

Daily Life 1331

Chapter 1331 My Mother Body Is Endless

The petals of the snow lotus bloomed in the air. The Endless Void Energy instantly formed a huge devouring force, burning a huge hole in the entire space.

The shattered buildings, rocks, and rubble were all swept into the hole created by the explosion. There were even quite a number of battle sect disciples who were extremely close to the core area and didn't have the time to dodge.

“Enemy attack! Enemy Attack!”

The battle sect disciples immediately sensed something amiss.

The alarm that covered the entire sect immediately sounded.

“Ha, a bunch of small fries.”

Sun Ying 'er completely ignored the disciples that were swarming out from the battle sect. With a wave of her hand, she destroyed the forbidden formation that the battle sect disciples had jointly set up.

“You want to trap me with a forbidden formation of this level? You're too naive.”

Sun Ying 'er couldn't be bothered with these battle sect disciples who were jumping around.

Buzz!

A void Aura was released from her body. It was so strong that it made people's souls tremble.

Those battle sect disciples who were floating in the void were like falling meteors. They fell heavily to the ground and then fell into a pit. No matter how hard they tried, they couldn't get up.

Under such an intense pressure, every disciple's heart trembled.

They felt as if they were fireflies competing with the sun and the moon, extremely lowly.

“Isn’t... isn’t this Miss Lotus Sun... what’s going on...”

“A hen!”

These war sect disciples couldn’t figure it out.

The sudden attack had already left them dumbfounded.

There was already one lying inside.

Why was there another one outside?

“As expected of senior crispy noodles dao monarch... it’s just as he thought. She’s here.”At that moment, in the true venerate hall, immortal Zhenyuan could feel the intense energy fluctuations coming from outside.

“HMPH! No matter who comes, I’ll definitely protect Miss Sun’s body.”Lady Scroll took out her divine world feather sword and waited solemnly.

There was a reason for her to care so much.

She hoped to take this opportunity to deepen her relationship with Wang Ling..

Earth had indeed been upgraded.

Divine Dao Star was still poor.

If she wanted to make a step forward on Divine Dao Star, she would have to rely on Wang Ling’s strength to do so.

So in essence, this was also Lady Scroll's little plan as the king of the divine world.

"What are our chances of winning if we join forces?" Immortal Zhenyuan asked.

"Whether or not we can win, she definitely won't be able to gain any advantage." Lady Ah Juan was full of confidence.

Although she was still a very weak deity world monarch.

However, she couldn't be dismissed as a legitimate Loli!

When she fully developed, her combat strength would be very strong!

"We have to lure her to another place... Our sect has just been built, and her explosion just now directly blew up a building worth 300 million immortal gold." Immortal Zhenyuan wiped his sweat.

At this moment, Sun Ying 'ER's figure had unknowingly appeared in front of the main hall.

Then, in front of Immortal Zhenyuan's eyes, Sun Ying 'er split into two.

"Split body? ? ?"

Immortal Zhenyuan and Lady Scroll were both shocked.

The key point was that the energy contained within the split body was not inferior to that of the main body at all! It could be said that they were almost identical!

"This..."

"I'm afraid the other party has already noticed that the body in the hall of true venerables has been replaced." Lady scroll frowned.

“Director Zhuo, the Heavenly Dao of death, and crispy noodles daolord are underground. The main body’s target is there.”

“It seems we have to deal with the two split bodies in front of us as soon as possible and head over to support them.”In the mental space, Lady Scroll and Immortal Zhenyuan were chatting.

Sun Ying ‘er was far more troublesome than they had imagined.

“You want to support them? They don’t exist.”The two Sun Ying ‘er who had appeared in the hall of true venerables had a clear goal.

Each of them had their sights set on an opponent and began a one-on-one battle.

And in order not to cause any further damage to the war sect,.

Immortal Zhenyuan and Lady Scroll’s reactions were in sync with God’s.

The two of them actually unleashed their core worlds at the same time.

Sun Ying ‘er was trapped inside like a doll.

The purpose of the splitter was only to delay the battle and prevent reinforcements from happening. For Sun Ying ‘ER, her goal had already been achieved.

Before coming to the war sect, she had already figured out everyone’s background here.

No one could escape.

The only troublesome characters in the war sect were probably crispy noodles dao monarch and grenade-throwing senior immortal, who was retrieving his sword.

That’s right, Jingke and Bai Qiao were in Fatty Luo’s shop for maintenance.

The situation there was probably similar to immortal Zhenyuan's.

Just to be on the safe side,.

Sun Ying 'ER had sent a total of ten splitters.

Even with Jingke and Bai Qiao around, it would still be enough to delay them for a while.

It was not difficult to destroy her, but the key was that she could borrow the energy of the Void to copy and split without limit.

And that was one of Sun Ying 'ER's greatest trump cards.

"Even if I have to destroy the entire earth, I will take you away, Rong Rong."

At that moment, Sun Ying 'er looked at the sky.

Before she could fully display her ultimate trump card, she still needed to delay for some time.

She was still 60% away from completing the gathering of the Void's energy..

At that time, she would use the name of the new lord to make the final judgment on Earth.

The Spirit of Earth:"?"

..

..

The huge energy fluctuations on the ground directly reached the depths of the battle sect's seclusion cellar.

All the seclusion rooms were shaking.

“It’s too shocking... the child of the Void is so terrifying.”Death Heavenly Dao frowned deeply; he had never thought that the child of the Void’s body actually contained such astonishing energy.

“Senior, what are your chances of winning?”Odd Zhuo asked worriedly.

He himself had fought with the void spirit before, so he knew exactly how powerful it was.

However, the enormous energy hidden in Sun Ying ‘ER’s body wasn’t something that the void spirit could rival.

“This... seems to be even stronger than the master of the Void...”death Heavenly Dao was astonished.

“Why is this happening?”

“The void side should have an inheritance system... once the void child is formed, the Void Master’s energy will begin to transfer... and this inheritance ceremony should have started a long time ago...”

The Heavenly Dao of death guessed, “Otherwise, Miss Sun’s shadow wouldn’t have been able to complete her body so quickly.”

“So in other words, once the master of the void transfers all his energy... Junior Sister Lotus Sun’s shadow will be the next Master of the Void?”

“That’s absolutely right! And what’s more troublesome is that Miss Sun’s shadow seems to have the ability to split its shadow. With the endless void energy in the void, in theory, she can copy and split her true form without limit...”

“Copy and split without limit?”Odd Zhuo was startled.

Wouldn’t Wang Ying be very happy in the future?

Boom!

At that moment, another huge hole appeared in front of them.

Sun Ying 'ER's main body appeared here.

This was 3,600 meters underground..

"There's a groundhog sealed in this water tower, and now there's a human-shaped groundhog..."odd zhuo wiped his sweat.

Inside the Golden Lotus, Lotus Sun's mouth twitched as she felt a little offended.

"Lotus Sun, come back with me. This way, many people won't die."At that moment, Sun Ying 'er stared at Lotus Sun inside the Golden Lotus with a smile on her face.

"Don't listen to her, Miss Lotus Sun!"

At that moment, crispy noodles dao monarch stood up and stared at Sun Ying 'er. "Although my battle strength isn't as good as master's, Don't underestimate me too much!"

"Is that so? It doesn't matter even if the Earth is destroyed?"Sun Ying 'er laughed.

"With master here, it doesn't matter if it's destroyed. It'll be fixed anyway,"crispy noodles said resolutely.

The spirit of the Earth:"?"

Chapter 1332 The Golden Lamp Of Great Enlightenment

Something had happened at the battle sect.

Although grenade-throwing senior immortal was in Fatty Luo's shop,.

He could still feel a powerful energy fluctuation coming from the battle sect's location.

“Brother Luo, can you hurry up?” Grenade-throwing senior immortal asked.

The maintenance process couldn’t be interrupted; this was one of boss Luo’s rules of care.

Especially when it came to Jingke’s maintenance, boss Luo naturally wouldn’t be vague about it.

From grenade-throwing senior immortal’s tone, it seemed that something big had really happened at the battle sect.

Fatty Luo had no choice but to speed up the work at hand. “Senior Immortal, don’t worry, it’ll be done soon.”

Although he said this, he was still a little reluctant to part with them.

Jingke and Bai Qiao... Well, it was mainly Jingke who had been taken care of by him once in a blue moon.

He hadn’t touched enough yet, and they were actually going to take him away again!

How could they be repaired!

After Fatty Luo had finished applying the last layer of maintenance lubricant, he quickly separated the blade and scabbard and handed them to grenade-throwing senior immortal’s left and right hands.

At the same time, Fatty Luo frowned deeply. “Senior Immortal, do you feel... that energy fluctuation seems to be getting closer?”

Something was indeed wrong!

Grenade-throwing senior immortal frowned deeply.

He held Jingke and Bai Qiao in his hands.

As soon as he opened the door, he saw a row of white-haired Sun Ying 'er standing neatly at the door and smiling at him.

There were as many as ten of them!

“You’re... Miss Sun’s Shadow?”

In almost an instant, combined with what had happened earlier, grenade-throwing senior immortal understood what was happening in front of him.

Monk Jin Deng had already predicted that Sun Ying 'er might be disadvantageous to Zhan Zong, which was why he had taken Jingke and Bai Qiao out of boss Luo’s shop in advance. He hadn’t expected them to be so serious.

Moreover, grenade-throwing senior immortal had immediately guessed that the Ten Sun Ying 'ER in front of him were probably split bodies derived from Sun Ying 'er’s Shadow Dao ability..

Each split body actually had such a huge amount of energy!

Grenade-throwing senior immortal had never expected this.

“As expected of senior immortal, it looks like you’ve already guessed it all,” said the ten split bodies Sun Ying 'er almost in unison.

Their speed and tone of voice were exactly the same; it was as if they were all playing a replay machine at the same time.

“What’s your goal?”

“To give priority to the backlash and then bring Rongrong back into the void.”

“Do you think you can get away with it so easily?” Grenade-throwing senior immortal smiled.

Jingke and Bai Qiao were here!

Even if there were a hundred Sun Ying 'er, he wouldn't be afraid.

“Senior immortal can give it a try.”

At that moment, Ten Sun Ying 'er reached out their hands at the same time. The black shadows in their hands shot out from all directions and completely swallowed grenade-throwing senior immortal into a pitch-black world.

This was the shadow's core world, and each of the clones could use the power of this core world.

Now That Ten Sun Ying 'ER had unleashed their core worlds at the same time,

the size of the core world instantly increased by ten times.

Her goal was only to drag out the battle.

Sun Ying 'er was fearless even if she was absorbed into the core world like Immortal Zhenyuan and Miss Volume.

But grenade-throwing senior immortal wasn't the only opponent she was facing right now.

The Peach Wood Sword and scabbard in this man's hand were the biggest threats.

So after comprehensive consideration, Sun Ying 'er of the split bodies immediately decided to make the first move and swallow grenade-throwing senior immortal into her core world, thus realizing the ingenious plan of closing the door and beating a dog.

After being absorbed into the pitch-black core world, grenade-throwing senior immortal couldn't help feeling shaken.

The energy of the ten split bodies, Sun Ying 'er, was astonishingly huge.

Now that they had been combined and piled together, grenade-throwing senior immortal felt as if it was hard to breathe.

The moment he came to this core world, he felt as if a heavy burden had been lifted off his shoulders, as if he had been burdened with a few mountains of pressure.

“Lord Jingke, Lord Bai Qiao! Don’t sleep anymore! It’s time to get up and go to work!”

Grenade-throwing senior immortal roared.

Then, he abruptly put Jingke back into the scabbard!

..

This was a huge crisis that had been experienced since the founding of the war sect. Almost all the core members had started fighting with Sun Ying ‘ER’s split body.

Wang Ling had already noticed this.

“Zhenren, do you want to go back and take a look?”The monk asked. He was also worried about the situation at the war sect.

Wang Ling shook his head.

Now wasn’t the time for him to make a move.

As long as he was here,.

Lotus Sun would naturally be safe and sound.

Sun Ying ‘er was a good opponent.

She was strong enough, and could even split up.

In Wang Ling's opinion, this was a training exercise for all the core members of the battle sect.

Although Sun Ying 'er was powerful, it wouldn't be easy to take Lotus Sun away just like that.

Seeing Wang Ling, he had his own considerations.

Naturally, the golden lamp monk couldn't say anything else.

In front of him, Wang Ling had finally arrived at the legendary unspeakable place.

This resplendent floating island of the universe was filled with the aura of supreme laws, which made people's hearts tremble.

"As expected of a place built by a Dao ancestor..." the monk could already feel the powerful aura of Heavenly Dao permeating it.

Although these Heavenly Dao were defective, they were all original versions of the Ancient Heavenly Dao!

He had finally come in!

It was all thanks to Ling Zhenren's blessing!

His long-cherished wish had finally come true at this moment.

The monk felt that the knot in his heart that had been holding him back for so long was finally melting like ice that had been frozen for a thousand years.

A warm current surged into the monk's heart.

Wang Ling saw that golden lamp monk's entire body was emitting Golden Buddhist light.

This was a sign of an epiphany.

The monk had actually directly had an epiphany after entering the unspeakable land because the knot in his heart had been dissolved..

Wang Ling looked at the scene in front of him in slight surprise.

"He's back... Everything is back..." at this moment, the monk was sitting cross-legged on the shore of the unspeakable land, his entire body shrouded in Buddhist light.

He exuded the power of Buddha, which could bring all living things to life and transcend the other shore.

Was this the Ultimate Sage of Buddhism

Wang Ling felt that he had gained new knowledge.

As expected of a man who could withstand ten of his palms.

Moreover, Wang Ling found that the monk's battle strength was gradually recovering, and was even stronger than before!

Previously, the monk had lost 3,000 lifetimes of cultivation and a swastika, so he had only been able to see Wang Ling's outline clearly.

At that time, Wang Ling had wanted to return the lost cultivation to the monk, but the monk had declined.

Now, after the Epiphany, the Buddhist light on the monk's body had unexpectedly allowed this lost power to return.

Through the King's eye, Wang Ling could clearly see the three balls of Buddha fire that were now entrenched in the monk's heart.

"Past Buddha fire", "Present Buddha fire" and "Future Buddha Fire"..

So that was how it was.

Wang Ling already understood what was going on inside the monk's body.

The power of Enlightenment stimulated the monk to give birth to "Buddha fire of the past", which allowed the lost power to be recovered.

Even the ten lifetimes of cultivation that he had lost in the Forsaken Land of the gods had been recovered!

"Buddha fire of the present" allowed the monk to gain enlightenment and consolidate his own realm so that the lost cultivation wouldn't be lost again.

Simply put, if the monk used the swastika to spy on Wang Ling now, he would definitely be blind.

But it wouldn't affect his cultivation anymore.

And in the end, the "Future Buddha fire" allowed the monk's cultivation to advance even further, and he gained enlightenment of a new palm technique!

"It's all thanks to Ling Zhenren! This penniless monk has a chance to gain enlightenment!"

A few minutes later, the monk who had gained enlightenment finally stood up and thanked Wang Ling sincerely. "If you have time, I'll have to Trouble Ling Zhenren to hit me a few more times. I want to test whether I really won't lose my cultivation."

"..."

Wang Ling felt that the monk should open up his mind.

Chapter 1333 Primordial Heavenly Dao -- Evil Golden Man

At this moment, Wang Ling stood on the golden shoreline of the unspeakable land.

He sensed this floating island hidden deep in the eastern reaches of the Milky Way in outer space, which had been constructed by Daozu Wang using supreme laws.

It could only be said that Daozu Wang was indeed Daozu Wang, and Wang Ling had never seen such a building of laws before.

It was equivalent to creating a huge core world outside.

There were many things built using laws.

Take True Immortals as an example; the intrinsic spirit field was built using laws.

Most true immortals could do it if they wanted to.

That was because the intrinsic spirit field itself wasn't particularly large.

If the laws were a little more complicated,.

It would be the 'core world'.

In other words, it was an upgraded version of the 'Intrinsic Spirit Field' in the traditional sense.

In terms of both the composition and size of the laws, it far surpassed the intrinsic spirit field.

Only a very small number of true immortals were able to create a core world at the true immortal level.

As for moving the core world out of the body, that was an even more unimaginable operation.

The unspeakable place that Daofather Wang had created was at least the size of a hundred million core worlds on the level of true immortals..

Not only could he build such a huge core world outside, but he could also maintain the stability of the world here for a long time without collapsing.

This was indeed an unimaginable amount of supreme magic power.

He felt that he had learned a lot from this observation.

The world was so big, and for Wang Ling, going out to take a look was also growth.

But now, there was nothing left for him to see in the unspeakable.

Because he had already finished watching.

Wang Ling slowly raised his hand.

This action looked a little familiar to the monk. “Zhenren, what are you doing?”

“Emptying.”

Wang Ling’s answer was concise and to the point.

“Zhenren doesn’t want to go in and take a look?”The monk was shocked.

“I’m done.”

” ...”

The monk was speechless.

He sighed in his heart that this was probably the difference between a “Top student” and a “Bad student.”

A top student could tell the answer to the same question at a glance.

As a bad student, he had to thoroughly study and analyze the type of question before he could figure it out.

It could only be said that he was indeed Ling Zhenren.

At this moment.

Once again, the monk felt the deep gap between him and Wang Ling.

The word “Ling Zhenren is awesome” wasn’t enough to describe this gap.

It should be said: “Ling Zhenren! God forever!”

Seeing the monk’s expression of curiosity written all over his face, Wang Ling finally put down his raised hand.

Although destroying the unspeakable place was their final plan for coming here.

But with victory in hand, it didn’t matter if they destroyed it a little later. Since the monk wanted to see it again, Wang Ling naturally had to take care of him.

After all, he still had some use for the monk in the future.

Moreover, although Sun Ying ‘er was coming aggressively on earth, Wang Ling didn’t feel that the core members of the war sect were at a disadvantage.

It would be too boring if he destroyed the unspeakable place and joined the battle now.

For Wang Ling...

It was a battle that could have been resolved in a few seconds.

“Thank you, Ling Zhenren, for your help!” Golden lamp was very grateful.

“Mm,” Wang Ling replied indifferently, not taking it to heart.

Since the monk wanted to watch, he would of course fulfill his wish.

At the same time, he also divided 50% of his attention to watch the battle happening on Earth.

On the other side.

The battle had already begun.

..

At the same time, in the depths of the unspeakable land, a three-headed, six-armed evil metal humanoid came to its senses.

In its shrunken form, it was still ten meters tall.

This huge evil metal humanoid was the island owner of the unspeakable land.

Nickname: Primordial Heavenly Dao.

Of course, this nickname wasn't given by Daofather Wang, but by himself.

“I can feel a very powerful aura coming from...”

The evil metal humanoid opened its eyes. At the spot between its brows, the three imprints carved with ancient characters were faintly glowing.

In modern translation, this actually meant '001'.

That's right, this huge evil metal humanoid..

Was the earliest Heavenly Dao born in the entire unspeakable land!

It was also the first Heavenly Dao developed by Daofather King after he created the Heavenly Dao!

Although in the end, '001' wasn't activated.

It was forever sealed by Daofather king in the unspeakable land.

But for the entire history of the Heavenly Dao.

Number 001 undoubtedly held an important position.

Daofather king sealed all the defective Heavenly Dao artifacts he had created in the unspeakable place..,

and just like that, number 001 changed his name to the Primitive Heavenly Dao.

He became the boss of the unspeakable place.

He became the island lord of this place.

"Lord Island Lord, someone has landed on the island. It's a monk and a young man..."the evil little golden man on the side came forward and asked.

Their foreheads were similarly engraved with ancient characters, but these numbers were enormous. Some had three digits, some had four digits... there were even six digits and seven digits.

According to rumors, the Heavenly Dao of today...

Was the result of Daofather King carefully selecting thirty thousand of the tens of millions of test subjects!

Daofather King had distributed thirty thousand heavenly daos evenly across ten universes.

He also divided the three thousand Heavenly Dao and set up a combined restriction so that the three thousand Heavenly Dao of the ten universes could balance each other.

The Primitive Heavenly Dao turned his gaze to the edge of the island.

He saw the monk and Wang Ling.

“I recognize this monk...”

The Primitive Heavenly Dao had actually heard of the origin of the golden lamp.

He suddenly smiled. “I remember that this monk had wanted to enter this place a long time ago. In the end, he was unable to break through the Dao ancestor’s restriction. I never thought that this monk would actually succeed one day in this cycle of time.”

The reason why the Primordial Heavenly Dao had been awakened was mostly because of the golden lamp monk.

That’s right, he had only sensed the monk’s aura before he had been awakened.

As for Wang Ling..

“Who is this youngster? His disciple?”The Primordial Heavenly Dao had never seen Wang Ling before.

“Island Lord, what should we do now?”

“This monk isn’t easy to deal with. No matter how many people you send, I’m afraid it won’t work.”

The Primitive Heavenly Dao yawned. “I think I’ll do it myself... This unspeakable place isn’t a place where people can come and go as they please...”

It was just a monk and the monk’s disciple.

The Primitive Heavenly Dao didn’t take these two people who had barged into the unspeakable place seriously at all.

He had ruled this place for too long.

As the oldest heavenly dao metal humanoid, the Primitive Heavenly Dao was very confident in his strength.

At the same time, he had been sealed in the unspeakable place for too long.

In fact, his understanding of the outside world was very limited.

Although some of the evil metal humanoids that had been released from the crack had come to report back, it would take a very, very long time to go back and forth..

Previously, there had also been some evil Metal Men on Earth who had wanted to report back to the unspeakable about Wang Ling.

Unfortunately, Wang Ling had pressed a button on those evil metal men.

They didn’t know Wang Ling.

It might have been this primordial Heavenly Dao.

Their greatest regret in life..

Chapter 1334 Zhan Zong Was Utterly Defeated?

In the depths of the outer galaxy west of the Milky Way, starstones were surging and space was collapsing.

A fierce battle between two shadows was going on here.

Wang Ying's palm strike was extremely powerful, slamming Sun Ying 'er, who was split into two, onto the nearest planet!

The girl's figure transformed into a meteor the moment she was sent flying by the palm strike, abruptly piercing towards the planet's core.

Hong!

The planet exploded, disappearing into space along with the girl's figure.

"How troublesome..." Wang Ying withdrew his palm force.

This was already the eighth time he had killed a splitter.

However, Sun Ying 'ER's ability to replicate and split was beyond Wang Ying's imagination.

After killing one Sun Ying 'er, another Sun Ying 'er immediately split out to continue fighting with him.

"Give up, Wang Ying." The girl's laughter reverberated in the air.

Wang Ying saw a black curse mark cut across the girl's high nose, extending from her face all the way down to her entire body.

This was Sun Ying 'ER's "Split mark". Whenever the girl died, the split mark would automatically activate and split into a Brand New Sun Ying 'ER.

"I know that Wang Ling is very powerful, but he's in an unspeakable place right now."

Sun Ying 'er said with a confident expression, "It's easy to enter that place, but it's hard to get out."

Wang Ying was silent.

He was certain that Sun Ying 'er definitely didn't know that Wang Ling had already changed the restrictions in the unspeakable place..

If it had been dao ancestor Wang's restriction, it wouldn't have been easy for Wang Ling to come out.

But now, this restriction had already been covered by Wang Ling himself.

In other words.

The unspeakable land had long since changed owners.

To directly cover dao ancestor Wang's restriction, such a heaven-defying operation was naturally impossible for a normal brain to think of.

Thus, when Wang Ying heard this, he even felt that it was a little laughable.

Sun Ying 'er was too confident.

She had been tricked without realizing it..

This was the greatest sorrow.

And at this moment, Sun Ying 'er was still in front of him, she spouted nonsense. "Right now, your master is trapped in an unspeakable place. Everyone is being delayed by my splitter. Just wait for my final strike, and the Earth will instantly disintegrate. "Battle ancestor, you've already suffered a crushing defeat... I don't know what the point of you continuing to fight is."

“As expected, the personality of the shadow and the main body are very different.”Wang Ying sneered.

Sun Ying ‘er’s inexplicable confidence made him laugh.

Unlike the main body, Lotus Sun’s confidence was genuine confidence, and definitely not that kind of conceited confidence.

In comparison, Sun Ying ‘er appeared to be a little over-confident.

Over-confidence was the pride of ignorance.

Conquering such an arrogant object.

To Wang Ying, there was actually a great sense of accomplishment.

“Woman, you’re playing with fire.”

At that moment, Wang Ying looked at Sun Ying ‘er and took a deep breath. “You might not know, but my ability is actually a copy.”

Sun Ying ‘ER from the split body laughed. “You can also split a split body like me? Even if you can, you’re not a member of the void. Where would you get so much energy for you to use?”

Wang Ying did not waste any more words.

Buzz!

The next moment, the splitter Sun Ying ‘er turned pale with shock.

Right before his eyes, Wang Ying had actually split himself into dozens!

Moreover, the energy of each splitter was no different from Wang Ying himself!

“Don’t forget my ability. Apart from my family’s token master’s Wang Tong, I can replicate it.” At that moment, Wang Ying stared at Sun Ying ‘er and laughed.

Although it took some time to duplicate Sun Ying ‘ER’s splitting ability, but fortunately, everything was under control.

As for the energy needed to split the body?

Heh..

Not to mention him.

The man who was currently in the unspeakable place.

The energy contained in his body... was greater than the energy of ten, a hundred, or ten thousand void worlds combined!

Only Wang Ying knew this clearly.

His family’s medallion owner.

Was a man who would never be squeezed dry!

..

..

Five minutes ago, crispy noodles dao monarch in the battle sect had also fallen into a predicament.

He was facing Sun Ying ‘ER’s main body, which was even more difficult to deal with than the split body.

Odd Zhuo had already lent him the “Precept”.

However, the combat power of the “Real clone” was ultimately limited, and just resisting the pressure of the main body was already making crispy noodles dao monarch feel even more exhausted.

Odd Zhuo and the Heavenly Dao of death carefully protected the girl in the Golden Lotus.

With the help of “Thirty-three minor daos of vital qi,” Odd Zhuo opened all the remaining gates from the last fight against the virtual spirit, and together with the Heavenly Dao of death, they set up a defensive array.

Lotus Sun was firmly protected in the Golden Light Shield.

Lotus Sun was moved.

There were things she could see and things she couldn’t see.

Everyone was protecting her.

But in her soul state, she could only watch helplessly and couldn’t do anything.

There was no way to stop the Crazy Sun Ying ‘er from launching a fierce attack on crispy noodles dao monarch.

“Junior Sister Lotus Sun, don’t think too much! Don’t worry, there won’t be any problems!”

This battle wasn’t easy, but Odd Zhuo said this to Lotus Sun in the most relaxed tone possible.

The greatest taboo at this time was to shake one’s mind.

The shadow was such a mind-stirring existence..

Once the girl lost her mind, Sun Ying ‘er would definitely take advantage of it!

Odd Zhuo’s words seemed to wake the girl up, and Lotus Sun’s pupils trembled. “Senior Zhuo, I’ll Hold On!”

She came to a sudden realization.

Everyone in front of her was fighting for her..

Then she shouldn’t give up so easily.

Nor should she have the idea that she might as well follow Sun Ying ‘er back into the void.

The pure white petals of the snow lotus fell rapidly in the air, and these gentle petals turned into deadly sharp objects as they moved at high speed.

As they passed through the void, they cut open the air.

Crispy noodles dao monarch held the “Advance” in his hand to block them.

He stabbed it into the ground.

Whoosh!

A dense forest of three hundred meter tall crystal bamboos instantly rose up from the ground. These crystal bamboos were extremely tough and formed a thick defensive barrier.

However, the power of the SNOWLOTUS petals was incomparable. They charged forward in large groups.

Countless bamboos were instantly sliced apart. They were chopped into many bamboos, then transformed into light particles that disappeared.

These light particles landed on the ground, and eventually grew back into new crystal bamboos.

“The power of a void child is too strong,” odd zhuo exclaimed in his heart.

A fully formed void child was too powerful.

Moreover, this didn’t seem to be Sun Ying ‘ER’s full strength; the other party was absorbing the energy that the void master had transmitted over..

The overall combat strength would increase sharply with the passage of time!

“The second sword in the world is too weak,”the Heavenly Dao of death commented on the side.

“Senior, don’t be so vicious. It’s not because he’s weak... it’s because he was provoked the last time and has yet to regain his senses.”

“Provoked?”

“It’s all because of Lord Jingbai! After spending so much time, he finally chose Fan Rui as his master. In the end, Fan Rui led him straight to the only man he could not defeat.”

” ... ”

“Not only that! That man even found his scabbard...”

“I understand!”The Heavenly Dao of death suddenly understood.

So this was a critical blow to a single dog..

No wonder he was so dispirited and depressed.

Logically speaking, if ‘premonition’had been a bit more serious...

Even if crispy noodles daolord wasn't strong enough, he wouldn't have been suppressed by 'premonition'!

Slash

At this moment, a pure white flower petal pierced through the dense bamboo forest and struck crispy noodles's right eye with great accuracy.

Blood instantly flowed down crispy noodles'eyes as he used 'premeditation'to support his body.

"Rongrong, I told you that I would definitely take you away."Sun Ying 'ER had a relaxed smile on her face.

She raised her head to look at the skies, muttering to herself.

"Void energy... 97% , 98% ... 100% ..."

Everything was over!

At this moment, Sun Ying 'er soared into the sky.

She knew that the time had come for her to play her last trump card..

In an instant, a tremendous pressure that covered the entire earth descended!

It was a tremendous pressure that ruled the world!

Even a true immortal level self-cultivator couldn't withstand the pressure. He knelt on the ground and couldn't stop his body from trembling!

Sun Ying 'ER had successfully become.

A brand new one.

The Lord of the Void!

Chapter 1335 Is The Earth Going To Explode Again

The full power of the Lord of the Void..

The immense pressure that was as vast as the Sea of stars suffocated everyone on Earth.

Crispy Noodles Dao monarch was injured, and his body could no longer hold up under such immense pressure.

The entire situation seemed to be on the verge of collapse.

Bang!

The golden light barrier formed by Odd Zhuo and the Heavenly Dao of death shattered like glass.

With a cry, the two of them coughed up blood and fell to their knees.

Sun Ying 'er hovered in the air. She gently raised her hand and rolled up the Heavenly Dao of death from the ground.

The power of the void broke through the door to the core world and forcibly pulled the Buddha Golden Lotus out of the heavenly dao of Death's abdomen.

The immense pain of forcefully breaking through the core world and snatching it caused the heavenly axiom of death to let out an incomparably painful scream.

His face turned pale, and he felt as if his body was about to be torn apart by Sun Ying 'er..

Sun Ying 'ER's target was only the Buddha's golden lotus. After the Golden Lotus was in her hands, she threw it away.

With a wave of her hand, she casually threw the heavenly axiom of death into the distance.

The body of the heavenly axiom of death passed through several large mountains in succession.

Boom!

For a moment, the mud flow collapsed, causing the earth to shake.

“Rong Rong, we can finally be together.”

Sun Ying ‘er held the golden lotus in her hand and looked at the girl inside.

At the same time, a curious expression appeared on her face. “Eh? You Don’t seem to be afraid at all? Could it be that you’re already prepared to become one with me?”

“You won’t succeed.” Lotus Sun pursed her lips.

“They actually trapped you in the Golden Lotus. This is too much! Lotus, just you wait, I’ll release you right now.”

With that, Sun Ying ‘er exerted force and crushed the golden lotus completely with her bare hands.

The girl’s soul instantly transformed into a stream of light and returned to her physical body.

This was the first step in returning to the void.

Only by returning to her physical body would the child of the Void’s inheritance ceremony officially begin.

Therefore, even if Wang Ying found a way to stop the split body, it would still be too late..

“I’m already very angry. I hope you’re ready to bear the price.”

Crispy Noodles Dao monarch used his last bit of strength to block the girl.

Lotus Sun saw it.

At that moment, crispy noodles dao monarch's entire body was trembling.

The blood gushing out of his injured right eye had already soaked his clothes.

"Senior crispy noodles daolord..."

"Don't come over! Miss Sun! Stand behind me. No one can get close to you!"

Crispy Noodles Daolord stood at the very front, firmly protecting the girl behind him.

"I didn't expect you to be able to dance?"

Sun Ying 'ER's expression was still relaxed and proud. "It's just a last resort. This is already the final blow."

The void energy in the universe had already gathered.

Next, she only needed to summon the void door and aim it at Earth.

With one ultimate void world destruction cannon, she could easily destroy the entire earth!

But now, she saw a clone actually trying to salvage this fated situation.

This made Sun Ying Er feel funny from the bottom of her heart. "You're just a real clone. Even if you have a part of that man's power, you're not my match. And that man is already trapped in an unspeakable place. He won't be able to come back for a while."

As she spoke, Sun Ying 'er admired crispy noodles daolord's strong expression as he withstood her tremendous pressure.

She knew it.

This man was about to collapse.

This tremendous pressure from the lord of the Void was affecting all the cultivators on earth at the same time.

Lotus Sun was the only one unaffected.

After her soul returned to her body, her body was already transforming into a child of the void, so she was naturally immune to this pressure.

“Don’t try to hold on any longer. Kneel.” Sun Ying ‘ER’s trademark smile, which hid a knife in it, was especially terrifying after becoming the lord of the void.

She stretched out a finger and pressed down!

She wanted to see crispy noodles daolord kneel down before her.

However, in the next moment...

Something unexpected happened..

The man whose knees had already been bent to the point of almost falling to his knees...

In that instant, he straightened his back and stood up once more, as though he was ignoring the pressure.

“Eh?”

Sun Ying ‘er frowned. She felt as though something wasn’t quite right.

She couldn’t figure it out.

How could a heavily injured clone stand up again.

..

..

“Is... Earth going to explode again?”

In Sun Ying ‘ER’s dark core world, grenade-throwing senior immortal felt a strong energy fluctuation coming from the outside world.

Needless to say, it was obvious.

Something Big had happened on Earth!

But what was worse was that he couldn’t extricate himself from this core world at all; Sun Ying ‘ER’s ten clones were really too difficult to deal with.

He had already awakened Jingke and Bai Qiao.

With “Jingbai”’s strength, he was naturally able to kill a child with one sword.

However, Sun Ying ‘ER’s unlimited splitting gave grenade-throwing senior immortal and Jingbai a headache at the same time.

Why did they feel like they were playing unlimited fruit ninjas!

Grenade-throwing senior immortal and Jingbai roared in their hearts.

“Give up, the Earth is about to be destroyed and everything will turn to dust,”said the ten split bodies, Sun Ying ‘er, in one voice.

They were gloating that their goal had been achieved.

“Don’t be happy too soon.”

At that moment, a familiar voice rang out from this core world.

Just behind the Ten Sun Ying ‘er, the ten split bodies suddenly appeared.

They held Sun Ying ‘ER’s head in each hand.

“You...”split body Sun Ying ‘er turned pale with shock.

She didn’t understand how Wang Ying could appear in her own core world.

What made split body Sun Ying ‘er even more surprised was that Wang Ying had also learned to split!

“Goodbye.”The Ten Wang Ying ‘ER’s actions were in unison.

They didn’t give Sun Ying ‘er any time to react.

Bang, Bang, Bang, bang, Bang, bang..

Without the slightest bit of pity, he crushed the heads of the ten split bodies like watermelons.

Grenade-throwing senior immortal gulped in astonishment.

He felt that this might be the scene of the legendary domestic violence..

To grenade-throwing senior immortal’s surprise, the ten split bodies of Sun Ying ‘er didn’t continue to split.

Grenade-throwing senior immortal himself quickly returned to reality with the ten split Wang Shadows from the dark core world that had disappeared.

“How did Lord Wang Ying Do It?” Grenade-throwing senior immortal was extremely curious.

“Of course, you have to use some special methods when dealing with women who play with fire.”

The corners of Wang Ying’s lips curled up slightly. “I copied her Shadow Dao ability, so I naturally learned to split up. As for the ability to stop the split, it was little Nuan who gave it to me.”

“Nuan Zhenren made a move again?”

“Heh, she’s just a nosy girl. She Can’t stay idle in this stomach every day.”

The split body Wang Ying smiled and said, “I’ve already sent people over to the other battlefields. They can effectively stop Sun Ying ‘ER’s split. Except for one place...”

“What Place?”

“Heh, a place... that doesn’t need to appear to win.”

Chapter 1336 The Strengthened Monk

The unspeakable place.

The monk was still touring and observing..

“As expected of Dao ancestor Wang, he can actually maintain such a complicated core world for such a long time!”

The monk talked endlessly about what he had seen. “It looks like Dao ancestor used the laws to construct a complete ecosystem, which allowed the laws to support each other so that the core world could be moved out of the body without collapsing...”

He was intoxicated in this mystical and unspeakable world.

He turned his head and was about to ask Wang Ling for his opinion.

But when he turned his head, he found that Wang Ling's right eye behind him was actually starting to bleed..

This blood flow was very terrifying, like blood from a horror movie.

Why was he suddenly injured?

The monk was instantly shocked.

"Ling Zhenren, you..."

But the monk's eyesight was so good that he quickly reacted. "No... You're not Ling Zhenren..."

"Heh, as expected of senior Jin Deng. A person who can withstand ten palm strikes from master is indeed impressive."

"Of course! This penniless monk is also the only person who can survive ten palm strikes from Ling Zhenren!" The monk was incomparably proud.

He looked at the person in front of him, who was temporarily using Wang Ling's body to speak, and narrowed his eyes. "You Are Ling Zhenren's real clone?"

Crispy Noodles Dao monarch laughed bitterly and couldn't help sitting down. "That's right... If my Lord doesn't replace me, I really don't know what to do."

This was the interaction mechanism between the "Real clone" and the "Main Body."

The soul could be switched at a critical moment.

However, there was a distance limit to this soul switch..

The distance between this earth and this unspeakable place was too long! It was almost as if they had crossed an outer galaxy!

With such a long distance, 10086G was useless, let alone 5G signals..

Even if the monk himself used the “Real clone”, it would be impossible.

Thus, the monk’s respect for Wang Ling rose by several levels.

“Ling Zhenren! Eternal drop of God!”

At the same time, the monk was inwardly amazed at the power of this void Lord in his peak state.

Even crispy noodles dao monarch had been taught a lesson like this..

If it weren’t for his greater interest in the “Unspeakable land”now, he wouldn’t have been able to resist.

Even the monk himself wanted to compete with the Void Lord.

But soon, the monk thought of something very serious. “That’s not right, daolord! Once Ling Zhenren leaves... What about the destruction of the unspeakable land?”

“I’ll leave it to you.”

Crispy noodles dao monarch said, “I’m injured now. It’s obviously impossible for me to fight.”

“This penniless monk alone destroyed the unspeakable land?”

Without Wang Ling by his side, the monk began to question his ability a little..

This was the external core world constructed by Dao ancestor Wang.

With his current palm power, although he wouldn't be trapped here, it would still be a bit problematic to take down the entire unspeakable place..

“It's okay, master left me a 100% enlightenment spell.”

With that, crispy noodles dao monarch stretched out his hand and pointed at the monk's forehead.

* Buzz! * !

Golden Light instantly burst out from that spot!

The monk's entire body instantly burst out with a resplendent light!

Monk: “This is! ! !”

Crispy noodles dao monarch: “What are you still standing there for? You've been strengthened. Hurry up and Attack!”

“Then... This penniless monk will give it a try!”

Although he hadn't finished sightseeing yet, the monk really wanted to give it a try. After being 'strengthened', he wanted to know how much his palm strength had improved.

What palm technique should he use..

He would just use the newly learned 'ancient Buddha palm of the past burning lamp'!

Thereupon, he concentrated his Qi in his Dantian and struck out a palm in front of him.

“Rumble...”

This was an experimental palm strike. The monk deliberately didn't release all of his power.

However, because he was ‘strengthened’, the destructive power of this palm strike was beyond the monk’s imagination..

He had only used less than 10% of the Palm’s power.

In the end, this palm had filled up the entire unspeakable land!

In an instant, the clouds rose and the Buddhist light soared into the sky. The palm print of the lamp-burning ancient Buddha palm was like the bright sun rolling down, erupting with terrifying power! It swept forward with a sweeping momentum!

In a breath’s time, the entire unspeakable land fell into a state of collapse. Everything was being destroyed!

The monk’s palm left the shore and pushed towards the core temple where the Primordial Heavenly Dao was located!

“What the hell is going on...”the Primordial Heavenly Dao was extremely shocked.

He had just changed into his battle armor and was planning to head to the shore to fight the monk.

But before he could set off...

The collapse of the heavens.

It had already attacked!

“Boom!”

In an instant, the temple collapsed and countless evil heavenly dao metal men were destroyed by the monk’s palm!

“AH...”

The original heavenly axiom is under direct attack.

All the armor on his body suddenly broke.

His body evaporated from his palm, which contained a tremendous amount of energy.

Just a few microseconds.

The primitive heavenly way whole person has been scalded into a shriveled down golden skin, miserable to look at.

There's too much noise from this slap.

Not to mention the original heavenly axiom and a bunch of evil heavenly axioms.

Even the monk himself was shocked.

This... This was the palm power of someone at his realm?

The monk found it hard to believe.

Ling Zhenren's enlightenment technique was too powerful, and had already surpassed the monk's comprehension.

"Master's enlightenment technique has resonance with your light opening technique. So once it's used on you, its power will increase dramatically, ten times more powerful than when it's used on other people."

Crispy noodles daolord said, "And..."

"And what?"

“It means that everything that has been blessed by you will receive a tremendous increase in power in a short period of time.”

“I see...”the monk nodded.

To catch a thief, one must first catch the leader.

His palm strike didn't completely destroy the unspeakable land.

On the contrary, the Primordial Heavenly Dao was accidentally destroyed.

However, what puzzled daolord crispy noodles was that.

It seemed as though the Primordial Heavenly Dao's soul was still there, and it hadn't been completely destroyed.

“Daolord, you don't know this, but my ‘ancient Buddha's palm of the past’ is also known as the ‘repenting palm of the past’. Anyone who is in the palm of the past will have their soul trapped within the illusions of Buddhism. Only by repenting will their soul be freed.”

The monk said, “Otherwise, they will forever be trapped within the illusions of Samsara where they were killed...”

“But I don't think they will repent,” crispy noodles said with a laugh.

“Thus, they will never be able to live in peace,” the monk said with a Buddhist salute.

..

On the other side, deep within the war sect, crispy noodles suddenly rose to his feet under the pressure.

Sun Ying 'er was puzzled.

However, she was no longer interested in crispy noodles kneeling down.

“It’s better to take lotus away as soon as possible!”

Sun Ying ‘er frowned and turned her gaze towards the heavens.

She had predicted this before.

This was the final blow!

The Void Gate had already finished charging up its power.

The enormous void gate would transform into a cannon barrel at this moment, carrying out a destructive attack on earth!

No matter what had happened to crispy noodles, there was nothing that could be done.

Whoosh!

In an instant!

A blazing beam of light descended from the sky!

The Void Destroyer Cannon had already descended!

However, at this moment...

Another unexpected scene appeared.

Within the true Paragon Hall of the war sect.

A petite figure was flapping the wings on her back as she charged towards the terrifying light of destruction!

A World King of the deity world?

Sun Ying 'ER would never have imagined that the world king of the deity world would actually make a move at this moment to block her void destroyer cannon.

“Why would I do this for this group of Earthlings...”Sun Ying 'er could not understand.

In her eyes.

A deity world king who had yet to fully develop.

In front of the enormous power of the void world annihilation cannon.

He was merely a cannon fodder.

In the sky, the light feathers of the deity world floated down like an angel descending into the world, emitting a holy light.

Lady Ah Juan forcefully withstood the pressure and flew higher and higher!

Under the immense pressure, this deity World King was shaken until he bled.

Snowflakes flew in all directions and landed on the magical artifact in her hand.

It was only at this moment that Sun Ying 'er realized that this deity world king seemed to be holding something in his hand..

She rubbed her eyes.

She was sure that she didn't see wrongly.

This was actually a mobile phone that was stained with Lady Ah Juan's World King's blood..

At this moment, Lady Scroll was facing the terrifying light of the destruction of the Void!

“When the Yin and yang are in chaos, dye the sky with my membrane blood!”

She used a childish voice to scream loudly. She raised the cell phone and flapped her wings, displaying the demeanor of the world monarch of the deity world.

She actually used her cell phone to paste the membrane.

She pushed back all the light of the destruction of the void..

Chapter 1337 Wang Ying's Training

Everyone in the battle sect was dumbstruck and speechless at this astonishing scene.

This was..

Odd Zhuo was so shocked that his mouth was wide open.

Who would have thought that.

So this was what it meant to dye the sky with my membrane blood!

There was no doubt that Miss Ah Juan had done a meritorious deed.

She had used her cell phone, which had been blessed by the monk and had been affected by the “Enlightening spell” to increase its power dramatically in a short period of time, to successfully resist the world-destroying cannon fire from the Void!

“This is impossible!” Sun Ying ‘er shrieked.

She held her head in her hands, looking like a groundhog that had collapsed before.

Sun Ying 'er couldn't accept it!

Her plan to take Lotus Sun away had actually been stopped by a mere cell phone membrane!

"It's you..."

At that moment, Sun Ying 'er lowered her head and stared at the man on the ground who had stood up again.

She was 100% sure that this had something to do with the "Real clone" in front of her!

"It's just a clone! I'll Kill You Now!"

Sun Ying 'er flew into a rage out of humiliation and dived down from the sky.

Her long white hair was completely spread out, and she looked like a witch who had fallen from the sky!

Her ghostly figure flashed with unimaginable agility and instantly closed in on Wang Ling.

Snap!

Wang Ling raised his hand, raised his orchid finger, and aimed it at Sun Ying 'ER's skull.

A huge force shook Sun Ying 'er until she was dazzled by the Divine Lake.

"Crack!"

Her skull shattered on the spot, and Sun Ying 'er screamed in pain.

The astonishing ejection force caused her to shoot backward like a cannonball that had risen from the ground! Fierce and fierce, earth-shaking..

Wang Ling left some force in his fingers.

He had only calculated the direction Sun Ying 'ER would shoot out in order to ensure that Sun Ying 'ER's real body would accurately take off from Earth and land next to Wang Ying, who was waiting for him in the universe.

It would be better to leave the matter of the shadow to the shadow.

To be honest, if it hadn't been for Wang Ying's sake,.

Sun Ying 'ER would have been killed in body and soul with that shot just now.

From Wang Ling's point of view, there had been no suspense in this battle from the start.

On the other side of the unspeakable place.

Presumably, the monk was almost done cleaning up.

It was also time to exchange his soul back

“Senior crispy noodles dao monarch!”

At that moment, Lotus Sun's familiar voice rang out from behind Wang Ling.

After a battle, the white jade-like face of the young girl was covered with some dust from the aftermath of the battle.

She ran over in a sorry state and walked up to him openly, smiling as happily as a child. “I know you'll definitely stand up! You're student Wang Ling's clone!”

She had clearly returned to her physical body, but she hadn't lost her memory..

Was it because her obsession was too strong that she had delayed her memory loss?

Wang Ling's lips moved slightly.

He didn't know what to say.

He knew that the girl had once said that she would try her best not to forget.

He had never thought that she would actually do it.

Delayed amnesia was a very rare occurrence.

Those who delayed amnesia would gradually lose their memories in their soul state after a few hours.

At that moment, Wang Ling suddenly came back to his senses.

He felt a sweet fragrance assailing his nose,

only then did he realize that he and the girl were very close to each other.

He subconsciously wanted to retreat.

But at that moment, Lotus Sun suddenly reached out with her hand. "Senior, don't move!"

The girl used her slender fingers to gently stroke his cheek and pinch off a petal that had pierced into his cheek.

This petal had been left behind by crispy noodles daolord during his battle with Sun Ying 'ER.

The petal had pierced deep into his cheek.

The edge of the petal had been slightly embedded in it.

Seeing the wound, the girl felt a bit apologetic.

“My Shadow... it actually caused senior so much trouble...”

Then, her actions became even bolder.

The girl began to gently touch the wound on her cheek with her fingertip. Azure-colored spiritual energy began to light up from her fingertip, gently flowing into the wound.

Lotus Sun tried to use a’hai’s regenerative abilities to repair the wound.

At this moment, crispy noodles dao monarch seemed to have suddenly come to his senses. He gently grabbed Lotus Sun’s hand and gently moved it away.

It was the same warm smile as a spring breeze. “Thank you for your kindness, Miss Sun. I’m fine.”

“Eh, senior, are you really fine?” Lotus Sun asked with concern.

“I’m fine.”

Crispy Noodles Dao monarch smiled. “Miss Sun, you won.”

“I... Won?”

“You won.”

Crispy Noodles Dao monarch nodded. “Do you still remember the face-pinching competition?”

Lotus Sun suddenly came to a realization when she thought of crispy noodles dao monarch’s abnormal reaction earlier.

“So... What I pinched just now was...”

The young girl shyly crouched down on the spot and buried her face deep in her knees.

She was so shy that she wanted to find a hole to hide in.

..

An unspeakable place.

Wang Ling’s soul returned to his original body.

“Ling Zhenren? Ling Zhenren?”

Seeing that his right eye was no longer bleeding, the monk confirmed that the real Wang Ling had returned.

But he called out a few times in succession.

But the young man seemed to be rooted to the spot and didn’t move for a long time.

Eh? Zhenren was actually in a Daze? It had been a long time..

The monk exclaimed in his heart.

..

They had been too close just now.

Wang Ling could even clearly feel the girl’s breath.

He reached out and gently touched his cheek.

He had clearly switched his body back.

To the spot where his cheek had been touched.

The temperature there.

Still didn't seem to have dissipated.

..

At the same time, Sun Ying 'er, who had been bounced back to Wang Ying's side in the universe, was immediately subjected to a new round of "Discipline."

"I told you, woman, you're playing with fire."

Wang Ying pinched Sun Ying 'er's chin and sneered.

"What do you want to do..."

Sun Ying 'ER's expression gradually became panicked.

Wang Ling's flick of a finger sent her flying very far.

While she was flying, Sun Ying 'er completely understood the difference between absolute power.

She had thought that everything was in her plan.

But she didn't expect that the world-ending cannon that she had painstakingly planned out.

Wasn't even as strong as that strengthened phone sticker..

At this moment

She was even more aware of it.

Wang Ying's madness..

God knows why such a quiet youth,

would give birth to such a crazy shadow!

Wang Ying held her chin, the expression on his face revealing a fierce expression.

To be honest, the more afraid Sun Ying 'er was, the more excited Wang Ying felt.

"Aren't you able to split? I can split as much as you can... No matter where you run to, I Can Catch You!" Wang Ying held the white-haired girl's wrist tightly, that laughter that seemed to come from the bottom of her heart made Sun Ying 'er feel fear from the bottom of her heart.

This was the real hidden blade in a smile.

Sun Ying 'er thought that her level was already very high.

She did not expect to see Wang Ying at this time, only then did she realize that she was nothing compared to the big picture!

"Why, my shadow path ability is completely useless in front of you!" Sun Ying 'er shouted.

Not only that, Sun Ying 'er also discovered that the memories of the splitter seemed to be unable to be shared!

The information could not be transmitted to the main body in time, which was one of the reasons why Sun Ying 'er lost the battle.

Wang Ying obviously could not tell her that Wang Nuan had given him permission.

“Your mother, I’m a male! When a mother sees a male, it naturally doesn’t work! This is called, one thing begets another!”

The corners of his lips could not help but rise.

“Don’t Go Too Far!”Sun Ying ‘er struggled with all her might, trying to get rid of Wang Ying.

“There’s more to go!”

Wang Ying Stared at Sun Ying ‘er and smiled evilly.

“You... What are you doing... you pervert!”Sun Ying ‘er was almost about to cry.

“What’s wrong with being a pervert!”

Then, Wang Ying reached out another hand and grabbed the girl’s other wrist, raising it above her head abruptly.

His eyes wandered around, choosing the closest planet.

He pressed the girl down and smashed her forward!

“What... What kind of spell is this...”

“Ha, Woman! You’ve never seen it before, right?”

Wang Ying sneered. “This is the legendary ‘Planet Wall Knock Technique’!”

He grabbed her wrist tightly and smashed it towards an orange planet!

The two of them fell like the gods descending from the heavens, blasting her through the core of the planet!

“No, this planet is too fragile, change it to another one!”

Wang Ying had not had enough fun yet, he grabbed Sun Ying ‘ER’s hand and slammed it into the second one..

At that moment, Sun Ying ‘ER’s tears had already burst out. “You... Let Go of me! ! !”

Chapter 1338 The Spirit Of The Earth In Despair

Wang Ying held Sun Ying ‘ER’s wrist tightly and began to destroy the planets in the depths of the galaxy west of outer space.

Sun Ying ‘er felt like she was a three-dimensional marble that kept jumping up and down, knocking her into a mess.

“Don’t... Don’t do this to me...”

After an unknown amount of time.

Sun Ying ‘er felt that her tears were almost dry.

Only then did Wang Ying slightly restrain himself.

And it was only at this time that Sun Ying ‘er realized just how abnormal Wang Ying was..

It turned out that the more she cried, the more excited Wang Ying was!

Therefore, after Sun Ying ‘er realized this, she simply shut up and didn’t dare to make even the slightest sound of sobbing.

“You’re not going to cry anymore? Continue crying,”Wang Ying sneered.

He held Sun Ying 'er tightly, not because he was afraid that Sun Ying 'ER would run away, but because he felt that Sun Ying 'er was too funny and couldn't bear to let go.

"I won't Cry Anymore, really..."Sun Ying 'er pretended to be patient.

She knew that facing a pervert like Wang Zhen.

The best way was to pretend to compromise first, and then look for an opportunity to escape.

However, Wang Ying's perversion was still beyond Sun Ying 'ER's imagination.

She saw Wang Ying looking at her coldly. "Take off your clothes."

Sun Ying 'er was terrified again. "You... What are you doing..."

"I'm afraid you'll run away. But as long as you're naked, you should be honest. Don't worry, I'm a gentleman. I promise I won't look at you."

"Pervert..."

"Alright."

Wang Ying Shrugged. He had actually already expected this answer.

"Then, let's continue."

"You..."Sun Ying 'er knew that she had been tricked again.

However, before she had the time to curse, Wang Ying once again activated his "Planet Wall Knock Technique". ,

that day, in the western part of the Outer Galaxy, Sun Ying 'ER's "Ah Ah Ah"screams rose and fell one after another..

The spirits of the nearby planets, which had not been harmed, were all trembling with fear.

For a long time to come. No spirit of the planet will ever speak of it again.

And Wang Ying, through his own efforts, developed a new word.

It's called a ball quake

..

..

The unspeakable.

When the monk's palm struck, the space began to show signs of cracking as the core temple was destroyed.

The Primordial Heavenly Dao had been trapped in a cycle of death, and the unspeakable land had already fallen into a state of collapse.

Even if Wang Ling didn't make a move...

In a few days, this place would naturally collapse.

"I didn't expect that this penniless monk would actually..."the monk had mixed feelings.

Of course, Ling Zhenren was still the most powerful one.

The power of this 100% enlightening spell had increased the power of his palm strike to the point of destroying the world.

This was something the golden lamp monk hadn't expected.

The destruction of the unspeakable land meant that the young girl's soul wouldn't be affected again.

Sun Ying 'er was suppressed by Wang Ying, so Lotus Sun naturally couldn't return to the void while the Master of the Void was under control.

Sun Ying 'er was like the host of this void return ceremony.

Now that the host had been pulled to undergo "Training," the ceremony naturally couldn't continue.

Of course, for Wang Ling,.

He felt that things weren't completely over.

This "Fortune teller".

He still hadn't found him.

This was the mastermind behind everything.

"Look, Zhenren!"

At that moment, the monk's gaze suddenly turned to somewhere in front of him.

This was the core temple of the unspeakable land.

The location where it had been destroyed.

The space there had been completely shattered.

The entire core temple had been destroyed, turning into dust particles that swirled in the universe.

But in the center of the annihilation, there was a glowing object that shone like a luminous pearl in the darkness.

Wang Ling reached out and pulled the glowing object into his palm.

It was a palm-sized hexahedron Rubik's Cube.

It was extremely hot.

Its entire body was emitting powerful and dense spirit energy.

This was no ordinary object.

If a normal cultivator were to hold it in their hands, their entire hand would explode from the psionic energy of the Rubik's Cube.

"It should be a stabilizing artifact that moved the core world to the outside world." Although the monk didn't know the Rubik's Cube's origins, he was still able to make a judgment based on his own experience.

They had finally found the secret behind Daofather Wang's ability to keep the core world in the outside world for a long period of time!

In addition to Dao ancestor Wang's own understanding of the power of laws,.

This stabilizing magic artifact also played a vital role.

Wang Ling held the Rubik's Cube in his palm and exerted a little strength.

In the end, he found that the Rubik's Cube had actually generated a huge force to fight against him.

This type of spirit energy was extremely shocking, and Wang Ling had rarely seen it on other magic artifacts.

Even Jingke didn't have such a huge amount of spirit energy.

If it was a combination of Jingbai and Jingke...

It could be comparable to it.

Could it be that this Rubik's Cube and Jingke's and Baiqiao's were from the same hometown?

Wang Ling held the Rubik's cube thoughtfully.

This could be considered an important discovery.

He carefully put the Rubik's cube into the space in his king's eye.

Before he left, Wang Ling suddenly thought of something.

He took one last look at the collapsing unspeakable place.

"What is Ling Zhenren looking at?"The monk was curious.

"A crack,"Wang Ling answered concisely.

That's right..

He was observing the crack on the outer layer of the unspeakable place.

Because the evil metal figures that had fled to earth had flowed out of this crack.

Wang Ling wanted to see the reason for this crack.

Had the evil metal figures torn it themselves, or had the others done it on purpose.

When he saw this...

Wang Ling was stunned on the spot.

“Who caused the crack?”The monk asked.

Wang Ling was silent for a moment, but didn’t directly answer the monk.

In the end, he only replied with two words: “Accident.”

The Monk:”?”

..

A few seconds later, Wang Ling and the monk returned to Earth smoothly.

But they didn’t go in directly; instead, they were in space outside Earth.

The monk saw Wang Ling raise his hand as if he was about to attack Earth. “Ling Zhenren, you’re...”

“5% directed global amnesia,”Wang Ling replied.

Sun Ying ‘ER had made a big deal out of this.

Except for the core members of the war sect, everyone else’s memories had to be erased, so Lotus Sun wouldn’t be in trouble.

Sun Ying ‘er was exactly the same as Lotus Sun.

Although the plot to return to the Void hadn’t succeeded in the end.

The whole thing had already begun to ferment on Earth.

Out of helplessness.

Wang Ling had no choice but to come up with this plan.

In any case, the earth had already completed its upgrade.

He had only used 5% of his strength in this palm strike against the ocean.

Apart from the pain, it definitely wouldn't have any adverse effects on the earth.

The Spirit of Earth was extremely afraid.

Seeing Wang Ling raise his hand, he hurriedly screamed, "Zhenren, calm down! Quickly withdraw your palm power! I can cast a spell to help Zhenren make the whole world lose their memories!"

If he hadn't said so earlier..

Wang Ling rolled his eyes at the spirit of Earth.

His palm was already on its way.

It was obviously difficult to withdraw his palm power.

Thus, he could only say four words apologetically to the spirit of earth, "Next time, definitely!"

The spirit of Earth:"..."

Two seconds later.

The Earth Spirit's earth-shaking cry, which sounded like a pig being slaughtered, resounded throughout the entire Milky Way galaxy..

Chapter 1339 Sun Ying 'ER's Earth Supervision Plan

A battle over the soul and body finally came to an end with the targeted amnesia of cultivators all over the world.

After confirming that Lotus Sun had returned to her body and was able to move normally.

On the other side of Huaguo Water Curtain Group, grandfather Sun was extremely excited.

All the hospital staff, as well as the group's employees, cheered.

In front of Zhan Zong's Mountain Gate, grandfather Sun arranged for someone to take Lotus Sun back and shake grenade-throwing senior immortal's hand sincerely. "Thank you, Senior Immortal, for your help!"

Although the young girl was fine,.

The old man was still a little worried, and wanted Lotus Sun to go back to the hospital for a detailed check-up.

"It was nothing. It was the result of everyone's joint efforts." Grenade-throwing senior immortal smiled.

"Senior Immortal, don't worry. I, Huaguo Water Curtain Group, will cover all of the war sect's losses, including the damaged buildings." The old man laughed very happily.

"Hahaha! You're too kind, old man." Grenade-throwing senior immortal laughed even more happily.

Although Old Man Sun didn't remember exactly what had happened, he had only heard that someone had done a great deal of damage to the war sect in order to steal his granddaughter's body.

With the cooperation of all the members of the war sect, his granddaughter's body recovered, and even the villain was killed on the spot.

Since the villain had been killed,.

Sun Yiyuan naturally didn't care anymore.

To Grandpa Sun.

Nothing was more important than the health of his granddaughter!

..

..

Half an hour later, in the true venerate hall.

Faced with her criminal and illegal behavior of deliberately destroying the earth and destroying the unity of cultivators, Sun Ying 'er confessed to it.

Yes..

Sun Ying 'er was actually the rumored villain who had been killed.

"I was wrong, I was really wrong. I shouldn't have come to Earth in the first place. If I hadn't come to Earth..."

The white-haired girl knelt in the true supreme hall reverently, sincerely repentant.

Wang Ying was standing to the side, staring at her with his arms crossed.

At this time, it had been some time since the "Planet Wall Knock Technique".

However, Sun Ying 'er still had lingering fear in her heart. She lowered her eyes and looked at the 'claw marks' on her two wrists from the corner of her eyes.

It was left behind when Wang Ying pinched her.

Moreover, it was as if he was deliberately vowing his sovereignty, leaving his mark.

“I know what you’re thinking.” Wang Ying Stared at Sun Ying ‘ER. “You’re the Master of the Void. It’s not difficult for you to chop off your hands and regenerate them.”

“How do you know...” Sun Ying ‘er was shocked.

Because she did have the idea of chopping off her hand.

She was a new master of the void, but someone actually left a mark on her. How could she rule the void and gain a foothold in the entire void world if such a thing was spread out?

“In front of me, any little calculation is useless.”

Wang Ying smiled. “I can tell you very clearly that the mark on your wrist can not disappear. “It’s like a mark carved into your soul. No matter where you run to, I can find you in an instant.”

“You... are too much...”

Sun Ying ‘er raised her head, tears welling up in her eyes again.

“If it weren’t for the fact that you are Miss Sun’s shadow, you would have died long ago.”

Wang Ying Shrugged. “Now you only have one choice, which is to stay on Earth obediently and accept my supervision. After all, you are indeed a dangerous person.”

Lotus Sun’s plan to return to the void had now come to an end.

The main reason was that Sun Ying ‘er was also on Earth at the moment.

As long as the Master of the Void was always under surveillance, Lotus Sun would naturally not be in danger.

As for who to choose to monitor Sun Ying ‘er.

Wang Ling felt that there was really no one more suitable than Wang Ying.

The shadow would take care of the matter.

There was nothing wrong with it.

“I object!”Sun Ying ‘er had already admitted her mistake in the hall of true supremacy.

But faced with the outcome of her being supervised on Earth, the young girl was still extremely unconvinced.

How was this supervision... This was simply imprisonment!

“Your objection is invalid.”

At that moment, grenade-throwing senior immortal also stood up and looked at the rest of the people in the hall of true supremacy. “Everyone, please vote. Those who agree to Miss Sun Ying ‘ER’s Earth Supervision Plan, please raise your hands.”

Odd Zhuo, Fang Xing, the golden lamp monk, immortal Zhenyuan, Miss Ah Juan, the brand new crispy noodles dao monarch, the bandaged Heavenly Dao of death... almost all the core members had already arrived in the hall.

As soon as grenade-throwing senior immortal said this, everyone’s hands were raised at the same time.

“The minority obeys the majority, and the proposal is passed!”Grenade-throwing senior immortal nodded in satisfaction.

Just like that, the matter was settled.

“You... you just wait! When I return to void, I’ll be the first to destroy the war sect...”Sun Ying ‘er got up from her kneeling position in embarrassment and anger.

“HM?”At that moment, Wang Ying raised his eyebrows.

The young girl had intended to continue cursing and say something even more outrageous.

In the end, she was forced back by Wang Ying’s gaze and knelt back down again.

“I... I accept...”Sun Ying ‘er wanted to cry but no tears came out.

Under Wang Ying’s coercion, she could only agree to the condition.

“Very good.”

At this point, Wang Ying nodded his head in satisfaction. “While you are under my supervision on Earth, please do the following.”

“You go first...”Sun Ying ‘er was like a bullied little wife. Facing Wang Ying, she really did not have any temper.

“First, after you return to Miss Sun’s body, you are not allowed to cause any more trouble. During the day, you will obediently be Miss Sun’s shadow.”

“What about at night?”

“At night, you come to me to write a self-reflection. I will come to check on your homework.”.

“During this period of time on Earth, you have to complete a self-reflection of no less than 800 words every day.”. “You can write it as a diary. “But you are not allowed to inject water. You need to express your true feelings.”

” ...”

“Second, Miss Sun hasn’t returned to the void, so her true strength is still only at the foundation establishment stage. As a shadow, you still have to protect Miss Sun at all times and treat her like your own mother.”

“Your... Biological Mother?”

“Not biological mother, but better than biological mother.”

Wang Ying said resolutely, “Just like my family’s Lord. Although I’ve always called him Lord, I know he’s my biological father.”

” ...”

Sun Ying ‘er realized that Wang Ying was truly shameless.

With her temper, she would have retorted under normal circumstances.

But now, she didn’t dare.

“Third, it’s a problem with Miss Sun’s memory. After Miss Lotus Sun’s soul returned to her physical body, she experienced an extremely rare delayed amnesia. I estimated that it was almost time. “Miss Sun will soon forget everything that happened while she was in her soul state,”Wang Ying said.

“But I know that she has records...”Sun Ying ‘er said.

“That’s what I wanted to talk to you about.”

Wang Ying looked at Sun Ying ‘er and said, “Miss Sun’s cloud disk has records. To prevent any accidents, your task after you go back is to wipe out all these records!”

“Okay... I understand...”

Sun Ying 'er lowered her head and agreed.

“Very good.”

Wang Ying nodded. “I’ll tell you the remaining thousands when I think of them. You can return to student Sun’s body and continue to be a shadow.”

With that, Wang Ying waved his hand and watched Sun Ying 'er leave as if she was running away.

On the way back to Lotus Sun’s body.

The hatred Sun Ying 'er had for Wang Ying grew even stronger.

HMPH!

He actually wanted to order her to delete the memories in those cloud disks?

Forget it!

She wouldn’t delete them! While flying, Sun Ying 'er suddenly turned her head and stuck her tongue out in the direction of Zhan Zong.

Even if I can’t beat you, I’ll anger you to death!

Chapter 1340 Lost Memories

After Sun Ying 'er returned, there were two small meetings in two places at the same time.

In the internal office of Zhenzun Hall.

Grenade-throwing senior immortal called Odd Zhuo into his office alone.

They were discussing some matters to deal with the aftermath.

“Brother Zhuo, have you arranged everything for Jiang Xiaoche and Yi Zhiyang?” Grenade-throwing senior immortal asked.

“Senior Immortal, don’t worry. Their real bodies and mannequins have already been swapped back, so there’s nothing to worry about,” Odd Zhuo replied.

But Odd Zhuo had a feeling.

He felt that this might not be the real reason grenade-throwing senior immortal was looking for him.

Sure enough, grenade-throwing senior immortal quickly took out a gift box.

It looked like something that had been prepared a long time ago, and had actually been in his office drawer the whole time.

“Mr. Sun has already promised to compensate our war sect for all its losses, and to help build the highest-level pill experimental base and Spirit Beast Taming base. Although Miss Sun is fine, as the head of a sect, I have to show my gratitude. She’s also been in shock these days,” grenade-throwing senior immortal said.

“Senior Immortal, what do you mean?”

“It’s just a small token of my appreciation. I’ll have to trouble brother Zhuo to bring it over. Aren’t you going to visit Miss Sun?”

“How would senior immortal know?” Odd Zhuo smiled.

“It’s not my first day getting to know brother Zhuo either.”

After the two men looked at each other in the office, they chuckled in tacit agreement.

..

The second place for the meeting was the Heavenly Dao Committee.

After drawing countless “Death substitution talismans”, survival heavenly dao returned to heavenly court with his injured brother, Death Heavenly Dao.

Led by the other five heavenly masters, the golden figures of the Heavenly Dao lined the streets to welcome them.

For a time, the heavenly court was bustling with activity.

“It’s been hard on you two this time,”the Heavenly Dao of strength said with tears in his eyes.

“I’ve finally completed the Mission Ling Zhenren gave me this time.”The expression on the Heavenly Dao of Death’s face was a little complicated.

“I heard that you rejected Ling Zhenren’s treatment of your own accord?”

“That’s right!”The Heavenly Dao of death nodded. “I wouldn’t dare trouble Ling Zhenren to treat me... Miss Lotus Sun was dragged out of my core world by Sun Ying ‘ER, and this was caused by my improper protection. I’m already endlessly grateful that Ling Zhenren didn’t punish me for failing to protect me. How would I dare trouble him to treat me again?”

“I understand.”The other Heavenly Dao masters all nodded.

The so-called “No merit, no reward”referred to situations like the Heavenly Dao of death.

The Heavenly Dao’s law of equivalent exchange was very strict.

If the Heavenly Dao of death asked Wang Ling to treat him when the protection wasn’t going well, it was likely that the Heavenly Dao of death would also have to pay a price, so it was better not to treat him..

As for those “Hard work”who showed off their physical work, it actually wasn’t a condition for equivalent exchange.

Physical labor was the least valuable.

But for the Heavenly Dao of death, this trip to the lower realm wasn't without its rewards.

His intervention could be considered a success in deepening the Heavenly Court's relationship with Wang Ling.

The Heavenly Court's future path was undoubtedly narrower.

"Brother death, there's actually one more thing I need to trouble you with."

At that moment, the Heavenly Dao of power suddenly said.

"What is it?" Death Heavenly Dao had a bad premonition when he saw that the other Heavenly Dao emissaries were all so polite.

"It's not a big deal. It's just a small token of our appreciation."

Strength Heavenly Dao said, "We've thought it over carefully. If it weren't for Miss Sun's incident this time, our heavenly court might have waited for hundreds or thousands of years, but we wouldn't have been able to find a great opportunity to deepen the distance between us and Ling Zhenren... This time, it really can be said to be the best heaven-sent opportunity!"

"So?"

"So, we expressed our feelings and prepared some gifts. We hope that brother Death can send them to miss sun on our behalf."

"Gifts? !" Death Heavenly Dao was shocked.

The Heavenly Court had personally prepared gifts for a girl from the lower realm?

This was indeed rare..

“Sun Gu Nian suffered in this incident. This can also be considered as a small token of our appreciation to her.” Strength Heavenly Dao handed over the gift box he had prepared and stuffed it into Death Heavenly Dao’s hands.

“It’s not difficult for you to give her a gift, but in whose name? It doesn’t have to be in the name of our Tiandao, right?”

Death tiandao nodded and said, “Miss Sun is about to lose her memory, so she might not remember us.”

“This, brother death, don’t worry too much. Just send it in the name of the battle sect’s disciple.”

“Battle Sect’s disciple?”

The Heavenly Dao of death smiled again. “Since when did our Heavenly Dao become a member of the battle sect?”

“F * * K, isn’t it good to become a member of the battle sect? Now, Brother Death, you’re obviously already a core member of the battle sect!”

The Heavenly Dao of strength said agitatedly, “Ling Zhenren’s 5% directed global amnesia spell doesn’t include you! The fact that you don’t have amnesia means that Ling Zhenren has completely approved of you! This is a clear indication!”

“I... I understand.” The Heavenly Dao of death nodded.

“In the future, the brothers of Death can represent our heavenly court and interact with Ling Zhenren more. This is also the result of our meeting just now.”

“But during this meeting, my brother and I, the Heavenly Dao of survival, aren’t here...”

“According to the principle of the minority obeying the majority, regardless of whether you two brothers are here or not, the result will be the same.”

” ... ”

“Since you want to interact with Ling Zhenren, then you must establish your identity on Earth.”

“What do you mean?”The Heavenly Dao of death

“No. 60 high school! Let’s go study together!”

“I’m a Heavenly Dao, and I still have to study? ? ?”The Heavenly Dao of death retorted sternly.

“The monk is so strong, and now he’s also learning functions. Why shouldn’t the Heavenly Dao Study? !”The Heavenly Dao of power retorted sternly.

It was reasonable and convincing.

Tiandao of death stood rooted to the ground with his question..

..

On the other side, at Songhai city’s first military hospital.

Lotus Sun had once again undergone a comprehensive physical examination.

The results of the examination were very good. The Doctor was congratulating grandfather Sun.

“Congratulations, Mr. Sun! Miss Sun is doing fine! And I keep feeling that her body is even better than last year’s physical examination data!”

“I understand. Thank you for your hard work, doctor.”

Grandfather Sun respectfully cupped his fists at the doctor.

“Then I won’t bother Mr. Sun. There are other patients waiting for me.”

The doctor smiled and quickly left the room for the grandfather and grandson.

Giving a red packet to the doctor was an insult to the doctor.

It was the duty of a doctor to save lives and help the injured.

Grandfather Sun still felt a little bad after mobilizing so many doctors for Lotus Sun's matter.

So Sun Yiyuan made an astonishing decision.

He decided to thank all the hospitals that had lent a helping hand this time.

Regardless of whether it was within or outside the city, as long as a hospital sent a doctor over, every hospital would receive donations from Huaguo water curtain group for at least two buildings and supporting medical facilities.

"Grandfather."

At this moment, Lotus Sun looked at the Smiling Sun Yiyuan from the hospital bed and said.

"Don't worry, Lotus Sun. Just to be on the safe side, we'll observe for another night. We can go home tomorrow!" Grandfather Sun held the girl's hand tightly and felt her energetic pulse.

Without a doubt, Lotus Sun had completely recovered.

But for some reason, he felt that his precious granddaughter seemed to be unhappy somewhere. "Something seems to be on your mind, Lotus Sun?"

"I, I don't know either..."

Lotus sun lowered her head. "I keep feeling like I've forgotten something."

"You've suffered so much this time, so you must be in shock. The Doctor said that this is intermittent amnesia. You'll feel better once you're in a better mood," grandfather Sun said with a smile, then he took out his storage bag and placed a few gift boxes in front of the girl.

“These are?” Lotus Sun asked.

“In order to save you this time, battle sect put in a lot of effort. Look, there are so many people who care about you! These are all gifts from them! Grandpa picked out a few important ones, and there’s still a lot left at home. You can go home and open them slowly,” Sun Yiyuan said.

These three gift boxes were actually from Odd Zhuo, grenade-throwing senior immortal, and Heavenly Dao, who was pretending to be a battle sect disciple..

“What’s in the Box?”

The young girl’s curiosity was piqued.

She opened the three gift boxes one by one.

Then, the grandfather and grandson stared at the items in the box and fell into a long silence..

They all understood the logic.

But why were they all given..

USB drives?

..

In the small theater:

Odd Zhuo: “By the way, what did senior immortal give Junior Sister Lotus Sun?”

Grenade-throwing senior immortal: “This is a priceless treasure! A small thing with a huge amount of energy...”

Odd Zhuo tsked and smiled wryly. “It’s good to be rich, unlike me! I’m so poor that I can only afford a USB drive.”

The corners of grenade-throwing senior immortal’s mouth twitched. “Brother Zhuo... gave her a USB drive too?”

Odd Zhuo: “What do you mean... too?”

Grenade-throwing senior immortal facepalmed. “I reckon that Miss Lotus Sun’s family can now open a USB drive store.”

Odd Zhuo: “That can’t be...”

Grenade-throwing senior immortal: “Do you think it’s just the two of us?”

Odd Zhuo: “...”
