

## Dan God 1041

### [Chapter 1041](#)

The moment the three black beads appeared in the profoundbing, the entire place was shaken, and their hearts were filled with rage, because this kind of dog shit luck was never given to them. Previously, they had been fighting with all their might, but in the end, there were no treasures in the profoundbing, and there were always treasures that no one fought for.

The white tiger's expression changed slightly because the power emitted by the three black pearls was too terrifying. It could actually shoot out a black glow that caused the entire hall to become dark.

He extended his hand and grabbed, holding the three beads tightly in his palm, and then took a deep breath, because he already knew what the three beads were, he never thought that such a treasure would appear inside the profoundbing.

"It's the Rule spiritual bead," an expert from the Heaven Realm shouted.

All of these Rankers came from the Heaven Realm and were all at the same level as Feng Quan and Ling Feng. Looking at their ferocious looks, they probably wanted to snatch the black pearl from the White Tiger's hands.

Chen Xiang sneered in his heart: "You reckless fool."

Ling Feng from the Purple Moon Imperial Land also appeared, the old lady's face was gloomy and cold, she leaned on her walking stick as she looked at the White Tiger: "Brother, this thing is useless to you, but it has a great meaning to us, can we part with it?"

"How do you know it's useless to me?"

He had never wanted to provoke the experts of these big powers, so he could now understand why Chen Xiang would always go against these big powers. It was because Chen Xiang had a lot of good things in his hands, and these big powers would always find some kind of magnificent excuse to snatch them away, extremely shameless.

"Everyone, are you trying to steal something from my Purple Moon Imperial Land?" Ling Feng looked at the rankers surrounding the White Tiger, these Rankers from the Heaven Realm were all big shots from the ancient powers, and these ancient powers were also traitors from the past, however, their overall strength was not as strong as those in the Sheng Domain or those in the Tong Tian Aristocratic Family.

A middle-aged man looked coldly at the White Tiger, not replying to Ling Feng. In the eyes of these experts, they were unrivalled existences in this world, and this Rule spiritual bead was something that was rarely seen in hundreds of thousands of years, they could not let it go. If they could get one, they could use the power of the Ancient Code.

This was the first time Chen Xiang had heard of this Rule spiritual bead.

"Rule spiritual bead and Philosophic stone are similar things, Rule spiritual bead are beads naturally formed from a type of power of law. The person who obtains these Rule spiritual bead can step into the realm of using the power of law.

"There are many types of Law Energies, for example the Space Law and the Time Law are both powerful Law Energies, so everyone is relatively familiar with them. There are many types of Law Energies between Heaven and Earth, I wonder what kind of Law these three Rule spiritual bead are," Bai Youyou said.

"I bought this with more than 500 billion Spar s. Whether I can eat it or not is my problem." The White Tiger was surrounded by so many experts and was still very calm.

"I can give you five trillion Spar s," Ling Feng said. Many people did not know about the affairs of the Rule spiritual bead, but seeing the great battle between these strong warriors, they knew that the three pearls were very precious, able to make the strong warriors snatch them away without fear of their own honor. Many people secretly wondered, if they would be able to obtain these three pearls, if they could.

The White Tiger wanted to store the Rule spiritual bead in the Storage magic treasure, but it did not succeed. This was very normal, after all, this was a Profound Orb condensed from the power of the Ancient Code and could guide living beings in using the power of the Ancient Code.

"That's not up to you, otherwise you wouldn't be able to walk out of the door today," Ling Feng's old face turned cold, and said sinisterly.

Li Baojun wasn't sure about the White Tiger's strength, so he asked Chen Xiang if he could help, but Chen Xiang replied very calmly, "No need, I was thinking about how many of those guys up there can still live."

The White Tiger was known as the God of Slaughter, so he had nothing to be afraid of.

"I'll ask you one more time, are you selling or not," Ling Feng glared at the white tiger and said loudly. At the same time, a few purple-robed elders suddenly appeared, all of them extremely powerful.

The three Rule spiritual bead s in the White Tiger's hands were trembling. If it wasn't for the fact that he was strong, he wouldn't have been able to catch these three Rule spiritual bead s, which was also why many experts were wary of his strength. How strong were the laws, the condensed pearls were definitely not weak.

The White Tiger looked at the dozen or so people surrounding him and coldly said, "I'm not selling it. If you make a move on me, you will all die."

"Hmph." A purple-robed elder disdainfully snorted as he thrust his sword at the white tiger.

"Die!" The white tiger ferociously glared at the purple-robed elder. In an instant, the entire hall was filled with a terrifying killing intent, causing many people to go limp and speechless from fright.

After the purple-robed elder was glanced at by the white tiger, his entire body turned into black smoke, and the killing intent that erupted from the white tiger's body scattered throughout the hall.

"You've angered me," the White Tiger bellowed, that terrifying roar, made everyone think that they were going to be killed, and the entire auction house also disappeared in an instant. Many of the experts in the boxes floated in the air, their faces filled with fear, these people who thought that they were invincible in the world, were like frightened cats, trembling from head to toe.

Ling Feng was shocked. She had originally wanted to take action, but at this moment, she was already too weak to retaliate due to the powerful aura of the White Tiger.

"Everyone, join hands and control him, or else we will all die," Ling Feng shouted. He strove to use all the strength in his body and swung his crutches towards the White Tiger.

The experts of the other Heaven Realms also circulated the energy in their bodies and struck towards the White Tiger. In that instant, all kinds of light rays enveloped the White Tiger, and the dozen experts attacked at the same time, causing the entire Heaven Thunder City to tremble violently.

"All of you must die," the White Tiger said coldly. Its body trembled, dispersing all the energy that was attacking him, then it threw out a palm towards Ling Feng, and with just a light palm in mid air, it turned Ling Feng and the powerful cane into black smoke.

The Ling Feng who was strong, was actually scared out of his wits by a single palm from someone else. This person's power was so strong that it caused people to be afraid of him.

The White Tiger's eyes swept across the ten over people attacking it, shooting out beams of murderous light. Those experts all turned into black smoke and disappeared. With just their eyes, they could crush these experts to death like ants.

"Who else wants to steal from me?" The White Tiger's voice rang in the minds of the crowd, and many people were so frightened that they were paralyzed on the ground, while the experts that were floating in the air were drenched in cold sweat, their faces full of fear. They didn't doubt that the person in front of them only needed a moment to turn them all into black smoke and disappear from this world forever.

The white tiger waved its sleeve and disappeared in the blink of an eye.

## [Chapter 1042](#)

After a few moves, those experts who thought themselves to be unrivalled in the world turned into a cloud of black smoke. Looking at the ruined auction house, everyone could not help but shiver, especially the floating black smoke, it was the only thing that remained behind after the death of the famous Heaven Realm warriors!

Who was that person? Everyone had this question, and only the Demon Empress, Lv Qinlian, knew that person was the person she met before in the Golden Yang Building. People with this kind of strength were rarely seen even in the Heaven Realm!

"It's the Emperor's Qi!" of the Feng Clan had a solemn look on his face.

"That's right. Legend has it that only the Ten Heavens Supreme Lord who had mastered Heaven Earth Killing Method would have such a terrifying power. Who exactly is this person?"

"Could it be Chen Xiang?" An old man mumbled.

"It's definitely not him. If it really was Chen Xiang, your Feng Clan would have been annihilated long ago!" The Gold Sun Saint realm Leader said.

When everyone left in shock and fear, Chen Xiang and Li Baojun returned to their residences. The White Tiger also returned, and he even used his power to confine the power of the three Rule spiritual beads so that they wouldn't leak out.

Li Baojun had long known that the White Tiger was very strong, but he never thought that it would be strong to such an extent. Now, he finally understood why Chen Xiang fearlessly came to the Three Realms Talk to participate, and why the things that the White Tiger often talked about were so long ago.

"Senior, you were so beautiful just now!" Chen Xiang laughed.

"These guys are really too excessive. Otherwise, I wouldn't even bother to attack them and waste my strength." The White Tiger spread out its palm and said, "These three Rule spiritual beads are very valuable, and many people don't know how to use them."

"One for each person!" Chen Xiang said.

"That's not a problem, but we don't know what the rules are for these Rule spiritual beads. If they're not suitable for us, then it might be a waste, or it might affect us." The White Tiger said very seriously.

A golden light shot out from between Chen Xiang's brows and opened his Chaos Divine Eye, wanting to pry into these Rule spiritual beads, but he suffered from a strong mental counterattack, causing his head to sink. He was in extreme pain and almost fell to the ground.

"Can you see anything?" The White Tiger supported him and asked in a hurry.

"Yes, this one is burning with a strong flame!" Chen Xiang's face was pale white as he pointed to one of the Rule spiritual beads.

He never thought that the Chaos Divine Eye would actually be so powerful, to be able to directly see through the Rule spiritual bead and see the power of the Ancient Code inside.

"It should be the Law of Fire. Which one of you wants it?" The White Tiger looked at Chen Xiang and Li Baojun, since the two of them were refining pills. Although it was unknown what benefits the Fire Laws could bring, it could be imagined that it would be very useful.

"I already have a Five elements heavenly fire. If Leader needs it, then I will take it!" Li Baojun did not care about the Rule spiritual bead, if not for Chen Xiang, they would not even have seen its face.

"Give it to him, after your Heaven fire evolved into a Sky Fire, it can be said to be the strongest flame! "I might be able to comprehend the Fire Laws by then." Su Meiyao said that Chen Xiang had a lot of room to grow in terms of fire. Although choosing the Law of Fire now would help him improve even faster, Chen Xiang possessing the Law of Fire was a matter of time.

Chen Xiang said, "Elder Li, if you want it, take it. My flames are more than enough now.

Li Baojun nodded, he took a Rule spiritual bead from the White Tiger's hands, and it took him a lot of effort to hold it.

"How do I use it?" Li Baojun asked.

"Blood Soul Sacrifice, use your blood and soul to refine it!" The White Tiger replied, "The process will be a bit painful."

"Then I'll go into seclusion!" Li Baojun nodded his head and quickly entered the room.

With two Rule spiritual bead remaining, Chen Xiang said, "I'll rest first, then we'll see what's inside."

"Why don't we try our luck!" White Tiger smiled. In any case, aside from the Fire Laws, the other Laws no longer mattered to you.

If Chen Xiang could obtain the law of fire, that would be a bit of a waste, because his Heaven fire could evolve.

"Alright!" Chen Xiang didn't dare to take the Rule spiritual bead now, because after being attacked just now, he was completely powerless.

Chen Xiang sat down to rest and asked, "How is the Law of Fire?"

The White Tiger shook its head. "I've never seen it with my own eyes, but I've heard that the Vermillion Bird comprehended the Laws of Fire, allowing her to use the power of the Fire Laws. However, I've never seen her use it before."

"The Vermillion Bird is so powerful, how did it die?" Chen Xiang had her bones.

The White Tiger did not reply Chen Xiang.

Chen Xiang stuck out his tongue, then asked: "Senior, who have you seen unleashing the power of the Ancient Code?"

"Law of Time!" When a guy fights with me, because he used the Time Laws, he added power to my body, making my time slow down by a lot. Then, my movements would become very slow in his eyes, and I would be miserably tortured by him. When the White Tiger mentioned this, it repeatedly sighed.

"What guy?" "He actually knows the Time Laws!" Chen Xiang asked curiously.

"An old man of unknown origin. He also said that he used the Law of Time, that he passed through time and space to return back to the ancient times to look at history, but he also said that although he could use the Law of Time, he couldn't change the Law. Otherwise, he would have been destroyed." The White Tiger said.

"That's amazing! The Time Laws are indeed amazing! But that's not a good thing at all! If he can't help but want to change history, that would be a huge disaster!" Chen Xiang shook his head and laughed.

"If there are no Rule spiritual bead, comprehending the power of the law is extremely difficult." The White Tiger looked at the Rule spiritual bead in its hands: "I have always heard about this kind of thing, but I never thought that I would actually be able to see it. That profound Cold Ancient Realm is indeed a very mysterious place, the profoundbing there can actually freeze this kind of thing."

Chen Xiang had already recovered most of his strength, but he was a little worried that he would get his hands on the Rule spiritual beads of the Time Laws.

"I want this!" Chen Xiang did not hesitate either. After casually grabbing a Rule spiritual bead and escaping from the White Tiger's palm, the Rule spiritual bead's power was released, almost shattering his arm. That power was simply too terrifying.

"I was worried you wouldn't be able to catch it! Use the Blood Soul Sacrifice technique!" The White Tiger warned and said, "If I count you in, it should take around seven to eight days for you to fuse with a Rule spiritual bead. You should be able to catch up to the Three Realms Talk!"

The Rule spiritual bead was a hot potato, it was difficult to seal and it was also impossible to put it inside the Storage magic treasure. Only by quickly merging with it would it be the safest.

Chen Xiang came to his room, cut open his palm and forced out a stream of fresh blood. He then let the fresh blood wrap around the Rule spiritual bead and released the power of his soul at the same time.

### [Chapter 1043](#)

The four walls were all white. When he pressed his hand on one of the walls, he found that the wall actually had the ability to pierce through it, allowing his entire arm to sink into the wall. He immediately stepped into the wall. The moment he stuck his head in, he saw a white space. The other half of his body was still standing there!

"This is the Space Laws!" Chen Xiang was pleasantly surprised. The spatial laws were pretty good, they might be able to allow him to travel through dimensions easily. He had always been vexed about the Luotian Gate's damage, he never thought that he would actually get the Profound Orb of the spatial laws.

When he opened his eyes, he saw that there were actually many black spatial cracks all around him. The tyrannical power of space crazily drilled into his body, as if it was a black evil spirit that wanted to devour him. This caused him to be terrified.

"This is the power of law!" Long Xueyi shouted, "The power of the Ancient Code is right beside us, it's just that it's difficult to touch it!"

Streams of black Qi surged out from the spatial cracks, and seeped into Chen Xiang's nose, eyes, mouth, ears, and the vital parts of his body.

Chen Xiang only felt a slight pain in his body, as if many things had forcefully entered his body and were stabbing stabbing pains into it.

Those were all Spirit grain related to space. He now understood, if he wanted to control space as he wished, he would need to familiarize himself with these Spirit grain, and at this time, because of the Rule spiritual bead, he was able to extract these Law Spirit grain s from space and integrate them into his own body and soul.

"Take out the Philosophic stone and take a look!" Bai Youyou thought for a while and replied.

Chen Xiang immediately took it out and held it in his hand, and at this time, more and more Law Spirit grain flowed into his body. Although he did not know whether it was beneficial for him or not, at the moment, he could tell that the effects of this Philosophic stone was not small.

In this state, Chen Xiang unknowingly passed through the ninth day. He had already completely merged with the Rule spiritual bead, his strength did not increase by much, but he felt that his comprehension of space had deepened by a level. He felt that he should be able to travel a short distance in space.

There were countless Law Spirit grains in his mind, if he wanted to use the power of the spatial laws, then he would have to activate those Spirit grains. The more he used the power of the spatial laws, the stronger they would be, and the stronger he would be able to traverse those hard spaces.

Chen Xiang stood inside the door and with a thought, activated the Spirit grain. Taking a step forward, he entered the great hall!

Seeing that Chen Xiang had arrived in this way, they all understood that Chen Xiang's Rule spiritual beads were the spatial laws.

"It's really exhausting!" Chen Xiang exclaimed: "Just that little distance has already caused me to consume so much energy!"

White Tiger smiled, "Of course, now that Di Tian's space is gradually increasing, it's not a joke. It's already pretty good that you can use your own power to travel through space, but you need to know that your current strength is minuscule compared to these stable spaces!"

"Senior, what are the rules within your Rule spiritual bead?" Chen Xiang asked curiously.

"Law of Darkness! "I am quite satisfied with it. It suits me quite well. It can absorb the power of light. Hehe!" At this moment, the White Tiger was extremely happy. Long ago, it had been envious of those who could comprehend the Laws. He never thought that after his rebirth, he would be able to control a Law so quickly.

"I want to see what it is like!" Chen Xiang's eyes lit up, the power of the Ancient Code was indeed strong.

The White Tiger shook its head and said, "If I use my power, I'm afraid it will cause quite a bit of commotion!"

Chen Xiang looked at Li Baojun and asked, "Elder Li, where are your laws of fire?"

Li Baojun laughed: "It's also very strong, I'm worried that I won't be able to control it and I'll burn the entire city. The Law of Fire can make my flames even stronger, and at the same time, let me not be afraid of any powerful flames, and also let my flames not be controlled by anyone, so even water can't do anything to me. Of course, there are still a lot of uses to it, and I can't fully display my current strength! "

The three of them had all obtained Rule spiritual beads that they were satisfied with, and all of them were overjoyed.

"The Rule spiritual beads were so powerful, no wonder those fellows wanted to snatch them, but they were all exterminated! I'm afraid that it will be very difficult to see another Rule spiritual bead in the future. Chen Xiang laughed.

The White Tiger nodded. "When you were fusing with the Rule spiritual bead, you should have felt that the power of the Ancient Code was right by our side. At that time, it let me comprehend a trace of the profound meaning of the Ancient Code.

Chen Xiang and the other two had isolated themselves for so many days to fuse with Rule spiritual bead, but outside, people were already panicking. This was because the matter of the White Tiger killing Ling Feng had caused fear in many people, especially those ancient powers.

Although the White Tiger was powerful, Chen Xiang could tell that the White Tiger was wary of him. It was afraid of a mysterious power, so he did not dare to reveal his true strength.

Chen Xiang and the other two were in the hall discussing about the power of the Ancient Code. Until late in the night, when they were about to rest, they suddenly heard a deafening roar, towards which Chen Xiang and the White Tiger were not unfamiliar. It was the roar of a dragon, a real dragon!

"It's a royal dragon! From the sound of it, it should be from the Sacred Dragon Bloodline!" The White Tiger's expression changed as it hurriedly walked out of the hall.

Chen Xiang anxiously asked Long Xueyi: "What is the background of the Sacred Dragon Bloodline?"

"The Dragon Emperor's bloodline has always been the sacred dragon's bloodline since ancient times, but us White Dragons are not weaker than them, and the Jade Dragons are also stronger than them. It's just that they have the most number of Dragon Emperor, so they can lead the Imperial Dragon Race."

"Dragon Emperor? the strongest existence in the Imperial Dragon Race?" Chen Xiang had been listening to Long Xueyi talk all day about becoming a Dragon Emperor, but there really was one.

"Yes, I think it should be an existence as powerful as the Ten Heavens Supreme Lord. It's just that the current Dragon Emperor only appeared after the Ten Heavens Supreme Lord, and Di Tian also doesn't exist, that's why he didn't call himself Emperor. However, I think that he should be making his move soon."

"Hmph, sooner or later, I will trample this Dragon Emperor to death. I am the real Dragon Emperor!" Long Xueyi seemed to hate the Sacred Dragon Bloodline a lot. However, it was no wonder that if the White Dragon was not weak and fought the Holy Dragon for the throne, there would definitely be a conflict.

#### [Chapter 1044](#)

The White Tiger looked at the sky. It was currently late at night, but the distant sky was illuminated by a golden cloud. That golden light was incredibly divine, making people feel as if it was a divine light that looked down on the world.

"It really is the Sacred Dragon Bloodline, but it looks like it's a small dragon!" The White Tiger let out a sigh of relief, "I thought it was that old holy dragon that came down!"

"Senior, can't you beat that old holy dragon?" was extremely surprised. The White Tiger and the Azure Dragon were existences of the same generation, and it was said that the Azure Dragon was the patriarch of the Imperial Dragon Race.

The White Tiger shook its head. "You know that I haven't completely recovered my strength. Otherwise, I wouldn't be here."

The corner of Chen Xiang's mouth twitched, his strength had not completely recovered, but he had become so powerful!

"The peak-level strength of this big white cat is quite terrifying. Back then, my White Dragon Ancestor had witnessed the big white cat and the Azure Dragon Ancestor fight. In my inherited memories, they were evenly matched."

The White Tiger said, "If there is a Holy Dragon coming down suddenly, it's very likely that it's because the news of you casting the Primal Chaos Dragon Curse has already spread to the Heaven Realm!"

Chen Xiang used the Primal Chaos Dragon Curse to attack the Sacred Sacrificed Alter. Those ancient powers informed the big shots in the Heaven Realm about this matter, and those big shots definitely knew that it was a Primal Chaos Dragon Curse.

Before, when Chen Xiang had activated the Heavenly dragon seal, it had already made the Imperial Dragon Race suspicious, but back then, they felt that it was not necessary to investigate it thoroughly. But it was different now, the Primal Chaos Dragon Curse was the only powerful dragon in the Imperial Dragon Race that had the chance to obtain the inheritance of the Primal Chaos Dragon Curse! Generally speaking, small dragons with imperial karmic luck would be able to receive the inheritance of the Chaotic Dragon Curse.

But now, it was a human who was displaying it, not to mention the fact that this human was also holding onto Green dragon demon-slain broadsword, and was cultivating Taiji Dragon-suppressed kungfu s and Heaven Earth Killing Method s. This made Imperial Dragon Race feel threatened. It had to be known that only the Dragon Emperor and the Dragon Prince of Imperial Dragon Race knew how to use the Primal Chaos Dragon Curse!

"The holy dragon has descended, and this place has dragon veins. As the most noble dragon in the Imperial Dragon Race, they have even more of an excuse to snatch the Green dragon demon-slain broadsword s! Do you think we still need to reveal our identities to join the Three Realms Talk? At that time, Imperial Dragon Race will definitely know that you know how to use the Primal Chaos Dragon Curse!" The White Tiger asked.

"Of course! Why not? I've killed dragons and all that sort of thing, but this is the first time I've killed a holy dragon!" Chen Xiang's eyes flashed with killing intent, "As the Leader, how can he live up to his name if he doesn't kill a holy dragon?"

He actually wanted to kill the holy dragon! This would definitely infuriate the old holy dragon!

"Yes, that's it! If I'm not mistaken, that guy should be the Dragon King. At that time, this old lady will personally come out and take care of this fellow who will fight with me for the throne in the future." Long Xueyi shouted angrily from inside the ring.

"No, if it really is the Prince Imperial Dragon, then let me kill it!" Chen Xiang said.

"No, I will kill!" Long Xueyi shouted.

"It's the same for me if I kill him. Don't look out for him!" Chen Xiang laughed.

"With that bit of strength of yours, you are too weak. If you don't borrow my strength, you definitely won't be able to defeat me. Let me handle it!" This is the decisive battle between the juniors of our Imperial Dragon Race. " Long Xueyi said.

Being ruthlessly looked down upon by this Little Naughty Dragon, Chen Xiang was even more unable to show weakness: "When the time comes, I definitely do not need to borrow your power to get rid of that Prince Imperial Dragon by myself!"

If it was a normal dragon, many people would definitely chase after it to kill it, because the Imperial Dragon Race would not care about it. But if the Imperial Dragon Race's dragon was killed, that was equivalent to piercing through the sky, and many powerful old fellows could tell that the dragon that appeared today came from the Imperial Dragon Race.

The golden cloud in the sky disappeared and the White Tiger said, "Tomorrow, Three Realms Talk should be able to see this dragon. Holy Dragon, Sacred Sacrificed Alter, Three Realms Talk really did make a big move! "

Chen Xiang was still tormenting himself as to how strong he would be if he could unleash his full strength. He thought about slaughtering a Holy Dragon with his own strength, without relying on Long Xueyi's strength.

The sky gradually brightened. Chen Xiang opened his eyes with a trace of astonishment on his face, because he clearly felt that the space had become extremely hard. This meant that Di Tian's space had suddenly become very firm today, and today was the day the Three Realms Talk began.

"Don't tell me that those ancient powers specially arranged them for this day? Did they know that Di Tian's space will become stronger today? " Chen Xiang was very suspicious, when he walked out of the room, Bai Hu and Li Baojun followed him into the hall.

"After Di Tian entered the growth stage, the space was completely sealed. In other words, other than those who just crossed the Nine Nirvana Tribulations and were dragged to the Heaven Realm, no one else was able to leave or enter this place!" The White Tiger said, "Those ancient powers actually knew that it was on this day. They definitely have other intentions for arranging the Three Realms Talk s today!"

"So you're saying that those strong guys in the Heaven Realm are also unable to come down?" Li Baojun asked.

"That's right. Most likely, many ancient powers sent a large group of people to strengthen the foundation they have in Di Tian last night! The Imperial Dragon Race will definitely bring down a lot of dragons too. Although Di Tian does not have the status that he did in the past, but now that the clouds have risen again, the various powers have already started to occupy the land in Di Tian. " The White Tiger said.

Chen Xiang looked into the sky, his expression extremely unsatisfied: "These fellows are too shameless, if they were to come down from the Heaven Realm, wouldn't the local forces be suppressed by them? Or subdued by them. "

"Wouldn't it be fine if we just annihilate them? Isn't that what your Dragon Subduing School wants to do?" The White Tiger laughed.

Chen Xiang took out a sign and said: "Right now, we will use our original appearances to participate in the Three Realms Talk. There is still some distance between here and the meeting place, at that time, you guys should be responsible for cleaning up the people who want to take action against us! Hehe, my strength is just like that, you know that!"

Li Baojun laughed: "I will make my move, if I cannot take it, the Great Clan Elder will attack again! Now you cannot expose the Great Clan Elder's strength!"

After Li Baojun integrated with the Rule spiritual bead, his strength must have risen sharply. Chen Xiang felt that if not for this fellow, Han Kang, he would be able to handle this situation.

"Let's go, that holy dragon will definitely join the Three Realms Talk. The ancient powers will probably go and curry favor with this guy, and then there will be a conflict! But Leader, you had best not do anything. Leave everything to me and Elder Li!" The White Tiger said.

Today's Three Realms Talk was extremely important to them, because this was the day where they would completely beat up the reputation of the Dragon Subduing School, and also the day that they would expose that the Dragon Subduing School was him, Chen Xiang!

The three of them displayed their original appearances and arrived at a large road, walking towards the huge palace in the distance!

#### [Chapter 1045](#)

Chen Xiang and the other two were very eye-catching as they walked through the empty streets. Although the White Tiger's appearance was extremely ordinary, its figure was tall and lofty. Its eyes emitted an absolutely terrifying light, causing people to not dare to look straight at it.

Li Baojun smiled, holding the flickering red Kylin fan in his hand, it pierced the eyes of many people, all the way while it burned their body and mind, making them feel terrified.

There was even less of a need to talk about Chen Xiang, his appearance had long been deeply imprinted in people's hearts, finding someone who did not know him was extremely difficult, his current bounty was so high that it was scary, thus many people looked at his portrait 9 to 5 days ago, trying to remember it! However, most of them didn't want to capture him for the reward and remember his appearance. They just wanted to avoid provoking this fiend and avoid him as long as they saw him, lest it bring about a fatal disaster.

"Isn't taking the Kylin fan the Dragon Subduing School's Elder Li? He seems to be the one in charge of the Dragon Subduing Dan Hall, and the other middle-aged man seems to be the Great Clan Elder of the Dragon Subduing School.

"Could it be that Chen Xiang is also from the Dragon Subduing School? Furthermore, you have a very high position in the Dragon Subduing School!"

"It's said that Sky Dragon had descended last night because of Three Realms Talk. I never thought that Dragon Subduing School would also come, and it's even Chen Xiang as the representative. Now we're going to watch!"

"Let's keep going. All the people in Dragon Subduing School are targets of those ancient powers."

The people on both sides of the street quickly dodged, and this matter quickly reached the ears of the big heads of the major forces. Chen Xiang represented Dragon Subduing School, and even brought two elders of the Dragon Subduing School with him!

Those big shots thought that the people from the Dragon Subduing School would come and cause trouble, but they never thought that it was actually Chen Xiang who brought the people here!

Before, Chen Xiang had killed Zi Yue Tian Zi and the powerful Purple Moon in a high profile in the Heaven Thunder Purgatory, and then killed Heaven Thunder Devil Lord. One must know that Heaven Thunder Devil Lord was considered as a guardian by those traitors!

Many of the big heads immediately thought of the day when the Sacred Sacrificed Alter was attacked by the Primal Chaos Dragon Curse, and thought that it was very possible that Chen Xiang had hidden himself to attack. Now that the Holy Dragon of the Imperial Dragon Race had come down, it was precisely for this moment that Chen Xiang had appeared.

Someone's coming, leave this little one to me. If I can't beat him, Elder Li, then you can attack! Chen Xiang, who was in the air, could see a large group of people rushing over from all directions.

Before long, the roofs on both sides of the street were filled with people. These people were originally going to participate in the Three Realms Talk, but they were all attracted by the two elders and Chen Xiang.

"Chen Xiang, you're actually from the Dragon Subduing School? You should not be showing yourself so arrogantly right now, the reason the Imperial Dragon Race's Dragon King descended upon the Heaven Realm last night was because he was aiming for you!" Lv Qinlian's voice was full of reproach because she did not want to become enemies with the Imperial Dragon Race, but she could not not help Chen Xiang either. If Chen Xiang had been attacked today, based on the friendship between her and Chen Xiang, she would definitely intervene.

"Big Sis Lu, don't worry, to be honest, I am a Leader of the Dragon Subduing School, I am here today for the Crown Prince of the Imperial Dragon Race, if he dares attack me, I will kill him and establish my authority!" Chen Xiang's voice was full of dominance, causing him to be stunned.

Chen Xiang sealed the Divine Sense Sea and did not receive other people's sound transmissions, continuing to advance along with the White Tiger and Li Baojun.

A burst of purple light suddenly appeared in front of them, and over 10 people dressed in purple robes blocked their way, their faces revealed fierce expressions, with weapons in their hands, the first to attack was actually Purple Moon Imperial Land!

Huang Jintian and the others also received the news that Chen Xiang had appeared, but Huang Jintian was not worried at all. He brought Gu Dongchen and the others into the competition grounds.

could guess that the purple-dressed woman was probably the heavenly daughter of the Purple Moon Imperial Land, called Jing Shuang Ze. She was incomparably beautiful, and her every move carried a charming and gentle charm.

"Oh? If my strength is only that much, then wouldn't your Leader, who is known to be at the pinnacle of strength, be beheaded by me? I also killed your traitor's master, Heaven Thunder Devil Lord. Your master died miserably in my hands, what right do you, a bunch of dog slaves have to belittle me in front of me?" Chen Xiang activated his Innate Qi, purposely speaking loudly so that his voice would reverberate in the sky.

"You idiots shouldn't belittle me now, because that would only lower yourselves. When you mock me, why don't you think about how many years you've suffered at my hands? I am the most qualified one to laugh at you all!"

### [Chapter 1046](#)

"You ..." Upon hearing Chen Xiang's words, Jing Shuang Ze became speechless. His momentum immediately weakened a lot as he said, "Hmph, today I will take you down!"

"Take me down and claim my credit, right? I'm truly a mediocre commoner. With such a strong desire, I've lost my face for nothing." Chen Xiang laughed in ridicule.

They all knew that Li Baojun was not someone to be trifled with, and since Chen Xiang was strong enough to be able to kill Heaven Thunder Devil Lord, they also knew that their Great Clan Elder was someone they could not see through.

All the big shots in Purple Moon Imperial Land had died, and the people of Purple Moon Imperial Land had not thought that their unity would stabilize, but instead wanted to fight for the position of Leader. Especially Tian Nu, because she was a beauty with extraordinary strength, her prestige was very high, and she was also sought after and supported by many. She felt that if she could defeat Chen Xiang, the position of Leader would belong to her.

"That's only you using an evil technique. Today, I will let your evil technique be exposed so that the world can see your true appearance." Two purple long swords appeared, transforming into two purple clouds that pierced towards Chen Xiang's throat and one of his eyes.

Chen Xiang carried his hands behind his back, and two fire dragons surged out from his eyes. Facing the two swords, the fire dragons swallowed and spat out flames, accurately putting the two swords into their mouths.

As the flames disappeared, the two treasured swords had already turned to dust!

"I use an evil technique? But I didn't enslave rogue cultivators to work hard in the Heaven Thunder Purgatory, right? I didn't steal the Storage bag of a rogue cultivator, right? Instead, I saved them, but the Heavenly Emperor of Zi Yue angered you. He wanted to kill me, but his skills were inferior to others and he was killed. Who can you blame?"

"Bullsh \* t!" Jing Shuang Ze was infuriated; his treasured sword had actually disappeared in an instant. "Today, I will definitely capture you all!"

"Boasting shamelessly!" Chen Xiang sneered.

Jing Shuangze gritted his teeth and suddenly took out a huge purple rock. Upon closer inspection, it looked very much like a stone tablet with many ancient Spirit grain carved on it.

"It's the Purple Moon Sacred Tablet, it's actually in the hands of this little girl!"

"There is an ancient jade in the Tong Tian Aristocratic Family, and there is a sacred tablet in the Sheng Domain. They are all very powerful things!"

At this moment, Jing Shuang Ze's confidence soared and his face was filled with pride. Having obtained this item, meant that she had gained the Leader's favor.

"In front of the sacred tablet, you have no power to resist!" Jing Shuangze's jade face turned cold as she activated the power within the sacred tablet. Her long hair danced wildly, and her jade face was heavy. Her beautiful eyes glowed with a purple light as her body overflowed with purple light. Right at this time, the sky suddenly darkened, a purple moon hung high up in the sky, the purple light released by the purple moon all gathered on Chen Xiang and the others.

"Seal!" Jing Shuang Ze shouted, and that round of purple moon's rays of light exploded forth. A large purple formation appeared, and a purple and profound Spirit grain flashed with a blinding light. The terrifying pressure caused many people to feel slightly frightened.

The purple array formation seemed like it was going to destroy the earth, it smashed down fiercely from above Chen Xiang and the others' heads.

"Great Mountain River Formation!" Chen Xiang stamped his foot on the ground, causing the ground to tremble violently, and the powerful Innate Qi in his body surged like a flood into the sky. The vast divine power arrived along with it, and in the dark sky suddenly appeared a mountain and river picture that was tens of thousands of metres long, with countless large rivers surging and surging torrents like the roar of thunder, the power of the mountains and rivers shook the world, concealing the stars and moon, completely displaying the might of the earth, intimidating all the living beings in this world.

No matter how powerful the Saint Tablet was, the person who used it did not use all of his power. The power of the formation was greatly reduced, as though a purple moon had been blocked by the Mountain and River Diagram that Chen Xiang had released.

Jing Shuang Ze's expression was serious. His purple skirt and black hair were wildly dancing, and the sacred monument in front of his chest was emitting a purple light. She was using the purple moon diagram to confront Chen Xiang.

"It's just an adaptation of the Celestial Slain Method, there's nothing to be proud of!" Chen Xiang saw through some of them, and the Qi on his body immediately soared. Innate Qi erupted, like a dragon erupting from his body, it soared up and danced in the sky.

"Great Void Stellar Seal, end it!"

Above the purple moon array, there were suddenly dozens of phantoms of giant stars. These phantoms of stars formed a large array and their strength was even stronger, flashing with multicolored light, as

they swirled and fell, the rich power of the stars roiled and surged, falling from the sky, smashing the purple moon until it exploded and dissipated in the sky!

The appearance of the Great Void Star Seal greatly changed the complexions of many of the giants. Jing Shuang, seeing this incomparably powerful Star Seal crushing down with unstoppable force, felt an incomparable surge of fear, but it was already too late! The Great Void Stellar Seal turned into a big hand in the air. The big hand was made up of numerous star shadows, carrying an earth-shattering power as it pressed down towards Jing Shuang Ze.

BOO! A deafening sound rang out. Jing Shuang Ze was completely enveloped by the giant hand print. In the midst of the rumbling sounds of destruction, he was turned to ash!

At the same time, the Green dragon demon-slain broadsword appeared in Chen Xiang's hands. He flew over and slashed at the Purple Moon Divine Tomb on the ground.

"Brat, don't be too arrogant. Brother Han, let's capture them together!" The one who spoke was Feng Quan, an expert of the Feng Clan! Han Kang was the same, he was a Ranker sent by the Flying Immortal School.

"Feng Clan, do you want to join hands? If you two were to make a move against me, you would be the first one Dragon Subduing School will kill!" Chen Xiang looked at the two Rankers fearlessly.

"Who do you think you are? So what if he said he would wipe out?" Han Kang jumped down and stood by Chen Xiang's side. Chen Xiang controlled the dragon vein, what would happen if he killed Chen Xiang!

Feng Quan shouted, "Stop talking nonsense with him, attack!"

Chen Xiang and Li Baojun looked at each other. They knew that it was not their turn to take action now, so they just stood there, not moving.

Feng Quan was like the wind as he rushed towards the White Tiger. The berserk energy on his palm struck the air at an extremely fast speed, causing waves of explosions.

To be able to attack a White Tiger, wasn't that just looking for death? Chen Xiang and Li Baojun sighed in their hearts!

The White Tiger had not acted this entire time, but its expression was indifferent as it watched from the side. Now that there were two such powerful people attacking them, Chen Xiang and Li Baojun definitely could not handle it.

"They're dead for sure now!" A person sighed.

Feng Quan's palm was extremely terrifying. Just the force of the impact was enough to split the entire street, and just as it was about to crush the White Tiger's head, the White Tiger's palm suddenly extended, and actually wanted to receive it with its own palm!

"You're courting death!" Feng Quan felt that the White Tiger's actions were very imaginable. The power in his palm became even more berserk at that moment, and he exchanged blows with the White Tiger!

The two palms collided. Bang! Bang! Bang!

The sound of bones breaking resounded like a cannonball. Feng Quan let out a miserable scream, and at the same time, his body flew backwards.

### [Chapter 1047](#)

He raised his palm towards Feng Quan who was flying towards the end of the street, and a burst of strong golden light suddenly gushed out of his palm. The golden light turned into a furious golden dragon, and let out a dragon's roar that shook the skies, and like lightning, penetrated Feng Quan's body!

With a boom, Feng Quan's body exploded!

When the crowd saw this scene, the shock in their hearts was hard to describe. Everyone looked at the White Tiger, although he looked ordinary, he was actually so powerful. Judging from his expression, killing Feng Quan was as easy as mowing grass, he didn't even blink.

Lv Qinlian's forehead was covered in sweat, she suddenly felt that the White Tiger was the person that she was afraid of back then in the Golden Yang Building, the person who was also the one who had killed many experts at the auction. This person was actually together with Chen Xiang, and he was an elder of the Dragon Subduing School!

Han Kang looked at the White Tiger in fear, his body trembling. He knew that the person in front of him could kill Feng Quan easily, or even kill him easily.

The White Tiger looked at Han Kang, its two eyes suddenly turning pitch black. Han Kang screamed miserably, as he fell to the ground with his eyes wide open.

Being glanced at and dying, many of the big shots from the ancient powers looked as terrified as Han Kang, who was already dead. They all escaped towards the location of the Three Realms Talk, because they believed that the Imperial Dragon Race would definitely be able to stop the three terrifying people there.

After Han Kang fell to the ground, his body suddenly turned pitch black, as if he had been soaked in ink. Then, it turned dark again and disappeared!

Chen Xiang and Li Baojun were overwhelmed with shock. They knew that these were definitely the laws of darkness, yet these mysterious laws of darkness could even destroy corpses and erase traces!

There were many big shots sitting on their seats, their faces were gloomy and uncertain, some big shots had terrified faces, the appearance of the Dragon Subduing School was truly unexpected for them, especially the Great Clan Elder, whose strength was out of the ordinary, with just a few moves, he had killed two Heaven Realm Rankers!

His golden dragon robe had already proven his identity. He sat there, looking at a book with a gentle gaze, and although he already knew about the Dragon Subduing School's situation, he was definitely not worried. Furthermore, the book he was reading right now had a lot of information regarding Chen Xiang.

Chen Xiang, Bai Hu and Li Baojun had arrived, and there were no longer any empty seats!

Chen Xiang glanced around the conference hall, there were many tables here, the square table only had four people, and these four people were all big shots from a different force, behind the big shots were either some younger generation members or some elders.

If one looked carefully, they would realize that it wasn't useless. There were still three seats in front of the Prince Imperial Dragon. That Prince Imperial Dragon took a table for himself, and he didn't allow anyone else to sit!

Seeing Chen Xiang lock onto that table, everyone was shocked. Many people in the hall gasped slightly, they were now certain that Chen Xiang was the one who cast the Primal Chaos Dragon Curse, and that the Prince Imperial Dragon was here for Chen Xiang.

Chen Xiang glanced at Huang Jintian and the others' table. Huang Jintian, Liu Meng'er, Lian Mingdong, and the other leaders who represented a certain power sat at it. and Gu Dongchen, on the other hand, followed along and stood behind Huang Jintian.

Leng Youlan was incomparably cold and gorgeous, with a head of white hair that made her look even more beautiful. Xue Xianxian was like a fairy from a painting, extraordinary and refined, her face carried a tender and gentle smile, and the two junior sisters stood behind Liu Meng'er.

Chen Xiang did not expect that Wu Qianqian would also be here. Although the former number one beauty of the Super Martial School had an ordinary background, she had met with numerous fortuitous encounters, and was also the successor to the Dan Fragrance Pure Land. Unlike Leng Youlan and Xue Xianxian, she wore plain clothes, but her unique temperament made people feel that she was untainted by the mortal world.

Wu Qianqian and Dongfang Xinyue had followed Hua Xiangyue here, but they did not look at Chen Xiang. They were worried that others would discover the relationship between them and Chen Xiang.

However, at this time, a pure and beautiful sweet lady stuck her tongue out at Chen Xiang. That girl was Dongfang Jing from the Dongfang family, and was a very foolish girl.

The many familiar faces that sat there made Chen Xiang sob. He had looked up to these experts in the past, but now, he felt that it was nothing more than that.

When Chen Xiang appeared, the atmosphere was even more oppressive, especially when Chen Xiang was getting closer and closer to the Prince Imperial Dragon!

"Which power do you belong to?" An old man stood up and asked. This old man was a Jin Yang Sheng realm powerhouse.

"I am a Leader of the Dragon Subduing School, this is my recommendation jade token!" Chen Xiang raised the jade plate in his hand, but no one cared about the jade plate. Everyone was shocked by his identity, he was really Dragon Subduing School!

"Big Bro has been making a living for a long time, but he actually didn't take care of this little sister of mine. Even the limelight has been blown away by him!" Leng Youlan sent a sound transmission to Xue Xianxian and the others, she wished that she could join Chen Xiang's group.

"Stupid girl, don't tell me you didn't do well just by following me?" Liu Meng'er scolded.

Although the atmosphere was stifling, many people were secretly whispering to each other.

"Master Ancestor, you actually always knew that my master was Leader!" Gu Dongchen muttered.

"This guy is obviously here to cause trouble. I never thought that Dragon Subduing School's Leader would actually run into a dragon!" Huang Jintian laughed.

Lian Yingxiao could not help but laugh bitterly: "My son was dragged onto the boat by him!"

Golden Sun Saint Realm and Chen Xiang did not have any direct conflicts, at this moment, they knew that the Great Clan Elder from Dragon Subduing School was very powerful, he had exterminated both Han Kang and Feng Quan outside, so the big shot did not say anything, he just watched as Chen Xiang walked towards the seat of the Prince Imperial Dragon.

Han Kang, Feng Quan, and Ling Feng were already absent, so they only had three empty seats at Prince Imperial Dragon.

The Prince Imperial Dragon sat gracefully as he read his book, but his entire body still carried a tyrannical aura. His dazzling golden dragon robe made Long Xueyi despise him ruthlessly within the ring.

Behind Prince Imperial Dragon, there were two other people. They were two tall and sturdy men with powerful facial features, their bodies overflowing with dragon Qi. One look was all it took to tell that they were two dragons, but they were only the followers of Prince Imperial Dragon! Many of the Great Leaders could see that the two Dragons under his command were much stronger than the Prince Imperial Dragon. They were in charge of protecting the Prince Imperial Dragon.

"There are three spots!" Chen Xiang smiled slightly.

Only the big shots could sit on their seats, the three men from Dragon Subduing School actually wanted to take all three seats, how tyrannical was that.

"Who are you? Do you think you are qualified to sit together with Prince Imperial Dragon?" A big fellow said. His voice was like thunder, shaking the entire hall!

A conflict was about to break out. Everyone stood up and retreated to the side of the gate, lest a great battle be affected!

### [Chapter 1048](#)

Prince Imperial Dragon calmly sat there and read his book. He did not even bat an eyelid, as if the things surrounding him had nothing to do with him, he looked extremely noble. Seeing him like that, Long Xueyi angrily wanted to slap him a few times.

"We are not things, we are here to participate in the Three Realms Talk, but who are you? "What does the matters of humanity have to do with you guys?" Chen Xiang replied calmly.

"You ignorant fool, our Imperial Dragon Race is the strongest of the nine heavens and ten earth. Our Dragon Emperor will soon rule the nine heavens and ten earth, becoming the new Emperor!" The big sized man looked at Chen Xiang angrily.

"Wait until he becomes the new Great Emperor, then we'll see. Isn't he still not here? I am a Leader of the Dragon Subduing School, I have come here to participate in the Three Realms Talk for our own matters!" Chen Xiang said.

"You dare call yourselves Dragons!" The other man laughed loudly. "Have you killed a dragon before?"

"I've killed quite a few. I can't even remember how many dragons I've killed!" His words caused many people to deeply doubt him.

Only Long Xueyi knew clearly that the words of the White Tiger were true. The battle clan of the big white cat was the natural enemy of the Imperial Dragon Race.

"I've killed one too." Chen Xiang laughed, his body trembled, and released a Qi, causing Prince Imperial Dragon's hand to tremble.

"Dragon Slaying Qi!" It is a unique aura that only exists after killing a dragon!" Huang Jintian said. Everyone was shocked, Chen Xiang had really slayed dragons before!

After a slight shock, the man said: "You only killed a few wild dragons, which is far inferior to our Emperor Dragon! "It's nothing!"

Chen Xiang laughed out loud. "So that means, the reason you three Emperor Dragons appeared here is for me to cut them down! "Great!"

After saying that, he sat down on a chair!

"You are courting death if you dare to sit here recklessly!" The man roared and struck towards Chen Xiang with his palm. His arm turned into a red dragon claw and the flames from the Dragon Power were extremely terrifying. The entire hall was suddenly as hot as a furnace.

At the same time, the White Tiger also extended a dragon claw, but it was a black one that was filled with terrifying killing intent. The moment the White Tiger attacked, that killing intent immediately swept away the heat in the hall.

When the white tiger's black dragon claw reached out, it was like a terrifying black hole that swallowed everything. When the fire dragon claw came into contact with the black dragon claw, it was like an ice cube touching a flame, melting instantly!

"How reckless!" The white tiger's dragon claw suddenly grew larger, pressing the burly man into the ground, pressing him into the center of the claw. The burly man didn't even have time to shout before he disappeared!

The other burly man's expression changed! The Prince Imperial Dragon stood up with an angry and shocked expression. He looked at the White Tiger and asked solemnly: "Who are you?"

"The Great Clan Elder of the Dragon Subduing School!" Then, he sat down with Li Baojun.

Now it was Chen Xiang's turn to remain calm as he sat there. Seeing how the White Tiger suppressed the strong, he became even more desperate for power.

Out of the two dragons brought down by the Prince Imperial Dragon, one of them had actually died without even leaving a trace!

Huang Jintian took a deep breath and said: "Just now, it was a very strong Dragon Slaying Qi. This Great Clan Elder of the Dragon Subduing School has indeed killed many dragons!"

"Let the Three Realms Talk begin, I want to see what tricks you all have in mind!" Chen Xiang said, then took out his Green dragon demon-slain broadsword and placed it on the table.

The eyes of many people lit up when they saw the divine blade. They all wished that they could snatch it for themselves.

"This is my Imperial Dragon Race's Divine Weapon, it has returned to its rightful owner!" Prince Imperial Dragon's hand moved like lightning, grabbing towards the hilt, but it caught onto empty air because the Green dragon demon-slain broadsword had instantly disappeared.

Chen Xiang laughed: "I heard that the Three Realms Talk wanted me to hand over the Green dragon demon-slain broadsword. Let me tell you this right now, if you want my blade, you have to kill me first!"

"This blade does not belong to your Imperial Dragon Race. If you want to snatch it, then you should know the consequences." Chen Xiang looked at the book in his hands.

The Prince Imperial Dragon calmed down, then sat down and looked at Chen Xiang and the White Tiger. He now had to look at the Dragon Subduing School from a new perspective, he previously thought that this Dragon Subduing School was just a joke, he thought that he could solve it after bringing two powerful dragons down, but who would have thought that one of them died just now.

Everyone returned to their seats. The strength of the White Tiger had completely intimidated the Prince Imperial Dragon, and the conflict could not occur again. This was because the Dragon Subduing School had complete and total strength to destroy the Prince Imperial Dragon.

"What we are discussing today is the peace of the third region, but this has nothing to do with this dragon. He's not from this world, so it seems like he's here to cause trouble." Huang Jintian said.

"Yeah, just now, they said that they would rule over the nine heavens and the ten earth. Isn't that destroying the peace?" The Patriarch of the Blue Blood Race, Lan Guang said: "This person only wanted to sit down but wanted to take his life.

The Golden Sun Saint Realm Leader was a yellow-haired old man wearing a golden robe. He stood up and said, "The main reason is because of the various powers seizing the territory and resources! Currently, the resources of the Demon Realm and our Human Realm are relatively small, so we need the powers of our Human Realm to give them a fair share.

The patriarch of the Devil Race said: "Although we are a large power in the Devil Realm, we can at most control our own people and not cause trouble. If the other Devil Cultivators do not have the resources to cultivate, and attack the Human Realm, this is not our business."

"Then doesn't the Dragon Subduing School have a dragon vein? That is a super crystal mine!" One of them sneered.

"No matter how big the dragon veins are in my Dragon Subduing School, they are still unable to compare to the mines occupied by your Sheng Domain Family. If we add them all up, the combined strength of your Sparite vein is far greater than the power of my Dragon Subduing School's dragon veins, do you think?" Chen Xiang glanced at that person. It was a member of the Ying Family.

"The Demon Realm does not lack resources, furthermore, half of the Spirit Demons are in our Demon Realm, half of the Spirit Demons are in our Demon Realm, but we do not have any relationship with the Evil Demon, so it is easy for the powerful Evil Demon to incite them, and giving them resources is useless." Lv Qinlian said.

Spirit Demons were more tame and could completely change into a human. Evil Demon was half human half spirit demon.

"Our Chen Martial Continent does not have much resources, we only have enough for ourselves, and we do not plan on seizing other people's land, but right now, some ancient powers are actually occupying land a thousand times larger than ours, so for resources, it's fine if we, the small powers, are unable to protect ourselves, but those ancient powers are the ones who say that!" You guys don't have many people either, so there must be a lot of Sparite vein here. Give some to Devil Realm and the others! " Huang Jintian sighed: "Otherwise, if we fight, Demon Realm and the others would definitely not dare to attack the big powers, the suffering is still just because of us, the small forces."

#### [Chapter 1049](#)

Everyone looked at each other, especially the big shots of the ancient powers. It seemed like they did not plan to help Devil Realm, but they actually wanted to squeeze them out from those small powers.

"Why did Di Tian shatter in the past?" Wasn't that the doing of these traitors? Now it should be up to them to compensate for the losses. Back then, when the Ten Heavens Supreme Lord commanded the nine heavens and ten earth, that was a prosperous and peaceful place! " Duan Kong walked in along with a few other elders of the Duan Clan. There were no seats for them here, as if they had already known that something like this would happen. They actually took out a wooden table and placed it at the entrance.

The Duan Clan was also a Tong Tian Aristocratic Family. Although they were a thorn in the eye of many ancient powers, they could not deny their strength and their understanding of that piece of history.

"Right now, these traitors are beginning to occupy the land, all so that after Di Tian forms himself, they can establish themselves as kings. At that time, even if some Imperial Dragon Race's Dragon Emperor appears, they won't be able to be cured! They also had even crazier ideas, such as using that Sacred Sacrificed Alter or whatever it is, to open up passages leading to other worlds and bring some powerful guys over here. "

Duan Kong's words made many leaders of small forces feel threatened. If these ancient forces were to do this, how would they, these small forces, be able to survive?

"The Sacred Sacrificed Alter is the only way to settle the peace in the Three Regions! I admit that our ancestors wanted to use the Sacred Sacrificed Alter to bring about destruction to this world, but now, if we want to resolve the conflict between the three realms, we have to go through the Sacred Sacrificed Alter! " The Qin family's heavyweight said.

"Oh? Why didn't you take out some Spirits and give them to the Demon and Devil Realms? Instead, you have to rely on the Sacred Sacrificed Alter, who knows what the hell you are doing!" Duan Kong said.

Chen Xiang did not interrupt him when he finally mentioned the Sacred Sacrificed Alter. Although he had always been calmly reading books, when Duan Kong mentioned the Sacred Sacrificed Alter, he was slightly moved. It was obvious that he understood the situation in the Sacred Sacrificed Alter very well.

"Sacred Sacrificed Alter can open a path towards a place where our ancestors stored resources. At that time, they knew that Di Tian was going to be destroyed, so they placed most of Di Tian's resources at that place. However, there are some people who want to destroy that Sacred Sacrificed Alter." An old man said, and looked at Chen Xiang.

The fact that Chen Xiang used the Primal Chaos Dragon Curse to attack the Sacred Sacrificed Alter was confirmed by everyone, although no one saw him do it at the time.

"This fellow is really patient. He actually didn't ask me about the chaos dragon curse!" Long Xueyi was talking about the Prince Imperial Dragon, so she was thinking about how she should fight with him.

The White Tiger said, "You are certain that the Sacred Sacrificed Alter has a lot of cultivation resources, and not just a few powerful Holy Demons!"

The white tiger's words made many big shots tremble, even Prince Imperial Dragon's face changed.

"According to what I know, the Sacred Sacrificed Alter is not a good thing. It is indeed a switch that leads to some dimensions!" The White Tiger had already displayed its strength just now, so many people believed his words.

Duan Kong laughed coldly: "Do you need a very powerful energy to open that Sacred Sacrificed Alter? You said that there are a lot of resources inside, and you said that when we go in later, you might be able to kill us or seal us inside. You ancient powers have always been unpopular, so how can people believe you?"

"We do need to take out some very important things, but there are a lot of cultivation resources inside. We can swear with our blood, that when it comes to the matter of the Sacred Sacrificed Alter, we will not use any means." The Jin Yang Sheng's big brother said.

Now that the White Tiger was here, they didn't dare to play any tricks. Furthermore, their tone of voice had become much softer.

"You have to swear a blood oath, and you have to walk in front!" Huang Jintian pondered for a moment, before replying.

Then, he sent a sound transmission to Chen Xiang: "Brat, that Sacred Sacrificed Alter can open a door to another space. If they promise, we can give it a try!"

Some of the powerhouses were currently discussing with others in secret.

"Senior, if there really is a Saint Devil or something like that, can you handle it?" Chen Xiang secretly asked the White Tiger.

"No problem, I can now control the Laws of Darkness, my strength has increased by a lot!" However, these traitors cannot be completely trusted!" The White Tiger said.

If the Three Regions matters were not resolved, the war would break out again soon. When the time came, the only thing the big heads could do was massacre the enemies, especially the Devil Realm, who was lacking in resources. The Evil Demon was too savage, and so the big heads could only barely suppress the Devil Cultivator and the other Evil Demon.

Everyone discussed secretly, and finally reached an agreement. They decided to open up the Sacred Sacrificed Alter, and go to that place that stored a large amount of resources.

It was impossible to get the big forces to divide the Sparite vein they occupied, and those small forces couldn't do anything to them either. Thus, they could only use this method to compromise, and when they reached that place, they could only rely on their own abilities to obtain the resources.

In order to pacify the unstable groups, the big shots of the Demon and Devil Realms had to return to the Demon and Devil Realms and have the leaders send some of their men out to the world to take their resources. And they would go for a period of time as well, because according to the ancient powers, there were a lot of resources stored inside.

In addition, the various forces had also informed some of their disciples that they would bring them there.

In order to avoid too many people and also having a limited number of people, each force could only send ten people. Even so, all of the participating Three Realms Talks were very scary, but the majority of the powerhouses were the Demon and Devil Realms, because they lacked resources.

The agreement to meet in three days at Sacred Sacrificed Alter would be over immediately, and the ancient powers would go and arrange things, because they had sent the strongest big shots to lead the group of people there.

The Prince Imperial Dragon actually wanted to go as well, but the ancient powers did not stop him. After all, he was from the Imperial Dragon Race, and in the future, he might even become a Dragon Emperor.

Chen Xiang and Prince Imperial Dragon did not clash as expected, they left the moment the meeting ended. However, everyone knew, Prince Imperial Dragon would definitely not let Chen Xiang go, but if he angered Chen Xiang, Chen Xiang would not let him go either.

"It's enough for the three of us to go. If that world is in danger, it'll be easier for the three of us to deal with it." The White Tiger tasted the fruit juice Li Baojun made, "The other powers will definitely bring some juniors over!"

"When we left, we had already arranged matters for the Dragon Subduing City, and this was also a chance for those little fellows to hone themselves." Li Baojun said.

"With Bai Zhan there, they will be safe." The White Tiger was extremely confident in this White Tiger Fighting Race's Patriarch. If Bai Zhan was not able to deal with it, he could send out the entire White Tiger Fighting Race!

[Chapter 1050](#)

Three Realms Talk was not finished, and was just using another method. If the world that Sacred Sacrificed Alter leads to is not solved, then the three realms would still be in trouble in the future.

Although Chen Xiang had only passed through the Four Nirvana Tribulations, his strength was already shocking to the point of being unparalleled. Adding on the power of the mysterious Great Clan Elder, it made the entire Dragon Subduing School stronger, causing many people to ask about how to join the Dragon Subduing School.

Heaven Thunder City did not immediately calm down. Originally, many people thought that once Three Realms Talk's meeting ended, it would become very quiet, but suddenly there were sounds of fighting coming from outside the city. The location of the battle was extremely far from Heaven Thunder City, but the energy fluctuations that exploded out shook the ground and caused Heaven Thunder City to sway slightly.

What was worth noting was that the aura was a Dragon Qi that many big shots were very familiar with, it erupted using the powerful Dragon Power. At the beginning, many people thought that it was Chen Xiang and Prince Imperial Dragon fighting, but in reality, it was not, someone else fighting the Prince Imperial Dragon!

"This direction seems to be towards the Sacred Sacrificed Alter. Why is the Prince Imperial Dragon going there? The time to open the Sacred Sacrificed Alter is not up yet!" Chen Xiang said as he followed the white tiger and Li Baojun to Sacred Sacrificed Alter.

At that moment, they did not need to change their appearances. With the deterrence from the White Tiger before, no one dared to look for trouble because that would mean they were courting death.

The Sacred Sacrificed Alter was protected by a few dozen experts from ancient powers, and not far away from the Sacred Sacrificed Alter, Prince Imperial Dragon, who was dressed in a golden dragon robe, was currently fighting with a burly man who was completely naked.

His upper body was shining with a golden radiance, making him look like a golden man made of gold. Suddenly, his muscles contained a terrifying and mysterious power, and a violent aura gushed out from his pores one after another, forming a layer of radiance that shrouded his body.

The Prince Imperial Dragon was very refined compared to the big sized man. The big man's attacks were very violent, his pair of thick and long arms were like two terrifying giant golden hammers, smashing towards the Prince Imperial Dragon quickly and fiercely. Although it looked like he was using brute force, if one looked carefully, this kind of chaotic attack was able to suppress the Prince Imperial Dragon a little.

Of course, the real strength of the Prince Imperial Dragon was when he had turned into a dragon. In his current human form, his power was not very strong.

"Why is the power used by this big guy so familiar?" Suddenly, the image of a bald youth appeared in Chen Xiang's mind!

"Great Strength Race's! Although the Prince Imperial Dragon has not used his own strongest power, this Great Strength Race is still useless. "

Hearing the White Tiger's words, Chen Xiang nodded his head, Xiao Chou was his disciple, the last time Xiao Chou used a move that was extremely strong, he had become a huge giant!

If the Prince Imperial Dragon became a dragon, then the big size man from the Great Strength Race would also become a giant, and their strength would also be comparable.

At this moment, there weren't many people spectating. Many powerhouses had returned to arrange matters, and only a few rogue cultivators with great strength were allowed to spectate.

"As far as I know, the Great Strength Race has always been very ununited. If the Great Strength Race was united, then this would be a very powerful force." Li Baojun said.

"The matters of the Great Strength Race are also very mysterious. Although this group of people are very good at fighting, they aren't stupid at all, and many powers have looked down on their unity for many years. But you all should know, among all the human races, the Great Strength Race is still very strong." The White Tiger said.

Chen Xiang had asked Xiao Chou about some things related to the Great Strength Race before, but Xiao Chou did not say much. However, Xiao Chou had still revealed a lot about the Great Strength Race. For example, the Great Strength Race had once gathered once, maybe they had already gotten back together.

"Great Strength Race and Imperial Dragon Race have always had a grudge, I wonder what kind of grudge is this?" The White Tiger actually didn't know about this matter.

When Chen Xiang was fighting with Xiao Chou before, Long Xueyi had also mentioned this matter.

"This grandson shouldn't know anything about the chaos dragon curse!" Long Xueyi suddenly said.

"Why do you say that?" Chen Xiang asked.

"The Primal Chaos Dragon Curse can only be inherited from the Emperor's Mandate when a dragon is born." Long Xueyi said complacently: "But this grandson's dad definitely knows how to use the Primal Chaos Dragon Curse, otherwise he wouldn't dare to call himself Dragon Emperor."

"You can pass it on to me, but can't his father pass it on to him?" Chen Xiang looked at the fighting Prince Imperial Dragon in the distance. This Prince Imperial Dragon was indeed very strong, he felt that he was still a distance away from the Prince Imperial Dragon.

"Then the meaning is different. I was born to understand it! That's why he came down to investigate. If he could kill that dragon, then he will be able to sit firmly on the throne in the future." Long Xueyi snorted: "Wanting to kill my future Heavenly Dragon Supreme Lord, this grandson is still too tender!"

Chen Xiang really wanted to let Long Xueyi out right now and let her have a fight with Prince Imperial Dragon. He wanted to see just how strong Long Xueyi was and how he would call Prince Imperial Dragon his grandson.

The attack of the naked man was extremely fierce, but it was clear that he did not plan to fight Prince Imperial Dragon to the death. Both sides had kept a hand in the fight, and now they were only testing each other's strength, but the scene of the battle was extremely shocking.
