

Daily Life 1451

Chapter 1451 Party A And Party B

“My Research and development has always been fast. It only takes a week for an experimental version of the Magic Treasure to appear. Before that, please be patient, Miss Jiugong.”

At this moment, Shouchong stood up and said with a smile, “I have a general idea of the design, so I’ll take my leave first, Miss Jiugong.”

“As expected of master shouchong. I look forward to your research and development results.” Jiugong nodded. She tried her best to squeeze out a smile, but unfortunately, the expression on her face was still very stiff.

“No problem.” Shouchong smiled.

“Later, I’ll arrange for someone to go to Master Shouchong’s research institute to sign the contract. The five billion research and development expenses will be paid immediately.”

“Miss is straightforward.” Shouchong saluted.

Then, he quickly took his leave.

Five billion in research and development fees, this was something SHOUCHONG had never even dreamed of.

After all, it was the nine temples family. Their generosity was different. Compared to a self-employed person like fan Xing, the abundance of funds made shouchong very satisfied.

With such a huge amount of research and development costs, he was one step closer to his “Big Plan.”

Shouchong’s big plan came from an extraterrestrial meteorite wrapped in black light. This meteorite was still sealed in his research institute. Although it was only 0.5 g in size, it contained a huge amount of energy.

Moreover, this small meteorite had a shocking amount of radiation and had the magical power to decompose spiritual energy.

If it could be used well.

Perhaps this small black meteorite could provide wireless energy.

Just like the legendary “Artificial sun”.

And this was Shouchong’s “Infinite Energy Grand Plan”.

He gave this black meteorite the size of a grain of sand a very nice name: Eternity.

The nine temples family spent five billion on the research and development of the magical treasure to find the dead fish-eyed boy. In fact, Shouchong felt that it would only cost tens of millions to develop such a magical treasure..

As for the rest of the money, he could put it all into his big plan.

Between Party A and party B, party B seemed to be a disadvantaged group, but in fact, as long as they were good at calculation, they would not suffer too much.

Especially for such research expenses.

The exact amount of investment was up to Shouchong himself.

Even if he took it to the valuation in the end, he would not be able to estimate any problems.

After all, knowledge was priceless.

However, Shouchong estimated that he would need at least 20 billion yuan to document his “Unlimited Energy Project.”.

Although he had received 5 billion yuan in research and development funding from the nine temples family, it was still far from enough.

So, around that night.

Shouchong went to another person's house.

That was Lotus Sun's villa..

"Hello, I've long heard of Master Shouchong." Upon meeting her, the girl took the initiative to go up and shake Shouchong's hand.

This surprised Shouchong even more. He had deliberately made himself look sloppy, and many passers-by had pinched their noses and rolled their eyes at him when they saw him.

When he had first arrived at the nine temples residence, Shouchong had even clearly felt that nine temples Liangzi was trying his best to endure.

At that time, he had secretly admired the cultivation of the eldest daughter of the nine temples family. He hadn't expected that Lotus Sun's generous and warm handshake would give Shouchong a brand new shock.

It was said that this eldest daughter of Huaguo Water Curtain Group was generous and decent, and it was indeed true..

"Miss Lotus Sun, please wait a moment."

Seeing that Lotus Sun was so enthusiastic, Shouchong naturally wouldn't be rude. He took out a spray and sprayed it on his hand, cleaning it slightly, then he shook her hand. "I hope Miss Sun won't take offense. I just came out of the lab, and it's a little messy..."

"It's okay, I understand."

Lotus Sun smiled and nodded. "Please sit, Master."

Then she snapped her fingers.

Aunt Qiu, who had been waiting for a long time behind them, brought them tea and pastries.

In fact, this meeting with Lotus Sun had been decided by Shouchong at the last minute.

After coming out of the nine temples family, he actually had a few investors that he wanted to meet. These investors were all very interested in his novel magic treasures.

Although 20 billion research funds was an astronomical figure, he could only find a few more fathers of the first party. If he gathered enough, he would be able to gather enough.

But what Shouchong didn't expect was that right after he came out of Shouchong's house, this miss sun of Huaguo Water Curtain Group had actually taken the initiative to contact him..

This was a big fish!

One person could make up for hundreds or even thousands of investors.

For the sake of his research funds, shouchong certainly wouldn't miss out on such a cash-rich customer.

"I'm not a person who likes to beat around the bush. I asked Master Shouchong to come here today because I wanted to ask what kind of magic treasure miss nine temples wants you to invent." Lotus sun was wearing a long blue dress, she held a tray in one hand and a black teacup in the other. Her back was straight, displaying the figure and grace of a young lady.

Shouchong fell silent and smiled bitterly. "This matter involves client secrets..."

"I don't think the relevant contract has been signed yet. Since it hasn't been signed, then the contract is just a piece of waste paper to wipe your ass. How can it be considered a leak of Secrets?" Lotus Sun smiled.

"But even so, I can't say..." shouchong frowned and decided to remain silent.

Although his goal was to raise funds, he still had professional ethics.

“Even if master didn’t say it, I would know.”

At that moment, Lotus Sun looked at Shouchong and said, “Miss Liangzi Jiugongzi, did you entrust master to create a magic treasure like a dead fish-eyed boy?”

Shouchong’s pupils instantly trembled.

“This...” Shouchong’s eyes widened in disbelief.

He didn’t know where Miss Sun had gotten this information from.

He was even more amazed at the young girl’s intelligence control.

Of course, Lotus Sun wouldn’t be able to do this without alerting the family.

Nine Temples was a dangerous person.

So after Nine Temples Liangzi left school, Lotus Sun immediately contacted Grenade-throwing Senior Immortal and asked him to use the War Sect’s intelligence network to monitor all of Nine Temples Liangzi’s actions.

During this time, what Nine Temples Liangzi had said, what he had done, who he had met... in fact, everything was within the War Sect’s intelligence.

And in fact, there was already a spy arranged by the War Sect in the Jiugong family’s villa.

“It seems that what I said was completely correct.”

Lotus Sun smiled faintly. “I actually understand why master didn’t want to say it. But this information leak had nothing to do with master. And the purpose of my visit to master this time is very simple. I hope that Master can develop a magic treasure that can interfere with the opponent’s magic treasure.”

“What Miss Sun means is...”

“What she means is that the nine temples want you to develop a magic treasure. You just need to develop a magic treasure that can counter it in the opposite direction,” Lotus Sun said.

“Reverse development... it’s difficult, and the research and development costs aren’t cheap...”

“Didn’t she give you a price of five billion?” At this moment, Lotus Sun raised her eyebrows.

“Yes. Could it be that Miss Sun can also offer such a price?” Shouchong was curious.

“No.”

The girl put her Black Teacup back on the coffee table and smiled. “I’ll triple it.”

“What did Miss Sun Say...”

Shouchong couldn’t believe his ears. “Triple it?”

“It’s just for fun. I’m working hard to keep a low profile, but sometimes I have to make a move.”

At this point, Lotus Sun smiled indifferently. “If the nine temples want to play, then I’ll play with her.”

” ...”

Shouchong wiped his sweat.

Now, he had completely understood that this was a war between women!

Women were really scary..

Fortunately, he hadn't married yet.

It seemed that he would spend the rest of his life like Ku Xuan, a shameless thing that he couldn't bear to explode at his birthday party, living happily with miss ten fingers..

Chapter 1452 Full Support From Sun Yiyuan

15 billion was not a large sum for Huaguo water curtain group, which was extremely rich.

Compared with the "Dream-specific fund" that Sun Yiyuan spent every year on stocks, investments, charity and realizing the dreams of others, 15 billion was just a drop in the bucket.

But to move such a huge sum of money, it still needed to be approved by the family.

That night, after Lotus Sun made this decision, the executives of the group, who had yet to discuss it, were all shocked. They hurriedly got out of bed to find out what was going on.

In their knowledge, the usually obedient and sensible girl had never moved such a huge sum of money.

A few executives of the group quickly held a video conference. They discussed the use of the huge sum of money in their respective homes.

"Invest in a scientific research project? or give it to that popular online scientist, Shouchong?"

A senior executive of the group's board of directors frowned. "This project must be compensated... In my opinion, that Shouchong is a fraud. "There are actually quite a number of such frauds in Civil Science. They specialize in inventing useless magical treasures to eat patent fees and attract attention."

"So it's this person, I know."

One of them nodded and said, "I remember that fan Xing was seriously injured a while ago. It seems to be related to this person. "Although they designed a fully automatic escape apartment, they said that because they didn't have enough funds, they weren't responsible for landing... that caused fan xing to fall directly into a human-shaped slime after landing."

“I also have an impression of this matter...”

“The key is that it should be useless even if we object. The final decision is still in the hands of Director Sun...” another board member sighed.

They were only minority shareholders, although they had the right to object and participate in the meeting.

However, if grandfather Sun decided on it, there was indeed no room for maneuver.

After all, Sun Yiyuan’s shares still occupied the majority.

So now the question was, why would the usually sensible and obedient miss have a relationship with this popular online scientist..

This matter puzzled many directors.

At present, there were sixteen board members in the video conference.

It was related to their own interests. These people could also gather some information by integrating the intelligence network in their hands.

About half an hour later, someone received an anonymous intelligence message. “I know. This matter... seems to be related to the nine temples family.”

“The nine temples family? I remember that they just sent nine temples Liangzi, who is known as the symbol of the younger generation of the nine temples family, to exchange and learn. They even specially selected No. 60 High School...”

“That’s right, this information is very reasonable. The dispute over everything this time may have started because of the nine temples family.”

A director said, “According to my information, the Miss of the nine temples family first went to shouchong... and Lotus Sun probably decided to go along with it because she was angry.”

“Was it because she was angry that she had the idea to invest?” Many board members laughed loudly in the video.

Everyone in the Sun family said that director Lotus Sun was obedient and had a unique eye, but such a young man’s behavior still made the old foxes of the board of directors laugh.

She was a girl after all..

She was someone who would inherit the family business and manage an entire group in the future, and now it seemed that she was still lacking quite a bit of skill.

“By the way, is the information reliable?”

“100% , but the source of the information... allow me to keep you guessing.”

“Forget it, it doesn’t matter where you got the information. As long as it’s reliable. In addition, do you know why these two young ladies were so angry that they invested in shouchong?” The board member who initially jumped out to oppose said.

His surname was fan, and his name was fan mingliang. In fact, fan Xing was his nephew.

Therefore, fan mingliang almost had a natural antipathy towards shouchong.

He wanted to find out as much as possible about the situation because this way, there was sufficient reason to prove that this investment was due to the anger between the young ladies and ultimately blocked the group’s funding.

For the sake of the young girl’s reputation as a prodigal daughter, given grandfather Sun’s temper, there was a high probability that he would agree to block the funding.

In fact, during the video call between the members of the board of directors.

Grandfather Sun was also in-depth understanding of the details.

On the other side of the video call was still the chief secretary, Jiang Xiaoche.

“Master, 15 billion, it’s not a small amount...”Jiang Xiaoche’s expression was very serious.

“What about the reaction from the board of Directors?”Sun Yiyuan asked.

“They thought that this was the result of the young miss getting angry with the young miss of the Nine Palace family. Shouchong is not reliable... if we invest in him, we’ll probably lose money,”Jiang Xiaoche said truthfully.

“I knew they would say that.”

Grandfather Sun smiled.

Lotus Sun was still young, so it was expected that her words would have no weight.

Although the Huaguo Water Curtain Group, he is the real control of the whole cake, holding a cake knife.

However, it must be admitted that the cake is not his alone after all.

It is also important to look after the interests of the rest of the board.

“In the impression, Rong Rong seems to have never moved such a large sum of money.”The old man grumbled while also thinking.

On the contrary, he felt that this was not the result of a fit of pique.

If he used such a sum of money and lost money in the end, the consequences could be imagined... the board of directors would definitely use this to make a fuss and prevent her granddaughter from taking control of the family business in the future.

His granddaughter was also watched by countless people.

He could make a decision on the allocation of funds.

But whether or not she would be qualified to inherit the company in the future would depend on her own ability..

If she didn't have enough ability.

Then she could only entrust it to a third party.

Grandfather Sun had been carefully grooming lotus sun all these years.

Because Huaguo water curtain group had been personally groomed by him. After sowing, fertilizing, watering, and the baptism of time, it had now grown into a towering tree full of fruits.

As for the owner of this fruit tree, grandfather Sun did not want to transfer it to anyone else.

“Master, the board of directors is still waiting for a reply.”

“I know.”

Grandfather Sun said. Facing the video, he revealed a smile. “I have actually thought about it. I think that Rongrong would not do this kind of uncertain project.”

“But if it is a loss...”

“How about this. You Go back and tell the board. I'll sign a betting agreement with all the board members.”

At this moment, grandfather Sun crossed his fingers, dragged his chin, and narrowed his eyes as he looked at Jiang Xiaoche.

“Betting agreement? !”Jiang Xiaoche was shocked.

“If Rongrong makes a profit on this investment, she will be the future heir of my Huaguo Water Curtain Group. If she loses money, then according to the betting agreement, I will choose a third party to act as an agent.”

“This...”Jiang Xiaoche opened his mouth in surprise.

He felt that this matter was a little big.

“Master, are you sure you don’t want to reconsider...”Jiang Xiaoche frowned.

“Xiaoche, I know. There are a lot of stocks and investments in the group. You didn’t listen to my opinion at all... Instead, you made money.”Grandpa Sun smiled bitterly.

”...”

“Sometimes, right and wrong are half and half records.”

Grandpa Sun smiled and said, “When I’m old, although I made a lot of wrong choices and inferences, I still believe in Rongrong. I believe that my decision can always be matched with the previous one.”

“Master...”Jiang Xiaoche was moved, and there was a bit of gratitude in his eyes.

Having such a grandfather was really too enviable..

“Forget it, I’ll talk to the board directly. Help me cut the video.”

At this time, Grandpa Sun’s words interrupted Jiang Xiaoche’s thoughts.

Facing the members of the board.

Besides the contents of the bet agreement.

Grandpa Sun only had two words left: transfer the money!

Chapter 1453 Wang Ling's Milk Candy

The deal with Lotus Sun had been reached.

Shouchong was escorted out of the villa by the Commissioner assigned by Lotus Sun, in order to prevent the nine temples family's spies from spying nearby.

Since war ancestor could arrange spies in the nine temples family, there was no guarantee that there would be a mole in her villa.

Therefore, the girl immediately carried out the following plans.

First: use Ao Hai's sword Qi to form a sword barrier. Within the villa, no communication signal could be transmitted out. If there was a mole in the villa, not only could it effectively block the signal, even the communication talisman would be intercepted by Ao Hai.

Second: she asked Sun Ying Er to help and remember the shadow of everyone in the villa. If there was a new maid, the new shadow could be immediately captured by Sun Ying Er.

Of course, this was also possible if Aunt Qiu specifically asked for information and then recognized each and every one of them.

But if the commotion was too big, it would be easy to give the game away.

Finally, and also the third point: before Shouchong left the villa, Lotus Sun had the maid in the villa take a shower and change into a neat new suit.

To avoid places outside the villa where the sword qi barrier of Ao Hai couldn't cover, there were spies of the nine temples.

Even if there were spies, they probably wouldn't be able to recognize Shouchong at first glance.

The above decisions were decisive, Swift, and clear. Shouchong was amazed by them.

On the way out of the Sun family villa, Shouchong had already started to make plans..

Now, he had two parties in his hands.

Lotus sun and Liangzi nine temples.

But after this comparison, it was already obvious which party was more powerful.

Although it was true that the eldest daughter of the Sun family had provided him with 15 billion yuan, it was clear that this eldest daughter was not someone to be fooled.

So Shouchong felt that it was necessary to be a little more serious about the research and development of the magic treasures that Lotus Sun had given him.

At the very least, he needed to develop a sustainable and profitable magical equipment..

After this wave of research, his 20 billion research funds for the “Great Unlimited Energy Project” had been barely realized.

Lotus Sun had treated him well... it was mainly because this father of party A wasn't easy to fool, so Shouchong felt that he had to be a little more serious about his research on Lotus Sun's side.

Of course, there was also a factor in Shouchong's intuition.

He didn't know why, but during the conversation with the eldest daughter of the Sun family, Shouchong felt a chill run down his spine..

..

On the other side, after Wang Ling finished his homework in the study, he had been observing the movements in the Jiugong family Villa and Lotus Sun's side..

Of course, he hadn't intentionally been spying on these two girls.

He had just been purely curious as to what these two girls were up to..

The result was a huge shock to Wang Ling.

For his pair of dead fish eyes, the two girls had actually invested a total of 20 billion in research funds.

Although this wasn't his money,.

Wang Ling's first reaction was still heartache..

20 billion!

How many crispy noodle snacks could he buy? !

Wang Ling remembered that some time ago, there had been news about the death of the god of gamblers.

This legendary God of gamblers had left behind a fortune of 500 billion for his children..

Someone did a simple calculation.

What was the concept of a fortune of 500 billion?

If a person could live to be 100 years old, then that person would have to spend about 13.69 million yuan every day from birth until they died of old age... only then would that sum of money be completely spent.

Was this the life of a rich person.

Although Wang Ling's current life was plain and not poor, father Wang's meager royalties weren't to the point of squandering tens of billions

“If you want to live a rich life, you can marry into the family.” Wang Ying crossed his arms and leaned against the door with a smile.

”...” Wang Ling still glanced at Wang Ying with a dead look on his face.

It was impossible to marry into the family.

Whether he had money or not didn’t really matter to Wang Ling.

In any case, as long as he had enough money to buy crispy noodle snacks, it would be fine.

Money was such a thing.

It was meaningless in Wang Ling’s eyes if he didn’t bring it with him when he was alive or when he was dead.

But sometimes, it was quite interesting to have an illusion.

For example, Wang Ling remembered that he had fantasized about it when he was young.

If everyone in the world gave him a dime, wouldn’t he be the richest person in the world

“Lord Ling, is this all you feel about this 20 billion?” Wang Ying looked at Wang Ling.

Wang Ling was expressionless. He didn’t really understand what Wang Ying meant, but he knew that there was clearly a hidden meaning behind his words.

“She did it all for...”

Wang Ying opened his mouth, but couldn’t finish his sentence in the end.

He knew that as long as the talisman seal still existed, his family's lord would always be like this... at this stage, this was something that couldn't be changed.

He could only wait until one day, when Wang Ling could truly control his power, then perhaps he would be able to understand..

But when that time came, perhaps the emotions that had been suppressed in his heart would suddenly burst out like a blowout.

Wang Ying stroked his chin and thought about what might happen in the future.

He was instantly very curious.

..

After sending Shouchong off smoothly, Lotus Sun began to finish the homework that the school had assigned her.

The girl had woken up early to make up for her homework a few days ago because of the Rubik's Cube collection.

But there was no need for that now. The subsequent Rubik's Cube collection work had been suspended because it was said to be very risky.

So, was Wang Ling actually still thinking about her?

Thinking of this, Lotus Sun was in a great mood.

As she sorted out her homework for the night, she opened her pencil case.

Although there were quite a few papers, these questions weren't difficult for the girl. Once she settled down, she could finish one in ten minutes.

Under the teachers' Sea of questions tactics, most of the multiple-choice questions had already formed a directional thinking. If she did too much... She didn't need to examine the questions at all. She could tell where the answers were just by looking at the choices.

As her fingers were reaching into her pencil bag for a pen, a big white rabbit milk candy suddenly caught the girl's attention.

Lotus Sun was instantly stunned.”?”

Why was there a candy in her pencil bag..

Behind her, Sun Ying 'er looked like she was watching a show. She resisted the urge to spoil the show and observed the girl's reaction when she saw the candy.

At that moment, the girl picked up the Big White Rabbit Milk Candy and put it in front of her nose to sniff it carefully. “This candy... seems to have classmate Wang Ling's scent on it...”

“DAMN! You can even smell it!”Sun Ying 'er was shocked.

“Ying 'er, you knew this all along?”Lotus Sun was surprised.

“Yeah, but seeing that you were so focused on dealing with that mistress of nine temples, I didn't warn you and wanted to wait for you to discover it yourself. I didn't expect your sense of smell to be so strong!”Sun Ying 'er was shocked.

“Classmate Wang Ling... has always had a very faint smell of soap...”

Lotus Sun was a little shy. “Also, don't say that about student nine temples.”

“Alright, after all, it hasn't been decided yet.”

Sun Ying 'er nodded, and then looked at Lotus sun curiously. “How about it? Do you want to try it? Ling Zhenren's Candy has been enlightened and has special effects!”

“It’ll expire...”

“Of course it won’t.”

“Then I’ll have to keep it,” Lotus Sun said with a smile.

There was only one candy.

It would be a pity to eat it just like that..

Sun Ying ‘er spread her hands helplessly. “I knew you wouldn’t be able to bear it. Do you still want to insure the candy?”

Her words made Lotus Sun’s eyes light up. “Ying ‘er, although you’re usually very outspoken, you’ve finally brought up a great idea!”

Sun Ying-er:”...”

Lotus Sun Thought for a moment. “I still have some pocket money left this month, so I’ll buy the insurance with the remaining pocket money! When I get my pocket money for next month, I’ll renew the insurance.”

Sun ying-er: “So how much pocket money do you have in a month?”

Lotus sun: “Not much, just one billion.”

Sun Ying-er:”...”

Chapter 1454 Jiang Xiaoche’s List Of Fake Lovers

The operation of insuring milk candy was superb. Although Lotus Sun had paid for the money herself, Jiang Xiaoche was still the one to handle the matter.

Jiang Xiaoche had just signed a bet agreement with the board of Directors. After settling the issue of the 15 billion yuan, they immediately contacted the insurance company overnight for Lotus Sun..

He felt like a tool maker.

But he didn't feel annoyed at all. Being asked to do things by Lotus Sun made him feel like he was being relied on.

Very good.

By the time he was done with everything, it was already close to 10 pm.

Only then did Jiang Xiaoche remember that he had a dinner with Jiang Yingying.

Jiang Xiaoche had booked the hotel beforehand. Because of the board of directors issue, Jiang Xiaoche had sent a text message to Jiang Yingying, asking her to wait in the hotel for a while. In the meantime, she could go to a health spa or something... of course.., the expenses were completely settled by Jiang Xiaoche.

Jiang Yingying was a smart girl.

The hotel cost a lot. With her pocket money, she couldn't afford it at all.

The main reason was that she was worried that Jiang Xiaoche would stand her up, so Jiang Yingying waited carefully in the hotel restaurant from the beginning to the end.

Just when she thought that Jiang Xiaoche had really stood her up.

In the distance, a tall young man with a straight nose and a pair of vintage glasses walked over to her. Then, he pulled out the chair in front of her and sat down. "Sorry, I'm late. I had a last-minute mission."

The first time she saw Jiang Xiaoche, Jiang Yingying's impression was that this "Archer" in front of her was similar to the image he had imagined.

He wasn't as handsome as she had imagined, but his appearance was the kind that was pleasing to the eye..

"I'm fine..."seeing that Jiang Xiaoche had successfully arrived, Jiang Yingying secretly heaved a sigh of relief.

Finally, she didn't have to worry about her wallet anymore.

"You didn't go to the Spa?"

"That... No..."Jiang Yingying blushed.

She felt that if Jiang Xiaoche knew that she didn't go because she was afraid of being stood up, she would be laughed at.

"Hahaha, it's okay. It's normal for girls to be cautious when they go out."

Jiang Xiaoche smiled to smooth things over. Then, he took the tablet on the table and began to order. "Is there anything you don't Like?"

"Spicy, not very edible..."Jiang Yingying said.

"Good, I don't like spicy food either."Jiang Xiaoche nodded and began to order at lightning speed.

He was very familiar with the menu of this hotel.

Originally, the restaurant in this World Hotel had already closed for business, but the chef in the kitchen had never left work.

Because this hotel was opened by Jiang Xiaoche himself.

"Brother Archer, did you encounter any case just now?"Jiang Yingying asked curiously during the ordering process.

Previously, Jiang Xiaoche had told her that he was a detective.

Jiang Xiaoche often lied to girls. Moreover, the best part was that he almost never made a mistake. He could easily make up an identity and story, as well as the girl whose background corresponded to this identity, he remembered it clearly.

“Yes, it’s indeed a very difficult case. A rich woman embezzled 15 billion from the public fund to protect a gigolo.”

Therefore, he answered almost instantly. Naturally, people thought that he was a real detective.

“15 billion...”Jiang Yingying was surprised.

Although she was the granddaughter of the ten generals, Marshal Jiang had always been honest. Jiang Yingying had never heard of such a huge number.

“Not only that, she also plans to spend more than a billion to insure the gift given to the gigolo,”said Jiang Xiaoche.

“What gift? Diamond Ring? Gem?”Asked Jiang Yingying.

“A milk candy,”said Jiang Xiaoche.

“Is it necessary... It’s such a waste of money!”

Jiang Yingying felt contempt for such evil capitalist behavior.

“Exactly! I also think it’s a waste!”Said Jiang Xiaoche.

He looked at Jiang Yingying and said with a smile, “So next, should we discuss the matter of pretending to be a couple on the weekend?”

“Okay...”for some reason, Jiang Yingying suddenly felt her heart beat faster.

Perhaps it was because of the current atmosphere, or perhaps it was because the Jiang Xiaocheng in front of her was gentler than he had imagined..

“This is the list of details of pretending to be a couple. You can choose the acceptable options. “In addition, I will pay for all the expenses involved.”Jiang Xiaocheng adjusted his glasses on the bridge of his nose, he took out the list from his inner pocket and handed it to Jiang Yingying.

The title of the list: List of fake couples’agreements

1: Hand-holding

2: upgraded hand-holding (fingers locked)

3: Hug

4: upgraded hug (rear-entry)

..

When Jiang Yingying saw the fourth item, she felt bad. “What... What’s rear-entry...”

“It means hugging you from behind. Doesn’t that make you look more like a couple? It makes you look more intimate,”Jiang Xiaocheng explained.

And then..

5: shopping for clothes together

6: buying clothes for the upgraded version (going to the fitting room together)

7: eating together

8: eating together for the upgraded version (feeding each other in front of everyone)

9: Kissing

10: Kissing for the upgraded version (Deep French-style drum washing machine)

Jiang Yingying: "..."

..

On Friday the 11th of December, when Wang Ling went to school again in the morning, he found that Grandpa Pancake Fruit's pancake stall at the entrance had already become a large flagship store.

There were even employees helping out..

Although Liangzi Jiugongzi was a troublesome person, she was basically a dead tsundere.

But from this matter, she was a person of her word and wasn't actually a bad person.

Most importantly, this girl also liked crispy noodle snacks..

Wang Ling felt that the strategy to deal with Liangzi Jiugongzi didn't necessarily have to be the same as the previous physical memory wipe. It wouldn't be bad if he could turn it into an ally.

This was the first day that the flagship pancake store had opened, and most of the people who had come to buy pancakes were regular customers. Many of No. 60 High's alumni were surprised at the change in just one night.

The happiest person was naturally the old man at the pancake stall. "Yo! Classmate Wang Ling! Come quickly! Today's pancakes are all on me!"

When Wang Ling walked over, the old man pulled him aside, he said very softly, "This time, I really have to thank classmate Wang Ling! It's true that the school says you're the mascot. When you came to buy pancakes yesterday, you instantly helped me attract angel investors!"

Wang Ling: "...this actually had nothing to do with him at all!

The old man: "In the future, if you want to eat pancakes, just let me know. I can still afford one pancake. It's on the house!"

"Thank you..."

"No need to thank me, who's with whom!" The old man nudged Wang Ling with his elbow and then said something to him. "Also, Wang Ling, there's something else I want to tell you."

Wang Ling: "..."

"Actually, what I want to say is that student Jiugong. Although she helped me open a shop, she seems to have a strange request..."

The old man said, "She asked me to help record those dead fish-eyed boys."

Wang Ling: "..."

Chapter 1455 Lotus Sun V S Jiang Yingying

For the first time, Wang Ling realized that his dead fish eyes were actually so valuable.

When he had been born, mother Wang, who was passionate about double eyelids, had even despised this... if it hadn't been for the fact that the plastic surgeon's knife couldn't cut through Wang Ling's eyelids at all, he would have been forcefully cut into double eyelids long ago.

But as she grew up, mother Wang's obsession with double eyelids gradually dissipated.

After all, he was her own son.

Since he was her own son, the more she liked him, the more she liked him.

And now...

Liangzi Jiugong and Lotus Sun had actually made such a big fuss over his eyes..

Putting aside Lotus Sun's 15 billion, just Jiugong alone had already invested a lot.

They had invested a huge sum of money to defend the flood, and had also helped the old man set up a flagship pancake store for surveillance.

They had actually thought of directly letting old master Chen monitor them at the school gate; this was a pretty good operation.

There would probably be other operations in various areas after that..

Fortunately, Wang Ling had always had a good relationship with the old man.

Naturally, old master Chen wouldn't easily betray Wang Ling.

There was a reason for this.

It was said that uncle Chen's grandson also had dead fish eyes, but had fallen seriously ill a few years ago and died young.

So every time uncle Chen saw Wang Ling, he felt as if he was looking at his own grandson.

After half a semester of familiarity, the relationship between them naturally grew closer.

"Wang Ling, do you think this girl has taken a fancy to you..."uncle Chen suddenly said at this moment.

Wang Ling felt that Uncle Chen's idea was very dangerous.

It was time to use his disciple!

As his chief great tool... No, to be exact, his chief disciple.

Odd Zhuo's purpose was to come out and block the arrow at this time.

Jiugong's purpose was different from Jiang Yingying's.

The main reason was to find him and interrogate him in person to expose the fact that Odd Zhuo had taken the blame for him back then.

But there was no way Wang Ling would let Liangzi Jiugong get away with this.

..

After Odd Zhuo received Wang Ling's text, his expression in the office of the general administration was unusually calm.

After meeting Liangzi Jiugong in the principal's office yesterday, Odd Zhuo knew that this young miss would definitely cause even more trouble in the future.

As for the aggressive Liangzi Jiugong, Odd Zhuo naturally already had a plan.

Grenade-throwing senior immortal was sitting to one side in his office.

This time, he was the one who had come to Odd Zhuo's office to discuss the situation.

After all, Odd Zhuo had his own job to do..

It seemed a little unprofessional for the general administration of 100 schools to visit the war sect every day.

The alliance chief election for the Myriad Schools Alliance was coming up soon, and Odd Zhuo had to be more careful at this juncture.

They were all brothers in the war sect, so it didn't really matter who went to whom's door.

Grenade-throwing senior immortal was actually a very casual person.

As a qualified unit of combat strength, although he was the head of a sect, he never put on any airs.

He still regarded everyone as his equal brothers and friends.

Sometimes, people changed after they reached a high position.

But grenade-throwing didn't.

This was one of the reasons why Wang Ling had been willing to make friends with him in the first place.

"Brother Zhuo, the situation has basically been investigated."

On the mahogany chair, grenade-throwing senior immortal said, "According to the response from the spy sent by the war sect to the Nine Palace family, the reason why the Nine Palace family is targeting you this time is actually for revenge and revenge. Back then, the nine temples family relied on advanced technology to eliminate demons and exorcists, and had actually long since detected the fluctuations of the gate between worlds from a distance."

"In other words, they actually had their eyes on dog a long time ago?" Odd Zhuo stroked his chin and asked.

"Brother Zhuo is right." Grenade-throwing senior immortal nodded.

Loopy toad, lying on the ground in silence, sighed.

Back then, it had been too difficult... there had really been a wolf in front and a tiger behind.

Because of Odd Zhuo's invitation, it had rushed over to Odd Zhuo's side after Wang Ling had left for school.

“So, What’s Your Plan Now?”

After spending some time to understand what had happened, loopy toad looked at odd zhao and said, “You’re not going to confront me with that girl, are you?”

“Actually, I’ve thought about this before... but as the saying goes, there’s no harm in condemning her. Even if you confronted her, as long as that girl did a little research on the relationship between you, me, and battle sect, she would soon know that we were on the same side. You might not believe her,” Odd Zhao said.

“That’s true.” Loopy toad nodded.

It had heard about Odd Zhao and Liangzi nine palaces meeting for the first time.

From the description, this young miss was indeed not an easy person to fool.

“This matter must never be exposed. Shifu and Shifu are both very distressed about it.” Odd Zhao smiled wryly. “So this time, I need senior immortal and Brother Dog to lend me their full support.”

“What specific requirements do you have?” Grenade-throwing senior immortal asked.

“Recreate the scene from back then.”

Odd Zhao looked up at the two of them with a serious expression.

“It’s not difficult to recreate the scene from back then, but the problem is...” grenade-throwing senior immortal said.

Currently, the war sect’s large-scale film and television base was about to be built. In order to promote the sect, grenade-throwing senior immortal planned to find the core members of the sect to shoot a big movie with the war sect as the theme.

But now, the film and television base could be put to good use immediately.

And unlike those special shoots, all the scenes could be perfectly restored by 1:1.

Back then, when loopy toad had given out rewards, it had directly turned an area into ruins, and many buildings had been blown up.

These scenes could be directly realized by modern cultivators using spells and magic treasures without any special effects.

Since they had to make it look real...

They naturally had to blow up something real!

As for the gate between worlds, it was even more convenient.

That was because the creator of the Gate Between Worlds was now Immortal Zhenyuan, one of the core members of the war sect.

None of this was a problem.

But the key was..

“I know what senior immortal wants to say.”

At that moment, Odd Zhuo said, “Currently, the Demon World and earth are quite friendly. Although it’s all for that girl to see, it’s really not good if this gets out.”

Odd Zhuo had thought of this a long time ago.

In essence, this was an act of deceiving Liangzi Jiugongzi.

But this matter had to be absolutely kept highly confidential.

If it was accidentally leaked, some media outlets with ulterior motives would maliciously speculate and publicize it, and it was very likely that the relationship between the two worlds would deteriorate again.

“I understand the logic. You didn’t call me here to become an actor, did you?” Loopy toad raised its dog head and stared at Odd Zhuo, feeling that it had already smelled something.

“Dogs are human beings’ best friends; how could I abuse them?” Odd Zhuo said with a shrug.

Loopy toad: “...”

Odd Zhuo: “My idea is that if you have any larger relatives in your family, you can just ask it to act them out.”

“I’ll have to ask about that...” loopy toad said.

For it.

Finding an actor was actually not difficult.

Especially since this matter involved Lord Ling, it would be even easier.

If those toads in the clan knew that they were working for Wang Ling...

They would probably have to fight for it..

..

On the other side, during the morning self-study period, teacher Pan brought Jiang Yingying into the classroom.

Wang Ling instantly couldn’t help breaking out in a cold sweat; he had a very bad feeling about this.

Old Pan solemnly introduced Jiang Yingying to the whole class. “Students, student Jiang Yingying is a new transfer student! She’s also a straight-A student! I hope that you and student Jiang can learn more!”

Super Chen and Hero Guo had already asked Super Chen and Hero Guo about Jiang Yingying’s arrival at the school after they had met in the cafeteria on Wednesday.

Then, the news about Jiang Yingying spread in the class.

However, Hero Guo and the others didn’t expect that Jiang Yingying would actually enter their class.

“It’s your first time here. You can tell the teacher directly where you want to sit,” Old Pan smiled.

The girl in front of him was both a straight-A student and the granddaughter of Marshal Jiang, one of the ten generals. The privilege of choosing a seat was naturally something Old Pan could do.

“Then, teacher, can I sit in the last row by the Window?” Jiang Yingying smiled.

“You want to sit behind classmate Wang Ling?”

Teacher Pan was a little surprised by this choice, she whispered in her ear to remind her. “Don’t blame teacher for not reminding you, classmate Wang Ling is a shut-in... if you sit behind him, teacher is worried that you’ll also become an autistic child.”

“I won’t, teacher.”

Jiang Yingying said, “I’m tall, and I’m afraid of blocking students’ line of sight if I sit in the front, so I’d better sit in the back.”

“Alright, Student Jiang, but the teacher needs to check if the last seat is available,” Teacher Pan said.

“You still need to check?” Jiang Yingying was shocked.

“It’s like this, student Jiang. After the school renovated, all the desks and chairs were made of top-quality immortal wood. “And on each set of desks and chairs, there are six-digit numbers. “If you take a seat, this desk and chair will be bound to you, and the numbers on it will be your student number for the next few years.”

Jiang yingying: “Could it be that the numbers are particular?”

“That’s right.”Teacher Pan nodded. “These numbers are written according to the sequence of the production of each set of desks and chairs.”

Jiang Yingying:” ...”

As teacher Pan explained, she began to use her teacher-in-charge’s authority to check the information of this set of desks and chairs on the tablet computer.

Then, she sighed. “I’m sorry, Student Jiang. I’m afraid you have to choose another seat.”

“Why... why...”Jiang Yingying didn’t understand.

“It’s like this. According to the production sequence, the number of this set of desks and chairs you chose is 006666. This is a pretty number. You need to pay extra money to buy it.”

” ...”

Jiang Yingying turned pale with shock!

She had come to school and chosen a seat, and there was actually a pretty number..

Which little genius had thought of this idea!

And at that moment, Lotus Sun, who was in the crowd, inadvertently smiled.

The corners of the girl’s lips curled up slightly, and her expression was full of certainty.

Everything was under her control..

Chapter 1456 Jiang Yingying In Despair

Lotus Sun had expected the transfer students to join No. 60 high school after renovating the school.

So the matter of the “Pretty number setting” wasn’t just about Jiang Yingying; it was the girl’s way of preventing other people, especially other girls, from getting close to Wang Ling.

Wang Ling had always been sitting in the second-to-last row by the window.

Hero Guo was sitting in the corridor on the right, and Super Chen was sitting in front of him.

All that was left was to guard against the seat behind him.

It was just that Lotus Sun hadn’t expected that the plan she had come up with in her head back then would actually come in handy.

On the podium, Jiang Yingying looked a little anxious. “Teacher... do you just have to buy it?”

This answer made old pan feel a little surprised. “Student Jiang, do you mean you want to buy it?”

The price of a pretty seat was not cheap..

She knew that the Jiang Yingying in front of her had always been a thrifty girl. She had always followed Marshal Jiang’s style of being humble and happy..

Buying a pretty seat was really not something that Jiang Yingying could do.

“I will buy it no matter how much it costs!”

“Student Jiang, you...”

As a form teacher.

Old Pan had been teaching for so many years and had seen so many different kinds of students. It was almost impossible to hide anything from her eyes.

When she saw that Jiang Yingying had such an obsession with the last seat by the window, teacher Pan almost instantly understood.

She turned her gaze to the second-to-last row by the window and pretended to look out the window to try to hide her embarrassment.

“Could it be that he’s in love with classmate Wang Ling? He just came to school, it can’t be...”

Teacher Pan was muttering in her heart.

To be honest, she didn’t know why Wang Ling was so popular with women... he was usually quiet and deadly, but he seemed to be especially popular with girls.

Could it be because of the mysterious feeling that came with being quiet?

Old Pan really couldn’t understand young people’s aesthetic standards nowadays.

But she didn’t dare make wild guesses about the matter between Jiang Yingying and Wang Ling.

Although No. 60 high school’s School rules didn’t restrict love between students, as a traditional and conservative teacher, Old Pan would still try her best to prevent puppy love in class.

If she found any hint of it, she would immediately nip it in the bud..

In fact, Jiang Yingying had originally been assigned to another class, but because her grades were too excellent, in addition to Jiang Yingying herself, she also had the intention of transferring to class three.

In the end, she joined Wang Ling’s class.

She had picked up such a straight-a student who could pull grades for nothing. If puppy love caused her grades to drop, what should she do..

Thus, at this moment, old pan looked at the price on his tablet.

The price of this set of desk and chair was: 50,000 yuan.

To be honest, this was not a price that an ordinary student could afford.

After thinking for a moment, old pan looked at Jiang Yingying seriously and asked, “Student Jiang, are you really sure you want to buy it...”

“I’m sure!”The persistent girl was still unwilling to give up this opportunity.

Although she had never been so extravagant in spending money, she still had her own savings. Every year and festival... The Elders who came to visit Marshal Jiang came in an endless stream and would always give her red packets as a sign of appreciation.

However, she was afraid that if the red packets were too big, there would be trouble, so the amount of red packets was not very big.

Several hundred or so savings..

Jiang Yingying had about 90,000 yuan in her savings.

If she bought a seat, she felt that it was more than enough.

“Then, 500,000 yuan for the account, student Jiang, would you like to pay by card or...”old pan smiled at Jiang Yingying.

“500,000...”Jiang Yingying was dumbfounded.

Everyone in the class was in an uproar.

Even Lotus Sun was in the same situation.

She had actually directly added an extra zero to the total amount... this was simply ridiculous!

But the smart girl quickly reacted.

Old Pan was probably putting an end to puppy love.

Furthermore, Lotus Sun knew very well.

If anyone knew about this at this time, they would definitely run out and question her: then what was going on between you and Wang Ling?

Lotus Sun had long since made her answer.

Student Wang Ling was like a block of wood!

So how could this be called Puppy Love..

It was clearly a crush and unrequited love!

It was really too hard to like someone!

..

At this moment, on the podium, Old Pan had thought that Jiang Yingying would have already given up after he had misquoted the price.

But what she had never expected was that this girl's temper seemed to be even more stubborn than she had imagined. "That teacher... can you wait for me! I can buy it! But I have to go raise it..."

Five hundred thousand was a huge sum of money for Jiang Yingying; it was simply unrealistic to raise it in a short period of time.

So she thought of borrowing it.

From whom?

Jiang Xiaocheng was actually a ready-made target.

Jiang Yingying felt that she must be crazy..

She had actually gone to ask a person she had only met once for money.

Teacher Pan pulled Jiang Yingying back. "Student Jiang, please reconsider... I don't think you need to pursue a pretty seat. Because it's not worth it at all. I know that the reason you're so insistent on sitting in that seat is probably because classmate Wang Ling is a mascot!"

Jiang Yingying:"..."

Wang Ling:"..."

Wang Ling knew that old pan must have said this on purpose.

This was giving Jiang Yingying a way out.

But at that moment, the girl on the podium was in a mess of thoughts and couldn't listen at all.

Her mind was filled with the classic quote of a live streamer from a certain treasure, "Omg! Buy It!"

Obviously, Jiang Yingying couldn't calm down at this moment. "Teacher, I . . . I still want to..."

"Alright then, student Jiang. Since you want to buy it, I Won't Stop You."

Old Pan let go of Jiang Yingying's hand. "But before you buy a seat with a pretty number, I want to read out some things to take note of..."

This paragraph was not something that old pan added at the last minute, but it was already there.

She was playing hard to get.

Anyway, Jiang Yingying would not listen to it now, so why not read out the rules of the seat with a pretty number carefully for her? Maybe she would calm down?

"There are still things to take note of?" Jiang Yingying looked puzzled.

"Yes."

Old Pan nodded and said, "One: after you pay the money, you will automatically get the right to use the seat with a pretty number for one year..."

"Not Permanent?" Jiang Yingying was shocked.

Old Pan didn't answer Jiang Yingying's question, but directly read the second rule, "Two: if you want to get the right to use the seat permanently, you need to apply for the membership card for the seat."

"..."

"The membership card fee is 10,000 yuan per year. If you apply for the automatic renewal fee, the annual fee is 9,500 yuan." Remarks: If you pay the membership fee for three years before you graduate, the school can mail the seat to your home after graduation to enjoy permanent use. Or you can put the chair's owner's resources into the school history exhibition hall and write your name on the back of the chair

"..."

“Three: If you have the beautiful seat and membership at the same time, the following privileges will be unlocked. 1. The morning call service of the class teacher every day. 2. The pre-notification service of contacting the parents. 3. The extra free tutoring service for homework. 4. If you are subjected to violence on campus, you can confiscate your weapons at any time from the PE teachers.”

”...”

“Remarks: in the future, there will be a gold membership card and a diamond membership card privilege service. Please look forward to it.”

”...”

“4. The first user who buys a seat with a pretty number will be given a free ton of the ‘Secret Book of Xiangang’...”

Old Pan had just read the fourth entry when Jiang Yingying’s face was filled with despair.

“Teacher... I don’t want to buy it anymore...”

“Okay.”

Teacher Pan gave a satisfied smile. “Then, you can sit next to the door behind Gu Shunzhi.”

“Can’t you sit behind Guo Hao...”

“That’s also a pretty number.”

Chapter 1457 The Strange Asura Arena Was Added

It was obvious that Jiang Yingying had been arranged very clearly.

At the same time, she also realized how terrifying Lotus Sun was..

But Jiang Yingying was never a person who gave up easily.

She wasn’t willing to give up.

If she couldn't take a seat behind Wang Ling, then there was only one way left.

After class, Jiang Yingying pulled hero Guo aside. "Student Jiang, do you mean... to change seats?"

"Oh! Don't be so formal, just call me Yingying." Jiang Yingying patted hero Guo on the shoulder and looked at him expectantly.

She had been planning this since the first class.

No Boy would refuse a cute girl's request, right?

However, to Jiang Yingying's surprise, hero Guo rejected her without even thinking about it. "Then you're wrong, Yingying. As one of Wang Ling's best friends, I Won't give up my seat so easily."

Of course he wouldn't give up his seat.

Boss Sun had just given them so many accounts for the number one in the entire server of "Gongju Lianlian"... how could he betray boss Sun like that? !

Besides, boss Sun had already arranged everything with them before school started.

As long as he and Super Chen didn't give up their seats.

They would sponsor an additional 10,000 yuan per month for the game..

But for Hero Guo and Super Chen, this was already quite a lot.

It would be a waste not to take such benefits.

10,000 yuan was nothing to Lotus Sun; it was just a small change. But considering that overspending in the game would make one's mind wither, the girl didn't give much. It was just for fun.

And she made a pact with the two of them that if one day they got the lowest score, the sponsorship would be canceled.

Before, hero Guo and Super Chen didn't really understand the girl's actions.

But now, he completely understood..

After school that day, Super Chen and hero Guo left together.

When hero Guo mentioned Jiang Yingying's matter, Super Chen's reaction was also very strong.

"As expected, she came to look for you! She also came to look for me. Everything was within boss Sun's expectations..." Super Chen wiped his sweat, he was suddenly glad that he didn't hook up with Lotus Sun, or else he really wouldn't be able to handle it.

If it was a girlfriend, it would be better to find silly bai Tian..

"Boss Sun has a long-term vision. He's really good." Hero Guo nodded. "Tomorrow is Saturday. We're going to the Ancient Street. When the time comes, we'll figure out a way to escape. "I remember that there's a very good internet cafe on the Ancient Street."

"I understand."

Super Chen nodded, then he stroked his chin. "AI, among the transfer students this time, there are quite a few pretty girls on the campus belle level. Jiang Yingying and a foreign girl called nine temples Liangzi... why do I feel like she's here for Wang Ling as well?"

Emmm..

They had been feeling that the atmosphere at school was a little off lately.

It seemed that the main reason why the atmosphere was off was that this strange asura arena had increased!

At this point, the two old single dogs could not help but sigh in their hearts -- a bunch of fresh flowers were planted on a piece of wood!

At this moment, hero Guo looked at Super Chen. "By the way, have you ever been in a relationship?"

Super Chen: "Once. That girl even kissed me."

"?"

Hero Guo: "When did this happen? In junior high?"

Super Chen: "Kindergarten class."

Hero Guo was shocked. "How the F * CK does that count! ?"

Super Chen: "Actually, there are a few more after that, in primary school and junior high school. I don't know if they're in love. What About You?"

"Mother's fetus solo."

Hero Guo spread his hands and smiled. "Just like the author of Immortal King."

..

When Wang Ling returned home that night, it was then that he remembered that tomorrow was the day they had agreed to go to ancient street.

Today, he felt like his balls were hurting from Jiang Yingying's burning gaze. Fortunately, there were quite a few of them in the classroom.

Gu Shunzhi and Zhenyuan were secretly helping him avoid Jiang Yingying's gaze.

As for Lotus Sun, she had naturally helped him a great deal because of the beautiful seat.

Since she had helped him, she naturally had to return the favor.

This was the courtesy of the Wang family.

The present, of course, was the big white rabbit milk candy that had been enlightened.

This was because Wang Ling saw that the big white rabbit milk candy that had been in Lotus Sun's pen bag earlier had already disappeared.

He didn't need to do any deductions to know that the girl definitely hadn't eaten it... perhaps she had hidden it away.

He didn't quite understand what the girl meant by this.

It was just one candy.

So this time, Wang Ling stuffed two of them in.

He didn't believe that Lotus Sun would be like a hamster as she put away all the candy.

"Ancient cultivation street, huh..."

Before dinner time, Wang Ling had specially gone online to search for information.

This was also Wang Ling's first time going to this ancient street, so it was necessary for him to do some homework in advance.

In this way, he could avoid some minefields.

However, there would be many people traveling with him tomorrow, as well as Li youyue, hero Guo, and Super Chen.

These three people were all old drivers with a talkative nature.

The atmosphere shouldn't be too awkward.

"Ling Ling, I heard that you have an appointment with your classmates to go to the ancient Cultivation Culture Street Tomorrow?" At this moment, father Wang put down the newspaper on the sofa and glanced at Wang Ling.

"Mm." Wang Ling nodded.

He didn't know where Father Wang had gotten the news from... In fact, he was a little curious.

After going to the Xiao family compound with Lotus Sun the last time, he had been on guard against father Wang and mother Wang's reaction when they saw him go out with a girl.

Other families' parents had always put an end to puppy love, but only these two clowns didn't care at all.

Because it was said that father Wang and mother Wang were also famous members of the Puppy Love Party when they were young..

Then, father Wang continued to ask, "How many girls are there? Is there Miss Lotus Sun?"

Sure enough!

He still asked.

He knew it..

"Forget it, I know even if you don't tell me." Father Wang chuckled. "I just want to tell you that if you don't come back in time tonight, you don't have to come back."

Wang Ling:”?”

He could teleport!

If he wanted to leave... who could stop him

“There are clearly girls in front of you, but you still want to use your ability to forcefully come back. This is very impolite behavior for a straight man. You’ll be criticized.”

After saying this, the corners of Wang Ling’s mouth twitched.

Father Wang didn’t have the ability to read minds, but he was like an expert at Reading Minds when it came to this kind of relationship.

What was going through Wang Ling’s mind.

He seemed to know it all.

Father Wang smiled. “When we part, the boys have to take the initiative and send the girls home safely before they come back. That’s the right thing to do.”

“Okay...”Wang Ling nodded.

There was nothing he could do.

He was a good boy.

He was used to being obedient, and his father’s life was difficult.

Of course, he was mainly worried that Father Wang would use this as an excuse to dock his pocket money again.

“Oh, that’s right, Ling Ling, there’s one more thing I want to tell you.”

At that moment, father Wang added, “The owners of those hanfu shops on cultivation culture street are all my fans. I’ve already greeted them.”

Hanfu..

Wang Ling Thought for a moment.

He didn’t know if it would be weird for him to wear Hanfu.

“Since you’re going to play with your classmates, you have to blend in with the group. The Hanfu over there is very good, you can try it out,” father Wang said. “You don’t have to greet them. When you get to the shop, the owners will naturally recognize you.”

Wang Ling:”?”

Father Wang: “After all, there aren’t many dead fish eyes like you.”

Wang Ling:”...”

Chapter 1458 I Get It

The plan for the ancient cultivation culture street was originally to be booked for two days, but on Saturdays and Sundays, there was relatively more time.

Because there were many attractions on the ancient street, one day was actually not enough. In any case, the hotels on the ancient street were all properties under Huaguo Water Curtain Group, so it was free to stay.

It was fine for each person to arrange a presidential suite.

But the young girl had considered that when she had made the agreement with Wang Ling earlier, she hadn’t said whether it would be one or two days.

It might not be very good for her to just make the decision like that.

Thus, although she had made a two-day plan, in reality, she still focused on the first day.

In a chat group called [Ancient Street Operation Assistance Group] .

A few people were having a video call in the group.

“So that’s the basic situation. Do you have any other questions? If you don’t understand, you can ask.” Lotus Sun looked at Li You Yue, Hero Guo, and Super Chen.

“Yes!” Hero Guo raised his hand.

“Speak.” Lotus Sun looked at her.

“The boss clearly has a two-day plan, so doesn’t he want us to act and drag it out on ancient street for a night so that you and that Kid Wang Ling can stay in the hotel together?”

“I don’t think that way...”

The young girl argued back, then quickly slapped her burning face. “This is too deliberate! and... Student Wang Ling...”

Lotus Sun couldn’t finish her sentence in the end.

She had wanted to say that Wang Ling could read minds; how could their clumsy acting be hidden from Wang Ling’s eyes?

But this was actually a strictly confidential matter.

In their chat group, she was the only one who knew the truth.

At this moment, the young girl realized that she had almost let the cat out of the bag, and her heart was filled with regret.

It looked like she would have to be even more careful in the future; she couldn't let herself get flustered just because she had heard something a little embarrassing and continue the conversation.

At this moment, hero Guo saw the red-faced young girl on the screen fall into silence. He was puzzled. "Wang Ling? What's wrong with Wang Ling?"

Super Chen: "You're not going to say that Wang Ling can tell that we're acting, are you?"

Lotus Sun:"..."

Super Chen: "I think you don't have to worry about acting, Boss Sun. Doesn't uncle Guo have a film and television base at Home?". Ling Zi had been there before. During the summer break, old Guo and I would go there from time to time to act as extras. Our acting skills have long been honed."

Lotus sun: "No... This is too risky..."

"Then as long as it's not fake, it's fine? Then I get it."Hero Guo chuckled. A mysterious expression appeared on his face.

"You get it again..."

"Yeah! I get it! Besides, does boss Sun have any designated hotels?"

"I already said that I didn't book a hotel; student Wang Ling probably doesn't want to stay there for another day!"

"You don't need a hotel? Isn't that open air? Isn't it the first time boss is so exciting? I understand..."

"No! You Don't understand!"

"No, boss, I understand, everyone understands."

”...”

..

On the other side, Jiang Yingying once again went to the hotel she had gone to before.

This time, Jiang Xiaoche had arrived early in the morning and had ordered a table full of all kinds of dishes waiting for her.

Before she could return home, she came over after class in her school uniform. When Jiang Xiaoche saw Jiang Yingying, he smiled and said in an unusually gentle voice, “You must be hungry. Hurry up and eat.”

“Thank you, Brother Archer...”Jiang Yingying nodded slightly, then took off her school uniform jacket and hung it on the side.

Inside the girl was a pure white short-sleeved shirt. The short-sleeved shirt had the logo of No. 60 high school on its chest, but under the influence of the internal force, the logo looked slightly deformed..

At first, Jiang Xiaoche had found that Jiang Yingying and Lotus Sun looked alike, but now that he saw the girl’s figure, he immediately noticed the difference between the two.

She had developed too well..

If Lotus Sun’s development was like a freshly made wild knife, then Jiang Yingying seemed to be a three-piece set.

Although she was still some distance away from the six gods set, she had already reached an excellent level at this age.

However, Jiang Xiaoche didn’t dare to look too much. He only peeked at her secretly. He was afraid that his gaze would be noticed by the girl and leave a dirty impression.

Jiang Yingying picked up a mouthful of lettuce and chewed it a few times. She didn't look very happy.

"What's wrong? It's your first day of school. Did you encounter something unhappy?" Jiang Xiaoche looked at Jiang Yingying.

"I think they're all here, bullying me..." tears welled up in Jiang Yingying's eyes as she poured out all the information about the pretty seats.

"Don't cry."

Jiang Xiaoche took out a handkerchief from his pocket and handed it over.

The girl took it and wiped her snot and tears. "Brother Archer, is there any way for me to sit next to classmate Wang Ling?"

"It's a bit difficult... it's mainly because I'm not very familiar with this school." Jiang Xiaoche was sweating profusely.

Even from Jiang Yingying's description, he knew that this was the work of their eldest daughter..

With the eldest daughter in charge, how would he dare to interfere?

"Then can you..." Jiang Yingying looked at Jiang Xiaoche with hope in her eyes.

"I know what you mean. You Mean, you want me to lend you money, right?"

Jiang Xiaoche smiled and said, "Sure, but the premise is that you have to be my real girlfriend."

"AH..."

Jiang Yingying didn't expect Jiang Xiaoche to say that, and her face immediately turned red. "Then forget it..."

”...”Jiang Xiaoche wanted to cry but had no tears.

Was he really not charming at all?

Jiang Xiaoche thought for a moment and decided to find another way. “Or, let’s make a bet. For example, if you like that Wang Ling, you can first confirm whether he likes you too.”

“How... Do you want to confirm that?”

“That’s your business. I can help you buy a seat. The deadline is the final final exam of the third year of high school. If you can move Wang Ling, I’ll Give You My Blessing. But if you can’t move him, you have to be my wife. This is a bet.”

He looked at Jiang Yingying and felt that the conditions he had proposed were already very generous.

However, even with such conditions, he was still rejected by the young girl. “No... absolutely not... being a wife is too ridiculous. And even if I agree, my grandfather might not agree...”

“I can go and communicate with your grandfather.”

“It’s impossible. If my grandfather knew that I spent my energy on boys, he would definitely be angry.”

“Will he hit you?”

“No... my grandfather has always been very good to me. He’s just a stubborn person. Moreover, my grandfather has always been diligent and frugal. Bribery is useless against him.”

“So, your grandfather is?”Jiang Xiaoche frowned.

In fact, he had never had the time to investigate Jiang Yingying’s family relationship.

“He’s a martial saint.”At this moment, Jiang Yingying raised her head and said.

“Is that your grandfather’s title? I also like second master Guan from the Romance of the Three Kingdoms. He’s the god of wealth that attracts wealth.”

Jiang Yingying quickly shook her head. “No, Brother Archer, my grandfather is the real martial saint...”

Jiang Xiaoche:”?”

Jiang yingying: “Do you know the Marshal Jiang of the ten generals?”

Jiang Xiaoche:”

Chapter 1459 The Strange Asura Field Expanded -LRB

When he heard the words “Marshal Jiang”, Jiang Xiaoche suddenly felt the hairs on his back stand up.

It was impossible for him not to know the identity of the ten generals.

Huaguo Water Curtain Group, represented by grandfather Sun, had dealings with the ten generals.

These were the founding fathers of the country. The old generals were full of honor, so the benefits they received were naturally different.

Those medicinal pills that could help in cultivation, nourish the spirit root, consolidate the realm, and all kinds of health-preserving pills would be produced by the group every month and made into a special gift box to be sent to the home of each of the ten generals.

There were a few times when it was the birthday of a few of them.

Jiang Xiaoche remembered that he had personally sent extra birthday gifts on behalf of Old Master Sun.

Therefore, although Jiang Xiaoche had not been able to personally meet all of the ten generals, he had already met a few of them because of work.

Coincidentally... Jiang Xiaoche happened to know Marshal Jiang!

If this martial saint were to see him seducing his granddaughter... Jiang Xiaoche felt that he would probably be directly warned by Muay Thai and become disabled on the spot.

“Brother Che, you don’t look very well?” Jiang Yingying saw Jiang Xiaoche’s sudden change in expression and suddenly felt that she had been a little too rash in revealing her grandfather’s true identity just now.

This probably scared Jiang Xiaoche.

But Jiang Yingying herself didn’t think it was too strange.

In terms of realm and combat strength, the ten generals were like little brothers in front of Wang Ling.

But in terms of reputation, the old generals were lofty figures like gods in the eyes of many Huaxiu nation’s local cultivators.

Each of them had a completely different hot-blooded story about the bloody battles they had fought on the battlefield back then, which was widely spread among the people.

Although some of the ten generals had already retired.

Their dignity was still there.

“Actually, brother Che, you don’t have to be too afraid. My grandfather just looks scary, but he’s actually quite approachable...” Jiang Yingying said.

“So you came out to see me these past few nights, and the old marshal didn’t ask about it?”

“Of course I did.” Jiang Yingying said, “I said that I came out to consolidate my studies. There was a teacher named Jiang who helped me with my compulsory lessons.”

For a straight-a student to come out in the middle of the night to consolidate his studies, this sounded really ridiculous.

However, the young girl had always been obedient and obedient, so marshal jiang naturally did not ask too much.

It could be said that what she had done these past few days was the craziest few days that Jiang Yingying felt she had ever experienced in her life..

However, when he heard Jiang Yingying's words, Jiang Xiaoche felt that he almost had a heart attack. "You didn't show my photo to the old marshal too, right..."

This was what he was most worried about.

If the girl in front of him was an idiot, the old marshal would probably recognize his face at once.

When the truth was exposed, the old marshal would probably come straight to his door and kill him..

With the old marshal's realm, if he wanted to kill him, with his meager HP, he would definitely not be able to take a punch.

Fortunately.., the young girl gave him a calm reply. "Of course not... I'm not that stupid, AM I. If he were to send a photo, according to grandfather's habits, he might go and investigate directly. At that time, wouldn't he know that brother Che is actually not a teacher at all, but a Detective?"

"..."

As he listened to Jiang Yingying's words, Jiang Xiaoche's forehead was also sweating.

Because all of this was really too dangerous..

Jiang Xiaoche felt that his interaction with Jiang Yingying these past few days was like wandering back and forth on the edge of courting death.

Fortunately, he restrained himself and didn't arrange for Jiang Yingying to have a conversation in a hotel room... Instead, he chose a public area like a restaurant.

Otherwise, Marshal Jiang might very likely directly find out about the records of the rooms.

At that time, even if he said that he had done nothing, the old marshal would probably not believe him..

"Today... We'll stop here... you can eat the dishes on the table if you want to..."after saying that, Jiang Xiaoche stood up. He did not stop wiping his sweat.

Compared to picking up girls, Jiang Xiaoche actually valued his life more.

He was really afraid of the old marshal's dignity. He immediately had the thought of cutting off his relationship with the girl.

"That's it? Then what about going to the ancient street to pretend to be a couple tomorrow?"Jiang Yingying was a little surprised.

"There's no need for a couple... we agreed before that the pretend-to-be-a-couple agreement will be nullified. Let's just pretend that nothing happened..."Jiang Xiaoche said.

He was secretly glad.

It was also fine. So Far... nothing had happened..

"Why? Because my grandfather is Marshal Jiang?"

"The reason here is very complicated... perhaps you think it's fine, but it's very dangerous for me. And I. . . Forget it, let's not talk about it."Jiang Xiaoche looked at the girl in front of him, he shook his head gently and hesitated to speak.

He had wanted to tell the girl that he had deceived her and that he was not a detective at all.

He could only blame himself for all of this.

He had been careless for a moment and had not been able to investigate the girl's background earlier.

He had used his glib tongue to deceive many people. It would not be an exaggeration to say that he was an old liar.

But now, when he saw Jiang Yingying's disappointed expression, he actually had the thought of confessing in his heart.

If..

They had the chance to meet again next time.

Perhaps he would tell the truth to the girl in front of him.

But now, since he had already decided to cut ties with her, it was actually better not to mention this matter..

"You were the one who brought this matter up first! If you don't go, I'll go myself!"

Seeing that Jiang Xiaoche was about to leave, Jiang Yingying's stubbornness came back. "If you're not willing to help me, there are plenty of people who are willing to help me!"

Jiang Xiaoche smiled. "Who else can help you? Then I wish him good luck..."

Jiang Yingying stomped her feet in anger. "You Coward! You're not worthy of classmate Lotus Sun at all!"

"Whatever you say." Jiang Xiaoche shrugged, took his suit jacket from the coat rack, and left the private room.

To be honest, his mind was in a mess at the moment, and he felt even more melancholic.

With the girl's stubborn temper, since she had already decided on the plan, she probably couldn't stop her from continuing to carry it out..

So, even if he didn't go, Jiang Yingying could indeed find someone else to replace him.

But this plan was put forward by Jiang Xiaocheng himself.

If something happened to Jiang Yingying, Jiang Xiaocheng felt that he was really to blame.

Even though he had already told the girl about the interruption of the plan.

But now, his mind was in a mess, and he couldn't help but worry about the girl's action tomorrow..

..

At the same time, in the villa of the nine temples family, Yoshiko nine temples also received a message.

"Lotus Sun is going to the ancient Cultivation Street Tomorrow?" Yoshiko nine temples cupped his chin and fell into deep thought.

"Yes, miss. . There are four other classmates," the female bodyguard said from the side.

"I think she's just going to have fun. I'm not interested in this miss. . Send someone to follow her and see what she's up to." "Take more photos. If you get any ugly photos, send them to me immediately!" Yoshiko nine temples said.

"Yes, miss."

The female bodyguard wiped her sweat and replied.

It wasn't difficult to follow them, but it might be a little difficult to take ugly photos... After all, Miss Sun was a 360-degree beauty with no blind spots in shengshi..

Although she had only glanced at them through the crack of the door in the Student Union office earlier, the female bodyguard had already been astounded and amazed.

At that moment, the female bodyguard sighed silently in her heart and then began to report the second message she had received. "In addition, there's another message. It seems that Odd Zhuo is going as well."

"What's he going to do?"Liangzi nine temples was curious.

"This... I'm not sure..."the female bodyguard said. "So, does miss want to go now? If she does, I'll inform the driver to be on standby tomorrow."

"No need."

Nine temples Liangzi shook his head and snorted. "How could I, nine temples Liangzi, waste so much time on an old liar!"

Chapter 1460 Lotus Sun's Special Chocolate

The day before Valentine's Day, Lotus Sun woke up very early.

She took out her phone from under her pillow and found that the time had been set at six o'clock in the morning.

She gently pressed the call Bell by the bed and two young maids pushed the door open and entered. One of them held a jade basin while the other held a tray on which various toiletries were placed.

After the girl had finished her washing up in a rather ritualistic manner.

The expression on her face was especially serious.

It was as if she was about to head to the battlefield.

“Is everything ready?”

Lotus Sun asked as she changed into a white shirt and short skirt.

One of the maids circled behind her and fastened her apron, replying, “Yes, Miss... Everything has been prepared according to your instructions yesterday.”

“Very good.” Lotus Sun nodded her head in satisfaction.

After all, this was the first time she had pretended to be brave and wanted to make chocolate for Wang Ling.

Lotus Sun had already been preparing for a full month to complete this big plan.

There were a total of several steps.

First: use the power of the family group to gather high-quality raw materials for making chocolate from all over the world, and hire people to manually screen these high-quality raw materials

Second: from all over the world to hire famous confectioners to make chocolate, and finally let these masters free to make their own customized chocolate characteristics.

Third: hire the teacher in charge of making crispy noodle snacks, custom-made crispy noodle snacks for the chocolate sandwich, and to ensure that the crispy noodle snacks in the inside, to ensure that the hardness of the crispy noodle snacks, to ensure that they have a crisp texture.

It was a bit like the process of making the fried milk balls with ice cream.

However, the technical difficulty was not particularly high.

One only needed to apply a hardening spell with a “Timing” ability to temporarily increase the crispy noodle snacks’ hardness.

As for why he wanted to increase the crispy noodle snacks' hardness?

Naturally, it was to pave the way for the fourth step that was about to happen..

In the kitchen of the villa, there were a total of sixteen dessert masters standing in a row in the spacious kitchen.

In front of their eyes were chocolate desserts that they had used an entire night of imagination and ingenuity to make.

Among these masters, there were a total of four masters in China, all of whom were big dipper-level figures in the industry.

And the other masters came from different countries.

In order to ensure that the desserts were clean and hygienic,.

Each of them was wearing thick protective clothing and kitchen gloves.

They were patiently standing in front of the desserts they had made, waiting for the girl to inspect them.

Lotus sun put on the gloves and walked into the back kitchen.

“Greetings, miss. .”

The sixteen dessert masters greeted the girl warmly in fluent Mandarin.

Lotus Sun came before the first master. This dessert master was proficient in carving, and had actually carved the chocolate he had made into a phoenix.

“Miss, this is me...”

The master was about to introduce his work, but was stopped by the maid next to him. “Please be patient, master. If miss needs anything, she will ask you questions.”

“Okay!”The master laughed.

The maid used a knife to cut off one of the Chocolate Phoenix’s claws. Then Lotus Sun carefully pinched it and took a small bite.

“It tastes good.”After savoring it carefully, the girl nodded.

“Thank you for your praise, miss.”The first master let out a sigh of relief. “Then, Miss, don’t you have anything to ask?”

“The most important thing is that it tastes good.”Lotus Sun smiled, then she turned to the crowd. “Thank you for your hard work, Masters. No matter how the dessert tastes, the fees will be paid to the masters as usual! “If the taste is satisfactory, I will add another 20% bonus to the original commission.”

“Thank you, Miss!”

The sixteen dessert masters bowed in unison.

The girl in front of them was indeed richer than they had expected.

The cost of making a special chocolate here was equivalent to their entire year’s salary!

With the benefactor here, they wouldn’t care too much even if they stayed up all night working.

After nearly an hour of screening and repeated comparisons, Lotus Sun began to sink into her final choice.

All the dessert masters were called out, leaving only the young girl and the two maids behind her.

“Which one did you like, Miss?”The maid asked.

“The first and eighth ones look pretty good.”

The taste of chocolate was very important to be sweet and not greasy, even though the other masters' chocolate desserts also had their own characteristics.

But only these two dishes had an extremely smooth feeling after entering the mouth.

The rich chocolate flavor engulfed every inch of her taste buds.

The key was that it didn't stick to her teeth.

“Sigh, it's so hard to choose. Then I'll take these two.”

In the end, Lotus Sun made her decision.

“Then, should we call these two masters in?”The maid asked.

“No need.”

Lotus Sun shook her head. “You two, put these two works into my furnace.”

The Maid:”?”

Lotus sun: “What Are You Waiting For? Hurry Up!”

The maid: “Isn't miss planning to make her own chocolate?”

Lotus sun: “That's right, I made it myself!”! “Later, I'll personally supervise the work and melt these two chocolate desserts. Then, I'll pour the syrup into the crispy noodle snack-shaped mold to set it. “I've prepared it a long time ago.”

The maid was stunned.”...”

It turned out that they hadn't called so many masters over to ask them to teach them how to make chocolate!

That was fine..

After all, what Miss said was right!

As a qualified maid, they could only follow orders and arrangements.

In the afternoon.

Lotus Sun took out her specially made chocolate from the mold and sealed it into a gift box with a freezing function.

So far.

Everything hadn't been too difficult.

The step of giving it away was perhaps the most difficult part..

..

On the morning of May 20th, Wang Ling woke up naturally from his deep sleep.

The "Eternal Talisman" made him no longer have to worry, because sometimes he would accidentally snore and trigger an earthquake.

But Wang Ming said that the current "Eternal Talisman" was just an experiment, and would be updated a few times in the future.

That man had promised that he would develop a perfect version of it once and for all before he graduated from college.

Opening the curtains and windows, Wang Ling let in the wind and sunlight.

The spring breeze brushed his hair and gently ruffled his bangs..

He was incomparably enjoying this moment of ease and leisure.

These were rights that he had never enjoyed before switching to the “Eternal Talisman.”.

The voices that had troubled him had disappeared, leaving behind only peace and tranquility.

He didn’t need to be troubled by an uncontrollable energy

He also didn’t need to be extra careful when he ate, afraid that he would break his chopsticks

And he didn’t need to worry that he would fall on the road and bring a devastating blow to the life he loved..

Wang Ling held his face in one hand and leaned against the windowsill with the other.

A few minutes later, he opened his eyes from this enjoyment.

It was a rare vacation at home, and the house seemed abnormally quiet today.

Releasing his spiritual sense, Wang Ling felt as if he was the only one in the house.

Then, he suddenly remembered.

Today was Valentine’s Day.

Father and mother Wang had gone out to spend some time alone!

As for the warm girl, she was temporarily entrusted to old master Wang to take care of her.

“Valentine’s Day, huh...”Wang Ling still didn’t show much emotion on his face.

He thought back to his previous bad experiences on Valentine’s Day. Almost every Valentine’s Day, Lotus Sun would spend it with Li Youyue, Super Chen, and hero Guo.

The key was that each time, something unexpected would happen..

Now, everyone had been admitted to the ideal university.

Perhaps he would finally be able to spend Valentine’s Day in peace this year?

Wang Ling thought to himself as he looked out the window at the wind and the beautiful sun.

Before putting on the Eternal Talisman.

Spending the holiday alone was indeed a luxury for Wang Ling.

But now, for some reason, he felt that his expectations weren’t as strong as before.

He even felt like he was missing something..

“Wang Ling! Good Morning!”

At that moment, just as he was in a daze, a girl’s extremely familiar voice came from outside the window.
