chapter 120

chen chen seemed to have guessed what they were going to do next.

But Ning Xi still followed gu jin yi's words and got close to him, thinking that he had something to say to her.

gu jin yi whispered in Ning Xi's ear, "you should kiss me like this."

Before Ning Xi could react to gu jin yi's words, an aggressive kiss came straight to his lips.

The tip of his tongue wandered around the mouth of Ning stream, making it have no strength to resist.

"EmYouLet..."

The tip of his tongue was intertwined so that Ning stream was unable to speak.

"Wow, daddy and Mommy are so shy..."

Seeing this, han han quickly covered her big eyes with her little hands.

Then han han stealthily looked at gu jin yi and Ning Xi through her fingers, confused.

Seeing that they were still kissing affectionately, han han blushed.

"Brother, stop looking at me. I'm so shy."

han han covered her eyes with one hand and chen chen with the other.

"Daddy and Mommy are in deep distress. It seems that our wish is about to come true."

chen chen said indifferently.

han han couldn't help but put down her hands and stared at gu jin yi and Ning Xi.

"Daddy, Mommy, you are so brave. How does it feel to kiss on the street?"

han han became an anthomaniac again.

"Not for children."

Seeing this, chen chen quickly covered han han's big eyes with his hands.

"Brother, I want to see it."

han han shook off chen chen's hand.

"No, I can't. I have seen a long needle eye."

chen chen replied.

"Then you have seen it too."

han han pouted.

“A girl will be jealous, but a boy won’t.”

“Ahhan han was not happy. If only han han was a boyYou can see it now. ”

At the intersection outside, he kissed Ning stream again and let her go.

“He is outside!”

Ning Xi looked around shyly.

“I know. It’s just because I’m outside that I want others to see that you only belong to me, gu jin yi. I’ve made others stop thinking about you in advance.”

gu jin yi said arrogantly.

“You’re such a freak!”

Ning Xi was speechless at gu jin yi and had no choice.

gu jin yi smiled evilly, “it’s also because of you that you become a psychopath.”

“Run!”

Ning Xi pushed gu jin yi into the car. Finally, he listened to Ning Xi and got into the car first.

Seeing gu jin yi drive away, Ning Xi turned around and walked towards ye xiao xiao’s house.

“Mommy!”

As soon as Ning Xi took two steps forward, two little babies came to him.

Ning Xi was also shocked. Why were her two babies here at this time?

Ning Xi still looked back to see if gu jin yi had gone far. If he hadn’t gone far and saw two of them, it wouldn’t be troublesome.

“Don’t worry. Daddy has gone far.”

chen chen dragged her forward, and han han ran to Ning stream happily.

“YouWhat did you see? ”

Ning Xi blushed with guilt.

Judging from their expressions, they should have been there when gu jin yi sent her here, so they had seen everything that had just happened.

“Mommy blushed. Hahaha...”

han han stood on tiptoe and stretched out her little hand to touch Ning Xi’s face.

“Mommy, don’t be shy. We just saw daddy kissing your forehead affectionately, and then...”

chen chen stared at Ning stream with his evil and attractive smile, which made Ning stream goose bumps all over.

“You, you just pretend that you didn’t see it. Got it?”

Ning Xi stammered.

“Mommy, which part do you want us to forget?”

Said chen chen with his thin lips like cherry petals.

“Exactly...”

Ning Xi didn’t know how to answer the two questions.

She suddenly found that she seemed to be tricked by two little babies.

Ning Xi quickly changed the topic.

“Why... Why are you here?”

But she still felt a little guilty.

“We just came out to buy breakfast. Who knows that we happened to see such a shocking scene?”

han han quizzically raised her cute eyebrows and said with humor.

“Hurry up and go back. It’s time for Aunt Celia to see you.”

With her head down, Ning Xi walked past the two babies. It seemed that he didn’t want to say anything about this matter and avoid this topic.

The two of them smiled weirdly at each other, and then followed Ning Xi back home.

In ye xiao xiao’s house.

“Celia, I’m here.”

As soon as they entered the room, Ning stream teased Celia.

The two babies snickered.

Celia walked out of the bathroom lazily.

“Who called me lazy pig? han han, is it you?”

Squinting her eyes, ye xiao xiao walked steadily. It seemed that her home was hers.

“Aunt Celia, you can’t wrong me...”

han han pouted.

“Is that chen chen?”

ye xiao xiao squinted and asked again, as if she was still awake.

“But it’s not like that. ming ming is a girl’s voice.”

ye xiao xiao muttered to herself after thinking for a while. This voice should only be heard by herself.

“ye xiao xiao, how long have you been awake?”

Then Ning Xi spoke, and she smiled helplessly.

Hearing the familiar voice, Celia opened her eyes reluctantly.

“Oh, it’s you, Naomi.”

ye xiao xiao rubbed her eyes like a child, sleepy.

“The sun is shining on her b***ocks. Celia can still sleep. It seems that what Mommy said is reasonable.”

The two babies looked at Celia in disbelief.

Ning stream couldn’t help but burst into laughter. “Aunt Celia has always been the ‘God of sleep’.”

Ning Xi and ye xiao xiao burst into laughter.

The house was filled with laughter.

chapter 121

Then, Celia Ye cleaned up. Ning stream slowly bent down and touched the heads of the two babies.

“chen chen, han han, can you play in the yard first?I want to have a chat with aunt Celia. ”

The two babies nodded and ran into the yard to play.

Looking at the two, Ning Xi smiled with relief.

Then, a heavy expression flashed across his face, completely covering his original expression.

“Naomi, what’s wrong?”

Seeing the heavy expression on Ning Xi’s face, ye xiao xiao asked.

“Celia, I have something to tell you.”

Then Ning Xi and ye xiao xiao sat on the sofa and chatted.

.....

The two sat on the sofa and chatted for nearly an hour. Ning stream told Celia roughly what had happened recently.

Celia had a general idea of the whole thing.

“Naomi, what are you going to do?”

Hearing what Ning Xi said, ye xiao xiao frowned.

“Celia, it happened too fast. I don’t know what to do now.”

Ning Xi asked anxiously.

ye xiao xiao looked at the anxious Ning stream, with a hint of worry in her beautiful eyes.

In the past, even if gu jin yi knew the truth, she would not be so anxious, nor would she be afraid.

At the worst, she could leave the Gu family.

However, the current state of Ning stream was quite different from what she had imagined.

There was only one thing that could prove that she had fallen in love with him.

Only in this way, Ning Xi would be worried that his substitute marriage would be exposed, and that she would leave the Gu family and gu jin yi.

“Naomi, I have something to ask you seriously.”

ye xiao xiao couldn't help asking, “do you fall in love with gu jin yi?”

Ning Xi frowned. She had never hidden anything from Celia, let alone deceive her.

But she couldn't give a certain answer to this matter, because she didn't know if she had fallen in love with him.

“Celia...”

Ning Xi looked at ye xiao xiao, not knowing how to answer her.

“You don't have to tell me. You have explained everything.”

ye xiao xiao looked at Ning Xi seriously.

“I will help you with this matter. Don't worry too much. Whether it's a good thing or not, you can't avoid it.”

.....

Comforted by Celia all the way, Ning stream felt much relieved.

As for the matter about chen chen and han han, Ning Xi hadn't told ye xiao xiao 11 of them. Because too many things had happened, she just wanted to solve all the problems one by one.

If she told all the problems to ye xiao xiao at once, the trouble would not be solved, and it would also increase her trouble.

“Celia, when can chen chen and han han finish shooting the TV series? I want them to leave there as soon as possible.”

“There should be some time left, but they are very obedient in the company. Don't worry.”

ye xiao xiao also didn't know what he was worried about? Once the two babies were on TV and became famous, there would naturally be many people who knew them, and their father, bill, would naturally recognize them.

“I hope things won't get out of control.”

Looking at the two people playing in the yard, Ning Xi murmured to himself.

“Don’t think too much. Everything will be fine.”

ye xiao xiao could do nothing but comfort her.

“I’ll go to the kitchen and prepare some fruits for you.”

ye xiao xiao stood up slowly and walked around the sofa to the kitchen.

“Mommy!”

She ran to Ning stream, jumped up and down, and pouted on her body.

“You look very happy today. What do you want to share with Mommy?”

Seeing the two smiling faces, Ning Xi asked.

“I’ve been very happy, haha...”

han han gave a big smile to Ning Xi and then to chen chen.

“Since we have filmed the TV series, our happiness has greatly increased!”

A rare bright smile appeared on chen chen’s face.

Hearing the two words, Ning Xi frowned. Was it because of the TV series?

“chen chen, han han, do you like acting?”

Ning Xi’s heart tightened. How much he hoped that their answer was No.

“Yes, I like it very much!”

Both of them said in one voice.

Sure enough, it was the same as expected.

Hearing this, Ning Xi was not sure whether he was happy or sad.

It was not easy for them to have their own interests and hobbies, and they could work in the future. However, Nina wanted them to get rid of this job.

Thinking of this, ning xiao xi felt sad. If she asked them to continue acting, everything would be exposed and they would not be allowed to continue acting. Seeing their love for acting, she could not bear it.

Ning Xi was conflicted.

“chen chen and han han, if Mommy doesn’t allow you to act, will you blame Mommy?”

Ning Xi asked tentatively.

“Why doesn’t Mommy allow us to act?”

chen chen asked in reply.

At this time, Ning stream chose to be silent. She couldn’t tell him the reason.

“Mommy doesn’t want daddy to see us on TV, does she?”

chen chen and han han said at the same time, looking at Ning stream with two deep charming eyes.

Ning Xi was stunned. She should have thought that these two smart kids at home could figure out the reason.

At this time, Ning Xi nodded like a child.

“Mommy, don’t worry. Daddy won’t recognize me and han han.”

“Yes, Mommy, don’t worry. My brother and I have our own ways.”

The two babies comforted Ning stream. Whether their words were true or not, Ning stream showed a gratified smile.

Not knowing why, the two words slowly relaxed the tense heart of Ning stream, bringing her a sense of security.

ning xiao xi held the two babies’ heads in his arms and gave them a gentle kiss on their smooth and tender foreheads.

“Mommy, I saw the handsome uncle who walked on the red carpet with you last time. He is so handsome!”

han han suddenly asked.

“Walk on the red carpet together?”

ning xiao xi looked thoughtful, and then she immediately thought of the Ye Ling City.

Last time, she attended a party with the Ye Ling City and participated in a TV series. Except for gu jin yi, the Ye Ling City was one of them.

Her dear daughter knew gu jin yi, so she was referring to the Ye Ling City.

“Yes, he asked you last time.”

Ning Xi was stunned. Why did he ask him? Didn’t he know that han han was her daughter?

Ning Xi was getting more and more confused.

“Did... Did he know that you are my daughter?”

At this moment, Ning Xi’s heart was beating fast. If ye Ling City knew that chen chen and han han were her children, it would be impossible to hide all this.

“I don’t know. He just asked me who my mommy and Daddy are.”

han han answered Ning Xi while playing with her ba bi doll.

Ning Xi closed his eyes and took a deep breath.

“chen chen, han han, I warn you again. If someone asks you, don't tell anyone that I'm your mommy, okay?”

Ning Xi reminded her in a careful manner.

“Mommy, we know!”

The two babies answered at the same time and nodded seriously.

“chen chen, han han, I have something to ask you.”

Ning Xi suddenly narrowed his eyes and stared at the two with a mischievous look.

chen chen and han han looked at each other. What did Mommy want to do?

“What is it?”

The two babies asked at the same time.

“chen chen, you are my brother. Let me ask you first.”

“Mommy, go ahead. I'm listening.”

Both of them realized that something was wrong.

But they were very smart. Seeing the expression on Ning Xi's face, they seemed to understand what would happen next

“Do you often contact gu jin yi?And han han, I heard that he sent you back?What's going on?”

“Brother, it suddenly occurred to me that I still have some homework to finish upstairs. I can't do it. Can you teach me?”

“Yes, go and do your homework. I'll go upstairs to teach you.”

“Mommy, we are going upstairs. See you next time!”

Then the two babies ran upstairs.

“chen chen, han han, you...”

Hearing what Ning stream said, the two babies ran upstairs smartly. They couldn't tell Ning stream about this yet.

Looking at the backs of the two babies, Ning Xi had a meaningful look in his eyes.

chen chen and han han must be hiding something from her

At this time, Celia came out of the kitchen with a fruit plate.

“Where are the two kids?”

Seeing that there were no two figures in the yard, he asked.

Ning Xi raised his white chin and looked at the direction of the stairs. "She ran upstairs."

"I'll call them downstairs to have some fruit."

Then, Celia walked to the stairs and shouted to the two floors, "chen chen, han han, come downstairs to eat fruit!"

"Aunt Celia, please eat. My brother and I still have homework to finish, so we won't eat."

han han leaned her head to the door and answered.

Hearing no sound from below, she turned around.

Downstairs, Celia asked in confusion, "when did you become so active in doing homework?"

ning xiao xi just smiled from the bottom of his heart and said nothing.

And the two babies were in the room.

"Brother, Mommy seems to have found out that we are in touch with Daddy. What should we do?"

han han blinked at the silent chen chen.

"Welll have to think it over. "

chen chen pressed his thin cherry lips and seemed to be thinking about something with his dark eyes.

.....

Three days passed like this. There was nothing serious these days. The only thing that remained unchanged was the worry of Ning Xi.

The Ning couple were also worried that they couldn't eat or sleep well these days.

She always thought about how to deal with Ning Xi's substitute marriage.

He called Susan, but there was no news.

It seemed that he began to shake the opinion that she had put forward last time. He was still struggling

Looking at the carefree look of Ning stream every day, she couldn't stand it anymore and came to the Ning family again.

Susie couldn't get over this. She must see Ning Xi fall from the peak. At that time, she would see if she would be as proud as now.

In the Ning family.

"Uncle, aunt, have you got in touch with Susan?"

Recently, she called Susan, but she didn't reply, as if she had disappeared from the world.

"wei wei, I was about to ask you, but you didn't contact Susan either? I didn't do that, either. Why is Susan gone at this time? I'm really upset. "

yan pei fen looked impatient and worried.

“Susan is too playful. I have to talk about her when I come back!! couldn’t find her at the critical moment. ”

Ning Hui, who was sitting quietly on the sofa, suddenly said.

“Uncle, aunt, we really can’t delay this matter any longer. Ning stream is full of schemes. If she let the Gu family know first about the matter of replacing her husband, and it is you who figure out a way, the Gu family will definitely not let you go. We have to tell the Gu family first and put all the blame on Ning Xi. Isn’t it killing two birds with one stone? It can not only make the Ning clan safely pass through, but also make Ning stream get out of the Gu clan. ”

Susie kept encouraging the couple.

At this time, the two of them looked at each other with a deep expression, as if they were thinking about something.

“Uncle, aunt, don’t worry too much. Maybe one day you want to tell gu jin yi about your marriage, but it’s too late. We have no way back if Ning Xi gets ahead of us.”

She said seriously.

Judging from his expression and eloquence, it was a pity that he didn’t want to be a sales man.

“Are you sure that the Ning family won’t be involved if you tell the Gu family about this? Does it have anything to do with the shining company? ”

As time went by, he became more and more uneasy, so he decided to solve the problem as soon as possible.

“Uncle, don’t worry. I won’t let this matter affect you.”

Leona promised seriously.

Although she was not sure, all she wanted to do now was to let the two of them agree first and then talk about the rest later.

“wei wei, thank you for everything. You are just like Susan. I have already treated you as my own daughter. Now our family is in trouble, you must help us.”

yan pei fen said with a smile.

“I’ll leave it to you. It’s related to the whole Ning family. Don’t let me down.”

Ning Hui finally agreed.

A hint of weirdness flashed across her slightly charming eyes, and a sly smile faintly appeared at the corners of her mouth.

After getting the permission, she didn’t stay in the Ning family any longer.

“Uncle, aunt, don’t worry. I’ll leave now.”

Then, she walked out of the hall of the Ning family.

She looked at the words "Ning's Mansion", and there was something incomprehensible in her deep eyes.

Humph, if it weren't for kicking Ning stream out of the VL and the Gu clan, she wouldn't have come to the Ning clan to beg you again and again.

And it sounded so good. It was ridiculous to treat her as her own daughter.

How could she not know what kind of person you are? No wonder she was a member of the Ning family. Her parents and daughters were the same!

At this moment, she was completely different from the one who had just tried to please the two of them. Her enchanting eyes revealed all kinds of weirdness and disdain.
