Chapter 1461 Stood Up?

When Odd Zhuo received Wang Ling's message, it was that night.

In fact, as early as yesterday, he had already received the message that Wang Ling and the others were going to take a trip to the ancient cultivation Culture Street.

It was a holiday anyway, and Odd Zhuo had nothing to do, so he had thought of disguising himself and going over to send his junior sister sun off as an assistant.

But he had never expected that before his plan could be carried out, Wang Ling would take the initiative to send him a message asking him to follow them in secret... In name, it was to better protect the girl's safety, but in fact, Odd Zhuo felt that it wasn't the case at all.

He knew his master too well.

Generally speaking, in order to successfully seduce a girl, a boy would usually find a wingman as a cover.

And this time, Odd Zhuo was actually playing the role of a wingman.

But his function was different from other wingmen.

It was to cover Wang Ling's retreat..

So this was clearly his master's plan.

In this way, his plan to assist Wang Ling fell through.

After all, this time, his master, Wang Ling, had personally invited him, and it was very likely that he would be watching his every move.

Thus, Odd Zhuo felt that it wouldn't be easy to come up with an assistance plan... last time, although he had imitated Wang Ling's voice in the group chat and flirted with Lotus Sun, it was because of his understanding of Wang Ling's habits, he just so happened to have a chance to court death.

But the situation was different now.

He could only act according to circumstances.

Of course, these were just odd Zhuo's own deductions.

After all, up until now, Wang Ling had only asked him to go, but he didn't say what it was for..

In the cadre's apartment.

Odd Zhuo made a call to a good friend he had met on that ancient cultivation street.

That was the director of the street office who managed that Ancient Street. Given their relationship, it was very convenient for them to get a free pass.

Of course, Odd Zhuo wasn't trying to take advantage of the situation, but for safety reasons.

After all, almost all the projects on the ancient street currently used face recognition and identity verification, and with the free pass, they could directly walk through the VIP green channel.

He knew that the nine temples family had been monitoring his situation.

If his identity information was registered on the ancient Cultivation Culture Street, that group of people would probably immediately follow him.

"Thank you, brother. If possible, use 'heaven send array' to send the card directly to my apartment. That's right, the address is still the same." Odd Zhuo finished his request, he thanked him and hung up.

At that moment, he realized that the television screen in the living room seemed to have suddenly gone blank, as if a woman's figure had appeared inside.

Odd Zhuo rubbed his eyes, and the television screen immediately returned to normal.

Had he been too tired recently?

Odd Zhuo smiled wryly in his heart.

After all, the alliance election was coming up soon, and he had a lot to do during the week, plus he had been working hard to replenish his knowledge.

Take yesterday as an example.

In just one day, he had read several classic works by the famous critic "Yuanyuan."

For example, "I can't breathe", "The death of a black man", "The woman under the horse's hooves", "Bullets flying to the door", "Sweet air", and "No one knows cultivation better than me"..

This was a selection event that only the general administration of 100 schools was eligible to participate in.

There were a total of 1,282 general administration offices in all cities across the country.

First-and second-tier cities and county-level cities were all included.

But compared to the general directorates in other cities, he could be considered a Buddhist. He had seen many people go out on the streets to promote themselves and canvass for votes earlier.

"I'd better rest early today."

Odd Zhuo rubbed his eyes, got up, and returned to his bedroom.

He had a premonition.

A world-shaking event would definitely happen tomorrow..

..

Saturday, December 12th, at the school gate of No. 60 High School.

Dressed in casual clothes, Wang Ling boarded the first hearse to arrive at the school gate.

He had woken up very early, and it would be a little boring if he had teleported here early.

It wouldn't be bad to occasionally take a vehicle to admire the city scenery along the way.

Mother Wang had personally picked out the outfit for him to go out with today.

He wore a white shirt on top and a pair of slim jeans on the bottom. Wang Ling's leg shape was very good to begin with, slender and curvaceous. It was a leg shape that girls envied, and when paired with this pair of jeans., it was even more perfect.

When she helped Wang Ling fasten the buttons on his shirt, mother Wang deliberately didn't lock all the buttons. She had released the top button alone so that Wang Ling's collarbone would be exposed.

After she was done dressing up, mother Wang was still intoxicated for a long time. After all, it was her who had given birth to the ball... everything looked good on her!

Wang Ling sighed silently in his heart.

He felt that this sort of dressing up might be a little outstanding?

Because these were all new clothes.

Knowing that Wang Ling was going out today, mother Wang had spent the whole night buying them.

Forget it..

As long as her mother was happy.

“Take a few more pictures, Ha Lingling! Especially pictures of Han costumes, you have to take them! When you choose Han costumes, get the girls to give you advice!” Mother Wang was full of smiles as she looked at Wang Ling with her big belly.

“Mm...”

“When you take the pictures, remember to temporarily remove your “Great Shield spell”! Don’t make them all mosaic; it’s not like they’re something to be ashamed of.”

” ...”

By the time Wang Ling came back to his senses, he had already arrived at the school gate.

He had thought that he had come early.

In the end, he hadn’t expected Lotus Sun to come earlier than him.

“Classmate Wang Ling!”

The moment she saw him, the young girl waved warmly at him.

“Good Morning,” Wang Ling replied.

As usual, she was as reserved as gold.

Lotus Sun’s face was slightly red.

For some reason, she felt that Wang Ling today seemed to have a completely different feeling.

He wasn't wearing the same clothes as before!

They were brand new!

Was he specially dressed for this trip?

Wang Ling today was also very good-looking!

Lotus sun forcefully suppressed the urge to take out her phone and start taking pictures.

She knew that it probably wasn't the right time to take pictures now, and that it might make Wang Ling feel disgusted. If they took pictures together, it wouldn't be too awkward!

At worst, they could just fix the others, leaving only her and Wang Ling behind..

But now, the problem came.

It was already time for the agreed upon time.

Li You Yue, Super Chen, hero Guo... none of them had actually come!

Lotus Sun facepalmed. At this moment, she could even feel the air stagnating and freezing.

These three people... probably didn't know that they were going to stand her up from the start, right?

Just as she was at a loss, Lotus Sun's phone suddenly rang.

It was Li You Yue calling.

“Where are you guys? I... Student Wang Ling and I have already arrived,” Lotus Sun asked.

“Ah! Sorry, Lotus! We’re stuck at the subway station!”

“We?”

“Yeah, Super Chen, Hero Guo, and I were together, so we just happened to bump into each other. Someone in the subway suddenly fainted, which caused the line to be blocked. We just happened to be in time for the morning rush hour, so it’s a mess here.”

“Then you guys...”

“Don’t worry about us! How about this, let’s just meet at the intersection of Ancient Street!”

“Okay!” Lotus Sun nodded and immediately hung up.

Thank goodness..

She hadn’t been stood up; otherwise, she really didn’t know what to do.

But very quickly, the girl’s face quickly turned red again.

Because this meant that.

She and Wang Ling would be riding together on the bus!

And with so many people on the bus.

It was very likely that they would be together..

Chapter 1462 If Things Went Wrong, It Would Become An Urban Legend

Riding together on a vehicle..

There were actually a lot of potential risks at this time.

Although Wang Ling had taken the hearse earlier, that was because the Wang family's small villa was quite remote, so there was basically no one on board.

In addition, he had gotten up very early, so he didn't have to worry about squeezing into other people at all.

Then, he could crush other people's bones.

All he had to do was cast a light body spell on himself before he got on the bus.

This was a spell that could quickly reduce his weight. After all, his body was too dense, and he had even destroyed No. 60 high school's newly renovated teleportation array.

That was because his combat strength seemed to have improved a lot compared to before..

One "Great body lightening spell" was no longer enough; he had to use it multiple times on his body.

So in conclusion.

Lotus Sun's worries at this moment were actually very reasonable..

It was indeed easy to create all kinds of awkwardness and risks in a crowded situation.

On one hand, there were a lot of hands to be had, and it was indeed not safe for girls to be squeezed.

What Wang Ling was worried about was that once he got on the bus, a group of people would squeeze onto him.

When he got off the bus, those people would collectively break their bones..

And then there might be a series of butterfly effects later, such as traffic crashes and other possible situations.

This might even attract widespread attention.

On a crowded bus, all the passengers were healthy when they got on, but when they got off the bus, they would collectively break their bones..

This would definitely become an “Urban legend”!

And most importantly, it seemed that he wasn’t the only one with problems.

In fact, Lotus Sun was also very dangerous to others..

After the girl’s passive version of “Man and sword as one”, her combat strength had greatly increased.

She was the strongest foundation establishment on Earth, and also the most dangerous foundation establishment.

Protecting the sword master was the instinct of the Spirit Sword. In other words, if there really were hands on the bus... Ohai’s sword aura would be directly released to protect Lotus Sun.

This was a passive version of the “Savior Mechanism.”.

After this sword Qi was released, how many people on the bus would still be alive..

It was probably not as simple as being on the bus; everything within a radius of a few dozen miles would be severely damaged.

Ao Hai’s current sword Qi was just that terrifying.

And for those potentially dirty hands...

Of course, they wouldn't have thought that a foundation establishment young girl could cause such devastating damage.

For Wang Ling, life was sometimes so bitter.

But there was nothing he could do; he was already used to it.

Life couldn't always be smooth sailing, and it was normal to have ups and downs. The most important thing was to learn to adapt and enjoy it.

Perhaps he would be able to solve the issue of the "Talisman" or find other ways to control the unlimited growth of his body.

Only then would he be able to truly enjoy life.

For a moment, Wang Ling and Lotus Sun had a myriad of thoughts in their minds.

But it was obvious that now wasn't the time for melancholy.

"I've thought about it; actually, we don't have to take a vehicle."

Then, Lotus Sun spoke first, she was still thinking of Wang Ling from his perspective. "At first, I thought it would be fine to ride a sword. But there's an air restriction on cultivation culture street, so it's a small matter to ride a sword and fine them; the main thing is that it will take a lot of time."

"So?"

Wang Ling raised his eyebrows and looked at Lotus Sun.

"Student Wang Ling... Why Don't we teleport there?"

It had to be said that Lotus Sun's suggestion hit the nail on the head!

Because this was what Wang Ling was thinking in his heart.

There weren't many people in front of No. 60 high school right now anyway, so it would be easy for them to teleport to a remote place.

Most importantly, Li Youyue, Super Chen, and hero Guo weren't around.

It was only natural for them to activate their abilities.

Let's do it that way!

..

On the other side, at the intersection of the ancient Cultivation Street, Li You Yue, Super Chen, and hero Guo were sitting on a bench in the square at the intersection of the ancient Cultivation Street.

Under the shade of the trees, Super Chen had a bad premonition. "By the way, is it really okay for us to do this?"

"It's all to create opportunities for boss Sun. What's wrong with that?" Hero Guo held his phone and started playing mobile games. He did not have any time to spare.

With the number one account in the entire server, the feeling of being a big shot was very pleasant.

"If you're a big shot yourself, it's better to have a big shot by your side. Wouldn't it be better to hug the big shot's legs?" Super Chen said.

"That's true. Boss Lotus Sun is our big shot now. How much pocket money do you think she has in a month? I think she has at least a million or so, right?" This was the result of hero Guo's calculation combined with the benefits Lotus Sun had given them.

With Huaguo Water Curtain Group's wealth, a million dollars in pocket money was actually not too much.

“I’m envious!”

Super Chen sighed. “It’s a pity that Wang Ling ended up benefiting in the end. What if your son really marries Lotus Sun in the future? Wouldn’t that make him a nouveau riche?”

“Don’t think too much, you might not be able to make it this far.”

Li You Yue was actually a little worried.

Liking, falling in love, getting married..

These were three different things!

If she were to go further down.

Liking was divided into active and passive. That was to say, liking, and being liked.

Being liked, that was to say, being secretly in love..

After an entire semester, it was not easy for them to progress from being secretly in love to being openly in love.

But the problem was.

The two of them still had no progress at all.

As her best friend, Li You Yue’s heart was also filled with melancholy.

So the main problem was actually that piece of wood..

“Based on my experience, student Wang Ling is actually the type of person who isn’t very easy to deal with. So it’s actually very important to create more opportunities for the two of them.”

Li You Yue said, "It's already considered pretty good if we can establish a relationship before graduation. I think... we might not even be able to confirm it after graduation. Rong Rong might have to pursue him to university and spend a long time coaxing him before there's any hope."

"But who can persist for that long?" At this moment, hero Guo stopped what he was doing and looked at Li You Yue.

After all, there had been news of celebrities dating and getting married on the internet before. It was claimed that they were fated to fall in love, that they had been romantically involved for ten years... in the end, they did not stay together for long, in the end, they still separated.

Matters of the heart were very complicated, even if one did not consider Lotus Sun's family background.

It was rare for a girl to be able to invest so much time into a boy.

In fact, was it a boy or a girl.

After a long period of chasing and not seeing the end result, one would always be tempted to give up because of despair, right?

"I don't know how long lotus can last. In any case, I will definitely not hang myself on a boy... even if I meet someone I like, I will at most spend a year or two chasing after them. If there's no result, it means that it's still not fate." Li You Yue said.

"A year or two?" Guo Hao and Super Chen were surprised.

This time was actually very long for girls.

However, this was after all the era of the whole nation's cultivation. Female cultivators did not have to worry about aging due to the problem of growing up.

After all, there were simply too many ways to retain one's looks.

If they really met someone they liked, it wasn't a big deal to spend a year or two chasing after them.

"What are you guys talking about?"

At this moment, a familiar voice came from behind the three of them.

"Senior Odd Zhuo?"

Li Youyue was instantly pleasantly surprised. "Why is senior here!"

"It's business." Odd Zhuo smiled mysteriously. "I'll go in first later. The three of you, pretend you haven't seen me, understand?"

"Okay! Senior Odd Zhuo!" The three of them said in unison.

"Mm, be good!" Odd Zhuo walked over with a smile on his face and patted Li Youyue's shoulder lightly.

This action actually didn't have any meaning.

It was like a customary greeting between fellow disciples.

However, what Odd Zhuo didn't know was that.

This action caused the temperature on the other side of the square to drop by quite a bit.

Liangzi nine temples was wearing a black cloak as he sat on a bench on the other side.

He just happened to see Odd Zhuo and Li Youyue..

Chapter 1463 Indescribable And Shameless

Under the cloak, Liangzi Jiugong's resentful gaze seemed to be able to swallow odd zhuo whole.

Heh, he was indeed a pretentious old swindler. It was one thing for him to flaunt his stolen honor and become a role model for his fellow junior brothers and sisters..

He was actually trying to plot against his fellow Junior Sisters!

As a leader of an official-certified educational institution, there was a big problem with this style!

Liangzi Jiugongzi pretended to be reading a book. A thick, dictionary-like book was placed on her delicate thigh.

She was reading a book in her dress, but in fact, she was talking to the ghosts collected in the book.

“Are you going to record them all?”Liangzi Jiugongzi said coldly.

The page of ghosts she was facing now was Huaxiu Nation’s domestic ghost, which had previously fled to Sun Island. People had given it the nickname: Pen Fairy.

“Yes. I’ve recorded them all.”Pen fairy nodded her head submissively.

She was dressed in red, and she recorded what she had heard on the drawing table into words. Then, she directly drew the scene she had seen. The level of detail was no different from a digital camera.

At the same time, the recorded words could be extracted. As long as she recited the spell afterward, the recorded words would emit odd Zhuo’s own voice.

As expected of the pen fairy.

Liangzi nine temples was very satisfied.

This ghost named “Pen fairy”was actually very powerful.

She had created a legend about the “Pen fairy”for herself so that those who believed in this legend could summon her.

In the name of the “Fairy,” he used the price of devouring Yang Energy and longevity to predict the future for others.

But in fact, this kind of calculation was not effective at all. It was all a trick.

The most troublesome part was that the legend about the pen fairy had spread all over the world, causing this ghost to wander around the world and commit crimes.

In the end, it could even create all kinds of fake bodies to “Collect rent” in place of the main body.

The nine temples family had paid a huge price to recover this pen fairy, but fortunately, they had successfully set up a trap and captured the main body of the pen fairy on Sun Island.

After that, there was no after.

The current pen fairy was forever sealed in the nine temples family’s ghost book and became the chronicler of the incident of nine temples Liangzi.

The Jiugong family’s ghost book contained all kinds of troublesome ghosts that the Jiugong family had captured since they established their family.

Now, after years of accumulation, the strength of the ghosts in the main book could no longer be suppressed by human strength.

Therefore, they had been sealed in the Jiugong family’s underground sealed cellar.

The book in Jiugong Liangzi’s hand was actually a duplicate of the “Ghost Book”. The duplicate was completely in sync with the ghosts in the main book.

But the power of these ghosts was greatly weakened.

It was also because of this that Liangzi was able to easily mobilize these ghosts to work for her.

“I’ll have to trouble everyone today.” Liangzi closed the ghost book and stood up.

She wasn't interested in the students of No. 60 high school; she had only come to collect "Evidence" of Odd Zhuo's crimes.

Last night, Odd Zhuo had seen a woman's figure on television. In fact, it wasn't that Odd Zhuo had been dazzled.

It was Liangzi Jiu who had used the ghost named "Ah Zhen" in "The Book of ghosts" to monitor Odd Zhuo's situation.

"Ah Zhen" had originally had a beautiful love life, but unfortunately, because the man she loved, "Ah Qiang", had changed his heart, he had colluded with other women to kill her.

Before she died, Ah Zhen's resentment was all channeled into the television in front of her.

After that, she began her own revenge.

As long as she did not turn off the television, she would openly show her love in front of the screen... or she wanted to use the sound of the television to cover up the sound of her car, but none of them escaped Ah Zhen's clutches.

Moreover, if Ah Zhen knew that a man would be dating several women at the same time.

That man would die an even more miserable death.

But that was all in the past.

The time when "Ah Zhen" had fallen in love with "Ah Qiang" was over.

The current AH Zhen was an important intelligence investigator under Liangzi Jiugong.

When he saw Odd Zhuo get up and walk towards the entrance of Ancient Street,.

Liangzi Jiugong hurriedly got up from the bench and secretly followed behind Odd Zhuo.

“Odd Zhuo, you definitely wouldn’t have thought... everything you do is within my control.” She couldn’t help sneering in her heart.

At the entrance to Ancient Street, odd zhuo took out his “Changyou card” to verify his identity, and a staff member recognized him.

But Odd Zhuo only gave them a look, and the staff quickly understood that these were all mature employees who had already been replaced by grandfather Sun.

Given grandfather Sun’s current friendship with Odd Zhuo, Odd Zhuo’s face still held a lot of weight in the hearts of these mature employees.

The mature employees smiled professionally.

“Welcome to Old Street.”

After taking a few steps, Odd Zhuo’s lips curved into a meaningful smile. “Did you follow me?”

In fact, he had already sensed something was amiss last night.

It had to be known that one of Odd Zhuo’s pupils had a part of the King’s pupil authorization.

Although this part of the authorization was minimal, dealing with a ghost was still a matter of minutes.

“Let’s wait and see, Liangzi Jiugong.”

For some reason, Odd Zhuo felt his face stiffen with a smile.

He pretended not to know and just continued to walk at his predetermined pace.

He especially wanted to see what else Liangzi Jiugongzi would do next.

..

On the other side, Wang Ling and Lotus Sun teleported to a remote thicket in front of the Ancient Street Square.

This location was relatively hidden.

No outsiders could see that they had teleported here.

“Let’s go.”

Wang Ling put his hands in his pockets and looked at the girl, then took a step out of the thicket.

Just outside the bushes, a mother and daughter were looking at this scene in great shock.

If a boy came out from behind this bush, he might not be able to find a toilet, or find a corner to relieve himself or something like that..

But a boy and a girl came out from the bushes one after the other.

The scene in front of them inevitably made people’s imaginations run wild.

Wang Ling had a hunch that Lotus Sun and he might have been misunderstood.

What was worse was that mother Wang had deliberately not buttoned up all of his shirts in order to expose his collarbone..

Thus, when the middle-aged woman with her daughter saw this scene, she almost immediately imagined an indescribable drama.

Cherry blossom petals with a light and elegant fragrance floated down from the surrounding cherry blossom trees and landed on the young man's sleeves and thighs.

The expression on his face was slightly sad.

Complicated feelings lingered in his heart.

Even under such a beautiful scene, he was still unable to completely calm down.

Behind him was a middle-aged man wearing a samurai armor. The man had one eye, and his face looked ferocious, making people not dare to approach him.

This was the exclusive guard sent by the nine temples family to the young man. He was responsible for protecting the young man's safety, and at the same time, he would help the young man with some matters.

The young man's legs were inconvenient, so many missions required the one-eyed man to complete on his behalf.

"I've done too much to the Liangzi..." nine temples xiushi frowned.

"Those who achieve great things must make sacrifices. Perhaps this is very cruel to Liangzi miss. . But if she's around... the young master with crippled legs will never be able to inherit the throne."

The one-eyed warrior muttered, "Moreover, Liangzi miss. . and young master, you're only from the same father but different mothers. Liangzi miss. . is the eldest daughter of the second madam. You're the first Madam's child."

"But she is still my sister." Jiugong Xiushi was still in a dilemma.

"The necessary sacrifice is unavoidable when planning a major event."

The one-eyed warrior said coldly, "Moreover, it is already too late for young master Xiushi to regret now. If you had not decided to fight for the position of the head of the Jiugong family in the beginning, then you would not have accepted my proposal..."

"Are you calling me hypocritical?" Xiushi turned his head and looked at him.

"No, I didn't say that."

The one-eyed Warrior didn't show any strange expression on his face. He just rolled his eyes in his heart.

This Xiushi had called him to wander around the Sakura Garden for a long time early in the morning.

To the one-eyed warrior, it was too disgusting for a straight man like him to accompany a man to look at the Sakura Garden..

If it weren't for the fact that Jiugong Xiushi was the eldest lady's only son, plus the eldest lady's last wish to him.

He had already broken Hideki's third leg.

Jiugong Xiushi's "Hypocrisy" is not false at all.

But out of gratitude to the eldest lady, even if the youth in front of him again hypocritical, one-eyed also can only endure.

It was all about the plan.

At this moment, Jiugong Xiushi heard the voice coming from the communication device.

He looked at the one-eyed warrior and said, "It seems that everything is going smoothly. Liangzi has already entered."

“I understand. Miss Liangzi’s chance to act alone is a once in a lifetime opportunity. This time, we will definitely not fail,”the one-eyed warrior said.

“Can we really unseal the ‘Ghost Manual’?”

“It’s impossible to completely unseal the main book. We can only act on a certain page or a few pages.”

The one-eyed warrior said, “We’ve already investigated the few ghosts that Miss Liangzi often uses. As long as we tear apart that part of the main book, these ghosts will be released. And the duplicate copy of “Ghost Book”in Miss Liangzi’s hand is the escape hatch for these ghosts that have been unsealed.”

..

When Wang Ling and Lotus Sun came out of the bushes, they had already sensed the auras of Super Chen and the others.

As expected..

The three of them had lied earlier; there hadn’t been any accidents on the subway at all.

But considering that he and Lotus Sun had teleported over, the two of them had a tacit understanding not to immediately walk over.

The fastest way to get here from No. 60 high school was a half-hour drive.

If they went out now, there was no way to explain why they were so fast.

The two of them chose a bench on the west side and sat down. From this angle, Super Chen and the others couldn’t see them at all.

“We’ll be there in half an hour...”lotus sun said.

“Mm,” Wang Ling replied.

He glanced at the young girl’s test from the corner of his eye and then sat down.

In fact, the reason they couldn’t go now wasn’t just because of the time problem caused by “Teleportation.”.

The most important point was that the girl’s face hadn’t calmed down yet..

After all, the middle-aged woman’s speech just now was too shocking.

Perhaps it was because Sun Ying Er had been driving, but the girl who wasn’t familiar with these things had become especially sensitive now.

Wu Wu Wu!

It was all Ying Er’s fault!

She had become dirty..

Half an hour seemed to be an extremely long time, but it also seemed extremely short.

Wang Ling’s eyes were slightly closed, and he was as quiet as a statue, as if he had fallen asleep.

A fallen leaf fell on top of his head.

Lotus Sun reached out to pick it off, but Wang Ling got up first and shook it off.

It had already been half an hour, and the time was up.

Wang Ling had just closed his eyes and counted.

He didn't want to waste a second.

Because the crispy noodle snack flagship store on Ancient Street was already open, and he could smell the aroma of pepper flour in the plastic bag from afar.

"Mm..." Lotus Sun withdrew her hand with some regret.

It had clearly been a very close opportunity for her to get close to Wang Ling just now.

When the young girl realized that she was alone, she wasn't as brave as she had imagined.

Perhaps she should have been a little more daring.

Just like director Ying, she had directly pounded on the wall..

Seeing that Wang Ling had already moved toward Super Chen and the others, Lotus Sun came back to her senses and hurriedly chased after him. "Student Wang Ling... Wait for me..."

Hearing the girl's voice, Wang Ling stopped in his tracks and turned slightly to look at the girl behind him.

It was a fleeting glance.

The instant he turned around.

A gust of wind lifted the young man's collar.

As his hair danced in the wind, from the girl's point of view, the feeling of a young man was indescribable.

Lotus Sun was stunned.

At the same time, Sun Ying 'er, who had been silent for a long time, screamed in Lotus Sun's mind.

Sun Ying 'ER: Ahhh! Ling Zhenren! Too a! Many times better than Wang Ying's Big * * !

This shout could be said to have broken her technique in a second, instantly pulling back all of the girl's thoughts.

Lotus Sun felt the temperature on her face, which had just calmed down, start to rise again.

In the distance, hero Guo and the others saw Wang Ling and Lotus Sun walking in their direction and waved at them from afar.

To be honest, they had thought that they would have to wait another half an hour.

"How did you get here? This is too fast..."hero Guo was in disbelief.

"Half an hour is indeed fast. Did you teleport?"Super Chen echoed.

Wang Ling and Lotus Sun:"..."

Lotus sun quickly explained, "It's a taxi... Alright! This isn't important! Everyone has been waiting for a long time, let's hurry in!"

As soon as she said this, Super Chen and hero Guo pulled Wang Ling directly, and the three of them walked shoulder to shoulder towards the entrance together, looking like they were very close.

"Men are like this."Li youyue sighed.

"Their relationship is really good..."to be honest, lotus sun looked at the scene in front of her with a little envy.

She hadn't had the courage to stretch out her hand for half an hour just now..

But Super Chen and hero Guo had hooked up so easily.

“Are you, jealous?” Li You Yue suddenly found it funny.

“No!” Lotus sun retorted.

“Alright, I’ll take it as nothing. You’re the boss, it’s up to you.”

Li You Yue smiled meaningfully. “Let’s go together, don’t get left behind by the three of them.”

Lotus sun nodded. “Mm!”

Then, the two girls followed behind, arm in arm.

In the front, the three of them had their arms around each other’s shoulders.

Wang Ling was sandwiched in the middle and was being questioned..

Super Chen chuckled. “Be honest with Wang Ling! What did you do to Lotus Sun on the way here? !”

Hero Guo echoed. “Right! You have to be honest! I saw Lotus Sun’s face turn red just now... could it be that your hands and feet were dirty in the car...”

Wang Ling:”?”

..

Just as Wang Ling’s group of five successfully passed through the entrance of Ancient Street.

A cleaning staff member of ancient street who had covered himself very tightly took off his mask and hat.

“Wang Ling... Lotus Sun... in the car?”

When she had disguised herself as a cleaner, Jiang Yingying had probably heard these nouns.

At that moment, she stared in the direction of Wang Ling and the others, her hand shaking slightly as she held the broom.

Chapter 1465 All The Extras Had Arrived

It took Jiang Yingying a few minutes to digest what she was seeing,

her thoughts were a mess -- envy, jealousy, and... a little bit of hate.

All kinds of feelings were mixed together like spilled seasoning, and Jiang Yingying had mixed feelings.

It was a pity that she hadn't gotten to know Wang Ling earlier.

If only she had gotten to know him earlier!

There was no way this rich young miss would be so close to Wang Ling!

Of course, she wouldn't give Lotus Sun any chance either.

But fortunately, it didn't seem too late now. After all, according to the information Jiang Yingying had gathered, Lotus Sun and Wang Ling hadn't officially established a relationship yet.

In other words, she still had a chance!

She had asked the sanitation workers in the area for a long time to get the staff's clothes.

The sanitation director had fiercely rejected her earlier.

She would act cute.

Reject again!

Continue acting cute..

When she rejected the third time, apart from acting cute, Jiang Yingying also said one sentence: “My Grandfather is Jiang Baisheng!”

Then, she took out her phone and showed a cute photo of herself and Marshal Jiang.

The supervisor’s expression instantly changed, and he handed over the clothes on the spot.

Jiang Yingying felt that she must have been hit by her cuteness.

This trick had always worked.

She went to the public restroom near the square and changed into a new set of clothes.

Jiang Yingying wore a mask and sunglasses, and she quickly changed her hair color with a hair dye pill, making her look like a foreign girl from the Western world.

Then, she carefully put away the sanitation worker’s clothes. When the matter was over, she would be responsible for returning the clothes.

At this time, the fake boyfriend had arrived.

Wei Zhi, wearing a cap, also stood at the door.

He had been dragged here by Jiang Yingying last night.

Pretending to be a girlfriend..

It wasn’t a real girlfriend, so what was the point.

The point was that to Wei Zhi,.

Jiang Yingying could only be considered his sister... if Marshal Jiang hadn't kept mentioning her and hadn't come to him several times about spirit beasts, Wei Zhi wouldn't have had any interactions with Jiang Yingying at all.

And in fact, Wei Zhi didn't need a girlfriend.

He felt that he was already too busy taking care of his tame Spirit Beasts all day long.

Spirit Beasts were simple and could act cute. They didn't have as many complicated thoughts and schemes as humans.

In a sense, Wei Zhi felt that spending a lifetime with Spirit Beasts was a good choice.

"Brother Wei Zhi! It's up to you!" At this moment, Jiang Yingying pressed Wei Zhi's shoulder, her eyes blazing with flames.

Wei Zhi wasn't too tall, only slightly taller than Jiang Yingying. But from afar, he really did look like a couple.

"I got it..." Wei Zhi pressed down on his hat, his expression slightly awkward.

If it wasn't for Marshal Jiang's sake, he wouldn't have come..

Moreover, this mission was actually very dangerous for Wei Zhi.

That was because he knew all of No. 60 high apart from Li Youyue!

Moreover, Wang Ling was his good brother and loopy Toad's Master!

"Let's go, brother Wei Zhi! They're all inside!" At this moment, Jiang Yingying's sweet voice interrupted Wei Zhi's thoughts. She took the initiative to hold Wei Zhi's hand and pulled him forward.

“Yingying, slow down...”

Wei Zhi had no choice but to follow the girl’s anxious footsteps.

The two of them walked toward the entrance. Wei Zhi was still a little puzzled by Jiang Yingying’s sudden visit. “But I still don’t understand why you came to find me.”

“Originally... I wanted to find brother Yi. But isn’t he still in the hospital for treatment?”

“He hasn’t recovered yet?”

“It’s said that he has already recovered a bit. It’s normal for him to get out of bed and walk, but now he’s a little afraid of seeing sharp objects.”

”...”Wei Zhi was stunned.

An outstanding spirit sword user was actually afraid of seeing sharp objects..

It seemed that Yi Zhiyang had indeed suffered a great blow after his last match with Lotus Sun.

Wei Zhi had also been paying attention to the match at Nine Dragons Mountain.

Later on, he had also heard about Yi Zhiyang’s psychological trauma, but he hadn’t expected it to be so serious.

“Then what should we do in the future?”Wei Zhi asked.

“It seems that we can only wait for him to overcome the obstacles on his own. There’s no other way.”. More relaxation would actually help him recover. “Originally, brother Yi was quite happy when I said that I would come to ancient street and ask him for help,”Jiang Yingying said.

“What happened after that?”

“Later, I said that Lotus Sun would also come here. He was so scared that his legs went soft on the spot.”

“So, I’m just a spare tire?”

“How could that be! If this thing doesn’t work out in the end, then I’ll be with brother Wei Zhi!” Jiang Yingying acted coquettishly. She knew that Wei Zhi absolutely didn’t have such thoughts.

“Hehe...” Wei Zhi shook his head with a wry smile. “Let me tell you, I’ll help you this time.”

As he said this, he took the initiative to reach out and gently wrap his arm around the girl’s waist.

Then, he and Jiang Yingying passed through the entrance of the Ancient Street.

Since they were pretending to be her boyfriend, acting was very important.

As for being Jiang Yingying’s real boyfriend, Wei Zhi didn’t even dare to think about it.

After all, Marshal Jiang still gave him pressure.

At this moment, a man in a black windbreaker followed Wei Zhi and Jiang Yingying into the ancient street.

He had the Changyou card, so he didn’t need to verify his identity. He kept a considerable distance from Jiang Yingying to avoid being discovered.

When he heard that Jiang Yingying had asked someone else to pretend to be her boyfriend, he was still worried, so he decided to follow her to take a look.

From his actions, the man in the cap seemed to be very familiar with Jiang Yingying.

When the girl took the initiative to take the other party’s hand and walk forward.

Jiang Xiaoche felt his heart twitch and inexplicably felt a throbbing pain.

Especially when he saw Wei Zhi take the initiative to put his hand around Jiang Yingying's waist, Jiang Xiaoche felt that he almost fainted.

Where did this old Lecher come from? !

Jiang Xiaoche gnashed his teeth as he watched. He wanted nothing more than to immediately rush forward and separate the two.

Jiang Xiaoche took a few deep breaths and tried his best to calm himself down.

His mission today was to ensure the girl's safety.

It was just Lou Lou's waist. This was something that the girl had volunteered to do. As an outsider, he naturally had no right to interfere.

He needed to keep track of him at all times. Firstly, he needed to prevent this fake boyfriend from doing anything improper. Secondly, he could also check out some suspicious people..

For example, Jiang Xiaoche found a few suspicious-looking men on the ancient street right now

Although they were wearing casual clothes, their eyes were always vigilant.

In addition, Jiang Xiaoche also noticed the tattoos on these people's ankles. Although he couldn't see them clearly from this angle, he could roughly confirm that it was a crow.

Chapter 1466 There Is No That Says There Is No Soul

Jiang Xiaoche remembered that he seemed to have seen this crow pattern somewhere before. At first glance, he felt that it looked familiar.

His mind quickly searched through his memories. While he was still in doubt, he used his phone to search for the keyword "Jiugong" on the internet.

Then, the Jiugong family's signature purple-eyed Raven emblem appeared on Jiang Xiaoche's phone page.

It was actually a pop-up advertisement! The Jiugong family emblem filled half of Jiang Xiaoche's phone screen, with the slogan "Professional Exorcism, a century-old brand" attached.

"It's indeed the Jiugong family's emblem," Jiang Xiaoche stared at his phone and muttered to himself.

Why did the nine temples family come to this ancient street...

Moreover, it seemed like they had their eyes on Jiang Yingying.

Jiang Xiaoche felt that there was something fishy about this.

After he went back yesterday, he reorganized the information about Jiang Yingying.

Just as the young girl said, she was indeed the granddaughter of the Martial Saint Marshal Jiang.

Jiang Xiaoche spent a long time reading Jiang Yingying's information carefully from the beginning to the end. He knew her height and three measurements clearly, and he still remembered them deeply in his mind.

He didn't remember seeing any interaction between Jiang Yingying and the nine temples family.

"Let's just observe and see." Jiang Xiaoche frowned as he watched the nine temples family follow Jiang Yingying and Wei Zhi all the way, pretending to look at their phones while walking, they silently followed behind the nine temples family.

..

Today's ancient street was indeed more lively than Wang Ling had imagined.

Apart from them, Odd Zhuo had come here at Wang Ling's request in advance.

But Wang Ling hadn't expected that nine temples Liangzi would come here.

In addition to nine temples Liangzi, there was actually Jiang Yingying, Wei Zhi, and Jiang Xiaoche's aura..

Wang Ling knew all of them.

No matter how deeply he hid his aura, it was impossible for it to escape his senses.

Wang Ling felt a little tired.

It seemed that everyone had come with a purpose for this trip; it could be said that they each had their own ulterior motives.

But other things weren't that big of a deal. Right now, Wang Ling was actually more concerned about the members of the nine temples family who had been following Jiugong Liangzi the whole time.

As soon as he entered the ancient street, Wang Ling had already noticed that this group of people was sneakily following behind him.

He quickly confirmed that these people had actually come with nine temples Liangzi.

Moreover, they had deliberately kept a very long distance for fear of being discovered.

Logically speaking, as a young miss, it was reasonable for the nine temples family to send people to protect nine temples Liangzi in secret.

But this group of people were clearly not nine temples Liangzi's bodyguards.

Although they were also members of the nine temples family, they definitely hadn't come with the intention of protecting nine temples Liangzi.

Each of them had a murderous aura hidden in them, as if they were preparing for something. These were the top experts of the nine temples family, and it was very difficult for ordinary people to discern the murderous aura hidden in them.

This was also one of the reasons why Wang Ling had set his eyes on this group of people the moment he entered the Ancient Street.

Of course, the current situation was actually very interesting.

This was because these people from the nine temples family hadn't realized that they had been exposed.

What they didn't know even more was that there was another man staring at them from behind..

"I should warn Odd Zhuo first,"Wang Ling muttered in his heart.

He didn't even take out his cell phone. He directly put his hand in his trouser pocket and swiped the screen open, swiftly tapping the screen with his skillful fingers.

Just Like That, a specially edited text message to Odd Zhuo was sent out.

To an outsider, Wang Ling had just put his hand in his trouser pocket for a while, and there was nothing unnatural about it.

In any case, for now, he had to focus on what was in front of him.

Wang Ling looked very relaxed, but in fact, he had never let down his guard.

In addition to these complicated things behind the scenes, he also noticed that many people were looking at him at the moment.

Quite a few girls who were shopping whispered to each other as they walked past him.

"Hey, that one-eyed boy looks quite interesting!"

“Indeed. He’s wearing a white shirt! There’s also a type of ascetic wind! The point is, isn’t this my ideal first love face!”

Although these girls spoke very softly, Wang Ling could still hear them clearly.

It was no wonder..

Mother Wang had really dressed him up too well today.

It should be better to wear normal clothes.

But it actually didn’t matter if they saw him, because the “Great shielding spell” had already been upgraded.

Don’t look at how these girls were still talking about him now; they would forget him as soon as they turned around.

The “Great Shield spell” now added a “Life dao intersection function”.

In other words, apart from malicious investigations being blocked now,

These passers-by who wouldn’t have any deep interactions with Wang Ling in his life would quickly forget his appearance even if they saw him..

It was like a dream.

No matter how profound the content of the dream was, most people wouldn’t remember what they had dreamt after waking up for some time.

“Then where are we going?” Super Chen looked somewhere. “I think that’s not bad!”

It was an ancient cold weapons store. The name of the store on the signboard read “Sir, times have changed!”.

The cultivators of the old era didn't have such powerful magical artifacts.

Nor did they combine the wisdom of modern science. This cold weapon shop introduced the cold weapons commonly used by the cultivators of that era.

They were very heavy and required a lot of spirit energy to increase the power of the magical artifacts.

"This shop has tours and activities. The activities are 100 yuan per trip, and there are prizes," Lotus Sun said at this time.

She had already familiarized herself with the tour guide for the entire Ancient Street last night. Although this was her first time here, she was actually very familiar with every shop.

"What kind of activity is it?"

"It's a stone spear throwing event. Let's see how far it can be thrown. However, the event is only for cultivators below the nascent soul stage. We're all foundation establishment students, so we don't need to provide proof of our realm with our student ID."

At this point, Lotus Sun couldn't help but cast a glance at Wang Ling.

Ever since she had learned of Wang Ling's true strength, there were many things that Lotus Sun had no choice but to consider in the light of Wang Ling's actual situation.

Stone spear throwing.

For the others, it was just for fun; the field was very wide and they wouldn't be able to do anything fancy.

As for student Wang Ling..

It was very dangerous!

If he didn't control his strength properly, he might just be thrown out of the Solar System..

"What about the prize?" Super Chen asked at that moment.

"There are different prizes for each distance. The grand prize is 5,000 meters away, but it's actually quite difficult. The stone grass is very heavy, so it's quite difficult to throw it."

Lotus sun said, "The grand prize is a marrow-cleansing pill. The second prize is a youth-retaining pill, and the third prize is an old street voucher. There's also an incentive prize for throwing less than 100 meters. It's this cold weapon shop's medal."

As if hearing Lotus Sun's words, a staff member of the cold weapons store suddenly walked out. "Is this your first time on Old Street? Haha, today's Prize isn't a medal."

"Not a medal?" Lotus Sun was stunned. "But yesterday..."

"It's like this. Our store's incentive prize isn't fixed. For example, today it will be replaced with the old street voucher for limited snacks."

"..."after hearing this, Lotus Sun suddenly felt that there was something fishy going on.

Logically speaking, if that was the case...

She shouldn't have missed such details on the platinum guide.

"This is an event that our store has teamed up with the flagship crispy noodle snack store on the Ancient Street next door. You can go to their store to draw a lottery with the ticket. If this is your first time here, you can have a free chance to try it." At this time., the shop assistant gave a meaningful smile.

"Why would a cold weapon shop like yours specially cooperate with a snack shop..."

"Apart from being a snack shop, we're also a shop with sports events, aren't we? Since it's sports, there's consumption. It makes sense to replenish energy with snacks!"

The shop assistant replied, "A cold weapon shop without crispy noodle snacks is like losing the starting point of this chapter. It has no soul!"

"..."hearing this, Lotus Sun instantly felt that things had become even stranger..

Apart from the core members of the battle sect and Lotus Sun, she also knew that student Wang Ling liked crispy noodles.

The only other possibility was..

Grandfather?

Chapter 1467 Youth Without Games Is Not Youth

After ruling out all possibilities, lotus sun still felt that grandfather sun was more suspicious.

But it was true that she hadn't reported this trip to grandfather in advance..

In other words, it was very likely that grandfather had already known about this and had arranged for someone to protect her on the ancient street?

However, Lotus Sun hadn't noticed any other suspicious characters while walking on the ancient street.

Based on her grandfather's temper, it was highly likely that he had replaced the staff on the ancient street with her..

To be honest, Lotus Sun's feelings were quite complicated at the moment.

Of course, she knew that this was grandfather Sun's love for her.

Grandfather had always done the same since she was young.

But no matter how tenacious the wings were, they couldn't protect the chick forever.

She had already grown up, and the feeling of being followed by bodyguards all the time was actually not pleasant.

No matter what she did, it was as if there were thousands of eyes staring at her.

It was better to wait until this matter was over before going to talk to grandfather.

Lotus Sun thought to herself.

She wasn't in a bad mood because of this little incident.

After all, it was her grandfather's way of showing her affection.

And in fact, Lotus Sun's intuition was quickly verified.

Perhaps it was because she saw the girl hesitate in front of the shop, but the employee of the cold weapons shop suddenly smiled at Lotus Sun and said, "Miss Sun, aren't you going in?"

"..."the corners of Lotus Sun's mouth twitched.

She had clearly never revealed her name.

And how did this young man know that her surname was Sun?

He was obviously from Huaguo Water Curtain Group!

However, the innocent young man didn't realize that he had let the cat out of the bag.

Lotus Sun didn't see through him either. She pretended not to know anything and followed him into the shop.

In the cold weapons shop, in front of the huge stone thatch throwing ground, the results of Super Chen's throw had already been announced.

He had confidently thought that he would win first place.

In the end, it was only when he threw that he realized that the stone thatch was still too heavy.

His explosive power hadn't been used properly at all.

The final result was 96 meters.

"Congratulations on winning the Encouragement Award." A female staff member smiled as she handed over the lottery ticket.

On the side, Wang Ling looked at Super Chen with envy.

It was his turn next.

"Very heavy Wang Ling, be careful."

Then, Super Chen handed Wang Ling the new stone thatch on the shelf next to him.

Mm..

It was as heavy as a feather.

So it really was very heavy?

Wang Ling didn't feel it at all.

Even if he released water and gently threw it, it would probably be at least a distance from the earth to the Sun.

Things weren't looking good.

He still had to think of a way.

He held the spear in his hand and made a very standard throwing posture,

his right arm was pulled back in a very wide motion, and a gust of wind swept through the room, lifting the white shirt on Wang Ling's upper body, revealing his good-looking curves and contours.

His faintly discernible abdominal muscles and the perfect mermaid line.

Lotus Sun had just entered the room when she saw this scene, and her face instantly turned hot.

In fact, this was also part of mother Wang's calculations.

Wang Ling had actually put on a bit of weight recently, and there was quite a bit of fat on his belly.

But Wang Ling had the "Great weight loss spell", so it wouldn't be a problem for him to directly rub off some of the fat.

So before leaving the house, mother Wang had asked Wang Ling to rub off his eight-pack abs, and had even shown him a photo of the "Seven Dragon Balls". "Right! Super Saiyan! Just develop in this direction!"

"..."

Wang Ling felt that eight-pack ABS were really too exaggerated.

In the end, this plan had only gotten rid of his fat.

What Wang Ling didn't know was that this was actually more eye-catching.

Even Li You Yue was amazed when she saw it, and couldn't help nudging Lotus Sun with her elbow. "TSK, this body is simply... how can a guy's body be so good..."

She felt that any girl would be envious.

Because in reality, sometimes reality was so real.

Some boys' legs might be thinner than a girl's, so it was entirely possible that they were real.

Fortunately, Wang Ling's current height wasn't too high.

After all, a sixteen-year-old boy hadn't fully developed yet. If he grew a little taller, according to Li You Yue's judgment, Wang Ling would definitely be a chopstick spirit in the future.

"Sigh, what a pity. The famous herb is taken."

Li You Yue was endlessly envious. She was envious of Wang Ling, and also of Lotus Sun.

Lotus Sun blushed. "Don't talk nonsense..."

"You can do it. You're probably the only one who has patience with such a piece of wood. If it were me, I would still be fine with one or two years. If I don't get a response, I probably won't be able to persevere." Li You Yue said.

In the end, the topic returned to the keyword "Wood."

Lotus Sun's face was filled with helplessness as she revealed a bitter smile. "How long do you think I have to wait?"

"I'll go buy a book to refer to." Li You Yue replied.

"Which book?" Lotus Sun asked curiously.

”“on the protracted war””

”...”

..

Just as Li You Yue had said, perhaps turning this unrequited love of youth into a long-distance love affair would really require a huge amount of time and energy.

For Lotus Sun, this was a game, a game between her and “Wang Ling’s block of wood.”.

The young girl looked up at the young man in front of her,

it was very clear that the young man was also playing games, and he was playing with the stone thatch in his hand.

At the same time, at a street corner in front of this cold weapons store, Odd Zhuo was also secretly playing games with Liangzi Jiugongzi.

As the saying went, as long as you took a gamble, a bicycle would become a motorcycle.

Youth without a “Game”wasn’t youth

Sometimes, young people should be more daring.

Originally, Odd Zhuo had wanted to tease Liangzi Jiugong again and then observe the girl’s cute reaction.

But now, the situation didn’t seem to allow it.

That was because he had received a notification from Wang Ling.

He didn’t know what the purpose of that group of people from the nine temples family was.

But since it was his master, Wang Ling, who had given him the notification, Odd Zhuo didn't think it could be added.

It was very likely that nine temples Liangzi was in some kind of danger.

After turning at the entrance of the alley in front of the Ancient Street, Odd Zhuo quickly hid himself.

Sure enough, the girl in the black cloak behind him followed closely behind him.

The moment Liangzi Jiugong stepped into the alley, Odd Zhuo quickly moved to lift him up and put him against a wall, covering his mouth with his hand.

The girl hadn't expected that she would actually be discovered!

She wanted to cry out in surprise, but then saw odd zhuo make a solemn "Shut up" sign and gradually let go of her.

Odd Zhuo: "I'm sorry, this is an emergency. I had no choice but to do this. I've offended student nine temples."

"What on earth do you want..."Liangzi nine temples had a look of disdain on his face.

"Student nine temples is going out today. Are you going out alone?"Odd Zhuo asked softly.

"It's none of your business. Why should I tell you?"Liangzi nine temples snorted arrogantly.

Right now, she just wanted to find a place to wash her face, because her mouth had been touched by this liar Zhuo's hand!

"Because behind you are people from the nine temples family, and they're wearing casual clothes,"Odd Zhuo said seriously.

“People from the nine temples family?”The young girl looked surprised.

This expression had actually already betrayed her.

Clearly, the young girl hadn’t brought anyone from the nine temples family with her today.

At this moment, Odd Zhuo, who had received the answer, looked at Liangzi nine temples in front of him and nodded slightly. “I know.”

“Know what?”Liangzi nine temples was puzzled.

“I’m afraid the group of people following you now are enemies.”

Odd Zhuo said, “However, for the time being, we don’t know what their motive is. Or do you have any clues, classmate nine temples?”

“I don’t know.”Liangzi nine temples shook his head.

Logically speaking, if the nine temples family had secretly sent people to protect her, it was impossible for them to hide this matter.

“So before we know what their motive is, I suggest that student Liangzi nine temples come with me; it’s safer this way,”Odd Zhuo said seriously as he started to hold Liangzi nine temples’hand.

“What are you doing... who wants to hold hands with a liar like you!”

Yoshiko was flustered. “Who knows if you deliberately arranged for those people to tease me!”

She tried to break free, but Odd Zhuo’s broad and powerful hand was like a pincer, firmly gripping her.

“Yoshiko, there’s no time to explain. You have to come with me.”At that moment, Odd Zhuo looked at Yoshiko with a straight face.

For a moment, Jiugong Liangzi was stunned by such a serious expression.

Her mind went blank and she was directly pulled out by Odd Zhuo.

The man held the young girl's delicate hand tightly, and the heat in his palm was transmitted over, and there was even a faint trace of sweat.

Jiugong Liangzi was extremely astonished.

This man... seemed to really be nervous for her?

Chapter 1468 The Great Crisis Of Liangzi Jiugongzi!

In her panic, Liangzi Jiugongzi was pulled out by Odd Zhuo on the spot.

She was a little frightened by Odd Zhuo's performance.

Ever since she had first met Odd Zhuo in No. 60 high school's Principal's office,.

Liangzi Jiugongzi knew that he was a steady old con man.

Even now, the old con man's face and pulse still didn't fluctuate in the slightest.

She didn't know how Odd Zhuo had been able to keep a straight face.

If she thought about it carefully, it didn't seem difficult to hide his heartbeat, pulse, and expression with some technical means.

At least for now, the sweat on Odd Zhuo's palms told Liangzi Jiugong.

This time, this "Old liar" seemed to be being honest.

"You're hurting me, can you let go a little..."Liangzi nine temples mumbled softly behind Odd Zhuo after he had been dragged a long way.

This was the first time Odd Zhuo had heard the usually domineering nine Temples Act coquettishly like this.

“Is this a request?”

Odd Zhuo couldn’t help laughing.

“Heh, I was just forced to cooperate.”

Nine temples Liangzi snorted. “My hands have already been defiled by you. I don’t know how much hand sanitizer I’ll have to waste to wash away the filth of an old liar like you.”

The word “Old liar” could be considered nine temples Liangzi’s “Honorific” for Odd Zhuo.

Actually, Odd Zhuo didn’t feel much in his heart after hearing this.

He didn’t even feel uncomfortable.

Because Liangzi Jiugong was indeed telling the truth.

“Sorry, it was an emergency just now, so I didn’t have time to explain myself to you.”

He loosened his grip and continued to pull Liangzi Jiugong forward. Standing side by side, the two of them looked like a couple.

Many people on the ancient street looked in their direction as if they were also talking about them.

This was too shameful..

Liangzi nine temples lowered her cloak a little.

Never in her wildest dreams would she have imagined that she and this old swindler beside her would actually be misunderstood.

It was simply humiliating!

“Where are you taking me?”Liangzi nine temples asked.

“Let’s go to an empty place first. I remember there’s a Taoist temple up ahead,”Odd Zhuo said.

“Why There?”

“There are a lot of people on the street. Although they follow us all the way, I’m afraid they won’t be able to find a good opportunity to strike. Choosing an empty place is easier to lure the wolf into a trap.”

The Taoist temple on the ancient street was a very famous Holy Land for blessing.

However, the Taoist temple was open in the afternoon, so this time ensured that no one else would enter.

Odd Zhuo was also a friend of the temple’s owner, and he had basically already greeted his friends before coming here.

“Are you so sure that these nine temples are against me?”Liangzi asked.

“100% .”Odd Zhuo nodded.

After all, this was his master Wang Ling’s judgment!

“So, how many people know that you’re here?”

Odd Zhuo held Liangzi’s hand while he held his chin in his other hand, lost in thought. “Apart from my female bodyguard, no one else should know... Oh, right, there’s also Doctor Dahe!”

“Doctor Dahe?”

“His name is Kimura Dahe.”

Liangzi said, “This is my private doctor. Because I was drugged with hallucinogens, he diagnosed me and accidentally heard that I was going to Ancient Street.”

“Mm...”odd zhuo nodded thoughtfully.

This Kimura Dahe seemed very suspicious.

But he didn’t have any direct evidence at the moment.

In fact, Liangzi was a little displeased when he heard Odd Zhuo’s inquiry. “You make it sound like there’s a mole in our family.”

“Isn’t That So?”Odd Zhuo asked back.

“You...”

Nine temples Liangzi snorted again. “The people I brought out this time are all carefully selected. They won’t betray me so easily! Do you think everyone is an old liar like you? !”

“We’ll find out later whether they’ve betrayed us or not.”

Odd Zhuo smiled and didn’t continue arguing with the girl.

Because facts speak louder than words.

At that moment, in their line of sight, they could already see the ancient Taoist temple built on the slope of an ancient street a few hundred meters in front of them.

“One last question.”

At that moment, odd zhao asked, "The female ghost on TV yesterday was sent by you, wasn't it?"

"Ah Zhen" had actually been discovered?

Hearing Odd Zhao's question, Liangzi Jiugong's heart instantly thumped.

She hadn't expected this old swindler to have this ability, and she immediately sneered. "So what if I am?"

"You actually sent a female ghost to spy on my life. You Don't like me, do you?" Odd Zhao laughed.

"Who likes you!"

Liangzi nine temples blushed at the question, and it wasn't clear whether he was angry or shy.

Odd Zhao felt that it was actually not easy to tell if Liangzi nine temples was blushing.

Because more often than not, the red face of this hot-tempered and proud young lady meant that she was angry.

"I'm spying on you! I'm collecting evidence of your deception!" Liangzi nine temples repeatedly explained the purpose of sending the female ghost, which was very much a cover-up.

She was like a bristling hedgehog, or a little porcupine.

She had a "Super fierce" posture.

But in Odd Zhao's eyes, for some reason, he felt that Liangzi Jiugong was a little cute.

But now wasn't the time to "Flirt" with the girl.

Odd Zhuo could only apologize. "I was just joking, don't mind me. Of course I know that classmate Jiugong is a righteous anti-counterfeiter."

"HMPH, that's more like it!"

When he said this, Liangzi Jiugong's mood indeed calmed down quite a bit.

He was worried that if he continued to tease her, the girl would really blow up, which would be detrimental to the current situation.

The two of them walked to the front of the Taoist temple. The main door of the Taoist temple was actually open, and because the abbey Dean had said so in advance, he hadn't plugged it in.

According to Odd Zhuo's original plan, he had planned to go to the Taoist temple and pray for blessings and confess to the old pagoda tree covered in red ribbons.

He had even thought about what he would write on the red ribbons beforehand.

According to his original plan, Odd Zhuo knew that Liangzi nine temples would follow him all the way.

So he would definitely see the words "Liangzi nine temples, I like you" written on the red ribbons.

Then he would just quietly hide to one side and wait for the hidden cameras he had prepared beforehand to record the girl's reaction.

But now, the plan couldn't keep up with the changes.

His wish had come to nothing.

In any case, as long as Liangzi Jiugong was still at No. 60 high school, he would have plenty of time to tease this girl in the future.

He wasn't in a hurry anymore.

..

Outside the Taoist temple, after seeing Odd Zhuo lead Liangzi Jiugong inside,.

The followers of the Jiugong family were all indescribably shocked.

Because this Taoist temple was famous for couples praying for blessings..

“When did eldest miss and this kid develop to this point?”

The nine temples family members were puzzled.

“Forget it, it doesn’t matter how far he and Odd Zhuo develop. The mission we received was to make her disappear.”

“What about this Odd Zhuo?”

“Didn’t we already say that he’s a liar? He doesn’t have any real abilities, and with the three of US fighting strength, it’s more than enough to kill the two of them.”

The leading man sneered. He was wearing a black earring, he was the commander of this operation. “After killing them all, place their bodies together. It’s best to make a posture to pick them up. “This way, the reputation of the family’s eldest daughter, Liangzi, can also be destroyed...”

Chapter 1469 Don’t Be Angry, Student Jiugong

Odd Zhuo and Liangzi Jiugong hid under the altar table in the Daoist Temple.

“It’s so crowded... who wants to hide inside with a liar like you!”

Although he said this, Liangzi Jiugong still obediently hid inside.

There wasn’t much space under the table, and Odd Zhuo didn’t mean to offend the girl. Although he had tried very hard to keep his distance, a part of his body still touched the girl.

Liangzi Jiugong's face was red with disdain, but she really couldn't push odd Zhuo away in this situation.

"Sorry, Student Jiugong, please bear with me for a while," Odd Zhuo said gently as he made a shushing gesture.

Liangzi Jiugong snorted and turned her head slightly to look at Odd Zhuo from the corner of her eye.

She saw Odd Zhuo constantly changing his posture in an attempt to keep a distance from her. The Emotions in her heart instantly became very complicated.

On one hand, she suddenly felt that Odd Zhuo seemed to be a little more upright than she had imagined.

On the other hand, Odd Zhuo deliberately kept a distance from her, which instead made her feel displeased.

"Am I not charming enough for you to dislike me so much?" Liangzi Jiugong mumbled very softly and very quickly.

Odd Zhuo: "Student nine temples, what are you talking about?"

"I won't repeat myself a second time."

Yoshiko nine temples' voice was ice-cold.

The young girl composed herself and took a deep breath at the same time.

She felt that she must have gone crazy to actually expect an old swindler like Odd Zhuo to submit to her charm.

Such a swindler..

She would never want him in her life!

Nine temples Liangzi glared at Odd Zhuo, and Odd Zhuo was puzzled by the hostility in his eyes.”?”

Odd Zhuo sighed in his heart.

He couldn't figure out what the little girl was thinking now!

It was too difficult to understand!

It was said that a woman's heart was like a needle at the bottom of the ocean, but this little girl hadn't become a real woman yet, so how could she be so calculative?

Just as he was wondering, the two people under the table heard movements coming from outside the hall at the same time.

Everything was as Odd Zhuo had expected.

It didn't take long before the three people directly barged into the Taoist temple.

They moved quickly, and as soon as they entered, they cautiously closed the door and plugged it back in to prevent anyone from entering.

One of them took out a three-legged magic artifact and placed it on the ground.

It was a kind of shielding device that could block out sound and all external signals.

After setting the range manually, the three-legged magic artifact let out a buzzing sound, and an invisible ripple spread out on the spot, covering the entire Daoist temple.

“Next, it's a good show of catching a turtle in a jar.”

The Man in the lead wearing a black earring smiled secretly. He had already sensed odd zhao and Liangzi Jiugongzi's auras in the main hall of the Daoist temple in front of him.

The man quickly made two hand signals to signal his other two companions to surround the main hall,

the remaining two had radar in their hands, which was a device bound to a shielding magic artifact. Once someone approached the signal-shielding circle, the radar would instantly detect the signal.

This time, even if they had wings, they wouldn't be able to escape.

The Man with the black earring generously stood in front of the main hall with his arms crossed, he acted like he was trying to persuade her out of kindness. "Miss Liangzi, we didn't mean to offend you. We were just following orders. As long as Miss Liangzi is willing to hand over the duplicate copy of the "Ghost Book", then we can consider letting Miss Liangzi off."

In fact, killing nine temples Liangzi was their original goal.

As for snatching the "Ghost Book", this was just a casual matter.

The man knew very well that the book in nine temples Liangzi's hand was only a duplicate. The real main book was still sealed in the ground of the nine temples.

However, the ghosts in the duplicate were actually a hidden danger. If they killed nine temples Liangzi, the ghosts in the duplicate would witness everything.

If the other members of the nine temples family found out about this later.

This wouldn't be good for their master's subsequent election plan.

So after they killed Yoshiko nine temples, they would need to bring back this "Duplicated version" at the same time and wait for their master to give the latest order.

"Ghost Book?"

Under the altar table, Odd Zhuo looked at Yoshiko nine temples.

“Ghost Book” was a family secret of the nine temples family, and Yoshiko nine temples wanted to say something but hesitated; she didn’t want to explain it at first.

But in this situation, it didn’t seem right not to explain.

So the girl frowned and was thinking of a way to summarize it.

“I guess this is a magic artifact your family uses to seal and control demons and ghosts,” Odd Zhuo guessed at this moment.

“How do you know?” Nine temples Liangzi was astonished.

“Just speaking from experience.” Odd Zhuo smiled.

All along, Liangzi nine temples had thought that he was still the same odd Zhuo from six years ago.

If it had been six years ago, when the young girl had confronted him in such an aggressive manner and suspected that he wasn’t the “Hero who saved the world” from back then, Odd Zhuo indeed wouldn’t have had the slightest bit of confidence.

But now, everything was different.

Odd Zhuo now possessed a special “Thirty-three minor vital qi” cultivation method.

Once his true combat strength was fully unleashed, he could rival a true immortal.

If he added the word “Advance”..

Perhaps even a true immortal wasn’t his match.

In fact, Odd Zhuo's realm could have been raised a long time ago.

As long as he wanted to, it wouldn't be difficult for him to quickly rise to itinerant immortal level.

But Odd Zhuo was a public official now, after all, and there were countless gazes on him. If his basic realm rose too quickly, people might be suspicious..

In any case, it wasn't important to Odd Zhuo.

His combat strength had already surpassed that of regular cultivators on earth.

On the contrary, his current "Basic realm" gave him an excellent cover.

Just like the three people outside the Taoist temple, they had always thought that he only had combat strength at the golden core stage.

At this moment, Odd Zhuo was thinking.

Liangzi nine temples was also trying hard to figure out who had sent the people outside the Taoist temple.

She mumbled, "It looks like... they probably aren't from Xiushi's side."

Odd Zhuo: "Xiushi?"

Liangzi: "Xiushi, the only son of my father's second wife, is my second brother."

"I remember him a little. Isn't he the disabled child mentioned in the News?" Odd Zhuo asked. He had investigated some information about the Jiugong family beforehand.

There was always a lot of gossip about such a big family.

“That’s right. My Second Brother is disabled, but I’ve always felt that this was a cover-up, so I’ve been monitoring him. But now I can be sure that he didn’t send those people outside,” said nine temples Liangzi.

“Why are you so sure?”

“I can’t tell you that.”

“It looks like you’re quite hateful in your family.” Odd Zhuo couldn’t help laughing. “Actually, I know that even if you don’t tell me.”

Liangzi nine temples:”?”

Odd Zhuo: “I think your second brother should also have a duplicate copy of ‘Ghost Book’, right? In that case, there’s really no need to snatch it.”

Liangzi nine temples: “How did you...”

Odd Zhuo pointed at his own head. “I also rely on my brain to make a living. There’s a fundamental difference between me and those big-breasted brainless women.”

Liangzi Jiugong’s expression darkened. “What do you mean...”

Odd Zhuo smiled again. “Student Jiugong, don’t get excited. You’re not.”

As soon as he said this, Odd Zhuo heard Liangzi Jiugong gnashing his teeth.

Then, the entire altar... No! The entire Taoist temple seemed to shake slightly..

“Student Jiugong, I was just joking. There’s no need to do this...” Odd Zhuo hurriedly apologized.

The girl’s expression also looked particularly surprised. “No! It wasn’t me...”

She hurriedly took out her duplicate copy of “Ghost Score” from under her cloak.

She was surprised to find that this astonishing abnormal energy fluctuation was actually coming from this duplicate copy of “Ghost Score”!

“What... What’s going on...” Liangzi Jiugong was so scared that her little face turned pale.

This had never happened before, and for a moment, she was at a loss.

“Danger!”

Out of his instinctive reaction to danger, Odd Zhuo immediately snatched the duplicate copy of the “Ghost Book” and threw it out forcefully.

Outside the Taoist temple, the leading man with black earring hurriedly stretched out his hand to take the item that looked like the “Ghost book” when he saw it fly out.

He did not expect that this young lady would be so straightforward.

“But even so...” the leading man stroked the “Ghost Book” in his hand and smiled suddenly.

Even so, Yoshiko nine temples was still going to die.

However, just as the man was about to launch an attack, the “Ghost book” in his hand suddenly let out a piercing scream, which sounded like a witch’s roar and made his ears numb.

The next moment, a thin woman in red appeared in front of him like a ghost.

She had black hair like a waterfall, a mouth smeared with bright red lipstick, and blood dripped from the corner of her mouth. She looked particularly ferocious.

Pen Fairy..

The man looked at the woman in front of him in shock and recognized at a glance that she was the powerful female ghost that was sealed in the “Ghost book” by the nine temples family.

He instinctively wanted to escape, but at this moment, the man was shocked to find that he couldn't move his body.

“No... No!” The extreme fear made the man so scared that he couldn't control himself.

The pen fairy approached him step by step. Every step she took was surrounded by demonic wind.

In the next moment, the woman's red fingernails suddenly turned into the tip of a pen and pierced into the man's body. Like a pen that absorbed ink, it was absorbing the man's life force..

Chapter 1470 Odd Zhuo's Moment Of Brilliance

It was the pen fairy's ability to devour life force.

Her nails pierced deeply into the man's chest.

The man's body shriveled at a visible rate like a balloon with a hole poked in it.

Although the remaining two men were standing in other positions, they found that they couldn't move their bodies either.

The pen fairy's resentment was too strong, causing a suffocating sense of oppression.

Yoshiko Kyushu looked at this scene in surprise. The duplicated version of “Ghost Score” was actually rebelling.

This was something that had never happened before..

Because the pen fairy in the main book was suppressed, it suppressed most of the pen fairy's demonic nature and resentment. Therefore, the pen fairy in the duplicated version was greatly weakened.

Thinking about how she had been ordering the pen fairy to act as a recorder all this time,.

The girl couldn't help feeling a lingering fear.

If it hadn't been for Odd Zhuo's quick reaction just now, she probably would have died at the hands of the pen fairy, just like this man.

"Student Jiugong, things are already like this... we have to stop the situation as soon as possible. You can explain everything to me in detail after the rest is settled," Odd Zhuo said.

Spirit energy spread out from his fingertips to quietly protect Liangzi Jiugong so that the young girl wouldn't be disturbed by pen fairy's resentment.

It was at this time that Odd Zhuo discovered Liangzi's foolish and adorable side.

This was something he had never seen before.

This ice-cold young lady, who had always been poised to win, would probably only activate this attribute when she was in a panic.

Although it wasn't the right time to discuss this now.

The heartbeat of the "Fake heart ring" on Odd Zhuo's hand was clearly increasing.

Liangzi was really... too cute!

"What are you doing?"

"Saving people," Odd Zhuo replied.

"But that's a bad guy... he deserved to die."

"He's the one who knew about the incident, so he has to live." Odd Zhuo took a step forward.

But the young girl behind him pulled him back, her eyes clearly showing her anxiety. “You’re just a golden core, what are you trying to pull off!”

Although the book in Liangzi Jiu Gong’s hand was only a copy of the ghost book, she knew every ghost on it very well.

Pen Fairy..

This was a ghost with an extremely high risk factor! Its risk factor could directly reach SSR!

Back then, the nine temples clan had paid a huge price to set up a trap to capture her. Their strength was self-evident.

Although nine temples Liangzi still didn’t know why the pen fairy would suddenly break out of the seal.

But this pen fairy who had completely broken the seal might not be much more terrifying than the demon king back then.

However, what the girl didn’t expect was that even so, the man in front of her still walked out without any fear.

Facing the light outside the door, he left a broad reflection in the main hall, which actually made Liangzi Jiu gongzi feel at ease.

“Odd Zhuo! You Old Swindler, are you still trying to be brave... You’ll die! I Don’t care if you die!” A second before Odd Zhuo’s figure completely disappeared from the hall, Liangzi Jiu Gongzi shouted at his back.

Odd Zhuo had a smile on his face, but he didn’t directly answer the girl.

”-- Sword!”

He waved his hand, and an emerald-green bamboo sword directly pierced through the air and landed in his hand.

Saving people was more important now, so Odd Zhuo couldn't care less.

He had gone through a lot of systematic combat training at war sect, and his combat skills had been completely transformed compared to six years ago.

He was no longer the brave and righteous scapegoat he had been six years ago.

Clearly, there was a look of surprise in pen fairy's eyes.

A golden core cultivator could still move under her powerful resentment... This was simply inconceivable.

Her other hand was already ready to stab into Odd Zhuo's body the moment he charged over.

Now that the pen fairy had just broken the seal, she needed a lot of nourishment.

However, Odd Zhuo's speed was faster than the pen fairy had expected.

"So Fast!"

Her eyes couldn't keep up with the speed of such a golden core cultivator at all.

She could only rely on her instincts to find Odd Zhuo's position and then stretch out her left Sharp Claw!

"Next time, I'll chop off your left arm! Then I'll chop off your right arm as well!"

Before the sword light fell, Odd Zhuo had made a precise prediction, just like fan Rui had done in the past.

“Sword of Fate” was one of the abilities of “Prediction” itself.

The pen fairy’s eyes were bloodshot; she was surprised that a man could actually see through her thoughts in advance.

In the next moment, there was a “Chi!”!

Odd Zhuo had appeared like a ghost from an extremely tricky angle that the pen fairy had never imagined. He lifted the prediction up, and the pen fairy’s arms were instantly broken!

The captain of the three-person team on the ground, whose life force had been drained by the pen fairy, was on his last breath, but there was still a sliver of life left.

Odd Zhuo was too fast.

In a short time, he had chopped off the pen fairy’s arms with his sword, and had also taken the time to feed the man on the ground a tonic to hang his breath.

For powerful vengeful spirits, having their arms chopped off wasn’t enough to make them scream in pain, because their limbs were illusory and could be reassembled even if they were chopped off.

At this moment, Odd Zhuo faced the pen fairy, who had lost her arms.

She was surrounded by powerful resentful qi, yin qi, demonic qi..

All kinds of negative energy surged out.

Clearly, the woman was trying to repair her arms.

Unfortunately, things didn’t turn out the way she had hoped.

Although the power of the “Advance” was weaker than Jingke’s, the second spirit sword still had its appearance.

Faced with such an evil thing, after being baptized by the sword Qi of the second spirit sword, it was naturally not as easy to recover as usual.

“Damn it... damn it...”

The pen fairy let out a shrill roar as if she had been provoked.

However, Odd Zhuo didn’t give her any chance to explode.

“Next sword, disappear...”

There was a “Chi” sound.

Another sword strike, and the pen fairy widened her eyes in shock as the tip of the “Pre-”sword had already pierced her head.

The powerful sword Qi swept through the pen fairy’s body, turning her body into ashes on the spot and directly dissipating.

This ghost, who was said to have been recaptured by the nine temples family at great cost, had completely disappeared from Earth just like that.

Just as the pen fairy’s body shattered, a beam of sunlight shone down from the horizon, shining on the spot where the pen fairy had disappeared..

Through the sunlight, the ashes of the ghost’s disappearance hovered in the air and then quickly dissipated with the wind.

The scene looked rather beautiful.

“This might be the light of the righteous path...” Odd Zhuo mocked himself in his heart.

At that moment, Odd Zhuo re-examined the scene.

He suddenly realized that there seemed to be a stone thatch on the ground..

“HM? Where did the stone thatch come from?”Odd Zhuo picked up the stone thatch with a wave of curiosity.

In fact, at the same time Odd Zhuo had killed pen fairy.

There were other ghosts released from that copy of the “Ghost Book”.

They had planned to sneak up on them from behind.

But before they could do anything, a stone thatch that had come out of nowhere and looked like it had fallen from the sky suddenly pierced through them like a candied haw.

Because it had died so suddenly, Odd Zhuo hadn’t noticed this at all.

At any rate, the pen fairy had left some ashes behind, but these ghosts that had been skewered by Shi Mao hadn’t left a single trace.

Squatting on the ground, he suddenly couldn’t help laughing.

It was obvious that this was probably master’s handiwork..

At this moment, Liangzi nine temples stared in astonishment and walked out of the hall.

She had just witnessed everything in the main hall.

“Odd Zhuo! You...”

“What’s Wrong?”Odd Zhuo smiled. “I said it would be fine.”

“But you... are only a golden core!”

“As long as you find the right method, a golden core can still win.”

Odd Zhuo shrugged nonchalantly, then carefully sized up Liangzi nine temples in front of him. “But student nine temples, are you really okay? Your eyes are very red. Did you cry just now because you were worried about me?”

“I... I’m not worried about you!”Liangzi nine temples snorted.
