

D. Hero 821

The Domestic Hero - Chapter 821

“Okay, son of flame, obediently surrender the jade algae soul jade, the bishop can make you less painful, otherwise, the bishop has to pick it up on your body.”

Harrison raised his mouth, his eyes full of arrogance.

Wang Yan and others in his eyes are just worms in the urn that can be crushed to death at any time.

“You can rest assured that after your death, the earth will become the territory of Lord Demon Lord. The barbaric abyss demon will naturally not be stupid enough to be an enemy of Devil God.” Harrison’s evil spirit Ling Ran’s smile is full of playfulness and tone Indifferently said, “Speaking of this, the bishop is still saving the earth and is the benefactor of this world!”

Harrison smiled coldly, and the madness radiated from the whole body, causing the wind around the sea to be turbulent, and the air was full of Xiao Sha, which made people shudder.

Wu Wu Jie, Zhang Wei Dao, and the five blood maids, all gathered around Wang Yan, unable to speak for a moment.

Wang Yan’s expression was still calm, but there was a lot of sulking in the eyebrows. He and Nanlian and Ange beside him glanced at each other, and Nanlian and Ange nodded at him.

“Since you are committed to death, don’t blame me.”

Wang Yan stomped the deck under his feet, his expression was straight, and his tone said aloud, “Brothers, the party has begun!”

As soon as the voice fell, the hatch on the left side of the yacht was opened with a crackle.

“Harrison, you dare to collude with a repeat offender and try to subvert all mankind. It is really a sinful crime. The Holy Virgin represents the Holy See, and you and all the party leaders are all sentenced to death!”

With a loud drink filled with prestige, Luminous Lady Lulu spread out a pair of gorgeous light wings and flew out of the cabin first.

She wears a holy crown, wears a luxurious robe of sacrifice, has a golden body, is dignified, and is sacred and inviolable.

“Blebble.” The little angel Babe followed, with a bottle, and a few sips of wine, before pulling out the sword and the shield, pointing straight ahead with a bold attitude, “What a **** demon, look at Ben Babe How can you be beaten to the point that you do n’t even know your mother! “

“Demon! Sure enough, there are many demons!” Nini, a bitter monk, got out of the cabin with interest.

“Wow haha, Pharaoh, you didn’t lie to me.” Nini’s eyes immediately rose up. “Evil bastards, this lady’s big stick, is already hungry and unbearable!”

“Wow!”

There was a dull sound of armor treading on the ground.

The bright son Wright wearing silver plate armor and the holy knight Ronnie came out of the cabin successively.

“Pharaoh, the Holy Light will be with you!” The Bright Son, Wright, raised his hand and sprinkled a piece of pure Holy Light.

Holy blessing!

Wang Yan and others immediately felt a lot lighter in their bodies, shrouded in the evil spirits and hostility of the Love and Rose, and were immediately dispelled by the holy light emitted by the bright son Wright. Even the thick, disgusting **** smell in the air seemed to have alleviated a lot.

However, when the bright son, Wright, spotted Dr. Octopus, he couldn't help but a shock, and then there was a lot of anger and hatred coming out of his eyes.

“Dr. Octopus! I can't think that this Son can see you again, it's a gift from the Father!” The Bright Son's muscles were all trembling with excitement, full of eagerness to try.

“Dr. Octopus belongs to me, no one is allowed to grab with me. Today, this son can't beat him even octopus!”

As the so-called enemies see, they are extremely jealous. At first, the Bright Son was traumatized by Dr. Octopus, and he was humiliated and humiliated. The painful experience can not be easily erased.

But at this moment, there was an excellent opportunity to make him ashamed, why not make him excited and impatient, and resentment.

“Oh, who do I think? It turned out to be His Royal Highness.” Dr. Octopus grinned and smiled meaningfully, “The last time our game was not finished yet, this time Dr. Ben will let you enjoy it Enough. “

The body of his half-man and half-octopus, and the eight thick tentacles, could not help shaking.

The disgusting appearance attracted the women present, a sigh of disgust.

“Son of Flame, I have always heard that you have a good relationship with the Bright Holy See, and it seems to be true.” Harrison saw the young generation of the Bright Holy See, not surprised, but said with a smile, “But it came just right, the bishop just happened to You're all in one shot! “

Harrison's voice hadn't fallen yet, and the door to the right of Love and Rose was also opened with a “snap”.

“Awow!”

With a loud and powerful roar, the sheep-head demon King Bafo extinguished a black gas and rushed out of the cabin.

It is intertwined with a chain of hell, and its muscular body is like a black iron tower. As it landed heavily on the deck of the yacht, the entire yacht quaked it up and down.

Although the sheep-head demon Bafo is a **** creature, he is not serving the same monarch. What's more, there are only three Satanic demon gods in hell, and the three demon gods are eager to have the opportunity to kill each other earlier, so that they can be their own family and rule all **** territory.

“Harrison, how dare you!”

The Dark Lady Catherine, with her two hands and a black scythe full of people, walked out nobly behind the sheep-head demon Baffo.

She was dressed like a European aristocrat, and her manners were gentle and noble, but she was full of momentum, like a cold and sharp blade, Ling Ran was incomparable.

Especially when a breeze blew, she lifted the hair in front of her left eye. The scarlet light shining from the mark of the pentagram in the pupil of her left eye was full of demon and demon charm, as if it could be the soul of man at any time. It seems like pulling into hell.

“The little Satanic sect also wants to overthrow the dark council. It is extremely arrogant!” Another arrogant voice like Harrison came from the cabin.

Dark Son Stewart and Black Bat King Matthew flew out of the cabin one after the other, hovering left and right on the left and right sides of the Dark Lady.

The Dark Son, dressed in a black robe of the blood race, holds the magic sword and the devil's cage, and his body is full of anger.

The black bat king Matthew is not only a young blood Count, but also a mutant of the bat gene. At this time, his real body is revealed, just like a huge human-shaped bat monster, with four prongs exposed, fierce and fierce. .

“Half-dead corpse Cremans, you’ve escaped here.” Gabriel, the necromancer, came out slowly with a thick wooden staff.

He was wearing a very simple gray robe, and his exposed skin was pale. The deep hood of the robe covered his face. Outsiders could not see his face clearly, but he could clearly feel the breath from the other party, which was very eerie.

Seeing the necromancer Gabriel, the half-dead corpse Klimmans’ eyes narrowed, and he shrank obviously.

The half-dead corpse Cremans, as the inheritor of European undead magic, once naturally had a lot of contact with the orthodox inheritor Gabriel.

Although he is much higher than Gabriel in cultivation, the purity of the single-round magic inheritance is still far inferior to the other side, otherwise he will not fail a ritual, and he will become the end of a half-human half-corpse. .

“It seems that the rumors that the son of flame and the two saints are good, and there are so many companions hidden in the boat.” Harrison bit his teeth, his eyes tightened obviously, and the arrogant momentum also slightly converged.

But soon, he smiled again evilly, “Son of Fire, just because these people want to fight our Satanist sect? But this is good, they will all be buried for you!”

“Oh, is it? If we are counted again?”

Harrison’s voice just fell, and a contemptuous hum was heard from the cabin of the yacht.

Harrison and many of the demon criminals surrounding Wang Yan all shuddered in astonishment.

Anyone else come out? Is the cabin of that yacht a bottomless hole?

At the moment when everyone in the Satanic school was surprised, the heroic Gao Mingyue, with a sharp sword outfit, invited the moon sword in his hand, and walked out of the cabin door on the left side of the yacht.

On the right door of the yacht, a white suit, dragging the thunder of the sky, slammed the wings behind, passed the door, and hovered over the right side of the yacht. The arrogant momentum, It's as magnificent as the heaven and earth.

“How dare we dare to fight even our Chinese country's attention?”

The person who spoke was a young man with a long figure and a temperament.

His red hair, like a wildfire, bloomed on top of his head, a strong breath, so that the air around him was full of stars.

This person is really a small Yan Zun, Zhang Huang!

“Every Satan cult, who dares to be an enemy of all mankind, simply finds death!”

With a sloppy drink, a young man with a bear on his back and a rune machine gun in his left hand, and a young woman with a charming and charming body, came out front and back.

These two are the China National African Affairs Bureau, Xiong and Yuan Rourou.

“Uncle, here I come!”

“Pharaoh, I'm the best at this kind of group racking, I'll give it to you all!”

“There are even tentacle monsters? Lao Tzu let you guys know, what are tentacles!”

The last three people who walked out, the first to walk out of the cabin was a pretty girl, Sun Youmiao, with a ponytail and a flower pot.

Afterwards, she wore double-enchanted +1 “Li Ning” shoes, and her energetic legs and hairy legs jumped out of the cabin.

Not to mention that SCUD is now in C + level, and it is barely close to B level, but with the long experience of getting along with the Pharaoh and the experience of the competition, the high-level strongman can't beat it, but against the small, he is absolutely confident.

Following the Scud, the final appearance is to use the tentacles to apply to Dacheng's Little King Kong-Shentu Tianlu. To be honest, Shen Tu Tian Lu was a little depressed for the past two days. After drinking too much, he teased the high priest Berika, but was miserable by the big prophecy.

As soon as he appeared, he stretched out dozens of metal tentacles. These tentacles were large, small, and thick, and he vowed to follow the scene, and he was transformed into an octopus Satanist elite by Dr. Octopus. Higher than low.

See who is the real tentacle.

With the Light Holy See, the Dark Parliament, and the China National African Affairs Bureau, the most outstanding young generations of the three major international organizations, all present, this yacht that Wang Yan called the Love and Rose is full of spirits. Young hero.

At the scene, the extremely depressed atmosphere was swept away by these young people's vitality, and there was already a vague kind of vicious army that was about to form a Satanist sect.

...

The Domestic Hero - Chapter 822

"Pharaoh, when did you hide so many people in the boat?"

Zhang Weidao's eyes lit up, and seeing so many familiar companions, the morale became full at once.

At this time, he happily put on a robe for himself, and brought out the magical weapon. Now he is going to fight a big battle. He, a little heavenly master, can't miss it.

"Amitabha, the poor monk knows that Pharaoh has many means." Wu Wujie also swept the previous haze, rolled up his sleeves, and looked like he was going to do a big job.

The opponents are many and strong, but his teammates are all unique young talents in the world. Maybe they can't win the opponent now, but there is definitely no problem in the breakthrough.

At that time, a little bit of signals and movements will be sent out. Ha ha, these Satanists are waiting to be ravaged by the superpowers of the world.

The companions beside Wang Yan were all high in morale and resembled a rainbow, but Harrison's side of the Satanic deceased and wanted crimes, despite the large number of people, was shocked by this sudden scene.

Many of the lower-ranking Satanic deceased and wanted criminals haven't started fighting yet, so they are a little bit psychologically false. Even on the six cargo ships, several strong leaders have shown some serious colors.

All these young and handsome men are among the best in the youth conference. It is so easy to deal with them.

Harrison stood above the freighter, his face uncertain.

The reason why he chose to build a large array of blood sacrifices in this central Pacific Ocean is because it is far away from the human settlements and the movement when summoning the devil does not attract the attention of other superpowers.

In addition, in the finals of the Youth Conference, the scene of the son of flame igniting the lava underground and defeating the desert emperor made him quite worried. Who can resist the overturn of hundreds of tons of magma?

Therefore, he chose to start with the son of flames in the sea, and there was a vast ocean around him. The ability to let his son of flames be magnificent could not attract a little magma.

It's just that he never thought that there were so many helpers hidden in the ship of the Flame Child, no wonder he would be so arrogant!

"Harrison, we can now continue the previous conversation, and I can also make you a condition."

Wang Yan turned his eyes and looked coldly at Harrison ahead. He said softly but majestically, "Now the person who takes you kneels and pleads guilty to conviction, otherwise, you will all die!"

As the last "death" word was spit out, the cold flash in Wang Yan's eyes flickered, and his whole body was greatly increased in vain.

Standing all around on six ocean-going freighters, eight fierce demon giants, as well as hundreds of Satanic dead and wanted criminals under their hands, were slightly surprised.

It stands to reason that there are many of them, with the Satan leader Harrison personally commanding, and two long-time S-class legendary strongmen sitting by the side. Those who are afraid of fear should be the children of the flames.

However, this child of flame had no trace of fear, or even a sense of tremor, but on the strength, he overwhelmed the gangsters.

Many lower-ranking Satanists and wanted criminals couldn't help but feel a sense of guilty consternation and surprise.

"Hum! Son of Flame, you are so big!"

Unexpectedly, Harrison opened his face, and the hot, bitter judge Judge Carlson spoke out.

"Elder Ben thought you were in a desperate end, and he played his lips!" He opened his face with a dark face and cruel eyes, staring straight at Wang Yan, humming, "Dare to let us plead guilty with your little strength Fu Fa? It's ridiculous, Lord Demon Lord's will is our highest law! There are more companions beside you, but only a few more people are buried with you. "

Carlson's entire body was covered with bone nails that penetrated the skin, and with an angry expression, his vaginal face looked terrible at this moment.

"Do not believe it? Then you can try it." Wang Yan spit out a word lightly, his eyes turned coldly.

With just a quick glance, Carlson's anger was so impressed that it stuck in his throat with a sigh of relief.

Does this kid really have no fear? Where did he come from?

Carlson was shocked.

He is a veteran S-class legendary strongman who has been promoted for decades. The painful presiding judge of the Satanic sect. Any prisoner who falls into his hand usually, as long as he has a look, all the frightened farts roll and scream in panic.

But this child of flames, but only the strength of the A + level, was able to block his heart with a look, even let him have a sharp edge in the back, the feeling of imminent disaster, it is really abominable!

When Carlson recovered, he was immediately embarrassed and angry.

“Crazy Junior, I don’t know what to do!”

He glared, pulling three Baisensen bone nails from his hands with his hands, and was about to attack Wang Yan.

“and many more.”

On another freighter corresponding to Carlson, Satan taught another elder, the marine disaster star Kovat, to stop.

Decades after he was also promoted to S-class, he has committed many major cases at sea, and was once called the most difficult power on the sea.

At this time he was covered in thick fog around him, and he was a middle-aged man with a short and thick body.

His eyes with a rather Scandinavian ethic feature more rigor and cunning, “Although these juniors are insignificant, Lord Demon God has not yet arrived, and we are not fully prepared. In this case, let them slip out even One, that is the big trouble, and it is very likely that our plan will be abandoned. “

“But if Lord Demon comes to the world, don’t talk about the Pope of Light, then Zun Zun is coming, hum! He must die here too!” Speaking of Kvat’s cold eyes, his hands gathered a thick fog, his eyes Turn to Harrison.

“Lord Master, start the ceremony soon. Elder Carlson and I are here. These juniors can’t turn the sky.”

“Yes, as long as Lord Demon God comes to the world, it won’t take long for this world to be ours!” Carlson smiled with a dark face, his hands moved, and he was surrounded by the dense fog around him, a dark energy demon called the prison of pain The net, flashing a red electric light, separated a small part and gathered around him.

The cold flashed in Harrison’s eyes, and then nodded.

There is no need to spend any money on this child of flames. As long as Lord Demon Lord comes, the entire earth will be theirs. All ignorant people will be reduced to ashes under the power of Lord Demon God!

Harrison immediately waved with one hand, and the Satanist dead on the six cargo ships shot at the same time, all the believers who had not yet committed suicide were cut off their heads, and pushed into the sea of blood below.

At the same time, six magic crystals comparable to the S-class cores were put into the altar on six cargo ships, and the counter-hexagram star summoning circle composed of six large ocean-going ships was immediately activated.

A **** red light immediately appeared on the sea with a diameter of 2,000 fans, and the terrifying and fierce anger suddenly rose into the sky.

The first time the magic circle was activated, all the Satanic deceased knelt down to the ground, followed their leader, Harrison, to sing the spell calling the devil in the devil’s language.

“Almighty Dark Lord, Dead Ruler, Hell King, please listen to your servant’s call ...”

As soon as the prayer mantra calling for the demon was recalled, the entire area of the Fazhen sea filled with the flesh and corpses of tens of thousands of human beings and hundreds of thousands of marine creatures immediately resonated strongly.

The rich and extreme death energy and magic power began to roll in the blood sea, and the flesh and corpses were twisted into sticky plasma flesh in the magic vortex.

Guided by the magic power of the prayer spell, these plasmas quickly formed a mysterious demon rune and summoning circle.

It's just a blink of an eye, a large **** red light begins to bloom on the sea.

"No, they really want to summon the devil!" The bright Saint Lulu's eyes suddenly opened, and the terrible dark magic that rushed around was so rich and outrageous.

The Dark Lady instinctively squeezed the weapon in her hand and said nervously, "The power of Hell Demon God can easily destroy a world, even if it is an avatar, it is not something we can deal with, stop them quickly! They cannot be done ceremony!"

In the early years, the Dark Lady also signed a contract with another **** demon god, in order to obtain the extremely high affinity of the dark magic power, and the sheep head demon Bafo to destroy this loyal **** slave.

Therefore, she could not understand the terrifying power of Hell Demon God. That's enough to match the father of the Bright Holy See, this kind of existence of the top gods in the universe.

Not to mention that the real body is coming, it is a clone that is coming, crushing these young superpowers like them, just as easily as crushing a grasshopper.

If the space planes are too far apart, this beautiful and rich earth has long been occupied by these high-level deities, and even absorbed by destruction.

"It's enough to destroy one of their ships first and destroy one corner of the magic circle!" Wang Yan said, and a burning hammer appeared in his hands.

Even if the Dark Lady did n't remind him, he knew very well that the advent of a demon god, whether it was a doppelganger or not, was a huge problem for the earth. It is better to not let it come.

“Do it!”

With a soft drink, Wang Yan spread his wings behind his back, and he would lead his companions to rush out.

“Want to destroy the ritual? Dream!”

“Just arrogant juniors, just because you want to stop our great ceremony?”

Two rough rumblings came one after another.

Two veteran S-class legendary strongmen, Marine Disaster star Kovat, and Painful Judge Carlson, shot separately.

moment.

A large piece of lethal magic mist, and a dark energy magic net flashing red electric light-the prison of pain, shone away to Wang Yan and others on the Love and Rose.

Wang Yan and others were immediately blocked on their way, and they were shrouded in all directions by such a deadly evil force.

“Click!”

“boom!”

In the end are the two S-level legendary strongmen, they can easily lead the law of the world's operation, and every move of the shot implies the power of the law. Wang Yan and other young talents joined forces to smash the lethal magic mist and the prisoner of pain.

But only after a short delay, the summoning ceremony hosted by Harrison was completed!

The whole sea was suddenly gusty and the sky was dark as night.

The seawater, which is thick like plasma, set off a turbulent vortex, and the dark energy at the center is extremely extreme.

Suddenly.

In the air hundreds of meters high, a gap of tens of meters wide was suddenly cracked. A huge eyeball behind the gap was staring coldly at Wang Yan and others.

At that moment, time, space, everything around them seemed to be frozen by this icy eyes instantly.

The tunnel to the devil was opened!

...

The Domestic Hero - Chapter 823

...

The sky was thick with fog and the wind was surging.

A crack that tears through the space, like a cracked corner of the mouth, is aloof at a height of hundreds of meters.

Behind the crack, the huge peeping eyeball was gloomy and straight into the heart. Especially the scarlet pupils made of blood seem to be the source of all the killing, blood, darkness and fear in this world.

The terror and coercion passed from the opposite side reached an unparalleled level.

That kind of pressure is immense, solid and solid, full of the meaning of destroying everything. When the cracks in the space are opened, it is like the pressure of Mount Tai. Suddenly, everyone's heart swelled, small and humble, as if the mightiness of the mayfly shaking the tree.

Even the marine disaster star Kovat and the suffering judge Carlson, these two legendary strong men with S-level strength, can't help but feel terrified and fearful in the face of such coercion.

Yes, it is panic.

The glance from the Demon God seems to evoke the most primitive instinct fear in the human heart. Under this absolute repressive power, even a hint of resistance cannot rise.

“The great king of hell, the master of darkness, the omnipotent demon god, please listen to your servant's call, come to the world, and put this world into your territory!”

Harrison, the leader of Satanism, first “popped” and knelt down on the deck. He knelt down on the ground with piety, his voice trembling and greeted the advent of the devil Satan.

His face was excited and joyful, and there was even a little horror and fear in his expression.

Fear is due to biological instincts, but joy is because he has been planning his dream for many years and finally wants to realize it!

As Harrison knelt down, all the Satanists at the scene knelt down on the ground, piously welcoming. Even some of the wanted criminals who joined the Satanic sect as mercenaries, and the two S-class elders, all fell to their knees at this moment in awe.

There are no kneeling people in the whole sea area, only Love and Rose, Wang Yan and his companions.

Wang Yan, a pedestrian, stood under the eyes of the demon god, and his heart felt like he had pressed a huge stone, and even his breath seemed to be stagnant.

Last time, the Virgin of Light opened the door to heaven, and accidentally caused the glorious Father, the will of gaze. At that time, the real Father and Father did not know how many light years away, but the glance of consciousness had already made all the audience in the entire Youth Conference venue silent.

But this time, the **** demon god, who is comparable to the bright father, is looking at the world coldly outside the gap.

That kind of real and terrifying breath has completely exceeded Wang Yan's understanding. In particular, the mighty strength that the Devil God inadvertently exudes is as magnificent as the stars and moons.

"I'm dripping ... Yes, it's the real demon god." At this time Zhang Weidao's cheeks permeated with cold sweat. Under the unparalleled pressure of the demon god, he couldn't even shake the voice of his words, shaking. You, do you have any future moves? "

"Hou Zhao?" Wang Yan was the first time he saw the Demon God appear, whispering in his heart, "I don't know ..."

"What ?! You don't know what it is?" Wu Wujie's head fainted, almost fainting, "Amitabha, the poor monk will see the silence here this time."

Suddenly.

The demon behind the crack in the space moved.

This crack in space was obviously not enough for the Devil to cross through, but he slowly stretched an arm through the crack. This huge crimson arm is tens of meters long, as thick as a mountain, with sharp claws.

Before it fell, it just stretched out to the surface of the sea, and there was a tremendous pressure, which instantly depressed the entire sea area of two kilometers wide. The scene is as spectacular as the sea water is about to be poured back.

The Love and Roses where Wang Yan and many companions are located are just below the palm of the hand. The entire yacht is instantly pressed under the water line by this air pressure, the main mast is suddenly broken, and the entire hull will be crushed at any time. Posture.

The scene in front of him scared Wang Yan quickly, “Using our power to move the boat out, Natasha yacht full horsepower!”

The power of the demon **** is too strong, and it is not only the law of touch, but even the space will generate fluctuations for him.

This demon god’s arm, hundreds of meters away from the sea, has such a huge power. If it really waved, would it still be?

On the Love and Rose, many young talents headed by Wang Yan naturally know the seriousness of the problem, and exert their abilities, grudges, or spiritual powers. These forces are mixed together like an invisible umbrella, while resisting the pressure of the devil. The pressure of the side assists the yacht to quickly sail away from the dangerous sea.

With the help of these young talents, Love and Rose traveled fast, but just left under the palm of the demon god. The demon **** also noticed the movement of Wang Yan and others.

The giant palm hanging over several hundred meters gently waved, and in the transparent air, it immediately produced ripple-like waves and rushed towards Wang Yan and others.

“Gangfeng?”

“No, it’s spatial fluctuations!”

“Damn, the Demon God’s power is too terrifying? If you are hit by this fluctuation, you must be crushed!”

The many young handsones on the Love and Roses are horrified. The demon **** could generate such a powerful force just by waving his hand twice. If the real body came, would it still be enough?

Now the summoning circle does open a crack, but across a long space and dimension, his power is still bound to the other side, otherwise it is possible to destroy the entire earth with the true power of the devil!

“It’s too late, a few of us shattered this space fluctuation, and the rest of you guarded the yacht!”

Seeing that the situation was not good, Wang Yan quickly recruited the Warhammer, and his whole body strength was mobilized in an instant. The pure pure yang real fire, like the Yangtze River, swelled in his body, and the hot flame immediately rose on his body.

“Break me!”

Wang Yan concentrated his strength and smashed the Warhammer violently.

Beside him, Nanlian, Ange, Gao Mingyue, Lei Hong, and the Dark Lady and other powerful attacking companions also shot at the same time, attacking the spatial fluctuations that struck from layer to layer.

“boom!”

It seems that the water ripples in the space fluctuated. Under the attack of many young and handsome young people, it burst and blasted, and the sea surface was directly exploded.

The backlash generated by the blasting after the mixing of many forces also lifted the Love and Rose.

At this time, I have to say that these young talents around Wang Yan have had a tacit understanding with each other after experiencing the baptism of the Youth Conference.

The companion who had no previous shot, at the same time exerted defensive magic and mind control ability, even the metal tentacles of Shen Tu Tian Road, and the vines of Sun Youmiao played a certain role.

The impact was first blocked by the shield, and the yacht fell back to the sea steadily with the help of mental strength, metal tentacles and vines.

Wang Yan and others let out a long sigh of relief. This Demon God’s power is really terrible. Fortunately, the first round of the contest is considered safe.

At this moment, the cheers of the Satanists around him were more excited and excited.

Wang Yan looked up, he couldn't help but giggled.

This time, the avatar of Satan the devil really came.

I saw the other side of the crack in the space. After the Devil God Satan stretched his left arm through the gap, the left arm was separated from his body.

At the other end of the space crack, the devil glanced coldly at Wang Yan and others, and the space crack was exhausted and slowly closed.

The arm left by the demon **** also began to change rapidly.

“It turns out that this is the demon's avatar!”

“The devil's arm, on the plane of the earth, has become a demon avatar!”

Until this moment, Wang Yan and other talents could see clearly what the devil really looked like.

Devil God Satan's body has a height of tens of meters, the skin is red like blood, the body is very strong, and the clear and obvious muscles under the skin are like a mountain bulge. A pair of wide red wings that can cover the sky and sun, with awesome stretches behind his back.

He has two sharp horns on his forehead, and there are many small bone spurs around his cheeks, which makes his already fierce look even more terrible.

Wang Yan discovered that he is different from humans. Behind him, there is a thick and narrow tail with a row of sharp bone-like bone spurs along the spine, which looks powerful and strong.

Soon, the demon **** Satan's avatar stretched out. Pieces of black and red skirts, waist armor, wrist armor, shoulder armor began to appear on his strong and tall body at a speed visible to the naked eye.

“This is ... the embodiment of the power of the law!”

Those who had seen Yan Zun in the youth competition recognized the mystery of Satan’s armor.

That is not ordinary armor, but to understand the mystery of the law of life to a certain degree, materialize the energy, and condense into a real armor!

This alone is enough to show that the strength of the Devil God Satan avatar is at least above the SS level, which is the level of the demigod!

The young and handsome people beside Wang Yan all had a bit of fright and horror, and cold sweat permeated.

That’s the same level as Yan Zun. No wonder Harrison had previously issued cruel words to eliminate Yan Zun. This power has already surpassed all living creatures on earth, and it is no longer the existence they can deal with.

“Wang Yan, don’t pretend. Are there any backers? Hurry up and use it, otherwise it’s too late.” The bright Saint Lulu, with a grim look, a drop of cold sweat slipped on her pretty face.

“Back hand? Ha ha, I hope it’s time to come.” Wang Yan was really unclear this time, and he didn’t expect Harrison to summon the demon avatar. Now this situation is really exaggerated.

Although Devil God’s avatar is far less terrifying than Devil God’s true body, it is also the power of Devil God’s arm, which is at the level of a demi-god. Under this overwhelming power, it can not be dealt with by an outburst.

“Wang, Wang Yan! If this saint is dead this time, she must drag you to hell!” The dark saint clenched her sickle in her hand, and that was a hate in her heart.

She never imagined that the enemy to face turned out to be a demon avatar, and now Wang Yan was fooled over by her, too late to regret.

Wang Yan’s mouth went straight, “His Royal Highness Catherine, can I say this is just an accident?”

The Dark Lady is dizzy again, accident? The other party even attracted the devil, but you are talking about accidents? Who believes!

“Master Demon God, please give these people who dare to disobey you, the harshest punishment!”

As Harrison couldn't help shouting, Satan's avatar suddenly opened his eyes.

That terrible coercion seems to be able to directly insert the most primitive fear into people's hearts. Several companions with lower strength around Wang Yan couldn't help shivering, and even had difficulty breathing.

Suddenly, with a cry, a red **** industry fire burst into the hands of Satan, the devil.

This group of **** industry fires intensified, and gradually condensed to the truth, the rich and lethal atmosphere of destruction made the cold sweat on Wang Yan's forehead overflow.

He instinctively felt that this group of flames from **** was beyond the scope of his current strength. It can be said that it was much stronger than the destructive power of his pure Yang true fire!

“Son of Flame?” Satan's gaze locked on Wang Yan tightly, and snorted slightly, while the solid red crimson ** palm blasted towards Wang Yan.

The air that seemed to destroy the world, Wang Yan's heart tightened.

Everyone felt a great sense of trouble and hit his heart.

This time sucks!

The Domestic Hero - Chapter 824

It is at this critical juncture.

“Hi!”

A sound resembling the tearing of the canopy sounded, and the eardrum punctured the eardrum with pain.

Everyone looked at the sky in shock, and saw the dense fog with a diameter of several thousand meters around them, which was suddenly torn apart by an extremely powerful and terrifying force. A crimson firelight sprayed in thinly, and in an instant the whole thick fog sky was dyed like a burning cloud.

“not good!”

The pupil of the Satanic apostle Harrison twitched, and that terrifying momentum, was it ...

“Ha ha.”

A light laughter sounded, but the sound was not loud, but it echoed through the entire blockade. “The devil Satan, your bold courage, even avatar directly descended on the earth, is it to deceive me that the earth is nobody?”

“Yen Zun!”

Harrison’s pupils suddenly dilated and his face changed greatly. “Isn’t it true that Yan Zun has already returned to China? How could he be here!”

The rest of the demons, all the evil repairs, all changed their faces, and their eyes were obviously full of shock and fear.

The demigod is the strongest person on earth.

This name is not a joke.

Even if he is crazy like Harrison, he can’t help but shake his heart, his eyelids jump straight.

And Wang Yan’s people here are all inexplicably surprised. Comrade Lao Wang couldn’t help but conceal a cold sweat, and Uncle Cannon finally managed to be reliable at a critical moment.

“boom!”

A flash of fire glanced across the sky and faced the huge red palm. The two terrifying forces collided together and suddenly produced a devastating impact.

The focal point of the collision between power and power seems to form a huge space collapse, like a deep and terrifying demon eye.

This picture is only maintained for a moment.

Rumble!

The explosion energy wave spread out overwhelmingly, and only the aftermath caused the six ocean-going giant ships to shake. And Wang Yan’s “Love and Rose” is like a light boat in a violent wind and rain, tossing up and down, almost turning and subverting.

Fortunately, those present were all outstanding masters among the young people, who resorted to such means as falling into the sea like nails like love and roses.

Thick fog with a diameter of several kilometers around was blown in the shock waves, and the dim and dark feeling dissipated a lot, and the sunlight projected in, revealing the blue and blue sky.

Everyone was horrified. For the first time, they witnessed the fighting of the demigod-level strongmen, but unexpectedly they were so strong. They are also considered to be the best among young people in the world, but compared with the demigods, they are as vulnerable as ants.

Their respective eyes are full of awe.

A figure in flame armor and a greasy mask on his face stood empty in the sky. He carried his hands on his back and his fiery red cape hunted in the wind. Although his body is a lot smaller than that of Satan Devil, but his momentum can stand in court, not much.

The killing of Satan’s demon incarnation was broken, and his arrogant eyes showed a surprise and grief. “Semi-god power? Is it true that you are the first master of the earth!”

Before it came to earth, he also interacted with the Satan apostle Harrison, knowing that there are two semi-god-level strong men on the earth today. One is the World Demon Venerable Sealed in the Demon Prison, and the other is the Human Master Yan Zun.

Satan's original plan was to destroy this wave of young masters after he came to earth, and then cause the plan to draw out Yan Zun to kill him. As for the World Extinct Demon King, most of them could be subdued.

Unexpectedly, it just came to the world and Yan Zun appeared.

Is this a coincidence? For a time, Satan's avatar was a little angry, and gave coldly a glance at Harrison. It seemed that Harrison was sweating and terrified.

Such a strong character appeared.

The morale of the opposing parties has changed dramatically.

"Very good, Lord Yan Zun appears." Bright Son Wright, as well as everyone from the National African Bureau, cheered. When Yan Zun is present, he will have the backbone of his heart and will not be afraid of anything.

Especially Xiao Yan Zun Zhang Huang, staring excitedly at the man like the **** of flames, that is Yan Tang Yan, his only idol.

Only Wang Yan, but the old **** is present, calm as clouds. It seems that all this has long been in his calculations.

"Devil God Satan?" Yan Zun's voice sounded a little ridiculous. "The deity is still the first time to see a living Demon God. You are quite brave. You can dare to come to the earth to stir up the wind and rain. "

"Yen Zun." The devil **** Satan flapped a pair of big red wings, and the devil's eyes surged with fierce light. "Dare you humiliate the god? Really do not know life and death, immediately kneel down to submit to the god, otherwise the **** You ca n't survive or die. "

“Uh ... this is still a big talk demon.” Yan Zun laughed aloud, “Wife, are you there yet? Come and see the live demon god, it also whispered to me to submit.”

“Humph, something I don’t know.”

A cold voice sounded, and a shadow in the sky swooped down, standing beside Yan Zun in the air.

She was wearing a simple dress, but it was as dazzling as the advent of the Nine Heavens Fairy, her coat fluttering and her long black hair fluttering in the wind. Frighteningly, there were nine fox tails blurred behind her, flying in the air like nine red flames, exuding a magnificent heavenly power, just like the king is in the world.

Nine-tailed Sky Fox-Linghu Yaofei!

Legend has it that when Jiuwei came out, the world was in chaos.

It can be seen how rare and valued Jiuwei Tianhu is in history.

Satan’s scarlet face changed, how is it possible, isn’t it that there is only one semi-god level on earth? How come another half **** level. Moreover, it seems to be a famous nine-tailed sky fox.

“It turned out to be a nine-tailed sky fox with the descent of the galaxy beast sky fox!” Satan the devil was terrified and said coldly, “Is it so deep that he is planning to calculate the god?”

The fury in its heart. Tang Devil God, but it is not easy to come to other planes. Even if it comes, it usually just comes a projection.

A projection has only legendary power. Even if it is lost, it will be lost, and it will not be distressed.

Only under extremely confident circumstances will the avatar come to the lower level. Otherwise, if you lose an avatar, it will be considered a heavy loss for the demon god. A avatar is equivalent to the power of a semi-god.

Had it not been his loyal apostle Harrison, he vowed to say that now is the best time to conquer humanity, and he was willing to sacrifice a large amount of flesh and blood to open the space channel. Otherwise, the character of Satan, the demon god, will never come to earth on his own.

But when it came to the earth and was ready to show its talents, it was actually surrounded by two half-god-level strongmen.

“Master Demon God.” Satan’s apostle Harrison trembled violently. “My information shows that there are only two half-gods on earth, and one is still suppressed in the demon prison.”

It is not that our army does not give power, but that the enemy is too cunning.

“Idiot!” Satan, the Demon God roared angrily, “Your mess will clean up yourself, and the Demon God will cut you off from now on.”

Harrison shuddered and looked miserable, like a child abandoned by his parents. Open mouth to argue, but speechless.

“Yun Zun, Nine-tailed Sky Fox.” Satan, the demon god, pressed under the violent anger and said with extraordinary momentum, “The **** came to the world, originally bewitched by the people of your earth. The **** now leaves, and does not interfere in the civil war of your earth. “

Obviously, seeing that the situation is wrong, Satan the Devil is no longer ready to go through this muddy water. Hell demons are often full of cunning and vicious personalities. When it goes smoothly, they will show all the cruelty. But when the wind is not right, they will change their strategy and tactics.

For Harrison, it was nothing but a deserted **** that could be thrown away.

“Wow!”

Wang Yan and all the people on earth were stunned by the devil’s remarks. Tang Demon God, how can it be so boneless. At the beginning it was still menacing, but when Yan Zun and Jiuwei Tianhu arrived, it was about to retreat. This kind of morality is really chilling.

Sure enough, the demons are full of fraud and lies.

At the same time, this also seems to prove the power of Yan Zun and Jiuwei Tianhu, even the rumored **** demon avatar did not dare to face them hard.

“Hello!”

Yan Zun said disdainfully, “Satan, have you made a mistake? Do you regard our earth as your back garden, come and go as you like?”

“you!”

Satan, the demon god, was extremely angry, “Yen Zun, as you want, I still want to leave this demon avatar.”

“Huh. Since you are here, do you still want to go back? Is it bullying us that there are no masters on the planet?” Linghu Yaofei also sneered and said, “Come on, let’s stay completely.”

“Good!”

Devil God Satan smiled angrily, “This Demon God has not seen such an arrogant person for a long time. I admit that you two demi-gods are of great strength. It is possible to join forces to defeat this Demon God. This person is possible. The devil pulled one of you to die? “His tone was full of coercion.

In fact, it is also true. A demon who has not known for many years can use unimaginable means. Moreover, this is just one of its avatars, urgent, it is really possible that the dog jumped the wall.

“If you add me.” A cold voice sounded, and a golden pillar of holy light appeared suddenly in the sky. In that beam of light, a noble, fair-haired goddess descended from the sky.

She held the scepter of the light system, dressed in holiness, and radiated an unbelievable glory all over her body.

The Angel of Light!

She is the messenger of the light god, no matter where she goes, she represents the will of the light god.

Obviously, at this time, Daier has communicated with the **** of light, and with the help of the light, he has improved his strength to the level of a demi-god.

Satan, the devil, was stunned.

Is it a demigod strong?

Or the old enemies of the **** of light!

It was surrounded by three powerful semi-god-level strongmen, which could not be explained by chance.

This special cliff is a trap, a trap for its avatar.

For a time, Satan, the devil god, tore up the hearts of Satan's apostle Harrison. Who are you with?

The Domestic Hero - Chapter 825

Full of three half-god-level strongmen, began a cruel inhuman observation of the devil **** Satan.

“Harrison, my good brother.” Wang Yan laughed aloud, “Thank you for seduce a demon avatar down, three siege gods of the same level siege, even if it means monstrous means can only drink on the spot. According to the contract, I will give you a little blood of the demon **** to help you advance to the legend. “

“Fuck!” Satan, the demon god, was furious and popped out at Harrison with one finger.

A magical curd slammed out, causing Harrison to flip a few heels in a row and spout blood. He did not dare to resist, hurriedly kneeling down on one knee and trembling and said, “Master Demon God, Harrison is your most loyal servant. He has sacrificed his soul to you long ago, and there is no possibility of betrayal.”

Satan, the devil, stayed for a while, as if it were indeed the truth. Harrison even sacrificed his soul to him. As long as he had an idea, Harrison would be wiped out. How could he collude with humans to pit himself.

However, as a demon, even if it is wrong, it is naturally impossible to admit it. Its fangs grinned: “Huh, stupid as a pig, this finger gives you a lesson first.”

“Thank you Lord Demon God.” Harrison repeatedly thanked Wang Yan at the same time, “Master, must be this child of flames secretly planning to calculate Lord Demon Lord you.”

Satan the Devil looked at Wang Yan.

Under the eyes as thick as substance, the devil’s majesty is rather majestic. Ordinary A-class powerhouses are under such coercion, I’m afraid they can’t afford any resistance.

But Wang Yan didn’t care. His eyes were very clear, and the wind said lightly: “Old things, what do you look at? Then look at me and let my honored master cut you.”

“puff!”

The demon ***** Satan almost spit out old blood, a human being who can’t even reach the S rank, a man who only exists like an ant in the eyes of the demon ***** Satan, dare to humiliate it so arrogantly.

Just as the demon ***** Satan was so angry that he was going to teach this arrogant boy in spite of all the first lessons, two powerful breaths came from the sky.

One is a strong man full of rich and bright breath.

One is the strong man whose dark power is boiling.

The two descended from the sky and landed in front of Wang Yan.

The one on the right is tall and tall, with endless majesty in his handsome appearance. He wore a pope robe of legendary sacristy, and he wore a bright holy crown. In his left hand is a sacred light, and in his right hand is the Great Light Scepter.

His momentum, even if it is not as good as the demigod level, is also the existence of the legendary S-level peak.

The one on the right is dressed in a lady's dress of European nobility, with fair skin and gentle manners, as if she were a weak noble woman. But the breath on her body exudes a terrifying and terrifying pressure.

“Pope of Light! Prince Rose!”

The two elders of Satanism, the trial judge Carlson and the marine disaster star Kovat, were already on the verge of collapse. When they saw these two people, they suddenly seemed to die like their parents.

If only three semi-god-level strongmen come, they can still accept some. After all, the three half-god levels, the target is directed at the deity of Satan, and the attention may not be on them.

If there is a chance, it is not impossible for them to escape their lives.

But the two heads of the Light Holy See and the Dark Council appeared, but they had no hope of escape.

“Ocean Disaster Star Kovat.” The bright Pope's majestic eyes directly stared at Kovat, his voice indifferent, “You have committed many crimes to subvert humanity. The emperor wanted you for a long time, but you did not expect you to hide. Inside the Satanism. The emperor took advantage of this opportunity to wipe out your marine disaster star from the earth. “

Ocean disaster star Kovat shuddered, his eyes full of fear. Although he is a powerful legendary strong, there is still a big gap between him and the Pope.

“Hee hee ~”

Prince Rose, who wore openwork gloves, gently covered his mouth and smiled, “Master Pain Judge Carlson, the Prince did not expect that after you have betrayed the Dark Council, you will even go to a little Satanic cult. The more you live, the more you go back. Since you live so painfully, the Prince will barely take away your life for it. “

The long face of the trial of pain has changed greatly, staring at Prince Rose extremely. If the opponent is a Duke level blood, he can still fight hard. However, in the face of the prince-level blood, he did not even have the courage to compete with him.

“Good!”

Satan’s apostle Harrison was even more terrible, staring at Wang Yan with all his heart, and said, “Son of Flame, I didn’t expect you to be so prepared. It seems that you already knew my ambush plan?”

“Hehe.” Wang Yan smiled indifferently, “Harrison, you are too mad, there is no one in the eyes. I think you are the smartest and the most powerful in the whole world. Huamu Ying, come out and see him, let him die clearly, so as not to There is no end to the wronged soul. No, he will not even have the wronged soul, because he has sacrificed his soul to Satan. “

Huamu Ying! ?

Harrison’s pupils shrank, revealing a lack of confidence.

The cabin door of Love and Rose flickered slightly, and a figure walked out. She wore traditional Dongying costumes, with a long knife hanging around her waist, her eyes filled with sadness.

“Hua Muying, how dare you, dare to betray your oath and betray your master, An Pei Zongxiu.” Satan’s apostle Harrison roared fiercely.

“Betrayal?” Waiting for Huamuying to speak, inviting Yuejian Gaomingyue to step out and stand in front of her, Xiu Mei raised her head angrily, “That opaque and amorous Anpei Zongxiu is something. To say betrayal, it is clearly him Betrayed Hua Muying first. He not only ignored Hua Muying’s life and death, but also gave her to you. “

what! ?

The bright saints and others showed disbelief and sympathy. In the previous game, I have been very sympathetic to Huamu Ying. But I never imagined that such a loyal and flowery Ying Ying was actually given to the perverted Harrison by An Pei Zongxiu.

Isn't this pushing her into the fire pit?

Gao Mingyue sneered again and again: "Harrison, you don't know. Some of your conversations with your men were overheard by Hua Muying. I heard that you are still going to enjoy Hua Muying's body, and give her rewards for your enthusiasm. Believer. Beast, you are a true beast. "

Sure enough enough animals.

Whether it is him, or Ampei Zongxiu, are abnormal animals.

"But even so, Hua Muying didn't want to betray." Gao Mingyue said with a pale face and angrily, "Because she wanted to say goodbye to me before she wanted to die. I saw her clues and stopped her. Harrison, you have reached the point where you are today, originally you are blaming yourself. "

"I blame myself, okay, okay!" Harrison laughed angrily. "I am Harrison so ambitious, but I didn't expect to break a woman."

"Stupid." Wang Yan couldn't help but sigh. Harrison was really stunned by his arrogance. The two have complained to such an extent that if Wang Yan wants to avoid Harrison, how can he take the boat slowly?

However, it is estimated that Harrison is too confident in his own strength. Even if he sees that Wang Yan is attracting the snake out of the hole, he is in a position of taking into consideration. Because in his view, as long as the demon avatar is summoned, even if two S-classes are hidden in the Wang Yan camp, they can be destroyed together.

Self-confident, too arrogant.

"Okay, everyone's nagging is over, and the demon gods are watching." Yan Zun said with his hands on his shoulders. "This battle today is about the life and death of the earth. Please go all out. Satan,

you are old. To surrender honestly, let the deity catch a living demon, or leave the corpse to serve as a refining alchemy material? “

“furious!”

Devil God Satan’s huge pupil shrank, and suddenly turned into a red shadow, swept towards the sky at a rapid speed, and his voice roared, “Yen Zun, you dare to strangle this Demon God Doppelganger, are you not afraid that this Demon God will actually come to earth?”

It’s extremely fast, breaking the sound barrier instantly, as fast as a falling meteor.

“I still want to escape?” Yan Zun turned into a skyfire and swept over to the devil Satan, his voice disdained coldly, “Don’t say that your real body is extremely difficult to come, even if it can really come, you have the courage to leave Lao nest? Satan, the deity, advises you to obediently slap your hands, maybe you will be left with a dog’s life. “

“The strategy, and what nonsense it is, is the material to kill.” The goddess Daier disgusted the demon and said with a murderous voice. Then it turned into a vast sacred light, which appeared before the demon ***** Satan in an instant, and the light scepter became a little empty, and a ray of arbitration like a laser beam blasted toward the devil ***** Satan.

“Dair is right. What do you want this kind of living demon ***** to do?” Linghu Yaofei’s jade feet emptied a little, and instantly tore the space, and came behind the demon ***** Satan. The law of the nine-tailed sky fox was covered like a sky curtain. Half a sky.

The jade fingers gently pinched, and a white thunder blasted toward the devil Satan with golden wild thunder.

“Cut it off, and give Xiao Yan the equipment on it.”

Faced with the siege of three strong men of the same level, Rao is as strong as the demon avatar, and he can’t help scalp tingling. War knife.

It swept across all directions, blocking the attack of three half-god strong.

Boom!

The terrifying shock wave spread around, the clouds in the blue sky were washed away, the flame fragments, the lightning plasma, and the holy light ripples filled the half of the sky.

The sound of energy colliding with each other is more terrifying than the thunder.

Wang Yan had no time to take care of the demigod-level battle, and his wings appeared in front of Harrison. His eyes were fierce and said: "Harrison, come, let us fight for a fair fight."

Harrison's exasperated mood was overwhelming, but he hadn't had time to be happy yet, but he saw that the ice queen Nan Lian appeared beside Wang Yan, and two breaths of ice and fire pressed against him at the same time.

"puff!"

Are these two of you fighting one, also called a fair fight?

...

The Domestic Hero - Chapter 826

...

Harrison was trembling with anger, and a pair of men and women in front of him, a handsome male with a demon wing on his back, carrying a warhammer upside down, flames lingering on his body, and majestic.

The woman has long hair like a waterfall, her skin is white and tender and can be broken, and her cold temperament is like the arrival of the ice goddess, and the whole body is filled with the force of cold ice.

They stand side by side, but the two opposing forces of ice and fire are extremely harmonious.

Under the joint force, Harrison alone was overwhelmed with fear.

The ice queen Nan Lian unfortunately lost to the quarter-finals, but she is a solid half-step S-level strength, and she will definitely be a top player on the famous side.

Not to mention Wang Yan, he is the champion of this youth conference. Regardless of Harrison's submission, Wang Yan's strength is there.

In such a situation, how could Harrison not be frightened and roared: "Son of Flame, you are too mean and shameless, there is a single with me."

"mean?"

Wang Yan sneered and said, "Harrison, you are doing it for your own self. You don't hesitate to kill thousands of souls, and summon the demon to come to earth to try to subvert humanity. You can't describe it as mean. ** I only have one character, kill! "

Kill a word!

Wang Yan's momentum suddenly exploded, and the flames surrounding him spewed out like a volcano, and he bullied himself. In that hammer, the flames in the sky seemed to converge into the hammer. It was very domineering, and the space seemed to collapse and collapse.

Obviously, after the experience of the youth conference, Wang Yan is gradually rounding and deepening the control of the flame law, and there are some signs of breaking through to the half-step S level.

Nan Lian seemed to have a deep understanding with Wang Yan, almost reaching the point of being connected with the soul.

When Wang Yan moved, she also lifted her jade feet lightly, and Miao Manjiao's body seemed to turn into a mist of ice, and she flew mistily behind Harrison.

A long black hair, turned into three thousand white silk in a flash, and the pupils of his eyes were as deep as the vortex of ice and snow.

The cold breath of her body instantly turned into a substance. The rippled cold air enveloped within a few tens of meters, and the temperature suddenly dropped to tens of degrees below zero. To Harrison. Wherever he passed, the sea was frozen into ice.

During the transition, Nanlian became an immortal goddess of ice.

Harrison faced the ice and fire, just like a flat boat in a huge wave. But after all, he was the divine Satan leader, a rare shocker in the world, and the majestic power of darkness surged into his body, turning into a small black ball.

The black ball took Harrison as the center and burst into bursts. The space around several meters was twisted violently, forming an invisible barrier.

Good means!

The courage is too great.

With a slight misstep, Harrison will be crushed by the dark gravity ball he made. But he was walking above the blade, and applied every minute and every strength to the right.

Such a shocked generation, even Wang Yan, who is an enemy, admires his heart. It is a pity that this person's personality is too extreme, and his heart is brutal. Otherwise, Wang Yan really wanted to make a friend with him.

“boom!”

The two attacks of ice and fire hit the space barrier almost simultaneously.

The twisted space barrier shivered violently. Under the combined attack of Wang Yan and Nan Lian, they couldn't bear the terrifying impact of it, and they were instantly exploded.

Harrison suffered a bite, spitting blood, and instantly turned into a cloud of black clouds.

Obviously, he is ready to learn the devil of Satan, and decided how far he wants to escape.

“Hehehe ~ Where is the Apostle going to go?”

Harrison hadn't skimmed out a few kilometers yet, but was stopped by a woman with a long spur on her bone spurs. The layers of lashes forced Harrison to stop. She has two wings on her back, a graceful posture, and all of her words and expressions contain an ecstasy charm.

“Succubus!”

Harrison's pupils contracted and he fought back. This succubus is also a half-step S-class, he dare not have any care. What's more, she apparently has used the charm technique, Rao Yi Harrison's firm mind, but also can not help a wave of mind swaying, slightly lost.

Only after such a short delay, Wang Yan and Nan Lian have already caught up, and the succubus has blocked all the retreat of Harrison in the shape of a character.

Two half-step S-levels! Plus a Wang Yan who is better than ordinary half-step S-levels.

Harrison was in an unprecedented desperation. He growled with a stern expression: “Son of Flame, are you really ready to kill it?”

“Harrison, what you have done is already out of the human bottom line. What's more, when you were going to kill me, what kindness did you talk about?” Wang Yan's voice was extremely angry, “Today is your death!”

“Good!” Harrison's body was full of magical energy, his muscles kept expanding, and he turned into a terrible **** demon. “Son of flame, even if I am dead, I will pull you back.”

“Humph, it's up to you.” Nan Lian's ice eyes exploded in two cold air, “kill!”

Wang Yan and three others collided violently with Harrison in the air.

...

Not to mention the battles between Wang Yan and Yan Zun, and others, each blooms a few.

At the same time, the flames of war were burning everywhere, each picking up his opponent.

“Marine Disaster Star Kovat, bow your head and plead guilty!” Pope Bright has clearly aimed his opponent.

He was magnificent, and the great light scepter rose slightly in his hand, and a vast force of light rose into the sky instantly.

“The decree of the emperor, the door to heaven, open!”

The voice of the Pope of Light implied the power of the law, causing the surrounding light forces to resonate.

In the sky, all the bright forces condensed quickly, and suddenly, a magnificent and magnificent door to heaven opened for it.

The gate of heaven, the majestic colonnade, the complex patterns on it are full of baroque style. At this moment a magnificent holy light shone through the door, making it look like a small sun hanging in the sky.

The sacred ethereal, like the voice of heaven sung by countless people, also clearly came out from the door, making many young people below can't help but feel respectful and warm. And those evil Satanists and wanted criminals were timid and shivering.

Soon, a beautiful angel full of holy light, blonde hair and white armor, and a pistol shield, like a holy light, walked through the gate of heaven and knelt on one knee in front of the light pope: “Holy angel Roland, see crown under!”

“So this is the holy angel under the pope's crown!”

“This sense of power is impressively S-level!”

There are many young handsomes on the Love and Roses, and this is the first time they have seen the Pope of Light summoning angels, and they were immediately admired by this majestic majesty.

But on the Love and Rose, those young handsomes were shocked, and two angels passed through the gate of heaven.

“Holy angel Leah, willing to fight for the crown!” A holy angel with chestnut hair and a sword shield and a more ruthless temperament knelt in front of the pope on one knee like holy angel Roland.

“Holy angel Wendy, would like to sweep away all heresy evil for the crown!” Finally came out the holy angel, with long red hair, the same sword and shield, kneeling on one knee in front of the pope, saluting respectfully.

This time, the young and handsome men were completely shocked.

Each of these three sacred angels is full of majestic and magnificent momentum, and they are all S-level legendary strongmen.

At this time, even the Bright Lady, the Bright Son, and the members of the Bright Holy See were all stunned. Under the crown of their respected pope, it turned out to be so powerful!

For the first time, they saw that the Pope could summon three S-level angels at once, and it would be terrifying to think about it.

How strong a reserve of strength can this be to achieve such a degree?

The Pope of Light was complacent in his heart, but his expression did not reveal a little bit, and he was still solemn and majestic.

After Yan Zun advanced to the demigod and his apprentice Wang Yan got through the light test again, the Pope’s crown was really greatly stimulated. He has been secretly training his own strength. Now he has added a top legendary holy weapon. Naturally, the strength is much higher than before.

Besides, if we do not take the opportunity to pretend to be in front of the juniors, and take this incident to gain global prestige, this limelight will be robbed by Cao Cannon.

Since you are pretending, you have to put it in place.

The Pope of Light chanted the mantra, and the Holy Canon of Light held in his left hand suddenly opened. Then, with the power of the gate of heaven, the Pope collectively extended a sacred blessing to all young and handsome men below.

Powerful BUFF added body, and the young handsome men suddenly felt full of strength in the body, one by one, high spirits, cheering with excitement.

Even the members of the dark parliament, which had always been opposed to the light church, were very excited and impressed by the powerful force of this friendly big brother.

The Pope of Light was indeed put in place, but his opponent, the marine disaster star Kovat, had the same expression as his dead father, and even tears came out.

These three angels, no matter which one, will not be weaker than him, Kovat, these three angels alone are enough to beat him even his father and mother do not know, this is not counted as an S + level of light pope.

Right now it's almost dead!

Where did Cowart dare to stay for half a minute, he quickly turned into a magic fog and walked away into the distance.

“Where to escape!”

The bright scepter in the hands of the Pope of Light, stroked easily in front of him, “Unextinguishable the Holy Flame!”

A large piece of pure white Holy Flame sprayed out, and all the magic mist that touched Holy Flame was instantly burned and melted.

Suddenly, a mournful cry came out of the mist.

“Where are you?” The three holy angels stood in line and flew away immediately.

“Sinner gangster, die!”

Poor Kovat, the legendary and powerful marine disaster star, was like a poor child under the strong suppression of the Pope of Light.

...

The Domestic Hero - Chapter 827

Judge Carlson, the painful judge, only felt the scalp numb and the liver and gallbladder split.

He originally thought that this would be an opportunity to fly to Huang Tengda, but he never expected that things would develop to this point.

At this time, do not flee, waiting to be bombed to the death of form and spirit?

Judge Carlson of Pain stepped out of the ocean-going freighter and jumped into the air, thinking of escaping the battlefield quickly, as long as he was given a few seconds of effort, with his sophisticated means, he was absolutely confident to escape here and continue to get away happy.

But he is a veteran S-class strongman, where can't he live?

But he never imagined that when he jumped into the air, a **** red mist bloomed in front of him.

“Prince Rose!”

Carlson felt anxious and angry, and his internal organs burned.

In the **** red mist, the prince rose slowly revealed her figure.

Her skin was fair, her posture was soft, and her temperament was gentle and generous, as if she were a noble European noble woman. It's just that the **** breath around her and the palpable coercion reminded outsiders that her horror is far beyond people's imagination.

"Yo, Lord Carlson, the Judge of Pain, the Prince is here in person. Do you want to leave without telling the Prince?" Prince Rose smiled gracefully, with two sharp vampire fangs under the corner of his mouth. Exposed cold light.

At the same time, the surrounding sky continuously rolled out a thick cloud of blood.

These thick clouds were full of **** gas. The dense red lightning inside crackled and cracked. They appeared as a translucent blood-colored shield that covered a radius of kilometers around Prince Rose and Carlson. , All shrouded.

Seeing this scene, the painful presiding judge Carlson, his eyes were almost staring out.

"Blood cage ?! Prince Rose, are you crazy!"

The Blood Cage is a top-level formation that was created to trap S-class powerhouses during combat. Powerful people with S-level strength can almost forcibly smash a space, and then escape, but in a blood cage, unless you try your best, you can't break the cage barriers.

But in battle, how can the enemy give you time to break the cage?

Therefore, once trapped by this imprisonment circle, it means that both internal parties must be killed until they die, otherwise there is absolutely no possibility of escaping.

"Prince Rose! You are not afraid to make me anxious, do you die with you?"

The Judge of Pain, Carlson, was full of panic and decay. His method of torture the prisoner, the prison of pain, was the ability to steal from the blood cage, so he knew the horror of the blood cage.

However, the thing that scared him most was the prince of roses in front of him, who was very charming and charming!

“Together to the end? Ha ha ha, then it depends on whether you have this skill.” Prince Rose’s laughter is relaxed and elegant, and pleasant.

But I don’t know when, behind the Prince Rose, a pair of wide blood-colored bat wings have been spread, the pure blood power, turned into a piece of blood mist around her in a way visible to the naked eye.

A bloodthirsty long whip covered with thorns and barbs was also held in her hand and raised high, “Leaving any traitor in this world is a shame for the dark council.”

“Stop it!”

The bloodthirsty long whip was wrapped with rich blood, and he swung across to the painful judge Judge Carlson. All the space that was passed was ripped out with a trace of blood, and the outrageous murderousness exuded, it was extremely overbearing.

“Ah !!!” Judge Carlson, the suffering judge, issued a desperate howl: “Prince Rose! I’ll fight you!”

Immediately, there was a clear whip in the translucent blood cage, and the screams of the enemy.

...

“Oh!”

“Long live the prince rose! Long live the dark council!”

The Dark Son was the first to bear the brunt, and several young men of the Dark Council, after seeing the power of the Dark Prince, were all excited and motivated.

The Dark Lady on the side despised the Dark Son in the second glance, but still had pride in the Prince Rose on her face.

“Don’t look silly, let’s go.”

She carried the sharp, scythe long-handled sickle first, and jumped on the ocean freighter where the half-dead corpse Klimmans was.

“His Royal Highness the old slave is wrong!”

Facing the violent dark virgin, the half-dead corpse Klimmans “popped” and knelt down on the deck, begging on the ground, “His Highness is kind, the old slave is blinded by Harrison’s idiot, please Give the old slave a chance to rehabilitate, and the old slave must bow down to the dark council, and die! “

The half-dead corpse, an old guy who has been on the black list for more than ten years, can be said to be an old man who knows how to do bad things and never do bad winds and waves. At this moment of life, nature can bend and stretch.

What kind of dignity sentiment does it matter?

The Dark Maiden fell on the deck and stepped,

The half-dead corpse is secretly happy, and the Dark Lady is still a young child, then I will use it obediently.

“Oh, stupid corpse.” Suddenly, the Dark Lady raised her lips and gave a contemptuous sneer. “Your acting skills are much worse than that **** Wang Yan.”

If it was the Dark Lady who had just walked out of the dark council, 80% of them really believed it, but after experiencing a series of baptisms of ice and fire by Wang Yan, her inner sophistication level went straight to the old driver.

“But the virgin decided to accept your proposal, and you will die for my great dark council!”

After all, the Dark Lady stepped a little and killed him again.

Speaking of this, the half-dead corpse Cremans, a half-step S-class old monster, has hidden cards.

Seeing the failure of Fool, he immediately raised his bone staff and shot a green curse of death at the Dark Lady.

“Qiao!”

An overbearing and fierce sword chant, holding the Dark Son of the Magic Sword, jumped into the air, and the sword shattered the spell.

In his hand, this magic sword of sub-god level, not to mention the curse of a half-step S-class strong man, even if it is space, he can show you!

“Damn it!” The half-dead corpse’s face was so ugly that he quickly looted backwards. He didn’t want to bury Harrison here.

Suddenly, a scroll at the bottom of the pressure box was thrown out by him.

The magic scroll is shattered, and its head is more than ten meters long, and its strength reaches the A + level bone dragon. It roars out of the rising magic array.

The Dark Lady swayed, flashing over the bone dragon, and waved with one hand, “Go! Buff!”

“Oh!”

With a loud roar, the sheep-head demon King Bafo, who jumped from behind, was destroyed, and the volley fell, and a heavy punch hit the skull dragon’s head.

The head of the bone immediately crackled, and the tremendous impact force almost overturned the large ocean-going freighter of more than 300 meters.

“Roar!”

Bone Dragon bite towards Bafo, and then the thick-skinned and powerful Bafo destroys, but instead holds the dragon’s head and falls to the sea with the other party.

Suddenly the whole sea was rolling, two top monsters all from hell, the melee combat situation, **** violence to the extreme.

“Half-dead corpse Cremans, look at where you are going this time!”

Black bat king Matthew, the necromancer Gabriel, catching up with the Dark Lady from left to right, plus the Dark Son who came later, four outstanding young members of the Dark Council, drove towards the half-dead corpse.

The half-dead corpse’s heart is like a mourning exam, and she is cold and cold.

...

“Dr. Octopus, this Son will let you pay for the crimes you have committed!”

At the same time, the Son of Light was like a Holy Light, falling from the sky and falling heavily on the deck of the ocean freighter bow.

He was wearing a silver plate armor, driven by the power of the Holy Light, exuding a dazzling light. The surging pressure from his feet even pressed the deck to the depression.

Dr. Octopus, who resembles a human-shaped octopus, looks very gloomy, and steps back step by step.

In his mood at the moment, in a popular saying, it’s really a day ~

He thought that the world would soon be attributed to the demon god, and he would also become a powerful commander of the demon **** master. Since then, he has countless experimental materials, but whoever thought that the development of things would suddenly turn and become the present look, This, this is not scientific!

“boom!”

Another figure fell heavily on the deck of the freighter.

The coming person was Nini, a bitter monk wearing a denim shirt, bare feet and holding a big stick.

She looked beautiful and clean, just standing on the deck of the cargo ship so simple, but it gave a sense of thickness and stability that seemed to be integrated with everything around her.

This is the realm that all ascetic monks have been pursuing and comprehending throughout their lives.

It 's just Nini 's opening, and the thick old driver emphasized that the painting style had a strange change immediately, "Hey, what 's the matter with this evil demon? Wait for Miss Ben to press it for you, you use it. Li, slammed him hard and exhaled. "

Dr. Octopus's eyes flicked, what the ***** was this bitter monk? Is it too far from the legendary ascetic monk?

But at this moment, it doesn't matter what he does.

"Damn ... what the ***** are you looking for? Come on!"

Dr. Octopus was so bad in heart that he quickly drove dozens of trembling hands around him to step forward and stop.

These men have undergone the transformation of his human body and have a high combat ability. They can bring some trouble to the Son of Light and others, and he just has to take the opportunity to escape.

Dr. Octopus even took out a controller and increased his mental control. Dozens of them all turned into octopus men. All of them went crazy and rushed to the Son of Light and others.

"Humph! Find death."

The Son of Light snorted coldly, filled with the Warhammer of the Holy Light and swept across.

"Holy blow!"

A phantom of the Warhammer composed of the Holy Light, like substance, immediately blasted seven or eight crazy octopus men to the ground.

Nini standing next to him shot even more exaggerated.

I saw Nini raised her foot and slammed the cargo ship's deck immediately down a large piece of more than three hundred meters in length. Later, the ship crooked, and all the running octopus people fell. Dogs eat shit.

At this time, Nini clenched the big stick, just like playing baseball, swept in front of her, a violent wind, and instantly jumped all the octopuses in a straight line, rushing in all directions.

“The light of ruling!”

“Boom! Boom!”

At this time, two more lights fell on the freighter. The dozens of octopus men had been bombed by half.

The Bright Lady and the little angel Babe also followed, falling from the sky one by one.

“This time we can't let this guy run again.” The top of the scepter in the hand of the Bright Maiden shone brightly, shining her whole body temperament more honorably and holy, “Quick battle and quick decision, this time we want Solve more enemies, but you can't lose to the dark council.

“That is, after finishing the fight, Babe still has to touch the corpse picking equipment.” The little angel Babe knocked the sword and shield in his hand, looking like he was eager to try.

“Your Highness, let me go, I'll give it to you.” The last paladin Ronnie also fell on the deck.

Because of his relatively low strength, he aimed the target to the remaining little friends very interestingly.

“Hum, octopus monster, kneel down and beg me, maybe this son is in a good mood, can be lighter when beating you.” Bright son Wright fisted, taking the lead.

Nini, a bitter monk, followed, followed by a bright saint and a babe, who responded from left to right in the air, really pushing Dr. Octopus into a dead end step by step.

Under the pressure of this step by step, Dr. Octopus finally collapsed and howled out.

“You, your Holy See, you are so deceiving, I will fight with you!”

...

“You just wait for me here, don’t need to shoot.”

On the Love and Roses, Gao Mingyue looked at the flower-wood firefly with a disappointed look, and sighed slightly, so that she was toe-pointed and leaped out.

Hua Mu firefly paralyzed sitting on the deck of Love and Rose, silently holding tears, she knew that this time she and the young Master Zongxiu got along with her since childhood, it was completely decisive.

“Squeak!”

Hearing the story of Hua Muying, Xiao Ferret suddenly softened. He stood on the back of the hairy crab, patted Hua Muying’s shoulder, and squeaked and comforted.

That looks like saying, what’s so good about that asshole? Leave early and settle down. Now the palace has decided to take you as a concubine for Wang Yan ’s elder brother. You will follow the palace in the future. The palace will cover you.

Of course, the little ferret’s ferret language, Hua Muying can not understand a sentence.

At this moment the entire sea area has been reduced to the battlefield, and everything is chaotic. What light power, dark magic, even elements, grudge, high technology, etc., all kinds of abilities fly around.

As Dong Yingying killed and rebelled, the Ministry of Warfare was extremely frightened.

Although he is expensive for A + level assassination, but after seeing so many top gangsters on earth, the only thought left in his heart is to escape.

But he was full of confidence in escape.

His ninjutsu blended with the shadow, using the shadow to sneak assassination. After discovering that something was wrong, he immediately melted into his shadow and quickly fled to the corner of the freighter.

But before he ran away, a dragon-like sword sound cut through the sky,

A sword air that easily tore the steel plate apart, with a “qiang” sound, slanted in front of him.

The service department stopped the water and was so scared that it immediately changed direction, and the sword fell again.

This sword forced him to show his true body and looked into the air, and he couldn't help but giggled.

A heroic, majestic sword-dressed woman with a brave posture is carrying the sky in one hand. A sword blade resembled the long sword of the moon, suspended like a living creature beside her.

It feels like she is the sword, she is the sword, and the momentum has reached a kind of Lingran.

Such an amazing woman, don't need to think too much, it is the China National African Affairs Bureau, the famous moon sword invited, Gao Mingyue!

“Little Dongying, the thief, is still dying!” Gao Mingyue drank coldly, and his majestic sword rose into the sky.

“I can't fix it! Within the department!” The service department has no way to stop the water, but it arouses his bloodiness.

He pulled out his saber and screamed and killed Gao Mingyue.

...

On the other side, the cannibal butcher on the same boat as the Shuibe Zhishui, Adam Hansen, with a sinister cold light shining in his eyes, he carried a half-man chopper and stepped towards Gao Mingyue Close to the past.

The reason why he slaughtered and ate more than one hundred humans and abilities has not been caught, precisely because of his cunning and sinister character.

Now there are fierce fights everywhere. If Gao Mingyue is beheaded here, he will definitely defend against emptiness, and there will be a little hope for escape.

As he gradually approached that side, a thunder blasted him in the air.

The electric current roasted his fat body, the black smoke was wanton, and it smelled bad.

But his mutated body, after eating the thunderbolt hard, was not injured, but inspired his fierceness.

“Who is it?” The cannibal butcher stared at the fierce eyes and turned to look at the sky.

I saw a cruel man with wings, like a ***** descended from the sky.

The comer is the China National African Affairs Bureau, the Prince of Light Lei Hong!

“Pig!” After Lei Hong landed, he picked up his spear and provoked him.

“Dare you call me a pig ?!” The cannibal butcher soared angrily, “No one dared to call me a pig!”

Touched by the sensitive words from small to large, the cannibal butcher moved his flesh-like body and snarled toward Leihong.

“I’m going to kill you!”

boom!

A thunder burst.

The seawater surrounding the ship boiled, and the cannibal butcher-like roar like a beast sounded with thunder.

In the vast battlefield, the flames of war have been completely ignited.

It seems that everyone has found their opponent and is fighting in the vast sea.

Exploding bear couple, Sun Youmiao, Wu Wu Jie, Zhang Weidao, SCUD and so on. All took advantage of the huge ocean-going ships, exhibited various tricks, and slaughtered with the Satanists.

Their strength is somewhat reluctant to deal with the masters, but it is more than enough to deal with the little ones, just like tigers into the flock.

It is tens of kilometers away from the battlefield.

A young man dressed as Onmyoji looks very angry.

This man is exactly An Pei Zongxiu, who is known as the “arrogant son of God”, his narrow and long eyes show angry colors, “Damn Huaying, dare to betray Ben Sect Master.”

Ape Zongxiu was terrified after the show. Fortunately, he took the initiative to take the task of strangling the net and catching the fish. Otherwise, if he was in the battlefield, he would be taken care of and he would end up drinking.

Satan is over!

...

...

The dark sky of Wuya Ange is like an endless night, covering a large area of sky and ocean.

There is no light here. All visible light seems to be absorbed and absorbed by this piece of pure darkness. Only the endless nothingness and fear continue to envelope the enemy's heart.

Each of them has opponents, and Uya Ange naturally picked up his former opponent Kazan. A dark sky covered Kazan, who turned into a monster.

"I don't believe it! I have obtained the demon's body. I have reached the level of a half-step S-class, and I don't believe I can't win you!"

The former head-down master, now a transformant mixed with demonic genes, Kazan, is screaming with anger in the dark sky. But his voice was like a small pebble thrown into the abyss. There was no echo around him except he could hear it.

The released Gu Gu, one by one, also lost their spiritual contact with him. For a time, in the whole dark sky, he was left alone.

"puff!"

Under desperation, Kazan bit his tongue and took a deep breath, spraying blood from his tongue towards his body.

Blood Gu Gu!

Kazan presses the Yin Gu Gu at the bottom of the box.

Under this spout of blood, all six of his sturdy tentacles, which had undergone colonization, immediately turned hot, and a thick layer of bright red liquid was immediately secreted from the surface skin.

This layer of mucus is actually a terrible microbe, which is more corrosive than strong acid. Anyone who sticks a little bit, the corroded wound will spread to the whole body.

After the hemorrhagic impeachment, Kazan calmed down a lot, and also had the confidence to fight with Wuya Ange.

But he didn't think about it, at this moment, a sharp flash in front of him.

The reason why it is a sharp edge is because he can see nothing in the dark, but he clearly feels that a sharp edge blows in front of him like a cold wind.

Then, he felt the cold wind blowing through his skin, deep into his muscles, straight through the spleen in his body, and finally to the bone marrow.

“No, not reconciled ...”

Kazan spit out a few words in horror, but he hadn't finished speaking yet, and the tumbling blood had blocked his throat.

Blood spewed, and Kazan's body gradually separated into two halves.

The blood gout technique, which hadn't had time to be cast, began to go crazy, and Kazan's body just fell to the surface of the sea, and in the process of falling, it was completely eroded.

In the dark sky, Uya Ange glanced lightly at the corpse of Kazan, which was corroded into fly ash.
“Huh, Miss Ben said that it will give you a happy heart.”

Then, with one hand, a storage bracelet flew into her hand.

...

“Scarlet Cross!”

“Sonic Impediment!”

On the other side of the battlefield, the Dark Son in the high sky took advantage of the half-dead corpse, holding the magic sword in both hands, and a cross cut to shatter the other side’s ghost shield.

Just kidding, the Dark Lord’s demon prisoner, but a sub-artifact demon sword, plus a sneak attack, the half-step S-level half-dead corpse Cremans, couldn’t bear it at all, and spit blood spouting, desperate. Longing to escape.

At this moment, the black bat king Matthew, who was a bat monster, rushed face to face. The mouth was a high-frequency sound wave that was enough to shatter the heart and lungs. The half-dead corpse was trembling in five organs, and the soul was turned upside down. Going down.

“Jin Jie ...” On the freighter, the necromancer Gabriel grumbled, waving his staff in his hand.

“Bone spur cage!”

In mid-air, around the half-dead corpse, dozens of thick bones with bone spurs were generated out of thin air, and he was imprisoned instantly.

“Death Harvest!”

The Dark Lady flew through the air at a rapid speed, and the black hair flew between the eyes of a pair of giant demon gods composed of pure dark forces.

In the moment when the eyes of these demon gods appeared, the cold, violent, dark and evil breath seemed to be surging, and the edge of her scythe in her hand was also ignited at this moment, and even the soul would be burned. Black Ming flame.

“Wow!”

The Dark Maiden lifted the long sickle diagonally, slashing it down with a slash of ming flame, and pierced the sky with a piercing sound of the sky, cutting the bone cage and the half-dead corpse immediately.

Ming Yan exploded in a “huh”, and was cut into two half-dead corpses, instantly burning into a black ball of fire.

In the blink of an eye, his soul was in this black flame, howling with his body and burning to ashes.

The Dark Saint Magic Sword picked it up and picked up the opponent’s storage bracelet, and then offered it to their current elder sister, the Dark Lady.

Below the members of the Dark Council, the battle between the two ferocious summons also tended to end.

Shepherd’s Demon King Buff is extinguished, and once again shows his strong ***** blood. He almost freely put a bone dragon of the same level as him in a savage and violent way, and finally torn the bones. The jaws were broken by it and thrown into the sea.

In this way, the undead bone dragon just now became a pile of bones that lost strength.

Gabriel, the necromancer on the freighter, saw a distressed man in this scene and plunged into the sea.

He saved a large army of undead for many years, and Wang Yan was completely lost at the youth conference.

Now these high-quality keels can be used again if you fight together ...

...

On another cargo ship.

“Hahaha, you’ve figured it out! These fats are extracted from the corpses of the fire powers. Once burned, they can’t be extinguished, and it’s useless to jump into the sea!”

Dr. Octopus smiled madly, “Burn! Burn you self-righteous light believers!”

At first he pretended to be invincible and shrunk to the corner of the freighter like an octopus. When several members of the Holy See were attracted, a violent fire ignited by flammable grease suddenly exploded from the tip of the eight tentacles.

The fire instantly engulfed the Bright Son and the Virgin.

“Ji-Ji-Ji, on the basis of you young chicks, also want to destroy Dr. Ben? Find death!”

Dr. Octopus looked at the bird of prey, glaring fiercely at the fire in front of him, and was about to leave. The fire suddenly shook and disappeared.

I saw a group of crystal-clear red shields in front of the Bright Saint Maiden, which surrounded them, and all the people inside were not even smoked.

“Why, how is it possible?” Dr. Octopus’ eyes almost glared out.

Why is the fire gone? This unscientific!

“This was originally a holy weapon prepared by the saint for the purpose of dealing with Wang Yan. Now it is just time to try your hand!”

The sacred object that Luminous Lady Lulu said was the simple necklace she wore with her-the Dragon Charm.

“The fire you just played is far worse than Wang Yan’s.” The bright maiden Dai frowned slightly and sneered, “Now this maiden doubles back to you!”

When the thoughts moved, the dragon fire talisman flashed red again, the fire dragon crystal core on the pendant suddenly jumped, and a dragon fire spewed out.

The violent dragon fire immediately engulfed Dr. Octopus, Dr. Octopus fell to the ground and howled miserably, and a large smell of burning smell immediately rang in the air.

Around him, Bright Son Wright, Monk Nini, and the little angel Babe, the members of the Light Holy See, no longer gave him any room to breathe, and they all showed big moves.

“Hammer of Discipline!”

“Hurricane broke!”

“Holy ruling!”

The giant holy hammer, holy sword and big stick condensed by the holy light all exerted their strength and hit the body of Dr. Octopus without reservation.

“Boom!”

A violent explosion skyrocketed, and Dr. Octopus was directly blown apart. The large ocean-going freighter, which was more than 300 meters long, was directly smashed by the waist and sank.

The people were suspended in the air quietly, watching the gradually sinking freighter, and a trace of aerial color rose in their eyes. They are no longer the talented stunned blues of the old days. A superhero who can stand alone.

Suddenly, Nini floated in the air and patted her thigh.

“Oh! Miss Ben has forgotten to touch the body!”

He also said that a fierce man plunged into the sea.

...

At the same time, in the other side of the sky, the tumbling **** red clouds gradually subsided, and the blood cage that symbolized the endless battle was finally opened from the inside.

The prince of Roses still looks like that when she first entered, with a gentle posture, a dignified manner, and a luxurious dress, even the corners of the skirt were not wrinkled, and there was no sign that there was just an S-level strongman who died with her. Wrestled.

Contrary to Prince Rose, her opponent, Judge Carlson, who is suffering, is rolling her eyes, and she is lifted in front of her mentally.

Coulson's original gritty bone nails were all interrupted at this time, and the whole body was covered with flesh and skin, and the whip marks of the bones were deeply visible. It can be seen that he had definitely experienced a terrible violent crush before death.

“Blood Siphon!”

The Prince Rose stretched out with one hand, and Carlson's whole blood immediately turned into blood mist energy and was quickly drawn out.

Carlson's body quickly shrivelled at a speed visible to the naked eye, his muscles shrank, his skin shriveled, and even his bones began to dry and rot in the end.

The prince rose now uses the blood extraction method, but at present the top secret technique among the blood races on earth, the other party's essence and power will not be wasted.

Soon, the body of Judge Carlson, the Painful Judge, turned into a decaying skeleton, and a sea breeze blew it, and the skeleton turned into fly ash.

All of Carlson's physical strength condensed into a palm-sized red blood bead.

As an S-level legendary strongman, the land fairy in the Chinese population can not only transform the power of the law into their own use, they are themselves a carrier of the power of the law, a body of essence and blood, all filled with powerful power.

The effect of these flesh and blood essences on other species may not be particularly obvious, but for blood races, it is indeed a rare treasure.

Of course, the essence of S-level strength is slightly worse for the S + -level Prince Rose, and the value is slightly weaker, but she already has another gift candidate in her heart.

She put away the blood beads, looked lazy around, and another excellent nutrient appeared in her sight.

...

On the other side of the sky, the last fog finally broke up.

Marine disaster star Kovat, like a dead dog, was dragged towards the Pope of Light by three holy angels.

Just then, a cloud of blood mist suddenly bloomed in front of the three angels.

Prince Rose, who came out of the blood mist, did not say a word, and reached out to extract the blood of the marine disaster star Kovat.

“What are you doing ?!” Holy Angel Wendy immediately shouted loudly.

“What are you doing?” Prince Rose chuckled softly. “Oh, the more fresh the nutrients, the better.”

Otherwise, as time goes by, the cells will die and the power will dissipate. That kind of flesh is just a mass of carrion, and there is no use.

“You sin heresy, he hasn’t completely died yet!” Holy angel Roland, pointed a spear, this evil practice is simply outrageous.

“Why? He should n’t be damn?” Prince Rose raised her lips gracefully, and then looked like a delicate eyes, but swept coldly towards the three angels in front like the cold winter, “Or, you want to fight me One? “

“You!” The three holy angels raised their arms in anger. Without the Pope’s command and support, they did not dare to score one more point.

Although they are creatures of light power, they regard all dark species as enemies, but they are not fools. The Prince Rose in front of them is not an ordinary character that they can easily win together.

“Enough is enough. Roland, Leah, Wendy, and Ocean Scourge are **** damned. Prince Rose is not our enemy now. Come back.” Pope Bright, with a black face, called back the three holy angels reluctantly.

Although he was solemn and solemn, he said nothing painful or itchy, but he had scolded the old man Yan Zun ten thousand times in his heart.

The three women around Yan Zun are really more arrogant than one. If you go on like this, the majesty of his bright pope will not be able to hold on.

...

In the battlefield, the same battles are raging in other places.

The shadow kills the rebellious ninja belly to stop the water. Although the ninjutsu is strange and erratic, it invites the moon sword Gao Mingyue, the sword is awe-inspiring, approaching, and finally breaks the void with a sword, and the belly stops the water and the shadow is all. Sword cut off.

Not far from Gao Mingyue, the battle was also in full swing.

The cannibal butcher Adam Hansen is a flesh mutator. His body is not only strong and thick, but also has fat on the surface of the skin, as well as a certain resistance to attack. Many elemental abilities The damage is not great.

However, Thunder’s fierce attack is not just his lightning.

After the two men fought each other for a few tricks, Lei Bong stepped back, obliquely avoiding the slash of the cannibal butcher, and at the same time spurted a spear in his hand, stabbing him in the other’s abdomen. The fat body of the cannibal butcher burst into flames from the inside.

The meat hill butcher, which seemed to accumulate fat, instantly turned into a ball of fire and wailed to death.

The whole expanse of sea was full of blood, Zhang Huang, the bear couple, Sun Youmiao, Wu Wujie, Zhang Weidao, and Scud, etc., also relying on their extraordinary strength, sweeping the battlefield all the way.

The earth superpower has always had such a rule that the loot after defeating the enemy belongs to the winner.

Because of this, each of them was full of vigour, and in the end, all the enemies who tried to resist and fled were pushed into desperation.

...

The Domestic Hero - Chapter 829

“Son of flames, you are too much.” A demon with a height of five or six meters, covered in black scale armor, roared angrily in the stratosphere at a height of tens of thousands of meters. No matter how it escapes, Wang Yan will always catch up like a maggot.

Beside it, surrounded by three masters in the shape of a pin, each exhibited his unique tricks, and bombarded the demons one after another.

After some fierce fighting, the demon has been injured many times and is in a state of embarrassment.

“Harrison, you sacrifice your soul to the devil and transform yourself into a devil. After all, everyone has the right to choose their own path.” Wang Yan said with a fire hammer, and said aloud, “But you should not be a thousand Do n’t be arrogant and arrogant, do nothing, and sacrifice tens of thousands of blood, trying to sell the entire earth to the devil. Today is your death! “

boom!

The flame in the warhammer soared into the sky, and the flame image of the fire pheasant's spirit flew to Harrison with his teeth spreading, and he couldn't live forever, as if to say, you are pretending to be forced, and you are going to grab the limelight of my master.

“Ice Storm!”

The ice queen Nanlian's white hair is like a waterfall, and three thousand snow silks are flying in the sky. The vast force of ice condenses a powerful snow storm and rolls towards Harrison like a thousand blades.

At an altitude of more than 10,000 meters, the temperature of the surrounding environment was originally at minus fifty or sixty degrees. After an extremely cold snow and ice blessing, Harrison's surrounding environment suddenly dropped to minus one hundred and dozens of degrees.

At such a terrible low temperature, even a bottle of hot water will instantly freeze into ice.

The body is strong like a demon, and the blood is sticky and the movement is not smooth.

“Gecko ~” “Crack!”

The succubus screamed like silver bells, mixed with whip. It is the instinct of the succubus to display the charm technique in battle. With her current half-step S-level strength, once she is full of charm, the superpowers with a slightly weaker strength will be directly overwhelmed by the charm, striking back.

Of course, Harrison is strong and determined, and it is extremely difficult to completely charm him. But even so, the charms of time after time have greatly interfered with Harrison's fighting rhythm.

Harrison's mind fluttered slightly under the charm of the charm, and his consciousness was blurred for a moment. Although he was sober, he was too late to avoid it.

“boom!”

A burst of flame energy hit Harrison's chest like a shock wave, exploding its skin and flesh and blood.

At the same time, Nanlian's ice storm roared, and like Ling Chi, Harrison was cut into flesh and blood, and numerous scars. After losing it as a demon, it is extremely strong, and its scale armor is outstanding.

In exchange for a slightly worse opponent, Nan Lian's ice storm will directly freeze it into a popsicle, and will be executed later!

Pappa ~

The succubus' soul-eating bone whip arrived as scheduled. While tearing apart Harrison's flesh and blood, he added endless pain into Harrison's will, making it painless to live, and to die rather than live.

Under the siege of several masters.

Harrison has been hit hard, almost at the end of a crossbow. Knowing that there is no hope of escaping, it is so angry in its heart, that hate in its heart. If it wasn't for Wang Yan's bastard, it would summon the demon avatar, and he would definitely be able to talk about it.

Unfortunately, all this is ruined.

Under the siege of the three-and-a-half god-level powerhouse, the demon avatar is still unknown.

In the future, even if the devil deity was furious, he would send an army to settle the accounts. That would be the future, and Harrison could not see it, nor could he hear it.

"Son of flame, the ice queen. Even if the leader is dead, he will pull you to die together." Harrison roared furiously, and the dark magic in his body madly poured out, trying to gather a small black hole, pulling Wang Yan and so on People die together.

"Dying to the end, dare to run wild."

Wang Yan had long been guarding against the Harrison dog's hurried jumping over the wall, and gathered the pure Yang real fire all over his body, and threw the fire hammer violently. At this time,

the fire hammer contained the power of a terrible flame, and the sound barrier was instantly exploded under fast flight, reaching several times the speed of sound, like a meteor galloping in the air.

This is Wang Yan's mortal warhammer, used as a flying sword. The power of this hammer is no less inferior to the missile than the missile.

"boom!"

The Warhammer blasted Harrison's chest and passed through, leaving a hole in its huge body.

The dark magic that had just converged suddenly collapsed, twisting its body to pieces.

Harrison.

dead!

A generation of young devil lords completely fell.

"Snapped!"

Wang Yan grabbed the hammer handle that flew back and let out a sigh of relief. This Harrison is also a generation of wizards, can reach this point at a young age.

It's a pity that this person's character is too extreme and rampant, and he has gone all the way, and finally got this end.

"Snapped!"

A demon-shaped pendant on Harrison's neck couldn't help but bombard and burst. Some miscellaneous things swarmed out and fell down under the force of gravity.

It felt like it was a BOSS, and it also burst by the way.

“It turned out to be a storage pendant.” Wang Yan looked a little distressed. The storage pendant that can be carried by people of Harrison’s level is definitely a dozens of cubic high-end goods.

Unfortunately, the internal space of the storage pendant collapsed and had no value.

“Mei’er, Sister Nanlian, pick your equipment quickly.” Wang Yan flicked her wings and stared at a box in an instant. “Slap!” He shook the box with the figure shaking, and the box was in his hand, letting his mind slightly relax.

The succubus and Nanlian are also extremely fast, while landing at a very fast speed, while falling all over the sky, everything is left in the bag.

“Oh, it really is the prize of the Youth Conference.” Wang Yan was very happy and opened the box.

In this brocade box, there are really three products of Nedan Essence, two of which are of S grade, one bottle is of S + grade, and there is a black card lying next to it.

The exchange price of the S-level inner dan essence in the State African Bureau is 15,000 points of merit, and the S + level has reached 30,000 points of merit. As for the black card, there should be 1.2 billion US dollars.

Poor Harrison, the hard-won prizes were all cheaper than Wang Yan.

The succubus and Nanlian also flew to Wang Yan and began to count the loot.

The first is Harrison’s body.

Demonized it, the strength is almost S-level. Unfortunately, the flesh has been shattered in battle. Fortunately, there is still a pair of devil horns on the head, plus some flesh and blood genes for research.

“Why doesn’t this guy have Neidan crystal nucleus or something?” Wang Yan gathered some Harrison’s wreckage and said quietly.

“Cough ~” The succubus said with a smile, “Harrison belongs to the transformation of human beings into demons, which has not yet been successfully transformed. It can only be regarded as a pseudo demon. In this case, if it can break through to the S level, it is estimated that the body will grow. Come out the Demon Crystal Core. “

In fact, Wang Yan also knows this truth.

The so-called inner crystal nuclei are all organs in which souls store the essence energy of life. These “organs” have evolved from a long evolutionary history and are written into their genes.

Like the demon clan, this race with the blood of the Xinghe beast, they all inherited the genes of similar organs. Therefore, the essence of their cultivation is stored in the crystal core of Neidan.

Many powerful races in the universe have similar organs, but with different names and shapes.

Just like the angels, their crystal nucleus is equivalent to a piece of energy crystal like jade, not jade, which is called “bright jade”.

The blood race is different. Their strength is all in one body of blood. Only when they voluntarily will they condense into blood sperm for the descendants to enhance their bloodline strength.

If you reach the demigod level, the blood crystals condensed from the blood of the holy ancestor level are called the tears of the holy blood, or the heart of the holy blood.

When Prince Rose was the Duke, she rose to the top of the S-class by relying on the crystallization of several tears of holy blood.

As for humans, there is no similar organ in the dominant gene, but it does not mean that there is no ability to condense crystal nuclei. However, only when the cultivation reaches a high level, different cultivation methods will form different crystals. For example, like some strong monks in China, when they are at the level of land gods, they will condense into an inner pill.

Like some high-ranking monks, relics will condense in the body. Like those who practiced the Great Light of the Holy Canon, they will gradually form a Holy Jade similar to the Bright Jade in the body, and even after the death of some of the most devoutly top strong men of the Light Holy See, they will form the Holy Jade.

Of course, human strong people like Wang Yan have not yet practiced to the level of terrestrial immortals. Naturally, there is no energy crystal in the body. This is the difference between humans and some other species.

“Master, what do you think this is?”

While Wang Yan was thinking, the succubus jade turned over and took out a box sealed with a six-pointed star array.

Wang Yan opened it and saw a vast dark magic looming, and his eyes were bright immediately: “Well, I know that Harrison is rich and has many babies.”

In that box, densely packed with a box of dark magic crystals, those dark magic crystals are black and flawless, exuding pure and vast dark magic power. There is also dark magic on the earth, but it is extremely difficult to condense such high-quality dark magic crystals, and even if it is, it is extremely rare.

It is conceivable that the source of the dark magic crystal of this big box must be the plane of hell. It is estimated that after Harrison promoted the Satanism and recruited many fanatic believers, the devil Satan gave him a reward.

Seeing this box full of dark magic crystals, it is clear that he has not just gotten it, and has not had time to enjoy it yet.

This box of dark magic crystals is definitely worth the price. There are many numbers for those who practice dark power on earth.

“Oh, it seems that Ange is cheaper.” Wang Yan said with emotion.

Wuya Ange, the cultivation is pure power of darkness. With the help of this box of dark magic crystals, I believe that she will advance by leaps and bounds in the future.

In addition, the treasures in Harrison’s storage space are staggering.

Harrison deserves to be the leader of one religion, and it is really fat.

Wang Yan was very excited, and this time he made a fortune.

...

The Domestic Hero - Chapter 830

In addition, there are many valuable resources among the treasures exploded by Harrison. For example, six bottles of S-grade inner pill essence and thirty bottles of A + -grade inner pill essence. Fire pith, ice pith, wood spirit, earth spirit and so on are all in units of hundreds of grams.

Some rare materials are also available.

There is even a legendary holy artifact, two common holy artifacts, and a large number of secrets of dark cultivation.

Seeing the end, Wang Yan was a little bit dumbfounded.

This fat sheep is too fat, and even ordinary S-class strongmen are far less wealthy than Harrison. However, this situation is normal. After all, Harrison is the master of one religion with tens of thousands of believers, hundreds of thousands of devout believers, and hundreds of millions of common believers.

The only pity is that with the exception of the \$ 1.2 billion unregistered black card, the funds in the remaining bank cards are not available. Otherwise, Harrison, who is the leader of Yijiao, must have an unbelievably large amount of funds. At least, it will definitely be richer than the super rich on the bright side.

But for money, Wang Yan is not particularly valued. After all, in the last big gamble, Wang Yan won eight or ninety billion U.S. dollars with the high priest Berika, and his personal cash was nearly one hundred billion U.S. dollars.

With so much cash, Wang Yan is definitely among the top ten even among the invisible wealthy in China. Wang Yan is more concerned about the large amount of resources.

“Sister Nanlian, you take ten bottles of A + grade essence, all ice pith, and three bottles of S grade inner pill essence, well, and this dark holy weapon.” Wang Yan gave Nanlian a lot of loot.

The three holy objects are all dark magic tools, a magic sword, a dark magic wand, and a dark crown. Among them, the dark breath of the crown is very strong, which makes people feel suffocated.

Well ~ It seems to be the legendary dark crown, a famous legendary holy weapon. Once the dark magician wears this dark crown, his strength will increase dramatically. But this thing seems to be the equipment of the Dark Pope, a former parliament leader of the Dark Council.

The Dark Pope is the only human parliament leader in history. He has refined dark magic and is extremely powerful. He is expected to step into the semi-divine realm.

Unfortunately, he was born in the wrong era. At that time, it was the era when the most powerful Pope Luther in the light of the Holy See was rising. All the dark forces were brutally suppressed.

The legendary dark pope Rex is also a stunning generation. It's a pity that before he had reached the level of demigods, he was vigorously destroyed by Pope Luther.

However, it is reasonable to say that Pope Luther killed the Dark Pope, and all his equipment should be included in the light of the Holy See. But why did it appear in Harrison's hands?

Could it be said that the Dark Pope did not die?

What is the truth, Wang Yan is unknown. Things that were hundreds of years ago are just legends.

But it is no wonder that in the youth conference competition, Harrison did not dare to take out these holy tools for use. Even Wang Yan can recognize the equipment, not to mention Prince Rose.

It is conceivable that when Prince Rose sees the equipment “lost” by these dark councils, he will surely find a way to get it back. Once Harrison became a **** demon, he didn't need it.

Anyway, it is cheaper now Wang Yan.

“It’s okay for me to hold these cultivation resources.” Nan Lian’s long, snow-white hair gradually returned to black, and Wang Yan glanced, “What do you want me to do with this dark crown? Increase my power of ice? “

“Of course not, but we can change the equipment.” Wang Yan said with a chuckle. “We helped the Dark Council retrieve the ‘lost’ legendary dark holy artifact. The Dark Council is always embarrassed to bring a broken holy artifact.” Change? At least, it must be a baby of the same level. “

“Why don’t you change it yourself?” Nan Lian said strangely.

“Sister Nanlian, Prince Rose, the contemporary parliamentarian, is my little teacher.” Wang Yan said, touching her nose, “What if she boasted that her disciples are really filial?” Of course, Wang Yan was joking, relying on roses. The atmosphere of the prince will not be greedy for his legendary holy objects.

Even if the value of this legendary sacrilege is not inferior to an SS-class crystal core.

“Xiao Yan, I ...” Nan Lian didn’t understand him, and the slightly dissipated ice stared at him.

Before finishing the speech, Wang Yan interrupted: “Sister Nanlian, don’t quit. The equipment was exploded together by us, and of course it should be shared. I already have a fire hammer, and there is no shortage of weapons. Go for a suitable baby. Anyway, you are my girlfriend, we are a family, when you are strong, I am strong, and I am waiting for you to become an S-class earlier and cover me. And this dark crown is dark. It’s for magicians only, and sister An Ge is not suitable. “

“Well, then I’m not hypocritical.” Nan Lian put away the spoils she had distributed.

“These ten bottles of A + grade essence, two bottles of S grade essence you hold, and that wand will turn around and I will change to a piece of equipment that you can use together.” Wang Yan gave the succubus a bunch of resources again.

“Lord, Master.” Succubus knelt down in fear and sincerity. “The charmer has already received a lot of gifts from the owner, and the owner has to enjoy it for himself.”

“A person is powerful but not powerful.” Wang Yan said with a smile, “If you are a S-class at an early date, it is better than a thousand horses and horses.” Wang Yan is not joking, an S-class succubus can be said to be The queen of succubus is over, and a big charm will continue to make a large group of enemies backwater.

Meier’s eyes were shining, and she knew that she was right with her master. She said solemnly: “Mei’er will never let her master’s expectations.” She is a superb succubus, with extraordinary qualifications, and becomes a succubus when she has abundant resources The odds of the king are great.

Wang Yan seized a lot from Harrison, only the S-class essence, there are eight full bottles, naturally will not treat the charm of many meritorious children.

After distributing some loot, Wang Yan took them back to see if they could help.

...

Almost at the same time.

In the vast inner space, the background is a gorgeous starry sky.

A huge **** demon is looting into outer space in awkwardness. It carried a **** flame war knife, and his body was covered with various wounds.

This crimson devil king is the avatar of Satan the devil.

Escape!

Only if it escapes from the earth and enters the vast universe, can it have any hope of life.

As a demigod, it already has the ability to survive in outer space. In the solar system, it has many places to go. For example, Venus near the earth, the place full of magma flames, is suitable for its healing and hiding.

Although the journey is more dangerous, it may take several tens to hundreds of years.

But for a demon avatar with extremely strong vitality, what a journey of decades can be more cost-effective than death on this earth.

The earth is too dangerous.

Still good for Venus.

“Satan, you are too embarrassed.” A thick voice almost sounded in its spirit.

In the direction of Devil God Satan’s avatar escape, a man wearing a glazed fire-colored battle armor stood out of thin air. His physique was so small, but it was dazzling like a sun. “Yen Zun, are you really going to kill them?”

In the inner space hundreds of kilometers away from the ground, the air has become so thin that it is almost non-existent, and the sound is naturally no medium for transmission.

However, it is still a breeze for demigods to stimulate shock waves to communicate with themselves.

“I said that the earth is not where you want to come and want to go.” Yan Zun said jokingly, “Looking at you, you are extremely injured. Are you going to hide in the purgatory of Venus? Unfortunately, Your idea is to dream. “

“Stupid Demon God, do you think the earth is still backward in the Middle Ages?” Linghu Yaofei descended like a goddess, and the nine-tailed sky foxes behind her had extended hundreds of meters. She taunted, “Your escape track and route , Has been discovered by our satellites, no matter how you escape, it is nothing to escape. What ’s more, according to your current strength to escape to Venus, at least we have to fly in a sleep state for decades, we Can’t get a spaceship to catch up with you !? “

“Damn ~”

Satan, the devil, roared in extreme fury. His longevity was extremely long. He often slept for tens of centuries, but he didn’t expect the earth to develop such a powerful technology.

“This demon **** fights with you.” It burned a blaze of hell, covering hundreds of meters.

“boom!”

A bucket of holy light shone from a distance, like a spear piercing the sky, hitting the devil Satan.

Yan Zun and Linghu Yaofei were also suppressed, and one big move followed another big one to the devil Satan.

Satan, the demon god, was also good. Under the siege of the three masters, he still insisted for a full ten minutes. And one of them is still a **** of light, she can attack and defend, and has extremely strong auxiliary ability.

“boom!”

Yan Zun destroyed the star-like punch, so that the demon **** flew away, hitting it again.

At the same time, a sharp claw attacked and penetrated Satan’s chest. At the next moment, there was a football-sized red crimson crystal on the blue claw shadow.

“puff!”

The magic crystal was pulled out as if it had crushed the last straw of the devil Satan. Under a violent wave, it struggled a few times and fell to the earth’s orbit.

A slim figure appeared slowly, and the law of the nine-tailed sky fox was fully contained.

Linghu Yaofei holds a crystal core like the most perfect gem in his hand, and his pale face is slightly fragrant: “A very powerful Devil God avatar, I am afraid that it is even more powerful than the ordinary Demigod, if it is not a collection The power of the three of us is afraid that we can’t take it. “

Obviously, this battle, her consumption is extremely great.

“Well, it is even more powerful than the World Demon Lord. It really deserves to be the devil’s avatar and has a real divinity.” Yan Zun stood beside her, and his eyes were extremely dignified. It’s getting more and more uneven. “

“The soldiers will block it, and the water will cover it.” The angel of Delil appeared lightly and said lightly, “Don’t dare to send another avatar to measure Satan the devil.”

Three of the half-god-level powerhouses, awe-inspiring demon gods, are located 400 kilometers away from the earth.

Many monitoring satellites have also captured this scene, and the world is in an uproar.
