Chapter 61 - Rise to fame

“But Greg! We have hope to win the championship this year!”, Carlesimo was in a hurry. If the team’s owner knew Popovich’s current plans, I might have even opened his mind. . The team is now on the right track. The conflict between O’Neal and Kobe in the Lakers is getting bigger and bigger. Seeing that this year’s defeat of the Lakers and the revenge have succeeded, you have to say that it is bad?

“So what!” Popovich stared at the TV, “There is indeed a good chance of winning this year’s championship with the current player combination, but next year? If you have him and Tim, I Dare to guarantee the creation of a dynasty! “

“But this year is David’s last year!”, Carlesimo sighed, and the admiral is about to retire. In any case, the Spurs should also send a gift to this meritorious veteran. Which championship ring is more appropriate?

“Damn it!”, Popovich had nothing to say at this time. He didn’t want this veteran who had been with him for seven years to be disappointed. Carlesimo saw him calm down and gave a little breath.

“How many places do you think he can get in this year’s draft?”, And when his mood gradually calmed down, Popovich asked again, “If Tony is sent, what number can he switch to?”

Not to mention Carlesimo’s answer, the Cavaliers, Nuggets and other teams who have been running for the draft year have firmly firmed their belief that even if they can’t grab LeBron James and Cameron, Anthony has been a hot star who has been fired for a long time, and it is not bad to win Lu Qiu Jian!

“Look, I said that the big green team will not cause us any trouble!” There are more than ten minutes before the end of the game. Lu Qiu Jian and Patrice were replaced by coach Thompson and sat on the bench boringly. Watch the game on the field.

Patrice scored a double-double in rebounds and scoring. Lu Qiu Jian got a near triple-double. Coach Thompson, who received the statistics, couldn’t help laughing; he ignored the call to Lu Qiu in the audience. Jian and Patrice continued to play. With these two people, his eyes have now surpassed the Ivy League internal competition and placed them in the championship. Let them hold it until the championship erupts again!

“Let me give up, please give me up, my players are already very tired, and I will not be interviewed!” At the end of the game, coach Thompson took the coaching staff to protect Lu Qiujian and the others back to the locker room. Those nasty reporters affect the player’s status.

“The performance is not bad, but this is because the opponent is too weak!”, Praise first, then ring the alarm, Thompson put them back to rest without too much nonsense, “Go wash, remember to participate in training on time , Colombia in the next game ... “

After half of the talk, Coach Thompson laughed himself. The Columbia Lions ’four wins and ten losses last year were slightly better than Dartmouth ’s big green. This year ’s preseason fighting performance is even more scum. He waved his hand in the laughter of “Well, okay, even if Columbia is not enough to attract your attention, we will meet the challenge of the University of Pennsylvania after two games! Only by defeating them can we qualify!”

The laughter of the players came to an abrupt end. The Pennsylvania Quakers are currently the overlords of the Ivy League, but they are not as good as Harvard and Dartmouth.

“We will beat them!”, Patrice patted his chest, and then Spencer, Will, Ray ... A famous player stood up with confidence, and the slack after the victory just now They also disappeared, and Thompson left with satisfaction.

After washing off not much sweat, put on clothes Lu Qiujian and Patrice said goodbye to their teammates, carrying the bag out of the stadium, “Where will Jason start to move next week, are you going to stare at him?”

“No, I don’t have time now, you can go in the past!”, Lu Qiujian replied casually, “I will give you the latest algorithm after returning, and you will give it to Jason to operate. According to my judgment, I will use this algorithm to buy Selling will increase our earnings by 12 to 15 percentage points, remember to talk to him again about the things you split, and you will get as much as you want! “

“Hey, man, you are awesome!”, Patrice was dazzled by the upcoming banknotes. After thinking for a long time, he didn’t know how to repay Lu Qiujian. Finally he took the bag in his hand and said, “During the summer vacation, you and I will go to the Congo to play! I will take you to hunt! Playing lions, rhinos and hippos! When I arrive in the Congo, I will bring a company to our security guard, with a helicopter above my head and a Hummer beside me. Off-road vehicles, do n’t worry about safety at all! “

Really pull the wind! After expressing a little jealousy about Patrice's life in his heart, Lv Qiujian shook his head regretfully, "This summer vacation will not work anymore. I have to go back to my country to deal with a lot of things and see the future opportunities!"

"Wait! Wait!", While they were chatting hotly, there was a shout behind them, looking back and a middle-aged man ran up gasping.

"Will you call me?", Lv Qiujian pointed to himself.

"Yes, yes! You can go really fast!" After a few breaths, he recovered his attitude and took out two business cards from his pocket and handed it over. "Hello, I am the agent Long-Bar. For example, if you want to play basketball, then it's true to find Barbie! "

"I saw you on TV, you are Tim Duncan's agent!", Patrice looked at his business card with great interest.

"And Grant Hill, Ray Allen ...", Long reported all of his all-star players in one breath, staring closely at Lu Qiujian's eyes, "Lu, if in the future If you plan to enter the NBA, I can guarantee that your achievements will never be lower than them! "

"Thank you, if one day I will consider calling your phone!", Lu Qiu Jianfeng said lightly, "But I still have some things to deal with and need to leave immediately, sorry!"

Although Patrice wanted to say a few more words to him, he saw Lu Qiujian unmoved and immediately followed.

Hey, it seems that there will be more and more recent flies! Lu Qiujian was slightly depressed. With his good performance in the NCAA, these agents and reporters would fly like flies, buzzing and affecting his daily life.

Forget it, as few as possible to go out of school recently! Lu Qiujian made up his mind. Anyway, he has to write a paper recently, but these reporters and economics are not afraid to do too much on campus. They still have some quiet space.

After eating, he returned to the dormitory, turned on the computer, and he began writing the thesis again.

What kind of game should I play when my senior returns to China?
