chapter 34

She came to the company as usual today.

“Good morning, everyone.”

“Good morning!”

Ning Xi’s colleagues greeted her.

As soon as Ning Xi entered the hall of the design department, she always smiled brightly. Everyone was in a good mood when they saw her.

Ning Xi returned to his office, and then a s\*\*y and enchanting woman walked from department B.

“Hello, deputy director.”

Everyone stood up and greeted.

“I heard that there is a ‘college student’ designer in your department a?”

Rufus asked in a voice dripping with sarcasm.

All the colleagues in A department were silent. They had no good impression of this deputy director, so no one would talk to her.

But she was the deputy director and had to be polite to her.

“You are all dumb!”

Leona looked at each of them proudly and shouted.

Ning Xi, who was working hard in his office, heard the noise outside. He looked up and saw the scene outside and an acquaintance through the gla\*\* door.

Ning Xi looked at Ruyu and smiled.

He hadn’t planned to settle accounts with her five years ago, but she came to him.

I won’t attack unless I am attacked.

This was the basic bottom line of a person.

“She has been here for more than a week, but she has never talked to me, the deputy director. How dare a xiao xiao designer ignore me? I want to see what kind of person she is and how capable she is!”

When she was about to turn around and walk to the office of Ning stream.

Then, Ning Xi, who was sitting on the chair, saw this scene. He stood up and walked out of the office directly to the hall.

“What can I do for you, a xiao xiao designer?”

Ning Xi walked towards Ruyu and asked, raising his eyebrows.

“Ning stream?”

She looked at Ning Xi in disbelief.

The one shoulder white dress was elegant and intellectual, revealing the perfect figure proportion.

Her hair was t\*\*\*\*\* askew, giving people a clean and fresh feeling. She wore a khaki long windbreaker, which made her more casual.

It turned out that the new and young designer they had always said was Ning Xi.

She didn't expect that she could work in VL and become a designer.

“Vice director to chief director, it seems that we are destined to meet wherever we go.”

ning xiao xi deliberately took off the word “Vice”, which made her feel uncomfortable.

A small vice director was also shouting here. For her, Ning stream, she was not afraid even if the boss came.”Ning Xi, you are really something. You can even work in VL and become a designer directly! You're just a designer. Haha, you're really funny. ”

Leona crossed her arms and raised her head proudly. She glanced at Ning Xi with disdain and said sarcastically.

“I don't dare to admit it. I'm not as good as you, right. As for my ability, you don't need to evaluate it, because you are not qualified! ”

Ning Xi stood in front of Ruyu and fought back.

Standing next to her, Ellie clapped her hands secretly and thumbed up.

She also hated Susie, who was always domineering and superior. It seemed that she was really something.

Ning Xi narrowed his eyes and gave a mysterious smile.

“What do you mean?”

Hearing what Ning Xi said, she felt that there was something hidden in her words, so she roared unhappily.

“What do you mean?”

Ning Xi shrugged and raised his eyebrows.

She was so angry that her face turned red, but she had to force a tolerant smile. As the vice director of the design department, she couldn't lose face in front of everyone.

ning xiao xi, we haven't seen each other for five years, but it has become so eloquent. Compared with the bumpkin Ning stream five years ago, it seems to be a totally different person.

She stared at Ning Xi in front of her and felt a little uneasy.

“Who is this?”

Then, two overbearing women walked out from behind.

Susie sneered, “I’m here to see the designer of our department A!”

“What?Designer?”

The two people behind her looked at Ning stream in surprise.

“Is she the person who can hold the position of design as soon as she comes here?”

Susie sneered, “yes, I’m capable.”

“Our design department is designed for those high-end people. Can she be a designer?”

“That’s right. Who will be responsible for the design mistakes?”

.....

The two of them sneered at each other.

“A zhu ge liang can’t defeat three stinky weapon refiners.It’s your style to bully the less. ”

Ning Xi said indifferently.

“Who are you talking about?”

Ruxin shook off her hands and glared at Ning Xi.

“Did I name you?You have to admit that I have no idea. ”

The three of them stood aside, speechless.

“You...”

“If there is nothing else, I won’t accompany you. A lot of work is waiting for me.Unlike you, who are lucky and have nothing to do all day long. ”

Then he turned around and went back to his office.

“She doesn’t take us seriously.”

“I will teach her a good lesson next time!”

.....

The two complained beside her.

At the same time, there was a flash of weirdness in her unfathomable eyes when she looked straight at Ning stream who was walking towards the office.

ning xiao xi, one day, you will pay for what you did today.

“Let’s go!”

If vivi pa\*\*ed between the two, the two followed closely.

After they left, the colleagues in A Department began to discuss.

“Why is this stream so hostile to the deputy director?”

“If you offend the deputy director, I’m afraid that Naomi will have a hard time in the future.”

“The stream is designed by our department A. Bullying her means bullying our whole department A, and we will never show weakness!”

“But when we saw the scene of stream and deputy director, it was A great pleasure. Stream also breathed a sigh of relief for our design department a!”

.....

“All right, all right. Let’s go back to work. Mr. an will approve it when he sees it.”

Said Ellie.

Then they s\*\*\*tered back to their seats.

Then she walked towards the office of Ning stream.

“Bang, bang, Bang...”

There was a knock on the door.

“Come in, please.”

Ning Xi asked.

“Ellie.”

Ning Xi looked up and saw Ellie coming in.

“Naomi, I admire you.”

Ellie gave a thumbs up to Nina.

Ning Xi smiled.

Of course she knew what Ellie meant.

“You know what?We don’t like the deputy director, but we don’t dare to say anything. When you come here, well, look at her pale face. We are so happy in our hearts. ”

Ellie said proudly.

“I won’t attack unless I am attacked.”

Ning Xi said indifferently with a xiao xiao.

“Hmm, stream, but I want to tell you that she is not a person to be trifled with. You should be careful.”

Ellie reminded Nina kindly.

Ning Xi nodded, “thank you, Ellie. I’ll be careful.”

“Well, you go ahead with your work. I’ll go out first.”

Then she turned around and walked out of the office.

## chapter 35

Ning Xi sat on his chair, lost in thought.

The current Ning stream was no longer the timid and coward Ning stream five years ago. She would get back what they had done to her one by one.

An hour later, Ning Xi was reading the design drawing. He was suddenly informed to attend a meeting on the eleven floor.

She sorted out the documents and walked out of the office.

This meeting was held by the senior executives and the person in charge of each department of the VL. As the designer of the VL, of course, Nina was one of them.

Ning Xi was the first to arrive at the meeting room, followed by an zi hao.

“Mr. an.”

Ning Xi greeted her politely.

an zi hao nodded with a smile.

Then, the people in charge of all departments came to the meeting room one after another.

No wonder it was the top design center in the country. It could even control the speed and time of the meeting.

In ten minutes, all the people from all departments arrived and the meeting room was full.

Of course, it also included Susie.

“Are you all here?”

an zi hao said seriously.

Everyone looked at each other.

At a glance, she saw Ning Xi sitting opposite her.

There was an evil aura in his eyes.

inexorably hangs on!He could meet her everywhere.

She raised her eyebrows in disdain and looked at Ning stream.

“Today’s unscheduled meeting is mainly about something that has been put aside for a period of time to discuss with everyone.”

an zi hao said in a serious and magnetic voice.

“What’s the matter?”

The two persons in charge of sales department and Publicity Department asked at the same time.

“Let’s look at the design drawing in front of us first.”

Before everyone came, an zi hao took out the design drawings of the past years and put them on the table.

“As we all know, the position of design director has been vacant, and we haven’t found a suitable person.Because of the company’s development, I want to choose the position of design director from one of you present.After all, you are the backbone of the company. I believe you have the ability. ”

an zi hao said word by word.

He looked extremely serious and calm.

“Mr. an, thank you for believing in our ability.But the position of design director should only be taken by the people of the design department. After all, our sales department is not responsible for the design. ”

Lillian said word by word after reading the design drawing.

an zi hao thought what Lin said made sense.

Although they were all capable, they were still not capable enough in design. The position of design director had to be taken by the design department.

an zi hao looked at Ning stream and Ruyu.

The design department was designed by ning xiao xi and the Deputy Design Director, ruby.

After Cheney finished speaking, Ning stream and Ruyu looked at each other.

Logically speaking, the position of design director should be appointed by the deputy director, Susie.

But Ning Xi had done a good job in the company in the past week. The two dresses she designed had a good reflection, breaking the sales record of VL all the time.

“Indeed, not everyone can be the design director. It’s better that someone from the design department is chosen.”

an zi hao said.

Ning stream didn’t care. She looked down at the design drawing in her hand.

Said Susie arrogantly.

“I’m now the vice director of the design department. I’m supposed to be the design director.”

“Naomi, what do you think?”

an zi hao looked at Ning Xi, who was looking at the design drawing with his head down, and said calmly.

Ning Xi looked up and said, “no problem. What the deputy director said is reasonable. If she wants to be promoted to the design director, she is indeed the first choice.”

Ning Xi said calmly. He didn’t care who would be the design director.

Susie glanced at Ning stream.

She pretended to be kind!ning xiao xi, who needs your recommendation. Even if you don’t tell her, she is still the design director.

With a complacent smile on her face, she looked at Ning Xi with a mocking smile.

“Okay. If you don’t mind, the position of design director will be...”

Lin of the sales department spoke again before an zi hao finished his words.

“I think Miss yam can also be the design director.”

“Yes, I agree with you on behalf of the publicity department. Miss yam is qualified to be the design director.”

The director of the Publicity Department said.

The complacent smile on Susie’s face immediately fell, and she glared at them with a very bad face.

The two of them didn’t want to talk to her. They knew what kind of person she was, but they were not afraid of her.

“If you really want to say who is more suitable to be the design director, I think it’s better to be the deputy director. She has won the national championship in design. Miss yam has just been here for a short time, and she doesn’t have much practical ability. I’m afraid she can’t hold the post.”

zhang yu ru, the person in charge of the planning department, said in agreement.

The people in charge of the sales department and the publicity department all thought highly of Ning stream, while the people in charge of the planning department thought highly of rufus. They stared at each other fiercely.

All of a sudden, the atmosphere in the meeting room became unusually serious.

“I admit Miss yam’s ability. Within a week after she came to the company, our sales had increased by one point five. It was also the best sales in the shortest time in history.”

Lillian from the sales department continued.

“Can’t our deputy director compare with a new designer?”

The two sides didn’t compromise with each other, and they headed for the Ning stream at the same time.

“Since they don’t agree, it’s fair. They have their own advantages and use their abilities to determine who is more suitable to be the design director.”

Said an zi hao.

Everyone looked at each other, raised their eyebrows, and nodded.

Of course, the people on the side of Ning stream now naturally believed that Ning stream really had the ability to do so.

And those who stood on the side of her believed in her design ability.

“Susie, Naomi, do you agree?”

an zi hao asked for the opinions of the two.

“Of course. I don’t want others to think that I bullied her because she is a newcomer.”

Rufus said arrogantly.

“Okay, no problem.”

Ning Xi answered confidently.

“Okay, then I’ll tell you the content of the next election. You two can design a unique evening dress within a week. They were of different types. Do as you think. The winner will also be the design director in a week.”

an zi hao said calmly.

“Then how can we judge the winner?”

Said Susie, looking at an zi hao.

“At that time, I will put the PPT designed by you in the display center of our advertising department for voting. The one with the highest number of tickets won. This is also a fair election for you. What do you think?”

an zi hao said to everyone.

Everyone nodded. This method could be found, so that it would be absolutely fair.

“Then you two can begin to design the stream. If there is nothing else, the meeting will be over here and we can see each other in a week.”

After saying that, an zi hao gently closed the computer and sorted out the documents on the table.

Then everyone stood up and left the meeting room.
