

## Daily Life 1471

Chapter 1471 Back To This !

Although she said that, when Liangzi Jiugong saw odd zhuo rise to the challenge.

She suddenly felt as if her heart had been violently tugged at by something.

The Man in front of her was the publicly recognized liar of the Jiugong family.

Cunning, treacherous, dirty, old liar..

Ever since Liangzi nine temples had learned the name Odd Zhuo six years ago, these words had almost become the nine temples family's stereotypical impression of Odd Zhuo.

She was the eldest daughter of the nine temples family, and in order to regain the family's glory, she had opened up the market of the nine temples family, which was why she had come to Huaxiu nation.

Only the members of the nine temples family could experience the hatred they felt for Odd Zhuo after killing him.

But now, the young girl realized that things didn't seem to be what she had imagined..

As one of the future successors of the nine temples family, nine temples Liangzi naturally knew how powerful pen fairy was.

She was a ghost formed from powerful resentment, and her strength was infinitely close to that of an itinerant immortal.

Back then, the nine temples family had spent so much effort to capture her, but now odd Zhuo had killed her with one strike..

Could it be that the person who had killed the demon king six years ago was really odd zhuo?

And his true realm wasn't just golden core.

At that moment, Liangzi nine temples was in a complicated mood.

She suddenly felt that this man, who had clearly been “Labeled” by the nine temples family, had suddenly become mysterious.

But now wasn't the time to talk about this.

Odd Zhuo was just an external problem for the nine temples family.

This time, Liangzi nine temples had come to Huaxiu nation to solve an external problem.

In the end, he hadn't expected that not only would the external problem not be solved,

It would actually lead to an internal problem for the nine temples family..

Odd Zhuo had instead seen this as a joke.

At this time, Odd Zhuo had already caught the other two accomplices of the man in the lead.

Their faces were deathly pale. Although they hadn't been injured, the Yin Qi had entered their bodies, causing them to tremble. They had wanted to take the opportunity to escape, but in the end, they couldn't even walk.

“You'd better behave yourselves.” Odd Zhuo looked at the three of them with a smile. “You've seen my strength. Catching you is as easy as turning over a hand. Besides, this is Huaxiu nation, not Sun Island.”

“You... You're really Odd Zhuo?” On the ground, the man with the black earring was gasping for breath with difficulty.

Odd Zhuo had saved his life because he had acted in time,

if it hadn't been for that pill entering his body in time, perhaps he would have already been drained of his life force by the pen fairy and died..

"I'm Odd Zhuo."

Odd Zhuo didn't deny his identity.

At this point, there was no need to keep him in suspense anymore.

He had laid his cards on the table.

"We'll talk about it later. Now, you need to answer student Jiugong's question." Odd Zhuo stared at the three of them and gave the interrogation to Jiugong Liangzi of his own accord.

His eyes were always on guard and alert.

Once these people tried to counterattack and attack the girl, he wouldn't hesitate to strike..

But for now, putting up a resistance was just a small chance for these three people.

Liangzi Jiugong strolled over and saw that the other two people who hadn't been injured were ashen-faced.

She instantly had a trace of doubt in her heart.

When the pen fairy had appeared earlier, they had clearly been in the same situation.

But why didn't she feel uncomfortable?

Could it be... Odd Zhuo?

Liangzi Jiugong wasn't an idiot.

She thought of the only possibility, and her face instantly turned a little hot.

So as she walked over, the girl took off her heavy black cloak, intending to cool herself down.

Her white shoulder-revealing short-sleeved shirt and ultra-short jeans revealed her good figure at a glance.

Because the cloak wasn't breathable, her short-sleeved shirt was slightly soaked in sweat, and her snow-white bra strap was actually faintly exposed.

Odd Zhuo's eyes were fixed on her, and he thought to himself, this girl actually had such a side to her besides that demented dark style..

Perhaps sensing odd Zhuo's gaze, Liangzi Jiugongzi hurriedly covered himself and glared at Odd Zhuo.

Odd Zhuo smiled bitterly and hurriedly took off his suit jacket to put it on the girl.

His suit had always been very thin, so it was just right to put it on.

"Who wants to wear your stuff..."

The girl's temper hadn't changed.

She said she didn't want it, but her body was very honest.

Odd Zhuo felt that he was getting used to it.

She tightened her suit jacket and then gazed at the three people in front of her.

These three people were quite sensible.

After the man in the lead regained his strength, he stood up as well. The three of them knelt neatly in front of Liangzi nine temples.

“First of all, your name.” Liangzi nine temples’ voice returned to its icy tone.

“My name is Zhengwei Inoue, and they all call me Viagra.”

The Man with the black earring said, “The two on the side are my underlings. Actually, they’re not people who work for the Jiugong family. It’s just that I usually ask them to go out with me when I’m doing something. I also helped them get the tattoos. The one on the left is code-named Maja. The one on the right is called Leek.”

Odd Zhuo: “So you’re a group of three men?”

“Don’t interrupt...”

Liangzi Jiugong glanced at Odd Zhuo, then looked down at these people. “I’m only going to ask once, which side are you on?”

“Miss, you know we can’t tell you...”

Masanori Inoue had a bitter expression. “Since I’m a member of the Jiugong family, I must have been cursed by a ghost, so you can try to guess...”

“Mm... at least you’re sensible.”

Yoshiko nine temples nodded. She believed what Masako Inoue said.

If she betrayed her master like this, it would indeed be risky.

But as long as she didn’t say her name or write it down, it would be fine.

The safest way was to guess.

But actually, it wasn't that difficult to deduce.

In the nine temples family, how many people had the guts to directly attack her eldest daughter?

Since these three people weren't from the second brother, nine temples Xiushi, then the only one left was..

"It's sixth madam, right?" Nine temples Liangzi said.

Masanori Inoue didn't dare say anything and only nodded.

After receiving a definite answer., nine temples Liangzi was instantly relieved. "Don't worry. It's fine if you're afraid that you don't have the guts to say more now. I'll help you remove the curse when we get back. But as a condition, you have to tell me everything you know. And from today onwards, you have to remember that the three of you are already dead, understand?"

"Understood, eldest miss!"

There were tears in Masao Inoue's eyes.

He had never thought that eldest miss would actually forget the past and treat them with kindness in return..

"Is the sixth wife you're talking about the one your father married last year?" Odd Zhuo couldn't help asking at this moment.

"Yes."

Liangzi Jiugongzi nodded. "This is my father's youngest wife so far. She's also pregnant, and it's said that she's a baby boy."

"I see." Odd Zhuo instantly understood. "It looks like the sixth wife is quite ambitious."

"I suspected a long time ago that she came in with a purpose, and I have some evidence."

“Evidence? Could it be that she’s not pregnant at all, or that the child in her belly isn’t actually your father’s?”

“How do you know...”

When Liangzi nine temples and the three people on the ground heard this, their pupils shook violently.

Odd Zhuo shrugged. “Isn’t that how it’s played in otaku dramas?”

Liangzi Jiu snorted. “Heh... you’re the only one who knows! Actually, I was just testing whether you’re that smart or Not!”

Looking at the man and woman who seemed to be flirting in front of him, Masanori Inoue wanted to say something but hesitated. “Eldest miss... I actually have another question, and I don’t know if I should answer it.”

Liangzi jiu: “Speak.”

Masanori Inoue: “Your relationship with Mr. Zhuo is...”

In the next second, the two of them spoke in different voices at the same time.

Liangzi jugong: “He’s my senior.”

Odd Zhuo: “She’s my girlfriend.”

Liangzi Jugong’s face instantly turned red as he glared at Odd Zhuo. “Who’s your girlfriend! How Shameless...”

Chapter 1472 The Gift Of The Nine Temples

“I understand...”Masako Inoue nodded with a serious face.

Everyone knew that Missy Yoshiko was a famous tsundere.

If she denied it, then it meant..

“No! You Don’t understand!”

Yoshiko nine temples stared at Masako Inoue. “Although I promised to let you off, you must remember not to make me angry. Otherwise, the consequences will be very serious, understand?”

“Understood, understood...”viagra nodded like a chick pecking at rice.

For him, there was no need to explain now.

Because the situation was already very clear.

Miss Yoshiko Kyoko was clearly anxious!

If it wasn’t for the fact that there was another connection behind it, why would she be in such a hurry to explain..

If it had been a few days ago, there wouldn’t have been a second possibility for Yoshiko Kyoko to be red in the face.

That was 100% out of hatred for the old swindler zhao after hearing the name “Odd Zhao”.

But the red in the face of the young girl now did indeed have another meaning.

Because Odd Zhao wasn’t quite what she had imagined; not only was he not a swindler, he was a truly capable man.

It was impossible for him to cultivate to this level in just six short years..

Thus, Liangzi Jiugong deduced that Odd Zhao’s golden core stage was definitely an act, and that his true strength was definitely more than that.

But for now, Liangzi Jiugong had yet to find the reason why Odd Zhuo had hidden his realm.

Perhaps he had come here with the intention of keeping a low profile in the first place, and had just been accidentally discovered?

And the “Boy” that daytrippers had mentioned was very likely a witness at the scene..

So from the very beginning, the entire nine temples family had actually misunderstood Odd Zhuo?

If his speculation was true, then who was the boy that day Walker had seen?

“It seems that we still have to find that dead fish eye.”

At that moment, Yoshiko nine temples was thinking.

Her train of thought was still very clear, and she had no intention of giving up on looking for Wang Ling.

Young girls at this age were always exceptionally curious.

After this sudden incident, Yoshiko nine temples began to be wary of the members of the nine temples family whom she claimed to have carefully selected from Sun Island to help her with her work.

There was definitely a mole in the villa, but it was still impossible to determine who this mole was.

Although that private doctor named “Kimura Dahe” was a suspect, the young girl didn’t have any concrete evidence at the moment.

“So, what do you plan to do next?”

Odd Zhuo looked at the young girl with an unspeakable doting look in his eyes.

“Think of a way to settle the three of them down first. I’ll send someone to watch over them and protect them,”Liangzi nine temples said.

“You wouldn’t happen to send a mole, would you?”Odd Zhuo smiled.

“Don’t worry, he’s my trusted aide this time. You should have seen him at school before.”

“Oh, I remember now. You mean your female bodyguard?”

“Her name is Junko. She’s been with me since I was young, so there won’t be any problems.”

“Got it.”

Odd Zhuo crossed his arms. He thought for a moment and suddenly realized that he seemed to have found an opportunity to get close to the girl. “But have you thought about what you would do if you sent her out?”

The question silenced the maiden.

What Odd Zhuo said actually makes a lot of sense..

Up to now nine Palace Liangzi still does not know duplicate edition “Ghost Spectrum”what is the reason of insurrection.

In case there are any problems after that, with no one around.

She’s gonna die a horrible death..

The girl did not expect that the ancestral magic weapon, which she regarded as the most powerful magic weapon and relied on deeply, had suddenly become a time bomb.

“To be honest, your female bodyguard won’t be of any use with a ghost of that level just now, so I suggest you hire someone else.”

“Hire someone else?” Liangzi nine temples frowned. “Money isn’t a problem, but where in the world am I supposed to find someone...”

“Me.” Odd Zhuo pointed at himself. “Good quality, cheap price, and always available.”. Student nine temples didn’t have to worry about my job. Even if I was working, my spirit sword could lock down enemies from thousands of miles away and accurately strike them, so it was more than enough to protect your safety within Huaxiu Nation.”

Actually, Odd Zhuo was still speaking modestly.

As the second-ranked spirit sword on the sword rankings, in fact, every corner of the Earth could be taken care of, and Huaxiu Nation wasn’t the only one in its scope.

“You?”

The corners of Liangzi nine temples’s mouth twitched.

She sighed inwardly at the shamelessness of the man in front of her..

She had clearly come to Huaxiu nation to investigate him! She had come to seek revenge!

But this guy wasn’t hiding from her, and was even planning to stick up for her as a bodyguard... This was simply ridiculous!

“Is the food in the canteen of the general administration of 100 schools so good that you’re actually so thick-skinned?” Liangzi nine temples swept odd Zhuo a disdainful glance.

She said so, but in her heart, she actually felt that this plan wasn’t too bad..

Since Odd Zhuo’s combat strength wasn’t as bad as the rumors said, protecting her safety was indeed not an issue.

In addition, if Odd Zhuo had been by her side the whole time, it might have been more beneficial for her to investigate the whereabouts of that “Dead fish-eyed boy”.

Liangzi Jiugong had always had a hunch.

She felt that there must be a connection between Odd Zhuo and that boy.

Maybe the two of them knew each other!

“How is it?” At this moment, Odd Zhuo smiled at the young girl, looking forward to an answer.

“According to the market price, with your combat strength, your monthly salary should be at least 100 million. Our Jiugong family’s funds are limited, I’m afraid...”

“You don’t have to pay that much. Just give me the normal golden core stage price.” Odd Zhuo smiled.

The negotiation succeeded, and the girl revealed a smug smile, which instantly disappeared from her face.

She crossed her arms and assumed the posture of a familiar young lady, she looked at Odd Zhuo. “Then, I’ll reluctantly grant you the privilege of being my bodyguard. But you’re only responsible for my safety. You’re not allowed to ask about anything else.”

“No problem.” Odd Zhuo nodded his head in satisfaction.

“Alright, let’s go to a hotel. I checked and found that the Holiday Inn on Ancient Street nearby is more affordable.”

“A hotel?”

Odd Zhuo looked at Liangzi Jiugong in surprise.

“Why? Is there a problem? is the hotel not open?”

“No...”Odd Zhuo smiled wickedly. “It’s like this, student Jiugong. I’m only responsible for safety. But for a room, this is a different price.”

“Who wants to get a room with you? ! I’ll never get a room with you in this lifetime! Stop Dreaming!”

A red light instantly lit up on Liangzi Jiugong’s face as she shouted loudly, “What I’m talking about, of course, is that you and I will escort these three people to the hotel together! ! ! !”

This attempt to hide his shyness by shouting once again made Odd Zhuo’s heart beat wildly.

Ever since he had become famous, there had actually been quite a number of girls around him.

Old Secretary Sun would sometimes recommend some beautiful women from the civil service to introduce him to girlfriends.

Odd Zhuo had seen a lot of beautiful girls.

But it was really rare to see someone as cute as Liangzi.

“I’m just joking. Don’t be angry, classmate Jiugong.”

As before, Odd Zhuo quickly apologized. “Then, let’s go.”

This B \* Stard was quick... He was also quick to apologize..

Thus, Liangzi Jiugong wanted to curse, but couldn’t.

However, just as the group was about to leave the Taoist temple, the young girl stopped in her tracks. “Um... I suddenly thought of something.”

Odd Zhuo asked softly, “What is it?”

Liangzi Jiugong: “I want to keep the information about these three under wraps. So I can’t pay for the hotel room fee for the time being... can you pay for it first? When I do the accounts later, I’ll add it to your salary.”

“Sure.”

Odd Zhuo readily agreed. “You can pay for it with meat.”

“Pervert!”

Liangzi Jiugong took a deep breath, clenched his little trembling fist, gave Odd Zhuo a fierce kick in the shin, and then quickly ran out of the door.

Odd Zhuo chased after him. “It’s so comfortable! Classmate Kyoko! A few more hits!”

Kyoko Liangzi: “Shameless...”

Chapter 1473 The Secret Of Liangzi Jiugong

Holiday Inn on Ancient Street was an old name for this cultivation culture ancient street. It was the first hotel to be built after ancient street entered a business model.

Huaguo Water Curtain Group had a stake in it, and Odd Zhuo happened to have friends on the street in this hotel.

Since Liangzi Jiugong wanted to conceal the identities of these three people and create the illusion that they had died unexpectedly, it was completely unrealistic to register them with their temporary identity cards or passports.

Fortunately, Odd Zhuo was here for everything.

It was just a matter of greeting them.

After checking in first, Odd Zhuo would send someone to get new identity cards for Viagra and the others in two days. It was similar to the international “Tainted witness protection mechanism”, which could completely hide all clues about these three people.

“It’s all done,” Odd Zhuo said with a straight face.

He had taken everything into consideration for Liangzi Jiugong, and had also secretly called a few of his war sect brothers over to spy on them. The room he had arranged was next to the three-person room Viagra and the others were staying in.

Odd Zhuo had already reserved the rooms on the left and right, as well as the rooms across the door.

Of course, Liangzi Jiugong didn’t know about this.

To be honest, with so many things happening all of a sudden this time, Liangzi Jiugong felt that even if she was lucky enough to escape pen fairy’s calamity, she would still be in a fluster.

If it hadn’t been for Odd Zhuo, the situation might have been even more complicated.

She looked eagerly at Odd Zhuo, actually wanting to thank him, but happened to see Odd Zhuo’s gaze on her the whole time, she quickly turned her slightly red face away. “HMPH! Don’t look at me with such lecherous eyes. This is what you should do as a bodyguard.”

It was clearly not an angry voice. Odd Zhuo could sense the girl’s gratitude for him and the girl’s cuteness from her slightly playful voice.

“Understood.” Odd Zhuo nodded, his eyes full of tenderness.

He had never believed what it was like to fall in love at first sight before..

Now he knew.

But he couldn’t rush things emotionally. Although he had flirted with her, moderate flirtation was a catalyst... excessive flirtation would have the opposite effect.

So Odd Zhuo would be very serious for a while to come.

Relaxation was king.

As for getting a room... that was just lip service.

Even if he and the girl really did live in the same room, he couldn't really do anything to Yoshiko.

After all, she wasn't an adult yet!

At that moment, the two of them were sitting on the mahogany sofa in the hotel lobby, deep in thought.

Soon, the girl's phone rang. It was a call from the female bodyguard.

Yoshiko Kyoko quickly picked it up. "Junko, where are you?"

"I'm sorry, miss. . I'm still at the Immigration Department to apply for an extension. "I have to go to the hospital later. I remember asking for leave from you yesterday. "I just saw your message, but I don't think I'll be able to make it today..."

Yoshiko Kyoko facepalmed. She didn't think that she would forget about this matter. "How much time do you need?"

"If I hurry, I'll be there around six o'clock tomorrow morning. I can only ask miss to keep an eye on him for a while."

"..."

After pressing the call button, Liangzi Jiugong fell silent.

In that case, she would have to stay at this hotel for the night..

"Do you want to stay for the night?"Odd Zhuo asked.

Odd Zhuo's cultivation was profound, so it wasn't surprising that he had good hearing.

Liangzi Jiugong glanced at Odd Zhuo and sneered. “What are you up to again?”

“I’m a gentleman.”

Odd Zhuo smiled. “If you want to stay, I’ll arrange a room for you. However, the three-person suite that Wayne and the other two are staying in is already full. Can I arrange two single rooms diagonally across and next to each other?”

“Two single rooms?”

Liangzi Jiugong gave her a disdainful look.

She didn’t know why..

The man in front of her suddenly became serious.

Odd Zhuo looked at the girl in front of him and raised his eyebrows. “Or does classmate Jiugong want to come with me...”

Before he could finish, Liangzi Jiugong interrupted him. “Stop! Just two single rooms, that’s pretty good! When Junko comes tomorrow morning, you’ll come with me. Just return the extra room and we’ll be done. But I still need your ID card for the room...”

“Understood.” Odd Zhuo nodded and obeyed.

The young girl thought that he needed an ID card to register, but in reality, he didn’t need it at all.

And just as he turned around to explain the situation to the hotel owner...

On the mahogany sofa, Liangzi Jiugong buried his face deep in his knees..

She had a reason not to take out her ID card.

Because this was her secret.

..

On the other side, in the cold weapons store, Wang Ling had thrown a stone thatch, which had directly left a big hole in the ceiling.

This wasn't Wang Ling's original intention.

He had planned to deliberately slip his hand when he threw it and then get the snack coupons.

But in the direction he had thrown them, he had coincidentally seen Odd Zhuo's side, and had helped him out.

He cautiously used his strength, afraid that if he used too much strength, Shi Mao would fly over.

Fortunately, the ghosts released in the nine temples family's "Ghost Book" were powerful enough, and they just happened to stand in a straight line, forming a resistance that perfectly blocked Shi Mao's subsequent attack.

"Wang Ling... You're so powerful?" Guo Hao and the others all had incredulous expressions on their faces.

Very soon, Odd Zhuo had already sent someone to return the stone thatch that had been thrown out.

As soon as Guo Hao caught it, he instantly smiled and immediately sensed that something wasn't right. "So that's how it is..."

"What's going on?" Li You Yue was curious.

Guo Hao then threw the stone thatch to Li You Yue.

“Are you going to die... Such a heavy thing!”Li You Yue took it with both hands and was surprised to find that the stone thatch was as light as a feather in her hand.

“This is!”It was only now that Li You Yue came to a realization.

“The perfect use of the ‘light body technique’. I didn’t think that Wang Ling would use the light body technique in such a way.”Guo Hao smiled.

If the use of this spell had caused the weight of the stone thatch to change, making it as light as a feather, then it wouldn’t have been surprising for it to fly such a long distance.

Even someone at the foundation establishment stage could do it.

Of course, Wang Ling hadn’t used the light body spell, but Odd Zhuo had guessed the origin of the stone thatch after seeing it.

Then, as Wang Ling’s number one disciple, Odd Zhuo immediately cast this spell on the stone grass to cover for Wang Ling.

There was no need for text messages or telepathic messages.

This was an invisible tacit understanding between master and disciple.

“But this counts as cheating... does it still count?”Hero Guo looked at the store manager and asked.

”...”the store manager smiled.

Of course, using magic wasn’t allowed..

In fact, no matter what results Wang Ling threw at him, he would eventually qualify for the snack raffle.

That was because it had been Old Master Sun’s plan in the first place.

But no one else knew about it.

Lotus sun hurriedly turned her gaze over.

She didn't say anything and just stared at the store manager, who broke out in a cold sweat.

The store manager: "Indeed, I didn't say..."

Lotus sun: "So?"

The store manager: "So, this isn't cheating. It's just the proper use of magic..."

With a smile on her face, Lotus Sun continued to stare at him.

The store manager wiped his sweat, he continued, "Congratulations to student Wang Ling for obtaining a first-class marrow-cleansing pill. In addition, as a reward for the proper use of magic... Student Wang Ling will receive 100 snack raffle tickets from our store."

Very good.

Lotus sun nodded in satisfaction.

Chapter 1474 Lotus Sun's Love Rival Radar

Wang Ling was in a great mood now that he had achieved his goal.

Everyone left the cold weapons store in satisfaction. Before they left, Lotus Sun handed the store manager a note.

After reading it, the store manager hurriedly wiped the cold sweat off his forehead.

He hurriedly called over a staff member and passed the note over. "Quick, pass the message on. According to miss, prepare immediately..."

"Miss has already seen through it?"

“It’s within my expectations. Miss is a very smart person; even the slightest mistake will cause problems.”

On the other side, Wang Ling stared at the jade bottle in his hand in silence.

Marrow-cleansing pill..

To him, this thing was actually a candy, and had no other use.

A normal marrow-cleansing pill was a pill that purified the spirit root and kept the cultivator’s meridians clean, thus helping speed up cultivation. It had a miraculous effect on the cultivation of low-level cultivators.

This was because the lower a cultivator’s realm was, the worse their internal environment would be, and the more impurities would be excreted.

This was also why many foundation establishment cultivators would emit a thick black substance after taking the marrow-cleansing pill.

These were toxins that had been entrenched in their bodies for a long time.

But for Wang Ling..

With his constitution, he couldn’t wash anything out.

This marrow-cleansing pill would actually be more helpful to others.

So Wang Ling decided that he would find an opportunity to split this marrow-cleansing pill into two pieces and give them to them.

After more than half a semester of interaction, Super Chen and hero Guo had already become Wang Ling’s closest friends.

It was only natural for them to give him some gifts.

At that moment, Super Chen and hero Guo's faces were filled with envy,

it was a pity that they didn't know the "Light body technique", so they couldn't throw Shi Mao further away.

On the way to the flagship crispy noodle snack shop on ancient street, the two of them sighed with emotion in their hearts.

Wang Ling was indeed the class mascot... he was simply the only koi in the cultivation world!

But then again, they did feel that the atmosphere on ancient street today was a little strange... but they couldn't pinpoint exactly what was strange.

No matter where they went, the shop owners and staff members all stared at them with smiles on their faces, and their attitude was so good that it made their hair stand on end.

Super Chen even suspected that if he went to the toilet, there would be someone who would provide a toilet paper service.

"Do you think... The people on the ancient street are related to Huaguo Water Curtain Group?" On the way, Super Chen discussed with hero Guo in a low voice.

"I don't think so..." hero Guo shook his head after hearing this.

The main thing was that Lotus Sun had indeed come out this time without informing them in advance. She had long since lost her usual presence.

Super Chen, hero Guo, and Li You Yue were as clear as a mirror in their hearts.

This was clearly a young girl learning to keep a low profile from someone.

However, how much would it cost to replace the entire street with Huaguo Water Curtain Group's own people?

This was a "Low-key trip," and hero Guo felt that there was no reason for Lotus Sun to do so.

On the other side, Wang Ling and the others stepped out of the stone-thatched shop, and Jiang Yingying walked in with Wei Zhi.

The shop manager glanced warily at Jiang Yingying, then walked over with a smile on his face. "Welcome, you two."

Seeing Jiang Yingying stutter, Wei Zhi sighed and took the lead. "It's like this, we also want to participate in this stone-thatched throwing event."

"Also! Can I ask... What rewards did those people get?" When this question was asked, Jiang Yingying felt her face turn red. She felt like a crazy girl following her.

"This is confidential." The store manager smiled. "It's inconvenient for us to disclose the privacy of our customers. Also, it costs 1,000 yuan to participate in the stone thatch throwing event."

"Eh? Isn't the first round free of charge... And why 1,000? ! Isn't it 100? !"

Jiang Yingying and Wei Zhi were both surprised.

Because when the two of them eavesdropped outside the door just now, the staff of this store didn't say that at all!

"Because the previous prizes have already been taken away, the prizes prepared in the future are more valuable. This means that the prize pool has been raised, so of course the price will also be raised. "Moreover, we only allow the first batch of customers to participate in the daily free throw event." The store manager smiled.

This "Counter measure" was actually arranged on the small note that Lotus Sun had just handed him.

It could only be said that Lotus Sun's vigilance was too high.

Ever since she had fused with Ohai's Combat Power, Lotus Sun's perceptive ability had long been extraordinary. So no matter how Hard Jiang Yingying tried to disguise herself, her aura had already been recognized by OHAI.

So, it was impossible for her to escape Lotus Sun's sight.

Sun Ying 'er called this ability: love rival radar..

What stood out was the principle of accuracy, prevention before disaster struck, and strangling in the cradle.

To put it simply, it could be summarized in one sentence: you can boldly go after her, but I'll make sure you're clear on the way..

But although it was a "Deliberate target,"it couldn't be too obvious.

In the end, the store manager still gave Jiang Yingying preferential treatment. "Seeing that miss is so beautiful, you can buy one and get one free for the first order. The more times you buy the first order, we can consider doubling it directly."

"Those people just now, if you can't tell me what the prize is, you can at least tell me how many prizes they won, right?"Jiang Yingying thought of Lotus Sun walking out with a smile on her face, she couldn't help but feel angry.

She didn't want to lose to this evil capitalist girl!

To be honest, the store manager was stunned by this question.

Because the person who had thrown out the first prize wasn't Lotus Sun.

But apparently, the young lady in front of her seemed to have misunderstood..

But it didn't matter anymore.

His task was to lock this "Fake couple" in his shop.

Therefore, the store manager said with a smile, "It's the first prize! You need to throw 5,000 meters to reach the target! Since the first prize was taken away just now, the new first prize is the top-grade Foundation Building Pill."

Top-grade Foundation Building Pill? ? ?

Wei Zhi and Jiang Yingying were stunned when they heard that.

This thing was really worth a lot of money!

The market value of an Advanced Foundation Building Pill on the market was 5 million per pill, which was close to the price of a house.

A top-grade foundation establishment pill would at least double and directly go for ten million yuan..

This cold weapon shop was indeed abnormal!

How could it use such a big reward as a bet..

Thus, Wei Zhi immediately thought of two possibilities.

The first was that the prize might be fake.

And the second was the merchant's way of offering a sufficiently attractive reward and then letting people complete an impossible task.

Was it really possible to throw a 5000-meter stone that..

“Yingying, why don’t we forget it,” Wei Zhi said very calmly.

However, how could Jiang Yingying listen to Wei Zhi’s Words? “I don’t want it! 5000 meters! If she can do it, why can’t I...”

Then, the girl stared at the store manager with a serious expression. “5000 meters, right? I’ll buy it 30 times First!”

30 times meant 30,000 yuan..

For a young girl with a small savings, it was definitely a huge sum of money.

But Jiang Yingying felt that she could make it back!

Doubling the first round meant that she had 60 chances.

It was only 5,000 meters. If Lotus Sun could do it, so could she!

As long as she got this top-grade foundation building pill, she could turn the tables!

“Yes, my lady. Thank you for your patronage.” The store manager smiled.

After completing the payment process, he took the initiative to take out a stone thatch and handed it to Jiang Yingying.

The moment the stone thatch entered her hand, a heavy weight was instantly transferred to her hand. Jiang Yingying felt that she almost knelt on the spot..

Why was this stone thatch so heavy!

Chapter 1475 Crispy Noodles Draw Card

Previously, Jiang Xiaoche had witnessed everything that happened when Wayne and the others went inside the Taoist temple.

He just didn't know what had happened inside the temple.

Then, he saw Odd Zhuo and a girl with a flat chest walk out of the temple. Jiang Xiaoche felt that this girl looked familiar, but he couldn't think of where he had seen her before.

On the contrary, the three members of the nine temples family turned to follow behind the two of them obediently.

They didn't look right; their faces were pale, as if they had been frightened by something.

Who Was this girl? And why had Odd Zhuo come here..

Therefore, with curiosity, Jiang Xiaoche followed them all the way to the entrance of the Holiday Inn on Old Street, muttering to himself, "So it wasn't for Yingying..."

To be cautious, he didn't go in directly. He only noted down the locations of a few people.

Then, he returned to where Jiang Yingying was.

Now that the ancient street was full of people from Huaguo water curtain group, it was too convenient for him, the secretary-general, to inquire about it.

"Yes, secretary-general, that girl is still in my shop," the manager of the cold weapons store secretly contacted Jiang Xiaoche.

"Why is she still here..." Jiang Xiaoche's mouth twitched.

"It will probably take a long time. "This girl bought 30 chances to throw the stone thatch, and we gave her 30 additional chances. "Then, just now, this girl threw 66 meters, and because it was a lucky number, we gave her 66 more chances."

"How long will it take to throw..." Jiang Xiaoche was ashamed. "Can't you persuade her?"

“We did. and the boyfriend who came with him also tried to persuade her. She was the one who refused to give up. She said that the young miss can throw 5,000 meters, and she can do it too. She must surpass the young miss,”said the store manager.

”...”Jiang Xiaoche was shocked after hearing it.

Didn't he pretend to be a couple with Jiang Yingying to make trouble?

Why was this little girl still competing with the eldest miss..

Suddenly, Jiang Xiaoche realized that in a sense, Jiang Yingying was quite similar to him.

He was supposed to go fishing, but when he went fishing, he became the fish being fished..

“Help me calculate how long she will take.”

“Under normal circumstances, it will be over in two hours.”

“It will take that long?”

“Because there aren't many stone thatches in the store to begin with. We'll have to pick them up again after we throw them out.”

”...”

At this moment, the store manager looked at Jiang Yingying's throw record and sighed. “Miss Jiang just happened to throw the eighth one, and she's resting... but I think it's better for the secretary-general not to interfere in this matter.”

“What do you mean?”Jiang Xiaoche was a little displeased. He was doing things himself, and he had to let an employee tell him what to do?

“Because this is the eldest miss'idea.”

The store manager said, "The eldest miss seems to have noticed this girl who is following us, so she asked us to think of a way to keep her in the store. I can only obey."

"This stupid girl..."

After Jiang Xiaoche heard it, a bitter expression suddenly appeared on his face.

At this time, the store manager asked again, "Then, does the secretary-general have any problems now? As long as it doesn't conflict with the task arranged by the young miss, I can help with other things."

As an employee of the group, he obviously didn't want to offend either side.

Helpless, Jiang Xiaoche could only exhort, "Since miss asked her to stay in the shop, then I'll have to trouble you to take care of her. Also, keep an eye on that fake boyfriend of hers for me."

He had a feeling that something might happen on the ancient street today, so he might as well let Jiang Yingying stay in the shop. It was safer.

The cold weapon shop was all his own people, so he expected that the fake boyfriend wouldn't do anything strange.

"Don't worry, secretary-general." The shop manager nodded.

"Also, you have to replenish her strength. This stone Mao is very heavy. Don't let her get hurt, okay. "If this girl gets hurt, I can't protect you... even if the old man takes action, the most he can do is push you out as cannon fodder..."

"This girl has another identity?" The shop manager was puzzled.

He looked at Jiang Yingying and didn't seem to be a generous person..

The main reason was that during the payment process, the store manager accidentally caught a glimpse of the balance in Jiang Yingying's wallet.

Including the fees paid, she only had about 80,000 yuan in total, far less than the eldest miss.

"I'll tell you, but you're not allowed to leak it," Jiang Xiaoche said.

"Okay, Secretary General." The store manager nodded.

Jiang Xiaoche took a deep breath and said, "His grandfather is Marshal Jiang... Yes, that's right, the martial saint."

The store manager: "..."

The phone call was cut off, and Jiang Xiaoche felt much more at ease now.

If he had someone to keep an eye on him, he wouldn't have to worry so much.

Moreover, the store manager now knew Jiang Yingying's identity, so he didn't have to worry about the service attitude.

However, Jiang Xiaoche still felt that there was something strange about the content of the phone call just now..

-- wait!

He remembered that the store manager just said that the Miss threw her stone thatch 5,000 meters..

It wasn't that Jiang Xiaoche had never played that thing before. Under normal circumstances, how could a foundation establishment stage cultivator do this?

Therefore, if it wasn't cheating, then the most likely outcome was that the Miss hid her strength.

Of course, he had no concrete evidence so far.

Jiang Xiaoche realized that although he had come today for the purpose of secretly protecting Jiang Yingying, it seemed that he had gained quite a bit from the accident..

..

On the other side, Wang Ling walked out of the snack shop in satisfaction. All the raffle tickets had been used up.

Basically, Wang Ling was free to choose the special flavor version of crispy noodle snacks that this shop on ancient street had. He had drawn almost a hundred boxes, all of which were limited versions of the special flavor.

Because there weren't enough in the shop, ninety-nine boxes would be sent directly to the Wang family's small villa after they were made overseas.

So now, Wang Ling only had one box in his hands.

If he had twenty packets, he would probably be able to eat them in two days..

The main thing was that they all had different flavors.

Wang Ling didn't know why, but this flagship crispy noodle snack shop seemed to have a lot of special flavors that he had never eaten before.

"I understand the logic, so what exactly is a crispy noodle snack with the taste of a roasted silkworm chrysalis... is this thing really edible?" As they walked out, hero Guo saw the new crispy noodle snack in Wang Ling's hand, he instantly felt a strong taste.

"Roasted silkworm chrysalis is delicious. It's very famous in winter city. It's full of protein," Li You Yue said with a smile.

At this moment, she saw Wang Ling take out a shiny item from crispy noodle snacks.

“What did Wang Ling draw again...”

Everyone was surprised.

After all, snacks like crispy noodle snacks were often used to exchange for prizes with a collection card, so it wasn't strange for a small card to appear.

But this card was really too shiny!

It was a flashing golden card!

Everyone composed themselves.

Then they saw a few words carved with a laser: Old Street Holiday Hotel Presidential Suite annual card..

Wang Ling was shocked.”?”

Nowadays, they gave room cards to people who ate crispy noodle snacks?

Chapter 1476 Let's Wear Han Chinese Clothing Together!

“F \* ck! It really is a room card... crispy noodle snacks nowadays can even draw something like this!”Guo Hao cried out in shock.

Guo Hao and Li You Yue also stared at this golden card in shock.

In the past, crispy noodle snacks had either drawn water margin cards or a combination card that was in collaboration with some anime IP..

Many people probably had special memories of this. After all, they were all children from that era.

They could waste the snacks they bought with money, but they had to collect the cards inside.

Super Chen and hero Guo both remembered the fanaticism they had when they had collected the assembled cards from the monster in the trouser pocket.

Up until now, those assembled cards were still safely stored in their own cabinets.

It was ridiculous for a childhood snack to be able to draw a room card..

Now, Lotus Sun finally knew how Amazing Super Chen's open mouth was.

It was clearly a joke, but who knew that it would turn into reality.

How could a normal crispy noodle snack draw something like a room card.

So it didn't need to be thought out to know that this must be Grandpa's masterpiece again..

The scene was once again awkward.

Super Chen, hero Guo, and Li You Yue's thoughts flew. They had all been "Bribed" by Lotus Sun, so their main task was to break the awkwardness and assist in secret.

"That... This card as a gift for uncle and aunt, doesn't it seem like a good idea? In any case, student Wang Ling isn't bound to it now, is he? I think it needs to be activated by scanning the code and registered with an identity card before it can be opened," Li You Yue said first.

In fact, Wang Ling felt that this was indeed a pretty good suggestion.

He remembered that when the two of them had been dating back then, they had often come to this ancient street.

After father Wang got married, it was said that it was on Valentine's Day that the two of them had revisited this place.

After that, mother Wang had been pregnant with him..

This ancient street was actually an extraordinary existence for Wang Ling himself.

It could only be said that Li You Yue's mind worked quickly.

"It's pretty good. Uncle and Auntie will definitely be very happy." Thus, hero Guo added on.

Super Chen: "Not bad, not bad. Maybe the next time uncle and Auntie Come..."

Lotus Sun, hero Guo, and Li You Yue: "Shut Up!"

Super Chen: "..."

And so, this matter was successfully fobbed off, and Lotus Sun let out a long sigh of relief..

But she still wanted to ask what exactly was going on.

Grandfather wasn't such an indecent person..

She took a photo of the room card without a word and directly sent a private message to grandfather Sun.

On the other side, after receiving the message, grandfather Sun's face also broke into a cold smile.

As expected of Rong Rong, she had actually noticed it so quickly..

He sighed in his heart and then clicked on the picture his precious granddaughter sent him. His old face immediately darkened, and he transferred the picture to the "Ancient Street switching project working group" that the group's higher-ups had temporarily set up.

Grandfather Sun: "I asked you to put the card inside... but I didn't ask you to put the room card! May I ask who's causing trouble? Come out and admit it!"

"I told you it wasn't a room card; who would put something like this in their snacks?"

“Ai, I knew it wasn’t a room card. But grandfather, there’s nothing we can do about it; the higher-ups are crushing us!”

“This was all brother Jiang’s idea!”

The members of the group started to shift the blame one after another.

The corners of grandfather Sun’s mouth twitched.

He knew that this Jiang Xiaoche was up to something again..

So what did this kid want to do this time?

Student Wang Ling, what exactly did he do to offend him? He had helped such a young man! What cute dead fish eyes!

Although Old Master Sun didn’t understand, he was a little angry.

But after all, Jiang Xiaoche had worked under him for many years, and he didn’t want to lose all decorum so quickly.

He could only ask Jiang Xiaoche in private about the situation.

On the other side.., jiang Xiaoche was clearly prepared for this. “This is what I think, Old Man. Actually, this is a test. It’s also a test for student Wang Ling. Old Man, aren’t you the least bit curious about the reaction of a hot-blooded teenager when he sees something like this?”

Jiang Xiaoche’s words made Old Man Sun fall silent.

After a long while, Sun Yiyuan frowned and said, “I don’t think Wang Ling is that kind of person. Moreover, from the current situation, Rong Rong is just unrequited love. How could he have any crooked thoughts?”

“Old Man, you can’t tell a person’s heart from their face!” Jiang Xiaoche wasn’t going to let it go.

“Then, do you want to Bet?” Old Man Sun smiled.

“Sure, what do you want to Bet, Old Man?”

“If you lose, you’re not allowed to cause trouble for Wang Ling and Rong Rong in the future.”

Jiang Xiaoche was silent for a moment, but he still nodded. “Okay, deal.”

He knew that he had no other choice.

Although the old man spoke politely, he was actually hiding murderous intent..

This was actually a warning.

Although Jiang Xiaoche was jealous of Wang Ling, he wouldn’t throw away his future and career just to go against him.

It was just that this time, if he lost..

He would never have a chance with Lotus Sun again.

After the call ended, Jiang Xiaoche’s heart was actually very complicated.

He suddenly felt a little hopeful that he could lose this bet.

If that was the case..

He should be able to completely cut off those indecent thoughts of Miss Sun that he had hidden deep in his heart.

In fact, he was well aware that such thoughts were unrealistic to begin with.

Perhaps it was time to honestly find someone who liked him as well, get married and have children as soon as possible, and settle down..

In the penthouse suite of the Holiday Hotel on Ancient Street, Jiang Xiaoche sat on the sofa, deep in thought.

..

At the end of Ancient Street's Front Street, the most famous shop was the most distinctive hanfu experience shop.

Before coming here, father and mother Wang had strongly recommended it to Wang Ling.

The crowd came to this old-fashioned experience shop. It wasn't a big shop, but there were a lot of customers coming and going.

After all, it was a famous old-fashioned shop.

When it came to changing clothes, the most excited people were always girls.

Li Youyue looked at the people coming out of the experience shop, her eyes wide open. She whispered to Lotus Sun in a low voice, "Rong Rong, do you see the cutest couple in front?"

"Yes! I see them!"

"Aren't they pretty?"

"They're Pretty!" Lotus Sun said.

"This Han costume is very famous. It's a couple's Han costume with a blue and mandarin duck motif. It's very famous on ancient streets," Li Youyue said.

”...”Lotus Sun felt that this guy was hinting at something to her again.

She also wanted to wear this costume with Wang Ling.

But it wasn't like that kind of relationship between them..

Looking at the couple in Han clothing walking in and out of the door, the young girl's eyes were filled with envy.

She quickly adjusted her thoughts and then stepped in first. “Everyone, let's go change into Han clothing. youyue and I will pick out clothes for the three boys first!”

That was what they said.

In fact, it was mainly for Wang Ling to pick out clothes.

When they had been at the Hanfu store's entrance earlier, Lotus Sun had instantly taken a fancy to the white hanfu that was displayed in a sealed glass cabinet.

It was a white embroidered immortal crane costume, and all the embroidery patterns and patterns were made of gold thread.

Paired with a long red belt with a finishing touch, it gave off an immortal aura.

She imagined Wang Ling changing into this Hanfu costume, and her face instantly burned up.

“I think student Wang Ling looks pretty good in this one...”lotus sun said.

“This young lady has good taste.”

At this moment, a person dressed like a waiter in hemp clothes walked over from the Han costume testing shop. “I'm the guide here. The Han costume that young lady took a fancy to just now is called Chu Yun Ben Yue.”

As he said this, he glanced at Wang Ling with a smile. “How about it? Student Wang, do you want to try it?”

Li You Yue and the others had thought that Wang Ling wouldn’t give in so easily, and were already preparing to persuade him.

Unexpectedly, Wang Ling actually directly agreed.

Wang Ling: “Okay!”

The waiter’s smile didn’t fade. “Then little brother, please follow me to the men’s changing area over there. We have people there to change it for you.”

Take more photos.

This was the task mother Wang had given him..

Completing the task was more important.

It was just changing a set of clothes.

About ten minutes later.

With the help of the Hanfu store employees, Wang Ling successfully changed into this “Out of the clouds and into the Moon”set and walked out of the changing room.

In an instant..

It was as if the air in the originally bustling Hanfu store had frozen, and countless eyes fell on Wang Ling for a moment.

They didn’t know who this person in white Hanfu was.

But that kind of immortal qi and vigorous feeling of a teenager instantly attracted everyone's attention..

Lotus sun stared unblinkingly at the completely new teenager in front of her.

It was as if her heart was beating rhythmically in the space that had come to a standstill.

Suddenly, Lotus Sun felt a little selfish

She actually wanted to secretly hide this young man in front of her.

Wang Ling!

As expected, you are my treasure..

Chapter 1477 Routines And Anti-Routines

Wang Ling's clothes were so stylish that he looked like a teenager walking out of a painting. The golden white crane pattern embroidered on the skirt of his Han Chinese clothing looked as if it was about to spread its wings and fly under his feet.

Lotus Sun noticed that there were quite a few girls secretly taking photos in the Han Chinese clothing store.

It was actually very rude to take photos without permission.

But Wang Ling himself didn't actually care.

With the upgraded version of the great screen spell, everything made him feel very reassured.

These photos that had been taken secretly now looked normal, but if they were to be spread out... the whole picture would automatically be coded.

And after the coding was over, the images of Wang Ling in the memories of the people who had taken the photos would gradually disappear.

But although Wang Ling himself didn't care that much, Lotus Sun clearly disliked the actions of those who had taken the photos.

"Student Wang Ling, wait for us in the VIP Room!"

Then, Lotus Sun directly showed her black card to the waiter.

Although the waiter was from Huaguo Water Curtain Group, his acting was very good. After seeing the black card, he was first stunned, then quickly put on a shocked expression. "Then, please follow me..."

The VIP room of the Hanfu Experience store had its own men's and women's changing rooms, rest rooms, and special services for changing clothes. There was no need for another line.

The girl hadn't been able to take it out directly earlier because she had planned to keep a low profile, but now she felt that she had no choice but to take action.

The surrounding girls looked at Wang Ling with burning eyes. Some of them already had boyfriends, but they still looked at him like he was infatuated..

Was there no shame at all!

And there were also those guys!

They actually allowed their girlfriend to pat other guys..

Lotus Sun felt her head heat up, and she hurriedly grabbed Wang Ling's hand as they walked in the direction of the VIP room.

It wasn't until they entered the empty room that the young girl suddenly realized what she had just done.

From the reception room of the Hanfu experience store to the VIP room.

It was about ten meters away.

She had actually held the young man's hand all the way!

“Ah! Student Wang Ling... I didn't do it on purpose!” Lotus Sun facepalmed, her face red.

She felt that in the end, she had been too impulsive.

Wang Ling looked at Lotus Sun's delicate hand and felt that her palm was slightly sweating. Her long, well-defined fingers were holding onto him as if she was holding onto something very important.

When Li You Yue and the others slowly walked into the VIP room through the main door, Lotus Sun hurriedly separated her hands.

This scene made Li You Yue secretly laugh.

The young girl's reaction was so immature that it made people feel adorable.

She hurriedly stepped forward and grabbed Lotus Sun's arm, breaking the awkward situation in front of her.

“Let's go, Lotus Sun?” Li You Yue whispered, smiling with narrowed eyes.

“Mm!” Lotus Sun was secretly glad that she had brought Li You Yue with her.

She had appeared just in time!

Before changing, Li You Yue didn't forget to say hello to Wang Ling. “That Wang Ling, Rongrong and I will go and change first. There are drinks and snacks in the lounge, you can eat while you wait.”

“Mm...” Wang Ling watched the two of them enter the female changing room, and stood rooted to the spot for a long time.

From his personal aesthetic point of view, he felt that the upper body effect of this set of “Out of the clouds and into the Moon” was only passable.

If he had long, flowing hair, it might be more in line with the setting of those “Ancient and beautiful youths” in their hearts.

But long hair was a little shameful.

Wang Ling felt that he couldn’t do that.

So, was it really that good-looking..

Wang Ling stared at the body-length mirror in the lounge and fell into deep thought.

..

Holiday Hotel on Ancient Street, in a single-person suite.

Sitting alone on the bed, Liangzi Jiugong suddenly felt a sense of emptiness.

That Odd Zhuo... had actually really left her alone in the suite.

Although her suite was only a wall away from Odd Zhuo’s.

But for some reason, she felt an unexplainable sense of displeasure.

She still hadn’t figured out the reason for the riot in this remade version of “Ghost Score.”.

What if there was another riot?

HMPH!

What an incompetent bodyguard!

She couldn't help feeling resentful in her heart.

"So boring..."the young girl lay on the bed in boredom, muttering.

The few local variety shows that she was passionate about could have been used to pass the time.

However, they couldn't be seen in huaxiu. The walls were too thick, and one had to climb over the wall to watch a variety show... most importantly, climbing over the wall was illegal now, and nine temples Liangzi didn't want to do such a thing.

If he was caught, it would be bad if he was ordered to be repatriated.

Without variety shows to pass the time, Liangzi nine temples naturally wanted to make her life more fulfilling.

This cultivation cultural street was a famous scenic spot in Songhai City, and it wasn't easy for her to come here... but she could only hide in a hotel to keep an eye on it; it was really too sullen!

Actually, it didn't seem like she couldn't go out.

After all, Wayne and the other two were much more honest than she had imagined.

But Jiugong Liangzi was afraid that Odd Zhuo would make fun of her.

As the future successor of the Jiugong family, how could she not have this bit of willpower?

Thus, the girl could only endure it herself.

At the same time, she was secretly competing with Odd Zhuo in her heart. "Odd Zhuo... I'll see when you come and find me..."

And it was right next to Jiugong Liangzi's room.

At that moment, Odd Zhuo had one hand on his head and was leaning against the headboard of the bed.

Although they were separated by a wall, he could hear the girl's voice very clearly.

It also included the sound of her breathing.

Odd Zhuo felt that this feeling was very subtle..

After hearing Liangzi Jiu mumble, the corners of Odd Zhuo's lips couldn't help curling up.

He looked at the clock on the wall and estimated the time.

After opening the single suite, he deliberately ignored Liangzi Jiu for a while.

He just didn't expect that the girl's patience seemed to be even stronger than he had imagined.

Although she was complaining, she never directly rushed over to knock on his door.

But given Jiugong Liangzi's personality and temper, it would probably be very difficult for him to take the initiative to go out and look for him, right?

But Odd Zhuo didn't plan on spoiling her.

If he really did succeed in the future, spoiling her wouldn't work either.

To deal with such a little girl, he had to be extremely patient.

Then, he closed his eyes and waited patiently.

He didn't know how much time had passed, but when he heard that nine temples Liangzi's breathing was getting faster and faster, he instantly knew that the young girl's patience had probably reached its limit.

Now he was only one step away from the door.

Odd Zhuo had a feeling that the next second, the young girl would rush out and knock on his door.

However, what greeted him wasn't the sound of the door opening..

It was a dull thud.

"There's something wrong with this sound..."

This time, Odd Zhuo couldn't take it anymore.

He hurriedly got up and ran over to check on the situation.

He swiped his universal card and opened the girl's door.

Odd Zhuo saw Liangzi nine temples clutching his left ankle in pain as he sat on the ground.

"What's Wrong?" Odd Zhuo asked.

Seeing that Liangzi nine temples remained silent, he made a rough guess based on the situation in front of him. "In a hurry to open the door, you fell flat and sprained your ankle?"

With that, the girl's face immediately turned red. "I... I didn't want to go out!"

Odd Zhuo bent over and couldn't help pinching Liangzi nine temples' face. "Classmate nine temples, are you an idiot?"

He smiled bitterly in his heart.

He had wanted to trick Liangzi nine temples.

But unexpectedly, he was the one who had been tricked.

“Don’t pinch my face on your own accord...”the girl protested softly.

“Oh, Sorry.”

Odd Zhuo smiled gently, then directly sat down cross-legged and picked up the girl’s left foot and placed it on his knee.

“Don’t...”

“It’s also the responsibility of the bodyguard to perform emergency medical treatment for the employer, right? This is just work. Student Jiugong, don’t misunderstand.”

Odd Zhuo looked at Jiugong Liangzi and asked seriously, “So, where exactly does it hurt? Please tell me.”

#### Chapter 1478 The Ancient Street Of Culture With Hidden Killing Intent

Because he had been in the grass-roots Immortal Police Special Task Force for a while, Odd Zhuo had been an ordinary grass-roots officer during that time.

But he had already accumulated valuable learning experience.

Those grass-roots immortal police officers generally wouldn’t be directly assigned to participate in dangerous assault missions, but would start with the medical soldiers first.

Before Odd Zhuo had been officially deployed to the front line, he had also been the “Son of All Stars” in the army, and his milk capacity was astonishing.

He could repair broken arms and legs with first aid, let alone say that he had just sprained his ankle.

Odd Zhuo carefully probed the pain in Liangzi Jiugongzi's body and moved his fingers bit by bit.

When he touched the core area of the pain, he clearly felt the girl suddenly Twitch in pain, which was a kind of conditioned reflex.

"Is it here..."

Odd Zhuo's expression was focused, and a dark blue spirit energy separated from his fingertips.

Then, an icy power seeped into the skin around the girl's ankle and seeped through it bit by bit.

Odd Zhuo was secretly glad that the situation wasn't too serious.

According to his original plan, he had planned to trick nine palaces Liangzi into knocking on his door and take advantage of the situation to go for a walk on Ancient Street.

Earlier, he had seen the photo Wang Ling had privately sent him: "Chu Yun sprinting to the moon in Han clothing."

His master was too handsome!

Odd Zhuo's heart itched at the sight of it.

Thus, he had started to imagine nine temples Liangzi in Han clothing.

And now, when he was helping nine temples Liangzi with his treatment, Odd Zhuo was shocked to realize.

The deepest trick in the world was that there was no trick.

Feelings were a very mysterious thing.

When your heart was trapped by someone from the start, you were already on the passive side.

And the emotional passive side was often the hardest.

So when Odd Zhuo found out that he had fallen in love with Liangzi Jiugong, he immediately felt deeply how difficult it was for Lotus Sun..

As he was thinking about it, Liangzi Jiugong suddenly asked an irrelevant question. "Is your relationship with Lotus Sun very good?"

This didn't sound like much at first, but to Odd Zhuo, it sounded a little like a survival test..

"Why are you suddenly asking this question?" He stared unblinkingly at Liangzi nine temples' feet, trying his best to remain calm.

"I saw that you seemed to be quite skilled in healing spells, so I thought of a piece of news gossip a while back."

Liangzi nine temples said, "I remember that Miss Sun suddenly fainted for a while, didn't she?"

"That's true." Odd Zhuo nodded.

"Then the media reported that when she fainted, you seemed to be very attentive and went there several times in a row. I suspected that you two were in a relationship," Liangzi nine temples said.

When Odd Zhuo heard this, he burst out laughing on the spot.

These gossip marketing numbers were really outrageous now.

How could he dare date "Mistress"..

Even if he had ten thousand guts, he still wouldn't dare.

"From your reaction, it seems like there's nothing between the two of you?" Liangzi didn't know why, but he suddenly felt better.

She had been observing Odd Zhuo's first reaction.

It was usually very difficult to fake his first reaction.

And there was no other micro expression on Odd Zhuo's face.

In Liangzi nine temples' eyes, this reaction was very real.

"She's just my junior sister, and I've received a lot of care from grandfather Sun before. The general election for the Alliance of Ten Thousand Schools is coming up soon, do you understand?" Odd Zhuo smiled; that was all he could say.

Liangzi Jiugong wasn't stupid.

From Odd Zhuo's literal meaning, the reason why he cared so much about Lotus Sun was on one hand to return grandfather Sun a favor, and on the other hand to think about the general election and try to get votes.

This reason could be said to be impeccable and flawless.

After a few conversations, the young girl realized that the man in front of her who had been portrayed as a "Swindler" in the Jiugong family.

Surprisingly honest.

Logically, Odd Zhuo didn't have to explain himself so clearly to her..

She crossed her arms and stared at Odd Zhuo. "Now I'm your junior, too. Are you like this with all your juniors?"

"I'm not going to go and treat some schoolgirl."

Odd Zhuo helplessly shrugged his shoulders, and then pinched the girl before the most painful place.

The intense pain from the sprain had completely disappeared.

After the task was completed, Odd Zhuo got up.

“You’re leaving already?”

Liangzi Jiu Gongliang also got up from the ground and looked at Odd Zhuo’s back with a sincere look in her eyes.

Odd Zhuo turned his head slightly, and from the corner of his eye, he could see the girl’s face with the words “Want to go out” written all over it.

“What? You Want Me to stay?”

“I don’t want to...”

Odd Zhuo sighed, and eventually went along with the girl’s wishes. “It’s going to be evening soon. I remember that there’s a fountain show at the center of Ancient Street tonight. Do you want to go with me?”

“Who wants to go with you? If anyone wants to go, I’ll go alone.”

Liangzi Jiugongzi snorted. She took Odd Zhuo’s suit jacket off the hanger and put it on, then put on her shoes and walked out of the room. “As for you, you just need to fulfill your duty as a bodyguard and protect me from a distance.”

Behind him, Odd Zhuo’s lips curled up wildly.

He had said so much..

But he still wanted her to accompany him.

..

On the other side, in the cold weapons store, Jiang Yingying lay on the mat with her head covered in sweat.

She felt that her arm no longer belonged to her at all.

Even the makeup on her face had been ruined, and her wig had fallen off.

These were all disguises that Jiang Yingying had spent a long time in the morning putting on.

At this point, she had completely disappeared, revealing Jiang Yingying's original appearance..

From the morning of the throw until now, the young girl had used all sorts of methods, and the highest record was only 892 meters.

To be honest, this record was also very shocking.

Seeing this, the store manager secretly broke out in sweat.

After all, she was the martial saint's granddaughter..

Although the 892 meters distance was still very far from the first prize.

However, if these small prizes were all cashed in, the cost of participating in the stone thatching throw would have been fully earned back, and there was still some surplus.

The most important thing was that Jiang Yingying didn't know why she hadn't finished throwing until now..

"Miss Jiang, you still have 19 chances to throw. I see that Miss Jiang's stamina has reached its limit today. Why Don't you save it for later?"

At this time, the manager of the Cold Weapon Shop had already completed the task.

Through precise manipulation, he left Jiang Yingying in the shop in his own way.

“So it can be saved... why didn’t you tell me earlier!”The girl complained. She had wanted to leave a long time ago, but she didn’t expect that it could be saved!

“It’s our negligence, Miss Jiang.”

The manager smiled, then took out two coupons and handed them to Jiang Yingying. “This is the extra compensation.”

“You won’t give me more times, will you... ?”

“Absolutely not,”the manager said, “This is a coupon for a luxurious single suite in the Holiday Hotel on Ancient Street. With the coupon, you can enjoy a free night of hotel accommodation. In addition, all the entertainment facilities and beauty programs in the hotel are free for a limited time.”

“But why... two single rooms?”

“This hotel is the most popular. The double rooms have been booked long ago, and it’s inconvenient for the two of you. Please forgive me,”the store manager said with a smile.

These two coupons were prepared for him by Jiang Xiaocheng, who asked him to give them to the girl after the event.

And when Jiang Yingying went there, she would find out.

These two luxurious single rooms.

One was on the first floor, and the other was on the fourth floor..

They were two rooms that didn't even touch each other.

"Thank you very much!" Jiang Yingying said thank you.

"Miss Jiang, take care. You're welcome to come again next time..."

This was a free-for-all, and it made her feel very good.

Although it seemed like she had spent a lot of money today, in fact, it didn't seem like she had lost too much..

When she left the cold weapons store with Wei Zhi, she realized that it was almost evening!

"Oh no! Wang Ling..." Jiang Yingying facepalmed.

She had been so focused on competing with Lotus Sun that she had completely given Wang Ling the task of following him!

"You're too tired today, so you should rest early. It's a waste not to use this hotel coupon."

"That's true." Jiang Yingying smiled. "Sigh, I really have to trouble brother Little Zhi to accompany me for the whole day!"

"That's not true." Wei Zhi shook his head.

The two of them walked side by side, on their way to the hotel on foot.

At this time, Jiang Yingying didn't notice at all that a man in a plaid shirt was following her in the dark behind her.

After seeing Jiang Yingying leave the cold weapon store, the man followed her while reporting the situation using the miniature communication device. "The target has been confirmed..."

“Are you sure it’s Miss Sun herself?”

“I’m sure it’s her.”

The man nodded. “She just left the cold weapon shop, so it can’t be wrong.”

“Okay, then we’ll follow the original plan.”

Chapter 1479 The Sound Of A Wishing Fountain (Two In One With Sugar, 1/128)

Wang Ling waited for less than thirty minutes before a few people came out of the changing room.

For thousands of years, the overall style of Hanfu had been plain and easy.

Although the style was simple, everyone had their own way of wearing it.

When they wore it, they had a faint artistic air, as if they had traveled back in time.

This was also why Han Fu culture was so popular among so many young people in the modern era.

The Han Fu that Li You Yue had chosen was called “Time Red Maple.”It was a red Han Fu with maple leaf patterns and white rust patterns that symbolized fire.

From Wang Ling’s personal point of view, this Red Hanfu was indeed quite compatible with Li You Yue’s temperament.

Li You Yue herself was a sunny lady who was passionate about making delicious food and spent a lot of time dealing with fire. Her extroverted personality could be felt from this simple Hanfu.

“Where’s Sun Rong?”On the other side, Super Chen and hero Guo also came out.

These two brothers had chosen the same style. Their name was “Ye Lan Bu Jing”. It was a black-based Han costume, with a little white at the bottom. However, as they spoke... the effect of this “Ye Lan not only”jacket..., on Super Chen and hero Guo, it looked very ordinary.

“Why did you two choose this... It doesn’t suit you!”

Li You Yue facepalmed, “Didn’t I tell you guys before? It would be better if you chose the red gold one.”

Any girl would always feel helpless when it came to straight men’s aesthetic standards..

Boys usually did not care too much about how they dressed up. Clothes were mostly influenced by the environment. People were not born with the ability to dress up. This needed to be nurtured slowly.

The upper body of a Hanfu was different from the upper body. Hence, Li You Yue felt that this was definitely not a problem with the clothes..

It was because Super Chen and hero Guo did not quite fit the temperament of the Hanfu.

One was addicted to games but would not forget to train his body. He was a hot-blooded teenager with a big muscular mouth.

The other was addicted to games but did not train. He was a 10-year-old fat otaku who flirted with his parrot at home all day.

When the two of them wore this Han costume, Li You Yue felt that Super Chen and hero Guo were like the foolish sons of a landlord... she could not bear to look at the scene.

“The main thing is that old Guo does not have a suitable size. This ye Lan Bu Jing is the only one. It Can’t be helped. In order not to make old Guo feel awkward, this brother of mine naturally has to accompany him.”Super Chen put one hand around hero Guo’s neck, grinning, he said.

Of course, he knew that this Han costume wasn’t very compatible with his temperament, but Super Chen didn’t care too much about whether it looked good or not.

It was mainly because Super Chen didn’t have any idol baggage.

Besides, they weren’t the main characters tonight..

And even if they did find the right Han costume...

Super Chen felt that the effect of the upper body was far inferior to that of Wang Ling's.

That set of "Out of the clouds and into the Moon" was really too evocative. When Wang Ling had come out of the changing room earlier, even Super Chen's eyes had been fixed on it.

In essence, people were always unstintingly looking at beautiful things.

Even a straight man like him had fallen for it. It wasn't hard to understand why those little girls who had taken out their phones and excitedly took pictures would behave so rudely.

Thus, when they were in the locker room, he and hero Guo had already made a secret decision.

Later, when they were watching the fountain show, they would find an excuse to slip away and leave the scene to boss Sun..

There were a lot of people watching the fountain.

With so many people and so many eyes, it wasn't a rare thing to get separated from the crowd.

At that moment, Wang Ling sighed in his heart.

He knew it!

These two traitors were unreliable..

After about three minutes, Lotus Sun's voice suddenly rang out. "Sorry to have kept everyone waiting."

The young girl was wearing a dark blue Han costume, her blue top dotted with stars, and her pure white dress was like a bright moon in a still lake. Everything perfectly matched the Han costume's original name: brightmoon glazed tile.

Super Chen and hero Guo looked at her with dull eyes. They felt that at this time, Lotus Sun was like Liu Li who had walked out of a painting, making people's mood slightly fluctuate, and then quickly sank into a kind of calmness..

There was a kind of beautiful feeling of time stopping and the quiet of time.

“How is it... isn't it, not very good-looking...” Lotus Sun had a brightmoon fan in her hand.

This was a small accessory that went with this set of Han clothing. She shyly covered her expression as she stared unblinkingly at the white-clothed youth in front of her.

But Wang Ling's expression didn't show much surprise, because he could actually associate it with Lotus Sun's appearance in Han clothing.

Although a person relied on clothing and a Buddha relied on gold clothing, and clothes could indeed give a person a completely different spirit, the most important thing was that a person had to be good-looking.

A person's good-looking level had already reached saturation, but even after changing clothes, it was still saturated..

So Wang Ling didn't know how to evaluate it.

On the contrary, hero Guo and Super Chen were sighing endlessly from the bottom of their hearts.

“Wang Ling, aren't you going to say something?”

Seeing that Wang Ling didn't reply for a long time, Li You Yue was a little anxious, so she cleared her throat, with the tone of an old big sister, she taught him, “When a girl needs to be evaluated, you have to evaluate her. This is the most basic courtesy!”

” ... ”

Wang Ling felt that this segment was a little like a survival test.

In any case, it was a compliment.

He wouldn't say it, but there was some truth to it.

“She...”

At that moment, Wang Ling looked at the young girl and said, “She was already good-looking.”

This was indeed what Wang Ling thought was the truth, but when he said it, Lotus Sun's face immediately turned hot!

She hadn't expected that Wang Ling would actually say this..

In an instant, the young girl felt as if something had hit her hard in her heart, and immediately used the fan to cover her shy face.

Li Youyue saw that smoke seemed to be coming out from behind the fan.

“Are you satisfied now?” She moved her face closer and whispered to the steam girl behind the fan, and the young girl's face couldn't help turning even redder.

Then, Li You Yue turned her gaze to Wang Ling.

She saw that the young man in front of her had a calm expression, without the slightest ripple..

Li You Yue crossed her arms, feeling a little depressed as she watched, and suddenly felt that Wang Ling's Wood attribute was hopeless.

She muttered helplessly in her heart, “So, he really doesn't know that he's very flirtatious...”

..

After everyone had finished changing their clothes, the next step was to enjoy the night fountain show.

The Dragon Fountain on Ancient Street was very famous, and it was already quite old. It had been created by an emperor under the imperial system of the old era to please his beloved concubines.

The entire fountain was as big as two basketball courts and had a total of 88 bronze dragon-head fountains. That was why it was named Dragon Fountain.

As for the fountain's water source, it was drawn from the Dragon Tooth Mountain on the side.

This was a big project, and it was once seen as a symbol of the emperor exploiting the working people at the bottom of the ladder..

But at some point in time, the dragon fountain on the ancient cultivation culture street became an internet-famous dragon fountain, and even the story changed... it became a beautiful and moving love story between an infatuated emperor and a pure-hearted concubine.

With this change, the Dragon Spring had instantly become a famous tourist attraction.

Touching the dragon's head, tossing coins, and praying by the side of the water spring had almost become a must-have procedure before the start of the spring show.

"I've prepared some coins. Before the spring show starts, let's Make a wish!" At this moment, Li You Yue said.

She handed one dollar coin to each person one by one.

Wang Ling imitated the passersby on the side and used his hand to touch the copper dragon head by the fountain first.

In the end, when he touched it, he realized that his dragon head wasn't quite the same as the one next door..

Because when he touched this dragon head, the Dragon Horn had already been worn flat.

It would be fine if it was worn bald..

Wang Ling sighed in his heart. He only lightly touched it, and then set up a regular repair spell for the dragon head he touched.

Since he had touched the dragon head, it was fate.

Wang Ling felt that he had done a good thing by fixing it.

Once the fixed repair spell was set up, everything would be fine.

When this dragon head wasn't noticed by anyone, its horns would grow out when no one else was looking.

Then, Wang Ling imitated the others and gently placed the coin into the pool.

He didn't dare to directly throw it like some people. If he used too much force, the power of his coin would be similar to that of a nuclear torpedo

Then, it was time to close his eyes and make a wish.

"Make a wish! Clear spring water is flowing!" Super Chen's progress was very fast.

As he made a wish, he shouted at the same time, giving everyone nearby a big fright.

After all, he was a ten-year-old poison milk powder veteran..

On the side, hero Guo smiled. This was a game joke, and only those who understood it would understand it.

Then, he closed his eyes and began his wish segment.

Looking at the pious faces of the people around him, Wang Ling was also thinking about his wish.

In fact, sometimes, people just made wishes to give themselves psychological comfort so that they could better put down their burdens and continue moving forward.

There were actually quite a few rumors about dragon spring.

Wang Ling wasn't sure if they were true.

After all, these days, businesses would do anything to hype up tourist attractions..

It was already considered kind to fabricate a beautiful fairy tale.

A while ago, there had been a scenic spot called the "Realm of the sky", which was said to be the first scenic spot in the country that had spent a huge sum of money to create it.

The "Realm of the sky" in the promotional posters of the scenic spots seemed like a dream and a fantasy.

But the real classic was just a few mirrors covered in mud shoe prints on the pond..

The real difference between a "Buyer's show" and a "Seller's show."

But whether it worked or not..

It was better to believe that there was a wish.

He still had to have a dream, but what if it came true?

Thus, Wang Ling closed his eyes.

And he didn't open them for a long time.

The main thing was that he had a lot of wishes..

“Student Wang Ling, you must have made a wish to eat more crispy noodle snacks with different flavors, right?” Lotus Sun smiled sweetly at the youth’s closed eyes and serious expression.

Then, she closed her eyes and sincerely made her wish to long quan.

Her wish was...

No matter what wish Wang Ling made, it would come true..

..

“We made it.” On the other side, Odd Zhuo and Jiugong also came to the scene.

They had also changed into Han clothing.

What was worth complaining about was that they were all wearing the same style..

They had all chosen that set of hanfu called “Purple Gold Galaxy.”.

Yoshiko Kyoko had chosen the Hanfu in the changing room and hadn’t colluded with Odd Zhuo before, but it was under such circumstances that a coincidence could actually happen..

Although the male version of “Purple Gold Galaxy” was different from the female version in its patterns and patterns.

However, the high similarity in the color scheme made the two of them really look like a couple when they stood together.

Was it a coincidence?

Of course not..

There were so many styles of Hanfu; how could they have chosen the same one.

It was just that Odd Zhuo had asked a good brother to help him pick out clothes for Liangzi Jiugong, and had asked around a little.

Of course, Odd Zhuo couldn't expose this little trick.

As soon as he came out, he had a very surprised expression on his face as he lamented that he and Liangzi Jiugong had the same brain circuitry, and he had even added some embellishments such as "A match made in heaven" and "Telepathic connection".

This directly caused the girl's blush to not cool down until now.

Of course, in this case, she just needed to change into a new Han costume.

But Yoshiko felt that since it wasn't a thing, there was no need to hide it too much, and it was better to be frank..

To be honest, she herself didn't know why that magical logic had appeared at that time.

It wasn't until she was actually wearing the same hanfu as Odd Zhuo on the street that she wanted to give herself a big slap..

"I'm telling you, don't get too close... It'll be too easy for people to misunderstand..."she mumbled by the fountain.

There were a lot of voices nearby, but it was still very easy for Odd Zhuo to distinguish her voice among them.

But he pretended not to hear them and just smiled at the girl in front of him. "What?"

He was slightly taller than nine temples, and from this angle, this girl's soft and cute voice was like a cat's paw, tickling Odd Zhuo's heart.

“I said, don’t get too close to me, or people will misunderstand...” nine temples tried to speak louder.

“What? You want me to get closer to you? Okay!”

” ...”

Shameless..

The corners of Liangzi nine temples’ mouth twitched. She was 100% sure that Odd Zhuo had heard her; he was definitely teasing her.

The young girl clenched her fists with all her might, trying hard not to flare up.

Then, she simply stood on Tiptoe, intending to say it directly in Odd Zhuo’s ear.

At this distance... it wasn’t that this old liar couldn’t hear her!

But what nine temples Liangzi didn’t expect was that just as she stood on her tiptoes, Odd Zhuo also lowered his head, intending to take out a coin from his pocket.

At that moment, their foreheads actually touched lightly!

In an instant, nine temples Liangzi’s face turned unbelievably red.

She abruptly turned around, her back facing Odd Zhuo.

“What’s Wrong?”

“No... nothing...”

“Am I Too Close?”

“Forget it... There are too many people... That’s it...”

With that, the girl added, “When there are fewer people, you immediately stay away from me... Got It?”

“Got it.” Odd Zhuo smiled dotingly.

Chapter 1480 Odd Zhuo! Danger!

At 8:30 that night, Long Quan in the central square of Old Street started the dreamy-like fountain show on time.

The eighty-eight dragon heads slowly raised their heads in front of everyone’s eyes, much to the surprise of many people who were watching long Quan for the first time.

This was one of the famous scenes before long Quan started the fountain show, also known as the dragon raising its head.

However, it was not transformed by modern technology, but by the exquisite craftsmanship of ancient mechanisms.

In the old era, such a high-tech fountain could be developed through the design of mechanisms.

It can only be said that the engineer who built this Longquan.

Was indeed a remarkable talent.

However, there is still no definite answer to the question of the ownership of the creator of Longquan, and experts in the field of history have argued endlessly about this.

But there is one point of view that is unified.

That is, these experts in history still believe that.

The descendants of the creator of Longquan must still be in this world.

The beautiful and splendid lights, combined with the beautiful water that is constantly spat out from the copper faucet of classical music, form a fine seven-colored mist in the air, as if one were in an illusion.

Countless water pillars towered into the clouds. Sometimes they were domineering and grand, sometimes they were graceful and graceful, sometimes they were lively and lively, and sometimes they were as loud as a bell.

All kinds of changes made the onlookers' minds waver.

For a moment, the couples by the fountain hugged each other. Everyone tacitly quieted down and quietly watched the performance of the fountain in front of them.

Looking around, she suddenly realized that the scene seemed a little awkward.

Next to her, the couples were practically hugging each other, and her face darkened at the sight.

It was just a fountain... was there a need for that? ! It wasn't like they were on the Titanic!

If you want to chew, why don't You Chew on the bed? ! HMPH!

"You don't look very happy. Do you want a hug?" Odd Zhuo's voice sounded at this moment.

"How am I not happy..."

Liangzi nine temples said, "Also! You're clearly behind me! How can you see my expression!"

"You can tell from the aura," Odd Zhuo said. "This is the advantage of having a high cultivation."

"Don't be too proud, old liar. I still have my doubts about you," the girl said.

"Do you think it's possible for you to cultivate to my combat strength in six years?" Odd Zhuo smiled with a very relaxed expression.

“What if there’s a fortuitous encounter? Who Knows?”

Liangzi nine temples pouted and snorted.

“So now you’re avoiding my question?” Odd Zhuo asked.

“What question?” Liangzi nine temples pretended not to know.

“I asked you just now, do you want to... Give me a hug?” Odd Zhuo took a step forward.

“Don’t move...”

Feeling Odd Zhuo’s aura closing in on her, Liangzi nine temples instantly panicked. With a red face, she used her own method to warn him. “You’re not allowed to come near me! I’ll really get angry!”

“Okay, I got it.”

Odd Zhuo took a step back and raised his hands in surrender.

Ai... as expected of a good son..

Even when he was angry, he looked so cute..

As the saying went, haste makes waste; Odd Zhuo had plenty of patience for this.

It had been mentioned before.

“Be patient and restrained” was Odd Zhuo’s first law of love for a good son.

At this moment, Odd Zhuo turned his gaze to the other side.

He saw that Wang Ling was still with his eyes closed, and was stunned.

This wish might have taken a little too long..

But Odd Zhuo soon realized what had happened.

It must have been the surrounding couples hugging each other, which had caused master to fall into an awkward situation.

And the worst part was..

Even lotus sun seemed to be surrounded by a crowd.

The two of them were actually not far away, but they were all lovers in the middle like go.

It was very clear that although hero Guo, Super Chen and Li You Yue had retreated in time, leaving the space for the two of them.

They had underestimated the number of lovers by the side of Dragon Spring.

“The situation doesn’t look too good, we have to think of something...”

This time, the main reason he had come to the ancient street was because he had received Wang Ling’s orders to come over and help out.

Although he was “Flirting”with nine palaces’good son,.

He still hadn’t forgotten the task his master had given him.

He could only go over first..

Odd Zhuo himself wasn’t afraid of embarrassment.

Then, he took the initiative to walk in Wang Ling's direction.

Sensing that Odd Zhuo's aura was getting further away, Yoshiko nine temples hurriedly asked, "Where are you going?"

"Ah, I'm going to the washroom. Do you want to follow me?"

"Who wants to follow you..."the girl snorted.

She glanced sideways at the direction odd Zhuo had left from the corner of her eye. She had a feeling that things weren't that simple.

So, should she follow him to take a look?

Liangzi nine temples was in a dilemma.

She took about three seconds to think, and finally took a step.

HMPH..

Where this guy was going had nothing to do with her!

But as an employer, it was normal for her to supervise the bodyguards, right?

At this thought, the young girl seemed to have the confidence to move forward bravely.

Her steps were firm and she was confident..

..

At the same time, Miss Sun, who was trapped between the two of them, was feeling troubled by the situation in front of her.

At the beginning of the fountain show, the nearby couples rushed forward in order to see it more clearly, and in an instant, she and Wang Ling were separated.

She was now surrounded by the couples, and although she could sense that Wang Ling's aura wasn't far away from her... the situation was still very awkward.

Most importantly, the couples around her were practically hugging their faces and biting each other!

The impact of this scene was undoubtedly explosive for a young girl who was in a one-sided relationship..

Most importantly, she couldn't choose to disturb others at this time; it was too rude.

"Excuse me, Please." At this moment, a familiar voice sounded.

Lotus sun seemed to have heard her savior's voice..

She saw Odd Zhuo walking towards her and greeting the couple in front of her, who were hugging their necks and gnawing at each other.

The couple looked very unhappy to be disturbed. The man was very big and had a tattoo on his arm. He looked very unhappy. "Who are you?"

"Sorry, I just wanted to make way for you. My junior sister got separated inside..." Odd Zhuo said very politely.

"College-style role-playing. Interesting."

The tattooed man chuckled. "Where did this bro find a student? Can you introduce him?"

"Don't you already have a girlfriend?" Odd Zhuo frowned and felt a little uncomfortable.

He wasn't the only one. When the people nearby heard the Tattooed Man's words, they all stopped what they were doing and turned their gazes over.

This was too much of a jerk..

“It’s all consensual; it’s just fun. My girlfriend never minded.”

As he said this, the tattooed man lifted his girlfriend’s chin, and his eyes shone with a fierce light.  
“Isn’t that right, HM?”

“Mm...”the girl lowered her head, not daring to look directly into the Tattooed Man’s eyes.

Odd Zhuo could clearly sense that she was afraid.

Perhaps even becoming his girlfriend... had been unilaterally coerced by the other party?

Odd Zhuo didn’t have any evidence on this point, so he couldn’t care less, but this man in front of him was really detestable.

Unfortunately, it wasn’t convenient for Odd Zhuo to make a move in public now.

After all, he was still an official in the government..

Although the other party was detestable, if he made a move here and someone took a picture of it and posted it online, who knew what kind of trouble would happen.

“Sorry, excuse me...”at that moment, he heard Lotus Sun’s voice.

Because of Odd Zhuo’s intervention, the surrounding couples stopped working and turned their gazes to eat melons.

Lotus Sun quickly seized the opportunity to go around Odd Zhuo from another direction.

Odd Zhuo hadn’t expected that his goal would actually be achieved just like that..

He had wanted to pull the girl out, but hadn't expected that he would indirectly help her out.

Lotus Sun had heard what the tattooed man had said earlier.

As a girl, she was naturally very unhappy as well. She stared at the Tattooed Man and tried hard to restrain the sword Qi that was about to come out of her body. "You'd better straighten up your attitude!"

"What? Is this the junior sister you were talking about?"

The Tattooed Man was amused and looked at Odd Zhuo. "She's pretty good-looking, like an idol star? How much for one night?"

When he said this, a lot of people nearby suppressed their anger.

Many of the boys in the crowd had already rolled up their sleeves and looked like they were going to gang up on him.

Then, he sat down on one of the bronze dragon heads that had been rubbed bald and sneered. "I'll sit here today and see who dares to lay a hand on me."

The Tattooed Man had an arrogant attitude. As he sat, he pulled his girlfriend and held her tightly with one arm.

It seemed to be a threat, which made many young men who wanted to attack him hesitate.

They were worried that if they pressed too hard, this scumbag might hurt the girl.

"This arrogance is too arrogant..."

"This is too much. That girl must have been coerced. Should we call the police?"

"But now she hasn't done anything. It's useless even if we call the police, right?"

“Sigh, is there no one who can come out and punish this scumbag!”

The surrounding girls were also very angry when they saw this. Then, they closed their eyes and began to make wishes to long quan one after another.

“Ah!”

Then, at the next moment.

The tattooed man let out a painful scream that sounded like a pig being slaughtered..

What was going on? !

The girls who were making wishes opened their eyes one after another.

They saw that the tattooed man, who was originally proud of himself, covered his butt and fell in front of Long Quan.

Two bloody holes were poked in his butt by the Horn of the dragon head..

Holy shit! ?

Everyone’s eyes were filled with horror.

That Bald Dragon Head had actually grown horns again..

“It must have been student Wang Ling.”

Lotus sun instantly understood something, and with a smile on her face, her mood instantly lightened.

As expected of Shifu..

Odd Zhuo couldn't help laughing out loud.

Then, he gently tugged at the corner of Lotus Sun's Han Chinese clothing and said in a low voice, "Junior Sister Lotus Sun, there are too many people here, Shifu has already gone out. It seems that he has something for you."

"Ah... Wang Ling wants to give me a gift?" The young girl looked pleasantly surprised.

"You'll know when you go out and take a look. Let's go." Odd Zhuo smiled, and then took the initiative to hold the young girl's hand, planning to lead her to where Wang Ling was.

This scene caught the attention of Liangzi Jiugong.
