Chapter 88 - Grouping

Fourteen wins and zero losses, the Princeton Tigers won the Ivy League championship without controversy, Lu Qiujian also won the title of the best player in the Ivy League and was selected for the best lineup, and Patrice was also The best squad occupies a place, and the next thing they have to do is wait for the result of the championship group.

With the exception of the Ivy League, the championships of other major leagues have been decided. Duke University has not been able to cheer up after suffering that fiasco and was successively defeated by the University of North Carolina in the Atlantic Coast League () game. The Tar Heels, Wake Forest University Devil Deacons, and the University of Maryland Turtles doubled, losing the Atlantic Coast League title.

In addition to the automatic advancement of championship teams in various leagues, there are more than 30 places selected by the committee based on team records, league strength and other aspects, inviting them to enter the championship and these league champions are divided into four Group, a single knockout system for a duel-go home after losing a game, the speed of elimination is very amazing, which is why fans call this time “crazy March”.

“The final promotion list and grouping results are out!” Patrice, who had been at the computer, shouted, “We are the No. 9 seed in the Eastern District and the opponent is the Golden Bears of the University of California, Berkeley.

The legendary California Berkeley! Unexpectedly, the first opponent was this prestigious school. It felt like he was still playing in the Ivy League. Lu Qiujian asked, “How is Duke? Have they entered the championship?”

“No, the league qualifying is Maryland, Wake Forest and North Carolina.” Patrice said happily, “Poor Duke will be an audience this year!”

“Haha, if you do something wrong, you will have to pay the price!”, To see if they dare to come up with any more moths, now Duke fans should scold the crippled leader who agreed to their demonstration in school as shit. Is that right? There is also poor Chris Duhon, who has survived in the shadow of Jay Williams for two years. This year it is easy to see the day of his early days, but he is blocked from the championship. I am afraid that if I want to participate in the draft I have to wait another year.

“Wow, we are in a division with Syracuse University!”, Patrice made an exaggerated voice, “That high-profile Cameron-Anthony is the first-year student of Syracuse Oranges!”

“Looking at the group situation, we may only meet them in the final division final!” Lv Qiujian was also attracted by this familiar name, and gathered in front of the computer screen to look at the division arrangement and schedule.

Entering the championship stage, each team must concentrate on playing together. This year the host cities are Oklahoma, Birmingham (the United States also has Birmingham, not the United Kingdom), Boston, Tampa, Nashville, Indianapolis, etc. Princeton will first rush to Oklahoma, where to meet the Golden Bears of the University of California, Berkeley; if they win, they will meet the South Carolina State University Bulldogs and the No. 1 seed of the University of Oklahoma City. The winner competes.

If they can still win, they can be a member of the Sweet Sixteen, and will leave Oklahoma to Albany for the next round of the game, and Cameron Anthony, where Patrice is most concerned about The Syracuse Oranges are the No. 3 seed. If the two teams want to meet, they must wait until the Eastern Conference finals!

“There are no good players in Berkeley, California!”, Patrice looked at the table and commented, “We can easily beat them, and Oklahoma is not as strong as their seed picks! We were in the previous They only lost five points to them in the game! Or you did n’t play! The quality of their successors did not keep up after Nahula entered the NBA. There is no decent player other than that Taki Gray. We completely You can get them! “

“At that time, we were in the top 16!” Um, it would be better to stay outside for a while, lest the school urge you to give a report all day, Lu Qiujian said interestingly.

“At that time, it would be bad to meet the team!”, Patrice said more and more excited, “but this area is not a strong team except Syracuse University, maybe we can enter The quarterfinals! “

“Then you have to face Cameron-Anthony?”, Mentioning the name Lu Qiujian also had a hint of excitement. I don’t know how it feels to play against such top players?

After the final list of the top 64 was announced, it quickly became a hot topic in the United States. The Oklahoma Jets, the University of Arizona Wildcats, the Texas Longhorns, and the University of Kentucky Wildcats are called the Eastern, Western, and Central respectively. The No. 1 seed in the West and South, the most surprising is the unexpected loss of Duke University with championship

strength. If it is not that the qualifications and prestige of Coach K are too high, I am afraid Duke will change the coach.

The managers of the NBA teams immediately took action and sent their own ace scouts to various venues to investigate Cameron Anthony, Dwyane Wade, Chris Bosh and Lu Qiujiang in the regular season. Players with outstanding performance; even with those agents, they began to make the final preparations before signing the contract trying to dig a gold mine.

Although Princeton does not recruit basketball scholarship players, they also love the NCAA. This year, the Tigers unexpectedly reached the top 64. The entire campus is full of joy, and the Tigers' orange flags and balloons are flying everywhere. Coach Thompson led him When the players boarded the bus, they were welcomed by teachers and students of the school.

"I'm sorry that you are going to participate in the championship. I don't know if I hope you will come back early to prepare the report, or pray that you can lead the Tigers to go further!", Professor Gowles who came to see off was slightly entangled. Said, but he raised his eyebrows after a while, "But as long as you are happy! Come on! I will watch your game live!"

"Thank you, Professor, I will work hard!" Lv Qiujiang shook hands with him and boarded the bus. The bus drove to the airport and took a plane to Oklahoma City, perhaps because of Oklahoma City. For Homer's Footers, the city's iconic red is everywhere.

After the break, the NCAA Championship officially opened, the first game Oklahoma easily defeated South Carolina, and then it was the Princeton Tigers to play!
