

Dan God 1051

[Chapter 1051](#)

Everyone was just enjoying themselves, but Prince Imperial Dragon and the Great Strength Race stopped. They looked at each other with calm eyes, as if they had no hatred in them at all.

"There are very few Great Strength Races in the Heaven Realm. I never thought that I would meet such an outstanding Great Strength Race here. If I have the chance to try again, you and I both know that we can't just go all out and fight them." Prince Imperial Dragon said lightly.

"That's right!" The man nodded.

"Why don't we go into the city and have a drink?" Looking at him, he seemed to be intending to befriend this young ranker from Great Strength Race.

What surprised Chen Xiang was that the burly man from Great Strength Race had actually left with him.

"Haha, this grandson's mastery of Heavenly dragon seal is not good, otherwise he would not have used Dragon Flash Punishment just now, maybe he only mastered this!" Long Xueyi smiled proudly from within the ring.

"What's so funny about that?" Chen Xiang said as his mouth twitched. He knew that the Prince Imperial Dragon would come looking for him sooner or later, because he knew the Primal Chaos Dragon Curse and the Heavenly dragon seal, and he also had the Green dragon demon-slain broadsword. Furthermore, the White Tiger had killed one of his followers.

As the son of the Dragon Emperor, he doesn't even have the memories of a Heavenly dragon seal. And this was even taught to him by his father, but he has it since the moment I was born. Long Xueyi laughed.

The White Tiger shook its head: "What exactly is going on with this little demon from Great Strength Race? has always had enmity with him, I can't forget it wrong! "

"What's that?" Maybe something happened in Great Strength Race, and I plan to reconcile with him, but there's a high possibility that I'll submit to him! " Li Baojun said as he flew towards the Heaven Thunder City.

"Looks like Great Strength Race is going to intervene in this matter. That fellow from before could only be considered a junior in Great Strength Race, and the old one should be in Heaven Thunder City." The White Tiger said.

When he returned to the Heaven Thunder City, Chen Xiang saw the big sized man who was fighting against the Prince Imperial Dragon. He had changed into a set of extremely clean black clothes, looking like he was rich.

"You are Xiao Chou's master?" The big sized man looked at Chen Xiang and asked coldly.

"That's right?" "What's wrong?" Chen Xiang never thought that this big sized man would actually look for him.

"It's nothing, Xiao Chou said before that you are the strongest human among the young generation, I will definitely kill you! Because you are Xiao Chou's master, people of our Great Strength Race cannot have a human master. Furthermore, I want to obtain your Green dragon demon-slain broadsword. "

Hearing that, Chen Xiang clenched his fists tightly, and was about to attack! However, the people of Great Strength Race had no intention to fight him, and turned to leave.

"I am Xiao Long. I'll give you a little more time to raise your strength to my level. I don't want to kill you so easily!"

Chen Xiang sighed slightly. The people of Great Strength Race were extremely arrogant, he knew that Xiao Chou was the same as the others.

"This guy belongs to the Great Strength Race, but he has the Imperial Dragon Race's bloodline. What's going on?" He had also noticed it just now.

A Great Strength Race with the bloodline of a Imperial Dragon Race! Chen Xiang and Long Xueyi were both shocked. If this was the case, then this Xiao Long must be very strong.

"Damn it, that little bastard Xiao Chou took me as his master, why did he kill me?" Chen Xiang scolded in a low voice: "But it's fine too, looks like Xiao Chou did not do well in Great Strength Race. It's all because of this reason that I killed him, and let Great Strength Race and the rest see him."

"Hmph, those fellows from the Great Strength Race are becoming more and more unyielding. Besides having an arrogant mouth, it's just a fart! Have they forgotten how the Sacred Dragon lineage suppressed them back then? I never thought that Great Strength Race and I would have a secret relationship, could it be that we have to lower our heads to Imperial Dragon Race? " Long Xueyi said in disdain, "Little scoundrel, why don't this Dragon Emperor take action and deal with both this Prince Imperial Dragon and this Xiao Long!"

"The one being challenged is me, don't cause trouble!" Chen Xiang didn't care about Xiao Long at all, but he was more concerned about Prince Imperial Dragon because Prince Imperial Dragon knew how to win over people's hearts. He was worried that it wouldn't be long before Prince Imperial Dragon established a very powerful force in Di Tian.

It was already very difficult for Heaven Realm to come here, but Prince Imperial Dragon didn't need to use Nirvana Doom, so they could stay here for a long time. However, Chen Xiang was different, after crossing the Nine Nirvana Tribulations, he would level up.

Three days passed by quickly, and those that participated in the Three Realms Talk had already arrived at the top of Sacred Sacrificed Alter. Other than that, there were also a few leaders of some small forces in the Demon and Devil Realms who brought some strong subordinates.

Each power could only send ten people, and most of the ancient powers could only send ten people. On the other hand, those who were familiar with Chen Xiang were somewhat surprised, especially Gu Dongchen and the others. However, Huang Jintian and the other Chen Martial Continent s could only bring two people with them.

That place was unknown how dangerous it was, and Yun Xiaodao and the others had better places to cultivate. Chen Xiang did not want to bring them to danger because they were, after all, one of the few people in the Dragon Subduing School.

Great Strength Race's Xiao Long also came. He followed a tall and big old man and their team also had ten people.

What surprised Chen Xiang was that the Prince Imperial Dragon was actually able to gather all ten of them. Other than him and his follower, the rest were eight burly men who looked like eight dragons.

Sacred Sacrificed Alter was extremely huge, and even if a lot of people were to stand on it, it would not be crowded.

"We've already obtained the offerings. Right now, all we need to do is to release our powers together and activate the altar's powers. We can open a Space Gate and head to the place where our ancestors stored a large amount of Di Tian's resources." An ancient power's leader said.

In the middle of Sacred Sacrificed Alter was a big pit, those ancient powers had all thrown a few living fierce Evil Barbarian beasts, there were a lot of of them.

"From now on, everyone just needs to release their own power. The Sacred Sacrificed Alter will absorb your power by himself, and then open the Space Gate!"

Heaven Thunder City had already been temporarily sealed off from the city, so no one was allowed to go near. Otherwise, they would be affected or even killed by the power of the altar.

Everyone held back a little, as they did not release all of their power in one breath. However, this also caused the Sacred Sacrificed Alter to flash with an extremely strong light, and from there, a black spatial gate appeared above the Sacred Sacrificed Alter.

"That's enough, there is also a Sacred Sacrificed Alter in that world. When the time comes, we will use the same method to return." According to the agreement, the first to enter was An Xin's ancient faction, they were leading the charge.

[Chapter 1052](#)

Only after the ancient factions had all entered the Space Gate did everyone begin to fly up into the sky. The Space Gate was getting smaller and smaller as well. If they didn't hurry up, then it would close.

In order to not miss the opportunity, everyone increased their speed and entered the spatial gate. Not long after, there was no one above Sacred Sacrificed Alter.

After entering the spatial gate, everyone landed on a very dilapidated Sacred Sacrificed Alter. This Sacred Sacrificed Alter was the same as the previous one, only the one here was very shabby, covered with weeds and covered with vines.

Everyone looked up at the sky. It was no different from Di Tian's, surrounded by mountains. However, what they were looking at was not spiritual energy, but Immortal qi!

Even though it was very thin immortal energy, it caused many old fellows from ancient powers to be extremely excited. They thought that it would take a very long time before they could absorb this familiar immortal energy!

"It's actually immortal qi. Could it be that because of the abundance of resources in this space, it evolved into a higher grade space?" A person said excitedly.

"It's immortal qi, but this place is relatively sparse. I think this place is similar to the Heaven Realm, there should be places with dense immortal qi, maybe all of these are Spiritual crystal!"

Chen Xiang's expression was solemn, because he felt that this place was extremely familiar. Many people noticed his expression, and he suddenly looked towards the big shots of the ancient powers.

"What's wrong? Dragon Subduing School of the Dragon Subduing School!" An old man said, "We aren't lying to you, right? What kind of expression is that?"

Chen Xiang shouted. "You bunch of bastards, this is the Sacred Dan Realm, you have the resources, but you have to be able to snatch away the Alchemist here!"

When they had just arrived here, Chen Xiang, Long Xueyi, Bai Youyou and Su Meiyao were all very surprised. It was because the immortal energy here gave them a very familiar feeling, and also gave them a certain degree of gravity.

"This... Impossible, how could this be a Sacred Dan Realm?" An old man immediately retorted, "This world was created by our ancestors to store the resources on top of Di Tian, who is about to be destroyed!"

Chen Xiang originally thought that he would be very strong when he returned to the Sacred Dan Realm, but he never thought that he would actually come here in such a manner!

That's why the Sacred Dan Realm is the heaven of the Alchemist. I came here once before, I can't be wrong! Chen Xiang laughed coldly: "If you don't believe me, go out and ask a few people!"

Chen Xiang had actually come to the Sacred Dan Realm, how did he do it? Many people now believed Chen Xiang's words!

"There's no need to look for him. Someone's coming. A lot of them. They're very strong!" The White Tiger suddenly said, "These people are here in full fury. I think it's best for us to run!"

Many of them were relieved to see the Great Clan Elder, Dragon Subduing School, but now that the White Tiger had said such words, everyone's faces immediately changed!

"Elder Sister Meng'er... If you are separated, you will find a place called Zi Lan Mountain Valley. The Valley Master's name is Yan Zilan and is very famous in Sacred Dan Realm. This Sacred Dan Realm is not simple, in the past I caused a lot of trouble here, and caused a lot of trouble! "But those guys probably thought I was dead, but now ..." Back then he had passed his skills to Yan Zilan, the Zilan Immortal Fairy, telling her to walk less of the detour in the divine way, so Yan Zilan would definitely help them.

"Little Scoundrel, you have to take care of yourself! Since you have already grown to such a stage, I am very happy for you, but I am also very worried for you!" Liu Meng'er sent a sound transmission to Chen

Xiang. She had long anticipated that Chen Xiang would do something, but she had not expected it to be like this.

An extremely terrifying aura came from all directions, followed by a dense crowd of people. The strength of these people were uncertain, and it was obvious that they had been guarding this place for a period of time. Otherwise, they wouldn't have arrived so quickly!

This Sacred Sacrificed Alter was surrounded by tens of thousands of people, when Chen Xiang first came to the Sacred Dan Realm, he did not have a complete understanding of the Sacred Dan Realm. Even the strong warriors at that time did not know everything about the Sacred Dan Realm, but the people who surrounded the Sacred Sacrificed Alter, were mostly strong, and now everyone understood why the White Tiger said that he wanted to run!

"We came from Di Tian ... Everyone, we have no enmity with you!" An elder from an ancient faction hurriedly said.

"As long as it's someone from here, we'll kill them!" An old man from the Sacred Dan Realm shouted.

Chen Xiang hurriedly sent a sound transmission to Huang Jintian: "Master, if you don't understand the Sacred Dan Realm, after you scatter, go find an old man called Du Hai, he is a person from the Du Family, it should be very easy for you to find his residence!"

At this time, the people of Sacred Dan Realm had already rushed over!

"It's Chen Xiang!" An old man suddenly shouted.

"As expected of this guy, he has been wanted by the Sacred Dan Realm for many years, I never thought that he would appear now, he has seven Chaos Fire Token, quickly catch him!"

"There's also a bottle of Holy Water of Qianyang!"

"Capture him and we can obtain five trillion Spar s and a hundred thousand kilograms of immortal jades!"

The people from the Sacred Sacrificed Alter were all shocked, they never thought that Chen Xiang could actually stir up such a big commotion in the Sacred Dan Realm.

"You bunch of bastards, all of you were played by the Chaotic Mountain." Chen Xiang picked up the Green dragon demon-slain broadsword and slashed at the group of people rushing over, causing a wave of Dragon Power to surge out like a tidal wave, it struck towards the group of people and instantly swept them off the ground!

"It's the Green dragon demon-slain broadsword!"

Chen Xiang coldly snorted, "If you want to capture this father, all of you are too inexperienced!" As he said that, he rushed into the crowd and ruthlessly slashed a few times. Using the extremely powerful Dragon Power and the Green dragon demon-slain broadsword, he set off waves of energy that swept away those who did not have much strength.

"Chaos Fire Token is the Chaotic Mountain's most precious treasure. Since you stole seven of them, now is the time for the items to return to their rightful owner." An old man suddenly appeared behind him, emitting an extremely terrifying aura. It caused all the ancient powers' giants to be shocked.

"Old guys from the Chaotic Mountain, the Chaos Fire Token is not yours. You were only worried about being killed by the Chaos Fire Token, so you didn't allow anyone to obtain the Chaos Fire Token!"

Chen Xiang immediately took out two Chaos Fire Tokens and released a silver flame to protect his body. The old man from Chaotic Mountain originally wanted to give him a slap, but after seeing the silver flame, he immediately retracted his hand, his face filled with fear.

Right at this time, Chen Xiang stepped on the Shrinking step, and ran towards a distant mountain.

"Disciples of the Chaotic Mountain, listen to my orders. Disregarding everything else, I will pursue and kill Chen Xiang with all my might!" The old man shouted angrily, and tens of thousands of people immediately flew towards Chen Xiang, their shouts earth-shaking, extremely shocking.

[Chapter 1053](#)

Until now, Chen Xiang had already assimilated three Chaos Fire Tokens. It was probably because of this that he was able to see that the group of people just now were all from the Chaotic Mountain. It was just that he did not expect that if he ran, he would lure all the people from the Chaotic Mountain away.

Hearing the words Chaos Fire Token, the White Tiger's body trembled. He did not think that Chen Xiang would actually get seven pieces, he seemed to know about the Chaos Fire Token's situation.

"Leader has left!" Li Baojun sighed: "Being able to come to Sacred Dan Realm is also not bad, this is Alchemist's holy realm."

Chen Xiang had just told them that they could go find Du Hai, the Dan Immortal, and settle down.

The White Tiger had already heard from Chen Xiang that there was a Starry Sky White Tiger Race in Sacred Dan Realm, so he planned to look for him himself now.

"Sacred Dan Realm, they seem to be using Spar as well. That brat probably bought quite a few high levelled pills here and then went back to scam others." Huang Jintian looked at Gu Dongchen and asked: "Have you brought enough Spar with you?"

Yao Shumei said: "I hope that we can find some undiscovered mines here."

"If not for Chen Xiang, we would have attacked them just now. Those fellows are very strong!" Lv Qinlian looked around: "I do need the resources in this place, but if I want to obtain them, it will be difficult!"

"We can't go back for now, let's get familiar with this Sacred Dan Realm first!" An ancient power's leader said.

"We'll gather here again ten years later. Take care, everyone. We'll be leaving first!"

Soon after, those ancient powers all went their own ways. They all went their own ways in order to avoid fighting over good things when they were together.

"Elder Li, I have some private matters to attend to!" He wanted to find Bai Xing.

"En, I also want to walk around here alone. I want to see how the Alchemists are like!" Li Baojun nodded.

The White Tiger and Li Baojun also left. The other small powers were discussing about the alliance, but at this time, another group of people rushed over. There were even more people than before, as many as a hundred thousand people!

"Damn, this Sacred Dan Realm is too unfriendly!"

Everyone saw that the other side had so many people, and all the Rankers had already left. They all flew away from the Sacred Sacrificed Alter, and in an instant, all of them scattered.

"Big Bro ran off by himself again. I wonder how he'll fare in the future!" At this time, she, Xue Xianxian and Wu Qianqian were walking behind Liu Meng'er, and behind them were Dongfang Xinyue and Hua Xiangyue. The few girls were in a forest, because Hua Xiangyue had said that there might be spirit medicine inside.

"You have to follow this kid. At the very least, you have to have the strength of the Great Elder beside him. Otherwise, you won't be able to deal with the enemy he is facing." Liu Meng'er sighed, not mentioning Leng Youlan, even she was not strong enough.

"Elder Brother Xiao Xiang is like this, it's not like you don't know!" Xue Xianxian did not mind, as she was completely at ease with her husband.

"We should discuss our next plan!" Dongfang Xinyue said. At this time, he and the other girls had all changed into suits that were convenient to move around.

"I will first search for spiritual medicine here, then leave this place and inquire about a place called Zi Lan Mountain Valley. That kid told me that I can find an acquaintance of his there!" Liu Meng'er said.

"Is it a woman?" Hua Xiangyue asked.

"Yes sir!"

The girls were silent. Other than Leng Youlan and Dongfang Xinyue who didn't really care about this, they secretly cursed in their hearts.

"I've finally found you!" Lv Qinlian brought two mature and seductive women, falling from the sky and stood in front of Liu Meng'er and the others.

Yao Shumei also appeared along with her. She had a very good relationship with Lv Qinlian, and she only brought one person.

"We're all girls, let's be together!" Lv Qinlian chuckled, and came to Liu Meng'er's side.

"En!" Liu Meng'er and the others knew that this Demon Empress was not bad, and her strength was also strong.

Yao Shumei looked at Xue Xianxian and laughed: "The man in your family is really powerful, he can even provoke trouble in Sacred Dan Realm, and it seems that he has provoked a very powerful force!"

Xue Xianxian stuck out her tongue, and laughed: "I have long gotten used to it!"

Within this group of ten or so ladies, they were searching for spiritual medicine in the forest. What surprised Hua Xiangyue the most, was that Lv Qinlian's ability in finding spiritual medicine was also very brilliant, and he had a good understanding of spiritual medicine.

On the other side, Huang Jintian brought Gu Dongchen and Wu Kaiming, as well as two elders from Peach Island, and entered a stone mountain.

"Luckily that kid didn't bring my son." Lian Yingxiao said.

"Old Lian, why are you so concerned about your son? I remember that you had a huge conflict with him in the past!" Gu Dongchen was completely puzzled.

"Because Ming Dong is more promising, he's the one that I'm more satisfied with!" Lian Yingxiao curled his lips and said: "You don't have a son, so you won't understand!"

Huang Jintian looked at the tall and big stone mountains around him. "To be able to come to a high realm that I'm not familiar with, is truly exciting!"

"Martial Ancestor, even if you are excited, don't bring us down a path of death!" Gu Dongchen anxiously said.

"Don't worry, let's do some calculations. We won't die so soon!" Huang Jintian laughed, right after he finished speaking, a terrifying beast roar came out, the rocks suddenly exploded, and dozens of gigantic black bears appeared.

Seeing these black bears that were as big as mountains, Gu Dongchen wanted to curse out loud.

"What are you all still standing there for? Hurry up and run!" Huang Jintian shouted, as he ran far away.

Wu Kaiming and the others were cursing in their hearts as they ran. They were supposed to be showing off their skills but who knew they could run so fast?

... ..

Chen Xiang stepped on the Shrinking step as he brandished his blade and attacked a few people behind him. When he felt that it was about time, he used the power of the spatial laws and used all his strength to allow himself to travel through space. In an instant, he disappeared and arrived beside a large river.

"This is troublesome, I did not expect to come to this damned place, the strength of Chaotic Mountain's group is truly terrifying." Chen Xiang laid in the river, looking at the white clouds in the sky, he laughed: "Luckily these guys are very afraid of the Chaos Fire Token's flames, with my current strength, I can use these fire tokens to release quite a lot of flames."

"After the traitors took all of Di Tian's resources, they all hid in this place. In that case, there must be treasures here. I think those ancient powers knew where the treasures were, but they didn't say anything!" Su Meiyao said.

"That's right, maybe they all have treasure maps left behind by their ancestors! In the end, they were still tricked by this group of people. However, it doesn't matter, they will definitely anger many powers. When the time comes, perhaps even they won't be able to return to Di Tian." Chen Xiang said.

[Chapter 1054](#)

Chen Xiang no longer had Luotian Gate s, otherwise he would have been able to teleport there. However, based on his experiences in the Sacred Dan Realm, this place should be on the tenth floor of the Sacred Dan Realm.

The terrain of the Sacred Dan Realm was like a ladder, the highest eighteenth floor was the strongest, and the gravity was also very strong.

"When Di Tian was about to break up, those traitorous powers definitely plundered the most precious resources. Thus, there weren't too many of them. I think they should hide these things together!" Bai Youyou said: "Especially Immortal jade Spiritual crystal, if you store them all in one place, the more the better. It can even improve the quality. If it's a strange plant, it's the same. "

"That's right. Only if they join hands can they create a powerful array formation to protect those things!" Su Meiyao also agreed.

"Forget it, I'll go to the highest levels first. There must have been some huge change in the entire Sacred Dan Realm! In the past, there wouldn't be this many people coming out from Chaotic Mountain, but now, there are tens of thousands of them, and I feel that the Chaotic Mountain has already ruled over the entire Sacred Dan Realm.

Chen Xiang took out the Chaos Fire Token. These Chaos Fire Token were related to the Primal Chaos world, and Long Xueyi had said that the ancient books of her Imperial Dragon Race recorded that the people inside those Chaotic Mountain s could very likely be from the Primal Chaos Clan.

"I want to go to Heaven Sacred City to find an old acquaintance!" Chen Xiang used a transformation technique, changing his appearance to that of a middle aged man, concealing his presence, and then leaped into the air, stepped on the Shrinking step, and rushed towards the top of Sacred Dan Realm.

The Heaven Sacred City was a large and important city in the eighteenth floor of the tower. He might be able to find Yan Zilan there, but Yan Zilan had already announced that he would cultivate in seclusion.

"Chen Xiang, don't even think about escaping!"

Chen Xiang suddenly heard a familiar voice sound out from behind him, and started to secretly curse in his heart. The person who had arrived was actually the Prince Imperial Dragon, and other than that, there were also his followers and the eight dragons!

"And the Great Strength Race, they're actually together!" Chen Xiang was shocked, he immediately rushed down into the forest, he alone could not face so many experts.

"Are you going to use the Chaos Fire Token?" Chen Xiang started to run in the forest, waves after waves of terrifying power continued to descend from the sky.

"Best not to use it, don't forget that the reason you were able to fuse with Chaos Fire Token back then was probably because of the dragon blood. If it wasn't effective on those dragons, it would be hard for you to escape. Long Xueyi said.

"How did these guys know I was here?" Chen Xiang had already activated his Water Escape Technique to allow himself to escape from the ground and appear on the large river.

Right now, he had to return to the first floor, where a piece of Immortal-poisoning Devil Forest was the safest.

"I remember now, there is a treasure in the Imperial Dragon Race that was specially used to search for Green dragon demon-slain broadsword s. It was refined by some old dragons in order to recall their Green dragon demon-slain broadsword s. As long as it is within a certain range, they can sense the direction!" Long Xueyi said: "You have fused with the Green dragon demon-slain broadsword, I am afraid you will not be able to avoid the reaction of the treasure, this is truly troublesome!"

"How many areas are there within a certain range?" Chen Xiang also felt a headache coming on. He stepped on the Shrinking step on the surface of the river and followed the flow.

"I don't know, but it will take a lot of energy to use that magical equipment. As long as you break that magical equipment, they won't be able to track you." Long Xueyi thought for a moment, then said: "Only dragons can use that treasure, it's mainly used to absorb Dragon Power, if you see anyone holding that treasure, you can follow that treasure and absorb its energy, and just pour that into your Dragon Power!"

"But that magical equipment is pretty powerful, it's not easy to explode, even if you and my Dragon Power combined can't!"

"They're chasing again, they're really fast!" Long Xueyi said: "Use all your strength to run. When we have the chance, kill them all."

Fortunately, Chen Xiang still had some understanding of the Sacred Dan Realm, so he ran towards the first floor. As long as he went to the Immortal-poisoning Devil Forest there, he would be safe.

"If I had known this would happen, I would have brought the big white cat with me!" Long Xueyi said with regret.

"No, with a White Tiger, his identity will be exposed sooner or later. When that happens, who's strong enough to know where the White Tiger is? Not only us, but also the White Tiger." Chen Xiang said. He had already heard from Chen Xiang that the White Tiger could not easily reveal his identity.

The Sacred Dan Realm was a high level world. The experts that Chen Xiang had met last time were not the strongest here, because it was said that there was a Pill Saint in the Chaotic Mountain. If there was an existence of this level, there was a high chance that there would be a Saint who was mentioned by the White Tiger!

Prince Imperial Dragon and the others chased very closely, they were all very strong, so even if they had been chasing for many days, they would not get tired. That was why they dared to do this, seeing that Chen Xiang did not have the White Tiger by his side.

Chen Xiang had been chased for a few days, and had finally reached the first level, and even entered the Immortal-poisoning Devil Forest!

"Your Highness, the poison in this forest is very powerful. If I'm not mistaken, this forest was once stained with the dragon's blood! It is very likely that the missing Poison Dragon died here!" The follower came out from Immortal-poisoning Devil Forest with a trace of fear.

The Immortal-poisoning Devil Forest was shrouded in poisonous miasma, all of the flowers and trees inside carried poisonous miasma, if the strange flowers and plants inside were not poisonous, then it meant that these strange plants were extremely powerful, and had the ability to resist poison.

"If we want to go in, we'll need to use at least half of our strength to resist the poison, and we can't consume too much of the other half." An old man from Great Strength Race said.

"Let's go, even Chen Xiang can enter, why can't we?" Xiao Long tightly clenched his fists as he looked at the Immortal-poisoning Devil Forest in front of him.

"Lock on to his position. Let's go in together and take him down." Prince Imperial Dragon had already made a decision, they would not give up until this point.

The last time Chen Xiang entered the deeper parts of the Immortal-poisoning Devil Forest, he did not meet any ferocious Poisonous beast because of Du Hai. However, it was different now, and he planned to enter even deeper, where even Du Hai did not dare to enter.

"The Poisonous beast here shouldn't even be afraid of the dragon's Qi, because this place already has a very dense dragon's Qi. If they were to meet a living dragon, I reckon many strong Poisonous beast would be interested in it." Long Long Xueyi laughed.

Only the weak Poisonous beast would be afraid of the Dragon Qi, the strong ones were not afraid, they even treated the Dragon as a delicacy.

The last time he was here, he was already chasing after a dragon with Du Hai. He never thought that it would actually be ten dragons and a group of Great Strength Race chasing after him, which made him feel that it was somewhat funny.

Of course, when Chen Xiang came here this time, he was much more powerful than last time. Furthermore, he had the Shrinking step, which had fused with the spatial Rule spiritual bead, allowing him to have the ability to travel through space.

However, Prince Imperial Dragon and the rest were different. After entering deeper in, the poisonous miasma was even stronger, so they had no choice but to slow down their pace. Right now, they could only find the direction of Chen Xiang through the treasure. They were still far from Chen Xiang, and they still had to rest!

Suddenly, a gust of wind blew from the Immortal-poisoning Devil Forest, turning the poison mist into a poisonous aura. Following that, a thunderous roar that came from a beast the whole day sounded out, shattering a large part of the trees!

"This... A very strong aura! " Prince Imperial Dragon's expression changed slightly.

[Chapter 1055](#)

Chen Xiang was located deeper within the Immortal-poisoning Devil Forest, and the roar from the beast just now had come from there. From the roar from the beast, it seemed to be warning them not to come any closer.

Although Chen Xiang and the Prince Imperial Dragon were quite a distance away from the Poisonous beast, the Poisonous beast could feel the dragon's Qi. With ten dragons approaching at the same time, the Poisonous beast did not want to clash with the dragons, so it gave out a warning.

Even though he knew there was a Poisonous beast in front, Chen Xiang still continued to rush forward. Although that place was dangerous for him too, the more dangerous the place was, the safer it would be at times. At least, if those dragons and Great Strength Race were near, they would clash with that Poisonous beast.

"Keep chasing!" Prince Imperial Dragon considered for a moment before shouting. As a Prince Imperial Dragon, with nine dragons and a few powerful Great Strength Race, how could he be afraid of a wild beast?

In Immortal-poisoning Devil Forest, the green poisonous miasma was denser. After the gust of wind, the green poisonous miasma was like a demon possessed, undulating up and down, flapping its claws and making waves of noises, making this poisonous miasma filled with death forest appear even more eerie.

Chen Xiang's face was gloomy, perspiration trickled down his forehead, and his footsteps became heavier and heavier.

Bang! Bang! Bang!

His heart was beating very quickly. Even though he knew that there was an extremely terrifying Poisonous beast up ahead, he still felt his heart tremble. That Poisonous beast seemed to have the ability to transcend the heavens, as it unknowingly gave off an aura that made people despair, making people feel that the closer they got to it, the closer they felt to death!

"Do you know what's up ahead?" Chen Xiang asked Long Xueyi as he slowed down his speed by a lot.

"I don't know, but I just want you to be very strong. You have to be prepared for serious injuries." Of course, if you are not discovered, then you are safe. " Long Xueyi said.

The Prince Imperial Dragon wore a golden crown on his head, and he wore a magnificent golden dragon robe. His handsome face was expressionless, and so were the nine dragon-shaped men beside him.

"Your Highness, do you really want to continue going in?" Chen Xiang obviously brought us here on purpose, although we do not know what is inside, but their power is extremely terrifying, and it will be difficult for us to deal with them. " A red armored man said. This was a follower Prince Imperial Dragon brought from Heaven Realm.

"You have to go in, you have to use the Earth Shrinking Art together, we have to stop Chen Xiang before he goes in!"

From the moment he had met Chen Xiang, he had always wanted to eliminate Chen Xiang. He didn't know who had passed down to Chen Xiang the divine arts that only Dragon Emperor could learn, but he couldn't allow other than his father, for others to learn the Emperor Dragon Divine Arts.

They stopped, the ten big men formed a circle, with Prince Imperial Dragon and the other Great Strength Race people in the middle.

"Remember to consume a medicinal pill to recover later. The Earth Withdrawal Art will consume a huge amount of energy!" Prince Imperial Dragon warned him, only to see the 10 big sized men shouting, a Array shining with a gold light, quickly spinning, they started to move, in a blink of an eye, they had traveled a long distance.

Chen Xiang who was flying in the air suddenly saw a golden light, and saw a group of people suddenly appear in front of him, it was Prince Imperial Dragon's group.

"It's Ground Withdrawal, why didn't I think they would use this! This is an ability of the Imperial Dragon Race to travel through space. However, the energy consumed is extremely huge and normally requires more than ten people to use it. " Long Xueyi shouted.

"Chen Xiang, you can't escape!" The Prince Imperial Dragon sneered, he transformed into a golden rainbow and rushed towards Chen Xiang, his hand turning into a dragon claw, grabbing towards Chen Xiang's head.

Chen Xiang revolved the power of the spatial laws, took a step forward, traveled through space, and disappeared, leaving nothing behind for the Prince Imperial Dragon.

"I thought I could fight you fairly, but I didn't expect you to be so mediocre as to send a bunch of people to capture me. I've overestimated you!" Chen Xiang's disdainful voice came out, the crowd silently cursed, and actually allowed Chen Xiang to escape just like that.

Chen Xiang had mastered the power of the spatial laws, but just now, he did not manage to release any of his spatial energy, so these people did not know how he managed to escape.

"Keep chasing!" Prince Imperial Dragon's face revealed anger, he shouted and ran towards the direction of Chen Xiang's voice.

"Your Highness ..." The burly man in red armor let out a helpless cry and could only continue to chase after him. One side had to defend against the poison mist, while the other had to use up all their energy to run. If they were to be attacked by the Poisonous beast, they had to defend, it was extremely difficult for them.

However, Chen Xiang was not afraid. His recovery speed was extremely shocking, and with his impenetrable, he was like a fish in water within the Immortal-poisoning Devil Forest.

"Ahh ..." Long Xueyi screamed, "I feel it! No wonder there's such a terrifying fellow here, the dragon pearl of the poisonous dragon that died here is still alive! "

"Could it be that the Poisonous beast in front is absorbing the power of the Poison Dragon Pearl?"

"That's right. Maybe the dragon pearl is too big, and it's not easy to take away, and it contains a lot of energy ..."

Chen Xiang said, "Didn't you say in the past that the more powerful a dragon was, the smaller the dragon pearl? That poisonous dragon is very powerful, so the dragon pearl should be very small. "

"However, the dragon pearl of the Poison Dragon is very special. You must know that even though the Poison Dragon has transformed into a human, he is still a very large giant!" Long Xueyi said: "Legend has it that that guy was born with the Giant Dragon Pearl."

Not long after, Chen Xiang saw waves of red light shoot out in front of him. That dense dragon Qi was extremely demonic, and within the red light there was an extremely strong poison.

Chen Xiang's eyes flashed with a golden light as he activated Chaos Divine Eye and pierced through the thick red fog. As expected, he saw a red bead that was as tall as a mountain in front of him!

"Be careful!" Just as she finished speaking, the ground began to shake.

Once Chen Xiang released his divine power, it covered the area in front of him. He could sense that there was a large group of Poisonous beast approaching him from all directions, as if there were ten thousand horses galloping.

"This is a good opportunity. You can use the Dragon Power inside the dragon pearl to destroy the treasure that was chasing you!" Long Xueyi said.

Chen Xiang once again used the power of the spatial laws and charged through the group of Poisonous beast s, arriving beside the gigantic red dragon pearl.

"It's the dragon pearl of a poisonous dragon! It really is the legendary poisonous dragon!" Prince Imperial Dragon suddenly became excited, but he was extremely worried, because the dangerous aura was becoming denser and denser.

Chen Xiang used his divine power to lock onto the square plate in the hands of a big sized man, which was his tracking treasure. He activated the Devouring magic kungfu, absorbing the Dragon Power inside the huge dragon pearl into his body, and then imbued it into the treasure!

[Chapter 1056](#)

In one breath, Chen Xiang devoured an extremely large amount of Dragon Power, and almost caused the meridians in his entire body to explode.

"One breath!" Chen Xiang shouted. He had devoured a lot of Dragon Power, and it was extremely violent as well, adding the Dragon Power of himself and Long Xueyi, it was more than enough to swallow that treasure.

"This is bad..." The man saw the square plate in his hand tremble and immediately shouted, wanting to put it away.

Bang! Fang Pan suddenly exploded in the big sized man's hands, and at the same time, the group of Poisonous beast s rushed towards them!

"This bastard!" Prince Imperial Dragon reacted and knew that it was Chen Xiang who broke the treasure. If they wanted to track Chen Xiang now, it would be troublesome, since they had to face a large group of Poisonous beast s.

"Beautiful!" Long Xueyi laughed and shouted, "Kill this Dragon Pearl, I feel that the powerful guy is inside this Dragon Pearl!"

Chen Xiang looked at the blood-red, enormous dragon pearl in front of him, and couldn't help but shiver in his heart. The fellow who had made him tremble with fear the entire way, had actually entered this dragon pearl to cultivate.

At that time, everyone thought that he had died, but in the end, the people from Chaotic Mountain found out that the Chaos Fire Token still existed. As long as the Chaos Fire Token was still there, it meant that Chen Xiang was not dead, so they kept bounty on Chen Xiang.

Chen Xiang used his Shrinking step and stepped on the clouds as he ran in the air. Suddenly, he heard a scream from below!

"This voice is very familiar, it seems to belong to that stupid girl Jing Jing." Long Xueyi said.

"It is indeed Dongfang Jing's voice. Why is he here?" When Chen Xiang heard the voice, his heart could not help but tighten. Although this simple girl was somewhat stupid, she was still extremely lovable.

He immediately flew down and high up in the sky, he saw a young man laughing wickedly while dragging his clothes. Dongfang Jing's clothes were tattered and his face was covered in tears.

There were two purple-robed elders not too far away from the young man. One of them shouted, "Kid, hurry up and finish this. We still have to hurry on our way!"

"I will make sure this little girl dies comfortably soon, haha..." The young man laughed sinisterly.

When Chen Xiang saw this scene, he was infuriated. He immediately teleported through space and appeared behind the young man, activating Angry dragon slay. He released a furious roar and slashed diagonally in the air, chopping the young man into two.

"Jingjing, don't be afraid!" After Chen Xiang released Dongfang Jing, Dongfang Jing immediately began to cry bitterly. She took out a sword, gritted her teeth, and started to chop at the young man's body, crying out loud with a face full of grief and indignation.

The two violet-robed men, hearing the furious roars of the dragons, immediately hurried over.

"You are ... Chen Xiang! " An old man saw the Green dragon demon-slain broadsword in Chen Xiang's hand and shouted in shock.

This old man from Purple Moon Imperial Land was not very strong. Although he was able to get through Nirvana Tribulation, the other person was very strong.

"Jingjing, get a good night's sleep!" Chen Xiang knocked Dongfang Jing out, and placed him into the ring. He knew that Dongfang Jing had definitely received a huge shock, and that she had followed Dongfang Chaoqun here. If Dongfang Chaoqun wasn't by her side now, she might very well be killed.

"Dongfang Lingyun!" Chen Xiang recognized one of the old man, it was actually the Great Elder of the Dongfang family.

When Dongfang Lingyun saw Chen Xiang, his face was filled with anger. Even in his dreams, he wanted to kill Chen Xiang.

"Brat, you're dead for sure!" Dongfang Lingyun's face was sinister, he took out a sword and rushed forward like lightning, the other elder's eyes were also red, because the young man who died was his son.

Chen Xiang was currently filled with rage, and shouted: It's you who's going to die! As he spoke, he activated the Magical corruption gas stored in his body.

The colourless and tasteless Magical corruption gas was released by Chen Xiang with a gentle breeze, enveloping his surroundings. The corpse on the ground suddenly turned purplish black, and Dongfang Lingyun's old man also sensed something!

"It's a demon corruption ..." Dongfang Lingyun's face changed drastically as he immediately channeled all of his energy to prevent the Magical corruption gas from spreading within his body. Before he could finish his words, Chen Xiang had cut his head off.

The other old man's face was pale and his entire body was trembling.

"Let's go!" Chen Xiang flashed in front of him and slashed at his neck, causing his head to hit the ground and his body to instantly turn into a purple black color.

[Chapter 1057](#)

Although Magical corruption gas s were powerful, they could only deal with people with strength around the Ninth Nirvana Tribulation. If the Prince Imperial Dragon, who had a powerful body like a dragon, were to be poisoned to death within a short period of time, he would escape. Therefore, Chen Xiang did not dare use the Magical corruption gas s on these people, otherwise, this matter would be exposed. ka. /

Chen Xiang released a burst of flame and burnt the corpse. When the corpse was burnt to ashes, he saw a folded yellow beast skin!

It was not burnt by his flames, and it did not occupy any Magical corruption gas either. It could be seen that this beast skin was no ordinary thing! He immediately picked it up, unfurled it and discovered that it was a map!

"The powerful warriors of the Purple Moon Imperial Land are basically all dead, only these few guys came here on behalf of the Purple Moon Imperial Land, could it be that the treasure on this map is where the ancestors of the Purple Moon Imperial Land hid their treasures?"

Chen Xiang was a little excited, he carefully looked around, memorized the general location, and then placed the beast skin into the ring. However, the ring was still in his hand, and he had not entered it!

"What a strange map, it can't even be placed inside the ring!" Chen Xiang was startled, and tried again a few times, but it still didn't work.

"It might be that there is some powerful invisible Spirit grain inside, and cannot be placed inside! Otherwise, these people would not have brought them with them!" Su Meiyao said. At this time, she and Bai Youyou were taking care of the unconscious Dongfang Jing.

Chen Xiang ran towards the location marked on the map, it was right around here.

"Is that girl alright?" Chen Xiang asked.

"Her internal injuries are very serious, but she's slowly recovering after eating the Relive Dan. It seems like she's suffered a huge blow!" Su Meiyao sighed lightly and touched Dongfang Jing's face.

"When she wakes up, I'll comfort her and then take her to find the Warm Moon. Those are her only family members." Chen Xiang sighed, thinking back to how the kind and simple Dongfang Jing had slashed that young man's body with her sword, she could see the hatred in her heart.

Chen Xiang followed the map and walked according to it. He wanted to find this place quickly and bring Dongfang Jing to look for him, he hoped that Dongfang Xinyue and the others could follow his instructions to look for the Zi Lan Mountain Valley. Otherwise, given how big the Sacred Dan Realm was, it would not be easy for him to find them.

He did not encounter any danger along the way. On the contrary, the terrain was extremely dangerous, but it was nothing to him. The map indicated that the item was hidden within a large mountain.

"It doesn't seem to be anything big. This thing looks like a very small altar!" Chen Xiang arrived outside the mountain and looked at the map, just about to look for the entrance to this building.

"Can this small altar take me to another place?"

The map showed that there was a map that looked very similar to the Sacred Sacrificed Alter inside the mountain. It looked like a small altar.

"This mountain has a formation. For many years, this mountain has been protected by this formation!" Long Xueyi said.

Chen Xiang also noticed it, and he could tell that this array was not simple, breaking it wouldn't be easy either. He unfolded the beast skin and walked around the mountain. Suddenly, the beast skin emitted purple clouds. With a thought, he pointed the beast skin towards the formation. The entire mountain lit up with purple clouds, and the formation disappeared.

As he approached the mountain, he pushed open a huge rock, saw a purple door, and then opened the door with the hide.

"This ancestor of the Purple Moon Imperial Land is pretty amazing, he can even make a piece of the beast skin this amazing!" Chen Xiang praised. As he walked along a tunnel, the four walls radiated with a gentle white light.

Not long after, he arrived at a stone room. There was indeed a small altar in this room, but it was too small and didn't seem like it was used for transportation. It was only the size of a regular round table, but there was a shallow groove on it.

Chen Xiang compared the beast skin with the previous one and discovered that it was the same size as the one in the groove, barely able to be laid out.

After laying it down, a circular Array appeared on the beast skin, like a purple moon. The small altar slowly started to spin, then burst out with a purple light, and a purple square stone piece floated up, looking like a palm in size. However, when Chen Xiang took it over, he felt it was very heavy.

"There seems to be a Void Heavenly Stone inside this rock, could this be the treasure?" Chen Xiang carefully looked at this purple stone piece, then channeled his God Power inside. He saw that this stone piece suddenly grew in size, and a map actually appeared on top of it, which made him even more excited, he felt that this was the real treasure.

Beast Skin Map cannot be stored in Storage magic treasure and cannot be incinerated. This way, it can be passed down and this place can be found.

When Chen Xiang placed the stone piece at its largest, it was only the size of a bed. He carefully looked at the map on it, and realized that this map was only one piece of the map.

"Do you need many of these pieces for a complete map?" Chen Xiang suddenly thought of something: All the ancestors of the ancient powers hid such a stone piece, and the things they hid were all gathered together, moreover, they needed all of the ancient powers to join hands, so it cannot be lacking!

But now, he had obtained a piece of the Purple Moon Imperial Land's stone, which meant that if he were to lose them, the efforts of the ancient powers would be in vain.

"The broken shoes are everywhere, so it doesn't take me any effort to get them, hehe ..." Chen Xiang placed the stone piece into the ring. This stone piece could fit inside a Storage magic treasure, unlike the beast skin from before.

Chen Xiang left and rushed to the 18th floor.

"Is that stupid girl awake?" Chen Xiang asked.

"No, she looks very tired, and she even recovers from her injuries. Her mental condition is also seriously damaged, so she might need to sleep for a few days." Su Meiyao said.

"I wonder what exactly she went through. This level of injury wasn't caused by the people from Purple Moon Imperial Land, especially the damage to her sea of consciousness. She suffered a mental attack, and she wasn't injured at all! The internal injuries were not caused by the power of the Innate Qi, but were caused by the power of Spiritual Sense." Long Xueyi said.

"If she did not have the clan's Blood Soul in her body, she would have died a long time ago. It seems like Dongfang Chaoqun merged the clan's Blood Soul into her body, allowing her to live! She and her father must have met with some powerful object, and only she escaped in the end, falling into the hands of those Purple Moon Imperial Land fellows." Long Xueyi said.

The Blood Soul of the Dongfang Family was a heaven-defying existence that allowed people with the pure blood of the Dongfang Family to pass through the Nirvana Doom smoothly. It was for this that Dongfang Lingyun schemed against Dongfang Chaoqun and Dongfang Xinyue back then.

"I need to find Dongfang Xinyue quickly, this little girl must be extremely sad, Dongfang Xinyue is her aunt, seeing her family, she should feel better." Chen Xiang increased his speed.

[Chapter 1058](#)

It was late at night, and the cold wind was blowing in the Heaven Sacred City, but the entire city was still bustling with noise and excitement, unlike during the day. Especially around a five story tower, many people were looking at the handsome youth at the top of the tower. /

He was dressed in purple and was seated cross-legged in front of a crystal-like pill furnace. After he poured in the medicinal ingredients, he injected them into the flame and the medicinal ingredients inside were incinerated, releasing a dazzling green light.

When Chen Xiang saw this scene, he was secretly infuriated. He could also tell that the families behind Lin Xiyi and Fan Yakun had lost their power, otherwise, they would not have been bullied like this. He took out the Death-haunting arrow and stealthily aimed it at the purple flame lion.

"Using the strongest Dragon Power, he pierced right through the lion's heart. This guy likes to sneak attack others, and I'll let him have a taste of being ambushed!" Chen Xiang sneered in his heart, circulated the vigorous Innate Qi in his body, turned it into a Dragon Power, and poured it into the Death-haunting arrow.

Although there was currently a majestic amount of energy circulating, to the point that Chen Xiang's control was extremely strong, and his Death-haunting arrow had become very powerful after being modified by Liu Meng'er and Dongfang Xinyue, there was not a single bit of aura being released.

"Don't blame me for not reminding you. Tomorrow, I will bring a very powerful Alchemist to ruin your reputation, haha ..." The young man laughed wildly.

"Arrogant my ass!" Chen Xiang thought about it as he secretly released an extremely terrifying arrow. This arrow was condensed from a large amount of Dragon Power, and when it flew out, it made a whistling sound. In that instant, everyone felt a strong sense of oppression.

"Whiz!"

Some people with sharp senses saw a white light suddenly flash by, bringing along a terrifying power as it tore through the space, flying towards the purple flame lion. After it penetrated through the bottom and entered the purple flame lion's body, the violent Dragon Power exploded, causing the purple flame lion to explode!

The man let out a strange cry as a silvery white light barrier appeared around his body, protecting him within.

"Who is it!" The him who had always been high and mighty, no one in the Heaven Sacred City dared to stop him. But now, he was ambushed, and even his precious mount was blown into pieces.

Just as the man shouted, Chen Xiang released another arrow, which struck onto the silver shield, causing a strong explosion of air, sending the man flying. However, the man was not injured, he must have been carrying a very strong treasure.

"Humph!"

He was worried that if he were to continue, he would be killed. He immediately flew away, flying towards a very tall stone tower in the middle of the Heaven Sacred City.

"Isn't that guy Primordius' grandson? I never thought that someone would actually dare to attack him.

"This is called the Circulatory Cycle of Wind and Water. Heh heh, this is quite interesting. That purple lion is a rare beast, but it was actually killed by someone, not even a beast core was left behind."

Chen Xiang had aimed at the beast core earlier and detonated the inside!

Fan Yakun also wanted to know who was making a move in the dark, but he was severely injured, and the attack from the purple flame lion was extremely powerful, so Lin Xiyi had to carry him and leave right now.

Chen Xiang turned into a black butterfly, followed them to a hall, and then changed back to her original appearance.

Lin Xiyi still looked at Fan Yakun's injuries, while Fan Yakun scolded the man from before.

"Brother Fan!" Chen Xiang shouted, giving Fan Yakun and Lin Xiyi a big fright. Seeing Chen Xiang's mischievous smile, the two of them heaved a sigh of relief, but their faces were filled with surprise.

It had already been more than a month since Chen Xiang came to the Sacred Dan Realm, and the fact that he appeared again was already long known to the Sacred Dan Realm. Furthermore, there were many powerful forces near the Heaven Sacred City, but Chen Xiang actually dared to come, and they all thought that the person who secretly attacked the man just now was Chen Xiang.

"Chen Xiang, it was you ..." Fan Yakun was stunned for a moment, then laughed out loud: "Well fought, that grandson, with his grandfather's strength, is overbearing here, why didn't you kill him!"

Lin Xiyi shook his head: "You shouldn't have come. You are currently in an extremely dangerous situation, and all the powerful forces in the Chaotic Mountain are looking for you."

Chen Xiang laughed: "It's nothing, if I want to hide, it's not easy to find me!"

[Chapter 1059](#)

Chen Xiang examined Fan Yakun's body and discovered that there were quite a lot of injuries on his body. This was the reason why Fan Yakun's cultivation level had stagnated, and why he was able to have such a high level of mastery over alchemy, it was all because he possessed the Fire Soul of the Netherworld.

"How did you get hurt? It seems like this power can only be used by people from the Chaotic Mountain. Could it be that you have been opposing the people from the Chaotic Mountain all these years?" Chen Xiang frowned, the injuries on his body, the remaining energy could only be used by the experts of the Chaotic Mountain.

Lin Xiyi bit her lips and sighed: "Let me say it! He was injured by Primordius, who is one of the elders of the Primal Chaos Clan in the Chaotic Mountain. The Primal Chaos Clan has many branches, and our Lin Clan is one of them, but right now, he has been suppressed by the most powerful Super Yuan Mountain of the Primal Chaos Clan.

"The Super Yuan Mountain was established by some people who wanted to rule the entire Primal Chaos Clan, which was Primordius's group!"

Chen Xiang rubbed the side of his nose and said, "I remember that it was this guy called Primordius who attacked me back then! "But why did he injure Brother Fan?"

"This is ..." Because of me, his grandson Hou Feishao wanted to marry me, and then ... "

Chen Xiang immediately understood. "Don't worry, there's enmity between this Primordius and I, so leave this grandson of his to me! Right, what kind of person is Lu Yuan? "

"Primordius is just his name. No one knows his real name, so he can use the Chaotic Force of the Primal Chaos race. That is the power that remains in Yakun's body!" Lin Xiyi lamented, "Ever since he was struck by that palm, he has been stuck in place, and both of us have no way of dealing with him."

Chen Xiang pinched Fan Yakun's wrist and said: "I'll try."

He activated Devouring magic kungfu, locked onto the remnants of the Chaotic Force, and then absorbed it into his body. With regards to the Devouring magic kungfu, he had already reached the pinnacle of perfection, so there was no need to worry about he would swallow Fan Yakun up.

Sensing the Chaotic Force in his body flowing away, Fan Yakun was both surprised and delighted. He widened his eyes, looked at Chen Xiang and said, "Chen Xiang, you're really amazing.

"It's nothing, but you better keep on pretending so that others will look down on you. However, you are also secretly raising your strength, so in the future, it will definitely be of great help to you." Chen Xiang laughed sinisterly.

"Oh right, what happened in Sacred Dan Realm? Why are there people from the Chaotic Mountain everywhere? " Chen Xiang asked, he had come here to understand the situation.

"It's the Super Yuan Mountain from inside the Chaotic Mountain who wanted to dominate the entire Sacred Dan Realm. However, no matter what, the Sacred Dan Realm still has many powerful forces, so the Super Yuan Mountain has never succeeded. Adding on the fusion of some Holy Demon Realm and Holy Demon Realm with the Sacred Dan Realm, the Super Yuan Mountain's plan has been completely broken." Fan Yakun's complexion looked much better. The Chaotic Force was like a bunch of poisonous bugs in his body, causing him to suffer for all these years.

"I knew that old bastard Primordius wouldn't be able to kill you! You went back to the Mortal Martial Realm, right? I never thought that you and Du Yanyao were actually pretending to be married, what a pity. " Fan Yakun said.

"A lot of things have also happened in the Mortal Martial Realm! How is Yanyao now? " Chen Xiang asked. In the entire Sacred Dan Realm, Du Yanyao was considered a rare female genius.

"Just like me, he was also targeted by the grandson of one of the big shots in Super Yuan Mountain." Lin Xiyi sighed: "She's currently hiding in Zi Lan Mountain Valley."

"Where's her grandfather, Du Hai? This old fellow is very strong, how can he let someone forcefully marry his granddaughter? "

Du Yanyao viewed Du Yanyao as his good friend, and he was extremely concerned about this matter.

was severely injured by the Super Yuan Mountain, and his whereabouts are unknown! His son Du Kangsheng had died a tragic death... If not for the fact that Du Yanyao had followed the Zilan Immortal Fairy and obtained the protection of the Sacred Dan School, he would have been married off a long time ago. "

Lin Xiyi's words shocked Chen Xiang greatly. Du Hai had actually gone missing after being heavily injured, and Du Yanyao's father had been killed! Remembering the Dongfang Jing who was still unconscious inside the ring, Chen Xiang could only sigh helplessly.

Chen Xiang had even told Huang Jintian, Li Baojun and the others to look for Du Hai earlier, but he never expected that Du Hai would encounter such a huge change.

"Tomorrow, Hou Feishao will come again, he will do what he says. Tonight, my injuries will completely recover, I want to make sure that he loses miserably." Fan Yakun clenched his teeth and said.

Chen Xiang was still absorbing the energy of chaos within his body at this moment, so he hurriedly said, "No way, the energy of chaos in your body has been sucked out by me, but you have to rest for at least two to three months before you can fully recover. Leave it to me tomorrow!"

"Let me ask you something, who is the person who wants to forcefully marry Yanyao? What kind of background? Even though Yanyao and I are fake husband and wife, she is my good friend and I must help her take care of this fellow. "

Fan Yakun and Lin Xiyi's expressions changed slightly as they looked at each other in panic.

"That's the grandson of the Leader. Although he is usually domineering, this guy's strength is still quite good." Fan Yakun still did not know Chen Xiang's current strength.

"Furthermore, they have already found a method to deal with the Chaos Fire Token. As you have seen earlier, when you attack them, a light barrier will appear around them. But of course, this is only true for those noble clans of the Primal Chaos. Lin Xiyi said.

"You don't have to worry about this, I will take care of it. If not, I will have my friends help me." Although Chen Xiang had split up with White Tiger, they would definitely meet again in the future.

Tomorrow, I will deal with those people who came to cause trouble. If they really want face, then they should try to beat them up by competing in pill refining methods, and I will also use this kind of gentle method to hit back at them! But if they are shameless, I will make them lose their lives! "

This caused Lin Xiyi and Fan Yakun to feel a little fearful.

"Hey you guys, what's there to be afraid of? Wasn't it just losing a pill shop? "With your talents, this medicine store will still be fine without you." Chen Xiang said: "Moreover, the one who attacked was me, not you two."

"Don't worry. If they are here to compete in pill forging, I will compete with them!" If not, I'll kill them with my true colors! Back then, his grandfather almost killed me, so it's normal for me to want to get rid of his grandson! " Chen Xiang thought, because this might cause a huge war between Super Yuan Mountain, Fan Family and the Lin Family, and would cause a lot of deaths.

Fan Yakun knew that Chen Xiang had definitely become much stronger, or else he would not have made Hou Feishao sound so easy to kill.

[Chapter 1060](#)

The Heaven Sacred City had already been taken over by the Super Yuan Mountain. After Hou Feishao was sneakily attacked, the entire city was sealed, only allowed to enter, not allowed to leave. Furthermore, there would often be powerful elders flying in the sky with a group of people searching for suspicious people, but they would definitely not be able to find anything, because they did not have any clues at all.

On the second day, just as Xi Yi Pavilion opened the door, Hou Feishao arrived in a luxurious sedan chair. A very powerful looking Alchemist followed behind him, and it was a very young man.

"Is this the so-called future Pill God of Super Yuan Mountain? I heard that at such a young age, he is already a Alchemist capable of refining a low-grade Heaven level Pellet. "

"Hou Feishao invited him to deal with Fan Yakun, is he simply abusing him? Who doesn't know that Fan Yakun was injured last night, and that his internal injuries have not healed after all these years?"

Many people were discussing in whispers in the distance.

This boy is called Zhang Yanqing, he was born with the Heaven Flame, and in the future, it is very possible that he will cultivate a Fire of Chaos. His attainments in the area of alchemy are extremely high, and amongst the young generation of Sacred Dan Realm, no one is able to match him. Fan Yakun passed on to Chen Xiang: "What rank of pill can you refine now?"

"Middle Ground level!" Chen Xiang replied.

It's not bad, my improvement is quite fast. It's a hurdle to enter the upper grade of the Ground level, it's difficult for many Alchemists to pass. Fan Yakun said: "I will have them restrict the rules to the middle grade Ground level pills. With this genius Alchemist, their conditions should be a lot more lax."

Hou Feishao sat in a luxurious palanquin, protected by a few powerful looking elders outside. It seemed that they were worried that he would be ambushed again like last night.

"I've long heard that the Alchemist is quite powerful. The Alchemist wants to compete with you, and it's also a form of training for him." Hou Feishao's voice carried an arrogant tone, "Hand over your powerful Alchemist, and don't embarrass yourselves!"

"Why do you insist on accepting your challenge?" Fan Yakun was extremely furious, she really wanted to rush over and smash this fellow's nose: "You injured me last night, I haven't even settled this score with you yet!"

"I remember that every ten years, Heaven Sacred City's medicine store must accept at least one unconditional challenge, otherwise, scram!" Hou Feishao laughed coldly.

"Alright, how do you want to compete?" Fan Yakun suppressed the anger in his heart and asked.

Zhang Yanqing took a step forward, took out many broken medicinal ingredients and threw them on the ground. Upon seeing these broken medicinal ingredients, many people sucked in a deep breath.

Many abandoned medicinal ingredients were quickly piled up at the Xi Yi Pavilion's entrance. These medicinal ingredients could not be planted for various reasons, but if in the hands of an outstanding Alchemist, these medicinal ingredients could all be refined into pills.

"You all should be familiar with these medicinal herbs!" Zhang Yanqing asked coldly. As the most talented Alchemist of the young generation, he naturally had a kind of arrogance.

"Qi Shen Dan!" Fan Yakun let out a long sigh: "The Qi Shen Dan is a kind of middle grade Ground level pill that can help people cultivate the Innate Qi and consciousness at the same time. However, even in Sacred Dan Realm, the medicinal ingredients are already extinct.

"That's right, the Qi Shen Dan is a middle grade Ground level pill, because it is too easy to refine it, it is listed as a middle grade Ground level, and its use will become upper grade Ground level! However, if we were to use discarded medicinal ingredients to refine it, the difficulty would increase by a lot! " After Zhang Yanqing finished speaking, he continued to take out the abandoned Qi Shen Dan medicinal ingredients. There were so many of them that they looked like two small mountains the height of a person.

Zhang Yanqing's eyes carried a trace of provocation, and said: "I know that the two of you are pretty good Alchemist, and that among the younger generation, you are Alchemist s who can refine abandoned medicinal ingredients into pills."

Refining abandoned medicinal ingredients into pills was indeed difficult, and it also tested the standards of the Alchemist. Although these medicinal ingredients were abandoned, the Medicine aura inside them could still condense them into pills, and adding all of them together, it would still reduce the difficulty.

"You? Or you? " Zhang Yanqing looked at Lin Xiyi, and then looked at Fan Yakun.

"I'll do it!" Chen Xiang walked out, he had turned into a young man who looked normal and unremarkable, and was dressed very simply, not like a Alchemist at all.

The moment Chen Xiang stepped forward, many people frowned. From the outside, he did not look like a person, but the crowd could see that Fan Yakun did not have any intentions of stopping him, and knew that he was hiding his strength.

"With just you?" Zhang Yanqing looked at Chen Xiang in disdain.

"Tell me the rules!" Chen Xiang did not say much.

"Two piles of abandoned Qi Shen Dan's medicine, each of us will take one. In one day, whoever refines more Qi Shen Dan will win, and the Qi Shen Dan will belong to whoever! "Also, if I finish refining my medicinal ingredients and you still have too much left and the time is not up yet, I can use your medicinal ingredients to refine it." Zhang Yanqing looked down at the young man in front of him with disdain. He felt that if he were to compete with the young man in front of him, then he would have to lower his status and status, Chen Xiang nodded and said: "If the first thing I do is to refine all of these medicinal ingredients and before the time is up, you still have a lot of medicinal ingredients left. I can also take your medicinal ingredients to refine, right?"

"That's right, but you don't have that possibility!" Zhang Yanqing sneered.

"Are there any other rules?" Chen Xiang asked again.

"The pill furnaces we use are our own. "If the pill furnace is blown up, it will become a failure."

nodded his head. Being able to use abandoned medicinal ingredients to refine Qi Shen Dan made him secretly happy, because he had never been able to find the Qi Shen Dan's medicinal ingredients. Su Meiyao had said before that this kind of pill was magical, it was only one pellet, but it had the effect of two kinds of pellets!

He took a pill furnace and checked it. This furnace had not been tampered with, and its quality was still decent. It seemed like Hou Feishao was planning to fair and square when it came to defeating Xi Yi Pavilion. Of course, Zhang Yanqing disdained using tricks to defeat others.

"How are you going to win? This little brat is not someone who is easy to deal with!" Su Meiyao asked.

"First, I will refine one or two batches. After getting familiar with them, I will refine an entire pile of them in one go!" Chen Xiang already had a comprehensive plan. After obtaining the Heavenly Alchemy, he would be able to make great progress in the area of alchemy. Furthermore, he would have a variety of methods to support and speed up the process of alchemy.

"Oh? Did you just learn a new method from the Heavenly Alchemy?" Su Meiyao's eyes lit up, he was really looking forward to the moment Chen Xiang would show his skills.

"Big sister, I won't let you down."

Chen Xiang had already taken out a few supplementary ingredients, and with a single glance, Chen Xiang could tell that the quality of the supplementary ingredients were of extremely high quality. This would help to make up for the deficiencies of the abandoned medicinal ingredients, this was something he needed to do as well.

Chen Xiang also took out the supplementary ingredients. Although it looked to be very different from Zhang Yanqing's, the supplementary ingredients were all made from creation divine liquid, and it could be said that the supplementary ingredients contained a mystical power.
