### Chapter 1291 The End Of The Seven Gods

The scene of the monk fighting against the two dao gods had shocked all the self-cultivators of the divine realm.

For a moment, their spiritual sense formed a sea, and countless gazes gathered at the Mystic Dao Palace.

Although few self-cultivators of the divine realm dared to approach the core area where the “Dao God’s will” was attacking, they still used their spiritual sense to watch the battle from afar.

The monk toyed with the two Great Dao Wills with one hand, which was unbelievable to countless self-cultivators of the divine realm.

Even the self-cultivators who lived in seclusion in the mountains and forests of the divine realm raised their heads one after another and were startled by this powerful aura.

Countless spiritual birds were amazed from the forest and covered the entire sky with their chirps.

It created a magical scene like the descent of night.

“Is this a cultivator from earth?”

“When did such a figure appear on earth...”

The Ultimate Sage of Buddhism was terrifyingly powerful!

Obviously, the two family heads of the Zhou and Li families did not expect the monk to be so powerful.

“Boom!”

At this moment, there was a loud sound, and the sky collapsed and the earth cracked.

The monk's giant hand that was holding the two Dao God's brains was freed.

In the sky that was covered in blood, a giant hoof print of a prehistoric beast appeared. It was as huge as a mountain and rushed toward the monk's hand.

The giant beast had a giant horn on its head. It had a ferocious look on its face, and its entire body was bursting with the lightning of Heaven's will brought by the Dao God's will. It was surrounded by Black Lightning.

This was a creature summoned by the two Dao God's brains to break free.

"Even a divine beast has appeared..."many experts in the divine realm cried out in surprise. They were shocked by the scene before their eyes.

It was rumored that the Seven Great Dao gods had their own divine beasts that they kept in captivity. At the very beginning, they were an egg that was born from the extraction of Chaos Energy.

After thousands of years of incubation and a large amount of painstaking nurturing, they had their current battle prowess.

Although the two Great Dao God's Wills had descended together, in reality, they were still fighting on their own.

They did not expect the monk to capture them so quickly.

In order to escape, they chose to summon them together.

This Hunyuan Heaven Horn Beast was raised by the Zhou family head.

However, at the same time, the two great dao gods'wills were very clear that this summoned divine beast could only help them for a short while.

The monk was too strong..

It was stronger than they had imagined.

Summoning it now was to buy time for the Li Family Head's Dao Gods' will to finally take shape.

“A divine beast born from Chaos...”

The monk was silent for a moment.

He actually had one as well.

However, his divine beast was still in the shape of an egg. It had almost hatched for 300 lifetimes and had yet to hatch..

At this moment, the Zhou family's Patriarch's Hunyuan Heaven Horn Beast rushed toward his palm with a hoof print that was as huge as a mountain and a body that was hundreds of thousands of feet tall.

This scene alarmed everyone in the divine realm.

The monk did not take it seriously at all. He used the back of his hand to slap the divine beast away.

Boom!

With a loud sound, a crack that was tens of thousands of feet wide appeared in the sky.

Everyone originally thought that this Hunyuan heaven unicorn might be of some use.

Who knew that this beast would be sent back into the chaos by the monk's palm.

“This monk is too terrifying...”

The mighty of Asgard marveled.

This is a real fight between gods!

Lotus Sun and Odd Zhuo were stunned.

“Golden lamp senior, so powerful!” Although Lotus Sun had long known that monks are very strong, not ordinary people.

But for “Strong”, the concept is very vague.

Now in the scene, witnessed the monks fighting two road god, Backhand Slap Flying Divine Beast famous scene.

Lotus Sun’s thoughts flew all over the place, and she truly felt the terror and shock of the power that surpassed dimensional energy.

..

Even though the head of the Zhou family had long known that the Hunyuan Heaven Unicorn wouldn’t be able to hold on for long.

But he had been sent back by the monk with just one palm strike.

This was something the head of the Zhou family had never expected.

But fortunately, the head of the Li family’s Dao God’s will had rapidly formed in this short period of time.

Now, the two fully formed Dao God brains descended into the sky and joined forces to fight against the monk.

This made the monk’s expression become slightly more serious.

His palm once again emitted boundless Buddhist light.

Boundless Buddhist seals followed his fingers and densely covered his entire arm like insects.

“Boundless Buddhist seal!”

This was the monk’s last resort. When the Buddhist seal was completely covered, it could greatly increase his battle strength.

Now, he had completely infused the Buddha seal into his right hand! He condensed his power!

It became a true tathagata divine palm!

The monk’s palm expanded a little more as he grabbed at the two Dao God brains.

A swastika appeared in his palm!

The swastika seal suppressed everything!

The scene was like a comet striking at the souls of every spectator.

The monk had a clear assessment of his own combat strength.

Not to mention two Dao God brains.

Even if three were in their full form, they would not be able to withstand a single palm from him.

If it was not for the loss of three thousand lifetimes of cultivation, even if ten Great Dao gods gathered together, they would not be a match for him!

However, at this moment.

Two explosive sounds once again sounded from the sky.

Another New Dao God had joined!

And it was two of them!

Countless people were shocked.

“The patriarch of the Wu family and the patriarch of the Zhao family have joined as well...”

“Retreat!”

The Seven Dao masters who were watching on the side were shocked.

They were very close to the battlefield.

The wills of the two dao gods attacked the core area of the dao profound great hall. They could barely withstand the radiation.

However, the arrival of the four Dao Gods..

They had a premonition that they would not be able to withstand it!

If they waited for the will of the Dao Gods of the Wu and Zhao family heads to fully take shape...

Even if they were dao masters, if they were too close to the core area, they would have to lie on the ground like toads, unable to move at all..

..

Buzz!

The arrival of the four gods!

The terrifying mental pressure shook the divine realm into pieces!

With the Great Hall of Dao profound as the center, the ground there split open on the spot and stretched out for thousands of miles.

Powerful psionic power spread out. It was a force that could destroy everything in its path, destroying everything in its surroundings.

The monk smiled bitterly in his heart. He did not expect that he would actually force out the four great dao gods.

The situation gradually went out of control.

“You guys have gone too far!”

At this moment, a holy feather broke through the sky and pierced through the sky!

The feather flew through the sky at a speed visible to the naked eye, changing from small to large. Finally, it turned into a shocking feather sword that was ten thousand feet long and slashed toward the brain of the Dao Gods!

It came from the west of the Great Hall of Dao!

It was Lady Ah Juan who had joined the battle.

The monk saw the girl flapping her wings behind her. Her petite body rose up into the sky, completely unafraid of the pressure from the Four Great Dao Gods.

She used her divine will to control the feather sword and slashed at the sky!

It emitted a terrifying divine aura!

Countless angel feathers fell from the sky like falling rain..

“Realm King of the God realm... This is a battle between the cultivation world, are you going to interfere too...”

Boom!

The Dao God’s voice that could make one’s mind waver rang out from all directions.

Just the Dao God’s sound wave was enough to disperse the young girl’s sword light!

Because it was too chaotic and ethereal, no one could tell which family leader’s voice it was.

“AH? I’m here to mediate... Don’t look at how the four of you are having a good time right now, you might have to pay later!”Lady Ah Juan kindly reminded.

The girl’s attitude was already very obvious.

Compared to these Dao Gods of the divine realm, she naturally didn’t want to offend the hot man who was peeping at the screen on earth..

Intervening at this time was actually also in the girl’s consideration.

She knew her own strength.

Before she grew into the ten thousand winged god, she couldn’t possibly be a match for these dao gods. In fact, she couldn’t help the monk at all.

However, Lady Scroll was also very clear.

These dao gods didn’t dare to make a move against her.

Otherwise, the divine realm wouldn’t be able to endure the divine war.

In order to deal with a monk, the Four Great Dao gods ended up..

This was something that all the cultivators of the divine realm didn't expect.

Usually, the heads of these large families wouldn't easily appear.

If the monk died in this battle, it would also be a legendary battle..

Was it too much?

It seemed to be too much..

However, what people didn't expect was that what was even more extreme was yet to come.

Not long after the deity World King, Lady Ah Juan, kindly reminded them.

Three more Dao Gods joined the battlefield..

From the AI family, the Qu family, and the Sheng family!

Now!

It was the seven gods' Turn!

Other than the Gu family, the Wang family, and the Liu family..

The heads of the other seven great families all made a move!

“Are you going to compete with this penniless monk to see who is more outrageous?”The monk asked.

“So What...”

The Dao God's voice echoed in the air.

The Seven Great Dao Gods had already made their stance clear when they made their move.

It was fine if they didn't make a move, but since they did, they wanted to kill the monk.

At that moment, the monk stared at the scene of the seven gods descending from the sky and laughed bitterly in his heart. "Ling Zhenren... You Can Make Your move now! If you don't make your move now, this penniless monk will really have to go see Buddha..."

As soon as the monk finished speaking.

In the divine realm, a hand that was enough to cover the entire divine realm stretched out.

It stretched out from an unknown direction.

It joined the battle!

With just a middle finger, it pierced through the Zhou family head's Dao God Brain on the spot..

Chapter 1292 One Child At A Time

In the forbidden area, the Zhou family head vomited blood on the spot.

He had no time to react to what had happened.

He had used the Dao God's will to condense the Dao God's brain.

In an instant, a big hole had been poked out!

The Dao God's brain had been forced to disintegrate and the pain of the backlash had returned to his body.

With just this one move, he had lost 100 lifetimes of bitter cultivation..

His closed-door cultivation was in vain.

“Damn it...”

The Zhou family head stood up. His body of the Dao God released spiritual qi and condensed spiritual mist to heal his wounded body.

Not long after.

Boom!

The aura of the Zhou family head rose sharply again!

Some spiritual talismans with primal chaos crawled all over his body, very densely packed!

At this crucial moment, the Zhou family head condensed his own Dao God seal!

And covered his entire body with the Dao God seal!

“No one can provoke the supreme divine realm...”

This Dao God seal that condensed his 200 lifetimes of cultivation was his entire dignity!

Powerful spiritual energy spread out, causing the Zhou family head’s entire body to emit light.

The earth in the depths of the Zhou family’s forbidden ground trembled. The Zhou family head no longer condensed his divine will, but intended to break out of the formation and personally enter the battlefield!

However, just as he was about to move...

A figure that flickered with Buddhist light, with his bald head facing down, descended from the sky!

The monk had arrived.

He was like a golden meteorite that had fallen from the universe. He did not hold back at all. He came up and hammered the Zhou family head, turning into a streak of fiery light as he charged towards the Zhou family's forbidden ground.

After a huge explosion that shook the earth and the mountains.

The monk's bright and clean head hit the Zhou family Head's skull.

When the two heads collided, the Zhou family Head's skull split open on the spot..

And he fainted on the spot.

"As expected of a Dao God. First, he suffered the backlash from Ling Zhenren, and then he suffered your headbutt. He actually didn't die!" Lady Ah Juan followed behind the monk like a little follower.

She squatted next to the Zhou family head who was lying on the ground, pinching his shoe horn face. "Wow! Dao God's face is so soft!"

Golden Lamp:"..."

"So, should I stab him again?"

At this moment, Lady Scroll took out her feather sword, and golden angel feathers floated up from the entire Zhou family's forbidden area.

"There's no need."

The monk shook his head. "I didn't plan to kill him in the first place."

Lady Scroll was shocked. "Then why are you still so ruthless!"

Monk: “This strength is just right. I can make him unconscious for a while without him dying.”

Lady scroll: “But I still don’t understand. Monk, why did you hit him?”

Jin Deng shook his head and laughed. “This penniless monk is trying to save him. If I don’t knock him unconscious, rushing out would be courting death.”

That made sense!

Lady Ah Juan suddenly came to a realization.

..

At this moment, in the divine realm, all the cultivators were stunned.

“Which clan leader joined the battle again?”

The Seven Dao gods were alarmed by this extraterrestrial hand.

This was because they could clearly sense that this extraterrestrial hand did not come directly from the divine realm..

They condensed their dao gods’ wills and groped over.

In the end, they were surprised to discover that this extraterrestrial hand actually came from the direction of earth..

“It actually stretched out from so far away...”

The remaining six dao gods were greatly alarmed.

“Isn’t that Monk the number one figure on Earth?”

”? ? ?”

“Where did the owner of these hands come from? !”

The conversation between the six dao gods made the monk, who was currently in the Zhou family’s forbidden area, smile.

The number one figure on earth?

He had never said that before..

..

Wang Ling had only used his middle finger to destroy the Zhou family head’s Dao God Brain.

This was something that no one had ever expected.

The remaining six Dao God Brains in the sky had all been formed.

Even without the Zhou family head, the will of the six Great Dao Gods had still exploded with a world-shaking spiritual pressure!

Like Six Divine Suns, the Six Dao God brains hung high in the sky.

“Earth’s expert, aren’t you going to reveal your true body?”

Another voice rang out in the divine realm. The tone was calm, but it was deafening.

Soon, the illusory bodies of the six family heads appeared in the sky.

This was an illusory image condensed from the Dao God’s will. One couldn’t see the exact face, but it was connected to the souls of the six dao gods.

They were waiting.

At that moment, the hand from beyond the heavens in front of them dispersed into a large mass of light particles that scattered across the divine realm

When the light particles reassembled, they formed Wang Ling's figure.

After all, the six Dao ancestors hadn't shown their true bodies, and Wang Ling couldn't be bothered to send them over.

It was already the most polite thing for him to also condense an illusory image of his will to meet them.

Although it was also impossible to see Wang Ling's illusory will clearly,.

But the six great dao gods could sense that it was a young man's figure.

"It's student Wang Ling!" Lotus Sun could also tell.

She didn't see Wang Ling's face, but could recognize his silhouette at a glance from the back of the illusion.

First, he had destroyed a Dao God's brain, and then he had appeared in an illusion to fight the six gods by himself..

Wang Ling's strength was beyond the girl's imagination.

"Student Wang Ling was born that powerful..."lotus sun gazed at the confrontation between the immortals in the sky, and the expression on her face could no longer be described as astonishment.

"Ling Zhenren's strength can be described as more than powerful."The Heavenly Dao of death was in awe at this scene.

He couldn't help recalling that primitive period of time..

He felt that Wang Ling's figure was so familiar yet so unfamiliar at the same time.

..

In the next moment, the Six Dao God avatars attacked at the same time!

Their bodies moved horizontally and were unbelievably fast. They shrunk the ground into an inch and shuttled through space.

One advance and one retreat were three thousand feet apart.

A silver streak of light shot out from a tricky position and locked onto Wang Ling's avatar.

"We've got him." As one of the family heads shouted, the other five Great Dao gods immediately surrounded Wang Ling from all directions. They used their avatars to collide with Wang Ling, and they were full of killing intent.

Boom!

The virtual bodies collided, and the world shook.

The Mighty Dao God's will swept through the entire divine realm, instantly enveloping the vast divine realm under a crushing pressure.

The cultivators in the divine realm couldn't take it anymore. Some hid in the core world, while others chose to escape directly.

"They actually used their virtual bodies to set up a trap..."

After the virtual bodies collided in the sky, they were instantly enveloped in an invisible spirit fog.

With the cultivation base of the Heavenly Dao of death, it was impossible for them to break through the Dao God's spirit fog.

But they had already seen through the clues.

The Dao God had used the virtual bodies to set up a trap.

They seemed to be throwing their lives away as they crashed into Wang Ling's virtual body, but in fact, this was a joint sealing technique.

The virtual bodies contained part of their Dao God seal power.

Each person could condense a powerful sealing power after a few lifetimes of cultivation!

After this illusory body trap collided with Wang Ling's illusory body, the power of the divine seal was like a reptile, instantly spreading through Wang Ling's illusory body and bursting out with dazzling divine light!

"The runes gathered by each Dao God seal are ten thousand trillion in weight. This is the weight of a god..."the six Great Dao Gods were secretly gloating.

They hadn't expected it to be so simple.

After all, this was the weight of a god.

No one could break free.

But in the next moment...

Wang Ling twisted his shoulder.

He stomped his foot fiercely.

The dao god seals tied to the virtual image instantly disintegrated like fish scales that had been cut off! They were shattered!

In an instant.

The battle had ended.

In the sky, the six Great Dao gods' brains had all dissipated.

The suppressed red clouds instantly dissipated, and sunlight surged out. There were no clouds within ten thousand kilometers!

Bang Bang Bang Bang Bang..

The six Great Dao gods were all shocked to the point of vomiting blood in their respective family's forbidden grounds.

..

However, this battle wasn't over..

What came next to welcome the six Great Dao Gods was the monk's hammer that descended from the sky!

The monk had already split himself into six clones and aimed them at the six Great Dao Gods' family's forbidden grounds.

He intends to kill them one by one.

He will completely block the possibility of the Dao gods' counterattack.

Chapter 1293 Just Shout!

In the Great Hall of Dao Xuan, Monk and Lady Ah Juan each carried a few of them and “Piled up” the corpses of the Seven Great Dao Gods.

After passing through monk’s “East Wind -- 100% blood locking strike -- ten thousand mile head hammer technique”,.

The Seven Dao Gods became like this and were still unconscious.

Blood mixed with yellow liquid flowed out..

Miss Ah Juan noticed that this was coming from the head of the Zhou family head.

Of the Seven Dao Gods, the Zhou family head was the most miserable.

It was also a backlash, but only the Zhou family head’s Dao God Brain had been directly pierced by Wang Ling’s finger.

In other words, the backlash had been full.

After suffering the most severe backlash and experiencing the monk’s head hammer, the skull had been directly fractured.

In other words, of the Seven Great Dao Gods, only the head of the Zhou family’s head had been split open.

“Monk, is that brain matter that’s coming out...” miss awu frowned and pinched her nose as she asked.

“Don’t worry, Miss Awu, this is a dao god; a little brain matter won’t kill you.”

Jin Deng said kindly, “And the brain juice will only bring benefits.”

“Monk, what is the meaning of this?”

“The brain juice that is flowing out now might be the brain juice that flowed out when we chose to make a move.”

” ...”

Monk sighed deeply.

Looking at the Wang family, Gu family, and Liu family, how could the heads of these three families understand this so clearly? Wouldn't it be fine if they just went into closed door cultivation?

Their cultivations were not refined, yet they still had to interfere..

This was great.

Their bodies suffered a backlash, and this Zhou family head alone lost 100 lifetimes of cultivation.

The other family heads were naturally not much better. The Seven Great Dao ancestors still had an average of 80 lifetimes.

The Liu family was originally ranked tenth among the ten great families of the divine realm.

And after this wave...

It was likely that the head of the Liu family would directly replace the Zhou family and successfully jump to third place.

The monk seemed to be able to associate the head of the Liu family with the appearance of laughing uncontrollably in the forbidden land

Now, the overall situation was set.

After the Seven Great Dao gods were beaten up, it indicated that the upgrade of earth had become a certainty.

“All elders, come out.”

The monk twirled the rosary beads in his hand and glanced in a certain direction without raising his head.

“Master...” a few dao venerables walked out of the ruins, their hearts trembling as they faced the scene in front of them.

They had never imagined that such a scene would occur today..

The golden lamp took out a contract from his sleeve. “All of you are clan elders, and it is obvious that your clan heads are incapable of action. I will let you represent us by drawing a blood-drop on the contract.”

“Draw a line...”

“Once the line is drawn, it will be considered as agreeing to Earth’s upgrade plan... And you will be able to take a lying corpse of the clan head as a reward.”

The corners of the Dao Masters’ Mouths Twitched.” ...”

In front of them, this was clearly a helpless move.

Their clan head’s injuries were very serious. If this continued to drag on, there might be some trouble..

Losing an extra lifetime of cultivation meant that their clan’s foundation would be reduced by a bit.

They couldn’t afford such a loss.

“I’ll go first!”

“No! Don’t fight with me! I’ll draw first! My clan leader is the most severely injured!”

“Bullsh \* T! It’s clearly our clan leader who suffered the most! Can’t you see that his neck has sunk into his collarbone!”

Then, the contract was snatched by the Seven Great Dao Masters.

The monk couldn’t help but sigh in his heart.

If he had known this day would come, he wouldn’t have done it in the first place..

Just like that, they dragged on for another hour.

In order to fight for the right to draw the contract first, the Seven Great Dao Masters had another fight on the spot. Only then did they finish drawing the contract.

When everyone brought their heads back to the clan land, their faces were all bruised and swollen.

“Everyone, take care! When your master wakes up, remember to tell him that this was caused by a monk. It has nothing to do with me!” Lady Ah Juan waved her hand as she looked at the departing figures of the clan elders.

..

At this point, the preparations for Earth’s upgrade were ready.

Just as the monk was about to put away the contract and return, a ray of light suddenly descended from the sky.

To the monk’s surprise, this person did not look like a clan elder. He looked like an old servant.

However, this old servant’s combat strength was surprisingly strong.

He had already reached the level of a dao master.

One had to know that the clan elder of the seven great clans who attacked earlier was also a great clan elder.

Most of them were only at the lower level of a dao master. The strongest Zhou clan elder was only at the middle level of a dao master.

The monk spun the Buddha beads and deduced the origins of this old servant. “You are from the Wang Family?”

“Greetings, master golden lamp. You have great foresight. I am impressed.” The servant’s expression was peaceful. He did not come to the pottery shelf this time.

After all, the Wang, Gu, and Liu families were all well-informed families. They were not as prickly as the remaining seven families.

As he spoke, the servant took out a contract from his lapel. This was the joint agreement signed by the three family heads of the Wang family, the Gu family, and the Liu family.

Now, this old servant of the Wang family delivered it on his behalf.

The old man handed over the joint agreement with both hands. At the same time, there was an apologetic expression on his face. “Previously, when the seven families made their moves, the three family heads did not help master. I hope master can understand...”

“This penniless monk won’t mind.”

The monk smiled. “The greatest taboo in seclusion is to be mentally shaken. It makes sense that the Gu and Wang families could sit firmly in the top two positions in the divine realm for so many years. This penniless monk also thanks the three family heads for sending over this contract to show their sincerity.”

“This old man admires master’s magnanimity.”

After saying this, the old man glanced around again.

The monk knew who he was looking for. “Ling Zhenren has already gone back.”

“It’s truly a pity that I couldn’t meet Ling Zhenren.”The old man of the Wang family sighed.

To kill the Zhou family’s Dao gods in the first place and then defeat six dao gods with the power of a virtual body... What kind of terrifying power was this?

When the head of the Wang family had stamped his name on the contract, he had specifically told the old man to say hello if he saw Ling Zhenren.

But now, it seemed that fate hadn’t arrived yet.

There were some things that couldn’t be forced in the end.

“Although Ling Zhenren left, he left something behind for me to hand over to the elders of the three families. I hope that old Sir Can Pass it on.”At this moment, the monk’s words made the old man’s eyes light up.

“Ling Zhenren actually left something behind. What is it?”

“In fact, this is also this penniless monk’s suggestion.”

The monk smiled. “The three family heads are still in closed-door cultivation and have never made a move from the beginning to the end. Thus, this penniless monk believes that the remaining seven great families will not let this matter rest. If they join forces to take revenge now, I’m afraid it will be another disaster.”

“Master is Right!”The old servant of the Wang family nodded.

“Therefore, this monk had Ling Zhenren leave behind three golden talismans on purpose.”

As the monk spoke, his fingertip moved, and three streams of light flowed out from between his fingers and hit the old servant in front of him.

The old servant's hands trembled as he held the Golden Talisman. "May I ask, master, how do I use this Golden Talisman?"

The monk smiled. "If you run into trouble, Shout Out: quickly invite me, Buddha Wang Ling!"

#### Chapter 1294 The Road To Earth's Tribulation

In the distance, the heavenly axiom of death, who had not yet left the divine realm, did not know what to say to describe his current mood.

"Senior, the seven great families that attacked us were beaten so badly. Will they really attack us?"

Lotus Sun asked.

"In the divine realm, other than the Gu and Wang families, which often rotate between the first and second positions, the rankings of the other eight great families more or less change every year. Because the difference between them is not too big, they can not really stabilize their rankings."

Heavenly axiom of death said, "Even if those seven families don't make a move against the Wang and Gu families, I'm afraid that they will join forces to settle scores with the Liu family, which is ranked tenth."

In this incident, the Liu family was the only one who had benefited greatly.

The foundations of these seven great families had never been able to catch up to the Wang and Gu families. Thus, to the Wang and Gu families, the true impact wasn't too great.

But after this battle, their foundations had been whittled away.

This was equivalent to shortening the gap between the Liu family and the seven great families.

In order to avoid the possibility of the Liu family taking advantage of the chaos to rise to power, it was indeed very likely that the seven great families would join forces to seek revenge..

And they would only pick the soft persimmon to pinch.

“Can Heavenly Dao Punish Dao God?” At this moment, Odd Zhuo also asked curiously.

“Apart from the white list users and Dao ancestors, no one can surpass Heavenly Dao...” Heavenly Dao of death sighed. “I can’t Fight Dao God with my current combat strength, mainly because the power of Heavenly Dao has been divided. “If we combine three thousand Heavenly Dao, we can hang Dao God.”

“Then can we hang my master and beat him?”

“No... he might be killed instead...” Heavenly Dao of death was very helpless.

In fact, he had always had a bold guess.

That was that the power that Wang Ling had displayed so far might not be his full combat strength.

Back then, the Dao ancestor had divided the Heavenly Dao into three Thousand Heavenly Dao for the sole purpose of keeping the balance of power.

If there were other Ling Zhenren in this parallel universe...

Then when these “Ling Zhenren” were all combined..

How powerful would they be?

But all of this was just a guess and hypothesis made by the Heavenly Dao of death.

He didn’t dare think too much about it.

One Wang Ling was already enough to make the Heavenly Dao Restless..

If all the Wang Ling in the universe merged together, wouldn’t the heavenly dao be “Executed”?

On the way back to Earth, the Heavenly Dao of death found the young girl frantically entering information into her “Little Notebook”.

It seemed that God realm had gained quite a lot this time.

“What have you learned?” Heavenly Dao of death asked Lotus Sun.

“As expected, the seniors of God realm are very strong, and their brain circuits are very novel,” Lotus Sun answered truthfully.

She recorded everything she had just seen in words, and then used a sketchpad to record what she had seen to prevent herself from forgetting.

“Junior Sister Lotus Sun actually knows how to draw?”

In the core world of the Heavenly Dao of death, Odd Zhuo was also surprised as he held the Buddha’s Golden Lotus.

In a sense, the girl was also very versatile in all aspects.

“I learned it by accident when I had nothing to do,” Lotus Sun said modestly.

“Just a friendly reminder, junior sister Lotus Sun, if you draw my master’s face on it, there’s a high chance it’ll become a mosaic...” Odd Zhuo said at this moment.

After several upgrades to the great shielding spell, the shielding effect had already become stronger.

Who knew what kind of tricks would come up in the end..

“Don’t worry, senior Odd Zhuo, I didn’t draw student Wang Ling’s face at all. Look! This is what I drew!” Lotus Sun made her drawing public.

She was drawing the scene of Wang Ling’s virtual image battling the six Great Dao gods’ virtual images.

The virtual images couldn't be seen clearly to begin with.

So the girl only drew the outline of Wang Ling's back.

Then, she drew a string of "Ellipses" on the part of his head.

"This is? !" Odd Zhuo was stunned.

"This is student Wang Ling's real body!"

Lotus sun stared at her drawing and nodded her head in satisfaction.

Odd Zhuo: "..."

..

When the dust had settled on upgrading Earth, golden lamp and Miss Scroll returned to Earth one step ahead of the Heavenly Dao of death.

The monk's ability to shrink the earth into an inch was too heaven-defying, and was several times faster than the Heavenly Dao of Death's direct transmission.

Their next step was to go to war sect and explain to grenade-throwing senior immortal about Earth's upgrade.

If Earth completed its upgrade, then the entire Earth would experience a terrifying tribulation..

That's right, this wasn't a tribulation for cultivators.

It was a tribulation for Earth!

Earth needed to survive this wave of tribulation to complete its upgrade!

At that moment, team leaders were gathered in the war sect's true Supreme Hall.

Grenade-throwing senior immortal, Immortal Zhenyuan, Fang Xing, and crispy noodles dao monarch from the security team were all present.

"Divine Dao star's divine crystals are extraordinarily powerful, and it's easy to upgrade earth, but whether or not earth can withstand the heavenly tribulation is a problem," said Miss Awu.

"What is the heavenly tribulation of a planet like?" Grenade-throwing senior immortal didn't understand.

Most people actually didn't know much about this.

That was because almost no one had ever experienced a heavenly tribulation on a planet..

The only person who might know something about it was immortal Zhenyuan.

He had been working on restoring drought planet.

Because the project was complicated and huge, the progress had been very slow.

However, Immortal Zhenyuan was never tired of building drought planet. It was just as interesting as playing MC.

"The heavenly lightning is the main tribulation for normal cultivators."

At this time.., the monk said, "The power and scale of the Tribulation Heavenly Lightning are all related to the realm. The higher the realm, the greater the range and power of the Heavenly Lightning. However, the scale of the tribulation on a planet is definitely global."

"What the monk means is that if the tribulation on Earth isn't handled properly, many cultivators might get electrocuted!" Miss Scroll echoed.

“Cover the whole world...”grenade-throwing senior immortal was surprised.

This was an upgrade to a planet’s tribulation.

Then the power of the heavenly lightning was naturally incomparable.

If cultivators outside were struck by it, they would probably die.

“I understand what you mean, master. You want me to communicate with countries around the world so that cultivators can do their best to protect themselves from the heavenly lightning?”

Fang Xing cupped his chin and shook his head. “I don’t think that’s enough. It’s like an outbreak of influenza. You Can’t make everyone stay at home obediently. There are always people who want to go out and take a look.”

“Brother Fang’s words make sense...”

“Staying at home or using magic artifacts for protection is far from enough to solve the problem.”

At that moment, the monk shook his head. “Senior immortal thinks things are too simple. The scale of the Tribulation on Earth will definitely cover the entire world, but this penniless monk didn’t say that the way to transcend the tribulation will definitely be heavenly lightning...”

Actually, if it was heavenly lightning, it would be easier to handle. They just needed to think of a way to guide the Heavenly Lightning to one place.

Ling Zhenren was like a living human lightning rod!

However, the tribulation on Earth wasn’t as simple as heavenly lightning descending on earth..

It would be an attack launched by the condensed power of various planet spirits like the “Spirits of the Sun”!

As far as the monk knew, the energy of these planet spirits came from the chaos of the universe..

To put it bluntly, it was the same material as the middle layer of the chaotic circle in the “Unspeakable land”.

Cultivators from God realm would be finished in three minutes.

Cultivators from Earth..

Would probably die if they touched it.

“Then, master, do you have a solution?” Grenade-throwing senior immortal asked at this moment.

“This penniless monk has an egg...” the monk said.

“I have one too!”

Grenade-throwing senior immortal raised two fingers. “Still two!”

Golden Lamp: “? ? ?”

Chapter 1295 Monk Jin Deng’s Egg

The monk took out his divine beast egg, which had been incubated for 300 lifetimes but had yet to bear fruit.

The entire egg was dark blue in color and had a crystal-like texture throughout its body.

There were regular purple patterns carved into the shell, which could refract a beautiful light under the illumination of the light.

“Master, are you saying that all the energy that erupted during Earth’s tribulation should be directed to this egg?” Grenade-throwing senior immortal understood.

“That’s right.”

The monk nodded. “The power of chaos attracts each other. This penniless monk’s egg was born from chaos, so it’s perfect as a primer.”

In fact, it wasn’t difficult to find magic artifacts that contained the power of chaos.

The heads of the few great clans in the God realm probably all had it.

World-defying magic weapons were not considered rare items in the god realm.

However, a world-defying magic weapon that contained the power of chaos was priceless!

If a world-defying magic weapon contained the power of chaos, it could greatly increase the power of the magic weapon!

A world-defying magic weapon that contained 1% of the power of chaos, even if it only had a trace of power, could increase its power by 5% from its original base

And this was why dao gods were so keen on nurturing divine beasts.

These creatures born from the chaos were naturally infused with the power of chaos into the divine artifact,

they were similar to “Strengthening syringes”.

Using the things on the Divine Beast’s body as raw materials, such as horns, hair, and so on... using these raw materials as supplementary materials to strengthen a world-defying magic artifact, there was a small chance that the magic artifact would obtain the power of chaos.

This godly beast egg of the golden lamp had been refined from the chaos a long time ago.

However, the difference between it and other dao gods was that the normal chaos would be able to give birth to more than ten or twenty lifetimes.

The monk’s egg seemed to be special.

It was like Nezha, refusing to come out no matter what..

Therefore, the monk thought of a way to use this Earth's tribulation.

"This penniless monk has his own selfish motives in this matter, but I hope that everyone can help me,"the monk said to everyone.

"It's just a matter of convenience to begin with. Master, you're too kind. I also really want to know what exactly can grow out of this egg of yours..."after saying this, senior immortal turned around and took out his phone to make a few calls.

During this time, senior immortal had changed several languages, as many as seven or eight.

Upgrading Earth was a major event, and grenade-throwing senior immortal had already consulted Huaxiu alliance before, hoping that the head of state could negotiate with the leaders of several cultivation countries.

This was a benefit to all the cultivators on Earth.

On one hand, it solved the problem of insufficient spirit qi, and on the other hand, it further liberated the true immortal realm.

"It's done."

Ten minutes or so later, grenade-throwing senior immortal turned around and replied, "This afternoon, the planet's ambassador for establishing diplomatic relations, Guo Ping, will come to the war sect to meet with the realm king personally. Everyone will determine the specific time for Earth's upgrade. I'll have to trouble the realm king with this matter. "This matter can not be delayed; it has been tentatively scheduled for Tuesday, December 1st."

The matter of upgrading Earth was brought up by the monk.

However, the monk did not want too many people to know his identity.

It was actually appropriate to leave this matter to miss ah Juan.

It would be better to directly make it known as Shendao star in order to have a more friendly exchange with Earth and take the initiative to provide for Earth's upgrade and benefit all the cultivators on Earth.

"Na Na! If I'm the one to step in, are there any rewards?"The young girl put her hands on her hips and asked righteously.

"This penniless monk can provide miss ah Juan with three additional light-opening services."The monk smiled.

"Deal!"Miss Ah Juan nodded her head.

At this time, the monk Sighed silently in his heart.

This king of the realm of gods was too easy to coax.

Since he was already on Earth, wouldn't it be nice to directly ask Ling Zhenren for his enlightenment spell..

This enlightenment spell was a little more powerful than his light-opening spell.

..

On the other side, the Zhou family head woke up from his coma. His entire body was wrapped in bandages.

Especially his head, which was wrapped tightly, his entire body was filled with the smell of medicinal liquid.

In the end, he still had the foundation of a large family. The family's medicine storehouse had a reserve of rare divine herbs and spirit plants for use at this critical moment.

The Zhou family head had just woken up when he saw six men sitting around his bed. He was so shocked that he almost passed out again.

“You... why are you here...”

Those were the other six family heads who had been beaten up.

After they were carried back by their respective elders to receive treatment, they gradually woke up from their coma.

And the Zhou family head was the last one to wake up.

“We had important matters to discuss, but your injuries were the most serious, so we came here in advance and waited for you to wake up,”the Sheng family head said.

His head had been hammered into his collarbone by the monk earlier.

After returning to the family, the Sheng family head had to mobilize several people before his head was pulled out of his body and put back into place.

The battle with the cultivators on earth had caused the Seven Dao Gods to lose miserably.

This was something that no one had expected.

“Did that Monk leave... ?”The head of the Zhou family was still in fear.

He had been hit quite badly by the monk’s ethereal hammer, and he felt as if he was about to die..

“Lord Zhou, I think you’re focusing on the wrong thing.”The head of the Sheng family shook his head.

This monk was indeed very powerful... but the problem was that the person who had truly caused them psychological trauma wasn’t the monk!

It was that terrifying figure from Earth!

“Don’t blame Lord Zhou. He was severely injured by the monk’s head hammer. Actually, he didn’t understand what happened after that.”The other family heads sighed.

They were actually quite envious of the Zhou family head.

Although his Dao god Brain had been destroyed when that Earth’s young expert’s otherworldly hand had just appeared.

Fortunately, it had been destroyed quickly enough, and family head Zhou hadn’t completely reacted yet.

After that, he had been hit by the monk’s head hammer, so naturally, he didn’t know how terrifying Wang Ling was.

On the other hand, the other six Great Dao Gods had faced off against Wang Ling’s virtual body head-on, and then had been beaten up in a group..

There were no words to describe the mental impact.

The clan leaders couldn’t help but sigh.

“After Earth underwent this upgrade, I think it won’t be long before we catch up to the celestial domain... a hundred years? Perhaps a thousand years? Perhaps it won’t take that long at all...”

“Compared to this, I just want to know when such a figure appeared on Earth.”

“Could he be... a daofather?”

“It can’t be a daofather. We both know this very well.”

“It seems like the Gu, Wang, and Liu families already know the details. This time, they deliberately didn’t make a move.”

“That’s right!”! “Now that our cultivation bases have been damaged, the gap between us and these three families will probably widen. Although the Liu family’s foundation isn’t strong to begin with, after this time, they’ll most likely surpass us and step on every single one of our heads.”

At this moment, the Zhou family clan, who had just woken up from their heavy injuries, understood. “So, what do you all mean, My Lords?”

“With our current state, it’s definitely not possible to suppress the Wang and Gu families. We Can’t beat them in the first place... but it’s still possible to bully the Liu family.”

The Sheng family head said, “In this battle, the prestige of the seven of us has been swept to the ground. The various factions in the divine realm must have some complaints about this matter. Taking out our anger on the Liu family is on one hand to suppress them, and on the other hand, it’s also to intimidate them.”

Chapter 1296 I Chickened Out

Wang Ling’s slap caught the head of the Zhou family off guard.

It was also because of this that his impression of Wang Ling was actually very limited in this battle.

After all, the head of the Zhou family had no experience in confronting Wang Ling’s virtual body head-on.

He couldn’t understand the other family heads’ fear on a spiritual level.

But to be honest, the head of the Zhou family felt that this might not be a good idea.

None of them were in their prime right now.

If they were in a hurry to attack the Liu family and something happened... They might really be doomed.

“There’s a risk in doing this. My Lords, have you thought about it?”The head of the Zhou family asked.

He felt that the more time passed, the more he needed to keep his mind calm.

“It’s obvious now that the Wang family, Gu family, and Liu family are united... Although we are targeting the Liu family, how can the Lords guarantee that the Wang family and the Gu family will not send people to help?”

These words made the others fall silent.

Yes, they could not guarantee that the Gu family and the Wang family would not help.

These two family heads were both upper stage dao gods, and their strength was far above theirs..

They came to the Zhou family to wait for the Zhou family head to wake up. They originally thought that the plan to suppress the Liu family this time would be supported.

In the end, they did not expect that the Zhou family head’s words would instead cause them to fall into deep thought.

“Hearing the Zhou family head’s analysis, I also feel that this matter seems to be risky.”

“That’s right. If we don’t get off on the right foot... wouldn’t our reputation be even more tarnished?”

“Everyone! There are seven of us working together!” At this time, the master of the Sheng family sensed that the atmosphere was not right and quickly said with his eyes wide open.

The Wang family and the Gu family were indeed strong, but even if the seven of them worked together, they might not necessarily lose!

“Don’t ask me about this matter. My injuries have yet to recover, and I don’t want to take this risk... My Lords, please return.” At this time, the Master of the Zhou family sighed, he shook his head. “My Lords, please go ahead. I Won’t send you off.”

Since the order to leave had been given, there was no point in staying here any longer.

The idea of a crusade was originally proposed by the Sheng family head, so he naturally didn't want to let it go so easily. He flung his sleeves and left in a huff.

After the six family heads were sent away, Zhou Zhentian, the Zhou family's elder, finally came to the confinement room in the rented land.

He paid his respects to the clan head of the Zhou clan who had just woken up.

"Clan head, I have a matter that I don't know if I should speak of..."Zhou Zhentian kowtowed and asked.

"Speak."The clan head of the Zhou clan closed his eyes to regulate his breathing.

After all, he was a dao divinity, and the external injuries on his body had almost fully recovered.

His internal injuries would also be healed in the future.

The only regret he had was the loss of his cultivation base this time..

"Our relationship with these six families has always been good... this time, we rejected the Sheng family head's face on the spot. I'm afraid it will make people feel disappointed,"said Zhou Zhentian.

"He just wants to win back his face. Do you think face is more important or life is more important?"

"What the family head said makes sense..."Zhou Zhentian was surprised.

He didn't know if it was because the "Water in his brain"had already flowed out, but he felt that his family head's thinking had become much clearer.

"That Monk is very strange. The experts on Earth are even more strange. Even if the six of them were to join forces, they would not be able to defeat him. Therefore, it is best to be cautious in this matter,"said the Zhou family head.

Actually, after saying so much.

In the end, it came down to three words: I, cower.

“Later, you will select some heavenly treasures from the medicine warehouse and send them to the six families. This can be considered as a little help that I can provide.” At this point, the Zhou family head slowly closed his eyes. “You may leave...”

“Yes.”

..

Under the instigation of the Patriarch of the Sheng family, the remaining five dao gods finally decided to join the battle and jointly carry out the plan to suppress the Liu family.

They stood side by side in the air and shuttled through the mountain range, heading straight for the forbidden land of the Liu family.

The divine realm was so vast that normal cultivators would have to go through many twists and turns in order to travel, and they would even have to consider the various restrictions in the airspace.

Not to mention that the ten great families had special privileges, as the head of the family, a figure of the Dao God level.

They could even ignore the existence of the restrictions and travel across the various regions.

“The lord of the Zhou family has said so much, but to put it bluntly, he’s still cowardly.” The head of the Sheng family’s face was gloomy. He had already rehearsed the feasibility of this operation.

The Liu family simply couldn’t think that they had just experienced a great battle, so they directly went to find trouble with the Liu family.

Most importantly, the Liu family’s forbidden area was located far away from the Wang family and the Gu family.

The heads of the two families would not act rashly. Even if they sent reinforcements, they would still have to hurry on their way.

The six dao gods would suppress the Liu family together. The Liu family would not wait for reinforcements to arrive before disarming and surrendering.

“We must act as soon as possible and end this as soon as possible!”The head of the Li family said. He also believed that this plan was feasible.

At this moment, the six dao gods were moving together in the air. Wherever they passed, space would distort and become blurry.

They crossed mountains and seas, and also crossed mountains and seas. They stepped through spatial passageways and leaped to where they wanted to go.

“We are finally arriving.”

When they were still some distance away from the Liu family’s forbidden land, the six dao gods stopped. They focused their attention and regulated their breathing, quickly focusing their minds.

In front of them was a flourishing city. It was the Liu family’s territory. The words “Liu City”were carved on the plaque at the city’s entrance with a huge golden character.

They had originally not placed the Liu family in their eyes. After all, among the ten great families, the Liu family was ranked last. Not only were their combat power and overall foundation inferior to the ten great families, but they were also constantly ostracized by the ten great families of the divine realm.

There were too many uncertainties about the position of tenth place. No one knew how long the Liu family would be able to stay in tenth place.

Moreover, ever since the Liu family took over, there had been constant turmoil.

Previously, a direct descendant had left, and it was even a girl. Who knew what she had gone to Earth for.

Her reputation was spread very unpleasantly.

“Heh, now that the six of us are gathered here, making a move together is also giving Liu Fenan enough face.” In the sky, the head of the Sheng family laughed.

He directly said the name of the head of the Liu family without any respect at all.

The aura of the six dao gods hovered above Liu City. Although this pressure was not as terrifying as condensing a Dao God’s brain, to the cultivators of the divine realm, this pressure was not much different.

The countless disciples and citizens of the Liu family in the city all raised their heads, their eyes revealing terror.

Everyone could sense that these six great dao gods had come with ill intentions. They were probably here to start a war..

“The six Great Dao gods have gathered in front of the gates of our Liu City. Our Liu family is honored by your presence. However, I don’t know why the six Great Dao gods are so aggressive...” in front of the city gates, the elders of the Liu family were there to welcome them.

He walked out of the city and looked down at the sky. He raised his hand and bowed. His entire body was filled with a scholarly aura, and he looked gentle and refined.

“The six of us are here, but the Lord of Your Liu family isn’t coming? Isn’t Liu Fenan not giving us face?” The head of the Sheng family took a step forward and questioned coldly.

..

At this moment, on Earth.

The monk had already projected this scene from the god realm onto the screen of the true venerate hall..

There was still some time before Guo Ping arrived.

Before Guo Ping arrived, everyone in the true venerate hall was currently watching.

“Hahaha, Monk, you were right. They really did make a move.” Lady Ah Juan focused her attention on the scene on the screen. She didn’t expect everything to be as the monk had expected.

“The script has already been written for them...”

The monk pressed his palms together and said “Amitabha”. Then, he smiled and said, “Everyone, why don’t you guess how many Dao Gods will fall in this wave?”

Chapter 1297 Was Clearly Arranged

“Eh? So he will die?” Upon hearing the monk’s words, Lady Scroll revealed a surprised expression.

“The death of a Dao God is different from the death of an ordinary cultivator,” the monk said.

After all, he had already become a dao god.

Even if such a figure died,.

He could still exchange his life by deducting his cultivation.

However, even if he didn’t die in the end,.

No matter how one calculated it, the end result of this attack by the six dao gods would be a bloody loss.

Using his cultivation of dozens of lifetimes to pay for his impulsiveness didn’t sound like something a Dao god should do.

The monk sighed in his heart and also felt regretful.

In the end, it was the superior cultivation resources of the divine realm that made these upper-level cultivators too arrogant.

Even Dao gods couldn't avoid being vulgar.

On the other hand, the two from the Wang family and the Gu family.

That state of heart as still as water was the bearing that upper-level self-cultivators should have.

To be able to steadily rank in the top two

This was reasonable.

“All of this is fate.”

The monk looked at the projection on the screen and sighed in his heart.

The script of the six dao gods had already been clearly arranged.

As a cultivator, he was too impetuous and was destined not to make much of a difference.

Even if he had been lucky enough to achieve great achievements, once he fell, he would be smashed to pieces.

At that moment, the Heavenly Dao of death had also arrived in the true supreme hall.

Odd Zhuo held the Buddha's golden lotus in his hand as the Heavenly Dao of Death released him from the core world.

“Hello, Brother Odd Zhuo!”

“Hello, director Zhuo!”

Everyone in the battle sect cupped their fists.

Odd Zhuo looked at the scene in front of him and scratched his head. “Senior Heavenly Dao of death took me and junior sister Lotus Sun to watch the battle in God Domain just now. I thought the battle was over... I didn’t expect it to start again so soon.”

Before they had left God Domain, Lotus Sun and Odd Zhuo had heard the analysis of the ten great families of God domain from the Heavenly Dao of death.

But they hadn’t expected it to come true so quickly.

“How’s student Lotus Sun Doing?” At that moment, Fang Xing asked as he stared at the Buddha Golden Lotus in Odd Zhuo’s hand.

Odd Zhuo smiled. “Let her speak for herself.”

Seeing that Fang Xing, Wang Zhen, Liu Qingyi, Gu Shunzhi, and Immortal Zhenyuan were all in the true venerate hall, Lotus Sun was also very surprised.

On the way back to Earth earlier, Odd Zhuo had pretty much given Lotus Sun an introduction about the situation with the war sect.

Furthermore, he had deliberately kept Lotus Sun guessing by saying that there were a few classmates she knew in the war sect.

After excluding Wang Ling, Lotus Sun had many guesses.

She had guessed Wang Zhen, guessed Liu Qingyi, guessed immortal Zhenyuan, who had assumed the alias “Zhen Yuan,” and also guessed Gu Shunzhi..

Because these were all transfer students who were very good at their studies.

Furthermore, they seemed to be very friendly with Wang Ling the moment they entered No. 60 high school.

But Lotus Sun could never have guessed that Fang Xing was actually in cahoots with this group of people!

“Classmate Fang Xing, so you’re also...”

The girl was stunned.

Now she finally understood.

Why had Fang Xing and the others been unexpectedly eliminated the night before the final battle in the Nine Dragons mountain physical skills competition!

Because if these people had participated in the competition! The others wouldn’t have had to play at all!

“Senior Odd Zhuo...”

“What’s wrong with Junior Sister Lotus Sun?”

“I found that No. 60 high school is full of crouching tigers and hidden dragons; it’s so scary!” Lotus Sun’s mood was very complicated.

“I’m really sorry for hiding it from you for so long,” Fang Xing said with a smile.

“It’s fine... I won’t be surprised by what I see now...” after the past few days, Lotus Sun felt that her eyesight had improved tremendously.

She felt that the cultivation world was very small.

That was because there were so many experts lurking around her!

She also felt that the cultivation world was very big.

It was as vast and boundless as the divine realm, which made people yearn for it..

“Are you taking notes?”At that moment, Fang Xing noticed what Lotus Sun was trying to write down in her “Little Notebook.”.

“Senior heavenly axiom of death said that if I returned to my physical body, my memory would be forgotten. That’s why I’m taking notes!”

Lotus Sun smiled. “I’m drawing student Fang Xing’s Sketch Now! From now on, we’ll be good friends!”

Fang Xing shrugged. “It’s okay if you want to be good sisters with me.”

Lotus Sun:”? ? ?”

..

Back at the gates of Willow City in the divine realm.

It was beyond everyone’s expectations.

Facing the Sheng family’s patriarch’s aggressive questioning.

This Liu family’s grand elder did not show any fear at all.

“Lord Dao Divinity has descended under our Liu family’s underground city. We have treated him with courtesy, but Lord Dao Divinity is being so aggressive. I wonder who is more disgraceful?”

The Liu family’s grand elder smiled. “My lord has always been in seclusion with no distractions. I don’t think the Six Lord Dao Divinity would make trouble just because my Liu family did not make a move earlier, right?”

When he finished speaking, the expressions of the six Lord Dao Immortals changed slightly on the spot.

The elder of the Liu family actually knew the purpose of their trip..

This was a bit intriguing.

It was as if they had long expected this matter.

“It seems that the elder of the Liu family is well aware. I think that there is no need for everyone to pretend to be ignorant.”

At this moment, the patriarch of the Li family snorted and laughed. “Our seven families are fighting for the divine realm. Your Liu family took the lead to hide at home and not come out. In the end, we were defeated and returned.”

The head of the Li family never mentioned the Gu family and the Wang family. Instead, he directly threw the blame onto the Liu family..

Such a hooligan’s behavior really made the head of the Liu family feel somewhat dumbstruck.

“If you want to add to the crime, why not use Words?”

The head of the Liu family shook his head with a bitter smile. “Then, what do the Lords want to Do?”

“It’s very simple. Since you are unwilling to contribute to the maintenance of the divine realm, then it’s necessary to contribute some money.”

The Li family’s patriarch said, “The compensation from our families will be 10 billion divine crystals for each family. But if your Liu family is unable to withdraw it, then you have to consider the consequences.”

“What consequences?”

“You have to think about the citizens behind you and the many disciples of the Liu family.”

That was all he had to say.

The Liu family’s patriarch’s face darkened.

Although he had long known that the position of the 10th rank of the aristocratic family was not an easy one.

But he didn’t expect that he would be bullied to this extent.

“How about this, I’ll make a bet with all the Dao Gods. If I lose, the Liu family will follow your orders.” At this time, the Liu family’s elder said.

“Oh? What Bet?” The Sheng family’s patriarch was interested.

“All of you are Dao Gods. Bullying me, a small dao master, would be a joke. In terms of combat strength, I admit defeat.”

The elder of the Liu family bowed and said, “In a while, I will make a move first, with the divine realm as the limit. Three minutes later, all of you will move again. If you can find me, then I will lose! On the contrary, all of You Dao Gods, please leave immediately.”

“Do you know the difference between a dao master and a Dao God?”

The head of the Sheng family could not believe what the elder of the Liu family said. “It’s enough for me to find you alone. If the six of US work together, we can dig you out no matter where you go.”

“I think it’s better for you not to be too full of yourself.”

“Then let’s wait and see.” In the Void, the six dao gods nodded.

The divine realm was vast.

In three minutes, even if this Liu family elder was a dao master,.

He would not be able to rush to the Wang family or the Gu family to ask for help.

They wanted to see what this Liu family elder was up to.

..

On Earth, the onlookers were also surprised.

“Hey, Monk! What is this Liu family elder trying to do? Can a dao master avoid the god of Thieves?” Lady Ah Juan put her hands on her hips and asked in puzzlement.

“Of course not.”

The monk couldn't help laughing on the spot. He had already guessed what the Liu family elder was trying to do. “This Liu family elder is a smart person... he is a person who will strike Ling Zhenren later, and the aftershocks will affect the people in the city. That's why he used this skill.”

“Wow! Isn't this the legendary flash grave removal? !”

Miss Ah Juan's eyes sparkled!

This TV series was too good to watch!

She couldn't wait any longer!

Chapter 1298 Quickly Invite Me, Lord Buddha Wang Ling!

“I think Liu Chengru is most likely crazy. How can a Dao master like him escape?” The head of the Sheng family said the name of the Liu family's great clan elder bluntly. He chuckled lightly, but no one knew what Liu Chengru was thinking.

Any one of the six Great Dao gods could instantly cover the entire divine realm with their spiritual senses.

Not to mention three minutes, even if Liu Chengru was given another thirty minutes, they would still be able to dig themselves out of the ground.

As soon as the bet began, Liu Chengru transformed into a streak of light and disappeared from the ground.

His speed was extremely fast.

He only had three minutes. All the magic treasures and tools that could be used to increase his speed were used.

At this moment, the world-defying magic artifact “Kun Peng Token” that Liu Chengru had specially borrowed from the Liu family head played a crucial role.

It contained 2% of the power of chaos, which increased its power by nearly 10% from its original base.

When he held it, he injected spiritual energy into it, which allowed his arms to transform into Kun Peng Wings in a short period of time and disappear at the end of the horizon in the blink of an eye.

Liu Chengru knew that he would not be able to escape.

His ultimate goal was to find a place where no one was around.

The best direction was, of course, the direction of the Spirit Sea!

“There’s still one minute left...”

Without any hesitation, Liu Chengru waved his broad kun Peng wings.

The moment he was about to approach the surface of the spirit sea, he retracted his wings and dived into the spirit sea.

The deep part of the Spirit Sea was dark and boundless. With every meter of diving, he would carry a huge amount of pressure.

After 40,000 meters, there were no signs of life.

Dao masters could dive up to 5,000 meters at most.

Dao gods could dive down to 40,000 meters. This was the huge gap between their realms.

At this moment, close to the limit of the deep sea, Liu Chengru's eyes emitted light, like a searchlight.

In the trench in front of him was an ancient relic of the divine realm. There were ancient buildings eroded by the sea water of the divine realm. These buildings were already extremely fragile after being soaked in the sea water for many years. With a slight twist, they could be torn apart.

There were all kinds of immortal ships, spirit boats, and even the corpses of self-cultivators hanging on the trench walls.

The Divine Realm's divine realm was an extremely mysterious place.

Countless cultivators of the divine realm used modern forces to explore this place.

And more people were buried here forever.

Liu Chengru had planned to choose this trench. There were few signs of life around this trench, and it smelled like an underwater garbage dump.

The buildings, debris, and the corpses of dead creatures were all piled up in this trench.

They had a very foul smell all year round.

"I've finally arrived." When he reached his destination, Liu Chengru was completely relieved.

Basically, everything was as he had expected.

Soon, Liu Chengru, who was about 5,000 meters above sea level, felt the powerful aura seeping out from the sea.

He ran for three minutes.

The dao divinity chased after him after three minutes, but it took less than three seconds.

The other party's chasing speed was so terrifyingly fast. Relying on his powerful spiritual sense to lock onto him, Liu Chengru knew that there was no room for him to escape.

Soon, six balls of divine fire appeared in the bottom of the sea.

These were the flames emitted from the bodies of the six great dao divinities after they lit up the core world. They were also known as divine flames.

This was also one of the "Symbols of dao gods".

However, the divine flame did not have any other effects.

It was often used as a human torch by Dao Gods.

Under extremely dim conditions, the lighting was also very good..

"En? Kun Peng Token?"Through the light of the Divine Flame, the head of the Sheng family clearly saw the item in Liu Chengru's hand.

He knew that this was one of the magic items that Liu Fengnan, the head of the Liu family, was proud of.

"Liu Fengnan gave the Kun Peng Token to You?"The head of the Sheng family laughed, "Is he in seclusion? You're Only a dao master. Even with the Kun Peng Token's blessing, you can't outrun us."

In his opinion, the Kun Peng token that Liu Fengnan gave out was probably a waste.

It was a realm-defying magic item that fused with 2% of the power of chaos.

It had a great value for collection.

“Liu Chengru, you have already lost. Then, according to the agreement, accept your punishment...”the patriarch of the Li family attacked directly.

He was not polite at all.

His right arm was extended out and enlarged infinitely at the same time, surrounding the patriarch of the Liu family like a huge mountain.

Liu Chengru felt that he could still struggle a little longer.

He activated the Kun Peng token and flapped his wings. With a fierce flap, the seawater in front of him immediately boiled!

Under the influence of the resistance of the Divine Sea’s seawater, all movements in the divine sea would be slowed down.

Especially when the current suddenly became turbulent, Liu Chengru was certain that the other party might not be able to catch him so easily.

“An ant trying to shake a tree, so ignorant...”however, the power of the Dao Divinity was still displayed at this moment.

The head of the Li family’s hand was covered with the dao divinity seal, directly ignoring the resistance of the seawater.

He grabbed Liu Chengru with one hand and wrapped him in his palm.

“I got him.”

The head of the Li family was very pleased with himself.

The other five gods followed and watched Liu Chengru who was caught in the palm of the head of the Li family.

“A mere dao master dares to make such a big difference?”The five heads of the Li family sneered.

“So, even gods can gang up to bully others? Do you think you are worthy of being called Gods?”Liu Chengru’s expression was cold.

He was calm in his heart. Even under the gaze of the Six Great Dao Gods, he did not show the slightest fear.

This made the Li family head feel very strange. “I don’t know where your Little Dao master’s confidence comes from.”

He clenched his hands tightly to express his gratitude. This made Liu Chengru instantly feel a pain in his body that was about to explode.

“You’re about to die, yet you’re still putting on airs. It’s really laughable...”

Liu Chengru endured the pain and retorted, “Master is right. It is time for the divine realm to be baptized... Even people like you can become Dao Gods. The future of the divine realm is truly boundless!”

“You... Shut Up!”The head of the Li family reprimanded. He wanted nothing more than to crush Liu Chengru right now. However, he felt that if he let Liu Chengru die now, it would not be enough to establish his authority.

Therefore, the head of the Li family sneered, “Liu Chengru, if you’re willing to bet, you must admit your loss. I want to execute you in front of your family members in front of the gates of Liu City!”

“Execute me?”

“Yes...”

The head of the Li family had a cold expression, “This is what happens when you disrespect the gods.”

“Then I’m sorry...”Liu Chengru suddenly said.

“What did you say?”

“I said, I’m sorry... the people who might die are you...”

Then, he opened his mouth wide and directly spat out the golden talisman given to him by the golden lamp.

“Do you think that a golden talisman can save your life?”The Li family head muttered.

“That might not be the case.”

At that moment, Liu Chengru laughed loudly, then threw his head back and let out a long howl.  
“Quickly invite me, Buddha Wang Ling! ! !”

As soon as he finished speaking.

The Golden Talisman vibrated!

Then, it exploded with a blazing and resplendent light!

A hand descended from the sky, blotting out the sun and directly stabbing into this divine sea!

Again..

The six dao gods instantly trembled.

They all felt a death omen descending from above their heads!

..

“This is! Ling Zhenren’s hand? !”

Everyone in true Lord Zhan Zong’s great hall was shocked.

The next moment, a split-screen image appeared on the screen.

It directly switched to the Wang family’s small villa.

Wang Ling was currently fiddling with the square fish tank in front of him out of boredom.

Then, with his slender and fair fingers, he picked up the six small stones in the fish tank..

Chapter 1299 Wang Ling’s Fish Tank

This fish tank was actually a magic artifact of the monk called the fishing enforcement tank.

It could lock onto any river, sea, and river that the monk had visited and connect the space inside the fish tank to these rivers and seas.

The size of the space was related to the strength of the user of the fish tank.

The monk had predicted that the six great dao gods would chase after the divine sea in the divine realm, which was why he had given Wang Ling this fish tank.

However, the area the fish tank could lock onto was very limited, and it was impossible to cover the entire divine sea area.

Even the monk himself couldn’t do this.

With his strength, he could at most lock onto one-third of the divine sea area.

But what the monk had never expected was that.

Not only did the space in the fish tank under Wang Ling's hands fill up the entire divine sea area.

There was even a large area of overflow..

In other words, it wasn't just the divine sea area.

The entire divine sea area under Wang Ling's control was only the size of a goldfish tank.

But speaking of which, Wang Ling felt that only the monk could come up with a magic artifact design like the fish tank..

He had suddenly received a lot of inspiration from the monk.

This monk was experienced and imaginative, and knew too much strange knowledge.

Wang Ling thought that his combat strength was above that of the monk, but in some other aspects, this monk was indeed worth learning from.

"How are you going to deal with it?" Loopy toad looked at Wang Ling and asked.

It could clearly feel the six small stones between Wang Ling's fingers trembling..

The six Great Dao Gods had been asking the question "What is a God?" Earlier.

Now, the answer was obvious.

In the next moment.

The six small stones between Wang Ling's fingers were crushed into powder..

..

On the other side, at a depth of 5,000 meters in the spirit sea.

Liu Chengru looked up at the six Great Dao Gods, who had been swiftly caught by the giant hand and turned into ashes in an instant, and fell into deep thought for a long time.

This was clearly not the monk's hand.

When the monk had fought with the Seven Great Dao gods earlier.

He had been deeply impressed by the extraterrestrial God Hand, which had appeared and pierced through the Zhou family head's Dao God Brain.

"Is it that senior from Earth again..." Liu Chengru felt that this couldn't just be described as "Strong..".

He searched through his mind and found that he was unable to come up with an accurate description for the time being.

The six Great Dao gods did not have the slightest ability to resist.

Under the hands of these two extraterrestrial beings, they were neatly grabbed out of the deep sea. In an instant, they were crushed on the spot. Their flesh and blood were mangled and then turned into ashes..

He did not even hear the cries of the six Great Dao Gods.

Liu Chengru saw everything, and his heart was greatly shaken.

He leaped out of the surface of the sea and sensed that the auras of the six Great Dao gods had completely disappeared..

“They died just like that?”Liu Chengru felt his scalp go numb.

To crush six Dao Gods to death in one go, what kind of existence was this..

..

In a dark world, the souls of the six Great Dao gods appeared here.

This was a world covered by a dark purple glow. Low pressure was emitted everywhere, making people feel depressed.

“We’re really dead...”

The six dao gods’ faces were pale. Their Hearts were palpitating, and their wandering souls were trembling.

They knew very well what kind of place this was..

This was the Forsaken Land of gods!

It was rumored that only after the dao gods died could they enter an unknown world.

In this world, the Heavenly Dao’s soul-drawing golden men could not lock onto their positions, which meant that their souls would temporarily be freed from the Heavenly Dao of Death’s jurisdiction.

Being able to come to this world was one of the special privileges only Dao Gods had.

They could sacrifice their cultivation base here to pay for their lives.

However, they had no idea what had just happened..

Everything had happened too suddenly.

“Where did that senior from Earth come from... ?”

The six dao gods had no idea that they would be instantly killed. They had directly entered this place

“Is this the first time that everyone has come to this godforsaken land?”The Patriarch of the Li clan was completely stunned.

“Hey, we should have listened more... The disciples of the Wang clan, the Gu clan, and the Liu clan are all on Earth, and they definitely have some connection to that senior from Earth... no matter which clan we attack, it will be for nothing.”

“It’s too late to regret!”The other family heads also sighed when they heard this.

It was too late for them to regret now.

In fact, if they thought about it carefully, they felt that if they had been calmer earlier, they would not have encountered such a thing..

Liu Chengru, the head of the Liu family, was only a dao master. What right did he have to challenge the six Great Dao Gods.

If he didn’t have that life-saving golden talisman as his trump card, how could he be so confident?

“Lord of the Sheng family, it seems that you instigated this from the very beginning.”At this time, the other five heads of the families focused their eyes on the soul of the head of the Sheng family.

Their eyes were filled with anger, and they were trembling with anger.

“Everyone, please calm down... I didn’t expect things to turn out like this...”

The Sheng family head couldn’t resist the anger of the crowd, so he had no choice but to admit defeat. “I think we should discuss how we should go back first.”

“How else can we go back?”

The Li family head smiled bitterly.

His gaze was directed at an ancient black altar in front of him.

The entire altar was square in shape. There were obscure ancient dao patterns engraved on it, exuding a mystical aura.

“Do you see it? This should be the altar of the abandoned land of the gods recorded in the ancient books.”The Li Clan Head said.

Based on what he knew, he gave the method of resurrection. “In the middle of the altar is the abandoned pillar of the gods. Touch it and sacrifice your cultivation, then you can go back.”

“Sacrifice our cultivation... but how much do we have to sacrifice...”the clan heads asked one after another.

“According to the ancient records, everyone’s situation is different. They need to be evaluated based on the cause of death and various aspects. I heard that if we reflect on it in our hearts, we can greatly reduce the loss of our cultivation. If we have no regrets, then we can only sacrifice most of our cultivation...”

When the Li clan leader said this, the other five gods had already understood.

There was no need to say more about the cause of death. They had all died at the hands of extraterrestrial beings... and they had been instantly killed on the spot. They did not even feel much pain before they were already dead.

This was a destructive and overwhelming power that caused the six Great Dao immortals to tremble when they looked back.

As for repentance..

At this moment, they could not help but think of what Liu Chengru had said to them when he was still alive when he summoned the Golden Talisman.

“Now, it seems that what the Liu family’s elder said is not unreasonable...”

At this moment, the Wu family’s Dao ancestor sighed. “The six of us, who call ourselves gods, were crushed to death like ants by that senior on Earth just now...”

After the Wu family’s patriarch finished speaking, tears were rolling around in the corners of his eyes, and he looked like he was filled with regret.

It was as if he had never felt such pain before.

Then, he took a step forward and took the initiative to touch the god Forsaken Pillar. “Everyone, let me go first... I hope that my repentance will be able to move the god Forsaken Pillar...”

After about ten seconds, the god forsaken pillar trembled slightly.

At the same time, an ethereal voice sounded.

“Punish your cultivation for 100 lifetimes and return to the world...”

This was the voice of the pillar spirit of the God forsaken pillar.

“100 Lifetimes...”

The head of the Wu family was shocked. He was not satisfied with the verdict. “I have already confessed!”

The Pillar Spirit was furious. “Shut up! You Actor...”

Chapter 1300 10th Cultivation Level Equal To?

“As expected of a master, to be able to switch to such a place...”

In the battle sect, the image projected by the golden lamp was switched to the abandoned land of the gods.

Everyone stared at the souls of the six dao gods, once again feeling shocked by the monk's methods.

The monk smiled. "When this penniless monk smashed the dao gods with his head hammer earlier, while they were unconscious, this penniless monk used the light-opening technique to open up their retinas. Thus, we were able to capture the current scene."

By using the light-opening technique flexibly, he could make certain connections between the objects that had been opened up and the monk..

So now, the monk could switch to a total of six views to observe this abandoned land of gods.

And now, the view that the people of the war sect saw was precisely the view of the head of the Wu family.

The monk had actually always had a wish, which was to complete a historical documentary that recorded the rise and fall of the divine realm.

This would serve as a warning to the cultivators on earth so that they could better promote the cultivation culture.

He had used the light opening spell to invade these dao gods' retinas for this purpose.

"I still don't understand why dao gods don't have life-saving magic treasures on them?" Grenade-throwing senior immortal asked at this moment.

Even he had a soul suppression ring that Wang Ling had given him

As long as he was severely injured, he could resurrect indefinitely.

"Because the person who killed them was Ling Zhenren, life-saving magic treasures are completely ineffective."

The monk said, “They died at the speed of light under Ling Zhenren’s finger power, so fast that they couldn’t even react in time. Even those life-saving magic treasures might be in a daze.”

“As expected of Master!” Odd Zhuo exclaimed in surprise!

Was this the so-called inability of life-saving magic treasures to react as long as they died quickly enough..

“When normal cultivators die, their souls generally don’t suffer any damage, and the resurrection mechanism of life-saving magic treasures is mostly based on this. By duplicating the damaged cells and reconstructing the physical body for the souls that have lost their physical bodies, the goal of resurrection can be achieved.”

The monk said, “However, Ling Zhenren’s finger force is too fierce, and when he pinched it, it directly destroyed the bodies of the six dao gods. It means that these people are in the Dao God realm. If it were anyone else, they would have lost their hope long ago.”

“Then what exactly is this abandoned land of the Gods?”

“You can understand it as the VIP mourning hall that Dao ancestor Wang specially created back then.”

” ...”

“As long as they reach the dao-god level, their souls will be able to have a backup in the forsaken land of the gods.”

“In other words, the souls of their true bodies have already been destroyed by Master?”

“That’s right.”

The monk nodded.

The monk remembered that in order to find out if Daofather King was still alive, he had once visited the forsaken land of the gods.

However, he hadn't been killed by someone else.

Instead, he had transcended himself.

In the end, after entering the forsaken land of the gods, he was a bit disappointed.

There were no clues about Daofather Wang here.

And the most troublesome thing was the pillar spirit of the forsaken land of the gods.

If one were to use the monk's words to describe it...

This pillar spirit was an iron fool with no emotions.

In other words, it was very difficult for the six dao gods to bargain with the god-forsaken pillar.

The monk had experienced it once before.

However, his cultivation level was very high. Moreover, he was the one who had transcended into the pillar.

Therefore, his cultivation level was not deducted much.

It was only 10 lifetimes in total.

Therefore, the monk's combat strength in his prime was actually 3,920 lifetimes.

What was the concept of a tenth life's cultivation?

According to the current average cultivation realm data of cultivators on Earth.

A cultivator's life..

The most talented person could cultivate to the itinerant immortal or true immortal realm in just one life.

However, such cultivators were a minority; based on the proportion of the global population, it was less than 1%

On average, a cultivator could cultivate to the soul formation stage in their entire life.

It was about the same level as grenade-throwing senior immortal, who didn't Eat Heavenly Dao broccoli.

So his cultivation in his tenth life was ten grenade-throwing senior immortal, who didn't Eat Heavenly Dao broccoli..

Of course, this was the monk's conservative estimate of the loss of cultivation.

After all, the monk himself was a rare talent.

His actual loss was definitely much greater than it looked on paper.

Of course, the monk wouldn't say this in person.

The main reason was that he was afraid of hurting grenade-throwing Senior Immortal's heart..

..

..

In the abandoned land of the gods, along with the Wu family head's poor acting skills, he had been sentenced to 100 lifetimes of cultivation.

But this wasn't the final judgment, because he hadn't "Paid" his cultivation yet.

So there was still room for negotiation.

The Wu family head could not afford such a loss of 100 lifetimes of cultivation..

Even if he lost half of it.

50 lifetimes was easier to accept than 100 lifetimes.

"My Lords, please first... I will go to the side to repent for a while..."the Wu family head was very helpless and could only wave his sleeve to continue brewing tears.

Then, he immediately knelt on the ground and cried bitterly as if he was crying.

He kneeled down with incomparable piety.

This time, he looked like he was truly repenting, and he was really sad..

Any pretense and pretense would not work in front of the pillar spirit of the God forsaken pillar.

After the remaining families saw the failure of the head of the Wu family, they also began to think of their own methods.

Thus, the head of the Li family stepped forward at this time.

He took the soft-hearted route.

“Lord Zhu Ling, I sincerely repent and admit my mistake. I hope that Lord Zhu Ling can show mercy and punish me less... if I have the chance to come to this abandoned land of the gods again, I can bring you some gifts to relieve your loneliness in the abandoned land of the Gods...”

After saying that, the head of the Li family bowed to the abandoned pillar of the gods and then touched his hand.

The pillar spirit finally gave the result of the punishment, “Your cultivation level of 99 lifetimes can be returned to the world...”

The Huairou method seemed to be useful.

But this sentence reduction was too little..

“It’s only one life, it’s better not to reduce it...”

The head of the Li family complained while letting go of his hand with a disappointed expression.

The pillar spirit said, “Then continue to punish your cultivation level of 100 Lifetimes...”

The head of the Li family hurriedly covered his mouth, wanting to cry but no tears came out.

The head of the Zhao family was a mysophobic obsessive.

Before caressing the God forsaken pillar, he specially wiped the inside and outside of the God forsaken pillar to show his sincerity.

“Lord Zhu Ling, look... how many years has it been since you’ve been masturbated? You’ve accumulated too much...”

When the head of the Zhao family said this, he realized that his words might be ambiguous, he quickly added, “Lord Zhu Ling, don’t misunderstand. I’m referring to the accumulation of dust... you’ve accumulated quite a bit of dust! I hope that Lord Zhu Ling will show mercy. If I enter this place again next time, I’ll definitely wipe your body again...”

Zhu ling: “Your cultivation level will be penalized for 80 lifetimes...”

This punishment made the head of the Zhao family let out a long sigh of relief.

With the experience of the head of the Li family, he didn’t dare to retort, and he also didn’t continue to bargain.

He just hurriedly nodded. “I’m willing to accept the punishment!”

Then, the God forsaken pillar emitted a ray of light and hit the Zhao family’s patriarch.

Following that, the Zhao family’s Patriarch’s soul vanished on the spot.

His soul was freed, and the God forsaken pillar helped the Zhao family’s patriarch rebuild his dao God body.

The remaining five dao gods were all stunned.

They didn’t expect the Zhao family’s patriarch to accept the “80th Generation’s punishment” so straightforwardly.

“This old Zhao... ran away so quickly...”

“This is the 80th generation! I will not leave until the price is below 50th generation!”

The voices of the family heads came from the abandoned land of gods.

At this moment, the Wu family head who was the first to be punished for 100 lifetimes seemed to have been inspired by the Zhao family head.

He quickly ran over and knelt down to wipe the divine pillar’s body.

In the end, the divine pillar spirit was exasperated. “It’s you acting grandson again! You’re going to make my skin bald... 150 lifetimes!”

“150 lifetimes! Why Don’t you just arrange for me to be reincarnated again!”The head of the Wu family couldn’t take it anymore.

“Do you want to be reincarnated? No problem...”

The voice of the pillar spirit of the abandoned God pillar was calm.

The head of the Wu family knelt down again and frantically kowtowed to the divine pillar spirit. “Lord Pillar Spirit! I was wrong! I really was wrong!”

..

At this moment, in the true venerated hall of war sect.

Grenade-throwing senior immortal was suddenly a little curious. “Can the spirit of the divine pillar really help him reincarnate directly?”

“Yes.”The monk nodded.

“If he reincarnates, who can he reincarnate into?”Everyone was curious.

“He just knelt three times, so he might become... Wu San?”Odd Zhuo’s words were astonishing.

Everyone around him:” ...”
