Chapter 1441 Tips On How To Defeat Wang Ling

Lotus Sun placed her hand on Wang Ling's shoulder. Because she knew Wang Ling too well, she was afraid that if she spoke halfway, Wang Ling would find a loophole and run away.

Thus, she mustered up her courage and chose to fight him head-on.

The result was that the two of them were very close to each other.

If there was a wall behind her and she stretched her hand a little further back, it would look like she was knocking on Wang Ling's Wall.

At that moment, the girl's mind was filled with thoughts, and her cheeks were red.

She hurriedly let go of her hand and hid it behind her back.

"Actually, we're just going to take a walk. It's not just the two of us. I've also invited Super Chen, hero Guo, and Li Youyue..."

She was too afraid that Wang Ling would reject her, so she chose to take a step back.

Actually, it was mainly for Wang Ling's sake.

If everyone went together, it wouldn't seem so awkward.

Moreover, even if it was a group activity, they should still be able to find time for the two of them to be alone.

As for why Super Chen, hero Guo, and Li Youyue had been chosen, this was naturally within Lotus Sun's consideration.

These three people looked like third-wheel lightbulbs, but they still had sharp eyes.

The time it took to wait for Wang Ling's reply seemed very long.

It wasn't an exaggeration to say that ten seconds felt like years.

In fact, Wang Ling really wanted to read the young girl's mind and see what she had seen in his core world.

But later, he felt that this kind of behavior was a bit like a peeping tom, which was very inappropriate, so he gave up on this idea.

He fixed his gaze on the young girl. After hearing Lotus Sun's request, he was thinking about how to reject it.

Unfortunately, Lotus Sun now knew too much about him.

Ordinary reasons, such as unfinished homework, an invitation from someone else, or being sick... These things simply couldn't happen to him.

While he was silent, Wang Ling heard Lotus Sun mention Super Chen, hero Guo, and Li Youyue.

His heart suddenly relaxed quite a bit.

It could be said that Lotus Sun's move had been very successful.

She had accurately predicted Wang Ling's thoughts.

It was indeed easier for Wang Ling to accept that they were all acquaintances.

"Okay."

Thus, Wang Ling looked at the young girl in front of him, who was filled with anticipation, and nodded his head in agreement.

There was only one ancient cultivation street in Songhai city, and on that Ancient Street was an old-fashioned crispy noodle snack shop.

Wang Ling felt that it wouldn't be bad to go there once in a while.

She actually agreed!

Lotus Sun raised her head, her face full of surprise and delight.

She found that she seemed to be gradually getting the hang of how to attack Wang Ling.

If she was too hasty in dealing with such a blockhead, it would only ruin things... as expected, she had to do it bit by bit!

She tried hard to suppress the wild joy in her heart and try not to make it too obvious. "Then student Wang Ling, let's meet at the school gate this weekend! Let's go together as a team!"

"Mm." Wang Ling looked at Lotus Sun with a helpless expression on his face.

"Heart to heart" was a passive skill.

Although the small nano earplugs that Wang Ming had developed had the ability to block and listen to the sound of the heart, if they were too close to each other... it was still very easy to hear the sound.

For example, right now, Wang Ling's mind was filled with the girl's "Hahahaha" laughter.

Lotus Sun was laughing too loudly in her heart..

Perhaps it was because she was too excited.

That night, in the final match of the Sword Battle Arena, Lotus Sun had instantly killed the first sword spirit of the other groups.

Although this outcome wasn't surprising, no one knew why this human girl had ended the battle so quickly as if she had been injected with stimulants.

The reason was very simple.

Because Lotus Sun hadn't actually informed Super Chen, hero Guo, and Li You Yue about going to the ancient street this weekend..

She was waiting to return to Earth to set up a battle plan!

..

That night, when she returned home, Lotus Sun had given priority to finding Li You Yue.

"What? Go to the ancient street together? With Super Chen, hero Guo, and Wang Ling?" Li You Yue was stunned for a few seconds when she heard Lotus Sun's invitation.

At first, she didn't understand why the young girl had insisted on bringing the three lightbulbs along.

But very quickly, Li You Yue reacted. "I get it! You're afraid that if you ask Wang Ling out on your own, you'll be rejected. That's why you called us!"

"You know too well..." Lotus Sun smiled bitterly. "You clearly don't have a boyfriend, how can you know so much?"

"Amazing. Why don't you just watch a few more love movies? You can always come up with a plan." Li You Yue smiled and said, "Don't worry, when we get there, I'll help drive Super Chen and hero Guo away. I'll create an opportunity for you two."

"Thank you so much!" Lotus Sun sighed. She regretted that she had not gotten to know Li You Yue earlier last semester.

If it was not because of the nine dragons mountain national physical skills competition, she would have almost missed this god-like assistant!

One down!

After contacting Li You Yue, Lotus Sun went to contact Super Chen and hero Guo.

After waiting for more than ten minutes, no one replied.

Looking at the time, it was ten o'clock in the evening.

According to their habits, this should be the time to play the game.

“What should we do now? Should we ask Tomorrow?”Sun Ying Er was very curious about what Lotus Sun would do.

“No.”Lotus Sun shook her head.

As the saying went, plans couldn't keep up with changes. It was better to set a time earlier than anything else.

“I remember that the game the two of them have been playing recently is called ‘Princess Link’?”Lotus Sun suddenly thought of it.

This was the game that Super Chen and hero Guo had been so engrossed in these days. They had been secretly hanging up in class every day, and there had been a few times when old pan had almost taken their phones away.

Lotus Sun had defined it as: collecting and cultivating large-scale beautiful girls into a game.

There was no other way..

At this moment, Lotus Sun sighed. “I'll have to go snipe them myself.”

“You don't know which server they're on,”said Sun Ying ‘ER.

“You don’t need to know. Just take first place for all of them,” said Lotus Sun with a kind look in her eyes.

It only took about half an hour.

Lotus Sun took first place in the entire server with a total of sixty-eight servers.

She had asked Jiang Xiaoche to recycle most of them.

Sun Ying ‘er was dumbfounded.

Her Rong Rong was definitely a money-spinner..

As expected, Super Chen and hero Guo reacted immediately after this action.

They saw the three-person group chat that Lotus Sun had set up alone, and then sent screenshots of the rankings one after another, they asked the girl for details. “Lotus Sun... that number one, the one called the leader of the Gray Cult, isn’t that your ID? !”

“Yes,” Lotus Sun replied. “Neither of you replied to my messages, so I had no choice but to look for you in the game.”

“But out of the sixty-eight servers, you’ve already taken first place...” Super Chen and hero Guo were both stunned.

“Because I don’t know where you are. It’s too troublesome to ask around one by one.”

“So, in order for us to accompany you and your son to the ancient street this weekend, you...”

“If you agree, you can have the 68th. We’ll split it 50-50.”

“Ha! Do you think we’re people who sell their souls for money? That’s right! We Are! So, I’ll see you this weekend...”

“Well, there’s actually one more thing,” Lotus Sun said at this time.

“Don’t worry, we both understand.” Super Chen chuckled. “It’s just creating opportunities. We’ll definitely listen to boss Sun’s orders. Also, I have a hotel coupon here, if you need it...”

“No need...” Lotus Sun immediately refused.

She felt that Super Chen was really overthinking things. Where was she going? !

And even if she went, she wouldn’t need a coupon. After all, the few hotels on Ancient Street were all run by her family.

However, at the same time, the young girl was actually a little curious about what would really happen on the weekend.

After all, Super Chen’s open mouth was a little scary..

Chapter 1442 Grandfather Sun’s Reasoning

Everything was ready. Lotus Sun’s next task that night was naturally to pick out a set of decent clothes suitable for a weekend trip.

Sun Ying ‘er saw that there were already quite a few styles in the girl’s wardrobe, many of which were limited edition models created by famous designers. She was somewhat puzzled by Lotus Sun’s actions of scrolling through the mall in the middle of the night to pick out clothes.

Now, Sun Ying ‘er finally understood why every time the characters in the game came up with a good-looking new skin, a group of people would sell everything they had to get their hands on the skin.

As expected, inspiration came from life.

The benefits of implanting the skin function in the game were indeed huge.

The game company might have only spent a few thousand dollars to design a skin, but after it was put on the shelves and priced at five dollars, it could be sold for hundreds of millions of copies..

And most importantly, everyone who had bought a skin felt that the money they had spent was worth it!

It was simply too real!

“Rong Rong, you already have so many clothes, any one of them would dazzle the eyes on the street!” Sitting next to Lotus Sun, Sun Ying ‘er looked at the young girl who was choosing clothes and said helplessly.

“These clothes are too outstanding... it’s too high-profile to wear, student Wang Ling won’t like it, so it’s better to buy some new ones,” Lotus Sun replied.

The clothes she had chosen this time were all new designs from small brands. Although they weren’t as famous as the ones in her wardrobe, as long as they looked good, it was fine.

Sun Ying ‘er pursed her lips.

She didn’t know if she should say it or not.

In any case, Super Chen and the others were going together... wouldn’t it be over if everyone wore their school uniforms?

So, this was purely an excuse for her to buy new clothes!

HMPH!

Woman!

Sun Ying ‘er curled the corners of her lips slightly and sneered in her heart. Her eyes seemed to have seen through everything.

..

Lotus Sun's trip was actually a big deal for Huaguo Water Curtain Group.

After the shadow stream incident last time, the old man naturally paid more attention to protecting his precious granddaughter.

Buying a large number of new clothes before each trip was actually a very important signal.

Grandfather Sun quickly noticed Lotus Sun's travel plan and called Jiang Xiaocheng overnight. "It seems that Rongrong is going out. Do you know where she's going?"

"Did miss buy new clothes again..."

"That's right." Grandfather Sun nodded. "But this time, I don't know where she wants to go."

"That's strange." Jiang Xiaocheng frowned. "In the past, miss always reported in advance when she went out..."

"Maybe Lotus doesn't want to be too high-profile this time. After all, there are a large number of security personnel and motorcade accompanying her every time she goes out. I've thought about it recently and it does seem a bit ostentatious. It's like directly telling those who are plotting against Rongrong that she's on a trip and that they should come and assassinate her," Sun Yiyuan said.

In fact, grandfather Sun had indeed been reflecting on his past actions recently.

After all, there were still a lot of people who hated the rich these days, and it was easy to incur hatred if one lived too high-profile.

He suddenly felt that Wang Ling's low-profile actually had its advantages.

Now, there was a problem.

In the past, his granddaughter would definitely report to him before she went out, and he would also prepare all kinds of security measures in advance after reporting.

But now, Rongrong kept quiet about going out.

Did this mean that she wanted to keep a low profile for this trip as well.

Thus, after deducing this, grandfather Sun suddenly came to a realization. “So that’s how it is!”

“What did you think of, Master?”

“I guess... Rong Rong might ask classmate Wang Ling out,”said grandfather Sun.

”...”Jiang Xiaoche was silent for a moment, and instantly felt that he wasn’t in a good mood.

It was this kid again..

He didn’t know what was so good about this Wang Ling.

The eldest miss actually liked him that much.

If Wang Ling could hear grandfather Sun’s words at this moment, he would definitely feel rueful in his heart.

It was indeed not easy for this old man to hit the nail on the head with his reasoning

He had reached this part of his reasoning.

Everything seemed to make sense.

However, with the Sun family’s ability to make up their minds, if he continued to make deductions, it would be 100% off

Thus, after getting Sun Yiyuan’s deduction, Jiang Xiaoche spent about twenty minutes investigating this matter.

He soon had a lead.

“Master, I found out. Miss is indeed going on a trip. She’s going to the Cultivation Culture Street. But it’s not just student Wang Ling. There are three other students from No. 60 High School,” Jiang Xiaoche replied over the phone.

In fact, it wasn’t too difficult to get this information.

Because miss had done something very strange before, which was to ask him to help reclaim the sixty-eight number one game accounts in the entire server.

At that time, Jiang Xiaoche had been careful.

Because this type of game was definitely not the type lotus sun liked..

And then, he traced it back to Super Chen and hero Guo.

After receiving some benefits from Jiang Xiaoche, the two unscrupulous things directly explained the matter.

“Ancient Cultivation Street?” When grandfather Sun heard this place, he immediately fell into a wave of memories.

Sun Yiyuan’s impression of this ancient street was filled with a rustic and artistic air.

With one look, it was obvious that this place had been chosen by a low-profile person like student Wang Ling!

The old man remembered that he had been to this place with his first love back then, and instantly felt that Wang Ling had the elegance of his youth... as expected of student Wang Ling! Even the place they had chosen to go on a date was so similar to his..

“But old master, if eldest miss was going on a date with that Wang Ling, why did she date three other people at the same time?” On the other end of the phone, Jiang Xiaoche heard old master sun

sigh ruefully, he instantly knew that the old man was most likely intoxicated with himself again, so he couldn't help wiping his sweat and asking.

This sentence interrupted old man Sun's train of thought.

Although he wasn't very clear about the whole situation, he still had to rely on his strong reasoning ability to know everything.

"There's only one truth!"

Old Man Sun said, "Cultivation Culture Street is the preferred location for artists, and it's most likely student Wang Ling's decision to go on this trip. The reason why he asked the other three students to go must be a decision student Wang Ling made in order to ease the awkwardness of the trip!"

"..."

"Moreover, when we go out in a group, we can also take care of each other to a certain extent to avoid danger..."

Grandfather Sun sighed and nodded in satisfaction. "As expected of student Wang Ling, you're actually so thoughtful!"

Chapter 1443 Working Together With Jiang Yingying

Under normal circumstances, Old Master Sun's deduction + reverse deduction = the correct answer.

So after hearing Sun Yiyuan's king-like analysis, Jiang Xiaoche instantly knew the ins and outs of the whole thing.

It was definitely eldest miss who had taken the initiative to arrange this, and she had most likely chosen the location.

Damn it..

This Wang Ling!

Jiang Xiaoche gritted his teeth.

It was mainly because he was jealous of Wang Ling.

He had never seen Lotus Sun so attentive to a person that even the place she went out to play was for the sake of the other person.

“Master, then the protection of ancient street this time...” Jiang Xiaoche said to grandfather Sun on the other end of the phone in a calm voice as he forcefully suppressed his jealousy.

“The protection still needs to continue, but don’t make such a big fuss,” Grandpa Sun said. “Arrange some people to change into the clothes of the workers of the Ancient Street and pretend to be the workers over there to carry out activities normally and protect them in secret.”

Grandpa Sun had also been to the cultivation culture ancient street, so he was relatively familiar with the situation over there.

All the staff inside wore Hanfu, imitating the appearance of the cultivators of the old era when they went out. The Hanfu experience was also a relatively famous activity on the ancient street.

All the tourists who came to the ancient street could rent hanfu suits that were suitable for them on the spot. They could walk on the ancient street wearing ancient clothes and comprehend the folk customs of the cultivation culture of the old era.

That place was really a very romantic place.

“Are you going to find some security personnel to disguise themselves as workers? But what about the original batch of workers...”

“Don’t worry about that. The boss of the Ancient Street and I are old friends.”. “I’ll inform him in a while and ask him to transfer the time so that the original workers of the ancient street can rest for two days.”. “Of course, the wages for these two days will be paid by our side.”. “I think they won’t refuse to pay three times the amount,” said grandfather Sun, Su Hong.

“Understood, rest early, master.” Jiang Xiaoche nodded.

Then, he hung up the phone.

An old street date..

The corners of Jiang Xiaoche's lips curled up.

He suddenly had a new plan in mind.

A plan that would allow Wang Ling to reveal his true nature on the old street..

After the failure of the previous operation with Old Gray and the others from the "Loyalty Group"...

Jiang Xiaoche had made a new conclusion based on his previous experience of failure.

If he wanted to implement his plan, it was far from enough to rely on his own efforts. At this time, he had to have teammates who could coordinate from the inside out.

The first suitable person that Jiang Xiaoche thought of was Jiang Yingying.

Since Jiang Yingying had changed schools for Wang Ling, Jiang Xiaoche guessed that this little girl obviously didn't want Wang Ling and Lotus Sun to be together.

Thus, with the same goal in mind, Jiang Xiaoche felt that this was a good opportunity to work with Jiang Yingying.

Previously, he hadn't found a suitable reason to add Jiang Yingying's wechat account, which had caused him to scrap hundreds of wechat accounts.

But now, everything was different.

"I have a piece of information about Wang Ling. Do you want to know?" Jiang Xiaoche once again sent Jiang Yingying a friend request through his new account.

This time.

Jiang Yingying almost immediately approved his request.

Although he had finally succeeded in adding her as a friend on wechat, Jiang Xiaoche still felt that something wasn't right.

He had failed so many times, but in the end, he had passed Wang Ling as soon as he mentioned him... sigh, it was too difficult for him!

..

Jiang Yingying was actually very depressed. Lotus Sun's becoming the cult master of the Grey sect was like a fishbone stuck in her throat, and she didn't know what to do.

She wasn't the eldest daughter of a rich family, especially Marshal Jiang's granddaughter, so she had to pay more attention to her words, actions, and daily expenses.

Otherwise, it was very likely that she would cause trouble for her grandfather.

As for emotional matters, Jiang Yingying had always been used to handling them herself.

Even before she transferred to No. 60 high school, she had predicted that Lotus Sun might be her biggest opponent.

But now, Jiang Yingying discovered a problem.

Compared to this eldest daughter, her status was still not high enough.

Without the help of others, it would be very difficult for her to start the next battle with Lotus Sun..

Originally, Jiang Yingying had intended to become the leader of the Gray School. Through the influence of the leader of the Gray School, she would learn information about Lotus Sun from various aspects, and then finally take action to deal with it.

Unfortunately, Lotus Sun seemed to have predicted her prediction and used money to secure the position of the leader of the Gray School ahead of time.

She had defeated her in the first round of confrontation.

So now, Jiang Yingying was in a difficult situation.

Now that she had just arrived at No. 60 high school, it was too difficult for her to carry out her next plan in this unfamiliar environment.

Originally, Jiang Yingying had planned to have Yi Zhiyang accompany her to No. 60 high school after Yi Zhiyang's body recovered.

However, Yi Zhiyang was still in a semi-autistic state..

Although his condition was slightly better than before, he still hadn't fully recovered.

So, in the end, Jiang Yingying realized that she had been too anxious.

"It might be much better if Big Brother Yi was here." Jiang Yingying lay on the bed, her slender legs tapping up and down.

She was scratching her hair in confusion when her phone vibrated.

The ID showed that a man named "Archer" was trying to add him as a friend.

In fact, recently, Jiang Yingying seemed to have been harassed all the time, and a large number of strange men tried to add her almost every day.

Almost out of habit, Jiang Yingying was about to reject the application and drag it onto the blacklist.

However, it was at this moment that a comment about “Wang Ling” caught her attention.

“You are?” With a curious attitude, Jiang Yingying thought for a moment before agreeing to the other party’s request.

“Actually, I’m... an admirer of Miss Lotus Sun.” Jiang Xiaoche sent a mysterious message. “I know that classmate Jiang has a good impression of that classmate Wang Ling, right?”

“I’m just admiring his literary talent, don’t talk nonsense...” when Jiang Yingying saw the message, her face almost immediately turned red.

“In that case, we can work together. Because our goals are the same.” Jiang Xiaoche directly went straight to the point. “It’s like this, I received a piece of information. This weekend, Wang Ling, Lotus Sun, and the three third wheel will go to the ancient Cultivation Street.”

“I know that place!” Jiang Yingying quickly replied.

As an artistic girl, every time she went to that ancient street, she would always have a different experience.

At the same time, she was also very familiar with the topography of that ancient street because she had already been there more than once, and she had saved up quite a lot of food stamps.

“Are you sure the information is reliable?” However, for the sake of caution, Jiang Yingying still asked with uncertainty.

“100% . If you don’t believe me, you can go to school tomorrow and find hero Guo and Super Chen, two third-rate lightbulbs, to verify their authenticity. They are Wang Ling’s best friends,” Jiang Xiaoche said.

“Okay, if it’s true, I’ll agree to cooperate.” Jiang Yingying nodded.

In fact, Jiang Yingying already knew that this was most likely true by now.

She had a deep impression of Super Chen and hero Guo.

She still remembered that back in the cafeteria, Super Chen had directly declared that he was Wang Ling's best friend.

If this "Archer" was just a bored liar, he wouldn't know so much.

"Then, what do you want me to do?" At that moment, Jiang Yingying asked.

"First, we need to disguise ourselves and enter the Ancient Street together," Jiang Xiaoche said.

"How do we disguise ourselves?"

"Of course, we need to disguise ourselves as boyfriend and girlfriend."

"..."

Chapter 1444 Was It A Collaboration Or A Set-Up?

Once Jiang Xiaoche said this, Jiang Yingying instantly raised her guard.

For some reason, she suddenly felt as if she had been set up.

"Can't brother and sister do it..." Jiang Yingying asked tentatively.

Psychologically, she really couldn't accept pretending to be a couple.

Her heart had long since been in classmate Wang Ling's hands!

"Cultivation Culture Street is the holy land for artistic couples. Where do siblings go there to perform in the Orthopedics Department?" Jiang Xiaoche smiled as he sent a text message.

He found Jiang Yingying more and more interesting.

As expected of Lotus Sun, the second girl he loved the most..

Then, Jiang Yingying typed a string of words, which almost made Jiang Xiaoche choke. “But... does this count as cheating?”

“You’re not with that Wang Ling right now, what kind of cheating is that!” Jiang Xiaoche quickly replied.

At the same time, he was also facepalming.

He was amazed at the girl’s brain circuits on wechat.

“Classmate Jiang Yingying, think about it this way. If this thing succeeds in the end, you might be promoted.” Jiang Xiaoche tried his best to encourage her. “Of course, it’s normal for you to have concerns about being a boyfriend and girlfriend. At most, we can make a pact. During the period of pretending to be a couple, apart from holding hands and hugging, how about not doing anything that crosses the line?”

“AH? Are we still going to hold hands and hug...”

“Of course! This is a pretend couple! Holding hands and hugging are the minimum, right? Otherwise, wouldn’t it be too fake if others saw through it?”

Jiang Xiaoche felt that..., this was the fastest typing speed he had ever experienced in his life. “Just take it as for Wang Ling, and I’m doing it for Rongrong... in order to obtain happiness, it’s actually not a loss to make a sacrifice first! As the saying goes, if I don’t go to the ground, who will go to hell!”

Jiang Xiaoche was indeed Jiang Xiaoche.

As the Chief Secretary of Huaguo Water Curtain Group and a veteran employee who was highly regarded by grandfather Sun, Jiang Xiaoche’s ability to deceive people wasn’t to be underestimated.

A series of verbal attacks immediately blasted Jiang Yingying into pieces.

“Okay! I Promise You!”

In the end, Jiang Yingying still mustered up her courage and agreed to Jiang Xiaoche’s conditions.

“That’s fine. Are you free tonight? I’ll treat you to dinner.”The plan succeeded. Jiang Xiaoche could not help but smile through the phone screen.

“You’re treating me to dinner?”

“Of course. Disguising as a couple over the weekend is the big plan. Anyway, I still have time now. Why don’t I familiarize myself with it first?”Jiang Xiaoche said, “After dinner, I’ll take you shopping.”

”?”

“After all, this is the first time we’re disguising as a couple. We don’t have much experience. Moreover, if we go to the ancient street, we’ll have to buy you a few sets of clothes. Treat it as a greeting gift.”

Jiang Xiaoche said frankly.

Jiang Yingying was shocked. This man called “Archer”seemed to be too generous!

However, it should be a good thing to have such a rich teammate join them.

At least for now, that was what Jiang Yingying thought.

Jiang Xiaoche’s wealth and intelligence network were things that Jiang Yingying didn’t have at the moment.

Without these two factors, she wouldn’t have enough power to fight Lotus Sun.

And just when she was at a loss, Jiang Xiaoche appeared.

He was like a savior sent by God to save her.

“So, Archer, what exactly do you do?” Jiang Yingying began to be curious about Archer’s real identity.

“Actually, I’m a private detective,” said Jiang Xiaoche.

Although he was just making things up, Jiang Xiaoche felt that his professional identity was reasonable.

After all, he had followed Grandpa Sun for so many years. He had done some other things in the stock market, which were all done according to his superb reasoning ability and the reverse reasoning of Grandpa Sun’s words.

“Detective, Huh...” Jiang Yingying was a little surprised by this answer.

Since he was a detective, he must have a smart mind and a strong reasoning ability.

To put it bluntly, a detective himself was also a person with a certain amount of experience and knowledge,

as a person who had a special pursuit of literature and literature, when she thought of Jiang Xiaoche’s professional identity as a “Detective,” Jiang Yingying instantly had a good impression of him.

This was also a rare chance for Jiang Xiaoche to hit the jackpot.

..

Thursday, December 10th.

When Wang Ling passed by the school gate, he saw Heavenly Dao of death chatting with the old Grandpa Pancake Fruit at the gate.

With the help of the monk, Heavenly Dao of death had smoothly become the captain of No. 60 High School's school guards, and had now successfully become familiar with the old grandpa at the gate.

The old man had been at the school gate for many years. He was a poor man. In order to raise medical expenses for his wife, he had borrowed money from loan sharks.

Then, due to the violent collection of money from loan sharks, his wife's condition deteriorated rapidly.

Over the years, the old man had paid off his debts and repaid his grievances with kindness. Every day, he would give away half of his income to those who needed help.

In No. 60 high school, this was considered an old story.

It wasn't a secret.

Not long after the heavenly axiom of death took office, he found out about this matter.

Thus, this morning, the old man heard that the loan shark company that had been violently demanding payment had exploded due to a gas leak..

Coincidentally, the explosion had directly killed the big guy who had come to demand payment.

"Sir, is there anyone else you don't like? Just tell me directly," said the heavenly axiom of death as he ate the pancake fruit.

The old man wiped his sweat. "No, no..."

Even if there was, he didn't dare to say it!

This was too scary..

But he felt that this was most likely a coincidence.

After all, these things about him were not secrets, and everyone knew about them.

Furthermore, the gas leak was an accident, and the police had already verified it, so there was no mistake.

“Thank you, Little Wang, for your concern.”The old man spread out the pancakes with a helpless look on his face. He knew that this young man in front of him had the name on his ID card: Death Wang.

It was just that he hadn’t expected that he would actually be so evil as to die with a grim reaper..

“You’re too kind, old man. I only stabbed a villain last night, but I didn’t think that something would really happen.”The Heavenly Dao of death laughed.

Seeing that the two of them were chatting, Wang Ling took the initiative to walk over. He didn’t know why, but it seemed that he really wanted to eat pancakes today.

Seeing that it was Wang Ling, the old man instantly spread out the pancakes in a familiar manner. “Good morning, student Wang! Let’s stick to the old rules: two eggs and crispy noodle snacks.”

This was a special way of eating that belonged to Wang Ling, and the old man was especially willing to make it for him.

Because this way of eating was quite popular now.

Normally, there would be nothing more than fried dough sticks and crackers in a pancake, but crispy noodle snacks would actually add a different crispy feeling to the pancake.

Wang Ling was waiting for the pancake.

At that moment, he saw a purple-eyed girl with long black hair get out of a black car. Her black silk and goth-style dress were particularly eye-catching.

“Is this method of eating delicious? Then, sir, please make me the same,” the purple-eyed girl said with a cold expression.

Wang Ling didn’t look askance and only used the corner of his eye to glance at the conspicuous sign on the black sedan.

That was the sign of the nine temples family.

Chapter 1445 Another Young Miss

The symbol of the nine temples family was a crow with a purple gem in its eye. Wang Ling speculated that this might be related to the purple eyes inherited from the nine temples family.

“Yin-yang eyes, huh.” Wang Ling looked at the purple eyes of the nine temples out of the corner of his eye and instantly knew their origins.

This was also a very rare type of eye; in the end, it was the nine temples that had started by exorcising demons and subduing evil.

It was simply a feast for the ancestors.

Wang Ling sighed in his heart.

If only he could use his own ability to make money..

Unfortunately, the family rules were very strict.

Although this was the first time Wang Ling and Jiugong had met,.

Wang Ling instinctively felt that Jiugong wasn’t a bad person.

After all, it was actually quite rare for foreigners to accept a crispy noodle snack as part of a pretzel.

Nine temples stopped in front of the pancake stall, and behind her stood a female bodyguard in a suit and sunglasses.

The female bodyguard had a tattoo of the nine temples family on her ankle and wrist, and was looking worriedly at the pancake stall in front of her. “Miss, the food at the roadside stall isn’t hygienic...”

“HMPH! It’s not clean, you won’t get sick if you eat it! Stand down!” Nine temples coldly glanced at the female bodyguard, and with one look, she made her step back obediently.

The prestige of the eldest daughter of the nine temples family indeed had a rather strong aura.

Wang Ling immediately thought of Lotus Sun.

And understood the difference between the two.

Although they were both eldest daughters, Lotus Sun had taken the pro-people line back then, with the goal of attracting the attention of others. Nine temples, on the other hand, was different. She was an ice beauty with a powerful aura that made people shy away from her.

The old man didn’t dare to say or ASK. He just wanted to focus on making the pancakes in his hand.

He didn’t recognize this girl called nine temples, but he knew that she was a young miss with a powerful aura.

He poked her here, and the other students didn’t dare to approach her easily..

As it was his first time doing business with this girl, the old man hesitated for a moment when he was doing the painting.

“Miss, do you want Chili?”

“It’s perverted and spicy!”

“Then do you want cilantro?”

“No.”

“Okay...”

Then, the old man used a shovel to turn the bottom of the pancake over and poured in the crispy noodle snacks that he had prepared.

Finally, he rolled up the entire pancake and wrapped it in oil-absorbing paper. He put on a disposable plastic bag and handed it to Jiu Gong with both hands. “Miss, be careful of the heat.”

The entire process only took a minute.

“A minute of Chinese delicacies? Interesting.”

Nine temples carefully took the pancake. She stared at the pancake in her hand as she fell into deep thought. Then, she took a tentative bite.

The wondrous taste instantly invaded nine temples’ taste buds, causing her purple eyes to flash with a bright light.

“How does it taste?” Heavenly axiom of death, who was wearing a school guard uniform, looked at nine temples in front of him.

“That’s it, it’s not as good as the octopus balls downstairs.”

Jiugong commented coldly, and then took another big bite.

Pancake Grandpa, Wang Ling, Heavenly Dao of Death:”...”

So this was still a tsundere?

Even though he said it wasn't good, his body was very honest!

"My bodyguard is right. Your stall is too small, and the plates are very dirty; it's not very hygienic."

"Sorry to trouble this classmate."The old man bowed helplessly.

While eating the pancake in his hand contentedly, Liangzi Jiugong snorted at the old man again.
"I'm just trying it out; I won't buy it a second time."

Then, she strolled slowly into No. 60 high school.

Just like Jiang Yingying yesterday, she was here today to register for school.

Wang Ling chewed on his pancakes as he leisurely walked behind Jiugong.

When they were near the school building, Wang Ling heard Jiugong Liangzi Whisper to the female bodyguard next to him, "You, change into casual clothes and go to the pancake stall again."

"Yes, miss."The female bodyguard understood. "Are you going to smash it? I'll do it right away."

"Smash What!"

Nine temples panicked and almost shouted, "I'm asking you to buy me another 20! When you're wearing casual clothes, remember to cover the tattoo. Don't scare them."

"So, this is compensation?"The female bodyguard smiled bitterly.

She realized. This was her family's miss compensating the old man just now.

After all, when buying pancakes, many other students didn't dare to go forward, delaying the old man's business.

“Ha, compensation? Do you really think I’m doing charity? This is charity, Charity!”Yoshiko Jiugong emphasized in a low voice.

“Yes, Miss is right.”

“Also, after the old man’s business is done, you go and set up a shop at the school gate. My account will pay for it.”Yoshiko Jiugong gnawed on the pancake in his hand, his expression was neither sad nor happy, but the two blushes of delicious food on his cheeks didn’t disappear.

“Miss, this is...”

“It’s too dirty. Clean Up the city.”

After saying this, Liangzi Jiugong snorted lightly and walked in the direction of the principal’s office.

Wang Ling watched Liangzi Jiugong leave. At the same time, he was deeply impressed by his “Crispy noodle snack judgment law.”.

As expected, his guess was right.

People who liked crispy noodle snacks weren’t all that bad.

Jiugong Liangzi wasn’t a bad person, but with his personality, it would probably be easy for others to offend him if they didn’t understand him.

At that moment, Wang Ling finished his last bite of the pancake and habitually sucked on his fingers as he thought to himself.

Speaking of which...

There had really been quite a number of transfer students recently.

Yesterday’s Jiang Yingying, today’s Jiugong Liangzi.

But it looked like nine temples Liangzi wasn't coming for him, which immediately made Wang Ling feel a lot more at ease.

..

In the principal's office, Principal Chen and Odd Zhuo had been waiting for a long time.

Nine temples family moving into No. 60 high school was a major event.

As principal, principal Chen was naturally happy. In this way, No. 60 high school could be considered internationally connected.

In the future, they could even use the power of the nine temples family on Sun Island to carry out exchange activities.

This was the day that nine temples Liangzi came to No. 60 high school to register. Principal Chen would have personally welcomed her, but there was one thing... that was that nine temples Liangzi had requested odd zhuo to receive her.

At that moment, sensing nine temples Liangzi's aura approaching, principal Chen patted odd zhuo on the shoulder. "Odd Zhuo, I'll leave the rest to you. I'll be leaving for now."

"Don't worry, Principal." Odd Zhuo smiled politely, then saw headmaster Chen Open the cabinet at the side and get in.

He made a gesture of bowing to odd zhuo and then quickly disappeared.

Odd Zhuo sucked in a breath of cold air..

He had actually set up a teleportation array in the cabinet.

This was a bit profound!

As soon as headmaster Chen had left, Liangzi Jiu opened the door and walked in alone.

She didn't have any other bodyguards behind her; the one who had followed her earlier had been sent to buy pancakes and fruits, and nine temples Liangzi had deliberately sent him away.

As soon as she entered, nine temples Liangzi saw Odd Zhuo walking over with a smile on his face. "Hello, student nine temples, I'm Odd Zhuo."

Unexpectedly, nine temples Liangzi slapped Odd Zhuo's hand away with a "PA". "There's no need to shake hands."

Odd Zhuo wasn't sure what had happened, which caused Liangzi Jiugong's eyes to be filled with some kind of anger.

At this moment, the girl glanced at the sofa next to her and sat down as if she was the host.

"I wonder how I've Offended You, classmate Jiugong?" Odd Zhuo still didn't understand.

"Don't misunderstand, Mr. Zhuo. It's not me you've offended."

At that moment, Liangzi nine temples stared at Odd Zhuo. "It's the entire nine temples family."

"Huh?" Odd Zhuo was stunned.

"Still playing dumb, Mr. Liar?"

Liangzi nine temples smiled mysteriously.

At that moment, she crossed her arms and crossed her long slender legs, which were like flowing water, as she looked at Odd Zhuo. "Six years ago, when the gate between worlds descended, it didn't seem like you were the one who killed that demon king."

Chapter 1446 What Was The Element Of Being The Scapegoat?

Odd Zhuo hadn't expected that the reason why nine temples Liangzi had transferred to No. 60 high school was for him.

And he... had actually offended the entire nine temples family?

Odd Zhuo found this a little inconceivable.

In fact, there had always been doubts in the country about the large-scale disaster that had suddenly occurred at the gate between worlds six years ago, and this wasn't the first time Odd Zhuo had faced such doubts.

As Wang Ling's number one disciple and scapegoat, Odd Zhuo's psychological quality had long been tempered to the point that he could even fool a magic treasure that could detect lies.

Thus, in the face of Jiugong's questions, Odd Zhuo just smiled, his heart as still as an ancient well.

He skillfully operated the tea set on the principal's table, made a cup of tea for Jiugong, and handed it over. "I don't know why student Jiugong says this, but the dust should have settled six years ago."

When Liangzi Jiugong smelled the tea leaves and the aroma of the tea soaked in hot water, the anger in his heart when he saw Odd Zhuo suddenly seemed to abate a lot.

"Heh, who wants to drink the tea made by a liar like you?"

Although he said this, he still reached out to take the cup.

"Student Jiugong, you have to rely on evidence for everything. I don't know why the Jiugong family hates me so much, but if there's a misunderstanding, I think it's better to explain it as soon as possible," Odd Zhuo said.

He sat down opposite nine temples and observed her expression at the same time.

She was an ice beauty, and there wasn't the slightest fluctuation or change in her expression.

Her emotions weren't directly reflected in her expression.

Odd Zhuo was a little familiar with this feeling.

After all, his master was also such a person..

“Liar, do you really think I can’t produce evidence?”

Liangzi nine temples took a sip of tea, he stared at Odd Zhuo with his purple eyes. “Although things are already very far apart, our nine temples family has gone through a lot of effort. We did find a witness at the scene. And this witness said that the person who defeated the demon king at that time was a boy with dead fish eyes.”

When he said this, Liangzi nine temples paused.

Speaking of “Dead fish eyes”... she remembered that she had seen a dead fish eye not long ago.

But for some reason, the memory in her mind was actually short, and she couldn’t remember it for a moment.

However, this wasn’t the point.

The point was that she had come to Huaxiu nation this time and had chosen No. 60 high school to enroll.

From the beginning, she had come for Odd Zhuo.

First, it was to expose this swindler, and second, it was also to use this topic to open up the nine temples family’s market in Huaxiu Nation.

“You mean, witnesses?” Odd Zhuo was slightly stunned by these words.

The scene at that time was really too chaotic. There was dust and smoke from buildings collapsing everywhere, as well as thick smoke from all kinds of explosions.

He had started to save a lot of people along with the team, and had long since confirmed that loopy toad had already evacuated the core area where it had landed and that there wouldn't be a third person there.

Then, where did this witness come from?

Liangzi Jiugong didn't keep him in suspense. Instead, he took out the "Evidence" he had prepared in advance from his small bag.

It was a photo, and what shocked Odd Zhuo was that it was actually a "Moving picture"..

"Can gifs even print now?" Odd Zhuo stared at the photo in disbelief.

"This is a digital camera photo seal, and the person sealed in this photo is a witness of our nine temples family," Liangzi said.

Odd Zhuo stared at the photo.

He found that the person in the photo was a little girl in a light yellow dress. She was about five or six years old and was knitting a sweater in the photo.

"A... Sun-walking Ghost?" Odd Zhuo stared at the photo for a few seconds and finally sensed something.

He hadn't expected that the witness that Liangzi Jiugong was talking about would actually be a "Sun-walking ghost."

"You don't look so useless."

Liangzi Jiugong wasn't surprised that Odd Zhuo could tell, but to be able to identify the type of ghost with just a sealed photo was definitely an expert's sight.

The nine temples family had been responsible for exorcising demons and exorcising demons for generations.

Although nine temples still hated odd zhuo, this liar, it had to be said that Odd Zhuo seemed to be much better than her disappointing older brothers.

This instantly made Liangzi feel a little embarrassed and angry, then she said to odd zhuo, “But I think that a liar like you, who habitually hoards honor, should also have special knowledge about exorcising demons and exorcising demons.”

“How can nine temples believe the words of a five-or six-year-old girl?”

Odd Zhuo smiled calmly. “She said that the person who defeated the demon king was a boy. May I ask how old that boy was?”

“Ten years old,” nine temples Liangzi replied.

“Ten years old. No matter how talented a cultivator is, at this age, they are at most at the golden core. Can a golden core defeat a demon king?” Odd Zhuo smiled.

“Weren’t you also a golden core at that time?” Liangzi nine temples asked in return.

“As I said, the demon king at that time was already very weak after a series of attacks, so I just went to make one last stab.”

Odd Zhuo retorted, “I’ve already clarified this with a lot of the media. As for the increasingly outrageous rumors in the media about the ten-thousand-mile air sword... those are indeed exaggerated.”

However, Liangzi Jiugong didn’t buy Odd Zhuo’s explanation.

“It’s just your glib way of saying things.”

Liangzi Jiugong snorted. “Let me tell you something else, though the sun ghost girl in this photo looks like she’s only five or six years old. But that’s because she was this age when she died. That’s why her appearance has been frozen. “Goldie appeared in that area thirty years ago, which means that her mind is actually an adult’s mind.”

“I know what you want to say.”

Odd Zhuo replied, “Student Jiugong wants to say that what this sun traveller Ghost said actually has legal effect, right?”

“Yes, Liar.”

The corners of Liangzi Jiugong’s lips curled up. “So, did you panic?”

“I’m not.” Odd Zhuo shrugged indifferently.

“I know that just the excuse of a sun-roaming ghost is far from enough. So I have to find the boy that this sun-roaming ghost saw back then.”

At that moment, nine temples Liangzi stood up, propped herself up on the table, and suddenly took a step forward.

Her purple eyes stared at Odd Zhuo, and the two of them instantly closed the distance.

Liangzi jiugong: “According to our Jiugong family’s speculation. In recent years, you’ve been making extraordinary contributions, and many of the incidents seem to be off the mark, but in fact have a lot to do with No. 60 high school. So we have reason to suspect that maybe that boy is studying at No. 60 High School!”

They were too close together, and from this angle, they happened to be facing each other..

Odd Zhuo tilted his head slightly and pretended that he hadn’t seen anything. “Student Jiugong, you’re too close.”

Jiugong Liangzi hurriedly stood up and covered himself. “You... You Pervert!”

Odd Zhuo was instantly unconvinced. “Then I have to be able to see! You Don’t even have a student Jiugong, what kind of pervert am I?”

Hearing this, Jiugong Liangzi took a deep breath and tried hard to calm herself down.

Then, she quickly opened the office door and was ready to leave.

She only left Odd Zhuo with a cold back view. “Wait for Odd Zhuo, we’ll see.”

“I’ll handle the registration procedures for you, Jiugong. Goodbye, Jiugong.” Odd Zhuo nodded with a smile.

Bang!

Then, the office door was instantly closed.

Seeing Liangzi nine temples disappear, Odd Zhuo let out a long sigh of relief.

This foreign young miss.

She was a little difficult to deal with..

At that moment, Odd Zhuo glanced at the thumb ring on his thumb.

This thumb ring was one of the magic artifacts Wang Ling had given him. It was called the “Fake Heart Ring”, also known as the “Heart Substitution Ring”.

As its name implied, it was a ring that could use space to replace the heart. The heart in Odd Zhuo’s body was now a fake heart created by the heart substitution ring, the real heart was sealed in the heart substitution ring.

The heart was a vital part, and the heart substitution ring was originally used to insure the heart.

But it was different with Odd Zhuo.

Because the heartbeat of the fake heart didn’t belong to him..

Therefore, this was one of the important reasons why Odd Zhuo could remain calm in the face of questioning and thus deceive those “Lie-detection magic weapons.”.

In fact, the number of heartbeats of the real heart sealed in the “Heart substitute ring”space had really been in a panic

When Liangzi Jiugong had just approached, Odd Zhuo could clearly feel his heart beating even faster under the barrage of questions from the other party.

Chapter 1447 Looking For Dead Fish Eyes

Odd Zhuo hadn’t expected that nine temples Liangzi would come in such a threatening manner.

Since they wanted to further expand the market for the nine temples family in huaxiu, the current strategy of the nine temples family was probably to cut open the head office, which was currently in the limelight.

Odd Zhuo was mentally tired. There had already been quite a lot of doubt on the internet, and if nine temples Liangzi released all the evidence, it would probably cause another storm.

Who knew that the nine temples family would use a “Sun ghost”as a witness..

Because at that time, there really hadn’t been a third outsider in the core area.

If you had to put it bluntly, Fang Xing was one, but he wasn’t an outsider now, and even if the nine temples family could find him, given Fang Xing’s temper, he wouldn’t just say it like that.

“It looks like we have to discuss this matter with Shifu as soon as possible, and also tell him to be careful in the next few days.”Odd Zhuo vaguely felt that something wasn’t right.

He immediately sent Wang Ling a text message telling him to be careful of that girl called nine temples.

Because in their conversation earlier, nine temples had specifically mentioned the iconic feature of “Dead fish eyes.”.

Furthermore, she firmly believed that the dead fish eyes boy who had been present at the scene was studying at No. 60 High School.

“Shifu, be careful. There’s a girl called nine temples who seems to be searching the world for dead fish eyes... She’s suspecting something that happened six years ago.”

After editing Wang Ling’s text message, Odd Zhuo stored Jiugong Liangzi’s phone number in his phone based on the relevant information provided by the Jiugong family.

Name: to Queen A

Done!

Odd Zhuo closed his phone and sat down on principal Chen’s leather sofa to think for a while.

This girl Jiugong Liangzi..

Was indeed not easy to deal with.

But the other party had chosen to directly reveal their identity and come to No. 60 High School for an internal investigation; this was definitely a wrong choice.

Anyone who had killed a werewolf knew that revealing their identity at the start wasn’t a wise choice.

No. 60 high school was his territory.

It absolutely didn’t exist for them to cause trouble here.

At this thought, Odd Zhuo sent another message to another person. “Mistress, that Liangzi nine temples is investigating master. She came to register at school today, so be careful.”

On the other side, Lotus Sun replied almost instantly. “Who’s your master’s wife...”

Odd Zhuo could feel a stream of steam through the screen.

Hehehe.

There would be a good show to watch this time, even if he didn't handle it himself.

With Lotus Sun's personality, Liangzi Jiugong probably wouldn't be able to gain any advantage at No. 60 high school.

It had to be known.

The last girl who had come to get close to Wang Ling.

Had already been clearly arranged by Miss Sun.

"..."

"..."

On the other side, after receiving the text message, Wang Ling fell into deep thought.

He realized that people nowadays really couldn't help praising him.

When he had been in front of the school building, he had been secretly glad that this new Yoshiko nine temples hadn't come for him.

In the end, he hadn't expected it.

The other party had taken a detour.

In the end, they had still made a 100-meter dash in his direction.

To sum up, the only piece of evidence that Yoshiko nine temples had now was probably that “Sun Traveller Ghost” who had lived for several decades.

But this sun traveller ghost couldn’t be used as decisive evidence.

After all, everyone knew that the nine temples family had been responsible for ridding the school of demons and devils for generations, and who knew if this sun traveller Ghost was just making things up to save his life.

Thus, the reason why nine temples Liangzi had entered No. 60 high school was actually to find Wang Ling.

As long as he could find the boy that the sun-roaming ghost had seen back then, this would be crucial evidence.

After some calculations,.

Wang Ling roughly understood nine temples Liangzi’s thoughts.

He closed his eyes and released his spiritual sense.

He directly locked onto nine temples Liangzi’s position in school.

Logically speaking, Yoshiko nine temples was only here to register today. She could leave after she registered.

However, the other party didn’t seem to have any intention of leaving just like that..

..

Inside the school building, Yoshiko nine temples was walking in the school corridor with a haughty look on her face. She was like a black swan, exuding an astonishing cold and elegant aura.

The only thing that seemed out of place was the female bodyguard behind her, who was carrying a bag full of pancakes and fruits.

“Is this the transfer student from Sun Island? She’s so pretty...”

“She’s dressed like an all-darkness major! She can’t be a sick girl, right? You have to be careful when dating someone like her. She might end up like a Shiv!”

“Sigh, I realized that our president is still better. She’s too cold and aloof. I don’t dare to go up and talk to her at all.”

..

All the surrounding voices entered her ears.

Her eyes were like rays as they scanned the surroundings. Many people thought that she was angry and quickly shut their mouths.

In reality, she was secretly looking for a dead fish’s eye.

She would not easily get angry in front of outsiders. This was a good upbringing that she had developed under the traditional education of the nine temples family.

As a young lady, she had to have the bearing of a young lady. She enjoyed the resources that most people in the world did not have.

It was normal for her to have some criticism.

Therefore, nine temples Liangzi had long been accustomed to the discussions of outsiders.

Moreover, these words were not malicious. They did not even have the right to make her heartbeat rise and fall.

She deliberately slowed down her pace and walked past every classroom, searching for boys with dead fish eyes.

Then, she memorized their names.

Although no one dared to get too close to her during this whole process, the commotion was still a little too big.

After searching the first two classrooms, a girl seemed to have mustered up her courage and walked over to Yoshiko nine temples. She took the initiative to extend her hand. "Yoshiko nine temples, Hello!"

"You are?"

Yoshiko nine temples looked at the girl's hand. It was unknown what she was thinking about, but in the end, she did not shake it. She only said, "If you have something to say, just say it."

"I am the student council's Administrator... Our President would like to invite you to go." The short-haired girl smiled. She did not expect Yoshiko nine temples to be so cold and aloof. She awkwardly retracted her hand.

"Does your president often squeeze you?" Liangzi nine temples found it interesting.

She knew who the president of the Student Union of No. 60 High School was.

The Huaguo Water Curtain Group and the nine temples family also had business cooperation. At the family gathering, Liangzi nine temples had met Lotus Sun, but that had happened a few years ago.

"No... not this time... the president is very good to us." The short-haired girl was terrified.

"Then why is your hand the same as a chicken claw? One look and you can tell that you've been working on writing for a long time." Liangzi nine temples sneered. Then, he took out a bottle of unopened hand cream from his bag and handed it to the girl.

This was a hand cream specially made by the nine temples family. It was made with pure natural ingredients and had an immediate effect. The effect was especially good.

It couldn't be bought in the market.

"Yoshiko nine temples... This Is..."

"Don't misunderstand. I didn't give it to you because your hands are like chicken feet. It's just a fee to lead the way."

Yoshiko nine temples said expressionlessly, "Then, let's go."

"Okay..."the short-haired girl was flattered.

On the way, Yoshiko nine temples suddenly asked.

"Oh right, what's the Student Union system like? How is the President Chosen?"

"Of course, it's the annual referendum. Of course, if you have any objections to the president's work, you can also publicly impeach him."

"En."Yoshiko nine temples nodded and said.

"But, why did Yoshiko Ask This?"The short-haired girl was curious and had a bad feeling.

"Because I want to be the President."

Yoshiko nine temples answered in a concise and comprehensive manner.

Chapter 1448 Lotus Sun VS Liangzi Jiugong

When Lotus Sun received Odd Zhuo's text message, she almost immediately felt a sense of danger.

When she had seen Liangzi Jiugong's name on the list earlier, Lotus Sun had vaguely felt that the Jiugong family's motive for entering No. 60 high school was impure.

In the end, she hadn't expected that this scheme would be even bigger than she had imagined.

It was actually because of what had happened six years ago.

Although she didn't know why the nine temples family had blamed everything on Odd Zhuo, since this had something to do with Wang Ling, Lotus Sun naturally couldn't sit idly by.

It had taken her so long to finally find out about student Wang Ling's secret..

How could she let this secret leak out so easily?

"Liangzi Jiugong, right..." Lotus Sun took a deep breath, then directly used the student union's office computer to pull up the surveillance footage and get a hold of Liangzi Jiugong's current location.

Everything was just as Odd Zhuo had said. Liangzi Jiugong looked like he was strolling around the school, but in fact, he was deliberately checking out those boys with dead fish eyes.

The situation was even more urgent than she had imagined.

The young girl immediately sent a text to a student council executive, asking her to bring Yoshiko Kyoko to her office.

Thus, five or six minutes later.

This cold and aloof young lady dressed in a Dark Gothic style appeared arrogantly at the entrance of the student council office.

Seeing this, the female bodyguard behind her, who was carrying a bag of pancakes and fruit, hurriedly stopped the female executive and closed the office door.

There was a strong smell of gunpowder..

It was as if a big battle was going to break out at any time.

“Will they fight...”the female manager of the student union was a little worried.

“You’re thinking too much. It’s all miss, why would they fight? I’m actually saving you by pulling you back.”

“Saving me?”

“It’s not a good thing to know too much...”the female bodyguard said.

This was the experience she had gained from her many years as a personal bodyguard.

It was better not to get involved in a fight between young misses.

Otherwise, there was a high chance that she would be captured and sent to sink the river..

..

And sure enough, everything was as the female bodyguard had predicted.

It was impossible to start a fight, but the smell of gunpowder was indeed very strong.

Feeling the door behind her close, Liangzi nine temples walked quickly to her desk.

She propped herself up on the desk and stared at the calm girl with her purple eyes. There was a hint of killing intent in her eyes. “Lotus Sun, it’s been a long time.”

“Yeah, it’s been a long time.”

Lotus Sun smiled. “I didn’t expect you to choose No. 60 high this time.”

Because she had already experienced Liangzi nine temples' temper, she didn't feel uncomfortable with Liangzi nine temples' aggressive attitude.

Liangzi Nine Palace was an old friend of hers, so she knew him to a certain extent.

So for Lotus Sun, dealing with Liangzi nine palace might be more convenient than dealing with Yingying Jiang.

"We've all grown a lot. But with your realm, why haven't you broken through to the foundation establishment realm? I'm about to break through. To be able to break through to the Golden Core Realm in the first year of high school, isn't that amazing growth?" Liangzi Nine Palace found a chair and sat down, "Yes," she said.

It was normal for girls to compare themselves.

Lotus sun was used to it, and the expression on her face was obviously a little helpless. "When it comes to realms, let nature take its course. And it's useless for girls to just grow in realms."

"What do you mean?" Liangzi nine temples frowned slightly, feeling that there was a hidden meaning behind the words.

"You know what I mean." Lotus Sun smiled subtly and looked at the flat nine temples.

Sometimes, flat could be used not only as an adjective, but also as a noun..

Realizing that she had been countered by Lotus Sun, the corners of Liangzi nine temples' mouth twitched. "You... aren't you the same!"

"A little better than you, a little better." Lotus sun straightened her back, revealing her curvaceous figure.

In a situation where there was no obvious difference, a little better was the most painful thing.

It had to be said that Lotus Sun's words did have the effect of a lightning strike. Yoshiko nine temples felt like he was about to have a mental breakdown. He was embarrassed and angry, and didn't know what to say.

After all, this was a topic that only girls would compare and constantly pay attention to.

It could only be said that as No. 60 High School's student council president, Lotus Sun was indeed Lotus Sun. Such outstanding rhythmic ability... was indeed not something an ordinary person could do.

With just a few sentences, Liangzi Jiugong was thrown into chaos. He had even forgotten the purpose of coming to the student council in the first place.

Although... on the surface, Liangzi Jiugong's expression still didn't change much.

But Lotus Sun knew that classmate Jiugong's heart must be in a mess right now.

But just the fact that she could control her emotions and didn't show them on her face was enough to make Lotus Sun admire her.

This was indeed a worthy opponent.

But unfortunately, her rank wasn't high enough.

After a deathly silence, Liangzi nine temples took a deep breath, she braced herself and planned to get back at him. "Your family started out as a pill maker. So I actually have reason to suspect that you ate some special pill."

But to Liangzi nine temples's surprise, the girl sitting in the president's seat actually admitted it!

Lotus Sun: "Yes, student nine temples, I did take some supplements."

"You actually admitted it just like that?" Liangzi nine temples was shocked, and was surprised at Lotus Sun's chess moves.

She felt as if she was playing chess with Lotus Sun.

But she couldn't understand her opponent's chess moves at all..

It was okay to admit it directly... What kind of operation was this? !

Liangzi nine temples felt that this was actually something very private.

It was just like some celebrities who said they didn't get plastic surgery even though they had had it done.

And for girls...

That Part..

Of course, it was all natural, so they had the right to show off.

"Although I took the supplement, it was also all natural." Lotus Sun smiled. "Student nine temples should know very well the importance of genes."

"Genes?"

"The supplements I take can only stimulate the original genes, and thus achieve growth. But if the original genes aren't good enough, it's useless no matter how much you eat."

Lotus Sun smiled. "Just like some high-growth products on the market. If your parents aren't tall, no matter how much you eat, you won't be able to change your genes and grow taller."

The more Liangzi Jiugong listened, the more he felt that something wasn't quite right. "Explain clearly... what exactly do you mean..."

Lotus Sun quickly apologized. "Don't misunderstand, classmate Jiugong. I didn't mean anything by it. I just knew that classmate Jiugong might come to No. 60 high, so I prepared a welcome gift in advance."

With that, she opened the drawer and placed the gift box she had prepared on the table.

Liangzi nine temples walked over and caressed the gift box. “This is?”

“It’s a tonic I took,” Lotus Sun said with a smile. “As long as you take it, it’ll immediately take effect.”

“Heh, do I need something like this?”

Liangzi nine temples snorted, but still reached out and accepted the gift box with gratitude. “Don’t misunderstand, I only left it for my female bodyguard to eat. Who knows if there’s poison in it.”

“Understood.” Lotus sun nodded.

After accepting the gift, Liangzi nine temples immediately turned and left.

Only after the office door was closed did Lotus SUN’s expression completely relax.

Classmate nine temples was indeed very difficult to deal with.

But she had won this round..

Because the so-called “Tonic” in the gift box wasn’t a real tonic.

It was a mild hallucinogenic water called “The whole world is a dead fish’s eye potion.”

It could be achieved through [ingestion] or [inhalation] .

Those who were affected would continue to hallucinate for 72 hours.

Just like the name of the potion, everyone’s eyes would turn into dead fish eyes in the eyes of the affected person..

This was what Lotus Sun had expected to happen, and had specially entrusted the group's research department to secretly prepare the potion.

She hadn't expected it to come in handy this time.

..

On the other side, after Liangzi nine temples left the office, she immediately went to the ladies' room.

She couldn't wait to open the bottle of the "Tonic" and sniffed it, then frowned. "This should only take effect when taken orally..."

This made Liangzi nine temples feel deeply conflicted.

After all, this was something that had to be eaten into the stomach..

After careful consideration, Liangzi nine temples felt that it was better to be more cautious. "Ha, Lotus Sun... You're trying to trick me into taking the tonic, right? I'm not falling for it! I'm going to test it to see what it is."

So, she resisted the idea of not taking it and put it away again.

But Liangzi nine temples didn't know.

In fact, she had already fallen for it.

"The whole world is filled with dead fish eye medicine," and inhaling it was equally effective.

And this was also part of Lotus Sun's calculations..

Chapter 1449 Sugar Was Given Out

Although Liangzi nine temples had a deep desire for the "Tonic" in her heart, her rationality eventually overcame her desire.

This wasn't the first time she had fallen for Lotus Sun's trick.

At the banquet of a wealthy family, Liangzi nine temples had believed Lotus Sun's evil and consumed a pill that was said to be able to rapidly develop her body.

She had thought that this was the tonic of her dreams. But it turned out to be a rapid growth pill..

This directly caused Liangzi nine temples to lie down in a pile of hair after waking up that night.

Those who didn't know would have thought that they were shooting a sequel to "Resentment"..

But that was a long time ago. Everyone had their mischievous youth, and Lotus Sun was no exception.

"Lotus Sun, do you think I'll fall for it again after falling for it once?"Liangzi nine temples sneered in his heart as he confidently walked out of the washroom.

"Miss, how is it? Do you feel anything?"Beside him, the female bodyguard came over and asked.

"No, I didn't eat it. Because I thought it might be a trap,"Liangzi nine temples said calmly.

"Miss is wise."The female bodyguard nodded.

She was secretly glad that her miss was smart. "Actually, if Miss is worried, you can let me taste it next time. After you confirm that it's not poisonous, then..."

"Dream on."Yoshiko glanced at the female bodyguard. "You're already rich enough... If you continue to grow, do you want to inflate a hot air balloon into the Sky?"

The female bodyguard fell silent."..."

She lowered her head and didn't dare to make a sound. Meanwhile, Yoshiko was still staring at her with a strange expression. "Wait... Did you get plastic surgery?"

“Plastic surgery? No...”the female bodyguard panicked.

“Really?”Yoshiko was skeptical.

“No... I definitely didn’t get breast implants!”The female bodyguard said.

“Who asked you that...”

Yoshiko nine temples frowned. “I mean, why do I feel that your eyes are different from before? I remember that you have double eyelids, how come you have dead fish eyes now?”

“Dead fish eyes? No Way!”The female bodyguard quickly took out her phone and turned on the selfie mode to observe. The double eyelids that she had spent a lot of money to cut were still perfectly shining under the filter.

Damn it..

Yoshiko Kyushu rubbed the space between her eyebrows.

She felt that she must have been too eager to find the dead fish eyes boy, which led to some kind of illusion.

However, none of this was a big deal.

The road to find the dead fish eyes boy still had to continue.

She had already checked two classrooms earlier.

Just as she was about to continue the search, she saw the No. 60 high school alumni walking toward her. All of them were staring at her with dead fish eyes.

Liangzi Jiugong slowly asked a question mark:”?”

There were so many dead fish eyes in this school?

..

Because Odd Zhuo had sent the news in advance, Wang Ling had been absent-minded all morning in class, afraid that Liangzi Jiugong would find him.

So he had been secretly spying on Liangzi Jiugong's movements.

Unexpectedly, Liangzi Jiugong actually went back on his own just before noon..

As expected of Huaguo Water Curtain Group!

They could actually develop something as miraculous as "The whole world is filled with dead fish eyes"..

At that time, Wang Ling had been worried about whether it would be a blessing or a curse for Lotus Sun to find out about him.

Now it seemed that he might have been overthinking things.

With the family's technology and its ability to make money, the young girl could actually provide him with a very good cover.

This time...

It was all thanks to Lotus Sun.

Admittedly, Wang Ling was grateful from the bottom of his heart.

He felt that he should express his gratitude.

“Do I have to give you crispy noodle snacks?”

Wang Ling rubbed his chin, feeling a little conflicted.

It was a little too obvious to give him crispy noodle snacks.

After all, he was probably the only person in this class who could give him crispy noodle snacks..

Why not make it simpler.

Thus, while Lotus Sun was still in the Student Union office at noon, Wang Ling conveniently stuffed a big white rabbit milk candy into Lotus Sun’s pencil bag.

This was another childhood snack that Wang Ling liked very much.

It was just that he liked it far less than crispy noodle snacks; it was just an ordinary one.

Sometimes, in order to replenish the sugar in his body in time, Wang Ling would basically always carry around one or two.

Of course, the Big White Rabbit Milk Candy he was giving Lotus Sun now looked simple, but in fact, it had already been enlightened.

As for its effects..

Lotus Sun would only know after she ate it.

..

On the other side, Liangzi Jiugong, who thought that something was wrong with his brain, quickly returned to the high-end villa he was staying in.

This was a place under the Jiugong family's special territory for Liangzi Jiugong to continue his activities in Songhai city. The entire villa was priced at 600,000 yuan per square meter, which was undoubtedly a noble area.

The villa with a basement was divided into five floors, and above two floors were Jiugong Liangzi's own space.

The first floor was used to receive foreign guests, and the basement was occupied by security personnel and some scientific researchers.

"Miss, are you feeling better?" The female bodyguard poured a cup of hot water for Jiugong.

Neither she nor Jiugong had expected that they would be tricked on their first visit to No. 60 high school..

A private doctor carried out a detailed examination of nine temples Liangzi.

This was the accompanying doctor that nine temples had specially arranged for nine temples Liangzi. He was a very young but very experienced young man.

He had a very clean back hair and wore a pair of gold-rimmed glasses. He looked completely like an elite of society.

"Doctor Dahe, how's the situation?" The female bodyguard looked at the Doctor and asked.

Kimura dahe quickly came to a conclusion. "Miss must have been drugged by some hallucinogen."

"Hallucinogen?" Yoshiko nine temples frowned. "I didn't Take That Thing..."

"You don't have to take it. High-level hallucinogens are equally effective when inhaled," Kimura Dahe said as he put down the stethoscope.

"Inhaled..." Yoshiko nine temples seemed to realize something in an instant.

She didn't say anything, but clenched her small fists.

"It seems that miss already knows which part of the problem is." Dahe Kimura tried hard to control his smile.

"Don't talk nonsense. Is there any way to remove the hallucinogenic effect?" Asked nine temples.

"To remove the effect of the hallucinogenic agent, the right medicine is needed, but taking into account the analysis of the ingredients and the time taken to develop it... it often takes a long time. Miss's symptoms are actually not very strong. It should be able to resolve itself in about two to three days," said Kimura Dahe.

"This time, I underestimated the enemy."

Yoshiko nine temples sighed.

"There's still a long time ahead. Miss doesn't need to be too hasty."

Kimura dahe said, "Master has told us that the current situation is advantageous to us. So, as long as we follow the steps, there won't be any problems."

"I know." Liangzi nine temples nodded.

In fact, this time, even though she had fallen for the trap,.

Liangzi nine temples wasn't completely without gains.

If the dead fish-eyed boy wasn't at No. 60 High School, then why did Lotus Sun give her that potion to cover it up?

This meant that she was very close to the truth.

And it seemed that Lotus Sun must know something..

At that moment, the female bodyguard looked at the time and reminded her, “Miss, the online celebrity you’ve booked, Master Shouchong, is already at the door.”

“Yes.”

Liangzi nine temples nodded. “Tell him to wait for me on the first floor. I’ll go down after I change.”

Chapter 1450 Popular Civilian Scientist

Brother Black smiled, life and death were unpredictable.

Brother Chong built, ascended to heaven and self-destructed..

Taking advantage of fan Xing’s suicidal action last time, shouchong’s “Fully automatic escape apartment” was fiercely popular.

This led shouchong directly to the forefront of popular civilian scientists.

As one of the representative figures of the new generation of demon exterminators, Liangzi nine temples had always been extremely interested in cutting-edge technology.

Including the current nine temples family’s demon exterminators, many aspects had been combined with modern science, using technological intervention to complete various tasks, as a result, the customer satisfaction rate had also been greatly increased.

The matter of nine temples Liangzi Summoning Shouchong had actually been decided long before nine temples planned to come to Huaxiu.

In other words, before shouchong was completely like the current fire, nine temples family had already connected with shouchong.

While Shouchong was waiting in the living room on the first floor, the maid in the villa served him tea and snacks that had been meticulously prepared.

About ten minutes later, Yoshiko Jiugong changed into a kimono in the style of purple maple leaves. She slowly walked down the stairs on her wooden clogs.

On the back of the kimono was the Crow emblem of the Jiugong family.

This was considered a carefully prepared outfit by the Jiugong family out of respect for the scientists.

After going down the stairs, her purple eyes locked onto Shouchong.

This was the first time she had seen Shouchong in person. She was a little surprised that shouchong was as untidy as in the photo.

He was wearing a pair of straw sandals and a yellowish white coat. His face was full of stubble, and even his hair was a mess of seaweed.

Liangzi Jiugong felt that his good impression of him had instantly been greatly reduced.

She had met three people in total today.

Leaving Lotus Sun aside, the only people left were odd zhuo and shouchong.

Although Odd Zhuo, that liar, was very annoying, in terms of first impressions, Jiugong felt that he was really many times better than Shouchong..

At the very least, he was a clean man.

“Miss... Why don’t I let him go back?”The female bodyguard felt that the atmosphere was a little off and said in a low voice.

“I invited him here, how can I let him go back so easily?”Liangzi nine temples frowned.

Now, she had no choice but to bite the bullet..

Because shouchong had a very strange smell on him, Liangzi nine temples chose to sit on a sofa several bodies away.

Unexpectedly, just as she sat down, Shouchong's butt automatically moved toward her as if it was attached to a pulley.

Shouchong:"..."

"Hello, miss nine temples."Shouchong chuckled. "Although this is the first time we've met, I actually brought a lot of experimental magical equipment that hasn't been put into mass production yet. "For example, just now, when you saw me automatically close the distance between us, this was actually the effect of my [social nano underwear] ."

"Social... Nano underwear..."

"A while ago, there was a frequent outbreak of influenza. During such an epidemic, maintaining a good social distance is actually very important."

Shouchong began to introduce his product. "And this [social nano underwear] can automatically maintain a distance of about one meter from the person's line of sight at all times. "You don't even need to walk. You just need to sit like this, and your butt is like a pulley, automatically approaching..."

"What if the other party runs away?"The female bodyguard asked a very curious question.

"That's a good question, Miss,"shouchong said. "If the other party runs away, of course, they will automatically catch up. "The faster the other party runs, the faster the buttocks move. Therefore, the flaw of this product is that if the speed is too fast, the strong friction will easily burn the buttocks."

"As expected of Master Shouchong."

Upon hearing this, Yoshiko Takagi took a deep breath.

She suppressed the urge to curse and tried her best to maintain the dignity of the eldest miss.

After all, she was the one who invited him. She couldn't just throw a tantrum like that.

Also, Yoshiko Takagi had actually investigated Shouchong beforehand and knew that Shouchong had accumulated a lot of useless inventions..

However, whether these inventions were useful or not was not the key.

Liangzi nine temples had taken a fancy to Shouchong's unique designs.

"Master Shouchong should know why I came to find you."

"I've always heard that the nine temples family has attacked Huaxiu's exorcism market." Shouchong smiled.

After he became popular recently, he had actually been looking for a suitable partner to mass-produce his inventions.

The nine temples family had contacted him a long time ago.

He felt that this was a good opportunity.

He had also worked with Fan Xing before, but Fan Xing had an evil mind and seemed to be cursed by some evil thing. He had to go to the hospital every three days. It was really strange.

A good bird chooses its home.

Shouchong had long wanted to work in a different place.

No matter how rich Fan Xing was,.

How could he compare to the support of the entire nine temples family?

"As long as the nine temples family can use my products, I feel that I can definitely add wings to the cause of exorcism and exorcism. Now, let me introduce..."

“Master, Please Wait.”

Nine temples Liangzi did not plan to let Shouchong continue his introduction, instead, he planned to get straight to the point. “We do need some high-end scientific research products to help our nine temples family expand the market, but it’s hard to say whether the magic treasures developed by master meet the needs of our nine temples family.”

“Miss Jiugong, if you need custom-made magical treasures, that’s fine too. Why Don’t you tell me what you think,” Shouchong said.

“I need to find a boy with dead fish eyes. But it has been six years, and this boy is now 16 years old.”

“Do you have any relevant clues?”

“The only clue at present is that this boy may be in the high school where I’m about to transfer to.” Jiugong Liangzi frowned. “And I’m not sure if he has undergone plastic surgery.”

“Plastic surgery doesn’t matter. You can change your appearance, but you can’t change your genes. If we have the genetic data related to this boy, it might be much easier to find,” Shouchong said.

“The only clue we have now is the testimony of a sun-roaming ghost.”

Liangzi Jiugong felt a headache coming on. “Compared to the time when he was just a boy, his facial features haven’t fully developed yet. The Jiugong family also found many masters who predicted the appearance of the boy after he grew up according to the description of the sun-roaming ghost. The result was not reliable.”

“So, what is Miss Kyoko’s demand?” Shouchong felt that things were somewhat interesting.

“I hope that Master can develop a magic treasure to help me find this dead fish-eyed boy.”

“It’s going to be difficult... and the research and development fee...”

“Is five billion enough?”

“Deal.”
