

Dan God 1091

[Chapter 1091](#)

Pride of the world, prideful of the world, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of the earth, proud of all.

Prince Imperial Dragon was dressed in a golden dragon robe, sitting on a golden stone bed. He closed his eyes, absorbing the immortal energy, as if he knew that he would meet Chen Xiang.

"I didn't expect it to be you!" Prince Imperial Dragon stood up, put away the golden stone bed, and slowly walked towards Chen Xiang.

"Are you disappointed?" Chen Xiang circulated the energy in his body and entered a state of combat.

"I am indeed a little disappointed. I originally thought that taking back the Green dragon demon-slain broadsword would be a little difficult. I like challenges, but now ..."

"Do you find me too weak?" Chen Xiang was not angry, and smiled faintly.

Moreover, what you have in hand can make many strong people work for you. Before, I was afraid of him because of the two people beside you, but now, there's only you, and there's no way those two people can come to save you.

Don't forget, I have killed Leader before, and I have also killed dragons. I am also Leader's Leader, so you should have investigated all the experts that died at my hands, right? Chen Xiang only reminded this Prince Imperial Dragon not to underestimate him.

"That's right, in the eyes of many people, although you are young, your strength is superior to many experts of the Heaven Realm. However, I do know that you used the Chaos Fire Token's protective divine light. I am very clear on the protective divine light that the Chaos Fire Token emitted when she accepted you as master. "

When Prince Imperial Dragon talked about this matter, his eyes were filled with jealousy and hatred, because he knew that after the Chaos Fire Token recognizes a master, he cannot snatch it away. That is to say, as long as Chen Xiang dies, this treasure will also go with him.

"Do you know much about Chaos Fire Tokens? But I remember that you pretended not to know in front of that Super Yuan Sect Leader, hehe. " Chen Xiang laughed: "Can't you see that I am very calm now?"

Prince Imperial Dragon nodded his head: "You are currently very calm, but I believe that you are just forcing yourself to be calm or putting on an act. In my eyes, today is the day you die."

Chen Xiang sighed lightly: "No matter what, I have cultivated the Heaven Earth Killing Method, shouldn't you be worried?"

The Prince Imperial Dragon slowly said: "What you have is only the Ground killing, that tablet doesn't have all of the Heaven Earth Killing Method, I know about that, so I don't have to be afraid of anything! You also cultivate the Nine-turn dragon god mantra, the Seventy-two changes Arts, the Heavenly dragon seal ... Some of my Imperial Dragon Race's sacred arts, you must have already embarked on the path of

cultivation, I am clear of that! But you are a human after all, and are unable to unleash the power of these sacred arts, so I have nothing to worry about. "

"I know you very well, but you know nothing about me. I admire you for being so calm!"

Chen Xiang smiled, this Prince Imperial Dragon actually said that she understood him a lot? He did not know much about the Prince Imperial Dragon, but this Prince Imperial Dragon only knew about him on the surface. If he truly understood him, the Prince Imperial Dragon would not waste his breath on him, and would use the strongest method to kill him.

"To be honest, if I had given you another hundred years, I wouldn't have dared to stand in front of you so casually!" The Prince Imperial Dragon did not want to underestimate Chen Xiang, because the fact that Chen Xiang could create such a big matter was already enough, but he felt that no matter what he thought, Chen Xiang would definitely die in his hands today. This was because he was extremely confident in his own strength!

"I want to ask you something. Please tell me the truth." Chen Xiang was silent for a moment before he asked.

"I will try my best to satisfy a person who is on the verge of death. Even though I hate you very much right now, you are a dying person after all. I have always been very respectful towards those who are about to die." Prince Imperial Dragon said very generously.

"I want to know what your father, Dragon Emperor, will do after I kill you? Will it destroy space and directly head towards Di Tian to take my life? " This was actually the thing that Chen Xiang wanted to know the most, and also the thing that he was a little worried about.

The Prince Imperial Dragon frowned slightly. Chen Xiang's tone was filled with confidence, it did not seem like he was putting on an act at all, it was as if he was completely confident that he could kill him here, which made him unable to help himself from taking a look at Chen Xiang's strength. However, he quickly felt that Chen Xiang was just blindly trying to be arrogant, and that this would usually give him a lot of confidence.

"I don't know, because I won't die, I've never thought about this. From the moment my royal father gave birth to me, he believed that I could co-exist with the great Dao of heaven and earth. He also had never considered this matter, so I can't answer you! And your question will never have an answer, because I am immortal! "

Prince Imperial Dragon's eyes revealed killing intent. From the moment Chen Xiang saw him, Prince Imperial Dragon had displayed his strong murderous intent.

Chen Xiang rubbed his fist and smiled: "Looks like if I want to know the answer, I can only kill you! I am a person with a strong desire to learn, so in order to get an answer, His Highness the Crown Prince has to suffer a little. It would be best if you commit suicide, but since I am the one who wants to know the answer, I won't bother you any longer.

I only wanted to kill you in exchange for an answer! A dignified Prince Imperial Dragon's life, is only worth an answer. Prince Imperial Dragon was instantly enraged!

The Prince Imperial Dragon was angered by Chen Xiang's arrogant words and clenched his fists tightly. His face was cold, a killing light shot out from his eyes, the power of the holy dragon was strong and vast, it created a wave in his body along with a monstrous killing intent, gushing out from every part of his body. Immediately, a dragon roar came out from all directions, floating in the middle of the huge stone chamber.

But Prince Imperial Dragon did not care about this, because he felt that he had the power to suppress Chen Xiang and kill him!

"A human dares to be so savage!"

A golden light flashed in the Prince Imperial Dragon's palm, and a golden dragon sword appeared. From the looks of it, it was a Holy level dragon weapon, but from a glance, Chen Xiang immediately slashed with his sword, bringing along the extremely powerful power of the holy dragon, as well as the dense immortal qi in the stone room. As though driven by his sword, they all turned into blade like astral winds, accompanying the sword as it attacked towards Chen Xiang.

Seeing the powerful sword come at him, Chen Xiang did not take out the Green dragon demon-slain broadsword, but instead brandished his fist and directly used the back of his hand to clash with the sword blade.

Ding! The fierce collision caused the Golden Dragon Sword to let out a crisp dragon's roar. A wave of explosive power struck the four walls, causing the entire stone room to shake.

[Chapter 1092](#)

"Mysterious God!"

"Holy Dragon Sword is said to be refined from the skeleton of a powerful holy dragon. It's a top grade Holy level Dragon Artifact! It's close to a Divine Artifact!" Long Xueyi said.

Prince Imperial Dragon was forced back a few steps by Chen Xiang's punch. He could not help but be shocked in his heart, Chen Xiang had actually used his fist to block his furious sword strike.

Chen Xiang's fist, which was wrapped around the Slaughter God's Hand, was comparable to a divine tool in existence. It was extremely firm, and at the same time, it also possessed a very powerful strength. Following the jump of the mysterious Killing-god heart on his chest, the overflowing killing intent inside it turned into a terrifying killing intent, causing the two fists to become even more terrifying!

This sudden killing intent caused Prince Imperial Dragon's face to change, because he had seen this kind of killing intent before, he had seen many strong experts, but only his father had this kind of terrifying killing intent, and this killing intent seemed to have surpassed his father.

Chen Xiang took a step forward, traversed the space, and suddenly arrived in front of Prince Imperial Dragon. A pair of killing fists with the power to kill and look down at the entire world came out like a bolt of lightning, instantly transforming into hundreds of fist shadows, enveloping Prince Imperial Dragon, the power of the punches carried a overflowing killing intent, and ruthlessly struck Prince Imperial Dragon's body.

Chen Xiang could clearly feel that his fist, in that instant, had all landed on Prince Imperial Dragon's body. Waves after waves of power surged out from his fist, causing him to feel extremely carefree!

In that instant, Prince Imperial Dragon also felt a scorching pain drilling into his body. He let out a stuffy groan, and his body instantly overflowed with a large amount of golden dragon scales.

"No wonder..."

The power of the holy dragon erupted from the dragon claw, making it seem even more berserk and powerful. Adding to that speed, Chen Xiang was unable to dodge and was struck on the shoulder, causing his arm to be in pain, the dragon claw even left a few deep claw marks on the thick arm.

"If I'm not wrong, you should have the White Tiger Divine Weapon!" As long as he killed Chen Xiang, he would be able to obtain the Green dragon demon-slain broadsword and White Tiger Divine Weapon. This would further stabilize his future position as emperor.

Chen Xiang saw the fanaticism in his eyes and shook his injured shoulder, "You can't get it!"

At this point in time, he had already realised that the Prince Imperial Dragon's defense was extremely strong and his speed was extremely fast. That claw just now was so fast that he was unable to dodge it.

Now he understood why the Mountain Spirit said that there was a huge difference in strength between him and the Prince Imperial Dragon. The Prince Imperial Dragon did not have Nirvana Doom in the first place, and had extremely superior natural cultivation conditions, so even if he slept, he could raise his strength. The gluttonous female dragon in the ring was the same.

"This guy is unable to transform into his original body because the space here is limited. This is also a chance for you to defeat him. If he doesn't transform into his original body, then his strength won't be the strongest." Long Xueyi whispered to Chen Xiang.

And at this time, Chen Xiang's chest had an additional scratch, the speed of this Prince Imperial Dragon's attack was shockingly fast, it was extremely urgent for him to kill Chen Xiang and obtain his Green dragon demon-slain broadsword and White Tiger Divine Weapon.

The Holy Dragon Sword and the sharp dragon claws continued to attack, the attack was extremely powerful, as though they wanted to crush Chen Xiang into pieces. The sword and the claw combined, with their extremely fast speed, the Prince Imperial Dragon had the upper hand, while Chen Xiang was forced to continuously retreat.

"It's just a mortal body, nothing more than that!" Every time Prince Imperial Dragon saw the claw marks on Chen Xiang's body, he would feel extremely proud and feel even more disdainful. "Do you think you're qualified to shout and kill me? I am a dragon, and you are a human! "

Chen Xiang's body trembled, the gold light suddenly flashed out, just as he was retreating, he suddenly welcomed the Prince Imperial Dragon's berserk attack, the green light in his hands flickered, and the Green dragon demon-slain broadsword appeared!

Prince Imperial Dragon only felt that this time his Holy Dragon Sword and Dragon Claw had come into contact with an extremely sturdy object, and when he saw the cyan light flash by, he immediately panicked. He never thought that Chen Xiang, who was about to be suppressed to the point where he

sword into the Prince Imperial Dragon's dragon scales. The sharpness of Green dragon demon-slain broadsword s was not something those dragon scales could stop.

[Chapter 1093](#)

This was the profoundwu diamond armour that his father, Dragon Emperor, had always talked about, the divine armor that even the Green dragon demon-slain broadsword could not shake. This was also why he was unable to cause any damage to his body earlier, and why Chen Xiang had purposely let him attack first so that he could relax and then, when he was unprepared, make a ruthless counterattack!

When Chen Xiang fought with Huang Jintian before, it was because Huang Jintian's strength was much stronger than his, and as a weak person, if he wanted to defeat the strong, he couldn't just rely on brute force. He had to conserve his strength and allow his strength to attack the enemy as much as possible.

The profoundwu diamond armour was indestructible. If Chen Xiang had released it right from the start, he would have been on guard against it long ago. He would not be so relaxed because he still knew too little about Chen Xiang!

Prince Imperial Dragon, who had lost both of his arms, only wanted to turn into his original body right now, so that his power could explode out. Otherwise, he would have been sliced into pieces by Chen Xiang's sharp divine blade, and right now, he already had an unprecedented fear, fear of death. He, who had always thought that he would not die, finally knew how unbearable this fear was.

Prince Imperial Dragon's body flashed with a golden light. Chen Xiang knew that he was going to turn into his original body!

"I will wait for your father, Dragon Emperor, to come find me. If he comes looking for me, I will kill him just the same!" Chen Xiang chopped horizontally with his blade, cleanly cutting off Prince Imperial Dragon's head, and at the same time hacking down vertically, splitting Prince Imperial Dragon's body apart from the center!

"This... Little Sheng Long is dead? " Mountain Spirit looked at Chen Xiang's calm face. He couldn't believe that after killing a holy dragon, he was still so calm.

Chen Xiang withdrew his Green dragon demon-slain broadsword and consumed a handful of medicinal pellets. From the moment he launched his counterattack, his strength had been unleashed at his peak condition, which caused a huge loss.

"Chen Xiang..." Prince Imperial Dragon's head that was rolling on the ground on the side uttered a sound, he was actually still alive.

Chen Xiang walked over, placed a palm on the head, and used Soul Absorbing Devil Spell to search through his memories.

"Ah... Soul Absorbing Devil Spell, you actually ... "Don't even think about knowing my secret!" Prince Imperial Dragon used an unknown secret technique to suddenly erase all of his memories. He knew that he was dead for sure, but he did not let Chen Xiang know of his memories.

"That's enough!" Chen Xiang smiled, because he already knew that this was the signal that they would use to make their decision when they entered.

Prince Imperial Dragon's death caused the Imperial Dragon Race's Dragon Emperor to immediately notice it. The sound of the dragon's roar shook the nine heavens, and the Dragon Emperor's killing intent enveloped the heavens, causing them to feel extremely fearful.

Chen Xiang stuffed all of Prince Imperial Dragon's corpse into the Yanlong furnace as fast as he could. This kind of precious thing, without using the Heavenly Alchemy to refine the pellet, Chen Xiang would feel that it was unfair for him.

"Oya, there's another good pill to eat. Although I feel that eating my own kind is a bit strange, but if the taste is good, I won't mind." Long Xueyi said excitedly: "Haha, this guy is still using the Twin Dragon Pearls. Little Scoundrel, make two pellets, you and I can also obtain the Divine Dragon Bloodline after eating one, and the Dragon Power is also the The power of the holy dragon! What about me? As for the combination of the White Dragon and the Holy Dragon, it will be even more powerful, I am definitely going to be the Heavenly Dragon Supreme Lord! "

Chen Xiang was also excited in his heart, he said: "Little Naughty Dragon, you must quickly grow up, at that time, the difficult task of annihilating that Dragon Emperor will be handed over to you, the Chief Great Elder of the Dragon Subduing School!"

"Hurry up and refine the pills! This Prince Imperial Dragon is really kind, isn't it better to just stay in the dragon nest of the Imperial Dragon Race? You actually gave us the ingredients needed to concoct pills, we must thank him! " Long Xueyi was overjoyed, and Chen Xiang's strength had also exceeded her expectations. Using some simple method, he quickly sent the Prince Imperial Dragon into the pill furnace.

Chen Xiang despised this heartless, gluttonous dragon very much, to the point of not even letting his own Imperial Dragon Race's Holy Dragon go.

"Kid, what are you doing?" When Mountain Spirit saw Chen Xiang pick up Prince Imperial Dragon's body like he was picking up mushrooms, and put it into the pill furnace, a flame started up. It looked like he was cooking a pot of dragon meat soup.

At the very least, he had to take out some of the things inside, such as dragon pearls. But now, Chen Xiang wanted even his head!

"I'm concocting pills!" Chen Xiang said.

"What?" You are courting death! Refining this kind of unique beast that was raised by the heavens and earth into a pill is a huge taboo in the Alchemist. Do you want to survive the next time you receive a Nirvana Doom? " Mountain Spirit shouted in shock.

"Really?" This is the first time I have met such a dragon of good quality. I am a Alchemist, if I don't refine this holy dragon, how would I be able to face the ancestors? " Chen Xiang wasn't afraid of any Nirvana Doom, nor could he go through any troubles with Long Xueyi's stomach. He was the same as this greedy female dragon, this kind of thing being able to refine a pill was definitely a huge supplement.

"Damn it, if I eat a pill made from this stuff, what would I do if I miss it in the future?" Long Xueyi muttered to himself.

"Then pray for more dragons to come after me." Chen Xiang laughed.

Seeing Chen Xiang's smiling face, the Mountain Spirit thought that he had met a madman. This fellow was comparable to the Ten Heavens Supreme Lord from before, and was specialized in this kind of heaven defying thing, and he was extremely proud of it.

"Senior Mountain Spirit, when will there be a way out?" Chen Xiang asked.

"Soon, when all of you are half dead, the tunnel will open, and then you can go to that place where the treasures are hidden. But I will tell you first, there will definitely be a dispute, and in their eyes, you are a peerless enemy ..."

Chen Xiang laughed: "Senior, don't worry about me, I already have a way to deal with it!"

Chen Xiang heard the secret signal given by the Super Yuan Sect Leader. If he ate the pellet refined by the little holy dragon, then he would still be able to own the power of the holy dragon, and at that time, he would be able to impersonate the Prince Imperial Dragon without being seen through. He felt that the Mountain Spirit should be extremely worried about those guys, because he would not even know what would happen if he died.

Outside the Chaotic Mountain, the mournful and furious dragon roar echoed throughout the entire Sacred Dan Realm. This was the dragon cry released by the Imperial Dragon Race!

Outside the Chaotic Mountain, there were many people from the ancient powers. After hearing the dragon roar, some of the old people said in shock, "Prince Imperial Dragon is dead, Dragon Emperor is furious, this..."

"Why is he dead? Could it be Chen Xiang? "

"It was actually Chen Xiang who did it, now Chen Xiang's Dragon Subduing School is completely done for!"

"Not necessarily. It's not good for Di Tian right now, moreover the Sacred Dan Realm is very stable. No matter how strong the Dragon Emperor is, it's impossible for him to break through the power of this law. It's already not bad that he could transmit his voice over! "

She had to admire the little disaster that Su Meiyao and Bai Youyou had cultivated, who managed to kill a Holy Dragon just like that. She felt that Chen Xiang would really be able to shake the two super strong forces in Heaven Realm and Imperial Feather Race in the future!

[Chapter 1094](#)

The news of Prince Imperial Dragon's death swept through the entire Heaven Realm like waves, and the people of Sacred Dan Realm knew about it very quickly. Only the people in Chaotic Mountain did not know about it.

However, no one knew that the little holy dragon, who was the focus of all attention and had the potential to become a Dragon Emperor, was currently in Chen Xiang's Yanlong furnace, with a little white dragon waiting anxiously for that "Little Holy Dragon Pellet" by his side.

"This kid really did it. I just didn't expect him to kill Little Saint Dragon so quickly!" It wasn't really a surprise for Huang Jintian, Wu Kaiming and the others when they heard the news in the Heaven Sacred City. It wasn't the first or second time Chen Xiang had done something like this.

Suddenly, the earth violently shook.

"Not good, Imperial Dragon Race's Dragon Emperor is going to break through the space!" Huang Jintian's face changed.

Chen Xiang was still in Sacred Dan Realm, if he came here, as long as they caught him, Chen Xiang would be in trouble.

Inside the Zi Lan Mountain Valley, Yan Zilan, Du Yanyao and Yun Zhu were listening to Dongfang Jing narrating the shocking things that he had done to Di Tian. Now that the Prince Imperial Dragon had died, they were extremely worried.

"Since the Prince Imperial Dragon is dead, the grandson won't be able to escape either. Yanyao, you don't have to worry about getting married again!" Yun Zhu laughed.

"But Chen Xiang will definitely anger the Super Yuan Mountain!" Du Yanyao really wanted to know the situation Chen Xiang was in right now.

Within the boundless Star Domain, the White Tiger felt that the entire Star Domain was trembling. Bai Xing, who was beside him, also discovered something, and the entire starry sky was filled with an angry killing intent.

White Tiger and Bai Xing did not find any clues about the Starry Sky White Tiger Race in the Star Domain and were returning at this moment.

"Old Ancestor, what's going on?" Bai Xing asked.

"Chen Xiang is in trouble again, from the looks of the aura, it seems like the Imperial Dragon Race is angry. I have to hurry back, if not the brat is done for!" The White Tiger looked helpless.

Right now, many people wanted to know where Chen Xiang was and what he was doing. However, many of them guessed that he was probably running away or something.

Of course, Chen Xiang was currently refining the just killed little holy dragon into a pill, he was not even the least bit worried, he was still planning to kill all of them later.

The Prince Imperial Dragon's dragon body was extremely tough, so Chen Xiang had to use the Heavenly Alchemy to borrow the fire. He sucked in the immortal energy around him, turned it into an intense flame, and quickly burned the dragon's body.

He had previously refined a Unreal ghost eagle before, and he had the experience of refining beasts into pills. Although the Unreal ghost eagle was much weaker than the little holy dragon, the methods were similar, only that the firepower used was different.

"Two Dragon Pearls. No wonder this little holy dragon thought that he would become a Dragon Emperor. In Imperial Dragon Race, Twin Dragon Pearls are indeed rarely seen. But in the end, he still entered my stomach!" Long Xueyi laughed tenderly, "This little holy dragon isn't very strong, so the dragon pearls should be easy to refine. The hardest parts should be the flesh, how about we strip off the dragon scales?"

Everyone who entered the Chaotic Mountain were teleported to a stone room. Adding Chen Xiang, there were only ten people left!

When he entered, he was around 30. In a duel, there should still be 15 left!

"Someone has fought two rounds, that was arranged on purpose." Mountain Spirit told Chen Xiang that it was because Chen Xiang was not a traitor and Chen Xiang was extremely talented, that was why he was able to communicate with Chen Xiang.

The other nine people looked at each other. They all knew that the other party must have gone through a duel, but they didn't know who had killed who. Of course, they wouldn't say it themselves!

Seeing that the Super Yuan Sect Leader was still alive, Chen Xiang guessed that the Super Yuan Sect Leader probably killed that Three horns Dragon King. Only that guy had that kind of strength, which helped him get rid of this scourge.

The other people were all heavyweights of the Sheng Domain and Tong Tian Aristocratic Family. Although it looked like they were forming an alliance, they could turn hostile at any time during a life and death situation. Thus, they were all forced to duel like Chen Xiang previously, only surviving after killing one of them.

Super Yuan Sect Leader was extremely cautious at the moment. He was currently sending a sound transmission to everyone, confirming their identities with a code to prevent Chen Xiang from sneaking in. This was because he did not dare believe that Chen Xiang had died.

[Chapter 1095](#)

"One month later!" Super Yuan Sect Leader sent a sound transmission to Chen Xiang.

"Gather in the main hall of Super Yuan Mountain!" Chen Xiang immediately went forward, causing the Super Yuan Sect Leader to heave a sigh of relief. He believed that the person with the same strength as Chen Xiang, should be the Prince Imperial Dragon, and if Chen Xiang was killed by the Prince Imperial Dragon, then there was a high chance that all of Chen Xiang's things would be obtained by him.

"I believe everyone must have suffered a lot on the way here. Since the other comrades are unable to escape this predicament, we can only mourn in silence for them!" We still have to continue exploring the Chaotic Mountain, let's go! " Super Yuan Sect Leader walked in front and headed towards the stone room's door.

Everyone understood in their hearts that if they spread the news that they had killed the leaders of other forces, they would be in trouble. However, Super Yuan Sect Leader had said just now that those people died because they were unable to escape their predicament.

Leaving the stone room, everyone walked along a dark corridor. They were all silent, but they really wanted to ask the other party, who had killed who, especially that Chen Xiang, whom everyone felt that Chen Xiang must have also fought with someone else. Although some people suspected that it was the Prince Imperial Dragon who killed them, they were not sure.

Half of the Prince Imperial Dragon was already dead, and the other half of it had been eaten by Long Xueyi.

Chen Xiang was actually very relaxed, because the Super Yuan Sect Leader was not on his guard against him. In this place, the Super Yuan Sect Leader was the strongest, and now that he was being guarded against by the big shots from the traitors, they were afraid that the Super Yuan Sect Leader would want to take all the treasures for himself and kill them all, because if they were in his place, they would do the same.

Although this Super Yuan Sect Leader looked more righteous, everyone knew that he wasn't a good person. Otherwise, when he was dominating the Sacred Dan Realm, he wouldn't have killed so many people.

Everyone had their own little thoughts, and Chen Xiang was no exception. He wanted to take sole possession of the last few treasures, but killing these guys was extremely difficult, even using Magical corruption gas s wouldn't be possible.

In front of them was the end of the passage, and everyone was a little nervous because they were about to see the treasure, and they were worried that they would be killed by the Super Yuan Sect Leader, because they had done this kind of thing before, but they did not expect that they would meet it themselves. If it was before, their side of the traitor forces might not be afraid, but they only had eight people left, and facing the powerful Super Yuan Sect Leader, they had no chance of winning.

"Prince Imperial Dragon, I don't think you want to share the final results with those guys." Super Yuan Sect Leader suddenly transmitted to Chen Xiang.

Chen Xiang's heart skipped a beat, and he anxiously replied: Super Yuan Sect Leader, what do you mean by that?

Super Yuan Sect Leader said: "I'll kill those few guys and divide the remaining items. It is said that there are thirty boxes, and I will give you eight of them! You just have to keep it a secret. "

Chen Xiang scolded this guy in his heart. He only gave eight of them!

"Divide evenly, fifteen apiece!" Of course Chen Xiang had to bargain, the Super Yuan Sect Leader did not dare to touch him, because he was currently the Prince Imperial Dragon and he was worried about angering the Dragon Emperor.

"You ten! You need to know that I have to bear a lot of risks and you have the Imperial Dragon Race supporting you from behind. " Super Yuan Sect Leader said, "Each of you take a step back!"

"Alright!" Chen Xiang promised first, without the eight fellows, then he would think of a way to get rid of this Super Yuan Sect Leader. Although this was not possible, but at least he had ten boxes in the end, just that he did not know what was inside those boxes.

Super Yuan Sect Leader pushed open the door and told Chen Xiang: "Let's take a look at the items inside the boxes. If they aren't valuable, then I won't take action."

was also curious about the items inside the boxes. Back then, those people had spent a lot of effort to hide here, so there must be something inside, but Mountain Spirit had previously said that there was a dragon that had mixed in before. Chen Xiang felt that even if there was something good, it would definitely have been taken away by that dragon.

After passing through the door, everyone arrived at a lavishly decorated hall. On the floor of the hall, there were three boxes!

There were only four of them, causing everyone to feel a wave of fear. However, they all saw traces of other boxes being placed on the ground.

Super Yuan Sect Leader did not immediately open the box. Instead, he turned around and looked at the eight ancient powerhouses.

"Super Yuan Sect Leader, what are you doing?" A big shot asked coldly.

"There are only four boxes here!" Super Yuan Sect Leader clenched his fists tightly.

"That's right. We should open it and see what's inside. We should discuss how to divide it." He was afraid that he would be killed by the Super Yuan Sect Leader, so even if there were only four items, he did not plan to split them among the group to prevent them from losing their lives.

Chen Xiang had already activated his Chaos Divine Eye to try and see what was inside the chests, but he was still unable to do so. At this time, he noticed that there was a door in one of the areas in the hall, and it should be the exit.

"Super Yuan Sect Leader, if they don't get what they want, go back and tell them about the powers in the Heaven Realm, at that time, they will definitely think of a way to cause trouble for you, maybe they will even frame you, saying that you killed other people, so let's split these four boxes evenly! I will not spread this." Chen Xiang transmitted to the Super Yuan Sect Leader.

Super Yuan Sect Leader had thought about it before, and he had to get the things he wanted. If he did not give the items to the eight Great Leaders, he would be in trouble if they went out and blabbered on in the future. The strength of the traitors in Heaven Realm was still very strong.

"Humph!" The Super Yuan Sect Leader steeled his heart and slapped his huge palm towards the eight big shots. The dense power of Primal Chaos caused the entire Chaotic Mountain to tremble.

"Super Yuan Sect Leader, you ..." One of the elders cried out in shock. As soon as he came into contact with the powerful Chaotic Force, he immediately turned into dust. The other seven were on their guard and immediately threw out a large amount of immortal equipment to block this ferocious attack.

The seven traitors were also very powerful, they actually managed to receive the Super Yuan Sect Leader's palm attack, and at the same time, quickly retreated.

Super Yuan Sect Leader's palms gathered power as they slapped at the seven people wildly. The shadows of his palms overflowed into the sky, bringing with it the power of primal chaos as they smashed against the seven people, causing them to scream miserably.

Chen Xiang watched from the side, and just as the Super Yuan Sect Leader attacked again, he hurried over to the side of the boxes, and quickly stored them into the ring!

This move was discovered by the Super Yuan Sect Leader, but Chen Xiang was extremely fast, so there was only a box left! He did not care about attacking the seven people, he just threw a palm at Chen Xiang, even if it was something that the Prince Imperial Dragon tried to take advantage of, he would still make a move!

Chen Xiang dodged hurriedly, stepping on the Shrinking step he rushed towards the door, Super Yuan Sect Leader came to the side of the box, he kept the box and attacked Chen Xiang frantically, but Chen Xiang had already used the power of the spatial laws, and quickly passed through the door!

[Chapter 1096](#)

"Prince Imperial Dragon, you despicable and shameless fellow, don't blame me for being merciless!"

Looking at the seven injured Great Leaders on the ground, he struck them with his palm, turning them into meat paste, then ran towards the door, chasing after Chen Xiang.

Chen Xiang was running frantically in the passage. This was still the Chaotic Mountain, other than feeling the door, it was hard for the mountain to penetrate into the human body, if he did not play with it, he would not be able to obtain three boxes at all. Originally, he planned to take all three of them, but the Super Yuan Sect Leader was very cunning, he had a hand up to guard him.

What made him laugh was that the Super Yuan Sect Leader did not manage to identify him, but Chen Xiang felt that it would be good if he continued to doubt him.

Super Yuan Sect Leader was very angry, he had to kill this cunning Prince Imperial Dragon, because he had already fallen out with him, and had just tried to kill him, so when Prince Imperial Dragon went out, he would definitely expose the truth, and at that time, those traitors would come looking for him, so he would die even faster!

Killing Prince Imperial Dragon was indeed very risky, and that was only after Dragon Emperor found out about it. He felt that Dragon Emperor wouldn't know that he was the one who did it.

"Can you open those boxes?" Chen Xiang gave the chest to Su Meiyao and the others.

"No way!" Long Xueyi said: "It seems like you need something to open it, but there shouldn't be any formation inside, you can split it with the Green dragon demon-slain broadsword!"

"Alright, I'll tell you when I'm safe!" Chen Xiang's speed was not slow either, using the Shrinking step to coordinate with the spatial travel, he increased the distance between him and the Super Yuan Sect Leader in the passage.

Half an hour later, in the dark tunnel, Chen Xiang saw a door in front of him. He immediately passed through space, only to see a strong light appearing as he left the Chaotic Mountain!

Outside of Chaotic Mountain were the elders and a few young men. When they saw that someone had come out from the mountains, they were shocked that it was the Prince Imperial Dragon, because they believed that the Prince Imperial Dragon was already dead!

Just as Chen Xiang came out, that Super Yuan Sect Leader also quickly followed. Furthermore, he gave him a palm, and a mountain sized palm appeared, directly smashing towards him with extreme speed!

Everyone was even more shocked, the Super Yuan Sect Leader was actually trying to kill the Prince Imperial Dragon!

"little maid, run! This Super Yuan Sect Leader will definitely kill all of you!" Chen Xiang anxiously transmitted to Ji Meixian.

When the Super Yuan Sect Leader saw the news of Chen Xiang, he immediately looked at the group of people. His attack on the Prince Imperial Dragon had already been seen by the people, and the only people who could come out of there alive were himself and the Prince Imperial Dragon. Now that the Prince Imperial Dragon had disappeared, if these people spread word of it, it would be difficult for him to avoid all kinds of suspicions.

Ji Meixian quickly realized something and immediately hid into the forest, then quickly left the place where the group of people were gathered at.

Not long after Ji Meixian left, a giant handprint that was condensed from the power of primal chaos suddenly came crashing down, blasting all of them to death.

Chen Xiang appeared by Ji Meixian's side, grabbed her, and placed her inside the ring. After that, he used up most of his energy and traveled through space, distancing himself from the Super Yuan Sect Leader!

"What happened?" Ji Meixian was overwhelmed with shock. If she had been even a little bit slower, she would have very likely been severely injured.

"All dead!" Chen Xiang explained everything that had happened. He was already very far away, but he could still feel the power of the Super Yuan Sect Leader's random attacks.

"You ..." Ji Meixian was extremely speechless. Chen Xiang was just too daring, but this move was indeed beautiful.

"Hehe, as long as you go back alive, it'll be fine to tell others that this guy killed the Prince Imperial Dragon and told them everything that happened to me. As for my matters, I won't mention them at all, because at that time, no one will believe the words of the Super Yuan Sect Leader." Chen Xiang was indeed a little worried that the Dragon Emperor would come to find him, but right now, he could clearly sense the terrifying power of the Dragon Emperor.

A dragon's roar shook the horizon, Super Yuan Sect Leader immediately recognized that it was Dragon Emperor's roar, his heart was filled with shock, he immediately thought that just now, he had already killed Prince Imperial Dragon, that was why he angered Dragon Emperor!

The reason why he was so ruthless just now, and even killed his own Super Yuan Mountain, was to prevent this matter from being leaked out. Now, no one saw him doing it with their own eyes and would definitely not suspect him.

Chen Xiang was still inside the Chaotic Mountain, sprinting frantically all the way. He still had to avoid the Primal Chaos Beasts and the Primal Chaos Barbarians, he used the Transformation Techniques and turned himself into a bird beast, making the journey much safer. The Sacred Dan Realm being hit by the Dragon Emperor's attacks all day also made him frightened.

"No one saw that I was the one who killed the Prince Imperial Dragon. If the White Tiger can return, maybe I can get Ji Meixian to help clear my suspicions." Chen Xiang could feel the anger of the Dragon Emperor at this moment.

After more than ten days of trekking, Chen Xiang had finally reached the city beside the Chaotic Mountain. He remembered that Du Hai was right here!

"little maid, Dragon Emperor is a supreme expert who cultivates the divine way. You should know that he might be able to search your mind for what you are seeing. I'm worried that he will see through you!" Chen Xiang said.

"Don't worry about that. The divine clothing on me is very powerful and can protect you and me from any flaws. I can seal some memories, but I can do it myself."

Ji Meixian came out from the ring, and right at this moment, a group of people wanted to leave Chaotic Mountain. Because Prince Imperial Dragon died here, they were worried that if Dragon Emperor got angry, they would destroy everything in this place!

Ji Meixian would follow this group of people to teleport across the Blood Devil Forest, and Chen Xiang would look for Du Hai!

Previously, Ji Meixian had said that everyone would have the Promise of Ten Years. When the time came, they would gather at the altar and open the altar to return to Di Tian.

Du Hai understood Sacred Dan Realm the best, so he could only go find him.

"Elder Du!" Chen Xiang whispered to a slovenly old man at the entrance of the city.

"Little bastard, you've stirred up a disaster!" Du Hai was very sure that the Prince Imperial Dragon was chopped off by Chen Xiang.

"Don't worry, Dragon Emperor won't think that I did it!" Chen Xiang sent a sound transmission to Du Hai: "Hurry up and take me to a safe place."

"What wouldn't think you did it? The entire Sacred Dan Realm knows that it was you who did it! " What Du Hai said was true, because Chen Xiang was the only one who could have such a possibility.

Chen Xiang didn't want to talk much with him, so she urged him to bring her to a safer place.

Of course Du Hai was helping him, and Chen Xiang had even told him that Super Yuan Sect Leader's son was already dead. This made him more happy, because Du Yanyao would not be forced to such an extent!

Of course, Chen Xiang would not tell him that, if Ji Meixian's plan succeeded, it would be the time when the Super Yuan Mountain's clan would be annihilated!

[Chapter 1097](#)

Du Hai knew that the Chaotic Mountain was not safe, and anxiously brought Chen Xiang to pass through the Blood Devil Forest, heading in a desolate direction.

On this barren land, Chen Xiang was extremely suspicious, because this was the place where the eighteen floors of Sacred Dan Realm were located, how could there be such a place? Not to mention immortal qi, there wasn't even spiritual energy.

"Where are we going?" Chen Xiang asked. He was sure that Du Hai would bring him to a safe place, but if the illusions were too weak, it would be extremely difficult for him to cultivate.

"To the real Sacred Dan Realm, do you think that's all there is to it?" Before, when Du Hai hid in the Chaotic Mountain, he was only waiting for the right opportunity to take revenge. But now, he wanted to help Chen Xiang escape, so he had no choice but to bring him here.

Chen Xiang was a little surprised. He felt that this eighteen layer should be a very small place, but it was not the real Sacred Dan Realm!

"What is a real Sacred Dan Realm?" Chen Xiang asked.

"Where there is a Pill Saint, there is only a corner of the Sacred Dan Realm!"

Chen Xiang already knew that it was impossible for the Sacred Dan Realm to be that simple. Otherwise, he wouldn't be called Sacred Dan Realm! However, he had thought that the most powerful part of the Sacred Dan Realm was actually within the Chaotic Mountain.

"There is a way to get to the Saint Core realm in the Chaotic Mountain. That is where the true alchemy civilizations gather. It's just that there are a few demons causing trouble there occasionally, but it's still safe. Long Yanjing doesn't dare to mess around there!"

Du Hai saw the doubt on Chen Xiang's face and continued to speak: "Honestly, there are only two paths to the Sacred Pill Realm. The first is right here and I just discovered it, because the second is in the Chaotic Mountain and only a few people know it! "The road we're walking on isn't safe either. We might run into dangerous guys. I think that the Saint Core realm would intentionally seal off this corner to guard against the Primal Chaos race."

"In this corner that is sealed by the real Sacred Dan Realm, not only is the Primal Chaos race a threat, there are also many secret passages that can lead to some worlds. This might be the reason behind the seal."

Chen Xiang was a little excited, a real Sacred Dan Realm, where the Pill Saint exists, he felt that there must be a lot of spirit medicine there!

"I'll send you in, I plan to stay here!" Du Hai said.

"Elder Du, can you help me take care of some of my friends? I'm worried for their comfort ..." Chen Xiang still hadn't received any news from Liu Meng'er yet, so he could only entrust the matter to him. He told Du Hai in detail about the situation and told him to look for Huang Jintian and the others.

In front of them was a sea of flames. Along the way, they did not encounter any kind of danger, but this stretch of burning land looked extremely terrifying. Especially that kind of threatening fire, it made Chen Xiang feel that this was another Earth's Core Fire Realm!

He was extremely powerful in the Di Tian Earth's Core Fire Realm and had yet to finish exploring it. However, the one in front of him looked to be about the same as the Earth's Core Fire Realm.

"Just cross this sea of fire, you should be able to do it, right? I will not keep you company, I will quickly find your friends, although my Du Family is dead, but I have many friends, you can rest easy!" Du Hai said anxiously, he was in a rush, and threw a piece of paper to Chen Xiang: "Go to that side, and be careful of this woman, she is a very terrifying woman, okay, you can go in!"

Chen Xiang opened up the piece of paper and saw that the portrait was actually Bai Ziqian!

Bai Ziqian was offered a bounty, and with ten immortal pills as the bounty, it even stated the reason why she was offered the bounty. Because of the forbidden poison that was Magical corruption gas, Chen Xiang took a deep breath and said, "I understand!"

Chen Xiang entered the sea of fire, stepped on the Shrinking step, and ran in the direction Du Hai indicated. Bai Ziqian actually came to Sacred Dan Realm, which made him excited, this beautiful and beautiful poisonous woman was Bai Youyou's elder sister, and he had taken advantage of her a little back then.

However, her situation was not looking good. After using the Magical corruption gas to poison an Immortal King, she would be hunted down no matter where she went.

Chen Xiang travelled through the sea of flames. Judging from the temperature, he felt that the road he took was just outside of this fiery domain. If he went deeper, the temperature of the flames would definitely be very high.

If it was an ordinary person, it would be very difficult to pass through. At the very least, they would have to endure five Nirvana Tribulations before they would have enough strength to pass through.

"I have already passed the five Nirvana Tribulations. When I return to Di Tian, I won't let out that big Flame Lion!" Chen Xiang was planning to get the Super Old Fire Beast back. Pulling it into the Dragon Subduing School was a good idea.

"Chen Xiang, if you go over there, can you help me find my sister? I really want to see her right now!" Bai Youyou looked at the portrait and looked at the beautiful woman with the pointy braids, feeling a little sad.

"En!" Chen Xiang not only had a large number of Magical corruption gas here, he also had the newly acquired Drunk god flower. He had grasped two types of strange poisons, and if he wanted Bai Ziqian to be safer in the future, it would be for him to have more and more powerful strange poisons.

Chen Xiang used three days of time to finally rush out of the sea of flames, arriving at a place with an extremely dense immortal energy. What made him astonished was, even though he was followed by a sea of flames, there was indeed a grassland about half the height of a human in front of him.

"Wah ..." What grass is this, it's hotter than the sea of fire! " Chen Xiang immediately flew up, and then stepped on the Shrinking step, and ran towards the Mountain Spirit in the distance.

"Is this the true Sacred Dan Realm? It's much better than over there! " Chen Xiang walked leisurely in the forest, wanting to see if there were any spirit medicines here. However, he discovered that there were traces of many people who had come here, and he felt that the real Sacred Dan Realm should not be so lacking in spirit medicines.

"These places are very suitable for growing spiritual medicines. There aren't many spiritual medicines and they have all been harvested. It seems like the herbs here are very scarce, or some large force is doing this on purpose. Control the spiritual medicines and plant them in their own backyard." Su Meiyao said: "There are many powers who have done this in the Heaven Realm."

Chen Xiang built a cave here, and after hiding inside, he ate that small Holy Dragon Core. Right now, he needed to quickly raise his strength, and any additional strength would allow him to be safer for a bit more.

A dragon's roar suddenly woke Chen Xiang up. His heart trembled, because the Dragon Emperor was coming over!

When the Dragon Emperor came over, he immediately came to the Chaotic Mountain, and it was not just the Dragon Emperor, he brought a lot of strong warriors, but most of them were human experts. From their clothes, one could tell that they were the heavyweights of the traitors in the Heaven Realm.

"Chen Xiang, come out! No matter where you hide, I will find you!" Dragon Emperor's rough and powerful voice was recalled to this side of the Sacred Dan Realm but he did not hear Chen Xiang.

[Chapter 1098](#)

Du Hai heaved a sigh of relief. Chen Xiang had already gone over to that side, and would be safe for the time being unless Dragon Emperor could find that side. At that time, Chen Xiang would have to rely on his own good fortune.

This group of people were very strong. When they traversed across Blood Devil Forest, the monsters underground of Blood Devil Forest didn't dare to act recklessly, as they were frightened by this peerless Dragon Emperor.

Amongst the Heaven Sacred City, Ji Meixian saw Zhao Yiprofound following an old man and flying in from the sky. She had used the White Sea Imperial Land's secret treasure to send the message, and after Zhao Yiprofound got wind of it, he immediately brought the White Sea Imperial Land's experts over.

Those traitor powers had sent people to the Sacred Dan Realm to search for the treasure, but they all died. However, they knew that Ji Meixian was still alive, because his life orb wasn't broken.

In a hall in the Heaven Sacred City, Ji Meixian was a little apprehensive. She never thought that after rebirth, she would be able to face so many strong experts, and amongst these strong people, there were some that she had known back then, but that was only by chance. Fortunately, she had covered her face in the past, so no one knew her appearance.

The Dragon Emperor was seated at the head of the group. He was a sturdy and mighty handsome middle-aged man, the golden-red armor made him look even more domineering.

"Tell me everything you know, why is it that only you are still alive when everyone is dead?" The Dragon Emperor's voice was indifferent, but it gave Ji Meixian a headache. It was obvious that she did this on purpose, making it so that she did not dare lie.

"I was not the only one who survived. At that time, Super Yuan Sect Leader also came with us, and he also came out alive! Furthermore... It was he who killed Prince Imperial Dragon!" Ji Meixian acted as though he was afraid and asked anxiously.

It was actually killed by Super Yuan Sect Leader! Everyone was surprised, because they suspected that it was Chen Xiang who did it. When Dragon Emperor heard it, he was enraged, because at that time when

he went to Super Yuan Mountain, Super Yuan Sect Leader said that he did not go, he arranged for Clan Elders to accompany him.

Ji Meixian knew that Super Yuan Sect Leader would lie, and she admired Chen Xiang even more now. This way, Super Yuan Sect Leader would definitely become the scapegoat.

Ji Meixian explained everything in detail, from the moment they set out to the moment the Super Yuan Sect Leader made his move against the Prince Imperial Dragon. Of course, in order to not be seen through, she also mentioned the matter of Chen Xiang becoming Dongfang Lingyun.

"Three horns Dragon King... No matter how strong Chen Xiang was, he would not be able to kill him. What happened in Chaotic Mountain? will they clash?" Dragon Emperor's face was cold. He walked in front of Ji Meixian and pressed a big hand on the top of Ji Meixian's head.

Zhao Yiprofound and Ji Meixian had Master-servant Contract, and Ji Meixian had Master-servant Contract as well. They were worried that they would be seen through, but Ji Meixian had already made preparations beforehand so that he could use the divine clothes to hide himself.

Dragon Emperor closed his eyes and activated his sacred art. He searched through Ji Meixian's memories and indeed, he saw many things that were exactly as Ji Meixian had said. He had also seen the scene of Chen Xiang chopping off Prince Imperial Dragon's arm. Because the time between two worlds were different, when Super Yuan Sect Leader made his move against Prince Imperial Dragon, the time of death could not be predicted.

But no matter what, the Prince Imperial Dragon was dead, and he was still alive. He had even lied about not going to the Chaotic Mountain, he just did not think that Ji Meixian was still alive, otherwise, he would not dare to lie to the Dragon Emperor!

"Go to Super Yuan Mountain!" Dragon Emperor opened his eyes and roared.

Ji Meixian had already fainted, but Zhao Yiprofound anxiously went to help her up, she was fine, she was only unconscious for the time being.

It was actually not Chen Xiang! But what about Chen Xiang? Did Chen Xiang also die in the Chaotic Mountain? Or did Chen Xiang sneak out after entering? Chen Xiang's death was hard to accept for many people, even for these strong warriors to view him as an undying cockroach.

Just as they left the Heaven Sacred City, they saw a group of women running outside the city!

"That is the Demon Empress ... And Xue Xianxian, Leng Youlan! Xue Xianxian is Chen Xiang's wife and the white-haired Leng Youlan is Chen Xiang's recognized sister. As long as we capture them, we can force Chen Xiang to hand over the Green dragon demon-slain broadsword. We might even be able to make Chen Xiang appear. A purple-robed elder said, he was from Purple Moon Imperial Land.

Seeing the group of people with monstrous power in the sky, the Infernal Queen's face changed drastically. She recognized that most of them were the heavyweights of the traitors.

"Catch them!" Dragon Emperor shouted.

Just as Lv Qinlian was about to attack, a black light suddenly flashed. Those with good eyes can see that a person was flying over, and used his leg to kick away the powerful experts from the traitor Faction.

The person who suddenly appeared was none other than the White Tiger!

Liu Meng'er and the others heaved a sigh of relief. They knew that this was Chen Xiang's man, and the bottom of the pit would help them! Originally, the group of women wanted to immediately go to the place Chen Xiang talked about, but they found some resources and medicine on the way, which delayed them for a bit. When they arrived at the entrance of the Heaven Sacred City, they met the Dragon Emperor!

Before, the Demon Empress had told them that Chen Xiang had angered the Dragon Emperor. They did not expect that this Dragon Emperor did not have the slightest demeanor, and actually wanted to use them to threaten Chen Xiang!

"They are all women, yet you guys actually managed to do it!" The White Tiger's expression was calm as it looked at the few experts that he had kicked into two.

This kick of the White Tiger intimidated those people who came over from Heaven Realm. Even Long Yanjing frowned, he could see that the person in front of him had the same strength as him!

Facing an existence like the White Tiger, the experts from the traitor Faction did not dare to act recklessly. Although they were furious, they could only watch.

"Who are you?" Dragon Emperor looked down at the White Tiger from high up in the sky, his voice ice-cold.

"The Great Clan Elder of the Dragon Subduing School!"

Before this, he might have suppressed his power because he did not dare to reveal himself, but now that he obtained the Dark Rule spiritual bead and used the power of darkness, it would not be seen through at all. In his eyes, this so called Dragon Emperor was merely a fellow who was killed by him in an instant.

To dare call himself the Great Clan Elder of the Dragon Subduing School in front of the Dragon Emperor, this person was either an idiot or was truly capable.

Dragon Emperor and White Tiger looked at each other for the time it took to brew a cup of tea. Dragon Emperor frowned, perspiring profusely.

He actually left!

Everyone originally thought that the Dragon Emperor would fight with the Great Clan Elder of the Dragon Subduing School, but after secretly fighting with him, the Dragon Emperor chose to leave!

After the Dragon Emperor left, Bai Xing suddenly walked out and said to the White Tiger: "Leave them to me, quickly go find Chen Xiang!"

The White Tiger nodded and turned into a black light before disappearing!

Liu Meng'er and the others had originally wanted to go to the Zi Lan Mountain Valley, but now that they had met Bai Xing, it was quite a coincidence.

Very quickly, the news that the Prince Imperial Dragon was not killed by Chen Xiang spread. This was done by the Super Yuan Sect Leader, and the entire Super Yuan Mountain was exterminated, it was said that the Super Yuan Sect Leader could not even speak, and was directly killed by the Dragon Emperor ...

[Chapter 1099](#)

Only a few people knew that the Prince Imperial Dragon was truly killed by Chen Xiang, and Du Hai was very clear of this fact.

Dragon Emperor and the rest also immediately left the Sacred Dan Realm. They heard that Dragon Emperor had even obtained a treasure chest from the Chaotic Mountain's place. The treasure inside was extremely precious, no wonder the Super Yuan Sect Leader would silence them.

At that time, the Super Yuan Sect Leader also thought that he had killed the Prince Imperial Dragon, so he did not refute her and was directly killed by the Dragon Emperor.

Although Chen Xiang escaped this calamity, there was no absolute truth in this world. He was still on guard against this matter being exposed, because the Prince Imperial Dragon was eaten by him and the dragon blood.

Now, those traitors and powerhouses in the Heaven Realm had all given up on Di Tian, because they really wanted to send their experts to Di Tian. That place was not their place now, and demons would definitely erupt into a huge war there, so they took Ji Meixian away. They could only raise the power of the Heaven Realm to an even higher level. When they were able to go to Di Tian in the future, they would launch an invasion to suppress the local powers of Di Tian and divide Di Tian up!

Two months later, Chen Xiang had passed through the sixth Nirvana Doom, and every Beast statue in his body had six pellets of Heaven Pellets. These were all the rewards he had gained from consuming the Little Sacred Dragon Pellet, allowing him to breakthrough in an instant.

Chen Xiang returned to the cave and took out the three Treasure Chests he got from the Chaotic Mountain!

Very quickly, the mountain was destroyed, but Chen Xiang continued to curse.

"I still can't get my hands on them. These broken boxes are way too powerful!" Chen Xiang looked at the three black boxes and felt extremely uncomfortable in his heart. He clearly knew that there were very powerful treasures inside, but he was unable to open them.

"We can only look for Elder Sister Meng'er and Warm Moon in the future! I really miss them. I wonder how they are doing now?" Chen Xiang kept the three Treasure Chests, and then left the ruins. Although he did not sense the power of the Dragon Emperor right now, he was afraid that Ji Meixian's plan would fail, so he did not dare step into the Sacred Dan Realm on the other side to prevent himself from being discovered.

When Chen Xiang came to a small town, he did not even manage to gather any news about that place. He felt that he would have to stay there for a while before going over to look around. At the same time, he would raise his strength and improve his alchemy grade.

After Chen Xiang arrived at that small town, he realized that there were not as many Alchemists as he had imagined, but their pill refining skills were very high. From the pills that they had displayed, he could tell that there were some pills that were of a higher quality than what he had refined!

This also made Su Meiyao extremely excited, because such things rarely happened in Heaven Realm, Di Tian, and the other side of Sacred Dan Realm. And here, there were many Alchemists that were able to do such a thing, as expected, this was a place with an extremely advanced alchemy dao, and this was merely a small town.

"Sister Meiyao, Sister You You You, maybe I can help you recover your strength from here!" Chen Xiang said excitedly.

Although these two women would definitely leave him after they recovered their strength, that didn't mean they wouldn't meet again in the future. They were originally strong people, so staying in the ring for so long definitely didn't feel good. Once they regained their strength, they would definitely have many things to do.

"Hehe, my good little brother. I've already accepted you as my man. Don't worry, I'll be yours from now on." When Su Meiyao thought about it, she also felt that it was really difficult to part with Chen Xiang. If there came a day when she could temporarily leave Chen Xiang's side, it would be very uncomfortable for her.

Bai Youyou remained silent, but Su Meiyao knew that she had the same feeling. Although Bai Youyou didn't have a honest relationship with him like her, it was still impossible for her to not have any feelings for Chen Xiang. Furthermore, Chen Xiang had helped her a lot, making her relationship with Bai Ziqian better, and pulling her out of the road of no return.

When Chen Xiang heard about the nearby big cities in this town, he immediately rushed there. He still had to find Bai Ziqian here, this was a very difficult situation, because Bai Ziqian was currently a super fugitive, so he must be hiding things very well.

"When I was working with her in the past, I had made a dark line that led her to that city and marked it out in some obvious places, guiding her to find you! Only she and I can understand the content of those lines, so you don't have to worry." Bai Youyou said.

In this real Sacred Dan Realm, Chen Xiang had four things he needed to do. He needed to collect the pellets that would help Su Meiyao and the others recover their strength, search for the Pill Saint, search for Bai Ziqian, and then raise his own strength. All of these could be done at the same time.

Chen Xiang came to a city. The city was not considered big, but Chen Xiang still left behind secret marks that guided her to a piece of Communication jade Symbol paper. That jade talisman was bought by a lot of Spiritual crystal, allowing Bai Ziqian to contact him.

This city was not big, but with the Transmission array, Chen Xiang could save a lot of time and head to the big cities to leave behind those secret prints, but every time he went to a city, he would need a large amount of Spiritual crystals to buy them as well as the teleportation fees!

What made him even more depressed was that the medicine stores here did not accept other people's pills, because every pill shop had their own Alchemists, and these pills from the Alchemists all had their

own unique auras. Some people believed that these Alchemists were here to buy, because there was no lack of outstanding Alchemists.

If he were to sell them here, he would only lose out. He might as well sell them to Di Tian, because he would be able to earn more there. Therefore, Chen Xiang did not plan to sell any low levelled pills or high levelled herbs here, as they were all very worthless.

Therefore, he planned to join a large scale pill shop. Only by becoming a famous Alchemist, would he be able to earn more, because he discovered that they were both kinds of pills, but because they had the name of a famous Alchemist, they were only worth one or two times more than others, or maybe even higher. However, there were still many people who bought them, and this was the effect of the brand.

Because there was no lack of pills here, they were not famous, and no one would covet them no matter how good the quality was. This phenomenon made it hard for Chen Xiang to understand, why are the same quality, why are the cheaper ones not bought by anyone?

Chen Xiang arrived at the entrance of a very large pill shop and was in the middle of a queue to sign up for the recruitment. As long as he passed the examination, he would be able to enter and do odd jobs.

[Chapter 1100](#)

Chen Xiang had originally planned to register to work in this large pill shop, but did not expect that because he did not have a Alchemist level jade plate, the other party did not want it. This made him very depressed, so he could only use the last of the Spiritual crystals to go to a huge city called Holy City. It was said that it was built on a very tall mountain, and could hold tens of millions of people.

This was the only place that could carry out the Alchemist's assessment. If Chen Xiang wanted to sell his pills at a higher price, he would need to be famous first.

Although the pellets here could only be sold for a high price, only then would people buy them, if it was Heaven level Pellets, it would be different, because there were not many of these pellets here, and even if the Alchemists that could concoct Heaven level Pellets were not famous, but with their strength, Chen Xiang understood that many of the famous Golden Alchemists would at most make some achievements in the area of high grade Ground level Pellets, but refining a Heaven level Pellet was not possible.

The people in this city all had decent strength. Chen Xiang noticed that there were a lot of Nirvana Realm people walking on the streets, and there were quite a few Immortal-ranked people.

After some investigation and inquiry, Chen Xiang found out that the main force who bought the pellets were at the Nirvana Realm. Someone with this kind of strength would be able to walk around safely and earn more Spiritual crystals to trade for pellets, raising his own strength. Afterwards, there were some small and medium-sized forces who bought pellets to nurture their disciples. In this place where immortal beast frequently appeared, it was one thing for Nirvana Realm warriors to not be able to escape, so it was very dangerous for weak people to earn Spar.

"There is a shortage of medicinal herbs here, but when they are sold to the pill shops, the price is very low and there is no room for bargaining. Almost everyone who has the medicinal herbs in their hands sells them regardless of the quantity they have, because keeping the medicinal herbs fresh is also a very difficult matter."

Chen Xiang felt that many large pill shops had a powerful force behind them, and these powers had a large amount of medicinal ingredients, but would still continue to buy the medicinal ingredients on the market. In this way, they could monopolize the pill shops and make it impossible for the small pill shops to survive, those gold medal Alchemists were probably made up by this group of people, if they wanted to become famous, they would need the help of these large forces, which was why many of the famous Alchemists had opened their own pill shops, almost none of them were able to do so.

Spiritual crystals had the same use as Sparks, but the Spiritual crystal had more energy and higher quality! Those large powers required a large number of Spiritual crystals, and they were usually used to lay down various large formations, using Spiritual crystals as an energy source.

Su Meiyao had already said that for the big powers in Heaven Realm, they would need a lot of time to speed up the formation so that they could grow some medicinal ingredients, and in order to guarantee the quality of the medicinal ingredients, they would need to use a lot of big arrays to nurture them. This required a lot of Spiritual crystals, so many big powers tried their best to plunder these resources, ensuring that they could gather more and prevent the Spiritual crystals from getting too many people.

In the past, Ten Heavens Supreme Lord was able to support him and cultivate a powerful force, allowing him to conquer the nine heavens and the ten earth!

Therefore, many of the powerhouses were doing their best to develop their own forces just so that they could grasp more power. They could become the emperors that ruled the nine heavens and ten earth. This way, they could gather more resources and further enhance their strength!

"Looks like if I want to obtain the Spiritual crystal as soon as possible, I'll have to sell my good stuff, but these guys are all so unlucky, they definitely won't be willing to pay a high price, it's more like an auction or something." Chen Xiang was not willing to suffer a loss, so he would not sell high-grade medicinal ingredients with extremely low prices.

"Your strength is so weak, if you keep up such a high profile, you will definitely be targeted. I guarantee that you won't be able to sell anything, and there should be people of the same level as Super Yuan Sect Leader in this city, and there definitely won't be a lack of them! The Sacred Dan Realm on this side could be said to be a mini version of the Heaven Realm. "Without enough strength, you have stirred up the interests of those forces. Just wait to be dealt with!" Su Meiyao said. In a place where immortals were everywhere, Chen Xiang could not be reckless.

Forget about that, just by saying that the Dragon Subduing City Di Tian had attracted a group of people to surround and attack him, wasn't it because he had smashed someone's rice bowl? If he were to be discovered here by others with the potential to ruin someone else's life, he would definitely be killed.

To put it bluntly, it was because he did not have a backer!

"Power!" Chen Xiang secretly clenched his teeth. Without strength, he was just a piece of meat that anyone could slice through. If he had the strength of the White Tiger, what would he have to be afraid of! He would be able to run rampant like the White Tiger, and kill anyone who obstructed him.

Chen Xiang wandered around, and sold some of the high quality Goblin Pellets he had. However, their prices were still suppressed, but it allowed him to have around ten thousand Spiritual crystals.

Just as he was walking around randomly, looking for an opportunity, a jade talisman suddenly shook, causing him to be surprised and delighted, because it was the jade talisman that was used to contact Bai Ziqian. In other words, Bai Ziqian found the Dark Mark he left behind!

"Who are you?" After Chen Xiang took out the jade talisman, he immediately heard Bai Ziqian's ice-cold voice. This Devil Scorpion Princess was extremely vigilant.

"Sister Ziqian, it's me, it's Chen Xiang!" Chen Xiang anxiously replied.

"It's you?" You're actually still alive, and I thought you were beaten up by the Dragon Emperor! " Bai Ziqian said with some surprise.

"You know about me? Where are you? Your sister wants to see you! "

"I once eavesdropped on a few old fellows, so Dragon Emperor wanted to come over to take revenge for his son. They said that you were the one who killed Dragon Emperor's precious son."

Even though it had been a long time since Bai Ziqian last saw her, his name had always reached her ears, and she was extremely concerned about Bai Youyou, so she was very concerned about his safety. The reason why she went to various large cities to look for news about Chen Xiang, was because she never thought that Chen Xiang would come to this kind of place.

"I'm in Holy City, hurry ..." The jade talisman suddenly lost its multicolored light, and Chen Xiang scolded this kind of inferior trash. Actually, this was because the distance was too far and too much energy had been gathered, causing the Spirit grain in the jade token to be destroyed.

After Chen Xiang told Bai Youyou about this, he made him extremely happy. She then had Chen Xiang immediately leave a secret pattern in the city and lead him to his residence. That way, they would be able to see Bai Ziqian very soon.

Chen Xiang rented a small house in a place where many poor people lived, and then waited for Bai Ziqian inside! He didn't expect that the giants would also care so much about him. If that was the case, he had to keep a low profile and not be targeted.
