The siblings' antics amused Jiang Yao. She rinsed the bowls and spoon once before handing them to Lu Xingzhi. Even though Lu Xingzhi could only use the spoon with his left hand, he was still very good at using them.

'You just got off the plane, right? You haven't had lunch yet, right? Go have lunch. There's no need for everyone to be here." Mrs. Jiang walked over to Mrs. Lu. She patted the back of Mrs. Lu's hand and said, "Don't worry. Don't you think that Xingzhi is doing well?"

Mrs. Lu nodded when she saw that Lu Xingzhi did not seem to be in a bad mood. People in a bad mood would not stare at the food box and frown while grumbling to Jiang Yao about how there was no meat.

"Alright, I'll go back to the army base first. I need to unpack my luggage." Mrs. Lu nodded and said to Lu Xingzhi, "You can't eat meat. In your current situation, you can only eat more vegetables and fruits.

After a pause, she said, "Yaoyao is a doctor. You have to listen to her. Don't bully Yaoyao just because you're big and strong. If I find out you bullied her, I'll beat you up."

Lu Xingzhi looked at the bowl of soup in pain and nodded.

'Yaoyao, if he doesn't listen, beat him up. Don't spoil him." Mrs. Lu did not forget to remind Jiang Yao before she left. She left the hospital with a big suitcase she had brought from Jindo City.

Second Uncle Lu and Lu Xiaoxiao had rushed to the city to visit Lu Xingzhi because they were scared by the news of his injury. The two of them were busy at the moment. Seeing that Lu Xingzhi was fine, they booked a plane ticket back to Jindo City in the afternoon. Mrs. Lu, on the other hand, had to return to the army base.

Most of the things in her suitcase were things that she had brought back from Jindo City for Jiang Yao and her in-laws. She did not have many clothes, so she had to go home to put her suitcase away. Then, she would pack up some clothes and go to the hospital to change. Mrs. Lu was also preparing to stay in the hospital before Lu Xingzhi was discharged.

Mrs. Lu was at ease when she left the hospital because she had seen Lu

Xingzhi's condition with her own eyes. She did not expect, however, that after leaving the hospital and returning to the army base, she would hear from her neighbors about the terrifying things she had not known about in the previous few days.

She had heard about Lu Xingzhi's initial disappearance, Jiang Yao's trip to Lanning because of Lu Xingzhi, and how Lu Xingzhi was severely injured at the start..

Chapter 2229: Compensation For Being Unreasonable

Jiang Yao and Lu Xingzhi had calculated everything, and they had neglected the fact that they had tried their best to hide the truth from Mrs. Lu. However, Mrs. Lu would learn about everything that had happened from the mouths of others in the army base.

After Mrs. Lu left, Mr. Jiang and Mrs. Jiang did not stay in the hospital for too long. Lu Xingzhi needed a break, and Jiang Yao also needed a break. Initially, Mr. Jiang wanted to stay behind to take care of Lu Xingzhi, but Jiang Yao said there was no need. Therefore, the two carried the lunch boxes that Lu Xingzhi and Jiang Yao had finished and left the hospital.

When the elderly left, the ward was empty and quiet once more.

Lu Xingzhi touched his stomach, sat there, and looked at Jiang Yao with a faint sigh. "When can I eat meat?"

Jiang Yao kept quiet. She was too lazy to answer his question.

In fact, meat was present at every meal. It was just that Lu Xingzhi disliked fish, so his parents boiled some soup for him. He only drank the soup and skipped the fish. Jiang Yao's stomach was full of fish.

There was fish soup. Sometimes, there were ribs, chicken soup, duck soup, and so on. However, there was only soup and no meat. Lu Xingzhi could not exercise too much every day. He had to lie on the bed. Eating too much meat would not help him digest it.

Lu Xingzhi did not want to be constipated.

However, patients who only ate and did not exercise could easily become constipated. Therefore, he ate three meals daily according to Jiang Yao's arrangements.

"Do you eat meat every day when you are on missions, Lu Xingzhi? I recall you saying that even a mouthful of dry food was sufficient during the most difficult times. Why are you being so obnoxious these days?"

"That was when I was on a mission. I'm here now." Lu Xingzhi's tastes were heavy. He loved salty and spicy food. Naturally, he also loved meat.

"I think you'd be happy if I gave you some meaty soup now." Jiang Yao saw Lu Xingzhi sitting there with a stiff expression. The two of them stared at each other. In the end, she smiled and walked toward him. She lowered her head and kissed his lips. "Is this compensation enough?"

"Pfft." Lu Xingzhi pushed Jiang Yao's face away with a look of disdain. "That can't even be compared to some meaty soup at noon."

Without waiting for Jiang Yao to respond, Lu Xingzhi altered his tone and protested, "Is it because of the scar on my face? Do you dislike me because I am unattractive? I could tell you are a shallow person by your appearance. You dislike me now that I am not attractive."

"Don't be unreasonable." Jiang Yao kicked his uninjured foot. "I'm warning you; enough is enough."

"Kiss me for a minute." A certain someone suddenly smiled and pulled the person standing in front of him over to let her sit next to him. Then, he leaned over and kissed her.

Compared to Jiang Yao's compensation, that passionate kiss satisfied Lu Xingzhi.

When he let go of Jiang Yao and looked at her swollen lips, he smiled and said, "In the future, you will compensate me like that for three meals a day."

"Aren't you afraid of dying of boredom?" Jiang Yao touched her ears. Fortunately, the doctors and nurses did not need to frequently go to Lu Xingzhi's ward.

She and Lu Xingzhi had stayed in that hospital several times. The doctors and nurses were familiar with the two of them and knew that Jiang Yao's medical skills were good. Most of the time, she did not even use the medicine in the hospital. Consequently, very few people would go to the ward.

Otherwise, if people saw how Lu Xingzhi hugged and kissed her, they would think that she and Lu Xingzhi were horny in the ward..

Chapter 2230: Don't Even Think About It

Lu Xingzhi was satisfied after he had had enough of Jiang Yao and gained some benefits from her, and he returned to his hospital bed to prepare for his afternoon nap.

On a normal day, no matter how energetic an injured person was, they would quickly tire. For the past few days, Lu Xingzhi had been sleeping longer than he had when he was healthy. Please read new chapter at [Bon novel.com](http://Bon-novel.com)

Every day, he would wake up around 10:00 a.m., but he would take a long afternoon nap.

Fortunately, Jiang Yao, the pregnant woman, had also been sluggish recently. She did not feel bored when she napped with him for such a long time in the afternoon.

Mrs. Lu's parents initially intended for Mrs. Lu not to be in a hurry to come over when she returned to the army base. They would wait until the next day to let Big Ke and Ah Lu pick her up. However, they did not expect that, after dinner, Mrs. Lu would follow the army's truck out.

Mrs. Lu chased Jiang Yao back to her dormitory or the army base to rest when she arrived at the ward.

'You're pregnant. You can't stay in the hospital all the time. I'll watch over him at night. Go back and rest.' Mrs. Lu did not act like she was discussing with Jiang Yao. 'Look at how thin you've become these few days. After you return, ask your mother to make you some supper before you go to bed at night. Eat before you rest, or at least remember to drink some milk.'

Lu Xingzhi was quite unwilling to let Jiang Yao go. After all, if Jiang Yao left, he would not be able to hold his wife's hand while he slept at night. He would not get a kiss before he went to bed.

However, when he considered how difficult it was for Jiang Yao to care for him in the hospital, he persuaded Jiang Yao to return and rest for a few nights.

His benefits were secondary, but Jiang Yao's health was paramount.

Jiang Yao could only agree with them. 'After this, I will stay in the dorm and go to the university.'

“No matter how delicious they are, don’t even think about it.” Mrs. Jiang knew what Jiang Yao was trying to say when she saw the longing look on Jiang Yao’s face.

How could she not know what was going through her daughter’s mind? Her eyes were filled with intelligence, just as they had been when she was younger. She might be able to entice people if she was not careful.

Jiang Yao curled her lips and did not say anything else. Her eyes still did not move away from the door.

However, she did not expect to see someone after just a few seconds.

The woman pushed the door open and entered the shop while talking on the phone. Perhaps her tone was a little explosive because she was in a bad mood.

“Where are your underwear? Are those your undervwear or my undervwear? The woman came in and casually found an empty seat to sit in, then continued talking on the phone..
