### Chapter 2231: Cursing

"You've been calling me nonstop since two hours ago. One moment, you're asking me where the spare razor blade is. The next moment, you're asking me where your dark gray tie is. The next moment, you're asking me what clothes to wear with that shirt so there won't be any mistakes. I've tolerated all of that. Now, you dare to ask me where your underwear is. Liang Yuekai, why don't you ask me where your brain is?"

"What? Why can't I scold you? Ah? Why do you think I have become so bad-tempered? My temper has always been like that. I've tolerated you for a long time. Now that I can't tolerate it anymore, I'm not allowed to lose my temper?" The woman lowered her voice and finally roared, "Liang Yuekai, I'm going to block you. Don't! Call! Me! You're too annoying!"

The woman quickly hung up the phone. Then, Jiang Yao saw that she was gritting her teeth and looking flustered as she pressed down on the phone with both hands.

It was most likely because she was blocking the person she described as extremely annoying.

Jiang Yao was taken aback. The other woman appeared to have noticed it as well. Without warning, she raised her head and met Jiang Yao's gaze.

"Sister-in-law..." Jiang Yao took the lead in waving at the woman on the opposite side. She was Liang Yueze's sister-in-law. She and Lu Xingzhi address Liang Yueze as Big Brother, so they naturally addressed Liang Yueze's sister-in-law as Sister-in-law.

"Liang Yuekai and I are divorced. You don't have to call me that." Qin Qin moved toward Jiang Yao's table. "I'm older than you, so you can call me Sister Qin next time."

Qin Qin greeted Jiang Yao's parents. "Uncle, Aunt, I'm Qin Qin. I'm teaching at

L University for a short time. I'm Liang Yuekai's ex-wife, and Liang Yuekai is Liang Yueze's elder brother."

Jiang Yao's parents were stunned for a moment before they nodded and started to chat with Qin Qin.

"Sister Qin, you will teach at the L University?" Jiang Yao felt that she had misheard things. "You're divorced?" Did Liang Yueze not just say that Liang Yuekai and his wife were negotiating a divorce that morning?

‘Yes, the formalities were done at noon. After that, I took a plane to the city. I received an invitation a while ago, so I immediately packed my luggage and came here.’ Qin Qin smiled. “How is Lu Xingzhi? I’ll go to the hospital to see him tomorrow if I’m free.”

“He’s fine.” Jiang Yao felt that Liang Yuekai and Liang Yueze’s divorce was too fast. “Do you also live in the dorm? Which floor? Maybe we’ll be neighbors?”

“I have a house near the university, so I won’t stay at the university. ” Even if Qin Qin were divorced, she would not mistreat herself. Therefore, she was still very willful when she taught and lived there. Before she went there, she bought herself a spacious house next to the university. It only took her five to six minutes to walk there.

Unexpectedly, she met Qin Qin. Jiang Yao and Qin Qin started chatting in the shop. Even though they were not familiar with each other in the past, they had a great conversation.

However, the atmosphere at the hospital was not so friendly at the moment.

After sending Jiang Yao and the others away, Mrs. Lu bought some daily necessities before returning to the ward. After putting the things away, she poured a cup of warm water for Lu Xingzhi and then moved a chair to sit beside him. Without warning, she said, “This time, you can apply for a transfer with the army. If you don’t, you can retire..”

## Chapter 2232: Did I Mishear You?

Mrs. Lu’s words came out of nowhere and caught Lu Xingzhi off guard. He was instantly shocked.

However, compared to Lu Xingzhi’s shock, Mrs. Lu’s expression was as indifferent as water. It was as if the person who had thrown the stone into the water was not her. It was as if she had not said anything earlier.

It was as if she had not said anything just then.

Mrs. Lu’s cold expression almost convinced Lu Xingzhi that he had misheard something and hallucinated.

“Mom, did I hear wrong?” Lu Xingzhi asked in disbelief.

“You did not hear me wrongly. I told you to either change careers or leave the army after you recover.” Mrs. Lu’s tone was very firm. “I’m not discussing this with you, nor am I asking for your opinion. You have a choice. You can choose between changing

careers or leaving the army. Our family doesn't lack money. Even if you don't work, we can support you, Yaoyao, and your children."

"Mom, you were always an open-minded person in the past." Lu Xingzhi frowned. "Why did you suddenly ask me to make that choice?"

"Yes, I have always been an open-minded person in the past. However, I am also a mother. No matter how open-minded I am, I can't be open-minded enough to watch you die." Mrs. Lu's eyes slowly reddened. "You guys kept everything from me. Even when you went missing, Yaoyao was forced into danger and went to Lanning to save you while she was pregnant. This time, more than 20 people died while you were on a mission. Not a single person in the entire team managed to escape unscathed. There were countless serious injuries. How are you going to make me open-minded?"

Mrs. Lu's entire body was trembling at the end of her sentence. "You and Yaoyao kept everything from your father and me. While you and Yaoyao were suffering, your father and I had fun outside. Do you know that when I think about that, my heart hurts? I feel so guilty that I want to slap myself."

"Mom, I told Yaoyao not to tell you. I didn't tell you because I didn't want you and Dad to worry," Lu Xingzhi explained anxiously. "Mom, you don't have to blame yourself for that."

"I know. I understand why you hid it from your dad and me. Just like you said, you're afraid for us. You're a good son. I don't blame you and Yaoyao." Lu shook her head gently and said, "I feel bad when I think about it. My son and daughter-in-law were in danger while I was having fun outside."

Mrs. Lu was not thinking about that. She was not an unreasonable person. When the accident happened, she and her husband were in Jindo City, far away from Lanning and Luo City. She and her husband were old. Jiang Yao hid the incident to prevent her and her husband from worrying. Mrs. Lu understood that. Furthermore, if she were Jiang Yao, she would do the same.

That was the thought of a daughter who did not want her father and mother to worry.

"Do you want to ask me why I want you to leave the army base even though I understand that?" Mrs. Lu could tell what Lu Xingzhi was annoyed by from how he frowned. As a mother, she knew how much her son loved that job and how much he loved that military uniform.

"Is it because of my injury?" Lu Xingzhi thought of that. "But I'm fine, right? Mom, I'm fine. Yaoyao and I didn't lie to you. My injury isn't severe. I'll be discharged after recovering for some time. My wife said there wouldn't be any side effects.."

## Chapter 2233: Your Responsibility

“Yes, you’re fine. Of course, you’re fine now, but what about the people who went with you? Are they fine? Some people lost their arms and legs, and others lost their lives. Can you promise that you’ll always be able to avoid danger like that? Can you promise that you’ll always be fine?”

Mrs. Lu almost yelled those two questions, and her tears fell. She was a mother and a grandmother. She did not want to cry in front of her children if it were not for the fact that she could not control her emotions.

When people grew up, they lost the right to cry. How many times had she cried since she married her husband and had children? She had never cried before having a child. However, as the child grew older, it caused her to cry a few times.

“Stop it. You can’t be so selfish. I have already allowed you to stay in the army for many years. I am scared every day. You will have a child soon. You are Yaoyao’s husband and the father of your child. The responsibility on your shoulders is rising. Do you even realize that your identity has changed?”

He was no longer just her son the moment he married. He was Jiang Yao’s husband, and he would be the child’s father.

Many people in that world relied on him.

“Do you realize, Xingzhi, that you are the only person in the world on whom your wife and child can rely?”

“What happens if something happens to you?”

Mrs. Lu said, “Anyway, your injuries won’t heal so quickly. You still have time. You can take your time to think about it. Whether you want to change your career or resign, it’s up to you. ”

With Lu Xingzhi’s current military rank, it would not be too bad for him to change careers. Even if he were discharged from the army, Lu Xingzhi’s ability and the Lu family’s financial resources would allow him to conduct business. He would most likely do well in the future.

Mrs. Lu went to the bathroom to wash her face after she finished speaking. Then she looked in the mirror at herself and then at the motionless Lu Xingzhi lying on the hospital bed. She sighed in frustration. She could not wait for her child to grow up in the past. At that moment, she wished they would stay children forever.

After washing up, Mrs. Lu laid down on the family bed. The 1.5 -meter bed was very big, but it was not soft.

Mrs. Lu was aware that Lu Xingzhi had not yet fallen asleep. He might not be able to sleep that night.

‘Xingzhi, when your child is born and grows up, you will gradually understand what I am doing.’ Mrs. Lu covered his chest with the blanket, then said, “Do you know how hard it is for a woman to be pregnant? She will get tired easily, and her temper is also easily irritable. She starts to be more delicate and picky than usual.”

What Mrs. Lu said was not to express how difficult it was for her to give birth to Lu Xingzhi, but to express how difficult it was for his wife.

“The hospital bed is not soft, but Jiang Yao has slept in the hospital for so long. Has she ever complained to you about not sleeping well at night? A pregnant person’s mood fluctuates greatly. Has she lost her temper with you for no reason? Has she ever complained to you about the stench of the hospital’s disinfectant? ”

Then, she quietly waited for Lu Xingzhi’s answer. After waiting a few minutes, she said, “No, right? Because she has been sacrificing her comfort for you. Because of you, she is always careful and enduring. It’s just that she hid it well, and you didn’t notice..”

## Chapter 2234: Consider Your Decision

The Jiang family had pampered Jiang Yao since she was young. In addition, Lu Xingzhi had always pampered Jiang Yao too. Therefore, when Mrs. Lu discovered that Jiang Yao was pregnant, she guessed that Jiang Yao might be even more delicate than before and that her temper would also be more volatile than other pregnant women.

However, that did not happen. When Lu Xingzhi was in trouble, Jiang Yao calmly took care of everything and took good care of the injured Lu Xingzhi. If it were not for her gradually growing belly that caused her to change her walking posture, Mrs. Lu could not even tell that she was pregnant.

Jiang Yao vomited so much that she could not eat anything during the most difficult month of her life. When she was in pain, however, it was because she was alone. She never lost her temper with others, and she never threw tantrums. Why was that the case?

It was due to Lu Xingzhi’s hard work during the day. She did not want him to work any harder when he got home.

Therefore, Jiang Yao drew a line for herself. She could be a little more willful within that line, but she would never allow herself to cross the boundary to make Lu Xingzhi tired.

Mrs. Lu saw everything, but she did not say anything. That was why she kept telling Lu Xingzhi that Jiang Yao was pregnant and needed to accompany Jiang Yao and coax her a little more.

That girl was actually quite easy to coax.

Mrs. Lu and Mr. Lu could travel to Jindo City easily because Jiang Yao had been very sensible.

Mrs. Lu, on the other hand, thought Jiang Yao's sensible nature made her heart ache.

When she married Mr. Lu, the family's circumstances were not ideal. When she was pregnant, her temper was so bad that Mr. Lu would sometimes be afraid to say anything for an entire day.

However, Jiang Yao was not like that.

Vomiting was extremely unpleasant during pregnancy. The smell of it made her want to vomit. She would still want to vomit if she puked until nothing was left in her stomach. If her body were in pain, she would become even more irritable.

However, Jiang Yao did not throw a tantrum at anyone. Not once.

It was not that Jiang Yao had a good temper but that she could endure it.

"Xingzhi, think about Yaoyao. Then make a good decision. Will you listen to your mother or not?" That was the most serious sentence that Mrs. Lu said to

Lu Xingzhi.

It was late autumn at the university. A bowl of hot soup could make one's body feel warm.

Qin Qin was a well-rounded person. Even if it was the first time they met, she could still find a topic to talk to that person. While chatting with Jiang Yao, she did not neglect her parents, who only had compliments for her.

'Yaoyao's father and I will be even more at ease with you in that university.' Mrs. Jiang looked at Qin Qin. She was also mumbling in her heart. Was Liang Yuezhe's brother's brain damaged? How could he let go of such a good wife?

“Looks like I’ll have a friend in the university. It’s not like while I was still studying where I had my classmates.” Jiang Yao smiled bitterly. She did not have anyone who could be considered a friend at that university.

She was younger than most of the people in the university, but she had seniority. Other people did not want to approach her.

People like Jing Mengjie, who was older and had a lot of ideas, also did not have anything in common with Jiang Yao..

### Chapter 2235: Like What?

“I won’t let you call me sister for nothing.” Qin Qin raised her hand and pinched Jiang Yao’s face, giggling, “Actually, when I first saw you, I really wanted to pinch you. You’re so fair and tender, and you look like a peach. Today, I can finally pinch you.”

Jiang Yao touched the place where Qin Qin had pinched her, feeling embarrassed. She had the illusion that she had seen a fake Qin Qin.

Jiang Yao wanted to ask Qin Qin which major she was teaching, but Qin Qin’s phone rang. Seeing that, Jiang Yao stopped and waited for Qin Qin to finish the call before asking.

Qin Qin picked up the phone very quickly. She picked up the call without looking at the caller ID. “Hello.”

Liang Yuekai’s voice came from the other end of the phone after a few seconds of silence. “This is the last time I’ll bother you. Where did you put the new shaving lotion you bought for me last time? I’m going on a business trip tomorrow and will bring it with me. This business trip is quite long, so I must take it with me.”

“It’s in the top left drawer of the bathroom sink. One last question!” Qin Qin quickly hung up the phone. Then, she glanced at the phone number on the screen and sneered, “You actually used your assistant’s phone to call. Tsk.” Then, Jiang Yao looked at Qin Qin and blocked the number again.

After doing that, Qin Qin looked up and saw Jiang Yao looking at her in shock. She smiled and raised her hand to tap Jiang Yao’s forehead. “Stop looking at me like that. I’ll charge you if you look at me like that again.”

Jiang Yao burst into laughter. She scratched her head and chuckled. “I’m just a little surprised that Brother Liang is like that.”

“Like what?” Qin Qin grunted. “Like a person who can’t take care of himself?”

Seeing Jiang Yao nod, Qin Qin chuckled. “All he does is work all day long. He doesn’t care about anything else. Living with him is not only boring, but it’s also very depressing.”

Qin Qin casually brought up another matter with Jiang Yao.

“We had an arranged marriage. We met once before we got married, for half an hour, and then we skipped the engagement and got married right away. We did not meet before we got married. The elders of the two families handled the marriage. I didn’t worry about it, and neither did he. On the second day of the wedding, he went on a business trip. Coincidentally, I also had some matters to attend to. He went on an extended business trip and only returned after three months. To foster a relationship between us, his family asked me to drive to the airport alone to pick him up.”

“And then?” Qin Qin successfully piqued Jiang Yao’s curiosity.

“At that time, there was no communication tool like a cell phone, so I knew his flight in advance. I told him that I would wait for him at the exit. I watched him come out of the airport and stand at the exit. He looked at all the women at the exit and then walked over to a straight, long-haired woman. He called her wife tentatively, and that woman called him a hooligan.”

Qin Qin shrugged. “I was so angry that I lost my temper.”

When Jiang Yao thought of that scene, she burst into laughter. “Why is Brother Liang so funny? Is it because he can’t recognize his new wife? I can’t take it anymore.” She was laughing so hard that tears were coming out of her eyes.

“After being scolded by that woman, he was stunned for a moment. He took a few steps to the side and scanned the faces of the other women, including me. He paused for two seconds before walking toward another long-haired girl. “If I did not pull him away, he probably would have been scolded again..”

## Chapter 2236: A Text Message

After Qin Qin said that, she laughed self-deprecatingly. “Actually, I just cut my waist-length hair a little shorter, permed it, and dyed it simultaneously.”

It sounded like a great joke to outsiders, but to the people involved, it was not funny. Instead, it was rather hurtful.

It was just a change in her hairstyle. Her new husband, who had been away for three months, could not recognize her when he returned.

It was not that Qin Qin's hairstyle had changed much, but Liang Yueze did not remember her at all.

"It's late. You're pregnant. Go back and rest after you finish eating." Qin Qin patted Jiang Yao's head after she finished complaining. "I like a delicate little girl like you. I have a little cousin at home who is as likable as you. We'll be at the same university in the future. We'll have plenty of opportunities to eat together."

After saying that, Qin Qin called the boss over to pay the bill and left the shop with Jiang Yao and her parents.

Qin Qin did not stay in the dormitory. Her car was parked nearby. Jiang Yao watched her drive away before returning to her dormitory with her parents.

Even if the hospital's high-class ward was excellent, it could not compare to her own bed. As she lay on the soft bed, Jiang Yao was indescribably happy.

"Go wash up and get some rest. Pregnant women should be aware of their own condition. Do you still drink milk, by the way? If you do, I will get it for you," Mrs. Jiang asked Jiang Yao as she sat on the sofa. She shared a bed with Jiang Yao at night while Mr. Jiang slept on the couch.

"I don't want to drink anymore." Jiang Yao changed into slippers and went to the bathroom.

Jiang Yao had a good appetite that night. She had finished an entire bowl of soup, so Mrs. Jiang did not force Jiang Yao to drink more milk before bedtime.

Jiang Yao could not help but sigh as she lay comfortably on the bed after washing up. "It is still preferable to sleep in my own bed. The blanket and bed smell like the sun at home. It is so relaxing to smell it."

"Of course. There's the sun during the day. I will put the blanket and mattress on the balcony every afternoon to bask in the sun." Mrs. Jiang said, "When you were washing up, your phone rang with a text message notification."

Jiang Yao picked up her phone from the side to take a look. She was not surprised that it was a text message from Lu Xingzhi.

Lu Xingzhi had not called or texted her since she left the hospital that night. She had thought it was strange, but when she saw Lu Xingzhi's text message, she felt that it was normal.

Lu Xingzhi's text message inquired as to whether she was sleeping.

Jiang Yao wanted to call him back, but she was afraid Mrs. Lu would wake up if she were already asleep, so she replied to his message.

[I just got home from eating supper. I ate an entire bowl of soup noodles because they were so delicious. Oh, yeah, I ran into Sister Qin in the shop. Big Brother informed me in the morning that she and Brother Liang had reached a divorce agreement. I had not anticipated Sister Qin signing the divorce agreement with Brother Liang at noon. Sister Qin said she plans to teach at L University in the future.]

Lu Xingzhi did not inquire whether she was sleeping, but Jiang Yao felt she had a lot to say to Lu Xingzhi, so the text message was pretty long.

Lu Xingzhi took a long time to respond with a text message. It was still quite brief.

"Okay, got it. Rest early."

Jiang Yao snorted softly and pouted at her phone after reading the text message in one glance. She had no plans to find someone to nag at..

Chapter 2237: Who's Asking About This?

She wanted to call him back and scold him.

However, Jiang Yao only considered it and did not act on it. She sat back down and charged her phone.

There was no one coming or going from the hospital corridor. Jiang Yao slept soundly in her dormitory that night. She slept until the aroma from the kitchen awakened her.

Mrs. Jiang was cooking some porridge in the kitchen, and the fragrance drifted into the room.

"Did you put a lot of ingredients in it, Mom?" Jiang Yao put on her coat and entered the kitchen to investigate. "So, mushrooms, vegetables, shredded meat, ham, carrots, and shrimp? Did you go shopping this morning?"

"No, your teacher sent the shrimp in the morning. He said that he was aware that you enjoyed seafood. He bought some shrimp for you because the shrimp in the market today was very fresh." Mrs. Jiang smiled and said, "I have never seen a better teacher than your teacher."

"Now, Xingzhi can't complain about not having any meat, right? He can eat seafood, right?" Mr. Jiang asked Jiang Yao.

"Yes, but he should eat less." Jiang Yao nodded. "He can have some this morning. You can pack his portion. I'll have breakfast here before I head to the hospital."

"Go and ask Professor Ouyang if he has eaten yet. If he hasn't, ask him to eat with you." Mrs. Jiang urged Jiang Yao, "Hurry up and wash your face."

"It's still early." Jiang Yao looked at the time. Morning classes were not that early. She had to go to the hospital, so Mrs. Jiang made breakfast very early. At that time, Professor Ouyang probably had not eaten yet.

After washing her face, Jiang Yao knocked on the opposite door. When Professor Ouyang heard it, he did not decline the invitation. He smiled and went to Jiang Yao's place to eat breakfast.

"When will your husband recover?" Professor Ouyang asked casually. Then, he lowered his head, took a sip of the porridge, and praised Jiang's mother's cooking skills. Professor Ouyang lived in the north when he was young and later moved to Nanjiang City with his parents. Similar porridge was not popular in Nanjiang City, so that was the first time Professor Ouyang had eaten that, but it was also very delicious.

"Not so quickly, but I will find time to come to university at the end of the semester," Jiang Yao said. She also thought that she had to keep an eye on Lu Xingzhi. If she did not keep an eye on him, he would think about going out to resume training every day after he was discharged from the hospital and returned to the army base.

"Yes, I am quite busy at the end of the semester." Professor Ouyang was not urging Jiang Yao to return to class. In any case, he did not think that Jiang Yao would be unable to keep up with the classes, and he felt that Jiang Yao's practical ability was particularly outstanding. She did not look like a young doctor who had just graduated. In terms of surgery, he did not have to worry about her.

"Oh, right! Someone is asking me about the Divine Doctor's student. They are asking about you," Ouyang said. "Did you help your teacher perform a few surgeries in Jindo City? One of them was surgery for amputation. Later, the patient recovered very well. He is still as fast as a bird and feels no discomfort. That person wants to ask if it is possible to reattach the amputated limb."

"Who is asking about this?" Jiang Yao asked, "Is the severed limb in good condition? How good is it?"

The professor said, "They're from the military, and your husband is a soldier as well. If you want to know more about it, ask him to find out. Someone surnamed Chen in Lanning seemed to have been injured by an explosion a few days ago on a mission. He

was later sent to the local hospital. However, the medical standards there were limited, and his limb was amputated..”

## Chapter 2238: Joyful

Professor Ouyang had found out all that by himself. “I’m not sure if that information is completely correct, but if it involves the military and those messy sections, you can ask your husband.”

“Chen Qijie? Professor, you can ask him if he’s dreaming.” Jiang Yao sneered. If it were not for him, Xingzhi would not have been injured and caught. “He should consider himself lucky that I didn’t kill him.”

Jiang Yao did not hide her hatred for Chen Qijie at all. “I can’t help him, and I don’t want to help him. I don’t even want to look at him.”

“Okay.” Professor Ouyang rarely saw Jiang Yao lose her temper like that, so he did not ask further. “I got it.”

After the news of the Divine Doctor’s death had spread, Lu Xingzhi and the Liang family hid Jiang Yao’s identity as the Divine Doctor’s student. Therefore, not everyone could discover Jiang Yao’s identity.

Not to mention the distance between Nanjiang City and Lanning.

Jiang Yao dropped off Professor Ouyang and drove her parents to the hospital after breakfast. Lu Xingzhi and Mrs. Lu were already awake when the three of them arrived. Mrs. Lu did not appear to be in a good mood. She did not sleep well in the hospital.

‘Mom, are people walking around the hospital corridor at night disturbing your sleep? You can go back and sleep for a while,’ Jiang Yao said. “I’ll take care of him during the day.”

‘Yeah, I’m old and a light sleeper. I woke up whenever someone passed by.’ Mrs. Lu smiled helplessly to cover it up. She could not sleep because of her son, Lu Xingzhi.

“There are quite many family members here. It’s a bit noisy at night. I’ll stay here tonight. I sleep very well. Even if I’m woken up, I can fall asleep in a few seconds.” Jiang Yao smiled. “Mom, please, I don’t want to be separated from Xingzhi. I didn’t talk to him much last night. I’m not used to it.”

“Okay.” Mrs. Lu nodded. She had other things on her mind, so she agreed immediately.

After breakfast, Mrs. Lu asked Jiang Yao to accompany her for a walk. She also went to buy some daily necessities.

Jiang Yao did not doubt her. She looked at Lu Xingzhi, who had been silent all morning. She was puzzled while she walked out of the ward with Mrs. Lu.

‘What do you need? There’s a shop nearby. Everything is quite well-stocked and of good quality.’

Jiang Yao asked while reminding Mrs. Lu about the stairs.

“I don’t need anything. I just wanted to talk.” Mrs. Lu held Jiang Yao’s hand and sat on a chair by the lawn. She reached out to pull Jiang Yao’s coat and said, “I saw you trying to talk to Xingzhi several times this morning. Are you upset that he’s been so quiet all morning?”

‘That’s true. I’m not used to him being like that.’

Jiang Yao curled her lips. “He’s always childish when he’s in the hospital.” “Because I said something last night that made him unhappy,” Mrs. Lu said. “I told him to choose—to transfer or leave the army. He did not rest well last night either.”

Mrs. Lu looked at Jiang Yao quietly after she said that. She noticed Jiang Yao’s shocked expression, but there was another side to her emotions.

Mrs. Lu saw nothing wrong and thought the emotion was joyful.

Jiang Yao’s true feelings were hidden behind the joy in her eyes..

Chapter 2239: You

“You told him last night? What did Xingzhi say?” Jiang Yao suppressed the emotions in her heart. She thought she had covered it up fast enough, but she did not know that Mrs. Lu already knew what she was thinking.

Jiang Yao shook her head again. “I got it.”

In reality, that question was pointless. Lu Xingzhi most likely did not respond to Mrs. Lu, so he did not get a good night’s sleep.

Mrs. Lu exhaled a sigh. “He will undoubtedly ask you again in the future. I know what you are thinking, Yaoyao. You do not want to complicate things for him, so you have to complicate things for yourself. That is not necessary. This time, I will be the villain.”

Mrs. Lu patted Jiang Yao's hand on the back. "You—"

There was nothing else she could say, but it was enough to convey Mrs. Lu's and Jiang Yao's helplessness.

"You give in to him in everything." It was the Lu family's fortune to have such a daughter-in-law. Even so, Mrs. Lu could not help but feel sorry for Jiang Yao.

She must have had the same thought. She wanted Lu Xingzhi to leave the army, but she could not bear making things difficult for Lu Xingzhi, so she did not say or mention anything. She even cared for Lu Xingzhi in the hospital as if nothing had happened.

When Jiang Yao first married into the Lu family, she did not feel as if she belonged to the family. It was the same thing with Lu Xingzhi. At that time, Mrs. Lu was worried that her daughter-in-law would never be able to fit in with the Lu family and that she would be separated from them.

Jiang Yao's transformation surprised and delighted her. However, when she thought about it, she felt the same way.

"It's cold here. Remember to buy a silk scarf when you go out," Mrs. Lu said. "It can keep your neck warm. Winter will arrive soon. Remember to wear thick clothes. If you have a headache or fever while pregnant, you will have to endure it. You can't take any medicine."

Jiang Yao smiled and nodded.

Her physique had always been perfect after she had the medical system. She was rarely ill, let alone had a headache or fever. That was even less of an issue.

Jiang Yao's mood improved significantly when she returned upstairs.

Lu Xingzhi was reading a newspaper in the ward. When Jiang Yao and Mrs. Lu went in, he raised his eyes and glanced at the two, but he did not say anything. After just one glance, he withdrew his eyes and continued to read the newspaper in his hand.

Mr. Jiang and Mrs. Jiang sat on the chairs at the side and used Lu Xingzhi's cell phone to call their son and daughter-in-law in their hometown. It was the weekend, so Jiang Jie and his wife did not have to go to work.

After Jiang Yao went in, she moved closer to Mr. Jiang and Mrs. Jiang. She sat next to Mr. Jiang and called out to her brother from the phone.

When Jiang Jie heard Jiang Yao's voice, he laughed.

Mr. Jiang handed the cell phone to Jiang Yao, saying, "Talk to your brother. He wants to take two days off work to visit you and Xingzhi."read new chapter at Bon novel.com

Jiang Yao grinned and took the phone. "It's not so easy to take a leave of absence, right? Why do you want to visit us?"

"It should be fine. You and Xingzhi have had a series of accidents these past few days. Your sister-in-law and I have been worried about you. I wanted to go the last time you had an accident, but I couldn't get away. Yesterday, Jiang Jie told me that Lu Xingzhi was also injured, so we couldn't sit still. By the way, you haven't seen your nephew yet, right? Your sister-in-law has given me a chubby son, and he wanted to meet his aunty.."

## Chapter 2240: Time To Add

"I'm fine. I just needed to rest for a while. My condition has stabilized now. The child is still so young. It's better if you don't bring the child here for now. I know that you are concerned about Xingzhi and me. If you want to come, come after my baby is born. That way, we can accept each other's gifts. I won't lose out, and you won't lose out either. That's great." Jiang Yao knew that Jiang Jie was very busy at work. Wang Xian's job had also been reassigned. After the month ended, Jiang Jie found some connections to get Wang Xian a job in a public institution. Wang Xian's mother was looking after their child.

Wang Xian was fine. Her job was relatively easy, but Jiang Jie's was not. Therefore, it was not easy for the couple to apply for leave to go to the city.

Jiang Jie said, "It's almost the New Year. Are you and Xingzhi really okay? Let our parents take care of you. They don't need to rush back here. My mother-in-law is taking care of our child, and she can handle it."

Jiang Yao smiled and did not continue the topic. If it were in the countryside, her parents would be criticized for doing that. Instead of caring for their daughter-in-law and grandson, they were there to take care of their daughter, who was already married.

Fortunately, her sister-in-law was a good person, and so were her family members. They did not say anything about that matter.

However, Jiang Yao thought about it and felt that her parents were not used to staying there all the time. They had no neighbors to talk to, and there was nothing for them to do. They were not used to being idle. They had nothing to do in the city.

She reasoned that they should go home and return when she was about to give birth.

Before hanging up, the siblings talked on the phone for nearly 30 minutes. "I will take my parents to get some clothes," Jiang Yao said to Lu Xingzhi and his mother after hanging up the phone.

Lu Xingzhi finally put down the newspaper in his hand. "Let Big Ke and Ah Lu follow you."

Mrs. Lu nodded as well. "Yes, they should. The weather was so hot when we came out. Now it's almost late autumn, and winter is coming in a few days."

Mrs. Lu had just returned from the north. She had all the clothes she needed for the entire year.

However, Mr. Jiang and Mrs. Jiang had always stayed there. When they first came, they were in a hurry, so they did not bring that many clothes. They did not even have a thick coat.

"I'll also buy some toys for my nephew." Jiang Yao stuck out her tongue. "I haven't even hugged him yet. I have to buy some toys to bribe him before I see him. Otherwise, he won't call me aunty when he grows up. '

Mrs. Lu burst into laughter and took the initiative to ask Jiang Yao if she had enough money. If she did not have enough, she could give her some.

Jiang Yao shook her head repeatedly. She extended her hand and pointed at Lu Xingzhi. She smiled. "Xingzhi's money is with me. I have to spend all of his money first."

Jiang Yao did not object when she said she wanted to take them out because they desperately needed more clothes. Her parents had been in Luo City for a long time and had yet to explore the vast city properly.

Apart from Jindo City, Luo City was the largest and most prosperous city the two elderly had ever visited.

Jiang Yao's parents happily hugged her and exited the hospital. Mrs. Lu sat to the side, assisting Lu Xingzhi in preparing some fruits. Mrs. Lu laughed. Jiang Yao had already left for quite some time, but Lu Xingzhi had been staring at the door, unable to regain his composure..
