chapter 27

Ning stream turned left and then right according to the route that you pointed.

Such a big company was like a maze for her.

But God did not disappoint her. She finally found the general manager's office.

Ning Xi knocked on the door politely.

"Come in."

an zi hao answered, sitting at his desk.

"Hello, Mr. an."

ning xiao xi greeted zi hao and then looked up at her.

"It's you."

an zi hao stood up gracefully.

Ning Xi said with a smile.

"A few days have pa**ed. I thought you wouldn't come."

an zi hao looked at Ning stream in surprise.

"I have something to deal with these days, so I'm late."

Of course, Ning stream wouldn't say it clearly.

"It's okay. It's not too late. By the way, I forgot to ask your name."

"My name is Ning Xi."

She answered.

"Stream, okay. I'll take you to the design department first to meet other colleagues."

Then Ning Xi followed an zi hao out of the general manager's office.

The two walked to the design department.

She clapped her hands and said, "come on, let me introduce a new colleague to you."

Then, all the colleagues of the design department came over.

"Naomi, introduce yourself to everyone."

Ning stream nodded and said slowly.

"Hello, everyone. My name is Ning Xi. I'm new here. Nice to meet you."

Ning Xi bowed modestly.

Ellie clapped her hands first.

“Welcome!”

“Welcome new colleagues!”

“Another beautiful woman joined our design department. We’ll meet more beautiful women in the future. It seems that our design department is destined to be surrounded by beautiful women!”

.....

Everyone warmly welcomed Ning Xi, and one of the male colleagues even joked.

Then, the others also welcomed him.

“Thank you, everyone.”

At the same time, Ning Xi was also very happy. He smiled charmingly at them 11, with two dimples on his face. He looked very beautiful when he smiled!

“From now on, she will be the designer of our design department. If you have any questions, you can discuss with her.”

The joy on Ning Xi’s face froze. Designer? He didn’t even look at his own work, nor did he ask what kind of job he had done, so he gave himself such a designer position.

“Mr. anYou...”

Ning Xi wanted to say something, but was stopped by an zi hao before he could say anything.

In an zi hao’s view, there were two reasons for his decision. One was that his friend recommended Ning stream to him.

Although he didn’t tell her the ident**y, he could feel that she must have some background.

Besides, being recommended by his friend, Ning stream must be capable.

“That’s your office. You can take her to get familiar with the surroundings.”

Then, an zi hao turned around and went back to his office.

Everyone looked at Ning Xi and asked.

“Naomi, who are you? Mr. an appointed you as a designer as soon as you came here.”

“Yes, yes. Tell us.”

.....

Everyone came up and asked Ning Xi curiously.

“Well, let’s stop gossiping and do what we should do.”

Ellie looked at her colleagues who were gossiping and spoke for her.

After that, those who didn’t get the answer gradually dispersed and returned to their seats.

Ellie walked up to her and said, “Hello, my name is Ellie. Can I call you stream?”

Ning Xi nodded with a smile.

The two of them chatted with each other, and at the same time, they took Ning stream to get familiar with the environment.

The day pa**ed quickly. Ning Xi sorted out all the doc**ents of the design department today and checked them at one point one.

It was getting late and it was time to get off work.

Ning Xi went home with the doc**ents and took a bus.

It took her nearly an hour to take a bus.

Ning Xi ran upstairs as soon as he got home.

It turned out that she had brought back all the doc**ents of the VL design department and wanted to sort them out today.

In this way, he could have a better understanding of the VL and enter the working state.

Ning Xi concentrated on reading the materials and made corresponding notes.

As time pa**ed, Ning stream was very devoted.

Ning Xi didn’t come to his senses until gu jin yi opened the door and came in.

“You are back.”

Ning Xi was busy sorting out the doc**ents.

Then, he walked to Ning stream and sat down.

She took out his laptop and information from her bag. It seemed that he had also taken work home.

“How’s your first day at work today?”

gu jin yi asked Ning Xi while typing on the keyboard.

“I’m tired, but I’m happy and full.”

Ning Xi answered with a faint smile on his face.

Somehow, a smile appeared on gu jin yi’s face when he heard that she was in a good mood.

Then, the two of them were sorting out their doc**ents.

By accident, gu jin yi saw the words “VL international dress design center”.

He asked in surprise, “you work in VL?”

He knew that VL was the top dress design center in the country, and ordinary people couldn’t enter it.

ning xiao xi was just a spoiled da xiao jie of the Ning family. How could she casually work in a high-end company like VL?

“Yes, is it strange?”

Ning Xi glanced at gu jin yi and asked.

“Why do you want to work in VL?”

gu jin yi suddenly became interested in Ning Xi’s work and asked curiously.

Ning stream was silent for a while. She couldn’t tell him that it was because someone had given her a VL name card on the day of the design exhibition and invited her.

Ning Xi made up an excuse and said, “I saw it on the Internet. I wanted to have a try, but I succeeded in the interview.”

He didn’t ask any more questions as Ning Xi had hidden himself perfectly.

The two of them began to work hard.

Two hours pa**ed quickly.

gu jin yi turned off the computer and sorted out the doc**ents. Ning Xi had fallen asleep on the table.

gu jin yi leaned over and looked at Ning Xi carefully with his deep black eyes.

He didn’t expect her to be so serious. She brought so many doc**ents back on her first day to work.

He suddenly felt that her quiet sleeping style was quite beautiful, fresh and refined.

In the future, he could see her in the VL customized suit, thinking that he could also see her when he was working. He couldn’t help smiling imperceptibly.
