Chapter 231 - The press conference is the climax

When Klose stood in the kick-off area, another record was born. He became the fastest player in football history to return to the kick-off point after losing the kick-off right; but when he passed the ball back to his teammates, Bremen's pass quickly made mistakes under the pressure of Bayern.

This is also justifiable, after Schaff got Bayern's appearance list, he formulated a strategy of defending early and looking for opportunities to fight back. I didn't expect Bayern's first goal to come so fast, this time Bremen There was confusion in the players' minds, part of them wanted to continue to implement the coach's strategy, and the other part wanted to equalize the score as soon as possible, so that mistakes would be normal.

It's a pity that Mackay's shot came out and Bremen was lucky enough to escape; but the next game was getting worse and worse, the midfield pass was often mistaken, and the defender did not dare to foul easily. They Time and time again, Ze Roberto, Barak and others broke into the restricted area, and the front door suddenly seemed to be surrounded by danger.

Taking the threat from the middle, Bremen's defense line gradually shrank, so Lv Qiujian, who was on the side, once again found an opportunity to dribble the ball from the side, instantly attracting the defense of two central defenders, taking advantage of their defense The encircling circle has not closed a straight stopper, this time Ma Kai did not waste a chance, pushed a shot at six meters in front of the door and then went to the next city!

Just ten minutes after the game started, Bayern had a two-goal lead on the road.

"They don't dare to foul now, you can try to break through more!" Lu Qiujian said to Ze Roberto who is outstanding in his footwork.

"No problem!" After losing to Bremen for several seasons, Ze Roberto was also full of depression. Bremen did not dare to make big moves, but it was a good thing for him. A series of gorgeous feet played Fallon Horst was dizzy.

Oops! When Ze Roberto passed by him, Fallon Horst pulled him conditionally, and he regretted it as soon as he shot it! Experienced Roberto Roberto will not miss this opportunity, screaming and falling in front of the penalty area.

Toot ~ The referee decisively whistled and awarded a free kick. The Bayern fan zone once again celebrated. After seeing Lu Qiujiang's name, they have no doubt that Bayern is about to usher in the third goal.

A beautiful Bézier arc hung upright, and Bayern fans' expectations turned into reality; after the goal, Lu Qiujiang ran to the Bremen fans who held insulting slogans and put their index fingers to their mouths. Suddenly boos all over the field.

"Be careful with yellow cards! It's not worth the yellow cards for these guys! Let's continue to teach them with goals!" Experienced Ze Roberto persuaded him with his arms around his shoulder.

This goal completely lost Bremen's courage to attack, and even Klose returned to the rear to defend; Bayern's players kicked more and more, especially when Ze Roberto got the ball. Rushed away, trying to make another free kick out.

Bremen players will no longer be fooled. Would rather not be fouled by him to break through, not necessarily to score a goal after breaking through, and providing the opponent with a free kick after the foul is equivalent to sending a penalty!

"Here!" There was a cry from the side and back when Ze Roberto was trapped. He passed the ball without thinking. Lu Qiujiang pulled the ball back with his left foot after receiving it. Just as Fallon Horst stepped forward to prepare for a snatch, his right toe poke, the football passed under his crotch, and Lu Qiujiang entered the penalty area like a wind.

Faced Reinke with a light volley, he completed a hat trick within halftime, Bayern lead Bremen 4:0.

Although Bayern also created some opportunities, Reinkegao resisted to defend the goal until the end of the first half.

"Good job, substitutions in the second half, Desler you replaced Hargreaves, Salihamidzic you replaced Frings!" Magath also began to beat the water dogs. Don't you dare to foul? I replace all the players who are good at breaking through and good at breaking through. See if you can hold it!

"Lv, I'll change you when the situation stabilizes! Your performance today is good enough, if the Bremen players are angry and angry, it will be worthless!" Magath can now do nothing for Lv Qiujiang.

“Okay, I have no opinion at all!” Bremen can’t win anyway, and its own data is almost the same, just like that!

Sure enough, fifteen minutes after the start of the second half, Lu Qiujiang used the free kick created by Deisler’s breakthrough to stage a senior four back and Magat replaced in advance.

Back to the bench, he took out the information about it from his bag and looked at it, if the test did not succeed. You will have the opportunity to join the team, and it ’s better to prepare for it earlier.

Bremen has been completely broken by Lu Qiujiang, even if he did not recover the momentum, but because of slackness, Barak took the opportunity to shoot long. Then Lucio scored a header and Desler made a cold arrow in the penalty area. When the final whistle sounds, the score is locked to 8: 0!

This score broke the Bremen Bundesliga’s biggest defeat record of 9: 2 lost to Frankfurt in 81, but what made the fans who did not think that their depression was far from over.

This news conference Magath brought Lu Qiujiang and Barak. As for Kahn, he was almost asleep in the backcourt. Dozing off in the locker room now!

Both sides performed very well. We just had better luck. Magat Barabala finished speaking in a bunch of official words, and it was time for reporters to ask questions.

“Lu! I noticed that you rushed to the Bremen fan zone after scoring a goal to show some fans a shut-up gesture! Are you dissatisfied with their behavior?” A reporter from the “Kicker” magazine could not wait immediately Asked They also don’t like the fans who discredited the image of the home.

“Yes! Such behaviors should be punished wherever they are!” Lu Qiujiang nodded without hesitation, but immediately turned back, “but I think most Bremen fans are still good, the reason This situation must be due to the lack of education of some fans. Here, I want to make a contribution to the elimination of more extreme fans in Bremen in the future! “

Ok? Is this a horse situation? There seems to be big news! “Excuse me, do you mean?” The reporter of “Photo” asked immediately.

“I think anyone who has formal education will not be like those extreme fans! So I think the best way to prevent extreme fans from appearing is education! The reason why Bremen will have such fans must be this city. The reason for the excessive funding for education! “Lv Qiujian smiled slightly,” So I thought of a good idea to raise some of the funds donated to Bremen, specifically used to help Bremen City’s education! “

Chapter 232 - 1 cut for education

Lying trough, this trick is ruthless enough! Scolded others for being uncultivated, others have to squeeze a smile and thank him! The reporters in Bremen were very depressed now! But could they say that Lu Qiujian was wrong? It seems ... it really can’t be refuted!

“Would you like to raise funds?” The reporter of the “Team Daily” saw the excitement was not a big deal, and immediately stood up to ask questions. Such banners involving personal insults appeared on the court more often, and players in a class could only Fighting back with the performance on the court, and then expressing your anger in the media, it would have little impact on the fans who committed the crime, but Lu Qiujian does not seem to intend to let those guys go so easily. 【

“There is a fighting club on Munich’s Sebens Street!” Lv Qiujian suddenly said something that seemed to have nothing to do with it at this moment. “Which club often holds some fighting competitions, and many amateurs work through the club. People can participate after testing. “

Amount, what kind of trouble are you talking about? The reporters could n’t keep up with Lu Qiujian ’s thinking; then he talked about the history of NBA, “In 1998, Rodman of the Chicago Bulls and Karl Malone of the Utah Jazz had a dispute on the court. It was agreed to go to wwe and use wrestling to settle the grudge; that game attracted a total of more than 12,000 spectators to buy tickets for the game at a high price, and the tbs cable network also broadcast the game to North America through the premium channel. “

When the reporters heard this, they seemed to understand Lu Qiujian’s meaning a bit, did he think ... Sure enough Lu Qiujian immediately revealed the answer, “I just saw those ‘fans’ who seemed to say that I was not enough men, I will only use free kicks to break the goal, fearing head-to-head confrontation; of course I let them down! In order to further prove that I am not as they said ... “Of course, the banners played by those fans are even more unpleasant. Words, but Lu Qiujian has no interest in repeating.

He looked straight at the camera lens, pointed his index finger forward, and seemed to be talking to those fans across the camera, “If you still have a bit of courage, then come to Munich to fight me! Let me see if you are really as powerful as you said! “

“The reporting rights for this competition will be auctioned. All proceeds will be donated to Bremen’s education in addition to the necessary expenses! The auction will be divided into four categories: newspapers, magazines, TV stations, and online media. A media report! “Beckham can auction his wedding, of course, I can auction this game, Lu Qiujiang calculated the time. “Media interested in participating in the auction can go to my agent to sign up. The specific game time will be announced after the event is confirmed!”

“Of course, if those fans don’t have the courage to go to Munich, choose another neutral city!” Lu Qiujiang looked at the camera for the last time and said to the fans again, “If you still have a little courage. Then come to sign up for the game!” “This can be regarded as your contribution to Bremen’s education!

With a loud bang, the press conference immediately became a hustle and bustle, and all reporters stretched their arms desperately trying to ask for a chance to ask questions! This is really explosive news!

Some anxious people immediately started to call to ask the headquarter’s own media if they want to participate in the auction! If won, it will undoubtedly attract countless readers.

“Please ask Sky TV reporters to ask questions!” The Bremen press officer who stayed for a long time only remembered that the time for the press conference had not yet arrived. He hated those fans now, and the image of Bremen was all over! Not to mention the upcoming penalty from the Football Association!

“Mr. Lu! Are you afraid of being injured in the fighting game and causing you to miss the next game?” Although athletes are better than ordinary people, there is no guarantee that they will not be hit by those fans?

“There is indeed such a possibility!” Joke, it is no wonder that Lu Qiujiang’s current physical fitness, reaction speed and body control ability will be hit by them! Lu Qiujiang replaced with a mournful expression, “But for Bremen’s education, for the next generation there will be no more fans like this. It is worth it for me to take this risk!”

Nima, I’m getting husky! Our Bremen has been humiliated all over the world this time! All the Bremen present at the same time burst into tears! Whether this matter succeeds or not, it will become the current hot news, when someone asks what is going on ... Oh, it turns out that there is a football hooligan in Bremen! Dear! Do n’t get it wrong, they are just a handful! A handful! But at that time no one would listen to their explanation!

“Lv, don’t be impulsive! Bayern will help you sue those fans!” Magath is more nervous than anyone else. If Lv Qiu Jian has a chance, his dream of the Champions League may be bad!

“Please rest assured, I am not impulsive!” Lu Qiu Jian whispered. “I never do things that I’m not sure about. I’m completely committed to those fans!”

Yes, they are doctors of famous schools! There is certainly no problem with IQ, and Magath still does not know Balotelli. He analyzed Lu Qiu Jian’s behavior with the thinking of normal people. I thought he might have the means to deal with those fans?

No way, after returning to Munich, you have to ask the club to find some combat masters to test it first. He dare not take risks now!

The press conference ended soon, and the next day Lu Qiu Jian challenged Bremen fans to occupy the front page of the major media, squeezing the major hot games to the side; the news was published. The personnel of all parties have started their own actions.

Liu Yuzhou’s phone was directly hit, and major media such as “Kicker” magazine, “Photo”, “Sky TV” and other major media have signed up for the auction! If you can’t grasp this opportunity, how can you become a big player in the sports media circle?

Bremen football hooligans were so angry that they said they would go to Munich to build Lu Qiu beautifully!

The Bremen city government immediately apologized to Lu Qiu Jian and expressed gratitude to Lu Qiu Jian for his care and love for Bremen’s education, but asked him not to take this dangerous approach.

The German Football Association issued a ticket to Bremen in the fastest time. Those provocative fans were banned from entering any football stadium for a lifetime. Bremen was also disqualified for three home games due to poor discipline.

The German Fighting Association also took the opportunity to stand up and wave a sense of presence, expressing their willingness to provide the most professional venues, referees, lawyers, etc. for the competition.

Bayern expressed their indignation against Bremen fans, and urgently called several local combat masters in Munich to prepare to test Lu Qiujiang.

The Chinese embassy issued a protest statement. After Lu Qiujiang returned to Munich, a military officer quietly entered the Bayern Club!

Chapter 233 - The sad military officer

“Lv, don’t be so impulsive! I will let those fans pay the price!” Beckenbauer’s style of a gangster, he has made a serious negotiation with the German Football Association.

How can I find a teacher to avenge myself? Lv Qiujiang smiled slightly, “You don’t have to worry, I believe that not many Bremen fans are willing to appear on the fighting stage!” Unless diehards, the average person will receive the scolding of the global audience in front of the camera?

Hernes, Beckenbauer, Magath, and Rummenigge never persuaded Lv Qiujiang to withdraw their plans, and silently watched the embassy martial arts for a long time and coughed a little, “Dr. Lu You are a precious asset of our country. If something happens in the game, I can’t confess to Director Lin! ”

He was the last person he contacted with Patrice, and he was also working for an unspeakable department. Among the characters Lin Qianjun gave him was an important one to ensure the safety of Lu Qiujiang.

“Relax, nothing can happen!” Lu Qiujiang remained unmoved.

“Would you like to see it like this? Let me try your kung fu first? If you win, then you do n’t need to say anything. If you lose, let ’s cancel this match. You do n’t have to worry about public opinion. Question, we will handle it properly for you, and guarantee that it will not affect your reputation!”  
“He came up with a backup plan.

“Yes!” Lu Qiujiang agreed to turn back to Beckenbauer, “Mr. President, can I use the club’s training room for a use, I see it seems to be used as a temporary fighting platform!”

“No problem, I just hired several combat masters in Munich!” Beckenbauer is also prepared here, some well-known boxers, German grasp masters, fighting instructors of the ninth frontier team, a bunch of them are all next door. The room is waiting! I hope they can let Lu Qiujiang take back his ideas.

“This is Colonel Kane of the Ninth Frontier Brigade! This is boxer Marcus Bye, this is a free-kick professional player Kobe ...” In the training room, Beckenbauer Xiang Lu Qiu Jian introduced these sturdy masters. 【

Everyone else looked at Lu Qiu Jian with great interest. Only Colonel Kane’s eyes stayed on the embassy military officer for a long time. He seemed to smell a similar taste from himself.

“I’ll change my clothes, let’s start after warming up!” Lu Qiu Jian’s expression is still relaxed, not affected by the momentum exuded by these people.

. . . . . Half an hour later, Beckenbauer, Magath and others looked at Lu Qiu Jian with the eyes of monsters. Those masters of fighting were not as relaxed as they were just now. Rubbing his shoulders and embarrassing his face, fortunately, no reporter came in today, otherwise this time he will lose the adult! Only the military officer still looked like a breeze.

“My agent and I made an appointment to meet at nine o’clock, and I should go now!” Marcus Baiy said to Beckenbauer with his eyes closed.

“Uh ... trouble you. Your medical expenses Bayern will be responsible for you! No one else will know about the matter tonight!” Beckenbauer was very embarrassed and found these people through his friends. , I did not expect it to happen like this.

“No more! Just go back and apply the heat!” Marcus Bye knew his situation. Lu Qiu Jian deliberately controlled his power when he hit him.

“Relax, I think we are embarrassed to say something about tonight!” Xian Koubu wiped his nose. Depressedly speaking, others naturally nodded.

“Mr. Chairman, I don’t think there will be any problems!” Lv Qiu Jian shrugged, his forehead didn’t even have a few drops of sweat.

“Okay!” Beckenbauer already prayed for those Bremen fans in his heart, “But don’t be too ruthless, if you have a disability, it will also have a very adverse effect on you!”

“I know the size!” Lu Qiu Jian nodded and took our military officer out of the training room. The military officer’s back was still straight.

Waiting for them to walk out of the training room, Beckenbauer looked back, watching Rumenig said with emotion. “I always thought that Bruce Lee and Jack Cheng’s kung fu was just a movie, but the military attache and Lu completely changed my view!”

“I will send you back to the embassy!” Lu Qiujian turned his head and looked at Mr. Military Officer.

“Don’t need it!” Mr. Wu Guan’s tone could not be heard.

With the same stride and the same distance, Mr. Wuguan came to the door of the Bayern Club, “You go back! My car is in front!”

Lv Qiujian took a look, and an inconspicuous car was parked not far in front of him, “So okay, what can I do for you in the future!”

“Don’t be so impulsive next time!” There was a bit of wry smile on Mr. Wu Guan’s face. For this matter, he was almost scolded by Lin Qianjun as a dog! You said that you are a scientist who has been doing this leisurely!

“Oh, then I’ll go back first!” He still needs to discuss media countermeasures, successor plans and other issues with Beckenbauer and others, and it’s not time to go back to sleep.

Wuguan waved his hand. Without looking back, he walked towards his car, opened the door, and sat in. He didn’t start the car immediately, nor did he turn on the lights. Until the figure of Lv Qiujian disappeared at the entrance of the building, his old well-faced face suddenly became twisted.

Opening his mouth and panting heavily, hunkering down on the steering wheel, holding his right hand tightly on the abdomen, “Oh! What a terrible endurance! What the \*\*\*\* is this guy! Who beats the instructor? It’s all cruel! It hurts me! “

After more than ten minutes, he gradually recovered, and slowly started the car to move slowly at the speed of 20-30 kilometers per hour. At a quiet corner, he stopped the car and raised the window, and took out the phone exactly the same as the one he gave Lu Qiujian last time.

“Hey Did you convince Dr. Lu to give up the game?” Lin Qianjun’s voice came from the phone.

“I was beaten! Dr. Lu, who didn’t look like a multi-player in your mouth, was beaten hard!” Mr. Wu Guan burst into tears. “Besides, I was beaten with Kai of the Ninth Border Guard Colonel Eun, professional boxer Marcus Bye, the first cobb who participated in the unlimited fighting competition! ... “

“Have your kid been beaten? You said that Colonel Kane was the one who participated in the World Special Forces competition last year?” Lin Qianjun’s eyebrows were drawn, shameful, and hair was thrown.

“Three minutes ... I didn’t insist on three minutes! It’s the longest time of all people tonight! You let me and these people singled out? It was not for you when I was in the military school. Have you ever used laxatives? As for the revenge so ruthless! “Mr. Wu Guan deeply felt that Lin Qianjun retaliated against him for his own power!

Chapter 234 - Game start

“Adolf, are we really going to participate in that fight?” Hess, one of the founders of the German Super Bremen Fan Organization (German -super-, abbreviated dsb), hesitantly looked at the packing The leader of the organization of things.

“Are you afraid?” Adolf sneered at him, and then grabbed the front of Hess’s clothes to pick him up. “We have hundreds of people! Can’t we beat a yellow kid! You?” Get out of the dsb if you have counseled! Don’t be like a lady! “

“This will be broadcast live on TV. What if the German Football Association finds us in trouble afterwards?” Hess was sprayed on the face by Adolf’s saliva, but he dared not wipe it. The scars on Adolf’s upper body can be seen He was a fierce fellow, and he had fought a lot of fools on this street; so Hess only dared to persuade.

“We are all forbidden to enter the stadium to watch the ball, how can we punish us? Confiscate our home TV! Hess, you still go home to feed the baby!” The big fat man Gorlin on the side is bandaging Wrapped in his hands, don’t look at him fat, he was an officer a few years ago.

“Oh, let him roll, and avoid losing the face of our dsb!” Said cold Shimley, who was a retired officer like Goring.

“Yes, leave the dsb badge, and get out of here!” Himmler’s partner Rohm stood up and kicked on Hess’s ass, and Hess fell to the ground for a long time before climbing up, trembling. He put his dsb badge on the table and walked out without looking back.

Now Hess is still annoyed by his timidity, but soon after seeing the end of this matter from the beginning, he immediately began to rejoice at the wise decision he made today.

“Let’s go!” Adolf pushed his glasses. Be the first to walk out of this small bar where they often meet. Behind him dozens of sturdy guys came out from behind him. Other \*\*\*\* members organized by other dsb fans also came out from various gathering points to the direction of Bremen train station. .

Munich is in the southeast corner of Germany. Bremen is in the northwest corner of Germany, so the German Fight Association will be selected in Erfurt, the capital of Thuringia in central Germany.

The German Fighting Association has a large-scale fighting club here. There are a variety of facilities such as a fighting platform and an auditorium, but its name is a little strange. It is obviously a fighting club. Why not call it a beer hall without making it? Could it be that the owner of the club has to play drunk and fight with people every time he drinks beer?

When Adolf arrived here, the German Fighting Association referees, security guards, doctors, commentators and other staff were already in place. Fans and fighting fans who lined up to buy tickets even lined up in front of the club.

Tickets for this game have been fired to 500 Euros in the hands of the scalpers, which is much more expensive than the Champions League final tickets. Of course, there are also reasons for the club’s too few auditoriums.

After some fierce competition. In the end, the French “Team”, Sky TV, “Kicker” magazine and espn sports network obtained the right to report the game, this auction received a total of nearly five million euros; as the mayor of Bremen After hearing this news, he was both happy and depressed. He was happy that Bremen would receive a large amount of education funds. What was depressing was that the price of this fund was that Bremen would lose face in the world!

“You are the contestants of the dsb fan organization?” The staff of the German Fight Association sent a document to Adolf. “This is the contract of this game and the insurance contract of the insurance company. You signed this contract. After physical examination to confirm that there are no diseases that are not suitable for the game, you can enter the stage! “

“Allianz Insurance provides you with attentive service! I am Allianz Insurance’s Benito, ready to serve you.” A courteous man next to the staff of the Fighting Association greeted them, “Mr.

Everyone knows that anything can happen on the fighting platform; Allianz Insurance will provide you with a free policy. It will relieve your worries and allow you to show your strength on the fighting platform ... “

“Italian?” Adolf heard his origins from Benito’s accent, tearing the insurance contract apart with two swipes. “I never believe in Italians, they can do nothing but hold back! I don’t think I will use insurance!”

Then he swiped his name on the contract of the German Fighting Association and walked past Benito with his head high; then Gorlin, Himmler, Roma and others learned the way of Adolf one by one. The insurance contract shredded, and he signed his name on the fighting contract to enter the beer club.

Then Lu Qiuqian did not let Benito down, and signed his name after Liu Yuzhou checked the two contracts and nodded to him that there was no problem.

“A total of more than one hundred fans signed up for the competition!” Beckenbauer walked to Lu Qiuqian’s side and said that although he had already seen Lu Qiuqian’s strength, the number of participants in the dsb organization was a bit too much? So he persuaded We can stretch the game to three or five days. If you feel tired, just tell the referee, he will suspend the game! “

“Okay. But I don’t think they will all appear!” The first few beat harder, the people behind will lose their courage to appear?

“This is Sky TV. We are broadcasting an unprecedented game for you, with Bayern Munich player Lu Qiuqian playing against representatives of Bremen dsb fans, and they will appear on this fighting platform in more than ten minutes. .... “The blonde women on the fighting stage have already started a passionate dance. The major media have sent the news back to the headquarters. All the audience have finished sitting, waiting for the game to start!

“Shimley, you are the first one! Take a good lesson and teach him!” Adolf and others have changed their combat shorts and gloves, and more than a hundred people are sitting on the side of the combat platform, being guarded by the enemy’s security guards. Surrounded.

Lü Qiuqian was sitting behind the representatives of Bayern, such as Beckenbauer, Magath, Kahn, and fighting masters who had communicated with Colonel Kane. The military officer also shrank in a corner.

The game started on time, Lv Qiujian and Himmler boarded the fighting stage, and the referee pulled them to the middle. "This game adopts unrestricted fighting rules, no hair pulling, no eyes inserted, no bite ..." "After re-emphasizing the rules, he waved vigorously," The game begins! "

Chapter 235 - Adolf's anger

"Come on, kid, let me try my fist!" Himmler jumped like a monkey while covering his face with his fists, spraying garbage!

Seeing his pace, Colonel Kane couldn't help but shook his head. From his movements, he could have seen that he might have been a soldier, but now the use of footwork is different from that taught in the army. I'm afraid I didn't practice well! Well, actually it seems useless to practice. Colonel Kane's stomach seems to start twitching again, which was the part that was hit by Lu Qiujian the other day.

There are so many people behind, let's end the battle early! Lv Qiujian flashed to Himmler and shoved his right fist away from Himmler's defense. A beautiful left hook punched him in the chin.

"Beautiful left uppercut, which reminds me of Mike Tyson!" ESPN's commentator Michael Cole thought the game would last for a while, but did not expect the climax to come so soon.

"Poor Himmler, he seems to have passed out! Oh, we saw that the doctor had run to the fighting stage, and Lv Qiujian won the first game in just 25.5 seconds! Ha, DSB fan organization The faces of the players suddenly became difficult to look! "The responding Mr. Narrator recovered and the passionate commentary quickly aroused the passion of the audience and the audience in front of the TV.

"Good job, Michael!" The voice of the backstage director came from the headset, "The ratings have increased by another percentage point! Come on, I think you will get a huge bonus and holiday after the game!" , Speech, brother free to watch the chapter without pop-up window

"Lv Qiujian did not return to the corner to rest, but stood on the stage overlooking the area organized by the DSB fans." Michael was more inspired by this explanation, "The second stage is Roma, his figure. It looks stronger than Himmler. I don't know if he can hold on for a few seconds longer than his teammates! "Michael Cole explained many fights, and his eyes were flamboyant. It will not be Lv Qiujian's opponent.

"Oh, it was Roma who led the attack, but unfortunately his whip leg was easily blocked by Lv Qiujian! After a beautiful turn, Lv Qiujian turned off Rom's whip leg with his right hand and then turned around and left his elbow. It's Roma's face! "This trick made Michael excited again, even if it was, such wonderful shots were rare.

Poor child, Colonel Kane and professional player Kobu looked at each other with a wry smile, and it was n't Lu Qiujian playing with them to bully children!

“Oliver, you said I told Master Lü Bai ... yes, I see that in the Kung Fu movie, would he agree?” Schweinsteiger's eyes glowed and looked at the center of the octagonal fighting platform. The trick is so handsome!

“You still do a good job as a football player! Fighting is not for you!” Schweinsteiger did not see the warm-up that night, such as Lu Qiujian and Colonel Kane, but Kahn was the whole process. What I have witnessed is that even the professional players who practice hard every day are not Lu Qiujian's opponents. Is it possible that Schweinsteiger is swollen?

Ha, there will be fewer players who dare to clash with Bayern after this game? Hey, it seems that his lion roar has no chance to play anymore, Kahn feels lonely!

“23.6 seconds! Roma was also dragged out of the fighting stage by the doctor! He insisted on 1.9 seconds less than Himmler!” Michael Cole could not help but look at the area organized by the DSB fans, how long can such a person last? ESPN spent a lot of money to buy this live broadcast opportunity, you must support it for a while!

“If Roma is not so eager to attack, everything will be fine!” Adolf's face twitched a few times, trying to suppress his anger.

“Rome is too nervous. I'm afraid he will collapse if he doesn't attack.” Gorin's teeth seemed to tremble.

“Ketter, Yoder, Kreps and Burgdorf, you guys come next!” Adolf called out several names.

“I ...” These unfortunate guys didn't think they took a step back.

“It's an order! It's an order to get you on the field! How dare you disobey my order? Has it reached this point ...” Adolf couldn't help but get angry. “You cowards! Traitors! Fans! You fans are not bad May's scum ... no sense of honor! Call yourself a fan, but because you have spent a few years in Weser Stadium. But you only learned to scream like a lady! How many years have you been blocking me Action! All you do is pull my hind legs! “

Was photographed by his power. Kettle was scrambled on the fighting platform. From the beginning of the game, he kept running around the iron cage on the edge of the octagonal platform.

“Aha! If all the DSB players adopt this tactic, Lu Qiujian may be difficult to stick to the end!” Michael felt that DSB’s players were a bit more, but he was immediately excited again, “What do we see!” What did we see! Lu Qiujian could not have caught up with Kettle! But he jumped up and stepped on his right foot on the iron cage, using the rebound of the iron cage to make up the distance gap kicked On Kettle’s face, Kettle fell straight on the fighting platform like a stake! He was finished! I have seen two teeth fly out of his mouth! Poor Kettle, I am afraid He could n’t taste delicious steak for a long time! “

Then Yoder, Klaps and Burgdorf were defeated by Lu Qiujian accordingly, and no one could persevere until the end of the first round, the whole auditorium continued to cheer with excitement, they were every time for Lu Qiujian Perfect and applauded!

“Golin, it’s up to you now! He has exhausted a lot of energy, and you are the heaviest of us! Take advantage of your weight to get rid of him!” Adolf took off his glasses with trembling hands, wiped them and put them back on And shouted hard at the table in front of him.

“Michael, the ratings of this game have set a record! Haha! Good holiday! Dear bonus! I ca n’t wait to call the airline ’s booking phone!” During the game gap, the backstage director once again passed the headset to Michael Cole reported the good news.

Yay! Michael clenched his right fist, and then his gaze returned to the fighting platform, “Gosh, let’s see what kind of player DSB has sent! This Mr. Goering may weigh more than 280 pounds! “

“This weight will reduce his movement speed, but at the same time it will also make his ability to resist attack very powerful! Let us see what kind of tricks Lu Qiujian will take against him!” He will definitely knock down as beautifully as before Opponent?

Chapter 236 - Do n’t think it ’s over

Lv Qiujian did not disappoint the audience. He quickly turned to Gorlin’s back and threw his right hand under his neck with a thunderous gesture, and then held the right hand with a fierce palm.

Gorlin fell to the ground, and the huge weight seemed to shake the fighting platform. Lu Qiujian’s hands were still not loosened. By the chance of Gorin falling to the ground, his legs were twisted and his body was fixed. On the fighting platform, Goring could only wave his hands in vain, and there was absolutely no way to break the shackles of Lu Qiujian.

“Is this Gracie Jiu-Jitsu?” Ze Roberto looked at his fellow Lucio, and he could still recognize some of this Brazilian national trick.

“The trick of strangling the neck is the guillotine, and the body is the python twist!” Lucio’s back is cold, Nima is training; pig; pig; island; I am no less defending him during the novel game! Next time he is giving me this trick I can’t bear it!

“Goring’s arms are getting smaller and smaller. He can’t hold the referee to stop the poor doctor. He doesn’t seem to be able to hold Goring’s huge body!” Michael Cole is now so excited that Lu Qiujian just added This match was defeated by an opponent who weighed twice as much as his opponent. “This trick can be ranked in the top five even in this year’s game! Such a fighting genius is a pity to play football!”

Hearing this, Magath and Beckenbauer burst into tears. The main identity of the Nima family is a doctoral student at the University of Munich. Playing football is just hard work and study! We also want him to concentrate on playing football!

There was silence in the dsb fan area, and some timid could not help crying, so there was more time, Himmler, Roma, Keitel, Yoder, Klaips, Burgdorf and Gorin successively Was defeated, and each one is so miserable!

They now regret that when they entered the door, they broke the contract of Allianz Insurance for Mao to learn Adolf. Now that you are broken, you have to spend money to see a doctor! Our family is not rich!

And when Hess, who ran to the UK to avoid the wind, saw a picture of Goering being dragged down on the hotel TV, he could n’t help but draw a cross on his chest, thank God, it seems that I made a wise decision !

“Gerda! Please calm down and don’t cry!” Adolf removed his eyes. Taking off his coat, he seemed ready to play.

“Adolf, you are not as professionally trained as they are!” Gerda persuaded carefully, trying to get his leader to take back this horrible idea.

“It’s over? The game has failed? Do you think so?” Adolf threw his coat aside, revealing a scarred chest, and turned back to ask his friends, “Traitor! Cheated and betrayed me from the beginning! To

dsb The unforgivable betrayal of the organization. But all the traitors have to repay and use their own blood. They will drown in their own blood! “

Then his eyes became cold, “I have never received professional combat training, but I have conquered the whole street alone! If you think this means I will leave here. Then you are wrong! I would rather die here On the fight platform! Just do whatever you want. “

Finally, Adolf disregarded his celebrity’s obstruction and angrily boarded the fighting platform! The waste that I don’t have, I have to get on stage in the end!

“Are you the leader?” Lu Qiuqian looked at the young man with a mustache in front of him. “If I beat you today, I am afraid it will be over?”

“Don’t you think! German men will not be easily defeated!” Adolf looked at Lu Qiuqian’s shoulder with vigilance. This is his accumulated experience in street fighting for many years. Whether the opponent is kicking or punching, his shoulders will show traces of himself Just respond according to the movement of his shoulder!

“Come on, I will give you a chance. Let you attack three times first!” Since it is a big head, Lu Qiuqian doesn’t mind playing with him for a while, and solving opponents too quickly is not interesting.

Adolf snorted, looking for opportunities around Lu Qiuqian. He knows that espn is currently broadcasting live, if Lu Qiuqian cheated him, he will be despised by the global audience, so there is no doubt that he is safe to observe Lu Qiuqian’s flaws.

Flashed to the side of the fierce punch to Lu Qiuqian’s temple. Lu Qiuqian struck Adolf’s wrist with lightning strikes. Adolf suddenly lost his center of gravity and stumbled into the wire fence.

“Ah! Why did Lu Qiuqian not pursue? This is a good opportunity!” Michael Cole was puzzled. “However, the punch he just defended against Adolf seems to be Tai Chi! It must be said that it is really beautiful!”

“Come back!” Although the stubborn Adolf knew that he was not strong enough, he stood up again and made a pose to make the uranium light he fluctuated. No, it was a vicious move made by street fighting to call Lu Qiuqian.

Lv Qiujian took a brisk step to easily escape his attack, extended a palm and patted him on the ribs. Of course, the three offensive opportunities had not been used up yet, and Lu Qiujian did not use his strength.

“Well, this trick seems to be gossip!” Our Mr. Michael Cole has met countless professionals in the fighting genre. The third time Adolf still did not come to Lu Qiujian, his heart was stunned. Sink to the bottom, bad, this is over!

“Now it seems my turn!” Lu Qiujian twisted his neck and pulled away to prepare for the attack. Adolf was nervously waiting for his move.

“Ahta!” Lu Qiujian shot like a lightning. First, Adolf’s face in a boxing kick added a side kick before he fell. The body of Adolf was kicked up and hit the barbed wire with a bang. Go up, and then collapsed helplessly on the fighting platform.

“Bruce Lee’s Jeet Kune Do! Beautiful foot, strength and speed! I’m afraid Fido may not be able to avoid this foot, let alone poor Adolf!” Michael Cole stood excitedly. Get up!

The doctor skillfully took the stage and dragged Adolf away. Lv Qiujian was condescending and looked down at the dsb fans. “Who else? Who else will come? Will others come!”

The fall of Adolf made them lose their courage. After the few people with a little courage were defeated by Lu Qiujian, no one dared to board this fighting platform!

Dsb fans sagged their heads, not daring to face Lu Qiujian on stage! After the referee asked three times if there was anyone to play but did not get a reply, he announced that Lu Qiujian won the game!

Looking at the fans who were in awkward situations, Lu Qiujian huh, huh, do you think it’s over even if you hit it? There are more exciting tricks waiting for you!

Chapter 237 - I\\'m afraid the hooligan has culture

I’m going to get La Prado! The game is over! In the hearts of the directors of Michael Cole and ESPN, ten thousand grass and mud horses gallop past, can’t these guys who paralyze your dsb hold on for more time? The headquarters has received countless calls to add advertisements! Every minute of this game can bring countless money to ESPN! Seeing that the ratings have reached a new high, but your waste has shrunk?

Espn's staff immediately wished to find a dsb dress and jumped onto the stage. However, the referee had terminated the game, and Lu Qiujian also stepped down from the fighting stage.

"Lu, don't you think it's too heavy to start? I think the fans of dsb seem to be hurting so badly?" "Team" and other media reporters hurried over.

"Their injuries seem heavy, but in fact they only need to rest for a while!" Lu Qiujian actually deliberately controlled his injuries.

"Dr. Lu is right, their injury really doesn't matter!" The doctors of the German Fight Association quickly testified that although the injury was not serious, it was very painful! And this pain cannot be eliminated in a short time! The doctor secretly vomited, this beaten is too professional!

"When are you going to donate money to Bremen?" "Kicker" magazine has already started preparing for the next interview! Well, fortunately, it seems that there is no need to bid again this time! But this game is really exciting! I am afraid this supplement will be sold out! I really didn't spend a lot of money!

"Tomorrow I will go to Bremen, I will set up a foundation to operate this fund, hoping to make some contribution to Bremen's educational cause!" Lu Qiujian politely replied.

"Master! Let's take the disciple!" Before the reporter's question ended, a sturdy young man squeezed into the crowd, lying on the ground and hugging Lu Qiujian's thigh.

"Well, Bastian. What's wrong with you?" Lu Qiujian looked helplessly at Schweinsteiger!

"Master, let me learn combat techniques with you, OK!" Schweinsteiger ignored the murderous vision of Beckenbauer and Magath behind him, holding Lu Qiujian's thigh unwillingly to let go.

"Ah. Not bad, but I have a condition!" Lu Qiujian scratched his head and replied.

"What conditions? As long as I can do it. I will definitely agree!" Schweinsteiger said decisively.

"You go and find Gareth Bell to worship me as a teacher first, then I will consider whether I want to accept you!" The style of Master Pig is wrong!

“Gares-Bell? Who is that?” Schweinsteiger was at a loss!

“Bastien! Come back with me!” Before he could figure it out, Kahn also squeezed into the crowd and reached out and grabbed his back collar to drag him away!

The next day, the city hall of Bremen was full of journalists from various media. The mayor of Bremen should squeeze a smile and shake hands to welcome the arrival of Lu Qiu Jian. Hey, President of the University of Munich Bernd- How did Professor Huber come?

Soon Lu Qiu Jian revealed this mystery. “Mr. Mayor, I intend to divide the five million euros into two parts, one part is used for basic education in Bremen, and the other part is to provide scholarships for outstanding students who entered the University of Munich from Bremen!”

“The University of Munich will warmly welcome outstanding students from Bremen!” The handsome Professor Huber said to the mayor.

“Thank you very much for the support of the University of Munich for Bremen’s education!” Mr. Mayor gave a unique smile to the politicians.

The greeting ended and the press conference officially started. Lv Qiu Jian first showed the cheque of 5 million euros. Of course, the income of the broadcasting fee is still a little bit short of 5 million, but Bayern Club gave an integer.

“... Education is the ladder of human progress. Education can eliminate prejudice and ignorance ... Education can make people understand awe ...” Lv Qiu Jian expressed a feeling of emotion for education, listening The Bremen under the stage gritted their teeth. Isn’t this sentence scolding Bremen fans for lack of upbringing? But it sounds very majestic and indisputable! They can only accept it reluctantly, and they have to squeeze out a smile and make a pretty agreeable appearance!

What made them unexpected is that the ruthless ones are still behind! After Lu Qiu Jian expressed his emotions. Finally, the part of the foundation is mentioned, “Given that this incident was caused by the dsb fan organization, I named this foundation the dsb foundation, and at the same time the scholarship of the University of Munich was also named dsb scholarship!”

Lying trough, everyone on the back was cold for a while, this is to whip the corpse! It’s not a good idea to beat someone else, but you still have to name the foundation after someone else’s name.

Moreover, the fund was divided into two parts, and Bremen wanted to change its name in the future. Where will the University of Munich continue to bear the dsb name!

Someone asked in the future, “Brother. What is the origin of the dsb scholarship you got?”

“Oh, let me tell you. At that time there were some extreme fans in the game against Bremen at home in Bremen ...” Barbara said this, the tragedy story of the dsb fan organization was passed on for so long!

“Thank you very much for the kindness of Dr. Lu!” Despite this The mayor of Bremen could only try to maintain a smile and took the check from Lu Qiujiang.

Of course, the city of Bremen will certainly not accept this gift in vain. They also prepared a return. Mr. Mayor took out a beautiful golden key from a small box. “Given that Dr. Lu Qiujiang ’s education in Bremen For the outstanding contribution made, the Bremen City Government decided to grant Dr. Lu Qiujiang the title of “Honorable Citizen of Bremen City” and presented a golden key symbolizing the “Honorary Citizen of Bremen City”! “

Hey! The reporters present began to sympathize with the city of Bremen. They were beaten by their own citizens like that, and they had to smile and gave the title of honorary citizen. It is really ... too poor!

The next day, the news spread to the world along with various media channels.

France, Marseille, an unremarkable country house, the retired Manchester United king Cantona and the Liverpool famous Chen Chen hero who came here to visit him cried after seeing the news on TV.

Nima, we just beat a fan in the past. One was banned for eight months and the other was suspended for nine months. This one thing turned so many fans into pig heads. The city has to smile and give the title of honorary citizen, which makes us feel so sad!

Hey, as the saying goes! Hooligans are not terrible, they are afraid that they have culture! We both have suffered from not reading too many books!

Chapter 238 - Sequelae

“Adolf, I think I have been discharged! I have been in the hospital for several days, and I have to bear too much of my own expenses. I can’t bear it!” Goering was sad when he thought about the contract that was torn by himself. , That’s all money! That’s all money! Why did you want to follow Adolf to be cool and handsome?

“Me too!” Kettle said with a mouth full of air, the two teeth he had kicked off by Lv Qiujian had not been repaired yet! Tooth filling is very expensive in Germany! God, if you will give me another chance to let the lovely Mr. Benito stand in front of me again, I will definitely sign my name on the contract. If God asks me to put a limit on the number of contracts, I hope ... ten thousand copies!

“Adolf, my wife has sold her wedding ring ... I don’t think I can stay here anymore!” Himmler murmured, and the economic conditions of the dsb members were not generous. The previous behaviors did not have the intention to vent their dissatisfaction, but this time they kicked on the composite ceramic armor, not only did not hurt others, but also tossed themselves enough.

“And me! I heard that the factory has fired me!” Rom said pitifully.

“I’m leaving too, Louise is ready to move to Berlin to live! She said she really can’t bear the neighbors to look at her expression, and she wants to change the environment in order for Yodall to grow up healthily. Go to Berlin to find another job! “Yodel looked at his old friend Ketel apologetically.

“Why don’t you stay in Bremen? Isn’t there a dsb foundation? You can help Little Yoder apply!” Goering didn’t know if it was really ironic.

After some noise, everyone left, leaving only Adolf alone in the ward; lying there for a while, he got up and found the staff of the hospital to start the discharge procedure, especially for me. Money! I lost all my money to the three bad things Joseph, Winston and Franklin last time!

Adolf walked to his gallery with a bandage on his head. Don’t look at our fierce look of Mr. Adolf. In fact, he is a painter, but his work is not appreciated by many people.

Waiting for the gallery, he looked at the gallery’s landlord from a distance, pointing a group of people at the door, pointing at the picture and saying something; what is it for? Adolf quickly walked over.

“Adolf, I was just looking for you!” Did not wait for him to think. The landlord said his intention, “You know the situation now, because I rented the house to you as a gallery, I was under a lot of

public opinion pressure. So I have to take back this house now! Of course, I will compensate you according to the contract! “

“The pressure of public opinion?” Adolf repeated the host’s words in doubt!

“Yes! Because of this incident, the image of Bremen has been damaged all over the world. People all over the world think that Bremen is an uncultivated and rude city, which has caused many of my friends who run tourism. A huge financial loss. Their orders have plummeted! All this is a credit to you and your friends! “The landlord gritted his teeth. He also has a hotel in his own name, and foreign tourists who have booked in the past few days have refunded their orders. How can he have a good face for Adolf.

That’s it? Adolf stared blankly at his beloved gallery, “What are you going to do with this gallery?”

“It happened to be a Russian gentleman and a gentleman from the United States who were interested in this house. They planned to build a wall in the middle of the house to divide the house in half, half for selling beetroot soup and half for pizza! “The landlord answered blankly.

Then, people never saw Adolf in Bremen, and some people said he went back to his hometown, Austria. Some people say that he went to South America; and the dsb organization because of the leadership of each thing, plus everyone in Bremen hates the name, so it will soon disappear!

“Lv, Juventus have always been known for their solid defense, so today you have to rely on your free kick! But Buffon is not as good as Reinke and Hein to deal with, you have to pay attention!” UEFA Champions League Bayern Challenge Before the Juventus match, Magath told the locker room.

“Come on! Lü’s free kick doesn’t even help me, what can Buffon do?” Kahn, despite his old age, has declined, but still has a temper of disobedience. He heard Magath praise Buffon. Can’t help but interject.

Game start. When Lu Qiu Jian set foot on the Alpine stadium, he set another record and became the first Chinese player to appear in the Champions League.

Juventus and Bayern Munich were both victories in the first two group matches. Bayern ranked first in the group only with a goal difference. The game against Juventus is related to whether they can qualify as the first team to avoid the strong teams of other groups, so Bayern started the attack at the beginning of the game.

Juventus still maintains his steady style. Camoranesi, Zambrotta and Zebina and others broke down the offenses of Ze Roberto and Salihamidzic again and again, perhaps because Because of the away game, the Bayern players did not get a free kick after several falls.

Lu Qiu Jian was not in a hurry, and patiently used the pass to test Juventus' defensive strength in the midfield. This makes Nedved, who has been entangled with him for a long time, a little depressed, doesn't he say that his breakthrough is sharp? Why do you pass the ball every time?

Patient observation finally got a chance, Barak hit a long shot on Emerson's body and the restricted area popped out, and Lu Qiu Jian quickly ran to the landing point of football.

Cannavaro, who came out of the penalty area, saw that he seemed to be unable to catch up with the football. He quickly hurriedly fell a shovel to try to kick the football away; I saw Lu Qiu built in the moment of approaching the football, his right foot lightly on the football Pulling again, turning around to wipe Cannavaro Marseille maneuver! Zidane's Marseille roundabout! "The narrator of Alp Stadium looked at Lu Qiu Jian with a complex expression. This scene was repeatedly performed at Alp Stadium many years ago, but at that time the performer was Zidane, but now it is replaced by Lu Qiu Jian.

After Cannavaro's back door exposed a large area of empty space, Lu Qiu Jian burst into the penalty area to shoot and easily scored a point; with this point Juventus is no longer good to continue to defend, so they have to attack, but they have passed many times Intercepted by Lu Qiu Jian, not only did he not score but was assisted by Lu Qiu Jian to score with Barak.

The front Ibrahimovic didn't receive the pass for a long time, coupled with Lucio's small movements, the rebellious temper recurred, and he suddenly turned around and pushed Lucio slap hard.

"Why do you want to fight!" Kahn immediately went up to protect Lucio, staring at Ibrahimovic.

"I'm afraid you can't do it!" I'm really a karate master! Afraid of you? Ibrahimovic stared back.

"Who is going to fight?" Then there was a light voice in his ear.

“Yes ...” Ibrahimovic turned around and happened to see Lu Qiuqian coming over with a smile. He immediately swallowed the word “I” in his stomach. He also watched the video of the day, and paralyzed me stupidly before I clashed with him.

“Woody things, wooden people want to fight!” So Ibrahimovic, who was always reckless and nobody was afraid ... counseled!

#### Chapter 239 - Interview

His team fell behind at home, and the players on the team were shocked again. Juventus fans were immediately depressed. Some grumpy people began to scold. A big beard in the crowd stood up and pointed at Lu Qiuqian. “You this Huang ... wooh ... “

Before he had finished speaking, the next door immediately threw two strong men wearing Juventus jerseys and immediately covered his mouth. “What do you want? What do you think of our Juventus fans’ reputation as Bremen?” Is it the same smelly street! “

“Why haven’t I seen you before?” This is a gathering area for Juventus core fans, everyone basically knows each other.

“Well, I guess he is a Turin fan, specially to harm us!” Someone pondered his chin.

“Well, I think so, pretend to be part of us, and then anger that Lu! Then let him set up another Juventus fan foundation? I guess it must be so!” Someone immediately made up for the next plot!

“What are you waiting for? Kill this guy!” Someone immediately threw him down and fell to the ground. Several tall fans immediately stood in front of them and covered the crowd from the police’s sight. Furiously kicking and stomping, the fan with half of his swearing was suddenly turned into a pig’s head!

“Want to make trouble on our Juventus fans’ site, you are still a little bit younger!” After the beating, they vented their grievances because of the team’s backwardness and looked at the ball again.

I am really not a Turin fan! The bearded man shrunk in tears and cried. Everyone was a Juventus fan, so Mao wanted to treat me like this!

In the second half, Juventus still failed to break the goal of Bayern Munich. Instead, a rough tackle from Camoranesi gave Bayern a chance to free kick. Of course Lu Qiuqian did not miss this

opportunity, Bayern led by three goals; Also broke into the penalty area and passed Ma Kai to score a goal, locking the score to 4: 0.

If coupled with the match that defeated Schalke 04 at home three days ago, in the two league games and one Champions League played by Lu Qiujiang, Bayern achieved three straight wins, and Lu Qiujiang quietly ranked in the Bundesliga shooter list. First place. 【

The team returned to Munich was naturally warmly welcomed by the fans. On the team big Baruchiujiang to find Magath, “I will not go to the game to challenge Rostock this week?”

“Alright, but you should take part in the next home game as much as possible!” Rostock is a complete fish belly for Bayern, even without Lu Qiujiang. Magath is also confident to lead the team to win; next week, Wolfsburg, who is coming to Munich, will be different. They are now ranked first in the Bundesliga and are currently Bayern’s biggest opponents on the road to victory.

“Okay, no problem!” Lu Qiujiang calculated the time, after the match with Wolfsburg. If you want to go to cern together with Professor Xuft, take a victory as a gift for your temporary farewell!

Back at the University of Munich, Dietrich and Ludwig are still working hard in the laboratory to analyze the data, after greeting Lu Qiujiang, open his computer to log on the Internet, and browse the latest articles; well, there have been many An article that expands on the data analysis methods I provide! Nice phenomenon.

There are often articles on the ten questions raised by Lv Qiujiang in the mathematics section, and the physical section has gradually been influenced by him. Although the papers written by him are not many, his academic ideas have slowly begun to try to publish. !

While he was browsing the paper, the phone in his pocket suddenly vibrated. Take it out and look at Liu Yuzhou’s phone. He walked outside the laboratory and pressed the answer button. “Hey, what’s the matter?”

“Brother Lu, I have something to tell you!” Although he was older than Lu Qiujiang, Liu Yuzhou yelled, “I have come to me recently to apply for interviews with you too much media!” Do you think you have time to talk to one or two media? “He also knew that Lu Qiujiang hadn’t been very busy lately.

“Don’t stop one or two anymore, you can screen them and let those media with a more formal and better attitude come together!” Of course, this kind of “New China North Daily” does not matter;

after the last beat of Bremen fans, the domestic The media does not advertise his bravery on the fighting platform. So he had to make an essay by donating him to the education fund and obtaining the status of a friendly citizen of Bremen.

And the “Xinhua North” still confronted him, and directly blamed you as a Chinese, no matter whether our people in the west are still eating grass, but why donate money to the rich Germans? The majority of readers looking directly can’t talk.

“Ah. There are dozens of them! Can you deal with them?” Even one and a half hours, it will take several days!

“Let them come together! Who said they would take turns to be interviewed one by one!” Lu Qiujian had already thought about countermeasures.

“Are you talking about opening a press conference?” Liu Yuzhou began to think about the location of the conference. Should it be placed at the University of Munich or the Bayern Club? These reporters are all in the football and technology categories, oh, and fighting magazines.

“Why do you have a press conference? You give them my qq number! Let them add me I will answer their questions on qq. The time is set for tomorrow evening from 8 to 9 o’clock “” Using qq can fully operate on multiple lines, and answer many people’s questions at the same time!

“Yeah, even domestic ones, journalists from the US, Germany, and France won’t use QQ!” Liu Yu Zhou Zhuo wondered, should I ask Twilight Vine for some advertising fees?

“Let them learn! If I don’t learn, I’ll automatically give up the interview qualification! Will they not even have this ability?” Now they are asking for interviews. Can this difficulty be overcome?

“Okay, let me arrange this!” Liu Yu nodded and hung up the phone, then immediately called the media with better relations, and finally sent a unified contact email, which detailed the download address and usage of qq , As long as you can learn, we don’t care!

So, a large group of journalists from the United States, Germany, France, the United Kingdom, and neon, Russia and other places began to study this little penguin with wide eyes; fortunately, they also often use instant chat tools such as msn, qq and msn. Although it is a little different, the general function is similar, and after a busy day, it is finally done.

Feng Hongqi turned on the computer in the house he rented in Munich, logged in qq and entered the qq number given by Liu Yuzhou. When he saw the information of that number, he froze, nicknamed “Autumn of a Leaf”! Shouldn’t it be “Yiye Zhiqiu”? This is still a doctor! Swollen will make such a low-level mistake?

#### Chapter 240 - Interview with the most threads in history

“Ludwig, go back first! I still have something to do!” Today is the day for all the members of Professor Xuft’s laboratory to have dinner. Lu Qiuqian and Dietrich and Ludwig joined them together. I came out of the restaurant at more than seven o’clock in the evening. It seems that it is too late to go back to school, but there is an internet cafe just next to it. □

Well, it can be considered a German Internet cafe! However, Internet cafes in Germany are actually different from those in China. They are closer to coffee shops, but there are computers that can provide Internet services, and the cost is much higher than in China.

After sending off Dietrich and others, Lv Qiuqian pushed open the door of this internet cafe, and as soon as he entered, he saw the waiter running up sorry, “Sorry, today we are holding an event here, it will be very noisy, You better switch to an internet cafe to enjoy the service! “

It’s too late to go to other places now! Germany is not like the domestic Internet cafes, Lu Qiuqian looked at it and it seemed that there was still space available, “It doesn’t matter, I will stay for an hour!”

“So okay! I’ll take you in. What coffee do you need?” The waiter has fulfilled his obligation to inform in advance. Seeing Lu Qiuqian still insists, he will not dissuade.

“-In-the-!” Internet cafes are full of such voices, more than ten young people are divided into two groups to play with pleasure, so that Lu Qiuqian suddenly gave birth to the feeling of returning to the country!

“Do you think it’s okay here?” The waiter was a little embarrassed. Looking at Lu Qiuqian’s gentle manner, it seems unlikely to play games in the cafe. The noise of those games will definitely have a great impact on him.

“Okay, give me a latte!” Lv Qiuqian sat in the seat and turned on the computer. Naturally, the Internet cafe computer in Germany would not provide software such as qq and Chinese input method. Lu Qiuqian downloaded it again and again, and finally I logged in qq before eight o’clock.

As soon as I opened qq, I heard countless coughs and added friends' applications one by one. Lu Qiujian reviewed and approved their applications according to the media list sent by Liu Yuzhou via email. So his qq instantly added dozens of friends.

It can be seen from the language in the application information that these reporters are from different countries, so Lu Qiujian began to download different input methods for Russian, French, Neon, Italian, Spanish, etc., as for German and English. The computer in the Internet cafe has already been installed.

"The interview starts now and ends at 9 o'clock, you can start asking questions!" After all the software is installed, Lu Qiujian starts sending messages through qq.

"Hello, I am a reporter from the" Team Daily. "According to reliable information, you have become a popular candidate for this year's Golden Boy Awards. Do you have confidence in the awards?" A few lines of French popped up in the dialog box immediately.

"Well, my birthday is November 8, 83! I remember the Golden Boy Award is only awarded to players under the age of 21, I don't seem to be eligible to participate in the judging?" Lu Qiujian replied, hey, this year's competition Without it, Mr. European Football must be gone!

"Hello, I am a reporter from the" Black Belt "magazine of the United States. After watching your game video, Rexon Gracie praised your knowledge of Gracie Jiu-Jitsu has reached a very high level. He expressed great interest and You play a game, will you play against it? "This time, the English popped up in the dialog box.

"I'm sorry, the last time I participated in the competition was for special reasons. I think I'm afraid I don't have time to compete with Mr. Rexon!" Lu Qiujian replied quickly.

"Dear Dr. Lu, I am a reporter for the" Gazzetta dello Sport ". It is said that Moratti said he hopes to introduce you during the winter break! What do you think?" Press the hot key and a few lines of Italian appear on the desktop.

"Sorry, I prefer Munich University to Milan Polytechnic University! My first career is a PhD student in physics. I'm afraid I can only regret Mr. Moratti's love!" Lu Qiujian also speaks Italian. Reply.

"I am a reporter for The Sun. According to insiders at Chelsea, Abramovich has written a blank check to Hernes, indicating that the above figures are filled out by Mr. Hernes, he only hopes that

you can Appear in Chelsea's lineup after the winter break! Are you happy to work with Mr. Mourinho? "The Sun's news channel is great!

"Um. It seems that I need a labor certificate to play in the Premier League? I have never played in the national team! In addition, it is not impossible for me to go to London, as long as Mr. Abramovich was built in London before the winter break. A bigger collider, I have to go to London for the penalty! "Lv Qiuqian also made a joke, even if Abu is willing to take out half of his property to build the collider, there is no way to do it in winter. Get it done before the break!

"Lv Jun. It is said that snk and at the same time issued a statement, want to use your image in the next edition of" The King of Fighters "and" Street Fighter ", how do you think about this?" From the reporter's work unit , He seems to work for a gaming media.

"My agent and I have not received this message!" Hey, it seems that the neon people always like to set the role of the country more powerful in the game. I don't want to be abused by people in the game.

"Dr. Lu, the 2006 World Cup qualifiers will be reignited in the Asian region next month The current qualifying situation of the Chinese men 's football team is not optimistic, only to win the Hong Kong team in the last game Have a chance; will you choose to go back to China to participate in the competition? "This time I was replaced by a reporter from Sports Weekly.

"I'm sorry, the first experiment will start next month. If this experiment can find the Higgs boson, it will have a huge impact on the entire physics session. I don't think I can refuse the attraction of this experiment!" Between the World Cup and physics, Lu Qiuqian chose the latter decisively.

"Mr. Lu, hello, I am ..."

"Dr. Lu, may I ask ..."

Lv Qiuqian opened a double-digit dialogue window at the same time. Through multi-threaded operations, he and the journalists from all over the world had a dialogue. The movement of the finger on the keyboard almost made no shadow, and the quick reply let the computer side The reporters all thought that Lu Qiuqian had an one-on-one interview with him.

"You guys are too good. I can beat you with only half of my strength! I go to the bathroom first and start the next game when I come back!" A blond young man stood up from his seat and built a seat from Lu Qiu Walk past the bathroom.

The clattering keyboard clattering attracted his attention, perhaps because of his occupation, he was particularly sensitive to this sound, and slowly turned around to watch Lu Qiujiang's movements.

God, with this kind of operation speed, his hand speed may be reached ...
