Chapter 2251: Go Home

When Jiang Yao pressed her palm against his palm, Lu Xingzhi took advantage of the opportunity to compare the sizes of his and her hands. He interlocked his palm with her fingers before raising them to his lips to kiss her.

"Yaoyao, let's go home. The smell is heavy here, and the bed is not comfortable. I have nothing to do in the hospital. You made the medicine, and you were the one who changed the medicine for me. We can go home." Lu Xingzhi's voice was gentle as he coaxed Jiang Yao. "It's also a waste of hospital resources for us to stay here."

"Let's stay here for a while longer." Jiang Yao moved away.

"No need. I know what you're worried about." Lu Xingzhi forcefully turned Jiang Yao's face toward him. He did not want to look at the back of his wife's head. How could the back of her head be as beautiful as her face?

"I promise you. After we go home, I'll stay in bed. I'll stay home with you if you don't allow me to participate in the training. After we go back, I'll listen to you and follow your instructions. I won't act recklessly again."

Jiang Yao was not afraid that the doctors in the hospital would find it strange if he left the hospital early. She was even more fearful that Lu Xingzhi would be unable to suppress his restless and stubborn heart once he returned to the army base. He would get excited when he heard the army's whistle. If she could not keep an eye on him, he would slip out and need someone to carry him back.

However, Lu Xingzhi's promise was serious. He did not look like he was lying to her. Jiang Yao could not help but be tempted to believe him.

It did not matter how nice the hospital ward was; it was not home. The hospital bed was not comparable to the bed in which one was accustomed to sleeping at home. The hospital bedding was always stiff and had a strong disinfectant odor.

"You don't want to go Home?"

Lu Xingzhi patted Jiang Yao's head.

"Of course I do," Jiang Yao answered without hesitation. "I want to go home." "Then let's pack up in the afternoon and go home tomorrow?"

Lu Xingzhi said patiently, "I promise I'll listen to you when I go home. I'll do anything you want me to."

After a pause, Lu Xingzhi said, "Even if you want to kiss me after eating the durian, I swear I won't hide from you. After I go home, you'll have the final say at home."

Lu Xingzhi managed to coax Jiang Yao. The smile on her face slowly blossomed. She hooked her finger at Lu Xingzhi and smiled mischievously. "Really? You won't hide when I eat durian at home? You won't brush your teeth before you kiss me after I ate some durian?"

"I won't hide from you." After she had suffered so much because of him, Lu Xingzhi felt he could still tolerate the slight smell of sh*t.

Fortunately, Jiang Yao was not a mind reader. Otherwise, she would have punched him if she had known what Lu Xingzhi was thinking.

"That's good." Jiang Yao nodded. She had initially intended to return home. She had no objections since Lu Xingzhi had made such a solemn promise.

"We can tell Mom to go home. She still has classes, and she can't take so much time off from school. It'll be hard to reschedule her classes."

Jiang Yao and Lu Xingzhi started discussing the elderly members. After thinking for a while, she said to Lu Xingzhi, "Let's tell my dad to go home too." [continue read new chapter at Bonn0vel.c0m](#)

He's not used to sitting idle. He's always thinking about the land at home.

There are no neighbors here. He's not used to it. He'll just tire my mom out.."

Chapter 2252: It's Alright

Jiang Yao did not mean to let Mrs. Jiang stay there, but the problem was that she did not know how to cook. Lu Xingzhi was injured and had to recuperate; he could not possibly take care of three meals a day and cook for her. The food in the canteen was not enough for the nutrients that Lu Xingzhi needed during his recovery. She still had to cook at home for Lu Xingzhi.

Furthermore, she required nutrition and simply giving her something to eat was insufficient

Despite her lack of enthusiasm for returning home, Jiang Yao could not help but pack her belongings and hum songs. She was not afraid to sing out of tune, demonstrating her positive attitude.

Lu Xingzhi walked around for ten minutes before pulling Jiang Yao. "Leave it. Let Mom clean it when she returns. You are pregnant, so squatting exhausts you. Go to bed and take a nap with me."

"It's alright." Jiang Yao blinked, but Lu Xingzhi looked tired. Thinking of what Mrs. Lu had told her in the morning, Lu Xingzhi probably did not have a good night's rest either, so she nodded and turned around to wash her hands.

Lu Xingzhi watched Jiang Yao go to the bathroom. He lay on the bed, then moved to the inside and gave up half of the bed. When Jiang Yao came out, he waved at her. "Let's sleep."

Seeing Jiang Yao's frown and hesitation, Lu Xingzhi said, "My injuries are much better now. I'll sleep for a while. You've been sleeping quite well recently. "

However, Lu Xingzhi was affectionate. His indifference was reserved only for those who did not have his heart.

Even his eyelashes were long enough to pique Jiang Yao's interest. He slept soundly with his eyes tightly shut. He was less cold and stern after falling asleep, and he looked more at ease.

Jiang Yao could not help but lean over and peck at his lips lightly. A hug between lovers could undoubtedly put people at ease..Read full chapters at [bon novel.com](http://bon-novel.com)

Chapter 2253: What Nonsense

Jiang Yao dared not to touch Lu Xingzhi because she feared waking him up. He was a light sleeper due to his profession. Therefore, after Jiang Yao secretly kissed him, she obediently lay back down. Then, she closed her eyes and took a nap with him.

It was the afternoon. The autumn wind outside had nothing to do with it. The noise in the hospital was still silent, and it had nothing to do with it either.

In that small ward, that was their little world.

Mrs. Lu and Mrs. Jiang returned to the ward, assuming Jiang Yao and Lu Xingzhi were sleeping, and deliberately slowed their steps as they entered.

The third elderly member, however, was still taken aback when they saw the two hugging each other on the same bed.

Mrs. Jiang muttered, "Aren't you afraid of accidentally touching Xingzhi's wound while sleeping?"

"It's fine. Poor Yaoyao. Mrs. Lu knew what her son was like. She pouted at the hospital bed and chuckled softly. "Look at how tightly Xingzhi is holding his wife! Maybe he's forcefully dragging his wife to sleep on the same bed as him. Besides, Xingzhi is willing to suffer. Why don't we just let Yaoyao treat him if he gets hurt?"

Mr. and Mrs. Jiang were relieved to see that Mrs. Lu was not unhappy. They secretly rejoiced that Jiang Yao's in-laws were excellent people. They were fair and open-minded, and they gave Jiang Yao a lot of leeways.

As a result, an individual had their own fortune.

Old Madam Lin hated her, but when she met the Jiangs, Jiang Yao was the spoiled daughter of a low-income family. Then, she was the darling of the Lu family when she moved in with them.

Lu Xingzhi took a piece of paper from the side and wiped the saliva from the corner of Jiang Yao's mouth. Then, he continued to speak to Mrs. Lu. "My wife said that I will be discharged from the hospital tomorrow. I'll have to trouble you to help tidy the things."

"Alright. Wait until your wife wakes up," Mrs. Lu said, nodding. "Otherwise, we will wake her. Pregnant women are always tired, so allow her to sleep as much as she wants. Oh, right! Big Ke and Ah Lu have already sent the things we bought for her to the army base. Your comrade-in-arms will get them to the house." Read full chapters at B0n0vel.com

Yaoyao was not aware of what had happened in the afternoon. Master Cheng and the others nearly emptied the mall. Even though he knew Yaoyao would have a son, Master Cheng bought cute little girl clothes and shoes for her. He believed that the small family would get a daughter eventually. Mr. Jiang thought that it was amusing..

Chapter 2254: It's Only The Beginning

Master Cheng had a son with his first wife. He was in his forties when he had a son with his second wife. Even though Master Cheng adored Cheng Jinnian, he secretly desired a daughter.

However, Madam Cheng and Master Cheng were both old, so there was no need to consider having a daughter. It was a good idea to have a granddaughter.

It was already past four o'clock in the evening when she awoke. Jiang Yao sat up because she was so tired. She scratched her head and muttered, "What time is it?" Then, she saw the people in the ward.

"It's past eight in the morning." It was rare for Mrs. Lu to see Jiang Yao in such a daze, so she teased Jiang Yao.

Jiang Yao looked outside and then looked at Lu Xingzhi. "Then, can we check out of the hospital?"

Lu Xingzhi could not stop smiling. He realized Jiang Yao truly believed it was eight in the morning.

She had slept too long, so she probably thought she had slept the whole night.

"Okay, I will stop teasing you. Mrs." Lu could not stop herself from laughing. "It is four in the afternoon. That nap has dulled your mind."

"I feel like I've been pregnant for three years, and it's just the beginning," Jiang Yao mumbled before she put on her shoes and got out of bed. "When did you wake up? Why didn't you wake me up?"

"I didn't wake you up because I saw you sleep soundly." Lu Xingzhi approached

Jiang Yao and stroked her unkempt hair. "I have already purchased tickets for our parents to return tomorrow afternoon."

While Jiang Yao slept, Lu Xingzhi arranged those trivial matters. Mrs. Lu had wanted to stay for a few more days, but it was Lu Xingzhi who persuaded her to go back.

"I'll return to the army base after dinner," Mrs. Lu said. "He wants you to accompany him in the hospital tonight. If you want to go home and rest, you don't have to worry about him. I can stay here too."

Jiang Yao sighed helplessly. Then, her phone rang, and she went to pick it up.

The call was from Changkang Group's lawyer, asking if Jiang Yao was in the hospital.

"I'm here. You can come now. I've already made a backup of the recording. You can take it as soon as you come over," Jiang Yao replied as she carried her backpack to look for it. Then, she took out a memory card.

There was a recording of the phone call that Li Hong had made to Jiang Yao before Lu Xingzhi's accident. When Jiang Yao received the phone call from Li Hong, she recorded it. The content had indeed come in handy. Read full chapters at B0n.n0vel.com

The lawyer was preparing to sue Li Hong and Li Hong's classmate in two days. The matter concerned Changkang Group. It was impossible for that matter to be settled so quickly. If others were to find out, they would think that Changkang Group and its legal department were useless..

Chapter 2255: About What?

The lawyer came over to pick up the items and quickly left. Lu Xingzhi inquired about the status of the case and did not interfere too much when he saw that the lawyer was confident.

It was Qin Qin.

Qin Qin arrived alone, carrying a fruit basket and some nutritional supplements. She stood elegantly at the door, wearing seven-inch high heels, and knocked.

“Sister Qin!” Jiang Yao invited her in, surprised. “What brings you here so suddenly?”

“I’m free, and I know that Xingzhi is hospitalized here, so I came to visit.” Qin

Qin put the nutritional supplements on the table. She refused to let Jiang

Yaotake them. After all, they were a little heavy; she was afraid Jiang Yao would get tired. “Even though I divorced Liang Yuekai, I still have a good relationship with you guys. I can’t cut off all contact with the people related to him just because I divorced him. Besides, we got divorced amicably. Therefore, we can still have mutual friends.”

In terms of being open-minded and cheerful, Qin Qin was more so than anyone Jiang Yao knew. She was even more accepting than Zheng Yi.

“You look well, Lu Xingzhi.” Qin Qin smiled at Lu Xingzhi, then turned to Jiang Yao and said, “By the way, do you have any other friends visiting? I just met a man at the stairway who asked the nurse about your situation.”

“About what?” Jiang Yao looked at Lu Xingzhi, embarrassed. She stuck out her tongue at him.

“About what?” Jiang Yao looked at Lu Xingzhi, embarrassed. She stuck out her tongue at him.

“They asked if you had a miscarriage. Don’t you think that person is very strange? When did he hear you had a miscarriage and come to the hospital to ask about it?” Qin

Qin frowned. She stood there and listened for a while because she thought the question the person asked was strange.

Ordinary people who came to the hospital to visit patients would only inquire about the patient's condition. Even if pregnant women were admitted to the hospital, they would not inquire whether it was a miscarriage.

Lu Xingzhi's face darkened when he heard it.

"Sister Qin, you met him at the stairway? Do you still remember what they looked like?" Jiang Yao's nerves tensed immediately, and a guess formed in her heart. continue read new chapter at B0n.n0vel.c0m

"I remember him." Qin Qin nodded and walked out of the ward. She exclaimed in surprise and waved at Jiang Yao. "That person is still standing there. Come and see if you recognize him. That person seems to be walking over here."

Jiang Yao wanted to walk out, but Lu Xingzhi pulled her back. "Stay here."

Then, Lu Xingzhi rushed out of the room. That shifty person was also vigilant..

Chapter 2256: I Don't Know Him

He had intended to proceed to the ward, but after a few steps, he noticed a man in a hospital gown approaching him. The man's eyes were as sharp as a falcon's, and he came to a halt subconsciously. When the man in the hospital gown approached him, he took off running.

How could Lu Xingzhi give him the opportunity to flee? Despite his injuries, he continued to pursue him. He raised his leg and kicked the man in the shin. The force was so strong that the man knelt on the ground for a few seconds before being unable to stand.

Someone handed him a rope. Lu Xingzhi tied the man up without saying anything and summoned Zhou Junmin and Shao Fucheng.

"Do you know him?" That was the first time Qin Qin saw Lu Xingzhi make a move. She approached Lu Xingzhi after he had tied the man up and inquired.

"I don't know him," Lu Xingzhi answered her. Seeing Jiang Yao coming out behind Qin Qin, Lu Xingzhi said, "It's very likely that he's Qian Yunen's man."

Jiang Yao glanced at Lu Xingzhi and nodded. She did not say anything in front of Qin Qin.

Shao Fucheng and Zhou Junmin came quickly. Apparently, the two of them had been in the city and were not in the army base.

‘Colonel Lu, what’s going on?’ Zhou Junmin knew that his colonel was deliberately torturing that person when he saw the person trapped on the ground. “What happened?”

“I suspect that he works for Qian Yunen. Bring him back for interrogation.” Lu Xingzhi lifted the person and handed him to Shao Fucheng. “I might have broken some of his bones.”

“I’ll do that immediately.” Shao Fucheng was not a talkative person. Once he heard that it was about Qian Yunen and the man was taken away, he did not stay long.

Shao Fucheng and Zhou Junmin had many ways to interrogate a person.

Qin Qin saw that there was nothing she could do to help Lu Xingzhi and Jiang Yao. Before she said anything, the couple had already gotten their own things in order.

Jiang Yao said quickly, “I’ll ask Big Ke and Ah Lu to send you back. It’s too late. It’s not safe for you to go back alone.”

“It’s okay. My colleague just texted me, saying he’s waiting for me at the hospital parking lot. He’s been waiting for me for a while.” Qin Qin pinched Jiang Yao’s nose and said, “Even though I’m old, my charm is still there. I’m leaving. See you when you get back to university.”[continue read new chapter at B0n n0vel.c0m](#)

Jiang Yao had long gotten used to Lu Xingzhi’s character of pretending to be mute if he did not want to reply. Therefore, she kept guessing. “Maybe Sister Qin will have a new partner soon. I think Sister Qin likes men who are very good at coaxing people. Romantic, considerate, gentle, steady, and mature. A small romantic gesture every three days and a big romantic gesture every five days. That kind of person suits Sister Qin..”

Chapter 2257: Tell Me

Jiang Yao had that thought, but it was only for her to fantasize about.

“By the way, why did you think the person you saw earlier was Qian Yunen’s man?” She had no qualms about asking because no one else was in the ward.

She was surprised that Lu Xingzhi had the same thoughts as her.

She noticed, or rather, guessed that person was Qian Yunen's man after hearing Qin Qin's words; Qian Yunen had forced her to drink abortion drugs back then in that mountain. As a result, Qian Yunen should have been the most concerned about whether or not she had miscarried.

"He was the one who dropped the abortion drugs in the army base and the person who wanted you to have a miscarriage. Therefore, he came to the hospital to find out whether or not you miscarried." After Lu Xingzhi answered, his brows immediately furrowed.

After a moment of silence, Lu Xingzhi suddenly pulled Jiang Yao into his arms and hugged her tightly. His voice was a little muffled as he asked, "Are you hiding something from me? When you went to Lanning, what else did Qian Yunen do to you? Otherwise, he wouldn't have sent people to find out if you had a miscarriage."

Jiang Yao wanted to applaud Lu Xingzhi for his accurate deduction.

How could he think that she was hiding something from him?

"Tell me." Lu Xingzhi was annoyed when he did not get a reply from Jiang Yao. "Tell me."

"You're suffocating me." Jiang Yao patted Lu Xingzhi's arm. "Let go of me. Let me see if the wound on your body has opened. Did I tell you that you could act rashly?"

"It's just a small wound." Lu Xingzhi asked again, "What did Qian Yunen do to you in Lanning?"

"I'll tell you. I'll tell you." Jiang Yao raised her hand in surrender. Lu Xingzhi had noticed it. If she did not tell him, Lu Xingzhi would find out on his own.

"He injected me with a reagent. I think it's a drug that has the opposite effect of sleeping pills. It might be some stimulant that could wake people who had taken sleeping pills. He even forced me to drink the water laced with abortion drugs. Those drugs would not have affected me, so I drank them. But he did not know that, so he couldn't wait to send someone to investigate whether I had a miscarriage."

Jiang Yao pursed her lips and chuckled. "If I miscarried as he wished, he would probably be so happy that he'd set off firecrackers to celebrate."

Lu Xingzhi tightened his grip on Jiang Yao's arm. That strength was like he wanted to knead her into his flesh and blood.

He had always appreciated the fact that she was different from the others.

Time and time again, when he was incompetent, she protected herself and their child.

‘My wife is amazing.’ Lu Xingzhi kissed Jiang Yao. As he praised her, he also blamed himself.

The person who suddenly appeared that night made Lu Xingzhi sink into a faint state of unease.

Even though Qian Yunen would not appear then, his claws were all over the place. He would become anxious and worried if Jiang Yao were out of his sight for even a second.

Fortunately, Lu Xingzhi was successfully discharged from the hospital the following morning. When Lu Xingzhi got into the car that was taking him back to the army base, his emotions gradually calmed down.

He pretended to be tough and chased after that person that night. He did not show mercy when he attacked because he suspected that person was Qian Yunen’s man. Naturally, two of the wounds on his body reopened. Jiang Yao nagged and scolded him for a long time..

Chapter 2258: Welcome Back

When Lu Xingzhi was discharged from the hospital, Big Ke and Ah Lu picked him up. The car arrived at the army base’s entrance. They could not see anything else but a crowd.

‘The man in the front appears to be Zhou Junmin.’ Jiang Yao yelled, raising her hand to tap on the window. ‘What is he doing standing there with that crowd?’

‘I don’t know.’ Lu Xingzhi reached out and pulled Jiang Yao’s hand back. Then, he took the lead in opening the car door and getting out.

He realized the people standing at the door were all members of his regiment as he got out of the car. They walked closer to Lu Xingzhi. Zhou Junmin, as expected, was at the front of the crowd. His smile was as bright as an autumn sunflower. The only thing missing was the wrinkles on his face.

‘What are you all doing here?’ Even though Lu Xingzhi was injured, he stood there with a cold face. His cold voice was still very intimidating.

Zhou Junmin chuckled. His hands, which had been behind his back, appeared to have conjured a bouquet of plastic flowers. The bright plastic flowers swayed stiffly in the

breeze. Then Zhou Junmin handed the bouquet to Lu Xingzhi and exclaimed loudly, Congratulations on getting discharged! I wish you eternal longevity! ”

Lu Xingzhi took a step back and furrowed his brows. He hid his hands in his pockets. He had no intention of taking them out to receive the flowers.

Jiang Yao stood behind Lu Xingzhi, stifling her laughter. She could not take it anymore.

Eternal?

Why did he not just say he would pay Colonel Lu’s salary for him to leave the hospital? “Long live Colonel Lu!” Long live Colonel Lu?

While Jiang Yao was holding back her laughter, Zhou Junmin blinked at Lu Xingzhi awkwardly when he noticed he had not picked up the flower. He whispered, “Colonel, please take these flowers as soon as possible. I will be embarrassed if you do not take them.”

Lu Xingzhi’s heart was filled with disappointment. Why would a man accept flowers?

Seeing Zhou Junmin’s eagerness, Lu Xingzhi still reluctantly accepted the flowers. But as soon as he took the flowers, he handed them to Jiang Yao , who was standing behind him.

“Here you go.” Lu Xingzhi did not even turn to look at her as he stretched his hand.

“I don’t want it.” Jiang Yao shook her head. “That’s for you by Zhou Junmin. Take it yourself.”

‘Just take it. Why are you talking so much?’ Lu Xingzhi stuffed the flower at

They raised the fake plastic flowers in their hands above their heads. They yelled, “Welcome back, Colonel Lu! Welcome back, Mrs. Lu! You’re the best, Colonel Lu! You’re the best, Mrs. Lu!”

A large group of men yelled simultaneously, almost knocking the sleeping birds off the trees..

Chapter 2259: Need Some Training

They were all shouting so loudly that it was deafening.

The flower bouquets were so bright that Jiang Yao’s eyes were drawn to them.

Those genuine and simple expressions were incomparably moving.

They let them in after shouting the slogans. After Jiang Yao assisted Lu Xingzhi in walking into the base, they blocked the path they took like the tide.

Loud shouts accompanied Jiang Yao and Lu Xingzhi's every move. Lu Xingzhi tightened his grip on Jiang Yao's hand and halted.

His eyes were glistening. Even though his expression remained neutral, Jiang Yao sensed that he, too, was moved.

"A bunch of b*stards." Lu Xingzhi finally smiled. However, in the next second, his words caused everyone to complain.

"Do you have nothing to do? Don't you have anything else to do in the morning?" At the same time, Lu Xingzhi let go of Jiang Yao's hand. He stood in the middle of the crowd. "Attention! At ease! Everyone, listen up! Stay where you are and do one-handed push-ups. Raise the flowers above your head with one hand. Each of you will do 50 push-ups. No one is allowed to be left behind. Once you are done, go back and continue your training! I will make a training plan for anyone who is lazy tomorrow!"

"Colonel, you are not being kind! We came here to welcome you back to the base, and you tricked us! "

"Colonel, you can't do that! You will lose our love and respect for you!"

"Mrs. Lu! Mrs. Lu! Help us! Mrs. Lu, help us plead for mercy. Mrs. Lu, you are the kindest! Mrs. Lu, we love you! "

"You need some training?" Lu Xingzhi kicked the person closest to him, but it was just for show. He did not really kick him. "I would like you guys to welcome me in a practical way, such as doing 50 kilometers of stretching exercises at night."

"Spare me!" Zhou Junmin was the first to lie down on the ground and immediately did push-ups.

Once Zhou Junmin did that, the person behind him also quickly did the same. Fifty one-handed push-ups and fifty kilometers of nighttime training. Even a fool would know which option to select.

The former was only slightly sweating, whereas the latter would kill them.

Lu Xingzhi noticed they had completed a few push-ups before summoning

Jiang Yao and her parents.

There were gasps behind them, but Lu Xingzhi moved quickly. He did not try to hide the joy in his eyes. Jiang Yao was also aware that Lu Xingzhi was teasing them. To those elite soldiers, fifty one-handed push-ups were nothing. It was only a matter of minutes.

Even Lu Xingzhi could easily perform fifty push-ups at that moment.

Mrs. Lu had already washed the fruits and was waiting for them to return when they arrived home. Mrs. Lu smiled as she poured tea for the four of them as they entered. Even though Moe's pillow had been washed and dried, he could smell the fragrant scent of washing powder when he lay down quietly. He rolled around in his bed because he was so happy.

Lu Xingzhi sat down and drank some water. He was looking for something. Jiang Yao could not help but notice his movements were too obvious.

"What are you looking for?" Jiang Yao tugged at Lu Xingzhi's sleeve and asked.

"An empty vase. Put the flowers in it. It looks good," Lu Xingzhi urged. "Do we have an empty vase at home? If we don't, throw away the dried flowers in the cabinet."

Jiang Yao did not want to be taken advantage of by that bunch of plastic flowers. Lu Xingzhi probably thought that he had said something that made his wife happy. Jiang Yao's mouth twitched, but she could not laugh..

Chapter 2260: My Duty

However, because Lu Xingzhi adored the bouquet that Zhou Junmin had given him, Jiang Yao went to find a vase for him.

The vase was a soda bottle. The bottle was short and fat, making it ideal for flower arrangements right now.

After inspecting the flowers, Jiang Yao placed them on the coffee table in the living room. She secretly laughed at how awkward and cute Lu Xingzhi could be at times, seeing as he did not even look away.

When Zhou Junmin gave them to him at the door, he still had a look of disgust on his face. When he took them, he quickly threw them to her. However, he actually liked them very much.

Mr. Jiang began packing his belongings after his return. He and Mrs. Lu had an afternoon flight back to their hometown. Apart from the time spent on the road, they did not have much time to pack their belongings.

The things she bought for her father were relatively simple—food, necessities, and clothes. Jiang Yao bought more stuff for Mrs. Lu. There were some cosmetics and jewelry.

Mrs. Lu and Mr. Jiang left for the army base after lunch. Mrs. Lu cleaned up the study overnight the previous night. All the beds in the study were brand new. Mrs. Lu purchased a finished wooden bed in the city. It was not a large single bed, but it was adequate. The quilt, bed cover, and pillow were all spotless.

Mrs. Jiang was about to leave for her lunch break when she noticed the brand new bed inside. She could not help but laugh and shake her head. “Your mother is spending too much money,” she said to Lu Xingzhi. “I will only be here for a few months. Is it really necessary to spend that much money?”

Mrs. Jiang’s heart, however, remained warm when she saw all of that.

That was how the human mind worked. Mrs. Jiang did not feel bad about sleeping in the study, nor did she feel bad about her life there. Mrs. Lu, on the other hand, took the initiative to make those arrangements thoughtfully. Mrs. Jiang was always aware of being respected and valued.

“It’s my duty.” Lu Xingzhi did not know that Mrs. Lu had done all that, but he was also grateful to his mother.

Lu Xingzhi and Jiang Yao left the study after Mrs. Jiang decided to rest. When they returned to the living room, they noticed Zhou Junmin standing at the main door, poking his head like a thief.

“Come in.” Lu Xingzhi shouted at the door. Zhou Junmin stood at the door and shrank his head in thought for a few seconds before he went in.

He probably ran here; his forehead was full of sweat.

“Colonel.” IX,7hen Zhou Junmin entered, he saw Lu Xingzhi walk to the sofa and sit before following him. After he sat down, his gaze could not help but be drawn to the bouquet in the bottle.

“Colonel, those flowers...” Zhou Junmin took a sip of the drink and pointed at the table with a chuckle. “Why did you put them in the bottle?”

“My wife thinks they’re pretty. If she likes them, she can put them in a bottle,” Lu Xingzhi said without changing his expression..

Chapter 2261: At The Same Time

Jiang Yao sat beside him, raising her hand to pinch his uninjured arm. When it came to words, that man was quite inconsistent.

Lu Xingzhi's brow furrowed slightly. Then he saw Zhou Junmin quickly remove the bunch of fake flowers from the bottle and carry them away.

"Did you come here just to take those ugly flowers?" Lu Xingzhi sat there like an emperor and stared at Zhou Junmin with an unfriendly expression.

"Ah, no." Zhou Junmin shook his head and quickly explained, "At the same time, I also wanted to tell you about the person we caught yesterday."

"At the same time?" Jiang Yao burst out laughing. Zhou Junmin was also quite cute when he was angry. His explanation was earnest, but the more he explained, the darker Lu Xingzhi's face got.

"Speak." Someone who was willing to say a few more words at first was stingy with only one word.

"That person is a private detective. He was entrusted by someone to investigate whether his wife had a miscarriage or not. The party provided him with information about the hospital in Luo City and also provided your room number. Yesterday, that person went to the hospital for the second time to investigate. Previously, he went to the hospital once, but he was afraid of alerting the enemy. He did not dare ask anything then. He did not expect you guys to discover him.

"However, the person sent him the money from a domestic account. We are looking for them through that account, and then we will get more information. Hopefully, there will be some useful information. It is best if the account belongs to Qian Yunen's subordinate. If a black sheep like Qian Yunen is not brought to justice, he'll always be a danger to society."

"Okay." Lu Xingzhi's tone and expression were very calm. After he answered, he raised his eyes toward the door, meaning that Zhou Junmin should leave after he finished speaking.

Lu Xingzhi did not feel embarrassed when Jiang Yao did not answer him.

Instead, he stood up and pressed his body onto Jiang Yao's body. "I'm so tired. Help me to the room."

Jiang Yao pressed her lips together and did not immediately laugh at Lu Xingzhi. Lu Xingzhi rarely liked a bunch of flowers, but the person who gave them to him took them back. She gently helped him back to his room..

Chapter 2262: That's In The Past

It was unbelievably warm when he lay back in the room after being away from his own bed for a long time.

The smell of the sun filled his nostrils. When he turned around, he could smell his wife once more.

Jiang Yao had washed her hair and taken a shower before returning home. She still had a faint odor on her at the time. Lu Xingzhi wrapped his arms around her and sighed in contentment.

"I feel much better when I am home." After Lu Xingzhi said that, he lowered his head and kissed Jiang Yao. He was in a relaxed state at home.

Even in the hospital, Lu Xingzhi always maintained a high level of vigilance when people came to the hospital to visit him. With Jiang Yao by his side, he had to constantly pay attention to whether or not anyone would break in.

However, he was now in the army base. That place was unlike a hospital, where anyone could enter. Therefore, he could sleep peacefully with Jiang Yao in his arms.

It was supposed to be a nap, but they were lying together. Neither of them closed their eyes to sleep first.

Lu Xingzhi remembered the matter that Mrs. Lu had mentioned before she left, and his good mood vanished.

That issue had been bothering him for two days. The words had reached his throat several times, but he could not open his mouth to ask Jiang Yao.

Mrs. Lu might have said something to Jiang Yao, but Lu Xingzhi could not see any results from Jiang Yao's expression and condition during those few days.

"Did Mom say anything to you that morning at the hospital when she asked you to go shopping with her?"

The absence of some details did not imply that the problem did not exist.

The fact that the railing was not raised did not imply that it did not exist.

Lu Xingzhi finally had some mental preparation to ask Jiang Yao since Mrs. Lu was no longer in the army base.

‘She did say one thing.’ Jiang Yao was not surprised that Lu Xingzhi would ask that. She thought he would hold it in for so long before asking her.

‘Mom said she wants you to think about it carefully.’ Jiang Yao turned around and lay face to face with Lu Xingzhi, saying, “Mom wants you to transfer or retire. With your connections, your position won’t be too bad. Even if you retire, it won’t be too bad. Our family doesn’t lack money. Mom has a point.”

‘What do you think?’ Lu Xingzhi thought about it and changed the way he asked, “What do you think?”

“That is the choice that Mom gave you. Why are you asking me? If I tell you, will you listen to me?” Jiang Yao’s tone was somber. “Actually, I know what you want me to say. You want me to tell you that I will support you no matter your decision.”

After Jiang Yao said that, she smiled bitterly. “But this time, I’m on Mom’s side.”

“Yaoyao...” Lu Xingzhi was a little flustered. “Didn’t you say before...”

When Jiang Yao said that, her eyes reddened. “It has happened twice.. This is the second time, Xingzhi!”

Chapter 2263: I’m Sorry

He was dropped from a helicopter for the first time in Jindo City. A doctor carried him down on a stretcher. His entire body was covered in blood; all he wanted to do was see her.

The only thing missing at the time was the entire world telling her that he could not live any longer, that he was about to die.

That was a heartbreaking feeling. She had risked everything to save him at the time.

Fortunately, she had succeeded. She had won the bet.

The sight of him sitting in the tractor, gasping for air, terrified her even more.

There were no traces of blood on his clothes, but there were no hints of blood on his face. A comrade who had died a long time ago lay beside him. She was afraid he would end up like his comrade and sleep forever; her heart would stop beating.

He reached out his arms toward her at that precise moment. When he did not have the strength to hug her, she lost all of her strength.

Jiang Yao had assumed that no matter how busy Lu Xingzhi was in the army base, she would always stand silently behind him to support him, just as he had stood silently to protect her when she was reborn.

However, Jiang Yao finally realized that she could not do it.

“Every accident makes me extremely nervous. I am afraid there will be an accident every time you go on a mission.” Jiang Yao lowered her head and turned away from Lu Xingzhi. “I am afraid that one day, instead of seeing you, I will be waiting for a message about how you had given your life. I am afraid I will become someone who can’t rely on anyone. I am worried about my child losing his father. I am afraid I will be the only one holding the child’s hand in the future. Do you get it, Xingzhi?”

Jiang Yao bit her lip and said, “But I’m sorry, I can’t do it.”

She did not speak up, nor did she give him the option of putting her in a difficult situation. However, that did not mean she could not stand by his side and help him persuade Mrs. Lu without complaint.

Jiang Yao closed her eyes after she finished speaking. Even though she was trying hard not to cry, there were tears in the corners of her eyes.

Lu Xingzhi’s heart was filled with indescribable bitterness. It was not because Jiang Yao did not want to help him but because of what Jiang Yao said.

She could not bear putting him in a difficult situation, so she kept all her emotions deep within her heart. He did not seem to notice if she did not say anything.

She had been smiling and laughing happily every day she had been with him, including the last few days. He paid no attention to her feelings.

It was not just because she was good at hiding her emotions; it was also because he did not know her well enough.

Lu Xingzhi felt weak. He had always assumed that he knew Jiang Yao at least 99 percent of the time. He could guess her thoughts if she gave him a look, but the truth told him that was not the case.

He lay there in defeat. After a long while, he sighed and reached out to pull Jiang Yao into his arms.

He could not say that he was sorry. It was too late to express his guilt..

Chapter 2264: Victory

“Sleep, I’m tired.” Jiang Yao leaned into his arms. “Anyway, your injuries won’t heal so quickly. You still have a long time to think about it.”

Jiang Yao remained silent after she finished speaking. She did not say anything else to Lu Xingzhi.

She did not tell him everything she said about what she would do if something terrible happened to him was a lie. If he died, she would not marry someone else because she did not believe she had the courage to live in that world alone.

She would follow him if he died because she could not imagine how difficult it would be for her to live in a world without him.

She loved him. She had suffered the pain of losing him once. It was heart-wrenching.

She lacked the strength to go through it again.

The room was deafeningly quiet. The pregnant woman could not stand the exhaustion and promptly fell asleep.

Lu Xingzhi did not bring it up again for the next two days. It was as if they had an unspoken understanding. Jiang Yao would not ask Lu Xingzhi what decision he had made before he recovered from his injury. Lu Xingzhi would not ask Jiang Yao to assist him in convincing his mother.

Changkang Group’s lawyer called her at noon on the third day after Jiang Yao returned to the army base to inform her that they had won the lawsuit. He had sufficient evidence, and Li Hong was brought to justice.

Jiang Yao did not inquire about the difficulty of the process. Such a result was sufficient. After thanking him, Jiang Yao did not take that matter to heart. However, she could tell from the newspapers delivered to her house every day that the issue had piqued the interest of the city’s large and small newspaper agencies. Several newspapers covered the story for several days. The issue stemmed from the fact that the plaintiff was Changkang Group, a large corporation, and the defendant was a female university student.

Both sides were concerned for different reasons. Some newspaper reporters criticized the Changkang Group for treating a female university student who had made a mistake for the first time so harshly. That directly ruined the female university student's future.

Meanwhile, many people from other newspapers began to ramble on about the personal qualities of university students in light of the Li Hong case. Despite using the term university student to attract everyone's attention and curiosity, that side also killed a group of people with a single blow. However, they used that method to demolish a few other newspapers that were critical of the Changkang Group.

Lu Xingzhi frowned when he read the follow-up reports on that matter in the newspapers. Then, he said, "These people have nothing better to do. All they do is report on those trivial matters all day long."Continue read on B0n n0vel.c0m.Thank

Chapter 2265: No Rush

"I'm sitting very firmly." Jiang Yao smiled, then pointed at the durian on the table and asked Lu Xingzhi, "When are you going to peel the durian for me?"

Lu Xingzhi looked at her, pursed his lips, and said nothing. Jiang Yao laughed as she approached him. "Remember what you promised me before leaving the hospital."

Jiang Yao had mentioned the durian the previous morning. Lu Xingzhi had asked her big brother to send it over the previous evening. However, she had eaten too much for dinner last night. After going for a walk, she was so sleepy that she went straight to her room to sleep. She had forgotten that there was a durian at home.

Jiang Yao remembered when she saw the durian on the coffee table that morning. An hour after breakfast, Jiang Yao began to consider eating durian.

It would be like pouring water on the table if she said anything. As a result, Lu Xingzhi set the newspaper down and reached out to pick up the durian on the coffee table. Then he began peeling the durian for Jiang Yao.

'My baby'S father is so handsome!" Jiang Yao rubbed her stomach and sat there praising Lu Xingzhi. When she saw the corners of his lips curled up slightly, his gaze shifted toward her, and she smiled as she shook her head at him.

How strong was the durian odor? Even Zhou Junmin, who had just walked into the courtyard, could smell it.

It was difficult to put into words. He was sure Jiang Yao had eaten durian again.

Zhou Junmin continued to pinch his nose and walk in. When he got to the door, he noticed Lu Xingzhi peeling durian for Jiang Yao. His heart could not stop sighing. That woman had a lot of power. After all, his colonel was similar to him in the past.

‘Junmin is here.’ Mrs. Jiang was the first to notice Zhou Junmin, who had been standing at the door, dawdling, unable to enter. She immediately stood up and went to the door to summon Zhou Junmin. She turned and went to the kitchen to make tea for their guest.

‘Why aren’t you training?’ Lu Xingzhi did not even look at Zhou Junmin. Every time he saw the empty bottle on the coffee table, he had an impulse to beat Zhou Junmin to death.

‘It’s almost winter. I have some training matters to look at, Colonel. I am your assistant.’ Zhou Junmin smiled cunningly. ‘Colonel, although you have been recuperating recently, you can still make the training schedule, right? After all, your hands can still peel durians, and your brain is not damaged. This matter is very simple for you, Colonel.’

‘Of course, there is another matter. By the way, Colonel Shao claimed that the bank account transferred from the private detective account was opened with a forged identity card. That account has now been closed as well.’

It was the same as saying it was still difficult to figure out Qian Yunen’s lackeys. It was not easy to extract teeth from the devil’s mouth.

‘There’s no rush. We have a lot of time to take it slow.’ Lu Xingzhi’s perspective had shifted. He could not rush to apprehend Qian Yunen, so he might as well have Cheng family members keeping an eye on the organization. Furthermore, as long as Jiang Yao left the army base, she would be protected.

There were Big Ke and Ah Lu on the surface, but in the shadows, there were people arranged by Master Cheng.

Big Ke and Ah Lu were not allowed to enter the university, but Master Cheng arranged for two people to protect Jiang Yao.

Only Jiang Yao knew Master Cheng’s men were there, but she still did not know who they were..

Chapter 2266: Jiang Lei’s Visit

Usually, when there was nothing for them to do, the people arranged by Master Cheng avoided direct contact with Jiang Yao. They would, however, be close to Jiang Yao.

They would definitely be able to rush over if something happened to Jiang Yao at university.

"I will put together a training schedule in the coming days. I will call you when I am done, and you can come to get it." When he was talking to Zhou Junmin, Lu Xingzhi ignored the movements of his hands. He had already opened the entire durian when he said that. However, Lu Xingzhi was troubled for a few seconds after looking at the durian flesh still stuck inside.

The aroma of durian quickly filled the entire house. Zhou Junmin's brows twitched a few times. Zhou Junmin wanted to ask how long it would take, but when he raised his eyes and saw Lu Xingzhi looking at him, an alarm went off in his mind. He quickly changed his words. "I got it. I still have work to do. I will take my leave!"

He had already slipped away and left as soon as he finished speaking.

Mrs. Jiang could not find him when she came out with the cup of water. She returned the cup of water to the kitchen, muttering about how Zhou Junmin had left so quickly. Jiang Yao was already eating happily on the sofa when she returned.

Lu Xingzhi did not spend his busy days outside. Jiang Yao had been busy too. Mrs. Jiang was there for her when she missed her family, and Lu Xingzhi was there for her when she missed him. Every day, all she had to do was eat, sleep, and take care of herself so she did not get sick.

Perhaps it was because he felt guilty, Lu Xingzhi had become more tolerant of her. It was clear from the way he gradually gave her durian to eat with a calm expression.

Lu Xingzhi's ability to recover had always been strong. Furthermore, he had been keeping a close eye on her every day. He could move around a little more in about ten days. He would be able to accompany Jiang Yao for a walk in the army base every night after dinner. Jiang Yao's stomach was also expanding at a rapid pace. Her baby was moving more frequently, and the baby's strength was growing stronger as well.

When Lu Xingzhi first saw the baby's fist-like bump in Jiang Yao's belly, he was so taken aback that he forgot to blink. Then he rested his hand on that spot for the rest of the night. He was waiting for the baby to stretch again so that he could feel it.

However, the baby seemed to like going against Lu Xingzhi. The baby had been quiet on most nights. Sometimes, he would move a few times. However, he was unusually quiet that night.

When Jiang Lei finally had time to go to the army base to see his sister, he was surprised to see that she was fatter than the last time he saw her a few months ago. His jaw almost fell out.

"What did you feed her, Mom?" That was the first thing Jiang Lei said when he saw Jiang Yao. Before he could say anything else, he turned his head and asked Mrs. Jiang, who was standing at the side.

Jiang Yao punched Jiang Lei on the shoulder. "Stop talking! Stop talking!"

Jiang Yao's weight had become uncontrollable. She had been eating and sleeping a lot. Every two days, her weight fluctuated. The medical examination revealed that the baby was developing normally and was not too big. Therefore, she could continue eating and drinking for another month or two..

Chapter 2267: She's Busy

Jiang Lei laughed so hard when he saw Jiang Yao's angry look. He crossed his legs and took off his heavy coat, revealing the exquisite suit inside. He looked at Jiang Yao up and down with a wicked smile and clicked his tongue; he said, "You've only been here for a few months? Maybe you'll become a hot air balloon in another two months. With a single blow, you can reach the sky. Oh, no, you're too heavy. You can't go up to the sky. "You can only roll on the ground like a big iron ball."

"Fine, fine, fine. You can say you're fat, but you won't allow others to say you're fat. How overbearing." Jiang Lei repeatedly shook his head. Then he tugged at his suit and winked at Jiang Yao, saying, "You haven't seen how your second brother looks in a suit, have you? I've flown all the way from Jindo City. Many young ladies have been watching me. There's even a bold one who asked for my contact information and said she wanted to be my pen pal."

"Open your eyes wide and see them clearly. Don't be so blind as to fall for another person with the surname Yang." As long as she was with Jiang Lei, Jiang Yao could not help but say nasty things. However, she still had to admit that all three siblings in her family were good-looking. When Jiang Lei wore that suit and did not open his mouth to make fun of her, he would be good at scaring people.

Even though he was born as a bumpkin and had lived in the village since he was young, Jiang Lei did not have that kind of rustic aura. On the contrary, because of his mouth, he was like a hooligan, and most girls liked that type of man.

"Are you still talking about that? You don't know how to love me at all." Jiang Lei snorted unhappily and turned to Mrs. Jiang, who was busy in the kitchen, and shouted, "Mom, can you give me another obedient sister?"

Mrs. Jiang scolded Jiang Lei jokingly in the kitchen, but she did not interfere in the argument between Jiang Lei and Jiang Yao. The two siblings had been like that since they were young. The closer they were, the more they bullied each other.

“Oh, right! Has Xiaoxiao called you recently?” Jiang Lei sat closer to Jiang Yao. “Has she mentioned any boys’ names to you?”

“No.” Jiang Yao shook her head. “Xiaoxiao seems to be working a lot recently. I see many advertisements for her on the market.”

“She is busy. Other than being busy with work, she is also busy with dating. I really admire her taste in men.” Jiang Lei pulled a photo from his phone and handed it to Jiang Yao. “This guy. Yaoyao, look at him. How is he good-looking? Lu Xiaoxiao keeps saying that he’s so good-looking. Whenever she had time to chat with others, she would always say that person’s name. It makes me angry..”

Chapter 2268: Such Taste

Mrs. Jiang emerged from the kitchen carrying fruit and chastised Jiang Lei. “You can’t let her say that other people are attractive? You can’t let her say other people’s names? Aren’t you being too overbearing and unreasonable?”

Jiang Lei sighed and tucked his phone away. Then he grumbled to Jiang Yao, “The company has just signed this person. He is a student at Jindo City University. What kind of songs do you think a university student sings all day while not studying? When he gets close to Xiaoxiao, that guy, in my opinion, has bad intentions. He is aware that Xiaoxiao is Second Uncle Lu’s daughter, and he wishes to use her to get Second Uncle Lu’s support for him. Once he becomes famous, he will almost certainly dump Xiaoxiao. That man is a bad person.”

“The more you say, the crazier it gets.” Jiang Yao smirked. Actually, she recognized the boy Jiang Lei showed her. He was a well -known celebrity who would make his singing debut a few years later. As the national film and television industries grew, he would enter the acting business. Ultimately , he became the first great actor to leave the country.

Jiang Yao remembered that she had read about that great actor before. His father was a diplomat, his mother was a university professor, and his paternal grandfather and maternal grandfather came from wealthy and noble families.

He had been born with a silver spoon in his mouth.

Such a person would not approach Lu Xiaoxiao because of her identity as the boss' daughter.

Most importantly, Jiang Yao had never heard any negative news about that actor. She had never seen any gossip in newspapers or magazines that reported on his sexual activities. Even before Jiang Yao's death, she had never heard rumors about the actor having a girlfriend.

Therefore, as a girl, Jiang Yao liked that actor very much i especially the songs he sang and the movies he acted in. Jiang Yao had always had a good impression of him.

As for his appearance, Jiang Yao could only say that Jiang Lei was lying through his teeth. How could a future star actor be ugly?

"Don't be petty and dislike others for being more handsome than you." Jiang Yao pushed Jiang Lei's face in disgust. "I think his looks are much better than yours. That person has a bright future. Now that he has signed with your company, don't suppress or offend him just because he is a newcomer and has a good relationship with Xiaoxiao. Speaking of which, you are also his boss. You should be happy that he is good and knows how to make money for you. After all, he is also making money for you and Second Uncle Lu."Read full chapters at Bonovel.com

Jiang Lei was furious. He thought Jiang Yao would stand up for him and help him scold Lu Xiaoxiao. He did not expect Jiang Yao to give him a scolding instead. She even praised the man he hated the most.

"He's from the north. He's tall and gives people a sense of security. His eyes are bright, and you can tell at a glance that he's not a bad person. He has a kind of elegance that ordinary people can't learn or pretend to have. That means he comes from a good family and must have had a strict upbringing. The person in the photo looks modest and polite when he smiles, so his personality must be more likable than yours.."

Chapter 2269: You Like Him Too?

After Jiang Yao said that, she smiled and said, "That's why Lu Xiaoxiao likes him. If it were me, I'd like him too."

"You like him too? Who do you like? You're already taken." Fortunately, that photo was on his phone and not in his hands. Otherwise, Jiang Lei would have torn it into pieces.

"You like him too?"

A fair and clean young man? Did she like him too?

Jiang Lei turned to look at the man behind the sofa, who did not look too good. He raised his eyebrows and immediately ran away. Even though Jiang Yao and Lu Xingzhi had been married for so long, most of the time, Jiang Lei still felt terrified when he looked at Lu Xingzhi.

Lu Xingzhi gave him a different feeling than others. As long as Lu Xingzhi's gaze was cold, it was like an invisible murder weapon that could make people's hair stand on end.

When Jiang Yao heard Lu Xingzhi's tone, she knew that that guy was probably jealous.

She immediately stood up and took the cup from Lu Xingzhi's hand. However, she did not succeed the first time. His hand was still holding the cup tightly.

"I'll explain." Jiang Yao retracted her hand and quickly said, "I like him because I admire him. It's just pure admiration. That is completely different from how I like you."

"How is it different?" Lu Xingzhi asked. Instead, he handed the glass to Jiang Yao. His voice was a little softer, but it was also just a little tighter. "Drink it. Don't leave a single sip."

Drinking milk was not painful for Jiang Yao. She could still drink milk when she had the most severe vomiting, let alone when she had a good appetite every day.

"My love for him is like appreciating an object. For example, I appreciate famous paintings, talented painters, musicians, and so on." Jiang Yao felt that she had made it clear enough. However, seeing that Lu Xingzhi was still unsatisfied, she lowered her head and drank a mouthful of milk. Then, she leaned over and kissed him on the lips.

"My love for you is like this. It's unique. I can't do that to someone else."

Coaxing a jealous Lu Xingzhi was nerve-racking, but Jiang Yao's milk-scented kiss finally made him happy.

After she kissed him, there was still milk on her lips. Lu Xingzhi stuck out his tongue and licked it, the corners of his lips curling upward. "Very sweet."

Jiang Lei, who had been hiding at the kitchen door to peek at all that, returned to Mrs. Jiang's side, trembling. "Sister and Lu Xingzhi are really mushy, kissing each other. Why does Lu Xingzhi seem like a different person in front of her? He usually looks like he can live up to his reputation, but in front of her, he simply looks like a scoundrel."

Even though Jiang Lei had a partner, she did not take him seriously. Most of the time, Jiang Lei was the one who coaxed her, and he had only been coaxed by a woman a few times. Therefore, Jiang Lei did not understand how Jiang Yao and Lu Xingzhi got along.

When the two of them were together, it was easy to tell whether they were in each other's hearts. The difference between their words and actions was like the heavens and earth..

Chapter 2270: Rise From The West

Mrs. Jiang washed her hands after she was done with her work. When she saw Jiang Lei leaning against the stove and eating raw sweet potatoes, she was amused. She raised her hand and hit Jiang Lei on the head. "When you were young, you ate sweet potatoes raw. Now that you're older, why do you eat like that when you don't have anything to eat at home? You're already a big boss; why don't you pay more attention to your image?"

"I'm a country bumpkin. Even if I don't eat sweet potatoes, I'm still a bumpkin. I ate them when I was young, so why can't I eat them now? Why can't a big boss eat them? Doesn't a big boss eat, drink, and poop?" Jiang Lei scratched his head and touched the spot where he was hit. "Furthermore, this is my sister's house. What image do I want to keep here? We're family. Who doesn't know what kind of character I have? If I have to put on an act outside, how tiring would it be to put on an act when I go home?"

Mrs. Jiang also knew that surviving in a big city was not easy. Even though she had never heard Jiang Lei complain about his work, she knew it must be hard for Jiang Lei to do business for so long. As Jiang Lei put it, doing business required him to censor his words. When he walked out of his house, he wore a mask on his face. Whenever he saw someone he liked or disliked, he would greet them with a smile. He was so friendly that it was as if he was greeting his ancestors.

"We'll see about that." He had not met anyone suitable in their hometown, and he had not met anyone new in the city either. He was always socializing with other people, and the women he met always wanted to know how much money he had.

When Lu Xingzhi returned to the kitchen with an empty cup, he heard Mrs. Jiang urging Jiang Lei to get married. He walked in and said, "Mom, Jiang Lei isn't that old. You don't have to worry about him. His career is on the rise now, so he doesn't need to rush to get married. If he has a partner, then, of course, it's great to get married. If he doesn't, then let nature take its course."

Jiang Lei did not expect Lu Xingzhi to speak up for him. Jiang Lei, overwhelmed by the favor, shot Lu Xingzhi a grateful glance. He would keep a close eye on Lu Xiaoxiao so that those bad men would not seduce her.

However, Lu Xingzhi did not respond to Jiang Lei's gratitude. After rinsing the cup, he returned to the kitchen. Halfway there, he went to the bathroom to look for a mirror. Continue read on [B0n n 0 v e l.c0m](#).Thank

Lu Xingzhi called out to Jiang Yao in the bathroom. Then, he asked, "When will my medicine be ready today?"

"Hey, is the sun rising from the west today?" Jiang Yao walked toward Lu Xingzhi curiously.

Lu Xingzhi had asked about the medicine used to heal the scars on his face. The ointment did not smell pleasant because it was custom -made by Jiang Yao. Lu Xingzhi refused to use it again after the first time..
