

THE DOMESTIC HERO

Chapter 18 - National Abnormal Incident Security Bureau

...

The next day, in the western restaurant of a five-star hotel.

Wang Yan is struggling with steak, ignoring the surprised eyes of many people. In just half an hour, sixteen dollars had been put down.

“Eat slow, eat fast and don’t digest.” Nan Lian, who wears sunglasses everywhere, cut a steak in an elegant posture and moved to Wang Yan. “No one robs you, you can eat as much as you want.” . “

“Thank you, Sister Nanlian.” Wang Yan blushed old and said gratefully, “I just feel too hungry, as if I didn’t eat enough.”

Although everyone has known each other for a short while, they can share a life and death together. The strangeness between each other has quickly dissipated. They even knew each other for a long time.

“Sister Nanlian, you have never seen you being so gentle with men.” Guan Nuobai lay on the table boredly, holding his chin and sipping iced watermelon juice with a straw. “Can’t you ...”

“Xiao Yan is very good. I’ll take the initiative to chase him down when I’m younger.” Nan Lian poured a glass of red wine for him personally. “You can get tired of this red wine.”

“Sister Nanlian, how old are you?” Wang Yan asked curiously. A bite of red wine, bitter and slightly sweet. But he could not drink a bottle of tens of dollars, what is the difference. For him, it is better to drink cold beer in summer.

“The woman’s age is a secret.” Nan Lian smiled slightly and smiled, “In short, when your sister is more than enough.

“Sister Nanlian, you were not injured yesterday, and you were injected with some kind of injection to stimulate your potential. Is your health better now?” Wang Yan asked while filling his stomach with steak.

This guy really has a wolf ambition for Sister Nanlian! Guan Nuo’s little mouth groaned unconsciously, his teeth biting the straws, his belly sullen, stinky men, bad men, yesterday took the advantage of Miss Ben. Today, he said nothing, even without an apology, as if he was a boring person. At least have to care about Miss Ben ’s injury? Abominable, it is really abominable.

“Well, much better. The resilience of our superpowers is much stronger than that of ordinary people.” Nan Lian tasted the wine elegantly, her red lips lightly said, “But if you want to fully restore the combat power, you must go back to the game. The doctor treats it. By the way, how is your injury? “

“It should be fine.” Wang Yan patted his chest. “I slept one night and was full of energy. I just felt hungry and hungry.” One thing he didn’t say was that his figure was much better than yesterday. The eight abdominal muscles were already angular, and even the mermaid line came out.

After this remark, Nanlian and Guan Nuo looked at him in surprise. What kind of resilience is this? Do you dare to be more monsters?

After stunned for a while, Nan Lian said, “Xiao Yan, I wonder if you are interested in joining our Bureau?”

“Sister Nanlian, I haven’t dared to ask. Which unit are you and Guan Nuo from?” Wang Yan asked slightly curiously. Because there are various indications that they seem to belong to a certain department of the country, and they are very mysterious and authoritative.

“The name of our bureau is never announced, but since you awakened superpowers, you are not an ordinary human being.” Nan Lian straightened his body and said in a straight voice, “Our bureau is called the ‘National Abnormal Incident Security Bureau’ The State Council is directly under the jurisdiction of the State Council, and is specifically aimed at all kinds of abnormal events that endanger the safety of people’s property and national security.

“Uh, what is an abnormal incident?” Wang Yan vaguely speculated.

“For example, this incident of fox scum is a typical abnormal event. Ordinary policemen, even special policemen, cannot handle this matter.” Nan Lian explained patiently, “In addition, some people including awakeners must be dealt with. Superhuman beings, use their own power to violate disorder, or some kind of mysterious event that is difficult to understand, etc. “

“Sister Nan Lian, have you been listening to the awakeners, superpowers or something, can you explain?”

“Awakeners are human beings like you and me who have suddenly undergone genetic mutation or evolution. Superpowers refer to all human beings that exceed the limit of normal humans, including awakeners. Because not every strength Powerful humans are all awakened by genes. These can be slowly consulted when you become a member of the bureau. “

“This, Sister Nan Lian. I prefer freedom, can I not add the ‘National African Bureau’.” Wang Yan thought, with his growing ability now, the road to life is still very broad. There is no need to join the state department, subject to various constraints?

“Xiao Yan, I can understand your thoughts,” Nan Lian patiently said, “It is true that not every superpower thinks or is eligible to join the National African Affairs Bureau. There are also many superpowers who rely on their own advantages in the society. Good achievements have been achieved on the site. But in your case, it will be more cost-effective if you join. The first is housing allocation, but all members of the State Administration of Non-Affair will allocate a set of housing of not less than 100 square meters locally in the branch You can apply for higher treatment if you upgrade your level. “

Only this one, Wang Yan’s eyes lit up. Breaking up with your ex-girlfriend, isn’t it the girlfriend’s mother asking for the house?

The parents in the family are ordinary working-class people in their hometowns. It is impossible to have the power to support themselves in buying a house in this huge city.

In fact, even if they are willing to pay the down payment to help him pay for the iron, Wang Yan himself will not.

“Another is salary. As long as they are full members, after deducting five insurances and one pension, at least 20,000 monthly salary starts. Every holiday, high temperature and low temperature and various welfare subsidies. If it is during the mission, it is even more terrible. There are task allowances and overtime benefits. “Nan Lian kept breaking her fingers and counting various benefits.” And we are civil servants in the official establishment, and the unit is a departmental framework. After you are converted, you are directly at the department level. Then After a few years in the unit, it’s easy to be at

the right level, and my family and friends have a face in front of them, do n't they? ”

For a time, Wang Yan's eyes were a little red. What level, I don't value. It's just that the parents of their hometown have worked hard to raise themselves. Although they don't ask for their own rewards, if they can give them more face, it is of course the best.

“In addition, you are an acquired awakener, and it is difficult to achieve high achievements without a teacher.” Nan Lian continued, “Because we are a national regular unit and have the best resources. Including training venues, coach guidance, Potential mining, data query, etc., are extremely helpful for your future growth. Xiao Yan, although you and I have first met. But listening to you call me a sister, my sister will not pit you. Many superpowers, even It 's hard to join the SAFE. “

“Wang Yan, Sister Nan Lian said very well. If not recommended by senior members, the National African Affairs Bureau is not a cat or a dog who wants to join.” Although there are some things that do not resent Wang Yan's behavior, Guan Nuo still said, “And Guo Africa The bureau is not as strict as you think, you do n't have to go to work every day, except for some special circumstances, you can freely arrange your own time. Even, one day you are tired, you want to resign or retire early are very free. “

In fact, Wang Yan was already tempted, and said gratefully: “Then thank you Nanlian for recommending it, and please take care of it in the future.”

“So what are you doing politely? Maybe I will rely on you to take care of it in the future.” Nan Lian raised the red wine. “Congratulations to you for joining the 'National African Bureau' in advance, cheers.”

“Cheers!”
