Chapter 346 Heated Discussion

The reporter smiled at the two before asking, "Can you tell us why the two of you came to this show? Are you really announcing your relationship together as the fans said?"

Shen Yi quickly waved his hands and honestly said, "No. We're here to promote our drama together, isn't that right?"

Ran Xueyi agreed: "That's right. We're currently working on a drama that is adapted from a popular novel. I think everyone already knows the novel, right?"

Ran Xueyi directed her gaze to the camera as if she was interacting with the viewers behind the screens. This made the viewers feel pleased with her personality and many people sent gifts to the show.

Just seeing Ran Xueyi's focused gaze and attention directed at them, her fans instantly melted.

[Orangeorange has sent a rocketship.]

[KissKissFall in Love has sent a Sand Castle.]

[Xueyi Eyes is Pretty has sent Ten Deep Sea Torpedoes.]

The reporter was shocked when he saw this and quickly commented, "It seems that Ran Xueyi's fans are all rich! I'm so jealous!"

Shen Yi showed a painful expression as he placed a hand on his chest, "It seems that Ran-jie's fans are the only ones who love her."

Soon, Shen Yi's fans also sent their gifts.

[ShenYi'sLover12 has sent Twenty Deep Sea Torpedoes.]

[GodShen's Mistress has sent Thirty Deep Sea Torpedoes.]

[ShenShen's Bride has sent Fifty Deep Sea Torpedoes.]

[Shen's Wife has sent....]

A lot of gifts came from Shen Yi's fans. The screen was almost covered by the popup announcement of their gifts and buried Ran Xueyi's gifts.

At this point, everybody could tell which fans were wealthier.

However, the reporter and Ran Xueyi couldn't help but hold back their laughs.

The ID of Shen Yi's fans was ridiculous. No matter how you look at it, it would make Shen Yi appear like a playboy who had thousands of lovers, mistresses, wives.

Shen Yi also didn't expect that his fans would register their ID as that and was dumbfounded. He was so ashamed that his ears were dripping blood.

"Ahem! It's alright, God Shen Yi. We know you're loved by many people!" The reporter almost broke his neutral expression and laughed. "It seems that the show will be rich from today's gifts!"

A small part of the gifts will be given to the celebrities and the rest will be taken by the show. Everyone already knew this but still, the fans didn't stop pouring gifts.

Soon, the show All-Stars Showbiz went from top 15 in the hotsearch trending list to top 1, and they still haven't started questioning yet!

The director was so happy and excited when he saw the rank and that the livestream broke 10 million views in just fifteen minutes of its start. He quickly instructed the reporter to start the questions.

"This is your first time working together in a film. How did it feel shooting your scenes? Was it awkward or did you two hit it off quickly and filmed your scenes easily?" the reporter asked.

Shen Yi answered first, "The female lead was not announced yet when I was picked to be the male lead actor. When I found out that Ran-jie was the female lead, I couldn't help but feel a tiny bit nervous."

"Why is that? Was she that scary?"

Shen Yi shook his head, "No, she's not scary. On the contrary, she's one of the most beautiful actresses in the industry. I was just nervous to be around someone who's a veteran and really good at acting."

The reporter then focused on Ran Xueyi, "How about you? Did you also feel nervous?"

Ran Xueyi nodded, "Of course. Nobody would feel at ease and relaxed on their first day of filming and meeting everyone. Everybody's a stranger at first, but we worked hard not to show it on our scenes."

The reporter continued to question them about the film until there was nothing more to question in that area. Now, it was time to put the two stars on the hot seat.

"This question is for Ran Xueyi." The reporter announced and followed, "A few weeks ago, a lot of things happened as soon as you started filming. There was even a video that was spread around the internet. Can you please tell us what you feel about what happened?"

Ran Xueyi thought of her answers. She had to be careful with her answer because the moment she said something, people would use it against her.

And so, Ran Xueyi decided to be honest and sincere with her answer. "I didn't feel anything at first. I was just shocked that something like this could happen. But more than that, I am relieved that nothing serious really happened and everyone is safe."

The reporter nodded. "That's true. Thankfully, nothing bad happened. And that's all that matters. Now, there are some people who are questioning you because of your decision to push through the lawsuit against Shi Lian. Many argued that she's also a victim, like you, and was blackmailed. What can you say about this?"

Ran Xueyi was grateful that the reporter had asked about this and she also expressed her honest thoughts. "Honestly, I also felt sympathetic towards Miss Shi."

Shen Yi added to support her answer, "Let's not forget that Miss Shi did something really dangerous. If I was in Ran-jie's shoes, I probably wouldn't even feel any sympathy. Something bad was done to me, don't expect me to be merciful no matter what reason is behind your actions. Even if nothing happened eventually. But just imagine if it did? How scary was that?"

The reporter didn't expect that Shen Yi would help Ran Xueyi answer; he even went as far as to be so blunt with his words. However, his fans were already used to Shen Yi being like this.

In the comments, many people agreed with what Shen Yi said and comforted Ran Xueyi. If they were in her place, they wouldn't even be so lenient and not send Shi Lian to prison for a short time. They will keep her there for as long as they can.

No matter how pitiful Shi Lian her father was, if she was successful in harming someone, would that someone be able to live anymore?

Just because nothing happened, the crime was justified and forgiven?

Chapter 347 A New Local Tyrant Appeared!

Ran Xueyi did not expect Shen Yi to defend her. The two of them were colleagues in this film and knew how the industry really works. One must be very careful or else, it will only take a night for an artist to fall from their throne.

However, what Shen Yi did just now warmed Ran Xueyi's heart for him.

In this industry where one only cared about one's benefit and self, there was actually somebody like Shen Yi who would still defend someone. If it were the actors she worked with in the past, Ran Xueyi was certain that they would never say a word in her defense, fearing that one word would destroy their lives.

And although she didn't need his help, Ran Xueyi planned to thank him for today's favor.

The reporter and director also did not expect Shen Yi to speak up. They looked at each other and saw each other's curiosity. Could it be that Shen Yi and Ran Xueyi were really in a relationship?

However, from the way they acted towards each other, it was too polite and nice. There was no way to tell if they were really in a relationship.

Even though the fans didn't think like the director and reporter, they still blushed and even created a CP name for Shen Yi and Ran Xueyi.

#ANewCPBornYiYi

This topic trended to the top as soon as it was created. Some fans did not accept it, but most of the fans were glad to express their acceptance to it. After all, both Shen Yi and Ran Xueyi are going to appear in the same TV drama with their roles/characters as a CP couple.

"It seems that God Shen is very righteous. Your role in the drama is also filled with righteousness, you two are really alike." The reporter made such a comment to make things less awkward.

Shen Yi heard the subtle meaning there and was slightly confused. He didn't say those words to start a CP with Ran Xueyi, okay! He just couldn't accept that people were still so delusional that they thought that the world was a fairy tale where no evil could sprout and form inside it.

Shen Yi felt guilty inside and glanced at Ran Xueyi.

Ran Xueyi laughed and said in a low voice that only the two of them could hear, "It's alright. Don't think about it."

There would be a day where she would be paired by other male actors in the future. This was a normal thing in the entertainment industry.

Of course, her heart and entire being only belonged to one person and that is Song Yu Han. This will never change no matter how many actors were paired up with her.

Shen Yi was still guilty that some people will surely try to create some rumors with him. Last time, he tried to create a rumor with her, but Ran Xueyi was protected by her assistant manager. At that time, he was forced to do it because of his sponsor telling him to do it, but after meeting and shooting scenes with Ran Xueyi, he found that she was very strict and true to her job as an actress.

Since then, he had a certain degree of respect towards her. Shen Yi didn't want Ran Xueyi to be burdened because of him.

The reporter finished a round of questions and finally got to the last question for today's show. Since they're on live, they could pick two fans' questions and let the stars answer it. The production team will select four questions. From those four questions, fans are required to vote two questions out of the four to ask the celebrities.

And to make things fair and show that there was no shady practices in their show, the production team decided to collect the questions at the beginning of the livestream. The questions were naturally not prepared before the show began.

"Then... Let's move on to the last segment of the show! The Fans' Questions!" the reporter excitedly said. After today's show, he was sure that they would take over the top ranking list for a few days...

The production team assistant gave a box where the questions from the fans were placed inside and the reporter blindly reached his hand in through the small hole.

"The first question that we got is..." the reporter pulled his hand out of the box and looked at the small note where the question was written.

The reporter wore a surprised expression after reading the content of the note before subtly looking at the director to get his affirmation; was it really alright to ask this?

The director did not know what the reporter got from the box for the sake of honesty and fairness, he gestured an 'OK' sign to the reporter to let him continue.

After getting a go signal from the director, the reporter no longer kept everyone waiting: "The question your fans are most curious about is... Can you please tell your fans who you are most attracted to?"

Ran Xueyi and Shen Yi froze when they heard this.

Shen Yi answered first, "I am most attracted to..."

His fans held their breaths as they waited for his answer. Everything was alright for as long as it wasn't someone who is not them.

Shen Yi continued, "My cat! My cat is so adorable. I bought her cat food a few days ago and she almost finished one bag of cat food already!"

The reporter laughed, "What breed is your cat?"

Shen Yi: "It's a seal point Ragdoll."

After he gave his response to the question, his fans released their breaths finally.

The reporter turned to glance at Ran Xueyi.

It was her turn to answer now.

Ran Xueyi thought about it for a second and said, "Then, since God Shen's answer is a ragdoll... Mine will be a white Syberian Husky."

The reporter felt confused with their answers. Can't you guys give an answer that us, humans, can understand? Why did the two of you pick animals?

The reporter and fans couldn't understand the reasons behind their answers. Usually, some might say what type of person they think is the most attractive to them. For example, long hair, tall, voluptuous, or sweet type. Yet, Shen Yi chose a cat and Ran Xueyi chose a dog.

While some couldn't comprehend the reasoning behind their answers, their fans were still happy with it!

Soon, the screen was once again covered with gifts from the fans.

[IAmaRagdoll has sent 2 Sand Castles.]

[InThisLifeImaCathas sent 10 Deep Sea Torpedoes.]

[ConfusedDog has sent 20 Black Roses.]

[GodCat has sent 20 Deep Sea Torpedoes.]

Compared to Ran Xueyi's fans, Shen Yi's fans are richer. They sent expensive gifts to show their support for him. The difference was so obvious.

In the comments section, some of Shen Yi's fans mocked Ran Xueyi and her fans saying that they were too poor to afford expensive gifts to support her.

Just when they expected that this would continue, a bright line suddenly covered the whole screen.

[TheWhiteSyberianHusky has sent 100 Deep Sea Torpedoes.]

Wait...

Did they see it right?

One...One hundred Deep Sea Torpedoes?

Who is this local tyrant squandering his money?

Chapter 348 Are You Dating Anyone?

One Deep Sea Torpedo was equivalent to 1,000 yuan. 100 Deep Sea Torpedoes was 100,000 yuan!

When the director saw this, he was extremely shocked. Never in the show's history did they experience getting 100 Torpedoes! Occasionally, they would get 10 to 30 torpedoes, but not 100!

The director quickly gestured for the reporter to mention the gift's sender on the show.

The reporter nodded and said, "Thank you The White Syberian Husky for the 100 Torpedoes."

Shen Yi also jokingly added, "Ran-jie, I think your husky got out of the cage and started using your bank card to gift you."

Ran Xueyi laughed, but did not say anything. She didn't have a husky at home...

But then...

[TheWhiteSyberianHusky has sent 100 Deep Sea Torpedoes.]

[TheWhiteSyberianHusky has sent 100 Deep Sea Torpedoes.]

[TheWhiteSyberianHusky has sent 100 Deep Sea Torpedoes.]

[TheWhiteSyberianHusky has sent 100 Deep Sea Torpedoes.]

Soon, more notice that The White Syberian Husky sent gifts to the show blocked the screen. The livestream was quickly placed as the number 1 Live Show on the platform. Live Streams could be placed in the front feature page of the platform if they reached a certain achievement.

Getting 500,000 yuan worth of torpedoes was enough to make everyone go crazy! Who in their right mind would ever spend so much money? Aren't they worried that they'll be bankrupt tomorrow?

This time, Ran Xueyi was also surprised at the sudden pour of torpedoes that covered the screen. The comments section was still being ambushed by many fans, but she could no longer see any of their words because the screen was almost taken over by the torpedoes.

In the comment section, the fans couldn't help but worship this local tyrant.

[God Husky tell me if you need a poop scooper or nanny. This is my number 1XXX-XXX-XXX9.]

[What the hell! Can someone tell me if this show is taken over by a husky alien? So much money?]

[I bet Ran Xueyi paid someone to do this. Heh, so shameless.]

[Upstairs, I am shameless. But I'm not rich. Your words are so absurd!]

[I don't care if this was done by Ran Xueyi or not. I still bow down to the King of Husky.]

[God Husky can you pay for my boyfriend's birthday gift? I'll cook you delicious food everyday!]

The director jumped in excitement when he saw that the show got 500 torpedoes gifts. It was his lucky day that day!

The reporter recovered from his shock and quickly said, "Thank you, The White Syberian Husky for the additional 400 deep sea torpedoes again. Our production team will reach you and do anything you request."

"Why don't our guests also thank our top 1 viewer?"

Shen Yi knew that this viewer was not his fan just by looking at the ID. He said his thanks and let Ran Xueyi handle the rest.

Ran Xueyi didn't know who was so insane to spend so much money on her. But since it was already given to the show, she could only say, "Thank you. Please don't send anymore, we don't want you to go bankrupt."

[TheWhiteSyberianHusky: It's alright.]

[TheWhiteSyberianHusky: I have enough money.]

[TheWhiteSyberianHusky: I can send more.]

When the top 1 viewer wrote this, the fans stopped writing and stared at it for a long time. One did not know why, but they actually felt like vomiting blood. Especially some of Shen Yi's fans who arrogantly mocked Ran Xueyi and her fans for being too poor to afford any expensive gifts.

The sound of slaps could even be heard from where they sat.

Soon, the comments section became lively again.

[Hahahah, Where are those hateful fans? Are you all alright? I hope your face didn't hurt too much, right?]

[The sound of slaps is so satisfying. I can now sleep peacefully at night.]

[One slap on the left, One slap on the right. 500 Torpedoes slap on your way!]

The reporter was in between laughter and tears when he read the comments. Even Shen Yi and Ran Xueyi did not know what to do. But they were already used to these types of fan wars so they only smiled at the camera and acted as if nothing happened.

"Ahem! So, before we end today's show. We will first read the last question to our celebrity guests!" The reporter wanted to attract the fans' attention so they could stop fighting. He took another small paper from the box and read it aloud, "The last question is...Are you two currently dating anyone?"

The question was simple and almost asked to every celebrity, but it was filled with landmines.

After asking this question, even the reporter was curious as to how Shen Yi and Ran Xueyi would answer.

The two of them were embroiled in many dating rumors and scandals from the past till today. Many of their fans were naturally curious if there was any truth to this rumor or not. Hence, this question was number 1 in their choices of questions to vote.

Shen Yi smiled at the camera and didn't hesitate with his answer, "No. I'm not dating anybody right now, but it doesn't mean I wouldn't date anyone in the future."

It was a straightforward and blunt answer. His fans screamed in the comments section. They were relieved to know that God was not dating anybody; at least, they still have a chance!

"Then, what about Ran Xueyi? Are you dating anyone right now?"

Inside the studio, Ran Xueyi felt her palms sweating. She couldn't help it. She was feeling extremely nervous.

In the past, she imagined this scene to happen in her mind over and over again. In her mind, she rehearsed her answer numerous times already.

But, at this moment, her mind was blank. No, it wasn't actually completely blank. There was only one answer that was inside her heart and mind.

Inside the conference room, the subordinates sitting around the long table were all nervous for a reason. The Big Boss suddenly stopped the presenter from speaking in the middle of his speech, and looked down at his phone.

They were extremely curious about what happened to the Big Boss.

Song Yu Han, who had his head lowered and was watching the show during an important meeting, sensed a huge feeling of anticipation and anxiety. He wanted to know what Ran Xueyi's answer would be. But most of all, he was worried that whatever her choice of answer will be will eventually affect her job as an actress.

Inside the studio, Ran Xueyi smiled at the reporter and finally answered, "No... I'm not dating anyone."

Song Yu Han's heart dipped to his stomach. A great sense of disappointment was boiling inside of him. At first, he already expected this answer and thought that he wouldn't feel anything even if she said this, but after hearing her words, he still couldn't help but feel a bit sad.

The reporter was not surprised when he heard her answer. An actress at her peak would naturally not answer if she's dating if she wanted to continue her journey in the industry.

The female artists in the entertainment industry were treated unfairly and differently from how they treated male artists. Once a female artist announces they're dating someone, they will lose some of their popularity before going down.

"Can you please tell us why?" the reporter asked out of personal curiosity.

This time, Ran Xueyi smiled even more and answered, "Because I am married."

Chapter 349 Ran Xueyi's Confession

The reporter and director never expected anything like this to happen nor did they think that Ran Xueyi would answer like that.

Ran Xueyi's fans were also quite surprised, no, it was an understatement, they were stupefied and thunderstruck by her confession!

Did... did hear that right?

Ran Xueyi said she's married?

Really married?

The comment section was pervaded by her fans asking the same question. They wanted her to clarify and tell them she was just joking.

The reporter saw the comments being washed by her fans and asked, "This... Ran Xueyi's joke is so terrifying."

Ran Xueyi laughed, "Is it? But I'm not lying though."

The reporter felt awkward hearing this. He was trying to salvage the situation and make everyone think what Ran Xueyi just told was just her kidding around to make the show even livelier.

But Ran Xueyi's response wasted his effort. Now, he really couldn't save her from her fans.

Ran Xueyi naturally knew the good intentions of the reporter. Female artists in this industry will surely not admit they are dating someone much less, married to somebody. However, she already made up her mind and decided to be honest.

Truth to be told, she was hesitating to tell the truth to everyone. However, when she thought about how Song Yu Han and Xiao Zhan would feel and think when she refused to answer, Ran Xueyi imagined herself unable to lie anymore.

She couldn't owe them anything for her and her future's sake.

Song Yu Han and Xiao Zhan deserved much better. That was why Ran Xueyi confessed today.

In any case, even if Ran Xueyi ended up telling a lie or not, her fans are bound to catch something about her marriage sooner than later, just like that one obsessed fan of hers. It was best for her if she became honest beforehand and stopped any rumors from starting.

In that way, no one will be hurt because of her lie.

Since he couldn't save the situation, the reporter decided to follow his instinct as a reporter and asked, "From the way you speak, it seems that you've already made up your mind from a long time ago. Ran Xueyi, are you using this chance to make this confession? How do you think your fans will react?"

Ran Xueyi thought about it before she opened her lips to say, "Yes, I think the earlier I say this, the earlier I won't have to feel burdened by the truth. Of course, I've also thought about how my fans would take this in and knew that they might leave me after this show. But I think he's worth risking everything."

The reporter worked well together with her and instantly caught the important point, "He? You mean your husband?"

Ran Xueyi nodded.

"Can you please tell us something about the man you married? Is he watching this show right now?"

Ran Xueyi looked at the camera for a moment and said, "He's quite a busy man, but I know he'll surely find time to watch me come to this show."

Ran Xueyi did not tell Song Yu Han about All-Stars Showbiz. But since it was being filmed and live streamed at his own company, she was sure that Guo Yun had already reported it to him.

"Aww, from your words, it seems that you married a sweet and caring person. Can you tell us who he is? Everybody is curious about who you are married to. Is he someone we've seen or heard of?" The reporter was thankful that Ran Xueyi did not refuse to answer his questions. She was also very friendly and careful with her answers. He's admiration towards her shoot up to the sky.

How can somebody be so brave and confess they're married in front of the world?

Especially with Ran Xueyi's identity as an actress?

Ran Xueyi held the microphone and paused. She contemplated on how she should answer this question. Song Yu Han's identity was not known by a lot of people, making him the wealthiest and most mysterious person in the country.

Was it really alright to tell everyone about it?

Seeing her complicated expression, the reporter realized that Ran Xueyi found it hard to answer his question so he gave her a leeway, "Of course, there's no need to answer if you can't. We're just curious about the man who snatched away the country's goddess of beauty. What kind of man could possibly marry you?"

"He's just a human like all of us and I'm happy being married to him. Actually, I was the happiest when I married him." Ran Xueyi's smile couldn't be faked, it was reflected in her eyes as she affectionately looked at the camera as if she was looking at Song Yu Han.

...

Inside the conference room, Song Yu Han couldn't help but clench his fist tightly; his heart was beating so loudly, he could even hear it in his ears.

The kind of happiness and joy he was feeling right now couldn't even be measured after hearing Ran Xueyi confess in front of the world. She risked everything for him. How could Song Yu Han not feel anything?

From day one, Song Yu Han had a feeling that Ran Xueyi was the one for him. When she appeared in his life, she was in her most depressed and desperate situation. But on their second meeting after she mistook him as his hired boyfriend, at that time, Song Yu Han knew he couldn't let this woman go and let anyone else other than him have her in this lifetime.

He must have her. And he did.

Before his mind could register the words that left his mouth, he asked her to marry him. Even though he appeared indifferent and cold when they took their pictures for the marriage certificate, Song Yu Han was the only one who knew how nervous, embarrassed, and excited he was.

And now that Ran Xueyi announced that she's married; even though, she did not mention his name, Song Yu Han still felt that the world has become his.

Chapter 350 Ran Xueyi's Bravery And Honesty

After the live interview was finished filming, Ran Xueyi and Shen Yi went out of the studio only to find Director Xiao and both their managers standing before them.

Director Xiao was the first to step forward and said, "That was... That was quite an interesting interview."

Ran Xueyi knew that Director Xiao was also overwhelmed with shock by her sudden confession and patted his shoulder, "I'm sorry, Director Xiao. I think I just accidentally made things a bit more complicated."

"No, you don't have to apologize. Actually, you did great!"

Ran Xueyi raised an eyebrow, surprised by his words, "Huh?"

Director Xiao smiled at her confused expression and said, "You don't know this because you two are inside the studio for a long time, but the traffic you made after your confession just made the film even more successful!"

The supertalk about Ran Xueyi after her confession linked the fans and passersby to their TV drama, increasing the traffic of the popularity of <<A Thousand Lotus>> and now, they're sharing the glory of being in the top list of upcoming dramas to look out for!

Director Xiao raved a few more things about what happened after Ran Xueyi confessed about her marriage. It was quite a different reaction from what Ran Xueyi and the others expected from the strict Director Xiao.

Director Xiao went inside the studio to talk to the show's director after expressing his excitement towards Ran Xueyi.

"Should I also make an announcement?" Shen Yi pondered over this idea seriously.

When his manager heard this, he was shocked and smacked him on the arm, "What announcement? Do you want to lose your fans and fame?"

Shen Yi painfully rubbed the arm where he got hit and felt wronged, "Why can't I do it, but Ran-jie can? Look, everyone is praising her, I'm sure if I make an announcement today, nobody will say anything."

"Isn't that right, Ran-jie?"

Ran Xueyi laughed out loud, "Now, listen to your manager. He's doing this for your own good. Behave."

Manager Liu nodded and had a smug look on his face, "SEE?"

Shen Yi: "... " Damn it, couldn't she agree with him?

If Ran Xueyi agreed, Shen Yi would have the courage to make an announcement as well!

Ran Xueyi did not know what Shen Yi wanted to tell everyone during his announcement, and she also didn't care. Whatever Shen Yi's decision will be in the future, it is all up to him, he must take responsibility for whatever the consequences of his words.

But, when that time comes, Ran Xueyi will show her full support for him.

...

Shen Yi left after getting a round of scolding from his manager. He looked like a small child being held by the ear by his mother. It was a ridiculous scene to watch.

Adelle sat down next to her and said, "Now that you confessed during a livestream, the industry will no longer be so lenient towards you. Are you really alright with taking this risk?"

Ran Xueyi shrugged with a relaxed expression, "If I was scared, I wouldn't have made that announcement. Adelle, I've thought about this thoroughly. I can't treat Song Yu Han and Xiao Zhanzhan unfairly because of my job."

"I'm already used to being left behind and abandoned. Even if I am left with nothing in this industry to stand upon after making such a confession to the world, I still have them to support me. That's all I wanted."

"Besides, I never entered the acting industry to make money and become famous. It was my passion for acting and bringing life to an imaginary world and characters. Does it matter if I lose all of my fans and fame?"

Adelle carefully looked at Ran Xueyi and saw that she was very sincere with her words. There was no fear and anxiety that could be seen in her eyes.

"Alright, since you already made up your mind... I will also do my best so that this industry will never turn their eyes off you! As your manager, I will make sure that you will still be able to raise your head high when you meet other people!" She became a manager not for long, but Adelle knew her job very well. She followed Ran Xueyi knowing that her journey will be filled with thorns. There was no way Adelle would turn her back now just because of her confession!

Ran Xueyi felt relieved.

...

At this moment, many people had already watched the livestream of All-Stars Showbiz. Some clips of the livestream were cut and posted on Weibo.

Very soon, the topic about Ran Xueyi's sudden confession exploded and it took just several minutes to take over the top hot search list.

Many of Ran Xueyi's fans expressed their dismay and disappointment after her confession. They didn't expect that their goddess would be taken by someone so suddenly. It was normal that they couldn't accept it, they loved Ran Xueyi not only because she was beautiful and skillful in her acting, they were also hopeful of marrying Ran Xueyi in their dreams.

Most of her male fans left their group page while cursing and scolding Ran Xueyi for lying to them. They were devastated and became hateful towards her. But it couldn't be helped. This was bound to happen anyway.

Of course, while a lot of her fans were scolding her and threatened to abandon her just like how Ran Xueyi predicted, some fans remained and expressed their support to her decision and marriage.

Surprisingly there were a lot more of this type of sensible fans. They didn't live having delusions towards their idols. They wouldn't force their own ideals towards Ran Xueyi.

They even trended the super topic: #CongratulationsRanXueyi. It took the seventh spot on the hot search list. This showed just how many of her fans still followed her.

But the most interesting thing about this event was that almost all passersby congratulated Ran Xueyi and praised her bravery. To their eyes, she was a refreshing sight when almost all actresses hide their dating history to keep their fame and not to be scolded by millions of fans.

Ran Xueyi became a rare and unique type of actress to everyone. Rather than being hated by millions of fans, she was praised and followed by them instead!
