

Cutie Please Marry Me Again Chapter 3

“What?”

Gu shengxia didn't keep up with Xi Nianchen's thinking, so he didn't know why he asked her again in such a mocking tone.

“If you want another child, you can inherit Xi's family!” Xi Nianchen's deep ink eyes narrowed dangerously, his deep eyes were shining with cold light, his beautiful face was tight, and his thin lips were tight into a cold and firm radian.

“No, I don't. I just hope you can save Ruirui.”

Gu shengxia's eyes are full of supplication.

She really has no other idea, just hope that he can save Ruirui, Ruirui Rui is still so small, but to suffer so much pain.

“Is that really all?”

Suddenly, Xi Nianchen presses Gu shengxia. When she has no way to go back, she stretches out her arms and traps her between herself and the wall.

At that moment, the man's breath filled Gu shengxia's breath again, and she also rigidly forgot to resist.

“Gu shengxia, what I said when I left, did you take it as the wind in your ear?”

When Xi Nianchen's last word fell, Gu shengxia's pupils were growing because of the power of this sentence.

It's a kind of fear, uneasiness, hesitation.

Seeing Gu shengxia's face full of fright, Xi Nianchen continued with satisfaction: "it seems that you still remember."

"In that case, how can you be disappointed by the consequences of provoking me?" Although Xi Nianchen's beautiful Chunjiao has a very elegant smile, in Gu shengxia's eyes, she is full of irony.

Without waiting for her to speak, Xi Nianchen's words pressed down again: "hypocritical woman, seeing you makes me feel sick."

Xi Nianchen's slightly oppressive posture makes Gu shengxia very uncomfortable.

Also because of her words, let her subconsciously raised her head, straight into the man's deep refraction of cold eyes.

From the first time Gu shengxia saw him, he knew that this man, with only one eye, would sink because of him.

Now, this face appears in front of her again. They are so close apart that she can see her shadow reflected in the man's dark eyes.

Gu shengxia's height is not short, although only wearing indoor slippers, but just slightly look up to see into his eyes.

Gu shengxia's gaze makes Xi Nianchen frown slightly, dissatisfied.

Suddenly, Xi Nianchen released an arm, put his arms around Gu shengxia's waist, and closed them tightly, so that they could get closer.

"Gu shengxia, don't let TM cause me unnecessary trouble!"

The last word hummed out gently, with infinite anger and hatred.

“As long as you can save Ruirui, you can do anything you want me to do, including leaving Xi’s home.”

Gu shengxia stares at Xi Nianchen’s secretive ink eyes and says firmly.

It seems that in addition to this, she can’t think of anything else to make the angry man calm down.

From the beginning, he thought that the original thing was that she designed him, that she shamelessly wanted to marry into the Xi family.

But the real reason is that she It was designed.

But even if she said, in front of this man, he will believe it?

Gu shengxia thought, had the answer in the heart.

No, he won’t believe it. No matter what she says, he won’t believe it. He even thinks that she is looking for an excuse for her glory.

So, knowing that he won’t believe it, why do you say it so much that he humiliates her again?

She has only Ruirui, her only son, and she has given up for him.

“Oh, leave Xi’s house? Are you willing?”

Gu shengxia is a deep-seated woman. She tried her best to get married to the Xi family, but now she says she will leave the Xi family.

Is that possible?

“I can do it!”

For ruiruirui, she doesn't care about anything else!

Listen to Gu shengxia's words, the man's eyes like a lion waiting for the prey to close tightly lock her eyes, the two people are so close.

It's only now that he really looks at the woman who became his spouse three years ago.

But suddenly found that she did not make up.

But her skin is as delicate and white as a baby. Maybe because of the high fever, her cheeks are red and her lips are pale.

Only one eye, but let his heart have so a second of stagnation.

However, the feeling just disappeared in a moment!

Xi Nianchen's hand on Gu shengxia's waist is too strong, and she doesn't want to be intimate with him in this situation, so she can only raise her head and keep a distance from the man.

But as everyone knows, such a posture makes her slender neck pull out a beautiful arc, white skin without the slightest fine lines, has been extended to the clavicle depression. "Don't you believe it?" Gu shengxia looks at the man in surprise.

What he wants is for her to leave Xi's house? She said it so obviously, but why didn't he believe it?

"What do you have that I can trust?"

The man's cold words make Gu shengxia wake up in an instant. He doesn't believe her. It's excusable, isn't it?

“Well, what do you want me to do to save Ruirui?”

Gu shengxia knows that with the old lady’s order, Xi Nianchen will definitely go to the hospital, but he also has the ability to change the matching results.

She knows what kind of person he is.

In this world, nothing can force him!

Except three years ago!

For three years, he didn’t care about ruiruirui, so she didn’t dare to expect that this man would save Ruirui for his son’s sake!

So she can only plead with him like now, hoping that he can really save Ruirui.

“You can do whatever I say?” Xi Nianchen dangerously squints his eyes and approaches Gu shengxia’s cheek.

“Yes, as long as...”

Gu shengxia’s words haven’t finished yet, Xi Nianchen’s mobile phone in his pocket rings untimely.

Xi Nianchen released her arm around her waist and took out her mobile phone. When she saw the name of the caller ID, she suddenly turned to the window to answer the phone.

Seeing this, Gu shengxia laughs at himself. What makes him so nervous is that there is no one else except that woman.

If not for her at the beginning, I’m afraid he would have lived with his beloved woman for a long time.

What about her?

Even if it is not Xi Nianchen, there will probably be another Xi Nianchen!

Gu shengxia think back three years ago, Xi Nianchen also don't know when to hang up the phone, quietly stood in front of her again.

"I'll go to the hospital." Xi Nianchen's indifferent voice rings out slowly, drawing back Gu shengxia's thoughts.

Smell speech, her face immediately flashed excited, "good, thank you, see you in the hospital tomorrow."

He agreed, which means that her Ruirui can finally enjoy his life like a normal child.

As he passed by Xi Nianchen, Xi Nianchen's eyes were awe inspiring. He held out his hand and grasped her arm tightly. His voice was filled with anger. "Do you think it will be so simple?"

"What are your requirements? Go ahead."

Gu shengxia knew it would not be so simple, so he asked.

But no matter what conditions the man put forward, she would agree unconditionally.

At the moment, she is full of joy that her Ruirui has hope, but she doesn't know that Xi Nianchen's words will bring her to hell.

"Divorce."

Smell speech, Gu shengxia just pause, then say: "good, I agree."

Just did not think, Xi Nianchen next words, but let her feel insulted.

"After the divorce, be my lover!"
