

Chapter 1001: Free Massage

"A-Are you sure?" Mei Ying asked him in a hesitating manner.

"What is there to be hesitant about? It's not like it's our first time doing it. You just need to learn how to absorb the Yang Qi. It's definitely much more entertaining than just absorbing the spiritual energy in the air."

"Here you go. Go read this and let me know your decision later." Su Yang handed her a scroll about dual cultivation before leaving to spend the night with Xing Aiying.

The following day, Mei Ying approached Su Yang and said to him, "I want to try dual cultivation."

Su Yang nodded with a smile and said, "Alright. I will give you a taste of it tonight."

And after a hard day at work, Su Yang called Mei Ying to another room while Mei Xing silently cultivated in her own room.

"Are you ready?" Su Yang asked her as they entered the bed.

"Yes." She nodded with a resolute face.

Mei Ying began moaning loudly shortly after.

About half an hour later, Su Yang released his Yang Qi inside her body.

"Now recall the scroll I gave you and try to absorb the Yang Qi inside your body. It's okay even if you don't succeed on your first try. This is merely for the experience." Su Yang said to her afterward.

Mei Ying nodded and sat in the lotus position and began trying to absorb the Yang Qi in her body.

Unlike normal cultivation that requires one to absorb the spiritual energy in the air into their body, dual cultivation was slightly easier in the sense that they only need to absorb the spiritual energy that is already within their body.

Furthermore, Su Yang's Yang Qi was incredibly pure, and he even adjusted it so that even a mortal who has never cultivated before like Mei Ying to absorb it without harming herself.

Unfortunately, just like her daughter Mei Xing, Mei Ying had no talents in cultivation whatsoever, so she was unable to absorb the Yang Qi.

"I'm sorry for wasting your time and effort..." Mei Ying sighed after failing to absorb his Yang Qi.

"Don't worry about it. Like I'd said in the beginning, it's okay to not succeed on your first try, especially since you have zero experience in this sort of thing. We'll do this every day until you succeed."

"Okay. Thank you for bearing with me." Mei Ying nodded.

Sometime later, she returned to her room while Su Yang went to find Xing Aiyang.

"You're teaching that girl dual cultivation?"

"Yes. In case we go separate ways in the future, they will at least have some power to protect themselves."

"How kind."

The following day, a beautiful woman wearing unique red robes approached the Heavenly Massage and proceeded to stand outside with a pondering look on her face.

"Medallion of Pleasure... I wonder if this place can satisfy my hunger..."

"Young fairy, the line is back there." The person in front of the line said to her.

The woman turned to look at the line that reached all the way to another street and shook her head.

"I don't have the time to wait. How unfortunate. Looks like I will have to return another day. Hopefully, they are still in business by then." The woman then turned around and began walking away....

However, the door suddenly opened, and an ordinary young man walked out and called out to her.

"That beauty in red robes, please wait."

"Huh?" The woman turned around to see Su Yang standing in front of the Heavenly Massage.

"What do you want from me?"

"I would like to offer you a free massage."

"What?!"

The customers already waiting in line were shocked to hear this, as this was Su Yang's first time offering a free massage to someone since the business' opening. Why would he suddenly give such an offer to some random woman in the street?

"Why would you do that for me? What are your intentions?" The woman asked, clearly suspicious of his actions.

Su Yang pointed at her robes and said, "You're a disciple of the Boundless Yin Yang Sect, right? Someone from your sect had saved my life before, and I have sworn to help those from your sect since then. However, I never got the chance to do so. Please, let me help you."

The woman that turned out to be from the Boundless Yin Yang Sect was a little surprised by Su Yang's words.

Someone from her sect had saved him, so he's giving her a free massage? Although it still sounded a little suspicious, the woman looked at the Medallion of Pleasure again.

'I was intended on giving this place a visit in the first place— if not for the long line. This place also has a Medallion of Pleasure, so they should be trustworthy...'

After pondering to herself, the disciple nodded.

"Alright. I'll let you help me."

"Thank you!" Su Yang spoke from the bottom of his heart, as he has been waiting for this opportunity ever since he arrived at this place!

He then turned to look at the customers in line and bowed to them, "I apologize for this inconvenience."

"Don't worry, we understand your situation." They quickly said.

Su Yang then led the disciple into the Heavenly Massage.

Meanwhile, Mei Xing watched Su Yang with a profound face.

'The Manager was saved by the Boundless Yin Yang Sect before? I wonder what happened...!' She pondered inwardly.

Once they were inside the massage room, Su Yang said to her, "Before we start, can I say something?"

"Go ahead." The disciple said as she entered the bed.

"Oh?! What kind of bed is this?! Even the beds at my sect aren't of this quality!" She suddenly said after feeling the mattress.

"I made the mattress." Su Yang said with a smile on his face."

"Is that so? As expected of someone with a Medallion of Pleasure. Anyways, what were you about to say?" She turned to look at him, waiting for him to speak.

Chapter 1002: Stop Using Your Fingers!

"I just wanted to say that if you're satisfied with my massage, can you let your fellow disciples know about my store so that they can also experience it?" Su Yang said to her.

And he continued, "Don't worry, it's not like I am trying to profit from your advertisement. All disciples from the Boundless Yin Yang Sect will receive free massages. I just want to help more people from your sect, that's all."

"You care awfully a lot about my sect. I know that you almost died, but what happened?" She asked him.

"Let's just say I had an unfortunate encounter with a powerful magical beast. If it were not for that expert from the Boundless Yin Yang Sect, it would've killed me in a brutal manner."

"Anyways, allow me to start the massage now."

After taking a deep breath, Su Yang began massaging the disciple's back.

"Oh! Not bad!" The disciple was immediately impressed by his hand techniques.

Although the Boundless Yin Yang had its own masseurs, they could not be compared to Su Yang's store.

Once he was in the mood, Su Yang began using the technique Fingers of Fulfillment on the disciple, instantly arousing her body and awakening the lustful beast within.

'What's going on? Why is my body suddenly so hot?' The disciple was shocked that Su Yang had managed to arouse her lust.

As dual cultivators, they must learn how to control their bodies and their emotions, meaning they can control their lust. And as a disciple of the Boundless Yin Yang Sect who has solid control over her body, she did not expect it to naturally become aroused in a massage, hence why the disciple was surprised.

However, to lose control over her own body was akin to losing face in the world of dual cultivators, so the disciple immediately tried to regain control over her own body, suppressing her lust.

And while it might work on even experienced masseuse, she was before the God of Pleasure, so all of her efforts would become pointless.

The disciple sighed in relief inwardly when she managed to suppress her lust. However, her lust returned a few seconds later, and it was even stronger than before.

Of course, the disciple was shocked to feel her body flaring up again with lust.

'Just who is this guy?! Even within the inner court, only a few people can make my body like this!'

"Relax," Su Yang's voice suddenly resounded.

"Don't fight it. You'll enjoy it more that way. Also, it is my job to make you feel good."

The disciple listened to his words and stopped trying to control her lust, allowing it to flow all over her body.

Once her body was hot enough, Su Yang flipped her body over and began massaging her front body.

The disciple was already breathing heavily at this point, and when Su Yang reached the soaking wet slit between her legs, he asked, "May I?"

The disciple silently nodded, as she was worried that if she doesn't exhaust some of her lust, she'll go crazy.

Upon her approval, Su Yang began working on her little sister, which gushed with Yin Qi even at the slightest touch.

And before Su Yang could do much, the disciple would suddenly grab his wrist and say, "I don't want your fingers! I want the real thing!"

Su Yang smiled and said, "As you wish."

He then removed his clothes and went in-between her legs.

'Heavens... What a massive...!...

The disciple stared at the rod between Su Yang's legs with wide eyes. This is her first time seeing it so majestic— so perfect.

"Hurry up and put it in me already!" She quickly urged.

Su Yang nodded before inserting his rod into her cave, and the disciple immediately moaned with pleasure.

Su Yang then performed slightly above average in the bed to please the disciple. He didn't want to appear so good that it was suspicious, but he also

didn't want to underperform and disappoint this disciple, losing his chance of joining the sect.

Fifteen minutes later, Su Yang unplugged his rod from the disciple's hole, and Yang Qi immediately began flowing out like a river.

'I-In just fifteen minutes...' The disciple's body twitched all over the place as she recalled the massage she'd just experienced.

'I have never been exhausted this fast before...'

The disciple turned to look at Su Yang, who was casually putting his clothes back on.

"What's your name?" She asked him.

"Xiao Yang," he replied.

"Do you belong to a sect?"

"No, I do not."

"Do you wish to join one?"

"I do, but all of the sects have already closed their disciple examination."

"I can recommend you to my Master in the Boundless Yin Yang Academy if you want." The disciple said.

"Really?! You'd do that for me?" Su Yang acted surprised and excited, but he was genuinely happy about the outcome.

"Yes. You have the talents to be a great dual cultivator. Hell, even your Yang Qi is extremely pure and powerful! I wouldn't be surprised if you're already a dual cultivator!"

"Haha... Actually, I have studied dual cultivation a little, but it's not much. As for my Yang Qi... I had a fortuitous encounter with a Yang treasure many years ago."

"That explains why your Yang Qi is so rich with spiritual energy. Alright, I will speak with my Master when I return to the sect. In return, once you're accepted into the sect, you'll assist me in my cultivation."

"Sure." Su Yang nodded.

After dressing back up, the disciple walked to the door.

"Oh, my name is Luo Mi. See you at the sect, Xiao Yang."

After Luo Mi left the place, Su Yang continued his day working as a masseur.

Once the day was over, Su Yang filled Mei Ying's body with his Yang Qi and gave her small lectures regarding dual cultivation.

After that, Su Yang went to meet Xing Aiying in her room, telling her about the disciple.

Chapter 1003: Special Treatment

"So there's a good chance that you'll be joining the Boundless Yin Yang Sect soon, right? That's great news! I have only been in this city for a few days and I am already bored to death! The environment is the same in almost every street, and as someone who's not here for entertainment, it's even worse!" Xing Aiying expressed her relief upon hearing the news.

Su Yang smiled at her words and said, "I also don't like the atmosphere in this place. Although it may look happy on the outside, it's actually a really grim and dark place where people are forced to work as escorts and such. It is also why I don't come here unless I have to."

"Anyways, let's just endure this until I enter the Boundless Yin Yang Sect."

Thus, the Heavenly Massage continued to operate while Su Yang waited for good news.

Meanwhile, at the Boundless Yin Yang Sect, Luo Mi went to meet with her master, who was actually cultivating with a junior disciple at that moment.

Unlike the Profound Blossom Sect that forbids elders from cultivating with the disciples, the Boundless Yin Yang Sect has almost no limits, meaning the sect elders can cultivate with the disciples all they want and vice versa.

After all, they were all cultivators with hundreds if not thousands of years of experience. There was no reason to limit each other with things such as ages and status.

"Give me a few minutes to finish up," her master said from inside her closed room.

About ten minutes later, a beautiful woman came out of the room, and Luo Mi caught a glimpse of her partner, who was a handsome young man, and he appeared to be completely exhausted after cultivating with her master.

"What do you want?" Her master asked her afterward.

"Master, I would like to recommend someone to join our Boundless Yin Yang Sect. I think he'll be a great addition to our sect with his talents," Luo Mi said.

"Huh? What kind of nonsense is this? The Boundless Yin Yang Sect is no longer recruiting disciples!"

"I am aware of that, Master, but I also know that you have the authority to help someone enter the sect without taking the entrance exam."

Her Master frowned and said, "I can only use this privilege once every 100 years for one person, and you want me to use it on some nobody that I have never even met before? Based on what justification?"

"Master, this person isn't just a nobody! I have cultivated with him, and he was able to defeat me in less than half an hour!"

"You?" Her Master's eyes widened upon hearing such words, as she was very aware of how strong her own disciples' endurance was.

"Who is this kid?" She then asked.

"He owns a massage parlor in the City of Pleasure. If you don't believe me, you should go check him out yourself. Just let him know that you're from the Boundless Yin Yang Sect and he'll take care of you for free."

"Hahaha! The City of Pleasure? And a massage boy at that? Did you hit your head, Luo Mi?" Her Master laughed.

In her eyes, the City of Pleasure was not a worthy place.

"Master, this massage boy has a Medallion of Pleasure..."

"What? A Medallion of Pleasure? Are you serious?" The Master immediately stopped laughing and started thinking about it seriously....

"I am serious, Master. Why else would I come here and ask you to help him? If you help him... He'll be indebted to you forever! I'm sure he'll be able to satisfy you for a long time!"

The Master began pondering in silence.

Just like her disciple Luo Mi, she was someone who cannot be satisfied easily, hence why she has a new partner almost every day. If she could find someone that isn't a fellow sect elder and can satisfy her, that would be ideal.

"Luo Mi, if this massage boy of yours disappoints me, be prepared to face punishment." The Master looked at her disciple with a serious face.

"I will walk around the sect naked if he doesn't satisfy Master," Luo Mi stared back with a serious face.

"Good! Tell me the location and I will go meet him next week!"

Luo Mi handed her master the location of Su Yang's massage parlor before returning to her own living quarters.

"You better not disappoint me, Xiao Yang, or I will go back there and beat you for making me look like a fool in front of my own Master!" Luo Mi sighed out loud.

A week passed by in a flash, and Luo Mi's Master made her way to the City of Pleasure early in the morning.

Once she was in the City of Pleasure, she went straight to the Red Light District and asked around for a Heavenly Massage.

After getting the directions, she followed them, arriving at the Heavenly Massage an hour later.

'There's a lot of people here... Maybe Luo Mi was not exaggerating as much as I thought...'

The Master then ignored the line and walked right into the store.

However, she was quickly stopped by the people waiting in line.

"Hey! What's the big deal?! Can't you see that there's a long line here?!"

However, before things got out of control, Xing Aiying came out of the store and said to the customers in line, "Please calm down, she's a friend of the Manager."

"Follow me." Xing Aiying said to her before walking back inside the store.

Once they were inside, Xing Aiying took the Sect Elder to her room and said, "The Manager is currently entertaining another guest, but he will be done in a few minutes."

"Is that so? In the meantime, why don't you tell me a little about this place? And why did you help me just now? I don't even know the manager."

Xing Aiying then explained to the Sect Elder about Su Yang's past and how someone from the Boundless Yin Yang Sect had saved his life before, hence the special treatment.

Chapter 1004: A Rare Find

Knock *Knock*

"Manager, you have a guest from the Boundless Yin Yang Sect." Xing Aiying knocked on Su Yang's room when he finished entertaining his last customer.

A few moments later, the Sect Master entered the room and immediately began inspecting Su Yang from top to bottom.

"Welcome to Heavenly Massage, Senior. How may I help you today?" Su Yang greeted her with a friendly smile.

"I heard from a fellow disciple that you're giving out free massages, is that correct?" The Sect Elder said, not giving away the fact that she was there to test him and see whether he was worth her special slot or not.

"Of course! As long as you're from the Boundless Yin Yang Sect, all massages will be free!" Su Yang said.

"Okay, show me what you've got. After hearing my fellow disciple praise your skills, I have high expectations."

The Sect Elder removed all of her clothes and laid on the bed.

Su Yang immediately began working on her body, starting out slow at first.

'Hmm... His finger movements are great, but it's not nearly enough to receive my slot.' The Sect Elder thought to herself as she calmly enjoyed the massage.

Suddenly, she felt a spark of excitement appear in her body, causing her body to tremble slightly.

'W-What was that feeling just now?!' The Sect Elder cried inwardly, unable to comprehend what she'd just felt because it was so sudden.

A few seconds later, another spark assaulted her body... then another... and another.

Within moments, the Sect Elder could feel her entire body being assaulted by these sparks that traveled through her weak spots like lightning snakes, awakening the lust hidden deep within her body.

'I don't believe it! How can he still find my yin spots despite my efforts trying to hide them?!' The Sect Elder was in disbelief.

She knew that Su Yang was arousing her lust through her yin spot, but there was nothing she could do about it but lie there and let Su Yang quickly awaken her lust.

When she could no longer endure it, the Sect Elder suddenly stood up and stared at Su Yang with a deep frown on her face.

"I don't want a massage anymore! I want you to fuck me!" she exclaimed.

"Of course."

Su Yang wasted no time removing his clothes, revealing to her the majestic dragon between his legs.

The Sect Elder took a deep breath when she saw his flawless rod, and in her mind, she told herself that even if Su Yang didn't have the capabilities to satisfy her, she wouldn't mind accepting him as a disciple since she could easily satisfy herself with his rod!

Of course, this would mean that Su Yang would become nothing but her sex toy, but in the world of dual cultivation, this is what happens when someone lacks the ability to satisfy another!

"I would normally be on the top, but I will give you a chance to prove yourself worthy of being on top of me." The Sect Elder said with a grin on her face.

"I will try my best," Su Yang smiled....

Shortly after, Su Yang inserted his massive dragon into her tight cave.

"Ah~!"

The Sect Elder moaned loudly, feeling Su Yang's rod reaching the deepest parts of her hole with ease.

Su Yang could feel the Sect Elder's cave sucking his rod even though he wasn't moving.

"I'm going to move now." Su Yang warned her before moving his hips.

'Amazing! This is amazing!' The Sect Elder cried inwardly as her little sister gushed with Yin Qi.

Compared to the junior disciples that she has been picking up recently, none of them could compare to this massage boy in front of her, and even some of the inner court disciples would not be much better than him!

'Luo Mi was right! He's a rare find! If he's trained properly, he might even become a core disciple in the future!' The Sect Elder was getting excited, unaware that Su Yang was barely using any of his true potentials.

About half an hour later, Su Yang stopped moving his hips.

"What happened? Why did you suddenly stop? Are you already tired?" The Sect Elder frowned when he suddenly stopped moving, feeling like she was forced to wake up from a good dream.

"Actually... I have other customers waiting for me, so I cannot do this for too long, especially since I pushed everyone back just for you. Furthermore, my massage sessions are usually 10 minutes long, and we have already been at

it for half an hour. If I make them wait any longer, it'll be bad for my business and reputation."

The Sect Elder did not immediately respond and silently stared at him with a pondering face, seemingly trying to decide on something.

After a moment of silence, she said, "If you join the Boundless Yin Yang Sect, you'll no longer need to manage this business, right?"

"Eh?" Su Yang acted ignorantly.

"What do you mean, Senior?"

"Luo Mi— the one who told me about this place mentioned that you wanted to join the Boundless Yin Yang Sect. If you join our sect, you will no longer be able to manage this business, so what are you going to do then?" The Sect Elder asked him.

"If I can join a sect, I will give up on this business," he responded with a resolute expression.

"Even though you have a Medallion of Pleasure?"

"I never intended on using it, but due to circumstances, I was forced to use it," he sighed.

"Then why did you even start this business in the first place if you're going to abandon it so easily?"

Su Yang looked at her in the eyes and responded in a clear tone, "I only wanted experience, and to be completely honest with you, I have always been interested in a woman's body, hence why I studied the art of massage and opened a massage parlor."

The Sect Elder laughed a little before speaking, "If you come to the Boundless Yin Yang Sect, you'll get to touch as many womens' bodies as you'd like!"

Chapter 1005: A Short-Lived Business

Su Yang chuckled at the Sect Elder's words, and he said, "As much as I like the sound of that, I don't have any way to join the sect now because the disciple examination has already ended."

"Don't worry, there are other ways to enter the sect besides the disciple examination. I know someone who can help you enter the sect," she said.

"Really? Who?"

"Before I tell you, when can you join the sect?"

"If I can join today, I would do it."

The Sect Elder nodded and retrieved a badge.

"Do you know what this is?" She asked him with a cheeky smile.

"No, I do not. What is it?" Su Yang acted dumb.

Of course, he knew what the badge was.

"This is what will help you enter the sect. As long as you have this, you'll be able to enter the sect at any time you want. However, these badges are not given out easily, so they are quite valuable."

"I can give this badge to you, but what do I get in return? As I'd already mentioned, it's not easy to get this badge. There are many people out there who would be willing to pay a fortune for this badge, too."

Su Yang pondered and said, "Unfortunately, I don't have anything valuable on me... Do you want my Medallion of Pleasure? I won't be needing it once I leave this place, after all."

"I also have no use for it, so I don't want it."

"Then is there anything specific that you want?"

The Sect Elder smiled and said, "I want a partner— someone who can satisfy me for a long time."

Su Yang raised his eyebrows and asked, "There should be plenty of people in the Boundless Yin Yang Sect that can help you with that, right?"

"Of course. There are plenty, and they are mostly sect elders, but I am someone who prefers younger men. There's just something very thrilling about cultivating with someone younger than you, you know?" The Sect Elder chuckled.

Su Yang was left speechless by her words and was unsure how to respond.

She then pointed at him and said, "Although you're quite capable right now, you're not at my desired level yet, so I want you to train properly in the sect and visit me again in the future when you're good enough."

"If you don't show any improvements or become lazy, I have the right to remove you from the sect since I was the one who brought you into the sect in the first place."

Su Yang nodded with a serious expression on his face, "I promise I won't disappoint you. Once I am capable enough, I will please you for as long as you want!"

"That's what I like to hear." The Sect Elder smiled and handed him the badge.

"Senior, what is your name?" Su Yang then asked.

"Just call me Disciple Chu," she said, still not planning on revealing her identity as a sect elder for some reason.

"Okay, Disciple Chu."

"Then I will see you at the sect, Disciple Xiao." She waved him goodbye before leaving the place.

After the sect elder left, Xing Aiyang entered the room and asked him, "What's the result?"

Su Yang showed her the badge in his grasp with a smile on his face, "I will be a disciple of the Boundless Yin Yang Sect starting today."...

"When are we leaving this place?" She then asked.

"Tonight."

"Your customers will be sad, especially those that had been anticipating it for a while now."

Su Yang shook his head and said, "Unfortunately, I do not have the time to satisfy everyone. Even if I worked all day for the next year, the line outside my building will not shorten, and I do not intend on staying here forever."

"What about those two?"

"I will speak with them later."

Sometime later, Su Yang appeared at the reception desk.

"Manager, are you ready for more customers?" Mei Xing asked him, completely unaware that the business would be shut down soon.

"No, we're closing the store now." He said, puzzling her.

"We're closing today already? Are you not feeling well?" Mei Xing asked him in a worried voice, still not aware of the situation.

"I will explain later."

Su Yang then walked outside and said to the customers waiting outside, "This is a bit sudden, but the Heavenly Massage will no longer be in business. I'm sorry for any inconveniences this may have caused."

"Huh?"

However, the customers couldn't comprehend his words at first and stared at him with blank expressions.

"N-No longer in business... As in the store is shutting down...?" One of them suddenly asked.

"That's right." Su Yang nodded.

"What?! This is too sudden! Why would you suddenly shut the business down when it's doing so good?!" The customers were confused and shocked at the same time.

"Can you please reconsider it?! If something is bothering you, we can help!"

Su Yang shook his head, "I'm sorry, but I have already made a decision."

"Can you at least tell us why this is happening?" Another person asked.

"To tell you the truth, I have been doing this business merely to pass time while I wait for something else. Now that I no longer have to wait, it's time for me to leave. That's all."

Su Yang returned inside the building after saying those words, leaving the people outside speechless.

"M-Manager... Is it true? You're really going to close down this business?" Mei Xing looked at him with a perplexed look on her face, as she wasn't sure how to display the countless emotions she was feeling at this moment.

Although she knew this would eventually happen since Su Yang had mentioned it to her before, she didn't expect that this day would come so soon!

"Yes, I am closing this store down as of today." Su Yang nodded.

Tears immediately began flowing down Mei Xing's face, as this could potentially mean the end of their relationship that was just getting started!

Chapter 1006: Leaving the City of Pleasure

"P-Please reconsider, Manager! I don't want you to leave! It's too early! I haven't worked enough for you!"

Tears flowed from Mei Xing's face as she held onto his robes like a child begging her father to not leave her alone.

Su Yang smiled and said, "Unfortunately, I must leave this place to become a disciple at the Boundless Yin Yang Sect."

"Therefore, I will give you two choices— leave this city and live the rest of your lives together in peace, or continue working for me at the sect."

"If you choose to leave, I will give you more than enough money to enjoy yourselves for the rest of your lives. You deserve it."

"Work for you at the sect? But we're mortals with no background. While you won't have any problems entering the sect, we won't be able to do the same." Mei Ying shook her head.

"It's fine. If you work for me as my servants, you'll be able to enter the sect with me. However, your freedom will become restricted within the sect, so you won't be able to move freely."

"Although I can promise your safety, it won't be entertaining, as you'll be spending most of your time in one place until my business is finished within the sect."

Mei Ying and Mei Xing looked at each other.

"Mother... I will listen to you..." Mei Xing said to her.

"E-Even though I am your mother, I never had the opportunity to fulfill your wishes. Do you want to continue working for the Manager? Or do you want to leave the city with me? What do you desire?" Mei Ying asked.

"I..."

Mei Xing turned to look at Su Yang with a pondering gaze.

"Manager, there is still a lot that I don't understand about cultivation. Can I follow you until I become a Cultivator that's strong enough to protect my mother? In return, I will do anything for you! If you want me to become your servant, I will become the best servant in the world! But I have to admit that I do not have any experience working as a servant."

"I— I am a fast learner, after all!"

Su Yang smiled, "I know. You have already proven yourself."

And he continued, "Are you sure that you want to follow me? It won't be anything like working as a receptionist, and it might even be dangerous to follow me."

"It's okay. I don't care if I have to face some danger as long as I get to continue working for the Manager." Mei Xing nodded.

Su Yang turned to look at Mei Ying and asked her, "Are you okay with this?"

Mei Ying didn't say anything and merely nodded her head with a willing smile on her face.

"I understand. Then I shall take you two with me to the Boundless Yin Yang Sect. I hope you're prepared because the world outside this city is vastly different."

The two of them nodded in a serious manner.

"When are we going to leave?" Mei Ying asked a moment later.

"Tonight." Su Yang smiled.

"So quick?!"

"I don't have much time to spare, after all. I will be back in an hour. Finish packing by then."

Meanwhile, a large crowd gathered outside the Heavenly Massage.

These people were all women, and they were protesting Su Yang's leave....

"Don't leave! The City of Pleasure needs you and your massage parlor!"

"Think this through, Manager!"

Of course, no amount of protesting could possibly make Su Yang change his mind, so he ignored all of them.

An hour later, Su Yang gathered the three ladies.

"Ready to leave this place once and for all?"

"Wait. What about your Medallion of Pleasure?" Mei Xing asked.

"It's still hanging outside."

"I don't care about the medallion, so I am going to leave it here."

"What?! But that's a very valuable treasure in this city!"

"I know, but I don't intend on coming back to this city anytime soon, and I highly doubt anyone will dare to steal the Medallion of Pleasure, especially when it's out in the open in a city that never rests."

"If you say so, Manager... It's your medallion, after all." Mei Xing nodded.

"I'm ready to leave with you, Manager." Mei Ying said afterward.

"Then let's leave this place, shall we?"

However, due to the large crowd blocking their main entrance outside, Su Yang had to leave the place through the windows in the back of the building.

Xing Aiyong also created a concealment formation around them to make their escape smoother.

Sometime later, they left the City of Pleasure.

"Wow... So this is the world outside the City of Pleasure? It's so... bland?" Mei Xing mumbled in a dumbfounded voice.

This is her first time leaving the City of Pleasure since her birth.

Compared to the City of Pleasure that is filled with colorful lights and exciting buildings, the outside world was much bland in terms of colors and environment.

"Even though it's more boring than the City of Pleasure, I feel freer out here because of the spaciousness. In the City of Pleasure, I would always feel cramped. The air out here also smells much fresher than the city that reeks of alcohol and other weird smells."

"Even though I just left the city, I think I prefer the outside world more," she said.

Su Yang smiled and said, "What you're seeing now is only a tiny, tiny portion of what this vast world has to offer. Things will become more exciting as you see more."

"I cannot wait to explore it with you, Manager." Mei Xing smiled back.

"Then let's head to our first destination—the Boundless Yin Yang Sect!"

Su Yang turned around to look at the City of Pleasure with a cold smile on his face.

'I may be leaving the city now, but as long as I continue living in this world, I will make you pay for your sins, Qian Fujū! No matter where you run or hide... I will find you!' Su Yang said inwardly.

Chapter 1007: Arriving at Boundless Yin Yang Sect

"Here, get on this." Su Yang said to the ladies after withdrawing his wooden boat flying treasure.

"This is a wooden boat, Manager. I don't see any water around here." Mei Xing said in a puzzled voice, as she has never seen a flying treasure before.

"You'll understand in a moment." He smiled.

Once everyone was sitting in the wooden boat, Su Yang commanded it to fly towards the sky, shocking Mei Xing.

"Whoa! We are flying! We are really flying, mother!" Mei Xing's eyes glistened like a thousand stars in a starry night.

"Yes, I can see that..." Mei Ying said with a nervous smile on her face as she tightened her grip on the wooden boat.

Su Yang chuckled at her actions and said, "Don't worry, you won't fall even if I flip this thing upside-down. Do you want to see?"

Mei Ying quickly shook her head while Mei Xing did the opposite by nodding her head in anticipation.

Su Yang decided to spare Mei Ying and not flip the boat just to prove a point.

A few hours later, they stopped in front of a city.

"Are we at the sect already?" Mei Xing asked.

"No, we're here for the teleport formation in this city. It will take us really close to our destination."

Once they entered the city, Su Yang led them to the teleport formation.

After paying for their trip, they entered the teleport formation and traveled tens of thousands of miles away almost instantaneously.

A few more hours of flying later, they finally arrived at the Boundless Yin Yang Sect.

Su Yang stared at the sect from a distance with a profound expression on his face.

'Who would've thought that I would return to this place... as a disciple, no less...'

After taking a deep breath, Su Yang approached the sect with the flying treasure.

Moments later, they arrived at the front entrance, where a handsome young man and a beautiful young woman stood guard.

Su Yang could feel their disdainful gazes on him before they even landed on the ground.

The Boundless Yin Yang Sect values one's appearances more than ordinary Cultivators due to their sexual nature, and they usually disdain those with inferior looks.

Although Su Yang's disguise isn't ugly by any means, in the eyes of the disciples, he might as well sit beside the trash in the street.

Furthermore, the Boundless Yin Yang Sect has some of the most beautiful women and handsome men in the Four Divine Heavens, so it's very natural for its disciples to have absurdly high standards.

"Hey, this place isn't a garbage dump. Get out of here before you defile this place with your nasty face." The handsome man said to them from a distance.

"Why is he being so rude to us when we haven't even spoken to him yet?" Mei Xing was baffled by the disciple's sudden aggression.

"Don't mind them. They're just a little aggravated because they have to stand guard when they could be cultivating instead." Su Yang smiled.

"Did you not hear me, you hideous thing? Get lost before we make you!" The handsome disciple continued to disdain Su Yang as they got closer.

"Calm down, fellow disciple." Su Yang said with a calm smile on his face.

"What did you just call me?" The handsome disciple frowned.

Su Yang didn't say anything else and withdrew the badge Elder Chu had given him and showed it to the disciples there....

The handsome man's eyes widened with shock when he saw the badge.

"T-The Yin Yang Badge of Acceptance?! Why do you have something like that?! Which Sect Elder gave you that?! Aiya! It's such a waste!" He cried out loud a moment later.

Su Yang shrugged and said, "I don't have all day here. Are you going to let us in or what?"

The handsome disciple sucked his teeth in disdain.

Although he wanted to kick him out, he couldn't defy the Yin Yang Badge of Acceptance, as that would be akin to defying the sect.

"The Yin Yang Badge of Acceptance only allows one person to become a disciple, but there's four of you, and one of them is even a child."

"They are my servants. As a disciple of the sect, I am allowed to bring at most four servants with me."

"Che."

The handsome disciple didn't expect Su Yang to know the sect's rules already.

"I will take them to Elder You." The beautiful disciple suddenly said.

She looked at Su Yang and continued, "Follow me."

Su Yang nodded and followed her into the sect.

He took a deep breath the moment he stepped inside the sect.

Unlike normal cultivation sects that are usually filled with spiritual energy, the Boundless Yin Yang Sect was filled with Yin and Yang Qi.

Meanwhile, somewhere in the inner court, Luo Mi and Elder Chu chatted with each other over some tea.

"You were right. That boy is gifted." Elder Chu said.

"Does this mean you gave him the badge?" Luo Mi's eyes flickered with excitement.

"Yes, I did. However, it's not going to be easy for him. While his talents for dual cultivation are very high, he lacks one very important aspect for dual cultivators."

"Are you talking about his appearance?" Luo Mi muttered.

Elder Chu nodded, "He's not ugly by any means, but being ordinary is a crime in the Boundless Yin Yang Sect. I want to see how he'll survive this place if he even does..."

"A lot of disciples in the sect care about looks, but I am not one of these people. I actually think Xiao Yang looks pretty cute, and that feeling only grows stronger the longer you stare at him."

Elder Chu smiled and said, "That's just the effects of dual cultivation. You will find your partner more attractive if he can satisfy you."

"Anyways, when do you think he'll join the sect?" Luo Mi then asked.

"He should be making his way here as we speak if he's not already here," she said.

"Really? The City of Pleasure must be weeping right now." Luo Mi chuckled.

"Alright, I will see you later, Master. Thank you for listening to my request."

Elder Chu shook her head and said, "Don't misunderstand my intentions. I didn't help him for you. I am doing this for the sect and myself."

"Even then, I am still thankful!" Luo Mi left Elder Chu alone shortly after.

Chapter 1008: A New Disciple at the Boundless Yin Yang Sect

"Good evening, Elder. We have a new disciple." The female disciple that took Su Yang into the Boundless Yin Yang Sect brought them to this building that administers the new disciples.

"What? A new disciple? How is that possible? Our disciple examination ended long ago."

A handsome middle-aged man approached them with a puzzled face.

"He got in through the Yin Yang Badge of Acceptance." The female disciple explained the situation to him.

The Elder turned to look at Su Yang and extended his hands out, "Let me see the badge."

Su Yang casually handed the badge to him.

The Elder inspected the badge for a moment.

'This is Elder Chu's badge... Did she really give it to this... thing? Does she really think he's worthy of the sect?' The Elder wondered inwardly.

"Whatever. Give me a few minutes to assign you a residence and get your uniform."

The sect elder left the scene while taking with him Su Yang's badge.

Though, now that he was in the sect, there was no longer a need for the badge.

The sect elder returned a few minutes later and said to the female disciple, "You can return to your post."

He then turned to look at Su Yang and said, "Follow me."

Su Yang nodded and followed this handsome elder to a secluded area in the outer court.

"This will be your residence starting today." The elder tossed Su Yang a storage pouch that contained his house keys, uniforms, and a few other necessities for disciples.

After handing the storage pouch to Su Yang, the elder continued to speak in a voice of disdain, "Let's get something straight."

"First and foremost, even though you have been accepted into the sect as its disciple, you are not truly one of us, so do not consider yourself as one."

"Real disciples enter the sect through the disciple examination. You entered through the back door like a rat. With your qualifications, regardless if it's your

capabilities or looks, you would have never made it through the disciple examination."

"Second..."

He turned to look at Mei Ying and the others and grinned, "I would toss away these mortals as soon as possible and find new partners if I were you. They won't benefit you or your cultivation. However, I would also understand why you would want to keep them, as you'll have trouble finding a partner in this place with your appearance."

"Anyways, good luck surviving this place."

The elder turned around and began walking away.

"Oh, one more thing. As your elder, I figured that I should at the very least give you some words of advice."

"You should keep the fact that you have entered this sect with a Yin Yang Badge of Acceptance a secret from the other disciples. They don't treat your kind here very... kindly."

The elder disappeared shortly after leaving behind this warning for Su Yang.

"Manager... I know that we just got here... But I really don't like this place..." Mei Xing looked at him with a worried face.

Su Yang smiled and said, "You'll get used to it."...

He turned to look at the somewhat poorly maintained building in front of him and continued, "Let's go check out our new home."

One glance at this building and anyone could tell that it hasn't been cleaned or maintained for many years. The grass in the front lawn was tall enough to hide Mei Xing while standing. There were vines growing all over the outside walls. However, these aren't even the worst part.

"Manager... There are holes in the roof..." Mei Xing pointed at the large holes on the roof, and there were multiple of them.

"This is cruel. How can they treat a new disciple like this? Aren't you all fellow disciples?" Mei Ying sighed.

"This area of the sect is for the outcasts—the unwanted disciples of the sect." Su Yang said.

Although he has heard a lot about this place in the past, he has never actually been here before.

"I thought the Yin Yang Badge of Acceptance is supposed to be a special privilege. Although this treatment is definitely 'special', it doesn't feel very honorable." Xing Aiying said.

"That's probably because of my looks." Su Yang said with a calm smile on his face.

"This place—the disciples have always had prejudice towards those that were not born with a heaven-crafted face. In a normal cultivation sect, it's usually the weak and less talented ones that are outcast by the more talented disciples. In this place, however, it's those with inferior appearances that are targeted and bullied."

"So what you're saying is... You'll have trouble looking for partners? Now that's something you don't see everyday." Xing Aiying chuckled.

Mei Xing and Mei Ying stared at her with wide eyes, as they couldn't comprehend how she could joke about such an unfortunate situation.

'Why did the Manager abandon the City of Pleasure, where he's safe and respected, for this kind of place that is neither?' Mei Xing wondered to herself.

"Manager, do you have any tools that I can use to clean up this place?" Mei Ying suddenly asked him.

"I don't have any tools for cleaning, so you'll have to use these..." Su Yang handed her a sword and a dagger.

Mei Ying nodded, "As long as I can cut the grass and vines with them."

"I-I want to help too!" Mei Xing quickly volunteered.

"Here. You can cut the grass while I clean the vines that are in higher places." Mei Ying handed Mei Xing the dagger.

"Be careful with it."

"I will!"

After getting the dagger, Mei Xing began cutting the tall grass while Mei Ying went to cut the vines off the walls.

"Is this place how you remember it?" Xing Aiying asked him when they were alone.

"Exactly how I remember it." Su Yang smiled.

"Well, what are you going to do now?"

"Just like that elder had suggested— I should find myself some partners."

"And how are you going to achieve that?"

"Who knows. I will think of something once we clean up this place." He casually shrugged.

Chapter 1009: Eternal Yin Yang Cave

While Mei Xing cut the grass and Mei Ying cleaned the vines off the walls, Su Yang went to fix the holes on the roof.

"Manager, I am done cutting the grass! What should we do with them?" Mei Xing asked him.

Su Yang looked at the mountain of grass neatly piled outside the building. He then created a ball of fire with his alchemy flames before throwing it at the grass from the roof, burning them until there was nothing left.

"I will clean inside the building now!" Mei Xing said before eagerly going inside the building.

However, to her surprise, it was already sparkling clean inside.

"Sorry if you were anticipating cleaning, but I went ahead and cleaned the interior since I was bored." Xing Aiyong said.

"Oh... I see... It's fine. I will just help out my mother with the vines."

Mei Xing went to check up on her mother.

"Mother, do you need any help? I am done with the grass."

"No, I just need to finish up this part and I will be done," she said.

"Oh... Then I will just cultivate until you're all finished."

And in just a few hours, Su Yang's poorly maintained residence transformed into something that was actually pleasant to the eyes.

"Now that we have cleaned up the house, let's check out the rooms."

They walked around the house together.

There were three bedrooms, each with its own bathroom, one living room, and one kitchen. It was a simple house without anything fancy, especially the bedrooms, but that was to be expected, as the sect wanted to let the residents decorate the place as they saw fit.

After all, every disciple has their own unique taste in the bedroom along with other stuff.

"Pick whichever room you want." Su Yang said to them.

"We will choose after you pick yours." Mei Ying said.

Su Yang randomly picked one.

"Okay, you can pick now."

He doesn't plan on staying in this place for long so it doesn't matter which room he stays in.

Once everyone picked their room, Su Yang gathered them and said, "Starting today, you cannot leave this area unless I am with you. Although I don't recommend it for your own safety, you can leave the house. Just don't wander too far. For reference, if you cannot see the house with your bare eyes, you have gone too far."

"You can do whatever you want while you are in this house. Any questions?"

Mei Xing raised her hand and asked, "What is our job now?"

Su Yang smiled and said, "Your job is to act as my servant when you are with me, but while I am away, you can do whatever you want."

"Even if you wish to cultivate all day, I won't mind."

"Then we will take care of maintaining the house while you are away." Mei Ying said....

"If that's what you want to do." He nodded.

Meanwhile, somewhere in the inner court.

"Elder Chu, why did you allow someone like that into the sect? He doesn't qualify. It's like sending a pig to live with the royal family. To be honest, it puts a bad taste in my mouth."

The handsome elder placed Su Yang's Yin Yang Badge of Acceptance onto Elder Chu's desk.

Elder Chu glanced at the badge before looking at the elder and speaking, "If it leaves a bad taste in your mouth, why don't you close your mouth and go elsewhere? The further the better."

"Also, we may be fellow elders, but who are you to question my judgement? Tell me, Elder Tou."

"Anyone can tell that you weren't in your right mind when you gave him the badge just by looking at his face!"

"Why are you so fixated on him, who is just a new disciple, Elder Tou? He's not the only disciple in this sect to have a... Let's just say less-than-ideal appearance with the sect's standard."

"While that may be true, he's the only one that entered the sect through the badge! At least the others have proved themselves through the disciple examination! This Xiao Yang... we don't even know his qualifications!"

"No, that's wrong." Elder Chu calmly stared into his eyes and said, "You mean YOU don't know his qualifications. I know his qualifications very well. Why else would I give him my badge?"

Elder Tou stood there in silence for a few moments before laughing out loud.

"Elder Chu! Don't tell me that you had slept— cultivated with that man?"

She smiled, but she didn't answer his question and instead said, "He's a very talented young man that will influence the dual cultivation world greatly if he's trained properly."

"Hah! You overestimate him! I doubt he'll even be able to find a partner, much less become a proper dual cultivator!"

Elder Chu shook her head and sighed, "And you wonder why I refuse to cultivate with you. You may look pretty on the outside, but your character is disgusting, Elder Tou. You can leave me alone now. I am a busy person."

"Before I leave... Why don't we play a game?"

"A game?" Elder Chu raised her eyebrows.

"Let's have a bet on whether your disciple will become a proper dual cultivator... or will he be expelled from the sect for not being able to acquire an official partner in one year."

In the Boundless Yin Yang Sect, every new disciple is given one year to find a partner. If one fails to find a partner, they will be kicked out from the sect.

However, not just anyone can be considered an official partner, and each disciple can only have a single official partner.

"What will we be betting on?"

"How does our spot in next year's Eternal Yin Yang Cave sound?" Elder Tou suggested.

"Are you serious?" Elder Chu frowned.

"Does it look like I am joking? If you're really that confident in your new recruit, you should accept my challenge without any worries— unless you actually think differently."

Elder Chu narrowed her eyes at Elder Tou, who held a confident smile on his handsome face.

Chapter 1010: The Outcast Triplets

"You want me to bet my entry slot to the Eternal Yin Yang Cave? Keep dreaming, Elder Tou." Elder Chu coldly sneered at his suggestion.

"So it appears that you're not actually confident in your new disciple, which is the opposite of your claims." A mocking smirk appeared on Elder Tou's face.

"This has nothing to do with my confidence in the new disciple. I just don't see why I should play your stupid game."

"Even if the stake was only a single low-grade spirit stone, I still wouldn't give you the satisfaction. Now you may leave."

"Whatever. You'll regret wasting your precious badge on that disciple." Elder Tou shrugged his shoulders as he left the place.

Elder Chu rubbed her temples in a slightly stressful manner.

"Xiao Yang... You're going to have it hard in this sect, but if you survive, you will become a powerful dual cultivator."

Back at Su Yang's residence, Xiao Mei and Xiao Ying stood before the entrance, where Su Yang was getting ready to head outside.

"Manager, where are you going this late? The sun is already setting." Xiao Mei asked him.

"I'm going to look for a cultivation partner now. It might be a little late, but you must take advantage of every moment you get to increase your cultivation. Life is shorter than you think."

Mei Xing nodded and said, "Then I will also work on my cultivation while you're away!"

"That's what I like to hear." Su Yang smiled.

Mei Xing ran back to her room shortly after.

"Here, take this." Su Yang handed a storage pouch to Mei Ying.

And he continued, "There are a couple bottles of my Yang Qi inside. You can use it for your cultivation whenever I am away. If you run out, let me know."

"T-Thank you..." Mei Ying accepted the storage pouch.

Although she still hasn't managed to become a dual cultivator, she was making progress.

'I feel like it's a waste of resources on someone talentless like me... But I don't want to disappoint him...' Mei Ying sighed inwardly before returning to her room.

"Please take care of the house and the two of them while I am away." Su Yang said to Xing Aiyang, who was silently cultivating in their room.

"Make sure you return at least every other day so that I don't feel like I have wasted my two months of time with you," she said.

"I promise." He nodded before leaving the house.

After leaving the house, Su Yang walked about five steps towards the outer gates before stopping.

"How may I help you guys?" He asked the three young men standing right outside the gates of his home, and they had been standing there for a while now.

"H-Hello! We couldn't help but notice that someone had cleaned this place up that hasn't been occupied for many years, and we were wondering if you're our new neighbor." One of the three young men said to him....

Su Yang silently examined these three young men, paying extra attention to their figures and facial appearances, as they were vastly different from each other.

The first person is a young man with a short and round figure, resembling the first disguise that Su Yang had taken when he first arrived at the Four Divine Heavens, but his face wasn't as unpleasant.

The second person is also a young man, but his figure was the polar opposite of the first person, as his body was as skinny as a stick in comparison, looking like someone who's been malnourished and starved for his entire life. As for his facial appearance, he was quite handsome even for the sect's standard.

The third person there was an exceedingly handsome young man with a tall and slim body. He had the ideal figure and face for this sect, but that only puzzled Su Yang even more.

The fact these three called him their 'neighbor' means they also lived in this area where outcasted disciples such as himself gathered.

The chubby and skinny disciples' presence in this place made sense to Su Yang, but the third disciple didn't look like he belonged in this place, yet here he was, standing with the other two like they were buddies.

"My name is Li Sang." The chubby disciple suddenly introduced himself.

"I'm Ji Ning," said the skinny young man.

"And I'm Wu Bing," said the handsome young man.

"And together, we're called the Outcast Triplets." They said simultaneously before laughing.

"Xiao Yang," Su Yang introduced himself last.

"Disciple Xiao, huh? How long have you been a disciple at the sect?" Li Sang asked him.

"I just got here today," he calmly responded.

"What?! You got tossed into this hellhole after being in the sect for just one day— less than one day?! What did you do?" Ji Ning stared at him with a baffled face.

Wu Bing then spoke, "The disciple examination should have ended last year, so we shouldn't have any new disciples at this time... Unless he entered with the Yin Yang Badge of Acceptance, or he has a really special body. No wonder you got tossed into this place on your first day."

"What? The Yin Yang Badge of Acceptance? I thought only those with a powerful background could receive such a special treatment. How could they treat someone like that as an outcast?" Li Sang asked.

"It's because I don't have any special background that got me tossed into this place." Su Yang said with a calm smile on his face.

"You're not upset? I don't sense any anger from you." Wu Bing raised his eyebrows.

"Not really." Su Yang shrugged, and he proceeded to ask them, "What about you guys? Why are you living here?"

Li Sang pointed at his round body while Ji Ning pointed at his skinny body.

"I'm surprised that you even made it into the sect with that kind of body." Su Yang chuckled.

"Actually... The both of us also entered the sect without taking the disciple examination. However, we didn't use the Yin Yang Badge of Acceptance. Despite our appearances, our bodies actually contain a special type of Yang

Qi that can be very beneficial and valuable for dual cultivation, so we were allowed to join the sect." Li Sang explained their situation to Su Yang.

"A special Yang Qi, huh? That makes sense..." He nodded.
