

Cutie Please Marry Me Again Chapter 16

Even if the doctor said nothing serious, but Ruirui's face is still pale, dark eyes filled with his pain at the moment.

The bloodless lips clenched tightly, holding back the wave after wave of pain, and even exuded a little cold sweat on the forehead, "it's painful, it's painful, Mommy!"

On hearing this, Gu shengxia hurriedly goes back to Ruirui's bed, holds his hand, and sees her son's pain. She almost hates herself.

"Ruirui, don't bite your own mouth. You will bite yourself. If it hurts, just call it out, OK?"

Her son is too sensible, so he was afraid that when he called out, she would be more distressed.

"Mommy, actually, Ruirui can tolerate it."

"Ruirui!" Heartache, moved tears along Gu shengxia's cheek wave by wave fell down.

"Young lady, young master, the blade will heal slowly. At the beginning, the pain still exists."

"In addition, because the young master is too young, it is not recommended to use sedatives or pain needles"

"if the pain is unbearable, consider the pain needles again. At present, the young master should work hard and stick to it."

Ruirui smell speech, pale small face still raised a smile, said: "thank the doctor count, Ruirui Rui is a man, can insist on!"

"Yes, young master is a man!"

The doctor looks at Ruirui happily.

He has been a doctor for so many years, and he has never seen a three-year-old baby who can endure the strong pain after liver transplantation.

The pain was almost unbearable even for an adult.

He Worthy of being the son of Xi Shao!

Just after the doctor's words, the door of the ward was opened again.

Xi Nianchen came slowly, and his deep eyes fell on Ruirui's still pale face.

Seeing Xi Nianchen, Gu shengxia's face turns pale, because what the man just said makes her tremble.

As he approached step by step, Gu shengxia found it difficult to breathe.

Just five minutes ago, in his ward.

"I promised to be your lover, but there's always a deadline, isn't there?" Gu shengxia looks up at the man's evil face without fear.

She couldn't figure out why a big man could be so handsome.

When she passed by the nurse station, she would hear the nurse talking about how handsome and elegant he was.

Also, he always keeps a noble, elegant and cool attitude to the outside world.

This is also the reason why the nurses only dare to look at him from a distance, but dare not really come to him.

“Gu shengxia, can you never remember what I said?”

Xi Nianchen’s face suddenly turned cold, revealing a sneer that made Gu shengxia cold.

“With me, don’t you feel sorry for her?”

Although he was shocked by the man’s powerful aura, Gu shengxia still straightened his waist and looked at him coldly.

She had to have a deadline for herself.

There is no emotion between them, his purpose is endless revenge on her.

She can bear his revenge, but she can’t bear being around him all the time and being bullied by him.

This deadline, she originally wanted to go to the hotel that night with Xi Nianchen said, but did not expect the man’s anger, far more severe than she imagined.

“You’re never qualified to talk about terms.” Xi Nianchen glared at her cold and alienated face, and her dark eyes were more and more deep and incomprehensible.

“Divorce, you said, I agree, you can always be with the people you like, but why entangle with me?”

“Do you want someone you like to be sad?”

Gu shengxia twisted her eyebrows, and her eyes were cold and distant.

Xi Nianchen's eyes glare at Gu shengxia's estrangement. Listening to what he said, he can't help holding his hand tightly.

"Come here."

Suddenly, Xi Nianchen said to Gu shengxia in his low voice with a tone of command.

Gu shengxia's eyebrows are deeper and deeper. "Mr. Xi, you also promised me to be a test tube baby, didn't you?"

"So?"

The man listens, the smile that labial horn hooks does not reduce, when hearing Gu shengxia's words instead, deepened smile.

"We'd better keep our distance in the future." Gu shengxia crossed her hands and held them tightly. At the moment, she didn't seem so calm on the surface.

Although she let herself look directly at Xi Nianchen, her heart would tremble as soon as she touched his dark eyes.

"Gu shengxia, in order to marry me, you didn't even want your face. Now I give you the chance to stay with me, and you refuse?"

"Well, if you want to do business step by step, you have to see if you have the capital, don't you?"

Say, the man's tone is low a few minutes, the meaning of command is bigger. "Come here."

Gu shengxia's body is subconsciously retreating.

"If you want to keep your position as a loving mother in front of Ruirui, get out of here right away."

On hearing this, Gu shengxia's body suddenly stops and looks at the man in surprise.

He's threatening her, and he's threatening her with Nari!

She has made herself unable to raise her head in front of Ruirui, so she can't let Ruirui know what kind of relationship she has with him.

Gu shengxia slowly starts to walk step by step to Xi Nianchen's bed. As soon as he stops, he is dragged into his arms by the man.

Even more did not wait for her reaction, the man's fierce kiss fell.

After a kiss, Gu shengxia felt dyspnea again!

"Gu shengxia, I said, don't mention her in front of me. You will always be a tool for me to vent my desires."

"No, let me go."

Gu shengxia just wants to break away, but he is kissing again. Her hot tongue keeps pestering her, and the juice of their blend moistens the lips.

Man's hand, along her collar, constantly attack.

Gu shengxia was stimulated by the sudden coolness, and then he realized the man's intention.

She can't control it any more, but she doesn't want to touch the man's knife edge.

She fled, the man's cold voice came again: "dare to go out, I immediately kill you."

She never doubted whether a man would dare or not, because he was the only one in the world who did or not, but there was never anything he dared or not.

She didn't dare to move any more. She could only stand in the same place with her head down and shaking all over.

The man was this pain stimulation of loosen Gu shengxia, forehead moment because of this pain is full of layers of small sweat.

After a long time, the man raised his head.

His eyes, like Falcon's, glare at Gu shengxia's subconscious hand in front of his chest.

Xi Nianchen disdained to hook his lips, but listened to a woman's voice trembling like a mosquito and said, "what do you want me to do before you let me go?"
