

## **D.E.M.O.N.S: Getting Summoned Weekly isn't so Bad**

### *Chapter 17: Getting Kicked out*

Finishing the bow, Kat's hair appeared tied around the stick and her kimono appeared over the top of her outfit. Vivian and Sylvie's eyes widened at this, whereas Lily seemed to be expecting it.

"Hey Kat what happened to the clothes you were wearing before," asked Lily. "Well my shoes are actually my Demonic Attire so they haven't changed, but the rest of my clothes are just under the kimono," said Kat pulling aside the top of her kimono to reveal the clothing underneath.

"Huh, I would have thought it would have done something to your clothes rather than just put your attire on top," said Lily.

"Well the system said my Attire is a mutation and doesn't behave in the standard way, whatever that is, so maybe it has something to do with that? At the very least it hasn't damaged my clothes or anything, so I say it counts as a win in my books," said Kat.

"Where did you get such a lovely outfit Kat? I've never seen anything like it. The quality is just outstanding. Is this also an extension of your powers?" asked Vivian.

"Nope, this was actually a birthday present from Gramps. Apparently it was his wife's before she passed away," said Kat with a slight sigh.

Vivian coughed slightly and continued, "So has the material improved in any way now that it's part of the attire or was it like that before?"

"I'm not too sure actually, I haven't really tested anything out with it, and I can't really bring myself to test how durable the cloth is now that it's changed to Demonic Attire. Based on what it is, I think it will reform or something but it's still not something that I really want to test out you know?" said Kat.

"I think maybe you should test it though Kat, what if something dangerous happens," said Lily.

"Well, following that train of thought wouldn't it be even better to test her skin?" said Vivian. Sylvie and Lily looked at her in shock, while Kat looked at Sylvie and Lily the same way.

\* Why are you pair so shocked? Vivian has the right idea. If the argument being made is safety, it is far more important to know if my skin is stronger. Oh wait.\*

"Guys I can probably just ask the system, don't go glaring at Vivian over this. It's a good idea," said Kat.

USER KAT HAS NOT BEEN SUMMONED SINCE SKIN HAS BEEN REFORMED. D.E.M.O.N.S DOES NOT CURRENTLY KNOW HOW STRONG IT MAY BE.

\*Can you use a normal Succubus for comparison, perhaps a best guess?\*

USER KAT IS NOT A NORMAL SUCCUBUS ANY GUESS WOULD BE REDUNDANT USING THOSE PARAMETERS.

\* Right, and I can't ask for the likelihood based on my type of Succubus because I don't know yet and you won't tell.\*

USER KAT IS CORRECT.

\* Well that sure was useful.\* "It seems like the system won't tell me, because I haven't been summoned. It doesn't know about my skin just yet and when I asked it to use a standard Succubus to make a guess it just responded that I wasn't one," said Kat.

"Hmm, so you said it wouldn't know until you were summoned right?" asked Vivian" Yeah," said Kat.

"Well, can you ask it what abilities you have? Or at least what you have since you've been summoned last?" \* Good idea Vivian. \* Kat nodded in response.

D.E.M.O.N.S IS UNABLE TO PROVIDE ABILITY INFORMATION OUTSIDE OF DEMONIC ATTIRE UNLESS USER THOROUGHLY TESTS THEIR OWN ABILITIES. CURRENTLY D.E.M.O.N.S IS AWARE OF PHYSICAL CHANGES IN USER KAT AS WELL AS SOME FORM OF AURA, BUT IT DOES NOT SEEM TO BE OF THE CHARMING NATURE STANDARD TO MOST SUCCUBI, MORE TESTING IS REQUIRED.

"Seems like the system doesn't actually know my abilities even if I'm summoned. Just my biological changes," said Kat.

Vivian pouted on hearing this but Lily seemed energised with the new information, however just as a smile was breaking on her face she glanced over at the clock and was shocked to see that it read 12:25.

"Shit, you guys have to leave now, my parents are freaks, they always eat at exactly the same time and lunch is at 12:30 without fail. Quickly before they spot you," said Lily.

"I can try and bluff you parents if you like?" said Vivian.

"No it's fine, I appreciate the offer but, for now at least let's try and keep this a secret," said Lily. Nodding in understanding, the three quickly exited Lily's room through the window before heading over to the fence with Kat dismissing her kimono along the way.

"Kat can you grab the ladder, your arms are longer than mine," said Vivian.

"I can do you one better," said Kat as she reached up with her tail and pulled the ladder over to their side of the fence.

"How strong is your tail Kat? I don't think I could lift the ladder so easily with just the one arm," asked Vivian as she climbed over the ladder.

"I'm not sure, stronger than both of my arms at least," replied Kat as she helped Sylvie up the ladder before clambering over herself. Quickly grabbing the ladder with her tail again, Kat held it behind her after adjusting her tail to centre it.

"Where do you want this Vivian?" asked Kat.

"Oh anywhere is fine dear, though I suppose we can return it to the garage," said Vivian. Leading the way Vivian marched arms swinging side to side as she rounded her house and opened the garage. Depositing the ladder careful Kat swung around to face Vivian.

"Well I suppose we better get back home for lunch Vivian, thank you so much for your help,"

"Oh don't worry about it dear, in fact would you like to come in for lunch, I'm sure I have something lying around."

"Let's have lunch with Vivian, Kat," said Sylvie using her magic eyes. \* Ha, Sylvie's actually getting attached to someone who isn't me. I didn't think I'd see that for a few years yet. \* *novelnext.Com*

"Sure thing," said Kat patting Sylvie on the head.

Vivian led them in through the door in the garage and the first thing Kat noticed about the house was that it was clean. Unbelievably clean with not a speck of dust to be found.

"Wow, Vivian's place is so clean. Even though we clean every week it never gets like this," said Sylvie in wonder.

"Ha, that's my friends doing. I have no idea how she does it but she keeps the place spotless despite the fact that I've not once seen her clean the place. I always offer to help but she rejects me," said Vivian who started pouting towards the end.

Leading the pair into her kitchen, Vivian found her eyes twitching at the sight of the feast laid out before them. "How does she do that? I keep telling her that she doesn't have to make me lunch all the time. Oo but it's so much better than my cooking. Wait why is there enough for three people?" Vivian mumbled at breakneck pace. Returning to her smile Vivian whirled around to face the two girls.

"It looks like my loveable roommate has already provided lunch so I guess help yourselves." "Ah, will your friend be joining us?" asked Kat.

"I guess not... Don't worry about it much though. Callisto just disappears after making meals if she doesn't want to hang out. I swear that girl has only gotten worse since she moved in. If only her food wasn't so good I could complain about it," said Vivian taking a big bite out of one of the many sandwiches on the table. The three shared a comfortable lunch together, leaving a good portion of the food untouched by the end.

"Should we help clean up, Vivian?" asked Kat.

"No it's fine. I'm happy to clean it up," said Vivian quickly stacking a number of plates and glasses in precarious ways.

"So what are you girls planning now? I could show you around if you like?" said Vivian. "I think we will have to leave actually, we both have to help clean the orphanage soon," said Kat.

"Oh, do you dears volunteer there? That's nice but isn't Sylvie a bit young for that sort of work?" said Vivian.
