The Domestic Hero - Chapter 1861

...

“Oh, boy, the game is over, this chaotic cyclone and the heart of the universe will belong to the deity!”

Faced with such a huge temptation, the demon Lord Luo Su could no longer bear the greed in his heart, and raised his palm to kill Wang Yan.

In order to stand at the apex of the universe, he once created an infinite amount of magical powers, he did not hesitate to destroy a race, absorbed all living planets, just for the slightest chaotic power.

Now there is a whole sea of chaotic cyclones in the ocean, like an endless chaotic aura, how could he stay and share with his confidant Wang Yan?

What’s more, in the center of this chaotic sea, there is still a cosmic heart that is enough to dominate everything in the world, and he can’t let Wang Yan, a sly kid, touch it.

“The Lord of the Heavenly Demon actually attacked a junior, and he was not afraid to pass it on to make people laugh?”

Wang Yan’s insults have become more and more serious. Now Lu Zu’s life and death can’t be confirmed at all, and with the vast sea of chaos in front of him, he has no idea where to explore.

Facing the attacking demon Lord Luo Sui, he had to raise the warhammer to barely resist.

With only one loud noise, the palm of the demon Lord Luo Sui shot out of nowhere, suddenly increased to hundreds of feet in the air, and the palm was covered to cover the sky, Wang Yan lifted his hammer to face it, and the whole person was knocked down in an instant. Flew out.

“Being a joke? Kid, are you dying to death, the whole person is stupid? When the deity gets the heart of the universe, the entire universe will follow the consciousness of the deity.”

After patting Wang Yan on the palm, the devil Lord Luo Sui casually laughed and said, “At that time, the deity will restart the reincarnation, and the entire universe will usher in a final, who dares to laugh at the deity?”

“Are you mentally ill? The universe is okay now, and it will take you to restart?” Hearing this, Wang Yan scolded the demon Lord Luo Sui for being mad.

After all, everything in the world, insects, ants, birds, beasts, and grass and trees all have their own life, and they are in order, and they have built the present universe. Now if they are all erased according to their own preferences, it is contempt for life. Desecration of heaven.

However, the more Wang Yan scolded, the more smiled the devil Lord Luo Sui became: “Boy, you can rest assured, not only you, but soon your friends and family, everything you cherish will return to the origin of chaos and reunite with you!”

In a few words, the demon Lord Luo Sui followed up again and launched a rapid offensive against Wang Yan.

Due to the pause, the demon owner Luo Sui immediately seized the opportunity and once caused Wang Yan to fall into a passive beating situation.

Whether in terms of strength or realm, Wang Yan is not an opponent of the demon Lord Luo Sui, but just parrying defense is quite difficult.

In desperation, Wang Yan had to hit the sea of chaos while being struck by Luo Su.

“Boy, you can’t escape!” Demon Lord Luo Sui just chased after Wang Yan dozens of meters behind, and also rushed into the chaotic cyclone.

But at this moment, the mutation happened suddenly!

The originally peaceful and conservative chaotic cyclone suddenly produced a terrible change.

The entire chaotic cyclone was endless, because Wang Yan and the devil Luo Luo broke into it, and immediately began a violent rotation.

The waves formed by the agglomeration of chaotic auras began to roll violently, and the entire chaotic cyclone seemed to turn into a stormy vortex of the deep sea, which could swallow and digest the intruder at any time.

“What a violent force!”

Going deep into it, Wang Yan was surprised to find that this chaotic cyclone was not as simple as it seemed.

The internal chaotic aura is not only very complicated, but also the power of the surging tidal waves, chaotic and violent, and extremely dangerous.

Especially the surging tide, mixed with a large amount of chaotic aura full of impurities, rushed into his body, as if there are countless sharp blades, which are constantly cutting him. As if anything enters it, it will be torn and devoured by the force of this sharp and frantic tide, and finally absorbed and digested, becoming a part of this chaotic sea.

Now if it weren’t for his protective body, the qi was strong enough, and he might have been cut into countless fragments when the chaotic tide surged!

“It’s terrible! This is just a fringe zone. The chaotic cyclone is so terrible. If it goes deep into the hinterland, will it still be?”

Wang Yan looked at everything chaotic and violent in front of him, and the whole person was shocked.

He did not know that it was his accidental intrusion with the devil Luo Luo, which broke the balance here, and this caused the chaos to boil. Or here is the end point that contains everything and digests everything at the same time, as long as it falls into it, it will be decomposed and absorbed by the force of chaos.

But no matter what the situation is, he can no longer think about it, especially in the case of the demon Lord Luo Shu behind him, even if the front is a sea of swords, he can only go inside.

“Boy, die!”

The demon Lord Luo Sui shouted and followed, and the two rushed into the hinterland in a flash.

The chaotic tides here are obviously more terrible, not only raging like storms, but also multiple waves of chaos colliding with each other.

The stormy waves and vortexes produced in this way are countless, dangerous and abnormal, and there are hardly any rules to follow.

Wang Yan, who was in it, was like a stormy sea, a small flat boat, as if he could crush his bones at any time.

In this violent and chaotic desperate situation, there is almost no place to stay, and no one is a safe area. The chaotic cyclones around it are like the tides of the sea, strange and unpredictable, changing all the time.

Many times, Wang Yan used his powerful mind to search for the weakness of the chaotic tides, then walked through the space, and stepped on it, crushing it together with the tidal cyclone, or smashing it with the war hammer. Next, open up the road ahead, so that you can barely stop in this area and then step away again.

This series of processes have all happened between electro-optical flint, and there is no room for error. Otherwise, they will be caught in the vortex of chaos, and they will delaminate when they die.

Luo Sui, who is closely following him, is basically the same.

However, the devil Lord Luo Sui is worthy of the supreme power beyond the realm of God. His power is obviously far above Wang Yan, and Shen Nian is also stronger than Wang Yan, so he is more domineering along the way. He is like a giant ship in the sea. With his own strong body and strong strength, he is enough to resist the invasion of the violent winds and waves, and chase after Wang Yan all the way.

In this desperate situation, Wang Yan’s only advantage is that he is more flexible in space movement.

Although he was like a flat boat in a storm, it was precisely this way that he could evade and move quickly in this vortex-laden ocean.

Over time, the chase between him and the devil Luo Luo returned to the previous tug of war.

“Boy! In this sea of chaos, do you think you can survive? Instead of being decomposed by chaos, let the deity solve you by yourself!”

Another chase started, but the demon Lord Luo Sui could not catch up with the flexible Wang Yan, alive and stunned in the rear, and roared.

“Luo Sui, are you dizzy? Didn’t you see my grandfather in this chaotic sea? Do you feel at ease? Instead, it’s you, rushing all the way, rude and clumsy. I’m afraid I can’t hold it?”

As Wang Yan moved quickly, he hit back in a high-profile manner, so angry that the demon Lord Luo Sui was about to vomit blood, yelling.

It’s just that as the distance continues to deepen, in this infinitely chaotic sea that can be easily swallowed by stars, how easy is it to keep moving forward if you want to maintain a constant speed?

Gradually, Wang Yan’s strength was obviously somewhat exhausted, and his steps and actions were obviously a little dull, and he stepped into the terrible chaotic vortex several times.

On the contrary, the devil Lord Luo Sui, as always, is powerful and overbearing. With his terrible strength over God, even if it is a chaotic cyclone, it is difficult to hurt him.

“Click, click!”

“Boom!”

Just as Wang Yan was at a loss, a series of cracking sounds like fine lines appeared on the glass, which continuously passed into his ears.

He hadn’t had time to react yet, and the protective body gas that had condensed on the surface of his body exploded.

The tearing power of chaotic cyclones is too great. Under the constant wear and tear of the surrounding cyclones, Wang Yan’s body protection finally reached its limit and completely shattered.

At this time, if you want to condense body protection gang qi, the power stored in the body obviously can’t keep up. In desperation, Wang Yan could only keep his high-tempered body of the gods and demons against the erosion of the chaotic cyclone, and continue to maintain a high speed forward.

“Perhaps, can you absorb the chaotic aura around you to supplement your consumption?”

Such thoughts rose again in Wang Yan’s heart.

He has imagined this more than once. As soon as he rushed into this chaotic cyclone, he was wondering if he could absorb the endless chaotic aura around him to supplement his own consumption?

But this idea was quickly rejected by him.

Because he can clearly perceive that this chaotic cyclone contains negative impurities that cannot be counted.

The power of chaos is the source of all the power in the world. In the normal universe plane, the power of chaos is very rare. Every pure chaotic aura is extremely precious to any creature.

It's just that in this area, every trace, every bit of chaotic spirit, is full of countless negative impurities such as resentment, violentness, murderous anger, etc.

To Wang Yan, it seemed like a large water source appeared in the thirsty desert, but this water source was already contaminated with poisonous bacteria, and even the water surface was full of filthy poison visible to the naked eye.

Under such circumstances, how can this water be used to quench thirst?

In addition, this chaotic cyclone is indeed the place with the strongest chaotic aura in the universe, but the concentration of negative impurities in it is even astonishing as Wang Yan, as if all the negative impurities in the universe were gathered here.

Even if his Wang Yanqiang reached the state of the gods, if he absorbed too many negative impurities, the soul would still be contaminated by these impurities, and eventually he would get caught in evil spirits, and his mind would be occupied by negative impurities.

“In the distant ancient times, those creatures who were greedy for chaotic auras might have died here because of the terrible chaotic tides and negative impurities, and finally they were absorbed and decomposed by chaotic cyclones?”

Wang Yan imagined in his heart that if it were not for this particular problem, this precious chaotic cyclone would have been mined by other creatures.

After all, from ancient times to the present, there must be other creatures invading here, but in the end there is no one, all buried in this chaotic cyclone.

Wang Yan didn't dare to take this risk, so he had to stick to his scalp and continue to move along with the tyrannical body of the devil.

But at this moment, the familiar but powerful and terrifying breath from behind made him really startled.

It turned out that the demon Lord Luo Sui was chasing to this point while resisting the tide of chaos, and the consumption was also very huge, but he knew that the surrounding chaotic aura was full of negative impurities, and he still let go of his hands and feet, just like the dragon sucking water, and instantly a large chaotic aura around him. Absorb into the body.

In an instant, the demon Lord Luo Sui's divine power suddenly increased, and the negative impurities also made his momentum more violent, and his eyes were full of terrible killing intentions.

And with the massive help of Chaos Aura, his speed immediately increased dramatically, and the distance between him and Wang Yan began to get closer and closer.

“Luo Ai old thief, you have to absorb these polluted chaotic auras, so you are not afraid to eat alone, and die in this place?”

Wang Yan screamed easily, but in fact he was secretly crying.

Right now, the demon Lord Luo Sui starts to absorb the polluted chaotic aura, and eventually will not be contaminated by impurities and go into the devil, Wang Yan does not care.

What should he do if the key demon Luo Luo gets help from Chaos Aura?

“Ji-Ji-Ji, it’s just impurities, what can I do?”

The demon Lord Luo Sui sneered wildly, “Boy, remember I told you that the universe will eventually have reincarnation? These negative impurities are the powerful creatures that have been reintroduced and reabsorbed by the heart of the universe, and left Resentment and resentment! “

“The powerful creatures, after being reabsorbed and digested by the heart of the universe, the grudges and hostility left behind?”

Wang Yan was a little stunned. The demon Lord Luo Sui’s words certainly made him a little surprised and stunned.

But when I think about it, Wang Yan will soon understand that if the universe also has its circulation and reciprocity, and the law of life and death depends on it, then after a certain species reaches its peak, it will usher in a trough and extinction.

It is like the dinosaurs that once ruled the world on earth, and the tri-eyed tribe who reached the peak of civilization after the age of dinosaurs.

These species ushered in destruction after reaching their peak. But after the destruction, there will be new species that will replace the original race and become the masters of the earth. This interdependence of life and death, and endless circulation, is the most basic law of heaven’s operation.

If the universe is also operating according to this law, then the once masters of those universe eras will definitely be unwilling when they are ushered in destruction.

Those top strongmen, the resentment and hostility left behind, just like the negative energy opposite to the positive energy, stay in the heart of the universe. And at the beginning of the next cosmic era, it spread out with the Big Bang.

Of course, it is like the lighter floating up, sloppy and sinking, most of the chaotic spirits and impurities finally remain outside the heart of the universe.

This is also the reason for the formation of such a large chaotic cyclone around the heart of the universe.

“Jin Jie, how can these hostile spirits affect the deity?”

At this moment, the demon Lord Luo Su said that he would not be affected, but his anger quickly increased, “Ji Jie, boy, your death time is up!”

The demon Lord Luo Sui was invincible. At this time, he drew a lot of contaminated aura, and instantly killed Wang Yan.

Wang Yan’s scalp tightened instantaneously and secretly uttered, it’s over!

...

...

“boom!”

With a loud bang that shook the world, the Yan shield that Wang Yan built in front of him was instantly broken by the demon Lord Luo Sui.

The huge backlash caused Wang Yan to spit out blood and flew upside down.

“It’s an old monster who is mad and mad!”

Wang Yan gritted his teeth and cursed that the strength of the devil Luo Luo was above him. At this time, he absorbed the polluted chaotic spirit so much that the attack became more violent. Under such circumstances, he could no longer resist.

Not only that, Wang Yan, who was blown away by a blow, crashed into a violent and terrifying chaotic vortex.

The raging tidal storm all around, Cui Gula died, and immediately wrapped Wang Yan.

Wang Yan, who was in it, seemed to have fallen into a meat grinder. Under the torment of this terrible chaos, it was once in danger, as if it would be cut and torn at any time.

In a hurry, Wang Yan had to desperately drive the little power left in the body, so as not to move the golden body of the Ming Dynasty Liuli, to support the tears of the chaotic tide, and at the same time use the powerful genes of the body of the demon to quickly repair his injured body. .

However, under such circumstances, Wang Yan’s little power left in his body was obviously unable to make ends meet. It was impossible to determine how long he could stand in the chaotic vortex.

In addition, not far away, the demon Lord Luo Sui once again killed him, putting him in a dead posture.

There is no doubt that as long as he is caught up by the demon Lord Luo Sui, his Wang Yan will die.

Under such a desperate situation, Wang Yan had no choice.

Either crush the bones in the chaotic vortex, or be caught up by the demon Lord Luo Sui and die in Luo Sui’s hands. It was just that his ambition was unpaid, and the agreement with his lover’s partner had not been fulfilled. He was really unwilling to fall here.

“Since this is the case, you can only fight!”

Wang Yan secretly fell into cruelty, learning the way of the demon Lord Luo Sui, spread his arms, and let go of his body and mind to absorb the chaotic aura surrounding him.

Now his life is going to be gone, he still cares if he will get into trouble?

Suddenly, a massive amount of polluted chaotic aura was immediately absorbed into Wang Yan's body. Pang Ran's mighty power immediately flooded his limbs, his internal organs. Not only did he quickly replenish his violent consumption, the remaining power of chaos was still abundant, and it swelled until Wang Yan shouted.

Blazing flames, soaring on Wang Yan's body in an instant, almost relying on a bang, Wang Yan successfully broke up and broke free from the chaotic vortex.

This is just a result of absorbing Chaos Aura.

It has to be said that although the chaotic aura here is polluted, the quality and density are amazing after a long time of accumulation.

As usual, Wang Yan needs to draw a lot of ordinary free energy from the natural world and other energy sources, and then transform it into a trace of chaotic power from his blood line of practice, so as to accumulate less and grow more.

But now every absorption, and even every breath, is a surging force of chaos. This precious energy seems to be inexhaustible.

So much so that after consuming the chaotic spirit, Wang Yan even developed an illusion that was enough to match the demon Lord Luo Sui.

Of course, this illusion is just a delusion after the power is full, Wang Yan is not stupid enough to really go back and desperately fight with the devil Luo Luo.

Unless he can really live in such a long time, where the power of chaos is exceptionally abundant, then by the time, he is confident that he will be able to match the Devil Lord, and even exceed the Devil Lord Luo Sui!

However, these are unrealistic assumptions. At present, Wang Yan does not have time to ponder so much. Immediately after he got rid of his difficulties, he sucked two more auras of chaos and fled to the distance at high speed.

Lei Su, who almost succeeded in catching up with him, roared angrily behind him.

"Oh, boy, you can't escape! You are so stupid enough to absorb the chaotic aura here? Later you don't need to use this deity's shot. The grievances here are enough to make you crazy!"

"Wow! Old thief Luo Sui, you are not talking nonsense here. The chaotic spirit here, why can you absorb it, I can't?" Wang Yan spat, irresponsibly-sarcastically, "If you are Catch up when you have the ability, or wait for me to get the heart of the universe and come back to kill you! "

"Boy! You, you die!"

Demon Lord Luo Sui trembles behind Wang Yan with anger and rushes to the crown, a posture that wants to break Wang Yan's corpse into pieces.

Under pressure, Wang Yan had to draw the contaminated aura again, and quickly explored deep into the cyclone.

It's just that his mouth doesn't matter, but the side effects that come with it almost knock him out.

Right now, after only two or three times of contaminated chaotic aura, Wang Yan didn't know how many negative impurities of the cosmic era backlogged in the aura, and he immediately rushed away like his soul.

How powerful is the power of chaos, then how terrible is the mixed negative impurities.

These negative impurities are like horrifying wraiths swarming away. They carry a lot of negative hostility. Once in the body, they will quickly stimulate the mind and subjective consciousness of the creature, so that the soul of the creature is completely lost. .

In this case, even if it is a god, once the soul is filled with impurities, it will soon lose its subjective consciousness and eventually become a walking dead.

For a long time, even a ***** will be decomposed and digested by these polluted chaotic auras and become a molecule in these negative impurities.

Such terrible consequences, even the most deadly poison, cannot be compared with it.

Even the demon Lord Luo Sui, only with his powerful soul, forced to suppress these negative impurities, and after accumulating to a certain extent, then forced to expel the body.

If you change to other gods or creatures, once contaminated by these almost condensed negative impurities, even if you are lucky to survive, the foundation of your life will be destroyed.

Wang Yan also faced such a terrible problem. The huge amount of negative impurities brought him great discomfort.

Fortunately, Wang Yan once used the treasures of the Buddha Kingdom to ask the heart lotus platform to cleanse his body and mind, and he had already completely wiped out all his demons. Otherwise, once these negative impurities enter the body, they will immediately stimulate the demon, and Wang Yan's consciousness will also fall into the devil.

Now these impurities, besides bringing a lot of negative feelings to Wang Yan and many annoying emotions, his consciousness still remains sober.

“It's so risky, these negative angers haven't crushed me!”

Wang Yan thought, and could not help but secretly rejoice.

Since the impurities did not defeat him, it means that he has a chance to deal with it.

In order to deal with these huge amounts of negative emotions, Wang Yan began to concentrate and meditate, increasing the output of pure Yang true fire, and at the same time meditating on the immovable Ming Wang Xin Jing, the immortal Wang Liuli gold body that had been practiced to the final state was brought to the extreme.

Soon, significant effects appeared.

When Chunyang's real fire began to flow rapidly in Wang Yan's body, filling every blood vessel and every cell, those negative impurities that seemed to be filthy, just like the cold sun in the winter,

immediately began to fade quickly, and even some Negative impurities, just like encountering natural enemies, took the initiative to retreat from Wang Yan's body.

It's no wonder that the pure yang true fire inherited from the fire lord Zhu Rong is the ultimate power in this world from the very beginning to the yang. In other words, pure yang true fire belongs to the ultimate manifestation of positive energy in the universe, and those negative impurities are just the opposite.

At present, the pure yang true fire can dispel those negative impurities, and it should be in harmony with the supreme truth of all things.

Without moving the Ming Wang Xin Jing and the colored gold body, it is playing a role in consolidating the heart and enhancing the power of masculinity, which greatly enhances the expulsion effect of pure Yang Zhenhuo.

Of course, everything has a degree.

Right now, Wang Yan absorbs a lot of negative impurities into the body, otherwise, when the negative impurities continue to accumulate in his body, beyond the level that the pure Yang true fire can resist, even if he does his best, he can't get rid of them.

"No wonder the fire master Zhu Rong was able to come and go as he pleased."

Wang Yan speculated in his heart that after the fire lord Zhu Rong could successfully leave the area after exploring this area, it is probably because the fire lord Zhu Rong itself is the incarnation of the pure Yang fire and can resist these negative impurities.

However, Fire Lord Zhu Rong did not go too far in that year, because after understanding the origin of this chaotic cyclone, Fire Lord Zhu Rong thought that this area was too dangerous. As a **** who evolved from Heaven, he should conform to Heaven, and not violate Heaven law.

This chaotic cyclone is a manifestation of the law of heaven and nature.

Therefore, the fire master Zhu Rong did not covet the chaotic aura and the heart of the universe, but instead turned around and walked away quietly, just like when he came.

This is one of Huo Rong's first thoughts about traveling through the universe. Wang Yan only knows so much about this chaotic cyclone.

It wasn't until he really reached the rest of the film that he realised that the grandness and horror here.

Fortunately, those negative impurities can no longer hurt Wang Yan. So Wang Yan carefully drew from the chaotic aura that would not exceed his limit, and used it as a supplement to quickly rush inside.

"Why, how is it possible? How could your kid get rid of these negative impurities?"

The demon Lord Luo Sui's eyes were almost staring out. He didn't expect that Wang Yan in front of him, after absorbing a large amount of contaminated chaotic aura, could also remove deadly negative impurities from the body.

For him, this is simply an incredible thing.

“Luo Sui thief, there are so many things you don’t know, you just honestly follow my junior and watch me get the heart of the universe!”

Wang Yan continued to stimulate the nerves of the demon Lord Luo Sui, causing the other party to be furious and thunderous.

There is no doubt that whether he can get back to the present situation, or even solve the threat of the devil, is whether he can get the heart of the universe first, at least as soon as possible to merge with Chunyang Luzu.

Otherwise, Wang Yan’s personal strength alone is far from being able to fight with the demon Lord Luo Su.

Demon Lord Luo Sui is also annoyed and anxious. Over the years, he has wanted to control the heart of the universe and has truly become the supreme master of the entire universe.

Right now this Wang Yan is running fast and shouting all the way to take the heart of the universe one step at a time.

In this way, the two chased and fled, rushing all the way into the hinterland of the chaotic cyclone.

At this moment, a horrible roar suddenly passed from all directions.

“Oh!”

The roar was cold and cold, full of violent anger.

In just a moment, they came in overwhelmingly and almost broke Wang Yan’s heart.

The changing scene around him also surprised Wang Yan.

The surroundings are not just turbulent chaotic tides and vortex storms, but in the surging tidal storms, there are mixed faces of creatures screaming.

There are so many races of these creatures that Wang Yan can’t distinguish them, and their bodies have long been integrated into the chaotic cyclones around them, leaving only a scary face, howling and roaring like ghosts. It seems to be announcing their resentment and unwillingness to everything in the world.

“Ji Jie, these are chaotic wraiths.”

Demon Lord Luo Sui chuckled behind Wang Yan, “They are all devoured by reincarnation from generation to generation, and powerful creatures polluted by this chaotic cyclone! With these chaotic grudges blocked, you have nowhere to escape! “

Similar to the void evil spirits, chaotic wraiths are the products of strong resentment and hostility accumulated by various creatures devoured by the final reincarnation after the end of generations of the universe era.

Those weak complaints and anger will naturally become the condensed negative impurities around the chaotic cyclone. The strongest resentment and hostility, as well as the thin consciousness of these creatures during their lifetime, will merge with the surrounding chaos spirits to form these chaotic wraiths!

These chaotic wraiths are like single-celled creatures in the primitive ocean, they will swallow each other, so the grudge will continue to increase, and the strength of chaotic wraiths will become stronger and stronger.

In addition, in the long river of time, those powerful creatures that strayed into this place, because they could not withstand the attraction of chaotic aura, broke into this chaotic cyclone, and they will soon be contaminated by impurities.

Soon after these polluted powerful creatures were absorbed and decomposed by chaotic cyclones, the remaining desires and residual consciousness would also become part of these chaotic wraiths.

These chaotic wraiths are a collection of negative energies in the world, and their sole purpose is to put any creature that steps into this chaotic cyclone to death.

Soon, chaotic wraiths, like dense fish in the water, gathered towards Wang Yan.

At this time, Wang Yan, exuding the true fire of the pure sun, was like the striking light in the deep sea, quickly alarming all the chaotic wraiths around.

“Endless!”

With Wang Yan’s outstanding strength and tenacious mind, he will naturally not be afraid of these chaotic wraiths.

Basically how many wraiths come, Wang Yan will wipe out.

But there are too many chaotic wraiths around, and there is no end to it, and the speed of advancement is immediately reduced. And among these numerous chaotic wraiths, god-level creatures polluted and assimilated by impurities are intertwined!

So that after seeing these walking gods, Wang Yan had to make a detour, otherwise he would be entangled and fall into the sea of wraiths, even if he would die.

And there is Luo Shou, the devil, who is still chasing after him.

However, at this time, the demon Lord Luo Sui also encountered great troubles. His strength was arrogant, and he rammed all the way, which also disturbed the massive chaotic wraiths.

There were even three or four walking corpses that had reached the gods’ realm. They were attracted by the huge movement made by the demon Lord Luo Sui.

All of a sudden, the demon masters Luo Sui and Wang Yan were caught in a quagmire.

“Boy, you can’t escape! This chaotic cyclone is not a place where your inferior spirits can break in. Obediently put your hands to death!”

The roar of the demon Lord Luo Sui, like thunder rolling, kept attacking Wang Yan.

After drawing a lot of chaotic aura around him, the demon Lord Luo Sui has received some influence. His emotions began to become more irritable, and the killing intentions in his eyes became more intense.

But the Lord of Heavenly Demon is ultimately the Lord of Heavenly Demon. His arrogant strength is undoubtedly manifested at this moment.

Not only the polluted chaotic aura around him will be absorbed by him, but even the chaotic wraiths flowing to him, as well as the polluted walking dead, will be easily destroyed under his powerful annihilation law, and then Extracted in the decomposition.

This is the power of Infinite Mogong, whose characteristics are the destruction, extraction and transformation of various energy sources.

In other words, everything can be destroyed by him, and all things can also be transformed and absorbed by him.

Although the demon Lord Luo Sui is now trapped in layers, the chaotic cyclones and chaotic wraiths around him can't cause any actual damage to him.

The demon Lord Luo Shui's progress is slow, but getting out of trouble is only a matter of time.

In contrast, Wang Yan is much more difficult.

The surroundings are full of chaos vortices and mocking storms. Every step forward is extremely difficult, and there are a large number of chaotic wraiths like fishes.

"If you are dragged to death here, it's over!"

The situation is extremely critical, and Wang Yan is under tremendous pressure.

In desperation, Wang Yan once again took out the pure Yang Feijian, trying to find a direction so that he could break through in a chaotic sea of chaos.

Sure enough, the pure Yang Feijian suspended in his palm immediately turned slightly, pointing out a direction for Wang Yan.

Wang Yan immediately broke out in this direction, but as a result, in an almost desperate chaos cyclone, there was actually an undetectable law of operation.

Under the guidance of Chunyang Flying Sword, Wang Yan followed this rule and kept circumventing vortices, cleverly avoiding monstrous waves, cruising all the way to the depths of the chaotic cyclone.

"No! I don't believe me!"

"Boy, you, why can you get out of here?"

"You are waiting for the deity, the deity will kill you by hand!"

Looking at Wang Yan, who was going farther and farther, the demon Lord Luo Sui was resentful, but the surrounding environment was too complicated, and there were too many chaotic wraiths, and finally he could only watch Wang Yan, and gradually disappeared in front of him. .

Wang Yan, who is constantly traveling, will naturally no longer ignore the roaring demon Luo Shou behind him.

His goal was very firm. After going all the way through more than ten years of hard work, he finally broke through the last layer of cyclone obstacles and successfully entered an extremely peaceful and peaceful place.

At the moment when he arrived here, Wang Yan's body and mind were suddenly bright, especially the scene he saw in front of him, which shocked him deeply.

...

The Domestic Hero - Chapter 1863

...

“Here, this is ... the center of the universe?”

Wang Yan looked around, his heart could not help but surging slightly.

There is no doubt that this beautiful space in front of you is the center of the chaotic cyclone, and also the center of the universe, the most mysterious place in the world.

There are no raging chaotic tides here, nor terrible chaotic wraiths. The surroundings are full of gleaming golden light, and the extremely pure chaotic truth, which makes people feel more peaceful.

Wang Yan was in it, as if all previous terrible experiences and exhaustion were false.

Only the inability to speak of warmth and comfort, spreading continuously in his heart and limbs, made him wish to close his eyes and go to sleep like this, eternally wandering in this peaceful world forever.

However, Wang Yan has enemies he has to face, as well as lovers and partners who are far away on the earth, waiting for his return, otherwise Wang Yan, who has no fetters, after the long and arduous trek If you want to close your eyes here, go to sleep.

Surrounded by tranquility, Wang Yan used the pure chaotic truth elements around him to recover his injuries and losses while slowly flying inward along the source of golden light.

Just before reaching the center of this circular space, a strange and spectacular thing gradually came into Wang Yan's eyes.

In the center of this mysterious space, a huge mysterious sphere is suspended, which is the light source of this space.

This sphere seems to be formed from the purest chaotic truth elements in the universe.

It is like an ancient star, like a chaotic egg that breeds life, quietly suspended in the center of this world, continuously exuding warm and peaceful light and energy.

And in this golden light, Wang Yan felt a wonderful rhythm.

It's like a beating heart. Every pacing is like morning and evening, full of vast and vast power. It makes you feel awed by it, and you can't help but want to worship.

Even now Wang Yan, who is so strong in the realm of gods, will be physically and mentally empty in the face of this mysterious golden light ball, and a sense of respect will spring up.

“It's like facing nature itself.”

Wang Yan sighed silently in his heart. Such a mysterious and ancient sphere, it is refreshing to look up at the eyes, is it ... the heart of the legendary universe?

Wang Yan does not know what this star-like sphere is, and what kind of secrets it contains, and he can only speculate based on his feelings.

Besides, if it is not the heart of the universe, how could this sphere in front of it have such a grand and magnificent power, and such a rich and pure chaotic truth?

Wang Yan paid tribute to this, and at the same time, under the guidance of the pure Yang Feijian, he continued to fly forward.

Before long, a human sitting cross-legged under the giant sphere gradually came into his eyes.

Wang Yan's heart was suddenly excited: “Does he, he is ...”

In front of this man sitting cross-legged, wearing a purple sun towel, wearing a black-and-white navy blue plume crane, with a long sword on his back, exuding a faint golden halo around him, and the vast and magnificent universe above his head. Heart, echo each other, complement each other.

Looking at his appearance again, this ancient priest-dressed man, with his phoenix eyes and sparse eyebrows, looks elegant, even if he just closed his eyes and crossed his knees, sitting under the heart of the universe. Students admire.

Even Wang Yan had a respectful feeling for him.

“Younger generation Wang Yan, see Master Chunyang.”

Wang Yan fell in front of Lu Zu in a few steps, bowed respectfully to Lu Zu, and paid a big gift.

At this time, the pure Yang Feijian in Wang Yan's hands was flashing brightly, and the outstanding temperament of the other party was enough to show that the other party was the pure Yang Lu Zu Wang Yan had been looking for.

Lu Zu was the founder of Chunyang, and it can be said that he was the ancestor of Wang Yan's master. Although Wang Yan later directly inherited Zhu Rong from the Lord of Fire, as his human identity, he still wanted to respect Lu Zu.

In the same way, all the feats that Lu Zu once left in Chunyang, as well as his sincere exploration of the universe for the beings of the universe, looking for the heart of the universe, are worthy of Wang Yan's great gift.

"Child, your name is Wang Yan?"

Lu Zu opened his eyes slowly, and Wang Yan found that his eyes were exuding pure golden auras, as if the whole person had merged with the pure chaotic real elements around him.

So Wang Yan didn't see his eyes change, but obviously felt that he was slowly swept across the body with a tremendous imagination.

This feeling of being scanned all over the body made Wang Yan somewhat repulsive. However, thinking of respected Lu Zu, perhaps confirming his blood identity, Wang Yan was relieved.

In addition, Wang Yan also found that Lu Zu did not move his mouth when he spoke.

To be precise, Lu Zu didn't make a sound. He just opened his eyes full of golden auras and looked at him. A gentle and majestic voice of thought passed directly into his heart.

It is a special ability possessed by higher creatures in the universe to directly communicate what you want to express to the other party by talking with your mind.

Just like the powerful Tianmo, and Wang Yan himself after being promoted to the demigod, he can do it. This approach will play an important role in interplanetary communication with strange races.

As for why Lu Zu wants to communicate with consciousness, Wang Yan is unknown. But he is not surprised, this ability is actually very common in the universe.

"Yes, child, you are the one chosen by fate, and the one I am waiting for."

Lu Zu once again conveyed the message to Wang Yan with that kind of gentle and majestic thought, "I can feel happy that you can come here."

"Come, come to my side."

"You must have experienced a lot of suffering along the way, but as long as you come here, all the burden can be put down."

Lu Zu called gently, and the voice passed to Wang Yan began to gradually become somewhat like Uncle Cannon, which made Wang Yan's mind relaxed and full of trust in him.

"Thank you, Shizu, for your concern and some hardships. It is also a discipline for me."

Wang Yan took two steps forward subconsciously, but he was still worried. "Senior ancestor, the demon master Luo Sui, the enemy of all sentient beings, is outside. It is possible to rush in at any time. Let's think about countermeasures first. "

If it is not the current enemy of the devil Lord Luo Sui, in this warm and comfortable environment, Wang Yan really wants to sit down and relax.

"Don't worry, the arrogant demon Lord Luo Sui, he can't come in."

Lü Zu was still expressionless, but he gave a sense of scorn, and then he again used the voice of his father to continue calling to Wang Yan, “Child, you have worked hard all the way. You can come here, It is enough to show that your heart is firm enough to withstand the destiny. “

Speaking of which, Lu Zu extended an arm to Wang Yan and said amiably, “Come, let me entrust you with the most noble power in this universe. As long as you get the heart of the universe, you will become this universe. The supreme ruler of omnipotence! “

It must be said that the voice passed by Chun Yang Lv Zu to Wang Yan was full of bewitchingness. It seems that as long as one step forward and one more step, one can gain the supreme divine power and become the omnipotent supreme master. Dominate the entire universe.

Wang Yan’s consciousness began to be slightly hazy. Under the watchful eyes of Lu Zu’s eyes, it seemed that he had already seen his harvesting the heart of the universe, and he has since become the supreme master of the universe.

What demon Lord Luo Sui, what kind of demon army, in his hands raised his feet, all turned into dust, fly ash annihilation.

As if acting out of subconsciousness, at the call of Lv Zu, Wang Yan took steps and stepped forward to Lv Zu.

Standing beneath the heart of the magnificent and vast universe, Wang Yan couldn’t tell the heart.

In front of this great thing, it seems that everything in the world is small and humble. It seems that as long as you reach out to touch this great thing, even if it touches you, the well-being will be endless.

Wang Yan slowly stretched out his palm, but before making contact with Lü Zu’s extended palm, his fingertips slightly raised, and a simple whispering ancient flying sword appeared in his hand.

“Master, offended!”

Wang Yan’s already confused eyes turned clear at this moment.

At the same time, Wang Yan’s Chunyang Flying Sword, which had returned to normal size, stretched forward and pierced Lu Zu’s chest.

“puff!”

It was as if the dagger had penetrated the leather, and the sound was sharp and piercing, but there was no trace of blood spilling.

Lü Zu’s expression was not painful at all, and he seemed to feel no pain. He just looked at Wang Yan with a stunned face, his eyes covered with golden awns, full of consternation.

Wang Yan’s eyes were determined, and he looked directly at them coldly.

The eyes of the two are in this short distance, and they constantly interact with each other, and the atmosphere of the scene begins to become sharper.

“You are not Lu Zu, you are just wearing Lu Zu’s skin, what the **** are you ?!”

Wang Yan shouted angrily. Lu Zu was not only the originator of the pure Yang who was in the same vein with Uncle Pao, but also an old predecessor against Luo Sui.

At that time, Lu Zu did not hesitate to spend his life, but also to explore Wang Yan for him the most mysterious origin of the universe. This fearless spirit of self-sacrifice made him deeply admired by Wang Yan.

But now, without knowing anything, he already occupied Lu Zu’s body, and even tried to use Lu Zu’s identity to confuse his Wang Yan. How could he not be angry?

“I am Lu Zu, I ... hehe boy, how did you see through my identity?”

Lü Zu was still expressionless, but he conveyed his cold laughter to Wang Yan with his thoughtful situation.

“Huh, do you know what this is?”

Wang Yan sneered, and the pure Yang Feijian poked Lu Zu’s chest again, “This is the Fei Jian personally trained by Lu Zu, and he figured out with Lu Zu’s soul, but this Feijian is finding its owner. After that, there was a terrible wailing, don’t you think it’s strange? “

“The only explanation is that Lu Zu has been killed. And you are the murderer who murdered him!”

Although Wang Yan did not know what actually murdered Lu Zu and also invaded Lu Zu’s body, there is no doubt that he is very angry now.

“Only one sword?” Lu Zu continued to convey the sound of thought to Wang Yan, as if because of a flying sword that was almost like scrap iron for him, he was determined his identity, making him unbelievable.

“Oh, the most important thing is that your acting skills are terrible!”

As soon as Wang Yan’s eyes were cold, his flames rose all over his body, and when he changed hands, he would kill the mysterious enemy who invaded Lu Zu’s body.

Humans are a peculiar race. Although most humans are weak, humans have the purest and most special souls in the universe.

Human expressions, expressions, movements, and even eyes are connected with unique souls. The outside world can only imitate disguise, but cannot completely replicate it.

The mysterious enemy invading Lu Zu ’s body in front of him did n’t understand what kind of human being he was. He did n’t even have any interest and in-depth study of human racial characteristics. How can Wang Yan be stupid?

“Oh, okay, okay, ignorant of human beings!”

Just as Wang Yan’s fierce flames were about to burn to Lv Zu, Lv Zu lightly sneered, and then his whole body was a masterpiece of gold, a shock wave driven by chaotic real elements, and instantly spread out from his body surface.

Under the strong impact, it was very unwise to touch hard, so Wang Yan had to let go and step back.

Just listen to “Qiao”.

The pure Yang Feijian, inserted in Lu Zu’s chest, was instantly rushed out of the body and broke into countless fragments.

Wang Yan looked in his eyes, the more angry he felt.

Although this flying sword was only a sword worn by Lu Zu in the early days, it was not a magic weapon, but it was quite spiritual, and along the way, if it was not for it to lead the way for Wang Yan, Wang Yan had no idea where he was trapped. .

To put it another way, this flying sword is a relic left by Lu Zu on the plane of the earth, and is also the last expectation of Wang Yan, a descendant.

Now looking at the mysterious enemy and destroying Lu Zu’s relics at random, Wang Yan felt a kind of outraged indignation, but also a blasphemy against his teachers!

“No matter what you are, I will destroy you by hand today!”

Wang Yan was furious, suspended in midair, and his fierce murderous intention spread to the surroundings instantly.

The murder of Lv Zu has become a fact. As a descendant of the pure Yang faction, Wang Yan must revenge Lv Zu. In addition, in order to get the heart of the universe and solve the crisis of Heavenly Devil, he must also remove this mysterious enemy in front of him.

Moreover, Wang Yan has not been afraid of any enemies after he inherited all the inheritance of the fire master Zhu Rong and was promoted to a god. Even if it is the mortal demon Luo Luo, he just avoids its edge and has no sense of fear.

Right now Wang Yan observes that the mysterious enemy occupying Lu Zu’s body in front of him is the same as him.

Since it is also a divine realm, Wang Yan naturally has no fear.

“Wow!”

The fierce flames began to expand rapidly around Wang Yan, occupying half of the surrounding space in the blink of an eye.

At the same time, Wang Yan’s body was expanding and his muscles were growing. His fair skin, which originally belonged to humans, began to turn into a tough dark red. The sturdy and mighty curved horns began to give birth to his forehead proudly. A pair of magnificent and magnificent magic wings began to slowly expand behind him, rising high ...

In just a short breath, Wang Yan showed his demon form completely.

The thick flames and the pungent smell of sulfur began to wander around, this space seemed to fall into **** in the blink of an eye. The destruction of violence, the terrible atmosphere of oppression, almost covers the whole world.

“Today, no one can save you.”

Wang Yan coldly stared down at the fake Lu Zu, and the cruelty in his eyes began to grow stronger.

If you look closely, Wang Yan, who is now an infernal demon, has a faint hint of blackness in the flames of his body and his body.

This is the best manifestation of the law of destruction between heaven and earth, also known as the fire of destruction. Its appearance will bring powerful destruction to Wang Yan's flame, and assist Wang Yan's form of purgatory demon, which will greatly enhance the destructive power of Wang Yan's flame.

In other words, the form of Purgatory Demon God is a kind of extremely violent and brutal destruction gene hidden in Wang Yan's body.

The reason this form appears only represents this thing, that is, Wang Yan wants to destroy the enemies before him in the cruelest way!

“Hehehe, little human, is this your strength?”

Chun Yang Lu Zu also slowly floated into the air, and with his extremely cold eyes, carefully looked at Wang Yan in front of him, “Good, good, what a good body should be used for me!”

Before the words fell, the long sword behind Lv Zu suddenly appeared.

...

The Domestic Hero - Chapter 1864

...

“Qiao!”

With a sound like Longyin, it immediately cut through the sky.

This crimson fire dragon sword is the true life weapon of Chunyang Lv Zu, but now falls into the hands of this mysterious enemy, but like a fire stick, he is randomly wrapped in it with a ray of golden chaotic power. Half empty.

“Humph, mortal things!”

Wang Yan sneered contemptuously, a flame of destruction was burning, and the pheasant warhammer in his hand seemed to feel the anger of the master. With the owner Wang Yan, burn and tear the enemies in front of you.

“Violent thing?”

Lu Zu continued to sneer with contempt, “Oh, I just used this human hand to subdue your boy. In my eyes, you humans and your creations are nothing.”

At the end of his words, Lu Zu thought, and the next moment of turbulent force of chaos lifted the Fire Dragon Sword, and he chopped towards Wang Yan.

The Fire Dragon Sword is one of the top fire weapons in ancient earth. Although the weapon spirit is now dead and the sword power of the Fire Dragon Sword can not be used, its sharpness is still extremely incompetent.

With the blessing of a pure and pure chaotic force, a sword loomed cold, and even if it was a giant mountain that was blocking it, I am afraid that it will also have two swords!

“Uh!”

After the sword was cut, where the cold light had passed, a deep and dark rift suddenly appeared in the space.

Obviously under the blessing of the power of chaos, the mysterious enemy occupying Lu Zu’s body, with a sword, can even split the space!

It can be seen that the power of chaos is worthy of the most powerful source of power in the world. With the blessing of chaotic truth, even the simplest blow can condense such earth-breaking power.

“It’s a good sword, but it’s a pity that it’s in your hands.”

The Fire Dragon Sword is extremely sharp, and just at the moment when Jianguang splits, Wang Yan’s magic wing makes a swift escape from the whole person.

At this time, Wang Yan, who had escaped a blow, kept moving, and the Devil Wings immediately turned, and the whole person jumped high, and at the same time, the Warhammer held in his hand, and he killed Lu Zu fiercely.

“Now let you see and see, the power of my pure Yang pulse of this life magic weapon!”

The Fire Dragon Sword can be regarded as the ancestor sword of the pure Yang line. Wang Yan’s fire pheasant warhammer was created by Uncle Cannon. The original method used by Uncle Gun was exactly the same as the Fire Dragon Sword.

Although Wang Yan had a lot of his own understanding and unique methods for the sacrifice of the Fire Pheasant Warhammer in the later period, it is an indisputable fact that the Fire Dragon Sword is the ancestor of the pure Yang line of weapons.

At the moment, watching the mysterious enemy destroy the Chunyang Zujian so violently, both Wang Yan and Huozhi Warhammer are very annoyed. If this continues, the Fire Dragon Sword will definitely be destroyed.

“Boom!”

Wang Yan raised his hand and threw it, and the fierce warhammer immediately with a strong sound of wind breaking, like a decanted shell, instantly hit Lu Zu.

The advantage of possessing natal weapons is that the childish warhammer and Wang Yan share the same intention, and the two have the same strength and double the power.

Especially when fighting, Wang Yan even needs only one thought to move his mind, and the Huozhi Warhammer will respond immediately.

This is like having an extra-body incarnation. With Wang Yan's powerful strength and mindfulness, he often becomes extremely quick during battle, and the offensive and defensive conversions are dazzling, which is enough to make the enemy undefeated and difficult to parry.

“Bang Bang Bang!”

Not only is the Fire Pheasant Warhammer attacking, but Wang Yan is also attacking.

The warhammer and the fire kept bombarding Lv Zu. Under the heart of the universe in a blink of an eye, they were completely swallowed by flames and explosions.

After Wang Yan became the Purgatory Demon God, the offensive was quite fierce. Every move opened and closed, and his strength was extremely strong. If he is replaced by an ordinary ***** realm, I am afraid that he will have been in such a stormy offensive. Gradually collapse.

However, this mysterious enemy that encroached on Lu Zu's body was quite remarkable.

He seems to be connected with the endless chaotic aura around him, and every move and every form is a pure force of chaos.

In the face of Wang Yan's crazy attack, he not only rolled up the Fire Dragon Sword with a force of chaos, to parry it, but also divided a number of chaotic forces like tentacles, constantly resisting counterattack against Wang Yan.

And he himself was standing in the golden air mass formed by the chaotic aura, imposingly immobile, with a wicked aura, awe-inspiring.

For a time, the two men's battle was evenly matched, and even Wang Yan had to be surprised.

The mysterious enemy in front of him was very strange. He was so easy to face Wang Yan, which made him hard to care.

Although he hasn't exerted his full strength, the enemy's control of chaotic truth elements is easy, as if he is completely integrated, which makes him have to start thinking, what is the identity of this mysterious enemy? How does the other party use it, and even use the powerful source power of chaotic truth?

Being good at constantly learning and improving in battle is exactly one of Wang Yan's major advantages.

As he wanted to find out the details of this mysterious enemy, Wang Yan's offensive also slowed down, and he gradually turned from whacking to wandering.

The mysterious enemy occupying Lu Zu's body thought that Wang Yan was weak, and the whole person began to become more proud.

...

As Wang Yan and the mysterious enemies continue to fight fiercely, a terrible battle also erupts in the outer chaos of the heart of the universe.

“Don’t believe it! The deity doesn’t believe it! Why can the kid easily cross in, can’t the deity?”

In the chaotic cyclone, the mighty demon Lord Luo Sui was anxious and annoyed at this time, and wished to chase Wang Yan immediately.

However, at this time, he was trapped in the sea of chaotic wraiths, and countless chaotic wraiths around him were going forward and rushing at him, giving him the power to defy the heavens, and it was also difficult to separate.

Coupled with chaotic vortices and tidal storms spread all around, it also made him very difficult every step forward.

If that Wang Yan was like him and was trapped in this chaotic cyclone at the moment, he could accept the situation in front of him. After all, in this chaotic environment, no one would be able to cope with it.

But Wang Yan, in front of him in front, left and right, disappeared without a trace.

Managing this chaotic cyclone seems to be endless, but the farther Wang Yan goes deeper, the longer he leaves, the more likely he is to find the heart of the universe.

If you let Wang Yan get the heart of the universe in one step, then everything is over!

His Luo Su painstakingly manages the heart, in order to search for the heart of the universe, and control the power of chaos. If Wang Yan, the **** kid, takes it away, wouldn’t it be his previous achievements? It even allows Wang Yan to have the opportunity to fight back against Luo Luo.

This situation can’t let him happen!

At this point of thought, Luo Ai, anxious and corrupt, immediately gave a roar: “Heaven and earth, stop me from dying!”

Suddenly, a surging magical energy, like a nuclear explosion, suddenly violently rose from the demon Lord Luo Su, and instantly swept 10,000 meters of space around him.

The violent energy consumption made the demon Lord Luo Shui breathe, while ignoring the pollution again, he absorbed the chaotic aura around him.

However, it is as if there is a mysterious force in the midst of the world, manipulating the chaotic cyclones here, and the endless chaotic wraiths.

The devil Lord Luo Sui just swept all around, but counted his effort, the crumbling Chaos tide, and the frantically screaming Chaos Wraith, again coming to him.

“Come on! Come to the deity! If you are God, then the deity will destroy this day!”

The demon Lord Luo Aiwei glared at him, his cold fighting intentions suddenly poured out.

...

Same time period.

The core area of the chaotic cyclone is below the heart of the magnificent universe.

Wang Yan and the mysterious enemy invading Lu Zu's body are in full swing, and they are inseparable.

“Jin Jie, an ignorant human being, what's wrong with giving your body to me?”

Lü Zu remained expressionless, but his voice was directly conveyed to Wang Yan through his thoughts, “Everything in this world originates from chaos, but the creatures born of chaos in this world try to occupy all the chaos. It's ridiculous! “

“The total amount of chaos is conserved and unchanged. How can those inferior and filthy inferior creatures arbitrarily infest?”

“Rather than let the world's spirits abuse the power of chaos, let me eliminate those filthy creatures who dare to use the power of chaos and bring the universe back to balance!”

While sending messages to Wang Yan with his thoughts, Lu Zu killed Wang Yan, “Your body is very strong. Give him to me, and I will take you to accomplish the great cause of balancing the universe!”

At this time, Lu Zu was wrapped in a pure chaotic truth, which seemed flexible and weak, but the result was so strong that even Wang Yan's warhammer could not be broken.

In addition, dozens of chaotic tentacles resembling arms are derived from this chaotic real element and continue to attack Wang Yan.

These chaotic tentacles are very difficult to tangle, and there are so many ways of attacking, far beyond people's imagination.

What kind of rays, slashes, wind pressure, fluctuations, lashes ... Almost as long as there are attack methods in the world, these tentacles can be displayed, and they can come easily.

This is also the real power of Chaos, the power of this world origin.

The mysterious enemies who can control the chaotic truth element in front of him are undoubtedly the strongest opponents that Wang Yan has encountered so far, except for the demon Lord Luo Sui.

As for being unable to compare with the demon Lord Luo Sui, it is because the demon Lord Luo Sui has surpassed the divine realm, and has completely advanced to a level in the realm of strength.

However, if Wang Yan really gave his body to the mysterious enemy in front of him, the mysterious enemy might really be able to enter the next level, and then surpass the incomparable demon Lord Luo Sui.

Of course, how can one's body and soul be handed over to others? Wang Yan will not agree.

“Bring the universe back to balance? Ha ha, ah! I think you want to monopolize chaos and the universe!”

Wang Yan snorted and scolded on the spot, “And in my eyes, you don’t even have an entity, so you have to live in aliens in the flesh of others, which is even more disgusting than the lower world creatures in your mouth ! “

So far, Wang Yan has been able to determine roughly what the origin of the mysterious enemy encroaching on Lu Zu’s body is.

The true primitive chaos is the power of deriving everything in the world. With this power of nourishment as a nurture, everything can naturally evolve.

The mysterious enemy in front of him is probably a consciousness, a new consciousness similar to the chaotic wraith formed by the condensation of negative impurities in the chaotic cyclone, but the hierarchical level of this mysterious enemy is significantly higher than those of the chaotic wraith.

If you make an analogy, it is like the weapons and spirit treasures used by Wang Yan and others, they have no soul and consciousness. However, after years of cultivating and using, the consciousness belonging to these weapons will gradually emerge.

Once the weapon Lingbao has consciousness, over time, the instrument spirit will be born.

Although it is different from the soul of ordinary life, with the weapon spirit treasure of the spirit, it really has its own soul. To a certain extent, the spirit of the body is also a kind of life.

Therefore, by analogy, if this piece of chaotic cyclone that lasts forever, or this piece of core space full of chaotic truth elements, is compared to a weapon or a spirit treasure.

So in the long time of baptism, will this chaotic cyclone, or the real space at the core of the cyclone, also give birth to a consciousness? Generate a “spirit”?

This instrumental spirit is naturally born in response to heaven and earth. Its function or instinct is to maintain the universe heaven and earth, protect the heart of the universe, and this endless chaotic truth.

Therefore, after having this consciousness and soul, and sitting on the whole chaotic cyclone, this instrumental spirit will naturally regard itself as a senior creature.

Over time, it will regard the guardianship of the universe and chaotic truth as its paranoid ideal, and will want more. For example, if you want to have a flesh and blood, become a real flesh and blood life.

At this time, the pure Yang Lu Zu who reached the depths of this area just provided it with a tough and powerful flesh and blood body.

Wang Yan couldn’t guess how Lu Yang Zu of Chunyang took this mean way of consciousness, but one thing can be confirmed that in order to save the people, Lu Zu who came to this space has been murdered by this chaotic spirit.

“Fuck! Me, I’m not alien! I am a real life, far more advanced than your human life!”

Being chased by Wang Yan, Chaos Spirit was completely irritated.

An angry expression finally appeared on his face. Although he didn't know how to speak, he made a roar.

In a flash, he was like a tentacle monster rising from the air, waving a condensed chaotic tentacle, and squeezed hard against Wang Yan.

“Aliens are aliens, no matter what you become, it will make me sick!”

Wang Yan still sneered at each other, and at the same time greeted the enemy.

Once this kind of unrestrained, selfish and paranoid life is evil, once it has any ideas, it will do it with impunity. If it is left, there will definitely be incalculable and terrible consequences in the future. A little carelessness, going to innocent creatures in the universe is a disaster.

In addition, their pure ancestor, Lu Zu, has been murdered and killed by it. This hatred, Wang Yan must be reported!

...

The Domestic Hero - Chapter 1865

...

“Jin Jie! Boy, I will devour your soul and seize your **** body!”

In mid-air, the spirit of Chaos opened dozens of condensed tentacles as if they were like a large net, instantly capturing Wang Yan and pinching it in the center.

As the saying goes, the mind is born from the heart, and the chaotic spirit, who was not likely to use physical expressions at this time, gradually showed the unbearable color of excitement on Mu Ran's face.

It can clearly perceive that the body of Wang Yan's demon is obviously much stronger than Lu Zu's body of pure Yang.

Now Lu Zu's pure Yang body has some flaws for him, and he can't achieve perfect harmony. If Wang Yan's **** and demon body can be harvested, it can be perfectly integrated with it, and it will become a real flesh and blood life from now on!

At that time, it will feel the universe perfectly and comfortably. In the end, it will become a supreme being who truly overrides everything, and will also complete the great ideal of balancing the universe!

When he thought of this, the corners of his mouth were trembling with excitement, and his eyes were covered with golden awns, and he even stared at Wang Yan.

However, just as it manipulated the tentacles of chaos, pinched it hard against Wang Yan, trying to force his consciousness into Wang Yan's body through contact, his expression suddenly froze.

“Why, what’s going on?”

The Chaos Spirit stared blankly at Wang Yan in front of him, filled with surprise in his heart, “For, why, my power, why can’t it penetrate?”

Chaos Spirit has used its consciousness extension, that is, the condensed tentacles of chaos, to wrap Wang Yan tightly. According to its experience of invading Chunyang Lv Zu, as long as it contacts with the other party, its enormous soul consciousness can easily rush into the other party’s body.

Therefore, in the other party’s body, the other party’s consciousness is erased, so as to achieve the purpose of killing the other party and occupying the other party’s flesh.

But now it was shocked.

It has clearly grasped the other party tightly, and the tentacles of chaos that can be injected into the consciousness. After reaching half an inch of Wang Yan’s body surface, he can’t break through Wang Yan’s body protection.

Not only that, the chaotic tentacles clinging tightly to Wang Yan’s body actually felt intense pain.

That’s right, it’s a severe pain, severe pain caused by high temperature burning.

This is the first time he has felt the pain after he possesses the flesh, which gradually creates an indescribable fear in his heart!

“Ignorant alien, you can only control chaos, but you don’t understand what is the true meaning of chaos.”

Having understood the identity of this mysterious enemy, Wang Yan no longer intends to be polite with him.

At this time, he began to fully reveal his mighty appearance. A layer of crimson armor completely formed by the flame divine power began to gradually appear on the surface of his god’s body.

The ***** body is majestic and tough, the armor is simple and heavy, and it is as beautiful as glass. A flaming cloak resembling a wave spreads out of Wang Yan’s back, spreading across the vast sky in a flash.

Under the blazing flames, under the extreme high temperature and the blazing flames, Wang Yan is like a huge mountain, standing in front of the chaotic spirit.

Under such a strong divine power, Chaos was inspired by unprecedented pressure, and even a fearful feeling in his heart was born.

Not only that, the flames on Wang Yan’s body surface also started to change.

The black flame, originally full of destruction, began to recede gradually, and turned into a more noble and deterrent golden fire.

This kind of golden fire light that gradually rises from the flame heart of flames is exactly what Wang Yan inherited from the fire master Zhu Rong. After surpassing the extreme sun, he reached the chaos of the sky-burning fire!

The fire that burns the sky has already surpassed the sun, the extreme sun, and is full of chaos and rhythm. It can be said that everything in the world, even the chaotic spirit itself, can be burned by it.

With this high-level flame, it is the true fire of its own body. Not to mention the chaotic tentacles extended by the Chaos Spirit, even the Chaos Spirit itself cannot be resisted.

“Bee! Bah!”

The Spirit of Chaos used to hold Wang Yan’s tentacles, and began to emit an anxious “吡啦” sound, and his expression began to become more painful and distorted.

“No! I don’t believe it! All nonsense!”

The spirit of Chaos looked at it with resentment and snarled with its thoughts, “I am Chaos, Chaos is me, you underworld creature, why can’t I understand the true meaning of Chaos?”

The fierce burning pain, and Wang Yan’s sarcasm, the Chaos Spirit was completely angry. Not only did he use dozens of Chaos tentacles to wrap Wang Yan tighter, but at the same time, he raised Lu Zu’s Fire Dragon Sword, and turned towards Wang Yan’s Chest pierced, trying to put Wang Yan to death completely.

“Everything was born in the flame and died out of the flame. The flame is an extension of the will of chaos, and it is a manifestation of the true meaning of chaos.”

Facing the chaotic tentacles that wrapped him tightly, Wang Yan was majestic and sighed coldly, “How can this kind of truth be understood by you, a stranger?”

The universe originated from a big explosion in the beginning of chaos. Everything in the world gradually evolved from the flames of the explosion. Eventually, all things in the world will be destroyed by the fire brought by another big explosion.

This kind of fire that destroys the sky and destroys the world from the big explosion of chaos, is born from chaos, uses chaos as the burning energy, and burns the power of the world with great power. It is the ultimate flame that Zhu Rong inherited to Wang Yan. realm.

Even if Wang Yan has not yet reached the supreme state of the fire lord Zhu Rong, but with his current cultivation practice, coupled with the long journey, he has been very close to the fire lord Zhu Rong.

Right now, Wang Yan has fully displayed his hole cards. Under this kind of sky-burning fire fueled by chaotic truth elements, it is only the chaotic spirit that drives the power of chaos. How could it be his opponent?

The gap between the two is entirely at two levels.

“boom!”

Just as the Chaos Spirit used the Chaos Tentacles to tightly **** Wang Yan, the flames around Wang Yan suddenly burst into flames, and the Chaos Tentacles that filled his whole body in a blink of an eye exploded.

At the same time, Wang Yan raised the Warhammer and smashed the Fire Dragon Sword stabbed at him.

Under a single blow, the judge was sentenced.

Both the Fire Dragon Sword Spirit and the master Lu Zu are dead, and now they only rely on Chaos Spirit and are driven by Chaos True Elements. Wang Yan's warhammer is childish, his spirit is young and strong, and he has been nourished by Wang Yan's own god-level real fire. It is already very powerful. In addition, the warhammer itself has reached the god-level material grade, far exceeding the fire dragon sword and the fire dragon sword. Chaos Spirit.

At the moment the two collided, the bastard's tentacles were severely shaken, the Fire Dragon Sword flew out, and a large crack appeared immediately on the sword body.

"No, it is impossible! I am the incarnation of chaos, chaos is dominated by me! Me, how could I lose?"

The Chaos Spirit is inexplicably horrified. It roars with thoughts. It simply cannot understand. How can the underworld creatures in its eyes be so skilled and practical chaotic power, and how can it easily surpass it in a blink of an eye?

It must be said that this chaotic spirit is very cunning, although it is full of disdain for humans, and even once attempted to devour Wang Yan.

But after Wang Yan occupied the peak, it shouted in his mouth, which was unwilling, but turned around and wanted to rush to this core space and escape into the endless chaotic cyclone.

However, at this moment, Wang Yan, who was killing her, will let him go?

Wang Yan raised his hand at the moment, and had already surrounded the surrounding sky-burning fire, instantly gathered it, and wrapped the Chaos Spirit in the fire at once.

"Woo! Aooo!"

Under the fire-burning sacrifice, the chaotic spirit suddenly gave a harsh and painful roar.

The Chaos Spirit finally panicked. It slammed left and right in the flames, constantly angering and cursing, threatening and intimidating.

The more it scolded, the harder Wang Yan burned, and it burned so quickly that his soul was almost annihilated.

The Spirit of Chaos was finally afraid at this time. It no longer dared to stand down and spoke wildly. Instead, it knelt under Wang Yan's dignity, begged hard, pleaded with all kinds of promises, and was full of rhetoric. Yan became a servant, helping Wang Yan to resurrect Chunyang Lv Zu, and then the three of them dealt with the demon Lord Luo Sui together.

It's a pity that Wang Yan's firm heart is not easily shaken.

Besides, how can such a cunning and selfish chaotic alien spirit spit out from its mouth, how can it be believed?

God knows whether this kind of alien spirit will trip Wang Yan in this process. Moreover, he has clearly realized that Lu Zu's spirits and weapons and spirits have all disappeared. The life that has passed away and the destroyed soul cannot be reshaped at all. This is the law of nature and the law of heaven and Tao that cannot be changed.

Therefore, Wang Yan is even less sympathetic to this strange spirit.

"You killed my Pure Yang Patriarch. Today, as a descendant of Pure Yang, Wang Yan will let you die under the sword of Lu Zu!"

Wang Yan proudly stood in the void and took a move. The handle fell aside and the already broken Fire Dragon Sword flew into his hand.

The surging pure Yang Zhenyuan condenses the sky-burning fire and continuously injects the fire dragon sword.

I don't know if it is the residual consciousness of the Fire Dragon Sword Spirit, or whether the material of the Fire Dragon Sword itself already has a deep memory of Chunyang Zhenyuan. At this time, while Wang Yan injected himself into the real element, the Fire Dragon Sword immediately resonated violently.

In Wang Yan's eyes, the murderous intention began to become more lingering.

"Demon, let's die!" Wang Yan threw one hand, and the Fire Dragon Sword immediately turned into a red long rainbow, instantly penetrating the chest of Chaos Spirit.

"Oh!"

The spirit of Chaos faced with pain, screamed in the sky, and the Fire Dragon Sword exploded inside the sky while the fire itself exploded, and it collapsed and shattered completely due to excessive consumption.

However, in the Chaos Spirit body, the sky-burning fire erupted directly, killing the alien spirit in an instant.

The screaming of Chaos Spirit began to subside gradually, and the power of Chaos attached to Lu Zu's body began to gradually disappear.

The fire did not burn Lu Zu's flesh, but only burned all the energy bodies in Lu Zu's body.

It didn't take long for the flames to slowly extinguish, and the battle finally ended here.

Wang Yan began to slowly put away the flames of burning that he had released, and this ultimate flame was extremely expensive. Even if Wang Yan had already reached the Divine Realm, it was a very high burden.

In a few moments, the entire core space around the heart of the universe regains its former tranquility.

Wang Yan sighed slightly and flew to Lu Zu in front of him, intending to consolidate the corpse for the unfortunately killed Lu Yang Zu.

At this moment, a little light of fire began to rise in Lu Zu's eyes.

“Wait, is this?”

Wang Yan hastened his concentration and looked closely.

I saw above the remains of Lu Zu, a weak image formed by the true fire of pure Yang emerged slowly.

With Wang Yan's current state of strength, I immediately understood it.

This weak image of Lü Zu is the residual of consciousness in Lü Zu's body. After the Chaos Spirit was destroyed by Wang Yan, the pure Yang true fire remaining in the body re-condensed and appeared.

It's just that this state is just a phenomenon of returning to the light. It will not be long before it will soon return to the dust, the soil to the soil, and the complete return to chaos and nothingness.

“Junior Chunyang Wang Yan, see Chunyang Master.”

Wang Yan understood that Lu Zu's consciousness was struggling to emerge, and he should want to leave some last words to himself, so he bowed his hand to the flame figure and respected him.

“Pure Yang Wang Yan?”

Flame Virtual Shadow looked at Wang Yan, then raised his hand to scratch his beard, and smiled with his head, “I can have this descendant, this life is enough!”

“The juniors will also drag your blessing, otherwise today will definitely not be able to reach this place.” Wang Yan understands that Lu Zu's residual consciousness will soon disappear, so his attitude can't help but respectfully.

“The afterlife is awesome, it's really awesome.”

The flame phantom glanced brightly and looked at Wang Yan with gratitude, “Xiao Yan, I have seen everything you just did. Thank you for everything you did. Without you, my Lu Chunyang worked hard for a lifetime. Yang Shen's body, I am afraid that it will always be occupied by that foreign spirit. “

“Pure Yang ancestors have a reputation and revenge for their ancestors. It is the younger generation I should do.” Wang Yan arched his hand modestly and then asked inexplicably. The pure yang real fire that just arrived in the sun, the world is not invaded by evil, what method did the alien spirit use, even your soul can be eliminated? “

Pure Yang's vein, the practice of pure Yang true fire originating from the fire master Zhurong, belongs to the most rigorous force of time. After a little success, all kinds of evil poisons in the world can't get close.

Just like the uncle Yan Zun, who only had the peak of the demi-god at the beginning, facing the god-level Heavenly Demon Jile Mo Ji Jili Lisi, the Jile Mogong performed was only briefly lost, and the Qingming was restored in a flash.

This is exactly the strong advantage of Chunyang from the very beginning to the sun, in the face of all kinds of evil poisons in the world.

After the fire of Zhu Rong, after a lot of hard work, the pure ancestor Lu Zu who arrived here has already reached the gods.

As a tempered pure Yang god, Lu Zu's soul is definitely stronger than the uncle of the new Jinjing Realm, even if Wang Yan himself, I am afraid that it will not succeed.

It is just such a powerful pure sun god, under what circumstances, actually a cunning foreign spirit, killed the most important soul, and won the ***** body.

This makes Wang Yan puzzled.

The Domestic Hero - Chapter 1866

...

“Ah, ashamed, I was too careless.”

Flame Vague sighed slightly and shook his head in frustration. “In addition to my inner space, this made me follow the path of the spirit.”

“Inner space? Isn't the person who practices spirituality the quietness and inaction, unity of heaven and man?” Wang Yan heard Lu Zu's residual consciousness answer, but became more and more puzzled.

In the China of the Earth, the practitioners proposed that heaven and nature do nothing, advocate the emptiness of the soul, adhere to quietness, conform to nature, and finally reach the supreme state of returning to the avenue and combining with the universe of heaven and earth.

Even in the west of the earth and Southeast Asia, the laws of practice are mostly similar to those of the earth China. After all, only if there is nothing outside of the heart, the body and mind are integrated with the heaven and earth, the laws and rules, so that you can achieve a higher realm in practice.

To put it bluntly, it is to eliminate inner distractions, conform to the laws of the world, and focus on spiritual understanding, so that we can continue to advance in the realm of spiritual practice.

As the founder of the pure Yang line of the earth, Chun Yang Lu Zu naturally has outstanding achievements in spiritual practice. Even his experience in spiritual practice has become a must-have for the descendants of the pure Yang line.

“Xiao Yan, the practice method is indeed the same, but if a person really has no inner concerns and obsessions, he is more likely to be confused and confused.”

The flame phantom was a little sad, and said slowly, “I was going through a lot of hardships to find the place where the universe originated. From the moment I stepped into this core space, I have been comforted and peaceful. Bewildered, and then completely relaxed his vigilance. “

Hearing this, Wang Yan couldn't help but frown slightly.

I thought that when he first came here, he was also surprised. The kind of comfort and tranquility, coupled with the abundance of chaotic aura, really made him want to swim in this space forever.

If it is not a loved one, he is still waiting for him to go home. In the distance, the devil Luo Luo may be killed at any time. He may be like Lv Zu, relax his vigilance, enjoy the tranquility and comfort here, and the chaotic spirit .

At that time, Lu Zu was too free and easy to care about his life. But once this happens, his heart is easily disturbed and confused by other things, so there is an opportunity for the chaotic alien spirits lurking around.

“Because there is no strong concern in my heart, the only concern is that in the future, I will follow my footsteps and the descendants who arrive here will be you.”

Flame Vague looked at Wang Yan and said with emotion, “So after I arrived here, I wanted to help you analyze this great cosmic heart first.”

With that, the flame phantom turned to look behind him, as if the stars were as magnificent and magnificent as the heart of the universe.

The great power and the vigorous charm released from it are enough to make any creature shocked and fascinated.

Wang Yan also raised his eyes again at this moment to see the magnificent and amazing universe heart. It can be said that no matter how many times he sees it, this great thing can make him excited.

“As I try to touch the heart of the analytical universe, I am more and more convinced by the supreme truth and endless power it contains.”

Speaking of the heart of the universe, the phantom of the flame gave birth to a glorious glory, “It is a pity that at the critical moment when my soul and the heart of the universe are closely connected, the chaotic alien spirit lurking around took the opportunity to enter my body Devoured my soul ... “

“Oh, okay, there is no need to mention this matter.”

Flame Vague shook his head, beckoned not to mention it, and said solemnly to Wang Yan, “Xiao Yan, I don't have much time, I can give you only so much help. How to use this next A strength depends on your own. “

During the speech, the flame phantom slowly came from his chest, holding a golden ball of light. There is also a stream of golden energy in the light mass, which is closely connected with the heart of the universe behind.

It is the part of the true rhyme that Lu Zu originally parsed from the heart of the universe.

This part of pure energy is preserved in Lu Zu's body and has always been connected with the heart of the universe.

Wang Yan also discovered this thin energy line at the beginning. At that time, he thought it was a medium of chaotic alien spirits, which obtained power from the heart of the universe. Unexpectedly, this energy line was actually separated by Lu Zu from the heart of the universe. Pure power.

“You must be curious, why didn’t the chaotic alien spirit digest this mass of energy? Hehe, that’s because the alien spirit doesn’t understand the true meaning of the universe, it’s just a newborn evil consciousness.”

Speaking of chaotic alien spirits, the flame phantom somewhat resented, and then he looked at Wang Yan seriously, and advised, “Xiao Yan, you must listen carefully to the next words.”

“Younger Wang Yan must keep in mind.” Wang Yan knew that Lu Zu’s remnants were about to dissipate, and quickly responded with a respectful attitude.

“I call this group of energy the great cosmic force. Although it also originated from chaos, its laws and laws are far different from any of the methods we practice.”

After taking out this golden energy from his body, the phantom of flame began to become erratic, and now it was bright and dark.

But he didn’t seem to care, but handed over the golden energy body in his hand carefully to Wang Yan’s hands, “Anyone in front of this power will be at a loss like a newborn baby, but this power has Turning decay into a magical infinite power, even if you can use any of them, is enough to open up the earth and shift the stars. “

“I can’t teach you one by one, I can only condense my personal understanding and gains in this group of energies, and give it all to you.”

“I hope you can take a step closer on my basis, use the heart of the universe, and use the power of this big universe to defeat the devil and benefit all living beings ...”

When it comes to this, the flame ghost image condensed by Lü Zu’s thoughts is almost transparent, and even the sound becomes like a mountain, very vague.

“Boy, after the death of the alien spirit, the chaotic cyclone will not be able to trap the demon Lord Luo Sui, he, he is coming ...”

“You, you must be firm and stick to your heart ... Yu, the heart of the universe, can’t swallow it, eat it ...”

“Child, cut ...”

Before Lu Zun’s words were over, he completely disappeared in front of Wang Yan.

Even his overwhelmed body, after excessive consumption, turned into pieces of powder, which eventually melted into chaos and completely disappeared into nothingness.

Wang Yan looked at the remnant of Lu Zu, who had disappeared into nothingness, and there was something wrong in his heart.

A generation of unrestrained world, the pure Yang ancestor who traveled to the universe, finally dissipated into nothingness completely, which made Wang Yan feel somewhat lost.

The surroundings became empty again, and there was silence. Wang Yan faced the place where Lu Zu completely disappeared, and solemnly bowed: "Remember the younger generation."

Although Chun Yang Lu Zu has sacrificed, his help to Wang Yan is undoubtedly great.

Wang Yan knew that it was not sad at the moment, so he quickly calmed down his emotions and turned back to Lu Zu's instructions.

Through Lv Zu, we can know that the chaotic alien spirit is precisely this chaotic cyclone that gave birth to an consciousness similar to the spirit of the spirit in the long years.

Bastard cyclones are the remnants of the reincarnation of the universe and the protective layer of the universe's heart.

Chaos Abnormal can control Chaos Cyclone with its consciousness. The reason why Wang Yan can smoothly enter this core space, in addition to the guidance of Lv Zupeijian, also has the intentional result of Chaos Abnormal.

The chaotic foreign spirits greedy Wang Yan's **** and demon body, trying to become a real perfect life, but unfortunately, Wang Yan finally saw through, but instead was violently strangled by Wang Yan with the sky-burning fire.

Now the Chaos alien spirit is dead, and the Chaos Cyclone is no longer controlled by the alien consciousness. I believe that it will not take long before the demon Lord Luo Sui will break through the obstacle and reach this core place.

This point filled Wang Yan with a sense of crisis.

In addition, the great cosmic force in Lu Zu's mouth is far more than the ordinary law, and it seems to be a more noble power of the law, which makes Wang Yan a little ambiguous and seems to understand.

In addition, Lu Zu specifically told him before his death that he must stick to his heart and the heart of the universe must not be swallowed. What is the reason? Wang Yan was puzzled again.

Sticking to his heart, Wang Yan can still understand.

If there is no perseverance in a person's heart, then he must be unable to accomplish any goal. The original heart is the foundation of being human. If the heart does not stick to it, it will easily disintegrate in the face of difficulties, doubts, and even temptations.

Chunyang Lvzu was born without concern, and when he discovered the secret of the heart of the universe, he relaxed his vigilance and immersed himself in the power of the vast universe, which made the chaotic spirits multiplyable. Opportunity.

This is a lesson in sight. Wang Yan will naturally think in every possible way, keeping in mind.

It's just, why can't you devour the heart of the universe?

Without swallowing and absorbing the heart of the universe, how should Wang Yan use the heart of the universe with infinite power?

This seems to be another method, which is completely different from the past. Wang Yan has not yet figured it out. He has to put it aside and decide to absorb the ready-made energy and meaning left behind by Lu Zu.

Wang Yan looked down at the golden light cluster he held in his palms. This light cluster condensed pure energy, the outer layer exuded a faint golden glow, but the inside was condensed with a scent of almost incandescent energy.

It is like a dazzling little sun, which continuously exudes vast light and heat.

“This is Lu Zu’s transformed energy, which should be directly absorbed.”

Wang Yan thought secretly in his heart, and then reached out to incorporate this pure energy into his body.

In an instant, a mysterious and pure purity and energy spread into Wang Yan’s body.

In a blink of an eye, the mighty power was immediately flooded into Wang Yan’s limbs and corpses, his internal organs and his organs, and even each of his pores and even every cell seemed to expand at this moment.

“It’s a huge amount of energy. I have not started to absorb it, it has excited me all over.”

Wang Yan secretly lamented that his heartbeat was accelerating and the Qihai was expanding. He felt that every life factor in his body became stronger and stronger because of the nourishment of this pure and energy.

Without further ado, Wang Yan immediately held his breath and began to focus on the decomposition and absorption of this pure and energy.

This is a group of great forces that Wang Yan has never met in his life.

Although it is also based on the chaotic truth of all things, Wang Yan clearly perceives this group of energy, which is far more pure and rich than chaotic truth, and is closer to the essence of life evolution.

It is as simple and pure as the refined and refined source of chaos. And the noble connotation attached to it also gives it an unspeakable vast power.

Time lapsed unconsciously, and under the guidance of the message left by Lu Zu, Wang Yan continuously absorbed the massive power of the universe from the heart of the universe.

In the process of decomposition and absorption, a little bit of precipitation accumulated in Wang Yan’s heart.

After this group of pure energy was completely absorbed, Wang Yan’s heart moved, and the whole person was like a divine initiation, suddenly bright.

The so-called great cosmic force in Lu Zukou’s mouth is precisely the great power related to the operation law of the entire universe. It covers thousands of laws, billions of stars, and countless creatures in the universe ...

At this point, it is no longer an individual, even the power that the gods can master.

If you use an adjective, it is the reincarnation often spoken by the devil Lord Luo Sui!

This power is the starting point of all powers in the world and the end of all powers in the world. Regardless of whether you are practicing dark magic energy or pure yang true fire, after reaching the limit, or even exceeding the limit, you will melt into chaos, surpass chaos, and finally reach the initial starting point and the final end point.

This is the power of omnipotence.

Once you control the power of the reincarnation of the universe, then you can really return the entire universe to chaos, and you can also create everything out of nothing in the chaos of nothing!

How to control the power of this reincarnation? Its secret lies in the magnificent heart of the universe.

“Unexpectedly, in my lifetime, Wang Yan could actually stand in front of such great shores.”

Wang Yan looked up to the unspeakable heart of the universe in front of him. His heart was surging, and suddenly he had a sense of pleasurable glimpse of the mystery of heaven and earth, and the opportunity of creation.

Admittedly, because of the miscalculation, Lu Zu failed to comprehend how to absorb and use the heart of the universe, but it has undoubtedly made Wang Yan understand what the power of reincarnation is, and it is also for Wang Yan’s subsequent absorption and understanding, Paved the way.

“Pure yang, the soul of life, and the opportunity of all things.”

Wang Yan muttered a word in silence, the words left to him by Lu Zu in that mass of energy.

The pure yang line from the fire master Zhu Rong is practicing the vitality of the universe, and also the creation of the universe.

If Wang Yan can raise his current sky-burning fire to another level, then this power that exceeds the existing limit is the real power of creation and reincarnation!

It is undoubtedly difficult to reach the supreme state of the universe beyond the divine realm, but Wang Yan is full of confidence in this.

Since he digested the energy left by Lu Zu, Wang Yan felt that his life factor was much stronger, and his strength has increased by at least 30%!

This is just a small group of reincarnation forces cultivated by Lu Zu Ning. If he can learn from Lv Zu and gather some more reincarnation forces, then even if he can’t reach the realm of the universe supreme, it is estimated that it is also poor. It won’t be much. Even then, even if it is compared with the demon Lord Luo Sui, I am afraid it will not succeed.

“With just a little more time, Wang Yan can definitely surpass Luo Su!”

Wang Yan clenched his fists secretly, and now it seems that the devil Lord Luo Sui is so powerful because he has also explored a supreme way to the realm of reincarnation.

Therefore, he did not hesitate to destroy galaxies one after another, to exterminate one race after another, just to collect more chaotic truth elements, in order to condense his power.

The place where Wang Yan is now is full of the purest chaotic aura. The cosmic heart in front of him is the root of the power of reincarnation. As long as he can quickly absorb the power of the cosmic heart and accumulate to a certain degree, his king The definition of Yan's situation can be improved and transformed.

At this point of thinking, Wang Yan quickly sink his mind and began to use the method inherited by Lu Zu to absorb the power of Pang Ran from the heart of the universe.

A tiny stream of energy began to separate from the heart of the universe and became connected with Wang Yan.

Wang Yan seemed to be collecting water vapor from seawater on a vast ocean. Seawater has too much salt and impurities to drink, but the water vapor left by the evaporation of seawater is pure drinking water.

This method seems slow and the energy collected is very scarce, but it is very safe and practical.

The pure energy separated from the heart of the universe is being transformed into a tiny stream of energy with a pure silver-white light in a way visible to the naked eye, which is constantly integrated into Wang Yan's body.

Wang Yan immediately felt that he was undergoing a qualitative change, and his strength was growing rapidly. This made him very happy, and made him more firmly carry the pure power of the universe's heart.

However, just then, an accident happened.

...

The Domestic Hero - Chapter 1867

...

“Boy! Get out of this deity!”

Just when Wang Yan was absorbed in the vast might of the universe, a violent anger suddenly broke in from behind him.

Wang Yan immediately turned his eyes and looked back, and saw that the demon Lord Luo Su, who had been trapped in the chaotic cyclone, had successfully overcome many obstacles, broke through the barriers, and reached this quiet and peaceful core area.

“Boy, you hid here!”

The demon Lord Luo Sui stared at Wang Yan fiercely, very violently violent, and even the entire core area was in this instant, and the change was Xiaosha suppressed.

At this time, the demon Luo Luo seemed to absorb too much chaotic aura full of impurities, which caused his mind to be polluted and interfered, but he did not know it.

Moreover, his golden armor has become scarred, and the mighty cloak behind him is almost rotten into a rag. His helmet is gone, and his face has become murderous, and his eyes are full of fierce blood. .

It is conceivable that this ***** of heaven, from the chaotic cyclones full of chaotic wraiths and tidal vortices, has been killed here, how many chaotic wraiths have been killed and how many tidal vortices have been destroyed?

In addition, those chaotic auras that he absorbed are probably already reaching an astronomical figure.

The fierce gas from his body is extremely violent, and he can't even hold the quiet and peaceful atmosphere of the universe's heart. The entire core space formed around the universe's heart is at the moment of his appearance, as if he has fallen into a ***** Shura field.

Under such dignified pressure and violent anger, Wang Yan's pores were all trembling.

“Your Majesty the Lord is really lucky, and you can survive in that kind of environment.”

Wang Yan sneered coldly and turned slowly, not to look at his unmoving appearance, in fact, he was already accusing him of something bad.

He had just begun to absorb the power of the universe, but it was at this time that the devil Luo Luo broke through the chaotic cyclone and broke into the core space.

Now the demon Lord Luo Sui is in a violent posture, fierce and fierce, with a posture to tear his Wang Yan into pieces. In addition, there is such a huge temptation that the heart of the universe is there, and the devil Lord Luo Sui will never end.

In such a situation, Wang Yan has no way to retreat, let alone give up the heart of the universe, otherwise not only him, but the entire universe will be destroyed as a result.

“Boy, the deity wants you to ... wait, wait, this ... this is ...”

Demon Lord Luo Sui's heart and mind have been affected. At the moment, facing Wang Yan's cynicism and anger, he is so angry that he can't wait to eat Wang Yan.

But when he crossed Wang Yan's eyes and saw the magnificent thing behind Wang Yan like a star, the whole person was shocked on the spot.

“Yu, the heart of the universe! Here, this is the origin of chaos, the core of the universe!”

The demon Lord Luo Sui was very excited, his eyes wide open, even his mind seemed to be awake for a moment, “Ha ha ha, I found it, and finally let the deity find it!”

“As long as the deity accepts the heart of the universe, then the deity will become the only supreme ruler in this heaven and earth!” The demon Lord Luo Su laughed and excitedly shivered all over his body. “Hahaha, it really takes no effort! You are a good way to lead, now leave the heart of the universe, and come and die! The deity is in a good mood now and can leave you a whole body! “

“Exactly, I’m in a good mood now. If you are arbitrarily self-disciplined, I might consider not destroying all your demons.”

Wang Yan arrogantly arrogant, at the same time began to accelerate the power of the universe’s heart, “Hum, as for this universe’s heart, it is already mine!”

“Great breath! Wait, you, how dare you absorb the power of the heart of the universe!”

The demon Lord Luo Sui became clearer, so he suddenly saw a trickle of energy between Wang Yan and the heart of the universe, connecting the two together.

Seeing this scene, the fool can understand that Wang Yan is in a special way, just like intubating, sucking juice, and absorbing the power of the universe.

“Fuck! It, it is the deity’s cosmic heart! You, how dare you, covet the deity’s cosmic heart!”

Anxiously, the demon Lord Luo Sui’s emotions were out of control again. The contaminated impurities in the Chaos Aura disturbed his mind again, and his eyes were filled with violent and bloodthirsty.

Wang Yan knew that he had nothing to say with this unconscious enemy Luo Ai. Now he squeezed the warhammer and displayed a powerful natural burning fire. He pointed at the devil Luo Aohe with great power and declared war: “The heart of the universe is already me You want it? Come and get it yourself! “

With a cry of prestige, Wang Yan immediately exhibited the body of the devil and transformed into a powerful flame giant.

The heart of the universe provides Wang Yan with a huge equivalent of source energy. Although Wang Yan hasn’t drawn from the heart of the universe for a long time, he has clearly felt his comprehensive strength, which has increased by at least 50%!

At the moment, he was holding a rough warhammer, with a majestic body, a majestic flame armor, and powerful wings. All over him was burning a powerful natural burning fire, standing in front of the heart of the universe, as if the world could be dissolved and smashed.

Demon Lord Luo Sui, whose mind has been contaminated, looks in his eyes, gritting his teeth with hatred.

In the eyes of the polluted demon Lord Luo Sui, he is the only master in heaven and earth. The tiny human in front of him is not only a descendant of his mortal enemy Fire Lord Zhu Rong, but also robbed his cosmic heart at this moment, and declared war on him. Provocation, this is simply the biggest contempt for Luo Suo!

“Boy, I want you to die!”

The irritable Demon Lord Luo Sui couldn't stand it anymore, and immediately showed the Demon Lord's true body, pulled out a dark and eerie two-handed sword, and slashed towards Wang Yan.

There is a person with a long and powerful sword blade, a broad blade and a heavy blade, which is full of murderous force. At a glance, you will know that this sword has a very high grade and great power. The demon master Luo Sui, who controls this big sword, is surrounded by a devil qi, and his eyes are red, and the sword is killing, extremely fierce, as if blocking the front is a planet, all of which will be cut off by him.

“kill!”

The demon Lord Luo Sui split off with a sword, and a black-purple moon-shaped sword qi instantly aroused layers of qi waves, and at the same time broke open the space, slashed in front of Wang Yan.

Wang Yan showed no signs of weakness, and all his strength was his first shot. At the moment when the demon Lord Luo Sui shot, the fiery and fiery warhammer in his hand was already thrown out like a shell.

“Boom!”

The fierce explosion immediately broke out between the two.

The rich black-violet magic energy and the pure masculine real fire, like a giant wave set off during a storm, spread out in all directions in a terrible violent posture.

It must be said that the realm and strength of the demon Lord Luo Sui is indeed lofty and terrifying.

With just the power of his sword energy, he resisted Wang Yan's blow with a childish hammer. And under the violent impact, she stood still and was not affected at all.

On the contrary, the childish warhammer, which was already full of real fire, was blown back with a sword by the demon Lord Luo Sui.

Wang Yan stretched his hand to catch it, but under the impact of a strong recoil and a terrible explosion, the whole person was rushed out and flew back thousands of kilometers, which stabilized his body.

This is enough to see that there is a high judgment between the two.

“Kill! Kill kill!”

The demon Lord Luo Sui was contaminated with chaotic impurities. At this time, the blow was dominant, and the bloodthirsty violentness in the heart increased sharply, and he launched a fierce attack on Wang Yan.

Slashes of horrible and fierce swords almost tore the space.

The only area not affected by these slashes is around the heart of the universe. Somehow, any form of force attack that reaches the heart of the universe will be swallowed and absorbed by an invisible force field.

The heart of the universe is like a black hole that can swallow everything. What kind of truth and secret are hidden inside, and now Luo Sui and Wang Yan cannot think and answer.

Under the immediate violent offensive of the demon Lord Luo Sui, Wang Yan was hard to touch, and had to retreat while fighting, responding with a fight.

Over time, Wang Yan began to grow weaker and eventually had to fall into a helpless defense.

“Hahaha, boy, aren’t you very good at talking? Why? Continue to say?”

The demon Lord Luo Shui showed his madness at the moment. He exhaled the infinite amount of demonic energy, almost occupying most of the core space. He flew in it and smiled, “The kid rest assured that you have been right with the deity for so long, the deity will not So easy to let you die.”

“The deity will peel your skin alive, and then cut you back to life! After that, the deity will take you back to the earth, let you see the cherished person, and die all in front of you!”

“Finally, the entire earth, and even the entire galaxy, will be destroyed because of your stubbornness! And you, the deity will let you survive without death, and you will be trapped in your body forever!”

Demon Lord Luo Ai said more and more excited, as if he was about to capture Wang Yan alive, reap the heart of the universe, and be honored as the supreme universe.

“You dream, as long as I am there, you never want to get the heart of the universe!”

Mentioning his lover’s companion, Wang Yan saw the killing in his eyes, and his battle intentions piled up one after another.

Lovers and companions whose lives and deaths are far from the earth are Wang Yan ’s strongest concerns and his strength to support his persistence to this day.

The demon Lord Luo Sui actually dared to hit his lover and companion’s idea, just touch the counterscale in his heart.

However, the status quo is that the demon Lord Luo Sui has an absolute advantage in this battle. Even if Wang Yan is unwilling in his heart, he can only passively defend and fight with it, and he has no advantage at all.

He thought that by virtue of the power purified from the heart of the universe, he would be able to fight him with the devil Luo Luo.

But the reality is that his strength has indeed improved, but still can not reach the height of the demon Lord Luo Sui. Demon Lord Luo Sui not only has strong strength and lofty realm, but also absorbs a lot of chaotic aura full of impurities in the endless chaotic cyclones around him.

Wang Yan has the heart of the universe to provide energy, and the devil Lord Luo Sui also has chaotic cyclones to power him, and the chaotic aura full of impurities also affects his mentality in a subtle manner, making him more bloodthirsty and violent, and his combat power has increased dramatically. .

In the face of such a strength that far exceeds himself, and the savage demon Luo Luo, Wang Yan is really at a loss.

As the so-called one-power-down ten meetings, Wang Yan's tactics and plans for delaying time have no effect at all in the face of the absolute strength of the demon Lord Luo Sui.

He also wanted to increase the energy extraction of the heart of the universe, but the control method Lü Zu taught him was a safe, reliable, and step-by-step technique.

This is a method of extraction, conversion, purification, and absorption. Even if he will use the power of the universe's heart to the limit, he can only obtain so much power. In the face of the chaotic and violent offensive of the demon Lord Luo Sui, this point of strength is not enough to make ends meet.

Right now in the storm-like offensive of the demon Lord Luo Sui, he has gradually refrained from supporting. If this continues, wouldn't Wang Yan be defeated?

Once he loses, the heart of the universe will fall into the hands of the devil Lord Luo Sui.

By that time, the entire universe will fall under the consciousness of the demon Lord Luo Sui, and no one can resist it.

At that time, what should they do with Nan Lian, An Ge, Nana and Lulu, as well as Uncle Cannon and the companions who once lived with each other on earth?

At the thought of this, Wang Yan was distraught.

He could never lose, but he couldn't figure out what method should be used to deal with the devil Luo Luo.

Is it necessary to devour all the heart of the universe to achieve the supreme state of the supreme universe, in order to defeat the demon Lord Luo Sui?

You must know that the devil Lord Luo Sui is only one line away from the supreme realm of the supreme universe. With the power of his divine realm, how could it be his opponent?

But when Lu Zu's residual thoughts dissipated, Qian Dingwan told him not to try to devour the heart of the universe.

Why can't we devour the heart of the universe? Wang Yan was puzzled.

Without swallowing the heart of the universe, how should he fight the demon Lord Luo Su? What should he do?

"Jin Jie! Boy, dare to be distracted by fighting this deity? Really looking for death!"

Once the heart is messed up in the battle, the movement will naturally be a little slower. At the moment when Wang Yan suffered a mistake due to the disorder of the mind, the devil Lord Luo Su suddenly sneered and raised his hands, hurrying, and the move was soon!

"Uh! Uh! Uh!"

Three sounds of breaking through the sky passed through the sky, and three dark purple fingers pointed through the space, killing Wang Yan.

These three fingers imply the rule of annihilation in the infinite amount of magic skills. If they are hit, Wang Yan's powerful body of gods and demons will be destroyed.

Facing such a swift and malicious attack, Wang Yan's nerves were tense at once.

At the extremely dangerous moment, Wang Yan quickly backed up and retreated, while the Warhammer lay on his back, blocking his chest.

Just listen to "Bang Bang Bang", three bursts of sound.

Wang Yan successfully blocked these three deadly fingers with his own natal warhammer.

However, the surface of the indestructible pheasant warhammer actually left three clearly visible wear marks, which shows how terrible the devil Lord Luo Sui's innumerable magic skills are.

Here Wang Yan had just fought three hammers with his lifehammer, and his shocked arms were numb on the spot, his blood tumbling, and he was about to fall. But just when the new force had just gone and the old force was alive, the real killing trick of the demon Lord Luo Sui had already come to Wang Yan.

"Ji Jie, let's die boy!"

When the devil Lord Luo Sui disrupted Wang Yan's actions with the help of three fingers, an instant flew to Wang Yan, raised his heavy sword high, and cleaved towards Wang Yan.

The heavy murderous intention instantly flooded into every pore and every cell of Wang Yan.

...

The Domestic Hero - Chapter 1868

...

"boom!"

The sound of Ju Jian's fierce fall from high altitude rushed into Wang Yan's eardrum.

Wang Yan's pupils are expanding rapidly, and the time seems to be momentarily still.

Wang Yan's heart seemed to miss a beat when he looked at Luo Shou, the devil, and the giant sword that he strongly cleaved in his hand.

Wuya Ange, Huangfu Nanlian, Nana and Lulu, Uncle Cannon, Aunt Scud, Bursting Bear ... Many important lovers and companions, who once got along with him, began to flash quickly in his mind.

"If I die, what should they ... do?"

At the moment, this is the only thought that has emerged in Wang Yan's heart.

He became a superpower, joined the National African Affairs Bureau, and walked all the way to today, reaching his current strength of mind. He has long been ignoring life and death, and he can even die.

But if he is dead, what should they do?

His lover, his companion, those people he cherished and that beautiful home, what should they do?

If he was beheaded by the demon Lord Luo Sui and successfully took away the heart of the universe, then this universe and his cherished companions are all over!

"Huh!"

A flame rose.

Seemingly sensing the strong obsession in the master's heart, the pheasant warhammer in Wang Yan's hand suddenly ignited a fierce fire.

This is the young fire pheasant weapon spirit in the Warhammer, with all its power, the fire of life ignited!

The Fire Pheasant Tool Spirit understands the unwillingness and obsession of master Wang Yan, and it also does not know how to defeat the demon Lord Luo Sui, but at this moment the only thing it can do, the only thing it wants to do, is save its master Wang Yan!

Wang Yan, who has stepped into a desperate situation, has already retreated. He can't avoid it. When he feels the high temperature and fierceness of the childish warhammer in his hand, he can only raise the warhammer in his hand and block the fierce sword that is facing him.

"boom!"

Loud noises thundered throughout the core space.

Luo Sui, the demon master who is already in a violent state, is extremely fierce. This sword is vigorously sinking, as if to smash the galaxy. The childish warhammer blocked in front of Wang Yan was split into pieces.

In the Warhammer, under the violent power of the Demon Lord, the firearm spirits burst into flames.

However, it was also because of the sacrifice of the Savior with the fire child weapon spirit, that the giant sword that was going to split against Wang Yan's neck had shifted, and a sword to the left split Wang Yan's left arm.

At the same time, the heavy and fierce shock wave rushed to Wang Yan's chest, and Wang Yan immediately spit out a blood, and the whole person fell backwards.

"Oh? Actually blocked this sword?"

With a sword slashed, the demon Lord Luo Sui looked at Wang Yan who was flying out seriously wounded, and he laughed with great interest, "It's not bad, it's worthy of Zhu Rong's descendants, it's really interesting."

Wang Yan was able to take his sword, which also surprised the demon Lord Luo Sui.

You have to know that in order to solve the annoying Wang Yan as soon as possible, the devil Lord Luo Sui has seized this opportunity very precisely. The three fingers are just a feint, and the last sword is his full blow.

This great sword is his immortal artifact made by fusion of seven star cores. He has accompanied him as far back as the ancient times and has been suffering from the chaos of chaos.

At this moment he was attacked with all his strength, even if it was a solid planet in front of him, he would be shattered in one fell swoop under this great force.

However, this Wang Yan, with just an artifact warhammer that had just been born, just blocked the blow, which was somewhat beyond his expectations.

However, the more Wang Yan struggled, the more devilish Luo Luo was more interested.

"Boy, you have exceeded the expectations of the deity again and again, but the more so, the more fun the deity has."

The demon Lord Luo Sui showed a cruel look on his face and sneered in the corner of his mouth. "Oh, the deity said earlier that he would cut you down, but I almost forgot."

"But don't worry, the deity will cut off your limbs with one sword, and then seal your soul in the body and bring it back to the earth alive!"

I do n't know if it was contaminated by the chaotic aura full of impurities, or the spirit of the devil Lord Luo Sui.

At this time, the demon Lord Luo Sui's eyes were bloodthirsty, his voice was cruel, and he held the thick sword, standing in the void, and walked towards Wang Yan step by step.

"The deity will make you cherish the people, one by one tragic death in front of you, the deity will let you suffer the most tragic torture in this world!"

From the beginning of the fire Lord Zhu Rong, and all kinds of confrontations between Wang Yan and him, they began to appear quickly in his heart, which made him concentrate all his failures and resentments on Wang Yan, and his hatred of Wang Yan in front of him also began. It became more intense.

It seems that only by winning the heart of the universe and then torturing Wang Yan to death step by step, can the resentment accumulated in his heart be quelled to this day.

"If you can do it, just come here!"

Wang Yan stood up fiercely from under the heart of the universe. His whole body was full of blood and blood. Although his left arm was cut by a sword, the wound was more like being smashed with a stick. The terrible injury can be seen in bones.

As the so-called Great Sword has no front, the power of the devil Lord Luo Sui's heavy heavy sword built by the star core lies here. One can imagine how painful Wang Yan's left arm was, and how painful it was.

However, under Wang Yanqiang's demon rebirth technique, unless his body is destroyed, even if he pierces his heart, he can still recover with a powerful life factor.

It was just accompanied him all the way to today's fierce warhammer, which was brutally damaged, which undoubtedly caused him heartache. In addition, the fierce warhammer is a natal weapon that communicates with Wang Yan's soul. At this time, the natal weapon is destroyed, which also makes Wang Yan's soul hurt and almost faints.

But the strong hatred supported Wang Yan to stand on the spot and stay awake hard.

To know that the childish warhammer can be said to be a witness of his becoming a superpower.

From the moment he became an apprentice of Gun Uncle and joined the SAFE, this seemingly ordinary rough warhammer has accompanied him through the ups and downs and witnessed every growth he has made.

In the same way, the Fire Child Warhammer, and even the Fire Child Tool Spirit, have been continuously thriving under the testimony of Wang Yan and his own cultivation, and have become a qualified and powerful artifact today.

It is said that the soldier's closest partner is his weapon. This is the relationship between Huozhi Warhammer and Wang Yan.

The fierce warhammer and Wang Yan communicate with each other, and Wang Yan is easy to use as if he were his other arm.

But now the demon Lord Luo Sui shattered this hammer with a single blow and destroyed Wang Yan's partner.

Watching all this happen, Wang Yan's anger in his heart almost reached the zenith.

There is only one thought left in his heart now, that is to defeat Luo Sui by any means!

"Oh, boy, when you die, where do you have the courage to challenge your deity?"

The demon Lord Luo Sui walked in the sky, approaching step by step, his mouth slightly raised, his eyes full of cruelty and grim, "I hope you will be able to cry later!"

The star-core giant sword was slowly lifted by Luo Ai, and the strong intention of Xiao Xiao was instantly filled in every inch of the surrounding corners. In this kind of space all over Luo Ai's divine power, any creature would be unable to escape.

Looking at Luo Sui's violent, wild expression, Wang Yan showed a bitter sneer instead: "Let's just wait and see!"

After all, Wang Yan turned and threw himself into the heart of the magnificent universe.

“Do not!”

The demon Lord Luo Su suddenly made a panic roar, and pounced on the heart of the universe.
“The heart of the universe belongs to the deity!”

Although he doesn't think that Wang Yan's realm can devour such great things as the heart of the universe, but if the heart of the universe that belongs to him is squandered a little essence by the lower boy Wang Yan, what a pity?

However, just when he was close to the heart of the universe, the heart of the universe suddenly changed.

The vast and majestic universe-like heart suddenly began to contract rapidly towards the center.

At the same time, an invisible force, like an inflexible wall, instantly flicked the demon Lord Luo Su.

“No! How could there be such a change?”

The demon Lord Luo Sue was suddenly shocked and immediately realized that the situation had exceeded his expectations. Now he hurried to fly again, lifted the giant sword and cleaved to the layer of invisible force outside the heart of the universe, trying to split this barrier by force.

But the result of this sword split was again beyond his expectations.

“boom!”

The sound of the sky shook the sky. This weapon, even Wang Yan's artifact, could hit the shattered star-core giant sword. It was strenuously cut by the devil Lord Luo Sui on the invisible force field.
Get.

Not only did all the forces dissipate, but the rebound resilience that followed, reinvigorated the demon Lord Luo Su.

The demon Lord Luo Sui panicked at once.

He opened his eyes wide and stared at the ever-shrinking heart of the universe. His heart was shocked: “No, impossible, Yu, the heart of the universe has been activated? How could that kid do it!”

Panicked, the demon Lord Luo Su completely panicked.

From the ancient times, he has been thinking about the heart of the universe from now on, and it seems that he will get it. If it is at this juncture, Wang Yan, the **** boy, will get it first, then it will be worth it?

Whether it was absorbed by Wang Yan or spoiled by Wang Yan, but just watching the heart of the universe leave him, that taste is even more uncomfortable than killing him!

“No! The deity doesn't believe it! You can't control the heart of the great universe!”

Emotional excitement, coupled with the contamination of his own soul with impurities, so that the demon Luo Luo at the moment, almost instantaneously killed his eyes, as if crazy, and launched a crazy attack on the heart of the universe.

However, could the great cosmic force contained in the heart of the universe be forcibly broken by Lord Luo Sui by force alone?

Regardless of how the devil Lord Luo Sui hacked and attacked, the invisible force field that enveloped the heart of the universe remained unmoved, while the heart of the universe continued to shrink toward the center.

The central point of this contraction is Wang Yan who rushed into it.

What is the treasure of the heart of the universe? Since the formation of the universe, there is only one. It is the core of the universe, its magnificence and magnificence, everything in the world can not be compared. Especially the immense power it contains, ordinary creatures can't even touch it at all.

The reason why Wang Yan is able to spur the heart of the universe right now is because the pure Yang Lu Zu exhausted his hard work and summed it up the correct way.

It was only when he entered the heart of the universe that he really understood Lu Zu's true intentions.

The moment you reach the heart of the universe, in addition to facing the endless chaotic aura, after condensing and condensing to the extreme, the huge pressure generated, but also endure the seemingly endless spiritual shock.

It is a torrent of consciousness, just like the consciousness of the entire universe, one grass and one tree, one race, one planet, and even countless planets, countless galaxies, and the chaotic cyclones in the periphery, the countless wraiths The sounds are all mixed into a surging torrent of consciousness, toward Wang Yan who has just entered the heart of the universe and started the heart of the universe.

Wang Yan was almost frightened by this sudden torrent of consciousness, and he quickly used all his strength to protect his soul consciousness.

Otherwise, Wang Yan's consciousness will be completely disintegrated in just a moment, and then merged into the torrent of consciousness, becoming a negligible part of it.

This phenomenon of torrent of consciousness is actually very simple.

When you reach Wang Yan, you will now understand that the soul is the carrier of consciousness, and consciousness is the essence of life.

There is no doubt that the heart of the universe that Wang Yan is now entering is the concentrated expression of the consciousness of the universe!

In other words, if the entire universe is compared to a higher life, then the heart of the universe is the deity of this life! And Wang Yan is now facing the huge torrent of countless consciousness, it is the powerful consciousness of the entire universe!

Thinking like this, Wang Yan's heart was half cold.

“No wonder Senior Lu Zu repeatedly warned not to try to devour the heart of the universe before the dissipation of consciousness, only to borrow from it. It turns out that Senior Lu Zu has long understood how great the existence of the heart of the universe is.”

Wang Yan thought secretly in his heart, and also secretly complained.

Faced with the violent offensive of the demon Lord Luo Sui, he was unable to resist and borrowed from the heart of the universe. However, he was unable to help him resist the devil.

Therefore, it is helpless to invest in the heart of the universe and try to devour the heart of the universe.

But what kind of creatures such as the Heart of the Universe can easily swallow?

This is like engulfing an unfamiliar deity. If you want to absorb all the power in the deity, you must erase the consciousness contained in the deity, and let your consciousness become the master of the deity, so that you can mobilize and absorb the deity. Full strength.

At present, if you want to absorb the power of the universe's heart, you must wipe out or swallow the vast universe consciousness in the universe's heart.

Otherwise, those who try to devour and occupy the heart of the universe will eventually be occupied by the heart of the universe.

This is also the main reason for the chaotic alien spirit occupying Lu Zu's body, who only dared to absorb the chaotic power radiated by the heart of the universe as his source of strength and never dared to fight the heart of the universe.

Otherwise, as the imperfect lifelike body like chaotic alien spirit, as long as you try to approach or touch the inside of the heart of the universe, the immense cosmic consciousness contained can almost be determined. With a moment of effort, the consciousness of the chaotic alien spirit will be Easily crushed and absorbed, no flakes.

In addition to this, Wang Yan is now facing not only the question of whether consciousness will be swallowed.

In order to resist the torrent of cosmic consciousness, consciousness is shrinking extremely. But without the manipulation of consciousness, Wang Yan's body floated in the heart of the universe. In such an environment where the chaotic spirit is concentrated to the extreme and the pressure is also extreme, his body seems to be decomposed and absorbed by the heart of the universe.

This kind of feeling that the body is about to be melted and decomposed is almost a hundred times more painful than when he was promoted to the **** realm, when he used chaotic truth to refine his own life factor!

It was as if there was a huge road roller that was rolling Wang Yan's body back and forth for thousands of times. Every inch of bones, every inch of meridians, every inch of flesh and skin have been severely damaged.

Even if Wang Yan is doing his best to separate a trace of consciousness to mobilize the function of magic rebirth, but in the environment where the chaotic aura density of the heart of the universe reaches the extreme, it does not play any role at all.

On the contrary, as a living human being, Wang Yan actually looked at his body while he was alive, and began to gradually decompose.

This is like being a living person, but Wang Yan was sent to the corpse furnace, watching him burned to death.

Once Wang Yan's body is destroyed, his soul will be independent. Once the soul of the **** is independent, his consciousness must be destroyed in the heart of the universe.

This kind of torture is painful. Not only is the flesh on the verge of reaching its limit, his soul is also under unprecedented pressure.

If it weren't for thinking of the distant earth, and his cherished lover, waiting for his return, I'm afraid he could not bear such painful suffering.

“boom!”

“Boom!”

Wang Yan's spirit has been strained to the limit.

But just at this juncture, outside the heart of the universe, the demon master Luo Sui's crazy bombardment once again greatly stimulated his soul.

Now not only the heart of the universe wants to digest him, but the demon Lord Luo Sui who is still outside also wants his life.

Since all are dead, what else is Wang Yan afraid of?

With a low growl that reached the soul, Wang Yan completely let go of his shackles, and in turn absorbed the past into the heart of the universe.

Suddenly, the incomparable torrent of consciousness and the endless power of chaos immediately rushed like a river, rushing into Wang Yan's soul and body.

...

The Domestic Hero - Chapter 1869

...

“Boy, the deity wants you to die!”

“The heart of the universe belongs to the deity!”

“Boom! Bang!”

“Break open, break this deity!”

Outside the ever-shrinking heart of the universe, the devil Lord Luo Shui brandished his star-core giant sword, and continued to attack the heart of the universe in an attempt to forcefully break the invisible position of the outer layer of the heart of the universe.

The horrific offensive, like a violent storm, made this core space tremble and roar, and almost collapsed.

However, the intangible position emanating from the heart of the universe contains the power of reincarnation overwhelming, and it is indestructible, even as strong as the demon Lord Luo Sui, there is no way for a while.

At this moment, a thunder that shook time and space came suddenly from the top of the demon Lord Luo Su.

“Boom!”

The core space formed around the heart of the universe was suddenly covered with dense and terrifying clouds.

The demon Lord Luo Sui’s eyes widened, and his heart suddenly gurgled.

“This, this is ... Supreme Robbery ?!”

Luo Sui looked at the cloud that was getting thicker and thicker, and the whole person was terrified.

He had never seen such a large and powerful robbery. At present, the entire core space is filled with robbery clouds, and the nine-color robbery between the robbery clouds is suddenly bright and dark. Seeing the situation is like a billion dragons, hiding in the middle, wandering around. The terrifying power emanating from this, even he, the Devil Lord, felt a strong sense of threat.

If this is not Supreme Robbery, what is it?

Thunder Tribulation is precisely the law of the universe and heaven and earth. It senses that someone and something are going against the sky, violating the laws of the universe, so it comes out of exclusion and disaster.

Just like healthy cells in the human body, they begin to actively repel and destroy the abnormal and cancerous cells in the body. The universe can also be compared to a life, and every soul in the universe is like a cell.

Once someone successfully crosses the robbery, there is no doubt that he will successfully escape the shackles of the universe’s operating rules, as if a certain cell in the human body has been transformed and successfully transformed into cancer cells that the immune system cannot kill.

Of course, the scale of such a robbery is large and small, but the cloud-robbing effect caused by Wang Yan is unprecedented, as if the entire universe is repelling him.

If he succeeds, then he will be surpassing the existence of the rules of the entire universe, the true universe supreme, then what?

At the thought of this, the demon Lord Luo Sui was half cold.

I do n't know how long I have n't felt the demon Lord Luo Su, who is afraid of something. At this moment, I finally feel what is fear.

Supreme Thunder Tribulation, but the strongest disaster after the reincarnation of the universe, its power is enough to destroy everything in the universe!

In addition to the supreme ruler who transcended the rules of the universe, the devil Lord Luo Sui could not think of anyone else in this world who could resist this kind of thundering destruction that destroyed everything.

really.

The robbery cloud was accumulating, and with the terrifying roar of the trembling world, the entire core space exploded.

The outer chaotic cyclone, chaotic aura full of impurities, then rushed into the core space. The pure chaotic truth elements in the core space are also mixed with the polluted chaotic aura.

In the blink of an eye, there is chaos around the world, there is no longer the distinction between purity and filth, only the tumbling cloud robbery continues to spread in the void.

The demon Lord Luo Shou looked around, and the area of millions of kilometers around him was almost all covered by the dark black suppressed clouds. And these robbery clouds continue to spread, as if there is a pair of devastating, swallowing the horror stance of the universe.

“Shit, **** ...”

The demon Lord Luo Sui trembles in his heart, sweating wildly.

At this time, countless thunder and lightning flashes in the thick robbery, flashing and surging, just like hundreds of millions of mad dragons, roaring and tumbling.

Such a terrifying power, even the demon Lord Luo Su felt a scalp tingling. He can even clearly perceive that the mine-robbery full of annihilation laws has condensed to a terrible level.

He is so close now, and if he is a little careless, he is even the one who was destroyed together.

And the thing that made him feel better than death was that Wang Yan 's kid was unsuccessful. If he really let the kid successfully absorb the heart of the universe, then his lifelong pursuit and everything he has worked so **** so far are not All turned into bubbles?

Strong unwillingness and resentment almost tortured the demon Lord Luo Su.

Just before he had time to act, thousands of robberies finally fell shocked.

“Click!”

“Boom!”

Thousands of thunder dragons, with their violent to extreme annihilation, blasted all over the heart of the universe.

Strong dazzling light, shining the world. This universe and space are roaring and trembling.

The heart of the universe bombarded by the Supreme Thunder Tribulation shrank violently again. At this moment, the original grand and magnificent heart of the universe shrank by a thousand times?

At this moment, the heart of the universe is only a few dozen meters in diameter, and even the figure of Wang Yan hanging in it can be clearly seen.

“Fuck, shit!”

The devil Lord Luo Sui blew his eyes and grieved, “Then, the kid is really absorbing the heart of the universe!”

And at the moment, Wang Yan is not just absorbing the heart of the universe, Supreme Thunder Tribulation seems to have accelerated this process of operation.

If Wang Yan fully absorbed the heart of the universe, whether he could successfully survive the Supreme Thunder Tribulation, if Luo Luo stayed here, he would definitely die.

Hate, like the torrential tide, slammed in the heart of the demon Lord Luo Sui.

He was defeated. As the invincible **** of heaven, he possessed unparalleled absolute force in the universe, and even everything in this world was already in his stratagem.

But it was at this last moment, but because of a lower-level human kid, he fell short of success!

Now he can't touch the heart of the universe, and staying here will only be bombarded by the Supreme Thunder Tribulation. Instead of avoiding this crisis, he might as well avoid the crisis and wait for the opportunity to make a comeback.

“Boy, this will not be the case! You dare to absorb the heart of the universe, and in the end there is only one way to die!”

The demon Lord Luo Sui glared fiercely, the heart of the universe wrapped in Supreme Thunder Tribulation and the internal Wang Yan, then turned around and fled to the outer universe.

Layers of space, penetrated by the demon Lord Luo Sui, the speed is so fast that even the Supreme Thunder Tribulation falling around can not be compared with it.

Supreme Thunder Tribulation, no creature in the universe can resist it. He Luo Sui will not be stupid enough to resist Thunder Tribulation by himself. And in his eyes, Wang Yan couldn't survive the robbery.

How can it be so easy to control the consciousness of the universe and become the supreme master of the entire universe?

Don't look at Wang Yan's Supreme Thunder Tribulation now. In addition, can the consciousness of the universe be controlled by anyone? Even his demon Lord Luo Sui, who got the heart of the universe, could not absorb it all at once.

Even if Wang Yan successfully relies on the heart of the universe to survive the robbery, the magnificent consciousness and endless power of the heart of the universe can also boost Wang Yan's life.

At that time, he just had to wait for the heart of the universe to reunite and come back to take it away.

Just how long this process takes, it is difficult to estimate.

At the thought of waiting for a long time, Luo Su's heart was filled with hatred: "Don't blame that **** Wang Yan! You dare to corrupt the deity's good deeds, the deity will slaughter humanity and destroy the entire galaxy!"

Demon Lord Luo Sui's breath of anger was nowhere to be seen. Instead, he thought that the earth and the Milky Way galaxy had not yet been destroyed. So he secretly succumbed, and when he returned to the Devil's army the first thing, he slaughtered humanity first. Destroy the entire galaxy again!

...

At the same time as the demon Lord Luo Sui strives to stay away from the heart of the universe, Wang Yan's promotion has reached a stage of intense heat.

At this time, the range of the cloud of Supreme Thunder Tribulation is more than millions of kilometers? The robbery cloud is like a vast galaxy, completely covering the whole chaotic cyclone.

At this moment, a series of golden thunders filled with chaotic power and full of annihilation began to flow like a storm, pouring wildly on Wang Yan.

That's right, it was Wang Yan.

At this time, the heart of the universe has shrunk to the extreme, leaving only the last thin layer covering Wang Yan's body.

This layer is the last true element left in the heart of the universe. It seems to be thin and light, but Wan Qing struck thunder and hit it, always standing still.

If you observe carefully, you can find that all the lightning strikes did not actually cause much damage to this layer of truth. Instead, they just flowed into the sea like mud, and they were completely absorbed by this layer of truth.

This is also an important reason why Wang Yan cannot stand up in such terrible disasters.

At present, Wang Yan, which is gradually merging with the heart of the universe, is like an invisible black hole. Any energy and matter of any nature will be absorbed as long as he approaches him.

Even the chaotic cyclones formed around the heart of the universe began to converge to Wang Yan in a certain pattern.

How magnificent are these sights? I'm afraid even the demon Lord Luo Sui will be amazed.

In this way, Supreme Thunder Tribulation lasted for decades in the void of this universe.

Until decades later, Wang Yan, who had fully incorporated the heart of the universe into his body, suddenly opened his eyes.

All the looting clouds, all the thunders, and all the chaotic cyclones around them disappeared in an instant.

The entire universe became clear, all things no longer existed, and there was only a darkness of nothingness spreading in this space.

Wang Yan, who exudes a faint golden light, is the only light in this deep darkness.

There was no sound in the entire universe. Wang Yan, who was suspended in the darkness, did not make any noise.

He looked like he had just entered the heart of the universe. His clothes were damaged, his face was cold, and his hair had grown a lot, so that he was scattered randomly on his face and shoulders.

If he looks at clothing and appearance, he does look very embarrassed, but under the clothing, his skin texture is completely renewed, looming with immense and mighty power, just like a galaxy universe, which has emerged in his body. .

Only under such a majestic appearance, his eyes didn't have a look.

His pupils showed a touch of pure gold, but his eyes were always staring straight ahead, and the whole person's mental state showed an unspeakable strangeness.

In this way, Wang Yan stood in place for a long time, a long time.

Suddenly, he seemed to remember something, and raised his right arm at once, and he made a sudden move to the endless void.

I saw the endless space of the universe, and suddenly the rubber band contracted toward him, and he quickly gathered it.

...

"Huh, huh ... boy, you would rather not have a life, but also destroy the heart of the universe of the deity, remember this deity! This deity will let the entire galaxy be buried with you!"

Hundreds of thousands of light-years away from the heart of the universe, the embarrassed demon Luo Luo is landing on a rocky planet, breathing heavily.

In order to save life and act cautiously, the demon Lord Luo Sui has been flying in the universe for decades. He reached this distant rocky galaxy all the way through space shuttle and other shuttles.

In his view, Wang Yan will definitely die, it is impossible to devour the heart of the universe. There is a great chance that Wang Yan will be swallowed by the universe's heart in the reverse direction,

and even with the universe's heart in the Supreme Thunder Tribulation, he will explode and destroy himself.

Therefore, he was afraid that the heart of the universe would be forcibly detonated in the Supreme Thunder Tribulation.

No one knows that once the heart of the universe is detonated, it will cause the legendary samsara explosion. If it were really the Big Bang, then everything in the universe would return to its origin.

Luo Su fears death to the extreme, he can wait for the heart of the universe to be reborn in the future, but he never wants to lose his life.

So, he flew for a few decades in this breath, and only now stopped when he could not feel the rhythm of Supreme Thunder Tribulation.

“Unfortunately, such great things as the heart of the universe, I don't know it will be the year of the monkey in the next rebirth.”

The demon Lord Luo Sui looked up and sighed. At this time, with the massive consumption of the power of chaos, the negative pollution in his body was expelled a lot, and his consciousness finally returned to Qingming at this moment.

He stood on a desolate planet full of rocks and thought secretly. This time he was badly damaged by Wang Yan, it was really a heavy loss.

Fortunately, thanks to Wang Yan's blessing, the central point of the universe has been found by him. At that time, as long as the heart of the universe reunites, he can still become the master of the great and immortal universe!

“Huh, before this, the deity will regroup the army and sweep the entire galaxy!”

Now that Wang Yan is dead, there is no one else in this world who can stop him.

At this point in thought, the hatred and ambition in Luo Su's heart raged again.

But while he was slightly adjusting interest rates, and was about to return to the galaxy, a terrible change suddenly appeared around him.

He discovered that not only the rocky planet where he is now, but the entire galaxy where he is, as if suddenly captured by a certain force instantaneously, retreating in the direction of when he came.

Such a terrible phenomenon suddenly made his spirit tense. He remembered to leave the place by jumping through the space, but found that the space under him had been completely locked, and he had nowhere to go!

“Empty, space is distorted? No, this is not space distortion, this is a big move of the universe!”

When the demon Lord Luo Sui realized this, a strong fear rushed into his heart.

Space distortion naturally refers to the influence of law, interference affects a certain range of space, as if it is on a calm water surface, stirring up a few waves.

But where is space distortion so simple right now? Even if Luo Shou shot it himself, he couldn't make the entire galaxy's space appear distorted!

This is clearly the movement of a plane, and it is a large movement within the scope of the universe!

If we compare the universe to a calm lake, then now this lake is heading towards a point and overturned.

This point is where the universe moves!

“Who, who can have such grand subversion of the universe? Difficult, is it ...”

The demon Lord Luo Su suddenly thought of a man, his already dignified face suddenly turned black to purple.

Is it difficult?

That kid has been promoted to the universe supreme?

...

The Domestic Hero - Chapter 1870

...

“Wow!”

With an unexpected roar, the demon Lord Luo Sui and his galaxy flew to the front of a young man.

The demon Lord Luo Sui looked around, and his heart suddenly gurgled.

The young man in front of him is the descendant of the fire master who he had almost beheaded, Wang Yan!

It's just that Wang Yan in front of him is completely different from when he was dying a few decades ago. At this time, he stood with his hands down, exuding a faint golden aura, the power under his skin surged, and his eyes were as broad and deep as the universe, full of infinite prestige.

Even the devil Lord Luo Sui, seeing this kind of breath, this mighty Wang Yan, couldn't help but have a urge to worship, it was like seeing the vast universe itself!

“You, are you ... Wang Yan?”

The devil Lord Luo Sui asked cautiously and cautiously, and now he was staring coldly at Wang Yan with no joy or sorrow, and his scalp began to tingle.

However, Wang Yan, who was asked by him, did not answer anything.

Instead, he slowly raised an arm, and suddenly a rough and domineering metal warhammer appeared in his palm out of thin air.

As the Warhammer fully appeared, a villain of flames suddenly emerged from the Warhammer, and when Wang Yan was beside him, the villain of flame quickly rushed to his hand, so that he was intimate.

Undoubtedly, this warhammer and its flame weapon spirit are the warhammer pheasants that were crushed by the demon Lord Luo Su!

Seeing this scene, the devil Lord Luo Sui was completely cool, and his mouth trembled and murmured: "Reverse, reverse life and death, create things out of thin air?"

As the demon Lord Luo Sui said, Wang Yan's mortal weapon Fire Pheasant Warhammer was indeed shattered.

But at the moment when Wang Yan became the supreme ruler, everything, whether it was a crushed warhammer, or a pheasant spirit in a dying state, was all turned into a source of chaos, and Wang Yan was absorbed into the body by the heart of the universe, In the formed small universe.

It's just that Wang Yan took it out and resumed reorganization.

Of course, all of this is indeed very light for Wang Yan, but for the demon Lord Luo Sui, it is a far-reaching move far beyond the scope of the law.

"To the Supreme Majesty, the despised and despised Luo Sui, some offended before, and hoped that His Majesty did not remember the villain, Duo Haihan, Duo Haihan."

Demon Lord Luo Sui is not a fool anymore, knowing that Wang Yan in front of him has been promoted to Supreme, he kneeled down on one knee and surrendered to beg for mercy. For you, always accept your rule. "

Although there are millions of unhappy in the Lord Luo Sui, but his life is at stake, he can only admit a counsel.

Huh, one day, the deity will find your weakness, and will definitely replace you and destroy it completely!

The devil Lord Luo Shu bowed his head, the surface was obedient, but his heart was secretly brewing. He finally reached this position. How could he be willing to be restrained by a junior who grabbed the heart of his universe?

It's just a stopgap measure now.

After a long wait, there is still no response.

The demon Lord Luo Sui was suspicious in his heart, raised his head, and saw a burning fire hammer, which hit him in a blink of an eye.

"Boom!"

The demon Lord Luo Sui was too late to react, and was hit by the pheasant's hammer in the chest. Luo Zuo's breastplate immediately sagged inwards. The whole person vomited a bit of blood, flew upside down, and fell heavily on the rocky planet behind.

“To your Majesty, what do you mean?”

Luo Sui climbed hard from the rocky planet and looked at Wang Yan with puzzlement.

At this moment, Wang Yan waved one arm at a time, almost in an instant, the invisible power he slashed out was terrible to be unstoppable, even if he cut off Luo Shuo’s limbs.

He, want to cut the devil Luo Luo into adulthood!

The pure murderous intention of dignity completely enveloped Luo Sui immediately.

Luo Sui lost his balance and fell heavily on the rocky ground. His heart was instantly filled with despair.

But when Luo Sui looked at Wang Yan again, he was already miserable, and he suddenly laughed dumbly: “Hahaha, understand, deity understands! You are not Wang Yan, the **** is dead, he is dead. ! “

The demon Lord Luo Sui smiled and smiled, his expression dimmed: “It’s really unwilling ...”

“The person standing in front of the deity is actually just a obsession, a body that is boarded by the heart of the universe!”

“Oh, ridiculous, it’s ridiculous! Thinking of my divine lord, today I will die because of the obsession left by a dead man ...”

“But it doesn’t matter, kid! Your obsession will never stop there. The people you cherish, the earth you protect with your life, will all die because of the obsession you left behind, and the entire universe will also be due to your obsession Thought and destroy! “

The devil Lord Luo Su sighed in the sky and smiled miserably.

Soon, in his smirk, Wang Yan shot again.

Luo Su’s divine body, divine soul, every life factor in the body, and even the rocky planet beneath him, were completely destroyed and erased in a huge explosion, leaving no trace of traces.

Once incapable of living forever, I have been trying to become the master of the heavenly demon, so it fell completely under the power of the universe.

The universe in front of me was silent again.

At this time, Wang Yan, who was hanging in the void, was like a robot with no action instructions, and it stood still in the cold place without moving.

If according to the demon Lord Luo Sui said earlier, Wang Yan today is not really Wang Yan.

The people who are currently hanging in the void are nothing but Wang Yan’s unfinished obsessions left in the world.

According to the demon Lord Luo Sui, Wang Yan forced to swallow the heart of the universe.

Although he didn't know exactly what method Wang Yan used, the heart of the universe was absorbed by him into the body a little bit.

Afterwards, Wang Yan's body, under the influence of the external forces such as Supreme Thunder Tribulation, eventually formed a delicate balance with the cosmic heart inside the body, so that the cosmic heart just merged into Wang Yan's body.

However, as the fundamental consciousness of life, Wang Yan was completely destroyed and destroyed under the impact of the vast consciousness of the entire universe, leaving only a strong obsession, driving the body that did not die, and exercising the unfulfilled wish before his lifetime. .

This also directly caused what just happened.

Now Wang Yan 's body, with the infinite power of the universe 's heart, raises his hand and throws his feet into the room, the entire universe must be driven by it.

Once his obsession is completed one by one, or is not completed for some reason, Wang Yan, who has lost his goal and has no independent consciousness, is likely to destroy the entire earth, or even initiate the Great Reincarnation of the universe and destroy all things in the world. Restart the entire universe!

Devil Lord Luo Sui's expected ending is exactly the same.

In fact, the situation at that time was roughly the same.

Wang Yan was trapped in the heart of the universe at that time, watching him be about to be swallowed up and digested by the power of the universe, that is, the so-called force of reincarnation in Luo Sui 's mouth, but in desperation, he had to let go of his body and mind and forcefully swallow the past to the heart of the universe .

In accordance with the operation method taught by Lu Zu, he temporarily improved some of his own, and then began to absorb this so-called great cosmic force in a way beyond the limit.

Fortunately, the operation method taught by Lu Zu was correct. Wang Yan did mobilize the power of the heart of the universe and continuously melted his power into himself.

It was just at this time that the outside world thundered Supreme Thunder Tribulation and bombarded Wang Yan's body constantly. At this time, the engulfing power of the universe's heart was greatly weakened under the sky. At the same time, after Wang Yan's body was smashed by the thunder, he also increased the operation of his magic rebirth technique, and will compete for power from the universe's heart. , Constantly patching into their own life factors.

So while repairing and repairing, over time, Wang Yan's body and the heart of the universe have reached a delicate balance with the extreme thunder of the outside world.

Of course, this process of continuous destruction and continuous rebirth is extremely painful, and it has already exceeded the range that normal creatures can bear.

Even if it is replaced by the powerful and powerful demon Lord Luo Sui, I am afraid it will be completely collapsed and died because of this extreme pain that is difficult to speak.

But Wang Yan persevered, and because of his strong obsession, he persevered.

In addition to physical pain, Wang Yan's mental pressure is even greater.

The heart of the universe almost contains a torrent of consciousness from the entire universe. Under such a terrible torrent of consciousness, no creature's soul consciousness can bear the impact of this intensity.

You know, this is the cosmic consciousness that dare Lord Luo Sui dare not touch. Otherwise, even the powerful consciousness of Demon Lord Luo Shou will be scattered by this torrent of consciousness from the entire universe, thus completely disappearing in the universe consciousness In the torrent.

Naturally, Wang Yan's consciousness cannot be supported, but deep in his heart, strong desire and strong obsession support him to complete this series of operations.

Although his consciousness was soon submerged in the torrent of cosmic consciousness, his strong obsession remained.

These strong obsessions supported him to complete the operation of various functions of the body, and finally successfully integrated the heart of the universe, survived the Supreme Thunder Tribulation, and became the first real universe supreme in history.

This has to be said to be an unprecedented feat.

Only the consciousness representing his soul, no one can determine whether it still exists.

As the demon Lord Luo Su said before his death, all of Wang Yan's actions now depend on strong obsession.

When these obsessions are exhausted, what kind of things will Wang Yan do? Will he restart the universe cycle and destroy the entire universe?

No one can be sure about this problem.

As time passed, Wang Yan remained motionless and stood still.

For a long time, his numb and indifferent eyes suddenly flashed a little bright.

At the same time, the corners of his mouth moved slightly, and an ambiguous word was whispered by him: "Go home."

It seemed that because of this idea, a mighty power that made the stars to kneel at his feet appeared again from his body.

So Wang Yan raised his footsteps and took a step forward. In an instant, the universe was empty, and a void tunnel was born.

Wang Yan stepped in and disappeared into the universe.
