

D. Hero 1071

The Domestic Hero - Chapter 1071

“Xiao Yan ~” Nanlian’s cheeks were flushed with drunkenness, and her eyes were filled with two wonderful waves of spring water. She closed her eyes slowly, and her voice was trembling with emotion, “I will, my Huangfu Nanlian Willing to be your woman. “

The so-called Yin-Yang Jiao-Tai before was purely for the purpose of saving the world. Even if the ice whirlpool and big cocoon are covered, it is still impossible to enjoy that kind of environment.

At this moment, no one is around. Lonely men and widows live together in the same room, and the love lingers, it is the time when the affection grows stronger.

Wang Yan heard sister Nan Lian’s words, and her heart was also hot, as if her heart had melted. At your fingertips, the phone was pulled by an invisible force and flew into the storage bracelet.

At the same time, he said the last sentence to his mobile phone: “Brother, things are already done, you can solve it yourself, good night!” After putting away the mobile phone, Wang Yan couldn’t hold back anymore and leaned over and kissed Huangfu Nan Lian’s jade lips, a blazing fire ignited in the hearts of the two, swallowed them quickly, obliterated ...

As for Lei Hong, Wang Yan has fulfilled his brother’s obligations, and everything is logical. That kind of thing, can’t I still ask Wang Yan to help? Immediately, everything was left behind, and he dedicated himself to warming up with Nanlian.

And at the same time.

In the villa area of Super Energy College in East China.

Lei Honghu was shocked, his eyes dull and dumbfounded. I almost repeated what Wang Yan said to him. Fortunately, he just licked the Erguotou mixed with water. His reason was still there. At the last moment, he blocked the sentence in his throat.

It's just that his heart collapsed. Does the old king dare to be more reliable? You have gotten to this point, and you told me to solve it by yourself? I want to let you solve this problem by yourself, and what do you do?

Lei stared at the panic-stricken goddess Shiva who dodged her eyes like a bunny. For a time, her heart was full of melancholy. What should I do?

Compared with Lei Hong, Shiva Goddess is more disturbed, and her mind is almost blank. She is the goddess of Shiva. So far, she has broken many rules and regulations.

Woo, Lei Bang you are too much, you are too domineering, too strong. You, who do you think of Indira?

However, isn't it because he likes his domineering and likes his strength?

How to do?

Yingying ~ What should you do? Could it be that this is a domineering and powerful man? No, no, my Indira is a goddess of Shiva, and I have dignity. How could he be so conquered by hegemony?

Shiva's shell teeth bit her lip, and she struggled violently in her heart. Her rapid breathing caused her **** to fluctuate up and down, and she was extremely emotionally disturbed.

At this time, Lei Hong, his heart crossed, and the secret road was fought.

His eyes are more powerful and domineering, just like the top predators in the ancient times, he is staring at the Shiva goddess Indira sharply, and continues to use the sound of the cool hanging sky: "Yingying ~ you are mine, your Soul and body are all my thunder. "

He would n't be next to him, so he had to follow the overbearing president Fan Er to the end.

The goddess of Shiva 's heart was again hit hard, both angry and sweet. All along, she has lived in a state of extreme dignity. From small to large, she was identified as the goddess of Shiva. There is only sternness around her, only awe and flattery.

No one has ever been like Lei Hong, regardless of his status, but intrusively invading his own mind.

Looking at his overbearing eyes, Shiva Goddess Indira's heart was crisp, and there was only one thought in her mind, just forget it. Since things have reached such a point, everything is up to him.

The rebellious pleasure she never had before filled her with endless excitement. The feeling of breaking free from discipline and doctrine is her longing inner desire not to dare to leap halfway. Perhaps, only a strong and overbearing man like Lei Bang can truly free himself from a life that has long been disgusted.

As one famous writer Lao Ao said, when you decide to break the jar one day, you will find the world suddenly brighter.

Shiva Goddess Indira's eyes actively responded to Lei Bang, her voice trembling, but full of firmness: "Boom! I am willing, I am willing to be your woman. You, you want to protect me."

"Boom!"

The sky seemed to explode countless days of thunder, and the wretched hanger and apprentice who were peeping out of the house were out of focus. Their eyes were a bit dull. Is this, is this okay? Why are women like this now?

Could it be that men are not bad and women are not in love?

And honest good men like them can't talk about girlfriends. This world is so **** special.

Both the mentor and the student were in tears.

The man did not cry, wiped away his tears, and continued to fiddle with the camera. As a mentor and apprentice of the paparazzi who is the world's first superpower, can it be knocked down by small dog food?

"Xiaowei, that lens is there, right, right, that angle is very good." Willy King Willie commanded Fang Qiu, "This is the first time for the Prince of Light Lei Bang and Shiva Goddess Indira, we must Leave them an unforgettable memory forever. "

“I hate these dogs and men who are spreading dog food all over the world.” Zhang Wei is hidden in the folds of the space, playing with various cameras, and gnashing his teeth with his teeth. “I hate handsome men more like a king. Principal, and this abominable prince of light. Woo, God, why are you so unfair? Why, everyone is human, why should you be handsome or frustrated? “

It was just when the miserable mentor and apprentice were in various perturbations.

Lei Bang and Shiva Goddess have also become fierce.

In particular, Lei Hong was also somewhat stunned. Is this okay?

What should I do next?

Pharaoh Pharaoh, you answer me.

It's a pity that Wang Yan has already put away his mobile phone and is busy with his own affairs.

Thrilled by thunder, he gritted his teeth and started his routine. He slurped down a glass of wine in his hand, two blushes on his cheeks, hiccups, and his eyes were even more overbearing.

“Hi!”

His expensive suit was exploded, revealing a strong and perfect upper body, and aggressively kissed Shiva.

“Boom!”

Lord Shiva's heart beat to the extreme. She had already done a good job of psychological construction and closed her eyes slightly.

The two are getting closer and closer, and each can feel the other's body temperature.

Just when Shiva was so nervous, she heard a snoring sound. With wide-eyed eyes, he suddenly vomited blood, so you are thunderous, and the old lady finally decided to dedicate herself, you, you, you fell asleep?

...

The Domestic Hero - Chapter 1072

At this time, Lei Hong, a pair of white wings that were originally raised high, slowly slumped down. Eyes closed, a slight snoring sound was heard in the back of the nose, and the corner of the mouth continued to hang with the outline angle of the overbearing president Fan Er.

Shiva Goddess Indira's eyes widened to the extreme, staring at Lei Bong as a spitfire. Her heart seemed to be rushed by 10,000 heads, trampled on her heart. I think she is the goddess of Shiva, the most respected woman in India.

Even when the Indian Prime Minister met her, she had to pay a courtesy and honor her Royal Highness.

She has spent countless hours persuading herself to prepare to fall into a broken jar, even if it is against the world, it must be with Lei Hong. She was still proud and excited about her determination to break free of the rules, but unexpectedly, Lei Bang, this bastard, fell off the chain at a critical time.

go to bed!

She couldn't imagine Indira, she just said for a long time affectionately, how can he sleep at this time?

Her eyes were spitting fire, and the corners of her mouth were twitching, and there was a burst of flames of destruction in her heart, and the guy had died with the urge to die. On this day, I really can't pass it.

And at the same time.

Squatting outside the house, preparing to secretly shoot the top news in the superpower world, two super-paparazzi super-paparazzi mentors and apprentices, looking at each other?

What the hell!

Does this work?

Boom Brother, Boom Lord?

Are you teasing us?

We all have trousers, no, we risk our lives, the camera is set up at all angles, while you are preparing to have a good time, your old man has fallen asleep? Uh ... The snoring sound is rhythmic, and seems to be sleeping soundly!

They were also struck by Lei Banglei, and they were out of focus. If you do n't drink alcohol, do n't get bored when it matters. Anyway, after the show, I'm bored again. Now, what can we do?

“Pooh!”

Zhang Wei, who was indignant and excited, slipped under his feet, and a high-definition miniature camera dropped under the tree, making a loud and heavy noise.

“Who?”

How does Goddess Shiva exist, even when she is very emotional, how can the wind and grass within a hundred meters of the surrounding area conceal her perception? Immediately, she grabbed Lei Hong's waist with one hand, flames filled her body, and flew out of the villa, a breath of destruction spread over her.

“damn it.”

Willie, the wretched king, hurriedly jumped up with his apprentice after swearing in his heart. A thief smiled and said, “His Highness Goddess Shiva, we haven't seen each other for a long time. It's too fate to meet here again today. Now. “

“It’s you! The King of Mischief!” The goddess Shiva was surprised for a moment, and recognized the person immediately. In the youth conference, Guyin’s manifestation of this wretched king is too dazzling. In addition to those top experts who play well, this wretched king is the most popular.

But it is clear that the wretched king left a notorious place. There are ninety-nine women in the audience who want to smash him to pieces. The remaining 0.10% female is probably trying to cut some of his tintin to feed the dog.

At the sight of this person, the goddess of Shiva didn’t suddenly hit her, the lips under the veil caused a sneer, the fate, the fate of your sister, the goddess did not want to have a bit of fate with you in her entire life, and the voice was extremely cold, ” What are you two doing here? “

“Passing by, our apprentices pass by here.” Willy King, the wretched king, covered his soul and hurriedly said with a smile, “The Devil’s Disaster is approaching. I’m so worried, and the night is long and sleepless. We two teachers and apprentices came out for a walk, and discussed by the way. How can we save the planet and contribute to humanity. “

“Yes, yes, we are ready to contribute to mankind.” Zhang Wei seemed even more embarrassed under the coercion of Lord Shiva, and he smiled all over his face, “We are definitely not here to secretly photograph you ...”

“Sneak shot?”

The goddess Shiva was slightly taken aback, and Shen Nian swept around, as expected, and found that a number of miniature pinhole cameras were installed on the tree. And from all angles, there are all parties, very intimate and professional. Suddenly, an unstoppable anger boiled in her body. Contribute to mankind, I huh.

I rely on!

Willie, the wretched king, wants to slap his stupid apprentice, ma’am, aren’t you not going to fight? He responded extremely quickly, grabbing the stupid apprentice, and swept back quickly, and at the same time shouted, “Shen Shiva, we didn’t see anything ~”

Did you not see anything yet?

The goddess Shiva embraced the thunderous sound of sleep in one hand, his mouth sneered, and the third eyebrow opened slowly, destroying the image of Lord Shiva. A flame of flame-like strength rose up, and the flames swept over the two wicked kings.

Wherever they passed, those big trees that embraced each other did not hold on for half a second, so they all turned into coke. As for those high-definition micro-cameras, they were instantly vaporized and disappeared without a trace.

“what!”

The wretched king screamed again and again, although his speed was extremely fast, he still could not escape the mighty scope of the goddess of destruction of Shiva. Two seconds later, just a few hundred meters away, he collapsed to the ground. He and his apprentice were all burnt black, as if they had just come out of Africa.

It was also because she was a goddess of Shiva under anger. Otherwise, these two guys must be dead.

“Huh! Everyone listens, if anyone dares to conspire against the goddess, don’t blame the goddess for the killing.” After the goddess Shiva said viciously, she thundered back to the villa. At the tip of his finger, he took out a baby and enveloped the villa in a dark light.

By this time, no one could bother her.

The heart of the Shiva goddess who had vented her emotions was calmed down a little by the wretched masters and disciples, and the anger gradually dissipated as she watched the thunder and snoring sleeping. There was a blush on his cheeks, and I have to admit that this guy seemed pretty cute when he was sleeping.

Her delicate body shivered slightly, holding him in her arms. At this time, he felt like a quiet child, completely different from the usual cold and domineering appearance.

“Yingying ~ I love you ~” Lei Hong lay in the arms of Shiva and murmured in her sleep.

Suddenly, the hearts of Lord Shiva are melting, and her eyes are filled with tenderness. In his sleep, he was thinking about himself and loving himself. Boom, I am willing to elope with you, even against the world.

The heart of Goddess Shiva is full of firmness.

“Lao Wang, Lao Wang, what shall I say next? The goddess Shiva is so fierce, that eyes are about to eat me!”

“what?”

Shiva’s splendid body shook her body stiffly. After turning thunderous ears, I saw the pair of invisible headphones. Suddenly, she paled and gritted her teeth and said, “Son of Flame, you are waiting for this goddess!

...

The Domestic Hero - Chapter 1073

After a few days.

In the sky, on a satellite crossing the sky, Wang Yan sneezed and sneezed several times. He rubbed his nose and muttered, “What’s wrong with these two days? Every day, someone is scolding himself, is he muttering himself? Whoever is calling him?

Of course, the normal satellite flight orbits are extremely thin air, and there is no air medium to pass. And Wang Yan has already set aside experience on the satellite. Every time a satellite is put on, a gang gas shield is put on the outside of the body, and then the air cylinder is continuously filled with air.

Naturally, with Wang Yan’s current strength, even in places without air, he can survive for a long time. It’s just that the journey is long, and comfort is also very important. To this end, he also specially made a polar bear skin blanket, a pillow leaning on the satellite, lying comfortably half-lying.

Under a little operation, the satellite suddenly became a comfortable business class. He also took a mobile phone by the way, connected to the communication satellite signal to play games and the like.

The speed of the satellite is extremely fast.

Soon, Wang Yan landed from above Huahai City and flew back to his home in Xianghu District.

This is the first house owned by Wang Yan, and it is also the first completely own home. Every time he returned from his official duties abroad, it would make him feel comfortable. Because there are grandchildren who often come back to take care of them, the plants in the family still grow very vigorously, especially the two peonies. When Wang Yan came back, he suddenly greeted the wind, and the shaking was very intimate. Rubbing, made a loud noise.

The two half-closed and half-closed flowers and bones bloomed heartily, emitting a rich and refreshing fragrance. They are like two beautiful beauties, fighting each other for strangeness, please Wang Wang as the master.

The clever verdant green radish spread the vines and rubbed intimately at Wang Yan's feet, as if he were a well-behaved kitten.

“It is not allowed to become refined after the founding of the People's Republic of China. Do you know?” The family relies on these plants. The air is very fresh and humid, and the oxygen content is also quite high. This makes Wang Yan feel good, and his sense of fatigue is swept away.

“Wow!”

They all danced with flowers or vines and protested. They all already have some ethics, and they are not regarded as elites after the founding of the People's Republic of China. Only Xiaoluo Luo seemed to be sick and lost his spirit.

She didn't follow Wang Yan soon, but she gradually gained some wisdom. If you are not allowed to become fine after the founding of the People's Republic of China, wouldn't you always be a green dill in this life?

“It's okay.” Wang Yan also likes this spiritual green radish very much. She is a little expert in the cleaning of the air at home. Now she has evolved some skills to kill harmful bacteria, reduce dust, and even kill some messy small insects.

Seeing her sad, Wang Yan reached out and touched her verdant green leaves, smiling and comfortingly said: “Although you are spiritually late, but you are a foreign plant. Big deal, go back to your hometown to transform or something.”

Of course, Wang Yan is just kidding.

This green dill is still very tender, not hundreds of thousands of years want to be transformed, that is something not to think about. By that time, our country has already entered the space age, and we understand that the evolution of some plant and animal mutations is because of the awakening of some ancient genes in the body.

And those ancient genes are the weird space creatures in the universe. Some powerful creatures have evolved to a level that can survive in the universe. They will cross the universe and migrate between life planets.

In the long history of the earth, there have been many patrons of cosmic creatures. They passed by a little bit quickly, and some dropped their heels on the earth and reproduced their offspring, leaving their own genetic fragments. There are even many myths and legends left behind.

This is the reason why some life on earth awakened ancient genes and became stronger. Most organisms can occasionally awaken genetic bloodlines.

But there are also some living populations, in which the ancient bloodline genes are inherently stable and can be easily passed on to future generations. This formed some families, or populations.

Nine-tailed Sky Fox is one of them. The Winter God tribe also belongs to the bloodline population.

And the bloodline heirs born by some strong men, their gene fragments and bloodlines, will be more easily passed on to future generations. The only problem is that the stronger your genetic bloodline, the harder it is to have a heir, and the scarcer the population.

These are gossips.

Wang Yan happily took a bath and wore pajamas in the kitchen to prepare some dinner for himself. At this moment, the doorbell rang. When he walked to open the door, Wen Ruhan led his daughter to stand warmly outside the door, carrying a few food boxes on hand. In his warm hands, he was carrying a rope, and a penguin was tied to his body.

“Sister Ruhan, how do you know that I am back? Please come in quickly.” Wang Yan smiled and let them in, then hugged Nuan Nu, and “boomed” on her cheek, “Little beauty, Do you miss your uncle? “

Nuan Nuan’s eyes were wide and his voice was clear and crisp: “Wan Nuan misses his uncle, but her mother seems to want her uncle more. She is looking forward to her uncle every day.”

“You kid. Don’t talk nonsense.” Wen Ruhan pretty blushed, and then whispered, “Don’t, don’t listen to the kid talking nonsense. I, I just heard that you are coming back recently, so I paid more attention. Just now. Seeing that your home appliance light is on, I prepared some ingredients. I, I’ll go to the kitchen to cook. “After all, I ran into the kitchen like a smoke.

“I like to eat the dishes made by Sister Ru Han the most.” Wang Yan smiled and put Nuan Nuan on the sofa, and then tied the penguin called by Ang Ang to the living room, and gave him an ice bucket to make it cooler for fun.

Then he entered the kitchen and started Wen Ruhan.

The two in the kitchen processed the ingredients slowly and smoothly, Wen Ruhan’s pretty face was reddened, and the corners of her eyes were filled with small happiness. Suddenly, she seemed to think of something again. She was chopping vegetables while saying: “Xiao Yan, I was very proud and worried when you battled the Black Death Demon King in Dongdao the other day. These days I ’m so confused, I do n’t feel at ease until I see you. “

“Sister Ru Han, that’s all gone. What’s more, it’s just a stinky salty fish trying to turn over, can’t understand the current world pattern, and can’t turn over the wind and waves. This is no, it will be cleaned up in two or three times. “Wang Yan patted her shoulder gently, comforting softly.”

If the Black Dead Demon King Quan knew that Wang Yan described him as a stinky salty fish to coax a woman’s peace of mind, I wonder if she would be angry and live to die again? He’s a terrible black demon deity, and he once almost dominated the terrible demon king of half the earth.

Isn’t it an unknown salty fish?

...

“Well!” Wen Ruhan felt a lot relieved. After a pause, she said hesitantly, “Xiao Yan, you can rest assured. I, I will not delay your relationship with Miss Nan Lian.”

“Uh ...” Wang Yan said blankly, “Sister Ru Han, what are you saying?”

“I understand, in my capacity. It’s my blessing to have the opportunity to be with you.” Wen Ruhan said with a smile, “You can rest assured that I won’t compete with Miss Nanlian, If you are married, I can quit completely. “

“Sister Ru Han.” Wang Yan gently touched Wen Ru Han’s fragrant shoulders and said softly, “You are a very good woman, why should you be so pretentious?”

“Xiao Yan, it’s not that I’m so arrogant. It’s that you are so good, and you should have a broader future.” Wen Ruhan slightly hurt. “Not to mention our country, it is not allowed to marry a few.”

“Our country is not good, we can go to alien planets.” Wang Yan smiled easily. “The universe is so vast. When my spaceship is built, I will occupy an alien planet. After the Earth’s magic disaster, We will emigrate to the outer planet and live steadily. “

Wen Ruhan covered her mouth and looked at Wang Yan in surprise. Originally, she thought that it was impossible for me to really live with myself in my capacity. Because national laws and moral systems are not allowed.

But she never imagined that the way superpowers see things is totally different from ordinary people, to occupy a planet and live? It sounds exaggerated, but Xiao Yan doesn’t seem to be kidding.

For a time, she was a little dizzy. I have been worrying about things for so long, and it is not a matter of having Wang Yan here.

“What’s more, the superpower world always respects strength.” Wang Yan also said confidently. “As long as our fists and big arms are thick, who will be bored to take care of how many wives you marry? Just like my buddy desert.” Emperor Ganeser has always claimed to be the reincarnation of the Pharaoh Emperor, and the women around him are counted as groups. “

“I chewed.” Wen Ruhan chewed Wang Yan with a blush. “Xiao Yan, give you some color and you will open the dyeing workshop. Emperor, will you not be quite emperor too? Really want to put together the three palaces and six courtyards. Twelve concubines? Would you like to help your concubine find you again? “

Wang Yan smiled bitterly and said, “Sister Ru Han, you really don’t know me. In fact, I still restrain myself very much in the relationship between men and women. But, once something happens, I can’t really be the one Fuck, eat dry, wipe clean, do n’t admit it? So, I have to think about it more carefully. Sister Ru Han, if you do n’t like me and want to leave me, I will definitely not have two words. However, if you want to be For some secular views, I was forced to leave me, why would I not let go. As a superpower, if I can’t even protect a woman who loves myself, what can I talk about to save the world? “

He said that saving the world is really not a joke. The magic disaster is coming, and it will be at the forefront by then, aren’t they superpowers? And with Wang Yan’s strength and patience, he must certainly provoke a beam among them.

Regarding the law, Wang Yan also admitted that he is a good citizen who abides by the law and is willing to abide by the law. However, I have to admit that as he becomes stronger, the secular laws are becoming less and less binding for the strong men of his level.

This is also the case. Only those who are not strong-hearted will drift away on the path of evil.

“Xiao Yan!” Wen Ruhan was thrilled and looked at Wang Yan with a faint look. “Well, I listen to you. As long as you don’t take the initiative to abandon me, I will keep you for life.”

“Well.” Wang Yan moved slightly and took a step forward to grab her Liu Yao, whispering, “I believe that Sister Nanlian and Sister An Ge will also understand. Of course, you must expect them to not be jealous of the wind, then it must It is unrealistic. “

“Sister Ange? Are you saying Wuya Ange?” Wen Ruhan Xiu Mei raised her eyebrows slightly, “Aren’t you? You and Wuya Ange also got together?”

“Uh ...” Wang Yan said with a smile, “Sometimes in Southeast City, I did something logical. You also know that Sister An Ge has always been my girlfriend.”

“No, no, I have to interrogate carefully.” Wen Ruhan glanced at her daughter outside quietly, and found that she had already run away penguins on the balcony. Immediately, she pushed Wang Yan to the side of the refrigerator, and said with some wink, “You are going out and there are a lot of sneaky hookups. Honestly, are there any other women hooked up?”

“Here, I really don’t have it.” Wang Yan said with a wry smile, “Sister Ru Han, why are you so jealous?”

“Just jealous?” Wen Ru’s eyes rolled slightly and hummed, “It’s natural for women to be jealous. You don’t have to say it yourself. It’s definitely unrealistic to expect women to be jealous of the wind. Xiaoyan, you don’t Will only give Nanlian and Ange a chance to be jealous, but I can’t? “

“Of course.” Wang Yan smiled helplessly, “Sister Ru Han, of course, you have the power to be jealous. You can eat whatever you want. However, I really didn’t use anything else this time.”

“Then how did I hear that you and your granddaughter, the dean of the School of Magic, got together !?” Wen Ruhan felt that her daughter was far away, and her movements and tone of voice were becoming more and more arrogant.

“We are pure friends, friends.” Wang Yan sweated on his forehead, and his words seemed to let go of some of Ruhan’s spiritual gates. Sure enough, it is a woman’s nature to be jealous.

“Okay, then I won’t ask her anymore. I’ll ask, what do you plan to do next today?” Wen Ruhan said with a wink, “I mean activities after waiting to sleep at night.”

“His ~”

Sister Ru Han really deserves to be a young woman. It used to be better when I respected each other in the past, but once I let go of my feelings, the fiery side of the fire was fully revealed. When thinking of the evening, Wang Yan hesitated slightly and said, “I have to report to the Director Linghu first for work, and then I might have to go to Master Zun’s house for dinner.”

“Director Linghu?” Wen Ruhan suddenly became alert and suspiciously said, “I heard that our director Linghu is only a vixen. She will still ask you to report to work at night. Any idea? “

“No, it’s purely a matter of work. She also wants to understand the experience of the Dongdao incident as soon as possible.” Wang Yan’s heart was cold and sweating, and this sister Ru Han was really smart, knowing that Director Linghu was playing. Own idea.

“I don’t care whether she is working or selfish.” Wen Ruhan slightly groaned, “In short, I have to guard her for the sake of my sisters and sisters.”

“Uh, this kind of thing can also be prevented?” Wang Yan looked stunned, “What are you going to do !?”

“Nuan Nuan, my mother and uncle have no more soy sauce to cook.” Wen Ruhan ran out to give her daughter 20 yuan. “You take the little penguin to the kiosk at the entrance of the community, buy some soy sauce and come back, go slowly on the road, we don’t Anxious. “

After leaving her daughter, Wen Ru Han Qiao blushed slowly, slowly pacing to Wang Yan, grabbed Wang Yan’s shirt, and blew Ruolan to say, “I’ll hurry up and get you dry, Let Linghu Yaojue want to make up his mind. “

“Poof!” Wang Yan was dumbfounded. Is this okay?

The Domestic Hero - Chapter 1075

In the evening, Wang Yan dragged his tired body and drove his Land Rover to the door of the unit. His face was a bit melancholy and extremely rare. After lighting a cigarette at the door, he slowly started to smoke.

At home for a long time, the war with Wen Ruhan was even more difficult than fighting against the Black Demon King.

After smoking, Wang Yan flew into the building, and took the elevator down.

With Wang Yan’s current status, it was naturally recognized by colleagues. Despite all the miscellaneous colleagues, Wang Yan did not recognize it all. However, out of courtesy, Wang Yan would still greet each other actively.

Naturally, news of the return of the Son of Flame spread through the entire East China Branch through WeChat, the circle of friends, and the unit's APP. Some friends such as Wang Yan, brothers, rushed to meet Wang Yan.

“Pharaoh!”

Bear Burst, Scud, and Shen Tu Tianlu and others directly stopped Wang Yan in the aisle and gave him a warm hug.

“Yes, brother.” Bong Xiong urgently patted Wang Yan's shoulder, and couldn't help but praised, “But you are fighting for our brothers, thinking what kind of character is the Black Death Demon Venerable. We must destroy the existence of the world. As a result, we simply asked our brothers to serve. Cool! “

“Lao Wang Lao Wang, can you explain to your brother what yin and yang are in Thai?” The hairy legs are languid, and the yin and yang laughed strangely. “They are still virgins, I don't understand!”

“Go away, Scud, and take our son of Flame to open the yellow cavity.” Shen Tu Tianlu waved his metal tentacles excitedly. “Lao Wang, I saw there are many beautiful girls on Dongdao in the live broadcast. Otherwise, introduce to the brothers and acquaintances? You can rest assured that brother and I are a man who lives at home and is honest, hahahaha ~ “

As his strangely shaped metal tentacles continue to wave, where is there a little bit of a good-looking woman? The whole one is the evil tentacle monster from the world of hell.

Facing this group of fox friends, Wang Yan also patted his forehead helplessly. With such brothers in the booth, sometimes it really feels disgraceful to take them out. However, brothers are always brothers, even shameful brothers are not?

Wang Yan talked about each one of Xiaofeng Fengsheng's greetings, especially to Shen Tutian Road: “Tianlu, are you here on a business trip to the East China Branch? Do you need any help?”

“What's the matter?” Shen Tu Tianlu patted his chest with metal tentacles, and said Yi Bo Yuntian, “As a brother of the child of flame, I have been thinking about Shen Tu Tianlu, which unit I am in, I am Is n't it too selfish? So, I figured it out, for the sake of brothers, I should have dedication. So, I volunteered to be transferred to the East China branch to live and die with the brothers, and work hard to complete the party and the country, and The tasks given to us by the people. “

This one?

Wang Yan, a drop of cold sweat, Brother Shen Tu, are you still shameless? It is clear that our East China branch has good benefits and high welfare, and the dead skinned post came over. In the end, it was pretty good to support our East China branch?

Which one needs your support?

Are you here to come to the merits?

However, come and chant. Wang Yan didn't care, and immediately welcomed him. Said, "Brothers, you are busy first. I will report to the Director of Linghu, report my job, and then come back and invite the brothers to dinner."

eat?

Upon hearing this word, where can a group of fox friends go against it? Immediately afterwards, they rushed into the sky and patted their chests to say that as brothers, they should go back and forth with the troubles, indicating that they must wait for Pharaoh how many nights, and then get off work together.

For the group of guys who can be so shameless for ordering food, Wang Yan also expressed shame. After soothing them, they went to Linghu Yaojue's office.

at the same time.

In Linghu Yaojue's office, she was making a vocal call, blushing slightly and whispering, "Sister, people haven't been in love yet, can't such a thing be done?"

"You're like this, send it to your man." A cold voice came over the phone, "Sister tells you that nature is so full of competition. Your sister can't take care of you all her life, You have to find an excellent and huge potential to rely on. To tell the truth, do you like Xiao Yan? "

“This ...” Linghu Yaojue slightly hesitated and said, “Wang Yan is very good, I feel very satisfied. However, he, he has a girlfriend. I always feel that it is too shameful to seduce him actively Now. “

“Who’s throwing you? Is that what you call seduce?” Linghu Yaofei at the other end of the phone said hatelessly, “Sister can tell you. With the vision of the sister living for thousands of years, the sister did not find Bi Xiaoyan Better men, including your brother-in-law. If you really miss this village, you really do n’t have this shop. The sister is distressed to yourself, thinking that the fat water will not fall outside the field. Besides, what is your name? Seduce? It’s just a woman chasing a man, just a heavy sand. You don’t want him to throw away his family or something, or just want to compete for a seat, what’s so shy. “

“Okay.” Linghu Yaojue was very excited about Wang Yan, but she never looked down on her sister. She had to say honestly, “I will work hard.”

“What’s so angry?” Linghu Yaofei at the other end of the phone said indignantly, “We as fox spirits, we all know ** men. These are all things that are imprinted in the bones and in the bloodline. Alas, all blame sister Since I was too young, I have pampered you, and everything has paved the way for you. I can tell you, if you can’t get it started, wait for crying in this life, and don’t want to grow an eighth tail again, sister I do n’t want to see you die older than me! So, this is a mission. Do you understand the mission? It can only succeed, not fail. You are not allowed to lose the face of our Jiuwei Tianhu family. “

Linghu Yaojue blushed a little, but said helplessly: “Well, my sister, I will not fail. Not much to say, he is here.” After that, Linghu Yaojue hurriedly hung up the phone and sorted out After looking at the image, after wearing a pair of black tortoiseshell glasses, a mature and tall look appeared.

In fact, Linghu Yaojue is originally of extraordinary qualification and outstanding ability. Only in front of the elder sister who took care of her when she was a child, did she have a special mindset. There was a solemn look in his eyes, and he coughed twice and said, “Come in.”

As soon as the words fell, Wang Yan pushed open the office door and entered. He immediately saw Linghu Yaojue’s eyes on him, seemingly inexplicably fiery, and he laughed secretly in his heart, didn’t he?

This is the only way out of the tiger’s den and into the wolf den?

...

Despite Linghu Yaojue's disguise is very good, but Wang Yan just came out of Wen Ruhan like a wolf, naturally, he was very keen on this kind of look. After she and Wen Ruhan sent their daughters to make soy sauce, they looked exactly the same.

That was a clear thought, ate yourself?

At the same time, Wang Yan had to admit. Wen Ruhan, as a mature woman, is still very sensitive in her senses. She captured Linghu Yaojue clearly, as if she was thinking of her own idea.

“Director Linghu, I haven't seen you for a long time.” Wang Yan suppressed the uneasiness in his heart, and put on a public official appearance, saying, “According to your summoning, I am here to report to you.”

Linghu Yaojue originally wanted to pretend, but the voice of Qianding Dingwan, sister Linghu Yaofei, sounded in her ear. Immediately charming, the eyes are like spring water, and the voice is like crunchy candy: “Xiao Yan, you have worked hard all the way to report work. You are not in a hurry. I have a friend who just brought some good tea. You try it. . “

That sound made Wang Yan tremble in the bottom of his heart. It was really crunchy and ecstasy. It seems that my “aunt” Linghu really has plans for her. Is this because of the convenience of the post, is the letter harassed?

Wang Yan felt like he had entered the tiger's den, sweating on his forehead, which was almost at risk of life.

Linghu Yaojue flourished his jade hand, made a cup of tea very dexterously, and slowly brought it to Wang Yan personally. At the same time, the sound of the elder sister gave her the fox and the man's routine.

When tea was presented, he stumbled under his careless feet, and even brought the tea to the other person's arms. In this way, you can panic and feel like a deer, and you can secretly contact him and rub against each other to start a fire.

You can even take the opportunity to apologize and help him change his clothes and wash them. If you look back, you have the opportunity to return your clothes. Please have dinner or something. Wait, wait, there will be a success in the chapter.

Although Linghu Yaojue is a little bit shy, but I have to admit that my sister's little trick is really remarkable, seemingly inconspicuous, but it is really a chain link, which is difficult to break free.

Thinking of this, Linghu Yaojue's heart was faintly excited. Seeing the man under her own control, she felt a sense of excitement. Perhaps this is one of the natural instincts of coquette.

“Oops ~”

Linghu Yaojue's feet were soft, and even the body with tea was thrown into Wang Yan's arms.

Such a change is really unexpected.

According to the man's instinct, she will hug her as soon as possible, and then she can shake the tea into his arms.

In general, it is difficult for a man to think of a trick in this situation.

But when Wang Yan entered the room, he felt something was wrong. I have already made psychological preparations, and I am always on guard against anything happening.

“Director Linghu, be careful!”

Wang Yan also reacted for the first time, and a condensed spiritual force spurt out, holding Linghu Yaojue firmly like a physical shelf.

Linghu Yaojue was shocked, right? Did n't the elder sister say that the normal man's reaction was directly supported by his hand? Too late to think about it, she poured tea on Wang Yan.

Wang Yan, who has been preparing for it, will hit this trick.

Gently explored it, and took over the tea cup. The tea that was scattered and scattered was also hit by his mental strength and flew back into the tea cup. He opened the cup lid and tasted tea, said, "Good tea, really good tea, thank you Secretary Linghu for your hospitality."

Linghu Yaojue was a little dumbfounded. This, this, the development of this incident is completely different from what my sister said? What should I do next? For a time, her heart was a little uneasy.

After drinking a sip of tea from Wang Yan's side, he began to report actively. Reported the incident of Dongdao with Linghu Yaojue in one hundred and fifty.

At this time, Linghu Yaojue also had to enter the working state and seriously discussed the work with Wang Yan. This moment, more than an hour passed, the work report was finished, and Linghu Yaojue also finished finishing the materials.

She remembered a little trick that was taught by her sister. Immediately, her charming eyes moved slightly, her delicate body stretched out and said: "Xiao Yan, you are so hard. As a leader, I really feel a little bit offended. It's not too early, I invite you to dinner. "

According to the routine taught by your sister, that is to eat some romantic dinner first, and then drink some wine. Under the influence of alcohol and atmosphere, people will be fluttering, and then the next step will depend on the situation.

Suddenly Wang Yan felt that Linghu Yaojue was a little weird today. Is it true that she really wants to use the authority of the leader to set herself up and covet her own beauty?

At the same time, Wang Yan was frowning, and pretended to frown and said, "Director Linghu, I've already had dinner before. Or, change the day?"

"Change, change the day?" Linghu Yaojue was stunned, his face flushed with shame, and his eyes widened. Well, you, Wang Yan, are really too direct.

Wang Yan was dumbfounded. This and this seemed to have caused some misunderstanding. Mr. Secretary, can we not be so dirty, we can associate that kind of place with one word.

He hurriedly smiled and said, "Don't get me wrong, Secretary, I mean, eat dinner and eat dinner another day."

Wrong, misunderstand you. Linghu Yaojue is even more embarrassing. Recently, some apps have really watched too much. Is it dirty? Quickly laughed and rounded it off, and then said with a straight face: “Wang Yan, do you look down on this director? Is it not a man, is it a good meal to eat a meal? Say, go or not?” go with.”

Wang Yan touched his nose and hurriedly smiled, said: “I am not so polite with the Secretary, the Secretary said go, of course, go. Let’s go, let’s go.”

With that said, Wang Yan made a gesture of asking for words, “But well, I will invite you for this dinner. It was just giving me a chance to pat the leader’s ass.”

Linghu Yaojue heard this very usefully, and had to admit that her sister’s routines were really great. After a few words, the man couldn’t help. She lifted her beautiful head slightly proudly and hummed, “Alright, then give you a chance to show, I want to eat a French dinner.” But she was secretly complacent, Wang Yan, Wang Yan, you finally Hooked.

“No problem.” Wang Yan flicked his finger briskly, but he thought about it, frowned, and said, “I met a few colleagues on the road just now, and they haven’t had dinner in overtime. Well, they are all colleagues anyway , Then eat together. Between each other, it also adds a lot of feelings and friendship between colleagues. “

One, eat together?

Linghu Yaojue’s smug smile didn’t take away from his face, he heard the five thunderous suggestions. She just opened her mouth and said, “No ...” At the same time, Wang Yan had roared, “Brothers, haven’t you hid far away? Come here quickly, our Secretary Linghu is compassionate and ready to invite everyone to dinner together . “

Within a few seconds.

Under the dumbfounded eyes of Linghu Yaojue, Wang Yan’s group of fox friends rushed into the office like crazy dogs, so wow, wow, Director Linghu, you are too compassionate.

At this time, Linghu Yaojue’s heart collapsed, and his stunned eyes didn’t know what to say.

“The Secretary, rest assured, this is still my request.” Wang Yan said happily, “But this is the merit, you will receive the Secretary.”

Linghu Yaojue couldn't be more angry, uh, uh, uh, uh, uh, uh, it's a question of who pays? I'm so mad at Miss Ben.

...

The Domestic Hero - Chapter 1077

It's no wonder that Linghu Yaojue was not angry, she had already planned it, she had a French dinner with Wang Yan alone, and the candlelight dinner brewed the atmosphere. Next, there is naturally the next routine.

But before she could be happy, the whole atmosphere was completely destroyed.

Looking at the bursting bears, hairy legs, and Shen Tutian Road, all looked at her Linghu Yaojue with a dazzling look, eyes shining, and a pair of saliva flowed out. Linghu Yaojue really wanted to strangle them all one by one.

What kind of employees are you, and do you have any vision? Speaking of dinner, please run faster than the rabbits, have n't you ever had dinner?

But at the moment, Linghu Yaojue, besides being able to shatter his thoughts under his heart, can only show a decent look and said: “Yes, Xiao Yan is right. The Secretary is compassionate to everyone, so please everyone Go for a delicious meal together. Let's go, the food stall will go! “

“Huh?” Wang Yan said with a stunned expression, “Don't you mean, Director Linghu, you want to have a French dinner? Are there any French dinners at food stalls this year?”

Linghu Yaojue staggered under his feet, and Haoxuan didn't faint.

With so many people going for a French meal, where is the atmosphere? But now that the matter was over, she had to grin her teeth and chuckled, “Yes, yes, I was dizzy for a while, eating a French meal, a big meal.”

In the cheers of a few second-hand goods, a group of people went to the French restaurant. A few of them flew bears, just like the first French meal in their lives, they started yelling and ordering food.

Most of the superpowers are guys with amazing food intake, and the burst bear is a specialty eater, and all kinds of meals require seven or eight portions and ten portions. Although SCUD doesn't eat as much as he does, he is a man of ordinary people. He mumbles in his mouth to thank the Secretary for his treats. It doesn't make a soft heart to order any good wine or food.

As for Shentu Tianlu, he was quite convergent, and only ordered three or four servings of each dish. But brother, what are you doing suddenly eating other people's table knives and forks? While the person was not paying attention, several pieces of tableware fell into his belly.

What's more, this guy started screaming, didn't he? Brothers have waited so long, how about tableware, why can't the tableware still be served? After the waiter apologized for the tableware, he bit the table knife with a bite, ate it with relish, and licked his tongue and praised, "Lao Wang Lao Wang, this place is indeed a high-end French restaurant. It tastes better than the restaurant cutlery on the side of the road."

After eating a pair, he started shouting again that he didn't get the tableware.

"Snapped!"

Wang Yan slapped his forehead a little, crying and laughing. Have to admit. It's really embarrassing to eat a French meal with this group of guys. Of course, it is even more embarrassing to lose Secretary Linghu.

There are four men here, just she is a woman.

Everyone's strange vision will eventually fall on her. This made her want to cry without tears, put on a look of unrequited love, eating a French dinner with chewing wax, and enjoying a candlelight dinner.

This almost made her determined that she would never come to this broken place in her life. She Linghu Yaojue, at today's dinner, all the people who could be lost in this life.

It was hard to get to the candlelight dinner.

Wang Yan, who has always been calm and calm, wiped his mouth and said: "Thank you for the Secretary for treating me. I am very satisfied with the food."

The rest of them also expressed their respect and gratitude to Director Linghu.

"It's not too early, it's better to go back to rest." Wang Yan suggested.

Linghu Yaojue's pretty face sank, and there was a grief in his eyes. Anyway, this person has been lost to grandma's house today. If we can no longer move forward with Wang Yan's relationship and live up to him, wouldn't we lose our money?

No, no, you have to think about your next move.

By the way, there is a way. She immediately turned her eyes and said with a smile, "Everyone's satisfaction is my satisfaction. By the way, Xiao Yan. Recently, a movie" The Green Hat Man vs. the Potback Man "was filmed by Midi Hollywood. Superhero movie. Or, let's go and see together?"

"This, movie? I'm not interested." Wang Yan shook his head and said.

"Xiao Yan, you can't say that." Linghu Yaojue said with a smile, "This film is actually one of the promo films of the Super Shield Bureau of Midi. The prototypes of the characters used in the play are all from the Super Shield Bureau. People. And the State Administration of African Affairs is also advocating that we should cooperate with the heroes of the State Administration of African Affairs and the film industry to shoot some superhero propaganda films. We are all leaders of the State Administration of African Affairs, should we always learn and learn? "For her reason, the more she thinks, the more she feels like it.

"Well, okay. Then let's study and study." Wang Yan nodded and agreed.

"Let's go, we have to learn too." Three guys such as Burst Bear, Scud, and Shen Tu Tianlu. They were all excited and said, "We all like superheroes. We hope we can make our originals into big movies, which is so cool and cool."

“Okay, let’s go together.” Linghu Yaojue said charmingly and cheerfully, “Today’s movie, just as a work, I invite you.” Then, she quickly took out her mobile phone and ordered the ticket, and then took The ticket codes are all sent to you.

Later, Linghu Yaojue also proposed: “Since everyone is a superpower, don’t take a taxi together. Let’s rush to the movie theater in various ways to see who comes first? The first one, Ben The Secretary will have a mysterious reward. “

Okay!

Everyone unanimously agreed that the SCUD took the lead and ran away, and Shen Tu Tian Lu and Xiong Xiong followed.

Such a scene would make Wang Yan look inexplicable. What the **** is this? Can’t understand it? However, the matter has come to this point, Wang Yan had to follow his own way, and quickly rushed to the movie city displayed on the phone, took the ticket, and he went directly into the movie theater.

Unexpectedly, there weren’t even half of them in this hall. Two minutes later, Linghu Yaojue came in. She said with a surprised face: “Xiao Yan, haven’t the three of them arrived yet? Real ink, okay, the movie is about to open, we are waiting for them while watching.”

“Uh, okay!” Wang Yan was also baffled, but in this broadcasting room, it seemed that they were the two of them.

Naturally, Linghu Yaojue sat down next to Wang Yan. At the beginning of the movie, she was secretly complacent. Huh, your three idiots, dare to fight this Director.

Do n’t know that the Secretary specifically bought tickets for two different movie cities? Explode bears, wait a few while watching.

After quietly for more than thirty minutes, Linghu Yaojue just wanted to launch a second routine, pretending to be dizzy and leaning on Wang Yan. The three people, such as Bao Xiong, stormed into the movie theater and yelled, “Director Linghu, you have sent us the wrong address of the movie city. We have been waiting for a long time, and we have also found you for a long time.”

Under the dumbfounded expression of Linghu Yaojue, the three of them sat in the empty seats full of courts, so they surrounded Wang Yan and Linghu Yaojue in a hurry.

“Secretary, didn’t you just say that you were dizzy?” Wang Yan said with concern, “or would you lean on my shoulder for a while?”

Rely on, depend on your sister.

This group of beasts and tigers are watching, can Miss Ben stay on? Linghu Yaojue’s heart collapsed, and tears were about to fall. How can it be so difficult to do the routine?

...

The Domestic Hero - Chapter 1078

This group of guys is exactly the same, “wrong” movie city went wrong, why not want to watch the same movie? Why don’t you just rush over and do something, and you’re all full and support?

Looking at Linghu Yaojue’s expression of crying without tears, Wang Yan’s heart was a little bit ridiculous. How could her routine escape his eyes. That’s right, these guys, Wang Yan “kindly” sent them a position and let them kill them again.

The routine of the Secretary-General is obvious. It is clear that the Secretary ’s power and majesty are used to use the excuse of work. Do you want to unspoken yourself? How could such a shameless routine make her succeed?

“Oh!” The leader is amazing? Leaders can subordinate rules?

“Handsome, cool, this shot is beautiful.” Bong Xiong was sitting behind Linghu Yaojue, holding a large bucket of popcorn, and the giant hand dugged in. A large handful of them were caught, stuffed into his mouth, and popcorn four The next splash shouted, “It’s really a Hollywood movie, this special effect is awesome, the fighting effect is very exciting.”

His voice buzzed in the hall, echoing again and again.

Linghu Yaojue a cold sweat, sadly reminded me secretly, fortunately for the sake of face. In this movie, she chose a private venue, and there was no one else besides herself.

Otherwise, you really want to be humiliated.

The bullshit, the projection hall is so big, you can't hide from it? It's so blinding.

“Brother Xiong, you are so ridiculous. Our domestic films are not bad. Although the special effects are not as good as others. But do we need special effects when we make a superman film? Directly That's it. “Hairy's legs leaned on Erlang's legs and sat paralyzed next to Wang Yan, spitting Feimo toe proudly,” I don't mind sacrificing my personal image, being a villain in the domestic superpower movie.” He also touched his half-bald, half-pulled hair.

Personal image?

Wang Yan is also a drop of cold sweat, brother, do you have any personal image at all? Just like you, even a big villain is stunned?

“Wow quack ~” Shentu Tianlu sitting directly beside Linghu Yaojue, waving a few metal tentacles excitedly, took out a large stack of flattened cans from the storage bracelet, and began to chuckle Eating loudly and arrogantly said, “To be a villain, I will definitely do my best to be the best.”

Everyone looked at him together, and he looked like he was more obscene than the tentacles of hell. He looked evil, but nodded in unison. This makes sense. Ordinary people robbed the villain's role, but really couldn't rob Shen Tu Tianlu.

In fact, even with the image of Shen Tu Tianlu, even if he was asked to act decently, the audience would not believe it.

“Old Touch, where did your pop-up cans come from?” The Scud had a different kind of curiosity, staring at Shen Tutian Road's constantly popping cans.

“Part of it was picked up by myself, and part of it was collected for two cents.” Shen Tutianlu said with a smile, “I can eat these cans as snacks, and they taste crunchy, just like the best chicken popcorn. Legs, do you want to come over and try one? “

“Taste your sister!”

The hairy legs are black, do you think everyone is the same as you? And these cans were either picked up or indirectly picked up, old touch, can you talk about hygiene?

Even Linghu Yaojue looked at Shentu Tianlu with some disgust.

On the side, Wang Yan saw that the atmosphere was too weird, so he said: “Actually, it is quite environmentally friendly to do so. After all, there is only one Mother Earth, and we all have the responsibility to cherish him. watch movie.”

In fact, Wang Yan also had a little regret, and recruited all these guys as a shield. Watching movies with these gang friends and friends, it’s really better to give the director Linghu the unspoken rules.

With so many messes in the stall, and without the slightest eyesight, Linghu Yaojue naturally felt embarrassing and even helpless. It ’s all her men, ca n’t they kill them all in one big move?

Now the thoughts of routines are gone, and the thoughts of watching movies are gone. She had no choice but to take out her phone and watch a novel called “My Neighbor is a Banshee”. Although the plot is exaggerated, it is still pretty good. It is really a pride of pure sentimental writer.

Looking at it, she inevitably glanced at Wang Yan with a half-eyed eyes. Inevitably, my heart is uneasy. Everyone is an actor, why is it that Wang Yan is not so oily?

Anyway, she is also a family of the heavenly nine-tailed fox Tianhu, who was born to eat by charm. This has repeatedly fought and defeated Wang Yan, and it is too much to lose the face of the Jiuwei Tianhu family.

Unfortunately, she had to send WeChat to her sister Linghu Yaofei again, and said the situation in detail.

“What did you say?” Sure enough, Linghu Yaofei’s reaction was great. Her anger can be felt across the screen, “Yao Jue, you too scorned our Jiuwei Tianhu family’s face? You can’t seduce a man, this is going to pass, our Jiuwei Tianhu family Do you still need a reputation? No, no, so, you can find a way to let Wang Yan come to my house, and the old lady will teach you by hand. The old lady would not believe it, our sisters joined forces, and even a hairy guy ca n’t figure it out. “

“Uh ...” Linghu Yaojue a drop of fragrant Khan, sisters teamed up? This, this sister is angry. She glanced secretly at Wang Yan again, and she sneered twice in her heart. Wang Yan, Wang Yan, it wasn't me that Linghu Yaojue was too cruel, but you forced me step by step.

It was hard to get to the end of the movie, and Linghu Yaojue felt as if he had spent a century. Watching the movie with this group of second-hand goods, I didn't know the content of the movie from beginning to end, and they all listened to them.

“Supper supper, sing K sing K.” Bao Xiong got up and stretched his back. There was a crackling all over him, and he was excited to arrange the next one.

At this time, his phone rang. I saw him picking up the phone, and said flatly, “Rou Rou, how can I, how can I spend the world outside. The situation is like this, Xiao Yan just came back, and Director Linghu had to ask the big guy Eat and watch movies together and sing K. Yeah, yeah, one is a brother, the other is a leader.

Linghu Yaojue in this box is about to stretch out seven tails to strangle this boring man. Which one has to invite you to dinner and watch a movie?

“I will not attend the supper.” Linghu Yaojue stretched his waist lazily and charmingly, and charmingly looked at Wang Yan, “Xiao Yan, your sister and I talked to WeChat just now. She said I haven't seen you in a long time. You, miss you, and want you to go to her house for supper, will you go? “

Madam?

Suddenly, Wang Yan hurriedly replied: “Sister-in-law's call, of course I am obliged.” Compared with Uncle Cannon, the position of the master-girl in his mind can be much higher. But, with a smile on the lips of Director Linghu, Wang Yan knew that this midnight snack was not so delicious.

But even so, if the teacher summoned, even if it was going up the knife hill and going down the fire.

...

“Which of you go?” Linghu Yaojue saw Wang Yan agree and couldn’t help but immediately feel good, with a smile on his lips, and looked at them with a smile.

Don’t look at her charming smile, but she made up her mind. If these guys dared to follow the past shamelessly, she would n’t mind using the seven-tailed fox king to let them know what charm is.

At that time, it would be humiliating to make her fox Yao Yaojue in front of a large crowd.

Explosive bears and others, shuddered violently for no apparent reason, as if there was a great sense of difficulty in the face. In fact, give them a few guts, and dare not go to Yan Zun and Linghu Yaofei’s house to be a guest.

According to the rumored news, Princess Linghu Yao was quite cruel. Even Director Han Hongbo saw her, she was afraid to take a breath. That’s a big devil-level character.

“No, no, our brother still has an appointment. The director and Xiao Yan are free.” Scud said haha and said, “Brother, go around. Let’s go, my brother.

With that said, the three of them ran awkwardly and could not wait.

In such a scene, Linghu Yao’s mouth was muttered, but this was really in response to the words, human beings were bullied and Ma Shan was riding. These guys, when they heard Linghu Yaofei, were so scared that they were gone.

It seems that from now on, I have to take some dignity out. As for the target, um, Miss Ben seemed quite appropriate to see the three guys. She smiled a little inscrutable, even Wang Yan had a little heart.

The three fast-moving guys felt numbness in their backs, as if a catastrophe had hit their heads. There is no panic, what is happening?

“Xiaoyan, let’s go.” Linghu Yaojue put away a smirk and smiled at Wang Yan, “It’s not good for us to keep our sister waiting for a long time.”

...

After more than half an hour.

Uncle Pao and Master Niang's villa in Huahai City.

Wang Yan and Linghu Yaojue came together. In order to meet Master and his wife, Wang Yan also carried some gifts, fruit baskets and other health products. Although the lady does not care, courtesy can't be less.

"Xiao Yan, you're here, what gift do you bring." Princess Linghu Yao simply wore a pajama, but even in her pajamas, she was dressed in the feeling of enchanting sentient beings. In a smile, people couldn't help but feel excited.

Good fellow, Wang Yan secretly panicked, the master's skills are getting stronger and stronger. With the strength of his level of Wang Yan, the teacher and the wife could not help but casually say a sentence or two.

He hurriedly clenched his tongue, converging his mind, so as not to lose ugliness.

"Yao Fei Na, what are you doing with the law of enchantment?" Uncle Cannon asked, feeling the atmosphere was a bit off.

"Yo, isn't this the realm strength has been improved too fast recently, can't you control it for a while?" Linghu Yaofei glanced at the enclave and glanced at Uncle Cannon. Chuanyin said, "What's the matter, brother Lue, won't you Are you jealous? But you are so majestic, do n't you have even this little confidence? "

"How come!" Uncle Gun's face was correct, and he said, "I Cao Jingli don't know how many storms and waves I have experienced, and my mind is as firm as a rock. Where would I fear Xiaoyan's hairy kid? Besides, I believe in Yao Fei. "

"Hum, you can talk." Linghu Yaofei and Humei endlessly coquettishly said, "Uncle Cannon, people love you. But now they are thirsty and want to drink ice crystal water that hasn't changed for millions of years under the Arctic ice. . "

“Million-year ice crystal water?” Uncle Pao groaned in his heart and replied with a wry smile. “Yaofei, now at night, where do you ask me to get a million-year-old ice crystal water? These two days brought you back, you It ’s all done. “

“Why don’t you depend on each other?” Linghu Yaofei began to act coquettishly, “They just want to drink, that is, the sooner they drink, the better. You’re a majestic Yan Zun, can’t even this little thing satisfy your wife?”

“Good.” Uncle Cannon can’t stand his wife’s coquetry, and his bones are soft. What’s more, the wife’s words can’t be satisfied, but it is definitely a big killer level. Not to mention that Uncle Gun is still a bit tolerant. Even if he is not tolerant, he must be able to stand up, patting his chest and saying, “Wrap it on your husband, you can rest assured that you will definitely drink it tonight.”

With that, Uncle Cannon swung his ***** and prepared to leave.

“Wait!” Princess Linghu Yaodi said again and again, “They are afraid that after drinking millions of years of ice crystal water, your stomach will be cold and uncomfortable. You drop by below the volcano in the Hawaiian Islands and pick a bowl of ten thousand fire Lotus Warm your stomach. “

“Hiss! By the way?”

Uncle Cannon is excited, where are the Hawaiian Islands and the Arctic?

But men, as long as his wife wants, he has to think of everything he can to satisfy. Although I felt a little embarrassed, Uncle Pao still patted his chest and said, “Relax, baby wife, you must complete the task for your husband.”

“Kiss my husband, people love you, why not.” Linghu Yaofei happily spoiled her, “You are just right for others, and you will be your wife in your next life.”

Uncle Pao was excited, as if he was beaten with chicken blood. When he was about to fly out of the window, he was stopped by Linghu Yaofei: “Wait, I heard that Brazil is on the Antarctic Drake Strait , Rich in a kind of meat crab, tender and delicious, you grab a few to come back and chop into dumpling filling, we will make dumplings tonight to eat. “

“Poof!” Uncle Cannon nearly spurted to death with a bite of old blood. Is this by the Drake Strait in Antarctica? That, that, is that by the way?

Even Wang Yan and Linghu Yaojue looked at each other, dumbfounded. Master, which one is tossing out? Is this going to kill Uncle Cannon? However, she's such a coquettish man. It's not bad. The man listened and his bones were soft. Can't hold it.

"Wife, is this a bit far away?" Uncle Cannon said cautiously. "It doesn't matter if I run so many paths, I'm afraid you can't wait."

"Woo, Cao Jinglue, are you empathizing and don't love me anymore?" Linghu Yaofei began to make troubles, heartbroken, and weeping silently, "When we first fell in love, what happened to you? They all follow the people, even if they want the stars in the sky, you have to find a way for me to pick them out. Now the people of the family are old and yellow, but you, you, but start to dislike others. "

Uncle Cannon couldn't bear her trick, and quickly waved her hands and said, "Okay, I'll go, I'll go. Xiao Yan, Yao Jue, sit down for a while." With a flicker, he flew out of the window directly.

He was also afraid, afraid that Princess Linghu Yao was really going to pick the stars, what should I do? It's better to go early and return early, lest she leave the moth again.

After Uncle Gun flew away.

Linghu Yaojue only took away the expressions of the children, and sat down on the sofa with Erlang's legs, and said lightly: "Xiaoyan, Yaojue, you sit down."

The speed of this face-changing face, Wang Yan's heart is straight, and the teacher is really worthy of the Jiuwei Tianhu. This style change is really comparable to the Sichuan Opera face-changing.

...

The Domestic Hero - Chapter 1080

"Sister, if you did this, wouldn't you be afraid your brother-in-law would turn your face?" Linghu Yaojue was a little worried after sitting down.

“Turn your face? Ha ha, he dare.” Linghu Yaofei said with a smile, “I’m not teaching you a trick, by the way, this man, don’t get used to it, get used to getting ***** up. Again, two people Life is long, it is inevitable that it will be too dull. In this case, occasionally doing a work is still very good for increasing the relationship between husband and wife. “

“Teacher is very good.” Wang Yan also smiled and said, “I think Master respects his old man, I still enjoy it in my heart.”

“Xiao Yan’s words, the sister-in-law loves to listen.” Linghu Yaofei said with a smile, “Sister-in-law loves you and makes dumplings for you. I will go to the kitchen and go to the noodles first ...”

“Such a thing, how can you let the sister-in-law do it?” Wang Yan rushed into the kitchen with her sleeves. “Sister-in-law, you and the director Linghu were sitting there for a while, chatting or something, this kind of thing was left to me. . “

“Oh, Xiao Yan, what’s so embarrassing about you, Madam?” Linghu Yao said with embarrassment, but she didn’t even move her pretty hips. Instead, he said to Linghu Yaojue, “Silly girl, isn’t this sister trying to break up your brother-in-law to help you take down this stubborn stinky kid. I’ll give you a death order. You must take him tonight . “

“Sister!” Suddenly, Linghu Yaojue blushed and whispered, “How can there be people like this who haven’t prepared themselves yet? People only want to talk about love.”

“Let’s come this way,” Linghu Yaofei rolled her eyes and said, “Xiao Yan, I treat him like a son. His temperament is clear. I know everything. Don’t look at him now. It seems that there are several girlfriends, but they are actually passively accepted. And before that, he has always been guarded like a jade, guarding against the lines of men and women. If you move slowly, if you are not active, there will be no drama in 500 years. “

“Sister, but me, but me ...” Linghu Yaojue, Miaobo, and Blush all touched behind her ears. “It’s the first time, this, how can this kind of thing ... me, me and His feelings are not deep. “

“Yao Jue, my sister tells you that if you miss this village, you won’t have this shop.” Linghu Yaofei’s eyes were slightly serious, and she said, “Just like Xiao Yan, I don’t know how many ghosts and ghosts stare. What about him. You do n’t pay attention, he has already eaten no bone residue. What ’s more, our family Xiaoyan has always been a cherished person. Once your two raw rice are cooked, it will cause Given the established facts, he will be responsible for you in his life. As for feelings, you can make up for it slowly. In short, get in the car and talk about it anyway. “

This remark made Linghu Yaojue's heart throbbing. She hesitated, blushing her teeth, biting her lips and saying, "I, I listen to my sister."

"That's all right." Linghu Yaofei nodded in satisfaction, "Next, you listen to me." She murmured a murmur between the words.

"Sister, I tried it before, Xiao Yan, he ..." Linghu Yaojue voiced helplessly, "Alas, this is really my skill, but it is disgraceful to our Linghu family."

"This kind of little trick depends on acting. You are young and inexperienced. The sister will show you first, and then you come." Linghu Yaofei said, she swayed her willow and swayed slowly. To the kitchen.

"Sister Niang? Why are you here?" Wang Yan was holding flour and noodles and said with a smile, "I'll do it alone, you and Linghu Bureau, no, Aunt Linghu and chat together."

"Xiao Yan, as a maid, how can I keep you busy?" Linghu Yaofei smiled softly. "So, if you live your noodles, the maid will cut the dumplings."

Wang Yan's heart trembles. It's really weird to be a teacher. This smile is full of endless styles. Straight up Wang Yan's nervous thoughts of the motionless Wang Zhenyanshu, letting himself calm down.

That's the teacher and sister.

Linghu Yaofei was holding a kitchen knife, chopping the fine earthen pork on the side and preparing to chop the stuffing. Unexpectedly, her "Ouch" screamed with a stern voice, like a weep.

"Sister-in-law, what's wrong with you, sister-in-law?" Wang Yan hurried forward, caring and caring. "You got it? Don't move, don't move. I'll disinfect it for you, yes, uh, so deep. , Madam, bear with me, I'll bandage you. "

It took Wang Yan more than five minutes to deal with the wounds of the sister-in-law, and to wrap her fingers tightly. At this time, Wang Yan no longer allowed the maid to cut the dumplings and drove her back to the living room.

Returning to Princess Linghu Yaoju in the living room, he showed off to Linghu Yaojue and said, “Look, it’s that simple. As long as you continue to push the boat along the river, escalate the incident step by step ... haha, understand?”

Linghu Yaojue’s eyes were shining, and he nodded again and again, “Understood, it used to be so simple to seduce men.”

He didn’t wait for his sister’s instructions, Linghu Yaojue broke into the kitchen, and said with a sweet voice: “Xiao Yan, people are too busy looking at you, come over and help you to make dumpling stuffing?”

“Secretary, you should have been here long, the buttocks stick to the sofa, can’t you move it, right? It hurts my maid to chop my fingers.” Wang Yan and his face did not lift his eyelids and said, “Well, the knife is There, chop it yourself. “

“puff!”

Linghu Yaojue almost vomited blood and died, okay you Wang Yan, what are you saying? It was not the same attitude to my sister just now.

She is very serious and does not care about Wang Yan. After taking a few deep breaths, she said, “It’s not good, I’m sorry, I’m going to chop dumplings.” After all, she started to learn how her sister was, and chopped the dumplings dumb.

Only then did she chop a dozen times. She bit her teeth and cut her fingers across her fingers.

“Oh, people have cut their fingers, they cry, it hurts, it hurts.” Linghu Yaojue’s cut was really not light, and the wound was very deep. In my heart, Wang Yan, Wang Yan, you can’t escape the routine this time? Obediently slap your hands.

“Isn’t it?” Wang Yan was stunned for a while, and then walked slowly past, “Let’s see, uh ... isn’t it just a crack in the finger? What the fuss?”

“What?” Linghu Yaojue was suddenly struck by lightning, and her tears fell off. “You look closely. The wound is very deep. Ouch, it hurts people.”

“Director, don’t be hypocritical.” Wang Yan raised his eyelids and said angrily, “We are all superpowers, you are still a legendary strongman. You haven’t broken your fingers, what are you calling? People who cut their arms are not as powerful as you call. “

In a flash, Linghu Yaojue had a dying impulse. She and her sister are both of the nine-tailed fox family, and they are all charming women. Why is the gap so big?
