

DUAL CULTIVATION

Chapter 1051: Sect Leader of the Boundless Yin Yang Sect

"What did you just say? This is a Golden Yang Pill?" The Sect Leader had a doubtful look on her face after her initial surprise.

And without waiting for a response, she opened the bottle and took a sniff.

The strong fragrance of the Golden Yang Pill immediately penetrated her nose and sent shivers down her whole body.

Although it has been thousands of years since she last cultivated Su Yang's Yang Qi, her body somehow knew and felt a sense of nostalgia from it.

Of course, she had no clue that the pill in front of her had been created using a supposedly dead man's Yang Qi.

However, even a small shiver coming from her meant many things.

'My body... Did I just get excited?' The Sect Leader had a baffled look on her face.

While it may be natural for female dual cultivators to be attracted to a man's Yang Qi, the Sect Leader was someone with vast experience, even tasting the God of Pleasure's Yang Qi, so ordinary Yang Qi wouldn't interest her, much less satisfy her.

"Sect Leader?" Elder Yao called out to her, snapping her out of her daze.

"Sect Leader, is everything okay?"

"Y-Yeah. Where did you acquire this Golden Yang Pill?"

"I made it," said Elder Yao with a somewhat prideful look on her face.

The Sect Leader raised an eyebrow, "You concocted this pill? Don't lie to me, Elder Yao, or I will be really upset."

"Why would I lie to you, Sect Leader? I really, really concocted it." Elder Yao confirmed.

"Then where did you acquire the Yang Qi for this pill?"

Elder Yao smiled and said, "Believe it or not, I received it from a disciple of this sect."

"What?!"

The Sect Leader stood up with a startled face.

"The quality of Yang Qi in this pill is extraordinary! Not even the Core Disciples can compare to it! Hell, even the other sects would be jealous if they saw this! Who in this Sect could have such a strong Yang Qi and why am I not aware of him?!" The Sect Leader grew angry.

She couldn't believe that something this amazing had been in her sect and she wasn't aware of it, as this Golden Yang Pill could potentially increase their sect's standing and bring it back to its prime days!

"Don't be upset, Sect Leader. It's only natural that you don't know about this disciple since he'd only recently joined the sect." Elder Yao quickly said.

"What? The disciple examination ended long ago!"

"This disciple entered the sect through the Yin Yang Badge of Acceptance."

"Who gave him this badge?"

"Elder Chu."

"And she didn't bother to report something this important to me?" The Sect Leader immediately retrieved her communication jade slip and summoned Elder Chu.

While they waited for her arrival, Elder Yao spoke, "Sect Leader, there's actually more to this. This disciple claims the Yang Qi doesn't belong to him—that he's merely receiving it from someone else. If this is true, I don't think Elder Chu is aware of the situation."

The Sect Leader then said, "We'll know the truth once Elder Chu is here."

Meanwhile, Elder Chu rushed herself to the Sect Leader after being summoned with urgency.

"Disciple Chu greets the Sect Master!" Elder Chu knocked on the door and greeted her from outside the room.

Whoosh!

The Sect Leader sprung the doors open with a flick of her sleeve.

Elder Chu quickly entered the room, and the first thing she noticed was Elder Yao's presence.

'What's she doing here?' She wondered inwardly as she walked to the center of the room and bowed to the Sect Leader.

"Disciple Chu greets the Sect Master." She greeted her again, this time with her head and body lowered.

"Tell me about this disciple you thought was worthy of your Yin Yang Badge of Acceptance." The Sect Leader said.

"Eh?"

Elder Chu lifted her head to look at the Sect Leader with a dumbfounded look on her face.

'This is about Xiao Yang?! Why is he already being noticed by the Sect Master?! He's just an Outer Court disciple that has barely been in the sect!' She cried inwardly.

The last time the Sect Leader took interest in an Outer Court disciple was when Su Yang first joined the sect thousands of years ago, and she could only imagine what he did to put them in this situation.

After swallowing nervously, she asked, "D-Did my disciple do something to offend the Sect Master? If so, I will take care—"

"Just answer the question." The Sect Leader interrupted.

"Yes! I met Disciple Xiao in the City of Pleasure after my disciple sang about his talents like a bird, and after experiencing it for myself, I concluded that he was definitely worthy of the Yin Yang Badge of Acceptance!"

Elder Chu recalled her experience and connection to Su Yang in full detail to the Sect Leader, who listened with a somewhat dazed look on her face.

'City of Pleasure... He hated that place...'

Her mind couldn't help but drift, reminiscing about her time with Su Yang.

'She's like that again...' Elder Chu stopped talking once she noticed the Sect Leader's atmosphere.

Ever since Su Yang's death, the Sect Leader began having these moments where she would lose focus of reality and become trapped inside her own mind, where he was still alive.

Of course, this isn't unique to the Sect Leader, as many other female cultivators are still trying to get over his death even thousands of years later.

Once she snapped out of it, the Sect Leader spoke in a low voice, "I see... Then what do you think about his Yang Qi? How does it compare to this?"

She tossed the bottle of Golden Yang Pill to Elder Chu.

"T-This is..." Elder Chu was left speechless by the overwhelming quality of the pill, or more specifically, the Yang Qi within.

"In my opinion, Xiao Yang's Yang Qi is only slightly better than an Inner Court disciple who'd just been promoted. It cannot compare to the Yang Qi in this pill," she said with a serious expression on her face.

DUAL CULTIVATION

Chapter 1052: Sect Leader's Suspicion

After hearing Elder Chu's evaluation on Su Yang's Yang Qi, the Sect Leader fell silent with a pondering expression on her face.

A long moment of silence later, she asked, "Elder Chu, I want you to get a sample of this Xiao Yang's Yang Qi for me."

"Huh?" Both Elder Chu and Elder Yao were surprised by such a request.

"Wait a second, Sect Leader... Are you implying that this Xiao Yang, who's not even 100 years old, can conceal his real Yang Qi, something even the elders of this sect cannot achieve? That's a little too far-fetched if you ask me..." Elder Yao spoke in a puzzled tone.

Either the Sect Leader doesn't trust Elder Chu to be telling the truth or she believes that Xiao Yang had the ability to hide his real Yang Qi, something only peak dual cultivators like the Sect Leader herself could do.

The Sect Leader then spoke, "It's not that I don't believe Elder Chu. As unbelievable as something may seem, there's always a chance that it could be true. A few thousand years ago, an Outer Court disciple opened my eyes and proved to me that there was nothing truly impossible in this world."

" ... "

The Elders knew who she was talking about even without needing her to give a name.

"All I am saying is— there's no harm in making sure, especially when this quality of Yang Qi is at stake. If we can secure a steady supply of this Yang Qi, not just our male disciples, but even the female disciples will benefit greatly from it."

"I understand." Elder Chu nodded with a serious look on her face, and she continued, "I will tell my disciple to get some samples as soon as possible."

"I appreciate it, Elder Chu. You may leave now."

Elder Chu bowed before leaving the place.

Once they were alone, the Sect Leader looked at Elder Yao and asked, "How much more of his Yang Qi do you have?"

"Disciple Xiao gave me a decent amount— seven jars of Yang Qi. Though, I have already used one jar to concoct two Golden Yang Pills."

"Where is the other pill?"

"I gave it to Disciple Xiao as a reward for his contribution and to motivate him to give me more."

"Good." The Sect Leader nodded in approval.

"Do whatever you can to secure more of this Yang Qi, even if you have to bribe him. However, do not go overboard and let him have too much control. The Sect will supply you with everything you need."

"Yes, Sect Leader."

"As for the remaining five jars of Yang Qi, give me one of them. You can use the rest for your alchemy. We'll save those pills for special occasions."

"Do you have any specific pills in mind, Sect Leader?"

"One or two more Golden Yang Pill won't hurt. Use the rest for Yang Elixirs."

"Yes, Sect Leader."

Yang Elixirs are a substance made mostly from Yang Qi used to supply female dual cultivators' cultivation. This is also how maidens dual cultivate while staying pure.

Elder Yao returned to her own living quarters shortly after, and she immediately began working.

Meanwhile, Elder Chu waited for her disciple to show up, Luo Mi.

"This disciple greets the Master." Luo Mi bowed to her in a respectful manner.

"Be at ease, Disciple Luo. I have a mission for you."

"What kind of mission?"

"Do you remember the young man you kept singing about not too long ago?" Elder Chu asked.

"Are you talking about Xiao Yang? Of course. It's hard to forget someone of his caliber. Why? Does this mission have something to do with him?"

Elder Chu nodded with a serious look on her face, and she said, "I need you to collect some of his Yang Qi."

"..." Luo Mi stared at her master with a look of disbelief.

"May I ask why?"

"This is a request from the Sect Master herself. She wants to confirm something about him," Elder Chu sighed.

"W-What?! The Sect Leader?! Why would the Sect Leader bother with a mere Outer Court disciple?!" Luo Mi was greatly shocked to hear this information.

"Apparently she suspects that he may be able to hide his Yang Qi."

Luo Mi raised her eyebrows even more after hearing this.

"Hide his Yang Qi? What does that even mean?"

"If one reaches an extremely high level of control over their Yang Qi or Yin Qi, they could disguise their Qi, just like how a Cultivator can suppress their cultivation to make it seem like they're at a lower realm than they actually are."

Luo Mi was dumbfounded once again, "This is my first time hearing about this. So the Sect Leader thinks Xiao Yang has achieved this level of control?"

"Considering the fact that only the Sect Leader could do something like this in the entire sect, it's nigh impossible for an Outer Court disciple who isn't even a hundred years old to be able to. However, the Sect Leader still wants to make sure."

"I understand. I just need to collect his Yang Qi, right? Does it matter how I do it?" Lou Mi asked.

"Try to get it straight from him, but if you cannot, you can collect it after he shoots it inside you."

"So it's okay to just ask for his Yang Qi outright?"

"Well, if he knows that you're trying to collect his Yang Qi for some reason, he will most likely hide it, which will render your efforts pointless."

"I see... Although I feel a little guilty for doing this to Disciple Xiao, I cannot refuse the Sect Leader's request..." Luo Mi sighed out loud.

"Don't worry, she's not going to do anything bad to him. In fact, she will most likely protect him if she confirms her suspicions." Elder Chu tried to soothe her, even explaining the situation to her.

"I see... So his Yang Qi could be very precious and valuable to the sect, huh? Okay, I will try my best. See you later, Master." Luo Li immediately made her way towards the Outcast Peak after leaving her master's side.

After arriving at the Outcast Peak, Luo Li did not immediately approach Su Yang's residence. Instead, she took a long moment to mentally prepare herself for their encounter.

'How should I approach him without looking suspicious?'

Sometime later, she slapped her own face and sighed in a low voice, "Why am I making this unnecessary difficult for myself? This is a dual cultivation sect! There's only one reason why a female disciple would approach a male disciple!"

With a firm resolve, Luo Li strode purposefully towards Su Yang's residence, her heart beating with a mixture of nervous anticipation and steely determination.

"Huh. Now that I think about it, this place is awfully quiet. Last I heard, this place was flooding with disciples. Did something happen?" Luo Li mumbled to herself as she reached the front door.

However, right as she lifted her arm to knock on the door, someone opened the door from the inside.

It was Mei Ying, and she had a gardening tool in one of her hands.

"Hm? Sorry, but the Manager— Disciple Xiao Yang is currently taking a break from cultivation, so he won't be accepting any..." Mei Ying stopped speaking when she took a clear look at Luo Li's face.

"You are..." She quickly recognized Luo Li, as Su Yang had told her to pay special attention to Luo Li and her Master, who was the reason he got into this sect.

"He's resting? Sorry, I didn't know. I can come back later." Luo Li cursed inwardly at her bad timing, but there was nothing she could do about it.

"It's fine. Please, come inside. I will let the Manager know of your presence."

"Are you sure? I thought he was taking a break." Luo Li looked at her with a puzzled face.

Mei Ying smiled, "Yes, but he's given me instruction to welcome certain individuals even if he's resting, and you are one of them."

Luo Li couldn't help but crack a smile on her face after hearing this.

'So I am special in his eyes, huh?' She chuckled inwardly.

As she followed Mei Ying inside the residence, Luo Li couldn't help but feel a mix of excitement and nervousness.

She glanced around the surroundings, taking in the clean and organized interior of the residence, and the peaceful ambiance that seemed to permeate every corner.

Mei Ying led her to a small sitting area, where she asked Luo Li to wait while she went to inform Su Yang of her arrival. As she sat there, waiting for his arrival, Luo Li stared at the blank wall before her.

Finally, after what seemed like an eternity, Su Yang appeared in the doorway with a handsome smile on his ordinary-looking face.

"Hello, Senior apprentice-sister Luo. How are you doing today?"

"You can drop the formalities, Xiao Yang. Just call me Luo Li," she quickly said.

And she continued, "Anyways, I am doing fine today, but you know what would make my day even better?"

Su Yang chuckled, "I have an idea, but I will let you say it."

"I have come here to cultivate, Xiao Yang."

He nodded, "Alright, come to my room."

As Su Yang led her to his room, Luo Li's heart couldn't help but start throbbing quicker. There were several factors to this. Not only was she nervous about her mission, but she was also excited to cultivate with Su Yang again.

Upon entering the room, Su Yang said in a calm voice, "Make yourself at home."

Luo Li didn't hesitate to pick his bed, releasing a relaxed sigh as her body sunk into his soft blankets.

"Heavens, where did you get such a comfortable mattress? I wouldn't be surprised if those that cultivate on it will have improved performance." Luo Li said as she bounced on it with her buttocks.

"I made it myself. If you want, I can also make one for you. However, since I am building it precisely for you, I will need to measure your body for the utmost satisfaction."

"Really?! Say no more! You can measure my body as much as you want!" Luo Li quickly stripped naked with excitement.

Su Yang chuckled, "Then allow me to measure you for a bit."

Unbeknownst to Luo Li, Su Yang already memorized her body's measurements from their last encounter. In fact, someone as experienced as him could easily acquire a female's body measurement with a glance even if they are fully robed.

Sometime later.

"Alright, I have your measurements. Would it be more convenient for you if you picked it up here or I came to you?"

"I will come pick it up," she said.

"Sounds good. It should be ready for pickup in three days."

"Then as payment..." Luo Li suddenly started loosening his robes.

"You don't need to worry about the payment." Su Yang quickly said.

"Even if you say that, let me feel like I am repaying you."

Su Yang nodded.

Once they were both naked, Luo Li initiated the session by pressing her body against Su Yang's body on the bed. She then started licking him all over his body with her skillful tongue before moving down to his dragon.

After a long and sloppy fellatio, Luo Li sat up and asked him, "Am I doing something wrong?"

"No, why would you think that?"

"Well, for one, even inner court disciples would have released their Yang Qi by now."

Su Yang smiled, "If that's all, you don't have to worry. Not only do I have high endurance, but I also have some control over my releases. I just wanted to make it last longer, sorry if I made you feel that way."

"Control, huh... You must have remarkable control over your own body to decide when you want to climax. Not even the top Inner Court disciples could boast such perfect control." Luo Li said with a mysterious smile on her face.

Su Yang chuckled, "You're giving me too much credit. My control is nowhere near perfect."

After their small conversation, Su Yang switched their position with him being on the top now.

He spread her legs wide open before moving his lips towards her lower lips, giving it a gentle kiss.

"Mmm..." Luo Li quickly began moaning when she felt a soft and warm object caressing her little sister.

A few seconds later, this object burrowed inside her cave.

"Mmh!"

Luo Li usually refuses to be kissed down there due to having bad experiences with her previous partners, but she had a feeling that Su Yang would change that.

"Oh!"

She made a pleasantly surprised noise after experiencing Su Yang's god-like tongue skills that pushed her near climax already. It was unlike anything she has experienced before.

Despite Su Yang's tongue obviously being shorter than his dragon, it still somehow felt like it had managed to reach the deepest parts of her cave.

This phenomenon made Luo Li perplexed yet curious.

"I-I am cumming!" Luo Li warned Su Yang before releasing her restraints, squirting Yin Qi all over his face.

Su Yang lifted his head and licked his wet lips with a gentle smile on his face. He proceeded to position himself closer to Luo Li, until his stiff rod was right in front of her little sister.

However, he didn't immediately penetrate the cave before him. Instead, he poked the entrance of the cave with his dragon's head, teasing her.

When Luo Li least expected it, Su Yang thrust forward, penetrating deep inside her moist cave.

In that moment, Luo Li felt like she'd just gone to heaven then back when Su Yang pulled back his rod.

"Aaaah~" Luo Li released a loud moan, one that echoed in the room.

The two of them would cultivate intensely for the next two hours. By the time Su Yang was finished with her, Luo Li was completely unconscious, but not before soaking the entire bed with her Yin Qi.

When she woke up the next hour, Su Yang had already cleaned up and gotten dressed.

"H-How long was I out for?" She asked him in a bashful manner.

"Only for about an hour," he calmly said.

"Is that so..."

She laid there, thinking to herself that this was her first time actually passing out from dual cultivation.

'Oh! Before I forget!' Luo Li quickly sat up and said while staring at Su Yang.

"Xiao Yang... If you don't mind, can I have some of your Yang Qi for later? Even in the inner court, it's hard to find Yang Qi as rich as yours."

"Sure." Su Yang agreed without hesitation, which took her by surprise.

"How much do you want? I can give you spirit stones or Pleasure Points."

"I don't need any payment." He slowly swatted his hand at her.

And he continued, "How many bottles do you want? A bottle should last you at least 2 weeks."

"I will take as many as you're willing to give me." She smiled.

Su Yang chuckled at her cheeky answer and proceeded to take out three jars of Yang Qi.

"You don't have to mind me. In fact, I'd like to watch." Luo Li's eyes flickered with excitement.

"I don't mind, but it won't be as exciting as you might expect."

"That's fine."

Su Yang nodded and immediately pulled down his pants. He then placed his rod inside the bottle and began releasing Yang Qi, almost as though he was peeing, but what came out was pure Yang Qi.

Luo Li's jaw dropped upon seeing this. She has never seen anyone release their Yang Qi so casually and effortlessly.

'How much Yang Qi does he have?! Normally, it would take someone with a vigorous body a few days to fill up three bottles of that size, yet he's doing it in one go?! Just how much vitality does he have?!'

'No... What if he has a Divine Body— a Heavenly Constitution? This would all make sense then!' Luo Li swallowed nervously upon having this thought.

Although Divine Bodies are not as rare in the Four Divine Heavens as they were in the mortal world, they are still quite uncommon, especially in a dual cultivation sect.

After filling three bottles of his own Yang Qi, Su Yang sealed it before handing it to Luo Li.

"T-Thank you! I will not let a single drop go to waste, I swear!"

Su Yang smiled, "This is the least I can do for you, who allowed me to get into the sect."

She shook her head after storing the bottles, "No, you got into the sect because of your own ability. I merely suggested to my Master to give you a chance. That's all."

After a short conversation, Luo Li bid Su Yang goodbye before leaving his place to return to her own.

Of course, she didn't go straight back.

"Master, I have returned."

"Oh! What about the mission?"

Luo Li retrieved a bottle of Yang Qi that Su Yang gave her and handed it to Elder Chu, keeping the other two for herself.

"I watched him fill this bottle with his Yang Qi, so I am certain that it is his at the very least," she said.

"If that's not enough, I also have some of his Yang Qi here." Luo Li pointed at her stomach.

Elder Chu nodded, "Just in case, give me some of his Yang Qi that he released inside you. Also, good work."

"By the way, this is just a speculation, but I think Xiao Yang has a Heavenly Constitution." Luo Li suddenly said.

"Oh? What makes you think so?"

"Just a hunch."

"Alright, I will let the Sect Master know about it. Be on standby. We might need you again." Elder Chu said.

"I understand..." Luo Li sighed, silently hoping that they no longer needed her, as she did not want to feel like tricking Su Yang again.

As Luo Li returned to her living quarters, Elder Chu went to meet up with the Sect Master with the bottle of Yang Qi in her grasp.

DUAL CULTIVATION

Chapter 1055: Assistant Sect Leader

"Sect Master, this is the item you requested— Disciple Xiao Yang's fresh Yang Qi." Elder Chu offered the bottle of Yang Qi to her.

And she continued, "My disciple personally witnessed him filling the bottle with his own Yang Qi and giving it to her immediately, so there was no chance for him to change it."

"Also, while there isn't a lot here, it's Xiao Yang's Yang Qi that was extracted directly from my disciple's body after their cultivation. Just to be sure."

Elder Chu proceeded to hand her another, much smaller container.

"Thank you and your disciple for her hard work. I will give her 500 Pleasure Points for her efforts." The Sect Leader said.

As the Sect Leader, she could hand out an unlimited amount of Pleasure Points. However, all of the disciples in the sect would agree that getting a single Pleasure Point from the Sect Leader was harder than getting the maximum amount of 100 points from an elder.

"T-Thank you, Sect Leader! She will definitely be overjoyed to hear this later."

The Sect Leader nodded her head and proceeded to silently inspect both containers of Yang Qi.

She sniffed it, felt its texture with her fingers, and even tasted it.

After inspecting both containers with extreme detail, she handed them to Elder Yao, who was also in the room.

"What are your opinions?" She asked her despite already knowing the answer.

Elder Yao inspected the Yang Qi, but she only used her nose.

After mentally comparing the Yang Qi in her hands to the other ones, she said, "They are not the same."

"Although Disciple Xiao Yang's Yang Qi is quite rich and by no means low-quality, it cannot compare to the ones he gave me. This may sound a little harsh, but it would be like comparing mud to purified water."

The Sect Leader nodded her head at her response, agreeing with her evaluation.

"Indeed, they are not the same." She spoke with a calm expression on her face.

"What should we do now?" Elder Yao asked.

"Nothing. I doubt he'll reveal the owner of the Yang Qi, and we don't want to offend his friend by seeking his identity when he clearly wants it to remain hidden, or we will risk losing his supplies." The Sect Leader gave a logical response that they couldn't reject or rebuke.

"And as long as we keep him in the sect, we will be able to acquire more of his Yang Qi until we can't."

After a slight pause, she continued speaking with a serious expression on her face, "Listen to me. Disciple Xiao Yang must be protected at all costs. This is an order. However, don't make it so obvious, as that will only draw more unnecessary attention to him."

"Yes, Sect Leader!"

They didn't show it on their faces, but they were quite shocked by this decree, as this is the first time the Sect Leader officially called for the protection of a mere Outer Court Disciple.

"One more thing. I will be leaving the sect for some time soon. I don't know when I will be back, but I will be close by. I will let the Assistant Sect Leader know later, but if you have anything to report regarding Xiao Yang, you will contact me directly."

"The fewer people that know of Xiao Yang's contributions the better, so let's just keep this matter between the three of us."

"Understood."

Elder Yao and Elder Chu left the place shortly after and the Sect Leader summoned the Assistant Sect Leader.

A few minutes later, a handsome middle-aged man entered the place and bowed to her.

"It's great to see you, Sect Leader. Your beauty never fails to amaze me no matter how many times I see it." He immediately began singing praises.

"Save your flattery for next time, Chen Yi, I have important news for you." The Sect Leader remained nonchalant.

And she continued, "I will be leaving the sect for some time for some business. I don't know when I will be back, but I will be close by, so you will take care of the sect in the meantime."

"What?"

The Assistant Sect leader, Chen Yi, was incredibly surprised to hear that she was leaving the sect, as she hasn't left for centuries.

"If you don't mind me asking, what is this business about?" He then asked.

"This isn't something that I can discuss with you. Take good care of the sect, or I will skin you alive."

And without giving Chen Yi a chance to respond, the Sect Leader disappeared into thin air.

Chen Yi stood there staring at the chair she was just sitting on and gritted his teeth in frustration.

'It has been 2,000 years! Why is she still stuck up on that bastard, Su Yang?! Even in death, you're causing me this much trouble! I would drag you back from the dead and beat you if I could!' He cursed inwardly. Just thinking about their history together made his blood boil.

In the blink of an eye, a week has passed since Luo Li visited Su Yang.

Early in the morning, Su Yang went to hand four more bottles of his Yang Qi to Elder Yao.

"There's only four bottles? I was hoping for a little more, since you didn't give me any last week," she said.

Su Yang shook his head, "Don't be unreasonable, Elder Yao. My friend worked his butt off just to fill these four bottles. He would definitely be disappointed if he heard you say such a thing. Let's both be grateful for what we received."

"..." This quickly made Elder Yao shut her mouth.

After storing the bottles, she asked him, "What are you going to do after this?"

"I'm going to look for more missions since I am still trying to become an Inner Court disciple. Then I will hopefully see you again next week."

Su Yang said before leaving.

"I guess four is better than nothing..." Elder Yao mumbled to herself after he left.
