23 Her real dad

Junnaid got confused and Zaira cleared all his confusions . " Listen I haven't seen my dad . My mom told me that he was in army and he died in a mission before I was born . So my mom raised me alone . Now I'll tell you why I call Mr. Su dad (her dad's name is Lewis Su) . My mom once saved Johnson Su . Mr. Su' s dad and he promised my mom to give her a better life . Mr. Su fall in love with my mom at first site and he married her but when he got to know that my mom had a daughter . He regretted but Johnson Su forced him to accept me . Thus I call him dad ."

" But why did he brought a mistress ?"

" You are actually a dumb...He didn't like me and wanted to get out of that marriage . When Johnson Su died he married another woman with whom he had an affair since he married my mom . Aisha is his biological daughter and he loves her more . They let me stay with them because they want the property that Johnson Su gave me ."

" Then why din't you go away from them after all they tortured you so much. "

" I couldn't . When my mom attempted suicide she was in hospital and ruby paid all the expenses . I owe them a lot so I had to do what they said ."

She started crying while saying all this . Earlier if she started crying no one cared about her and she used to cry the whole night . But this time it was different . Junnaid wiped her tears and hugged her .

" Zaru I promise I would never let you suffer all this again . I will never let you cry again . Trust me ."

" I do ."

" Now stop crying other wise I have my own ways to stop you ."

He came close to her .

" Ok Ok I will now go a bit away ." He laughed and put her in his lap .

" What are you doing ?"

" You know are so cute ."

"So??"

" So I can't refuse to fall for you ?" She started blushing .

" Hey you're blushing really , it means you like me ? " She got shy and put her face on her shoulder to hide it . He laughed and hugged her . She totally forgot about her sadness and past . All because of him .

" Okay now lets sleep . It's already midnight . "

" What!! Why didn't you tell me earlier . I'm going to be late for college tomorrow ."

" I was interested in your story ."

" hmm "

" I will never let you suffer again. "

" hmm "

" What's wrong with you ? "

Zaira already slept .

" Aww you are really cute ." He took her to bed and kissed her forehead and slept beside her .
