

D. Hero 751

The Domestic Hero - Chapter 751

The voice just fell.

The female superwoman stepped out of thin air, and the whole person flew out like a cannonball.

All the audience at the scene immediately exclaimed, this explosive speed, in just a moment, is almost to the point where the sound barrier is about to break.

Huangfu Nanlian's eyes widened, her heart was still in the shock just brought by the women's Super League, and she was hard to extricate herself.

Right now, the female superstar has shot to her, and her clenched fists are clearly visible.

Nanlian's pupils contracted at a rapid rate, and her heart suddenly tightened. At this moment in time, it seemed to be solidified.

In a hurry, Nan Lian grabbed the ancient Xue soul and crossed her arms in front of her. With the increase of the Xue soul, a zigzag ice shield appeared on her left wrist.

Almost at the same moment that Nanlian's iconic zither-shaped ice shield was formed, the female superhero's heavy fist had blasted over.

"Boom!"

Fist and Ice Shield collided suddenly, a circle of air waves spread, and Nanlian's delicate body was immediately flew out.

"Well!"

Nan Lian groaned, and the internal organs seemed to sway, and the entire left arm was immediately painful and numb, and the ice shield also heard a large cracking sound.

She felt like she was hit head-on by a high-speed container truck. The force of tyranny made her unable to support it at all, but she couldn't spit it out just because she was holding on.

"Oh, it's actually blocked, it's a little interesting." The female superwoman stood in place, chuckled, and flew out again, disappearing in place.

On this side, Nan Lian flew in the air several times in a row, and then just barely landed without falling.

Unexpectedly, her feet just touched the ground, and the Super Girl rushed to her again.

"Boom!"

Another powerful bombardment.

Once the super attack of the women's Super League is formed, it is impossible to give up. However, Nan Lian's own strength is not as good as that of the Women's Super League, and the power advantage is not in the close combat. Soon, the scene on the ring has completely presented a one-sided situation.

"His! This punch is heavy."

"The female Super League is here again, Nanlian be careful!"

"Oh! It hurts ..."

The audience in the auditorium looked air-sucked, and felt distressed for the beating Nan Lian.

The female super attack is very fast in the ring, just like a female tyrannosaurus, she doesn't have too many fancy fighting skills, just ordinary punches. However, with such a simple punch, not to mention the ancient Tyrannosaurus, even a Tyrannosaurus Rex had to be beaten to death by her.

“Son of flames, it seems that your little girlfriend is going to lose.” On the seed seat, Holy Knight, especially Seth, seemed to have expected the result, and said calmly, “As an A + level superpower, the female It ’s amazing to be able to support this for so long under super full attack. ”

“The female superstar is the fastest among our seed players, and she can reach 50,000 kilograms with a single punch, and 60,000 or 70,000 kilograms with a little more seriousness, or even higher.” Blood Wolf Walton He also said, “Although the overall combat effectiveness is a little weaker than that of Uncle Ben, but this strength, players within the A level, can’t bear it at all.”

Ulysses and Blood Wolf, these two veteran half-step S-class powerhouses, have had many years of contact with the women’s super team. They know nothing about the strength of the women’s super team.

But even if they don’t say it now, Wang Yan can see the situation on the spot.

The power of the female superhero is not to mention Nan Lian, even if Wang Yan is a bit overwhelming, plus the female superhero has that kind, it can easily break through the speed of the sound barrier, which is simply a nightmare for some mid-range and long-range superpowers.

Once the attack of the female super team is fully carried out, the super powers who are not good at melee are only passively beaten.

“Amitabha, Pharaoh, I think I can call Nan Lian to admit defeat, so I’m afraid it will hurt a lot in the future.” Liu Bujie read the Buddha’s number once, and he couldn’t bear to look at it again.

“Six not to say right, Xiao Yan, let’s abstain for Nan Lian.” Wu Ya Ange also looked at her with fear and walked all the way to Wang Yan. “We have four people in the National African Bureau who have advanced to the top 16. This is Things that have never happened in history have been enough for us to show our national strength. Now Nanlian has done his best. I think it is almost the same. “

Wang Yan stared closely at the ring, and after a few seconds of silence, he spit out a few words: “Wait.”

“Some breakthroughs of the superpowers are precisely caused by struggling time and time to squeeze their own limits. Furthermore, the proud Nanlian sister has always been unwilling to lose. Now let her abstain, she is sure She was unwilling to understand, so she might as well let her do her last effort. Besides, we all watched next to it, no problem. “Wang Yan said faintly, his eyes never left the ring.

Everybody around heard Wang Yan saying this, and then he took a moment to think about it.

In fact, Wang Yan was very distressed when he saw Nan Lian being beaten unilaterally, but he paid more attention to Nan Lian's own opinions.

Of course, although the women's Super League is proud, it can still be trusted. If the ring is now the Satan apostle Harrison, or a cruel guy like Ampei Zongxiu, he didn't say anything, and he went up to stop the game.

"I believe uncle, and I'm ready, my milk is enough!" Sun Youmiao came out silently from behind everyone, holding a bright green light full of life force, obviously Prepared for treatment.

Only when she said this, Uya Ange and Liu Bujie's eyes didn't consciously jump.

"Uh ... you are a little girl, with enough milk. Who taught you this sentence?"

"Um, it's uncle ..."

Wang Yan's head was dizzy, and it was obvious that the girl had learned it by herself, but he was a good uncle with good behavior ...

...

"Boom!"

Suddenly there was a loud noise on the ring, followed by a "bang", like the sound of broken glass.

Under the heavy punch of the Super League, Nanlian's zither-shaped ice shield finally couldn't support it and completely collapsed.

The whole person of Nan Lian was like a baseball that was shot and flew out instantly.

"puff....."

She reversed seven or eight laps in the air before she fell heavily to the ground, and a spit of blood could not help spurting out.

At this time, Nan Lian crawled on the ground, pale and weak, and even the white dress and the ancient Xue Ling held in his hands were covered with red blood.

It can be seen that she has tried her best in this matchup, and there is no longer any possibility of overturning.

On the seed table under the field, Wang Yan felt distressed and stood up.

But he hasn't spoken yet, and Nanlian has heard a soft drink from the ring: "Don't come!"

"I, I haven't lost yet ..." Nan Lian gritted her teeth, her body trembling slightly, and stood up hard.

Despite this weakness, the fighting in her eyes did not weaken.

"You are a stubborn opponent." The female superhero suspended in the ring exhaled deeply, and finally showed a serious and angry expression, "You have made me spend a lot of energy, since you still refuse to admit defeat, then I had to give you a ride. If it caused you devastating damage, do n't blame me. "

The female super girl finished her right fist and pulled back, her muscles tightened instantly, and the powerful force from the inside out immediately shone a wave of transparent ripples in the air.

"No, the power of this punch is at least more than one hundred thousand kilograms! No, more than that, her power is still rising!" Six eyes off the field opened his eyes wide, he had a good grasp of power skills, he could do it at a glance I saw the terrible power of the female super team this time.

Wang Yan stiffened immediately, clenching his fists tightly, and wanted to step forward to stop, but he took his steps out and back again.

Looking at the ring grimly, despite many hesitations, he finally chose to respect Nanlian and believe in the other party.

In any case, the victory or defeat is at the end of the fight.

The audience around the audience was full of exclamation, and some audiences could not bear to watch it anymore. If the female superhero continued this trick, the ice queen of the National African Affairs Bureau would have to peel off without dying. It will definitely be very miserable.

Suddenly, the female super move.

She was like a bullet that burst into the air, and flew into the front of Nanlian in the blink of an eye. The power accumulated by her right fist had been brewed to the extreme, as if Nanlian would be fiercely smashed into the fly in the next moment.

At this moment, the time seemed to be still. Everyone on the scene widened their eyes and held their breath.

Suddenly, “click ...”

A slight unheard of cracking sound was heard from the ancient snow soul in Nanlian’s hands.

It turned out that just after everyone was concerned about the powerful female timeout, after a series of battles and potential stimulation, Nan Lian established a certain connection and resonance with the precious ancient Xue Ling in her hands.

Observing Wang Yan carefully, it was precisely after seeing a slight change in Nan Lian’s breath that he chose to trust the other party.

But even Wang Yan did not find that the essence left by the ancient Xue Ling had actually undergone strange changes.

The outer wall of the crystal on the surface of the ancient snow soul, all the places contaminated by the blood of Nanlian, all issued a thin crack, and finally cracked with a click.

Inside the crystal, the erratic snow mist seemed to be alive. All of them passed through the crystal and followed Nan Lian’s body into her body.

At this moment, this group of ancient snow spirits is full of the essence of the ice and snow rules, and has been combined with Huangfu Nanlian, whose potential has been pushed to the extreme.

“Ice Queen of the National African Affairs Bureau, you lost!” The female superwoman’s voice was cold, and her fists swayed out, as if with great strength, she kept moving forward.

“boom!”

The female super fist waved out unreservedly, the trembling air rumbling.

But when the fist was swayed towards the opponent, the moment she used her power, she could not feel it at all, and flew the opponent’s joy and good intentions.

Instead, a strong sense of panic surged into her heart.

“Why, what’s going on ?!” The female superstar widened her eyes and looked forward.

His fist, only two or three inches away from Nanlian’s face, was frozen out of thin air!

How is this possible? !

...

The Domestic Hero - Chapter 752

At this moment time seems to be slow. .

The female super girl’s beautiful eyes were wide open, and she couldn’t understand exactly how the Huangfu Nanlian in front of him did.

The punch just now, even if I did n't go all out, it was because I was afraid of killing Huangfu Nanlian, but even so, she also used 70% to 80% of the power. If converted into a unit, it would have at least 200,000 kg. Coupled with her high-speed impact, a building can easily collapse.

But at that moment, she felt that her fist was hitting the cotton, and all the power seemed to be mud bull, and all disappeared.

In addition, what shocked her even more was that the air in front of Huangfu Nanlian was like a very cold and thick sea of ice, full of invisible power, so her fist was pulled out of this cold wave like this out of thin air, frozen and unable to move .

“Kaka Kaka!”

The facts are far more than that. This invisible cold wave, along the arms of the Super League, quickly spread to the body of the Super League at this time, and it clicked all the way. The place passed by was frozen.

“hiss!”

The female supergirl couldn't help but take a breath. She felt the coldness of the bone, as if even the cells in her body would freeze.

Frightened in the next moment, he quickly turned on the power, violently broke the shackles of the cold wave, and retreated one after another.

At this time, the audience in the whole venue exclaimed with a loud outcry.

“The power of the ice queen is different, so strong cold!”

“She has evolved, she has become stronger!”

“It's amazing, this is the first time I have seen someone advance in battle!”

In the cheers of the people, Huangfu Nanlian slowly hovered above the ring, with long crystal white hair flying in the wind, and a pair of double pupils like glacial vortices, full of fierce majesty.

The slender Miaoman's splendid body is surrounded by a strong cold air, and the sudden drop in temperature makes the water molecules in the air all condense into small sharp ice crystals.

These ice crystals float like thick patches of white water in the air, slowly flowing with the airflow around Nanlian's body.

The ice and fog gather more and more, and the concentration becomes thicker and thicker, and the range of the envelope also becomes larger and larger. After just two or three seconds, the ice fog has formed a small snowstorm that covers a hundred meters!

This concentrated snowstorm is the best proof of the application of the ice and snow rules, and Huangfu Nanlian is like the ice and snow goddess that has come to the world. He is suspended in the center of the whirlpool of the snowstorm.

"Awesome, really amazing!" On the seed table off the floor, the blood wolf Walton and Holy Knight Ulysses clapped their palms together. "Son of flames, your little girlfriend is really awesome. With such a strong talent, we are ready to make breakthroughs in battle. "

The blood wolf Walton and Ulysses are really convinced. In the history of impending breakthroughs, few people can do it. Occasionally there are so few of them, but most of them are not opponents of the enemy. In the end, it is because the foundation is too shallow, or the injury is too heavy, or the enemy is dead or defeated.

But Nanlian was different at this time. Her momentum was better than before. From the majesty of her face, not only did her strength not decrease, but it was not quite as ambitious as it was full. This was simply a miracle!

"Nan Lian has absorbed the ancient Xue Soul and has taken a half step S-Class ?!" Wu Ya Ange stood behind Wang Yan, her eyes wide open, a look of surprise and joy.

"Yes, Sister Nan Lian really broke through to the half-step S level. Look around her, that's the power of the law!" Wang Yan's heart was surging with excitement. His feeling now is more than his breakthrough promotion. Happy.

It is only a matter of time before we can make a half-step S-class, as long as there are no accidents, we will advance to the S-class and enter the top ranks in the world.

What's more, Nanlian hasn't arrived at the age of thirty, and the potential has not been fully realized. In the future, let alone S-level, even higher realms are possible!

"Amitabha, the poor monk is really so pleased. In this competition, Gao Mingyue and Nan Lian, all of them have taken the half-step S-level. The poor monk is proud of our China country!" Almost crying.

"Yeah! Aunt Nanlian is so good!" Sun Youmiao, who was originally ready to rescue at any time, was upset and raised her hands to cheer for Nanlian. "Miaomiao will become a super goddess like Aunt Nanlian in the future!"

"Huh, isn't your Aunt Ange awesome?"

"Well, Aunt Ange is also powerful, and it won't take long before Aunt Ange will be able to advance to the half-step S-level and become a goddess!"

"Giggle, Miaomiao is so good, touching her head."

"Wang Yan, your side is really full of miracles. Every one of your partners is so amazing. It's amazing." On the other side, the desert emperor also straightened up from the seat, looking at the ring, wondering, "Could it be, As your Chinese nation often said, things gather together, people divide into groups? "

The emperor of the desert seemed to laugh half-jokingly, "I think this Miss Nan Lian, like the previous Wuya Ange, is not simply a high talent, but a kind of innate affinity from the blood lineage inheritance. me too."

"Same as you?" Wang Yan drew a breath, and the desert emperor, such as the daring character, said such words, but it was an absolute recognition of An Ge and Nan Lian.

This is also enough to show that the two of them lacked resources and methods in the early days, stumbled all the way, and were not noticed, but now they are different. The potential of the two of them is gradually being revealed, and the future is absolutely limitless.

“Yes, it is because I inherited the blood of my ancestors that I have absolute control over the desert.” The desert emperor replied blandly. “In fact, you are the same. Everyone here can reach the finals, or more. There are at least some of them unique. “

Wang Yan nodded. Although he couldn't figure out Nan Lian's life for a while, at least Nan Lian's blood lineage was a very good thing for her. At present, this is enough.

...

On the ring, the temperature around Nanlian was covered by the snowstorm, and the temperature had already dropped below the freezing point.

The rock bricks laid in the ring are all sturdy volcanic rocks. At this time, under the extremely cold temperature, the frozen “click” sounds and large cracks. Even the transparent circle surrounding the ring behind her was covered with a layer of cold frost at this moment.

In the air, even a hint of water vapor condensed into ice, which swirled around her with the wind.

These ice crystal snowflakes full of law power, like a sharp dagger blade, rotate with the hurricane whistle, the sharpness seems to be enough to tear any life stepping into this field into pieces!

“Huh, it's really powerful, but you have just made a half-step S-class, and your own strength is not stable. What can you win me?” The female superstar is also very surprised that Nanlian can advance in the battle, but she is proud and doesn't believe it I will lose to a novice who has just taken a half step S-level and is not stable in all aspects.

“Then you can try it.” Nanlian's voice was cold and her eyes sharp.

Pulling her hands out of thin air, a simpler and thicker zither-shaped ice shield and sharp ice sword appeared in her left and right hands, respectively.

At the same time, the blizzard that almost occupied half of the ring, with Nanlian as the center, formed a huge ice and snow vortex. The scene was like a cyclone in the small universe, magnificent and magnificent.

“That’s fine, don’t regret it!” The female super hero dared not look down on the new man in front of her again. This time she can show her twelve points of spirit. Lotus rushed away.

Nan Lian also had a positive look and rigorous eyes. With the rules of ice and snow that he had just touched, he controlled the blizzard that could be soft and welcoming, and welcomed him without any weakness.

This time can be described as a real strong collision.

Nanlian is no longer the object of the previous passive beating. The new ice shield and ice sword give her a very strong melee and defensive ability. At the same time, in a large-scale blizzard, every snowflake and ice crystal are sharp like a knife, with Powerful freezing and lethality.

At this time, Nan Lian is very different from the past, and it is almost difficult to find her dead end.

The strength of the women’s super team is strong and domineering, and the speed is very fast. There are often no fancy moves, but they often break through with force and force.

This time, the audience was so excited that the audience watching the game was all extremely excited.

This kind of scene is usually a rare one. Special effects are even more explosive than Hollywood blockbusters. How can the impact of watching on the scene be comparable to watching movies across the screen?

The key is the Queen of Ice, even in the most critical moment, he is advancing to battle and transformed into a majestic ice goddess. She is now playing against the superwoman Vera Denver. This is a very attractive and wonderful. !

Suddenly.

After a few rounds, the female Super League and Nan Lian, who were about to reach their limits, had a final duel.

The female super hero has accumulated all her strength, her eyes glow red, and she once again shoots a powerful high-temperature heat ray.

Nan Lian also almost reached the limit. At this time, he clenched his teeth and insisted on gathering all the strength. All the snowstorms became one. The thick and roaring storm snow column was like a roaring and winding snow dragon, rushing straight ahead to the female superhero Bite off.

The high-temperature heat ray of the women's superpower, although powerful, can also put a heavy burden on the body. It is difficult to support only by breaking the storm snow column in half. Nan Lianxue's eyes condensed, and took the opportunity to exert all the remaining power. The remaining snow storm pillars, all slammed on the female super body.

“boom!”

The roar like an avalanche continued to reverberate on the ring, and a huge amount of snow fog instantly rose throughout the ring. The transparent defensive circle surrounding the ring all attached a layer of crystal clear frost.

At this moment, the scene of the conference was silent, and everyone stared breathlessly, staring closely at the snow and mist on the ring, waiting for the result to appear.

After counting the interest, the tumbling snow mist finally subsided.

Because of the previous battle, the entire ring above the chaotic zone, especially the center just after the snowstorm bombardment, revealed a large pit nearly ten meters wide.

The edge of the big pit was frozen and covered with wind and snow. You must know that these are extremely hard volcanic rock bricks. Even if you fire with guns, at most a few traces will be left, but at the moment, not only are they torn by the impact of snow and snow, but the depth of the middle hole has reached two or three. The rice was so deep that even the dirt under the ring was overturned.

One can imagine the power of such a snowstorm.

The female superhero who was hit by the snowstorm was lying quietly at the bottom of the pothole.

Behind her was a huge fiery red cloak, covered with holes, almost cut into a cloth rag by ice and snow. The blue tights were also torn apart from one avenue to another, and now a large piece of skin was exposed.

It's just that, on these skins, there are more cuts, and even her beautiful face has a few more blood stains at the moment.

She was pale, struggling to remember her body, but as soon as her body moved, the pain caused her to frown, and at the same time a wound, blood flowing out, immediately fainted on her white skin.

Nan Lian stumbled to the edge of the pothole, her hair had returned to black, her face was also pale, her forehead was covered with cold sweat, and she could see that she had run out of power, and now she was relying on Perseverance, standing on the edge of the pothole.

Below the pothole, the female superhero raised her gaze, looked at Nanlian's firm face, and then laughed out loud: "Oh, really a stubborn girl, I decided to take it, this matchup, you win."

Moderator Sean announced in a loud voice at the right time: "This match, the National African Bureau Huangfu Nanlian, win!"

"Aw!" The whole venue immediately greeted with warm cheers and applause, especially the audience of the National African Affairs Bureau, all boiling.

This battle is really wonderful!

Hearing such news, Nan Lian was relieved and finally couldn't support it. He fell down weakly.

Off the field, Wang Yan immediately flashed her body, put her in her arms, and asked distressedly: "You are too desperate, did you hurt?"

"It's okay, it's just a bit off." Although Nan Lian's voice was weak, the tone was full of relief and warmth. "If you don't work harder, you will not be able to catch up with you, the child of flames, in the future."

"Where," Wang Yan complained slightly. "Okay, stop talking, take a good rest."

“Hey, hello, are you so intimate, do you regard me as air?” Wu Ya Ange deliberately teased, “Okay, okay, for your hard work, this time I will not grab Xiao Yan with you. , Miao Miao, come over and give your aunt Nanlian milk. “

“I’m coming.”

Sun Youmiao came trotting all the way, she immediately applied Druid healing magic to both Nan Lian and the female superhero, two outstanding female superpowers, and then were taken to the venue by members of both parties.

An Ge was beside Nan Lian, exhaling with relief, and at the same time secretly making up his mind, the next step in his promotion was not to fall.

On the other side, the two virgins, light and dark, saw this matchup in their eyes, and their inner surprises and fighting intentions kept rising and falling.

They were indeed surprised that the emperor Nanlian had such a strong talent and perseverance, but they are the hallowed ladies of the two forces of light and darkness, regardless of talent or appearance, which is worse than others? How can it be left behind?

They also secretly decided in their hearts that they had to come up with some real skills.

...

After the ring was cleared, the game continued.

Then the four-armed Raksha, Dijan, faced the Prince of Light and Lei Hong.

The two men are of equal strength. The four-armed Raksha is as strong and strong as the black iron tower. Thunder is equally masculine and domineering, and flexible and fast.

In addition, the two belong to the Indian State and the China State respectively. Their positions are different. There are festivals in the qualifiers. When they come to power, they will not look at each other, without reservations, and they fight.

In this battle, in the end, the thunder and thunder of thunder and hegemony were even better. They defeated the four-armed Raksha who used arrogance and successfully advanced to the final sixteen.

Finally, as the finale of the competition, the two virgins of light and darkness faced the equally weak Scarlet Beetle, Harris, and the Lightning Mad Lion, Goring.

Scarab's defensive ability is indeed very perverted. Both the Bright Maiden and the little angel Babe, who took turns attacking for half a day, failed to cause actual damage. But the scarab's attacking methods are also limited. There is no way to hit two opponents with wings.

After a stalemate for a while, the Bright Virgin and the little angel Babe moved, and jointly cast the light of the verdict. They simply drove the Scarab off the ring and won the game.

In the last scene, the Dark Lady confronted Golin the Lightning Lion.

Although the lightning lion is wild and powerful, the mad devil is even more terrifying.

Since the last time the sheep-head demon was deceived by Babe, drinking the lost wine and being abused, it has been kept in the dark lady's left eye to rest and recuperate, and has never come out.

As soon as it was released this time, the sullen rage was all vented on the lightning lion.

Even without the shot of the Dark Lady, the Lightning Lion Gorin was already beaten and beaten to the ground.

Many people at the scene were surprised. Can't the Lightning Lion discharge like an electric eel? He can indeed discharge, but the head of the sheep demon, Bafu, is not only thick and thick, but also resistant to all kinds of magic and elements.

It was almost hard against the thunder, and knocked down the lightning lion to the ground with injuries. This violent way was replaced by no one can eat it.

At this point, the first round of the finals finally came to an end, and the top 16 was finally born.

"Here I will announce this competition, the top 16 players will advance!"

Super League President Emmons, standing on the rostrum, watching the competitors in the neat queue on the stage, announced with great joy, “The sixteen players are, respectively, the Satan Apostle Harrison; the Mayan survivors , High Priest Berika; Shiva Goddess, Indira Brahmin; Master of Asceticism of the National African Affairs Bureau, Six Unforbidden; Holy Knight, Shining Light, Ulysses; Blood Wolf, Walton; Red Tank, Christophe Meyev; Desert Emperor, Ganesh; God’s Pride, Ampezong Show; Flame’s Son, Wang Yan; Ice Queen, Huangfu Nanlian; Night Witch, Uya Ange; Inviting Moon Sword, Gao Ming Moon; Prince of Light, Lei Hong; Lady of Light, Lulu; Lady of Darkness, Catherine! “

In the top 32, the players who advanced and did not advance were concentrated on the ring. At this moment, the person who was remembered by the name lifted his face slightly involuntarily, showing a proud look.

“The top 16 matches will be done randomly, and the rewards will be issued later.” As a result, Emmons’ tone gradually became heated. “Please wait a moment, players, then there will be two of the most distinguished guests, Come to our conference site and inspect and guide! “

Two distinguished guests?

Many players showed the look of expectation and surprise in their eyes, but Wang Yan felt a little startled, right?

Could it be ...?

...

The Domestic Hero - Chapter 753

...

The waves slammed against the steep cliffs and stirred up white waves.

On the top of the rugged cliff.

There stands a magnificent palace. Under the refraction of the sun, the white palace is covered with a layer of golden light, very majestic.

The leader of the Super League, Emmons, led thirty-two, no, to be precise, thirty-one strong men entered the palace. Because one of the thirty-two strong-headed master Kazan, still lying in bed as a vegetative.

Every strong man here is now a famous young talent from all over the world. On their site, they are among the most dazzling stars.

But now, even if Zhang Yangba is like a Satanic apostle or mysteriously like a desert emperor, they are all very cautious and dare not to breathe.

Although Emmons pretended to be mysterious and sold a pass, it was not clear which mysterious guest was here.

But just think about it with your toes.

There are not many people in the world who can make Emmons speak with a proud and respectful tone. The Dark Council President, the Minister of Light, Secretary James and other gangsters have all been in the venue to this day.

Well, today 's mysterious guest is most likely to be one of the most powerful men in the world today, the Pope of Light!

Of course, there may be another one. According to rumors, the only man in the world who has already achieved demigod and the strongest fighting power is Yan Zun.

These two have created countless legendary stories.

Their power and strength made them stomping their feet, and the earth was shocked.

Therefore, although these thirty-one young people, each of them is a dragon and a phoenix, there is no limit to the future. But in front of these two, but only look up and respect.

The top sixteen and the top fifteen, successively entered the hall of glory, they did not look up, maintaining a respectful posture.

Emmons bowed slightly and said, "Emmons has seen Master Yan Zun, under the pope's crown."

what! ?

The hearts of 31 people were full of shock. Could it be that the two big men are here? It 's an inevitable thing to come to one person. It 's really surprising to see two people coming now.

"Senior Emmons, don't be too polite." Pope Guang said in a solemn voice.

Afterwards, 31 people only felt a vast and majestic breath that shrouded everyone's head. As if it were substance, it is so overwhelming that people breathe as if they have stopped breathing.

So strong!

So terrible coercion.

This is the strong breath of the light pope.

Many people felt a trace of panic and shock. Rumor has it that the current Pope of Light was already an S + strongman twenty years ago. In the past ten years, he has repeatedly practiced in the sanctuary, trying to break through to the demigod level. If he succeeds, it will be the third demigod pope in history.

Now it seems that even if he has not broken through to the demigod, he is definitely the most pinnacle of existence in the S class.

Demigod, that is a level that makes people stand high and countless people can't reach it in their lifetime.

Each of these thirty-one young people can be called a young dragon and a young phoenix, but in the end they can really achieve S-level, I am afraid that the number is less than half. How many of these people can reach the level of the Pope of Light today?

It is definitely a rare existence.

Today, there are so many outstanding young talents, still relying on the global population explosion, a historical breakthrough of 7 billion. And the information is developed, and the overall physical and educational qualities far exceed the ancient results.

“You guys, raise your heads.” Another clang sounded steady.

The voice was not loud, but it seemed as if it was heavenly, and it made people feel surrendered.

This! This must be the voice of Master Yan Zun.

In many people’s hearts, a look of immense admiration filled him. Even the eyes of Satan’s apostle, desert emperor, god’s arrogant son, etc., burst into splendor.

The title of the strongest man on earth is the only title.

Especially these young people, each with a high heart and arrogance, has unlimited hopes for his future.

Thirty-one people raised their heads.

For the purpose, they are two big men who are sitting high in the hall.

On the left is the Pope of Light, wearing a crown of light, wearing a robe, and holding a bright scepter in his right. The whole body exudes the mighty and powerful light.

Some young people with positive attributes are okay, but some young people with negative attributes all feel the pressure of panic and terror.

Sitting on the right is a tall, burly man.

He wore a bronze mask on his face and a red colored glass armor, covered with a thin layer of fire. No, that's not Warframe. Some young talents with keen mental strength showed a dumbfounded expression after a little eye-catching.

Well, that's the flame armor.

God, this, how is this possible! ?

Lord Yan Zun could do it, materializing the flame energy and condensing it into a substantive armor.

How strong is his strength? How deep is the understanding of the law of flame in order to materialize the flame energy?

The young people with arrogant arrogance, secretly stunned, demigod, this is the true demigod-level strong. It is not only a manifestation of strength, but also a subtle comprehension of the law of life.

In the eyes of everyone, all kinds of splendor broke out. There are fears, shocks, envy, worship, and excitement.

“See Senior Yan Zun, under the Crown of the Bright Pope.”

Thirty-one people saluted in accordance with the rules.

The concept of hierarchy in the superpower world is more realistic and cruel than the world of ordinary people. The reason is very simple, if the other party crushes it casually, it will make you crushed and scattered, even if you do not respect and fear.

“Uh ...” Only Wang Yan murmured secretly in his heart. These two gangsters were suffering from the loss in the police station, and they felt exhausted and vented, so they ran to the youth meeting to pretend to be ~ to find some self-esteem?

There is no way, these two teasing past, it really makes Wang Yan unable to worship.

Of course, like Wang Yan, there are two virgins, light and dark. They were not far away from Wang Yan and secretly exchanged glances at each other. This kind of visit was really boring.

Pope Guang waved his hand, and his voice turned kindly: "Looking at you, young men with great vigour, the emperor remembered when he was young. I have to admit that the young people now are better and stronger than we were back then. .. I saw you as if I saw the future of the earth. "

"Under the pope's crown."

Suddenly, the Satanic apostle Harrison took a step forward and said, "I believe under the pope's crown, know who I am."

The Pope's eyes narrowed slightly, his voice softly said: "Of course, you are the current Satanist Harrison, a master of darkness and magic, and it is also one of the loud voices of this youth conference."

"As I said under the crown, I am the Dark Magic Department, and the most loyal servant of Satan, the devil." Satan's apostle said hehe, "Don't the emperor want to kill me under a big move?"

"Bold." Holy Knight Ulysses filled his body with light, "Harrison, dare you disrespect the crown?"

"All right."

Yan Zun held out his hand to stop this small conflict. His voice said indifferently, "The deity came to explain for the crown, who has an opinion?"

The eyes under his bronze mask swept the audience.

Everyone lowered their heads, not daring to face his eyes.

"The present earth is no longer the earth of the past." Yan Zun said calmly. "In ancient times, the light of the Holy See and the dark parliament fought. Our Chinese nation's strongmen fought against the demon clan. Even between the major forces. They are also fighting each other. But now the earth, people's wisdom is open, society is open, civilization is evolving, and human eyes have

long been not limited to the size of the earth. For NASA, for example, the Mars and asteroid belts have been targeted. “

“The existence of power is reasonable. In this world, if there is light, there will be darkness, and if there is flame, there will be ice.”

“I believe that most of the young people present have heard of the principle of peaceful coexistence of the shemales of our National African Affairs Bureau? That is an attempt to integrate different ideologies and races. In China, every demon has the right to survive and develop. Like humans, they enjoy any power and bear the same responsibility. “

There was a whisper of whispers on the scene.

“The principles promoted by Senior Sovereign Yan have also been heard by the younger generation, and they have to admire the visionary open mind of the senior. , What do you think? “

“Belika, if you are willing to take the Maya family to join China, I am very welcome on behalf of China.” Yan Zun’s voice added a little more seriousness, “I can promise that you will get all the power you deserve.”

“On this point, I will consider it.” Belika smiled, “but the Maya family’s stay is not determined by the juniors alone.”

“Predecessor Yan Yanzun means to be ready to promote the concept of equality of all beings in the world? Under the same legal framework, whether it is a werewolf, blood, dark magician, zombie, etc. all have the same power and responsibility?” The desert emperor frowned Say, “Is it too hasty to do this?”

“Ganethus, this is not in a hurry.” Yan Zun obviously attached great importance to the desert emperor and explained seriously, “With your current status, you have probably heard that the earth is facing the most serious in history. Threat. If at this time, all the races that depend on the earth for survival cannot be united, the earth will only be destroyed. “

The news shocked the audience.

The earth is in danger of destruction, but not everyone knows it. Dang Yanyan, wouldn’t take this as a joke.

However, many people's expressions are calm and calm. Obviously, I already know the news, at least, I have heard some rumors.

“So, you should understand why this youth conference is so powerful?” Emmons, the chairman of the Super League, said with a serious face, “You are all the elites on the earth, the talents of the future. , Superhero! The responsibility for protecting the earth in the future will fall on you. “

Super hero?

Wang Yan drops a cold sweat, President Emmons, do you see more of the old Marvel movie?

...

The Domestic Hero - Chapter 754

Anyway.

In short, this time both Yan Zun and Pope Guang visited the Youth Conference and met the activities of the top 32 players. The event was very warm. In official language, it is called a successful ending.

The young players also expressed their satisfaction.

Of course, no one knows what everyone thinks in private.

night!

In the Linhai villa assigned by Wang Yan.

He accompanied the three elders, the prince, the Pope of Light, Han Hongbo, Feng Yuande and other elders, as well as the two saints.

As a junior and master here, of course Wang Yan cooks himself.

As a small island in the Pacific, the most abundant food is of course seafood. Wang Yan dispatched war pet hairy crabs and walked around the sea for a while, and the guy grabbed a large number of seafood.

A rare and precious wild blue flag tuna, this fish is more than three hundred pounds, the fish is tender and the fish belly is thick, it is called the best.

More than ten wild lobsters, the smallest one weighs five pounds.

There are also dozens of overlord-class rich skin shrimps, each with adult slender and short arms. There are also some messy crabs, abalones, and all kinds of rare seafood.

“Xiao Yanna, your crab is good, is this already a B-level?” Pope Guangming said sideways, “However, I heard that hairy crabs are not freshwater crabs in your city of Huahai? How can you go to the sea to cross , Not afraid of dying. “

“Under the crown, hairy crabs are migratory crabs. They usually live in rivers, lakes, and rivers. They will swim to the sea every year in the ninetieth month of the lunar calendar. ~~ Spawn, and then die.” Wang Yanbian dealt with each. Growing ingredients, he said, “My crab was collected in Danghu Lake. At first, it was an E-class demon. Obviously, when it was still a little crab, it went away and got some talents. To grow up step by step. “

“Wang Yan, Yangcheng Lake hairy crabs I ate in Huahai City the day before yesterday, the biggest one was only six or two.” The Dark Lady looked at the huge crab and said, “You are fat enough, the crab paste should be very full. Right? “

The hairy crab shivered and shrunk into a ball. What happened to the boss' harem? Why do I remember this little bit of crab paste one by one, this should be left to the father's own harem group.

“Hehe.” Wang Yan flicked his finger and flicked the hairy crab. “What are you shaking? The saints are joking with you. Go, go swimming in the sea.” During the speech, Wang Yan lost it. Give it a bottle of C-class essence, which is counted as a reward for searching for ingredients before.

The hairy crabs were so happy that after drinking the essence, they felt that they were stronger again, and then happily went swimming to hook up the female crab.

As a hairy crab with ambitions, how can the harem be confined to the hairy crab? As long as the eight-legged female is the prey of the son.

“C-level essence, you can be extravagant. Many C-level superpowers are desperate for this bottle of essence.” The Dark Saint glanced at Wang Yan. “It really is a wonderful master and pets. Wonderful. “

“Nana, you don’t know anything about it.” Wang Yan said with a chuckle. “Meeting is fate. Besides, it has taken an evolutionary crystal. I have to guarantee that it has the opportunity to grow. Maybe it will be in the future. Will it grow into a god-like hairy crab that crisscrosses the starry sky? “

Although it was a joke, Wang Yan thought it would be quite interesting if there was a hairy crab that could cross the universe and cross the starry sky. At that time, I am afraid that it can explode a spaceship with a pair of pliers.

If it is such a hairy crab, it is quite interesting to think about it. Did n’t High Priest Berika say that any species could become a god?

“Squeak ~”

While talking, a white shadow flew by and plunged into Wang Yan’s arms.

It has snow-white hair all over its body, and a fluffy tail is very beautiful, intimately spoiling and rolling in Wang Yan’s arms.

“Oh, Grandpa Aunt is awake?” Wang Yan caressed it lovingly. “Xiaoxue, you’re hungry, eat a tuna belly pad.” Speaking of it, Wang Yan’s biggest pain is Xiao Ferret.

Although I have made some jokes before, what to marry or not to marry. In fact, Wang Yan didn’t take it seriously at all, how could he be a wife if he was such a small boy? It’s almost the same as a daughter.

Speaking of which, Wang Yan really loves it like a daughter.

Little Ferret has a wide range of recipes. A pound of tuna belly is eaten with relish. With some energy, his moist eyes swept away and fell on the two saints.

“Squeak, squeak ~” The little ferret pawed on his hips, and began to talk.

Its meaning is very clear. The two of you want to enter the door of Lao Wang’s house, why do you have to ask Miss Ben first, no, Madam Ben’s opinion?

Wang Yan dripped cold sweat, and this little aunt’s grandma really insisted on being the wife of the Wang family.

“What a cute little mink.” The dark lady’s eyes softened and turned into a ray of light smoke. She snatched the little ferret in with her eyes full of joy, “Wang Yan, you finally have a normal pet . “

“Is it normal?” Wang Yan was a little speechless. Compared to the harem mad “intestinal son” and the self-proclaimed **** of the green-hat bird three-legged golden black, the little ferret did look normal.

But the so-called normal can only be said to look normal. When it turned into a little girl five or six years old and hugged herself as her husband, Wang Yan still collapsed.

Fortunately, the transformation time of Little Ferret is very short, and the cooling time is long, which gives Wang Yan the opportunity to relax.

Of course, Wang Yan also has a penguin, but that penguin is kept in the young woman’s house next door. Warm up the child, it’s amazing to like it. Returning to Huahai City the day before yesterday, Wang Yan also took the opportunity to visit, the penguin has become a big fat goose.

The cute appearance of the little ferret is still very harmful to the girls. The two saints were also addicted to the power of Little Ferret, taking turns to play with it, but they simply couldn’t understand the squeaky protest of Little Ferret.

The two virgins were only as little ferrets. They were coquettish and feeding them.

If they knew that the little ferret was protesting them, disrespecting the Wang’s maid, and threatening them to tickle and wait for the Wang Jiajia’s law to serve, I don’t know what kind of expression it would be.

Wang Yan was also quiet and happy, so they went with them.

He processed various ingredients quickly, and with extremely fast hand speed and accuracy, Wang Yan quickly processed a delicious dinner. What about salt and pepper lobster, steamed abalone with garlic, scallops with tempeh and so on.

A table of people was eating Wang Yan's dinner. The teachers and actresses praised Wang Yan. Even the two saints ate with relish. Although there was no explicit praise, the food debris piled up in front of them was enough to show them Love of Wang Yan's cooking.

After eating a meal, Uncle Cannon was a little bit dissatisfied, and said with a little wine: "Xiao Yanna, you are an excellent young man. But, you still have to be arrogant and restless in all things. There is a benchmark of Master in front of you. , What else do you have to learn, learn slowly, we are not in a hurry. "

"Hehe." The master lady Linghu Yaofei was eating delicious scallops, and she sneered at the words. "I said Cao Jinglue, are you really going to be a master shelf? Xiaoyan from our family is all outstanding, Is there anything worse than you, Master? "

"Yao Fei, in front of Xiao Yan, you have to give me some dignity." Uncle Cannon's face was embarrassed, his eyes narrowed and he laughed.

"Yes, then you talk about, which one is better than Xiao Yan?" Prince Rose also said, "We will serve you even if you say a little. Look, temperament, figure, wisdom, young. Of course, you are now stronger than Xiao Yan. But when you were at Xiao Yan's age, was he stronger? "

"No." Dai Er, who was enjoying the garlic abalone beautifully, supplemented the knife and said, "His record left in the Daguangming trial was smashed by Xiao Yan."

"Haha, look, look at your three sisters and sisters, Xiao Yan, are you all facing you?" Uncle Pao's face blushed and he smiled and said, "That's all for the teacher to teach merit. "

Wang Yan, a drop of cold sweat, Uncle Gun, Uncle Gun, your fighting power is the first in the world, but this face is also the first in the world. But that's Master, so Wang Yan said honestly: "Yes, yes, Uncle Gun is better than me."

“Well, is this thick-skinned?” The Dark Lady couldn’t even see, blinking her watery eyes, and said innocently. In fact, when she was not in contact with Yan Zun, she always felt that Wang Yan was the thickest person in the world. However, comparing him with Yan Zun, he suddenly lost some amount of money.

“Haha, Nana, you have a good joke.” Uncle Gun applauded with a thumbs up, and then said with a deep emotion, “Xiao Yanna, Uncle Gun has found three ladies for you. Looking back, our family is all I can set up a mahjong table. You can’t compare your uncle at this point. It’s okay, the time is long, you learn slowly ... “

Uncle Cannon’s voice has not fallen.

A woman’s voice came from the door: “Wang Yan, are you at home? I have something to tell you.”

“Sister Mingyue, your uncle must be at home.” Sun Youmiao’s voice sounded, “I asked ‘Gutless Son’, he danced with a crab and said that his boss was having dinner with the harem group, and ruthlessly drove it out of the house. “

Mingyue?

seedling?

Wang Yan was slightly stunned. Why are they here? Also, is the hairy crab in my house too unreliable? Spit out in any situation ...

“Miao Miao, Mingyue, come in quickly.” When a visitor came, Wang Yan hurried out to greet him.

The word harem? It seemed that they had touched the sensitive feelings of the two saints. They were slightly embarrassed, but somehow, there was some inexplicable secret joy in their hearts.

Just when Wang Yan welcomed them in.

The three teachers and sisters looked at Uncle Gun in unison, and each rolled their eyes angrily. What do you say you can’t compare with Xiao Yan, you have to compare the means of sultry? You lousy old man, don’t you know that it’s humiliating yourself?

...

The Domestic Hero - Chapter 755

“Yeah, so many people?” Sun Youmiao was shocked when she came in and hid beside Wang Yan.
“Uncle, are you treating guests for dinner?”

“This, Wang Yan, shall I come again next time?” Gao Mingyue was slightly embarrassed.

“It’s okay, it’s all their own people.” Wang Yan smiled and said, “It’s all some elders at home. Come and come, I will give you a pair of chopsticks, eat together, eat together.”

elder?

Gao Mingyue’s eyes swept through the two hallowed ladies, huh, huh, when did the two become your elders in Wang Yan?

Today, because it is a family dinner, Uncle Cannon, Pope Bright and others are all dressed up in ordinary ways. It was very different from the appearance of Gao Gaoyue, Gao Mingyue suddenly did not recognize it.

However, Han Hongbo and Feng Yuande and Linghu Yaofei, they still recognize it.

“Mingyue is here.” Princess Linghu Yao said happily when she saw Gao Mingyue.

“Seniors have seen Senior Linghu.” Gao Mingyue hurried forward to salute respectfully.

“Look at your child. Last time I was called Aunt Linghu. It was only a year since I was young, and I was so born?” Linghu Yaofei snorted dissatisfiedly.

“Aunt Linghu, don’t be angry.” Gao Mingyue blushed slightly, and quickly apologized. That time in Italy, when I was on the yacht with Wang Yan, I was photographed by Linghu Yaofei.

She also received an “Ancient Broken Sword” from others, and it was precisely her constant understanding of the sword meaning in the broken sword that slowly integrated the spirit of the ice soul into the invitation to the sword, so she was so fast Break through to the miracle of half-step S-class.

“It’s about the same. Sit down and introduce you to you.” Linghu Yaofei nodded her satisfaction.

“Mingyue, Miao Miao, come, come and sit next to me.” Feng Yuande greeted enthusiastically. He is the director of the East China Branch, and he is in charge of the superpower incidents in the entire East China area.

Moreover, he and Han Hongbo and Yan Zun started a business together to establish the National African Affairs Bureau, which is considered a veteran of the National African Affairs Bureau.

“Senior Feng, Director General Han.” Gao Mingyue brought Sun Youmiao forward and greeted respectfully.

“Mingyue.” Han Hongbo said with a smile, “Your breakthrough to the half-step S level this time is really a gratifying thing. There are people who are the successors of the Shushan sword faction.”

“The key is that Mingyue’s age is still young, and the future is really limitless.” Feng Yuande also said with old sympathy, “In my lifetime, I can see that our National African Affairs Bureau is so elite, the stars are bright, and my old Feng is included. When you get to the soil, you will look away. “

He remembered that when he and Yan Zun, Han Hongbo and others started the National Africa and Africa Bureau together, there were only dozens of them, and the older generations were still supporting the scene. At that time, the National African Affairs Bureau was only a third-rate organization worldwide.

In just a few decades now, the National African Bureau has been squeezed into a quasi-first-class superpower organization. With Yan Zun supporting the scene, it can barely be regarded as an overlord-level organization.

Of course, despite the rapid development of the National African Affairs Bureau, compared with the veteran overlords such as the Bright Holy See, they still lack some accumulation of knowledge. But even so, it can be developed to this extent in just a few decades, and it is already a rare miracle in history.

After the two women were seated, Han Hongbo took Sun Xiaomiao's hand and said, "Miao Miao, I have watched your game video. It's not easy, it's not easy. The ordinary A-class strongmen are no longer your opponents. By the way, last time I called you to study the rice seeds ... "

China has a population of more than 1.3 billion. Feeding so many people is extremely stressful on land resources. What's more, most domestic seed sources are controlled by some foreign group organizations.

This is an invisible and powerful bomb. As a hawk, Han Hongbo has a strong sense of mission for the rise of the nation. He believes that it is urgent to get rid of the situation where the seeds are controlled.

"Grandpa Han." Sun Youmiao said with a grunt, and said with a small mouth, "Lun's family is in a bad mood, so I have no time to study." Between the speeches, Yu Guang looked at Wang Yan.

How well-known Han Hongbo is, as soon as he heard Sun Xiaomiao's breath. Immediately, he said with a straight face: "Who, who doesn't open my eyes and dared to make Miao Miao unhappy in our family? Tell Grandpa Han that Grandpa Han personally gave him a plate to eat. Xiao Yan, tell yourself honestly whether you bully Miaomiao? "

Wang Yan hurriedly raised his hand to surrender, and said with a smile: "General Director Han, Miao Miao is our national treasure. Who dares to bully her?"

"Huh, the mess next to you, the Secretary does not care. However, if you dare to bully Miao Miao, the Secretary will not spare you." Han Hongbo said with a powerful face.

"Yes, Director General Han, please be assured that such a thing will never happen." Wang Yan put on a look of promise.

Later, Han Hongbo turned to Sun Youmiao's old face, revealing a very sympathetic expression, and said flatly: "Miaomiao, are you satisfied with this treatment? Are you feeling better?"

"Well, I feel much better." Sun Youmiao's small face turned slightly red, and took out a coarse cloth bag, said, "Grandpa Han, this is the mother rice seed crystal I carefully prepared. The mother seed can reproduce indefinitely. If you need to sell to the outside world, you only need to add a small process to achieve the conditional reproduction limit. "

Restrictions on seed reproduction are things that every seed company will do. Holding patent rights and sales rights firmly in the hands is an unquestionable thing.

“Okay, okay. It’s Miao Miao, really powerful enough.” Han Hongbo said with a frown, “This time you have completed an S-level mission.”

“puff!”

Wang Yan almost spit out an old blood, a seed research and development, even if it is an S-level task. The merit of Miao Miao is really very profitable. And if he wants to complete an S-level mission, he has to kill an S-level strongman alone ...

“Xiao Yan, not convinced?” Han Hongbo said with a smile.

“A bit.” Wang Yan touched his chin.

“Then bear it, there is no way to be unconvinced.” Han Hongbo said with a smile, “Miaomiao, the crystal one rice, if planted properly, the production capacity per mu can reach 800 kilograms, and every grain of rice is as crystal as jade and has soybeans The size is most important. The most important thing is that it is very nutritious and contains a trace of Reiki energy. Long-term practical, it can achieve physical fitness and increase the probability of power awakening. “

“Isn’t it? How is it?” Wang Yan said with wide-eyed eyes. “Wouldn’t it mean that the seed companies all over the world would close down?”

“It’s not that simple.” Sun Youmiao shook his head and added, “Crystal No. 1 has very high requirements for planting land and water quality. It is not bad that one percent of the domestic cultivated land can reach the standard. And it must be organically grown and carefully cared for. , Fertilizer and working hours are very expensive. If you want to promote it nationwide, you will not be able to beat it for the time being. “

“If the rice seed Miaomiao can be promoted nationwide, it is not as simple as an S-level task.” Han Hongbo said with great satisfaction, “This technology will be temporarily in the hands of the National African Bureau. I plan to reach 1,000 in three years. Tonnage output, reaching 10,000 tons output within ten years. Within the SAFE, you can buy Crystal No. 1 through merits. In addition, most Crystal No. 1 will be provided to primary and secondary school canteens for free. Even if it is

increased by one ten thousandth The probability of awakening is a good thing for the country and the people. “

The bright Pope on the side looked jealous: “Senior Han, can we allocate one-third to our Holy See? Miao Miaoxue’s” grace of life “, but our Holy See provides. Or, you give us some mother species, we Plant your own! “

“Under the crown,” Grace of Life “was exchanged with the opportunity of taking legendary treasures ...” Wang Yan said huh, “Furthermore, it was originally the inheritance of the ancient Druid, your Holy See was robbed.”

Legendary treasures, but rarer and more powerful than ordinary holy artifact treasures. Some powerful legendary treasures can even compete with secondary artifacts. Even some S-level powerhouses may not have legendary treasures.

“Xiao Yan, you’re bored when you cross the river and dismantle the bridge like this. How can legendary treasures compare with the inheritance of” Grace of Life “?” Pope Guangming said dissatisfiedly. “Our Holy See and the National African Affairs Bureau are also global friendly cooperation. Unit, old Han, what do you say? “

Han Hongbo chuckled. He deliberately raised this matter in front of the Pope of Light. Of course, he had some plans of his own. He said seriously: “Although it is a cooperative unit, our country has a large population ... well, well, look You are so sincere under the Pope’s crown, we will provide you with ten tons of seeds in the first year, which will increase every year according to the output. “

“Good, thank you Senior Han.” Pope Guangming said with a look of joy, but the Holy See is a big force and a large organization, and there is a huge demand for Crystal One.

“However, our National African Bureau has created a weak foundation.” Han Hongbo said with a puzzled expression, “The organization is getting bigger and bigger, but the treasure house has shrunk dramatically. Under the crown, your unit is a large unit with thousands of years of accumulation ... “

The Pope’s eyelids jumped, but he knew that he wanted to get free grain from the National African Bureau. That was absolutely impossible. He had to grit his teeth and said, “OK, we will go back and discuss separately and sign a supply contract.”

“The pope deserves to be a pope, and it really is an extraordinary person.” Han Hongbo raised his thumb.

“If you have good luck with the National African Affairs Bureau, you have discovered a strategic superpower.” Pope Guangming said with emotion, “In the future, it will be difficult for your National African Affairs Bureau to think about underdevelopment.”

Wang Yan is also somewhat emotional, Miao Miao really is a strategic superpower. No, with a bag of seeds that have not yet been planted, Mr. Han flickered to the Guangming Holy See.

What is the lack of SAB right now? Of course, various resources have accumulated.

“Senior Han, you can’t pay for each other. Our dark council also wants the same order.” The prince rose said lightly, “As for the accumulation of heritage, we are not worse than the Holy See.”

“Good, no problem.” Han Hongbo’s mouth closed with a smile, “Our country has always been generous to our allies, rather than starving ourselves, rather than treating our allies.”

Prince Rose and Pope Guangming have cast a scornful look on Han Hongbo. These words are so nice, why didn’t you see you send seeds? Isn’t it because of the rich accumulation of resources within the two giant organizations?

Wang Yan also had some emotions under his heart. Director General Han really deserved to be his admired old predecessor. It was really not easy to save some resources for the National African Bureau. Although it sounds like a profit, it is not for his own sake, but for the entire National African Affairs Bureau, for the entire China country.

Gao Mingyue on the side spoke secretly and dared not speak. Unexpectedly, the people who sat on the same table for dinner were all such powerful people. She had seen the Pope of Light from afar, and she was still a Pope wearing a mask. I have also seen Prince Rose, but this is the first time I have seen it up close. It is completely different from their usual appearance.

“Mingyue, how are you and Xiaoyan’s target?” Han Hongbo was happy and turned and asked Gao Mingyue with concern.

Gao Mingyue’s body shook, her cheeks blushed suddenly, and she said, “General Director Han, you, what nonsense you are? Me, I have no relationship with Wang Yan.”

“Not right?” Han Hongbo scratched his head and said, “Last time I heard Xiao Gao said, have you been dating? Also, Xiao Gao said that you didn’t seem to express a clear objection. Moreover, you even have the Shushan sword school’s magic sword tactics. Passed to Wang Yan. “

The small Gao in his mouth naturally refers to Gao Mingyue’s father Gao Chengzong.

“What’s the matter?” Linghu Yaofei’s eyes lit up. “That’s a good thing. Mingyue’s child is talented and beautiful, and it’s more than enough for our family Xiaoyan.”

...

The Domestic Hero - Chapter 756

I have to admit that as a concubine, Princess Linghu Yao was still thinking of Wang Yan. Just like the mother under the heavens, all I thought about was how to fight for his best interests.

Her thoughts are very simple. There are few outstanding girls like Gao Mingyue. Due to the excellent talent she has shown now, it is not much more difficult than her Linghu Yaofei.

Such a good girl is not cheap Xiaoyan, is it cheaper than other unrelated people?

As a teacher and a wife, you have to help your apprentices and keep such a good girl in your pocket. Just the last time, she had shot once, and used an “old broken sword” to win over Gao Mingyue, and this time naturally she must work harder.

“This, this!” For a time, Gao Mingyue’s face was flushed, and she glanced at Wang Yan, and then looked at the two saints, and said awkwardly, “I, Wang Yan and I, really have nothing.”

Linghu Yaofei came here, as if she could see through Gao Mingyue’s careful thoughts at a glance, and smiled: “Nothing is nothing, anyway, you are still young, you can go slowly in the future. Come, eat food, This is the garlic lobster steamed by Xiao Yan. Our Xiaoyan cooks much better dishes than his master. “

Uncle Cannon smiled bitterly beside you. You are enough to be a maid of honor. In order to support your child, you should belittle her husband so much. But to say that Gao Mingyue's child is really very good. At a young age, he is already a half-step S-class.

Not to mention that because of her rich family, she might have treasures to help. For those with poor qualifications or those who do not work hard, the treasures of the whole world are piled up in front of him, and it is still just a Liu Adou who can't afford it.

Speaking of this, Uncle Gun really feels embarrassing. Just now, I was teaching students in a serious way, and learn more about the master. In a blink of an eye, Gao Mingyue came out and slapped. Don't look at her as he is not as good as his three wives, but the future is really limitless.

Are talking.

Two women's voices were heard outside the door: "Xiao Yan, are you at home Xiao Yan?"

That voice, it was Nan Lian, the ice queen, who had already sang the night witch Wu Ya.

Linghu Yaofei's eyebrows fell and immediately buried Wang Yan: "Xiaoyan, why are you so ill-conceived? Why don't you call Shang Nanlian and Ange for dinner this evening?"

Wang Yan had a cold sweat, and the two saints were there. If they call sister Nan Lian, will they still be able to eat this dinner? Even if they can be seen for the sake of their elders, honestly on the surface, but what will happen in the end, no one knows.

What's more, sister Nan Lian and the female superstar were very tired from that fierce battle, and they had just been promoted to a half-step S-level.

"Sister-in-law, I, I'm just afraid that more people will disturb you for dinner." Wang Yan touched his nose embarrassingly, and then ran out to pick up the two of them without waiting for the teacher's instructions.

Seeing that Sister Nanlian was slightly tired, Wang Yan felt distressed and said: "Sister Nanlian, you should take a good rest at home."

“Oh, if we rest again, I’m afraid that my boyfriend will have to sleigh it.” Wu Yaan’s charming eyes flicked and smiled.

“Come here, let me introduce you.” Wang Yan naturally knew that Sister An Ge was not easy to deal with, and quickly changed the subject, and began to introduce them one by one.

This introduction.

Wuya Ange also hurriedly put away her smiley face and met the seniors honestly with Nanlian. The members of this table for dinner are too exaggerated. The Pope of Light, the President of the Dark Council, and the couple of Yan Zun, the Minister of Light, Director General Han ...

If at this time any big-eyed villain dared to break in, it was a rhythm that scared people to death in minutes.

“Nanlian, Ange.” Linghu Yaofei, a dignified and elegant lady, picked them up personally and sat on her side, left and right, “You two children have suffered all these years. . Xiao Yan, what are you still stunned? Hurry and cut a few big abalones to come over to shabu hot pot. “

“Senior Linghu.” In front of the Princess Linghu Yaofei, the two women were cautious, just like a little wife.

Especially Wuya Ange, with a pure and obedient look, two big blinking eyes looked at Linghu Yaofei in admiration. Tie her a ponytail and change her school uniform to pretend to be a high school girl.

“Duojunqiao, two sensible girls.” Linghu Yaofei looked at them more and more satisfied, especially because she was not a pure-blooded human in her lineage.

For Wang Yan, Linghu Yaofei naturally will not be weak. When you flipped your hand, there was an additional treasure. It was a magnificent crown inlaid with ice crystals, exuding an eternal streamer.

As soon as it appeared, the temperature in the entire room dropped by five or six degrees in an instant, and near the crown, the water vapor condensed into frost, and it fell like snowflakes.

What a powerful force of ice, a beautiful crown. Everyone’s attention was focused on the baby.

“Frost Crown !?”

The well-informed and bright Pope whispered slightly, “Yao Fei, is this not the legendary power symbol of the Nordic Frost Queen? Where did you get it?”

“Oh, don’t worry about it.” Linghu Yaofei said with a smile, “It is the so-called sword gift hero, this baby is suitable for Nanlian, can accelerate your comprehension of the power of ice, and fight the ice in the battle. The power has a strong increase, and her nickname is also called the Queen of Ice. “

“Senior Linghu, you, you said this to me?” Nan Lian was taken aback, and repeatedly said, “Senior Linghu, this must not be too expensive.”

“It’s just a holy weapon. I’m not of the Hanbing ice system. It’s useless to stay on my body.” Linghu Yaofei smiled lightly, and Qiangsai said to Nanlian, “Frost The queen is a famous legendary strongman hundreds of years ago in Northern Europe. I think you will definitely surpass her in the future, and it will not be considered as an insult to this baby. “

Linghu Yaofei said lightly, but everyone knows that this treasure is much stronger than ordinary holy objects. This is the so-called legendary treasures. They are the best among the holy artifacts. Although they cannot reach the level of sub-artifacts, they are much more powerful than ordinary holy artifacts.

The fire pheasant sword rejected by Wang Yan is a sword that is about to reach the legendary level. And this frost crown is the legendary holy standard.

Nan Lian was also deeply attracted by this treasure, but she dared not take it, so she had to look at Wang Yan.

“Sister Nanlian, the master maid asked you to hold it, so please hold it.” Wang Yan was most distressed and most dependent on, of course, Sister Nanlian. He knew that it was not easy for Nanlian to walk step by step today, and he hoped that she could become stronger and become the real ice queen.

“Thank you, Senior Linghu.” Nan Lian solemnly and deeply saluted, “I will cherish this treasure.”

To be honest, even Han Hongbo envied Nan Lian for having this treasure. As the director general of the State Administration of African Affairs, his private property, that is, a legendary sacrificial ware, can be obtained. .

“Old Han, I heard that you recently received an apprentice?” Uncle Gun said suddenly.

“Yes, just received.” Han Hongbo nodded with a smile.

“Congratulations, congratulations, come back and show us.” Uncle Pao also said with emotion, “For the past 100 years, you have been doing your best for the Chinese nation, and you have not taken care of the apprentices. Now you have a chance to stay here .. My uncle, I have to show it. “

“Oh, I have the opportunity to bring it out for you to see.” Han Hongbo also smiled with ease and sympathy, “My apprentice, there are some screams, I let her practice in the retreat. By the way, Xiao Yan also understanding.”

“I know?” Wang Yan was stunned, and said in surprise, “Senior Han, who is that?”

“Do you remember the first time you participated in the national war and led a team to capture a small island?” Han Hongbo said with a smile, “She was your member at the beginning.”

Capture the island? Team members? And it should be soil.

Wang Yan remembered it all at once, his eyes wide open and said, “Senior Han, are you talking about Huo Lanlan?”

“Yes, that’s the child. Although she is not as dazzling as Xiaoyan, she is also a down-to-earth girl.” Han Hongbo said with satisfaction, “It’s just that she has just reached the B level now, let her participate in the competition. It does n’t make sense, it ’s better to retreat honestly. “

Down-to-earth girl?

Wang Yan was cold sweat, the girl should be stern. At this time, Wang Yan still has a fresh memory of her original fighting style, absorbing pieces of rock on her body and turning into a giant giant stone.

At the beginning, she also thumped a head-down division, forcing the other party to perform flying head down ...

A very interesting girl.

The rest of them naturally congratulated Han Hongbo. Han Hongbo is a respectable figure, and he has devoted his life to the cause of protecting the Chinese nation. He has been more concerned about the cause of the National African Affairs Bureau than Uncle Cannon.

at the same time. The master lady Linghu Yaofei's jade hand turned again, turning out a dark, narrow-edged dagger, which is only more than thirty centimeters long, has an inconspicuous appearance, but exudes terrifying dark magic.

“Here, this is the dark reaper?” The light pope's face was abrupt, and it was a bit gloomy. “This is a legendary saint used by medieval legendary assassins and dark ghosts. Concubine, where did you get it from? “

It's no wonder that the Pope of Light changed his face, and that dark ghost was a legendary assassin, just like a ghost in the dark. He especially likes to fight against the Bright Holy See. The members of the Holy See who died in his hands reached three figures.

At that time, the Holy See issued a wanted order, and encircled and suppressed the dark ghost several times, but still couldn't catch him, leaving him at large for decades. It was that incident that caused the Holy See to be humiliated and humiliated, and it was a huge stain that could not be erased in history.

After that, the dark ghost disappeared inexplicably. Some people say that he opened the space tunnel and ran to other worlds.

“Slain by me, this dark reaper naturally belongs to me.” Linghu Yaofei said lightly, “Yes, your Holy See has not offered me a reward.”

“What !?” Pope Guang was dumbfounded.

...

The Domestic Hero - Chapter 757

“Then, that’s a legendary assassin ... the hardest assassin to deal with!” Pope Guang said, glaring. “Although you have lived long enough, in the Middle Ages, at most it was just an S-level demon king?”

Legendary assassins such as strong people, like to swim in the dark, the best thing is to dive into the breath, the trace is difficult to find the ghosts. If he wants to hide, he can keep you from seeing him forever.

And when you are least prepared, it will suddenly appear behind you for a surprise attack. The most shameless thing is that he will escape a thousand miles after he misses it, and then reappear after ten or eight years.

Being targeted by this assassin, unless he is dead, he will live in the shadows forever. So, this is what the assassin is terrible. The ring is not their main battlefield, the world is their stage.

Don’t look at the wretched king being beaten by Harrison like a dog on the ring, but if in the wild, Willie can let someone live in the shadows forever.

That’s why, many unit organizations want to recruit Willie, an assassin. If he breaks through to the S level, it is equivalent to a very deterrent nuclear weapon.

“He wanted to die, who blamed him?” Linghu Yaofei said lightly, “An assassin who came from a field and dare to covet the beauty of this king is naturally looking for his own way. Besides, we are all organized. Powerful people. “

“What?” Uncle Cannon stared, “It’s a brave and foolish fool. Even my wife dare to think that I’ll shoot him hundreds of times in exchange.”

Linghu Yaofei glanced at him angrily and said, “You didn’t know where you were then?”

“Hey, my princess Yao has been practicing for thousands of years, isn’t it just to wait for me?” Uncle Cannon smiled shamelessly.

“Indeed, I have waited for thousands of years. Why can’t I wait more than a few decades?” Linghu Yaofei sneered and said again and again, “I blamed me for being too naive to be deceived by your rhetoric. Wait for decades If so, Xiao Yan is much better than you. “

Click ~

Uncle Pao’s heart broke, and you glanced at Wang Yan faintly. It is indeed proud to receive an apprentice, but it can be so good that it completely crushes the Master and overshadows the Master’s light, which puts a lot of pressure on him.

“Sister is right, anyway, I have come over all these years, why haven’t I waited for decades?” Prince Rose said quietly, “How nice Xiao Yan is, young and handsome, the future potential is even more leveraged Yes. Alas, the rhetoric of stinky men kills people. “

“Sisi, I was pretty handsome when I was young?” Uncle Gun touched his nose pitifully. “Again, you were the one who hardened me.”

Uh, uh ~

The surprised eyes were all focused on the Prince of Roses. Was there originally such a bridge?

Rao is the face of Prince Rose, and can’t help but get slightly hot, and her pretty eyes stare at him, saying, “You old man, believe it or not, I’ll ***** your blood in one bite?” Said, still exasperated. A pair of pointed fangs.

“Silk, can die in your mouth, I have no regrets at all.” Uncle Gun said shamelessly.

“Little Sister, Uncle Gun. I beg you not to be flirtatious.” Wang Yan couldn’t help but goosebumps came out. “We young people can’t bear this ***** flesh.”

As expected, a few young girls all showed strange eyes.

“Okay, okay, you two can talk in private.” Princess Linghu Yao also sternly whitened Uncle Cannon, and directly put the legendary holy weapon-the dark harvester into the hands of Uya Ange, gentle Say, “Ange, I think your understanding and control of the law of darkness is very strong, but there is no suitable equipment, this weapon is best for you.”

It can be seen that Princess Linghu Yao was for the sake of Wang Yan, but it was considered to be out, and the family kept pulling out. This is a legendary holy weapon, even the S-class strongmen are rushing for the baby they want.

This dark reaper alone is enough for Uya Ange to use the S + level.

“Xiao Yan, can I take it?” Wu Ya Ange solicited Wang Yan’s opinion with weak eyes. That looks really like an obedient little girlfriend.

Wang Yan shivered at the bottom of my heart. Sister An Ge, you pretend to be like this, I really can’t get used to it? He coughed two times and said: “Well, the maid tells you to take it, you just take it.”

“Thank you, ma’am.” Uya Ange took the dark reaper happily, twitching her fingertips, the dagger twirled in her hands, gorgeous and beautiful.

But the word “teacher”!

Suddenly arousing Gao Mingyue, the two virgins watched sideways.

This Wuya Ange is too pretentious, too shameless. You and Wang Yan didn’t even forget the eight characters, so it started to be called the mother-in-law? What a shame.

The girls are unhappy, but the prince Hu Yao is cool, based on her racial differences with Uncle Gun, plus the strength of violence. The chance of having a descendant is very low. For Wang Yan, she is treated like her own son.

Listening to the words of Ange’s teacher and mother, she was especially taken care of, and she kept picking vegetables, asking her some difficulties in practice.

The two saints looked at each other, it was really like acting in a life depends on acting, it turns out that there is also the benefit of not knowing shame and shame. There is no doubt that the scene in front of him, Princess Linghu Yao has a great influence on Wang Yan.

They have begun to think about it inadvertently. Do you want to learn Uya Ange and increase the favor of Linghu Yaofei?

Next, a supper is a pleasure to eat.

Especially the new sisters Nan Lian and An Ge, who have received the huge benefits of Wang Yan's master, that is a legendary holy man. It is estimated that this youth conference may not be able to reward this kind of treasure even if it reaches the top eight.

In fact, Wang Yan knew very well that the master ladies knew that they were of ordinary background. It was better to have the two saints with their backs leaned against the super organization.

Feeling the teacher's hard work and conscience, Wang Yan's heart is also warm.

With enough food and drink, the bright Holy Girl itched and said: "It was not fun playing mahjong that day. Today there are many people. Let's play mahjong."

The Dark Lady was also new to Mahjong, and she was very addicted. She heard her eyes bright and agreed.

Woo ~ Sun Youmiao on the side couldn't plug her mouth, her expression was a little faint, she didn't make it to the top 16. Of course, at her current age, it is already a miracle to be able to reach the top 32, another ten or eight years later.

Wang Yan a cold sweat, where does this follow? I really want to make a table of Mahjong. Isn't this playing Uncle Gun's face? Today is enough to attract Uncle Cannon's hatred ... As expected, Uncle Cannon's eyes were murdered.

Before, he told Wang Yan courageously, let him learn more about the skill of picking up girls, and show off the fact that he has three wives. But then, it was beaten to death by waves of faces.

Wang Yan wasn't as simple as putting together a table of mahjong. It was clearly already running for two tables of mahjong. It is already so young, how many tables of mahjong will he be able to satisfy in the future?

“Uh, where are the mahjong tiles on our Pacific island?” Wang Yan said with a helpless smile on his face.

“It’s okay. When I was shopping in Huahai City, I bought an automatic mahjong table.” Then, she waved her jade hand and an automatic mahjong table flew from the storage bracelet into the living room.

Wang Yan’s face was black. Is your sage lady ready to learn? They all have Mahjong tables with them, which are still automatic.

Before Wang Yan responded, the Dark Lady seemed to be unwilling to show her weakness, and a Mahjong table was also thrown out.

Wang Yan took a deep breath, which is really addictive to playing mahjong.

“Play mahjong, I have to come play.” Sun Youmiao Yueyue tried to say.

“Go, you are still young, and you are not allowed to play this kind of thing.” Wang Yan hurriedly stopped her.

“Woo ~” Sun Youmiao looked a little wronged.

Next, under the control of the two saints and the three maids, it just happened to be two tables of mahjong. The rest of the men saw it and said goodbye. Only Uncle Gun and Wang Yan were left, and they began to clean up the tableware and chop the tea.

After serving them all, Uncle Cannon said with a little sadness: “Xiao Yan, this woman is not necessarily a good thing.”

Wang Yan has a heart, but he whispers secretly, but you are still showing off.

“Go, accompany your Uncle Gun to blow on the beach and drink two small wines.” Uncle Gun said with a slight emotion, “We haven’t been alone for a long time, drinking and chattering. This day is really fast, In a blink of an eye, you are almost half a step S-level. “

Wang Yan also had some emotions. If he hadn't helped his grandmother, he was still struggling on the food and clothing line. It seems that this good person has good rewards, it really is not a joke.

The mentor and apprentice left a bunch of women indulged in mahjong and went to the beach, where you drank my drink. As for the appetizers, huh, huh, I did n't hear the dedicated banshees shouting: "Is there a drink or snack? Beer and barbecue peanuts are everything."

"Uncle Gun, do you say that we can win the dark abyss?" Wang Yan looked at the endless starry sky, and was a little worried in his heart. Life is so beautiful, but there is a giant mountain above it.

"Fight it, the earth is our home." Uncle Cannon filled with beer and said with emotion, "The universe is vast, there are too many magical things. After the dark abyss, I want to take your maid to go to the outer planet. Go, look at the grace of the universe, and follow in the footsteps of Ancestor Chunyang. "

The master and the disciple were talking, not far away, a figure floated over. To be precise, every step he took seemed to be floating. He fluttered in a white garb, and he was particularly ghostly in the night breeze.

Ampere Zongxiu?

Wang Yan froze for a moment, is this guy ready to come to provoke? If you provoke Uncle Gun, will you be slapped on the beach with a slap?

For a time, Wang Yan's mouth twitched slightly.

...

The Domestic Hero - Chapter 758

"Wow!"

An Pei Zongxiu's "jade hand" waved, opened the paper fan and slowly swayed, and looked at Wang Yan coldly, squinting, "Good performance, I look forward to meeting you in the quarterfinals, I will make you regret your birth in this world."

As for Uncle Gun, he was naturally ignored. An old man in a flowered pants and a beard scumming is too ordinary.

“Hehe.” Wang Yan drank a beer and skewered the barbecue skewers, and responded lightly, “Let’s meet again two nights later. Without you noisy in my ears, I’m really uncomfortable. I won’t play a game What a passion ~ Love. “

“Oh, your mouth is really hard, I hope your mouth is as hard as before death.” A Pei Zongxiu brushed a trace of red awn in his pupils, fluttered away with a paper fan, and soon disappeared into the night.

“This guy.” Wang Yan touched his nose and said in surprise. “It’s inexplicable, when did I offend him? Provoked me from the beginning.”

Uncle Cannon smiled and said, “Did you forget? There was a black list wanted criminal named An Pei Xianlian, didn’t he die in your hands?”

“Ampere Evil Lotus?”

Wang Yan remembered it. At that time, he was the master of the Black List who worked together with Gao Mingyue and the Bright Saint Girl. The demon girl was very difficult. In the end, Gao Mingyue consumed a precious Jiuyang Fujian to kill her.

“Oh, it turns out that he wanted to avenge Ampere Eileen.” Wang Yan said, touching his chin. “But he didn’t make any inquiries about it. The black list demon girl died in the hands of Mingyue. At most, I was an assist. “

“Ampere Eileen is the older generation of the Ampere family. I do n’t think that Ampere Zongxiu ’s desire for revenge is very strong.” Uncle Gun smiled mysteriously. Class Nedan. “

The East likes to call Neidan, and the West likes to call Neidan the crystal nucleus. In short, it is the result of the cultivation of monsters and monsters.

“This time the reward is SS-class Neidan?” Wang Yan was stunned and said dumbstruckly, “This kind of strategic-level baby is also willing to take it out as a reward? President Emmons is too

deep?” Wang Yan has completely changed Emmons. He turns out that his old man is also a local tyrant.

“Starry Sky Academy does have some accumulation, but it would be better to kill Emmons for the same level of treasure.” Uncle Cannon smiled. “This is a treasure donated by Mitsui of the Eastern Guard. It is said that it is a nine-tailed day. Nedan of the fox. “

“Nine-tailed Sky Fox?” Wang Yan was even more speechless this time, but this is the same level as the master lady. Every Nine-tailed Sky Fox is a defiant existence, proficient in Meishu illusion and good at controlling the power of laws.

The most famous Jiuwei Tianhu is, of course, Su Daji, who wrecked the country and the people during the Shang and Zhou Dynasties.

“No wonder, An Pei Zongxiu will be so hostile to me. The Nine-tailed Sky Fox’s inner pill certainly contains some illusion laws, which is very consistent with the attributes of Yin and Yang Dao.” Wang Yan nodded appreciatively, “He I’m afraid I’ll steal the baby. “

“Don’t look too high on yourself.” Uncle Pao stared, “This time, the youth conference is as strong as the clouds. With your current achievements, you have not been seen by the few best strong men. That ampere Zongxiu is strongly hostile to you, I am afraid that Dongying people are provoking inside. There are rumors outside that I forced Mitsui to hand over the national treasure. The main thing is that the nine-tailed demon fox is said to be the ancestor of the Anpei family-Anpei Qingming’s wife. As a result, the body of the Ambe family actually has the blood of the demon fox family. “

Wang Yan fainted, no wonder that this guy was very hostile to himself. It turned out that Uncle Gun was forcing people to take out the ancestor’s Nedan as a prize. However, that Ampei Qingming is also quite a cow, and can soak Jiuwei Tianhu as his wife like Uncle Cannon.

Uncle Pao seemed to see Wang Yan ’s thoughts, and said with contempt: “Ampei Qingming is indeed a generation of master-class figure, interpreting Yin and Yang Dao to another height. However, the nine-tailed Sky Fox itself was seriously damaged and had to rely on Ampere Qingming only. I thought that at that time, the Jiuwei Tianhu, with his body charm, wanted to seduce our family’s pure Yang ancestor and wanted the ancestor’s pure yang essence. As a result, the pure Yang ancestor chopped off eight tails and just missed her. It was not easy to practice, so she spared her life. Finally, she fled to Dongying. “

Wang Yan had heard of this legend, but he didn't expect that Jiuwei Tianhu fled to Dongying and was with An Pei Qingming.

“Besides, don't compare that demon fox with your teacher and sister.” Uncle Cannon said proudly. “That demon fox, only by absorbing countless men's essence ~ Hua, only barely cultivated to Jiuwei, and met you at the first time. The two-tailed demon fox I arrived was a virtue. It would be different if you were a teacher and a mother ... she sucked me one in her life ... “During the talk, Uncle Gun's eyes were full of pride and sacred glory.

“Poof!” Wang Yan almost vomited blood, Uncle Gun, Uncle Gun, don't take this out and say it, I am a junior. But speaking of it, Chunyang's ancestors were really powerful, and they could easily cut off the eight tails of Jiuwei Tianhu.

Although the nine-tailed fox who grew up eating only Wanjiapan was still at the level of a fox after all, the strength is still there. It can only be said that Chunyang's ancestors are too good, at least they are better than the current Uncle Cannon.

While talking, a wretched voice sounded in the distance: “Son of flame, son of flame.”

Wang Yan looked away, sweating.

I saw a guy who was not tall, jumping up and down like a monkey, and waving his hands desperately for fear that others would not see it. That's right, that guy is the weird presence of this youth conference, Willy the King of Mischief.

Beside him, there is also a graceful girl in the traditional costume of Dongying.

Wang Yan was dripping with sweat, buddy, can we not be so embarrassing?

He shouted, and many people's attention was concentrated. Now that the 16th round has just ended, many people are taking advantage of this time to relax, or to hook up with each other.

It must be said that with this youth meeting, many men, women, and women are hooked up to commit gangsters.

“It really is you, son of flames.” Willie’s rabbits fell and rushed to Wang Yan’s side. They said, “I saw you while walking with Mu Mu just now. I still do n’t believe it. I think, you have so many girlfriends, how can you have time to drink on the beach? Ha ha, I did n’t expect it was you. ”

With that, I took the meat skewers bought by Wang Yan very skillfully and chewed up with great interest: “This is a good skewer, Son of Flame. I heard that you won a lot of money and bought a few more skewers. The skewers are delicious, but they are too expensive. “

Those banshees are indeed sold at a black heart price, but as an A + level assassin, you ca n’t afford to eat skewer? Wang Yan wondered and reached out: “Little sister, give me another 300 skewers, two pounds of salted edamame, and two barrels of draft beer.”

“Okay, wait a minute, handsome flame.” The pretty bikini banshee prepared the ingredients happily.

This group of banshees has occupied the beach and do business, and it is quite lively. This youth conference is missing them, and there are really no scenery.

“Hao, really it’s Brother Hou, it’s right to be with you.” The wretched king looked satisfied and admired Wang Yan.

“Don’t call me Hao, this youth conference has more people than me.” Wang Yan was a little ashamed, this is not a joke. For example, the Holy Prophet is rich in the enemy, the high priest Belika is unpredictable, the desert emperor is also very profound, even the Satan apostle Harrison is also a cult leader.

“Anyway, like you, there will be no more girls,” Willy, the wretched king, said with admiration. “Unlike me, I just learned about the games of the Youth Conference when I came down from the mountain. I’m sorry ... “

“Can’t afford a boat ticket, wouldn’t you swim here?” Wang Yan was a little surprised. The A-class strongman can indeed fly imperially, but the flight consumes a lot, and it is certainly not possible to travel long distances.

“I caught a sea monster and drove all the way.” Willie scratched his head embarrassedly. “Later I was too hungry, so I ate the sea monster.”

Wang Yan's eyelids jumped straight, this guy is really a wonderful flower. But he just came down from the mountain, no wonder it is relatively simple. The frivolous in those battles, do not know whether it is nature or inheritance.

"Hard work in the National African Affairs Bureau in the future, and soon you will become a hero." Wang Yan patted his shoulder, encouraging to say.

"Hmm!"

Willie was eating skewers, and his face was touched. "In short, you will be my boss in the future. I will fight whoever you want me to fight. By the way, boss, if you do n't play with your girlfriend, how can you spend a bad time here? Old man drinking? "

"puff!"

Uncle Cannon was drinking beer, just squirted out in a spit, staring angrily and said, "Stinky boy, you see me as a bad old man in your eyes? Huh, don't you say that you admire the son of flames? Guess who taught his skill in picking girls? "

"Isn't it you? Uncle handsome." Willie stared in surprise.

"Yes, do you want to learn?" Uncle Gun was very satisfied with his change of mouth and took a sip of pride.

"Uncle, you must be able to teach me." Willie clapped his **** and wrapped it in his eyes. "Uncle, can you tell me about the difference in body structure between boys and girls?"

"puff!"

Uncle Gun spouted another sip of wine, and really wished that the boy would be strangled and pulled down. This deity teaches you to pick up girls, not to teach you the knowledge of physiology and hygiene. He squinted and said angrily: "Don't you have a girlfriend? Come and ask me such a simple question?"

“I’m just a little bit of a circle. I heard people say that men and women have different body structures.” Willie meditated and said, “But I found that Mu Mu sauce is no different from me? Why is that?” ? “

“puff!”

Not only Uncle Gun, even Wang Yan spewed out a sip of wine, and then stared at it fiercely. You made a fake mother yourself, and asked why the structure is the same? Isn’t it right, does this mean ...

Hiss ~

Wang Yan sucked air-conditioning and stayed away from Willie. The taste of these two goods was too heavy.

...

The Domestic Hero - Chapter 759

“Oh, Willisan, you are so bad.” Suzuki Haru carried the kimono skirt and walked in small steps, “Peach blush blushing”, “Xing eyes slightly white”, smirking with small broken fists in Willie whispered softly, “You peek at the Lun family, and the Lun family doesn’t depend on it.”

“Hey, I’m hiding in practice. Who thought you were taking a shower.” Willie was punched by a small fist and said with a look of enjoyment, “Mu Mujiang, your skin is really white ...”

“Willisand ~ You’re good or bad, wooh ~ Don’t say it, you’re ashamed.” Suzuki Haru stomped his feet “shyly” and then ran away all the way.

“Mu Mujiang, where are you going, wait for me.” Willie’s skewer is gone, and the wine is no longer drunk.

“Come after me, Willisan ~ hee hee ~”

“Mu Mu Jiang, hello naughty, see me chasing you not to spank you.”

“Willisand, you’re so horny, the Lun family doesn’t depend on it.”

A man and a man, gradually drifting away in the chase, and soon disappeared into the night, leaving behind the sound of “booming” waves and the silver bell-like laughter of playful laughter.

“Wow!”

A sea wave slammed on the beach and set off a lot of waves.

Both Wang Yan’s master and apprentice were stunned and looked at each other with cold sweat on their foreheads. This picture was so beautiful that they had goose bumps all over them.

Spicy eyes!

It is conceivable that under the guidance of Suzuki Haru, Willie’s orientation must be far away from the normal man, and he will never return.

Uncle Cannon wiped his sweat, drank a sip of beer, and said with a sigh: “You young people, really can play. Old, your Uncle Cannon is really old.”

“This, Uncle Gun. Not every young man is good at this.” Wang Yan also wiped his sweat and said with emotion, “It seems how important it is to meet the right person at the right time. Thing. “

Just when the teacher and apprentice were overwhelmed, a few banshees in bikinis and flowery branches came carrying beer and holding skewers: “Son of flames, your grilled skewers are ready, you can sweep our new launch You can use your QR code to pay directly with your mobile phone.

Wang Yan and the apprentice looked at each other again and had to sigh with emotion. This society is changing too fast.

“Don’t like it? It’s okay to scan here.” Another female demon half-dumped, also a swaying two-dimensional code, and said to Uncle Cannon with a wink, “Uncle handsome, you also come to scan Well. With our public micro-signal, you can drink a box of beer for free. “

When Wang Yan was excited, he was really afraid that Uncle Pao could not control it and went to sweep it. He hurriedly pulled out a few stacks of cash to settle the bill and drove them away. Just kidding, now the three teachers and sisters are on the island. In case something happens, it's really upsetting.

It is estimated that the whole island will be flattened by them.

"Yo, isn't this the son of flames?" Not far away, the golden lion sword Auguste ran over fartly, accompanied by the spider queen Arenia.

Auguste was familiar with Wang Yan's grilled skewers, and he smiled flatteringly: "I lost my last bet ... well, can I take a breath and return?"

"Yes." Wang Yan waved his hand, with a generous face. "It will be no problem if you do things well for me."

"It's okay." August clapped his chest, and said fiercely, "We two are good brothers. I will cut whoever you let me cut."

"Son of flames, woo, people are wrong, they shouldn't count on wanting to win your money." The Queen of Spiders leaned on her, and she said pitifully, "The Lun family lost so badly, owe you Can you pay for the money? "

Meat ~ pay?

Wang Yan dropped a cold sweat, even if he paid for it, he did n't know who took advantage of him. He waved his hand helplessly and said, "You can help me do something with Old Olympics. You do n't have to pay it back, and you get a lot of benefits. "

The Queen Spider's eyes brightened and said, "Is there such a good thing? However, I can provide an extra meat service when I help you."

"Thanks are not sensitive anymore." Wang Yan waved his hands again and again. I don't want to give you a bunch of little spiders like Zhang Weidao.

“It’s a pity.” Queen Spider’s pity, but she turned her attention to Uncle Gun. “Yo, there is an old guy here, although he is a bit old, but there are quite a few beards The old man tastes it. “Miaobo passed, as if he had begun to draw his attention.

Wang Yanhanran, aren’t you looking for your own way? Quickly coughing to change the topic: “Who are you looking over there?”

Everyone looked around and saw that on the beach, a man in a white robe walked with three swings, his white robe fluttering, all ten fingers were covered with various magic rings, and his neck was hanging Seven or eight rare magic pendants.

A group of enchantresses and enchantresses surrounded him in blooms, one after another, fighting for each other, calling each other to call their father.

Prophet Saladin.

Shenhao went out, and it was really different. If you take a walk on the beach, you can show a magnificent atmosphere.

“Yo, Brother of Flames.” Saladin sprinkled a handful of money, swept back the Yingyingyanyan, and walked enthusiastically to give Wang Yan a hug, “You will always be my best brother in Saladin, remember Live, in the next game, when you meet that bitch, you must avenge your brother. “Said, Saladin’s face was a little bit uneasy.

It’s no wonder that Saladin apparently didn’t give the Ampezong show less benefits. As a result, after meeting in the game, he was beaten like a dog and almost lost his life. It was really unbearable.

“Do your best.” Wang Yan patted his shoulders, expressing comfort. “It’s just that the guy seems a little inscrutable. I can’t guarantee to win.”

“Son of flames, others look down upon you, but I won’t.” Saladin laughed with a sly look on his face. “Don’t forget, I am a magical prophet who is proficient in astrology, although the magical astrology passed down from my ancestor I only learned a little bit of fur. But I can see you at a glance. It ’s not easy. It ’s not easy. You must have some powerful unknown cards in your hand. “

What the hell? real or fake? Could it be that your magical astrology is better than the high priest Berika’s great prophecy?

But Wang Yan thought about it for a while, and it was estimated that this guy was bragging. Perhaps his ancestral magical astrology is indeed not simple. But if he was really proficient, he would n't see Ampei 's ambitions of wolves.

As he was talking, the Golden Lion Sword and the Queen of Spiders farted together and joined up with Shenhao. Shenhao has extensive contacts, and naturally they have dealt with Shenhao.

To say that in this world, the power of money is really great. Not to mention the two of them, even the big coffee like the desert emperor, looked at him differently.

“This is?” Saladin looked at Uncle Gun. “I think this uncle’s bones are sober and restrained. It seems not easy?”

Huh?

Can you see it all?

Wang Yan really believed that he was half a ***** stick.

“This uncle is my parents’ generation, and is also an old predecessor of the National African Bureau.” Wang Yan concealed slightly. Not because of anything else, but because they were afraid that they would know that this is the famous Yan Zun, and they would be disappointed.

Therefore, Wang Yan still gave them some thoughts and continued to treat Yan Zun as a shining demigod.

“Descendants of King Solomon?” Uncle Cannon drank and looked at Saladin with great interest, “It’s not bad, are you interested in joining our SAA.”

This one? Wang Yan sweated. Uncle Gun, aren’t you? Are you really ready to recruit Saladin to our National African Bureau?

“The National African Affairs Bureau is a very interesting unit.” Unexpectedly, Saladin really considered it carefully. “I am full of vitality and masters. I am going to join, and no one dares to bully me.”

This time, even the golden lion sword was anxious, and he said with a smile: “Prophet, if you want to join the unit, our super shield is also a good choice.”

“That is, as long as the Prophet has needs, we can fully meet it.” The Queen Spider put the plump and charming body on him, posing as if she was ready to *** at any time.

This is a magnificent figure, if you can get into the unit, it’s a great job.

“The Super Shield Bureau is good. Among the national superpower organizations, it should be the strongest in the world and also proficient in all kinds of high-tech.” Saladin said thoughtfully, “I like astrology, I heard that you have started the Mars development plan, I really want to see it. “

The golden lion sword was so happy that he didn’t expect Saladin to really want to join the Super Shield.

Especially in front of the Son of Flame, he snatched the characters he wanted to solicit. This feeling is really more exciting than eating a piece of ice cream when you are thirsty and hot in the Yanyan Desert.

The Queen of Spiders has almost turned into a pool of water and melted into Saladin’s body. If you can make persistent efforts to take down Shenhao, then you will develop in the next half of your life.

“But ~” Saladin blinked and said seriously, “Although the Super Shield is good, but I think it is still the most promising to mix with the Son of Flame.”

“what!?”

The Golden Lion Sword and the Queen of Spiders all glanced at Wang Yan with a bitter look. You guys, just hooked up with a future legendary assassin.

In the blink of an eye, the prophet Saladin, the hero, was also recruited.

Where are you the Son of Flame, clearly the Son of God?

“Brother Saladin, welcome to join the SAARC.” Wang Yan shook hands with Saladin calmly, and then said sorry to the two, “Old Austrian, Arenya, sorry, sorry. We are now This society is already a global village, and all are a family. “

All your sister ~

The golden lion sword and the queen of spiders threw a big white eye at him fiercely, and a swearing burst into their hearts.

...

The Domestic Hero - Chapter 760

The next day.

The breeze is calm and the sun is shining over the Pacific Ocean.

After a short break, the quarterfinals have already begun.

The main venue of the youth conference on the island was once again filled with crowds from all over the world.

As the conference continues to progress, it is only a few days before the finals. Therefore, there are more and more people coming from all over the world to watch the game. When there is really no place to sit, some people watching the game can only sit on the steps.

Rather than being crowded in the venue, those abilities that are due to missions or need to stay at the headquarters are very anxious, but they can only use the satellite network to watch the live broadcast, and the exciting moment has to endure the insertion of advertisements.

There is no way, who will let the sixteen strongest youths in the world appear, followed by the quarterfinals, quarterfinals, and eventually the strongest youth abilities in the world.

“I look forward to it, I don’t know who will enter the quarterfinals, who will become the final winner.” The contest has not yet started, and many spectators in the venue have already expressed their earnest expectations.

“I think young master Zong Xiu of my family will be able to enter the quarterfinals and win the championship!”

“Bah! The Ming Desert Emperor is even more domineering!”

“What? Is the red tank less powerful?”

“Son of Flame, I will have a monkey for you!”

“Long live Satan!”

Almost every player who entered the top 16 has gained a certain amount of fans. At this time, the top 16 gathered again, and there was a lot of discussion and cheering on the venue.

“Good morning, friends of the audience!”

With a hearty voice, the host Sean stepped on the flying skateboard and came to the top of the ring.

“This round of 16 will adopt a random game, that is to say, the ranking is not in order, and no longer distinguishes the so-called seed players, all the two sides of the duel will be randomly determined by the system.”

As Sean’s arm pointed to the big screen under the podium, he said loudly: “Look at the big screen below, the first player to play next is ...”

Soon, the roster of players rotating on the big screen was frozen.

“The next battle is from the China National African Affairs Bureau, Prince Bright, and Lei Bang!”

The word “boom” was dragged by Sean to the elders, and the crowd of women, led by women on the scene, suddenly boiled.

“Wow! It’s a male god. The male ***** is coming out!”

“The first game is the male god, so excited!”

The auditorium on the other side of the National African Affairs Bureau was also very lively,
“Boom! Come on!”

“Brother, we are proud of you!”

This year’s Youth Conference, the members of the China National African Affairs Bureau and the people watching the games are indeed proud enough. Despite the late establishment of the National African Affairs Bureau, six of the top 16 global players in this generation came from the National African Affairs Bureau.

The next rise of the National African Affairs Bureau is definitely a matter of determination. After the list of the top 16 was released, many heads of small country organizations on the rostrum began to take advantage of the opportunity to get in touch with Han Hongbo, director of the National African Bureau, which was originally cooperation. The partnership of big power organizations is even more polite.

Since ancient times, weak countries have no diplomacy, but now the National African Affairs Bureau has officially taken a big step toward the world’s top forces.

“Yeah, so handsome!”

“The Prince of Light Lei Hong, here he is!”

Amidst the hustle and bustle of the crowd, a young man with a long gun and a white wing spread out from inside the player’s tunnel.

His blond hair fluttered and fluttered, with a deep and melancholy look in his cold eyes. Under a white Armani suit full of nobility, the shirt custom-made on the chest was opened at random, and the half-covered muscles under the shirt were revealing the perfect and attractive lines.

The scene, especially the female audience, even the female staff and the banshee who sold the goods, were all excited after seeing this scene, one by one, the cool temperament of his crazy bully, and the **** pair. The appearance of salvation, do not want to be lost.

I wish they were contestants themselves. They came to the stage to take this handsome handsome, cool and powerful man, eat it clean, and then pack it home.

“Wow!”

Under the public attention, Lei Hong’s wings fluttered, and the strong airflow brought by his wings led him to a steady lift, and finally landed in the middle of the ring.

Lei Hong was still silent, but his maddening momentum caused another tumult in the whole venue.

“Brother Brother is really Brother Brother, so no matter where you go, you are so windy.” Wang Yan sat on the sidelines, smiling like a joke with Liu Bujie around him.

“Amitabha, the poor monk feels that he is going to be drowned in the waves of the times by you little fresh meat.” Liu Bujie read the Buddha’s number and shook his head and sighed.

Is it obvious that I am not bad? How can it be that much less popular than Pharaoh, Lei Bang and other young people?

“I think Lei Hong’s breath is more stable than before, and he should be able to break through the promotion soon.” Huanglian Nanlian on the side observed the details.

After continuing Gao Mingyue now, she has also taken a half step S-class, and she is more sensitive to power and laws than before.

Although this youth conference has been bumpy all the time, many young superpowers have complained, but the potential and strength of the vast majority of contestants have been more or less inspired and promoted, coupled with generous rewards, indeed to many contestants, Played a great role in promoting.

“Next, what will fight against the bright photon thunder is ...”

With the announcement of presenter Sean, the list on the big screen flipped again.

The attention of the audience on the scene was all drawn to the past, because the next sixteen matchups, each one is an extraordinary superpower, no matter who Lei Hong will face next, it will be a hard fight.

It didn't take long for the flipped list to stop.

“The opponent of Lei Bang, Prince of Light ... is the goddess Shiva from the descendants of the Indian gods, Indira Brahmin!”

Sean's voice was still enthusiastic, and immediately grabbed the audience's attention.

“I know this mysterious Indian goddess.”

“Not only is it beautiful, but it is still the human goddess of Shiva, one of the three main gods in the Brahmanism of the Indian state, which is noble in the Indian state.”

“In the end, the Indian state is an ancient civilization with a long history. In the last battle, their goddesses were powerful and atmospheric.”

Suddenly, in the crowd's voice, a clear and loud bird cry came from the player's channel.

People looked around and saw a huge green peacock, carrying a woman full of mystery and beauty, and slowly flew out of the wide runner.

The feathers of the green peacock exude emerald-like crystal luster, and the tail feathers drag long behind them, and the crowns at the end seem to hang dazzling gemstones.

This peacock is unusual, and the woman sitting on its back is even more extraordinary.

The woman was the Shiva goddess from India, Indira Brahmin.

She has fair skin and tender hair, a knotted bun, and a crescent moon on her head. She wears a more colorful sari dress, and she is still covered with a layer of red tulle, with bright eyes exposed on the veil. It was like a deep sea of water, so that people could not see her depth, only to feel the depth and mystery of the child.

“Goddess, our goddess is here!”

With the emergence of Indira, the male masses in the Indian auditorium were all as excited as doping.

“His Goddess, defeat that thunderous hurry! Let the Huaxia people understand that only we, India, are the oldest civilizations with the longest history!”

The self-confidence of the Indians has reappeared again, but this time they immediately received a warm response from organizations such as Dongying, Southeast Asia, and North America.

“That’s right! The Indian brothers are right, beat Hua Xia, we support you!” These national organizations have some grievances and disputes with Hua Xia, and at this time a brainstorming together.

“Bah!” Miss Huanuo immediately blew her hair in the auditorium of Hua Xianguo. She stood on the carapace of the hairy crab and pointed to the organizations such as India and Dongying on the opposite stand. Who, everyone here, is spicy chicken! “

“Yes, everyone here is a spicy chicken!” Little Rabbit’s sister also learned the look of Guan Nuo and stood on the back of the hairy crab. There is also a cute little ferret among them, “Squeak” cries non-stop.

Under the leadership of these three lively and lovely crushes, the National African-African Cheerleaders teamed up with several partners with strong relations and launched a fierce battle with Indian and Dongying organizations.

“Everyone is quiet!”

The host, Sean Pestle, was sweating on the ring. How could this good game become a cross-border war?

In fact, it is no wonder that each player's image represented in the ring is their own country and organization. This competition is not only a confrontation between players, but also a competition between countries.

Seeing that the scene was hot enough, Sean dared not delay any further and immediately announced loudly, "The game begins!"

Indira, the goddess of Shiva, landed on the ring, and the green peacock mount was very clever, so she flew off the field alone, waiting quietly.

"War!" Lei Hong threw a long spear at the ring, spit out a word "war" coldly, but looking at his posture, it was clear that Indira shot first.

"Huh?" Indira blinked unexpectedly, raising her eyes to look at the other party.

This thunderous strength is even lower than himself. Instead of taking the lead, he politely gave himself, and the scolding in the audience did not seem to affect his fighting spirit at all, nor did he transfer his anger to himself. the meaning of.

Looking at the other party, Indira's long eyelashes moved slightly. This gentleman's temperament is really rare now, and ... it's really handsome.

But since the other party was courteous, she did not mean to refuse.

"Since that's the case, I'm welcome." After Indira got serious, the storage bracelet on her wrist flashed, and a simple metal longbow and metal arrow were lost in her hands.

At the same time, the half-step S-level horror war intentions also spread throughout the venue.
