## Chapter Chronicle

### Chronicle

◆◆◆Note- Since reading this before the latest chapters may reveal some spoilers, read at your own discretion.

Mana is a mystical energy that comes from the planet itself. Like a heart, it pulses mystical energy generally called mana, to every corner of the world.

Mana can generally take five basic forms:- Fire, Water, Earth, Wind, Lightning, and four rare forms:- Light, Dark, Time, and lastly Space. The five basic forms of mana are more widespread in Althaea, few people and species can harness the four rare forms of mana.

These magic are further divided into three tiers:- Novice, Intermediate and Advanced.
