

Cute Baby28

chapter 28

gu jin yi gently sorted out the documents on the table and turned off the computer.

Hugging her elbows, Ning Xi lay on the corner of the table. His head was about to move, as if a wind would blow him down.

Just as gu jin yi was about to pack up the documents, Ning Xi's little head was still out of the table with his hands. gu jin yi quickly approached Ning Xi, and her little head fell on gu jin yi's strong arms.

Then gu jin yi carefully helped Ning Xi up, took the pillow on the sofa, and gently put Ning Xi's head on the pillow.

After tidying up all the documents, gu jin yi stood up quietly.

He picked up Ning stream so gently that she was so light that he didn't have much strength to hold her.

gu jin yi walked into the bedroom slowly and put her down on the bed.

In order not to wake up Ning stream, he tucked her in and lay on the sofa.

The two of them fell asleep with exhaustion.

"Okay..."

Ning Xi stretched lazily.

She woke up in a daze.

Ning Xi woke up early. In the soft light, he looked at a person lying on the sofa, and then looked at himself, lying on the bed.

Ning Xi looked at gu jin yi in astonishment. Why did he sleep on the sofa?

Last night, ming ming was sorting out the documents. Then he seemed to be a little sleepy and lay on the table. Then she couldn't remember why she slept on the bed?

Ning Xi got out of bed gently and walked to the living room. He wanted to sort out the documents yesterday, but he saw that all the documents on the table were neatly arranged and placed on the table.

Suddenly, he seemed to understand something.

Did he sort out the rest of her documents last night? And he carried her to the bed.

Somehow, she felt warm in her heart.

Then Ning Xi turned around and went back to his room. He walked slowly to the sofa and squatted down carefully.

Ning Xi stared at gu jin yi. There were many unpredictable emotions in his bright eyes.

Then she slowly stood up and gently covered him with the quilt.

Then she left the bedroom and went downstairs.

“shao nai nai, you get up so early.”

Early in the morning, wang a yi was busy in the kitchen.

Ning Xi went home yesterday and didn't see pei xiu juan this morning. He asked in confusion.

“Auntie, why didn't Mommy see her?”

“Lady Sue went out these two days.”

wang a yi replied kindly.

No wonder she usually got up early in the morning and saw her when she went downstairs.

“Aunt Peggy, go ahead with your work. I'll make breakfast for you.”

Ning Xi wanted to make breakfast for gu jin yi, who was still in a coma.

“shao nai nai, let me do it. You will be ready soon.”

“Auntie, it's okay. Let me do it.”

She started to fight like a good wife and a good mother.

wang a yi didn't say anything more. She looked at Ning Xi and thought to herself.

This girl is not only not as arrogant as da xiao jie, but also good at doing housework. It's rare. This was the right person for shao ye.

Then wang a yi smiled, turned around and left.

Ning Xi was preparing breakfast in the kitchen. Soon, the breakfast was ready and she was ready to put it on the table.

At this time, gu jin yi, who was upstairs, woke up.

When she inadvertently saw the clean bed, she guessed that Ning Xi must have got up.

She got up so early today.

When she was about to get up, she found a quilt on her body.

After a pause, a meaningful smile appeared on his face.

Then he stood up lazily.

“You are awake.”

Ning Xi happened to put the breakfast on the table and saw gu jin yi walking down the stairs.

“You made it?”

gu jin yi walked to the dining table and looked at it.

Ning stream nodded and said, "to express my gratitude for helping me sort out the documents last night."

"Okay."

gu jin yi said lightly.

What the hell? Shouldn't he say that he didn't need to be polite? Oh, even if he just said it, he wouldn't say anything polite. It was really his usual style of gu jin yi.

Then, the two of them finished their breakfast. Ning Xi squinted at gu jin yi.

"I can take you to work on one condition."

Looking at the flattering eyes of Ning stream, he knew what she was thinking at a glance.

What the hell? I know what I want to say before I say anything. Do you want to be so smart.

And how could his eyes remind her of the one in her house? It was exactly the same.

Ning Xi came back to his senses and asked, "what's the condition?"

"Well, I'm leaving now."

gu jin yi said indifferently. When he was about to stand up, Ning Xi suddenly stood up.

"Go ahead. I'm listening."

Ning Xi turned his face and whispered in gu jin yi's ear.

Looking at Ning Xi, gu jin yi smiled.

He liked to see her crying but unable to. She was the cutest girl in the world.

"Make breakfast for me every day."

A magnetic voice came to Ning Xi's ears.

Making breakfast for him every day? He was addicted to making breakfast for him, so he couldn't sleep late!

Ning Xi struggled in his heart, but he had no choice. He said yes with duplicity and forced a big smile.

Since you have promised me, why don't you do something better.

In order not to take the bus to work every morning.

ning xiao xi had no choice but to agree readily.

"Deal!"

Then the two of them went out together.

It would take an hour to take a bus, but it only took twenty minutes to take his car.

So they arrived at the bus station in front of VL company soon.

“Do you want to go to the company with me?”

Ning Xi teased gu jin yi.

“Sure.”

gu jin yi pretended to unfasten his seat belt.

At this time, Ning Xi panicked.

She was just kidding. She didn't expect him to agree.

“No, No. I'd better go next time.”

“Is there anything you can't tell me?”

Looking at the flustered look of Ning Xi, gu jin yi smiled in his heart and asked deliberately.

“But I don't think it's a good idea to take my husband with me as soon as I entered the company. Let alone the CEO of the Empire group. Isn't it too popular?”

Ning Xi squinted at gu jin yi's reaction.

It was the first time that gu jin yi smiled in front of Ning stream.

“Do you really think I will go?”

gu jin yi fastened the seat belt. He said with a smile.

A hint of ridicule flashed through his long and narrow black eyes, and a heartfelt smile appeared on his handsome and cold face.

“Are you kidding me?”

Ning Xi asked.

“What? Can't I?”

gu jin yi raised his eyebrows.

“Okay, okay. You are the boss. It's up to you.”

She took a deep breath.
