The Domestic Hero - Chapter 551

Just a few minutes later, Zhou Zhiyi was like a deflated toad, lying on the ground, out of breath and out of breath.

“Wang Yan, you have done a good job.” The Bright Saint Girl cast an admiring look, “This kind of guy who cultivates the Demon Cultivation and uses the power of the devil should treat it like this.”

“You!” Zhou Zhiyi’s expression, shocked and frightened, “Wang Yan, you abandon my cultivation behavior? What’s wrong with my cultivation of magic skills? Why, that is my accumulation of decades of hard work.”

“Energy is the source of the universe. Modern science has already explained it clearly. There must be negative energy for positive energy. For positive matter, there must be antimatter.” Wang Yan said indifferently, “I never thought primitive Energy is evil, just like the old sect master of the Xuanzong Sect, the golden corpse old man, and the current sectarian corpse Taoist, they are all practicing the Nine Yin Xuanzong Dafa. But they never used their own power to do evil. Murder innocent people for their own benefit. “

“Judgment, what qualifications do you have to judge me?” Zhou Zhi said angrily, “I have surrendered, and even if I have to go to trial, I have to follow the procedure. Wang Yan, you are abusing lynching.”

“Is there?” Wang Yan shrugged innocently and said, “I am a member of the National African Affairs Bureau and have a high administrative level. Don’t say before that, I have been given the discretionary authority of Director Feng of the East China Branch. Even if Without entrustment, within my terms of reference, I also have the right to adapt to the situation, abolish or even execute as the target person for any wrongdoing. Teacher Zhou, if you have any opinion, although you can appeal to my superior, or in the Chinese Superpower Criminal Court Accuse me of violent law enforcement. “

“Pharaoh, like this kind of guy who trusts in the devil, just burn to death.” Saint Wright came with a warhammer and said with great murderousness, “We light the Holy See against such people, usually we try in public and then fight The fire was purified. If you can’t bear it, just let me handle it. “

“I don’t think there is much to say about this kind of demon. It just happens that my Holy Flame can play the following role.” The Bright Saint Maiden stepped forward, her jade hand waved, and a white flame burned in her hand, “And look Like his appearance, there may be people in the family who practice magic skills, and they should all be caught and purified. “

The flame was burning with white light, revealing a sacred light. Obviously, after a period of hard work, she has refined the Holy Flame in the “Holy Flame Glass Lamp” into her body and became the Seed of Holy Flame.

Zhou Zhi was trembling with heart and hurriedly said, “Wang Yan, don’t listen to them. We at the Zhou family practiced the magic. I don’t complain, I don’t sue you at the head office?”

“Uh ... two.” Wang Yan laughed twice. “We are in China. I naturally have to follow the rules of the National African Affairs Bureau. In theory, according to what he has done this time, at least It will also be sentenced to imprisonment of demon prison indefinitely. However, if this person is alive, there will be some other effects. For example, the North American Dark United sect ca n’t do this. For example, this retro seven The function of the star array. “

It ’s okay not to mention this inverse seven-pointed star array. At the same time, the Bright Maiden looked at the altar of the formation method, and his eyes were cold: “Wang Yan, thank you for hitting this case this time. An innocent woman will die, and your eastern China will also fall into endless darkness. This evil altar was destroyed as early as possible. “

With that, she folded her hands together, and a white ball of light condensed in the half-closed jade palm. The white ball is highly condensed and turns into a beam of light.

Zhou Zhiyi has a pain in his heart. This altar is the crystallization of his family for hundreds of years. It is a pity that everything is over and it will be destroyed once.

“and many more!”

Wang Yan stepped out in one step, and the next moment was already in front of the altar, with one hand, propped up a flame shield.

“Wang Yan be careful!” The bright Saint’s face was shocked, and it was too late to accept the move.

“boom!”

The light of judgment and the flame shield collided violently.

White light and red light splashed around, and under the strong impact of Wang Yan, his feet plowed two traces back on the ground, and his back lightly hit the bluestone altar.

However, the powerful beam disappeared without a trace.

“How is it possible !?” The Bright Lady was nervous first, and then after seeing that Wang Yan was safe and sound, Qiao Rong was shocked, “You, you! You blocked the light of my ruling so easily?”

Although the Bright Lady is an assistant, the light of adjudication is her great move, and its power is extraordinary. It is not uncommon for Wang Yan to escape by relying on his body, but it is so hurriedly carried forward that there is nothing, which is beyond her imagination.

“Lao Wang, do you still let people live?” Saint Wright cried aside. “We are training together with the old man ~ these days, and our strength has improved rapidly. I thought that it wouldn’t take long before. It ’s catching up with you. The result is good, you are improving faster than us. “

Nini, a bitter monk, is also staggering: “Lao Wang Lao Wang, what have you eaten recently? How can you progress so fast, I think you have reached A + level now?”

After a glance in the corner of Wang Yan’s eyes, he glanced at Shen Mengting secretly. Then he said with a serious face: “I didn’t eat anything, but when I was in Daxueshan a few days ago, I accidentally made a copy. Then I received the authentic inheritance of the immortal king, and this strength was rubbing up. . “

In fact, the benefits that Wang Yan has gained from the remains of the Buddhist Kingdom are not only the first layer of the gold body of the immortal Wang Liuli, but also the long-term benefits.

What really made him break through the shackles, and let his pure Yang Shengong break through to the sixth floor at once, was the bizarre double repair with Shen Mengting. Although in Wang Yan’s view, it was a yin and yang-xiu exchange on the level of consciousness.

But even so, will Wang Yan tell them?

In Lei Hong's eyes, there was a hint of war. Obviously his progress has also been great, looking for opportunities to compete with Wang Yan.

"I'm not alive, I'm not alive." Saint Wright wore holy armor and sat down on the ground wailing. "We are desperately working hard, and undergoing purgatory training. It's not as good as making a copy of your travel. , Everyone is a human being, how can the gap be so big? "

"It's done, you don't want to howl." Wang Yan patted the dust on his body and said with a smile, "It's mainly a matter of consciousness. Opportunities have to be captured by one's own sharp. Just like this inverse seven The Altar of the Astral Star Formation, in your old-fashioned thinking, this is a demon altar, and you need to destroy it when you see it. "

"Don't destroy, is there still a summoned demon?" Saint Wright was full of envy, jealousy and hatred for Wang Yan, and he scuttled angrily, "Calling them over to harm people, or colluding with each other?"

"Oh, so your consciousness is poor." Wang Yan smiled and said, "Although the abyss demon is a disaster, but if it is used well, it can bring us a lot of benefits. Think about it, if we start the inverse The Altar of the Seven Stars Array, summoned some abyssal demons to come over. When they came over, they found that they were caught in a large formation trap. Guess what mood they would be in? "

Everyone's eyes lit up, right. If the traps were set early here, those abyss demons that passed on would no longer be demons, but lambs to be slaughtered.

"The worst of the abyss demons is A-level, and there are many S-level lords." Wang Yan said with his chin narrowed, "The materials produced on them are of great value. If we kill a few more S How much wealth can the demon lord of the level exchange? What's more, now all major forces want to understand the race of the abyss demon. We grab a few more living creatures and can definitely sell for a high price. "

The friends were stunned.

Is this okay?

But it sounds very reasonable. Now some high-level leaders of large forces already know that the plane of the earth and the plane of the abyss world will get closer and closer in the next few years.

A fierce battle between the two sides is at hand.

It's just that most people's understanding of the abyss in the abyss is still in the ancient documents. But now, mankind has entered the age of science and technology, and has a deep understanding of genetic engineering.

If there are some abyss demons available for dissection, there are some living organisms available for biopsy testing. Then mankind's understanding of the abyss demons will reach an unprecedented level.

To put it bluntly, the abyss demon is just an alien creature. It's just that they evolved earlier and more powerful than humans in the vast universe.

"Wang Yan, your idea is good." Gao Mingyue put away the Yueyuejian and frowned, "It's just that the abyss demons are very cunning, how can we trick them over?"

"Don't we have Teacher Zhou?" Wang Yan smiled. "Mr. Zhou's family has already turned to the Abyss Demon family as early as he knows how to trust the Abyss Demon. What's more, I still have charm. Er is an authentic high-level succubus, led by her. Teacher Zhou assists from the side. I do n't believe that those abyss demons do n't hook. Brothers and sisters, let 's say that Wang Yan is good for not taking care of everyone. . "

"Okay, okay!" Saint Wright came to the spirit all at once, and nodded again and again, "Lao Wang Lao Wang, it's so pleasant to be your friend. I believe that every living creature of the abyss can sell for a high price. Moreover, we can also indirectly weaken the power of the abyss world. This sale is really cost-effective. "

"I reserve a few on behalf of the Holy See. I can rest assured that buying and selling is definitely not a small amount of money."

Everyone's eyes brightened.

They have begun to imagine that when a group of abyss demons teleported with pride, ready to take the lead to establish a stronghold and raging the earth.

But they found that they actually fell into a trap with back and forth.

One can imagine how tragic the abyss demons will be. Waiting for them will be the cold operating tables of the human world, as well as those inhumane autopsy operations!

The Domestic Hero - Chapter 552

“Cheers!”

That night, on a KTV, there were excited cheers to drink, and some ghostly crying wolf singing.

Lei Hong, who had drunk too much, was grabbing wheat with Saint Wright. You screamed, “I’m going forward boldly, sister.”

The little angel Babe is holding a wine bottle and playing craps with Wang Yan. Drinking and drinking, already flushed, shouting that heaven is good?

I don’t want to go back all my life.

Khan, if this sentence was heard by the boss of the **** of light, what kind of punishment might have come out.

“Squeak!” Little Ferret snuggled in Wang Yan’s arms, instead of Wang Yan’s idea, claws stretched out, not flexible.

Gao Mingyue rubbed his temples aside, his cheeks were slightly red, even if he drank some wine, he couldn’t bear the manic singing voice in the whole KTV.

This time, most of the people in the special training came.

It was Wuya Ange, but Nanlian did not come. They went on a mission and are said to be the leader of a certain FBG.

by the way. I heard that Xiao Tianshi, Zhang Weidao, had talked with his girlfriend since he talked about his girlfriend, and then he was arrested by his father. Now the father and son are in conflict.

As for the Danghu incident, it has been satisfactorily resolved. The headquarters sent someone to directly arrest Zhou Zhiyi and a group of related criminals.

Liu Lang was also arrested.

No way, who let him steal the corpse inside the SAFE to sacrifice the corpse of life and soul? Now, even if he has surrendered, he has to suffer for two years in the demon prison.

However, this guy like Lang Lang has been in demon prison for two years. Clean your mind, spend your time on cultivation, and do n't think about the moths all day long.

Shen Mengting was also taken away temporarily, but according to Wang Yan's estimation, the last time she was dead, the sin should be cancelled. Now that she has transformed into an undead family, according to the regulations of the National African Bureau, she should be given a chance.

To be an identity without violating national laws, it is enough to live in peace.

"Xiao Xue, you have fun playing with Babe." A short message on Wang Yan's phone rang, he arranged the red-eyed little ferret, and then went out.

The message was sent by Xiaowei, she is now with Gu Tingting.

Wang Yan arrived in the hotel room and saw Xiao Wei and the two of them.

"Tingting, are you all right?" Wang Yan greeted, "The psychological counselor is gone?"

"The psychological counselor said that I was okay. I signed the secrecy agreement and it was all right." Gu Tingting took a bottle of beer and took a sip. "Thank you, Wang Yan, this time I will thank you, otherwise I will be finished."

“Hehe.” Wang Yan also opened a bottle of beer and said with a smile, “We are all old classmates, thank you for every little thing? Besides, you also understand now, that is my scope of responsibility.”

Gu Tingting breathed a sigh of relief, his eyes full of surprise: “Actually, I did not expect that the world is so colorful. Some superpowers in the movie actually exist in this world. And I I did not expect that one of my old classmates would be this kind of strange person. “

“Confidentiality, pay attention to secrecy.” Wang Yan said with a smile, “You just think this thing never happened, work hard and live a good life in the future.”

“Ah, I still thought, if we can, can we have male and female friends everywhere.” Gu Tingting said with a hearty character, “It seems that you and I are different, purely people in two circles. . Seriously, the bigger the difference in circles, the harder it is to come together. “

Wang Yan was stunned, but after seeing Xiao Wei’s pale complexion, she immediately understood that Gu Tingting said this intentionally. She wanted Xiaowei to die completely and understand that Wang Yan was not the same person as her in the world.

Ugh!

Wang Yan also sighed deeply in his heart. In fact, he also knew very well that he and Xiaowei were impossible. Not because of status issues, but because the two are not on the same channel and neither can understand each other’s life and needs.

More importantly, Wang Yan’s work is very dangerous. Maybe one day, he died in a corner.

“Oh, I didn’t think of it, Tingting, you still have a coveted heart for me.” Wang Yan said with a smile, “But we can’t be a couple, it’s okay, we can also be friends. In short, there are difficulties in the future. Just tell me. “

Wang Yan’s words were also told to Xiaowei by taking advantage of the situation.

Sure enough, Xiaowei’s pale face, slightly more ruddy, lowered his head and said weakly: “Wang Yan, I didn’t have time to tell you last time. You, you must be happy.”

“You too, have a good life.” Wang Yan said with a smile.

“Okay, okay, Pharaoh, hurry and go back to accompany your friend.” Gu Tingting waved impatiently, “The two of us will go to bed early tonight, and rush back to the provincial capital early tomorrow morning, don’t you It ’s coming, so you do n’t want me to leave, and it ’s so sad that everyone is in a bad mood. After I ’m busy, I ’ll make an appointment with you to get together. ”

“Yes.” Wang Yan stood up and said with a smile, “The two beautiful women have a good rest, then I will lose company first.”

After Wang Yan left.

Xiaowei couldn’t stop her tears anymore, sobbing on the sofa and whimpering.

“Okay, you silly girl, why cry?” Gu Tingting sighed and hugged her and said softly, “If you miss it, you can only miss it. What’s more, you have to lose and lose. You must also have it. Now you can see that with Wang Yan ’s current abilities and achievements, there are so many beautiful and capable girls around you, you do n’t have to feel bad anymore. “

“Woo ~ I’m just a little bit uncomfortable, it’s all my fault.” Xiao Weifu was crying in Gu Tingting’s arms, “I was hurting his heart at the time, and I just wanted him to live a better life.” “

“Okay, okay, Lao Wang’s character is not good, he won’t blame you.” Gu Tingting patted her shoulder gently, “Later. You will put him in the bottom of my heart, as a memory, as a scene Dream. Go to bed early, and we have to start our own lives. The better you live, the more reassuring the Pharaoh will be. “

“Well ~” Xiaowei nodded and said seriously, “Tingting, I will definitely work hard.”

...

As for Wang Yan, after leaving the hotel, he walked aimlessly along the shore of Danghu Lake. Blowing the evening breeze, feeling the watery smell in the turbulent lake, the mood was a bit sad.

Suddenly, he wanted to smoke a cigarette.

It's just that I quit smoking for a long time, and I couldn't find any smoke when I flipped through the storage bracelet. There is fire in the air and no smoke, which is really a sad thing.

At this moment, a slightly cold, hoarse voice rang behind him: "Handsome, borrow a fire."

Wang Yan looked back suddenly, but on the embankment not far away, stood a beautiful woman in cheongsam, stepping on high heels, hair up in a bun. She leaned against the willow tree with a cigarette in her jade hand.

"It's you?" Wang Yan froze for a moment, immersed in the memory just now, and didn't even notice her coming.

Wang Yan walked over and snatched her cigarettes out of nowhere.

"Snapped!"

His fingers flicked, and a blaze of flame ignited the cigarette. Wang Yan took a deep breath, his mind clear for a while. Then she stared at her and said, "Director Yunda, how did you find me? Also, this dress really doesn't match your temperament."

The woman who came here was the head of Yunzi, the director of the "Rune and Rhythm Scientific and Technological Application Research Institute".

"First, the super phones you use are all developed by our unit." Yun Zhi elegantly took out another cigarette, and the smoke lingered at her fingertips through Wang Yan's fire point, as if letting her rely on it. A little bit of breaking the traditional charm, "It is still very easy to find you through satellite positioning."

"Then I go out for a walk, should I throw my phone into the storage bracelet?" Wang Yan spit out a cigarette ring and said angrily.

"Our next-generation super phone will be bound to the storage bracelet, which will prevent some superpowers from being lost or missing." Yun Zhi glanced at Wang Yan, "Second, learn from species reproduction Say. If women dress up more beautifully, ***** ~ sense, will increase the probability of male attention, greatly increase the probability of mating ~ mating! I experiment to

see if this pair of dresses can arouse your interest, so as to gain reproduction with you Opportunities for future generations. “

“You can only get more opportunities to mate ~ than to breed offspring.” Wang Yan was stimulated by nicotine, and he immediately jumped out of such a sentence that he regretted after speaking.

Sure enough, a cloud of thought passed through Yun Zhi’s eyes, frowning and saying, “You mean, I can only make you interested and not want to reproduce with me? Then, what kind of women will let you There is a desire to reproduce offspring? I understand your past, usually men will use their mothers to measure and judge their wives. “

After a pause, Yun Zhi frowned and said: “In this way, the women you are willing to reproduce will be hard-working, frugal and family-oriented, and ordinary women who keep their small family wholeheartedly. Or, they will be more like your teacher Linghu Like Yao Fei, even if she has a beautiful face, she is willing to return to the ordinary, fortunately, she is a blessed woman who lives a simple life. Wang Yan, which one do you like? “

Wang Yan was horrified for a while, and every time he talked to Yun Zhi, he would be caught in embarrassment and tragedy. Whether it’s a mom or a maid, isn’t it something you can obsess about?

“But in a general sense, most men will prefer women like Linghu Yaofei.” Yun Zhi analyzed Wang Yan very seriously, “Wang Yan, wouldn’t you like your maid?” In this case, I go back and ask her for lessons. “

I! Le! Pcs! go with!

I am so grateful for your analysis. You can tell my sister-in-law like this, I am afraid that Wang Yan will be directly killed.

...

The Domestic Hero - Chapter 553

Wang Yan only felt that discussing this issue with Yun Zhi was simply insulting him. God knows that she will use her unique thinking to finally bring the problem to which ditch?

“Director Yunda, you came to the lake, wouldn’t you just ask me to discuss what kind of woman I like?” Wang Yan said helplessly. “Let’s talk about the business.”

He took a sigh of smoke and gave it a blow. The remaining half of the cigarette ***** flew into the air, turning into a ball of fire and burning without a trace.

“Official business, of course you have the right business.” Yun Zhizheng looked right, “I received the order to assist you in completing the reverse seven-man star fishing mission. From now on, I will follow your orders until the mission is completed. If it’s convenient, let’s go check out the reverse seven-pointed star array immediately, so I can make a plan as soon as possible. “

For the reverse seven-pointed star array, Wang Yan only knows its name and approximate function. The real operating mechanism and principles are completely unknown and must be supported by experts in related fields.

Zhou Zhiyi’s old house was just across the lake. Without a word, Wang Yan caught Yun Zhi’s arm.

The wings of the demon opened violently, wow!

Vigorously!

Wang Yan carried the cloud and went straight to the sky.

After just over two minutes, Wang Yan dived into the Zhou’s old house.

“who?”

Several heavily-armed secret agents rushed out, pointing their weapons at Wang Yan. The shape of the assault rifle used in their hands is similar to the Type 95 used in the army.

However, on the gun body and the clip, there were some dense and mysterious runes engraved with red light, blue light, and white awns.

Within the scope of Wang Yan’s perception, he caught some snipers hiding in a dark place, and the muzzle was arbitrarily aimed at him.

“It’s me, Wang Yan.” Wang Yan’s expression was serious, and his credentials were revealed.

“Good head.” The secret service officer headed down quickly laid down the gun and respectfully saluted him respectfully. For them, Wang Yan is a living legend, the pride of the East China Branch.

The eyes of the rest of the secret agents also lighted up, looking at Wang Yan with admiration.

Whisper

Even those secret agents who go to the headquarters for training and meet secret agents from other branches will compare with each other to see who is the superpower of the branch.

The son of flame Wang Yan, the moon sword Gao Mingyue, the prince of light, Lei Bang, and others are often the hottest topics.

“You worked hard, and I took the director of the cloud into the blockade to see.” Wang Yan said politely, “you continue to be busy with you.”

The secret agents dispersed and entered each other in an ambush.

But they still couldn’t stop the excitement, and they communicated by radio: “That’s the son of flames. Real people are more handsome than expected.”

“I heard that the son of flames can burn down a city with one big move. Real cows are comparable to human-shaped missiles.”

“Which is a humanoid missile is clearly a humanoid nuclear bomb.”

“I heard that the son of flame and the ice queen are in a relationship?”

“More than that, the night witch seems to have a leg with him. I heard several buddies from the logistics say that when they went to do housework, they found the three of them living together for a long time.”

“No? The son of flame is too happy.”

“Everyone is quiet and quiet, but he is the chief, and the administrative level has reached the level of deputy minister. They all keep me silent for radio, and are not allowed to discuss comrades of the chief.”

...

How sharp is Wang Yan’s hearing, and those whispers fell in his ears. Wan Er couldn’t help laughing, but couldn’t help smiling secretly.

It turned out that his reputation in the National African Affairs Bureau has reached such a level. This short period of less than two years really made him feel like a stranger.

“It seems that Secret Service admires you very much.” Yun Zhifeng said lightly, “You are very popular in the game.”

“Uh, huh. By the way, now the Secret Service is using rune guns instead?” Wang Yan changed the subject and said, “I think their assault rifles seem to be rune guns. Those snipers hiding in the dark, The sniper rifle used seems to be a rune super sniper? “

“Well, according to the order issued by the General Administration, the secret service team must be equipped with all rune weapons within three years.” Yun Zhi nodded. “However, the rune science and technology application research institute is just in Huahai City. Equipped with powerful rune weapons. Of course, they use super runes, which are far less powerful than your weapons, mainly because they can’t carry recoil. “And each person is also equipped with a protective belt that can inspire a Baidu. Protective energy shield. “

“Is there an energy shield?” Wang Yan said endlessly, “Then the combat strength of the Secret Service team has soared?”

“The Secret Service Squad is an elite in the army. They have strict discipline and a high degree of combat coordination. In the past, it was only because there was no suitable weapons and equipment that resulted in the lack of combat effectiveness.” Yun Zhi explained, “After several tests, A standard five-man squad can almost fight against a B-level powerhouse. “

“It’s really great, if the army has all rune weapons installed.” Wang Yan said with emotion, “I’m afraid that the abyss demon will definitely have a dead end.”

“All installed?” Yun Zhi glared at Wang Yan angrily, “The production cost of a single soldier’s equipment has reached tens of millions. The most important thing is that the most difficult part of the rune equipment is the rune engraving. There is no way to mass-produce that thing. It can only be engraved by the rune master. We study all the people who are capable of making rune equipment. Even the apprentices are counted, but there are only 30 people, and there is a large damage rate. “

“Well, when I didn’t say it.” Wang Yan was a combatant, and he really didn’t understand the gates of logistics. He just said, “Yes, I’m much stronger now. That super-sniper has already dealt with me.” It’s not very useful, are there any more powerful rune super-sniper? For example, can a shot detonate a half-step S-class? “

“I still shot the S-Class with one shot.” Yun Zhi rolled his eyes and said, “Whether it is the material or the power that our rune technology can produce, it is temporarily impossible to create this super-sniping, you will be old Practice honestly. “

Wang Yan felt a little sorry, but it was also reasonable. If we humans can really make a super shot that blows out the S-class powerhouse, we can probably think of dominating the galaxy.

As for the family of abyss demons, which now poses a great threat to the earth, they can only kneel down and bow down.

When the two were talking, they went deep into the old homestead.

“Perfect, this is really a perfect inverse seven-pointed star array.” Yunzhi swooped up as soon as he saw the altar, studied the details one by one with a magnifying glass, and chatted while looking at it, “It turns out there are still Such runes are retained, and it seems that our institute can have many more basic rune structures. “

“Cough, Director Yun, it’s just a formation. Is it necessary to exaggerate?” Wang Yan coughed to remind her that she was lying on the ground regardless of the image.

This woman just wanted to learn how ordinary women dress themselves up and seduce men. This turn began to reveal itself.

“What do you know?” Yun stopped raising his head and continued to whisper, “Our Chinese civilization has experienced several catastrophes, and many ancient intangible cultural heritages have been missed a lot. Reverse the seven-pointed star array, which is extremely difficult. The high formation, many tricks and rune structures in the middle have been lost. You stayed quietly for the old lady, and you are not allowed to disturb me.”

Wang Yan touched his nose and stayed aside. All technology houses are lunatics, and you can't move when you see technology.

The reason why Yunzhi can become a director is precisely because she is proficient in runes, formations, magical instruments, fulu, and science and technology. It can also be inferred from this how deep her obsession with technology is.

Unexpectedly, after waiting for more than two hours for this class, he found that Yun Zhi had been completely addicted to it.

When Wang Yan was just about to retreat, he didn't expect an old Taoist who wore a robe, like a fairy bone, to appear in the altar square.

“What is this senior?” Wang Yan frowned and didn't receive the notice from the secret service personnel. Apparently the old Taoist came in secretly.

“Are you Wang Yan?” The old priests had white hair, and with their long white beards, they looked at it with great interest, and said, “It's not bad, it's really dignified, and its bones are sober. This is Cao Detu's blessing.”

Xiao Cao?

Wang Yan was stunned, this one is enough cattle. There are not many people in the world who are qualified to call the gun uncle Xiao Cao ... Look at this dress and tone, is it the legendary heavenly machine ...?

“Bad Dao Tianji Zi, there will be such a two-handed hexagram.” Tian Jizi fairy air fluttered, “When I passed the child today, you and I have a destiny, poor Dao counts you as a trigram.”

He said, regardless of whether Wang Yan agreed or not, he pinched his fingers, frowned, and then said with surprise: “Your fate is strange. Originally it was hanging for a lifetime, doing ordinary things. Work, marry an ordinary woman, have an ordinary son, and live an ordinary life. “

Wang Yan a cold sweat, what is this called?

But when I think about it, it seems reasonable. If you didn't get superpower by accident, wouldn't you just live your life mediocre?

It is said that Tianjizi is known as an old fairy. He is well-ventilated and has astrological astrology. Even in the early years, he participated in many feng shui layouts and reversed the overall destiny of the Chinese nation.

“Old fairy, can you figure it out, why would I change my life?” Wang Yan asked respectfully.

“Sincere Hui Gua.” The old fairy of Tianjizi reached out a hand, “If you want to count the next Gua, you will be paid extra.”

Uh.....

It seemed that Wang Yan had heard of the rules of his hexagram, and he took out two hundred dollars for him.

“The change of fate comes from the chaos of heaven and earth, and the universe changes.” Tian Jizi said mysteriously. “The essence of the universe lies in the way of balance. The greater the number of robberies, the greater the chance. The so-called situation creates heroes. , Will inevitably brilliance and mutual reflection. And you, maybe one of them should be robbed. “

Who should be robbed?

Wang Yan's expression is stunned. Can such a thing really be calculated? The destiny of life, the change of the universe, the turbulence of the times. Is all this already arranged by Heavenly Dao?

With that said, Wang Yan raised his doubts.

“Haha, there must be a cause for fruit.” Tianjizi said with a smile, “The change of heavenly path will naturally have a cause and effect change. The so-called derivation of heavenly machine is just an insight into the evolution of heavenly path. Xiao Yan, since today you and I are destined, I just give you today’s trigrams. In your fate now, the red luan star moves, and you must be cautious about men and women. Can be a concubine, not a wife. “

After that, he reached out and asked Wang Yan for money.

When Wang Yan handed out the RMB, he was a little dumbfounded.

Is this okay?

Pure Yin female corpse? Wang Yan believes that what he said must be Shen Mengting, the key question is, how can he even calculate such things?

“Pure Yin Female Corpse?”

I do n’t know when Yun Zhi has stopped researching. He looked at Wang Yan with a little surprise. “Is it really my mistake? The female object you like, the taste is really unique.”

The corners of Wang Yan’s mouth twitched, and she gave her a fierce white look. What is the unique taste? I’m not a mysterious corpse sect, so I just don’t have a good bite. Besides, that time was just an accident, and no substantive process happened at all.

“Senior, how did you figure this out?” Wang Yan said with admiration and anxiety. “If I can’t deal with the relationship between my boyfriend and girlfriend, will there really be a problem?”

My heart is also filled with emotion, and it is indeed the world’s greatness. Wang Yan did not believe this at all.

“Haha, Tianji can’t be leaked.” The old fairy of Tianjizi smiled heartily, “The poor trilogy is full today. Please hurry tomorrow.”

“Tianjizi, don’t be nagging here and pretend. You two can just cheat on food and clothing.” Yunzhi took out an instrument, swept it on Wang Yan, and then started the analysis program, and then analyzed and said , “Wang Yan, don’t be fooled by him. Say you are a red luan star, that’s because

you look handsome, the sun is kind, the strength is strong, the future is unlimited. And you are a pure Yang body, more or less Will be attractive to women who are inherently yin. “

After a pause, Yun Zhi said, “You alone will definitely be welcomed by girls. Of course, it is easy to draw conclusions about your red luan stars. If there are more girls around you, there will naturally be competition. , Jealousy, and even fighting with each other. If you do n’t handle it well, of course it ’s easy to get into trouble. ”

“Hey, Director Yun, the poor Dao have to rely on these to eat.” Tian Jizi groaned dissatisfiedly, “If you demolish my old Taoist’s desk and smash my old Taoist’s rice bowl, isn’t it too kind Alright? “

“That being said, but that thing is too amazing?” Wang Yan still doubted it.

“Thank you for going to college.” Yun Zhi glared and said, “This old Taoist elite channel technique has deep vision. He saw that you have recently reconciled yin and yang, and cultivated into a great advance. Qi, in that pure Yin qi, there seems to be a trace of it, um ... dead. “

Yun Zhi looked at her analytical instrument and said, “These data are enough to show that you have done something, and then you will believe it.”

“Old fairy, what she wouldn’t say is true?” Wang Yan said with a smile. “Just how many of your trigrams were calculated based on the existing conditions?”

“Calculating hexagrams is naturally based on pre-calculation.” Tianjizi said blushing, “Brother, do you want to worship an extra master? Follow my clues and learn how to do things like a person. craft.”

“This, the juniors’ qualifications are dull. I’m afraid they won’t learn this.” Wang Yan also felt very speechless. He who never believed in these would be fooled by the old Taoist. This shows how high his level of fooling is. I was a little unwilling in my heart, so I said, “That old god, you said Ms. Chunyin can’t be a wife, but what a mystery is it for a concubine?”

“Fool, that pure yin corpse is not a human after all, if you married her as a wife, who would breed with you?” Yun Zhi glared, “Did your mother not beat you up then?”

“Snapped!”

Wang Yan slapped his head and took it.

I thought it was a mysterious thing. Sure enough, the fortune tellers can't listen.

"I said, Director Yun, if you dismantle the stage like this again, the poor Dao won't help you to study this method." Tian Jizi said, staring with a beard.

"Randomly, it is estimated that you haven't seen the reverse seven-pointed star array anyway." Yun Zhi said, holding his eyeglasses frame indifferently.

"Who said the poor Dao hasn't seen it?" Tian Jizi moved up and hummed, "The poor Dao has seen it in ancient books." Then, he jumped onto the altar and began to study the formation.

In this study, the two of them studied the dawn.

Wang Yan went back to sleep and saw that they were studying. Only three days later, Yun Zhi took out the plan sketch and said to Wang Yan: "This reverse heptagonal star array was originally suppressed on the dragon veins, preparing to extract the power of the dragon veins to run the array. But obviously, we can't do this. Do it, otherwise it will be in trouble if the dragon vein with a radius of hundreds of kilometers is destroyed. "

Tian Jizi did n't sleep for several days and nights, and he was still full of energy: "This array of design is very exquisite, but ancient people are ancient people after all, and they are not as good as our modern people in understanding power. In this program, we will use nuclear energy instead of dragon veins. The power to drive this inverse seven-pointed star array. "

"nuclear energy?"

Wang Yan had some scalp numbness, and for a long while, he said weakly: "Two people, nuclear energy and dragon power, are that the same concept?"

"Energy is always energy, what the inverse heptagonal star array needs is energy drive. We only need to convert nuclear energy into the energy structure required by the heptagonal star array." Yun Zhi said coldly, holding the glasses frame, "Originally we Electricity has also been considered, but it is difficult to output a large amount of energy in an instant. Our Rune Rectifier Scientific and

Technical Application Research Institute has already achieved research results on the converter of nuclear energy to transform the array energy, and it only takes a month or two. Construction works.
“

After a pause, Yun Zhi said again: “Commander Wang Yan, please trouble you to look at my sketch. Is there anything else that needs to be modified?”

thank you!

Wang Yan glanced at her sketch, and found that she could not understand it at all. The dense lines were all lines and rune parameters ...

“This, Director Yun, you are an expert in this area.” Wang Yan said with a chuckle, “You think it’s okay, then I’ll make the decision. The next construction is left to you, if you need any help from me, Please just say it. “

“Then you are idle or idle anyway, just go to the Tianshi Mansion of Longhu Mountain, ask Zhang Tianshi to borrow a set of” yin and yang upside down fairy array “, and by the way call a few powerful Taoists to control the magic circle . “Yun Zhidun honestly commanded.

Yin and Yang upside down sleepy fairy array?

Wang Yan remembered this set of formations. Some time ago, Zhang Weidao stole it to deal with Uncle Cannon. If you think about it, even the strength of Uncle Gun’s level, once trapped, don’t want to escape in a short time, you can see the power of this set of “yin and yang upside down trapped fairy array”.

This set of formations, but the township formation of Longhushan Tianyi together.

“Don’t go to Longhu Mountain.” Wang Yan took out his mobile phone and chuckled, “I’ll call my little brother and let him deliver it.”

Having said that, Wang Yan started to call.

Unexpectedly, Zhang Weidao missed the call.

“Isn’t it? It’s getting better now,” Wang Yan said stunnedly, “Not yet up?”

But as soon as his voice fell, the phone came back.

As soon as Wang Yan answered, he smiled and said, “I said Wei Dao, you talked about your girlfriend, and you forgot your brother? What time is it, young people, you need to be more restrained, don’t be too rippling. Yes Now, the set of “Yin and Yang upside down and trapped in the fairy array” is still on you? Bring it at a speed, brother, I am in a hurry. “

“Oh, what’s your urgency?” A steady voice came from the end of the phone.

“Nonsense, of course ...” Wang Yan said half of his words, suddenly stunned, his forehead cold sweat dripping, and asked dryly, “Isn’t this Dao’s phone? Are you ...?”

“I am his father.” The voice over the phone was steady.

“puff!”

Wang Yan almost spurted his blood to death. How did this Wei Dao do it? Is there any privacy? How could the phone fall into his father’s hands? He hurriedly laughed twice, and put on a good gesture and said: “Uncle, uncle is good. My name is Lei Bang, please please.”

“Lei Hong? Ha ha, Wang Yan, I heard that you are very clever and responsive, and at first sight it didn’t happen.” The voice over the phone laughed heartily. “It’s a good brother of my family.”

Well?

Doesn’t look angry?

Wang Yan let out a sigh of relief, and said with a chuckle: “Zhang Tianshi, I just made a little joke with you, don’t mind. By the way, is Wei Dao on the edge? I’m in a hurry to find him.”

“Oh, it’s okay, I won’t mind. Wei Dao has no time to answer the phone, he is thinking about it in the back of the mountain.” Zhang Tianshi said lightly, “Wang Yan, right, you can come to my Heavenly

Master within three hours. Explain to the Master Tian, what's the matter with the Yin and Yang upside down and trapped in the fairy array? What about Wei Dao and the millennium chicken essence? tooth.”

“What the hell.”

Wang Yan smiled bitterly, “The trouble is serious.”

The East Window incident happened, and Zhang Tianshi went viral. Wei Dao, how did you stink boy? How could your father find out about falling in love?

...

The Domestic Hero - Chapter 554

“Remember, three hours, not even one minute.” Zhang Tianshi said calmly, and then hung up arrogantly.

Wang Yan was a little drunk when he heard the beep in the microphone.

This Heavenly Master's words are really overbearing.

But when others dominate, they naturally have the capital to dominate. Since the Eastern Han Dynasty, Tianyidao has been active on the historical stage. After that, the heroes of all walks sang me on the stage, the waves were surging, and the river was rolling.

For nearly two thousand years, Tianshi Mansion has stood tall. During this period, I do not know how many ups and downs I experienced, ups and downs.

From this, it can be seen how unfathomable the heritage of Tianshi Mansion is.

“Young man, you are quite tolerant, even Master Tian Zhang dares to offend.” The old fairy of Tianji Zi patted Wang Yan's shoulder in silence, and said, “The poor Dao gave you a gossip. I am afraid that the trip will be very difficult. “

Wang Yan looked at Tianjizi speechlessly, without you saying, I know that Wang Yan definitely has no good fruit to eat during this trip, and it will take you to gloat over?

Even Yun Zhi looked at Wang Yan with great sympathy and said, “Zhang Tianshi has a very high status in our China Super League. Even when our Director General Han met him, he was very polite and watched for help. Our unit has just developed a set of highly protective armor. Would you like to exchange it for a cheaper one, 10% off. “

“Hello, don’t you think I’m going to be beaten up, okay?” Wang Yan said convulsively. “Maybe Zhang Tianshi looks at me with great looks and outstanding force. He is a good friend of his son. So Treat each other with courtesy, give money and equipment? What yin and yang reversed the five elements array, lend me without saying a word? “

“You think too much.....”

Yun Zhi and Tian Jizi looked at Wang Yan’s eyes as if they were watching a tragedy.

“Being a man, you still have to have a dream. What if you realize it?” Wang Yan was stunned and uneasy, showing the devil’s wings and one wing, from the hole blown by the “judgment light”, Soar.

Wang Yan’s speed is extremely fast, and the airflow breaks along the streamline of his body and wings, forming a strong buoyancy and driving force. This is the advantage of flying at the bottom of the atmosphere after having wings.

Of course, once the wings come into the inner space where the air is thin, not only will it lose its effect, but it will become a burden. So for some powerful space creatures, wings are not the main configuration.

With an updraft, Wang Yan rushed into the stratosphere, and the temperature plummeted to minus sixty degrees. However, in the sky, there are clear skies, like a blue gem.

Wang Yan soared in the clear blue sky, like a free bird. Some of the original depressed mood also widened.

The feeling of flying freely, if it is not a person who has experienced it in person, it is difficult to experience the kind of joy of flying in the sea and sky.

...

Jiangxi.

Longhu Mountain.

The scenery is magnificent and beautiful.

In the land surrounded by mountains and water, a large area of magnificent buildings stands seven or eight kilometers away from the main peak. The ancient building complex covering an area of tens of thousands of square meters is the famous Tianshi Mansion.

It has a gossip pattern overall, a magnificent scale, magnificent architecture, exquisite craftsmanship and exquisite craftsmanship, like a huge royal palace. There are temples and temples, as well as towers and altars.

It can be seen from the heights that the trees in the courtyard are forested, the ancient trees are towering, quiet and immortal, just like the weather of a fairy family.

At this time, a hidden cliff hole hangs on a cliff wall in the backyard. This cliff cave is old and rustic, little known to outsiders.

In this cliff cave, enshrined the statue of Taishang Laojun, Zhang Daoling, the first generation of ancestor. After that, it was Zhang Tianshi of that generation. It has been six or seventy generations until now.

This cliff cave, only after the Zhangjia heirs' children make mistakes, will they be detained to think about it, confess their lives to the Taoist patriarch and the ancestors, and cleanse the heart of Taoism.

At this moment, Zhang Weidao was wearing a sports suit and a peaked cap, sitting listlessly in a cliff cave. His eyes were dull and dead, as if he had lost all his luster.

...

A “Meteor” glide across the sky, a young man descended from the sky and landed a few hundred meters away from the main entrance of Tianshi Mansion. This young man is naturally Wang Yan.

His wings had already been folded, and his feet fell lightly on the ancient bluestone ground like feathers. These rough bluestone floors have been grinded out because of the long walks.

He walked steadily to the door of Tianshi Mansion, it was indeed Tianshi Mansion, and it was really impressive. The area is very wide, with hundreds of square meters and a dozen large wooden pillars six to seven meters high, supporting six three-doors.

There is a plaque hanging directly above the middle door, and there are a few dragon and phoenix characters written in the title of “Han Han Tianshi Mansion”.

On the two center pillars, there is a couplet with a black pillar on the black.

The couplet is on the book: “The Cyclamen in the Hall of Qilin.” The couplet is on: “The Prime Minister’s House in the Dragon and Tiger Mountains.”

On the east side is a large drum, which is the legendary Prime Minister Wangfu’s home standing thing-the notification drum.

Wang Yan was speechless, and originally thought his villa was already rich enough. In other words, the old house of the Zhou Zhi family is even more luxurious. But compared with the magnificent Tianshi Mansion, it is like the difference between thatched houses and Jin Luan Temple.

That Wei Dao usually looks like a second-hand young man. Although he knew that he was a rich second generation, he didn’t expect Fu Cheng to look like this.

What a European castle, what a Buckingham Palace, what a Bill Gais mansion, what a professor who has lived for hundreds of years. Compared with this Temple of Heaven, it is far inferior.

No, Zhang Weidao is not rich in the second generation, but rich in the sixties and seventies. His family is rich, not for a day or two, but for nearly two thousand years.

From the Eastern Han Dynasty, how many dynasties have undergone changes during this period?
His family is always one.

After two thousand years of accumulation, anything left on the ancestors is worthless. This level of affluence, I am afraid that the world's richest people can not compare with the Zhang family.

It seems that the Forbes Rich List is pure nonsense.

Informing the drum, Wang Yan has not played it. I just wanted to get the big mallet and hit the big drum. On the broad bluestone pavement, a group of Yingyingyanyan came creakily.

To be precise, it is a large group.

Each of them was dressed like a flower, swaying the willow waist, stepping on the charming steps, like a mighty army of women.

The woman headed is even more charming. Every step is graceful and lotus flowers.

This majestic girl army is extremely dazzling.

In the distance, many tourists and residents have begun to watch from afar.

Wang Yan's eyes were a little dazed, right? This is too much ...

The newcomer Wang Yan is no stranger. It is the millennium bustard Wang Baicai who almost made him lose his chastity. She is the thousand-year-old chicken essence that Zhang Tianshi said in her mouth. Of course, chicken essence is a scorn, but others are bustards. Although the bustard and the chicken have certain relevance, they are not the same species after all.

Bao Cai'er is very different from the original image. Her colorful hair has turned into black and straight, and it is scattered on the fragrance shoulders elegantly.

The original heavy makeup on the face was also missing, replaced by a plain light.

Uh.....

I have to admit that now she looks much cleaner than before, more like a good woman. It's just that the group of women soldiers she brought was really eye-catching.

The spiritual power is swept away, and it is all female demon with various original shapes.

“Yo, Xiao Yan is here too.” Bao Cai'er led the crowd to the main entrance of Tianshi Mansion, and naturally noticed Wang Yan. Her eyes glanced, showing an excited expression. Do n't know to come and hug? “

During the talk, she swallowed.

Hug?

Wang Yan has a cold sweat, don't you already have a boyfriend?

A voluptuous woman beside Bao Cai'er hurriedly persuaded: “Sister Cai, don't be like this. You are here today to see the future father-in-law. Pay attention to your words and image.”

Immediately, Bao Cai'er quickly wiped the saliva from the corner of her mouth, glanced at Wang Yan and said: “I almost forgot, your aunt Bao is now the owner. After seeing your aunt Bao in the future, you can do it without asking. “

call!

Wang Yan sighed with relief, wiped his cold sweat, and said with two smiles: “That's really a pity.” But he thought to himself, this is really good, lest she always think of herself. You can't beat others, you can't run. Well now, much safer.

“Boy, do you regret it? Ha ha late, your aunt Bao is now concubine with Zhang Langlang, it's good.” Bao Cai'er glared at Wang Yan, “Remember, your aunt YY will not be allowed in the future, Did you understand? “

“Understood.” Wang Yan quickly nodded like a rattle, YY? joke? Who will YY you.

Bao Cai'er twisted his waist and walked to the notification drum.

She picked up the big mallet and knocked on the bullet drum.

“Boom!”

A thunderous drum sound exploded.

The group of Yingyingyanyan swallowed back seven or eight steps, as if afraid of the drum sound. And Wang Yan, who is close at hand, is carrying his hands, not moving like a mountain, and there is some golden light fluctuations on his body.

The sound of drums sounded as if there was an invisible wave of energy that enveloped the entire Temple of Heaven. At the same time, Yingying over Tianshi Mansion showed an egg-shaped translucent energy shield.

Energy fluctuations and shields are intertwined with each other, creating ripples.

There seems to be a commotion in Tianshi Fuchu.

A majestic voice resounded through the sky: “Bold, who dares to come to Tianshi Mansion for chaos?”

As the voice sounded, a Taoist priest wearing a purple robe, wearing a crown, and stepping on cloud boots fell from the sky. He has a majestic look, a dignified look, and a slow expression, but he is powerful.

As soon as he landed, it seemed that there was an invisible gas field covering the main entrance square.

Those snake spirit wolf demon, face to face in horror, shrunk their hands, their breath converged, they dare not gasp.

“You are the current Master Zhang Tian?” Only Bao Cai’er, calm and calm, glanced at him and said, “A few decades ago, this king had fought alongside your father.”

This Jiyu Xuanang Taoist is the master of the Tianhu Mansion of Longhu Mountain. He is currently Tianshi, a member of the National Committee of the Chinese People’s Political Consultative Conference, and vice chairman of the National Taoist Association-Zhang Tianshi.

“Humph! Who thought this visitor came to visit, it turned out to be one of the famous seven demon king’s thousand-year-old chicken essence.” Zhang Tianshi waved his sleeve and said coldly, “This Heaven Master’s House has been for thousands of years Adhering to the principle of righteousness and evil is not mutually exclusive, and seeing the demon as the responsibility of eliminating evil spirits. As a demon king, you come to my heavenly palace, is it provoking my prestige?”

The name “Millennium Chicken Essence” changed Bao Cai’er’s face. The old lady was the Millennium Bustard, not a chicken essence!

However, her eyes turned and she endured it. Suddenly, she performed a blessing with dignity and said: “Caier has seen Father-in-law, I wish Father-in-law Kangtai, soar as soon as possible.”

Father? Soaring?

“puff!”

This corner turned too fast, and Wang Yan burst into laughter for a moment. I’m afraid this would make Zhang Tianshi collapse directly? Especially with the word soaring.

It stands to reason for Zhang Tianshi, Cheng Xianfei’s ascension is a lifelong pursuit of goals. But now, how does it sound like a curse?

as predicted,

Zhang Tianshi’s majestic face suddenly turned red and white. After seven or eight seconds, he shivered with anger and pointed at Bao Cai’er, saying, “Demon, what do you call this Heavenly Master?”

“Grandpa?” Bao Cai’er looked “pure and innocent”, blinking weakly and saying, “Cai’er and Zhang Lang are in love, and have already vowed to be a married couple. Tianshi is Zhang Lang’s father. , Naturally Cai’er’s father-in-law. “

Zhang Tianshi staggered under his feet, so stunned that he passed out, he shivered, excited, pointing at Bao Cai’er and said angrily, “The demon, this Heavenly Master is not dead yet. His son’s marriage is not his turn to decide . Even if he can make the decision, he can never marry you. “

For a time, Zhang Tianshi felt a little broken. At first, they thought they were just talking about male and female friends, but now it’s okay, they have already covenant III.

The inheritance of the 60th and 70th generations of the Tianshi Mansion is all about the responsibility of eliminating demons and demons. Now his baby son not only wants to marry a demon, but also a notorious old bastard.

How did Zhang Tianshi accept this?

“Oh, my father-in-law, what did you say? Ben Wang talked to you well, don’t take it seriously? When Ben Wang was in the world, you weren’t even rooted.” Bao Cai’er’s eyes were fierce, “My family Zhang Lang is in his twenties, and he has graduated from this university. According to the law, he can already make any choice of his own. If you are acquainted, let me release Zhang Lang quickly, otherwise do n’t blame this king. ”

After all, the overbearing and powerful atmosphere of the S-level demon king filled up, and he ran away from Zhang Tianshi without hesitation.

“Okay, okay!”

Zhang Tianshi was trembling with anger, and his whole body was constantly rising. There was a peach wood sword in his hand, and he smiled angrily. . “

The breath of the two S-class peerless powerhouses collided with each other, and the devastating battle was triggered at once.

The Domestic Hero - Chapter 555

Invisible and tangible breaths collide with each other and interweave. The air then twists, creating pressure that spreads in all directions. Only Wang Yan and the two A-level banshees can stand still and stand still.

The rest of the B-level and C-level demon can't resist the strong pressure and back away.

At this time, there was a clear watershed in their respective strengths. The stronger ones stood on the spot or backed away not far. The weak ones, however, retreated more than a hundred meters away and were trembling with fear.

The S-level strongman is called "land fairy" in ancient East, which is also called "ground fairy". In the West, it is called "Legend".

It can be seen that every S-level is at the top of the food chain.

Even if they exhale in a rage, they are enough to make those low-powered demon scared out of their spirits and have no fighting spirit.

Wang Yan couldn't help feeling a little bit, thinking that when he was still a C + class, when he saw Director General Han releasing the breath of the S-class strongman, he also felt like the mountains were pressing, and the atmosphere did not dare to take a breath.

Now that his strength has reached the A + level, even if he encounters a half-step S level, it is not known who will die. In the face of S-level strongmen, although still afraid, it feels not as strong as before.

at the same time.

Ordinary residents and tourists living nearby have unconsciously retreated several hundred meters away. And sometime around, some Taoist priests stepping on sword boots and wearing cloud crowns appeared to disperse the crowd and set up blindfolds to prevent the two sides' fighting methods from being seen by ordinary people.

Soon, Zhang Tianshi's momentum was brewing to the extreme.

Hand dance the peach wood sword, step on the seven stars, step forward step by step. Each step, there is an invisible gas field spread out in a ring.

“Demon, Dragon and Tiger Mountain is not your land of wilderness, and it is not too soon to give this Heavenly Master a hand.” The majestic and overbearing voice sounded like an ancient Hong Zhong, containing immense laws of heaven and earth.

With the sound of the talk, the peach wood sword is like a meteor, and eight swords are instantly displayed. Each sword condenses a gossip bit and forms a gossip array in a wonderful way.

Gan, Kun, Zhen, Xun, Kan, Li, Gen, Kuai. Various energies and colors surge in all directions. Between the rotations of the Eight Diagrams, like a tangible yoke, Bao Caier was trapped in the center.

“Good Taoism.”

Wang Yan’s expression was a little shocked. He felt the horror power of the gossip array. He was afraid that if he was trapped in it, it would be difficult to escape. Worthy of being Zhang Tianshi of Longhu Mountain, this casual shot is majestic.

Unexpectedly, Bao Cai’er, who was trapped in it, was not afraid. She made a giggling exaggerated laughter, “Tianshifu’s demons and demons gossip array, it is really a bit interesting. Unfortunately, when this king is in a vertical and horizontal direction, your grandfather is still drinking milk. My grandmother, who lives in Refining and Chemical Industry, is still on fire. Break me! “

Bao Caier shouted, jade fingers flicked again and again, and a column of water suddenly appeared between the energy surges of heaven and earth. The water column spins violently, like a drill bit drilling through the ground.

Water is born to be soft, but soft enough to become extreme.

In the field of mechanical processing, it is convenient to use high-strength water column to cut steel. Bao Caier’s water column is extremely powerful, enough to penetrate the mountains. In just a few breaths, the powerful gossip array fell apart and overflowed with energy.

Bao Caier can live for so long, and become a demon king, naturally not the kind of boobies. She dared to make trouble in Tianshi Mansion, and naturally had her confidence.

“Boom!”

Energy surging between heaven and earth.

At this time, even the two A-level banshees have quit several tens of meters away.

However, Wang Yan still stood still and stood still, except that he had swelled a faint golden energy to isolate those manic air currents, and even the fleeting space debris.

“Huh, the inner details of the Heavenly Master’s Mansion, can you understand this little demon?” Zhang Tianshi sneered, “Since you toast and don’t eat, then the Heavenly Master will let you eat fine wine.”

“stop!”

When Zhang Tianshi and Bao Cai’er were preparing to shoot again. A cold stern cry sounded like a thunder.

For a time, Zhang Tianshi and Bao Caier turned their attention to Wang Yan. Especially Zhang Tianshi, slightly surprised at the pale golden energy of Wang Yan, frowned and said, “Who are you? Could it be this demon’s associate?”

“Master Zhang Tian must not misunderstand.” Wang Yan arched his hands and said solemnly, “The younger Chunyang Wang Yan came to see Heaven Master by appointment.”

Chunyang Wang Yan came out four times, Zhang Tianshi’s face twitched slightly, staring at Wang Yan like thunder, and hummed: “So you are the son of the so-called flame, which caused my family to be entrapped by this demon girl. You stupid boy? You came very quickly. Could it be that you want to join forces with this demon girl to attack my Tianshi Mansion? “

“Seniors don’t misunderstand.” Wang Yan shook his head helplessly, “It’s just that the juniors and Wei Dao are good brothers. The seniors meet each other, and the juniors naturally come to see them at the fastest speed.”

“Since this is the case, then stay on the edge first.” Zhang Tianshi pointed at Bao Cai’er and said in a cold voice, “After this Tianshi has finished cleaning up this demon girl, I will settle the accounts with you.”

“Senior!” Wang Yan stepped forward and smiled bitterly. “Senior, let’s get rid of it first and listen to the junior.”

“Cough ~ Xiaoyan, what do you have to say to this old non-cultivator?” Bao Caier issued a series of charming laughs. “It’s better to join hands with your aunt Bao to make this arrogant old antique suffer hard.”

“What, do you dare to call this Master Tian an old antique?” Zhang Tianshi’s face was black and angered, “Nephew Wang Yanxian, since you and Wei Dao are brothers. You teamed up with your uncle to take this demon girl, you and me. The old account is a purchase and sale. “

“Uncle, Aunt Bao, please get rid of your breath first.” Wang Yan said with a sweat, “If you put it in the ordinary, the juniors will not say anything. It’s just that the ball is difficult to bear, and the outside world is watching, and it may come to the earth at any time. ... Among the indigenous peoples of our planet, if we still have internal strife and kill each other, would n’t it be a benefit to the extraterrestrial demon? “

We in the Eastern world are used to calling the extraterrestrial demon. The Western world calls them abyssal demons. But in fact, it is the same species.

But in the eyes of modern man Wang Yan, that is the alien invasion ...

“Huh, Heavenly Demon outside the territory, this is not the first time the Master’s Mansion has been taught.” Zhang Tianshi hummed, but his expression eased. He has a hard tone, but the Tianshi Mansion, where the incense is still present, is more aware of the strength of the Heavenly Devil than others.

“Uncle, Heavenly Master’s House is rich and powerful. In the past, it has made outstanding military achievements.” Wang Yan said with a good voice, “I think this time, of course, I will participate in it.”

“That’s natural, there is no egg under the nest?” Zhang Tianshi carried his hands on his back, and Shen Sheng said, “What’s more, it is my duty to destroy the demon and eliminate the devil.”

“Aunt Bao has extraordinary strength, and the future will inevitably be an important warrior to fight against the magic disaster.” Wang Yan said, “I also ask Uncle to take the overall situation seriously, let go of the grudges for a while, and everything will wait for the magic disaster.”

“Well, the disaster is coming, everyone is responsible for keeping the earth.” Zhang Tianshi waved his sleeve and said, “King Bust, this time Master Tian will not care about the crime of collision with Tianshi Mansion with you, take your speed Retreat quickly. If there is a next time, it will not be spared. “

“Cough ~ This King came this time to take away Zhang Lang.” Bao Cai’er laughed with a very firm color, “If you are successful, this King will respect you like a father in the future. If you block again and again Disturb, this king will be dead with you, no one wants to get any benefits. “

“Bold, just because you deserve to be my wife in Tianshi’s mansion?” Zhang Tianshi’s face turned blue, and he said angrily, “In short, you and Wei Dao’s family, this Heavenly Master will never agree.”

“You don’t want Ben Wang’s daughter-in-law, and Ben Wang doesn’t want your father-in-law.” Bao Cai’er said equally, “What’s the use of disagreeing with me? Bao Cai’er was born in Zhang Lang’s life and died.” Zhang Lang’s ghost. “

“Don’t kill you ...”

“stop!”

There was another loud scream.

But this time, it wasn’t what Wang Yan said, but from the distant back mountain. That was Zhang Weidao’s voice. Obviously he used a special Taoist sound.

“Father, Cai’er, stop playing. If you fight again, I’ll die to show you.”

“Daoer!” Zhang Tianshi changed his face.

“Zhang Lang!” Bao Cai’er also screamed innocently.

Subsequently, Bao Caier figured together, stepped on the void and flew back to the mountain.

“Demon, you dare.” Zhang Tianshi screamed angrily, volleying back to the mountain galloping away.

Wang Yan looked at their figure galloping away, and was also sweating in his head. Today, this matter is really too dramatic. Thousand-year-old bustard is making trouble in Tianshi Mansion, and it’s almost a drama.

Only this matter, he could not stay out of the world. In any case, Zhang Weidao is a brother, and it is his sins caused by Wang Yan.

“Wow!”

With one wing, Wang Yan also galloped back towards the mountain.

When Wang Yan arrived, the cliff of the back mountain was shrouded in a white energy barrier. Zhang Weidao, who was in the cliff cave, was stuck in the barrier just like he was clinging to the glass.

But Bao Cai’er was isolated a few tens of meters away, she was floating in the sky, and her pretty face was full of distress.

“Caier!”

Zhang Weidao’s voice was exhausted. He beat the barrier desperately and snarled, “You go, don’t be here, you can’t beat Tianshi Mansion.”

“Zhang Lang ~~”

Similarly, Bao Caier shouted sternly, “I will not go! Even if it is dead, I will die with you.”

“Caier, we are willing to be lovebirds in the sky and Lianlizhi in the ground.” Zhang Weidao snarled and said, “Even if he stays with me for a lifetime, I will not change my mind. I am willing to stay with you for life and be bound to the third . “

“Zhang Lang, I understand your heart.” Bao Caier said sadly, “I will not go today even if I am dead. We will be apart for a few days, I will live like a year, I can’t stand it. Every minute of you. “

“Caier, I also want to be with you every minute and every second.” Zhang Weidao roared, “I can’t imagine what would happen to you if you lost your life?”

hiss!

Wang Yan heard and saw this scene not far away, and they were scorched and tender, and goose bumps appeared all over his body.

People who don’t know think they are the virgins and fierce men who have experienced the love of life and death. In fact, they are just a couple of jackals, tigers and leopards who have been hooked up for a few days.

The screaming dialogues are even more blood than dog blood drama.

Wang Yan felt thunder and dog blood, but Zhang Tianshi did not think so. He was very angry, his face was blue, and his anger was like thunder: “Sin Barrier, demon girl. As long as the Master is still alive, he will never allow you to be together.”

“Dad, why? Why is this?” Zhang Weidao cried with tears and cried, “I and Cai’er really love each other. Please, let us be together.”

“Father, as long as you agree that I am with Zhang Lang, I will fight and scold me.” Bao Cai’er also cried with tears, “I will definitely serve Zhang Lang and serve your elderly.”

“Shut up, you are not allowed to call my father-in-law.” Zhang Tianshi’s face has turned blue to the extreme, and his anger has swelled in his chest. “My Zhang family is famous for generations. I have never had an unfilial brother dare to be married to a devil. Such a thousand-year-old chicken essence! If you agree to be together, how can you have a face to meet the ancestors after the death?
“

The word chicken essence seemed to poke Bao Caier's pain. She laughed hahaha, and the laughter was filled with sadness, chill, and said aloud: "Okay, okay. Your Tianshi Mansion is a famous family, and my Bao Caier is just a grass fowl bustard. I am humble and cannot get in. Your Zhang Tianshi's eyes are normal. But as long as Zhang Lang doesn't despise me. I will take Zhang Lang away even if I'm desperate here. "

The word "go" came out.

A tremendous amount of energy surged over her, and under the influence of the law of heaven and earth, the water vapor between heaven and earth seemed to begin to gather. In the sky, dark clouds swiftly gathered.

Pieces of dark clouds weighed heavily on people's hearts.

"Demon, what are you going to do? Stop quickly, otherwise don't blame Master Tianshi's ruthless hands." Zhang Tianshi's expression was exasperated, but there was a trace of dignity in his eyes.

"What are you doing? What else can I do? You old man who doesn't understand human nature, even if this king is dead, he will die in this dragon and tiger mountain." Bao Caier bit his tongue and spouted a spit of blood in the air.

Taking self-damaging cultivation as the guide, the essence blood from long-term cultivation is cited.

The power of heaven is suddenly stronger.

"Boom!"

A thunder burst.

Suddenly, the sky was pouring downpour.

Between heaven and earth, covered in the hazy heavy rain. Suddenly, in the Luxi River in front of the Tianshi Mansion, the river was flooded, as if pushed by a force of reverse thrust, it even rushed onto the embankment, and bombarded the Tianshi Mansion like a mountain.

What the hell!

Wang Yan's eyes were also glared greatly, really worthy of being a thousand-year-old bustard, playing with water was so slippery. This feeling, would you like to learn Bai Suzhen flooded Jinshan Temple?

boom!

Pailang hit the Tianshi Mansion hard.

...

The Domestic Hero - Chapter 556

At the same time, a huge transparent shield was shrouded outside the entire Temple of Heaven. It is like an invisible giant wall, blocking the impact of giant waves.

boom!

The shroud trembles, the air bursts, and the airflow swirls and surges. The breaking wave was thrown into the air, and it was mixed with rainstorm and fell down.

Immediately afterwards, another giant wave crashed mercilessly, striking the shield, and the loud noise and thunder struck, and the eardrum swelled.

The entire town has been wiped out by the water in the Luxi River for half a year.

Some cars, furniture, etc. have been washed up by water waves and rammed on the water.

The whole scene is like the end of the world.

One Taoist priest rushed out of the Temple of the Master. They burned Fu Lu, with a light shield on their body, to save people everywhere. And those banshees also showed their original form one after another, and rescued the fallen humans.

Although they are monsters, they have been living with humans for a long time, and the boundaries between them have long been blurred. How can we watch those human casualties?

Wang Yan was also stunned. This momentum was really huge. Shuimanjinshan, no, it should be said that flooded Tianshi Mansion. Thanks to Nao Cai'er, this is simply the modern version of Shuiman Jinshan Temple.

Moreover, Tianshi Mansion is really rich in foundation, and such a huge building scale can also be supported by a large array. The huge light shield inspired by it is really amazing, and I am afraid that it can hardly withstand the missile attack.

“Demon, your brave courage, dare to make such a sin.” Zhang Tianshi exasperated, and the mahogany sword danced in the air repeatedly, “Hurry like a decree, the sky thunder and the law, destroy the demon and remove the demon.”

Boom!

A series of sky-thunders were attracted from the sky, and the golden snake danced to Bao Cai'er like a dance.

“Hahaha ~” Bao Cai'er's mouth was covered with blood, his face was extremely white, his hands were waving continuously, and a wave of water was stirred up to continue to attack the Heavenly Master's house. “Lao Niu's nose, you may be unreasonable, Slash my marriage. Do you not allow me to destroy your half of the wall? Your old thing, see if you bombed me first, or the king first blasted your heavenly palace. “

For those thunders, she just stirred up a powerful water shield, blocking it casually.

Boom!

Every time she carried a thunder, she spit out blood at the corner of her mouth, and her face became paler.

However, under the bombardment of waves, the large mountain protection array of Tianshi Mansion has been crumbling, and the defense of the large shield has also continued to decline, just like a twisted egg is about to reach the critical point of fragmentation.

“Cai’er, Cai’er, don’t do this.” Zhang Weidao punched the cliff shield with punches, punching him out of each punch, spouting blood, but he still hit the cliff desperately. Wall ban. With a hoarse shout, “Cai’er, go quickly, you will die like this. If you die, Zhang Weidao would never want to live alone.”

“boom!”

Another day thunder struck Bao Caier and exploded her simple shield. Bao Caier flew out like a broken kite, her naked shoulders exposed were black, she stood vacantly in the sky, her eyes looked desolately at Zhang Weidao in the cliff, she hoarse Shouted: “Zhang Lang, if you can’t stay with you. Even if I’m alive, the sky is gray and the earth is lifeless. I would rather die than separate from you.”

“His! It’s too hard.”

For a time, my heart was touched. No matter if they are jackals, tigers or leopards, it ’s not easy to be gangsters or to be passionate.

Zhang Tianshi was suspended in mid-air, and the rainstorm was a few meters close to him. If the water meets the stone, separate to both sides. He hasn’t got any wet on his body since the battle.

Dao robe hunting, cloud crown prestige.

It was just the last powerful Thunder that the Peach Wood Sword drew, but he refused to fall. He was afraid that Bocai’er would be killed, and his stunned son followed to be buried.

As a member of the Chinese People’s Political Consultative Conference and a national representative. In that year, Zhang Tianshi had to respond to the state’s family planning and only had one child. This Wei Dao is the only seedling of his Zhang family.

If he dies, the Zhang family's inheritance for two thousand years will be broken. At that time, what kind of face did he have to meet the fathers of the Zhang family?

"Cai'er, don't worry," Zhang Weidao snarled in the cliff cave. "When the old guy soars in a crane, or abdicates, he becomes Master Tian, and no one can stop us."

"Poof!" Zhang Tianshi almost died with a spit of old blood. Does Renzi know what he is saying? Is there such a curse that my dad died early?

"Zhang Lang, but I haven't seen one day in the middle of the third autumn. Let me wait for decades, I am afraid that my hair is white." Bao Cai'er looked miserable, and her eyes brightened, "Yes, Your father is dead, don't you automatically become the new Heavenly Master? It's better to fight this king and send this old thing to the sky first, then no one can stop us from being together. "

At this time, even Wang Yan was about to vomit blood. Although he also knows the most poisonous woman's heart. However, it is really unnecessary to tell Zhang Tianshi to kill him and help his son usurp the position?

Such a hot **** ~ love, also makes Wang Yan drunk.

"No, that's my father." Zhang Weidao screamed in a hurry to stop, "Cai'er, if you want to kill my father, I won't forgive you in my life."

Fortunately, Zhang Weidao was not crazy enough to kill his father.

"Ah ~ New Year's Eve, it's enough." Wang Yan sighed, his figure swayed, and stood in front of Bao Cai'er. "Aunt Bao, if you still want to be with Wei Dao, take the spell first. Otherwise, I immediately arrested you and your actions violated the law. "

"Scratch me, hum. Xiao Yan, you have to practice for a few years if you want to catch me." Bao Cai'er wiped the blood from the corner of her mouth, and she didn't believe it in her eyes.

"Bao Cai'er, I'm an organized person." Wang Yan said calmly, "If I arrest you, if you dare to arrest, it's violent resistance. Next, you will be wanted all over the world, naturally there will be more Strong people come to catch you. By then, your charges will not be as simple as they are now. "

“The big deal is to be suppressed to the demon prison.” Bao Cai’er said aggressively, “The king is not threatened, and with the king’s life, it is more than a hundred years to live.”

“Oh, don’t say for hundreds of years. Even if it is decades, you are in great trouble.” Wang Yan analyzed, “Zhang family has passed on for two thousand years, Zhang Weidao must always leave Zhang family behind? If you After spending several decades in the demon prison, maybe Zhang Weidao even has grandchildren. Are you willing? “

“He dare, he said that he only loved me in this life.” Bao Cai’er was a little vacant all at once, and when the trick was pinched, the tide was slow.

Seeing this, Zhang Tianshi also took advantage of the situation to put away the last sky. That was the strongest sky thunder in the Five Thunder Dharma. Even if the S-level strongman was weakly defended and was hit positively, I was afraid that there would be more and more evil.

“Aunt Bao, you still experienced the red dusty demon.” Wang Yan said without a word, stroking his nose without saying a word, “Can men believe in the mountain alliance’s oath under the hormonal secretion?”

“Stinky boy, although you are my nephew. He looks handsome, but he dares to slander my Zhang Lang, don’t blame me as an aunt, turn your face and don’t recognize people.” Bao Caier’s face was black, angry.

“Okay, okay, the moral character of our Dao brothers is indeed good, but you can’t stand him to consider for the Zhang family? Even if you don’t love, you have to leave a post for the Zhang family?” Wang Yan said, “This is reserved Keep it, maybe you can leave feelings? This is unreasonable, and it can be ruthless. “

“This ...” Bao Cai’er was weak, obviously it was a very possible thing.

“Aunt Bao, you are my sister-in-law and my sister-in-law, and I am a relative of pure Yang.” Wang Yan said with a straight face. “This matter, let me try to deal with it. If the treatment is not good, you It’s never too late to go viral again. “

“Yes, Aunt Nabao will listen to you once.” Bao Caier gestured, the black pressure in the sky gradually disappeared, and the downpour suddenly stopped.

The sky tide slowly receded, leaving a messy place.

Fortunately, this time there were many Taoist priests from the Dragon and Tiger Mountains, and the banshees rescued the disaster. There were no casualties, but only considerable property damage.

The home of a thousand-year-old demon like Bao Cai'er can't hurt his bones if he loses more money.

In fact, it is not easy for Wang Yan to see Bao Cai'er at the end of the strong crossbow, forcibly driving the power of heaven, and triggering natural disasters in the water system? She did so at the expense of self-cultivation.

Really want to continue, the mountain guardian array of Tianshi Mansion may be broken. But she was either badly injured or slagged by Zhang Tianshi's Wu Lei Fa Fa.

Seeing this situation, Wang Yan was also relieved. If things really got out of control, he would not like to see them. Besides, let's say Zhang Tianshi borrowed Yin and Yang to turn the trapped fairy array upside down.

"Uncle." Wang Yan smiled and said, "Although the juniors say something lightly, but since the matter arises from the juniors, I have to say a few more things about it. Uncle, you are a strong and virtuous man, Member of the National Committee of the Chinese People's Political Consultative Conference. It should be known that our country's laws stipulate freedom of love and freedom of marriage. Wei Dao has been over 18 years old. He has the right to make any decision for himself, and he has the responsibility and obligation to bear the consequences of his decision. as a result of."

"Xiao Yan, your uncle naturally understands what you said, but he is my Zhangjia Miao, how can he marry this demon girl? Not to mention, she is notorious ..."

After this battle, Zhang Tianshi said in his heart that it was false to not touch at all. But this matter has too much scruples for him.

"Uncle, the Zhang family's status is comparable to that of a prince." Wang Yan said with a smile. "We are also in the modern. If in ancient times, some princes of the prince's family took a concubine from the blue house and returned home. It's normal. Just now you also saw that my aunt Bao, for the sake of defense, can lose even repairs and do n't even have to kill her life. It's also a matter of affection. I believe they can always live well in the future. "

“This ...” Zhang Tianshi still hesitated.

“Uncle, your Zhang family has been circulating for two thousand years.” Wang Yan saw that his emotions seemed to be a little loose, and he said again, “I don’t believe that no one in your family has ever married a concubine. Wei Dao is now 23, is it okay to marry a concubine? “

“There are precedents, but it’s just that my generation of Zhang family has been responsible for eliminating demons and demons for generations. How can Wei Dao combine with a demon girl?” Zhang Tianshi’s expression was solemn.

“Uncle, what’s wrong with the demon? Now it’s the time to promote the peaceful coexistence of the demon.” Obey the law more. Everyone is a child of Mother Earth, but of different races. Now all over the world are against racial discrimination. “

“Lao Wang, I disagree.” Zhang Weidao yelled and said, “I will only love Caier in my life. I don’t want her to be a concubine.”

Zhang Tianshi’s loose expression suddenly became cold: “Reverse son, as long as he is alive ...”

“Wait! Let me talk to Wei Dao?” Wang Yan saw the contradiction and was about to touch it, and hurriedly raised his hand and said, “Please also ask Uncle to answer.”

Zhang Tianshi also felt that this matter was quite a headache in the game. Then he waved and said, “Go, go, you are his brother, I hope you can persuade him. The combination of humans and demon races, the chance of fertility is low, not to mention that Bao Cai’er’s life level is already very high. ... “

Under the promise of Zhang Tianshi, Wang Yan went through the cliff cave to the cave filled with statues of the ancestors of the Zhang family.

Zhang Weidao wiped the blood from the corners of his mouth and hummed, “Lao Wang, although you and I are brothers, this matter has not been discussed. I and Cai’er are so in love, and she must not be wronged.”

“You are second-hand.” Wang Yan gave him a polite seed, and twisted his neck, whispering whispered, “Say some private words between our men, tell me honestly, I How good is Aunt Jiabao, how could it appeal to you so much? “

“Uh ...” Zhang Weidao suddenly blushed, “This is privacy, can’t say.”

“Go away, do you still play with me between brothers?” Wang Yan whispered, “If you don’t say it, I will flash people immediately. Your father and your daughter-in-law beat me to death. I can’t ask more.”

“This ... I’m afraid to say that, you will be tempted ... you are surnamed Wang ...” Zhang Weidao said weakly, looking at Wang Yan with some anti-thief eyes.

What the hell!

What’s wrong with the surname Wang?

Is the surname Wang the next king?

Seeing him being so frivolous, Wang Yan suddenly thought of something, and heard a voice in his ear, saying: “Smelly boy, it will not be the kind of kung fu of my aunt Bao, I will serve you with desire ~ Xianyu ~ Death, eating the taste , Can’t stop it? “

“How do you know?” Zhang Weidao suddenly became energetic, and his eyes were a little trance, and his expression was frivolous, and said, “Brother, since I fell in love with Cai’er, I found that I was white for the first two decades. Alive. I did n’t even know that the joy of men and women could be so beautiful. The gestures and means of Cai’er were unheard of, unseen, we have spent three days and three nights ... “

“Cough!”

Wang Yan hurriedly stopped him from talking any more. What are these words? Isn’t it that some of Bao Cai’er’s technologies are fully unlocked, and the skill point is MAX?

However, it is also possible that Zhang Weidao has never experienced anything between men and women, and the impact was suddenly too great.

This is like thinking that the whole world is in the house, but when you open a window, you will suddenly find that the world is so vast and the world is so beautiful.

In short, Wang Yan is also a little drunk.

He was still suspicious before, so in a short period of time, how much of the two of them can have unfailing affection?

Unexpectedly, it was just the fire and the fire, the passion was so intense that it was hard to separate. For this, there can be so much noise, Wang Yan really wants to strangle this pair of alternative dazzling loving dogs ~ men and women.

“Lao Wang, what’s your eyeball turning? What expression do you have?” Zhang Weidao said cautiously, “You may have a moral bottom line, as the so-called brother and wife are not polite, right, you can’t be bullied. If you are Dare to play Cai’er’s idea, we two are absolutely decisive. “

“Uh ... my moral standards have always been very high, and the taste is not as heavy as yours.” Wang Yan stared at him helplessly and said, “But in this case, I understand you, you don’t just want to Does Bao Caier look together? “

Wang Yan was a little embarrassed to speak the words. Just to achieve the goal, Wang Yan had to endure.

“Yes, so I’m going to marry Cai’er as my wife, and give her an upright position.” Zhang Weidao patted his chest, and said with a solemn expression.

“I said, did you have a problem with your brain?” Wang Yan tapped his head and hummed, “Do you know what it means to be forbearing for a while? You won’t pass this stubble first, then slowly Do you think of a way? Your grandfather, who is now on the head, is also unable to stand up and down the fire. Let’s give him a ladder and get off the stage, and then you and Bao Cai’er perform well and slowly grind. It is the so-called drop stone wear, the gold stone is open . You’re so hard, it won’t work. “

“However, Pharaoh, I always feel that Caier has been treated this way.” Zhang Weidao was loose, but he couldn’t hold his face. “Me and Caier, but I love.”

“Childish, for your great and miraculous love with Bao Cai’er, can’t you even do this little sacrifice?” Wang Yan smiled contemptuously. “If so, I question your so-called True love. Forget it, I’m too lazy to talk to you again. If you feel OK, calm down the matter first. If you feel uncomfortable, then continue to make troubles, make the world upside down, make your father long-term Suppress you. “

“I’m not afraid.” Zhang Weidao Qiangzhong did his chest.

“Okay, it’s really courageous enough, enough for men.” Wang Yan patted his shoulder and praised, “Young man, I appreciate your perseverance and courage. You do this, and the brothers support you. You continue to be good at you The fathers and ancestors introspected themselves in front of you. I will take care of your brother Cai’er first. “

The previous words are okay, but Wang Yan’s second sentence suddenly made Zhang Weidao jump up: “No, it won’t work.” His face was pale.

“Why doesn’t it work?” Wang Yan seemed to smile.

“Your surname is Wang, who looks so handsome and will coax a woman’s happiness.” Zhang Weidao shook his head like a rattle. “Caier does not need you to take care. The farther you are from her, the better.”

“You can’t do it if you say no? You have thought about it in the face, can you control so much? Anyway, my old king’s name is also taken by you.” Wang Yan walked out and touched his chin to reveal With a ***** smile on his face, “I have completely unlocked the posture, and I have never tried it.

“Brother Wang, boss, don’t go. I listen to you, everything listens to you, what do you say.” Zhang Weidao rushed over, hugged Wang Yan’s thigh, smiled flatteringly, “From now on, you will let the younger brother go east, and the younger brother will never go west. In short, as long as you hide away from Cai Caier, it will do.”

“Okay, then you have settled this matter first.” Wang Yan looked at him with a cold face, knowing that this is so, why should he be arrogant?

“Dad, I was wrong. Caier and I just talked about the relationship first, and we will not talk about marriage for the time being.” Zhang Weidao rushed to the side of the ban and shouted loudly, “Caier, let’s get along slowly. Sooner or later, you will be able to see the moon and the moon. “

puff!

Zhang Tianshi almost carried it out of midair, didn't he? He changed his mind so quickly? How did Wang Yan stinky boy do it?

For a long time, Zhang Tianshi has been indulging in this son because of his roots. From small to large, it is not so obedient to pass by.

"Zhang Lang, I will listen to you everything, as long as we can stay together." Bao Caier's face was gentle and obedient, and she was like a well-behaved young wife.

"Cai'er, you are my treasure, I will love you all my life." Zhang Weidao shouted sweetly.

"Cough!"

Wang Yan coughed twice, interrupted his flesh and blood, and said to himself indifferently: "Oh, I almost forgot. In my large-scale copy task this time, I needed something called 'Yinyang Upside Down The array's props. Alas, it's difficult. It's too difficult to borrow from Zhang Tianshi. Well, otherwise, what should I do to discuss with Aunt Bao? "

Zhang Weidao was full of excitement, and said with a smile on his face: "Brother, every little thing, why is it so troublesome." Then patted the chest, "This thing is wrapped in my brother. . Speaking of which, I have n't thanked my brother for introducing me to my girlfriend. "

"Can you really do it?" Wang Yan narrowed his eyes.

"Dad." Zhang Weidao shouted to the outside again, "Our family's" Yin and Yang upside down and trapped fairy array "borrowed from my brother Wang Yan for a while."

Zhang Tianshi rolled his eyes and almost fainted. What's this called? Can the township formation method be borrowed casually? What kind of spell did this stupid boy named Wang do to his baby son?

“This, Dad has to think about it.” Zhang Tianshi was full of thoughts about Wang Yan, why did his son just listen to him?

“Hehe.” Wang Yan smiled with a shrug. “Wei Dao, I don’t think it will trouble you anymore ... I’m looking for ...”

“Don’t, don’t do it.”

Zhang Weidao’s face changed drastically, and he hurriedly shouted to Zhang Tianshi: “Dad, if you don’t borrow it, don’t blame me for the Zhang family.”

Zhang Tianshi suddenly turned green, so he didn’t fall from the air. Witchcraft, Wang Yan, the stinky boy, must have cast a witchcraft on his son.

The Domestic Hero - Chapter 557

Let Zhang family die?

Wang Yan’s mouth twitched slightly, and he threatened his father with this shameless method. I was afraid that only Zhang Weidao could do it. It seems that the deterrence of the next king is comparable to the nuclear threat.

He couldn’t help but think evilly, and the technical problems would come later.

Castration, ligation, degeneration?

“Dare you!” Zhang Tianshi shivered with rage, even his beard was raised, “I, I ... I beat you to death.”

“Dad, I’m going to die after beating me differently?” Zhang Weidao said calmly. “It’s better to do this. Now the country has also developed a second child policy. You can have a son with my mother. Afterwards. This matter is easier than lending the Yin and Yang upside-down sleepy array. “

After giving birth to a second child, Zhang Tianshi was so hung up that he was mad. He is an old man, and he gave birth to Zhang Weidao as a young man in his sixties. Now that he is in his 80s,

and the genetic level is too high, even if a young mistress is found, the chance of pregnancy is also very low, less than 1 in 10,000.

According to estimates, if he wants to regenerate the second child, he has to find dozens of concubines in the house, sang songs every night, seven times a night, and it may take five or six years to get pregnant.

And at his age, it is harder every year, and it may not be possible to conceive in ten or eight years, and it may not be a boy when pregnant.

The most important thing is that even if Zhang Tianshi is iron, he can't help being so tossed. If it is so desperate, he can be killed in a year and a half.

“What a fascinating soup you gave Wei Dao, stubborn kid named Wang?” Zhang Tianshi served, took out a storage bracelet and threw it to Wang Yan, then said with disgust, “Take it away, don't come to me again in the future Tianshi Mansion. “

“Thank you for borrowing from your seniors. After this task is completed, you will definitely be rewarded for your seniors.” Wang Yan was unmoved, and she explored the spiritual power in the storage bracelet. Sure enough, it was the set of Yin and Yang turned upside down.

Now that the things are available, Wang Yan will naturally not get cheap and sell well, and said with a respectful face.

“Huh, is it really a family, do not enter a door.” Zhang Tianshi glanced angrily at Wang Yan, said, “You are more powerful than your master, your blue is better than blue.”

Of course, Wang Yan does not think that Zhang Tianshi is boasting about his teacher and apprentice. In fact, Wang Yan also knows that the relationship between Zhang Tianshi and Uncle Pao is definitely not better.

“Seniors laughed and said, Aunt Bao will be your Zhang family.” Wang Yan said with a smile, “And Aunt Bao is my sister-in-law's sister-in-law. Later, Longhu Mountain Tianshi Mansion and our family are pure Yang, It can be considered a relative. You have to say that you are an older generation than my master. “

Zhang Tianshi's face turned purple, and he will be your elder generation. If you can, this kind of dog blood thing he would rather not.

Seeing that Zhang Tianshi seemed to be showing signs of surging, Wang Yan hurriedly flew one piece into the air, and he solemnly sternly said: "Thank you for borrowing treasure from the seniors, and the juniors still have to take care of them.

After all, when the wings fluttered, they went straight to the sky. At the same time, there was a loud voice left: "Brother Wei Dao, Aunt Bao, I have been in Danghu or Huahai City most of this time. I have time to come and play with me. Also, try hard to get a baby as soon as possible. . "

"Thank you Xiaoyan for your kind words." Bao Cai'er looked happy and waved goodbye. In my heart, it's a pity, it's a pity, it's a pity that Xiao Yan's blood was pure Yang.

Zhang Weidao changed his face, determined to make Cai'er far away from Lao Wang. It is a good thing to give birth to a baby, for fear that the baby will have the surname Wang.

Have a baby?

Zhang Tianshi's face was dark again, if his baby son really had a baby with the millennium bustard king. Is this bustard or a human? Is it possible that Tianshi Mansion will become the world of shemales in the future?

In the future, when the people of Tianshi Mansion walk outside, what emboldened slogans are there to shout out the evil spirits?

If it doesn't work, it's time to find some more concubines for the stink boy.

Watching Wang Yan heading straight towards the sky and gradually going away, everyone's careful thinking is a little complicated.

...

Time, more than a month passed.

The most efficient work unit in China is the Institute of Non-Rune Scissor Technology Application.

In just over a month, an overbearing female director has urged the relocation of a small nuclear power station, and through the conversion tool, the nuclear energy is converted into energy suitable for the use of the “reverse seven-pointed star array”.

This is the power of the state machine. Once it is fully turned on, it will be able to exert extremely terrible effects.

Apart from Yunzhi, the director of Yunda has coveted Wang Yan’s flesh. In addition to the topic of Yunyan, director Yun’s work ability and efficiency are indeed strong enough.

Danghu Scenic Area has been marked with maintenance and rectification and entered the stage of full blockade. The masses within a ten-kilometer radius have also been evacuated properly.

Even Wang Yan’s parents were arranged to live in Huahai City.

In this core area, there are countless bright posts and secret posts. The East China Branch also dispatched more than ten C-level and B-level superpowers to join the sentry team. It is strictly forbidden for any organization or any individual to be close to it.

A few days ago, there were still some news on the Internet that said that the mysterious ancient ruins have been discovered in the Danghu area and are being blocked and developed. It was also said that the State Secret Agency decided to build a nuclear power plant in Danghu.

When these topics were just issued, they were extinguished and disappeared without a trace.

Taking Zhou’s old house as the core area, Wang Yan and others are drinking tea in the Yingbin Building of the old house. It’s March now, and it’s time for spring to bloom.

Some of the trees in the courtyard have sprouted, and the brightly colored spring flowers are already in bloom, and the weather is full of spring everywhere.

“This old mansion is pretty good, but it is a pity that Zhou Yiyi turned out to be a demonic person. They are all concealed deep enough.” The man speaking was a Chinese man with a majestic appearance.

In every move, he showed an unpredictable, thick and imposing manner.

This middle-aged man is impressively the Director General of the National African Bureau-Han Hongbo.

He is a veteran master of China. As early as the war of resistance against Japan, he was already active on the battlefield of superpowers. Later, it was Cao Jingluo's elders and friends in his early years.

After that, in the years of war with the World Demon Lord, he was even the backbone and a very powerful superpower.

After sealing the demon lord, Han Hongbo and Cao Jingluo united elite superpowers across the country, as well as some demon tribes, to form the China National Security Bureau for Abnormal Incidents, which is the National Africa Bureau.

This made Hua Xianguo finally have a real official superpower institution.

“The people of the Magic Gate are already good at concealing themselves.” Feng Yuande and Director Feng of the East China Branch also drank tea. “In the early years, they left the mainland and escaped the country. It is estimated that the country of Huaxia has been unified, and then there is no survival. space.”

“Oh, I'm still surprised. At that time, the situation of the Chinese nation was chaotic. At the end of the day, the Magic Gate was making waves in the dark, trying to subvert the nation. It was just that the pattern was too chaotic and we couldn't focus our attention on the Magic Gate.” He also personally beheaded the demons. Thinking of the past, I could n't help but sneered, “Later, when I and my brother Jingluo released their hands and prepared to clean up the magic gate, they found that the magic gate seemed to disappear overnight. It was only this time that I realized that the Chinese magic The door, the clan has moved to the United States, and turned to the dark united sect of North America. “

“Mr. Han, don't be impulsive.” Feng Yuande frowned and hurriedly persuaded, “We have notified the US Super Shield Bureau of this matter. It is best for us not to intervene in the matter on their territory. Now it is the earth that is facing During the disaster, if we have a conflict with the Super Shield Bureau, it will be detrimental to the human situation. “

“I’m impulsive? What am I so impulsive? Old Feng, the Super Shield represents the interests of Midi. And the capitalist country is driven by interests.” Han Hongbo said lightly, “Don’t look at the Super Shield. After hearing the news, he vowed to annihilate the North American dark united sect and prepare to settle down. But the two sides coexisted for so many years, the relationship was intertwined, and the interests of each other were extremely collusive. Their slogans shouted, but it was just thunder and rain. Just small. “

After a pause, Han Hongbo replied, “Hua Xia Mo Men, one is a nation that has done a lot of evil, and second, once the extraterrestrial demon invades them, they will make some moths, so they must be killed.”

Nowadays, China is not the same as before, and its comprehensive strength, including the strength of superpowers, has been rising, and Director General Han has been a lot more stubborn to speak outside.

“I personally support that as long as Director General Han ordered it, I would like to be the **** of Wang Yan.” Wang Yan said righteously.

“Let’s talk about this later, anyway, it’s not a rush to find Momen to settle the accounts. Your current energy is on this fishing operation. In short, you are the commander of this operation, no matter which master you have. Listen to your command. “Han Hongbo looked at Wang Yan with relief. Wang Yan was not only a majestic general but also a lucky general.

Anyone who attends a classmate’s party can unintentionally uncover the conspiracy of the magic door.

If it really happened that Zhou Zhiyi succeeded, he launched the anti-seven star array, but this is a dragon vein on the Chinese earth was destroyed. Within a few hundred kilometers, it will also be completely transformed into a magic land, and become the stronghold of the extraterrestrial devil on the earth.

By that time, the entire Chinese nation will be stunned and forced to fight against the extraterrestrial demon in the front line.

With all these serious consequences, Han Hongbo felt shudder at the thought. The Chinese nation finally survived the catastrophes after disasters, and now it has just started to pick up, and it can’t help but toss about it.

Nowadays, because of Wang Yan, not only has a catastrophe disappeared invisible. Instead, he was blessed by misfortune and confiscated a “reverse seven-man star array.” In this way, Huaxia Guo could take the initiative in the future magic disaster.

Satisfied, Han Hongbo is really satisfied with Wang Yan. If it were not for his age and his strength was not enough to convince the public, he thought of making him the deputy director of the General Administration of State Administration of African Affairs.

“By the way, how are your two friends?” Han Hongbo asked, drinking tea.

Wang Yan knew that Mr. Han was asking about Li Hualong and his wife. He looked right and said: “This matter is the golden lion sword August. It is still helpful. He just sent a message saying that he has successfully rescued Li Hualong and his wife. In the past two days, the Li Hualong couple will return. “

“That’s all right. The young people in the Super Shield Bureau are not bad, and they have the same life and death experience with you. The future is really the world of your young people.” Han Hongbo said, “Xiao Yan, you recently except Outside of directing the fishing plan, you can’t relax your cultivation. I hope you will perform at the Global Young Superpower Conference a few months later and win glory for your country. “

The global youth conference that Han Hongbo said was a grand event organized by the Global Federation of Superpowers. Prior to this, the Federation selected the top ten outstanding young people in the world every three years.

The qualified candidates are all young talents under the age of 30 and who have reached the A level.

In the past, at most eight or nine can be selected.

Young people of this level can reach the S level in nine out of ten as long as they do not fall early in the future.

This time, the Federation took into account that the disaster was about to come, and expanded this event, and informed the various forces several months in advance. This time at the Youth Congress, the Federation decided to relax the conditions to fifty.

As long as a young superpowered person under the age of 50 reaches B level, he can participate in the conference through individual or organization registration.

Therefore, the scale of this youth conference will be unprecedented.

“Oh, Xiao Yan’s strength is probably not weaker than the half-step S-level.” Feng Yuande also sees Wang Yan more and more likes, but this is the talent he has discovered and cultivated. Even with that, there was light on his face, he sipped the tea ceremony, “Who is the youngest superpower in the world, who is his rival?”

“This may not be necessary.” Han Hongbo said, “Since ancient times, the evil is out of the world. Although Xiao Yan has the best strength, the strength of the seeds of other large forces is also not weak. Last time I heard from the scripture, the dark sons and dark virgins His strength is very strong, and those of the Bright Holy See have also made rapid progress, coupled with other forces such as the Super Shield and other secretly trained disciples. The Immigration this time is probably not that simple. “

“It is true that the age limit is fifty years old. It’s really a bit of a daddy. It’s almost fifty, and there is a face claiming to be a young man?” Feng Yuande was standing on the side of Wang Yan most, said in angrily, “This global Superpower Federation, why not put the age limit at 100? Let Yan Zun also participate. “

“Do your best to say that, in short, Xiaoyan’s age and strength are there, and it is definitely one of the most dazzling stars.” Han Hongbo started off the topic, and his expression was a little serious. “Xiaoyan, the fishing plan is our country. The top priority is the plan. It’s up to you how much you can achieve this time. “

Wang Yan’s spirit rose and his expression became serious: “Mr. Han, don’t worry, I have all planned this time. I believe, I will definitely give those extraterrestrial demon a memorable lesson. I will let them know that the earth People are not easy to mess with. “

...

The Domestic Hero - Chapter 558

...

“Boom!”

A thunderstorm exploded in the dim sky, brightening half of the sky.

The fiery white thunder beam is shaped like a branch and stretches for hundreds of kilometers. The passing place illuminates a terrain that is very different from the earth's style.

Here, the mountains are rugged and the strange peaks are like spears. Each stone showed a black ink with blood.

Moist and dark.

The sky is dotted with hazy stars, and a dim and huge blood moon hangs horizontally on top of the mountains.

In this gloomy and dangerous place, a goat-like monster with a horn on his head and a dark body all over his body. It is jumping back and forth between the cliffs, and every step of the jump, it can jump a few tens of meters and step on the narrow footing accurately. The claw-shaped hoof was tightly locked in the gap of the cliff wall.

It hooked up its sickle-like tongue and ejected it a few meters away, curling up a cluster of dark red plants accurately. The tongue was rolled and pulled, and the rhizome of the plant was cut off and swallowed into the stomach.

Although this kind of biological wisdom is low, it instinctively understands the scarcity of food, and it is necessary to keep a rhizome in order to continue picking later.

It jumps thrillingly on the cliffs, there must not be a half spread, every time it is extremely accurate. Because if there is a mistake, it will fall off the cliff and scream.

Life is so difficult, but life's attachment to survival is far more than anyone imagines.

At the same time, in the stone. A physique of more than ten meters, covered in armor, like a monster like the ancient crocodile of the earth, it crawled carefully along the cliff.

Suddenly, it found the target, and slumped on the cliff wall, motionless, under the shadow of the blood moon's dim light, blending with the blood-black cliff wall.

It is extremely patient, one hour, two hours.

Suddenly, it opened its mouth with a sharp bite, the thick teeth of the human arm pierced the body of the sickle demon sheep, the thick body of more than ten meters long twisted, the bones of the prey were all shredded.

As the armored monster dragged its prey and carefully went into the old cave of the cliff cave, a barbed spear flew across the sky.

The bone spear pierced the body of the armored monster like lightning, and nailed deeply into the iron cliff.

“Oh!”

The armored monster screamed and struggled, and its jagged tail hit the cliff.

Boom Boom Boom!

The cliff gravel cracked and deafened.

“Huh, it's not honest.” A seven- or eight-meter-high humanoid monster with a pair of demon wings on his back flew down, and his mouth spoke a complex and abyssal demon language.

This humanoid monster is very similar to the abyss demon lord that Wang Yan once killed, except that its momentum and size are much smaller.

Its strong muscles and patterns on the forehead represent that it is already an adult abyss demon, but only an abyss demon that has just grown up.

As soon as the abyss demon fell to the leather armor, he raised his fist and hit it with a punch.

“Bang!” The monster wailed with a wailing noise.

The skull cracked and exploded, and the red and white brain flew up and down, splashing onto the body of the abyss demon and his face.

The abyss demon licked the brain on the cheek with excitement. Obviously, it is not uncommon to catch this level of prey.

It used a bone spear to pick up the corpse of a leather armor weighing more than ten tons, and flexibly moved towards the top of the mountain.

“Ooooooo ~”

In the distance, on a high mountain rising straight into the clouds, a loud horn sounded. That peak is two or three times higher than Mount Everest, the highest altitude on earth.

Even the highest known peak in the solar system, Mount Olympus, is far inferior.

The young abyss demon’s eyes lit up and murmured in devilish language: “Lord Kakui turned on the horn of war, is it to fight with the nearby Lord Chi Yan?”

The abyss demons are extremely belligerent and have a tradition of devouring the hearts of powerful enemies. They firmly believe that after eating the hearts of powerful enemies, they will gain even greater strength.

Therefore, the abyss demons never fear war.

The abyss demon threw his prey into the mountain stream, fluttered his wings with his spear, and flew directly towards the mountain.

Like it, there are other abyssal demons, who have gathered from all over and landed on a huge platform on the high mountain.

On that platform, a huge palace was built.

After the young abyss demons fell on it, the abyss demons continued to arrive. They have different physical sizes, some are as tall as the young demons, and some are as tall as seven or eight meters.

Two or three of the strongest, their bodies have reached a height of ten meters, wearing armor on their bodies, the momentum is very strong. Those abyss demons that are five or six meters high are nothing but dwarfs in front of them.

Soon, dozens of abyss demons gathered on this platform, all of them came from within a thousand miles.

They are all adult abyss demons. Once they become adults, they are qualified warriors. They will be attached to the lord and assigned to a territory, they can hunt, live and prosper in their private territory.

If it is strong enough, it can also occupy the territory of other abyss demons.

This is a world of weak meat and strong food. The lack of food and resources has led to extremely brutal competition.

After the abyss demons have arrived.

From the palace, a giant abyss in fierce armor and a height of fifteen meters stood out. Beside it, followed by a few dressed-up succubus, succulently dressed succubus.

The complete form of the abyss demons is so huge, but they have the ability to shrink their bodies to the height of two or three meters. Otherwise, those succubi are really bad at serving such a huge abyss demon lord.

At this time, the succubus performed a huge illusion, and the stars were guarding the giant demon lord like a moon.

The young demon looked at the demon lord fiercely. No, to be exact, he looked fiercely at the demon and beautiful succubus. In the abyss world, it's the rule of winner-take-all.

The succubus is very rare, ordinary abyss demons are not qualified to possess succubus. The demon lord, who is very powerful and powerful, can own a group of succubus.

The eyes of the demon lord swept the audience, and the spirit of the lord-level demon pressed all the abyss demons to look up.

Including the strongest two or three abyss demons, they bowed their heads obediently and knelt on one knee.

The demon lord is very satisfied with the performance of his subordinates. It said in devil language: "This time the horn of war is activated because the plane war is about to start."

"Planar War?"

Dozens of abyss demons had some accidents and whispered to each other, "I heard that it takes thirty blood months to open the plane war?"

"Is there a gap in the space leading to that plane?"

"Quiet." The demon lord snarled.

Its sound was like a thunder, and the abyss demons were trembling and silent.

The demon lord swept his eyes and said seriously: "This war is an action called by the blood horn king. Lord blood horn king has determined that the rich lower-level plane has our internal response. We will compete with others Thirty blood months into the inferior plane, do you know what it means? "

Sure enough, those abyss demons were excited, Blood Horn! It was high above, like a god. If led by the blood horn king, enter the rich lower plane in advance, everyone will get more benefits.

"Thousands of blood months ago, the blood horn king was just an ordinary abyss demon. It was really because he had obtained a lot of resources and merits in fighting the lower plane, making it within a few thousand blood months Become the demon king. "The voice of the demon lord Kui has a hint of confusion," Follow me to the battle plane, you also have the opportunity to become the demon king. "

“Aoao ~”

The abyss demons were motivated by the morale, waving their spears, sickles and other weapons. His expression was very excited, and his eyes showed a terrible blood.

Similar scenes are staged everywhere in the blood horn kingdom within a thousand miles.

...

On the distant earth.

In the urban area.

The working crowd raised their heads and looked at the dark clouds rolling in the sky. They are as thick as Yue, as if they are pressed on people's heads.

In spring and March, there has always been a long spring rain.

This scene of a storm full of wind is extremely abnormal and rare.

The crowd hurriedly speeded up their steps to prevent the rain from seeping through.

It's just that they didn't find out that the black clouds were just rolling, and there was no rain coming down.

Dang Lake nearby.

Within ten kilometers, there are no ordinary people.

In this core area, the dark clouds are denser, covering the sky and covering the sun, and there is almost no sunlight.

This is the role of “yin and yang upside down in a trapped fairy array”.

One side of the flag blocked the area of ten kilometers in diameter. In this area, the yin and yang poles were reversed, and the space was firmly locked. The most important thing is that within this range, spells such as space shuttle cannot be used.

Well known.

The abyss demons are best at space spells, teleporting behind you, it is commonplace to have a raid. And once they fall into an unfavorable situation, they will often fall apart and cast their own space spells to escape.

This is the most unpredictable and difficult aspect of the Abyss Demon.

Wang Yan stood in the sky and the devil wings fluttered slightly.

He carried a rune super sniper in his hand, his eyes fixed on the altar in the old house below.

On the edge of the altar, a man and a woman were sitting. The man is old and thin and much thinner, and the woman is a succubus with a pair of curved corners and wings.

The succubus' eyes closed tightly, seemingly out of sight.

“Reverse seven-pointed star array”, is exuding the light. It belongs to the half-start state, enough to allow the succubus's spiritual power to communicate with the opposite.

Suddenly, the succubus eyes opened, and there was a happy look on Qiao's face, and a gesture was made to Wang Yan from afar.

...

The Domestic Hero - Chapter 559

As soon as Wang Yan's eyes light up, he understands and takes a deep breath.

Then he said with communication equipment: “All units pay attention, all units pay attention, and start to act according to plan.”

“The energy group starts nuclear energy, and the conversion group pays attention to keeping the energy conversion smooth. Brothers and sisters, this will be an action that goes down in history. Let those **** aliens, see how powerful we are.”

His words fell.

A powerful and vast energy was injected into the inverse seven-pointed star array through the rune transformer. With each line of the formation, a hot white light burst out.

All the straight lines are connected together to form an inverse seven-pointed star array.

“What a powerful energy response.” Wang Yan felt the energy of the seven-mand star array rushing across the face and couldn’t help but admire it. Nuclear energy is really an awesome energy.

Change is still continuing.

The seven-pointed star array is getting brighter and brighter, and each one of the mouths emits a beam of light. The seven beams of light converge above the altar, and they blend and collide with each other, blooming a terrible and terrifying energy.

That energy tore through the space and eventually converged into an oval door.

The door of space is like a wave of water, deep and vast, and there is no white energy flowing around it.

“All units pay attention to concealment, and all units pay attention to concealment.” Wang Yan Shen Sheng ordered.

At the same time, the yin and yang turned upside down in the fairy array, and exerted huge energy, and the dark clouds rolled more fiercely. Within the formation, even the mental power can hardly penetrate those dark clouds.

At the same time, it can also prevent the outside from detecting the formation, or isolating the energy in the formation from overflowing.

“Wow!”

The succubus spread its wings and flew to the door of the space, and she couldn't help but spread to the door of the space. Just a few seconds later, a pair of huge devil's claws came over, it pulled hard, and the door of the space was opened a lot.

A complex and incomprehensible demon language came from the door of the space: “You are the succubus' surviving family on this lower plane-Meier? Sure enough, it is even better than the king's imagination. King, with your qualifications, this king will help you grow up to the lord level as soon as possible. You know, in our abyss world, succubus at the lord level is rare. “

“Thanks for the heavy weight of the blood horn king.” The succubus had a look of joy on his face, and his eyes were full of worship. “I also asked the blood horn king to lead the army to come as soon as possible and occupy this place of China. It became the stronghold of our devil family.

far away,

Wang Yan felt the vast and terrifying power, and his heart thumped. Is that the blood horn king mentioned by Meier before? A few days ago, Meier has been communicating with the abyss world.

According to her, there was an abyss demon called the Blood Horner who established contact with her.

Blood Horn King!

That's an abyss demon who surpassed the demon lord and reached a semi-god level. To this end, Wang Yan directly communicated with the National African Affairs Bureau and mobilized the support of the two masters, Uncle Gun and Aunt Gun.

Once the demon king can be killed in advance, the help to the earth is too great.

“and many more!”

The blood horn king opposite the door of the space said indifferently: “Charm, why are you full of dark clouds and weird power? And the spiritual power of this king has been strongly interfered. Is this a trap?”

“The blood horn king is more worried.” Meier said calmly and calmly, “The subordinate started the inverse seven-pointed star array with such a large energy. What if the human master is aware of it if he does not make some preparations in advance? Next, a method of formation was used to cover this 10-kilometer-diameter area. When our army was assembled, we could quickly capture human territory and establish my abyssal stronghold. “

“You’re quite thoughtful.” Blood Horner said lightly.

“King of the Blood Horn, our energy is limited, and the door of space cannot be maintained for a long time. Please also come to the army of adults.” Meier kneeled on one knee with a straight face, “My subordinate is a succubus, and I hope that the earth will become ours. territory.”

“Okay, after the event is completed, the king will reward you with a territory of 500 kilometers, 3% of the merits and resources.” The blood horn king also knows that the opportunity will not come again, his hands will pull, and the door of space will be pulled again. Be bigger.

“Little ones, come to this inferior plane called the earth, let the people of the earth tremble.” The spirit fluctuation of the blood horn king swept toward the army behind him.

The period of the abyss demons was ignited to the extreme.

The first wave came out, not the abyss demons. It is a group of monsters with strong limbs and blue-faced fangs. Those monsters, only two or three meters tall, revealed a fierce breath in their eyes.

They were like dense ants, pouring out of the door of space and jumping to the ground one after another.

Devil!

They are not indigenous to the abyss world, and like the succubus, they originally had their own hometown and world. It was only when the abyss demons conquered the other world, they captured their hometown and tamed this race.

Since then, the devil has become a large army of minions under the abyss demon. Their strength is strong or weak, and the worst in adulthood can reach the D level, and the highest can even be equivalent to the strength of the adult abyss demon.

With the emergence of those hordes of monsters, there are also sparse Lala abyss demons. They act as commanders and lead those evil spirits.

The succubus danced in the air, directing the traffic, constantly shouting to be quiet, quiet, and orderly lined up within the dark clouds.

In just a quarter of an hour, tens of thousands of voluptuous demons and a dozen or so abyss demons came to earth. They are all concentrated within a radius of two or three kilometers. The large number and strong momentum make people unable to bear the scalp to burst and shudder.

If it hadn't been prepared for a long time, this army of abyss demons alone could put Hua Xiaguo into a land of nowhere.

With the emergence of all demonic forces.

From the door of space, five abyss demons with huge body and a height of more than ten meters appeared one after another. Their image is grisly and domineering, and the momentum exuded from all over them makes people feel a heavy stone.

Demon Lord!

Five demon lords.

Last time, Wang Yan and others dealt with a demon lord, and they all survived. They finally managed to kill the lord by the volcanic eruption.

Any one of these five demon lords can cause a huge disaster.

Their eyes glanced at Mei'er, and they both sighed with emotion. It's a pity, a pity, a pity succubus. Now that the best succubus has been booked by the blood horn king, they will never be eligible to get involved.

In the end, the two giant claw masters supporting the door of the space yanked into the door of the space.

A demon king who only heard the sound and disappeared, finally showed his true body. Its physique is more than double that of the demon lord, its bones are wide, and its height should have exceeded 20 meters.

The wingspan is expanded, and it is more than 30 meters wide.

The most peculiar thing is that the devil's horn on its head showed a red blood color.

"Earth? Ha ha, the king is back." The king of demons sniffed the air and couldn't help but say, "Thousands of blood months ago, the king was just an ordinary abyss demon. Now, This king is the king of demons. Little ones, let this earth world tremble for our arrival. "

"Blood Horn King, Blood Horn King!"

The abyss demons shouted excitedly. Even those low-level monstrous devil yelled. If it were n't for the formation of sound, it would spread to more than a hundred miles away.

"Humanity, full of fear, trembling, and welcome the King's arrival."

The abyss demon army, the morale is greatly boosted, and it has entered a state of madness.

"The energy group pays attention, cut off the energy transmission, and close the inverse seven-pointed star array." Wang Yan and others have already retreated to a distance. Sending information by radio.

"Energy group received, energy group received."

With the chopping of energy, the brightness of the anti-heptagonal star array dimmed, and the door of space instantly dissipated between the invisible.

“Well?” The Blood Horner swept the door of the space, slightly surprised. “The door of the space should be maintained for a period of time according to the previous signs ?, Meier, you ...”

When the Blood Horner turned around to find the succubus, she found that she was gone.

“The door is closed, ready to hit the dog.” Wang Yan said with a deep voice, “The blasting team is ready.”

“The blasting group is ready, please instruct.” The echo of the blasting group came from the radio.

“Prepare to start the blast, count down!” Wang Yan’s eyes flashed sharply, and he would never have any pity for the alien invaders.

“Ten, nine, eight ...”

“Giggle ~”

In the midair, there was a succubus silver bell-like laughter, “Master Blood Horn’s real body is really majestic and strong.”

“Mister, what are you doing on it? Come down and let this king reward you for your merits first.” The blood horned king narrowed his eyes, and seemed to be interested in Meier’s superb succubus. Our agreed plan. “

There is an unquestionable majesty in its words.

In the abyss world before, it was afraid that it would offend the succubus, what if the other party fights for life and death, and does not start the teleportation array? Now that he has come, he cannot tolerate the wild succubus wildly.

As soon as the blood horn king made this remark, the several abyss demon lords that were around him also made a lewd ~ lascivious laugh.

“Giggle ~” The succubus smiled **, “Stupid blood horn king, just because you are such a idiot, even if you kneel down, your grandma thinks your tongue is dirty.”

“What !?” The Blood Horner and others were stunned, and had never seen a succubus speak like this. The blood horn Wang Dun suddenly changed color, “How dare you ... what? No !!!!”

“boom!”

High-energy explosives buried underground exploded, and a terrifying shock wave spread out in all directions around the explosion point.

The Domestic Hero - Chapter 560

Although this explosion was not caused by a nuclear bomb. However, the accumulation of a large amount of power has surpassed the original Nagasaki nuclear explosion by more than ten times.

Nuclear bombs are very powerful, but if they have sufficient preparation time, they do n’t need nuclear bombs at all. Moreover, nuclear explosions can also produce very bad nuclear radiation, contaminating an entire area.

Under such a terrible shock wave, those low-powered demon and abyss demons, even with no time to react, were crushed by the extremely violent shock wave, and the fire that followed them swallowed them.

At the moment of the explosion, the blood horn king roared angrily. A vast, god-like force poured out on it, and the black magic gas surged out, forming a large shield.

The rest of the demon lords also responded very quickly, and they all supported the magic energy shield.

boom!

The shock wave swept through the demon shield and shattered it.

Regardless of the fact that the Blood Horner is a semi-god-level powerhouse, it is impossible to cover the sky with one hand only, unscathedly blocking the equivalent shocking shock wave to such a terrible level.

The second wave of flames that followed immediately ruptured the remaining shield and took away the enemy's life.

According to the principle, the explosion shock wave will spread a long distance. It's just that those Yu Wei were blocked by the Yin and Yang upside down trapped in the fairy array. From the center of the distance, it looks like it's still just dark clouds, churning.

All of this happened in a very short time.

After an explosion, a huge pit with a radius of two or three kilometers was sunk in the ground. The deepest place is a few hundred meters deep. The Zhou's old house and Danghu Scenic Area have almost disappeared. A large amount of groundwater surges out, and the water in Danghu flows back in.

This huge pit will become part of the lake.

This result was accurately calculated by Wang Yan who commissioned an expert.

He knew that if he doubled the explosion equivalent again, he would eventually survive, fearing that there was only one blood wounded king. However, the reason why he did not dare was because this geological structure could not withstand such an explosion, fearing that it would form volcanic eruptions, earthquakes and other zones.

As a result, you will not have to try.

But even so, there are less than thirty ordinary abyss demons still alive throughout the scene, and a dozen powerful devil demons. Most of them have been hit hard, and their combat effectiveness has dropped by 80% or 90%.

The five demon lords are much more fortunate. Not only are they powerful, but the blood horn king helps resist most of the explosive power. Therefore, although they were very embarrassed, they were only slightly injured by varying degrees, and their combat effectiveness dropped by at most 10%.

As for the blood horn king, it is much worse than them. The armor on it has been broken a lot, and even the huge wings have been burned out of a lot of holes, and the corner of the mouth is bloody, and the image is very embarrassed.

“Bitch, darling, how dare you dare to betray the noble demon family.” The blood horn king roared angrily, and the dark clouds in the sky dissipated much.

“boom!”

The answer was a rune super sniper bullet.

The powerful rune bullets, before they approached the blood horn king, were blocked by a magical energy and melted into nothingness.

“Blood Horned King, your strength is good.” Wang Yan came out of the dark clouds carrying the rune super-sniper, and said indifferently, “I know you have been to the earth, and have been raging on the earth for many years, understand me Words. The shot just now was just a small warning. If your mouth is not clean anymore, do n’t blame me. “

Wang Yan has recently made up for the abyss demon language. With his strong memory, he can now understand 50 to 60% of his words, but he still stumbles when he speaks devil language.

“Human?” The blood-horned king looked at Wang Yan from afar, and his expression was like looking at a fly. “Your breath strength is among humans, maybe it is a master. But in the eyes of Ben Wang, He Yi There is no difference between only ants. Why do you dare to warn this king?

“Oh, that’s it.”

Wang Yan raised his hand and issued a signal.

Several J-20s traveling back and forth in the stratosphere aimed at the coordinates shown, and puffed out five or six air-to-ground missiles.

This missile is extremely fast and can easily destroy large military fortifications on the ground.

It's only a few kilometers away and it's only a few seconds away.

“what?”

Hundreds of years ago, when the blood horn king came to earth, the earth was still in the cold weapon era.

Such things as missiles are unheard of, unseen.

“Depending on these things, dare to threaten the king?” The blood horned king showed disdain and did not dodge, waving a tens of meters-long giant spear in his hand, repeatedly ill.

It is extremely powerful, and with a wave of it, it danced six guns, and it was extremely accurate on those missiles. Trying to flick them with brute force to deter the arrogant human beings on earth.

“Boom!”

The six high-power missiles exploded at the same time, and the shock wave spread out in a spherical shape in all directions. Several shock waves are intertwined, and the power is multiplied several times.

The Blood Horner who was caught off guard was like being concentrated by a heavy fist, and flew a dozen meters out of it, and his body was covered with marks of being cut by ejection fragments.

The demon lords not far from it were also implicated, each with varying degrees of damage, and their expressions were shocked.

“How is it possible, what are these explosions?” The blood horned king's huge pupils squeezed, staring at Wang Yan cautiously, as if he dare not look down upon Wang Yan again.

“Giggle ~”

A series of charming and charming laughter sounded, and the flirtatious succubus flapped its wings, snuggling close to Wang Yan, with awe in his eyes, and said to Wang Yan affectionately, “Master,

you are really wise, you have no choice. This stupid Compared to your master, the demon king is just a stupid donkey. “

These words made the blood horn king explode, and the whole body shivered and roared: “Bitch, it turns out that you have already taken refuge in human beings. A good higher race is improper, but you want to be a slave of the next race.”

“Oh, blood horn king, it seems that you haven’t learned well yet.” Wang Yan waved his hand again, “I tell you not to swear.”

More than ten kilometers away, the long-listed artillery array exerted its power.

Boom!

Hundreds of large-caliber cannons roared together! Hundreds of meteors glide through the sky.

The rain of artillery shells was coming quickly, as if forming an interwoven net, gathering the blood horn king and all the roads beside it, and the abyss demons begging for shelter.

“What the **** is this?”

The blood horn king’s giant pupils contracted, and this time it did not dare to mess up, hurriedly gathered the majestic devil qi, and enveloped a whole body barrier.

“Boom!”

Continuous explosions and roars made the sky change colors.

The blood horn king is a demi-level power. Although the power of large shells is strong, the shock waves can only shake its shield.

However, the rest of the remaining abyss demons, demon lords fell bloody.

Shock waves are intertwined with each other, and the flying of shrapnel makes this piece of space like a whetstone. Hundreds of shells almost plowed the ground.

The A-level units present quickly dropped by half, leaving less than twenty. The demon lords were also blown up very lightly. Although they were not hanged up, they were also in a state of extreme embarrassment.

“Oh, blood horn king, you have to pay attention to politeness when you come to the earth. If you are not convinced, you can try to curse a **** again.”

Wang Yan said these words in stumbling demonic language.

Although he said bad things, but those demon lords, the remaining abyss demons all understood. However, they were very wronged and looked innocently at the Blood Horner.

It turned out to be the blood horn king. You were too arrogant, swearing and swearing, which led to the last two waves of attacks?

In the current situation, fools all see that they are caught in a trap, which is very unfavorable. Your old strength is strong enough, it doesn't matter if you face this wave of attacks. But we have the so-called, if you continue this way, I am afraid that the whole army will be wiped out.

All the abyss demons feel very wronged in their hearts. Boss, you vow to bring us to the earth to fight and make a fortune, there are countless beauties of wealth and resources.

It turned out to be good, only a few minutes after coming over, almost the entire army was wiped out. You have to be arrogant and arrogant, making the enemy unhappy. Following this boss is really bad luck.

“You! How dare you threaten ...” The blood-horned king was furious, but felt the crying eyes cast by the younger brothers, so he had to be honest and hummed. .Finally, what conditions do you want to let us go? “

The blood horn king is not stupid. Its powerful perception makes it clear that they are trapped in a cage-like space. In this space, the perception is blocked and the space spell fails. With its strength, it is not impossible to blast this cage, but will the enemy be given such a chance if it has already arranged all its enemies?

“Oh. You followed this stupid boss, and I feel so sad for you.” Wang Yan looked at the demon lords with sympathy and pity, “I can’t even see my enemy. I as an enemy, It took so much trouble to arrange for so long, and it took countless resources and strength to obtain the current result. A few of you talk about it, will I let you go easily? “

will not!

Several demon lords shook their heads together, comparing their hearts, and they didn’t do them. Therefore, in their respective hearts, they were even more resentful of the Blood Horner, and they were usually tyrannical, but once they reached the state of war, they would make such stupid mistakes.

“Cough!”

Wang Yan coughed heavily and said loudly, “Actually, personally, I have no deep hatred with your abyss demons. It is not impossible to let you go.”

All abyss demons had a glimmer of hope in their eyes.

“First of all, as aliens, since you have come to our earth, at least you must maintain respect for the human beings on our earth?” Wang Yan said in a serious manner. “No matter who you are, just kneel down and ask me for mercy, I promise to never kill it. “
