chapter 421

“chen chen and han han, you’re home. Come on in.”

Ning Xi looked at the two babies with reluctance. He didn’t want to say that, but what could he do?After all, this was not her home.

“Mommy, aren’t you going with us?”

“Okay, Mommy, please go home with us.”

The two babies didn’t want their mommy to leave. They would be very sad to see her leave.

Nina looked at the villa of the Gu clan. It seemed that she couldn’t see it clearly at night, but she always felt that the villa was very warm.

“I won’t go in. I’ll be relieved to see you home safely.”

Ning Xi thought it was better not to go in.

It would be bad if she met their father again, just like last time in the hospital.

At this moment, chen chen secretly sent a message to their father, gu jin yi.

“Daddy, where are you?Mommy is at the door.”

chen chen didn’t know whether gu jin yi was at home or in the company, so he had to ask.

Since their mommy didn’t want to go home with them, then let daddy come back. Daddy had a way.

After sending the message, chen chen immediately withdrew it, in order not to let their mommy Ning Xi find it.

At this moment, he just wanted to find a way to hold back their mommy. Even if she didn’t go inside, he had to wait for their daddy to come back.

At this moment, when he was about to go home from the company, his cell phone vibrated. It was a message from his son, chen chen.

After reading the message, gu jin yi ran out of the company without hesitation, regardless of his cold image as a CEO.

As soon as she got in the car, she rushed home.

On the way, he was nervous and excited.

He had never been like this time, because he knew that Ning stream was no longer the original one. She had forgotten him, but he didn’t know how to face her?

Last time in the hospital, Ning Xi resisted gu jin yi so much. He was worried that this time he would see her the same as last time and make her unhappy, which was what gu jin yi was most worried about.

“Naomi, wait for me. Wait for me to come back...”

gu jin yi drove faster and faster, and the people on both sides of the road seemed to stop at this moment. He just wanted to see the one he loved as soon as possible.

chen chen and han han hadn't entered the house for a long time, and chen chen was also secretly observing whether their father had come back.

“chen chen and han han, it's cold outside. You'd better go inside now. I won't leave until you get in. ”

Seeing the strong wind outside, Ning stream was worried that the two babies would catch a cold. After staying outside for a while, she asked them to go home.

“Mommy, can you stay with us for a little longer?”

chen chen held Ning Xi's hand.

“We can meet again soon. Don't you forget that I have to go to the amusement park with you on weekend?”

chen chen had no choice now. Would she feel annoyed or think that they were not obedient at all if she kept clinging to their mommy like this.

chen chen only hoped that their father could show up as soon as possible.

“Mommy, I don't want to go home. I just want to be with you...”

han han pouted and seemed to be about to cry. She held back her tears and rubbed them against Ning stream.

Ning Xi squatted down and comforted han han, “how about this? Now you know where Mommy lives. If you miss me, you can come to me at any time, okay? ”

han han pouted and began to sob reluctantly.

But han han kept telling herself in her heart, ‘I can't cry. I can't cry in front of Mommy. Otherwise, Mommy will think I'm a weeper and won't like me.’ She won't come to us again in the future. No, I have to be strong, so that she will think that I am a good child. han han, you have to work hard!

han han encouraged herself in her heart. It was heartbreaking to see her like this.

Seeing this, Ning Xi could see how sad han han was. She had an inexplicable feeling that her heart was stabbed by a needle. That feeling was really indescribable, but very uncomfortable.

She held the baby girl han han, stroked the hair on her forehead and comforted her, “our han han is the most lovely and strongest. Mommy is proud of you.”

Ning Xi's words seemed to have touched han han's sensitive nerves. She couldn't help but cry, with tears coming out of her eyes.

Looking at his sister han han, chen chen wanted to comfort her, but he retreated. He thought it was a good idea. At least, han han kept their mommy.

It seemed that their mommy, Ning Xi, would not have the heart to do that. At this time, chen chen only hoped that his sister could keep their mommy for a longer time until their daddy came back.

Gradually, under the comfort of Ning Xi, han han recovered and stopped crying.

“Mommy, I’m sorry. I shouldn’t cry. I should be brave and strong.”

han han wiped the tears from the corner of her eyes and apologized to Ning stream.

“han han is very brave and strong. You are the bravest child I have ever seen.”

Ning Xi’s praise cheered han han up.

“Mommy, you can go back now. We will come to you when we miss you. Remember to miss us, too.”

han han seemed to have grown up in an instant and became more sensible.

chen chen was a little anxious now. It seemed that their Mommy would leave before their daddy came back.

Just when chen chen was depressed, he suddenly saw the light of the car not far away, and the car was heading in their direction. It seemed that his father had come back.

A childish smile appeared on chen chen’s face.

The two babies waved at Ning Xi and then walked in.

Seeing the two babies come in, Ning Xi turned around and left.

Just as Ning Xi turned around and took a few steps, a dazzling light came over.

Ning stream subconsciously squinted. Slowly, the light became dim, and Ning stream slowly opened its eyes.

chapter 422

She saw a strong man get out of the car and walk towards her.

It was not until they walked in front of Ning stream that Ning stream found out that he was chen chen, han han’s father, gu jin yi.

“Why are you here?”

ning xiao xi said in a low voice.

“This is my home. I should be the one asking you, right?”

gu jin yi's words rendered Ning Xi speechless. Yes, this was his home. Wasn't it normal for him to be here.

At this moment, chen chen and han han were hiding behind the door and watching the scene.

gu jin yi noticed them, and the two babies also saw their father winking at them.

It meant that they were great today. Their mother told gu jin yi the important news here in time, or he wouldn't be able to see her.

chen chen made a gesture of cheering to their daddy, while han han didn't know what had happened, but she knew that it must be her brother's plan, so she made a heart to heart gesture to their daddy with her brother.

gu jin yi smiled and asked the two babies to go home first.

However, Ning Xi misunderstood gu jin yi's smile. "What are you laughing at?"

"Did I? Oh, I'm just too happy to see you. It's said that people will smile unconsciously when they see the one they like. Maybe that's what I belong to."

gu jin yi quickly looked away, turned to Ning Xi and joked with her.

Ever since he met Nina, he had become more and more shameless. Sometimes he even felt that he was not himself.

"Are you crazy?"

Ning Xi thought the man in front of him was so shameless that he didn't want to talk to him anymore and left directly.

ADVERTISEMENT

gu jin yi's mind was stirred up by the word "insane" of Ning Xi. When he first knew Ning Xi, she scolded him and belittled him in this way.

gu jin yi was not only not angry but also happy after being scolded.

He turned around and stopped her way. "As long as you are happy, you can scold me anything."

ning xiao xi didn't want to talk to him at all.

"I apologize to you for what I did in the hospital. I did that on impulse that day. I hope you can forgive me."

gu jin yi sincerely bowed his head and apologized to Ning Xi, who also felt it.

gu jin yi thought that only by letting Ning Xi put down his grudge against him could he have more chances to be with her in the future.

Ning Xi looked at gu jin yi, remembering that he had seen the photos posted by chen chen han han in her wechat moments and gu jin yi's gentle eyes. At this moment, Ning Xi no longer blamed him for the hospital.

Seeing the man in front of her swallow insult and humiliation, Ning Xi felt a little guilty to him.

In fact, the matter in the hospital was not a serious problem. There was no need for him to apologize.

“Okay, I forgive you.”

Ning Xi pretended to be arrogant and reluctantly forgave gu jin yi. He didn’t want him to see through his mind.

“I’m going back.”

Nina didn’t think there was anything to talk with him. When she was about to leave, she was suddenly stopped by Edmund.

“Stream.”

Time seemed to stop at this moment. The two stood with their backs to each other. Time seemed to make all the air freeze.

gu jin yi’s voice was so gentle that Ning Xi’s mind went blank.

What was wrong with him?Ning Xi felt that he was a little different from the one in the hospital today.

“Naomi, let’s have a talk.”

gu jin yi said.

Ning Xi got rid of his hand and said, “I don’t think we have anything to talk about. It’s late now. I should go back.”

“Then I’ll drive you home. It’s late now. It’s not safe for you to be alone.”

gu jin yi tried his best to stay with Ning Xi. No matter what, it was not easy for him to see her.

“No, thanks.”

Ning Xi still refused. She didn’t want to have too much contact with gu jin yi.

After saying that, ning xiao xi left, while gu jin yi stood still in silence.

However, Ning Xi didn’t take a few steps before gu jin yi strode to her, picked her up and walked back.

“Hey!What are you doing?Let go of me!Let me go...”

gu jin yi carried Ning Xi and put her on the pa\*\*enger seat.

“I don’t need your help. I can go back by myself!”

Ning stream was still struggling.

gu jin yi bent over and fastened the seat belt for Ning Xi. Then he faced the struggling Ning Xi and said softly, “if you don’t want to go back, you can speak louder.”

“You...”

There was only a thumb gap between gu jin yi and Ning Xi.

Ning stream felt the temperature in front of gu jin yi. It was so hot that she felt that her forehead was about to sweat if he didn't get up.

At this moment, Ning Xi was staring at gu jin yi. In her misty eyes, she saw a face carved by a master, which was suffocating. His black eyebrows were like swords, full of domineering and full of charm. His deep eyes were as deep as a pool, and his handsome nose was straight, and his thin and charming lips were incomparably s\*\*y

“Why are you blushing?”

gu jin yi stared at Ning Xi with his dark and charming eyes. A wicked smile appeared on his face. He probably knew what Ning Xi was thinking about.

gu jin yi's words interrupted Ning Xi's thoughts. At this moment, she was very nervous, with sweat in her palms.

“I didn't!Get up!”

Ning Xi pushed gu jin yi away and quickly covered his face.

Looking at the shy Ning Xi, gu jin yi seemed to see her in the past. A gentle smile appeared on his handsome face.

gu jin yi went around the front of the car and went back to the driver's seat. He started the car and was about to leave.

Sitting on the pa\*\*enger seat, Ning Xi kept his eyes down, thinking what he had just done?She was lost in various fancies and conjectures. She even felt that he was quite s\*\*y and charming. She almost fell into his trap.

ning xiao xi reminded herself, “Tianxin, wake up. Don't be fooled by the illusion in front of you.”.

She was going crazy! She was going crazy!Why did this man's face always appear in her mind? She couldn't help imagining. Helpless, she could only look up at the scenery outside the window, which might be able to disturb the scene in her mind.

## chapter 423

After the two babies came back home, han han had a lot of questions to ask her brother, chen chen.

It was such a coincidence that daddy came back today, and her brother knew that Daddy would come back?'is my brother an immortal from TV series? Everything is under my control!.

The more han han thought about it, the more fascinated she became. She even thought of the mysterious TV she saw recently.

“Brother, tell me in secret. Are you an immortal from the heaven?”

han han whispered in chen chen’s ear.

chen chen, the little boy, was really confused by his smart sister’s question.

“han han, what are you talking about?Have you watched too many TV dramas recently and began to fantasize? ”

chen chen nodded at his sister’s forehead, interrupting her thoughts.

“Brother, it’s true. You look like the God on TV. He can predict everything in advance, and you can also predict that daddy will know that mommy will go home today, and he will come back when Mommy is about to leave. The time is really accurate.So brother, tell me, are you an immortal?I promise I won’t tell anyone. It’s our secret. ”

han han swore. As long as chen chen told her, she would keep her mouth shut.

chen chen was going to be knocked out by his mysterious sister. How imaginative she was.

But he could take this opportunity to make fun of her.

“Yes, I’m telling you. I’m a fairy from the lower world, so if you don’t listen to me, I’ll punish you. I won’t give you snacks and lock you in the room alone.”

chen chen whispered in her sister’s ear.

I thought han han would be scared to cry, but I didn’t expect her to laugh out loud. “Hahaha, my brother is a God, then I have a God. Hahaha, I’m not afraid of being bullied...”

chen chen didn’t expect that han han would react like this. He couldn’t guess his sister.

“Stop!”

Seeing his sister han han laughing more and more happily, chen chen covered her mouth expressionlessly.

han han stopped her laughter immediately.

“I’m just kidding. You are just daydreaming after watching too many TV dramas.I secretly sent a message to Daddy so that he could come back in time before Mommy left. ”

chen chen showed the information to his sister han han, which made han han believe him. Otherwise, she thought her brother was so magical that everything could be predicted in advance.

“Oh, I see. Brother, you are so smart. You know how to ask dad to come back. My brother is really my idol. Please sign for me, hee hee...”

han han had just finished her fantasy, and now she began to be infatuated with chen chen again. She leaned tightly against the little boy and rubbed against him.

chen chen had goose bumps all over his body. He felt that he couldn't deal with his sister, so he said, "I'm going to bed."

chen chen immediately hid into the quilt and covered his ears tightly, but han han still didn't let him go. "Brother, brother, get up quickly. Don't sleep and play with me. You haven't signed for me yet..."

On the way gu jin yi sent Ning Xi back, the two remained silent.

According to the route indicated by Ning Xi, she arrived at an intersection safely and didn't ask gu jin yi to send her home.

"You can stop here."

Ning Xi was about to get off the car, but the door was locked.

"Where do you live? I want to see you go back safely. "

gu jin yi could guess what Ning Xi was thinking. This place should be a little far from her home.

"My home is just in front of us. We'll be there in a few minutes."

Ning Xi insisted.

"If you want to sit here with me all the time, I don't mind."

Ning stream had no choice but to tell her address.

gu jin yi smiled and drove to Ning stream within a few minutes.

"Here I am. Can I get off the car now?"

gu jin yi looked at the place where Ning Xi lived and opened the door silently.

Ning Xi got off the car without saying a word.

At the same time, he got off the car too. He walked to the front of Ning stream and gazed at her tenderly. "Stream, do you really forget everything?"

gu jin yi couldn't help but miss Ning Xi all the time. He wanted her to come back to him.

"Sir, please don't say anything that makes me confused, okay?"

ning xiao xi looked very cold, and there was no emotion in her eyes for the man in front of her.

At this moment, not far away, another man was watching everything.

"I've gone through so much. You can forget whatever you want. Do you know how I got through without you?"

Facing the man he loved, gu jin yi could no longer control his true emotions. He tightly held Ning Xi's hands, and his deep eyes revealed a distressing aura.

At this moment, Ning Xi seemed to be somewhat passive. When she saw gu jin yi like this, her heart trembled inexplicably.

Looking at gu jin yi's eyes, some strange scenes constantly appeared in her mind, dazed and looming.

Ning Xi didn't know where these scenes came from. She had no memory of them. She didn't know if it was true or not.

Ning stream got rid of his hand and almost fainted.

"Stream!What's wrong with you?"

gu jin yi hugged Ning Xi at once. Seeing her uncomfortable look, gu jin yi frowned slightly.

"No, I'm not Ning stream!I'm not her. I'm Tianxin!Let go of me!"

At this moment, she seemed to think of something. Even though she was weak all over, she still wanted to break away from his arms.

Instead of letting her go, he held her even tighter. He was getting closer and closer to the Ning stream

Ning Xi pushed gu jin yi away with all his strength at the last moment.

Now her mind was in a mess.

She was about to turn around and run back, but gu jin yi didn't give her a chance. He pulled Ning Xi with his strong and long hand, turned a circle, and returned to his arms.

"You..."

At this moment, without giving Ning stream any chance to speak, he held her arm and kissed her. His domineering kiss seemed to realize that Ning stream only belonged to him, and no one could possess her, let alone bully her.

ning xiao xi tried to get rid of him, but she could do nothing.

Gradually, Ning Xi stopped refusing gu jin yi's kiss. The kiss stimulated all the nerves in her mind, and she felt more and more familiar with some scenes.

More strangely, at this moment, she felt a little expectant and reluctant to leave.

chapter 424

The man not far away looked sharply at the scene in front of him, but he could not stop it. He clenched his hands, and the obvious blue veins were partly hidden and partly visible.

"It's him!You forced me to do this!"

Gradually, he let go of Ning stream and gazed at her affectionately for a long time.

Ning Xi's heart beat faster. She pushed gu jin yi away, turned around and ran to where she lived.

Watching her leave, he didn't stop her. Instead, he looked at her back and said affectionately, "Naomi, I will let you remember everything between us."

Ning stream stopped. She didn't know what she was thinking and hesitating. She felt a pain in her heart, but she couldn't tell.

Then, she gradually came to her senses. Without replying to gu jin yi, she ran directly into the place where she lived.

gu jin yi stood still for a long time, staring at the direction in which Ning Xi left. He recalled some scenes of him and Ning Xi in his mind, blaming himself for not protecting her well and making her like this.

Ning Xi's mind was in a mess. He went back to his room and stood there blankly for a while. Then he walked to the window and peeped through the window at gu jin yi who hadn't left yet.

"Bill..."

Ning Xi suddenly uttered his name.

Standing still, gu jin yi slowly looked up at the room with light on. He knew that it was the room where Ning Xi lived.

Seeing this, Ning Xi immediately closed the curtain and fell into the quilt.

Looking at the window, gu jin yi smiled faintly, "honey, wish you have me in your dream. Good night..."

Then, he got on the car and sped away.

After gu jin yi left, gong hao yu wanted to go upstairs to find Ning Xi, but he stopped when he went upstairs.

'My mind must be in a mess today. I'd better let her have a good rest and not disturb her. '

Ray hadn't been found yet, so he'd better not let her know about it for the time being, in case she would be more confused.

gong hao yu stepped back gently. The most important thing for him now was to find ray first.

At this time, on one side of a road, a little boy about three or four years old was squatting in a corner of the bus station and crying.

And this little boy was gu yi ran's son, ray.

"Mom... I want to go home. I miss you so much. I'm so hungry..."

Ray curled up as he wiped his tears. He leaned against the stop board next to him, hoping to feel a little warm.

Ray seemed to be exhausted and could no longer cry. His sobbing voice sounded a little hoarse.

Ray seemed to gradually fall asleep under the street lamp.

At this moment, ou yang and ray just got off work from the studio and drove forward.

By accident, he found that there was a child in the bus station. Seeing this, ou yang ray couldn't bear to see it, so he parked the car aside, got out of the car and quickly walked to Ray's side. He squatted down and asked, "kid, why are you here alone?"

Ray sensed that someone was coming, so he slowly opened his eyes and raised his head. A faint illusion appeared, and he invisibly shouted, "father..."

After saying these two words, he fell asleep. It seemed that he was really hungry and sleepy.

Ray looked at ray in surprise. Wasn't this the boy he almost ran into last time? Why was he here again?

Seeing that ray curled up here and fainted, ou yang didn't think too much. He took off his coat and put it on ray. Then he picked him up, lay him on the back seat and took him back home.

After returning home, ou yang and ray carefully wiped Ray's body.

He had also thought of such a scene. If they hadn't been separated at that time and their child hadn't left the world, his child would have grown up to such an old age, too. ou yang, ray thought.

At the thought of this, ou yang and ray could not help but feel a little sad.

Then he didn't think too much. After he wiped Ray's body, he wrapped him with a big bath towel because there was no children's clothes at home. He took him back to his room and let him lie on the bed to rest.

Because of the heating in the room, ray slept comfortably.

But not long after, ray woke up in a daze, with his stomach still rumbling. It seemed that she woke up from hunger.

"Where am I?"

Ray looked around the room.

He didn't care so much. Now he was hungry and he wanted to find something to eat.

Then ray got out of bed and walked slowly to the hall.

He had a keen sense of smell and followed the smell.

"Wow, it smells so good..."

Smelling the fragrance, ray couldn't help but sigh. ou yang shi rui, who was in the kitchen, heard the sound and turned around. Ray was already standing behind him.

He smiled and said, "you wake up so soon."

Ray looked at ou yang and said to himself! 'isn't he the uncle I met last time? Why am I at his home? I remember that it seemed to be on the roadside and suddenly became uncle's home. It was so magical~

Thinking of this, Ray's stomach suddenly rumbled again. He smiled innocently and lovely.

It was not until then that ou yang and ray realized that he had woken up from hunger.

"Are you hungry? You can sit in the hall first. The noodles will be ready soon."

Ray nodded obediently and went back to the hall.

Soon, ou yang shi rui came out with a pot of delicious noodles. "The noodles are ready. Dinner is ready."

Ray was very excited. He was happy as long as he had something to eat.

When he saw ou yang and ray picking up noodles for him, he almost drooled.

"I'll cool you down, in case you scald your mouth."

Worried that Justin would get burned when he ate noodles as a child, ou yang Boris was about to blow on the noodles to cool them for him.

"No, No. uncle, I have a quick solution."

ou yang asked in confusion. He didn't understand what ray meant.

"Uncle, can you cut off a bowl of cold water for me?"

According to Ray's request, ou yang ray brought a bowl of cold water from the kitchen.

Then ray wrapped the bowl with a wet towel and put it into a bowl with cold water.

Looking at the scene, he frowned slightly. It suddenly occurred to him that she used this cold water every time when she wanted the food to be cold faster. Why did this little boy know it? They had the same method.

#### chapter 425

"Uncle, look, you can eat it soon without burning your mouth."

Ray said with a sense of accomplishment.

"Kid, who taught you this?"

It seemed that ray ou yang wanted to know something. He didn't think there was such a coincidence in the world, but he felt that no one could do it.

"My mother taught me this."

Ray began to eat the noodles. While answering, he looked at the noodles in his bowl with his eyes shining.

"Your mother? Then what's your mother's name? "

All of a sudden, the woman he had been thinking of came to his mind. He was looking forward to seeing her. The woman he had been thinking of day and night was the little boy's mother, so that he could find her immediately.

"My mother's name is... My mother doesn't allow me to tell anyone her name."

All of a sudden, ray realized that he had been reminded by her, so he didn't say anything.

ou yang and ray didn't ask any more questions. He could investigate it.

"It doesn't matter. I'm just a little curious. One of my friends is the same as you."

"Really? Uncle, I think we are destined to meet. Last time we met, we met again, and uncle's friends used the same method as me. Do you think it's fate? "

Ray said with a smile.

Hearing what ray said, ou yang and ray really felt that they were destined to be together.

"Kid, I don't know your name yet."

It was not until then that ray realized that he hadn't even known the child's name yet. He had met her two times.

"Uncle, my name is ray. Uncle, it seems that you also have the word ray in your name. I just said that we were destined to be together."

While eating the noodles with relish, ray thought of the business card that ou yang and ray gave him that day. There was a word on it, which was the same as his own.

"Your name is ray? It really has the same name as mine. "

ADVERTISEMENT

ou yang shi rui had never believed such a coincidence in the world, but when it came to ray, he somehow believed it.

"Haha..."

"But ray, it's so late. Why are you outside alone?"

Ray couldn't help but ask when he thought of ray curling up on the roadside alone.

"Well..."

Ray scratched his head and didn't know what to say.

Ray thought Ray had some unspeakable reason, so ou yang didn't ask any more.

"It doesn't matter. Just keep it to yourself. I'll stay here tonight. "

"Thank you, uncle. You're so kind!"

Ray smiled innocently and lovingly.

The two of them chatted happily and ate the noodles, just like a father and a son expressing their joy

On the other side, they were looking for ray with great efforts, but there was no news from him.

“Daniel, what should we do? I still can’t find ray. He must be cold and hungry now. Did he encounter human traffickers?”

gu yi ran had already lost control of himself. All he could think about was how ray suffered.

“Don’t worry, Amanda. I will find ray and he will be fine.”

gong hao yu’s heart ached when he saw the helpless look on her face.

“Let’s go home first. Maybe ray is home. We don’t know.”

gong hao yu had no choice but to let her go home in this way, or he knew that she would not go back.

“Yes, we have been out for so long. Ray will be afraid when he comes back home and sees no one at home. I want to go home, I want to go home to find ray...”

#### ADVERTISEMENT

In this way, Jonny drove back.

On their way to the hotel, she didn’t say a word. Instead, she leaned against her seat, as if she had nothing to live for.

gong hao yu looked at her and didn’t say anything. He was afraid that whatever he said would make her sadder and sadder. He thought that such silence was the best for her at the moment.

.....

gong hao yu had arrived home in his car. “We’re home, Amanda.”

gong hao yu unfastened the seat belt, only to find that she had fallen asleep.

Looking at her exhausted face, Jonny didn’t wake her up. She had been very tired today to look for ray, so he planned to let her have a good sleep.

gong hao yu got out of the driver’s seat, walked to the passenger’s seat, gently picked up her, and then went upstairs to her room.

He tucked her in and left her room quietly.

Walking in the corridor, gong hao yu wanted to go to Ning Xi’s room to look for her, but he stopped when he saw that the light was turned off.

At this moment, Ning Xi didn’t fall asleep. Instead, he lay quietly on the bed, thinking about what had just happened between her and gu jin yi.

Ning stream recalled the scene that had just appeared in her mind, but she couldn’t remember it now. The picture was still too blurry.

Ning Xi tried his best to recall, but her brain did not allow her to go on. Her headache made her unable to go on.

She decided to go to the hospital tomorrow to find a doctor to confirm why she had forgotten the past. She no longer forced herself to recall.

All of a sudden, the scene that he kissed her forcefully just now appeared in Ning Xi's mind. She touched her lips subconsciously.

Why, why didn't I refuse him at that time

ning xiao xi couldn't believe that she would let that man kiss her.

The more Ning Xi thought about it, the more confused she became. She crawled into the quilt and told herself, "I can't know him, let alone have anything to do with him... Tianxin, you should be sober."

Ning Xi shook his head and forced himself not to think about these things.

When gong hao yu returned to his room, he was still worried about ray.

But with his connections, it was more than enough for him to find ray.

He called his a\*\*istant jie sen and hung up after a few words.

Everyone was doomed to suffer this night

The second morning.

After making breakfast for ray, ou yang drove the car and sent him back according to the address given by ray.

In the car, ray seemed to be very happy.

"Uncle, will we meet again?"

Ray seemed to like ou yang and was looking forward to meeting him next time.

"Of course you can. As long as you want to come to my house, I welcome you at any time."

ou yang and ray also liked ray very much, and inexplicably had a sense of familiarity.

From last night to this morning, he had taken care of a child of three or four years old. It was the first time that he, ou yang, had taken care of a child, which gave him a new experience.

Although she also felt a little tired and unprepared, what was more, she had happiness and happiness.

Last night, with ray by his side, he felt that the whole family became more lively and he felt it was more meaningful to do something.

A strange thought crossed ou yang's mind. If only ray was his child.

Along the way, the two of them chatted happily.

.....

chapter 426

Soon, they arrived at the address ray told them.

“Uncle, this is my home.”

Ray pointed at the house in front of him and said.

ou yang drove the car directly to the door and carried ray out of the car.

“You’re home safe. Go home now. Your parents must be worried about you since you’ve been away for so long.”

ou yang asked ray with a smile.

“Uncle, come in with me.”

Ray took ou yang’s hand and wanted him to be with him.

Looking at his watch, ou yang chenrui said, “ray, I have something to deal with today. I’m leaving soon. I won’t go with you.”

Ray curled his lips and said, “okay. Remember to come to play with me when you are free.”

Ray was about to enter the room, but he didn’t forget to remind ou yang and ray before he left.

At this moment, Jonny was rushing out of his house. Before ray entered the room, he saw ray standing at the door of the hall, and a wall just blocked ou yang and ray.

When she saw ray, she ran to him excitedly, “Ray!”

Hearing the familiar voice, ray turned his head and saw gong hao yu. “Father!”

Under the care of gong hao yu, it had become his habit for ray to call him father all the time.

Ray ran to Jonny. Seeing that Ray had arrived home safely, ou yang ray wanted to tell him that he had left first. But thinking that he would have a lot to say when he saw his father, he didn’t disturb them and got on the car directly, preparing to go back.

gong hao yu hugged ray excitedly, “ray, where did you go last night?Are you hurt? ”

gong hao yu’s first concern was whether ray was injured or not. As for the reason why he suddenly left, it didn’t matter anymore.

“I’m fine. I lived in an uncle’s house yesterday. How is he? He took care of me and cooked delicious food for me.”

Speaking of ou yang, ray was very proud and excited.

“An uncle?”

gong hao yu was confused. Since they came back from abroad, they barely had any friends here. Why did an uncle suddenly appear here.

“Let’s go. I’ll take you to see him. He’s at the door.”

Ray held gong hao yu’s hand and walked to the door, but ou yang and Ray had already left.

“Eh?Where is uncle? ”

Ray scratched his head and murmured to himself.

When he saw no one outside, he squatted down and asked ray, “ray, where is the uncle you mentioned?”

“I don’t know... I was here just now!”

Ray was confused. Why did his uncle disappear all of a sudden?

“It doesn’t matter. He might have something to deal with. Let’s go inside. Your mother is worried about you.”

gong hao yu looked around. There was indeed no one around. He didn’t know who had taken ray in for the whole night?

Then, without thinking too much, he took ray back home.

At the same time, Maranda was getting up. After a night’s guilt and self reproach and thinking, she felt that she couldn’t be so discouraged. She had to take good care of herself to find her son ray.

So today, gu yi ran regained her energy and changed her clothes, ready to go downstairs.

At this moment, Jonny was taking ray upstairs and slowly walking to the room of Clarissa.

gong hao yu and ray discussed to give a surprise to her. She must be very excited to find ray.

After discussing, Jonny knocked on the door.

“Ethan, are you awake?”

gong hao yu asked tentatively.

“Daniel, come in.”

gu yi ran said softly.

gong hao yu opened the door and came in.

“You didn’t sleep well last night, did you? You should have a good rest today.”

gong hao yu knew that she must have suffered a lot last night. She couldn’t fall asleep without ray’s company.

"It doesn't matter. You don't have to worry about me. I will take good care of myself. After all, I still have to look for ray."

gong hao yu looked at gu yi ran and felt much better than yesterday. He was relieved.

"It's the best that you can think so, Amanda. But you don't have to hurry to find ray today."

gong hao yu gave an unpredictable smile.

gu yi ran looked at him and didn't understand what he meant.

Just as she was lost in thought, a voice that she was most familiar with came through all of a sudden.

"Mom, because I'm here! So you don't have to look for me."

Ray jumped out from behind.

It surprised and frightened her.

"Ray!"

She hugged ray tightly and became excited in an instant.

It was not easy for her to recover some of her emotions. Now seeing ray, her inner emotions were suddenly touched and tears fell down.

"My dear son, you're finally back. Do you know how much I'm worried about you?"

gu yi ran said in a hoarse voice, holding ray in her arms.

"Mom, I'm sorry. I won't walk around again."

Ray apologized. It could be seen that his mother was very sad for his sudden leave.

"Don't be sad, Amanda. Isn't it a good thing that ray comes back?"

gong hao yu comforted gu yi ran.

"Mom, don't be sad. Ray will also be sad when he sees you sad."

Then ray comforted his mother and wiped her tears.

Gradually, she regained her composure, wiped her tears and smiled at ray.

"I'm not sad. As long as ray comes back, I'll be happy."

Now that ray was back, she felt relieved.

"By the way, is Tianxin back?"

It suddenly occurred to gu yi ran that she had been busy looking for ray yesterday

He called her, but she didn't get through. He forgot about her and didn't know if she had come back, so he asked.

“She is in her room.”

gong hao yu replied indifferently.

He recalled the scene when Ning Xi and gu jin yi met last night. Seeing them so intimate, gong hao yu felt very uncomfortable.

“That’s good.”

gu yi ran had nothing to worry about. Since Ning Xi fainted at home alone last time, she became more vigilant.

chapter 427

It suddenly occurred to gong hao yu that if she knew that Yiran had gone to see him?

“Who did Tianxin meet yesterday? You know what? ”

gong hao yu asked tentatively.

“What? Who are you going to meet? Tianxin said she was going to buy something. Did you see whom she went to see? ”

Fortunately, gong hao yu’s words didn’t expose her lie. She thought that she’d better not let him know that Tianxin sent chen chen and han han home yesterday, in case he would think too much.

In fact, she didn’t know that Ning Xi met gu jin yi.

gu yi ran’s rhetorical question made Jonny speechless. He thought he might have thought too much. How could she not tell him who she was going to see?

gong hao yu couldn’t figure out why gu jin yi appeared at his door yesterday. Was he investigating him secretly? He knew his home was here, so he came here to look for Tianxin?

gong hao yu was lost in thought. Noticing that something was wrong with him, she asked with concern, “Jonny, what’s wrong with you?”

“It’s okay. Take ray to have a rest. I’ll go out first.”

When Jonny was about to leave, she thought for a while and decided to ask him.

“Jonny, are you hiding something from us? Why don’t you remember the past? ”

gu yi ran’s words surprised gong hao yu. Why did she say that all of a sudden? Or did she think of something and tell her?

“Didn’t I explain it to you at the beginning? I bumped into her brain by accident. There is still some congestion in her brain, so I temporarily forget what happened before. ”

gong hao yu still didn’t tell her that he didn’t know Ning Xi. He saved her and took her in because she looked like the person he once loved, Tianxin.

Besides, it was about what happened in the past that Ning Xi had forgotten.

Jonny had concealed all this from gu yi ran.

gong hao yu knew nothing about what happened to Ning Xi after he lost his memory.

“Daniel, I just hope that you can face your true feelings. Don’t cheat others, let alone yourself.”

Since gong hao yu’s answer was the same as before and didn’t change because of her words, she didn’t say anything more. She just reminded him.

“Don’t worry about it. Just take care of yourself and ray. Well, I’ll go out first.”

After saying that, gong hao yu left the room.

It was still early. In fact, Jonny had a lot to talk to ning xiao xi, but he was afraid that it would disturb her rest, so he went out directly. He’d better find a chance to talk with her.

The urgent delay was the matter of the Lin group, which was not easy to deal with.

At the same time, there was no sleepiness on her face at all. She was just in an excited mood when Ray came back.

Ray didn’t come back last night. Worried that he might be hungry, she hurried downstairs to make breakfast for him.

“Ray, you must be starving. I’ll go downstairs and make breakfast for you.”

Ray suddenly held her fair hand and said with a smile, “Mom, I’m not hungry. I’m full this morning.”

gu yi ran was confused. Where did he go to eat alone.

gu yi ran suddenly noticed that Ray’s clothes were clean and his face was good. He didn’t look like he had been wandering for a night. She was curious and confused.

“Ray, tell me, what happened last night?”

Seeing that her son ray was safe and sound, gu yi ran felt relieved and began to ask.

“Mom, I didn’t want to leave chen chen and han han yesterday, so I followed them out secretly, but I lost them in the end...”

ADVERTISEMENT

Ray told his mother the reason why he disappeared all of a sudden.

Sure enough, as expected, ray went out with chen chen and han han.

“And then?”

gu yi ran continued to ask.

“Then I couldn’t find chen chen and han han. I was so cold and hungry that I squatted at a bus station...”

.....

“Then that uncle made breakfast for me and sent me back.”

Ray told gu yi ran what happened last night without missing a single word.

gu yi ran’s heart ached when she heard this. She suddenly hugged ray, feeling a little emotional.

When her son was cold and hungry, as his mother, she was not by his side.

But at the same time, he was grateful to the person who took his son ray in. He took good care of ray and sent him home safely.

“I know my ray will live a peaceful life in an an city. If I have the chance, I must repay your uncle who took you in.”

“Mom, you know what?That uncle is the one who gave me the business card last time. What a coincidence! Am I destined to meet that uncle? ”

Ray said with a smile.

“Do you mean that you were almost hit by a car last time?”

Hearing Ray’s words, gu yi ran instantly understood that it was ou yang and ray who took ray in for one night.

ADVERTISEMENT

Ray nodded affirmatively. “Yes, it’s him.”

‘why is it so coincidental?The first time was an accident?Was it an accident this time?

Did ray find out who ray was? So ou yang tried his best to get close to ray and take him away secretly.

She was lost in thought. She felt that what she was worried about was about to happen.

“Mom, mom, what’s wrong with you?”

Seeing that there was something wrong with her face, ray held her hand and asked with concern.

“It’s okay, ray. I’m telling you, don’t contact strangers anymore, especially that uncle. There are too many bad guys outside. I’ll be worried, okay?”

In a moment of anxiety, her face darkened and she asked ray not to contact ou yang and ray anymore.

“Mom, you just said you would pay uncle back. Why do you say he is a bad guy now?He is so kind to me. He is not a bad guy. ”

Ray felt a little confused. His mother was so strange.

Moreover, he felt that ray ou yang was very kind to him, not like a bad guy. Hearing gu yi ran say that it was not good for ray ou yang, ray inexplicably felt a little uncomfortable. Why did his mother say that about his uncle?

“Well, you just need to remember what Mommy said. Don’t go out alone, let alone meet that person again.”

gu yi ran said in a gloomy tone, looking a little unhappy.

Ray stopped talking. He was afraid that he would make his mother angry again.

Ray lowered his head helplessly. He pouted and his black eyes circled around. He was thinking about why his mother didn’t allow me to meet his father since he was not a bad guy? I want to prove it to mom. I can’t let her misunderstand uncle like this.

## chapter 428

In another room, Ning Xi was no longer sleepy and had been lying quietly on the bed.

What she needed to do today was to go to the hospital to investigate what on earth had happened to her, so that she could not remember the past.

This matter was very important to her.

She tossed and turned in bed and couldn’t fall asleep. She decided to get up and go to the hospital early.

Ning stream went downstairs and left a note on the table, telling her that she had something to deal with in the hospital.

She thought that she would understand.

After leaving the note, Ning Xi went out.

.....

When Ning Xi arrived at the hospital, she went straight to her attending doctor.

“Doctor, I want to ask you why I can’t remember what happened before? Is there really congestion in your brain because of your carelessness?”

When the doctor saw Ning stream, he knew that she should be well prepared.

He couldn’t hide the fact that Jonny asked him to hide the fact that Ning Xi had lost his memory after the serious injury.

As a doctor, he indeed had the right to know his own condition, which was more understood than anyone else.

“In fact, you lost your previous memory because of a severe impact on your brain, which is also known as amnesia in medicine.”

The doctor told her the truth, but she was not surprised, because in her heart, she seemed to have known the answer long ago.

“Doctor, I want to know if my previous memory can be restored.”

## ADVERTISEMENT

Ning Xi pretended to ask indifferently. In fact, she was restless.

“Well... It’s hard to say. It’s serious. You were unconscious when you were first sent to the hospital. Some people can recall some old memories within a month, and some people can’t remember all their lives.”

The doctor told him everything he knew.

Ning Xi was silent. She thought of the scene that would occasionally appear in her mind. Could it be considered her past memory?

“But if you want to regain your memory slowly, you can go to some familiar places and meet some familiar people. Maybe it will help you.”

The doctor gave some good advice to Ning Xi.

Hearing the doctor’s words, ning xiao xi thought for a while and answered, “I see. Thank you, doctor. I’ll go first.”

ning xiao xi knew what she wanted to know, so she left the doctor’s office directly.

As for why the doctor said that she had forgotten what had happened in the past was caused by a slight touch of her brain, which caused the problem of cerebral congestion, Ning stream didn’t ask any more. She was very clear in her heart.

When she woke up in the hospital, the first person she saw was gong hao yu. Anyone could imagine that the doctor chose to hide it must be entrusted by someone.

Ning Xi walked dejectedly all the way in the corridor of the hospital. Although she had guessed that she had lost her memory, she was still a little uneasy when she heard the doctor say it personally.

It meant that she might have something to do with the man she hated, or she might be the mother of the two children.

But she forgot everything.

In the past few days, the images in Ning Xi’s mind became clearer and clearer. He didn’t know how to face chen chen and han han, and the man she once loved

She would rather she never think of the past, let her disappear and start the current Ning stream again.

Ning Xi walked and saw some reporters not far away, and some of them were stopping the reporters from taking photos of a ward.

Ning Xi walked all the way to the ward. She saw a girl lying inside through the window.

Not knowing why, Ning stream was attracted by her and she opened the door and entered the ward.

Ning Xi walked gently to the girl’s side and saw her lying quietly on the bed. Ning Xi couldn’t help but sit next to her.

Although the girl looked morbid, she looked particularly comfortable.

Ning Xi kept looking at the girl. Her face seemed to be clearer and more familiar in his mind. She vaguely remembered some fragments.

“I know you can do it. Celia is the best...”

ning xiao xi thought of something between her and Celia. She wanted to go on thinking, but her head ached as usual.

“Why?Why are there always some obstacles when you think of something?”

Lying on the edge of the bed, Ning Xi covered his head, hoping that the pain could no longer be endured.

Gradually, Celia’s finger moved, but Ning stream didn’t notice it.

ye xiao xiao opened her eyes in a daze. She raised her hand slowly and put it on Ning Xi’s head.

“Stream...”

ye xiao xiao said in a low voice.She even needed all her strength to support her voice.

Ning stream sensed that Celia had woken up. She sat up straight and saw that she had really woken up.

“Celia, you’re awake!”

Ning Xi didn’t know why he suddenly called out the name of ye xiao xiao. It seemed that this name often appeared for her and it sounded very natural.

“Naomi, is it really you?”

ye xiao xiao couldn’t believe that she saw Ning Xi beside her when she woke up.

It meant that the missing Ning Xi had come back.

At this moment, Ning stream did not deny that she was Ning stream. She nodded with a smile, “it’s me. How do you feel now?Do you need me to call a doctor?”

Ning Xi still didn’t know why ye xiao xiao was in the hospital. He didn’t remember her at all.

“No, I feel good now.”

At this moment, ye xiao xiao just wanted to have a chat with Ning Xi. chen chen and han han must be very happy that she came back.

“Naomi, why did you disappear all of a sudden?Now that you’re back, chen chen and han han must be very happy, and your husband must be very happy!”

ye xiao xiao didn’t know what happened to Ning Xi. She just wanted to share the happiness between them with Ning Xi.

Ning Xi frowned and didn’t understand what ye xiao xiao was talking about.

Did her disappearance have anything to do with the loss of memory after the severe brain injury?

chapter 429

Just when Ning Xi was about to answer ye xiao xiao's question, someone came in.

ning xiao xi and ye xiao xiao looked at the same time.

"Hey!who are you?Why are you here?Get out!"

ning xiao xi was pulled up from the seat by a bodyguard fiercely.

"Who are you?She is my friend."

ye xiao xiao wanted to stop him.

"ye xiao jie, Mr. Gu sent me to protect you. Without his permission, no one can get close to you."

The bodyguard's words were cold and dutiful.

"As I said, she is my friend."

ye xiao xiao said impatiently. Obviously, she was a little angry.

"It doesn't matter, Celia. I'll go back first. I'll see you next time."

Seeing this, Ning stream knew that the bodyguards were also for the safety of Celia, so she couldn't make things difficult for him.

"Naomi, you must come next time. Take chen chen and han han with you. I haven't seen them for a long time."

ye xiao xiao didn't insist anymore. Ning Xi agreed with ye xiao xiao and left the room.

After the bodyguard followed Ning Xi out of the room, he took out his phone and dialed a number.

"Mr. Xu, please tell Mr. Gu that ye xiao jie has woken up."

The bodyguard didn't say much and hung up the phone after telling the president's assistant.

Ning Xi, who was about to leave, heard the bodyguard's words and knew that he was talking about gu jin yi, so it was right for her to leave here and wait for the decision. She didn't know how to face them if they met.

Ning Xi thought too much on the way out.

Recalling what ye xiao xiao said to her?Did something bad happen before?That's why I lost my memory.

Ning Xi was getting more and more confused about what had happened to him. Only when his memory was completely restored could he know what had happened.

The truth could only be found by her step by step

As soon as gu jin yi knew that Celia had woken up, he and zi hao rushed to the hospital with an.

Seeing that the examination was going on in the hospital, the two of them waited outside.

At this time, an zi hao's phone rang. It was a call from the company. He walked aside and answered the phone.

Soon, the doctor came out of the ward after checking ye xiao xiao up.

"What do you think?Is she okay? "

gu jin yi looked at ye xiao xiao in the ward and asked the doctor indifferently.

"ye xiao jie is recovering well. It's the best condition for her to wake up this time. ye xiao jie will be discharged from the hospital in a few days."

After saying that, the doctor left. His words relieved gu jin yi. Celia finally recovered.

Celia walked into the ward quietly and noticed gu jin yi at the door.

"What do you think?Are you feeling better? "

gu jin yi asked directly as soon as he saw Celia.

"Mr. Gu, you two really have to watch me twice. You came here as soon as the stream left."

ye xiao xiao teased.

"A stream? Did she come?"

gu jin yi was especially surprised. Ning Xi had forgotten what had happened before. Why did he come to see Celia?Or did she think of something?

gu jin yi began to think more.

"Yes, why didn't she bring chen chen and han han with you.But I always feel that something is wrong, but I can't tell. "

ye xiao xiao told her how she felt when she saw Ning Xi this time.

gu jin yi was thinking about Ning Xi all the time. He kept silent, and a trace of gloom could be seen on his cold face.

ADVERTISEMENT

"What's wrong?You don't look well. "

ye xiao xiao wondered why the couple were so strange today.

"Celia, you're awake!"

At this time, an zi hao rushed over as soon as he answered the phone. He was more excited than anyone else when he saw Celia wake up.

“zi hao, you stay here with Celia. I’ll go back first.”

gu jin yi stood up directly. He didn’t tell ye xiao xiao anything about Ning Xi’s memory loss.

On one hand, he was worried that she would be emotional; on the other hand, he wanted to avoid unnecessary things from happening.

“Okay, you go ahead with your work. I can stay here with her. ”

an zi hao was eager to be with Celia.

“I don’t need your company. If you have something to do, you can go back. I can stay here alone.”

“No way? I must be with you when you wake up! ”

ye xiao xiao woke up. an zi hao was considerate.

He was so excited that he didn’t know what he had just said.

gu jin yi knew that an zi hao was here, so he didn’t need to worry about Celia and left the hospital.

ye xiao xiao had been lying here for a long time. When she suddenly woke up, an zi hao’s mood recovered in an instant. As long as she woke up, it meant that she had gradually recovered. He didn’t need to worry anymore.

But when he stayed with Celia alone, he felt a little nervous.

In order to break the embarra\*\*ment in the room, an zi hao took the initiative to chat with Celia.

“Are you hungry? I’ll peel an apple for you.”

Before Celia could say anything, an zi hao picked up the fruit knife and began to peel the apple.

“I’m not hungry. I just want to go out for a walk. I feel bored lying on the bed.”

ADVERTISEMENT

ye xiao xiao felt weak all over. She should go out for a walk in such a good weather.

“Okay, if you want to go out, I’ll take you out.”

an zi hao was determined to fulfill Celia’s wish as long as he could make her happy and not affect her health.

an zi hao pushed the wheelchair over and was about to let Celia sit down.

“Come on, let’s go out.”

“Will you let me go out with this?”

ye xiao xiao pointed at the wheelchair in front of her.

an nodded in confusion. He just wanted her to sit on a wheelchair. Was it difficult?

“I want to walk and take a walk. What’s the difference between sitting on a wheelchair and lying on the bed?”

ye xiao xiao told zi hao what she thought.

an zi hao turned around and thought what Celia said made sense.

“Okay, then you have to hold me. Don’t fall.”

an zi hao agreed reluctantly. Logically speaking, ye xiao xiao shouldn’t have gotten out of bed and walked when she just woke up.

“Okay, I know. Why are you so long winded like a woman. Besides, I’m not a kid. I’ll be careful. ”

ye xiao xiao couldn’t help complaining.

“Yes, ye xiao jie is right.”

Then, with the help of an zi hao, they came to the yard to bask in the sun. The two of them were talking and laughing, and the embarra\*\*ment was gone.

gu jin yi drove all the way to the company. His thoughts were very complicated at the moment, and he was at a loss about Ning stream.

chapter 430

On the other side, in the Lin group.

gong hao yu came to the CEO Office of Lin group because of the contract.

“lin zong, we have been working together for a long time and our business has been very good. Why did you refuse our cooperation this time?”

gong hao yu sat on the sofa with his long legs crossed, and the seemingly gentle man in front of him was the CEO of Lin group.

“As you know, our business is the most profitable. The conditions offered by the Empire group are indeed more advantageous than yours. I hope you can understand.”

lin zong’s tone was indifferent, but in fact, he spoke out his reason.

“What do you want? Isn’t it appropriate for you to refuse the cooperation of our group all of a sudden? After all, we have been working together for several years. Don’t you want to refuse lin zong’s invitation? ”

gong hao yu knew that it was because the Empire group took away the Lin Group’s business, and he also knew that gu jin yi did it on purpose. Thinking of this, he was determined to let him down and return.

“Mr. Gong, you can’t say that. I made the decision on the spur of the moment. We can cooperate with each other in any business in the future. Don’t embarra\*\* yourself because of this cooperation. ”

lin zong behaved modestly and didn't want the relationship between them to be stiff. After all, no one knew what would happen in the future, and there were many opportunities for cooperation.

"Now that lin zong has said so, I won't say anything more. I hope the next cooperation with lin zong won't let me down."

After saying that, gong hao yu stood up from the sofa and touched his suit jacket subconsciously.

"Okay, okay, there will be a chance."

Seeing that Jonny stood up and was about to leave, lin zong also stood up from the sofa.

Watching him leave, lin zong said casually behind him, "Mr. Gong, let's meet next time when you are free. Take care!"

Then, the assistant sent gong hao yu out of the CEO office.

After sending gong hao yu out, the assistant returned to the CEO office.

"lin zong, we have made a deal with the Empire group for the following business. Are you still going to cooperate with the palace group?"

#### ADVERTISEMENT

The assistant had just stood aside and heard the conversation between them. She felt something was wrong at that time. ming ming had cooperated with the imperial group, but why did lin zong say that he would also cooperate with the palace group?

lin zong put on a devilish smile and said, "cooperation is dead, and people are alive. We can't be hung on the same tree. Who knows what will happen to the Empire group and the palace group in the future? Understand?"

lin zong's words confused the assistant, but he also understood something.

Even if he didn't cooperate with the Gong group, he couldn't lose him.

Maybe one day in the future, he would come in handy.

"lin zong is so brilliant!"

The assistant slowly understood what lin zong meant and praised him.

"You should learn more from now on."

lin zong walked to his seat and sat down leisurely.

"Yes, yes. I will learn from you, lin zong."

lin zong waved his hand and realized that he would go out first.

The assistant understood and left the CEO office.

On the other side, the people arranged by Susan had been watching her every move.

Today, the spy had something to tell Susan, so he called her.

“Miss yam, I’ve done what you asked me to do.”

“Okay, see you in the same place.”

The two of them had a simple conversation. After that, Susan set out to the appointed place.

ADVERTISEMENT

“Miss yam, the photos and materials you want.”

A man wearing a black cap took out a file bag from his backpack without hesitation.

Susan stretched out her hand to take it. The man took back the document bag on purpose and showed a triumphant smile. “We’d better pay with one hand and deliver it with the other.”

Susan glanced at her and took out a bag of cash from her bag. “Here you are! Can you give it to me now?”

Susan stretched out her hand and said impatiently.

The man looked at the cash in the bag and handed the document bag to Susan.

Susan opened the file bag immediately and wanted to see what was in it.

“Miss yam, as far as I know, she shouldn’t be the one you want to find.”

Susan stared at the photos in her hand. They were all hers alone. She had no contact with the two children and gu jin yi.

And according to the information, her name was not Ning Xi, but Tianxin.

Then why did he see her with chen chen and han han last time? Was it just a coincidence?

Susan knew that the woman was not Nina, but someone else who had nothing to do with her. She didn’t know how to describe her heart at the moment. Should she be happy or worried?

Was there a third person in the world who looked so similar to them?

Susan was lost in thought

“Miss yam, if you don’t have anything else to say, I’ll leave first. Next time there’s such a chance, just call me. I promise I’ll satisfy you!”

Before the man left, he didn’t forget the next cooperation between them.

Susan had no time to talk to him because of the matter of Ning stream. She said casually, “I know.”

ADVERTISEMENT

The man left with a smile.

Susan couldn’t figure it out. Her mind was in a mess. Then she called ruo huan yan out. She should have known it and discussed with her. She should be able to help Susan sort out these complicated things.

Soon, she found an excuse and left the company.

Seeing Susan's sad face, she asked casually,

"What's wrong with you? Why are you in such a hurry to call me out?"

"Wei wei, I'm so conflicted. I have a big news to tell you!"

Susan was shocked and called out Ruo Huan Yan's name.

"Hello, Susan. I told you not to call my previous name. I'm Ruo Huan Yan now, not Ruyu. Do you understand?"

Ruo Huan Yan looked around, afraid that some acquaintances nearby would hear their conversation.

"I'm sorry. I was too excited. But it doesn't matter. There are only two of us here. No one will hear us."

Susan was so anxious that she called out a name that had disappeared for a long time.

"Well, tell me. Is there any big news?"

Ruo Huan Yan picked up a cup of coffee.

"Open it and have a look."

Susan put the file bag in front of Ruo Huan Yan and didn't say anything more. She thought that if she showed it to her, she would understand.

chapter 431

Ruo Huan Yan didn't understand what Susan meant, so she opened the file bag and took out something to look at it carefully.

"This... This woman is not Ning Xi?"

Ruo Huan Yan saw the document and understood.

Susan nodded, "It seems that we think too much. I have wondered how Ning Stream could be so lucky to fall from such a high place!"

"She is not Ning Stream. Now we are relieved."

Ruo Huan Yan knew that the woman in the photo was not Ning Xi. She was actually very happy. The appearance of Ning Xi would only make her worry.

"Yes, without her, I can save a lot of trouble. God thinks she deserves to die, haha."

Susan gave a cold smile, which made people Wei Wei feel creepy.

"Susan, I think it's a little strange. There is a woman who looks so much like you. She just appeared after the death of Ning Stream, and she knows the two children of Ning Stream. What a coincidence!"

Ruo Huan Yan felt that it was not that simple. Everything happened so coincidentally that she felt a little uneasy.

ruo huan yan's words made Susan confused again. She had thought it was a coincidence, but when ruo huan yan said so, her doubts became more obvious.

"Roger, that's exactly what I'm confused about. But the information has been found out, so it shouldn't be false."

The two of them were lost in thought.

"In that case, let's try her."

ruo huan yan came up with a way to test whether she was Ning Xi or not, which would make them feel more relieved.

"How?"

Susan asked curiously.

ruo huan yan got close to her and whispered, "we can do this..."

ruo huan yan told her what she thought.

Susan thought for a while and nodded, "that's a good idea. Let's try it someday."

"If she is really not Ning stream, she can be used by us."

ruo huan yan seemed to have a clear idea.

Whether she was Ning Xi or not, she had a way to deal with her.

Susan gave a meaningful smile and said, "you know me best, Roger."

On the other side, Nina returned home absentmindedly. She was in the hall with ray.

Seeing Ning stream back, she asked casually, "Tianxin, you're back. I haven't seen you in the early morning."

ning xiao xi didn't hear what she said, so she walked up the stairs lightly.

Noticing that there was something wrong with Ning stream, gu yi ran walked up to her and asked, "Tianxin, what's wrong with you?"

ning xiao xi stopped and heard what gu yi ran said.

"What?Nothing. I just went to the hospital. "

Ning Xi told her the truth.

"Are you going to consult the doctor about your problem?"

She guessed that Nina had mentioned to go to the hospital last time, but she didn't expect that she would really go there. Besides, she looked so anxious. It seemed that she also wanted to know what had happened.

Ning Xi nodded. She didn't hide anything from gu yi ran.

"What did the doctor say?"

gu yi ran continued to ask. In fact, she also wanted to know.

"I'm sorry, Amanda. I'm a little tired. I want to go upstairs and have a rest."

Ning Xi didn't want to mention it at the moment. Her mind was in a mess. She just wanted to have a good sleep and forget everything.

"Okay. Go to bed if you are tired."

gu yi ran could tell that Ning stream was tired, so she stopped asking.

"Thank you, Amanda."

Ning Xi said with a smile and then went upstairs.

Looking at the back of Ning stream, gu yi ran frowned slightly. It seemed that the result of her going to the hospital could be expected, so he was a little worried about her.

On the other side, in the villa of Gu family.

After lunch, chen chen and han han actively prepared for tomorrow's weekend, because they could go to the amus\*\*\*\*t park with their parents tomorrow. They were in an indescribable mood.

"chen chen, han han, what are you doing?"

The pills were packed in the hall. Seeing that the two babies seemed to be preparing something carefully, she asked curiously.

"We are going to the amus\*\*\*\*t park tomorrow, so we have to prepare something."

han han said excitedly.

"Really?Who are you with? "

She tried to figure out whether gu jin yi would be at home tomorrow.

"It's with us..."

"Of course with Daddy!"

chen chen was worried that han han would spill the beans, and that it would be troublesome if they told han han about their mother, so he said it before Alice.

"Oh, so you don't have to go to the company tomorrow."

The pill muttered to herself.

“Sister pill, what are you talking about?”

The two babies didn't hear what the pills said clearly and asked again.

“Nothing. Have a good time tomorrow.”

She thought that gu jin yi wouldn't go to work tomorrow. Except taking chen chen and han han to the amus\*\*\*\*t park, she should be at home all the time. In this way, she would have a lot of time to stay with him and get close to him.

Thinking of this, the pill was full of joy.

“We will have a good time!”

The two babies said at the same time. When they thought of going to the amus\*\*\*\*t park with their parents, they felt that the scene was not beautiful.

At this time, pei xiu juan came in from the yard. Seeing that the two babies were very happy, she asked happily, “what makes my two babies so happy? Tell me. I'm so happy. ”

“Grandma, daddy will take us to the amus\*\*\*\*t park tomorrow weekend.”

han han couldn't help but share her joy. Her baby voice was so cute.

chen chen, on the other hand, was sweating when he was with her. Fortunately, han han didn't tell her that her mother would go to the amus\*\*\*\*t park with them, and this matter could only be kept a secret for now.

chen chen thought it was better not to let their grandma know that their mommy had lost her memory, or she would be worried.

chapter 433

For the whole afternoon, the two babies stayed at home with their grandma.

The three of them got along very well, and the happy time always pa\*\*ed quickly. The afternoon pa\*\*ed quickly.

It was almost time for gu jin yi to go home. The pills were busy in the kitchen. pei xiu juan also went into the kitchen and prepared some desserts for her two dear grandsons.

On the other hand, chen chen and han han two ran upstairs and couldn't wait to go back to their room to send a message to their mommy, Ning Xi, to remind her that it was weekend tomorrow and they were afraid that she would forget it.

“Mommy, tomorrow is weekend. Don't forget our agreement.”

chen chen quickly typed on the keyboard and sent a message to Ning Xi.

At this moment, Ning Xi was still lying on the bed. When he heard the sound of his mobile phone, he opened WeChat.

It was a message from chen chen. It was not until then that Ning Xi realized that he would go to the amus\*\*\*\*t park with the two of them tomorrow. He almost forgot it.

She typed quickly and was about to say yes.

“Okay, I will go to the amus\*\*\*\*t park with you tomorrow.”

But at this moment, she deleted the words she had typed. She didn’t know how to face chen chen and han han. What ident\*\*y should she get along with them? There were so many things that Ning Xi still couldn’t remember.

Ning Xi, whose mind was still in a mess, slowly put down her phone. She had to think about it and not return to them for the time being.

The two babies sat in front of the computer, waiting for their mommy’s information. She didn’t receive any message.

han han couldn’t help asking, “brother, why doesn’t Mommy come back to us? Does she not want to go to the amus\*\*\*\*t park with us tomorrow?”

“Don’t worry. Mommy might haven’t seen the message, so she hasn’t replied us yet.”

In fact, chen chen was also a little nervous. He wanted to see their mommy’s message as soon as possible.

The two babies stared at the computer screen, looking forward to it

The two babies had been waiting for a long time. Seeing that Ning Xi was online but didn’t reply to their messages, they became more and more disappointed.

“Mommy, ming ming is looking at his phone. Why didn’t he reply to us? Why?”

han han’s little baby began to get impatient. At this moment, chen chen didn’t comfort his sister, because he was also very anxious at the moment.

He had a guess in his heart, ‘does Mommy find that she is going to the amus\*\*\*\*t park with Daddy tomorrow?’?

How could she know? Even daddy didn’t know about it, let alone Mommy.

Not long after, when the two babies were about to go downstairs in disappointment, Ning Xi texted back.

“I’m sorry. I was busy just now. I’ll go to the amus\*\*\*\*t park with you tomorrow.”

When the two babies saw the message was from their mommy, they stared at the line on the screen of the computer with big eyes.

chen chen and han han were overjoyed to see their mommy agree.

The brother and sister gave each other a slap in the face. "Yeah! Mommy agreed!"

Now they could go downstairs for dinner in an an's heart.

Ning Xi, who was sitting in the room, thought that he had promised chen chen and han han to go with them. After all, he hadn't been with them for a long time. No matter what happens, tomorrow I will put aside everything and wholeheartedly take their mommy to play with you for a day.

The two babies went downstairs in high spirits. Seeing that they seemed to be very happy, pei xiu juan asked, "Hey, my dear grandchildren, what makes you so excited?"

The two babies cooperated well this time and said in one voice, "it's a secret! Haha..."

Seeing this, she didn't ask any more questions. She just wanted to show herself in front of gu jin yi tomorrow. After all, he would be at home tomorrow. She couldn't let go of this good opportunity.

chapter 432

"Yes, grandma, we can't stay with you at home tomorrow."

chen chen said.

"Well, grandma, I'm so pitiful. I want to stay at home alone! I'm so sad..."

pei xiu juan pretended to be aggrieved. han han was really deceived by their grandmother, and her happy expression suddenly became a little serious.

She wondered if she shouldn't leave grandma alone at home. If we go out to play, grandma must be very lonely

han han pouted. She was in a dilemma and didn't know what to do.

On one side was their favorite parents, and on the other side was their favorite grandmother. This choice was really difficult.

At the same time, chen chen, who was standing beside them, was smart enough. When he saw his grandmother, he didn't really get angry or aggrieved, but just made fun of them on purpose.

"Grandma, don't scare your sister. She is going to cry again."

ADVERTISEMENT

chen chen said with a smile.

pei xiu juan could tell that chen chen was not cheated by her. She held him in her arms and said, "my grandson, you are so smart. It's too difficult to deceive you!"

Hearing this, han han pouted even more. "Grandma is a liar! han han didn't want to play with grandma anymore. Humph!"

han han put her arms around her chest and looked so angry that people couldn't help laughing. She was so cute.

chen chen and pei xiu juan giggled.

"Bad guys! Grandma and brother are bad guys. Don't play with you two!"

han han was so angry that she looked like du du. As a grandmother, pei xiu juan couldn't help laughing. She hugged han han and coaxed, "my dear granddaughter, don't be angry with me. I also want to be with you."

han han still looked away, ignoring her grandmother pei xiu juan's words.

"han han, if you are still angry, you will get wrinkles on your face. If you become an old woman, you will become ugly."

Seeing that han han still ignored them, chen chen came up with an idea. As expected, han han covered her face as soon as she heard that the wrinkles on her face were about to become ugly.

She quickly got out of pei xiu juan's arms and ran to the mirror to look around.

pei xiu juan was worried that han han would be in a worse mood because of chen chen's words. She was about to walk over to comfort her granddaughter.

But chen chen stopped her, "grandma, just sit here. han han won't be angry soon."

chen chen could tell that pei xiu juan was worried. His words made pei xiu juan a little confused. Would he really not be angry anymore?

han han, who ran to the mirror, was in a good mood when she saw her pink face.

han han walked back to the hall slowly and her mood was clear. She sat down on the sofa expressionlessly without saying a word.

Seeing this, pei xiu juan knew that han han seemed to be in a worse mood. She didn't even say a word and thought uneasily, 'oh my God! I shouldn't have joked with my dear granddaughter. What should I do if she gets angry?'

pei xiu juan began to regret that she had lied to han han on purpose just now. When she was worried, han han said suddenly, "grandma, I'm not angry with you. What brother said makes sense. What if I get angry and become ugly? I'm a super invincible beautiful girl!"

pei xiu juan's mood dropped like a stone in an instant. She felt much more relaxed. As expected, just as what chen chen guessed, han han really didn't get angry.

"Yes, yes. Our han han is the most beautiful female soldier!"

pei xiu juan continued to praise han han.

han han giggled. Seeing that her two grandsons were happy, pei xiu juan was naturally in a good mood. pei xiu juan and chen chen were amused by han han again. They had no choice but to do something to han han.

.....

chapter 435

“chen chen, han han, I see. You really did me a big favor this time.”

The two babies were very happy to hear that they had helped their father a lot.

They were not only helping their father, but also helping their son find his mother as soon as possible.

“Daddy, don’t worry. We will always help you find Mommy.”

“Yes, yes. If we three cooperate, there will be nothing we can’t do. For us, Mommy’s memory loss is a piece of cake!”

The two babies said confidently.

gu jin yi believed that he could help her remember Ning Xi’s memory loss.

But he suddenly had a question, “chen chen, han han, how did you get in touch with Mommy? Why did you ask her out?”

It was not an easy thing to ask her out now. The two babies actually did it.

The two babies looked at each other with Snickers.

“Daddy, you don’t have to worry about that. Of course we have our exclusive secret recipe. In a word, we will always help daddy until the day Mommy remembers us!”

Sometimes, he didn’t expect the two babies to be so smart. He had done a lot of things that he couldn’t do. His two precious sons and daughters had done it, which saved him a lot of trouble.

“Okay, Daddy won’t ask anymore. My two babies are smart!”

After the three of them finished talking, the two babies went back to their room to sleep. After they finished what they should do today, they could sleep at ease and wait for the coming of tomorrow.

gu jin yi was about to go back to his room when his mother, pei xiu juan, came over and said in a low voice, “well, I have something to tell you.”

Hearing this, gu jin yi stopped and the mother and son sat down.

ADVERTISEMENT

“How’s the company going now?”

At first, pei xiu juan didn’t know how to introduce a girl to her son. He must be impatient. So she asked about the company’s affairs.

“The company is very good now. There will be a lot of things to deal with in the company in a period of time. I may be back late. Please take care of chen chen and han han, mom.”

gu jin yi said in an indifferent tone.

“Of course. chen chen and han han are also my grandsons. How can I not take good care of them?”

pei xiu juan said affirmatively.

A faint smile appeared on gu jin yi’s zhang jun qiao face.

pei xiu juan paid attention to her son. It seemed that he had gradually let go of Ning stream.

At the beginning, he had put aside all the company’s affairs because of Ning stream, but now he was still busy with the company’s affairs, which meant that he had been slowly relieved.

This was a good thing for pei xiu juan, and there was hope for what she wanted to say.

In fact, at this moment, gu jin yi was thinking about Ning Xi and the scene when she came back home. He would never let their family apart at that time.

“Son, what do you think of wen shu shu’s daughter Irene?”

pei xiu juan got to the point.

“Irene... Mom, you mean the girl who liked crying so much when she was a child. We haven’t seen each other for a long time.”

gu jin yi vaguely remembered that he was his playmate in his childhood.

“Yes, it’s her. Do you remember her. But she was not the girl who liked to cry before. Now she was beautiful and graceful. She is not only beautiful, but also has a good job!”

ADVERTISEMENT

pei xiu juan tried her best to put in a good word for Irene.

“Didn’t she go abroad?”

gu jin yi remembered that she went abroad when she was ten years old and hadn’t come back yet.

“Yes, but I came back a few days ago. I haven’t seen you for a long time. Let’s make an appointment to see each other and contact each other someday.”

pei xiu juan wanted to make a matchmaker for them, but she didn’t say it directly.

But gu jin yi knew what his mother pei xiu juan was thinking.

“Mom, don’t worry about it. Besides, I only love Naomi and she is my wife. I won’t consider others.”

gu jin yi told pei xiu juan his thought directly in case she had other thoughts.

“I didn’t ask you to do anything with her. I just want to try to get in touch with her and know her well. If you really don’t like me, I won’t force you!”

pei xiu juan felt helpless when she saw that he resisted.

But pei xiu juan had expected this.

gu jin yi remained silent and didn't reply to pei xiu juan.

"All right, all right. I won't tell you anymore."

pei xiu juan stopped talking about Irene when she saw that he was against it.

"I'm tired. I'm going to bed."

When he was about to stand up, pei xiu juan grabbed his arm and said, "wait, my son."

He had no choice but to sit back.

"What do you think of the pills?What? "

pei xiu juan wouldn't give up until Yellow River, so she asked tentatively.

"Mom, what the hell do you want to do?"

gu jin yi didn't expect that his mother pei xiu juan could connect all the pills. He was also helpless. gu jin yi covered his head to show that he was annoyed by pei xiu juan's words.

"Oh, my God!What did you do?I just want to know how you are?I have made up my mind whether I should let her go home and ask a maid to help me. Why are you so excited? "

In fact, pei xiu juan had other thoughts, but this time she was smart enough not to reveal them to gu jin yi. She decided to wait for a while.

gu jin yi raised his head slowly and looked at pei xiu juan with his deep black eyes. He looked at her in surprise and said, "Mom, I see."

gu jin yi seemed to be relieved at once. His mother finally stopped introducing him any more.

"Look at you. I'm still very reasonable!"

pei xiu juan said arrogantly, crossing her arms.

"Yes, yes, my mother is the most reasonable one."

Seeing that pei xiu juan didn't mention that annoying thing, gu jin yi felt better.

chapter 436

"I think this girl is from the countryside after all. She doesn't know many things and is clumsy. How about I hire another aunt?"

pei xiu juan pretended to discuss with gu jin yi and deliberately said something bad about the pills to see what attitude gu jin yi would have.

“It’s up to you. However, this girl is quite good. Although she is from the countryside, she has done a good job. The most important thing is that chen chen and han han like her, so that your two precious grandsons can play with them.”

Seeing that pei xiu juan didn’t introduce him any more, gu jin yi let go of his worries and spoke out what he was thinking.

pei xiu juan stole a glance at her son. When she heard that his attitude towards pills was good, pei xiu juan was very happy, which meant that the pills could be accepted slowly by her son.

When he talked about Irene just now, his attitude towards pills changed a lot. It was a good thing.

Although pei xiu juan didn’t like pills very much, what her son gu jin yi said made sense. Because both chen chen and han han liked her, it would be easier for them to get along with each other in the future. At least her two precious grandsons could accept it.

Although Irene was nice, she was a stranger to chen chen and han han. If a strange woman married gu jin yi, the two children would definitely not like or accept her. pei xiu juan didn’t want to see her two grandsons unhappy.

“Son, I think what you said makes sense. Pills work well. After all, the food we cook is quite to our appetite. I’ll think about finding a aunt.”

pei xiu juan didn’t mean to drink. It was a good start for her to get some important information from him.

“Mom, it’s up to you. I’m a little sleepy. I have to go back to my room and have a rest.”

gu jin yi stood up and was about to go back to his room.

“Okay, you can go to bed now.”

pei xiu juan was relieved to know what she wanted to know.

“Mom, go to bed early too.”

gu jin yi reminded pei xiu juan.

“I know. Good night, son!”

With a sense of humor, pei xiu juan made a heart to heart gesture to her son gu jin yi, and then waved at him. pei xiu juan seemed to be in a good mood.

Although the result didn’t satisfy pei xiu juan very much, it was a good result. Next, she could also make more contact with her son according to the plan.

gu jin yi smiled gently at his mother.

He found that since his mother, pei xiu juan, lived with the two babies, she became more humorous. It seemed that they would affect each other.

chen chen and han han were positive, sunny and humorous. It was strange that their grandmother was not humorous.

But that's good. A young mentality is good for everyone.

After gu jin yi returned to his room, pei xiu juan stood up slowly and went back to her room. She thought that she had to think about it carefully and find an opportunity to talk with the pill. If they knew each other more, maybe her son would gradually accept it.

Yes! Perfect!

In another room, the pill refiner was looking through his clothes in the wardrobe. He would not go to the company tomorrow, so the pill refiner seized this opportunity and thought that he must dress up more beautiful and attract more attention.

So this evening, she chose the clothes she thought were good. Standing in front of the mirror, she looked left and right and felt it was not bad.

It suddenly occurred to her that Ning Xi had worn a Black Slim dress before. She looked beautiful and perfect in it, and her figure was well decorated.

The pill felt that her figure was not worse than that of Ning Xi. Coincidentally, she also had a Black Slim dress, so she took it out and changed it on.

The pill stood in front of the mirror and looked up at herself, full of joy.

It was indeed very beautiful. The slim dress accentuated the perfect body proportion and curve line, and with a mei mei makeup, it would be even more perfect. Any man could not help but take a look at it.

“Okay! I'll choose this one!”

The pill was confident that gu jin yi would notice her tomorrow, so she decided to wear it tomorrow.

ADVERTISEMENT

She was imagining that tomorrow when he saw her so beautiful, he would definitely be shocked.

Thinking of the astonishment and shyness in his eyes, she lowered her eyes and didn't know what to do.

The pill covered her flushed cheeks and hid into the quilt

The second morning.

The two babies were so excited that they couldn't fall asleep. The day they had waited for a long time finally came.

Excited, chen chen and han han got up early and sneaked into gu jin yi's room.

She thought their daddy was still sleeping and wanted to give him a surprise, but when she entered the room, her daddy found her.

“chen chen, han han, why do you get up so early?”

“Daddy, you are awake!”

han han pouted. She had thought about how to make fun of her father, but he broke it. han han was a little unhappy.

“Come and lie down with daddy for a while.”

After saying that, the two babies climbed to gu jin yi

Beside her.

“Daddy, can’t you fall asleep?”

It seemed that chen chen could read gu jin yi’s mind.

“Yes... Because we are going to meet Mommy today.”

ADVERTISEMENT

Sure enough, the reason why he felt a little complicated was that he was going to meet Nina today.

And chen chen also guessed it. They couldn’t fall asleep today because they were going to see their mother today. Excitement mixed with excitement, they couldn’t fall asleep.

“Daddy, did Mommy think of us when you met her last time?”

han han asked curiously.

Last time, their parents met at the gate of their home. No, it should be said that they met on purpose by their brother. They didn’t know if anything happened between them.

In fact, han han was very curious and wanted to know.

gu jin yi shook his head slightly, “Mommy is still the same...”

At the thought of this, he felt a little disappointed. They used to be a happy family, but now she was gone.

“Daddy, it doesn’t matter. Mommy will think of us. At least she has changed for you.”

chen chen comforted his daddy. That night, chen chen could see that their mommy didn’t resist their daddy as much as she did in the hospital, which meant that their mommy was getting better and better.

Reminded by chen chen, he seemed to remember something.

That night, for a moment, he also felt that Ning Xi had feelings for him, and was not so strange.

Her eyes told him that she had him in her heart, but it was difficult for her to walk out alone.

Besides, Ning Xi went to the hospital to see ye xiao xiao last time, which meant that she might have remembered something, but she didn’t say it.

gu jin yi thought that he would know whether Ning Xi remembered them or not.

“chen chen, han han, you must cooperate with Daddy when you arrive at the amusement park. Let’s bring Mommy back from amnesia together.”

gu jin yi said softly, holding the two babies in his arms.

“Daddy, don’t worry. We will cooperate with you.”

“Daddy’s business is our business. We will definitely help daddy find Mommy!”

The two babies were in high spirits. As long as it was about their parents, they would do their best.

“I have another good news to tell you. Celia woke up two days ago. I’ll take you to see her when I’m free.”

Busy with the matter of Ning stream, gu jin yi forgot about the fact that Celia had woken up. When he thought of it, he told chen chen and han han to make them happy.

“Aunt Celia woke up? Really? Daddy? ”

chen chen was a little excited. He hadn’t seen Celia for a long time. He missed her so much.

“Great! Aunt Celia can be with us again! Daddy, remember to take us to see her earlier. ”

han han clapped her hands excitedly. It was a good thing for everyone.

The three of them leaned against each other and chatted like friends. Gradually, time passed and it was time to get up.

They put on their clothes and went downstairs after getting everything ready.

The pills had been prepared downstairs, and pei xiu juan had already helped her.

The pill she got up early in the morning hadn’t been changed into her Black Slim dress. Because pei xiu juan was also at home, she was a little timid. So she was waiting for an opportunity to change it when she had time to be alone with gu jin yi.

What she didn’t know was that pei xiu juan was eager to take the initiative to get close to gu jin yi, so that she wouldn’t have to worry about it and didn’t need her arrangement step by step.

“Good morning, grandma!”

ADVERTISEMENT

“Good morning, grandma!”

The two babies greeted pei xiu juan politely as soon as they came downstairs.

“ Boys and girls , Good morning ! ”

pei xiu juan’s sudden English surprised chen chen, han han and gu jin yi.

“Wow!Grandma, you can speak English! ”

han han stared at her grandmother with her big round eyes. It was amazing.

“Grandma, you are awesome!”

chen chen gave pei xiu juan a thumbs up and looked very surprised.

On the other hand, he chose to keep silent, but his expression was so surprising.

“Hey, don’t praise me like that. I’ll be embarrassed. I just learned it yesterday in case I couldn’t keep up with my two grandsons!”

pei xiu juan was praised by her two grandsons early in the morning, and her face was full of joy~

“Come on, have breakfast first. We are going to the amusement park today, aren’t we?”

When the pill refiner in the kitchen heard pei xiu juan’s words, he thought to himself, ‘Mr. Gu, are you going to take chen chen and han han to the amusement park so early?’ But it was a good thing that Mr. Gu could come back early.

They sat together and had breakfast happily.

At this time, the pill came over and asked tentatively, “Mr. Brian, when will you and chen chen and han han come back?”

“I don’t know yet. What’s up?”

gu jin yi thought there was something wrong with the pill, so he asked casually.

ADVERTISEMENT

“No, no, No. I’m just worried that chen chen and han han will be hungry when they come back, so I can prepare some food for you.”

She was afraid that gu jin yi would see through her mind, so she explained hurriedly in the name of the two babies.

The two babies were so young that they didn’t understand the hidden meaning of pills. chen chen and han han thought pills were just to prepare delicious food for them, waiting for them to come back after playing tired.

The brother and sister smiled at the pills.

“Thank you, sister pill. You are so considerate.”

The smile on han han’s face was so lovely and warm.

“Thank you for your kindness, but we are not sure when we can come back. Daddy?”

At the thought that he went with his parents today, chen chen didn’t know when he would come back. Perhaps he would be outside all day long.

What chen chen said was exactly what gu jin yi wanted to answer. Ning stream would go with them, so gu jin yi hoped to stay with Ning stream longer.

“Well, we can’t be sure when we will come back now. You don’t have to prepare anything to eat. If I take them out to play, they will certainly be full, right, chen chen and han han?”

gu jin yi looked at the two little bad guys opposite him and said in a spoiled tone.

The two babies nodded.

“Daddy is right!”

chen chen pretended to think it over, and finally nodded like a poet.

“Ha ha, I want to eat a lot of delicious food and play a lot of fun today!”

As for han han, she was excited to hear that they could have fun.

#### ADVERTISEMENT

They were happy to hear that, but the pills were not happy. When could she wait for Mr. Gu to come back?

“And the pills. I happen to have something to deal with today. I’m hanging out with my new friends abroad. I don’t know when I’ll be back, so I don’t need to cook for me.”

This weekend, pei xiu juan made an appointment with her old friends who hadn’t seen each other for many years. It was time for them to catch up on each other since they hadn’t seen each other for a long time.

“In that case, you don’t have to take care of chen chen and han han today, and I’m not at home either. How about this? You can take a break at home or go to play.”

gu jin yi also understood that taking care of chen chen and han han with pills had been a hard work for her, and she should take advantage of the weekend to relax her.

“Okay, I see. Have a good time, Mr. Brian. I’ll go out first.”

After saying that, she walked out of the restaurant in a low mood. Answering the kitchen, she curled her lips and felt irritable.

Was her wish to behave well today shattered like this?

‘pill? I can’t think so. Although Mr. Gu said he didn’t know when he would come back, he would only take the two children to the amusement park to play for a long time. I believe he will come back in the afternoon at most.’

The pill thought of pei xiu juan, who just said that she would go out to have a party with her old friend, and she didn’t know when she would come back. This was good news for her pill.

‘My old friend must have a lot to talk to me, so I should come back very late,’ she thought.

Without pei xiu juan at home and without any hindrance, the pill felt more convenient to move.

Thinking of this, the pill immediately felt happy. Now they were waiting for them to go out. She didn’t need to worry about who was at home and could go back to her room to dress up.

After breakfast, they went out first, followed by pei xiu juan, chen chen and han han.

There was only one pill left at home. She packed up and went back to her room.

chapter 438

On the other side, Ning stream changed into clothes which were convenient for going out as appointed by chen chen and han han, and was about to go out.

As soon as she went downstairs, she saw that Yvonne was in the hall with ray. Seeing that Ning stream had changed her clothes, she asked casually, "Yixin, are you going out?"

"Yes, I have something to deal with outside."

Ning stream didn't tell her that she was going to the amusement park with chen chen and han han in case she thought too much.

"Okay, take care of yourself."

gu yi ran reminded Ning Xi every time.

Ning Xi nodded with a smile and then went out directly.

"Mom, I haven't seen aunt Tianxin at home these two days. Does she go out to work now?"

How could she not notice the problem that Ray had noticed?

Indeed, there seemed to be a lot of things happening to Ning stream in the past two days, and she was sure that it was about her memory. She should be trying her best to look for her past memory now.

"Ray is so considerate. You can see that Aunt Tianxin often goes out."

gu yi ran covered Ray's face and praised him.

"Haha..."

Ray smiled innocently.

"Aunt Tianxin went out because she had something to deal with. Ray, don't tell Uncle Tianxin that Aunt Tianxin always goes out because he will worry about her, okay?"

gu yi ran was worried that Ray would tell gong hao yu by accident. If he knew it, it would be difficult for her to go out alone.

For this point, she was still on the side of Ning stream.

'now that Tianxin isn't what she is now, it's useless for Jonny to force her to stay by his side. I should let her look for her in the past and regain her memory,' she thought.

When all her memories were restored, the decision she made would be fair to everyone.

"Okay, mom. Don't worry. I will keep my mouth shut."

Ray pretended to pursed his lips and acted in front of his mother, indicating that he would keep his mouth shut.

“I know my ray is the best. He is my mother’s sweet vest.”

The mother and son hugged each other tightly, with a happy smile on their faces.

Ning Xi went straight to the amusement park mentioned by chen chen and han han. She arrived ahead of time and walked around.

At the same time, gu jin yi, chen chen and han han were on the way. The three of them were looking forward to the meeting of the he ning stream later.

“chen chen, han han, are you nervous?”

gu jin yi, who was driving, was actually more nervous than anyone else, but he pretended to be calm and asked the two little babies.

“I’m not nervous! I’m so happy! I’ll see Mommy soon! ”

The lovely han han was indeed more relaxed than anyone else, because at this moment, she only wanted to see her mother, not caring whether her mother had forgotten them or not.

“Daddy, are you nervous?”

As usual, chen chen didn’t feel nervous, but he was a little worried. After all, his mother had forgotten a lot of things, and he didn’t know what would happen this time.

Besides, they didn’t tell Ning Xi that their father would also come this time. They were really worried that she would leave angrily.

“I’m not nervous. How can I be nervous? I’m so happy to see your mommy. ”

gu jin yi tried to hide his true feelings.

Seeing chen chen and han han could be so relaxed, and as their father, gu jin yi couldn’t make chen chen and han han feel more nervous than them.

“Hahaha... I’m a beautiful girl...”

han han happily sang the song she made up. Along the way, she laughed happily.

.....

Soon, they arrived at the amusement park.

As soon as chen chen and han han got out of the car, they saw Ning stream not far away and ran towards her.

“Mommy!”

“Mommy!”

Hearing the voices of the two babies, Ning Xi looked up at them, “chen chen, han han!”

At this moment, when Ning stream saw the two babies running towards her, she felt inexplicably sad. At the same time, she ran towards them. In this way, the three of them hugged each other.

“chen chen, han han, I miss you so much...”

Ning Xi was inexplicably sad. She held chen chen and han han tightly, full of tenderness and love to them.

“Mommy, han han also miss you so much...”

“Mommy has seen us, hasn’t she? Then you don’t have to miss us, because you can see us.”

What chen chen and han han didn’t know was that what Ning Xi was saying at the moment was not that he missed them not because he hadn’t seen them for a few days, but that he had forgotten them and recalled their feelings again.

It felt like they had seen each other again after so many years.

This kind of missing was incomprehensible, and only Ning Xi knew this feeling.

“Well, I’m so happy to see your mommy.”

Ning stream stroked the hair on the foreheads of the two babies and looked at them lovingly.

“We are so happy!”

“I see our beloved Mommy again.”

The two little babies clung to the stream, as if no one could give them this feeling.

“Let’s go. Mommy will take you to play.”

Ning stream held the hands of the two little babies and was about to enter the amusement park. At this time, gu jin yi came over from behind them and called out the name of Ning stream not far away. His voice was a little deep but gentle, “stream.”

As soon as Ning Xi heard this voice, she knew it was him, the man she loved very much.

Ning Xi slowly turned around and looked up. It was really him, the man she had forgotten for a long time.

Ning Xi had already remembered gu jin yi, chen chen and han han that night, but there were still some vague things that she hadn’t remembered.

At this moment, she didn’t know how to face the man in front of her. Should she continue to pretend not to know him or should she get along with him as before?

ning xiao xi thought it was not appropriate for her to pretend not to know her, which would make her feel uncomfortable. But now she felt a little strange and uncomfortable to get along with him as before.

She didn’t know what to do

ning xiao xi turned around again. Her expressionless face might make chen chen and han han a little nervous and worried.

chen chen han han thought Ning Xi would leave when he saw their father. Without waiting for Ning Xi's response, chen chen quickly stood in front of Ning Xi and stopped her.

Then he told her, "Mommy, we didn't mean to lie to you. Don't be angry. Daddy doesn't have to go to the company this weekend. He is worried about the two of us, so he sent us here. "

Of course, chen chen wouldn't tell their mommy that it was their plan. Although Ning Xi often taught them not to lie, it didn't count, because he did it in order to make their mommy come back to them.

chapter 439

"Mommy, don't leave. You can play with Daddy. I haven't been with you and daddy for a long time..."

And han han's trick was to act like a spoiled child with a pitiful expression, which was irresistible.

In fact, Ning Xi wasn't angry with chen chen, han han and others for bringing gu jin yi here. He didn't know what he had done to make them misunderstand him.

"Mommy is not angry. She just doesn't know... How to face it..."

Ning Xi explained to chen chen.

And what she said confused chen chen. What was Mommy talking about? She didn't know how to face everything?

As for chen chen and han han, they still couldn't understand something between them.

"Mommy..."

Then, han han held the slender hand of Ning Xi and looked up at him with a dotting expression.

At the thought of chen chen and han han, Ning Xi felt sorry for the two of them. She felt guilty to be their mother after leaving them for so long.

Ning Xi didn't care so much. Let nature take its course. Since he had promised to play with chen chen and han han for a day, he should be with them no matter what happened.

This was a promise as a man who kept his promise, and a mother's responsibility for them.

"Mommy won't leave. I will play with you as I promised. I won't go back on my word."

Hearing this, the two babies immediately threw themselves into their arms and tightly hugged Ning Xi.

Gradually, he walked to the side of Ning stream.

Ning Xi had already found it, because his aura was so powerful that no one could feel it.

The two of them didn't know what to say. They would stay together the whole day. How long would this embarrassing atmosphere last?

Of course, the smart and smart twins came in handy. They were the main figures who eased the embarrassment between gu jin yi and Ning Xi.

"Daddy, Mommy, let's go inside."

"Let's think about what we want to play."

As the two babies spoke, they pulled their parents into the amusement park.

As soon as they entered, they saw a variety of amusement equipment, which made the two little babies shine with excitement.

"Wow, this amusement park looks bigger and more interesting than before!"

"It seems that it's really fun. I want to play every game!"

The two babies were very excited. It seemed that they hadn't taken them out for a long time. As their parents, they really felt that they owed them.

"Since chen chen and han han want to play, Mommy will play with you."

"Daddy will be with you too. Daddy will protect you and Mommy, okay?"

When gu jin yi spoke, his affectionate eyes were fixed on Ning Xi beside him. Ning Xi turned his face, and her eyes just met gu jin yi's.

Immediately, Ning Xi turned around and looked at the two babies.

A faint smile appeared on gu jin yi's face, which was full of tenderness and affection for Ning Xi.

As time went by, his eyes gradually shifted to the two little babies.

At this moment, Ning Xi was peeping sideways at gu jin yi. His eyes sparkled with countless stars and revealed all kinds of tenderness, but he didn't turn around until he didn't notice that jian jian had a smile on her face.

The warm scene of the family was so beautiful.

"Oh, my God! Daddy and Mommy are playing with us. We are so happy! "

han han was so excited that she clapped her hands and even stamped her feet.

They had been waiting for this moment for too long

"Then let's go to play. Daddy and Mommy will play with us, but daddy, don't forget that you have another task to protect us!"

chen chen said to his father in a childish tone.

"Yes, sir! I will protect my dearest baby and my dearest baby... "

gu jin yi took a look at Ning Xi, and the two babies also noticed that the brother and sister smiled wickedly “what? When did Daddy become so cheesy?”

“Yes, you are right. But I like it! Daddy is like the hero in TV series now. He is so handsome...”

The two babies were adjusting the atmosphere between Ning stream and gu jin yi.

ning xiao xi couldn't help laughing because of gu jin yi's answer and the expression in chen chen and han han's eyes.

As far as she could remember, it was the first time that she had heard such sweet words from him.

There were not many fancy words, but one sentence was enough to express his love for Ning Xi, indicating the importance of Ning Xi in his heart, gu jin yi.

“Mommy, are you attracted by daddy too? Do you think Daddy is super handsome? Ha ha...”

han han began to indulge herself in the state of anthomaniac again.

Although chen chen didn't say anything, he looked at Ning stream with his bad eyes, which was enough to show that what he wanted to say was just like what han han said.

Although she always felt that her sister han han was anthomaniac and had no choice to her.

But this time, chen chen himself agreed. He had to admit that the word “sister” was not bad. This anthomaniac was quite suitable for the occasion, and finally came in handy.

At the same time, he was also looking at Ning stream, hoping to hear her answer.

Seeing the three of them looking at her like that, Ning Xi thought that even a smile from her could make them have so many thoughts, so she had to smile cautiously in the future.

“All right, all right. Do you want to keep chatting here or go out to play?”

Ning Xi walked a few steps forward alone.

“We are going to play!”

“Mommy, wait for us!”

Then, the two babies caught up with him.

Because of the pa\*\*ion of the two babies, gu jin yi and Ning Xi were also affected, and they gradually stopped the so-called embarra\*\*ment between each other.

In this way, the four of them had a good time

When it came to the roller coaster project, the two babies were very excited, because they felt that the roller coaster was very exciting. They could not play it before, but now they could finally play it when they grew up.

When he saw the roller coaster, his expression changed instantly.

“chen chen, han han, are you sure you want to play this?Let’s play something else. ”

Ning Xi was worried that they would be in danger if they were too young, so he suggested them not to play.

“I want to play!”

“I want to play all the projects here, too!”

Looking at the roller coaster not far away, chen chen and han han looked expectant. They really wanted to go up there~

“Yes, you are still young. It’s not suitable for you to play the roller coaster. Let’s play it in the future, okay?”

gu jin yi also tried to persuade her.

The two babies looked unhappy, pouting and lowering their heads, without saying a word.

ning xiao xi was in a dilemma now. She took them out to have fun, but she was not in a good mood because she didn’t allow them to play the roller coaster. The loss was too great.

“How about this?Mommy will ask whether you can play or not. If the aunt says that you can go upstairs, we will play. If she says that you can’t play because you are too young, then chen chen and han han can’t be angry and play the next project happily. Is that okay? ”

Ning Xi squatted down, pointed at the project manager not far away and said to chen chen and han han gently and patiently.

The two babies nodded. They should go to ask if they could play first.

In the memory of gu jin yi and Ning Xi, children as young as chen chen and han han shouldn’t play the roller coaster, so they were a little confident.

Then, Ning stream, gu jin yi, took chen chen and han han to the project manager of the roller coaster. Ning stream was about to ask, but the two babies were more anxious than anyone else. They simply asked themselves, “Auntie, can we go up to play with this?”

chen chen pointed at the roller coaster and asked with a smile.

“Beautiful auntie, we can go upstairs to have fun, right?”

Then, before the project manager could answer, han han had already made a judgment on it.

As soon as the project manager saw chen chen and han han, who were so cute and adorable, she was in a better mood and said happily, "of course, you can go upstairs to play. There are special precautions for you kids."

Her answer was the biggest surprise and gift for the two babies. They were so excited.

"Wow! Great! Daddy, Mommy, Auntie said we could go upstairs and play!"

"Great! Now you don't have to worry about daddy and Mommy, do you?"

ning xiao xi was still a little worried, because she thought the two children were too young to play this.

"Sister, they are still so young. Will it be dangerous to play this?"

Ning stream asked worriedly.

"No, you can rest assured. Now the roller coaster equipment is safe, and they have specially set up safety measures for children."

The project manager said confidently.

Ning Xi was relieved and stopped asking.

"That's good."

gu jin yi, who was standing aside, was thunderstruck when he heard the project manager's words. This time, she really had to play the roller coaster with chen chen and han han. What should he do now?

"Daddy, Mommy, let's go. There are still many people waiting in line!"

The two babies took their parents to line up.

Soon, it was their turn. The family of four went upstairs and came to the entrance of the roller coaster at the top.

The two babies waited happily, because the next one would be them.

At this moment, gu jin yi was sitting in a corner, because he couldn't see the bottom of the room, which could relieve his great fear.

"Daddy, Mommy! It's our turn!"

The next seat stopped, and the two little babies sat on it excitedly.

Then Ning Xi followed her, but he didn't move. chen chen and han han were very anxious.

"Daddy! Come on! We are all waiting for you."

gu jin yi took heavy steps and sat on the roller coaster with his eyes almost closed.

Ning Xi seemed to find something wrong with gu jin yi. He looked very uncomfortable, unlike his usual calm and composed expression.

Nina guessed that he might be afraid of the roller coaster?

When Ning Xi was about to ask gu jin yi, the roller coaster started.

Slowly, slowly sliding down

Then, he moved very fast

“Ha ha ha... Have fun...”

“Wow! I seem to see the whole world!”

The two babies were really brave enough to sit on a roller coaster without even closing their eyes. It was really admirable.

At this moment, some people were excited, and some people’s lives were worse than death.

“Ah! Ah! Ah! When will you stop?”

It was the first time for gu jin yi to ride a roller coaster with two babies. He felt terrible.

She couldn’t help but spit out some words of fear.

He tightly held the only front chair he could hold. For the first time, he felt empty. People’s hearts were not his.

Ning Xi was a little worried about gu jin yi. He had never seen gu jin yi be so scared. He seemed to have changed into another person, a person who needed others to worry about. She also hoped that the roller coaster could stop as soon as possible.

A few minutes later, the roller coaster finally stopped. The two babies got out of the roller coaster and seemed to be fine.

“It’s so funny. I’ll come here next time!”

“I also think it’s so funny! It’s so exciting!”

The two babies were still excited.

As soon as he got off the roller coaster, he felt exhausted. He walked to the side and sat down on his stomach.

“Are you okay?”

Ning Xi kept an eye on gu jin yi. Judging from his current state, he was sure that he couldn’t ride the roller coaster.

gu jin yi shook his head weakly and said in a weak voice, “I’m fine...”

“Daddy, what’s wrong with you?”

“Daddy, are you okay? She was fine just now...”

Then, the two babies came over and saw their father's pale face. They were a little worried.

Just now, chen chen and han han were so excited that they didn't notice that gu jin yi was in a good condition until now.

"Daddy is fine. What else do you want to play?Daddy will be with you."

Although gu jin yi was already very sad, it was nothing for chen chen and han han to be happy. He could insist.

As soon as gu jin yi gang finished his words, he immediately stood up, ran to the other side and vomited, his face getting worse and worse.

chapter 441

Ning Xi, together with chen chen and han han, followed them worriedly.

"Daddy... What's wrong with you?Are you sick?Boo... Hoo..."

"Daddy, what's wrong with you?Let's go home. We don't want to play anymore."

It was the first time for the two babies to see their father being so weak. They were really frightened.

The two babies were so scared that their eyes turned red.

"chen chen and han han, don't worry. Let's go there and have a rest."

Nelson said to the two babies, pretending to be calm. In fact, she didn't know what to do in the face of such a situation. She could only be anxious and helpless.

Then she helped gu jin yi to the lounge not far away and sat down.

"Come on, slow down."

chen chen immediately took out a cup of water from his bag and handed it to his father.

After resting for a while, he looked much better.

Ning Xi didn't know what to do now. Seeing his face turning better, she was relieved.

"Daddy, how are you feeling?Do you feel better?"

Seeing that their father was getting better, chen chen felt a little relieved.

"Daddy, please don't leave us... I'm so scared..."

ADVERTISEMENT

However, han han didn't notice that gu jin yi was getting better. She only saw the look of her father just now, and han han was full of fear.So she kept her head down and felt sad.

“Daddy is fine. You all look worried. Daddy has to protect you. How can I let anything happen to myself? han han, my dear daughter, I won’t leave you. Don’t be afraid. Don’t cry any more, or you will be ugly if you become a kitten. ”

Seeing the sad faces of the two babies, gu jin yi couldn’t help talking more. He held the two babies in his arms and kept comforting them.

When Ning Xi saw gu jin yi, he talked to chen chen and han han like a child.

Gradually, the two babies regained their emotions. They suddenly became very sensible.

“Daddy, if you don’t like to come to the amusement park, then we won’t come again.”

“Daddy doesn’t like roller coaster. Actually, we don’t like it very much. We won’t play it next time.”

The two kids felt sorry for their father and gave up their favorite places to play.

“If you don’t want to play, just say it. I can play with chen chen and han han.”

Ning Xi didn’t want them to know that he really cared about gu jin yi, so his words and expression were a little flat.

“It doesn’t matter. chen chen and han han can play if you want. It was not that Daddy didn’t like roller coaster. In fact, I’m afraid of heights... ”

Seeing how worried they were, he couldn’t help telling him the secret. No one knew that he was afraid of heights, and this was the reason why he felt uncomfortable.

“What? Daddy, are you afraid of heights? ”

“Really? Daddy, why didn’t you tell us earlier? ”

The two babies were surprised. In their eyes, their daddy, who could defeat everything, was the most powerful. He was afraid of heights.

ADVERTISEMENT

However, Ning Xi didn’t seem to be surprised at all. She had guessed it when she saw the nervous look of gu jin yi on the roller coaster, but she was not sure.

Now his words just proved her guess.

“Yeah, I didn’t expect that I would be afraid of heights. I can’t believe it myself.”

Sometimes, gu jin yi couldn’t accept the fact that he was afraid of heights. As the president of the Empire group, if others knew that he was afraid of heights, it would be a breaking news.

“In fact, it’s not a big deal. One of my classmates is afraid of water! His mother asked him to learn swimming, but he was afraid that he wouldn’t like to learn it. ”

“That’s right. In fact, there are many such people.”

The two kids knew that it must be a blow to their father, and he would feel a little unconfident if he said it out. The brother and sister cooperated to make up a story on purpose and said to their father.

In fact, for gu jin yi, fear of heights didn't mean anything. He didn't feel inferior or frustrated because of this. Instead, it was a challenge for him. As the president of the Empire group, how could he be affected by this trifle?

However, when he heard the two babies comforting him like this, he was also relieved. He knew that his son and daughter would definitely achieve great achievements in the future, and that they would not make others embarrassed, and would give others a step down when appropriate.

"Thank you, my two babies. I'm really happy to hear that."

"Is daddy all right?"

"So we can play again?"

When the two babies saw that gu jin yi had recovered well, they wanted to play again. There were still some projects to be played, and they had been thinking about them all the time.

"Let's go home. How can you play with them like this?"

ADVERTISEMENT

Ning Xi was still worried about gu jin yi.

"Naomi, I know you are worried about me. But I'm just afraid of heights. Don't think too much."

gu jin yi was happy to know that Ning Xi was worried about him.

"Well, you can rest here. I'll take them to play."

Ning Xi made a suggestion that everyone could rest assured.

gu jin yi had no choice but to agree. Seeing that Ning Xi was worried about him, he would rather play the roller coaster again. He felt it was worth it.

"Mommy, let's play the merry go round in front. Daddy can have a rest here."

"Well, you can have a rest here."

After saying that, the two babies ran to the merry go round not far away with Ning Xi.

They went on a merry go round.

Sitting in the lounge, gu jin yi stood up and walked to the merry go round. Seeing that the three of them were having a good time, he couldn't help smiling gently.

He had never taken photos with his mobile phone. Under the influence of Ning stream and chen chen and han han, he learned to take photos.

He picked up his phone and took several pictures of the warm scene. Looking at the smiles of the three of them in the pictures, he felt that everything he did was worth it.

“chen chen, han han, is it fun?”

Ning Xi watched the two babies playing happily.

“It’s fun. I remember that mommy also likes to play the merry go round. You used to take us here.”

“Mommy smiled so happily when she played the merry go round.”

Ning Xi seemed to think of something when he heard the two babies’ words.

When she saw chen chen and han han’s smile and the merry go round, the picture became clearer and clearer. Her head began to ache again, and Ning Xi leaned against the handle.

The images constantly appeared in her mind

“Mommy, I like that big turtle. It must be fun for me to sit on its back.”

“Then I’ll sit on that white horse. It’s running fast!”

The conversation between her and chen chen and han han was very clear in her mind, and Ning Xi felt that his memory was getting clearer and clearer.

gu jin yi, who was looking at the three of them, found that something was wrong with Ning Xi. He had been talking and laughing with chen chen and han han just now, but now he was lying on the handle.

Regardless of that, gu jin yi walked out of the rest room with his long legs and directly into the merry go round area. Then he went on the merry go round and sat behind Ning Xi.

“Daddy, you are here!”

“Daddy, you are awesome!”

gu jin yi gave the two babies a proud look.

Then he held her in his arms and played the merry go round with her.

“Why are you here?”

ning xiao xi asked in a hoarse voice, only to find that there was another person behind her.

gu jin yi was right. Ning Xi looked pale.

“Shh... How can I not see such a good scene?If you want to sleep, you can rest a\*\*ured in my arms.”

gu jin yi didn’t ask any more questions. He just let her enjoy this moment quietly

At this moment, unexpectedly, Ning Xi slowly leaned against gu jin yi’s arms, with her eyes closed, feeling the world moving.

The two babies looked at their parents and were very happy to see their love. It seemed that they had returned to the time when their mommy Ning stream hadn’t forgotten them.

It seemed that she was right to come to the amus\*\*\*\*t park this time.

Their daddy and Mommy's relationship was getting closer.

After playing for a long time, the two babies were tired. At lunch time, they were hungry and wanted to eat.

Only then did ning xiao xi realize that it was already noon.

"chen chen, han han, are you hungry?Let's go to have dinner first."

Before he could say anything, Ning stream was taken out.

That was exactly what gu jin yi wanted to say. He thought Ning Xi would bring it up and go home, which was not what gu jin yi wanted.

Then, a family of four came to a special restaurant.

There were memories of Ning Xi and gu jin yi.

Although it was not a high-end restaurant, it was still a memorable place.

gu jin yi chose a seat by the window, because he knew Ning Xi liked to sit by the window and have dinner.

In this way, they could not only appreciate the scenery outside the window, but also make people happy.

These words were said by Ning Xi to him, and he had always kept them in his mind.

At this moment, chen chen and han han seemed to be really hungry. They said nothing and gobbled down the food as soon as it was on the table.

ADVERTISEMENT

"chen chen, han han, slow down. Have some juice."

Seeing the two babies acting like two hungry wolves, Ning Xi felt sorry for them and wanted to laugh.

"Don't just watch them eat. You eat yourself.You must be hungry after playing with them for the whole morning."

gu jin yi ordered a strawberry dessert for Ning Xi and slowly moved the dessert in front of her.

Looking at the strawberry dessert on the table, Ning Xi was stunned.

Ning Xi thought to himself, 'how does he know I like strawberry food

Strawberry flavor was her favorite and most tempting thing.

"Thank you..."

Ning Xi didn't know what to say, so she could only express her grat\*\*ude.

gu jin yi and Ning Xi began to eat. The two babies seemed to be full and began to touch their stomachs.

"Burp!"

“Burp!”

The brother and sister were really brother and sister. They hiccuped at the right time.

Looking at their cute and funny faces, Ning Xi and gu jin yi couldn't help laughing.

Ever since Ning Xi and gu jin yi had two babies, there had been no lack of laughter in their lives.

“chen chen and han han, have a rest and get ready to play in the afternoon.”

gu jin yi winked at the two babies, realizing that he had to keep their mommy in the afternoon.

chen chen han han nodded with a big smile.

ADVERTISEMENT

“Are you going to play in the afternoon?chen chen and han han, you must be tired after playing for such a long time. You'd better go home and have a good rest this afternoon. ”

Ning stream said to the two babies while eating.

Sure enough, gu jin yi guessed that Ning Xi would mention going home. But fortunately, chen chen and han han were here, and he believed that they could handle their mother.

“Mommy, we're not tired. Just play with us. It's weekend and we have to go to school tomorrow.”

“Mommy, you promised to stay with us for a day. You can't go back on your word.”

Hearing the two babies' words, Ning Xi didn't know how to refuse them.

She had already felt guilty for chen chen and han han. Seeing that they were looking forward to going to play in the afternoon, Ning stream began to hesitate.

“Since chen chen and han han want to play with them, let's play with them. We haven't been with them for a long time.”

While Ning Xi was thinking, gu jin yi added. Ning Xi looked at him and finally agreed reluctantly.

“Okay, okay. I'll go with you. But if you are tired, please tell me, or I won't take you out next time. ”

As soon as the two babies heard that Ning Xi agreed, they winked at their father excitedly, indicating that they had succeeded in persuading their mother to stay.

gu jin yi gave them a thumbs up secretly, indicating that they were great today.

“I'm full. I'll go to the bathroom first.”

“Okay, Mommy, we'll wait for you.”

Then Ning Xi stood up and walked to the bathroom.

As soon as Ning Xi left, the two babies, gu jin yi and the three of them began to discuss about their mommy Ning Xi.

chapter 443

At this moment, Roger and Susan just came in from the door, and the waiter led them to a table inside.

So they didn't notice gu jin yi and others by the window.

"Roger, please order first. I'm going to the bathroom."

Susan left her seat and went to the bathroom.

At this time, Nina just went to the washroom and was about to come out. Susan rushed into the washroom and bumped into her. Instead, she became angry. "Don't you see anyone coming over?"

Ning Xi was about to apologize, but when he heard the woman scolding him indiscriminately, he inexplicably wanted to reason with her.

"Miss, you came in in a hurry and bumped into me. I didn't ask you to apologize, but you blamed me instead."

She was not a coward. Since she was unreasonable, there was no need to reason with her.

Susan only cared about if the dress on her was damaged, so she kept her head down and paid attention to it. It cost her tens of thousands of dollars to buy it, so she was very fond of it.

Susan lowered her head and saw the man wearing a pair of ordinary xiao bai shoes. She guessed that he must be an ordinary worker. She raised her head and roared, "fortunately, my dress was not damaged. Do you know how much this dress is? You can't afford it even if you work for a year!"

Just after Susan roared, the two looked at each other. When Nina was about to speak and saw Susan, she suddenly stopped. The two of them quieted down and looked at each other in astonishment.

"Ning stream..."

Susan, on the other hand, looked at her in horror. The first sight she saw the man, she thought it was Ning stream. She thought she saw a dead man, so she subconsciously called out her name.

"Who... Who are you?"

Nina had already forgotten the woman in front of her, Susan. It was because of her that she had lost her memory.

ADVERTISEMENT

Ning stream, who had lost her memory, saw a face the same as her in real life. She was really shocked and surprised.

She couldn't believe that there would be such a person who looked so similar in the world.

Susan didn't realize that the woman in front of her was not Nina, but the woman she had investigated.

So she didn't know him.

"Sorry, I got the wrong person. But you look exactly like each other."

At this time, Susan's tone became polite, which was totally different from what she had just been.

Susan knew that she would need the help of this woman who looked like Nina in the future.

It was easy for her to make Susan look like Ning Xi, but even her expression and dressing were so similar, so it was not so easy to do that. And what the woman in front of her showed was exactly what she wanted.

Ning Xi didn't understand why the woman in front of her was so unpredictable. He was speechless with her and felt that she was very strange.

She just wanted to stay away from this strange woman, which made her feel uncomfortable.

Without saying anything more to Susan, ning xiao xi left the bathroom quickly.

At this moment, ruo huan yan, who was sitting alone in her seat, took out a mirror from her bag and was about to fix her makeup.

She raised the mirror and was about to fix her makeup when she saw Ning Xi coming from the other side in a hurry.

"Hello, Mommy."

The two babies asked subconsciously when they saw Ning stream coming out.

"Well, is chen chen and han han full?"

Ning Xi nodded and looked at them with a smile.

"I'm so full. I feel like my stomach is going to break!"

The two babies pointed at their bellies and couldn't resist the temptation of delicious food.

ruo huan yan put down the mirror in surprise and turned her head to check if she was wrong.

She was stunned when she saw the incredible scene.

She closed her eyes and opened them again, thinking that she had seen it wrong. However, the scene remained the same.

She not only saw Ning Xi, but also saw gu jin yi and his two children.

Oh, My God! What was going on? The four of them were together? Ning Xi is still alive? She appeared again?

Seeing that Susan hadn't come out of the bathroom, ruo huan yan really wanted to run into the bathroom and pull her out to see what was happening.

At this moment, Rena was anxiously stamping her feet. She looked at Susan while paying attention to them.

It seemed that they were about to leave when they finished eating. If Roger had the foresight, he would take out his mobile phone and record this scene.

Sure enough, before Susan came out of the bathroom, the four of them were ready to leave the restaurant.

As soon as they left, Susan came out of the bathroom.

“Susan, you finally come out. Don’t you know what happened just now? You must be shocked!”

ruo huan yan knew it was also an important thing for her.

“Don’t be so shocked. Let me tell you something important in the bathroom first.”

Susan was going to tell ruo huan yan that she met Ning Xi, which was also a very important thing for them.

Hearing Susan’s words, ruo huan yan was curious. “Bathroom? What happened?”

“Guess who I met?”

Susan looked calm. If Roger couldn’t guess it, she shook her head to show that she didn’t know.

Suddenly, she thought of the scene of the four of them just now and guessed, “Susan, did you meet Ning stream?”

“Oh my God! You deserve to be my sister. You have guessed it.”

Susan didn’t take it seriously. While eating the food, she praised the friendship between them.

“What a coincidence!”

ruo huan yan didn’t expect that her guess was right.

Susan nodded, “it’s her. But you’re wrong. It’s not Nina, but the woman I investigated. You know, her name is Tianxin. I looked at her carefully. She looked exactly like that b\*\*\*\* Ning Xi, and even her expression and clothes were very similar. I almost thought that b\*\*\*\* appeared again!”

Hearing what Susan said, ruo huan yan thought she was right.

chapter 444

“By the way, you just told me something important. What is it?”

Susan then realized that Roger had something to tell her just now.

“I want to say that I saw her just now...”

ruo huan yan said in a low voice with a long face.

“What a coincidence! But she seems to have dinner here too. It’s normal for her to see it.”

Susan was still eating her food and didn't feel anything wrong.

"Susan, did you talk to her in the bathroom? Are you sure she is not Ning stream?"

ruo huan yan still felt something was wrong. If it weren't for Ning Xi, how could she be with gu jin yi and his two children.

"I'm sure. She didn't even recognize me when she saw me. How could it be Ning stream? As for me, I thought it was Ning stream when I first saw her. I thought I had seen a ghost in broad daylight."

Susan had a conversation with Ning stream in the bathroom, so she was sure that she was not Ning stream.

"Haven't you read her information? Why are you still sus\*\*\*ious?"

Susan felt that if Roger was too sus\*\*\*ious, she would be a little impatient. She thought that since she had all the evidence, Roger should believe her.

"Susan, look at this."

ruo huan yan didn't know how to tell her what she had seen, so she had to show her the video.

"What?"

Susan took the phone and asked in confusion.

"You can check it yourself."

Susan opened the video and watched it indifferently.

Susan's calm expression changed when she saw the video. "Why... Why is she having dinner with gu jin yi? And the two little b\*\*\*\*\*s of Ning stream?"

"Yeah, so I also feel strange. If she is not Ning Xi, how could she be with gu jin yi and her two children? Let alone it's a coincidence."

ruo huan yan didn't understand and didn't know how to answer her question.

"Didn't I see her and the two children by accident that day?"

Susan lowered her head and murmured.

She recalled the first time she saw Ning stream and two babies in a park.

"It's so strange. Who the hell is that woman? You've messed me up. Since she said she was Ning Xi, there's no need for her to pretend that she doesn't know me. It seems that we have to investigate it carefully."

At this moment, Susan's mind was full of the scene of Ning stream. She was so annoyed that she decided to figure it out.

With a cautious look on her face, ruo huan yan said, "Susan, I have a hunch that she is no other than Ning Xi. She's back. As for why she doesn't know you, we need to study it."

On the other side, after lunch, the two little babies couldn't resist the sleepiness. When he was about to drive them to another place to play, chen chen and han han fell asleep in the arms of Ning stream.

Her mother's embrace was really warm, and the two babies slept soundly.

"chen chen and han han are asleep. How about going home and having a rest. We can't let them lie on the ground like this all the time."

Looking at the two babies, Ning Xi suggested again.

From the rearview mirror, gu jin yi looked at the two babies sleeping in the arms of Ning Xi.

He had no reason to keep Ning stream longer.

"chen chen and han han will certainly make a scene if they find you are not around. How about this? Let's find a place to rest nearby."

Even if there was no reason, he still tried every means to keep Ning stream, as long as there was a little hope.

"Well..."

Ning Xi didn't know what to say.

Refuse? On the other hand, she was worried that if chen chen and han han woke up and didn't see her, as gu jin yi said, they might make trouble and be sad. Just as Ning Xi was hesitating, chen chen's little baby trembled, "Mommy, don't leave us. We miss you so much..."

Ning stream clearly felt the tremor of chen chen, and at the same time heard what he muttered.

Hearing chen chen's words, Ning Xi felt inexplicably sad, and a feeling of bitterness instantly surged up in his heart.

ning xiao xi thought that chen chen must have had a nightmare. She quickly bent down and held up the two babies at the same time, so that she could be closer to chen chen and han han, and also make them sleep more secure.

"chen chen, Mommy's baby, I'm here. Mommy won't leave you..."

gu jin yi looked at the three of them affectionately. It seemed that chen chen and han han couldn't live without Ning stream. Even if they dreamed of their Mommy when they were asleep, they could still keep their mommy.

gu jin yi thought the three of them were the best gifts God had given him.

"Naomi, chen chen and han han really need you. If you have time, please spend more time with them."

gu jin yi opened his thin lips and took advantage of this atmosphere to make Ning Xi spend more time in remembering and missing them.

“Let’s find a place to rest first.”

ning xiao xi didn’t give a direct answer, but in fact, she also thought so. She just didn’t want to show it too obviously in front of gu jin yi.

Just now, she heard what chen chen said in his sleep, which made her feel more guilty to them. She felt that she was not a good mother.

Nina also understood the other meaning of Jean’s words, but she still needed time to sort out those things that she hadn’t remembered before, so that she could return to her original home completely.

chapter 445

Soon, gu jin yi found a cozy hotel to have a rest.

After settling down chen chen and han han, there were only gu jin yi and Ning stream left in the quiet room.

The atmosphere became a little serious. Ning Xi clenched his hands and said, “you can have a rest too.”

Then she walked to the sofa and sat down to have a rest. Unexpectedly, gu jin yi held her slender hand tightly from behind.

Ning Xi lost his balance and fell on the bed.

Then, he leaned down and stared at her affectionately, leaving Ning Xi nowhere to escape.

“Why... Why are you looking at me like that?”

Ning Xi was inexplicably nervous. She still couldn’t get along with gu jin yi as relaxed as before.

“Naomi, have you regained your memory?”

gu jin yi asked, but he had already known the answer in his heart. He just wanted to hear Ning Xi tell him in person.

If Ning Xi hadn’t regained his memory, how could she come out with them and treat chen chen and han han so well? Too many things had revealed that she had remembered everything between them

“I...”

Ning Xi didn’t know how to answer, saying that she had recovered, but she couldn’t remember many things. She only remembered her two precious children, and the person she loved most in her memory

Ning Xi thought that she could ask gu jin yi about what had happened to her before, so that she could know why she had lost her memory.

Ning Xi thought for a while and decided to tell gu jin yi what had happened. She also hoped that he could find out her doubts and recall everything in the past.

Ning Xi nodded slowly, "I only remember you. There are many things that I can't remember."

Hearing Ning Xi's words, gu jin yi couldn't help feeling happy, because Ning Xi had really regained his memory and remembered the three of them.

"It doesn't matter. Let's think about it slowly. Don't worry."

gu jin yi comforted Ning Xi gently.

"I want to know what happened to me before? Why did your brain get hurt so badly that you lost your memory?"

Ning Xi looked at gu jin yi expectantly, hoping he could give him an answer.

gu jin yi wanted to ask Ning Xi why he disappeared all of a sudden. But when he heard Ning Xi's words, he realized that Ning Xi had forgotten that thing.

"Seriously injured?"

gu jin yi didn't expect that Ning Xi's brain was damaged so badly that he lost his memory. At this moment, he was full of guilt for Ning Xi. He couldn't even protect his wife.

Ning Xi nodded and took out the examination report from his bag. gu jin yi looked at it carefully and found that he lost his memory because of a serious impact on his brain.

Subconsciously, gu jin yi clenched his fists. The report was still in his hand.

gu jin yi guessed that Ning Xi's memory loss must have something to do with her disappearance.

gu jin yi knew that it must have something to do with Susan and others.

Now that Ning Xi was back, he wouldn't let go of those who had hurt her.

Ning Xi noticed gu jin yi's revenge. She held his hand and looked at him indifferently, "I just want to know what I was like in the past? What happened before? Tell me now."

Ning Xi's inquiry made gu jin yi not know if he should tell her that someone wanted to kill her.

"Naomi, it doesn't matter anymore. Now you're back. You just need to stay with me. I will never let such a thing happen again!"

gu jin yi held Ning Xi's hand and gazed at her affectionately.

Seeing that the expression on his face was not right when he thought of the past and he was unwilling to tell her what had happened in the past, Nina thought that something bad had indeed happened.

But gu jin yi didn't want her to know, and Ning Xi didn't ask any more questions. She would definitely remember those things herself, and she wouldn't give up.

gu jin yi held Ning Xi's arm and let her lie in his arms. "Don't think too much. It's the best gift for me and chen chen and han han that you can come back."

Ning Xi looked up at gu jin yi. gu jin yi's handsome face, which used to be carefree, looked older now.

ning xiao xi thought that he might not have a good time these days.

The two looked at each other. He touched the tender cheek of Ning stream, lowered his head and subconsciously kissed her on the forehead

Ning Xi closed his eyes. He didn't know when there were several tears in them

The whole afternoon pa\*\*ed quickly. The two babies slept soundly. When they woke up, it was almost four o'clock.

They opened their eyes in a daze and looked around the room.

"What's this place?"

han han was a little scared when she saw herself in a strange place.

chen chen was also a little nervous. Why did they fall asleep in a strange place?

At last, the two babies looked at Ning stream and gu jin yi who were lying on the bed.

Seeing their parents here, chen chen and han han felt much relieved.

It suddenly occurred to her that they had fallen asleep in the car, and then their parents should have taken them to the hotel for a rest.

"Brother, why did we fall asleep in the car?I didn't go out to play this afternoon. "

han han pouted. She thought she had a bad sleep. She could have gone to play, but she spent the wonderful weekend sleeping here.

Alas!Sad~

chen chen also lowered his eyes slightly and patted his little head. "Why am I also asleep?We have promised to help daddy. "

chen chen turned his little face and looked at his parents. Seeing that their mommy was still here and that they were living together, chen chen suddenly showed a pleasant smile on his face.

"But it seems that Daddy can handle Mommy without us.Otherwise, daddy must be lying here alone now, right? "

chen chen murmured.

“Brother, what are you talking about?”

Before han han could hear chen chen’s words clearly, she asked her brother with a meng meng face.

“Nothing.”

chen chen said with a smile, rubbing his sister’s head.

“Brother, I’ll wake up daddy and Mommy. We can go out and play for a while now.”

han han was about to climb to Ning stream and gu jin yi, trying to wake them up, but was stopped by chen chen.

“Let daddy and Mommy sleep a little longer. When Mommy comes back to us, she can often take us to play.”

han han blinked her b\*\*\*\*\* eyes and thought, ‘my brother is right. Let dad and mom sleep a little longer.’.
