Chapter 1601 1,598, Like-Minded People (1/97)

When the tomb god had carved the fiftieth “Righteous” word into his spiritual world..

Wang Ling had already dug out his heart fifty times..

The tomb God didn’t know what had happened to him, why he had failed fifty times in a row, and why Wang Ling had taken his heart out of the countless timelines he controlled.

When this pair of terrifying dead fish eyes appeared in front of the tomb god fifty-one times, he was already traumatized.

Before Wang Ling could even take out his foreign God’s heart, he directly activated his ability to backtrack.

The Tomb God roared at Wang Ling. “I am the supreme foreign god Sotos who controls space and time! Don’t even think about destroying me like this!” He faced Wang Ling and adjusted time again.

”...”

As long as he didn’t rip out his heart, he wouldn’t be considered dead.

Wang Ling finally understood this point.

But to be honest, no matter how the Tomb God escaped, this ending was already destined and couldn’t be changed.

This was an ability that was even more terrifying than a seal. It trapped people in endless death and reincarnation, making them constantly face the same kind of death..

In a sense, Wang Ling felt that the tomb God’s ending was even more tragic than Bai Zhe’s.

Although Bai Zhe had been exterminated by him from all the world lines, there was no longer anyone called Bai Zhe in the universe.

But at least Bai Zhe had left happily, and at least he didn't have to suffer the pain of being unable to escape.

But no matter what the tomb God did now, the end was already set.

Wang Ling had actually carefully considered the reason why he had used this method.

One: The Tomb God had already inherited the bloodline of an external God, and this ancient universe creature had many strange resurrection methods. Wang Ling was worried that if he were to evolve into a third or even fourth form after killing it., it would seem a little endless.

Two: Who told the tomb God to hit Wang Nuan... This nirvana magic ball had burned off a few of his sister's hair.

This debt couldn't be forgiven.

..

After returning to the correct world line and time line on Wang Ling's side, the tomb god in front of him had already disappeared. The reason was that after the tomb God had used the time reversal ability, he had returned his time line to the past.

However, Wang Ling had agreed to have the ability to control time.

Thus, the current situation was that the tomb god was trapped in his "Old time line" and couldn't come out, because once he did, it would mean that Wang Ling would crush his soul.

As for Wang Ling's time, he continued to move forward.

No one in the corpse map had expected that the battle between Wang Ling and the tomb God would end so cleanly.

Many eternal experts, including Zhang Zicao and Li Xian, had initially believed that this was a battle destined to go down in history as a peak universe-level battle.

But no one had expected that when Wang Ling got serious, the tomb god, who had already evolved into an external God, would still be killed in an instant..

And as the tomb god was trapped in the old time...

The universe eye, which was wrapped in a three-petaled golden lotus, fell into Wang Ling's hands.

Wang Ling stretched out his hand and pulled the universe eye bud into his hand. Seeing this, Nuan couldn't help sucking her finger. She knew that the bud was extremely important to Wang Ling, otherwise she really wouldn't have been able to resist the urge to eat it.

In the end, the little girl just stretched out her finger and lightly poked the bud.

Then, there was a "Buzz!"!

The universe eye exploded with a bright light. Wang Ling frowned slightly and found that the universe eye was absorbing the extra energy from Nuan's body.

This little girl had eaten too many God's punishment tentacles, which had caused her body to double in size, but now that the universe eye had absorbed it, she had regained her balance.

In the end, Nuan returned to her original size and lay on Wang Ling's shoulder again. Then, she yawned, and with a "Puff," she turned into a cloud of smoke and disappeared.

"Have I returned to my original body..." Wang Ling thought to himself, a faint smile on his face.

"After all, I've just been born, and I must be tired after going through such a series of battles." Zhang Zi couldn't help sighing. Looking at Wang Nuan's cute appearance, he couldn't help sighing in his heart.

He should have had more daughters back then. They were cute, and they were from China Merchants Bank.

Having sons... was useless! It was because he had to raise so many sons... that he had embarked on this path of no return.

But after being trapped in the corpse map, the ones Zhang Zicao regretted the most and the ones who made him feel the most sorry were his family members.

He didn't know if his children who hadn't grown up and grown up had survived after he was trapped in this map..

This was what Zhang Zichu wanted to know the most.

Given Daofather Wang's personality, he wouldn't have attacked his family.

There was a debt to a debt; Daofather Wang wouldn't have been so decisive.

At that moment, Li Xian stared at the cosmic eye in Wang Ling's hand and said, "I didn't expect the cosmic eye to really exist..."

These words brought Zhang Zichu back to his senses. "I'm afraid that it would take an enormous amount of energy to make the Cosmic Eye Bloom. Moreover, the cosmic eye has clearly been frightened; its bud has shrunk too tightly, and it still needs some time to get used to it."

Listening to their analysis, Wang Ling nodded.

He followed Zhang Zicao's words and injected energy bit by bit instead of all at once.

Wang Ling did indeed have such an enormous amount of energy.

But to the cosmic pod, energy was more like fertilizer or nutrient fluid, and it wouldn't work if he poured too much into it.

So he could only be patient and wait until the pod bloomed to see what exactly the Cosmic Eye was.

On Sun Island, Wang Ling's thoughts returned.

On this side, the closed-door competition around the university student rankings was still going on..

No outsider had expected that No. 60 High's mascot, who had been sitting in the lounge and seemed to be in a trance and had suddenly come to his senses, had just saved the universe once again..

..

..

In the old timeline, the tomb God looked at the devil-like youth in front of him and couldn't help bellowing angrily, "You... can't You F \* \* King do it another way! Can't you stop digging your heart out? !"

It glared angrily and cursed.

Wang Ling didn't say a word, while the black tiger dug its heart out.

..

Even now, the tomb God still couldn't figure out what had happened, mainly because it didn't have the guts to think about it.

As a god who controlled time and space, he thought that he had everything under control. After all, Wang Ling was just an ordinary earthling, and no matter how strong he was, there was no way he could surpass him in these two abilities.

But the repeated ending and repeated deaths in front of him told the grave god this shocking fact that he had no choice but to believe..

He had actually been killed by Wang Ling once in all the timelines and world lines? ? ?

How was this possible..

Chapter 1602 1,599, Old Mother And Uncle (1/97)

In the additional timeline, when the tomb God recorded the number of times he died, his body was already exhausted, and his face revealed a look of despair.

The fate that he could not escape was a sign of decline and end for him. No matter how he struggled, it was useless. This was the most frightening part.

Outrageous..

Outrageous!

The tomb god Roared.

He was clearly the god who controlled time and space, but he was actually being played around by an earthling.

In a fit of rage, he moved time forward and changed the world he was in.

This was a brand new world line. He firmly believed that as long as his choice was different from before, he would definitely be able to change his fate of having his heart ripped out by Wang Ling through the butterfly effect..

The tomb God jumped back in time to the time when he had sent the ancient divine weapon to rescue Peng Xiren.

According to that time line, Peng Xiren's soul had been forcibly brought back to his residence, and he had used Peng Xiren's physical body to cast a spell to open the heavenly tomb with Peng Xiren's physical memory.

If..

He hadn't done that back then, the outcome might not have been the same.

And so this time.

The tomb God didn't make a move.

He chose to continue hiding in the devouring star. If he hadn't opened the heavenly tomb and inherited the bloodline of the foreign god Sotos... if he had stayed there obediently, perhaps nothing would have happened.

But what the tomb God didn't expect was that even on this world line, that youngster from Earth had still found him very quickly.

A look of despair appeared on the tomb God's face.

Then, without another word, Wang Ling directly dug out the tomb God's heart..

Was even this time line controlled..

When the tomb God opened his eyes again, time returned to the time when he had become an avatar.

Just as he was about to make up his mind to continue jumping, a voice suddenly rang out in his mind.

"It's no use, you won't be able to deal with him like this... I know his methods too well." It was a very young voice.

What surprised the tomb God the most was that this voice actually rang out directly in his mind.

Direct mental intervention?

What a joke..

Even if he was bullied by Wang Ling, when had anyone other than Wang Ling ever been able to ride on his head?

He tried to purify his mind and force out this voice in his mind.

However, he was ridiculed by this mysterious voice. “You don’t have to do this. If you don’t want to cooperate, I can leave on my own. However, if you and I don’t join forces, the chances of winning against him are almost zero.”

These words made the tomb god calm down a little. He had been killed by Wang Ling too many times, and it was precisely when his mind was in a mess that he needed someone to guide him.

Although he was furious at the voice’s sudden appearance, he also felt as if he had grabbed onto a life-saving straw.

“Who are you...”

“Someone who shares your pain.”

The voice laughed. “That person erased everything about me from the universe... he didn’t expect my will to transcend everything and survive along with a powerful resentment...”

“You don’t have a physical body?”

“I’ve already become a transcending existence. I don’t need to rely on my physical body to survive.”

” ... ”

After several conversations, the tomb God still had doubts

He didn’t completely believe what the voice said, but the other party’s existence was indeed very strange.

Because during the conversation, the tomb God tried to find the source of this spirit, but he found that the other party didn’t have a physical body. His tracking signal was directly sent out along a strange route to the entire universe..

“How about it? Do you want to cooperate?”

At that moment, seeing that the tomb God hadn't spoken for a long time, his voice was still encouraging him. "I'll help you get the rest of the mysterious item..."

"You're saying that it's destiny?" The tomb god was dubious.

"The part that you got isn't enough for you to inherit the power of Sotos. There's still a certain distance between you and when Sotos was at its peak."

..

Wang Ling had never seen the cosmic eye embryo before, and this kind of natural magic treasure was actually very rare.

Moreover, Wang Ling found that the cosmic eye embryo seemed to be able to absorb the excess energy in his body.

But Zhang Zicao and Li Xian both said that when the cosmic eye embryo developed and took shape, it would no longer have this ability to absorb excess energy.

Thus, Wang Ling's plan to use the cosmic eye to balance the excess energy in his body would fail, and he would have to wait for Wang Ming to research the new seal talisman through that strange black stone.

But this was still a very special harvest for Wang Ling.

At least during the period when the Cosmic Eye was fully developed, there was finally something else that could share the excess spirit energy in his body with the original seal talisman, which would help Wang Ling better control his power.

Wang Ling kept the cosmic eye in his mental space, which provided the cosmic eye with tremendous nutrients.

For the Cosmic Eye, this was a clay basin with excellent nutrients.

In Wang Ling's vast mental space, which was like another universe, the cosmic eye began to emit a golden ripple after it settled down. It was using its own energy to test the scope of this new universe.

In the end, the cosmic eye trembled slightly... because this space was too big, and there was almost no end to it.

In reality, it was the first time that a golden vertical eye had naturally formed between Wang Ling's eyebrows. It was like a mark between his sword-like eyebrows, so much so that it didn't fit in with that pair of dead fish eyes.

But the Cosmic Eye was too mysterious, and ordinary people couldn't see it.

Even Lotus Sun, who was known as Earth's number one foundation establishment cultivator in terms of combat strength, couldn't see Wang Ling's eye.

After all, the girl had relied on the sword Qi that had been augmented by the combination of the Ao Hai people and the sword, and wasn't at her original realm.

But Wang Ling felt that it was probably a good thing that Lotus Sun didn't know about this.

The Cosmic Eye was something that had appeared in the ancient era of the universe, and was related to those brutal old rulers. It was probably very dangerous to have a connection with these evil things.

"I wonder what kind of astonishing changes this cosmic eye will undergo after it's fully formed..."

"This thing might not necessarily be a good thing, and it's very difficult to control it. From the looks of it, it's probably only someone at Ling Zhenren's level who can steadily control it."

Li Xian and Zhang Zicao looked at each other. They were the only two people in the group of eternal experts who had heard about the cosmic eye, and were also the most experienced.

Wang Ling planned to put the two of them to good use in the future.

When it was Wang Ling's turn to go on stage, he calculated the course of the competition with his fingers.

Then, he frowned.

Because when he calculated the "Nine temples family," it seemed that someone still wanted to make a move on Lotus Sun, who was pretending to be a good son of nine temples, in this competition.

Right now, Wang Ling only wanted to win the prize money in the competition, and couldn't care less about anything else.

He felt that these eternal experts in the corpse map could do this for him.

Thus, after Wang Ling conveyed the whole thing to Li Xian telepathically.

Li Xian's eyes immediately lit up.

Wang Ling wanted to give him the key to freely enter and exit the corpse map.

This was something Li Xian had never expected.

Like the other eternal experts, Li Xian had personally witnessed Wang Ling beating up the Tomb God. Since Wang Ling had given the order, he naturally wouldn't hesitate to die.

He immediately knelt down and kowtowed. "Ling Zhenren, don't worry. Leave this matter to me, and I'll definitely do it beautifully."

On the other side.

The members of the nine temples family who had been planning to deal with Jiugong Liangzi had never expected this.

The person who was coming to the nine temples family was a powerful expert from the eternal era.

Li Xian didn't do anything unnecessary this time.

He had only been sent by Wang Ling to handle the nine temples family's affairs..

Who would have thought that Wang Ling would turn that ancient expert into a new mother and uncle in the blink of an eye.

Chapter 1603 1,600: Law-Abiding And Good Citizen Li Xian (1/97)

This was the first time Li Xian had received a mission from Wang Ling, and it was also the first time he had walked out of this picture of a corpse.

But right now, all of the eternal experts in the picture were just bones.

It wasn't difficult for Wang Ling to reconstruct the body, but this was to reconstruct the body of an eternal expert, so he planned to wait until he was done with what he was doing, he would find some time to specially tailor the few "Tool men" he often used in the picture.

As for now, Li Xian still didn't have a body after walking out of the corpse painting.

In order to avoid people thinking that he was cosplaying "The bone of the domain of sin will always be king," Wang Ling used the power of the king's eye to give Li Xian a layer of skin.

From the outside, Li Xian was wearing a very modern casual sportswear, and his appearance was the same as Li Xian's original appearance.

After he went out, Li Xian looked in the mirror. Although he wasn't used to his current attire, he was very receptive.

The familiar look in the mirror suddenly made Li Xian feel a sense of sadness.

But..

He had finally come out.

He had changed into a completely modern outfit, and at the same time, he had lost the long, flowing hair that had been the hallmark of the era of the eternal strong.

The skin that Wang Ling had given him wasn't as aesthetically pleasing as it had been in the past; it was all modern.

Li Xian, who was now dressed in a modern outfit, was a standard "Spiritual young man" with a buzz cut, an unusually handsome face, and a face like that of a celebrity.

It was no wonder that Daoist ancestor Wang hadn't believed Li Xian's explanation at all back then.

Although Li Xian in the mirror had already lost his original appearance, he still had that "Star traveller" air about him; he had the air of a literary youth, in addition, Wang Ling had given Li Xian this set of skin and a pair of spectacles that didn't measure up, which made Li Xian's overall temperament even more obvious.

"Nine palaces stone, is it?" Li Xian searched through the memories Wang Ling had transmitted to him mentally and confirmed the target of this operation.

On the nine palaces family's side, ever since the sixth mistress of the star picking group, nine palaces star brilliance, had been eliminated by Wang Ling, only nine palaces stone had been constantly making small movements.

Li Xian's mission this time was to teach nine temples Xiushi a lesson and destroy the extra copies of the "Ghost Book" at the same time.

The nine temples family had always regarded the "Ghost book" as a symbol of their family's power, and in their eyes, the main copy of the "Ghost Book" was simply like the Imperial Jade Seal..

After understanding the whole story.

Li Xian suddenly felt that what he was truly afraid of wasn't the ghosts in the "Ghost Book" but the hearts of the people outside of it.

The poison in the hearts of the people far surpassed the threat of the "Ghost Book" itself.

Although the nine temples clan had sealed the dangerous “Ghost book” layer by layer in the basement of the nine temples clan, the real danger was the Battle of the hearts of the people caused by this small ghost book..

And the members of the nine temples clan had all unknowingly fallen into the conflict of killing each other.

Li Xian had seen too many battles since ancient times.

Although the Earth was small, it was still visible in its entirety.

And so, Li Xian took that supreme corpse map and went out on Wang Ling’s first mission.

This was actually Wang Ling’s second mission for Li Xian.

It was mainly to let Li Xian help the eternal experts in the corpse map familiarize themselves with modern society.

This way, when Wang Ling needed others later, he wouldn’t have to adapt to them one by one.

Of course, although Wang Ling was very relieved to hand over the corpse map to Li Xian, he didn’t have to worry about Li Xian escaping with the corpse map.

Although Li Xian was an eternal powerhouse, the current Li Xian had no ability, no guts..

He was a smart person and knew what he had to do.

He came to the modern street.

When Li Xian saw the modern human cultivators standing on flying swords in an orderly manner, or waiting for the traffic lights from the ground and in the air by hearses, many immemorial experts were filled with emotion at the same time.

This was an era they had never seen before.

No one had expected that the cultivation civilization after the immemorial era would turn out like this.

“Why are all the modern cultivators like rabbits?”Someone exclaimed in the picture.

“Yeah.”Another person nodded and echoed. “Back in the eternal era, when Mystic Realms were opened, speed was everything. It was common for people to fight for the priority of the Mystic Realms and the entrance. “I wonder how new Mystic Realms are distributed under the modern system?”

“They are distributed according to the borders.”Li Xian had already looked up this question.

Wang Ling had given Li Xian the method to use his smartphone through spirit transmission.

As for the phone in Li Xian’s hand, Lotus Sun had bought it for him.

Miss Li was very wealthy, and Li Xian’s group of eternal experts didn’t lack funds at all.

“The country?”

“The country that opens the entrance to the new mystic realm will own it.”. As for the resources inside the mystic realm, the country would send a representative team to collect them efficiently and then hand them over to the national treasury. Finally, the resources would be distributed according to the modern talent pool,”Li Xian explained.

Now, everything was different from the eternal era. Human cultivators had strict systems and systems.

It was no longer the era of murder and plunder in the ancient times, where people could kill and Rob at will.

All Kinds of rules and regulations made the irritable eternal experts in the picture somewhat uncomfortable.

But if they wanted to be free, this was a hurdle they had to go through.

Therefore, Li Xian followed the rules of modern people and waited patiently at the intersection like everyone else. Seeing the red light turn green, he used the “Levitation spell” to slowly fly forward.

Of course, his speed could be very fast.

However, the road in front of him was a speed limit, so Li Xian really couldn’t speed up.

As a legal citizen who was adapting to modern life, he felt that he still had a lot to learn.

Therefore, when Li Xian arrived at the entrance of the nine temples residence step by step.

His ears twitched, and a lot of voices immediately entered Li Xian’s ears.

At this moment, the one-eyed warrior under Jiugong Xiushi had already begun to secretly prepare for the fight against Jiugong Liangzi during the closed-door competition in the courtyard.

It seemed that he had caught up just in time.

Li Xian sighed silently and placed his hand on the door of the Jiugong family’s mansion. He was about to use the “Star cannon” to blast open the door.

But on second thought, this move of his probably violated the modern law.

Moreover, the range of the star cannon was too wide. If this cannon went on, it would probably circle the earth a few times. Who knew how many people would die along the way..

Therefore, after some consideration, Li Xian withdrew his hand.

He began to knock on the door very politely.

“Is anyone there?” Li Xian asked politely with a smile on his face. He had the demeanor of a gentleman.

In the end, no one responded.

Li Xian judged that the one-eyed man had probably taken control of the entire nine temples family before he took action.

However, he couldn't take the initiative to enter in the current situation. This was an act of trespassing.

What if it was an act of force majeure caused by natural factors..

At this moment, Li Xian raised his head and looked at the sky.

In the depths of the deep universe, a huge meteorite was summoned by Li Xian and was falling toward the main gate of the nine temples family mansion..

Yes.

Li Xian was going to.

Summon the meteorite and break down the gate of the Jiugong mansion..

Chapter 1604 1,601, Concerned Citizen Lee Hyun (1/97)

Lee Hyun of course knew that the impact of a meteorite landing on Earth would be enormous.

So in order to avoid harming other innocent people, he needed to do precise calculations.

In addition to choosing a meteorite of the right size from the vast universe, he also needed to calculate the trajectory, the point of impact, and the frictional force that the meteorite would bear upon entering the atmosphere.

Only by doing all these could he ensure that the meteorite would have the right amount of friction before it broke out of the atmosphere and fell down.

Of course, Li Xian also had double insurance for this.

He set up a barrier with a radius of twenty meters around the gate of the nine temples' mansion.

The meteorite that would fall down later would fall precisely into the center of the barrier.

And the explosive impact force would be blocked by the barrier.

As the first immemorial powerhouse to be sent out on a mission, Li Xian thought that his behavior was very polite and well-mannered, and very in line with the core values of cultivation socialism.

Boom!

When the huge explosion was accompanied by a mushroom cloud rising toward the sky at the main entrance of the Jiugong residence, the one-eyed warrior under the Jiugong Xiushi and the men in black who were listening to his arrangements were all shocked.

“What’s going on! Quickly go and take a look!”

“Yes!”

The two black-clothed ninjas replied and immediately left.

This sudden situation made the one-eyed warrior feel extremely surprised.

He had clearly controlled the entire nine temples family.

In the end, he did not expect that there would be a problem at this juncture.

“Come over!”

Frowning slightly, the one-eyed warrior who sensed that something was wrong grabbed nine temples xiushi by the collar and glared at him. "Speak! What are you doing!"

Jiugong Xiushi was also baffled by the situation in front of him.

He couldn't even figure out the plan that he had prepared for so long. In the end, at the end of this plan... the one-eyed warrior who had been working by his side and was most loyal to him would betray him.

At this moment, the one-eyed warrior glared at him with bloodshot eyes, looking as if he had gone mad.

There was a rumor that the "Ghost book" would devour the hearts of those who wanted to fight for it. Jiugong Xiushi did not expect this to be true..

"My mother has treated you well... you can't treat me like this..." Jiugong Xiushi's eyes were filled with tears, and he was so scared that his entire body was trembling. The one-eyed man was stronger than him, and after losing the one-eyed man, he was already a complete cripple.

"I've followed you all these years and endured hardships. I've long repaid Madam's kindness."

The one-eyed warrior sneered, "I won't kill you. This is also my last mercy to you. However, I don't plan to spare the other members of the nine temples family."

"What do you want to Do? Exterminate your family? I can go to the police station..."

"Do you have the guts to go to the police?"

The one-eyed warrior laughed.

He didn't care about what nine temples Xiushi said at all.

"All the Dirty Things You've asked me to do in the past, all of them added together, should be enough for you to be sentenced to several decades."

“Although I agreed to let you go, I can’t guarantee that your mental state won’t be affected.”

“Do you think anyone would believe a mentally ill person who limps on the street?”

As the one-eyed man spoke, Xiushi Jiugong was also trembling.

Indeed, this one-eyed man hit the nail on the head, leaving him with almost no room to refute.

“Do you know why I suggested that you live in seclusion and hide in this courtyard all year round?” The one-eyed man said, “You think you are in control of the overall situation, but in fact, it is just my scheme. “As long as you are in this courtyard, how many people outside know you?”

At this point, Jiugong Xiushi was stunned.

He didn’t think that the one-eyed arrangement had actually started so long ago.

“I’m sorry. I’m looking for a one-eyed person. May I ask... This should be the place?”

At this time, a clear male voice that one-eyed had never heard before came from outside the courtyard. Li Xian carried the black-clothed ninja who had gone out to gather intelligence with one hand as if he was carrying a chicken. Then, he casually threw this person in front of the one-eyed person.

He politely scratched his head, he slightly bowed to express his apology. “I’m sorry. It seems that I used a little too much strength. After all, it has been a long time since I met a junior who was only at the golden core stage. But this person shouldn’t die. Please rest assured.”

In the modern cultivation society, it was illegal to casually kill people.

When Li Xian had just made his move, he had paid special attention to it. However, golden core stage cultivators were extremely fragile. In front of an eternal level powerhouse, they were simply like a blade of grass in the fierce wind.

He didn’t use much strength, but the person who went out almost died.

One-eyed sent two people out.

The one who was thrown by Li Xian was already on the verge of death.

As for the other black-clothed ninja.

Although he was unharmed, he was also quite frightened.

In order to make it easier to distinguish, Li Xian pulled out all of his hair.

Therefore, at this moment, Li Xian looked at the bald man and said politely, "Sorry to trouble you. If someone else suffocates later, I'll have to trouble you to continue with the artificial respiration."

This scene could not help but increase the pressure on the people present.

No one knew where this crazy man suddenly came from... He was simply a devil!

"I don't know you. Why are you here?"The one-eyed man took a step forward. His hand was already on the samurai sword at his waist, and he was especially vigilant against Li Xian who suddenly appeared.

"I was asked by my master to deal with internal conflicts. In modern terms, you can also call me mother and uncle?"Li Xian said.

Then, the demon tower analyzed the situation in front of them.

One-eyed didn't say a word.

Li Xian could roughly figure out what was going on just by looking at it.

Eternal level experts. Many creatures in the universe had been wiped out due to racial conflicts.

The internal strife in front of him was something that even an ancient expert like Li Xian could guess.

He immediately laughed out loud, “But from the looks of it now, you guys seem to have already had an internal conflict. Using my identity as your uncle doesn’t seem to be suitable. Just treat me as a kind citizen who just passed by.”

“Kind... citizen...”the corner of the one-eyed man’s mouth twitched.

“Yeah, I just came by to see the situation. After all, a meteorite fell on your house just now, and it just so happened to smash through the door of the nine temples family.”

“Meteorite?”

“Yes, a meteorite.”. Why do you think this meteorite was so accurate, but it just had to smash through the door of the nine temples family. If someone intentionally summoned it, it would be too unethical. “We must strongly condemn it!”Li Xian said.

“This meteorite... was summoned by you?”The one-eyed man was shocked.

“Eh, was it discovered?”Li Xian sighed.

The one-eyed man looked skeptical.

He immediately reached out and grabbed Jiugong Xiushi’s neck. “Don’t act Rashly! If you come any closer, I’ll break his neck!”

“Don’t worry, I won’t come over.”

Li Xian took the initiative to take a step back. “In any case, you’ll be on your way together soon.”

As soon as he finished speaking, Li Xian raised his head and looked at the sky.

Everyone followed his line of sight. There was an incomparably dazzling light in the sky, and two gigantic meteorites were rapidly falling from the sky..

Li Xian also carved a word on these two meteorites.

One was east.

One was wind..

Chapter 1605 1602, The End Of The Twist Of Events (1/97)

Two more meteorites fell from the sky.

This “Falling Star” was a common technique used by Li Xian when he was traveling through the universe. He was very familiar with it.

Li Xian’s highest record was summoning 30,000 meteorites with a diameter of 60 meters to land on the ground at the same time.

However, that was a long time ago.

At that time, Li Xian was still engaged in a final resistance with Daofather king in order to avoid being put into the corpse painting..

But the facts now proved that such resistance was completely useless.

Li Xian had used the trick of controlling the meteors to fall to the ground many times. To him, these destructive meteors were nothing more than playthings that could be summoned and waved away at will.

He was an eternal powerhouse.

With this level of strength, it was naturally difficult for ordinary earth cultivators to experience it.

But for ordinary Earth cultivators like the one-eyed man, the situation in front of him was undoubtedly a devastating blow.

Li Xian was too strong.

Much stronger than expected.

Just by standing there without showing any signs of life, the one-eyed man could feel a sense of fear that came from the bottom of his heart.

Although his hand had been on the katana for a long time, he found that he couldn't move at all.

The fear in his heart had already caused him to be completely defeated.

At this time, Li Xian walked over without saying anything. He just stood in front of the one-eyed Man and didn't do anything. The one-eyed man and the surrounding black-clothed ninjas all kneeled on the ground with their legs weak.

Their entire bodies froze.

The terrifying aura emitted from Li Xian's body caused their blood to freeze and they couldn't move.

One-eyed was extremely terrified.

At this moment, Li Xian pulled out the katana at his waist. He positioned himself in the position of a throwing pole and suddenly threw it forward!

Chi!

Under Li Xian's throw, this ordinary katana was covered with a layer of golden light film. Like a string of beef balls, it connected the two meteorites that were about to land on the Earth's surface together and brought them away from the Earth's surface.

Then, a big explosion occurred in the universe.

“Have you experienced the feeling of death?” At this moment, Li Xian pulled out the katana sheath from the one-eyed man’s frozen hand. He lightly tapped it with his fingertip, and the katana sheath, which was refined from spiritual iron, instantly turned into dust.

The difference in strength was obvious.

Even if Li Xian didn’t release any aura, the one-eyed man knew at this moment that the person standing in front of him was someone who could crush him like an ant at any time.

He didn’t have the intention to kill one-eye in the first place.

Needless to say..

Killing people was against the law.

As an example among the eternal powerhouses, Li Xian naturally had to be a good citizen who followed the law.

Of course, there was a deeper reason why he didn’t kill one-eye.

“It’s all over.” At this time, the sky was already dark. Li Xian raised his head to look at the starry sky.

He waved his sleeve.

An energy fluctuation immediately spread out with him as the center.

The one-eyed man only felt an intense pain in his head that disappeared in a flash. Along with this intense pain, the one-eyed man spat out a large mouthful of blood.

He knew that all the restrictions that he had set up in the nine temples family had been removed in an instant.

Very soon, the family head of the nine temples family, who was covered in restrictions and unable to move, who was also the father of nine temples Liangzi, rushed over from the courtyard that the one-eyed man occupied.

“You... you blind ingrate! Shi Chun trusted you so much before he left! How could you do such a thing!” Nine Palace family head nine palace chi mu shouted sternly.

One eye just lowered his head.

He seemed to know that he was doomed and didn't refute at all.

On the other side, Nine Palace Xiu Shi's eyes suddenly widened at this scene. He seemed to have thought of something and appeared to be very surprised.

“Xiushi, are you okay?” Jiugong Chimu saw Jiugong Xiushi's pale expression and could not help but ask with concern.

“I'm fine, father...” Jiugong Xiushi said softly.

He did not dare to look straight into his father's eyes because just a few hours ago, he was still here planning to kill his half-sister..

“I didn't expect that Shichun would entrust you to such an evil person!”

Akira Jiugong hugged Xiushi Jiugong tightly. The safety of his son made his worried heart relax a lot.

Then, he flew into a rage and raised his hand, “Men! Take down this one-eyed man! Send him to the police!”

“Yes.” The people under him swarmed forward.

They put a spiritual shackle-like device on one-eyed and restricted his strength. They tied up all the black-clothed ninjas under one-eyed and his men and escorted them away.

Throughout the whole process, one-eyed and the black-clothed ninjas who were trying to have breakfast remained silent. The silence was terrifying.

When he came back to his senses, Chi Mu bowed and thanked Li Xian, “Thank you for your help, Sir! If not for your help, our nine temples family would have fallen into the hands of these rebels tonight.”

He accurately found Li Xian. In fact, Li Xian had used his spiritual power to transfer the incident that had just happened to nine temples Chi Mu’s mind.

Summoning the meteorite and instantly removing the restriction..

With such a big shot coming to visit, nine temples chi mu had no choice but to give him face!

Most importantly, Li Xian had saved nine temples Xiu Shi... this was a favor that nine temples chi mu could not repay!

“But I don’t know you at all... Why did you help me?”

At this moment, Jiugong Chimu was eager to know Li Xian’s true identity.

He knew that the so-called “Enthusiastic citizen” was just an excuse.

Looking at Jiugong Chimu’s curious gaze, Li Xian sighed slightly.

He couldn’t directly say that his master was Wang Ling, but he could mention something else.

“Actually, I’m a member of the grey cult,” Li Xian said.

“The Grey Cult?” Akagi Jiugong frowned.

He felt that this cult seemed a little familiar..

Earlier, both the shareholders of the nine paths and those foreign-funded enterprises as well as Shu Junshan of the academic affairs office seemed to have some complaints about this student literature exchange society organization.

Akagi Jiugong hadn't cared at first, but now he finally knew the weight of this grey cult.

A student organization... actually had such a big shot hiding, and the other party clearly said that he was a member of the gray cult... This proved that Li Xian wasn't the leader of the gray cult at his level..

Then the question was, who was the leader of the gray cult?

This time, even Kyushu was curious.

..

After dealing with one-eyed and the others, Kyushu enthusiastically invited Li Xian to attend the surprise banquet that night.

The main reason was to calm down his eldest son, Jiugong Xiushi, and the other children who had been frightened by the storm.

After this incident, the internal conflict within the Jiugong family would be quiet for a while. Jiugong Xiushi was originally the most prominent person, and now that he had been taught a lesson, even if the others had any ideas..., they probably wouldn't have the courage to act in the short term.

Nine temples Liangzi, who was still in Huaxiu nation, had already become the biggest winner.

After three rounds of drinking.

Li Xian came to the balcony and lit a cigarette with his mouth in his mouth.

He smoked.

This was something he had just learned.

Nine temples Xiushi sat in his wheelchair and looked at the Moon. For a very long time, he didn't say a word.

After the time it took to smoke a cigarette.

Only then did he slowly lower his head. "Mr. Li Xian, did you already know..."

Jiugong Xiushi knew that Li Xian was not an ordinary person.

Why would one-eyed suddenly betray him? Jiugong Xiushi could not understand. He was clearly such a loyal person.

However, when one-eyed and the group of black-clothed ninjas were detained and everyone was quietly taken away, Jiugong Xiushi instantly understood.

"Because only in this way can he protect you," Li Xian said leisurely.

One-eyed's intention.

He had already known it when he first stepped into the courtyard.

It was precisely because of this that Li Xian did not kill him. It was not only from the perspective of modern law..

In essence, one-eyed was still a person with feelings and righteousness.

He did not live up to the promise he made to the first lady of the nine temples family.

He was still doing his best to protect the safety of the nine temples delicate stone.

Chapter 1606 1603, The Defeated Junshan Plant (1/97)

Li Xian had long seen through the nature of the problem. In the end, this was one-eyed's own choice, and he was too lazy to interfere as an outsider.

One-eyed was a smart man.

Although he controlled the entire nine temples family on the surface, it was actually an attempt to commit a crime and did not cause any deaths.

The sentence shouldn't go as far as the death penalty.

It might be a very long one.

But even if it was a very long one, he probably wouldn't have the chance to be locked up with the Mahjong Trio.

The mahjong trio and Li Xian actually hadn't interacted, but since he knew so much, it was only natural that Wang Ling had sent him all the more basic information.

He was well aware that to Wang Ling, he was just a "Tool person" and would inevitably have to do more errands in the future.

However, Li Xian didn't care about this "Position".

Especially after he clearly recognized the gap between himself and Wang Ling, he felt that working under Wang Ling seemed like a good choice.

Just treat it as cultivation.

He finished his second cigarette on the balcony. When he saw how declining Jiugong Xiushi looked in his wheelchair, he suddenly felt a little sad for some reason.

"Mr. Li, can I ask you a question?" Jiugong Xiushi asked.

"Go ahead."

“Why didn’t you tell my father the truth?”

“Because it was young Miss Jiugong’s idea.”

“Her?”

Jiugong Xiushi had an incredulous expression on his face.

“Young Miss Jiugong Liangzi knows your heart very well, but she doesn’t want to fuss over it.”

“But... why...”

Jiugong Xiushi lowered his head. “She clearly hates me the most... I’m a cripple and have no contribution to the Jiugong family...”

“But you’re still her brother.”

Li Xian said, “Do you still remember the Apple Candy you bought for her when she took you to the Temple Fair with her wheelchair when you were young? That’s enough.”

A few short sentences had already stirred up Jiugong Xiushi’s thoughts.

Jiugong Xiushi didn’t know what was wrong with him, and his tears kept falling like beads with a broken string.

“Your leg should have healed a long time ago. No matter how much you’ve done to Miss Liangzi in the past, since she chose to forgive you, we outsiders naturally have no right to say anything.”

Li Xian said softly and patted Jiugong Xiushi’s shoulder. “A man’s leg can be broken, but it can’t be broken for a lifetime. Even if you’ve done something wrong, it’s not shameful to stand up and take responsibility.”

Having said that, Li Xian returned to the banquet hall alone.

He felt that his mission this time was going rather smoothly.

Wang Ling had adopted a mission points system for all the eternal experts in the corpse-wrapping map, including Li Xian and Zhang Zichu.

Each time they completed a mission, they would be rewarded with corresponding points, and once they received points, they would be able to rebuild their bodies and be free.

This was a very fair deal.

To Li Xian and the other eternal experts, points were money.

Li Xian felt that he hadn't done this in eight lifetimes, but since he had already accepted the mission, he naturally had to do it beautifully.

Making Money.

It wasn't shabby.

At the same time, Wang Ling had officially won the Sun Island High School ranking closed-door competition as the "Queen Wave."

This was something that even Wang Ling hadn't expected.

The main thing was that he hadn't made a move the entire time..

Every opponent he had met had claimed to be a member of the grey cult, and a fan at that.

It had been a good match... and he had been "Sent" to first place.

The most ridiculous thing was that at the beginning, these people had still been acting.

Later, as they put on an act, even the referees at the scene said that they were fans of the grey cult, and that the referee's decision mechanism had been modified, so no matter how fake the performance was, it wouldn't be deemed a fake match.

In front of him, all the opponents Wang Ling had met were like dominoes falling one by one.

When the one million Sun Island coins from the match had been inserted into Wang Ling's digital wallet, he still hadn't reacted..

He had never had such an easy match before.

Now that he had the money, he wasn't in the limelight... He hadn't gone against the old Wang family's low-key family motto.

And that wasn't all.

After this round of closed-door competitions, the rules of the Grey cult on Sun Island were on the verge of being further expanded..

..

..

In the office of Kudao and the academic affairs office, Yuki Junshan's plan to pick a fight in the closed-door competition had also collapsed with the public rebellion of some people on the field, from students to teachers to coaches.

He still couldn't figure out what had happened.

At the same time, the foreign Mr. Holland, who was sitting on the side, had a very ugly expression after taking a phone call.

Because... just a minute ago, the educational investment financial institution they were in was actually bought!

And it was Kudao and the family who made a price that the major shareholders couldn't refuse, which realized the merger!

This meant that the actual control of the nine paths and the high school had returned to the hands of the nine temples family.

"This is impossible!" When Ebony Junshan heard this news, he immediately roared.

He couldn't accept this fact.

As a pure-blooded shepherd dog, he had already invested all his savings and hard work into this foreign-funded educational institution in Holland, so that one day, he could realize his true ambitions, to become the principal of the nine paths harmony! To completely control the nine paths harmony in his hands!

But now, the actual controlling rights had been overturned in a short period of time..

This was something that tree Lord Mountain could never have imagined.

"Who did this!" Tree Lord Mountain grabbed Holland's collar, looking flustered and exasperated.

"Mr. Tree, calm down..." Holland also showed a helpless expression. "This matter is the handiwork of the Nine Palace family, the Nine Palace Red Wood."

In fact, even if Holland didn't say it, Lord Redwood could think of it.

In the nine temples, which Lord could gather funds in a short period of time and swallow other industries like a big fish eating a small fish?

"Redwood? It's him..."

Lord Redwood suddenly felt as if he had lost his strength. He felt that his body was unstable. "Redwood... isn't he not optimistic about education? How could he suddenly want to be a principal..."

“Let me tell you a terrifying story, Mr. Yuki Junshan.”

“What is it?”

At this moment, Holland whispered, “It is said that Mr. Akagi from the nine temples has also become a disciple of the grey religion...”

“Ah?” Yuki Junshan had a face full of question marks.

Holland: “Let me tell you another terrifying story, Mr. Holland...”

Yuki Junshan: “?”

Holland: “Actually, so am I.”

Arboreal Mountain: “?”

Chapter 1607 1604: Leek Sasaki’s Path Widened (1/97)

A grand celebration ceremony was held in the Treehouse of Kudao and high school around the “Queen Wave” that was the first high school student to reach the summit of Sun Island.

Previously, this place was originally a place for the s-class students to feel superior.

But now, with the further expansion of the scale of the grey cult, although the current Kudao and on the surface still maintained a grading system, in fact, all aspects of discrimination had greatly decreased.

The students of Class S who used to look at people through their noses had also become modest. At least when they saw the students of the lower class, the vast majority of them would no longer put on that high and mighty posture.

Even in the corner of the campus, one could see the harmonious scene of the students of Class S publicly instructing the students of the lower class.

School equality.

This was the general trend.

Currently, Sasaki had applied in the name of the head of the gray education branch to abolish the hierarchy system, which was believed to be quickly responded to.

As for the very few people who liked to use their power to bully others, the Jiugong family, after regaining control of Jiudao and high school, would not easily be appeased in dealing with such issues.

The next morning, Monday, December 21.

Yuki Junshan was prosecuted by the police and prosecutors of Sun Island for abuse of power and taking bribes. When he left Jiudao and high school in handcuffs, his back view at the school gate seemed to be in decline.

However, no one had any sympathy for Yuki Junshan.

He had gone mad. His eyes were bloodshot and his mental state had become extremely unstable.

Anyone who looked at him would feel that he was from the gray cult.

“You! Are you from the gray cult? You must be from the gray cult too! You... all of you are in cahoots! Liars! Big Liars!” Zhimu Junshan roared hysterically, his body twisted crazily, but the police used their big hand to hold him tightly.

Because they were worried that this resistance might cause the suspect to be injured during the transportation, the police had no choice but to cast a “Sedative spell” on Junshan.

When he was sent to the car, the local police captain, Ichiro Tetsuya, who was in charge of the case, suddenly smiled. “Sedative Spell + sleeping black tea. This guy will definitely sleep for dozens of hours.”

“His mental state is very unstable. Is there really no problem?”

“Don’t look at him like that. It’s most likely an act. The psychiatrist has already come to appraise him. His mental state is very normal.”

Ichiro Tetsuya, the police captain, said, “Using mental illness to escape from the law won’t work with me. I hate this kind of person the most. I’ll definitely sentence this guy a few more years later.”

In fact.

The psychiatrist was sent by the nine temples family.

Moreover..

At the request of the head of the nine temples family, Chiki Jiugong, this doctor also joined the gray cult..

Thus, during the process of escorting Shu Junshan.

The gray cult became a new topic for the police accompanying them.

“Speaking of which, this gray cult... should only be a literary organization with a student character, right? Why is it so powerful?”A police officer asked.

He was not a child.

But there were really many question marks.

A student literary society actually had the support of the war sect, the Huaguo Water Curtain Group, the nine temples family, and the first-class sects of various countries..

These were all world-renowned sects and financial groups in the world today.

It was truly inconceivable that they would secretly lend a hand for a small literary society.

“Don’t think too much. It’s just a coincidence,”said Ichiro Tetsuo.

His expression looked like he didn’t care.

In fact... This was the result of the higher-ups’ advice to him. The gray cult followed the principle of keeping a low profile. Therefore, regarding the matter of the gray cult, the leaders of all levels of departments had specifically instructed that it was not to be discussed internally or externally.

Just this point alone, Officer Ichiro Tetsuo knew that this was something that he should not know.

Therefore, for his own good and for the sake of his subordinates, since the higher-ups asked them to pretend that they did not know, he naturally followed this order.

Therefore, no matter who in the team, as long as someone mentioned the matter of the gray cult, Ichigo would put on an indifferent look.

“Captain, do you want to join the Gray Cult?”At this time, someone asked.

“It’s just a student organization, what’s there to join? How many years have we graduated? Don’t tell me that there’s really someone who would join the grey cult? No Way?”Ichiro tetsuo chuckled and scoffed.

Meanwhile, on the other side.

In kudao and the student office, Sparrow was recording the new batch of members of the grey cult into the computer.

She typed on the keyboard and typed the first name.

Ichiro indigo..

..

..

No. 60 High School's group returned at eight o'clock in the evening. They took the Jiugong family's express flight and also used the family head's personal immortal boat.

The Jiugong family matter had been resolved perfectly, and Wang Ling had gotten the bonus for buying a present for the Nuan girl, so there didn't seem to be any other regrets.

According to the schedule, Wang Ling would be able to bring the gift back to the Wang family's small villa that night.

In a separate room in the wooden house, thanks to Leek Sasaki's meticulous arrangements, Wang Ling was able to isolate himself from the fanatical followers of the grey religion outside.

Lotus Sun was giving a thank-you speech outside when the waves of applause and laughter suddenly gave Wang Ling a special sense of security.

He was grateful to the girl in his heart.

If Lotus Sun hadn't been here... He didn't know how to deal with this situation.

"Second wave sang, will I have the chance to see you again in the future?" In contrast to the cheerful atmosphere outside, Sasaki Leek, who was already very familiar with Wang Ling, had a very sad expression on his face.

He was reluctant to part with her.

Although he hadn't spent much time with Wang Ling, he felt that he had already been completely conquered by him.

In fact, Wang Ling had seen Chive Sasaki busy himself these past two days.

Most importantly, he was really considerate and thought of almost everything.

This was also the first foreign friend that Wang Ling had made.

Naturally, Wang Ling treasured him very much.

“I will,” Wang Ling replied.

He didn’t know how to express his gratitude, so he gave Sasaki Leek a set of Enlightened No. 60 high school uniforms.

The weather on Sun Island was very hot, so there was no need for an enlightened long johns, so Wang Ling felt that it was better to give him a school uniform instead.

Moreover, this school uniform was different from the ones he had enlightened in the beginning; it had been completely upgraded.

This was No. 60 high school’s School uniform, which had been enlightened by Wang Ling’s version 3.0 of the Great Enlightenment spell; it was extremely strong! It wouldn’t matter even if he wore it to the universe!

Wang Ling was wearing the same uniform now.

This was also the main reason why Wang Ling had been fighting in various spaces in his school uniform, which had remained intact.

If it had been anyone else, their clothes would have long been torn to shreds.

“Oh, that’s right! Houlang sang! I also... I also have a present for you!” Chive Sasaki wiped away his tears and also gave the present he had prepared to Wang Ling.

There were two things in total.

One of them was a pink one-piece baby pajamas with a very cute little bear pattern on it.

The other was a limited edition “Sun crispy noodle snack” on Sun Island.

It was said that this crispy noodle snack was made in a very special way, and was baked under the sun! It had the smell of nature in it..

Looking at these two items...

Of course... The main thing was the second one.

Wang Ling instantly felt that his No. 60 high school uniform was a little too light a gift..

Chapter 1608 1605, The Secret Of Nine Temples Liangzi (1/97)

The matter of the nine temples family had been completely settled, and the happiest person was naturally nine temples Liangzi, who was waiting for news in Huaxiu.

These days, nine temples Liangzi had been paying close attention to the nine temples family’s movements.

She had thought that there would be some twists and turns.

In the end, she hadn’t expected that everything would be handled in abnormal harmony.

And most importantly... The grey cult had actually become popular on Sun Island.

Although it wasn’t a big deal on the surface, it had actually attracted his father to join it. As a literary exchange fan club that had been specially set up for Wang Ling, Liangzi nine temples felt that it was a little ridiculous.

It could only be said that Lotus Sun was indeed an opponent whom she had always greatly respected.

This time, she had asked Lotus Sun to do everything beautifully, and she had handed over a nearly perfect score.

But Liangzi Jiu felt that this matter didn’t seem so simple.

“What’s wrong? You look distracted.” Odd Zhuo put a mouthful of food into Liangzi Jiu’s bowl.

When there was a contrast between their emotions, it was actually very obvious.

Odd Zhuo was very happy.

Because Shifu was coming back.

Zhou Ziyi was also in a good mood because his legs were already growing and developing.

One of his toes had already grown out from the place where his broken leg had been planted.

Now that Zhou Ziyi’s legs were covered with insulating glass, he felt like he was taking care of two pots of plants.

It was just different from the usual way of watering them.

In addition to keeping them warm, Zhou Ziyi also needed to take in a lot of nutrients to ensure that the granulation on his broken legs would grow smoothly.

Seeing that Liangzi Jiugong didn’t say anything, Odd Zhuo simply guessed at the girl’s little thoughts.

The two of them had lived together for so long, and Odd Zhuo felt that there was still some tacit understanding between them.

“If you want to thank classmate Lotus Sun, I actually have a pretty good suggestion,” Odd Zhuo said with a sudden smile.

Of course, he had thought of something else besides this reason... but at this juncture, he couldn’t bring it up on his own.

From a routine perspective.

Odd Zhuo felt that.

After such a long time.

Tonight was already the best time for a showdown.

“Who wants to thank her...”the young girl’s face instantly flushed.

Liangzi Jiu Gongzi always felt that the man in front of him had frighteningly accurate eyes.

It was as if he could read her mind, and could always hit her where it hurt.

But Odd Zhuo didn’t have this ability..

It was mainly because the girl had exposed herself.

For example, when Odd Zhuo had gone online in the morning, he had seen the following search messages in the search engine records.

“What does the eldest daughter of Huaguo Water Curtain group like?”

“What does Lotus Sun like to eat?”

“Does lotus sun of Huaguo Water Curtain Group have any hobbies?”

..

That’s right.

Liangzi nine temples was an internet noob who usually didn’t know how to search for such things. She would call her female assistants to search for them and then tell her the truth.

But now that she had been living in Odd Zhuo's house for the past few days, it wasn't good for her to directly speak to Odd Zhuo, so she thought of doing it herself, but in the end, she didn't even know to delete the search records.

"This is a transaction! An equivalent transaction!" Helpless, Liangzi had no choice but to confess.

But in fact, when she said this, the girl's face was obviously a little guilty, because she had other things to hide from Odd Zhuo..

The two of them were living together, and on the surface, it was the relationship between the employer and the bodyguard.

But in fact, to outsiders, they were already a couple.

At the very least, when Zhou Ziyi had been living with them these past few days, he had been calling her "Sister-in-law" all the time.

Liangzi Jiugong had thought that he would mind very much.

On the surface, he had berated Zhou Ziyi and told him not to say anything else, but in reality, he didn't dislike this kind of address.

She wasn't a fool.

She had told Odd Zhuo that it was a relationship between an employer and a bodyguard, but how could an employer live directly in a bodyguard's Home

Although Liangzi didn't say anything about this relationship, from his actions, it seemed that he had already approved of Odd Zhuo.

Now that the matter with the Jiugong family had been resolved,.

Lotus Sun and the others were about to return to the country.

All order would return to normal.

What gift to buy Lotus Sun as a thank you was a headache for Liangzi.

But the main reason was that she felt that once she returned to normal order, she would have to leave this place.

Even when she had first stayed at Odd Zhuo's place.

Liangzi Jiugong wasn't used to it in all sorts of ways, but now that she thought about leaving soon, she realized that Odd Zhuo had already set up an inescapable net to trap her.

..

The dinner was tasteless.

Zhou Ziyi was smart; he had a vague feeling that something big was going to happen tonight, so after dinner, he hid back in his room without saying a word.

Odd Zhuo knew that the time was ripe when he saw this.

He took the initiative to knock on Liangzi nine temples's door. It wasn't closed, but was ajar. Odd Zhuo knocked twice before opening it.

When he entered, he saw Liangzi nine temples packing up his things in his storage bag. There were still two faint traces of tears on his face, and his eyes were red as if he had just cried.

Odd Zhuo didn't say anything. He just took a step forward, stretched out his arm, and hugged Liangzi tightly from behind. "Are you really leaving, Liangzi?"

His voice was so soft that only the two of them could hear it.

From the moment Odd Zhuo entered the room.

From the moment he had said those words.

Liangzi nine temples felt that the last line of psychological defense in her heart had been broken.

Her legs were a little weak, and the storage bag in her hand fell directly down. She wiped her tears as she said, "I've always said that you're a liar... actually... actually, i... I'm the Liar..."

"There will always be times in a person's life when they lie. One or two lies are normal, and even if Liangzi lies, it must be a kind lie," odd Zhuo said softly as he smiled and buried his face in the girl's shoulder.

"But I . . . But this lie of mine isn't kind..."Liangzi nine temples suddenly pushed odd zhuo away and slightly raised his flat upper body, pressing his head against Odd Zhuo's chest.

Odd Zhuo felt his body temperature rise in a straight line and instantly explode.

It was rare for the girl to take the initiative, and he was elated.

"I also have things to hide from you. How about this, I'll tell you one by one and we'll trade,"Odd Zhuo said.

Liangzi Jiugong looked at Odd Zhuo's eyes and couldn't suppress the sin of lying anymore.

She stared at Odd Zhuo and mustered up her courage to say, "Odd Zhuo... actually... actually, I'm not sixteen... I'm older than classmate Lotus Sun... I'm 20 years old this year..."

"Mm."Odd Zhuo nodded, the expression on his face as still as an old well.

This had always been Liangzi's biggest secret.

At least in her own eyes, it was a secret.

But Odd Zhuo didn't care at all.

Because this meant that.

He and Liangzi could have a normal relationship!

And he didn't have to be accused of being a pervert who liked a sixteen-year-old underage girl..

"Why aren't you... surprised at all..."Liangzi was very surprised by Odd Zhuo's calm reaction.

"What does age have to do with me liking you? Even if you tell me you're a 200-year-old witch, I won't mind."As Odd Zhuo spoke, he hugged the girl even tighter.

"Who's a witch..."with tears in his eyes, nine temples Liangzi gently bit Odd Zhuo's shoulder.

Odd Zhuo didn't say anything.

A few seconds later, he asked, "Are you feeling better?"

"Mm..."

"In exchange, I'll tell you something I didn't tell you."

At this moment, odd Zhuo said, "Do you still remember the first time you came to No. 60 high school to look for me?"

"I . . . Of course I remember."

"I've liked you since then."

Chapter 1609 1,606, Odd Zhuo's Thoughts (1/97)

The issue of "Age"had always been a thorn in Liangzi's heart, especially after she found out that she really liked odd zhuo, and the guilt in her heart grew stronger.

She had clearly been sent by her family to Huaxiu nation to specifically investigate this old swindler, and had taken the opportunity to expand the Jiugong family's market in Huaxiu nation with this wave of anti-counterfeiting.

In the end, because of her age, Jiugong Liangzi felt that she had no right to reprimand Odd Zhuo at all.

She was also a swindler.

It wasn't until now that she had told him what had happened that she felt a lot more at ease..

The two of them cuddled for a long time in the bedroom, feeling a great sense of satisfaction. Since they had already laid their cards on the table, Jiugong Liangzi didn't hold himself back anymore. The young girl let down her guard and let Odd Zhuo hug her like that.

Liangzi nine temples had always felt that it was too hot when Odd Zhuo had carried her up earlier.

But he didn't say a word at the moment.

"Do you still want to continue playing the game?"

After a long while, Liangzi nine temples suddenly said, "A game where we exchange secrets..."

Odd Zhuo replied frankly, "Sure."

The young girl had thought that Odd Zhuo would decline, but she hadn't expected him to be so straightforward.

"You Go First, Me First?" Odd Zhuo smiled. He deliberately drew his face very close, looking like a hooligan. "Then I'll go first. My secret is that I actually have a master."

"You really have a Master?" Liangzi nine temples was shocked.

There had always been rumors that Odd Zhuo had a master. Many people had even said that Odd Zhuo had become a battle hero six years ago because of the help of this master behind him.

But until now, no one had ever seen Odd Zhuo's true appearance.

Many people had imagined odd Zhuo's master as an old Daoist with a sage-like demeanor, and there were even variety shows that had launched a long-term investigation into Odd Zhuo specifically for this matter.

However, the results of the investigation revealed that Odd Zhuo's work route was actually very stable. Apart from the general administration of 100 schools, his apartment, and some schools where he had to go for business reasons, he hadn't done anything unusual.

What immortal-looking old Taoist..

He didn't even see a hair on this legendary Shifu.

The students who appeared most around Odd Zhuo were the ones who had gathered around him to ask for his autograph.

All of them were wearing large school uniforms and had fluffy hair... their faces were full of collagen and an unshed childishness, and they didn't look like Odd Zhuo's Shifu at all.

Then, a lot of people turned their attention to some school principals..

For example, No. 60 High School's principal Chen had once been suspected of being Odd Zhuo's master.

But after being suspected, these principals had publicly clarified the matter in the media, and had even taken a big oath..

No one would joke about this in front of the entire nation's audience.

"Everyone says that your master is an old Daoist with a sage-like demeanor. That shouldn't be the case, right?"Liangzi nine temples asked.

Odd Zhuo gently pinched Liangzi nine temples' nose. "We agreed that each of us would tell one. We Can't ask. It's your turn."

Liangzi nine temples gave a helpless expression.

She sighed. "Alright... Then I'll tell you a secret. I'm actually a little behind in my development..."

"..."Odd Zhuo glanced at Liangzi nine temples' flat airport, his expression as still as an old well.

He had seen through it a long time ago.

But the problem was that he felt that this was all on the surface..

"Liangzi... you're too cunning. Can this be considered a secret?"

"Of course! How can it not be!"Liangzi nine temples said with great struggle. "When I say I'm behind in my development, it means that it's not impossible for me to grow up in the future!"

"..."

Odd Zhuo was rendered speechless by these words.

He didn't say anything more and just hugged Liangzi nine temples like that.

Liking a person was, of course, everything about a person.

Not to mention that Liangzi nine temples was now an airport, even if it was the Mariana Trench, he would still like it.

Furthermore, Odd Zhuo himself didn't have much of a good impression of girls who were especially well-developed; they were still plain and cute.

“Liangzi, I don’t mind this at all.”He hugged the young girl tightly, and this series of confessions had a strong impact, making Liangzi nine temples’ mind go blank.

She felt that this might be odd zhao’s unique personality and charm.

Odd Zhao was a decisive person; when it was time to strike, he would strike without the slightest hesitation.

In the face of the world six years ago, Liangzi nine temples had always been suspicious.

Odd Zhao was only a golden core cultivator; why would he be so brave as to charge to the front..

Now, after learning about Odd Zhao, Liangzi nine temples began to understand a little.

This was a man who wouldn’t hesitate once he had set his mind on him.

“I’m not playing anymore... You’re the most cunning person.”Liangzi nine temples slapped his red face and looked at Odd Zhao. “I only have one question left...”

“You want to ask about student Lotus Sun, right?”

“Yeah. I don’t even know how to thank her. It’s all thanks to her that our nine temples family’s matter can be resolved smoothly this time,”Liangzi nine temples said.

After this incident, the conflict between her and Xiushi nine temples had been completely resolved.

As for the sixth madam who had been possessed by a ghost, she was now undergoing treatment to strip away the ghost.

“Your father actually didn’t separate from her?”

“After so many years, he still has feelings for her. Moreover, the star plucking group has a certain scale on Sun Island, and for the sake of stabilizing the situation, even if my father has such thoughts, he can’t disclose them to the public for the time being.”

“I see.”

Odd Zhuo stroked his chin.

In fact, he was also indirectly trying to figure out what his future father-in-law liked.

Judging from the time, Akagi Jiugong was still a loyal man... although he had married six wives, he was at least able to handle this responsibility.

Moreover, he really cared about every member of his family.

As long as he could show some sincerity in the future, he didn't think it would be a big problem.

He found that he liked Yoshiko Jiugong even more than he had imagined.

Especially now when he was hugging her.

He felt that he had the whole world..

No. 60 High School's group successfully returned to Huaxiu Nation

This time, Wang Ming had gathered a bunch of new clues about talismans and new data that he had deduced.

As soon as he landed, he and Zhai Yin rushed to the laboratory without stopping.

And he was going to follow up.

He was also going to meet the civilian scientist “Shouchong.”

As for Odd Zhuo.

As soon as Wang Ling landed, he went straight to the airport to pick him up.

Picking up a master was what a disciple should do.

Of course, he also had some selfish motives..

That was about Zhou Ziyi.

“Master... Do You... want a grand-disciple? One who can be a tool maker and can make crispy noodle snacks...”in the car, Odd Zhuo asked nervously as he held the steering wheel.

Chapter 1610 1,607, Being An Older Brother (1/97)

Wang Ling had never actually thought about having one more grand-disciple.

But he knew that Odd Zhuo’s career was now in full swing.

More and more people admired Odd Zhuo, and when Odd Zhuo’s own light was enough to illuminate a part of the world.

Such a thing was actually unavoidable.

Wang Ling had heard about Zhou Ziyi when he was on Sun Island.

This was a condition he had made in order to win over that teacher called Zhou Xiang.

The fat that Wang Ling had rubbed off his body in those years was actually all-purpose raw material for the body. He only needed to take a little bit of it to reattach the stump or even create a new body.

After that, when he helped Li Xian, Zhang Zicao and the others build their bodies...

Wang Ling planned to use this “Waste” of fat that he had rubbed off from his body before.

Since he could even reconstruct the body of an eternal expert, it would be a piece of cake for Wang Ling to reattach a broken leg..

But after comprehensive consideration, Odd Zhuo hadn’t asked Wang Ling to do it. Instead, he had asked Wang Zhen and Liu Qingyi to inquire about the “Leg planting” method.

The effect of the God realm leg planting technique was similar to that of Wang Ling’s, except that it lacked speed and strength.

If the legs were reattached by the fat that Wang Ling had rubbed off his body.

Then once these legs became normal, they would become an invincible pair of diamond legs..

Although the God realm method was a little slow and inferior, it was at least the idea of a few dao gods. When they grew, they wouldn’t be bad, and they would surpass the vast majority of Earth’s cultivators.

Back then, when Wang Ling had heard about Odd Zhuo helping Zhou Ziyi, he had felt that Odd Zhuo was especially concerned about this young man with a broken leg.

At that time, Wang Ling had vaguely sensed that something was amiss.

But he hadn’t expected odd Zhuo to bring up the idea of taking him in as a disciple so quickly.

Moreover, it was on the first day he had just returned to China.

Wang Ling cupped his chin in his hand as he thought carefully about the feasibility of this matter.

“Student Zhou Ziyi, how did senior Odd Zhuo feel after coming into contact with him?” Seeing Wang Ling fall silent in the car, Lotus Sun hurriedly asked from the side.

Odd Zhuo had said the matter of taking in a disciple in front of her, and had no intention of avoiding her at all. In fact, he had wanted Lotus Sun to help put in a good word for him.

The young girl had also received this signal, which was why she had chosen to speak up at this time.

“He’s a very clever person. He’s very similar to me when I was young,” Odd Zhuo commented.

Odd Zhuo liked Zhou Ziyi’s quick reaction, but of course, what he liked the most was Zhou Ziyi’s positive and optimistic attitude.

Ever since he had stepped into work and even been crowned a hero, Odd Zhuo had always felt that he had been worn down by life.

However, he had felt a little of himself in Zhou Ziyi when he was young.

That was how he had thought of it at that time.

Wang Ling could tell that he wasn’t lying.

Lotus sun and Odd Zhuo’s question-and-answer was a bit like cross-talk.

But Odd Zhuo’s answer was still very sincere.

But Odd Zhuo knew that this had actually been said rather suddenly, so after expressing his point of view, he laughed. “Master, I’m just asking for your opinion first... It’s okay if you don’t think it’s a good idea.”

Thus, his tone with Wang Ling suddenly became respectful, which made Wang Ling feel a little uncomfortable.

“It’s indeed a little sudden... but I think that if we keep Ziyi by our side and push him out to be a genius youth to be groomed. At that time, all eyes might be on Ziyi, which would be a good cover for you, master...”

Mm..

Wang Ling nodded silently in his heart.

This was true.

He had heard before that Zhou Ziyi's cultivation talent was actually pretty good, and that even with a broken leg, he could still keep up with the normal age range of cultivators on Earth.

If he didn't have a broken leg, his basic talent should be about the same as Lotus Sun's.

But for the sake of prudence, Wang Ling still didn't directly agree.

He still decided to observe her for a while longer.

..

It was already past nine o'clock in the evening when Wang Ling got home.

As soon as he entered the door, he felt a soft ball of sticky rice wrap around his feet and then climb up very skillfully. It wasn't until his shoulders that he stopped in peace and lay on top of him.

Then, he rubbed his fair, pinkish and creamy little face against his cheek like a little kitten.

This kind of intimate contact had always been a big taboo for Wang Ling.

But the strange thing was that Wang Nuan's approach didn't make Wang Ling feel the slightest desire to push the little girl away.

In fact, Wang Ling even started to have this thought in his heart.

He felt that his little sister was too cute..

It was great to have a little sister..

Wang Ling couldn't deny that this was most likely due to the power of blood relations.

Of course, there was another more important point.

Although the little girl Nuan had just been born,.

He and his sister had already fought side by side.

At that time, Nuan's shadow had also been lying on his shoulder like this.

Wang Ling thought that perhaps it was at that time that Nuan had developed some sort of dependence on him.

..

Father Wang and mother Wang were holding all kinds of toys in their hands, and it looked like they were about to coax the little girl to sleep.

Both of them had been tortured badly, and their hair was messy.

At this moment, Wang Nuan suddenly quieted down, and father and mother Wang heaved a sigh of relief. At the same time, they were also very surprised.

"That's strange... Ling Ling, have you already met Ah Nuan? She seems to be very dependent on you."Mother Wang couldn't help covering her mouth as she smiled.

Before Wang Ling had returned home, the couple had been most worried about whether the siblings could get along peacefully.

Now that they saw such a warm scene, father Wang and mother Wang instantly knew that they had been overthinking things.

The moment they entered, the little girl, who had been noisy earlier, suddenly crawled over like a cat smelling a fish.

Then, she lay on Wang Ling's shoulder, closed her eyes, and fell into a deep sleep..

Father Wang and mother Wang were moved by this scene.

The two of them couldn't help taking out their phones and snapping photos of the brother and sister getting along harmoniously from various angles.

"Hey... Darling, you said that Little Nuan can only fall asleep by lying on Ling Ling's shoulder. What should we do? Ling Ling still has to go to school." After taking the photos, father Wang couldn't help feeling a little worried.

After all, Nuan was still growing and developing.

If she could only fall asleep by leaning on Wang Ling's shoulder, it would indeed be bad for her growth and development.

"Why don't we ask Ling Ling to bring Nuan along with him when he goes to school?" Mother Wang suddenly suggested.

Father Wang clapped his hands and called her an expert. "Okay! I think it's fine! Just treat it as pre-school education!"

Wang Ling:"..."
