Chapter 2241: Useless To Be Depressed

"You want to accompany your wife to buy clothes for your in-laws? You want to buy toys for her nephew?"

Lu Xingzhi snapped back to his senses. He looked at Mrs. Lu and did not say anything.

Mrs. Lu was right. He wanted to accompany Jiang Yao to buy things for his in-laws and gifts for Jiang Jie's son.

"It's a pity you can't walk that far unless someone pushes a wheelchair to take you there." Mrs. Lu was practically poking Lu Xingzhi's heart. "Yaoyao has been pregnant for so long. How many times have you accompanied her to go out? How many times have you accompanied her to buy things? How many times have you gone shopping? Or let me ask you something else. The two of you have been married for so long. How many times have you watched movies together?"

Your father and I are old, yet we still go to the cinema to watch new movies. Your father even bought me popcorn and a drink." After saying that, Mrs. Lu chuckled. Then, she handed the fruit to Lu Xingzhi.

Lu Xingzhi was depressed. He glanced at the fruit plate but did not move.

They were mother and son. Mrs. Lu took a glance and put it back into her mouth. "It's useless to be depressed. It's the truth anyway."

Lu Xingzhi and Mrs. Lu did not stare at each other for long. Not long after Jiang Yao brought Mr. Jiang and Mrs. Jiang home, Master Cheng brought his family to see Lu Xingzhi in the hospital.

Cheng Jinnian called out to Lu Xingzhi from afar. Then, he ran into the ward and stood at the door. His sharp eyes looked around the ward but did not see anyone. Then, he ran into the bathroom to check if anyone was there. Then, he looked at Lu Xingzhi, who was on the bed, and said, "Brother-in-law."

That childish voice made Lu Xingzhi so happy. The depression that he had been feeling all morning cleared away instantly. It was rare for him to speak with a gentle expression.

'Where's my sister?' Cheng Jinnian walked toward Lu Xingzhi and lifted the blanket over him. "Did you hide my sister under the blanket?"

Mrs. Lu found Cheng Jinnian's words amusing. "Your sister went out," she said as she patted Cheng Jinnian's head.

At the door, Cheng Jinyan and the other two heard that. Cheng Jinyan glanced at Madam Cheng subconsciously. "When will she be back?" he asked, seeing her obvious disappointment.

"She went out with her parents to buy clothes. She also said that she would buy toys for her nephew. I think she will be back in a while." Mrs. Lu quickly invited the three people into the room. She handed Cheng Jinnian the fruits she had just washed and said, "Let's have lunch together later."

"If Yaoyao is okay, that's great." Cheng Jinyan pinched his mother's palm and comforted her silently. Then he said, "Why don't I call Yaoyao and ask her first?"

Cheng Jinnian sat with a plate of fruits, swaying his calves vigorously. His eyes were fixed on Master Cheng's phone.

When Jiang Yao received Master Cheng's call, she had just arrived at the shopping mall near the hospital. When she heard Master Cheng wanted to have lunch with everyone, Jiang Yao's first reaction was to refuse. However, before she could say it out loud, the image of Madam Cheng hugging her when she left the army base to go to Lanning flashed in her mind..

Chapter 2242: Very Good

The words of rejection were stuck in her throat. It was not until Mrs. Jiang gently pushed her arm that Jiang Yao took the opportunity to say yes.

Master Cheng was stunned for a few seconds when Jiang Yao said yes. He had even prepared the words of persuasion for half an hour. He had even prepared a favor for that lunch; he did not expect Jiang Yao to respond to him directly after a moment of hesitation.

"I'm accompanying my parents to the mall now. I'll decide the location. I'll text you once I'm done." Jiang Yao hung up the phone very quickly after that.

"That's right, Yaoyao. Master Cheng's family has been very friendly to you. Don't keep giving them the cold shoulder this time." Mrs. Jiang had always been kind-hearted. "It's not easy for Madam Cheng either. It's not good for her if you keep hurting her heart. "

Jiang Yao hugged Mrs. Jiang's hand and smiled, acting coquettishly. She jokingly said, "Mom, you want to see Madam Cheng and me together so much. If I take her back as my mother, then you won't be my only mother in this world. Won't you be jealous? Won't you be so regretful that you can't sleep at night?"

“Why would I be jealous? We will be more than happy to have someone who dotes on you. Do you think we’re just fooling you? We can only be in this world for a short time, and you’ll have a long journey ahead of you. The Cheng family will be able to help you where we can’t. Plus, they have always been kind to us.” Mrs. Jiang patted Jiang Yao’s head. “I am not that shallow to feel jealous about that.”

It was unclear whether the Cheng family could assist Jiang Yao and Lu Xingzhi. Mr. Jiang and Mrs. Jiang could only accept the Cheng family because the Cheng family had been kind to Jiang Yao.

The Cheng family’s attitude moved Mr. Jiang and Mrs. Jiang, especially after that incident. Cheng Jinnian was such a young child, but the Cheng family just sent him to them. They even agreed to let Cheng Jinnian accompany Jiang Yao to Lanning.

When Master Cheng spoke of Jiang Yao, he kept referring to her as his daughter. His feelings for Jiang Yao were pure.

Although Master Cheng’s eldest son was not related to Jiang Yao by blood, he was a handsome young man. He also adored his younger sister, Jiang Yao. Mr. Jiang and Mrs. Jiang were unconcerned because Master Cheng’s second son and Jiang Yao were nearly identical siblings.

Were all parents like that? They hoped their children would have a good life, so they persuaded Jiang Yao to get along with the Cheng family. Mr. Jiang and Mrs. Jiang were not unwilling at all.

Furthermore, the Cheng family could assist Jiang Yao and Lu Xingzhi that the Jiang family could not.

Did parents who loved their children want the best for their children?

Jiang Yao carefully observed her parents’ expressions. She felt relieved and smiled when she saw their genuine expressions. She continued to lure them both into the mall.

Jiang Yao had been held back for a long time after the incident. She was confined to her bed all day and was not permitted to leave. As a result, Jiang Yao was as excited as a child when she went shopping. She could not stop shopping once she started. Finally, her parents could not help but feel bad for her. -Please read new chapter at Bonovel.com

Chapter 2243: I’m Not Your Wife

If you keep spending money like this, will your husband's salary be enough? Even though the Lu family is wealthy, you can't spend money like that. You Two are young; you can't always ask your parents for money," Mr. Jiang scolded Jiang Yao. "Your mother and I can wear simple clothes to keep us warm. Why are you spending so much money to buy those?"

"Dad, Mom, you guys are really different from others." Jiang Yao smiled. "Other people's parents encourage their daughters to spend their husband's money. It's even better to use their in-laws' money. Why are you guys trying to persuade me not to ask them for money?"

"What kind of children do we have? Our children will never ask for money." Mr. Jiang sounded serious. "Don't think that your in-laws' money is yours. Otherwise, I will teach you a lesson."

Jiang Yao leaned on Mr. Jiang's shoulder and giggled. "Your daughter is not that kind of person. Xingzhi and I didn't ask his parents for money to spend. He is very good at making money, and your daughter is not bad either."

No one in the family knew how many assets Jiang Yao possessed, and Jiang Yao did not make it public, so Mr. and Mrs. Jiang truly believed Jiang Yao was spending Lu Xingzhi's salary.

However, Jiang Yao did not touch Lu Xingzhi's salary. The salary provided by the army was insufficient for the two of them.

Jiang Yao had made a reservation for lunch at the restaurant. She sent the address and time to Master Cheng via text message. Then she called Mrs. Lu. She inquired whether she should get Big Ke and Ah Lu to pick them up.

The ward was suddenly empty after Master Cheng and the others left. Mrs. Lu had left Lu Xingzhi to eat the noodle soup she had bought from the hospital cafeteria.

Jiang Yao returned to university late that night. Lu Xingzhi had waited a long time before calling Jiang Yao to find out when she would return from her meal.

When the nurse arrived to clean up, she discovered that Lu Xingzhi was the only patient in the ward. She was taken aback for a moment and asked, "Colonel Lu, where is your wife? Why didn't we see her at noon today?"

Everyone in the hospital knew that Colonel Lu and his wife were very close. The two stayed together all day, so no one would go into Lu Xingzhi's ward to disturb them.

"She went out for lunch." Lu Xingzhi sighed and ate the last mouthful of noodles in his bowl. When he heard his phone ring, he quickly picked it up and said, "Wife?"

At the time, it was lunchtime. Lu Xingzhi assumed Jiang Yao had remembered him during lunch, so she called to see if he had eaten or what he wanted to eat and had it packed and delivered to him.

However, it was Liang Yuekai. He was so shocked when he heard Lu Xingzhi call his wife that he almost dropped his phone into his soup.

"I'm Liang Yuekai," Liang Yuekai explained seriously. "I'm not your wife."

Lu Xingzhi removed the phone from his ear and examined it. It was Liang Yuekai's phone number. Then, his lips twitched. "Brother Liang, what is the matter?" he asked, returning the phone to his ear..

Chapter 2244: Said Something

Liang Yuekai was not Liang Yueze. Lu Xingzhi and Liang Yuekai were not as close as Lu Xingzhi with Liang Yueze. He respected Liang Yuekai, just like how Liang Yueze treated his big brother.

"There is something." Liang Yuekai paused for a few seconds. He was probably considering how to say what he wanted to say. After a moment of silence, he said, "Qin Qin and I are divorced. I heard that she went to Luo City University to teach. I remember Jiang Yao is also taking her postgraduate studies with Professor Ouyang at L University. She is Professor Ouyang's assistant. I think that you and Jiang Yao are both in Luo City now. I will have to trouble the two of you to take care of Qin Qin."

Lu Xingzhi had a question for Liang Yueze. Was that what he meant when he said that he remembered? He had to have asked around, right?

"Yaoyao met her at the university last night." Lu Xingzhi was surprised that Liang Yuekai called him to explain that matter to him specifically.

"That's good." Liang Yuekai hung up after thanking him. He was on a business trip, so he could only make a personal call when he had time to eat.

Lu Xingzhi returned his phone to the side and tried to recall Liang Yuekai and

Qin Qin, but he could not come up with anything after thinking for a long time.

He did not have much contact with Liang Yuekai and his wife. After all, Liang Yuekai was always busy. Qin Qin, on the other hand, looked like she could talk to anyone. However, it was not easy to enter her social circle. No one could join her social circle.

Lu Xingzhi knew that Liang Yuekai and Qin Qin's marriage was a union of two families. The two couples had no feelings before marriage and appeared to have no feelings afterward. It was unexpected that they would divorce, but it did not seem all that surprising.

The two families' relationship had long been unbreakable after so many years. It was natural for Qin Qin to propose divorce to Liang Yuekai at the time.

Lu Xingzhi remembered Liang Yuekai had just mentioned Jiang Yao on the phone. He sat there and, for some reason, smiled. He quickly grabbed his phone and dialed Jiang Yao's number.

Jiang Yao quickly picked up the phone. She picked up the phone after only three beeps.

'When will you be back?'

"The food has just been served." Jiang Yao looked at the table, lowered her voice, and asked, "What is wrong? Mom said she made noodle soup for you in the cafeteria."

He could not have been hungry.

Lu Xingzhi reflected on that. Fortunately, he was not planning on using that reason.

"Big Brother called me and said something. He wanted me to tell you about it." Lu Xingzhi changed the way he addressed Liang Yuekai and said the exclusive way he addressed Liang Yueze. It was so that Jiang Yao would misunderstand that he was talking about Liang Yueze and not Liang Yuekai.

"Big Brother?" Jiang Yao paused when she heard that it was Liang Yueze. "Tell

"It's quite important. It's hard to say over the phone, so I asked when you'll be back," Lu Xingzhi said. "I'll tell you when you're back. It's easier to talk face-to-face."

"Is it urgent? If it's not urgent, I'll come over after dinner." Then, she said, "This restaurant makes a delicious balsamic pear beef soup. I'll get one for you after dinner."

Lu Xingzhi felt much better hearing that Jiang Yao was still thinking about him. "It's hard to say whether it's urgent or not. It's fine. You should eat first." read new chapter at B o n n o v e l . c o m

Lu Xingzhi purposefully answered ambiguously. He had finished telling Jiang Yao what he had discovered, but he could not bear hanging up the phone, so he could ask what else she had eaten for lunch..

Chapter 2245: Let's Not Talk About That Anymore

Jiang Yao did not suspect anything. She held her phone and talked to Lu Xingzhi for more than ten minutes. She only hung up after the dishes were served.

“Lu Xingzhi called?” Master Cheng teased her. “He really can’t get away from you for a while. I didn’t know that he was such a clingy person.”

Mrs. Lu sat beside Jiang Yao and smiled enigmatically.

It was one thing for Jiang Yao not to accompany Lu Xingzhi throughout the morning, but Lu Xingzhi was afraid that if the people at that table ate with her, she would incite a rebellion.

Lu Xingzhi was worried that after that meal, the people at that table would go to the hospital to persuade him to change his career.

Jiang Yao smiled and called the waiter to inform him of the additional dish for takeaway. In light of Lu Xingzhi’s desire for meat, she requested that the restaurant add an extra pork bun with barbecued pork. Jing Mengjie had previously mentioned that restaurant to Jiang Yao. The food was not bad.

“Oh, right! When you left Danmu town, how was the situation there?” Jiang Yao casually asked about the follow-up matters in Danmu town.

“It was almost done. All the soldiers who participated in the mission were found. The bodies of the dead soldiers were transported back to Lanning’s army base. That matter was of great significance. In addition, even the Liang and Chen families were alarmed. So, Chen Qijie was removed from the army.

Someone else replaced his position.”

As expected, the Liang and Chen families had made a move, so they naturally seized the opportunity to arrange for their people to go in.

“There’s still no news about Qian Yunen. I’m also investigating, but so far, there’s no useful information,” Master Cheng said. “Old Master Liang also said that Qian Yunen would not be easy to catch.”

After a pause, Master Cheng said, “But I found another thing. Previously, everyone said that the former boss of that organization was dead. In fact, he was not dead. He was seriously injured. That organization made a move at the last conference and captured so many of the medical world’s leaders because of that young man.

“That organization is growing at a breakneck pace. Furthermore, they occupy a large amount of territory while expanding their territory through the most violent means. Many

of the people over there have died at their hands. Their organization gives some preferential treatment. They also give those with IQs above 150 preferential treatment. They can supply them with any materials they desire, allowing those organizations to develop new types of weapons. They have also built several new research facilities. Aside from weapons research, they also study medicine.”

“Father, let’s not talk about those topics at the dining table.” Cheng Jinyan noticed that the atmosphere at the dining table had suddenly turned serious. Mr. Jiang and Mrs. Jiang, who did not understand, had become solemn. Therefore, he interrupted Master Cheng in time.

Master Cheng nodded. “Let’s not talk about it. Let’s talk about happy things.”

“Okay, let’s talk about happy things.” Jiang Yao was also annoyed; she should not have asked those things in front of the three elders. Master Cheng had said it very clearly, but it made Mr. Jiang and Mrs. Jiang worried as well.

“I forgot to tell you. Xingzhi has already given the child a name. He’ll be called Lu Chenyang, which means morning light and sunshine.” Jiang Yao brought up a topic that everyone would be most interested in. After that, everyone started to talk about her baby..

Chapter 2246: Goes Without Saying

Madam Cheng sat there without speaking to Jiang Yao, but when she heard Jiang Yao say the child’s name, her heart beat faster.

“Lu Chenyang, Chenyang.” That name symbolized a new life, extending the bloodline of her daughter.

It was her grandson, someone with a close biological connection with her.

Madam Cheng realized that she was about to become a grandmother.

It was even more intense than when she touched Jiang Yao’s belly and felt the child’s mischievousness.

“Good name.” Master Cheng was not stingy with his praise. “As expected of someone who reads a lot. That’s a good name.”

Master Cheng was an arrogant man, but he respected those who were knowledgeable. His eldest son, Cheng Jinyan, was named after a talented man. It was easier to name his second son. He only made one change.

Madam Cheng had suggested that name. That word contained Madam Cheng's longing and guilt for another child she believed had died.

That word seemed to be a blessing, bringing back the person his wife had missed.

"When the child is born, I will give him a big gift!" Master Cheng laughed happily. "I am also a grandfather. Just thinking about it makes me feel even more intoxicated. "

Master Cheng raised his wine glass to Mrs. Lu, Mr. Jiang, and Mrs. Jiang and said, "Let me express my desire to be the child's grandfather. My son is useless. He is no longer young, but no woman wants him. Fortunately, I still have a daughter. It is time for me to become a grandfather."

Madam Cheng's eyelids twitched as she heard her husband speak. She kept a close eye on Jiang Yao's face, afraid she would become angry.

Fortunately, Jiang Yao pretended not to hear him. She lowered her head and ate her food with gusto. Her expression remained unchanged. She did not even put her spoon down.

Cheng Jinnian grabbed the orange juice and dashed to Jiang Yao's side. As he touched Jiang Yao's stomach, he said, "Congratulations! I will become an uncle! If the child resembles Sister, he will resemble me too!"

Everyone at the table laughed.

Jiang Yao could not help but smile. Cheng Jinnian resembled her so much that if her son resembled her in any way, he would undoubtedly resemble Cheng Jinnian. They were both around the same age. People would probably think Cheng Jinnian and her son were brothers if they saw them walking down the street together.

In the eyes of Master Cheng and Madam Cheng, Jiang Yao's non-rebuttal was a tacit agreement. She implicitly agreed with the child's relationship with the Cheng family and her attitude toward the Cheng family.

Madam Cheng's wine glass trembled slightly as she stood up with the juice in her hand.

Nothing else needed to be said, but they could understand what was left unsaid.

They were not sentimental people, so they could not say anything sentimental. Everything was said in silence.[read new chapter at Bon novel.com](http://Bon-novel.com)

Jiang Yao left the restaurant shortly after dinner because she remembered Lu Xingzhi saying he had something to tell her. She suggested they return to the hospital after packing the soup and buns for Lu Xingzhi..

Chapter 2247: Why Are You Here?

“It’s fine. You can head back. We need to go shopping.” Master Cheng waved his hand excitedly and told Big Ke and Ah Lu to send Jiang Yao back to the hospital. Then, he turned around and discussed with his wife and the others which shopping mall to go to in the afternoon to buy something for the baby.

“Small clothes, small shoes, those are definitely needed!” Madam Cheng was very excited and asked Mrs. Jiang, “What is Yaoyao’s shoe size? What size are her clothes? I have to buy some for Yaoyao. After her belly gets bigger, she definitely won’t be able to wear the winter clothes she used to wear.”

The atmosphere in the room was suddenly better than before Jiang Yao had left. Even Cheng Jinnian and Cheng Jinyan were interested in the topic.

To Cheng Jinyan, Jiang Yao was like a younger sister. The baby would be his nephew. It was also a new experience for him.

Big Ke and Ah Lu were eating in a private room next door. When they received a call from Jiang Yao saying she was leaving, the two followed Jiang Yao downstairs. When they saw the things in Jiang Yao’s hands, Ah Lu took the initiative to take them. After all, the soup was very hot.

“Director Jiang, is that for Young Master Lu? The service in this restaurant is pretty good. They even gave you a thermos bottle for the soup. No wonder business is so hot.” Big Ke teased Jiang Yao. “There aren’t many wives like you, Director Jiang. You still think about your husband when you go out for dinner. It’s a pity that you don’t have a younger sister.”

“I have a brother. I don’t mind you two dating,” Jiang Yao teased Big Ke. She made the man speechless.

“Director Jiang, I do mind.” Big Ke rubbed the goosebumps on his arms. Dating a man? He felt weird thinking about it.

Jiang Yao covered her mouth and snickered. If her parents heard what she said, they would probably beat her.

If Jiang Lei heard it, he would probably be so angry that he would ignore her for a few days

After going downstairs, Jiang Yao went to pay the bill. It was a coincidence that when she reached the front desk, she unexpectedly bumped into Li Hong.

Li Hong had already dropped out of the university. She had a lawsuit with the Changkang Group. Therefore, that matter attracted a lot of attention in Luo City. Even though she had graduated from an undergraduate university, she could not find a job in the city.

Changkang Group's lawyer told Jiang Yao that all the hospitals in Luo City would not hire Li Hong. After all, she was carrying a serious crime on her shoulders. Without a good reputation, it would be very difficult for Li Hong to find a job in that area.

Li Hong stood in front of Jiang Yao. Beside her was a fat, middle-aged man. The man's hand gently caressed her waist and kept rubbing against it.

Jiang Yao laughed coldly. Li Hong quickly turned her head and looked behind her. Then, she saw a face that made her tremble in fear.

'Jiang... Miss Jiang!' Li Hong almost subconsciously pushed the middle-aged man away and took a few steps back, wishing she could pretend she did not know the man.

The man was pushed to the front desk. He immediately turned around and scolded Li Hong, "Are you tired of living? You dare to push me?" continue read new chapter at B0nn0vel.c0m

Li Hong did not seem to notice his mood. She stared at Jiang Yao in shock.. 'Why are you here?'

Chapter 2248: Who's That?

That was a famous and expensive restaurant in the market. A meal there could cost a person several months' salary. Even though Li Hong knew that Jiang Yao was not short of money, she did not think that Jiang Yao was so wealthy that she could go to that restaurant.

"Why can't I be here?"

Jiang Yao snorted. "But you surprised me."

She looked meaningfully at the person beside Li Hong and did not deliberately say anything unpleasant.

"Li Hong, who is that? Your friend?" Jiang Yao did not pay much attention to that man. On the other hand, when that man saw Jiang Yao's appearance, his eyes narrowed and he immediately revealed his lust. "Li Hong, why don't you introduce us?"

Li Hong had been with that man for a few days, so how could she not know what kind of person that man was? She felt a sense of defeat as if all her pride had been thrown to the ground and crushed. She clenched her fists, turned around, and left, not caring about the expression on the face of the man she had left behind.

“Bitch! I’ll teach you a lesson! Do you think you’re some kind of celestial being? Do I have to give in to you?” The man cursed at Li Hong’s back, but he did not leave. Instead, he moved closer to the fair lady in front of him, who looked much younger than Li Hong. Before he could say anything, he shook his wrist to reveal the gold watch. Then, he pretended to touch his neck to show the gold necklace on his neck.

‘You’re Li Hong’s classmate, right? You look much younger than she does. Are you her junior?’ The man smiled.

Ah Lu and Big Ke both stood in front of Jiang Yao and shielded her behind them. The two of them said in unison, “Scram.”

Only then did the man notice that the delicate-looking lady had two bodyguards who looked like they were not to be trifled with. The lady did not look timid.

She did not even look at his gold watch and gold necklace. He thought, “Is she rich?”

The man might be lustful, but he had good eyesight. Since the lady was not interested in him, he took his wallet and left.

Then, it was Big Ke’s turn to mock the man. “That woman is a gold-digger. Who knows what kind of person she is looking for?”

Jiang Yao smiled. She calmly went to the cashier to pay the bill. Then, she returned to the hospital with Big Ke and Ah Lu.

Li Hong and Jing Mengjie were vain. Furthermore, Li Hong’s family conditions were not as good as Jing Mengjie’s. She had dropped out of university; she had lost her future. She could not find a job, but she wanted a good life. Jiang Yao was not surprised that Li Hong chose that path because she did not want to be looked down upon by others. [Support our Bonovel.com](http://SupportourBonovel.com)

However, Jiang Yao thought Li Hong did not have much time to be free.

The Cheng family had already sent Li Hong’s parents back to the country. Those greedy people had been enjoying a luxurious life. They lived in elegant mansions and lived a life where they could get money without working. Then, they had to return to such a small place. The family hated Li Hong so much that they might want to send her to prison..

Chapter 2249: He's Important Too

Thanks to the thermos bucket, the soup was still hot when they arrived at the hospital. Jiang Yao handed the spoon over to Lu Xingzhi, reminding him, "It's hot. Drink it with caution. I even brought you some grilled pork buns. Eat two to satisfy your cravings."

When Jiang Yao prepared those things for him, Lu Xingzhi stared at Jiang Yao without blinking. Or rather, since Jiang Yao entered the room, Lu Xingzhi had never looked away.

He took the spoon from Jiang Yao's grasp, lowered his head, and sipped. He praised, "It's very fresh." Then, after a pause, he quickly asked, "How was your lunch? What did you talk about?"

"Even though the meal in that restaurant was a little pricey, it was delicious.

The restaurant also provided me with a thermos." Jiang Yao sat beside Lu

Xingzhi and briefly summarized the topics discussed at the table before saying, "I have decided to interact with the Cheng family because they have been too kind to me. They are so good that I can't think of anything to keep them away."

Jiang Yao's hand was fiddling with Lu Xingzhi's clothes. "Although I knew I couldn't blame Madam Cheng for abandoning me, I felt bad when I refused to forgive her. I didn't want to keep in touch with her, but I couldn't stop myself.

In fact, I felt bad every time I saw her change her expression due to my words.

She looked at me and talked to me during lunch, making me feel worse. Madam Cheng is the woman Master Cheng pampers, but she is afraid of making me angry because I am always careful with her. She doesn't have to be that way."

"Madam Cheng is being so careful because she loves me so much." Jiang Yao pouted and let go of Lu Xingzhi's clothes. She touched her belly. "When we went to Lanning that day, she hugged me and cried. She touched my belly. I couldn't forget it even after we got on the plane. So, I don't want to hate her anymore. In fact, she's very nice. She's a good person, and she treats me well.

"Then don't hate her. If you want to have a relationship with her, then have a relationship with her. If you don't want to have a relationship with her, then I'll repay the favor I owe the Cheng family." Lu Xingzhi brought the spoon to Jiang Yao's lips and asked, "How much did you eat at lunch?"Continue read on B0nn0vel.c0m.Thank

“A whole bowl of rice.” Jiang Yao narrowed her eyes and smiled. She opened her mouth and drank the soup from the spoon in one gulp. Then, she pushed Lu Xingzhi’s hand back. “Drink it. Oh, right, you said that Big Brother needed something. What’s the matter?”

Lu Xingzhi was not in a hurry to say anything. Instead, he opened the meat and ate the meat bun. He waited until he could not eat before closing the thermos and muttering that he could eat another meal in the evening. Then, he said, “Big Brother Liang called me just now and asked me and you to keep an eye on his ex-wife. He said that since we are in the city, we should see her more in the future.”

After Lu Xingzhi said that, Jiang Yao blinked and grunted. Then, she waited for Lu Xingzhi to continue. However, after waiting for a few seconds, Lu Xingzhi did not speak. She asked in surprise, “That’s it? Is that it?”

“Yes, that’s it.” Lu Xingzhi nodded. [continue read new chapter at Bon novel.c0m](#)

“Didn’t you mention something about Big Brother?” Jiang Yao had a doubtful look on her face.

“Did I say Big Brother? Oh, then maybe I was wrong. It was Big Brother Liang who called me. But he is also our big brother, so he’s important too. There’s nothing wrong with what I said,” Lu Xingzhi explained..

Chapter 2250: How Complicated Is It?

Jiang Yao would have guaranteed that Lu Xingzhi would not even be able to smell the soup, let alone eat the buns, if he had told her that first.

“Is the situation so complicated and critical that you can’t tell me over the phone?” Jiang Yao fixed his gaze on Lu Xingzhi. “Did you purposefully trick me into returning here?”

“No.” Someone’s face was flushed, and his heart almost stopped beating. “I just have the impression that this is a significant and complicated issue.”

“How complicated is it?” Jiang Yao chuckled. Her smile was stiff and unnatural. “Come and analyze it with me. Where is the complication?”

Lu Xingzhi’s eyelids twitched, and his thoughts raced. “Isn’t the divorce between Big Brother Liang and his wife complicated?” he asked. “Even though they are divorced, he requested that we look after her. He must still harbor feelings for her. Don’t you think so?”

Jiang Yao was enraged by Lu Xingzhi's nonsense and burst out laughing. "You are quite capable!"

Jiang Yao laughed, and Lu Xingzhi's alarm went off immediately. He decided to be thick-skinned about it.

Lu Xingzhi embraced Jiang Yao with his uninjured hand, then lowered his head and kissed her.

"Well, it shouldn't be that difficult for me to return here to accompany you, right? It looks like there are days when you don't mean what you say." She did not dare to lean on Lu Xingzhi's body. As a result, her posture was a little awkward, so she pushed Lu Xingzhi away. She hugged his arm.

"Well, you're right." Lu Xingzhi reasoned that since Jiang Yao still acted coquettishly with him, he did not need to worry about her.

"Mom and Dad went shopping. They wanted to purchase some items for the baby. You can take a nap after a walk around the ward." Jiang Yao placed the thermos on the side table before taking Lu Xingzhi's slippers from under the bed. "Be careful. Don't rush around like a rabid dog."

Rabid dog?

Lu Xingzhi smiled. "How do I walk to avoid looking like a rabid animal?"

Jiang Yao took Lu Xingzhi's unharmed hand and said, "Hold me. Just walk slowly like me."

"You do not want me to be like a rabid dog. You want me to walk like a queen," Lu Xingzhi exclaimed.

Jiang Yao had had enough and pinched his palm. "What nonsense are you spouting?"

Lu Xingzhi shook his head quickly.

"Mom has trouble sleeping at night. I will spend the night with you at the hospital." Jiang Yao watched Lu Xingzhi's steps carefully, not wanting him to move too quickly. After all, he had numerous wounds on his body. "I also can't get used to not having you talk to me at night."

Jiang Yao was used to Lu Xingzhi's hands touching her stomach while she slept.

Lu Xingzhi did not do it the previous night. Finally, she took Mrs. Jiang's hand and placed it on her stomach, causing Mrs. Jiang to laugh.

‘Your hand has become our son’s little blanket. When you open your palm, it almost completely covers my stomach.” Jiang Yao laughed after gesturing to Lu Xingzhi’s large palm. “However, as my stomach grows, no matter how big your hand is, it will not be able to cover it..”
