Chapter 451 About to Catch Them In The Act

Sylvia's POV:

The room Geoffrey had prepared for Rufus was in a villa in the western wing. Red roses were lined the path.

Title of the document

I walked behind Geoffrey with a straight face. I just wanted him to tell me where Rufus was located, but he insisted on taking me to his room in person. It was obvious that he wanted to catch a good show.

I had driven Flora and the others away because I didn't want them to see such a scene. Although I didn't want to believe that Rufus would really cheat on me, it was difficult for me to figure out why he and Ashley had stayed in the same room for over four hours.

"How far is it?" I couldn't help but ask.

Rufus' POV:

I turned on all the lights in the room. Now, I could clearly see the panic on the sl*ve's face. She quickly knelt on the floor with her forehead to the carpet and kept sobbing uncontrollably.

I was so annoyed that I snapped, "I'm not going to K*ll you for the time being. Calm down already."

The sl*ve raised her head and looked at me dubiously. I was even more annoyed. Damn it! Why did Geoffrey have to send me a fool?

"I won't K*ll you, but I need you to be on my side. Help me investigate this pack. Play along and deceive Geoffrey about what happened tonight, okay?" I explained to her patiently. "If you understand what I'm saying, just nod."

Sylvia's POV:

I couldn't wait for pleasantries. I kicked the door open impatiently.

I was greeted by a bizarre scene. Ashley, wearing disheveled clothes, was cling to the bedside while Rufus was pulling her arm. My eyes lingered over her bare skin, which was covered with more bruises than I could remember.

The marks of intimacy seemed to tell me how intense their s*x was before I got here. My mind went completely blank. All I wanted to do in that moment was to K*ll someone.

The white wolf swung her bared claws at me. I didn’t dare to fight back, so I had to dodge her attacks awkwardly.

“Babe, listen to me! It’s not what you saw!” I tried to explain, but it was obviously futile.

The white wolf howled and became angrier, her eyes flashing fiercely. She jumped on my back and scratched me. My thin shirt was ripped to shreds. I turned around to grab her. But she retreated quickly, so I wasn’t able to catch her.

Chapter 455 Fawn Over Her

Sylvia’s POV:

After slapping him, I returned to my human form and pressed the giant silver wolf under my body. The giant wolf was listless and lowered his ears humbly, letting me do whatever I wanted to him.

Title of the document

He swept his big tail on the floor and then wrapped it around my waist affectionately. I looked at him unhappily and bit down on his ear—hard. The giant wolf let out a light cry, and his big tail tightened the grip around me.

Finally, I patted the wolf’s tail and said calmly, “Let go of me. I’m going to get off.”

The big tail slowly unraveled and lay on the floor lifelessly. Now that I had vented my anger, I felt calm. I sat up and said flatly, “You can explain now.”

All of a sudden, Sylvia pulled me up domineeringly. I looked at her in astonishment. "What's the

She looked unhappy again. Did I say something wrong? But before I could figure it out, Sylvia had pulled
me into the bathroom. Despite the awkward situation, even I had to admit that Geoffrey was good at
setting the mood. Even the bathroom looked romantic and fancy.

Chapter 457 The Temptress

Rufus' POV:

Sylvia put her hand in my hair and tugged, forcing me to sit right in front of her plump bre@sts. Her smooth, pink nipple brushed past the tip of my nose and then brushed against my cheek. I couldn't stand it anymore and opened my mouth and put the whole nipple inside, biting at its tip gently.

"This side, too..." Sylvia shifted slightly to feed the other nipple into my mouth, and I obed*iently licked and s*cked at the two of them evenly.

Sylvia let out a small gasp and began to thrust her @ssout subconsciously. My huge manhood that pressed against her belly quickly grew bigger and bigger. I couldn't wait to break through the cage and put my c*ck inside her body.

The slight friction could not bring me enough pleasure. I couldn't help but grab her @ssand bark, "Take your jeans off."

Sylvia blushed. Although she was holding the reins just now, she obed*iently raised her b*ttocks, pressing her bre@sts into my face even more. "Do you want to help me take a bath?"

Chapter 458 The Whole Story

Sylvia’s POV:

After another round of s*x, Rufus and I took a warm bath —for real this time. I leaned against Rufus’ chest under the shower head, lost in thought.

Title of the document

What happened tonight was so strange that I still couldn’t wrap my head around it. Rufus kissed me on the forehead and murmured, “What’s on your mind?”

“This pack.” I raised my head to look at Rufus. “I feel like we’ve gotten ourselves involved into a complicated maze.”

“Well then, we can always find the exit,” Rufus said softly.

Chapter 459 Acting

Sylvia's POV:

By the time we climbed out of the bathtub, it was almost dawn. I put on my clothes and cuddled with Rufus for a while longer. Then, I had to leave, albeit reluctantly. Before I left, we put on a dramatic act.

I violently opened the door and Rufus followed me, apologizing to me humbly.

"Sylvia, can you give me one more chance? Please! I beg of you!"

Chapter 460 The Orphanage

Sylvia's POV:

If there was one reoccurring theme in this pack's architecture, it was the low buildings.

Title of the document

I had not seen any tall structures ever since I got here. The highest one was probably the city hall in the center, which was only almost thirty meters tall. The huge wall was likely the highest landmark in the entire pack. Barlow was quite polite, but he seldom talked to us.

Meanwhile, Flora kept talking to him with great interest. “Are all the werewolves here always so hospitable?”
