Chapter 681 The Knight Didn't Come

Alina's POV:

After I got taken away from the banquet, my father sent a group of people to guard my room, fearing that I would escape.

I was so enraged that I sat in the corner of the room and repeatedly hit the wall with a dagger.

It didn't take long before small holes in the wall appeared. I thought it would be great if these holes were on Sylvia's body—oozing blood every time she would try to fight back.

I had no doubt that would be agonizing. I knew I would feel the same thing if that happened to me.

Chapter 682 Fake Report

Rufus' POV:

I was glad that Sylvia's wound was only a small one, but I still felt bad for her when I caught a glimpse of the blood stain on her palm.

I took her hand and carefully treated her wound. I didn't let her go until I was sure she wasn't bleeding any more. After what Alina did, everyone now wasn't in the mood to continue eating anymore.

Leonard sent his men to arrange for a place for Flora's parents to stay and then left with Owen shortly after talking to me about some political affairs.

Sylvia wanted to go back with me, but Flora clung to her, looking quite desperate.

Rufus' POV:

Edwin picked up the report and read it quietly. Then he smiled and said, "So you know I faked the report."

I raised my eyebrows and remained silent. I wanted to hear what he had to say for himself.

The truth was, when Sylvia had broken the news to me that Edwin was her father, I was dubious.

He had been a morally upright man all his life. Since he was young, he always strictly adhered to his principles in all his dealings. And he always proclaimed that a man's actions should be appropriate for his age.

Chapter 684 What Happened in The Past

Edwin's POV:

It never occurred to me that the secret which had been buried for so many years would be discovered by Rufus. I was in a sour mood. I thought I would be able to hide it forever.

However, Rufus was exceedingly clever and I couldn't keep it under wraps anymore.

I gulped down some cold water to calm my nerves. "You're right. Leonard is Sylvia's biological father."

Leonard's POV:

To be honest, the conversation between Edwin and Rufus shocked me to the core. Although I had

This whole situation was a mess and I couldn't think straight anymore.

Edwin's flustered gasp brought me back to my senses.

Rufus held me arm to help me steady myself and said worriedly, "Don't be too emotional. Just calm

To say I was stunned would be an understatement. I didn't expect this possibility at all.

I immediately sat up straight and grabbed Edwin's shoulder and asked, "What do you mean? Didn't Olivia love me?"

If she did love me, she wouldn't leave me or erase my memories.

Immediately, Edwin shook his head and said, "No, it's not what you think. She loved you as much as you loved her and she did that for a reason."

Chapter 690 Made A Walking Stick

Rufus' POV:

After I parted ways with Leonard, Sylvia and I went back to shopping. I bought her a lot of things. Sylvia had to stop me from buying more in the end. Then, we went home with satisfaction.

Title of the document

After having dinner in the evening, Sylvia went into her room. I had no idea what she was doing. I went to the study because I had a video conference to attend.

It was already nine o'clock at night when I came out of the study. I poured a glass of milk and headed to our room. At that time, I found that Sylvia was sitting on the carpet and cutting a piece of wood.

I put the glass of milk on the table and kissed her on her cheek. "What are you doing?"
